WONDERLAND EXPRESS — "Engine" Walt Disney prepares to make initial run in undersize train around his Disneyland wonderland at Anaheim, Calif. The train, five-eighths the size of a real one, will carry 300 passengers through multi-million dollar amusement park containing fabulous exhibits from world of old West, fantasy and nature. Disneyland is scheduled for opening in mid-July.

STRAW HAT CIRCUIT — Pert Charlene Chase, the Eve in this Garden of Eden, figures you can have too much of a good thing — even the Florida sunshine. There were no fig leaves handy, so Charlene's glad she brought along straw hat.

GAWKING AT GODIVA — A latter day Lady Godiva rides through streets of London. Fifteen-year-old schoolgirl-model Patricia Pedrick is more respectably attired than was the original Lady Godiva, who, according to tradition, rode through Coventry in the nude in 1040. The legend says only one person watched her daring ride and he was supposedly struck blind.

NOT THAT WAY, BROTHER! — No matter which way one-year-old Tommy Warrick heads when he makes a break for it, two-month-old "Spike" is right there to stop the nonsense with a good tooth-hold at Columbia Missouri.

PRIZE CATCH — Why a photographer would want to cover pretty Roberta Browne's charms with a fish net is a mystery. Roberta was "caught" while sunning herself at a Redwood Empire resort near San Francisco.

GUARDING MAIL — A double guard, consisting of a cocker spaniel and a boxer, watches over mail box on Connecticut Avenue in nation's capital. Actually, dogs were just tied there while master went shopping.

AUSTIN. — Second-round polo shots for Texas first and second graders were to begin this week.

Enough Salk vaccine for 299,700 inoculations arrived in Austin last Wednesday and was put in the State Health Department's refrigerated vaults. Local officials began arriving at once to pick up their portions.

Only those who stated they were prepared to use the vaccine were given allotments, said Dr. Henry Holle, head of the department.

Eli Lilly Company of Indianapolis, the same company which supplied the shots given Texas school children in April, sent the shipment. Preparation was reportedly under the rigid new safety standards which went into effect May 26.

Half a million Texas school children received first shots last spring. Summer vacation absences are expected to cut the figure on the second round.

Polio cases over the state had risen to 618, the Health Department reported last Thursday.

Bank Deposits Held Taxable

Taxation of bank deposits and cash has apparently been forced on state and local taxing agencies by a Texas Supreme Court decision.

In a Harrison County case, the high court ruled that money in bank accounts, cash registers, personal safes or safe-deposit boxes must be assessed right along with other property to avoid discriminatory taxation.

Two lower courts were overruled by the decision. New trial was ordered for the defendants to grant them the lower taxes they sought on their property because taxing agencies had failed to assess the \$10,000,000 on deposit in Harrison county banks.

Presumably the same complaint would be good elsewhere in the state where bank deposits are not being assessed for property taxes.

Giles Trial Drags On

Testimony in the Bascom Giles theft trial dragged so monotonously at one point last week it became necessary for the judge to caution jurors against dozing.

In its third week, the trial appeared headed for a fourth unless the defense should cut short presentation of its side of the case.

Only one indictment is involved. It charges Giles with theft and abetting theft of \$6,800 in a Kinney County land deal under the veterans land program. Testimony has nevertheless touched on many other aspects of the program and its transactions.

One witness testified he heard Giles was to get a \$75,000 out in the \$358,000 Kinney County deal.

Another testified he heard Giles say in a telephone conversation he would take \$15,000 as his share in a transaction in Dimmit County.

Giles originated the \$100,000,000 program and until January 1 administered it as chairman of a three-member board that included the governor and the attorney general.

Names of the other two officials

have come in for frequent mention in examination of witnesses, particularly in cross examination by the defense.

At one point, defense counsel charged a witness had made a deal with the attorney general to smear Giles. The witness denied it.

Shivers Shuns Conservatives

Gov. Allan Shivers declined to participate in a meeting of conservative Democrats last week in Dallas.

Vacationing in Woodville, Shivers released through his Austin office the text of a telegram to Fort Worth Attorney Hamilton Rogers, chairman of the gathering.

