Open-House Affair and Program Will Feature Formal Opening of Gym

DEBUT OF LITTLE THEATER

The new High School gymnasium-auditorium at Gatesville, which has been in use for the past several weeks for various athletic contests and affairs will have its formal opening next Thursday evening, Dec. 20, according to Sup't Frank L. Williams.

A program of entertainment has been arranged by school authorities to be held in connection with an open-house party. The general public is invited to attend the affair to which every resident of the county is an acknowledged guest. There will be no admission in connection with the to-do.

The Gatesville Little Theater will make its Winter season debut with a one-act play, "Sparshin" by E. P. Conkle, staged under the supervision of C. E. Alvis, Jr., director of the amateur dramatic guild.

The play is a comedy portraying rural life and is centered around a crabbed old woman and the life of her laughter and granddaughter. The love affair between the granddaughter and an ultra-bashful hired hand and the humorous circumstances, which to him are most embarrassing, all add to the sustained interest of the presentation.

The Band and Choral Club of the local high school will contribute to the evening's entertainment and various civic organizations will be given a place on the program.

PLAY AT PECAN GROVE

The play, "The Purple Tantrum" will be staged at Pecan Grove tonight under the auspices of the Church (Friday, December 14).

Proceeds from the nominal admission charge will be contributed to the church incidental fund. The general public is invited.

Couple Celebrates 50th Wedding Anniversary By Acting Hosts to Friends

GOLDEN ANNIVERSARY PAIR

Observing the 50th anniversary of their marriage which came on Monday, December 10, Mr. and Mrs. A. B. Chatham kept open house Sunday at their home two miles West of Gatesville. All of their children and grandchildren, except one grandson, were present for the day, and members of the Priscilla club and other friends called during the afternoon.

Mr. and Mrs. Chatham had planned to spend the day quietly at home thinking their daughter, Ruth, that lives at the parental home, would be the only one present. They were taken completely by surprise when some of the children began to arrive Saturday night and early Sunday morning, and by noon the entire family had gathered for the bountiful turkey dinner.

A special feature of the day was a brief visit by Misses Roberta, Mona, Mary and Leota Keys, quadruplets, students of Baylor University, who sang a medley of familiar songs appropriate for the occasion. Mrs. Chatham had seen the quadruplets when they were four months old and had been quite interested in them, taking a special interest in the newspaper publicity given the four girls. This was her first opportunity of meeting them.

Andrew Blue Chatham was born September 7, 1864 in Alabama and with his parents came to Texas in February 1869, locating 8 miles south of Gatesville, where they built a log house after the fashion of early pioneer settlers, on the banks of the Leon River. He grew to young manhood in the Pleasant Grove Community and in 1882 he came to Gatesville and secured employment with H. Sasse, and later with the pioneer firm of Sasse & Powell. In the year of 1900 he entered in the cotton business for himself and bought cotton continuously until

BAPTIST CHOIR IN CHRISTMAS MUSICAL

The choir of the First Baptist Church of this city will render its annual Christmas Musical program Sunday evening, Dec. 16, at 7:00 o'clock in the High School Auditorium.

Mrs. Ola Mae Parks, pianist accompanist, and Mrs. D. I. Glass, choir leader, will direct the special Christmas program. The musical promises to be one of the best ever rendered by the Baptist Church choir.

A cordial invitation has been extended the general public to attend.

All-Stars Meet Moody In Benefit Tussle on Local Grid, 3:30 P. M.

PROCEEDS GO TO SWEATERS

In a benefit football tussle, the first of the post-season games, the Gatesville All-Stars will engage the Moody team on the local grid this afternoon at 3:30 o'clock. Proceeds of the game will be devoted to the high school Hornet sweater-fund.

A large crowd of enthusiastic fans is expected to witness the first of the All-Star series, after the splendid showing made by former school-boy athletes last season.

Coach Walter Baker of Moody will bring a highly tooted club to this city today with the prime purpose of avenging a 7-0 defeat handed them by the Coryell boys last year.

The following lineup will likely start for the locals:

Ends—J. Hix and C. Wiggins; tackles—Ewing and Pete Martin; guards—Strickland and Kirby; center—Woodrow Wilson; quarter—T. Blanton; halfbacks—Johnnie Bradford and J. B. Martin; fullback—J. L. Wiggins.

