

Kelley Named As New Superintendent of Friona Schools

Caffey Resigns Position

Dillie M. Kelley was Monday evening tendered contract for the position of Superintendent of Schools in Friona.

Kelley, in signing the two-year contract, will take over July 1 from Supt. Dalton Caffey who has submitted his resignation with two years still to run on his present 3-year contract. Caffey announced that his resignation was being

made with plans to devote full time to his private business. He plans to remain in Friona.

Kelley, 34 years old and popular high school principal for the past six years, is quite active in community and church activities. He is present president of the Friona Chamber of Commerce and Agriculture, treasurer of the Masonic Lodge, teacher of the Young Married People's class in the Baptist Church, and is assistant Training Union director at that church.

DILLIE M. KELLEY

Kelley came to Friona from a principals position at Imperial, Texas. He holds BS and MBE degrees from North Texas State Teachers College, Denton, where majored in Education, Accounting and Economics. His family home is at Palestine, Texas, and he attended high school at Montalva near there.

Mr. and Mrs. Kelley own their home here and have two children, both pre-school age.

Caffey, in his 8-year tenure here, has seen the local school system grow from an 18-teacher unit with some 350 students to the present modern system employing 35 teachers, with 835 students enrolled, and a near million dollar school plant. He has been most instrumental in this growth, urging far-sighted school planning throughout his activity here.

Zoning Commission To Meet Weekly

Decision was reached at a meeting of the Friona Zoning Committee, Tuesday evening, to hold weekly meetings of that body.

The group is at work on proposals for fire zoning, and it also passes on building permit applications. Glenn Reeve is chairman.

Reeve states that within about three weeks the committee should have proposals ready on the fire zoning.

Farmers Union To Meet Friday Night

W. L. Edelman reported this week that the Farmer's Union will meet Friday night, April 1, in the Friona Legion Hall at 8:00 p. m.

A delegation from Dalham, Swisher, Deaf Smith, Lamb and Lubbock counties will be present. They will present a discussion on the growing of broomcorn and sesame. E. E. Jacobs, representative of the National Farmers Union from Oklahoma City, will also be present. The state president, Alex Dickey of Denton County, may also be present.

This is an open meeting for everyone and is not restricted to members. Everyone is invited to attend.

Refreshments will be served at the close of the meeting.

Four Cars Were Involved in Wreck

Resulting from a 4-car "smash-up" in downtown Friona, Monday evening, Ernest Jackson, Ward of Friona was charged in County Court early Tuesday with DWI (driving while intoxicated); his plea of guilty netted a fine of \$150 and costs plus ten days in the county jail.

According to investigating highway patrolmen, the collision occurred soon after 8:00 p. m. Monday, the northbound '51 Ford pickup driven by Ward first hitting a '55 Chevrolet in the street in front of Johnson's Grocery. The Chevrolet, struck on the right front fender by the pick-up attempting to pass on the wrong side, was damaged only about \$100. From that point, the Ward pickup careened some 60 feet, striking the parked '55 Ford sedan in which Mr. and Mrs. Claude Blackburn were sitting. Impact damaged the Blackburn vehicle some \$1500 worth, threw both occupants out the door onto the pavement, and thrust the car against a pick-up parked alongside, damaging it also. The pick-up, belonging to Sam Jones, was pushed over the curb. Some 120 feet further north, in front of the Bi-Wize Drug, the Ward pick-up finally came to a halt. Ward was immediately taken to the county jail in Farwell by Deputy Jim Roberts and State Patrolman Clarence Blair.

Mrs. Blackburn was given emergency treatment at the local hospital; only apparent injuries were facial lacerations and bruises.

Blackburn stated that his car would have been knocked completely over, on top of him and his wife, had it not first struck the pickup alongside.

The accident was investigated by Roberts and by State Patrolmen Kirkwood and Blair.

Johnny Lynn To Appear Locally

The Junior Class of Friona is sponsoring the Green Valley Boys and Johnny Lynn (Uncle Jay) in a program in the High School Auditorium, Tuesday night, April 5, at 8:00 o'clock.

Admission for the program will be 25c for grade school students, 50c for high school students, and 75c for adults.

Uncle Jay will emcee and the Green Valley Boys, Smokey Mayfield, George Green, Herb Mayfield, Reardon Hiley and Ed Mayfield, will provide Western music.

BONDS PASS

In one of the quietest elections of recent years in Friona, 169 local voters turned out Tuesday to give 6 to 1 approval of three bond issues, and 2 to 1 endorsement of the other.

The bond issues totaling \$175,000 were approved as follows:

- Water works extension, \$70,000, and improvement: 143 for; 25 against.
- Sewer extension and improvement, \$35,000; 142 for; 24 negative.
- Paving and street improvement, \$45,000: 145 for; 23 against.
- City hall construction (including more room for fire department and a city jail), \$25,000: 111 for; 57 against.

A total of 169 votes were cast.

School Vote Saturday

FOR Friona Independent School District

VOTE FOR THREE

- Roy Clements
- Cordie Potts
- George Jones
- Arthur Drake
- Eugene Boggess
- Hadley Reeve
- Russell O'Brian

City officials have again pointed out that these funds are to be spent in improvements both in new additions and throughout the city as needed. Total amount of bonds may not be issued at present, but rather sold as the definite need arises. Sums allocated were estimated as sufficient for improvement for several years of normal growing trends here.

Contract bid advertisements probably will be prepared within the next thirty days, Mayor Allen said yesterday, so that work can begin as soon as possible after money of the bonds is made available.

Baseball Field Lights Donations Solicited

Interest is good in both baseball and softball, with additional sponsors needed for the little league teams. Those who have agreed to sponsor teams to date are Reeve Chevrolet, Lewis Variety and Friona Consumers Company.

Three more sponsors are needed in order to have a more workable schedule. All games will be played between 6:00 and 8:00 p. m. on week days, before the night ball-games.

If you are interested in boys between the ages of eight and fifteen, and would sponsor a team, contact some member of the baseball committee.

Saturdays have been chosen as days to meet at the field north of town to work on the grounds and make necessary arrangements and plans. Everyone that can and will assist in any way is invited to be on hand next Saturday morning by 10:00 o'clock.

All people interested in a senior baseball town team should be at the field Sunday afternoon at 2:00 o'clock.

Let's get behind this movement and furnish some good clean entertainment for the boys and the community.

A concentrated drive for necessary funds for lighting the newly developed baseball diamond at Friona for night play will be made this Saturday, it was decided by the Chamber of Commerce sports committee last night.

Sixteen members of the Friona Chamber of Commerce met last night for the express purpose of discussing the baseball program.

Some 25 or 30 high school boys will canvas the community Saturday, inviting donations to total \$1800, the amount determined necessary for the lighting.

Eight poles and 32 lights are needed. Cost per pole is \$105; each light costs \$21.78; with installation costs above this.

Every effort is being made to make the baseball program of interest to all the community, with leagues being organized to include all age groups of youths.

Present at the Wednesday night session were C-C President Kelley, Coaches Cook and Ford, Granville McFarland, D. C. Herring, Glenn Reeve, John Renner, Truitt Johnson, Herman Neff, Wesley Foster, Charles Allea, Dan Ethridge, Bill Woodley, Bonnie Wilson and Elva Jennings.

Convention Time For Legionaires

HEREFORD. (Special).—A convention dedicated to an all-out fight for veterans' rights will be held here Saturday and Sunday, April 2 and 3, when American Legion and Auxiliary members from the 18th district hold their annual Spring business meeting.

Presiding at the convention sessions will be Paul Spillman, prominent Wellington attorney and 18th district commander of the American Legion. Commander Spillman has promised that among vital questions to come before the convention will be: A discussion of a movement to close the eVeterans Administration building at Amarillo; a congressional measure aimed at lowering service connected disability pensions 30 per cent and the affairs of the Veterans Land Office in Austin.

"Veterans of this area, the 18th congressional district, are invited and urged to attend the convention sessions. We are eliminating a group of flowery speeches in favor of an all-out discussion of what can be done for the veterans," Commander Spillman said.

A banquet, followed by a dance will be the entertainment features, scheduled for the Saturday afternoon and evening sessions.

Sunday morning at the joint session of the American Legion and Auxiliary, a plaque will be presented, on a point basis, to the post that travels the farthest, with the most delegates, to the convention.

"Plans for the annual 18th District Aerial Round-Up to be held in Amarillo following the district convention will be outlined also," Commander Spillman said.

We hope you will encourage your pastor, and your church members to take an active part in leading the Texas Friendship for Korea within the next couple of months. This is a project for Christian people, helping those in need.

CONSIDER THIS: Wisdom is the principal thing; therefore get wisdom; and with all thy getting get understanding. Proverbs 4:5.

Local Scouts Circle Area In Plane

Several Boy Scouts from the Friona Troop 56 spent the weekend in Amarillo as guests of the Amarillo Air Force Base. The boys checked in at the Air Base, Friday afternoon, slept in the barracks and had their meals with the Air Force personnel.

Friday night the Scouts went to see the movie, "Treasure Island." At 12:00 o'clock noon Saturday the group boarded a C-119 "Flying Boxcar" for a flight which took them over Palo Duro canyon, Hereford and Friona. They returned to Amarillo at 1:15 p. m. Each of the Scouts on the plane was allowed to sit with the pilot for a brief time during the flight.

Sunday morning the Scouts and leaders attended services at the base chapel. They returned to Friona, Sunday afternoon.

Making the trip were Sterling Prichard, Jimmy Patton, Ira Parr, J. R. Knight, Kim Caffey, Rodney Wels, Johnny Miller, Billie Gene Zachary, Coy Patton and Claude Miller.

MONDAY MORNING MUSINGS

BIRTHDAYS OF THE WEEK:

April 2: Mrs. Rosa Anderson, Linda Morris, Grace Whitefield, Jack Knox

April 5: Iva Ben Parr, Pat Cranfill

April 7: Mrs. Lucille Rockey, Dolores Elmore

April 9: Vance Beene, Shirley Maurer Donnelly

BUILDING PERMITS

Massey Bros. Drilling Company, warehouse and machine shop, lot 21-22, block 75, steel frame, 40 x 80, J. G. Baker, 34 x 46, brick veneer, lot 22, block 3, in Staley addition, \$13,500.

Friona Oliver Company, pending approval of application, to construct addition to present building 36 x 40, steel frame, \$4,000.

NEW RESIDENTS

Mr. and Mrs. David Moseley moved last week into their new home, purchased recently from Mrs. Benthall Miller. The Moseleys have lived several miles south of Friona for many years.

LOST AND FOUND:

Found: boy's leather belt and scabbard set. Owner will find this at the Friona Shoe Shop.

Lost: Key ring with seven keys attached, probably lost at Negro Minstrel. Finder call H. L. Outland.

Found: Small gold pin inscribed with Methodist—CS. Found near Piggly Wiggly. Owner will find this at Star Office.

Congratulations to Steffy's Drive-In for the new neon sign erected this week.

Dr. Paul Spring should be in line for special commendation for paying the fees of all Scouts enrolling for the First Aid Course now underway. Some 25 Boy Scouts have reports for this worthwhile project.

It was a pleasure to have the boys of Cub Scout Den I, in company with Mrs. J. T. Gee and Mrs. George Grant, as visitors at the Star this week. We welcome visits at any time of groups or individuals - we like to talk printing and appreciate the interest of the community in the functions, mechanical and academic, of the weekly newspaper and print shop.

Mr. and Mrs. Ralph Shirley held a birthday dinner in their home on Sunday for their son, Richard, who is one year old. Dinner guests were Mr. and Mrs. Les Thompson, Mr. and Mrs. Jim Shirley and daughter, Mr. and Mrs. Woodrow Lutz and children of Hereford, and Mrs. Cecil Morrison of Westway.

Builders Planning Early Activity

Construction on homes in the Whiteway Addition should begin quite soon, with only a few days legal work believed necessary before actual building. Roy Hunnicutt of the developing firm informed the Star this morning in a telephone conversation.

Both Hunnicutt and K. S. Reynolds emphasized that they were more than anxious to begin building. They expressed hope that the preliminary paper work would be completed in about 10 days.

F.H.A. approval of the plot seems assured, they stated.

Just as soon as title work is completed, an office will be set up on the property here, with T. P. Rozell, construction foreman, in charge. Those planning to build can discuss plans with Rozell, or may check with the Amarillo offices of the firm.

Hunnicutt stated today that indications were that some 60 percent of the homes would be custom built. Probably 10 units will be commenced when the local office is set up.

Fifty Attending First Aid Class

Fire Chief Charlie Bainum reported this week that the First Aid Course, being sponsored by the Friona Fire Department had a good turnout at the first meeting Monday night.

There were fifty present including firemen, businessmen, several women and quite a few Boy Scouts.

