A. H. Barsch of Coryell To Head McGregor Schools Next Year

The following in part was taken from the McGregor Mirror dated April 5:

"At the school board meeting held Monday night, Mr. A. H. Barsch was elected superintendent of McGregor schools by a unanimous vote of the board. Mr. Barsch was chosen among twenty or more applicants for the place left vacant by W. E. Cantrell, who expects to head the schools in Hearne the coming year.

"Mr. Barsch comes highly recommended as a school man. He was born and reared near Gatesville. Graduated from Gatesville High School; attended Clifton College and received his degree from Denton College. He also attended State University and Berkley College in California. For the past term he has been in Iredell, Texas."

Mr. Barsch is the son of Mr. and Mrs. Gus Barsch of West Riverside, who is very prominent in church circles in this city.

The News' as well as many other friends of this young man wish him much success in his new location.

IMPROVEMENT ON RITZ THEATRE COMPLETE

For the benefit of his many patrons, Mr. L. B. Brown, local theatrical man has completely renovated the Ritz Theatre, re-decorating thruout, adding a complete cooling system and also many other improvements.

Jim Ed. Pruner is responsible for the unique decorations and art work, which considerably improves the interior. A number of extra seats have also been added.

ATTEND ROAD MEET

Messrs. Frank West and Judge Robt. W. Brown were in Austin yesterday in attendance at the Central Texas Highway road meeting. The Central Texas Highway Association is composed of fifteen counties of which Coryell is a member.

The Association is represented by prominent men from each county, and they have proposed a three-year plan to improve roads in this section, and presented the plan to the State Highway Commission.

Federal Funds Now Available to Farmers For Making 1935 Crop

Field Supervisor J. M. Johnson Jr. of the Emergency Crop and Feed Loan office at Dallas, states that applications for emergency crop loans and feed loans are now being received by the Coryell County Loan Committee, with offices located at the Court House, Gatesville.

In accordance with the Act of Congress authorizing the loans, and regulations issued by Governor W. I. Myers of the Farm Credit Administration, loans will be made only to farmers who are unable to obtain elsewhere seed, fertilizers, supplies, feed or the necessary credit to purchase such items. Loans will not be made to applicants who can obtain credit in the amount needed from any other source, including the production credit association.

Any farmer who has the necessary security should apply to the production credit association first. If the association is unable to make him a loan in the amount needed the farmer will receive a statement to that effect and will be considered eligible to apply for a loan from the emergency fund.

The regulations provide that the largest loan to one farmer this year is \$500 and the minimum \$10, but no loan may be made in an amount greater than is actually needed to cover the cash cost of purchasing seed, fertilizers, supplies, feed, etc. Loans will be made for the purpose of growing and harvesting crops, for summer fallowing, for purchasing feed for livestock; but not for the purpose of purchasing livestock or machinery, or for the payment of debts or taxes.

Loans will be made only to applicants who are cooperating with the Production Control Program of the Agricultural Administration.

As in the past, the security for an emergency crop feed loan will consist of a first lien on the crop financed or on the livestock to be fed. A tenant must also give a first lien by getting the landowner to waive his claim in favor of the crop lien; but the landowner is in no way obligated for repayment of his tenant's loan.

Checks in payment of approved loans will be issued by the Regional Emergency Crop and Feed Loan office at Dallas; and not by the field supervisor or the loan committee.

SINGING CONVENTION

The North Side Coryell county Singing Convention will meet with the Liberty Class the second Sunday, which is the 14th, three miles south of Turnersville.

All singers are invited to come. Bring your books. Every body bring your lunch and let's have a good time.

HOSTESS TODAY

Miss Carolyn Wessler, above, of the Kelvin Kitchens, will conduct a Hostess School here today (Tuesday) at the local office of the Community Public Service Company. The school is sponsored by that company and all interested ladies are invited to attend.

This will give homemakers of Gatesville an opportunity to become better acquainted with such subjects as table setting, entertaining, food buying, meal planning, etiquette and budgeting. The program includes dozens of suggestions of practical value and answers many questions that might arise in connection with the problem of entertaining club and family groups.

The School begins at 2:30 p. m. Refreshments will be served, and souvenir menu sheets will be given away as well as food prizes and an attendance prize.

CORRECTION

Calling your attention, if you didn't already see it, to an error we made in the ad of Mrs. O. D. Coward, Friday's paper.

Mrs. Coward's ad read "Permanents \$1.50" and should have read "2 Permanents for \$1.50." Also it was Mrs. O. "D." Coward's ad instead of Mrs. O. "B." Cowards. We're pleased to make notice of these errors.

R. H. GRAY TRANSFERRED TO SWEETWATER

According to the Hamilton Herald-Record, R. H. Gray Division Manager of the Community Natural Gas Company of Hamilton, was transferred to Sweetwater to succeed L. M. Scholl as Sweetwater Division Manager.

Mr. L. D. Black, formerly District Manager of Sweetwater, will succeed Mr. Gray.

Mr. Gray married Miss Katherine Brown, daughter of Dr. and Mrs. Reb Brown of this city, and they have visited friends and relatives here quite often.

Clifton College Chorus To Give Program at Trns'ville Thurs. Even.

The Clifton College Chorus of forty, under the direction of Mrs. Anna Odegaard, will present a sacred concert in the Turnersville High School Auditorium on Thursday evening, April 11. This chorus sings "Risen," an Easter Contata by Gabriel, a very pleasing arrangement of choruses, duets, solos, etc. The complete Easter theme is presented. This contata is one in a series of eight appearances that this white-clad chorus is making during the Lenten season. They have appeared in Dallas, Waco, Meridian, Cranfills Gap, McGregor and Iredell. The public is invited to hear them. There will be no admission charge, but a free-will collection will be received.

