### Plans Are Completed For Holding County Meet Here in March

#### 2 COUNTY MEETS THIS YEAR

The principals and coaches of the various schools met in the library room on January 5th and passed the following orders:

That the Senior Boys Basketball tournament will be divided into two divisions. One to decide the championship of the county, the other for a trophy cup. The second tournament to be played after the first is played.

All games are to be played at the Gatesville new gym.

All games to be played with double elimination in both of the meets.

Date of first tournament is Feb. 5th, 8th and 9th. Date of second tournament was left open to be decided later.

All eligibility lists to be turned into the director of athletics before games begin.

Athletic director, basketball director, and director general shall select referees and all other officials as they could.

At a meeting of the executive committee of the interscholastic league provisions were made for holding five district meets this year for the purpose of making eliminations in playground ball, volley ball, basketball, declamation, choral singing, story telling, and rhythm band. The winners of these events in the districts are to come to the County Meet

District No. 1: Evant, Pearl, Bee House, Peabody, Purnela, Plainview, Slater, Stringtown, Arnett, Gatesville Hi School.

District No. 2: Copperas Cove, Crossville, Clear Creek, Belcher, Topsey, Harmon, Antelope, Maple, Harmony.

District No. 3: Oglesby, Whitley Creek, Davidson, New Olive, Coryell Church, Mound, Flat, The Grove, Hubbard, Longview, Flint Creek, Dunn, Ewing, Osage.

Dist. No. 4: Jonesboro, Coryell City, Gatesville Grammar school, Turnersville, White Hall, Ireland, Levita, Murrell.

District No. 5: Hay Valley, Enterprise, Turnover, Mountain, Newland, Owl Creek, Brown's Creek, Spring Hill, Schley, Bigham, Oakton, Mt. Zion.

Meets are to be held in the several districts as follows: District 1 and 3 will be held at Evant and Oglesby on Friday and Saturday, March 8 and 9. Districts 2 and 4 and 5 will be held at Copperas Cove, Jonesboro and Gatesville on Friday and Saturday, March 15 and 16.

The date for the general County Meet to be held at Gatesville was set for March 21, 22 and 23.

In volley ball the girls will be played by the boy's rules. Girls basketball games will be played on two division courts.

### Hornets Defeat Hill Co. Jr. College; Local Play Waco Hi Tigers Sat.

#### WARD SCORES 17 POINTS

Wednesday night the Hornet cagers defeated the Hillsboro Junior College team 36-22 in the local gym. The Hornets maintained a good lead throughout the game but the stout-hearted boys from Hillsboro fought until the last whistle. Ward and McLarty played brilliantly for the locals, Ward coping 17 points and McLarty 16.

To date the local team has won 19 games out of 20 starts, sustaining their first and only defeat at the hands of Abe Barnett's Baylor Cubs by a score of 24 to 11.

Saturday night the Hornets will have the privilege of facing the Waco High boys team. The Tigers have in Lumpkin one of the best centers in the state. This lad and his colleagues may administer to the Hornets their second defeat of the season. An added attraction will be the game between the Gatesville and Methodist Orphanage girls' teams. Gatesville boasts of a strong feminine aggregation and will be out to take the Methodist's scalps. Evant and Pottsville (Hamilton Co.) boys' team will also be out in battle array to feature the third game of the night's program.

As I drop in a local Drug Store on business, E. W. Jones, Jr. "sets me up." In a chat with Yank Post, he tells me he had started home to shave. John G. Morse was certainly tickled over getting Cooper Grocery Co.'s new cat insured. W. T. Carter, editor of the Killen Herald, paid the office a visit this week. Joe Hester passes compliments on our fair city, and O. P. Laudermilk throwing bouquets at the News'. Charles Baker telling me what good ball games I have been missing Buming a ride to town. R. E. West invites me down to see his chickens.

#### WEDNESDAY IS TRADES DAY

Wednesday, February 6, is Trades Day in Gatesville. Rural as well as local people have begun to recognize the first Wednesday in each month as Trades Day for Gatesville, and a large crowd is expected to be here.

### B. D. Easterwood and Son are Employed as Architects for Church

#### PLANS ADOPTED JANUARY 29

By J. M. Witcher

As soon as the First Baptist Church people found that their building was damaged beyond repair they appointed a general Building Committee. This General Committee subdivided itself into workable divisions.