Declaring himself opposed to "splinter political parties," Shivers asked the group to work with him to strengthen the Democratic party.

Rogers denied any splinter party plans. He also denied the meeting had anything to do with recent criticism of the governor for his moves toward replacing Wright Morrow of Houston, Democratic national committeeman, with someone acceptable to national party leaders.

Purpose of the Dallas meeting, said its leaders, was to "solidify conservative thinking." One result was a sweeping denunciation of desegregation plans for the University of Texas and El Paso public schools.

Parr Tax Trial Postponed

Date of the Austin trial of George Parr on an income tax evasion charge was changed last week from July 16 to September 6.

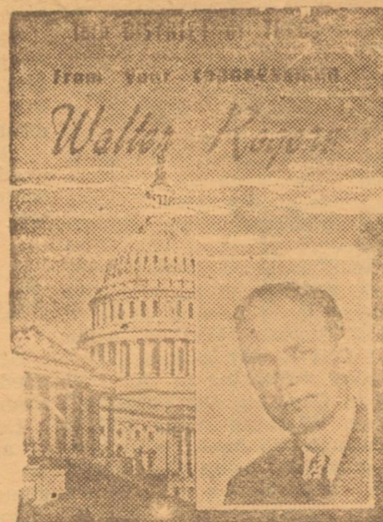

Postponement was because one of Parr's attorneys was busy with another case.

Parr had petitioned the Fifth Circuit Court of Appeals at New Orleans for a dismissal, contending the trial should be held in Laredo instead of Austin. The appeal was denied.

Johnson Hearing Delayed

Hearing on an application to take additional water from the Pedernales river to irrigate U. S. Sen. Lyndon B. Johnson's farm has been postponed. August 8 is the new date set by the State Board of

Washington Views:

MR. DIXON ISN'T DOING SO BAD

The cancellation of the Dixon-Yates contract by the Federal Government was no doubt a pretty stiff blow to the Dixon-Yates combine. One of the clouds had a silver lining for Mr. Dixon. There is a founding home in Washington that was raffling off an automobile. Chances were being sold for one dollar each. Several Members of Congress who have adopted children from this home were helping to sell these chances. Someone sold a chance to Mr. Dixon, who was no doubt in town trying to defend his contract. On the day of gloom when the contract was cancelled, the drawing at the founding home was held and the winner of the Mercury automobile turned out to be Mr. Dixon. One fellow told me that they had hoped Mr. Dixon would turn the car back to them so that they could raffie it off again. However, this was not the case according to this spokesman. Mr. Dixon traded his new Mercury in on a plush Lincoln, according to reports. We are glad that Mr. Dixon won the car, and certainly think he is entitled to keep it or trade it, as he might desire.

ANOTHER STORY OUT OF DIXON-YATES CONTROVERSY

The story is that the telephone in the office of Congressman Yates, of Illinois, rang and was answered by his secretary who said, "Mr.

Water Engineers

Twenty-four downstream ranchers protested the application when it came up last week. They said water already being diverted to the Johnson land deprives them of stock water and leaves so little natural flow that fish are dying and polluting the stream.

Martin Harris, attorney, asked for the later hearing. He said Johnson's wife desired to be heard personally if there were objections. She is now in Washington where the senator is recuperating from a heart attack.

Yates office." There was a pause for a moment, and then the voice at the other end of the line, said, "I'm sorry, I was trying to get hold of Congressman Dixon."