Earl Busby, Horace Blanton, Joe Ricketts and Grady Wells are other prominent members of the All-Star squad that will see service.

MAY GET FEED LOANS WITHOUT SECURITY

Effective immediately, emergency feed loans may be received without security by farmers of this section, according to Walter Moore, head of the feed loan office of the Farm Credit Administration.

A ruling made some six weeks ago required security from the farmer when requesting these loans, and this new ruling puts the loans on the same basis as before.

Mr. Moore intimates further explanation will be made to those interested in loans when they call at the feed loan office.

S. S. TEACHER VICTIM OF PAINFUL ACCIDENT

Clinton Chamlee, of this city, sustained a painful leg injury last Monday when he ran into a barbed guy-wire, badly lacerating his limb. The mishap occurred on the J. D. English farm southwest of Gatesville.

Mr. Chamlee was entertaining his Sunday School class of young boys on a 'possum hunt and it was soon after dark that the accident took place. Members of the party took Chamlee to Gatesville where a local physician took seven stitches in the laceration.

Mr. Chamlee is confined to his home, but is able to get about with the aid of crutches.

Football Banquet to Be Served Tonight In G. H. S. Gymnasium

PLATES LIMITED TO 125

Robert W. Brown, County Judge, will act as toast-master and Dan McClellan, chairman of the Board of Education, will be the principal speaker at the Football Banquet to be held at the High School Gym here this evening.

The annual affair is held honoring members of the Hornet football team at the close of each gridiron season.

This year tickets are being sold by members of the Hornet Club and may also be obtained at the High School office. The plates are limited 125 and in order to attend those interested are urged to procure tickets as early as possible.

FELLOWSHIP BANQUET IS WELL ATTENDED

Three hundred more or less hungry men were delighted with the Banquet Tuesday night. It was the annual Baptist Men's Fellowship Banquet.

Featured on the splendid program, were former Governor Pat M. Neff, now President of Baylor University, who took as his subject "Searching for Values." Governor Neff was introduced by Dan E. Graves, local banker and former school-mate of Mr. Neff.

Preceding Mr. Neff's address, several vocal numbers were given by the Baylor University Men's Quartet under the direction of Prof. Eiland Scarborough. Other musicians from Baylor furnished music including a violin solo. Jack Reesing, of Gatesville, and student of Piano at Baylor played one selection on the piano.

Rev. C. A. Morton, pastor of the First Baptist Church acted as master of ceremonies also furnishing finale and well chosen and timely remarks.

The smiles on D. W. Sherrill's face Thursday are easily explained by one who knows that the young man with him was his brother, here on a visit, enough to please most any brother. Mrs. Levi Anderson has a regular army of admirers in the younger set of this city; she is bound to be a perfect host to be so popular. J. Lew Burt doesn't come to Gatesville every day but when he does we are glad to

The approximately 5,000 Coryell county cotton producing farmers and eligible voters are strongly urged by County Agent D. W. Sherrill to go to the polls today and cast their ballots "either for or against the continuation of the Bankhead Law for another year."

"It is the desire of the local office and the personal wish of the county agent that every eligible voter will make known his or her opinion as to whether or not the law should be continued, in order that Coryell county might render a representative consensus of opinion," declared Mr. Sherrill.

Eligible voters who are in doubt as where they should vote may vote in the district in which they live. Each participant may vote only one time on the Referendum, which has been called through the Secretary of Agriculture.

Voting places will be open from 9 a. m. until 5 p. m. It is not necessary that voters have poll-tax in order to vote, but all producers or whole or part tenants are entitled to cast a ballot. Cotton producers, when asked must show proof of their eligibility.

Unfortunate Kiddies Of Gatesville Guests At "Community Tree"

CHURCHES ORGANIZE PLANS

The unfortunate children of Gatesville will be entertained with A Community Christmas tree at the High School gymnasium Saturday night, December 22, according to city officials.

Santa Claus will be there with toys and candies for the kiddies.

Joe Hanna, local merchant, was appointed chairman of the enterprise at a meeting of representatives of local churches here Thursday morning.