The Committee took the old building down in such order that all usable materials are in good condition for service in the new building.

#### Architect Employed

The Architectural Plans committee visited many churches and other public buildings in neighboring towns and communities in search of information that would cause them to meet every need of their home people in the new building. Having thus obtained a vision of a church building that would meet the needs of a growing church, this Committee considered architects that might draw plans and make estimates of buildings. Many were considered and their previous works closely studied. Their abilities, reputations, characters and plianilities were considered potent factors in getting the man that could be of the greatest service to Gatesville people at this time. Many men were found capable, but the committee after much study recommended to the General Committee Birch D. Easterwood and Son of Waco. This report was adopted and on January, all committees acting in accord unanimously elected Mr. Easterwood as architect for the new Building of the First Baptist Congregation.

Mr. Easterwood impressed the committee as an able man, who considers the wishes of every person concerned just so far as is consistent with good work. His works in Gatesville are here to bear testimony to his reputation as a capable builder. He served in building the City Hall, County Jail, repairing the Court House, and other buildings near home. He has served as architect in many Baylor Buildings including The Memorial Dormitory. He is Waco architect for the State of Texas. He has been selected by the Federal Government for the Housing Program of Central Texas. Ex-Governor, Pat M. Neff, recommends him as ranking with the best. He is a Baptist Deacon serving in the Seventh and James Street Church of Waco. These attributes are mentioned for information to our home people.

Hon. Tom L. Robinson is retained as attorney for the local First Baptist people.

Sixty citizens, enthusiastic good roads boosters, Chamber of Commerce officials and county officials from Bosque, Tarrant, Bell, Johnson, Williamson, Hill and Coryell Counties met in the District Court room in the Coryell County court house Wednesday afternoon to continue to formulate plans begun at a meeting held in Cleburne Jan. 15 by the North and South Airline Highway organization.

This group has been organized at the suggestion of Tom B. Blackwell Jr. of Whitney, for the purpose of securing one of the proposed five national highways through this section of the country. The highway is the International North and South Airline Highway which begins at Winnipeg, Canada and continues through Tulsa, Okl., Fort Worth Austin, San Antonio, Laredo and probably through Mexico and Central America and on into to South America.

In order to relieve the heavy burden now carried on Highway 2 between Fort Worth and Austin, to shorten the distance by some 30 miles, and also to furnish a highway to this section of the country, which is considered not adequately served by a hghway running north and south, the committee is planning to secure the highway thru sections of the counties mentioned.

Even if the highway should not run through any one town it would prove a great benefit to this section, the organization believes.

At the first meeting in Cleburne, a steering committee of the Highway Department of the Chamber of Commerce of Fort Worth was selected to work with others in the organization to be selected by other towns. It was voted at the meeting here yesterday that the towns directly interested in the project would be given the right to elect one man from each county to serve in conjunction with the Fort Worth steering committee. The names of those chosen will be sent to the organization's secretary, J. P. Webster of Cleburne, later. These men are to study the best methods for securing the designation of the highway through this section.

#### METHODIST WOMEN MEET

On Tuesday, February 5, the Womans' Missionary Society of the First Methodist Church will begin its study course of Orientals in American Life. Classes will be held for three consecutive Tuesdays, reserving the 4th Tuesday for a voice program. Beginning with the first Tuesday in March the remainder of the course will be given for three consecutive Tuesdays. Mrs. Clyde Balley is the director.

All women of the church are urged to attend these meetings.

## GAS TAX STABILIZATION

The gasoline tax, which has been a popular source of public revenue during the depression, providing for welfare and school needs as well as road building, is on the way to stabilization and a definite place in the tax structure. So says Prof. Finla G. Crawford, who has completed his fourth survey of the gas tax, the report of which is published by the Public Administration Clearing House.

First adopted in 1919 by the State of Oregon, the tax was a one-cent levy. Within ten years 48 States had adopted it, and the tax rate went up to 3, 4, 6 and 7 cents a gallon.

Opposition to heavier taxes began to take concrete form in 1932, the history of the tax shows. During the past two years, temporary rate increases were extended but all further increases were defeated by 37 state legislatures. This, says Professor Crawford, "shows beyond a doubt that the legislators are coming to the conclusion that gasoline and the motor vehicle can bear no further burden and that decreases must be made in the future." A great many motorists will feel that all would be well if they only could believe this.