THE GAS BILL

The proposal to free producers and gatherers of natural gas from federal control, continues as one of the hot issues on the Hill. Although the bill does not solve the problem in the same manner as I would have preferred, it nevertheless has my wholehearted and unqualified support. The bill frees the independent producer and gatherer from federal control. This is what I wanted to see done. Other provisions of the bill provide a somewhat indirect federal control that is intended to protect the consumer. I certainly do not object to the consumer being fully protected and therefore do not oppose these additional provisions. My personal feeling is that the best protection the consumer can have is the non-regulation of the producer and gatherer. This is undoubtedly true for the following reasons: There are three stages in the gas business. Number one is production and gathering, which has not been federally regulated. Number two is the interstate transmission, which is and has been under federal regulation. Number three is the distribution of gas to the consumer, which is and always has been regulated by a local government regulatory body. Take Washington, D. C., for instance. The consumer pays an average price of \$1.37 per cubic foot. Out of this amount the Washington, D. C., distributor gets 96 cents; the interstate pipeline company gets 29c, and the producer gets 12 cents. The point is that the two segments of the industry who get the big chunk out of the consumer's dollar are regulated by government agencies and always have been. The one segment that has not been regulated up to date (the producer) gets the disproportionate small amount.

CIVILIZATION TOO MUCH FOR WILD ANIMAL

Recently an ocelot (wildcat weighing about 30 pounds) escaped from a Washington pet shop, killed two dogs, and disappeared in the tall timber of the Naval Observatory grounds. Everyone joined in the hunt, but no results. One fellow brought in his hounds, who picked up a scent, and charged off through the woods at full bay. The scent turned out to be that of an over-ripe halibut instead of the ocelot. Nothing further has been heard from the hunter nor the hounds. After several days' searching with no results, the ocelot meekly surrendered, weighing less than half its former weight and with one broken leg. He has been properly hospitalized and is no doubt now reconciled to civilization.

Safety in Home Was Club Subject

The Friona Home Demonstration Club met Wednesday in the home of Mrs. Mary Bandy for their regular meeting.

Mrs. Judy Cummings presided, and roll call was answered with "A Trip I Would Like to Take." Mrs. Anna Daughy gave a county council report. It was decided for the club to have a picnic for members and their families in August. The program for the afternoon was "Safety in the Home," given by three 4-H Club girls: Adabeth Akins, Lavona Houlloutte, and Patricia Barker. Several games were played, with safety being the basic theme.

Miss Corinne Stinsn, home demonstration agent met with the club. Refreshments of frosted drinks and cookies were served to Mesdames Judy Cummings, Phyllis Sanders, Inez Sherley, Blanche Woody, Anna Daughy, Joyce Wilkins, Marlene Drake, the hostess, Mrs. Mary Bandy, and four guests: Adabeth Akins, Patricia Barker, Lavona Houlloutte, and Mrs. U. S. Akins.

FAMILY PICNIC

Friona residents were present for a family picnic held at the Hereford Park, Sunday. Sunday afternoon the group enjoyed swimming. Those present included Mr. and Mrs. Earl Drake and family, Mr. and Mrs. Arthur Drake and family, Mr. and Mrs. A. O. Drake, Treva Reese of Canyon, Virgil Howard of Abernathy and Bud Minor of Hereford.

GIRL SCOUT TRIP

Troop 4 of the Girl Scouts left Wednesday morning for Tres Ritos to spend a few days. Fourteen girls and three adults journeyed by truck to the mountains where they enjoyed a few days of camping, hiking and swimming.

Those making the trip were Pat Cranfill, Margaret Mabry, Janie Parker, Jo Linda Stokes, Barbara Eden, Francis McGlothlin, Peggy Widner, Sally Hough, Stella Scales, Freida Jackson, La Nell Prichard, Linda O'Brian, Karen O'Brian, Mr. and Mrs. Russell O'Brian and Mrs. Dorothy Hough.

J. D. Robards and his sister, Mrs. Jessie Garner of Sulphur Springs, spent three weeks visiting in the home of Mr. and Mrs. Dennis Robards. They returned home last week.

Farewell Party Given Sgt. and Mrs. Biggers

Master Sgt. and Mrs. H. C. Biggers and family of Fort Worth were guests of honor Sunday at a farewell party in the A. W. Anthony, Jr., home.

The Biggers family is moving to Limestone, Me., where he will be stationed at Loring Air Force Base. Those present at the Anthony home for Sunday dinner were Mr. and Mrs. A. W. Anthony and Pat, Mr. and Mrs. Jean Anthony and Darrell, Mr. and Mrs. Estes Bass and family and Mr. and Mrs. A. W. Anthony, Jr., Larry and Dennis.