R. W. Ward, who is in charge of the collection of discarded toys and playthings has asked that the citizenry be notified that a canvass of the town will be made Saturday, Dec. 15, at which time toys will be collected for the tree.

Mrs. J. O. Brown, chairman of the Finance Committee, has asked that those who wish to make contributions may do so by leaving their offerings at the City Drug or the City Hall.

Details of the Community affair will appear at a later date.

Cotton producers will have the liberty to cast their individual votes in the Bankhead Referendum today. Coryell cotton farmers who have heretofore felt inclined to complain of the dictatorial policies of the Agricultural Adjustment Administration should dismiss any such thoughts from their minds when they go to the voting places today. They will find that the question is left up to their own judgment without any imposition from higher authorities. The Bankhead Act passed the national legislative bodies in the form of an emergency measure, sponsored by cotton experts. There was no time to consult the multitude of cotton producers. The time is at hand now, however, when the question of whether or not the Bankhead Law shall be continued is left entirely in the hands of those who produce the staple.

One of Texas' foremost capitalists, a pioneer cattle and oil man has answered the call, depriving the Lone Star State of one of its trail-blazers in the oil industry on whose broad West Texas acres a great quantity of the state's richest natural resources has flown. W. T. Waggoner died at his home in Fort Worth Tuesday night, the victim of a paralytic stroke. Said to have expanded his land and earnings into the greatest fortune amassed by any one man west of the Mississippi the Texas philanthropist died with a cowboy heart. Despite his great wealth W. T. Waggoner contributed liberally during his late life to the development of worthy civic enterprises. He gave freely. He was loved dearly. The West Texas cattleman of early days has gone to the Last Round-up.

The accepted idea that a great many newspapers give more publicity to the bad qualities of a man than good qualities isn't so in this particular case. Two ordinary men found themselves snowbound in Chicago during the recent blizzard. A young man offered to share his taxi-cab with them. When the cab stalled the young man got out and put his shoulder to the rear of the car and helped to push it on its way. Arriving at a downtown hotel the young man introduced himself as James Roosevelt son of the President. This was a natural incident—a lot of people would have done the same thing, but the fact that the President's son displayed the qualities of a Good Samaritan more clearly established the fact that he is a "chip off of the old block." Young James seems to have inherited his father's interest in the welfare of the common wayfarer.

Many cities and smaller municipalities have announced complete plans for city or county-wide Christmas celebrations with a tree for the kiddies. Churches and civic organizations are helping to make these affairs possible. There are many residents of Coryell who get very little of the Christmas spirit each year more on account of finances than anything else. A celebration open to the general public is a tremendous undertaking but there is no way of estimating the good-will produced.

World Comment

By JOE BURNS

I believe I can safely say that Gatesville is more attractively decorated for Christmas than most towns twice its size. Old Santa Claus, after seeing how prosperous Gatesville looks, may not be as lavish with gifts as otherwise, but the enticing windows of the merchants round the square will cause many late shoppers to get the Christmas spirit early and probably double their purchases by the 25th. Old doldrum that I am, I am already beginning to eye, perhaps rather sheepishly, the attractive displays in the windows and will probably get the spirit early enough to be listed among the shoppers of the 24th.

JOY BYRNS candidacy for the speakership was "upped" considerably when Boss Joe Guffey of Pennsylvania announced that his House delegation would vote in a block for the Tennessee Representative. In fact, in now looks as if the Democratic "bosses," Moore of New Jersey, Pendergast of Missouri, Lehman of New York, and McAdoo of California will decide who the next speaker will be. A private caucus of these leaders is expected to be held within the next week or so for the purpose of choosing a candidate. Mr. Guffey has of course already picked his nominee. Nevertheless, we're all backing Sam Rayburn and will stay with him to the last. I hope that the Texas delegation will cast a solid vote for Sam and do its part to aid his selection.

In Austin also we are going to see a lively scrap for the speakership of the Texas House. And, as has been the case for the last twenty years, it will be a Ferguson and anti-Ferguson fight.

Mr. Ferguson is supporting the incumbent, Coke Steveson, of Junction for reelection and Gov.-Elect James Allred is for Rep. R. W. Calvert of Hillsboro. Allred has announced that at the proper time he will give reasons for supporting Calvert. It is generally surmised that the 83 holdovers will support Steveson and the 67 new members Calvert, with deviations from both, of course.