Calvin Maynard of the Amarillo Fire Department, instructor for the 18-hour course, began the lessons with basic first aid—what to do, and what NOT to do with an injured person.

The next lesson will be Friday night at 8:00 o'clock in the school gymnasium. Anyone interested is invited to attend, stated Bainum. Only cost of the course will be 65c for the textbook.

FRIONA FARMER COUNTY TEXAS

On Respect of the Law:

Juvenile delinquency and infractions of the laws of the road and within the community often can stem from near-innocent beginnings. For instance, we are thinking now of the attitude instilled in the minds of the little tots regarding law enforcement officers. So very often, you and ourselves have heard the admonition given by some thoughtless mother, "If you don't be good I'll call the PATROLMAN."

And then we wonder why the little fellow grows older with a fear or disrespect of law.

The law is made for the protection of law-abiding citizens. The Texas Highway Patrol is one of the best schooled units in the nation in just and wise administration of the laws. The highway patrolman is a friend to those respecting law.

Personally, we think we are even more fortunate than some areas in having the type patrolmen that serve us. Call this a pat on the back or whatnot for Patrolmen Kirkwood and

Blair, but it is more than that — an urgent and sincere appeal for respect of the law, with this respect taught in the home to those youngsters. Goodness knows, some of the elders have made a colossal mess of abiding by the laws of our land and the laws of decency; let's lend every helping hand possible to the younger ones in their own problems of becoming good, law-abiding citizens.

Parallel parking still is very much on our mind. This practice is needed, now, badly, in downtown Friona we submit. At least on the east side of the street, providing a much greater right-of-way. The inconvenience would be inconsequential.

Glad to have the highway patrol come by and re-emphasize this need.

Are you with us?

Also—can see no objection to more stop signs on Friona streets. More on this later.

WILDLIFE

The age-old East Texas debate of open or closed season on squirrels seems to have spread east of the Mississippi and right smack into the White House. It seems that the turf on the President's putting green was being disrupted by some type of vandal. A hurried investigation (without the benefit of a Congressional investigating committee) resulted in the finger of scorn being pointed at the squirrels. Although immediate defenses were set up, some delay was occasioned in dealing with the culprits. It could not be determined whether such vandalism should carry the death penalty or banishment to the rural wooded areas. Word got around that the latter was decided upon, which took some of the wind out of the sails of those who were preparing to raise a great hue and cry about squirrel murderers. However, this setback was only temporary because it was conceded that banishment of a city squirrel to a rural area without proper identification would result in the country squirrels not being able to recognize the inability of the city squirrel to cope with the ways of nature, he having been fed with a silver spoon so many years; with the end result that the country squirrel would get all of the food and the city squirrel would soon starve to death. This divided the camp between the anti-squirrels and the pro-squirrels. The pro-squirrels claim that this was inhuman and was indirect squirrel murder. The tempo of the battle increases. The possibility of settlement presently appears to be just about as remote as the open and closed season debate that started in East Texas shortly after the Lone Star Flag was first lofted above our great domain.

Squirrel troubles are not the only animal troubles plaguing our President. It seems that he has pigeon trouble on his Pennsylvania farm. It is reported that he got out his shotgun and went to work on them.

This made me feel a little bit better about what I had been doing where I live here in Washington. For some unknown reason the pigeons seem to love the Rogers family. In any event, they proceeded to wake us up about five a. m. until I got a B-B gun and went to work on them. Actually, I was ashamed to be out shooting at them and always waited until dusk or early in the morning when I might not be identified in the shadows. However, since the President has set the pattern, I have come out in the open. The pigeons don't seem to be much more disturbed than they were in the first place. When this operation first began, the pigeons would fly off as soon as I came out with the B-B gun. They soon learned that I had to cock the gun, so from then on, they waited for the performance. I was able to slip up on them once or twice, and they were the victims of a sample of my shooting. The result of that was that now they don't fly when I come out of the house with a gun, they don't fly when I cock the gun, and they don't fly when I shoot at them. I may have to call in the President for some advice on the subject or borrow his shotgun.

THE GAS HEARINGS

The House Interstate and Foreign Commerce Committee has finally commenced the hearings on several gas bills pending before Congress. From the standpoint of basic democratic government, this will be one of the most important issues, if not the most important issue, in several decades. Many people think it involves only the question of the use of gas. This is not true. The issue is whether or not this country will continue to operate under the dual sovereignty theory of a federal government and a state government or whether these two will be fused into one all-powerful federal centralized bureaucracy. Few people realize the impact that the recent Supreme Court decision can have on the democratic form of government if it is not corrected by this Congress. The expansion of the jurisdiction of the Federal Government can be effected quicker, easier and more completely through the medium of interstate commerce than any other way. The invasion of and encroachment upon states' rights through the commerce clause of the Federal Constitution is one of the greatest dangers faced by the individuals of this generation. It must be continually guarded against.

Highlights and Sidelights FROM YOUR State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN, TEXAS—Senator Jimmy Phillips batted .666 and then struck out.

He broke the national filibuster record; got himself a lot of publicity; but failed by a 14-11 Senate vote to achieve his announced goal. That was to get the John Sealy Hospital at Galveston one million dollars more per year than set out in a House-passed, general-appropriations measure.

The Angleton Senator not only broke the state talkathon record but went on to take national honors by holding the floor for a total of 23 hours and 35 minutes of continuous debate.

As finally passed by the Senate, the administration backed \$1.5 billion measure became the largest general appropriations bill in Texas history to clear bot houses. After a few conference committee agreements the bill will be ready for the Governor.

TAX SWITCH

It is apparent that administration forces have climbed aboard the "omnibus" tax bill—and abandoned Gov. Allan Shivers' two single-shot tax vehicles.

This opens the door wide for increasing present taxes and perhaps adding new ones.

Governor Shivers originally asked only a 2-cent hike in the gasoline sales tax and a 1-cent increase in the cigarette tax.

There is no question as to where the money will come from—the taxpayers' pockets. The problem is how to extract it.

GILES PROBE

Investigation of veteran land deals continued.

A witness before the Senate investigating committee testified that former Land Commissioner Bascom Giles and Lawrence Jackson, secretary of the veterans land board, raised no objection to a stock land operator buying up veterans' rights for the purchase of land by others.

Herbert Box of Georgetown, the witness, told the committee he was assured by Giles and Jackson that it "didn't make any difference to the state who made the payments."

Three Georgetown veterans testified that Box had paid them from \$5 to \$70 for signing applications, with the understanding that they were not buying land, but authorizing others to buy.

OTHER LAND ACTIVITY

Other developments in the broadening land investigation included: Cecil Burney, special assistant attorney general, said that several branches of the federal government are interested.

Giles, in district court here, refuse to answer questions about 70 deals in which the state is suing him and others to recover \$11,277. Giles' attorneys said he

would not talk because co-defendants had not been officially notified that oral depositions were to be taken.

3. Back to work on veteran land deals went a Travis County grand jury. A previous grand jury had been dissolved because of a legal question as to whether it was properly called.

4. Senator Phillips asked to investigate committee to subpoena all bank records of Alvis Vandygriff, Austin lawyer who was the first executive secretary of the veterans land board. Vandygriff has testified before the House investigating committee that he was to receive \$5,000 legal fees in a Webb County deal.

5. Cuero Congressman John J. Bell told investigators that he received more than \$20,000 in legal fees during 1952-54 from persons mentioned in land deals. Bell made the statement voluntarily, after some of his fees had been mentioned in land testimony.

INSURANCE RULES

Insurance reform bills made progress.

Finally passed by the Senate and sent to the House was one measure requiring written examinations for the licensing of legal reserve life insurance agents.

Another bill passed first reading, but did not get enough votes for immediate final passage.

This second bill, by Senator Searcy Bracewell of Houston, would require legal reserve life companies to have \$250,000 capital and \$125,000 surplus.

At present, the requirement is only \$25,000 to \$100,000, depending on whether a limited or full capital stock company is concerned.

GAS EVERYWHERE

Representatives from 500 Panhandle area farm families swarmed the legislature to support two bills that will make natural gas available to them.

At present, the area produces two million feet of gas a day, but the

farmers can't buy the gas to run irrigation pumps for drought-hit wheatland.

One measure pushed by the group would require gas companies having wells on irrigated farm land, to sell enough gas to run pumps.

Another would give royalty owners the right to either sell their share of the gas or to use it for irrigation pumps.

WATER PROGRAM

Final Senate approval has been given a "proposed constitutional amendment calling for a \$100 million state aid program for local water conservation. If the House approves it, it will go to the people September 20. A state property tax of three cents per \$100 value would finance the bill.

TIDELAND LEASES

First major leasing of tidelands since late 1953 will take place May 3 when the School Land Board puts 186,000 acres on the block. The Board will also offer for leasing 160,000 acres of other land.

SHIVERS INVITED

Gov. Allan Shivers will attend a May 4-4 Washington conference of Democratic governors. Sponsoring the session is the Democratic National Committee. Shivers said the invitation came from National Committee Chairman Paul M. Butler.

GAS CONSERVATION

A conservation bill to regulate natural gas prices at the wellhead is moving forward. House members voted 89 to 52 to have the bill printed after its committee was unable to agree.

CITY ANNEXATIONS

Two measures governing city annexations have been initiated in the legislature.

One, giving a city first rights to incorporate areas within five miles during a 2-year period, has been sent to the Senate.

Rep. Joe Pool's bill to let the State Board of Water Engineers supervise city annexations and incorporation is in a House committee.

Mr. and Mrs. Ed Bogess returned home after a two weeks trip down through Del Rio and through Arizona along the border and up through the Imperial Valley coastal line into Los Angeles, California. After visiting relatives and friends they returned home by way of Central Arizona and New Mexico.

YOUR NEIGHBORS' OPINION . . .

WHAT IS YOUR IDEA OF A PERFECT VACATION?

MRS. J. W. ROBERTS—"I think a good vacation would be to have all the family along, and just start out to a place that would be cool, restful, and sufficient and maybe in the end meet a few friends and have a time of fellowship with them."

MRS. M. B. LUTTRELL—"I think I would like to motor down to Florida and all through the southern states. I've always wanted to go southeast."

MRS. L. W. GIBSON—"Oh, just to take all the family with you and get away from all the work for awhile and spend some time together."

MRS. LOUIS WELCH—"A perfect vacation would be a trip to Florida, especially if it was cold here."

RALPH RODEN—"I think to go see the world series or to go some place that you have never been before."

WESLEY FOSTER—"To have about three days away from home and be just completely relaxed."

JOHN PARRISH—"I think the perfect vacation is to have about two weeks out on a lake, like Lake Brownwood, with a fly rod and reel."

WHOLESALE BUSINESS

By C. WILSON HARDER

"What's sauce for the goose is sauce for the gander." This old folk saying is often quoted these days on Capitol Hill.

Legislation is pending to tax cooperatives on same basis as corporations. In nationwide membership poll of National Federation of Independent Business, 95% endorsed H. R. 1730, introduced by Rep. Noah Mason, (R., Ohio), which would tax cooperatives the same as corporations.

Membership C. W. Harder borrow voting on H. R. 1730 introduced by Rep. Clifford Davis, (D., Tenn.) which would require cooperatives to pay taxes on net income before payment of patronage refunds in same way corporations pay tax on net income before dividends.

This H. R. might be said Treasury Secretary George Humphrey's appeals for Congress not to cut personal income taxes because government needs money have drawn sympathetic Congressional interest.

For some time it has been recognized a vast volume of business done by cooperatives has been escaping taxes.

Experts say taxation of cooperatives on same basis as competing companies would yield \$1 billion dollars.

Highly cooperative is interested in many years before farm products, farm subsidies, other farm programs were enacted to help farmers.

However, law was written on such broad scope door was National Federation of Independent Business

opened for practically any type of business to be operated as a cooperative and thus escape taxes. With advent of high taxes, door became popular.

An example is wholesale field. While chain operations are blamed for demise of high percentage of wholesalers, wholesale cooperatives have probably been as responsible, or more so.

If a retailer would prefer to buy through a cooperative rather than his old established wholesaler who extended credit and performed other services, that is his privilege. But during past few years there is reasonable doubt cooperative membership would have been so attractive to many retailers if cooperatives had been required to pay same taxes as private wholesaler.

Even despite tax advantages there are wholesale cooperatives which have not paid members any patronage refunds in cash, issuing stock certificates in lieu of cash, not readily negotiable and thus of doubtful value.

At same time, many cooperatives have been pushing to their members their own house brands competing with income tax paying private manufacturers.

Thus once again Congress is faced with an economic injustice spawned by income tax. While outlawing income tax would be quick remedy, it is not to be expected such a drastic cure will ever be entertained.

Therefore, it is felt only just that Congress prescribe all enterprises engaged in production and distribution of merchandise be equally subject to tax.