PEP CLUB COUNCIL MEETS

The Pep Club Council met Saturday in the home of President Pat Anthony. Plans were made for the coming year. A Pep Club was planned for August 4 to complete plans for next year.

President Pat Anthony, Vice-President Doris McFarland, and Secretary-Treasurer Barbara Deaton were present.

Bridal Shower for Mrs. Ralph Reed Given Monday in Baptist Building

A group of hostesses complimented Mrs. Ralph Reed, nee Mary Skeen, with a miscellaneous bridal shower, given Monday in the Baptist Educational building. The hostesses were Mesdames George Brock, Claude Miller, Leonard Haws, L. R. Dilger, Douglas Connelly, Bonnie Wilson, and Wesley Hardesty.

Mrs. Claude Miller registered the guests, and Miss Sandra Brock and Miss Luan Hardesty played the piano. Readings were given by Miss Joyce Young and Miss Robbie

BUSKE REUNION HELD

Approximately forty-one persons were present for a family reunion in the home of Mrs. Florence Buske, Sunday.

Shower Series Given Miss Gay McFarland

Highlighting the social activities of last week was a series of bridal showers, honoring Miss Gay McFarland, bride-elect of Ben Wayne Jordan.

Mrs. Frank Spring presided over the guests as they arrived, and the honoree, her mother, Mrs. J. G. McFarland, and Mrs. V. R. Jordan were in the receiving line. Piano selections were played throughout the afternoon by Misses Sally Osborn, Deniese Magness, Deann

Buske, Vera Ann Jones, and Nancy Outland. Miss Doris McFarland and Mrs. H. H. Horton, Jr., registered the guests.

The serving table, covered with a white linen cloth, held a unique centerpiece that followed the love bird motif used at the announcement tea. The tiny blue love birds were perched in a tree of white driftwood, busily building a home. A base of pink stock, gladioli, and white lilies carried out the pink and white color scheme, chosen by the bride-to-be. Punch, finger sandwiches, pink and white mints, and nuts were served by the hostesses.

Members of the house party wore corsages of pink gladioli or carnations, and a corsage of white was presented to the honoree. Gifts were displayed, and floral pieces were cleverly arranged throughout the home. A coffee table arrangement of pink gladioli in a silver bowl, enhanced with two small cupids, completed the home's decor.

Those registering in the guest book were Mesdames G. B. Buske, Gene Walton, Calvin Talley, Mack Bainum, Danny Bainum, H. H. Horton, Jimmy Tedford, Newman Jarrell, Jr., Hoyt Smith, Lewis Smith, J. H. Boyle, H. L. Outland, Bud Crump, Bill Buchanan, John Benger, Ralph Roden, Ernest Osborn, W. H. Ford, Joe B. Douglas, Bud Reed, F. L. Reed, W. L. Edelman, J. C. Misses Carol Blackburn, Phila May Buske, Lila Gay Buske, Linda Gee, Carolyn Crump, Deann Buske, Jan Edelman, Vera Jones, Sally Osborn, Doris McFarland.

Out-of-town guests were Mrs. Terrill Christian and Carolyn of Claude; Mrs. John McFarland, Farwell, and Miss Lora Mae McFarland, Clovis, N. M.

Kitchen Shower
Mrs. Sloan Osborn entertained in her home Friday, with a kitchen shower for the future bride. Mrs. Claude Osborn was co-hostess.

Miss Doris Jane McFarland was seated at the registering table. The afternoon's entertainment was furnished by games of canasta.

Stock and asters were arranged as a lovely centerpiece, with their delicate colors of pink and white carrying out the chosen colors. Favors were miniature measuring cups, filled with daisies and baby's breath.

Salad and iced tea were served to Mesdames Roy Clements, H. H. Horton Jr., V. R. Jordan, J. G. McFarland, the hostesses; Misses Sally Osborn, Lora Mae McFarland, Carolyn Christian, Deann Buske, Carol Blackburn, Nelda May, Deniese Magness, Bennie Grubbs, Doris Jane McFarland, and the honoree.

