

Property Improvement Funds Now Ready for First Loan Applicants

Financial Institutions Equipped to Take Action

Local financial institutions in Coryell County are fully prepared to receive home and other property owners desiring to apply for loans during the present modernizing campaign.

Joining with thousands of other such institutions over the country to provide funds in every community for carrying out the provisions of Title I of the National Housing Act, these local financial organizations will participate:

First National Bank, Gatesville National Bank, Guaranty Bank & Trust Co. It is likely that banks in Oglesby and Evant will also participate.

Local plans and organization work is under the direction of a committee headed by Ayres Compton which has aided in preparations for the actual opening of the modernizing campaign.

"Everything is in readiness, including an adequate supply of the necessary blank forms," the chairman said today as his committee's work passed from the preliminary planning stage to the permanent phase of turning property-owner interest into action. "Owners of residential and business property here seem to grasp fully the opportunities offered them in this program. Necessary investigation for credit will be speeded up as much as sound practice will permit."

Attention was called to the provision in the act which en-

titles owners of farms, commercial buildings, and industrial properties to participate in these loans, as well as home owners.

"The Government and our local financial institutions have placed a real opportunity on the doorstep of every property owner," Compton concluded, "and it will be up to the owner himself to see how far we go in getting worth-while results."

The program pertains only to the repairing and improving of buildings now in existence and does not include new building.

Gatesville's Game With Valley Mills Canceled Due to Player's Death

SORROW AT VALLEY MILLS

Valley Mills school authorities have announced that all football games scheduled for this year will be cancelled in honor of Edwin Thiele, captain of the 1934 football team, who died in a Waco hospital last week.

Coach J. C. Larkin has advised that his team is abandoned for the year and the school will forfeit games to any team wishing to claim them as such.

Gatesville was scheduled to play Valley Mills on November 23, at Valley Mills. Since it has been cancelled no other game has been scheduled for that date. It is likely that the date will be left open due to the cause of the cancelled game.

City Grants Approval Of Miss Fauntleroy's Work on Old Log Jail

COMMITTEE IS APPOINTED

Miss Jessie Fauntleroy, of Gatesville, appeared before the City Council Tuesday evening asking permission to appoint a committee to negotiate with the present owner of the old log county jail with a view of its purchase and to have it removed from its present location to a suitable site in the city park. The request was granted by the Council.

Miss Fauntleroy has now after several years of investigation and research the entire history of the old log jail which dates back many years. She can furnish this information and material to be placed inside the jail building, besides many relics interesting to the past generation as well as the present.

It is an assured fact that the people of the county as well as of Gatesville will render all possible aid.

The committee consists of F. W. Straw, Chairman; R. E. Powell, Sr., Jeff Bates, Frank L. Williams, Ayres Compton, John Reesing, R. M. Arnold, Jr., Fred Prewitt, Edgar Franks, Francis Johnson and Mesdames R. R. Anderson, Pat Potts, J. D. Brown, Pat Holt, M. W. Lowrey, Rufus Brown, Irvin McCreary, J. P. Kendrick, Q. A. Ellis, Otha Gilder, J. B. Graves, Pearl White, Byron Leaird, Walter Moore, H. R. Saunders, John Colgin, Louie Powell, Morton Scott, Dave Culberson, E. G. Beerwinkle and Misses Edith and Miriam Raby, Will Mat Claxton.

Mr. and Mrs. Elliott open their shop today and in the next few days will install some new equipment which has already been ordered. Mr. Elliott specializes in personality hair cutting and waving. Mrs. Elliott is an expert in the line of cosmetic art and makeup.

Miss Virginia Coomer, also of Fort Worth, will assist the Elliots.

LOANS ON SEED OATS HAVE BEEN REOPENED

Hornet Squad Leaves for Game With Lampasas Badgers Tonight

Reserve Linemen Will Get to See Service

Coach Maurice Ewing will carry his Hornets to Lampasas this afternoon where they will engage in their first road game of the season. The tilt will be a new experience for the Gatesville club since the game will be played at night.

The Lampasas Badgers boast of a strong team this year, having defeated the Lometa eleven last week, 7-0. Gatesville held the Badgers to a scoreless tie here last year and will do well to repeat again tonight.

The probable lineup will be: Hinesley, I. end; Bauman, I. tackle; Weaver, I. guard; Culberson, center; Chapman, r.