If such action is not taken, many observers fear in years to come practically all business will be captured by cooperative system which in many nations has supplanted free economy system.

Mr. and Mrs. A. D. Edens

Vows Spoken for Cleta Rae Stowers A. D. Edens in Friona Methodist Church

Marriage vows were exchanged by Cleta Rae Stowers of Friona, daughter of Mr. and Mrs. C. T. Stowers of Texhoma, and A. D. Edens, son of Mr. and Mrs. Tonie Edens of Friona, at the Friona Methodist Church, Friday morning, March 25, at 10:00 o'clock. Rev. U. S. Sherrill, pastor, read the double-ring ceremony.

The pre-nuptial piano selections

were played by Miss Deniese Magby. June White sang "Because," and Don Lewis sang "A Wedding Prayer." They were accompanied at the piano by Miss Magness.

The bride, given in marriage by her father, wore a waltz-length gown of white tulle, fashioned with a round neckline, cut low in the back and with a sweetheart neckline in the front. The fitted

bodice was joined below the waist to the full skirt. She wore a small white hat and her corsage was a purple orchid. She carried a white heirloom handkerchief, belonging to her mother, which has been in the family for over fifty years. She also wore a string of pearls belonging to her grandmother, Mrs. Bertie Stowers.

The maid of honor was Miss Bonnie Stowers, sister of the bride. She wore a dress of aqua blue with a small white hat. Best man was Kenzie Wilson of Hereford.

The bride attended Friona High School. The groom returned from Germany last May where he was with the Army Engineers for eighteen months.

Following a wedding trip to Dallas and Sherman the couple will be at home in Friona where he is engaged in construction work.

Newcomers Were Feted at Lunch

A luncheon honoring newcomers to Friona was given by the Woman's Society of Christian Service at the Methodist annex Tuesday, March 29. Thirty-three members and eleven guests were present.

The four serving tables were decorated by the four birthday groups of the W.S.C.S. Each of these groups is composed of members who have their birthdays in spring, fall, winter or summer. The fall table featured the Thanksgiving motif; the winter table used the valentine theme, with red and white hearts on red crepe paper; the spring table featured the Easter scene, spring flowers and Easter eggs in small green nests; and the summer table used the colorful Independence Day theme, with red and white carnations, blue and red streamers on a white background.

The program topic was "The Unity of Faith," led by Mrs. Evelyn Anthony. Assisting with the program was Wilma Jones, Addie Moyer, Thelma Ford, Luella Drake and Faye Reeve.

Guests present were Mesdames Juanell Tyler, John Lamb, Betty Roberts, Hand, Loyde Brewer, Frank Spring, Nola Faye Vestal, J. L. Marcum, Lucille Latta, Fern Awtry and McGee.

Members present were Mesdames Ruth Jones, Doris Side, Gwen Graves, T. J. Presley, Dick Rockey, Jeane Gore, Lela Gee, Coy Patton, U. S. Sherrill, C. L. Vestal, Bertie Stowers, A. W. Anthony, Buddy Squyres, Ova Outland, Irene McFarland, Dorothy Hough, U. S. Aken, Cocoonougher, Crow, Ester Haws, Lucille Collier, Corda Slagle, Thelma Ford, Addie Moyer, Bill Stewart, Louella Drake, Blanche Boyle, Frank Reed, Wilma Jones, Dorothy Ellis, Ora Mae Anthony, Faye Reeve and Loreta Brookfield.

FRIONA DEMONSTRATION CLUB WILL MEET

The Friona Home Demonstration Club will meet Wednesday, April 13, at 2:00 o'clock in the home of Mrs. Hubert Singletery.

Anyone in Friona who is interested in home demonstration work is invited to attend this meeting and join the club.

Concerts Studied

Two programs for this next year of Concert series which are receiving favorable comment from individuals who have looked over the available brochures which were sent from the main office in Dallas are:

Two brilliant young Italian actors of the stage, screen and TV. These two young actors, Dermot McMamara and Helena Carroll, do scenes from the Irish dramas. Both actors have had dramatic training in the Abbey Theatre, of Dublin, and the Gate Theatre in Dublin. They have an engagement with Ford TV to do "Whiteheaded Boy." In millions of homes they have been liked on TV through Kraft Theatre, Philco Playhouse and Studio One.

The Eureka Concert Ensemble is a group of five singers and their accompanist. This Ensemble is a group of colored singers. They bring music of their race—the Negro music. They offer an opportunity to hear fine singing of a cleverly diversified repertoire by splendid voices. They have traveled extensively through Canada and the United States appearing in schools, colleges, universities, churches and Army Camps.

Women Attended Tulia W.M.U. Meet

Members of the Tulia Business Women's Circle of the Baptist W.M.U. were hostesses to members of the Friona Circle, Monday night in the First Baptist Church at Tulia.

This was a Federation meeting of the Baptist Business Women's Circle in the Terra Blanca Association.

Guest speaker for the evening was Mrs. Lon Smith of Floydada, State Community Mission Chairman. Her subject was "God's Call, and Our Answer."

Attending from Friona were Mrs. Lucy Jones, Mrs. C. W. Dixon, Miss Tracy Smith and Mrs. Minnie Hall.

METHODISTS WILL OBSERVE PRAYER DAY

The Methodist Woman's Society of Christian Service will observe a "Day Apart" for meditation and prayer, at the Methodist Church, Tuesday, April 5.

The meeting will begin at 11:00 o'clock a. m., and every interested person is invited to bring a lunch and a Bible and participate in the service.

Book Review Was Given at Club

Mrs. Lee Renner was hostess to members of the Hi-Point Home Demonstration Club, Thursday afternoon, March 24, with Mrs. F. M. Woolbright in charge of the meeting.

Roll call was answered with the members telling of a book or magazine her family had enjoyed. A report was given by the council delegate.

A review of the book, "The Power of Positive Thinking," was given by Mrs. Lloyd Rector and Mrs. James Boyle.

During the social hour refreshments were served by the hostess to the following members: Mesdames F. W. Woolbright, James Boyle, V. R. Jordan, Ed Bogges, Billy Dean Baxter, Oje Brunson, Rudolph Renner, Lloyd Rector, Foister Rector, Lloyd Hingus, Glen Mingo, G. L. Mingo, Theresa McGee, Elmer Oldham, Spencer Hough, Harry Hamilton and one guest, Mrs. James Collier.

The next meeting will be April 8, in the home of Mrs. F. M. Woolbright.

CONGREGATIONAL BIBLE STUDY

A special week of Bible study will be held at the Congregational Church beginning the week before Easter.

The Bible study will be conducted by several members of the church, with the first meeting scheduled for April 4, at 8:00 o'clock p. m.

There will also be special music by members of the church.

WOMAN'S MISSIONARY UNION MEETS

About twenty members of the Baptist Woman's Missionary Union met at the church Tuesday afternoon for their regular weekly meeting.

The business session was devoted to completing plans for the Junior-Senior banquet which the group will give this Friday night in the Educational Building of the Baptist Church.

They also made plans for the Associational Worker's Conference, which will be held in the church next week.

Mr. and Mrs. J. W. Baxter called, Tuesday afternoon in the home of Mrs. Loraine Greason and visited with her mother, Merle Shirley, who has been ill.

Mr. and Mrs. G. E. Shackelford, Terry and Danny of Perryton spent the week-end with his parents, Mr. and Mrs. Bert Shackelford.

Mrs. Lange Entertains At Senior Bridge Club

Mrs. O. F. Lange was hostess to members of the Senior Bridge Club in her home Saturday afternoon. High score prize was won by Mrs. Roy Slagle.

Refreshments of orange chiffon cake, strawberries, whipped cream and coffee were served by the hostess to Mesdames Bert Shackelford, M. A. Bartlett, H. C. Kendrick, Roy Slagle, Bert Chitwood, W. B. Stark and Carl Maurer.

Personals

Mr. and Mrs. Paul Fortberry spent the week-end in Hopton with her parents, Mr. and Mrs. R. C. Vernon.

Mr. and Mrs. Fred Barker spent Sunday in the home of their daughter, Mr. and Mrs. Jim Moss and family of Farwell. In the afternoon they called on Mr. and Mrs. Donald Roland.

Mr. and Mrs. Van Tims and daughter visited Wednesday evening in the Billy Dean Baxter home.

Mr. and Mrs. E. T. Ford of Lazbuddie were Sunday dinner guests in the home of Mr. and Mrs. W. C. Williams. Afternoon callers were Mr. and Mrs. A. L. Carlton, and

Rev. Booth Matthews and family. Mrs. Mac Mann of Lazbuddie, enjoyed a Mexican supper in the home of Mr. and Mrs. W. C. Williams on Monday evening.

Sunday dinner guests in the C. W. Martin home were Mr. and Mrs. J. W. Baxter and Mr. and Mrs. Clarence Martin and family.

Mr. and Mrs. Clarence first left for South Dakota the last part of the week. The children, Larry, Martha Ann and Michael Wayne will stay with their grandparents, Mr. and Mrs. C. W. Martin, while they are gone.

Mr. and Mrs. Walter Loveless went to Hobbs, New Mexico, Sunday to spend the day with their son, W. O. Wood and family.

Mrs. John Lamb and Su Zan will go to Waco to visit with Mrs. Lamb's sister, Hazel Waring and Mrs. L. A. Ockander over the Easter holidays.

Mr. and Mrs. Jack Knox visited friends and relatives in Amarillo and Hereford, Sunday.

Mrs. Sarah Vernon spent Sunday afternoon in the home of Mrs. Tom Hurst.

Mr. and Mrs. Frank Douglas of Childress, and Mrs. Earl Worley and son of Quanah were week-end visitors in the home of Mr. and Mrs. Joe Douglas. Mrs. Myrtle Washbank of Shamrock is now visiting in the Douglas home. Mr. Douglas' mother, who had been quite ill, is convalescing in the home of her son. She was moved home from the hospital on Tuesday.

Thirty Present At Eastern Star

Approximately thirty members of the Eastern Star attended the monthly meeting Monday night at the Masonic Hall in Friona.

An initiation service was held for Mrs. Mary Jack White, a new member of the Eastern Star. Following the initiation, a business session was conducted.

During the social hour refreshments of sandwiches, cookies and coffee were served to the members and one guest, Miss Pat Rhymer.

Northside Club Met In Home of Mrs. Chiles

The Northside Home Demonstration Club met in the home of Mrs. L. J. Chiles, Tuesday afternoon, March 25. There were eleven members and one visitor, Mrs. Mary Ramsey present.

Following the short business session, the members began work on copper pictures. Mrs. Chiles' Murphy was the winner of the hostess gift.

The next meeting of the club will be April 3 in the home of Mrs. T. E. Lovett.

YOUNG ADULT CLASS MEETS

The Young Adult Friendship Class of the Methodist Church met in the church annex Monday night for a social and business meeting. Hostesses were Mesdames C. L. Vestal, Jr., Charles Tyler and Tommy Jones.

During the business session the group voted to redecorate the Sunday School room. Bill Buchanan is president of the class.

Refreshments of sandwiches, cake and coffee were served to the twenty members present.

Sixty Attended Teen-20 Social

The Teen-Twenty Club had an increase in attendance at the dance given Saturday night at the Friona Legion Hall. Approximately sixty members from Friona and Lazbuddie were present.

The door prize was won by Keith Battey.

Sponsors at the dance were Mr. and Mrs. Bud Reed, Mr. and Mrs. George Reed, Mr. and Mrs. Leonard Coffey and Mr. and Mrs. Joe Mann.

The Lazbuddie Band played during the evening, and will also provide the music for the next dance, which will be on April 2.

Mrs. A. D. Smith is expected home this week-end after a 3-week visit with a sister and other relatives in Topeka, Kansas.

ATTEND MEETING AT HEREFORD

Eleven members of the Friona Eastern Star attended a Friendship meeting of the Hereford Eastern Star, Tuesday evening.

Attending were Mr. and Mrs. Leonard Coffey, Mr. and Mrs. Claude Miller, Mr. and Mrs. Ed Bogges, Mr. and Mrs. Caver Dunn, Mrs. Ethel Chitwood, Mrs. Paul Bartlett, and Mrs. Marge McKee.

Mr. and Mrs. M. A. Bartlett spent Tuesday in Amarillo on business.

CONGREGATIONAL BIBLE STUDY

A special week of Bible study will be held at the Congregational Church beginning the week before Easter.

The Bible study will be conducted by several members of the church, with the first meeting scheduled for April 4, at 8:00 o'clock p. m.

There will also be special music by members of the church.

Mr. Hadley Reeve left Sunday for Oklahoma City to attend a mechanic's school of the Chevrolet Motor Division. He will return home Wednesday.

Mr. and Mrs. Fred Dennis went to Lubbock, Sunday, to visit with his sister and family, Mr. and Mrs. Ed Holcomb.