Mr. and Mrs. G. H. Brock and Sandra journeyed to Big Spring, Texas, last Saturday.

Mrs. Sam Albright and Larissa of Hereford visited last week in the Calvin Talley home.

Mr. and Mrs. Calvin Talley spent last Sunday visiting in the Charlie Tyler home at Circleback.

Cub Scouts Had Overnight Camp

About 40 Cub Scouts and their fathers left Saturday for a camp-out at Camp Dan Harrington, near Amarillo. They were accompanied by Cubmaster Fred Barker, and several of the Explorer Boy Scouts. The group went swimming Saturday evening, then built a bonfire and had a wicker roast. Sunday morning the dads prepared breakfast in the mess hall. Following breakfast the group attended church services, conducted by Paul Fortenberry. Later, a mid-morning swim was enjoyed by the Cubs, their fathers and mothers, most of whom arrived at the camp in time for a swim before lunch. Lunch was prepared and served buffet style in the mess hall, by the mothers and den mothers. After an afternoon of hiking, horse-shoe pitching and visiting, the group returned to Friona Sunday evening.

SUNBEAM NEWS:

BONNIE SUNBEAMS

Bonny Baptist Sunbeams JoNell Wood, Kathryn Evans, Leonard Whitten, Marcus Connelly, John Grant Mars, Dean Evans, Howard Rhodes, Helen and Jack Stowers, Patsy Hough, Linda Williams, Larry Stevick, Roscoe Parr, Betty Fields and Mrs. Ralph Miller met for Mission study Tuesday afternoon at the church.

The leader told the stories of "The Eudaly Family," publishers of Christian literature in Spanish, and "The Discontented Tree."

The president, Betty Fields, called the roll and each one responded with a Bible verse. Song Leader Johnny Mars, led the group singing. JoNell Wood had charge of the games.

After prayers by each Sunbeam, Mrs. C. W. Dixon served refreshments to the group.

GOLDEN LIGHT SUNBEAMS

The Golden Light Sunbeams of the Baptist Church met Tuesday afternoon for a stewardship program.

Additional work was done on the attendance puppets, and the stewardship story of "Betty Lu's Love Gift" was told by Mrs. J. R. Coker. Sentence prayers were given by the children.

After a sing-song, the group was served refreshments by the WMU. Attending the meeting were Becky Turner, Eddie Wood, Tommy Mars, Shirley White, Joyce Williams, Ronnie Williams, Jerry Wade, Philip Coker, Linda Evans, Mary and Kathleen Sheehan; a visitor, Bobby; and sponsors, Mrs. Ruth Williams and Mrs. Jeanne Coker.

Mr. and Mrs. L. D. Robards and son of Grand Prairie, and P. G. Robards and son of Dallas visited recently in the Dennis Robards home.

ROTC Members Attending 6-Weeks Summer Camp at 3 Texas Army Posts

Representing colleges and universities throughout the United States, 1,728 Reserve Officer Training Corps members are attending six-week summer training camps at three Army installations in Texas.

Host installations are Fort Bliss, Fort Hood and Fort Sam Houston, Texas.

The largest encampment from the standpoint of attendance is at Fort Hood, where 1,183 ROTC cadets from colleges and universities in the five-state Fourth Army area are receiving instruction in General Military Science. The encampment is the first of its kind ever held in the area. Last year Fourth Army area General Military Science students encamped at Fort Benning, Ga.

At the Fort Hood encampment particular emphasis is being placed on leadership and the student's capability to function efficiently in small unit combat operations as may be required of any officer regardless of branch. Graduation exercises are scheduled for July 30.

The Anti-Aircraft Artillery encampment at Fort Bliss has drawn 337 cadets from 20 different colleges and universities throughout the United States. The corpsmen Skysweepers, on 40-mm self-propelled guns and also are performing small arms fire. Field exercises, training in map reading, chemical, bacteriological and radiological warfare and physical conditioning round out the summer training. Graduation exercises will be held August 4.