Work on First Play To Begin With Cast Selection Next Week

MEETING CALLED TUESDAY

A general meeting of the Little Theater has been called for Tuesday evening, October 9, at 7:45 o'clock by the director, C. E. Alvis. The meeting will be held in the district courtroom.

All persons interested in the Little Theater movement whether they have bought memberships or not are urged to attend.

The meeting will take the form of a discussion of plans for the forthcoming season. Try-outs will also be held for the first presentation, a one-act play entitled "Sparkin'" which will be staged on the night of the formal opening of the high school gym-auditorium. Another cast will also be chosen for the first workshop play to be presented soon afterwards.

The director has urged that all of the membership committee be present.

PAINFULLY BURNED FROM STOVE FLAME

Mrs. John Powell, Gatesville, was painfully burned about the face and arms late Wednesday afternoon at her home, 1102 East Leon Street, when the gas range over which she was working exploded.

Mrs. Powell was alone when the accident occurred. The victim called a local physician who rendered immediate medical attention.

Late reports are that Mrs. Powell is resting well. The burn was not serious although very painful.

SINGING CONVENTION TO BE HELD SUNDAY

The Bell-Coryell county line Singing Convention will be held with the Brookhaven choir Sunday, October 7. All county singers are especially invited to attend.

McDowell (Cap't.) r. tackle; Ward, r. end; Hair, quarter; Chamlee, I. half; Powell, r. half, and Dickie full.

Bauman, Hornet linesman, has been working on a wing position this week will probably relieve Hinesley for a part of the game. Ewing will take as many squaddens as possible and according to his own words will attempt to use every available linesman of any size during the sixty minutes of play. Scott, Rutherford and Holcomb are other backs who will probably see service tonight.

Coach Ewing, in an interview yesterday morning, stated, "I understand Lampasas has a better team than they had last year and in that case our chances are not so good. I have heard also that the Badgers have an exceptional team on blocking and if so it will be up to my men to display a charging attack sufficient to break up the offense interference. Regardless of the score I intend to use all of my line reserve strength in an effort to find out just what they can do."

School authorities are trying to get as many cars as possible to take as many as two or more players to Lampasas and shall appreciate offers from local residents who will come to their assistance in this respect. The trip will begin at four o'clock. The game will start at 7:30.

The Hornets showed evidence of lameness following the game with Moody last week, however the squad suffered no serious injuries. Coaches Ewing and Baldrige put their charges through three days of hard practice this week followed by signal running on Thursday. Most of the bruises and scratches have worn off and the Hornets appear to be ready for their second non-conference game.

'round the square

By
The Snooper

Well, Price Bauman, now you can have the grins for a week at least since Martha Elizabeth has come to pay you an indefinite visit—congratulations from the Snooper. Ford Elliott seem to have a bad case of the figgits; it's bound to be the excitement of getting his new beauty shop installed. The manager of the Rendezvous, popular cold drink stand, Herschel Jones finds enough time to pay calls to some of his friends 'round the square. I always have enough time to enjoy a chat with Doyle Baldrige, who keeps me posted on football gossip, understand though he doesn't tell tales out of school. Mrs. L. D. Britain and Mrs. Fred Smith, chummy salesladies take time off for a bite to eat at 11:30. Admirers stop Mrs. Francis Stout to see the young lady with her and I hear plenty of compliments

I will think—talk—write . . . Texas Centennial in 1936! This is to be my celebration. In its achievement I may give free play to my patriotic love for Texas' heroic past; my confidence in its glories that are to be.

"A totally new step in economic democracy," is what Chester C. Davis, federal farm administrator, termed the new referendum on crop reduction programs in a radio speech which he made. Corn and hog producers will decide this week and next in community meetings whether or not they will abandon the cooperation they are now engaged in. Since the programs on other crop adjustments run through 1935 similar action will not be taken until the time presents itself. Davis assured his radio audience, however, that cotton producers will have the same opportunity to partake in a general referendum to determine what they want later on. The chances are, as forecast by this newspaper, that these referendums will result in the almost unanimous approval of the present plans of the federal government by the producers themselves and since they are entitled to a say so in the matter we may expect a higher degree of cooperation on the part of the producers.