Lazbuddie W.M.U. Has New Circle

A meeting was held Monday night in the home of Mrs. C. K. Roberts and a new Lazbuddie W.M.U. circle was organized, for the women of the community who could not attend the afternoon meetings.

New officers are: Mrs. Jack Black, president; Mrs. Wilson Clement, secretary and treasurer; Mrs. Gressett, Mission study chairman; Mrs. Dukes, community missions and stewardship chairman; and Mrs. K. Roberts, Bible study and program chairman.

Bonnie Sunbeams Met

The Bonnie Baptist Sunbeams met Tuesday afternoon at the church with the leaders, Mrs. Claude Osborn and Mrs. Ralph Miller.

Games were led by Sharon England, and each Sunbeam said a prayer to open the meeting. During the business session, Danny Murphree presided, and the following officers were elected: President, Annette Jennings; vice-president, Joey Taylor; song leader, Sharon England; assistant song leader, Barbara Lloyd.

Mrs. Osborn told the story of David at the Bible study time, and a Mission offering was taken. Refreshments were served by Mrs. Johnnie Mars to the following Sunbeams: Linda Davis, Kim Buske, Barbara Lloyd, Jerry Carlton, John Grant Mars, Annette Jennings, Mike Fallwell, Sharon England, Teddy Osborn, Dean Evans, JoNell Wood, Kathryn Evans, Joey Taylor, Danny Murphree, Howard Rhodes, David Bales, Darrell Collier, Gay Singletary and Betty Fields.

Mr. Hadley Reeve left Sunday for Oklahoma City to attend a mechanic's school of the Chevrolet Motor Division. He will return home Wednesday.

Mr. and Mrs. Fred Dennis went to Lubbock, Sunday, to visit with his sister and family, Mr. and Mrs. Ed Holcomb.

Grazing Alfalfas Hold Promise for Old Ranges

Today, we are interested in returning alfalfa to its first use—grazing. For the past hundred years, alfalfa has been synonymous with hay—in fact, alfalfa as a hay crop has had much to do with the rapid settling of the West.

But something has happened to these ranges. There is scarcely a western State that supports as many units of livestock per acre as it did 80 years ago, this in spite of irrigation, fertilization, new varieties, etc. Some of the reasons are: (1) replacement of original cover by other plants of little or no forage value, (2) replacement of perennials by annuals, (3) erosion and (4) reduction of organic matter.

Commercial nitrogen, fall applied, often means the difference between success and failure in grass seeding on range land. It can increase the yield of our native grasses amazingly. A fair stand of grazing alfalfas could supply this needed nitrogen.

Professor E. R. Jackman, Oregon State College, suggests that grazing alfalfas may be the key to the problem of maintaining grass stands, keeping out unwanted species, stopping erosion and restoring humus. The Oregon State College is now conducting trials to determine the adaptation of alfalfa in solving the problem.

Nomad and Rhizoma are the only strictly grazing types of alfalfa being used of which seed is available. Sevelra and Ladak are included because they have a small percentage of grazing types. Ladak has up to 15 percent in some lots of seed. Ranger is in the trials simply because it is now the standard variety.

From the 75 seedlings in this test, it is hoped to learn (1) limitations of each variety when grazed, (2) type of grazing most successful, (3) ability of the

This field of Nomad alfalfa-crested wheatgrass in Oregon has been grazed heavily ever since seeding, but was allowed to recover before this photo was taken. Note sage-brush juniper range in background. Annual rainfall is 10 to 11 inches.

various varieties to persist under grazing, (4) difference between hay varieties and grazing varieties, and (5) effect of the various varieties upon the companion grasses and upon encroachment of the unwanted species.

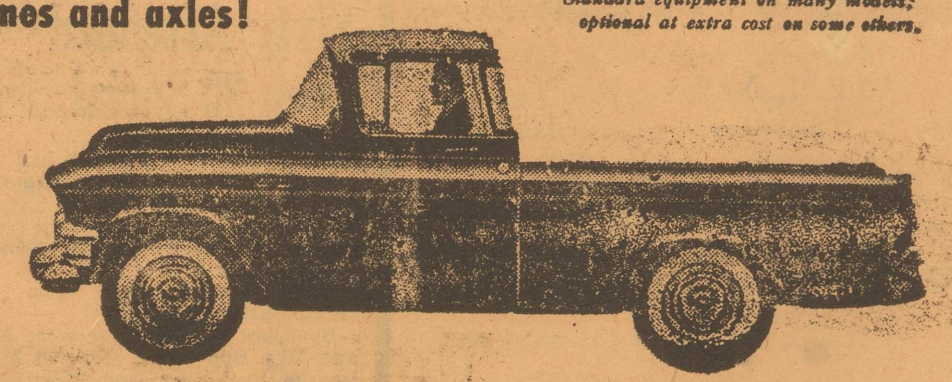

These trial plantings are on low yielding land — land mostly worth less than \$10.00 an acre, so the yield is low in any case. Average rainfall for the 75 plantings is 12 inches.

No definite conclusions have been reached but the tests have already stimulated interest in ranchers' minds. Some of those having trials are now seeding larger acreages on their own. Others may wish to explore this field. Typical grazing alfalfas certainly are worth trying.

Music Shortcourse Offered at Tech

LUBBOCK. — Five outstanding music educators, including a former Fred Waring Glee Club director and the nation's top authority on marching bands, will join the Texas Tech faculty this summer to conduct short courses in choir, band and orchestra.

Announcement of the short course staffs was made today by Raymond P. Elliott, associate professor of music at Tech who will have charge of the special summer programs.

Lara Hoggard, who has directed both the Waring Glee Club and The Festival of Song, will direct the choir school, scheduled May 30-June 3. Elliott said registration would be limited to 200.

Glenn C. Bainum, director of the famed Northwestern University marching band, and Dr. A. A. Harding, former band director at the University of Illinois, will have charge of the band school, June 6-July 1. Bainum is currently considered without peer in this area.

Mrs. Marjorie Keller, instrumental supervisor for the Dallas public schools, and Dr. Herbert M. Preston, director of the Hardin-Simmons University orchestra, will conduct the orchestra short course, July 2-July 22.

Application forms for admission to any of the three courses may be obtained by writing Professor Elliott at Tech.

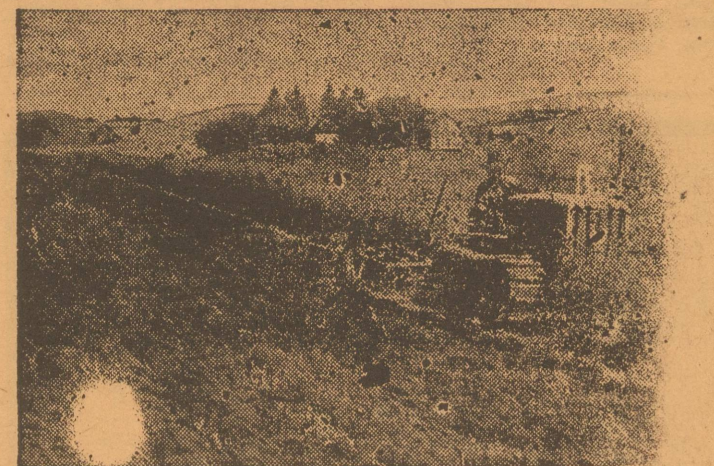

Story Hour Held For Sunbeam Group

Fourteen members of the Golden Light Sunbeams met at the First Baptist Church, Tuesday afternoon with their leaders, Mrs. Ruth Williams and Mrs. Jeane Coker.

The story of "The Earth Is the Lord's" was told by Mrs. Williams, and a song session was led by Mrs. Coker. For handicraft, the children drew and colored pictures of children of other lands.

Cookies were served as refreshments, and the prayer of thanks was led by David Widner. The group was dismissed with a prayer.

Organic Matter Frees Phosphate Fixed in Soil

U. S. D. A. One of the many ways to bring about the liberation of fixed phosphate is plowing under sweet clover to add organic matter to the soil.

Without phosphorus all life would cease, much as a flame dies when there is no air to support it. This vitally important element, so essential for plant and animal growth and reproduction, is one of the least abundant elements in most soils. Seeds, milk, meat, eggs, plant tissues, bacteria, fungi, animal cells, and everything else that originates from life contain phosphorus. The ultimate source of this phosphorus is the soil. The production of plentiful crops of high nutritive value frequently depends upon the addition of phosphate fertilizers to the soil.

These additions to the soil, however, usually have only a very temporary beneficial effect because the action of certain soil components changes the phosphate into forms not readily available to plants, according to Dr. Sieling of Massachusetts in CROPS AND SOILS. Some experiments have shown that only 5-10 per cent of the phosphate added to acid soils reaches the crop for which it was intended. This is due to a process called phosphate fixation.

To obtain a high production level of high quality crops, the fixed phosphate must be released in a constant and increased amount. Research has established that organic matter is an important substance in preventing fixation and in releasing the phosphate already fixed.

As soils in the humid region become more and more acid because of cropping and natural weathering processes, the iron and aluminum compounds become chemical traps. These catch any phosphate that happens to be wandering about in the soil solution.

The more acid a soil becomes, the more traps become set for catching and holding the phosphate until it is released by another process.

Practical farmers have long observed that loss of organic matter in soils caused phosphate deficiency and consequent crop failure. Others have found that management practices which traditionally included the addition of large amounts of barnyard manure were adequate for great crop production, even though the manure was known to be low in phosphate. Various organic materials other than manure may serve as well as a source of organic matter for this purpose.

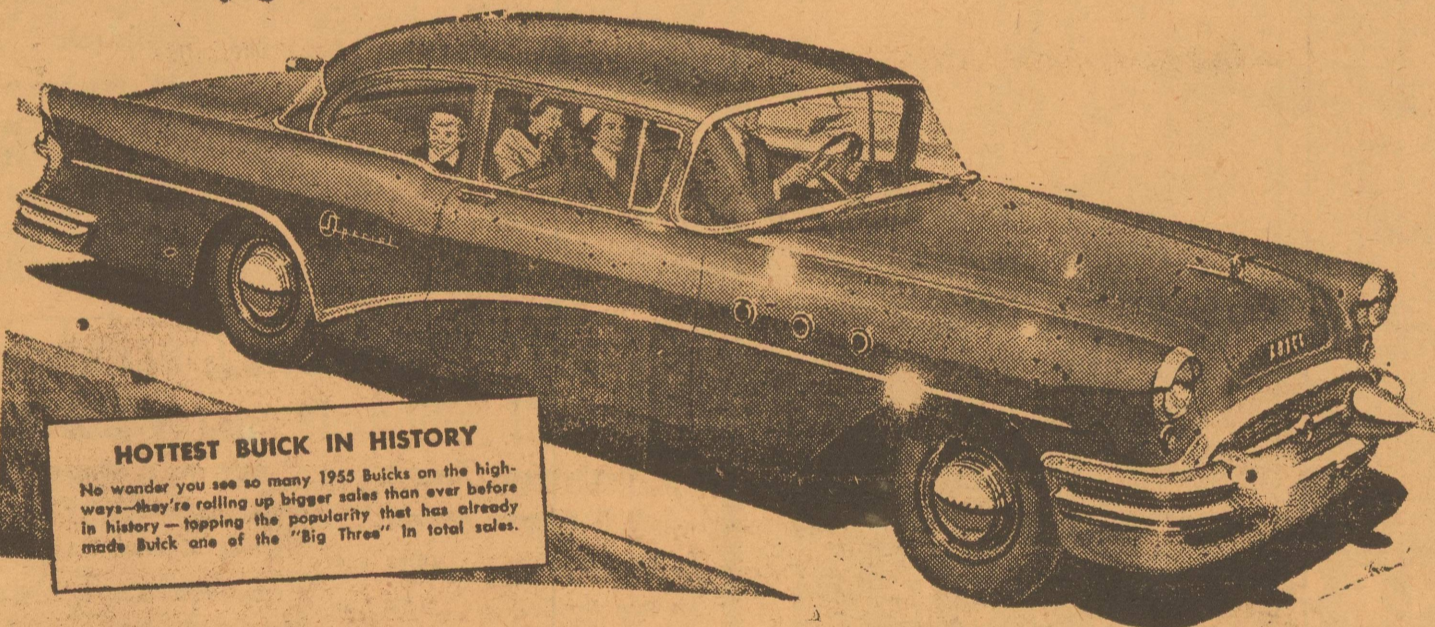

So life goes on because the important element, phosphorus, is available in the soil—made available by other life processes in a self-perpetuating cycle of interrelated chemical and biological reactions. So another new, important function for organic matter is disclosed, to be added to many other important actions it has in maintaining good soils.

Get into the Swing of Spring at Buick's

Spring Fashion Festival

Starting April 1st

HOTTEST BUICK IN HISTORY

No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" in total sales.