The Army Medical Service encampment is being held at Brooke Army Medical Center at Fort Sam Houston. Attending the encampment are 81 veterinary students, 90 pharmacy students and 37 students from allied medical fields, representing 21 colleges and universities throughout the United States. All phases of the Army medical program including field medical services are being taught, including tactics and logistics. The encampment will hold its graduation exercises August 5.

Maj. Gen. Samuel T. Williams, Fourth Army commander, estimates that 145 students who have already received their college degrees will be commissioned at the end of the camps. The remainder of the students, upon satisfactory completion of six-week camp, will return to their schools next fall for their fourth and final year of ROTC and will be commissioned upon receipt of their college degree. NEW—Top Torque AT ANY SPEED...

CASE "400"
 America's Finest Tractor in the 50 h.p. class...

from a slow, crawl to highway speed...

Load a Case "400" until it begins to slow down. You'll find it pulls harder and harder as it approaches "top torque" engine speed. Shift to the next lower gear... the engine returns to normal speed... and you move along as fast as before you shifted. With the eight overlapping forward speeds of the Powr-Range transmission there's always a gear to fit the job and make full use of engine power. Come in... see the Case "400" and arrange for us to put it through its paces on your own farm.

No wonder this Hardtop is the HIT OF THE YEAR!

IT'S 4-DOOR HANDY —and priced for action!

This one you'll just have to see. It's a beauty. It's a brand-new kind of car. It's a Buick Riviera with four doors. And to top it all—it's a SPECIAL—the lowest-priced of all Buick Series.

Know what that means? It means you can have the newest hit in hardtops—the most advanced new body design yet—and you can have it in the price range of America's smaller cars.

It means you can have a steel-roofed car with the long, low, sweeping sportiness of a convertible—with no center posts in the side window areas—and with two separate doors to the rear.

And you can have all this hardtop beauty with sedan comfort and convenience at the easy-to-take modest extra cost of a 4-door model over a 2-door model.

But if you think that's all—listen: This gleaming grace of automobile is a Buick through and through—a '55 Buick, from the hottest-selling line of Buicks in all history.

So here you have the soft, firm steadiness of Buick's all-coil-spring ride and torque-tube stability. Here you have Buick brawn, Buick solidity, Buick handling ease, Buick styling and visibility and interior luxury.

And here you have the lift and life of vigorous new V8 power of record might—and coupled to the spectacular performance of Buick's Variable Pitch Dynaflo.*

Why wait a day longer—when you can come in right now and try the first true hardtop with the extra comfort, room and convenience of a full-sized 4-door sedan?

Drop in tomorrow, first thing—for a look at the price, and an idea of the whopping-big trade-in deal our huge sales volume permits us to make.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick

Do You Remember . . .

28 Years Ago —

A. J. Jesko was a winner of a baby contest in the six-month to two-year division. He received a silver baby spoon.

The one-way plow was coming into use in Farmer County, and it could break ground 2-3 inches deep.

Seventy-five per cent of the farmers of the Friona trade territory milked from 4 to 10 cows each

day, shipping or selling the cream locally. The cream checks played a very important part in the bank accounts or grocery bills of these farmers.

The working of fitting out the new drug store was progressing rapidly.

Lee Spring and Earl Drake were among the young guests attending a birthday party for a 9-year-old.

Friona Boy Scouts were working on their Tenderfoot badges. Those

taking part included Glenn Reeve and Arthur Drake.

This one we can't figure out: The Lazbuddie News was signed—"A Banana Peel."

Thelma Osborn gave a reading at the local Methodist Church.

West Texas State College offered work leading to Bachelor of Arts and Bachelor of Science degrees. The faculty consisted of 70 men and women, and the dormitories provided space for 200 women.

An article was carried in The Star entitled, "Punkin Hollow Happenings."

A bakery was established in Friona, the first to be opened in this town.

About \$90 was taken from the Santa Fe Grain office, owned by Carl Maurer.

Merchants of Amarillo banded together to make a fight against persons making a practice of writing checks on imaginary bank accounts.

The following article was carried in The Star, concerning weather: Weather is something that is distributed over the country by the weather bureau and approved by the President. It is furnished free by the government.