Opposition to higher rates has arisen because the tax is very difficult to administer when it is so high that evasion becomes profitable. Many States have had this experience. Opposition also is produced by use of the tax as a source of revenue for purposes other than roads. In Texas now road building gets only half the tax and a bill has been introduced for reducing that proportion to 40 per cent.

There is need for developing a greater uniformity in state gasoline tax laws, Professor Crawford says. The seemingly endless supply of money forthcoming from this special tax should not serve to encourage reckless expenditure, either for highways or other purposes.—Fort Worth Star-Telegram.

## World Comment

By  
JOE  
BURNS

Many a fellow who yelps for a square deal merely wants all the aces.—Atlanta Constitution.

The striking Nazi victory in the Saar has brought about a renewal of Nazi activities in other parts of Europe for a return of former German territory. The possibility of Belgium appealing to the League concerning the reinvigorated cam-

paign of German sympathizers in the German counties taken by Belgium at the close of the war has appeared. Nazi sympathizers are apparently stirring the nationalistic spirit of the German inhabitants in favor of returning to the mother country, all they did in the Saar, which bides no good for little Belgium.

The 90 per cent victory of the German forces in the Saar has also inspired the Nazi to renew their activities in Austria—which will probably hasten the restoration of Archduke Otto to the Austrian throne, (World Comment Jan. 25). A Hapsburg restoration would undoubtedly mean the end of Nazi hopes of annexing their kindred, the Austrians, to Ger-

many. League quarters have expressed the opinion that there might be a new plebiscite demand in Austria, Danzig, and Memel (autonomous seaport on the Baltic between Lithuania and East Prussia; detached from Germany under the Versailles treaty and placed under the control of the Council of Ambassadors). Europe will probably undergo a frenzy of Nazi propaganda during the coming year—and German nationalists living in Poland, Belgium, Czechoslovakia, may start agitation on their own part for return to Germany. At present there are more than 20,000,000 Germans living outside the Reich—making a total of 35,000,000 Germans in Europe. If these Germans were united in one nation, and under an aggressive ruler, the world would really have something to fear. 60,000,000 caused considerable trouble 20 years ago. And you can believe me when I say these 20,000,000 living outside the Reich today are enough to cause diplomats to be deeply disturbed at the prospect that some day Hitler or someone else may attempt to unite all these Germans into one nation.

The plan now presented by the Texas Centennial Commission should meet the general approval of the state Legislature. It calls for a state appropriation of \$3,000,000, one-half to be used for the Dallas exposition, \$300,000 for shrines and pageantry at San Antonio, \$300,000 for shrines and pageantry at Houston, \$4,000 at other historic centers of the state and the remainder for general advertising and executive purposes. This sum is modest enough and should bring the state a very handsome return. In fact, it is hoped if the Centennial is a success enough tax revenue can be realized from activities incident to it to cover the amount of the proposed state appropriation. In any event a pecuniary good would be done the state out of all proportion to the cost involved.

If 3,500,000 persons are given work at an average of \$50 per month the total pay roll for the month will be \$175,000,000. For the year it will be \$2,120,000,000. This means that the President's proposed four billion dollar program would care for the employment of all employable persons now on the relief rolls for a period of two years. If the 3,500,000 employable persons now on the relief have steady occupation for the next two years it should be a mighty boost to private business generally. If, however, at the end of the two years a very large proportion of the 3,500,000 persons now jobless are not on the pay rolls of private enterprises the nation will face more heavy indebtedness in addition to that already incurred. Obviously, the relief program can't go on forever. Sooner or later men must find employment in private enterprise, if for no other reason than that the federal government can't indefinitely carry the burden of relief expenditures.

## CAGNEY PROVES HE CAN 'TAKE IT' IN 'THE ST. LOUIS KID'

James Cagney can take it as well as dish it out, and proves

both points in his latest starring vehicle "The St. Louis Kid," which comes to the Regal Theater Saturday night, 10:30, also showing Sunday and Monday.

In the picture Jimmie is the roughest, redheaded, hot tempered, but warm hearted Irish truck driver that ever rushed headlong into trouble, in which he is up to his ears from the start of this fast moving comedy drama to its amazing climax.

Jimmie gets a smacking from a beautiful girl whose car he has smashed that will warm the hearts of all screen actresses who have been recipients of some of Jimmie's smacks. Not only does he get smacked, but is made to like it, loving the little hand that smites him.