SURELY it's time you blossomed out in a big, bold, bright new Buick—just for the extra joy you'll feel.

And there's no better time than right now for you and the whole family to come look things over—because we're holding a Spring Fashion Festival to display the stunning new Buicks in gay new colors rich in Springtime freshness.

You'll see these sleek beauties dressed in new greens, new blues—in other strikingly vivid colors—and in ultra-smart two-tone and tri-tone combinations.

What's more, these gay new hues are available on the whole line of Buicks—Sedans,

Convertibles, Estate Wagons, Rivieras—and the newest of the new cars, the long-awaited 4-Door Riviera.

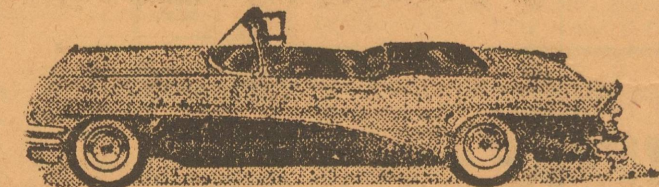

Best of all is the sheer thrill that's yours when you take to the road in any one of these '55 Buicks—for here is walloping new V8 power—and here is the spectacular performance of Variable Pitch Dynaflo,* which is very definitely the "must try" thrill of the year.

So—come be our guest—at our Spring Fashion Festival—and at the wheel of the "hottest" Buick in history.

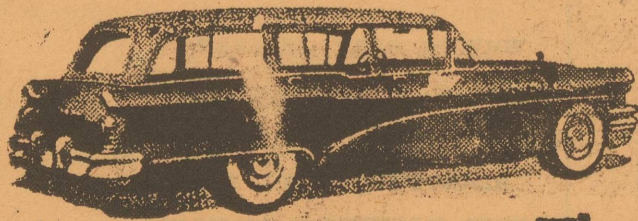

*Dynaflo Drive is standard on Roadmaster, optional on other Buicks.

Gay Cars that lift your spirits!

Bright Colors that sing of Spring!

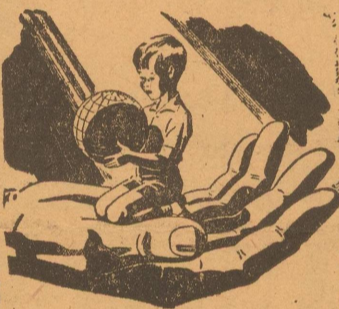

Smart Prices that help your budget!

Thrill of the year is Buick

Personals

Mr. and Mrs. Ansel Renner and girls visited with his sister in Chickasha, Oklahoma, over the week-end. Charles Kirk went with them and visited in Norman, Oklahoma, while there.

Mr. and Mrs. Bonnie Wilson and Becky and Clint were Saturday night guests in the home of Mr. Wilson's parents, Mr. and Mrs. O. Wilson of Hereford.

Visiting in the home of Mr. and Mrs. R. G. Wiley were Mr. and Mrs. Melvin Wiley of Clovis, and Alice Whaley and Connie Rose and Doris

Louise of Friona, and Mr. and Mrs. Jennings Dukes, and Mr. and Mrs. Ralph Wiley and sons, Gerald, Leo, Teddy and Mike of Lubbock; Airman 2C Vance M. Wiley, who is home on leave after completing a course on radar fundamentals at Lowry Air Force Base in Colorado.

Mr. and Mrs. H. L. Outland drove Mrs. Outland's parents, Mr. and Mrs. E. C. Dearing, home to Higgins, and visited over Sunday with them before returning home.

Mr. and Mrs. M. H. Mays of Anton visited in the Louis Welch home over Sunday.

Mr. and Mrs. J. Q. Finney and Bob of Plainview were week-end visitors in the home of Mr. and Mrs. Steve Messenger. Mrs. Viola Messenger of Clovis also visited with the Messengers.

Mr. and Mrs. Duane Cleveland and children of Floydada spent the week-end in the home of her parents, Mr. and Mrs. Bill McGlothlin.

Miss Lora Mae McFarland and Miss Minnie Atchley of Clovis visited Saturday with Mr. and Mrs. J. B. McFarland.

Mr. and Mrs. Jordan McElroy of Murfreesboro, Tennessee, while on vacation stopped by to visit his sister and family, Mr. and Mrs. Glenn Stevick. Mrs. Stevick's mother, who has been here for the winter, returned to her home with her son.

Mrs. H. T. Magness spent Friday shopping in Clovis.

Mr. and Mrs. George Green and Mr. and Mrs. Reaford Shirley spent Sunday afternoon in Amarillo making several recordings for their weekly radio show.

Livestock Report

By TED GOULDY
SHEEP RUN BIGGEST SINCE MAY, 1950

FORT WORTH. — A total of 24,306 sheep and lambs arrived for Monday's trade at Fort Worth. The unexpectedly large offering was the biggest in a single day since May 22, 1950, when 25,100 were unloaded. Largest day prior to that was in May, 1948, when 37,807 were chalked up in one marketing day.

Most unusual aspect of the big run was that it came so early in the season. Big movement of Texas lambs usually happens in May or June. The big offering was about 75 per cent milk fat lambs of the new crop aimed at the Easter trade. Lambs processed the forepart of this week will be sold to Easter lamb buyers in the North and East next week.

Trade opened 50 cents to \$1 lower on all sheep and lambs and prices slid downward to \$1 and spots \$2 lower by the close. Choice lambs drew \$23 to \$25, and old crop fat lambs sold from \$20 down. Old wethers topped at \$14.

MOST CATTLE AND CALVES FULLY STEADY

Trade on most classes of cattle and calves at Fort Worth, Monday, was active and fully steady to strong. The only classes experiencing severe pressure were fed steers, yearlings and heifers. Fed cattle sold steady to weak, some of the plainer quality fat cattle unevenly lower.

Cows were active and fully steady. Bulls sold stronger. Cows ranged up to \$14 and a few bulls sold to \$14.50. Fed cattle sold mainly from \$23.50 down, though

some fancy yearlings from McClung Land and Cattle Co., weighed up at \$25 on a previous sale. Tuppy calves sold from \$19 to \$21.50 and stocker steer calves and stocker steer yearlings sold from \$22 downward.

HOGS STAGE BRISK RALLY, 50-75¢ HIGHER

Opening trade on hogs at Fort Worth, Monday, saw a top of \$18 and \$18.25 established. This was 50 to 75 cents above the previous week's close. The less desirable butcher hogs sold from \$16.50 to \$18. Packing sows had a strong market at \$13 to \$16.

WORLD'S GREATEST WIFE SAVER
AN ELECTRIC CLOTHES DRYER

"MY ELECTRIC CLOTHES DRYER IRONED OUT MY IRONING PROBLEMS!"

says Mrs. C. T. Shropshire,
4503 West Third, Amarillo, Texas

"The dryer changed my method of buying clothes for my five children. Now, I just buy the kind of materials which need no ironing."
"I remove the clothes from the dryer before they are completely dried out, and hang them on a hanger. They need no ironing, as all the wrinkles fall right out."
Any time you can save ironing time is a good time, especially when you have five children, and want to spend as much time with them as you can. Try the convenience of electric clothes drying and reap the dividend Mrs. Shropshire enjoys—more time with her family.

The world's greatest wife saver — that's an electric clothes dryer. Stops lifting and lugging, cuts ironing time in half. See a demonstration at your Reddy Kilowatt Dealer.

The Rhea Home Demonstration Club had a bake sale Saturday at Knox's store. They made \$32.75. They wish to thank Mr. and Mrs. Knox for the use of their store for the sale.

Mr. and Mrs. Floyd Schlenker, Mr. and Mrs. Carl Schlenker and family, and Mrs. Elmo Dean and girls celebrated Carl Schlenker's birthday Sunday with a dinner.

Mr. and Mrs. Herman Sifford and Peggy of Umbarger and Lee Sifford were Sunday dinner guests of Mr. and Mrs. Billy Sifford.

Mr. and Mrs. Willie Wall and family attended a birthday party

given in Rosedale, N. M., Sunday for all the people of the community who had birthdays in March.

Mr. and Mrs. Herman Schueler and Lillian were in Amarillo Saturday on business.

Mr. and Mrs. Jack Patterson and family were Sunday dinner guests of Mr. and Mrs. Fred Chandler and family.

Mr. and Mrs. Fred Watson spent the week-end in Muleshoe visiting her parents.

Mr. and Mrs. Charlie Calaway were in Amarillo Saturday on business.

Mr. and Mrs. Robert Schueler left Friday for Colorado to visit Floyd who is stationed there. They

Those Income Taxes

Mr. L. B. Barkley, Administrative Officer in Charge of the Lubbock office stated today that the deadline date of April 15 had finally caught up with the taxes collected by the Dallas District of Internal Revenue. The Dallas District, covering the 143 North Texas counties, has deposited \$342,855,570.20 through March 23. During the same period in 1954, \$353,304,953.41 had been deposited. Mr. Barkley attributed the \$10,000,000 deficit to the change in filing deadline date from March 15 to April 15. The Dallas District collected \$1,034,276,106.96 during the 1954 fiscal year ending July 1, 1954.

The Dallas District has mailed 269,000 tax refund checks amounting to \$20,615,886.94. Revenue officials estimated that they had received 550,000 to 575,000 returns due a refund. The process of grinding out the refund checks to taxpayers is rolling in high gear. During the past week over 60,000 refund checks were mailed. They expected to continue grinding out the checks at better than 50,000 a week. Mr. Barkley asked taxpayers not to become concerned when they did not receive their tax refund checks as soon as they might expect. Many taxpayers write letters or call Internal Revenue when some neighbor receives a refund check on a tax return that was mailed after his return was mailed. There are dozens of different breakdowns and different channels through which tax returns are processed. One tax return may be processed and the check mailed out in a very short period of time—even less than a month. Another return may have been mailed on January 1 and be-

also visited both of their sisters. They plan to return Monday or Tuesday.

Mr. and Mrs. Raymond Schueler visited with Mr. and Mrs. Pete Hoffman in Hereford last week.

A Dart and Shuffle Board meeting was held in Amarillo Sunday for the Men's Club. Those attending from Rhea were Melvin Sachs, Herman Hrezog, Alton Kunkle, Mr. and Mrs. Raymond Schueler, Mr. and Mrs. Franklin Bauer and Mr. Blyth of Friona. The Rhea men lacked one point winning the cup.

Mr. and Mrs. Blyth of Friona had dinner with the Franklin Bauers one day last week.

Mr. and Mrs. Bill Denny and family of Bovina visited Sunday with Mr. and Mrs. Billy Alderson.

cause of hitches in processing the return the check may not be mailed until June. Taxpayers can help the Internal Revenue Service to expedite the mailing of their refund checks by being patient and not writing or calling to inquire why they have not received their refund. Mr. Barkley stated the Internal Revenue Service is not in position to expedite the processing of any refund check, no matter what the circumstances may be. The mail receipts from January 1 through March 24 amounted to 1,458,369 letters. Most of the letters contain income tax returns. During the same period in 1954 Internal Revenue received 1,968,679 letters. The 510,000 pieces of mail difference is caused by the change of the tax filing deadline from March 15 to April 15. Based on the mail receipts, revenue officials estimated that 450,000 North Texas taxpayers have taken advantage of the April 15 deadline granted by Congress last year.

Mr. Barkley concluded by urging taxpayers that have not filed their tax return to promptly study their instructions, prepare their return, check the return carefully to avoid errors, and mail the return. The 450,000 taxpayers who have not yet filed can help the government avoid a last minute deadline filing rush.

Hybrid Sorghums Given Boost

COLLEGE STATION. — Hybrid grain sorghums which are expected to increase yields 30 to 40 percent will be grown commercially in Texas this year. It marks the first such production anywhere in the world.

Production during the 1955 growing season, however, will be limited to one-acre crossing plots on several selected farms. Foundation seed stocks will go to seed growers in 1956 and the new hybrids will be available for large scale planting in 1957.

Development of grain sorghum hybrids has been underway since 1927 at the Chillicothe substation

of the Texas Agricultural Experiment Station by J. Roy Quinby and J. C. Stephens. Dr. N. W. Kramer and P. E. Karper of the Lubbock substation also have contributed to the research.

There is an oddity in the new hybrids. Due to the parentage of hybrids farmers will plant white seed but harvest red grain.

Mr. and Mrs. Shirley Cook and son visited over the week-end with his parents, Mr. and Mrs. Sell Cook in Rush Springs, Oklahoma.

Ronald Lee Cook and family of Casper, Wyoming, spent Thursday in the Shirley Cook home.

Mr. and Mrs. Roscoe Parr and children spent Sunday in Clovis with her parents, Mr. and Mrs. W. A. Beasley.