Local banking institutions are now ready to receive applications under the Federal Housing Administration for participation in the Better Housing Program. Owners of property in Coryell County should not be misled to believe that this program with its "cheap money" is a cinch bet for anyone. The important thing is not to accept the opinions of every individual known and then be shadowed with disappointment when the banker informs the applicant of the requirements to be considered in the loan. It is local money that is to be loaned, and the loans will go through local banks. Expenditures will be confined locally and the chances are that local employment will feel a boost from the Better Housing Program in Coryell County.

We note with interest from a story in the Evant News that Gatesville is to have a Trades Day October 10. We think the idea is a splendid one and if the affair is the efforts of the Evant paper's editor he is in line for the praise. Our only regret is that local merchants, according to the newspaper, have planned the trading occasion without giving either of the local newspapers the opportunity of helping to promote the Trades Day with free publicity that always belongs to the business interests of Gatesville. Without any knowledge of the details we are handicapped in our efforts to take a part in the affair that the Evant paper claims Gatesville merchants are sponsoring. Readers should not be misled to believe that this is a case of "sour grapes," but on the other hand it is our frank reaction to the so-called Trades Day.

* * * *

Dr. Alex Dienst, in an address to the Temple Kiwanis Club described the selection of Dallas for the Texas Centennial as "the most asinine thing ever pulled off in this state." Although the Commission has chosen Dallas we must remember that only united cooperation will make the Centennial a success.

At the beginning of the meeting a short musical program was presented by Earl Wharton and Wilburn Thompson, students in school.

Following the program a business meeting was held at which Mr. Teague explained to the patrons the work that would be necessary for both the school and community to standardize the school. Each person present voted to organize a Parent Teachers Association and was greatly in favor of the good work. The organization is to meet the first Thursday afternoon of every month.

In the election of officers, Mrs. A. A. Holcomb was elected president, and Mrs. J. F. Grimes, secretary. It is hoped that every patron of the school will become an active member and make of the association one which will benefit the entire school and community.

This boy is going to be Near-sighted

THE above picture illustrates one of the very common causes of nearsightedness... one of the reasons why twenty children in every one hundred have defective vision today. What is happening in this picture may be happening in your own home... damaging the eyes of your children.

The boy is reading in poor light... and in order to see the printed words without effort, he has brought his eyes much too close to the book. *Constant reading in this position will eventually cause near-sightedness.*

If your boy holds a book less than 14 inches from his eyes, he needs more light, or glasses, or perhaps both. Remedy the lighting in your home by providing each member of the family with his own reading lamp... equipped with at least one 100-watt lamp, two 60's or three 40's, according to the number of sockets. Then see that these lamps are properly shaded to eliminate glare or shadows. We will gladly help you correct the lighting in your home. Phone today for an appointment.

Coryell City School News

Editor-in-Chief — Mae Florence Culp.

Associate Editor—Lorraine Goff.

Sports Editor—Dale Britain.

Reporters—Odis McBroom, Lois Niemeier, Earl Beitendorf.

Sponsor—Emma Scott.

The Coryell City schools opened September 24 with an enrollment of 123 pupils. Mr. R. B. Forrest is again our efficient principal, assisted by Mrs. Gladys Swift, primary; Mary Alice Britain, elementary; Emma Scott fifth grade and Home Economics; Glen Blackshear, sixth and seventh grades.

The students and teachers are working very hard to make the most of the ensuing school year. Great interest is being manifested in class work and athletics. Our history, English, and Geography workbooks have come.

Sports

We are hoping to have some good boys and girls volley ball teams. The girls have discarded basket ball and have taken up volley ball. We have started playground ball and as we have some very good material we are expecting some excellent teams. We haven't started tennis yet, but plan to soon.

Vocational Agriculture

There are eight boys working in the shop this year. We have begun our first projects which are to be completely finished by the last of next week. We are building tables, bookshelves, and broom racks.

Home Economics

There are seven enrolled in our Home Economics class. We are studying foods this term and will study clothing next term. Last week we installed the first essentials of housekeeping into our minds by putting the laboratory into "apple pie" order and making convenient rearrangements. We will begin cooking this week and our first unit will be "breakfast."

We Wonder Why!

Dale Britain likes "apples." Herman Riechter is so fond of singing.

Joe Marie Tubbs is so "cute." Odis McBroom wears red nail polish.

Oleta Taylor thinks "Hieroglyphics" is a kind of plant.

Mae Florence Culp wears boots in dry weather.

Earl Shultz wears "silk hose."

Jerone Benner is so interested in girls.

Doris Johnson always smiles at Edgar Haferkamp.