Beautiful and fragile Patricia Ellis is the girl who shows Jimmie where he gets off at, playing the leading romantic role opposite him.

There is an unusually talented supporting cast which includes Allen Jenkins in a comedy role as Jimmie's warm hearted but over-zealous pal.

Robert Barrat has the role of the farmer who leads the battle against the milk trust and is eventually slain by one of the gorillas while Addison Richards is the head of the trust.

Spencer Charters is cast in a humorous role of a good natured and sleepy jailer whose naps give Jimmy a chance to slip out of the jail. Hobart Cavanaugh is one of Jimmy's jail mates, a woman hater who prefers prison to paying alimony to an unloved spouse.

Goliad—With 13 men on the waiting list and approximately 1000 acres represented, Goliad county farmers are turning to terracing in a big way, according to K. J. Edwards, farm demonstration agent. Terrace lines have been run on six farms in the county during the

month, and with one exception the terraces will be put up with county equipment. Costs on terracing by county machinery have been running from 75 cents to \$1 per acre in Goliad county, and as this is about the same cost as for one good plowing the farmers figure that the benefits of terracing are worth many times the small cost.

**First Grade**

The first grade, under the direction of Miss Holmes, are working on a project of subtraction. They have on one side of the room hearts which have upon them problems of subtraction with the answers written. After the children think they know them she turns the hearts where the problems are written without the answers. As the children know them, she gives them a small heart which she has at her desk. On Valentine day they will see who has the most Valentines.

The class presented a program in chapel last week. The class is now ready to start a new book. —Harold Disereus.

Miss Lochard's class is sorry to lose two pupils who have moved away. —Harold Disereus.

**Girl Scouts**

Miss Holmes' young troop of girl scouts enjoyed a good time when they went to Fauntleroy's Crossing and had supper at the City Park. —Harold Disereus.

**Centennial Notebooks**

The 6-X history class under the direction of Miss Cayce have given to the library two notebooks about the Texas Centennial. They worked on these books every Monday and Friday. If you care to see them, go to the library. —Harold Disereus.

**Third Grade**

The rhythm band under the direction of Miss Knight and Miss Holmes have received their instruments and played in assembly program.

Several pupils in the third grade were absent his week.

The third grade was responsible for a very interesting program presented to the first four grades in assembly yesterday. The program included a reading, "Trials of a Boy," by Sam Powell, a piano solo by Maxine Lovejoy, a health play, a piano duet by Betty Jane Jones and Helen Johnson, a reading, "My Baby Brother," by Peggy Ruth Strickland, a piano solo by Anita Jo Hancock, "A Fine Plan", by Judy and Gene Gentry, and "La Cuaracha," and "Bells of St. Mary's," by the rhythm band. —Josephine Clary.

**Fifth Grade**

Last Friday the Five-X class rendered a program with Miss

Yongue in charge. They sang songs written by Stephen C. Foster.

Last Monday the Five-Y class was responsible for the program. Mrs. McDowell talked on how much happier the people were that lived the right way than the people were that lived the wrong way. Everyone enjoyed her talk. The Five-Y class will present a one-act play, "A Cat at School," in assembly this morning. —Josephine Clary.

**Junior Boys Lose to Jonesboro**

The junior basketball squad lost another game Friday when they were defeated by Jonesboro. The final score was 15-8. Gayle Thompson and Weldon Campbell both guards tied for high point honors with 4 points each.

The Gatesville boys suffered from the loss of Lovaine Turner, star forward, who has a leg injury. Glenn White, captain and forward, also was out.

—John Frank Post Jr.

**Junior Girls Defeated by Jonesboro 30-14**

The junior girls met another defeat Friday when they met the Jonesboro team. This time the score was 30-14. The Gatesville girls were badly outclassed throughout the game. Laura Mae Henson was the offensive star while Utense Sellers played the best defensive game.

—John Frank Post Jr.

**Nature Club**

Our last club program we had some very interesting discussions on the owl by Yveta Graves, on the crow by Oliver Tatum, and on the deer by Douglas Herring.

There being no business session the hostess served delicious hot chocolate and cake to fourteen members, and the club adjourned to meet with Mrs. Draper Morgan February 7. Visitors are welcome.