BEEF BREEDING CATTLE

Grand Champ: Ardith Rolan. Also reserve champ to Rolan.
 Leon Wilson took 1st and grand championship with his Angus bull.
 Jim Roy Wells took 1st and reserve champ with Hereford bull.

Letters to the Editor

Dear Mr. Editor,
 I have noted with interest your concern over the spiritual welfare of our community and am well pleased with it. It would be a splendid mark of well-being if more could be interested in the same thing.

It is my firm conviction that the only road to our success is the one that leads through Bible study, hence Christianity. The epitome of good, sound moral behavior is Christian principles and these are learned only from the Bible. These can not be gained from a study of modern magazines or from any other source.

The morals of this community can be no higher than ours are for we make it up. It will have no more influence for good than we have. By the same token, then, it will be no more spiritually inclined than we are.

It naturally follows that if we are to have a better community it will be the result of a diligent effort from the individual level to better himself. An example has been set before each one in the person of Jesus Christ who is the divine Son of God. If we strive to walk in His steps immorality of every type will disappear and a new look of spirituality will take its place.

Yours for a better place in which to live made possible through Bible study and every day living according to its teachings.
 M. B. McKinney.

ON REV. NORTH:

Many hearts were made sad indeed when on Tuesday of last week word was received here at Friona bringing the information that Rev. Walter H. North had passed away at his home in Kansas City, Missouri, following a long and lingering illness; Rev. North having at one time been the beloved pastor of the Friona Union Congregational Church.

Rev. North was born in Toronto, Canada, December 22, 1874, and was 80 years and 3 months old at the time of his death. During his boyhood he moved with his parents to El Paso, Illinois. He became a graduate of Wesleyan University at Bloomington, Illinois, and was also a graduate of the Divinity School of the University of Chicago and became the pastor of the Warren Avenue Congregational Church of Chicago, the Congregational Church at Billings, Montana, and various churches in Illinois, Minnesota and other states. He was also interim pastor of the Congregational Church at Grinnell, Iowa, and later pastor of the Union Congregational Church at Friona, Tex.

He and his good wife, Mrs. Josephine North, who survives him, arrived at Friona on March 1, 1946, and remained as pastor of the local church until June, 1940. Before coming to Friona he had also served Congregational churches in Kansas City. And during World War I, he served in France as an American church worker for the armed forces, and at the time of his retirement from active work in the ministry, he had been in active ministerial service for fifty-five years. He and Mrs. North observed their fifty-eighth wedding anniversary

in August, 1954.

Beside his faithful wife, who was his constant helper during all those years, he is survived by three sons: Walter L. North, whose home he shared during his last illness, and John W. North, also of Kansas City, and Stanley C. North, of Greer, Conn. He is also survived by one daughter, Mrs. Homer Ulrich, of Silver Springs, Maryland, and thirteen grandchildren and two great-grandchildren.

He was modest and sedate in his bearing and a natural winner of friends to whom he was always kind and cheerful, and by whom he was held in the highest esteem, and with those who knew him best, this esteem scarcely fell short of reverence.

In spending his comparatively long and useful life so patiently, so unselfishly, so continuously and ably for the welfare, comfort, relief, contentment, joy and happiness of his fellow creatures, he has rounded out a life of consecration, devotion, adoration, love, worship and constancy to the God he so truly and consistently loved.

He was my friend. No, I never heard him say so. He never told me that in so many words. But, if, after spending so many happy and inspiring moments in social converse with him during the three years he lived in Friona, I would and unappreciative did I not be utterly mentally dumb, selfish come aware that he was my friend and so it was with all who came to really know him. It was his modest way.

Had I been in search of a friend in the truest and fullest sense of that word, when I met and knew Walter North, I would have known that I had met that friend. Had I been in search of a devout Christian in the fullest and truest meaning of that word, when I had met and known Walter North, I would have known I had met that character.

I fully realize that my reiteration of the countless virtues of my friend, Walter North, cannot add one gleam of luster nor one sparkling gem to his diadem of glory, for the luster there is already complete and the space for gem-setting is already filled. But it makes me feel in a little bit better humor with myself for saying what I have said here.

"Uncle John."

Mrs. A. H. Boatman, who has been ill for some time is still not feeling well.

Mrs. B. W. Turner and Mrs. L. D. Taylor spent Saturday afternoon in Hereford shopping.

There have been numerous cases of illness in the community this past week, and we wish each one of them a speedy recovery.

Sunday visitors in the J. M. McAdams home were Mrs. McAdams' son and family, Mr. and Mrs. James Temple and children of Plainview, and Mr. McAdams' daughter and family, Mr. and Mrs. Walter Witte of Muleshoe, and a sister-in-law, Mrs. John Forwinkle, and husband of Plainview. Mr. and Mrs. George Truitt and Elva June of Plainview were also guests.

Busy Workshop Had Party

Mrs. Frank Spring and Mrs. Newman Jarrell, Jr., entertained the members of the Busy Workshop with a party Monday afternoon at the Methodist annex.

The group played games and had a song service. Sentence prayers were said by Phillip Varner, Karen Osborn, Donna Fuks, Travis Graves, Richard Neelley, Linda Rector, Larry Hollis and Gail Varner.

After the meeting closed with the friendship circle, refreshments of punch and cookies were served by the WSCS to: Eugene Weatherly, Merylene Massey, Gail Varner, Larry Hollis, Jan and Rex Wells, Carl Yarborough, Phillips Varner, Karen Osborn, Darrell Anthony, Lonnie Brookfield, George Rushing, Donna Fuks, Eldon Long, Travis Graves, Billy Duke, Sheryl Long, John Duke, Richard Neelley, Linda Louise Rector, Mrs. Jarrell and Lark, and Mrs. Spring.

Early Application On Cotton Classing

COLLEGE STATION. — Farmers will follow the same procedure as last year in obtaining cotton classification and market news services in 1955 under the Smith-Doxey Act, the U. S. Department of Agriculture announces.

Cotton growers are urged to prepare and submit their applications as soon as cotton has been planted and well in advance of the ginning season. Those not filling may fail to obtain the classification of cotton ginned early in the season, as time is required for groups to make arrangements for having samples taken and submitted to the classing office.

Samples submitted under this program are to be cut from both sides of the bale by a bonded sampler or by an employee of a public warehouse or compress which issues negotiable warehouse receipts.

Applications must be filed with a field office of the Cotton Division, Agricultural Marketing Service, as soon as possible after all members have planted their cotton, but not later than August 1. Applications must be on file by June 1, however, in the following counties in Texas: Dimmit, LaSalle, McMullen, Live Oak, Karnes, DeWitt, Jackson, Hatagorda and all counties lying south of those named.

Cotton classed for members of improvement groups under the Smith-Doxey Act for the 1954 crop will not exceed 10,000,000 bales, or 74 percent of the total crop.

Instructions and application blanks may be obtained from county agents, state and county ASC officers or from Agricultural Marketing Service, Cotton Division, Room 506 U. S. Terminal Annex Building, Dallas 22, Texas.

Mr. and Mrs. C. A. Guinn were dinner guests in the home of Mr. and Mrs. E. H. Cummings, Sunday.

FASTEST KNOWN PAIN RELIEF FOR ARTHRITIC, RHEUMATIC VICTIMS—NOW AVAILABLE

Seven "Film-Coated" Ingredients Offer Positive Relief

The crippling, torturing, twisting pain of Arthritis and Rheumatism may soon be forgotten, thanks to an exciting new laboratory discovery named Ar-Pan-Ex. Ar-Pan-Ex was perfected by a noted scientist of a world-famous university, working with all known facts about these crippling ailments. The result is a safe, easy to take tablet that promotes the fastest relief known from that stabbing agony.
 Nothing Like AR-PAN-EX
 Nothing ever offered before can bring results faster, more effectively or with longer lasting benefits than Ar-Pan-Ex. It may mean a renewed life of usefulness and pleasure to millions.
 Ask for genuine Ar-Pan-Ex today at any drug store for the kind of relief no other product can claim to equal. If your druggist is out of it, he will be glad to order it for you.
 Why AR-PAN-EX Helps
 Ar-Pan-Ex does not dissolve uselessly in the stomach—avoids stomach distress. Ar-Pan-Ex is scientifically "Film-Coated" so that ALL

Mr. and Mrs. G. Cranfill were Sunday afternoon callers in the home of Mr. and Mrs. Fred White.

Mr. and Mrs. E. W. Turner and Mr. and Mrs. L. D. Taylor spent Sunday in Tucumcari prospecting for uranium.

Mr. C. A. Turner left Sunday morning for Glenwood Springs, Colorado, on business.

Mr. and Mrs. S. T. Thornton spent Sunday afternoon in the home of Mr. and Mrs. Dub Reeves in Hereford.

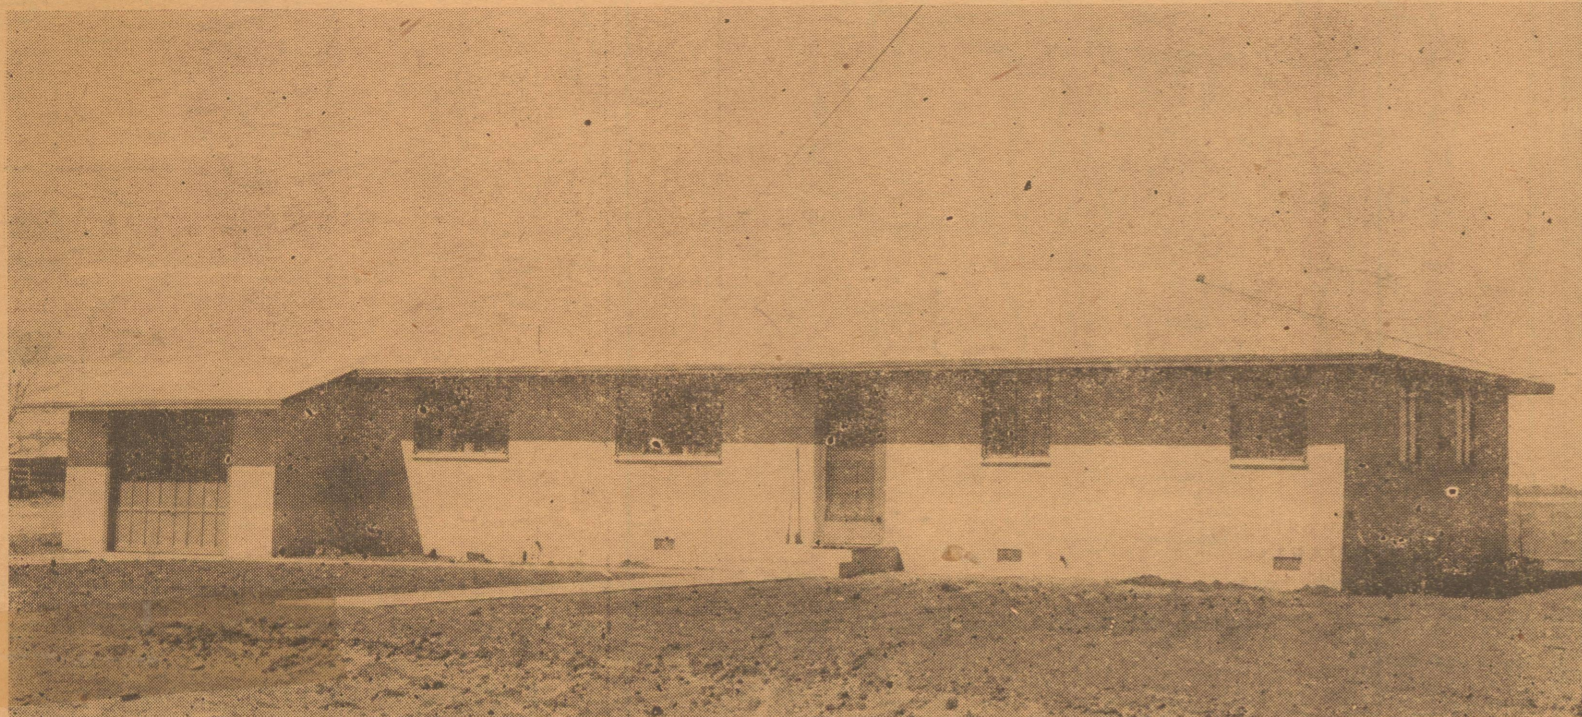

Mrs. Ida Merriell and Luce Vestal spent Sunday afternoon in the home of Mr. and Mrs. David Mosley.

Mr. Charles Howell and his parents, Mr. and Mrs. Dwight Howell of Dimmitt, went to San Francisco to meet the Howell son who is arriving from overseas. He will receive his discharge while there and return home with his parents and Charles.