As expected, England and France will again default their war debts, due Dec. 15. England owes approximately \$380,000,000 and France \$163,000,000. Little Finland, with only 4,000,000 people and scanty resources, alone of the twelve debtors will maintain its honor by paying its installment of \$228,000. Heres ho to Finland—and Finland only.

Do you, farmers of Coryell Co., want the Bankhead Law continued for another year? Today approximately 2,000,000 cotton producers will vote on this question. The law requires that for next cotton season the producer must by two-thirds affirmative vote approve the law for it to be continued. The

Placing second and third with two car loads of feeder calves at the American Royal Live Stock Show has confirmed Clyde McElroy of Randall county in the practice of creep feeding. About \$2 worth of cottonseed cake was creep-fed to each of the calves, and they brought \$9 a head more than they otherwise would have brought on the market, not to mention the premium money.

The Green Lake Home Demonstration Club in Calhoun county believes in "lamps trimmed and burning" and already has money in the bank to pay the expenses of delegates to the 1935 Farmers' Short Course at A and M College. When "hog killing time" comes they plan to make tamales from the heads and sell them to swell the fund.

A calf being fed by Damon Davis of the Hext 4-H Club for boys in Menard county has set a record for that county by gaining 206 pounds in 60 days, an average daily gain of 3.4 pounds.

Seeds, plowing, young plants, cans and jars used in producing the products on the pantry shelf of Miss Kate Owen of Hill county cost her \$11.78. The products are valued conservatively at \$74.12. She has a surplus of canned fruits and a shortage of succulent vegetables, so she is trading fruit with friends to balance her food budget.

Lockhart—Land on the farm of O. T. Moore of Caldwell county that had been in cultivation for more than 50 years but had been terraced recently produced 26 more bales of cotton than land that had been in production only 10 years but had not been terraced, according to A. O. Hebel, farm demonstration agent. Purebred cotton seed of the same strain was planted on both

pieces of land. As a result of this demonstration, Mr. Moore had his entire farm of 485 acres terraced with the county road building equipment. The terraces were constructed with a base of 27 feet.

Dallas—A profit of \$383.68 for his year's poultry demonstration has been made by Ollie Davis, Dallas county 4-H club boy, according to an adult poultry demonstration record kept under the direction of Dale Merwin, assistant farm demonstration agent. His gross income for the year from his flock of White Leghorns was \$543.30 but his feed cost was \$159.62. This is the second year that young Davis has kept an adult record for his flock.

San Augustine—The highest cotton yield in San Augustine county this year was made by Robert Thomas, 4-H club boy, who made 488 pounds of lint cotton per acre, according to W. L. Knapp, farm demonstration agent. The cotton was planted on bottom land in the part of the county which was hardest hit by drought. Robert reports that, on account of the dry weather at the time of planting, he planted his cotton in the water furrows. Under normal conditions this is not good practice, he said, but under drought conditions it worked well.

Canton—By removing 30 culls from a flock of 104 hens, Mrs. J. J. Bateman of Van Zandt county made enough money to remodel her poultry house by eliminating sloping roosts and low doors, according to Mrs. Mary Ethel Brandon, home demonstration agent. In addition, her records showed an increase in egg production and the culling gave her working hens more room on the roost and more milk per hen.

Mrs. Bateman's record from January to September shows a profit of \$77. He feed and new stock cost \$81.45, while the sale of fryers and eggs brought in \$158.45. She adds that she also has three hogs which have been fed some of the feed charged to the poultry.

"Wake Up and Dream" a Play that Swings All the Way From Atlantic City to Hollywood

Glamorous Backgrounds for Merry Musical Movie at Regal at Regal Theatre Saturday night at 10 o'clock, Sun. & Mon.

A constantly changing scene forms the background for "Wake Up and Dream," the Universal comedy with music which comes to the Regal theater on Sunday and Monday with Russ Columbo, Roger Pryor, June Knight, Catharine Doucet and Henry Armetta in featured roles.

The story opens in a theatre in Atlantic City, switches to another theatre where a musical comedy is in rehearsal, and soon afterward is transferred to New York, whither Columbo, Pryor and June Knight, members of a small-time vaudeville "act," flee when one of their number be-

comes involved with the police.