## EMERGENCY FEED LOAN LIMIT RAISED

College Station—In instances where the applicant has no feed on hand and the general weather conditions have been severe, the regional emergency crop and feed loan offices serving the primary drought areas have been authorized to allow up to \$4.50 a head a month to purchase feed for farm cattle, \$6 for farm work stock, and \$2 for range cattle according to information received by the Extension Service from the Farm Credit Administration. Otherwise maximum base rates now in effect will be continued.

"The increased amounts apply only in exceptional cases where the applicant's feed has been exhausted and weather conditions have been severe," Norman Monaghan of the Emergency Crop and Feed Loan Division of the Farm Credit Administration said. "Each application for increased allowance will be considered on its own merits and must be accompanied by detailed information as to the feed on hand and weather conditions."

Applications for loans may be made to the county crop and feed loan committee serving the applicant's county.

Extension horticulturist J. F. Rosborough met a man who told him that his parity cotton check was ear-marked to buy fruit trees for a home orchard. That seemed such a good idea to Rosborough that he has made up charts for 1/2 acre fruit plots to be planted in Northwest Texas, Central Texas, or South Texas.

## Rat Control Program Being Carried Out in Most Efficient Manner

### RELIEF LABOR IS USED

No poison is used in the local rat control project which is sponsored by the city of Gatesville and is being directed by the U. S. Biological Survey in cooperation with the A. & M. College of Texas, using local relief labor.

Red squill which kills rats and mice may be sent through the mail as it is not a poison and is practically harmless to human beings, pets, poultry, live stock and dogs. This raticide is a strong emetic but since the rat cannot vomit, death results, according to J. B. Lindsey, assistant district agent of home management who is here and has charge of the rat extermination program.

As there had been a few cases of typhus fever in Gatesville, Dr. Ralph Bailey, county health doctor, applied for assistance from the State in controlling the rats. Reducing the number of rats is the only known way to stamp out this dreaded disease, because the rat is the only carrier of typhus fever besides man.

A systematic concerted rat control program as is being carried on is the most efficient method of controlling the rats. Since red squill is very slow in acting, comparatively few dead rats will be found on the premises but after a few days or a week the results will be shown by the scarcity of live rats.

Trapping will follow the poisoning operations to further reduce the population of this most destructive pest known.

Three home demonstration clubs in Milam county report that their members planted in 1934, 176 fruit trees and 640 berry vines which should be in bearing in 1935.

## COTTON PRODUCERS' POOL MEMBERS GET CHECKS

College Station—Checks are being issued at the rate of approximately 20,000 per day to members of the 1933 cotton producers' pool upon application for the two cent advance on their participation trust certificates under the 12 cent loan plan, according to information received by the Extension Service from the Agricultural Adjustment Administration.

Pool members already have been advanced 10 cents a pound or approximately \$50 per bale as evidenced by their participation trust certificates. When he is authorized by the pool member to do so, Oscar Johnston, pool manager, borrows from the Commodity Credit Corporation an additional two cents per pound or \$10 per bale. From this amount, the carrying charges on the cotton in the pool are deducted.

Mr. Johnston estimates that applications for the additional two cents a pound will be made on approximately 1,500,000 bales, which would mean the distribution of approximately \$11,400,000 to pool members.

## WALLACE ANNOUNCES 1935 BANKHEAD QUOTA

College Station—The national quota for 1935 under the Bankhead Cotton Act has been set at 10,500,000 bales of 500 lbs. by Secretary of Agriculture, Henry A. Wallace, according to

information received by the Extension Service. In addition to tax exemption certificates to be issued for the 10,500,000 bales, certificates for approximately 700,000 bales of 478 pounds of lint cotton issued in 1934 are in the hands of producers.

Individual allotments under the Bankhead Act will be, as nearly as possible, for each cooperating producer that quantity of cotton equal to 65 percent of his base acreage times the average yield of the farm for the base period. In accordance with the terms of the act, some exemption certificates will be available for producers on farms not previously engaged in cotton production.

So by many signs and portents it may be predicted that fruit is coming back to Texas farms with the help of parity checks and the will which always finds the way.

Madison (Matty) Bell, former head football coach of T. C. U. and A. & M. succeeded Ray Morrison as head coach of S. M. U. Tuesday afternoon. Although he has not won a Southwestern Conference pennant since he began coaching, if the Mustang alumni association will "pull" with Bell as they did Morrison, Southern Methodist University can remain a strong contender for honors in the Conference in 1935.