Mrs. Clyde Sherrieb's aunt and uncle, Mr. and Mrs. Roy Hines of Davenport, Nebraska, spent some time visiting in the Sherrieb home last week.

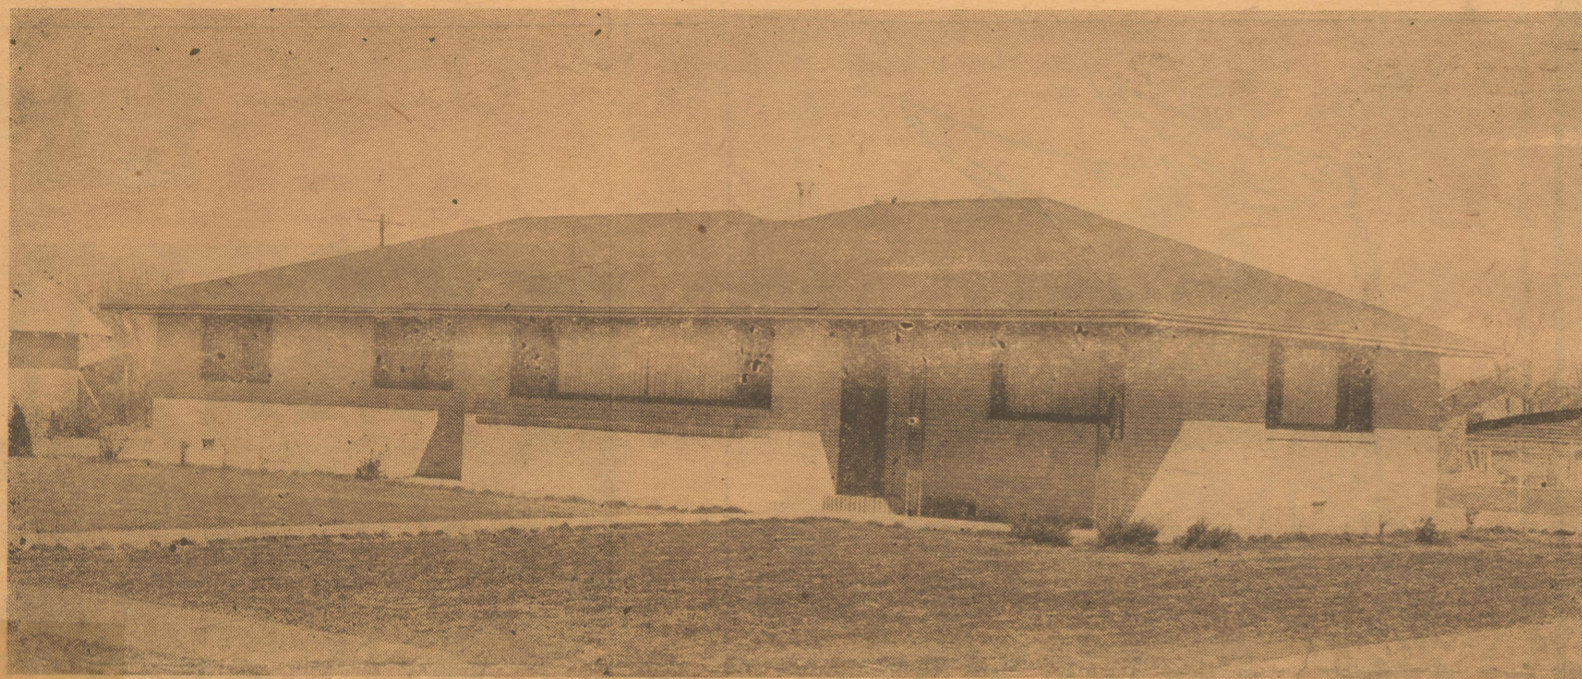

Mr. and Mrs. Jake Lamb returned last week from Memphis, Texas, where they had been visiting relatives.

Mrs. Billy Jo Hand, Mrs. E. M. Cummings and Mrs. Johnny Hand spent the day shopping in Amarillo on Thursday.

Introducing: New Homes of Friona

- Friona Star Photo

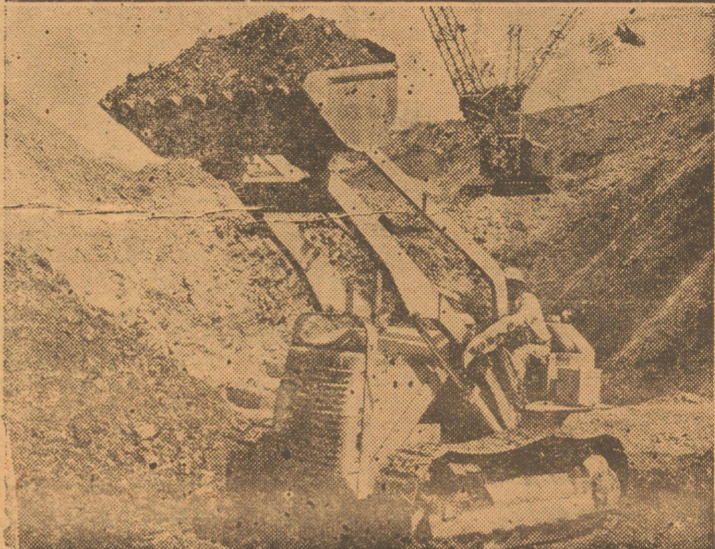

Beginning this week a series of pictures of new homes completed in Friona during the past few months will be run in the Star.

Both of the homes pictured this week were completed in August, 1954. The home in the top picture is that of Mr. and Mrs. Orville Houser, owners of the Cashway Grocery. It has two bedrooms, one bath, living and dining room and large utility room. The outside finish is stucco, painted a light green.

The home of Mr. and Mrs. Joe Douglas (bottom picture) is three bedroom, two full baths, a den and has an attached storage space and car port at the rear of the house. The outside finish is light block. Mr. Douglas is in the Real Estate business.

NATIONAL VIEWS & NEWS

WARMTH for many American homes this winter is provided by coal such as being stockpiled (above) by HT Traxevator near McAdoo, Pa. (CNS PHOTO)

WARM climate and beach at Cypress Gardens, Fla., make an inviting setting for Barbara Laney (left). (UP PHOTO)

WARM hiding place for these two tiny Chihuahuas (below) is this leather handbag. Marco Polo at left weighs 2 1/2 lbs. and his pal Heidi tips scales at 1 1/2 lbs. (UP PHOTO)

Hospital Notes

- Admitted:
- Mrs. Steve Messenger — OB — Friona.
 - Mrs. Paul Spring — Surg. — Friona.
 - Mrs. L. C. Johnson — Surg. — Friona.
 - Mrs. Jerry Maynard — Ob — Friona.
 - Mrs. P. B. Griffith — Med. — Friona.
 - Mrs. Arthur Bolton — Med. — Friona.
 - Mr. Walt Freeman — Med. — Sunray.
 - Mr. J. D. Gray — Surg. — Mulshoe.
 - Mr. Everett Davis — Med. — Friona.
 - Sheryl Fern Moore — Med. — Friona.
 - Mrs. Myrtle Rule — Med. — Friona.
 - Mrs. J. C. Haney — Med. — Bovina.
 - Mrs. M. E. Ramsey — Surg. — Friona.
 - Dudley Bainum — Med. — Friona.
 - Mrs. R. J. Renner — OB — Friona.
 - Mr. Herschel Johnson — Med. — Friona.
 - Mr. G. H. Brock — Surg. — Friona.
 - Mrs. A. C. Boren — Med. — Paducah.
 - Mrs. D. G. Hand — Med. — Friona.

Dismissed:

Mrs. Willie Dailey, Carol Lynn Hammonds, Judy Elliott, Jay Beene, Mrs. Alton Morris, Mrs. P. B. Griffith, Mrs. Thelma Jones, Mrs. Merle Shirley, Mr. J. D. Gray, Sheryl Fern Moore, Mrs. Steve Messenger and baby boy, Mrs. Arthur Bolton, Mr. D. J. Clifton, Mrs. Jerry Maynard and baby boy.

Mr. and Mrs. Hubert Singleterry and family drove to Crosbyton Sunday to spend the day in the home of Mr. and Mrs. J. E. Messenger.

Darrell Ray Franklin has received his discharge from the Army and arrived in Friona on Thursday. Darrell Ray has been on duty in Korea. He visited Sunday in the home of Mr. and Mrs. Jinnie Tedford and family and is staying with his parents, Mr. and Mrs. H. B. Franklin who has recently moved back to Friona from Mulshoe.

FRIONA ITEMS FROM THE SCHOOLS

Dear Uncle Bert,

The Band Banquet Saturday night, was a great success. Approximately 145 people attended. The speaker for the evening was Mr. Graham, Superintendent of the Hereford schools. He brought a very interesting speech on "Wheels." However, it seems that some people in our town went a little beyond their rights when they let the air out of tires on about six cars during the banquet. I wonder what the out-of-town speaker thought when he discovered one of his tires low. I wonder what kind of an impression the out-of-town visitors got of Friona when they saw what had happened. I'm sure a thing like this won't happen again, just because a small group of people didn't think before they acted.

Mrs. J. T. Gee reported to the high school Monday on "The Power of Positive Thinking." Many of the high school students attended and it was thoroughly enjoyed by all.

The Negro Minstrel, sponsored by the Lion's Club will be Tuesday night in the auditorium. The admission price is 25c, 50c, and \$1.00. The Senior Class is selling tickets for this program.

The Student Faculty Congress will present an assembly Thursday. This program will be for the benefit of all the high school students and it promises to be real exciting.

There will be a style show Thursday evening sponsored by the Joint Clubs of Friona. Many high school girls are going to be models.

The W.M.U. of the Baptist Church is honoring the Juniors and Seniors with a banquet Friday

night, April 1, 1955. This is to be a Spring banquet with everyone wearing their Easter clothes. The women want to add that this is not an April Fool's joke.

The Literary events of the Interscholastic League events will be in Vega, Friday. Several students from Friona will be entered in the different divisions that day.

The contests for the solo and ensemble entries from this district will be held in Canyon, Saturday. There are quite a number of students that will attend from Friona.

Tuesday night, April 5, the Junior Class is sponsoring The Green Valley Boys in a program at the high school auditorium. The price for this is 25c, 50c and \$1.00. Uncle Jay (Johnny Lynn) from KGN in Amarillo will also be present.

There will be a Southern School Assembly, April 6. However, the details about this program are not available now.

I'll write again next week.

Love,
Big Minnie.

PACK MEETING FRIDAY NIGHT

The Cub Scout Pack meeting which was postponed last Friday night due to the weather, will be held this Friday night, according to the Scoutmaster Fred Barker.

All Cubs and parents are asked to attend the meeting which will be held in the old gymnasium of the school at 8:00 o'clock.

Theme for the month has been "Knights of Yore" and the program will be based on this, with stunts by the Dens.

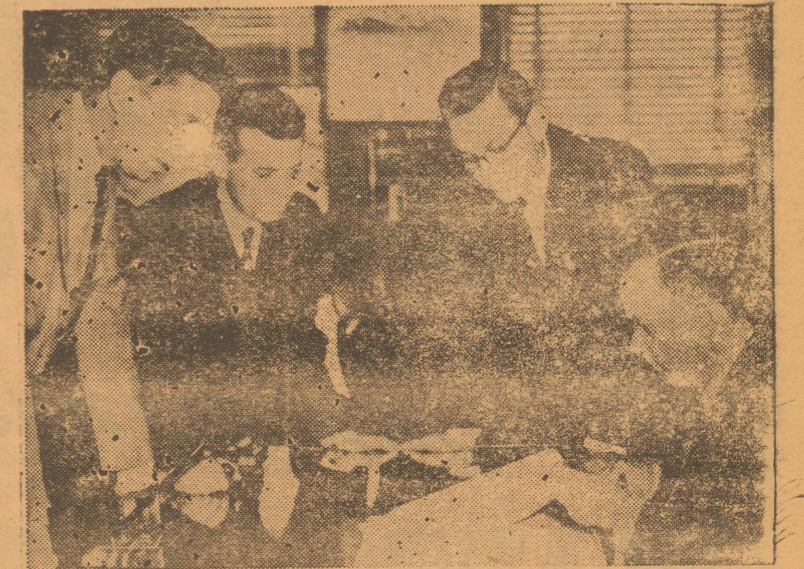

STORK FEATHERS

Mr. and Mrs. Jerry Maynard are the parents of a boy born March 23. He weighed 7 pounds, 6 ounces and they have named him Barry Brian.

Mr. and Mrs. Steve Messenger have named their 6-pound boy Michael Brent. He was born March 24.

A 7-pound, 14-ounce boy was born to Mr. and Mrs. Antone Galvon, March 28. They named him Daniel.

Mr. and Mrs. Rudolph Renner, Jr., are the parents of a daughter born March 30. She weighed 6 pounds, 7 ounces.