There are six kinds of weather, namely: Good weather, bad weather, cold, warm, frigid, and horrid weather. Wind is weather that gets in a hurry all over. Prevailing winds are the kind when women and girls have to wear veils when they blow. The kind of weather we have depends on whether we have a Republican or Democratic President.

TODAY'S meditation

The Upper Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Matthew 13:44-46.

Again, the kingdom of heaven is like unto a merchant man, seeking

goodly pearls: who, when he had found one pearl of great price, went and sold all that he had, and bought it. (Matthew, 13:45, 46.)

Any real jewel is expensive because jewels are rare. There are many imitations, some so good that they are sometimes mistaken for the real thing. Even the best imitation is still an imitation, and therefore cheap in comparison with a real stone.

As a young man, Jesus was shown all the kingdoms of this world but would not take them as His own possession on the basis offered. He knew them to be imitation stones. Instead, He chose the "pearl of great price," the kingdom not of this world.

In order to have "the pearl," He had to forsake all else; the devil's offer of power, the Jews' desire to crown Him king, His own life.

We, likewise, have to dispose of all those things which are, in God's sight, of little value in order to obtain the "pearl of great price"—the kingdom. We cannot possess the kingdom for less than the full price—love for God and love for our neighbors as ourselves.

Prayer

Eternal Father, help us to give up all else that we may obtain the pearl of great price whose value never decreases in time or in eternity. In Christ's name and for His sake we seek this pearl. Amen.

Quarter-mile lengths of welded steel rail curve around a foothill like wire cable

Not a "clickety-clack" in a carload

It's Santa Fe's new continuous welded rail...
Fewer joints mean a smoother ride for you

An occasional little click—that's all you'll hear of the old "clickety-clack" as you glide over stretches of new continuous welded rail on the Santa Fe.

And these stretches will be growing longer and more frequent on Santa Fe. For we're laying more all the time—103 miles of it this year.

In fact, we're using a new electric welding process (for the first time by an American railroad) to help bring Santa Fe's new smoother ride to more people, more goods.

But that's only part of the story.

Just as a railroad is no better than its track, track itself is no better than what's underneath it—the roadbed, the ties, the ballast. So we've been busy

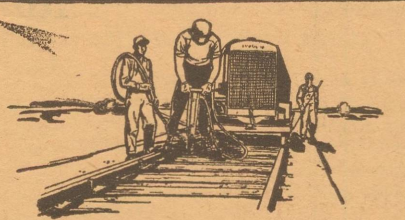

with new improvements here, too.

For instance, our own specially-devised ballast "dry cleaner." This unique machine cleans our ballast, keeps it more resilient so the track lies flat and even.

And today we're replacing old ties with longer and stronger new ones—specially treated to stay strong and sturdy for 30 years and more.

Day after day, something new is being done to make "America's New Railroad" even newer and better. Santa Fe is spending many millions of earned dollars every year for new roadway and new equipment. And not one penny comes from the taxes you pay.

SANTA FE SYSTEM LINES

What about expansion in these quarter-mile rails?

Near Newton, Kansas, where yearly temperatures vary from 20° below to 114° above, we laid a 6-mile experimental stretch of welded rail. Here we found that anchoring the rail to every other tie restricted expansion to the area between anchors. Thus, overall expansion was reduced to the merest fraction of an inch between rail ends. In other words, expansion is no problem whatsoever.

Favorable Growing Weather Is Also Conducive to Cotton Insect Spread

While weather conditions continued favorable for growth and fruiting of cotton, such conditions were also favorable for activity of most cotton insects. A considerable additional acreage of cotton reached the fruiting stage, which made plants more attractive to fleahoppers and bollworms. Aphids were reported in light infestations in some fields throughout the area. Heavy infestations were reported in a few fields in Hale County and in 12 fields in Lamb County.

Trips were found in light infestations in most fields, with heavy infestations reported in a few fields in Crosby and Lubbock counties. The heavier infestations were generally found with sufficiently heavy fleahopper populations to warrant control of both.