Local fans who have been raving to see the local Hornets and the Pearl Club play in a game of basketball will have an opportunity to witness this game in the County Meet that is scheduled to start here Tuesday. There will be two County Meets this year, one for the school who think they have a chance to win the county and enter the District; the other one is for the County Championship, who will be presented a trophy. Any team in the county may enter either of these Meets, but no team will be allowed to enter both of them.

The local Hornets are winning so many games that the writer is wearing out many scratch pads and has started marking the victories on the wall and keeping the games lost in his "head." Ward, as well as McLarty, got "hot" Wednesday night, scoring 17 and 16 points respectively, to carry their mates to another victory over Hillsboro Jr. College, 36 to 22.

The Waco High Tigers will make their debut here tomorrow night against the Hornets.

G'ville Hi School News

Laura Louise Pierson, Sponsor  
Brack G. Curry, Editor-in-Chief

Senior Dramatic Club

The Senior Dramatic Club, under the supervision of Miss Villa Holmes, is divided into several groups. Each group is working on a one-act play. Several students have dropped out of the club but will be back in after the County Meet. No plays are ready for presentation at present, according to the director.—Fay Jones.

New School Bus

Gatesville is to have another bus which will be the fourth. It will be started about February 11. Mr. Estell Cantrell will be the driver and there will be about 45 pupils that will use this bus. The bus will leave Gatesville going to the Priscilla Club House, then it will go as far as Roy Zeigler's and down the Levita road to Blue Creek. After it has come back to Moccasin Bend and Levita road in-

tersection, it will go to John Alford's, then will return to Gatesville. The route will be reversed occasionally.—Geraldine Schloeman.

The Press Club

There is a purpose for every club, as a rule.

And the purpose of the Press Club is to give publicity to the school.

The club is not very large in size.

But just don't worry. It could make a rise.

With Miss Pearson as sponsor and Brack as editor-in-chief

We're going to make a great success is our sincere belief.

II

When asked to write about something, it's usually Mrs. Reesing we consult.

And she gives us a most interesting lecture, is the result.

The club has now been going for days.

And after all our writings, The club never gets any praise.

III

Of the pep squad, choral club,

and all of the rest,

I do believe the Press Club is the best,

When anything unusual happens it gives an inspiration.

And to give the public the news of the school is our determination.

—Margaret Swindall.

Profits on Tournament

Approximately \$50 was cleared on the boys' invitation tournament, which was held in the local gymnasium, last Friday and Saturday. The expenses included lights, gas, and the four beautiful trophies. The profits will be placed in the gymnasium fund.

Senior Rings

The first order for the senior

The first order for the senior class rings is to be sent off this week by J. M. Prewitt, local jeweler, and their coming is eagerly anticipated by all of the members of this class. In design they will be practically the same as the senior rings of the last few years, but will have a few slight modifications. On the front will be a picture of the high school building enclosed in a circle, and on the shank the well-known Gatesville hornet and the date of the class. They will be in two sizes, one for the girls and the other for the boys, the girls ring being smaller in design and cut. The edges, which have been flat on former rings, will be rounded off this year and the rings will be slightly heavier than the others have been. They are to be of ten-carat gold. On a whole, it is a very beautiful ring and representative of the Gatesville high school of which any senior may well be proud.

—A. C. Bates Jr.

New Students

Eight students have enrolled in the Gatesville high school recently; they include four additions to the sophomore class, two to the senior and two to the freshman class.

The new students are: Joe Satterfield, sophomore, from Comanche; J. F. Clark, sophomore, from Waco; Mary Scott Seward of Owl Creek community, who has returned to complete her senior work; Erma Lee Brown, who was transferred from the senior class of the Lampasas high school; Garlon Berry, a sophomore, who has re-entered after a month's absence; June Hynson, sophomore, from Altus, Oklahoma; Lena Mae McCoy, freshman, from McGregor, and Harry Voss, freshman, from Dallas.

Cracks From the Campus

Mr. Thompson: "I will not begin today's lesson until the room settles down."

Voice from the rear of the room: "Aw, go home and sleep it off, old man!"

Here lies the bones of Nancy Jones,

For her life held no terrors, She lived a maid, and died a maid,

No hits, no runs, no errors.