Attorney General John Ben Shepperd, seated right, briefs his three top assistants in the veterans land investigation. Standing left to right are Cecil E. Burney of Corpus Christi, chief of the veterans land division; T. Kellis Dibrell of San Antonio, chief of the veterans land civil section; and Bill Alcorn of Brownwood, chief of the criminal section of the new division of the Attorney General's office.

Home-made scatter rugs in any color, size or shape from washable, undyed carpeting is latest do-it-yourself idea. To create checkerboard rug, this woman uses washing-machine to dye 12-inch squares of nylon-viscose carpeting.

With all-fabric dye-colors chosen for contrast, the machine dyes half the squares one color, then the balance in the other

After tinting, she lays dried squares on reverse side, presses hot-iron tape strips onto dividing lines. Turned over, her new rug is suited to her own decorating scheme.

All-fabric dyes in 50 colors allow for any combination of hues according to list: Home Economics Bureau, 485 Fifth Ave., New York, N.Y., which will send free printed instructions upon request.

Home Lawn Hints

COLLEGE STATION. — Home lawns receive an added "punch" if treated in the spring with a complete fertilizer.

Use a fertilizer of a 2-1-1 or 1-1-1 ratio at rates to supply two pounds of actual nitrogen for each 1,000 square feet of lawn area, advises E. M. Trew, extension pasture specialist. That's the amount of nitrogen in 20 pounds of 10-20-10 or 40 pounds of 5-10-5.

Another pound of nitrogen applied at 30 to 40 day intervals will keep lawns green throughout the summer, says Trew. Supply water as needed.

Water only when the yard shows definite need. Soak the soil to a depth of at least six inches when the grass takes on a sheen or wilt.

Light frequent sprinklings produce shallow roots and encourage weeds. Shallow roots also are unable to utilize available moisture and plant food.

Improper mowing is responsible for the deterioration of many lawns, says the specialist, who advises against clipping more than one-half inch of growth at any single mowing. Keep the grass at a height of one and one-half to two inches, depending upon the turf thickness. Close mowing will thin the turf, lowering its resistance to drought.

Finally, Trew says a sharp, well-adjusted mower that clips off, not crushes off, the tips will give lawns a final "well-groomed" look.

Mr. and Mrs. Lee Campbell went to Canyon on Sunday to visit with his parents, Mr. and Mrs. H. P. Campbell and then went on to Tullia to visit with their grandparents, Mr. and Mrs. A. P. Davis.

Mr. and Mrs. L. C. Burgess and Melvin of Hereford, and Mr. and Mrs. Clint Lundy also of Hereford were Sunday dinner guests in the home of Mr. and Mrs. J. R. Coker. Mr. and Mrs. Floyd Coker and family and Mr. and Mrs. Bob Coker and family called in the afternoon.

Mr. and Mrs. C. L. Bracken visited with his sister, Mrs. Zilpha Zimmers, Saturday afternoon in Muleshoe.

Sunday afternoon callers in the home of the Clyde Sherriebs were Mr. and Mrs. Ray White and family.

PERSONALS

Visitors in the home of their parents, Mr. and Mrs. J. L. Taylor, this past week were Mr. and Mrs. Ralph Stork, Mrs. Garcey Harper, and Mrs. Cecil Coker and families of Tucumcari, and Mr. and Mrs. J. D. Burkett and family of Hereford.

Mr. and Mrs. Harven Hudnall, formerly of Lazbuddie and now living in House, New Mexico, entertained their parents, Mr. and Mrs. Delbert Hudnall of Lazbuddie and Mr. and Mrs. George Toteet and family of Dimmitt, in their home on Sunday.

Jack and Mary Mosley of Amarillo spent the week-end in the home of Jack's parents Mr. and Mrs. David Mosley.

Mrs. Calvin Brock from Clovis is visiting in the home of Mr. and Mrs. Jack Hand.

Sunday dinner guests in the home of Olio Whitefield were Mr. and Mrs. Orville Whitefield, Mr. and Mrs. M. B. Buchanan, Mr. and Mrs. Bill Buchanan and boys, and Mr. and Mrs. George A. Jones and boys.

Mr. and Mrs. N. C. White spent Saturday night and Sunday in the home of their son, Harold and Opal White of Happy.

Mr. and Mrs. Carl Shirley of Campbell, California, ate supper in the home of John Hand on Monday night.

Mr. and Mrs. Newman Jarrell returned home the first part of the week after spending the week-end in the home of their daughter in El Paso.

Mrs. Abbie Vaughn from Borger was a week-end visitor in the home of her brother, Volley Hodges, and family.

Mr. and Mrs. Fred Ussery and daughter of Earth were Sunday dinner guests in the Charles Mercer home.

Mr. and Mrs. Woodrow Loveless and Diana, and Mr. and Mrs. M. A. Snyder, Kim and John, all of Farwell, and Mr. and Mrs. J. D. Mayfield were Sunday dinner guests in the home of Mr. and Mrs. Keith Blackburn.

FORE!

"Fore!" yelled Glen Glibb as he sized up the fairway in front of him. "Better wait," cautioned another member of his foursome. "Those people aren't out of range yet."

"Well, they're too slow," growled Glen. "I'll just chack one over their heads—that'll speed 'em up a little."

There was a resounding crack as Glen drove, and the golf ball shot out low and hard along the right side of the fairway. As the players watched, admiring the fine shot, the ball began to curve to the left, hooking toward the two men and two women in the fairway. "Fore," Glen yelled frantically, and one of the women moved desperately to one side, ducking her head. The ball struck her on the arm.

Warning Necessary

In all of his conduct which might result in harm to another player, or to a caddy, the golfer must exercise reasonable and ordinary care, according to the circumstances. It is well known that driven balls do not always travel in the straight course intended, but the player must reasonably foresee the likelihood of injury to others from his driven ball, and use the care necessary to prevent such injury.

One duty of a golfer is to give timely warning of an intended drive if the other player is not aware of such intention, but in some cases a mere warning is not enough. The golfer is not necessarily an insurer of the safety of others with reference to the ball he drives, nor is he guilty of negligence merely because the ball deflects from its intended course, but he must have in mind the possibilities of dangers to others.

Ordinary Care Needed

In the case above, Glen was at fault. The players were obviously in a danger zone, and the mere

shouted warning was not sufficient to protect them, especially since their backs were to Glen, and they were proceeding ahead of him, in a place where, under the rules of the game, they had a right to be.

On the golf course, remember, use just ordinary reasonable care to see that other players are protected. Be sure they know when you are going to drive, if they are in a danger zone, and don't deliberately drive into the people ahead of you.

Ladino Clover Rates High as Hog Pasture

Seeing is believing for these farmers, who might have been skeptical about the value of Ladino clover pasture for hogs.

Ladino clover ranks high as a hog pasture, according to Litton & Lewis of Virginia. Tests showed Ladino was superior to lespedeza, crimson clover or ryegrass pasture when grazed with pigs from early April until late August.

The first year the Ladino was seeded in February and grazing started in April. The pigs were farrowed in the spring and as soon as they were weaned were started on the tests. Pigs were full-fed grain on each of these pastures in self-feeders, and comparable lots were hand-fed grain in limited amounts on each of these types of pastures. Additional check groups dry-lot fed were also fed.

Pigs stayed on the pasture until they reached market weights, or until corn was ready for hogging down in the fall. The largest gains of all were made by the full-fed dry-lot pigs, 1.08 pounds per day. But it took 344 pounds of feed to make 100 pounds of gain in the dry lot. This was 73 pounds more than the Ladino lots required. The pigs on Ladino, where protein supplement was used, made .78 of a pound per day.

In the full-fed Ladino lots, 271 pounds of grain with no protein supplement at all made 100 pounds of pork. This was the most economical lot in the whole test. It took 306 pounds of grain where protein supplement was added to achieve the same re-

sult. It is certainly quite evident that the Ladino furnished sufficient protein for the growing-fattening pigs so that no additional protein supplement in the ration seemed to be needed.

The greatest value from Ladino pasture came in terms of grain replacement when the amount of feed the pigs got was limited. A total of 1880 pounds of feed were saved by an acre of Ladino pasture on the limited feeding schedule. Where pigs were full-fed, 1687 pounds of feed were saved by an acre of Ladino. With the usual prices of feeds, this means that an acre of Ladino can be worth around \$100 in the hog producing program every year.

A few noticeable things in the grazing of the pigs were that they were always anxious to graze the Ladino and did so with relish, showing that it was palatable. The fact that an acre of Ladino can mean so much to swine farms is an important factor in economical pork production.

It is the first grazing crop introduced into the hog section of Virginia that would justify taking an acre out of cultivation to grow. The Ladino should be seeded as a pure stand of Ladino rather than with grass mixtures because the pigs do not relish the grasses as much as the Ladino and consequently will not keep them grazed properly.

Mrs. Millie Neeley of Cordell, Oklahoma, spent some time this past week in the home of her father, T. H. Haney.

Juanita Roden of Clovis called on Gladys Day, Tuesday afternoon, and spent some time visiting with her.

Mr. and Mrs. W. E. Smith of Amarillo spent Saturday in the home of their daughter and family, Mr. and Mrs. Allen Stewart.

Mr. and Mrs. Nolan Fronier and family of Dimmitt were guests in the home of Mr. and Mrs. Wesley Foster, Sunday.

Planned Crop Program Helps Cope with Drouth

Alfalfa is adapted to most of the United States and will produce well both in extended dry spells, or periods of ample moisture.

Since heat and drought, especially in the southeastern and southern States, have been classified as national emergencies, it behooves the farmer to plan his crops and rotations ahead in such a way as to care for droughts, as best he can, when they come.

Obviously his cropping system should not be entirely geared to drought emergencies, for periods of heavy rainfall also need to be considered. He can, however, learn lessons from recent droughts and try to plant a large percentage of his acreage to those crops and plan his rotations to meet the various conditions that may arise.

From much weather history it appears likely that the farmers of certain States will face varying periods of moisture shortages every year. Research and observations have made it possible to offer certain suggestions that if followed should be helpful in lessening the effects of prolonged dry-weather conditions.

Sudagrass has been a most dependable grazing crop in severe summer droughts. Lespedeza sericea where adapted has given fair grazing continuously from June until October. Small grain—wheat, oats and especially grain sorghums usually have outyielded

corn under dry conditions. Such results emphasize the importance of having crops in addition to corn to help provide for grain needs if corn yields suffer. Deep-rooted crops — alfalfa and lespedeza, sericea where adapted — have been of great value in supplying feed for livestock during dry spells. Crimson clover-ryegrass planted at the right time on well-prepared land is a good combination for winter-grazing.

Dallisgrass and Bermudagrass have been found to be two of the best grasses for use in permanent pastures. They have survived on fertile soils during periods of very serious droughts. Clovers that normally serve as perennials have been destroyed by prolonged dry periods, but stands were quickly re-established from natural reseeding. Johnsongrass also is relied upon heavily for emergency grazing and hay production.

Stocking of pastures at the anticipated low production of grazing and then harvesting the surplus growth in peak periods as hay for use in such emergencies as drought are suggested.

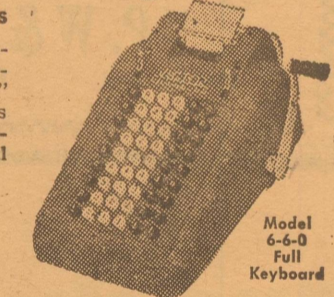

Seasonal temporary grazing can be provided under most conditions. Time of planting is extremely important for success with most of these crops.

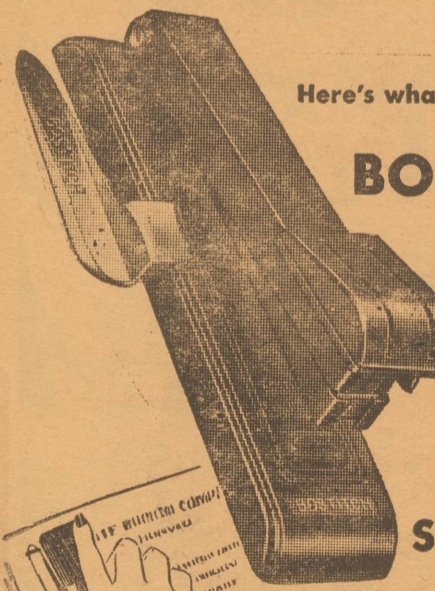

DOLL HOUSE WITH HISTORY — Gift from wife of a Cornell alumnus to Cornell University, Ithaca, N. Y., is 90-year-old doll house, copy of real house that once stood in Philadelphia. It was made in 1866 by the late Henry Myers as Christmas present for his daughter. Looking it over are (left to right): Jean Uhl, and Tommy and Fern Large, children of Cornell professors.