Soon these characters with Armetta, are on a transcontinental bus bound for Hollywood, and en route make the acquaintance of Miss Doucet and Andy Devine, who are among the other passengers. The adventures of all continue with growing hilarity in the film capital, where Columbo attracts the attention of a producer and his beautiful star, with results which surprise even he vaudevillians, always expecting the unexpected.

"Wake Up and Dream" was directed by Kurt Neumann and the hilarious story was written by John Meeham, Jr.

The Hornet Club composed of local football fans are already making plans for a good football team next year. Local fans should be patient with this organization in its efforts to promote a good team, as it will take two or three years for a coach to polish this material that comes from over the county. There is no reason why Gatesville should not have a strong team in a few years being one of the largest towns in this district, but the hard work comes in getting the material together from over the county.

Coach Blanton will put a former Hornet squad on the local gridiron that will be ready to shoot the works against coach Baker's Moody crew this afternoon at 3:30. The last two or three days coach Blanton has been putting the boys through the paces in an effort to improve his passing machine. I saw the boys workout two afternoons this week, and from the way they perform, I believe they will endeavor to open up and take to the air. If they can get their passes to clicking, Moody

will probably have to wait another year before they will have a chance to turn the trick.

Jonesboro and Leon Junction each played two Commercial League games this week and won both of them. Jonesboro won from the Oilers and the Merchants, handing both of these teams the worse defeat they have suffered this season. Leon Junction defeated a fighting team that proved to be "to short" from Levita. The Bachelors, many of whom had the pleasure of feasting before the game Monday night, were to "full" and also met defeat by the Junctions lads.

The Bachelors chalked up a victory to their credit by winning from the Merchants 19-18 Monday night. Levita also won one of their two contests of the week, defeating the Oilers in one of the best games this writer has witnessed in the local gym. Coach Rabon Balch seems to think that his Levita bunch should have won both of their games this week, however, with Dickie's croop turning into love sickness, Balch was satisfied.

The Merchants and the Oilers are still tied for the cellar. It is going to be fight on the part of both of these teams to see just who will prove most capable to hold this position.

SCHEDULE SECOND DIVISION Monday, Dec. 17

- (1) Leon Junction vs. Jonesboro
- (2) Conoco vs. Merchants
- (3) Levita vs. Round Table

—My Dope—

Monday—Leon Junction will be defeated by the Jonesboro club, that won the first Division and the strongest team in the League.

The Oilers will win over the Merchants by a small margin. If Dickie's "croop" gets better the Levita team will hand the Bachelors their first defeat of this division.

Mr. and Mrs. L. B. Brown spent three days in Dallas this week selecting pictures for the Regal and Ritz Theatres.

Mr. Brown states that he has the finest selection of pictures coming to his theatres for the next two months than he has ever had, "nothing but nice, clean pictures go into the two theatres and with nice soft cushions seats now installed in the Regal, all patrons can enjoy the shows in solid comfort," continued Mr. Brown.

Mr. and Mrs. A. D. Chestnut were in Killeen Sunday as guests of her sister, Mrs. York Duncan, and niece, Mrs. Guy Evans.

GOLDEN ANNIVERSARY

(Continued from page one.)

1929 he retired from active business life.

At a social gathering near his home he met Eugenia Mable Ruston and the couple were married December 10, 1884. They immediately established a home in Gatesville where they lived for 46 years, moving four years ago to their present location, 2 miles west of town.

Native of Texas, Mrs. Chatham was born June 5, 1866 in Bell county. Her father died when she was one year old and with her mother she came to Coryell county at the age of twelve years. They located in the Old Fort Gates Community 8 miles south of Gatesville.

Seven children were born to the couple, all living and all were present for the day. They were Mrs. M. W. Murray, Mrs. Ethel Ford, A. B. Chatham Jr.,

I. R. Chatham, Miss Ruth Chatham all of Gatesville; E. B. Chatham, Waco and Mrs. Geo. C. Hill of Winters. Other descendants are ten grandchildren.

The occasion of the celebration of the golden wedding anniversary of the couple was a happy one and more than fifty relatives and friends called during the day while only members of the family were present for the dinner. They received many useful and beautiful gifts.