Bobbie Niemeier thought a flat stone was a fat man with a dress on.

Mr. Blackshear always looks so honest.

Mrs. Swift is so proud of her girls volley ball team.

Miss Britain can throw a ball so hard.

A CONFESSSION

For years we've been selling quality hosiery, the most exquisite it was possible to obtain. We thought the ultimate had been reached in hosiery beauty and we said so. Now we must break down and confess that we were mistaken. Because NoMend has just come along with a perfected "ringless" hosiery that is lovelier than we (or anyone) ever dreamed hosiery could be.

We give you fair warning that you'll never be able to resist it. Fortunately, it will wear beautifully, too, so your conscience needn't bother you about buying anything that looks so delicate. The price is a mere \$1.00.

World Comment

By **JOE BURNS**

ERATH COUNTY is rightfully proud of its new park, named after our illustrious vice-president, and built and financed by the Federal government. According to the Empire-Tribune, Stephenville, the construction of GARNER PARK and Henshaw Dam and lake means that at least \$250,000 has been placed in circulation in our neighboring county. The huge lake will contain 47,500,000 gallons of water when full to overflowing, according to this authority.

Since SAM INSULL was extradited from Greece last March we haven't heard much about the famous fugitive. Now Insull is on trial and must defend himself from criminal charges of swindling \$163,000,000 in his last business venture. If convicted he can be given a total of 125 years and a fine of as much as \$250,000.

It is quite common to read that hear now that "With General Johnson out of the way, the NRA can really do something for the small business man." And with the exit of Johnson goes the hopes of the business man for a relinquishment of Federal control of business. Johnson was the apostle of business control during the period of national emergency only while President Roosevelt and the entire anti-Johnson crowd now in control of the Recovery Administration favor complete control and regulation of business by the Federal authorities.

Although FEDERAL EXPENDITURES are running the highest of any time in the history of the nation, it is comforting to know that Federal revenues are the highest for several years and the government's receipts from miscellaneous sources is actually the highest figure in the country's history. Internal revenue taxation totals \$1,483,000,000 for the period of 1933-34. The repeal of the Eighteenth Amendment brought into the treasury \$169,000,000 in taxes on malt liquors an additional \$90,000,000 on wines and spirits. As a revenue producer tobacco was far more important than liquor, however, amounting to \$425,000,000 and coming close to the highest mark on record. If the September installment of income taxes approximates the June payment, the government will end the first quarter of 1934-35 (the fiscal year begins July 1) with totals receipts from sources in the neighborhood of \$900,000,000.

The expense of running the Forty-Third Legislature, with its regular and three special sessions, totals \$1,002,250, with at least \$20,000 in unpaid bills to be paid yet, according to figures from the office of the State Comptroller.

FOOTBALL CHATTER

Coach Ewing will take his young Hornet squad to Lampasas tonight to meet the Lampasas Badgers. Several fans seem to think that the inexperienced Hornet crew played over their heads against Moody last Friday and will have a harder contest on hand tonight. Ewing's crew will have to face one of the best class B passers in this part of the state tonight.

The Hornets will be playing at a big disadvantage tonight, under the light and on foreign soil also. I am predicting the Hornets to win 12-7. This young team will have to hustle to keep the Lampasas Badgers from scoring, and if they ever play over their heads they had better do it tonight.

Coach Ewing has changed his line-up and it has proved to be functioning exceptionally well. With more weight on the line, the diminutive backs will have little trouble finding the holes.

More local fans should be on hand tonight than were last Friday. There was a comparatively small crowd out to see the Hornets in their opening game last Friday, but the ones that missed that good game are making preparations to attend the one in Lampasas tonight.

New pupils have been entering everyday. The third grade has the largest enrollment of any grade in school, and the seventh grade is the largest there has been in four years. Everyone has started his work in earnest this year, and we are looking forward to the best year in the history of our school.

Devotional Program

The sixth grade had charge of the devotional program Monday, September 30, 1934. Their program theme was wisdom. Mary Jo Russell was the leader, and the first number on the program was a song, "He Leadeth Me," sung by the audience. Then Marjorie Hall led a prayer and Julia Dee Hollingsworth gave a scripture reading. Grace Walker, Elaine Baize, Douglas Pollard, and Virginia Davis, all

told stories about Solomon. Edith Cole read the poem, "King Solomon and the Ants," and as the concluding number Dorothy Blakely told some of King Solomon's proverbs.