Mr. and Mrs. Dave Rubarth were seen in Gatesville over the week-end. He is always in a jolly mood. J. R. Saunders and Si Blackstock were here this week-end visiting relatives and friends. Si looked well, but James Reed looked a little out of the ordinary with the summer haircut. L. N. Parrish, teacher at Whitley Creek was a visitor to the News recently. Spring shopping has started, and I saw A. A. Alford in a local department store getting all fixed-up. Miss Ninnie Johnson of Turnersville was a recent visitor to the News, bringing us some real news. Mrs. Charles Baker was seen as she dropped in the Community Gas Office probably to have a chat with her attractive daughter, Mrs. Lee Colwick.

SUPPORT FOR PROPOSED ATHLETIC FIELD STILL UNDERWAY

Active support of the proposed lighted field is still underway, according to advices received from several members of the Hornet's Club. With the organization of the G. H. S. Hornet's Club to work in conjunction with the alumni Hornet's Club, no slack is going to be allowed in the pushing forward plans for this added improvement to Gatesville's school athletic equipment.

These members of the city Hornet's Club are awaiting a decision on certain matters necessary for the furthering of this project, and hope to announce shortly that some definite steps may be taken toward its actual beginning.

Two One-Act Plays and Style Show to Be Staged At High School Friday

A program, consisting of a style show, two one-act plays and other entertaining features will be presented in the gymnasium Friday night by the high school dramatic club and the home economics department. The style show, which will present the styles of fifty years ago as well as today, will include dresses made by the home economics students and models handled by the local merchants.

"Thursday Evening," a one-act comedy, by Christopher Morley, will be presented by the dramatic club with Joe Satterfield playing the part of Gordon Johns, Beverly Chamlee as Laura, the wife of Johns; Fred Byrom as Mrs. Sheffield, the mother of Laura, and Dorothy Culberson as Mrs. Johns, the mother of Gordon. This play was presented at the one-act play tournament in Waco Friday. This will be the first time that it has been presented to the public in Gatesville although it has been given several times for practice to small groups. The play is directed by Miss Villa Holmes and Erle Powell is the stage manager.

The second of the one-act plays will be "Frank and Erna," by Frederick Douglas. The cast for this play includes Durward Taylor, Leah Dale Franks, Mona Draper, Elaine Wiggins, Frankie Mae Blair, Dave Culberson and Mildred Morse. This farce depicts the misunderstanding of a young married couple, which is played by Durward Taylor and Leah Dale Franks. J. W. Clark is the stage manager for this play and Miss Holmes is the director.

The evening's program will be given further variety with musical selections by the grammar school choral club.

An admission charge of ten and fifteen cents will be made.

BIDS ASKED FOR IMPROVING SECTOR OF NO. 36

Bids on grading and drainage structures on a 5.131 mile sector of Highway 36 northwest of Temple were asked Friday by the highway department.

The bids will be received April 19 by the state highway department.

The project is covered by the U. S. public highway project NRS 801.

The segment on which bids are asked comprises only a portion of highway 36, which when completed, will join the Coryell sector and pass through several counties to the northwest.

morning when her automobile overturned near McGregor while en route to her home in Dallas. A blow-out resulted in the car overturning three times. Virginia Belle was thrown out of the car and this accounts for the fact that her injuries were not of a serious nature. The Plymouth which she was driving was demolished.

HAMILTON IS CAPTURED

Saturday's morning papers carried stories of the capture of Raymond Hamilton. Hamilton, last July escaped from the Huntsville penitentiary where he had been sent for robbery and as the murderer of Major Crowson, prison guard slain in a penitentiary delivery engineered by Clyde Barrow, late bandit chief whom Hamilton served as a lieutenant and bank robber specialist.

Hamilton maintained, even in the face of the capture that meant his almost certain death, the air of bravado he has carried through his widesperad depreations.

Figuring in news dispatches for some time, Hamilton has been at large most of the time, pursued and ever nervous from the continued watching and vigilance necessary to a life similar to his.

One by one, the "heroes" of the headlines are "getting theirs" and soon state and county law enforcement officers are going to put this kind of citizen's (if they are citizens) out of commission or in safety behind prison bars.

Co-operation with each other, avoiding glory or publicity, and the support of people who are for straight living and high thinking are very important factors in helping make it possible for the "laws" to rid our counties and state of this kind of "paper made heroes."

So ends another chapted of crime eradication in the state, and assures us the officers are really doing something about the so called "crime wave."

CITY STREETS ARE IMPROVED

Giving credit where credit is certainly due, we've got to pat the city authorities on the head, figuratively.

So much improvement has been made in a number of the city streets this spring that it is unique. Of course like some die-hards might think, everything cannot be done in a day, not even in the building of Rome, but this very fine improvement must not go unnoticed.

It just goes to show that in the selection of city employees, and that's what the officers are, they as well as anyone else, must have time to show the results of their plans.

Of course, there are other streets that could stand some attention, but they will certainly be improved as soon as arrangements can be made to get to them. Be patient, folk, and pretty soon your car won't rattle and bang when you drive over Gatesville's side streets. Be patient!

"SHARE THE WEALTH"

THERE IS TALK of a Huey Long-led third party in 1936. If the Kingfish seeks the Presidency in '36, it will be upon his "Share-the-Wealth" platform. Just what makes Senator Long and his "Share-the-Wealth" platform so formidable fascinates leaders in Washington. Long has never been charged with false modesty and he makes no attempt to minimize his own strength. Last week he declared that in 1936, if he chose, he could "carry the entire South." This would carry a nice block of electoral votes away from the Democratic column.

Economic theories for the immediate salvation of the U. S. come and go like the waves of the sea, pounding loudly for a little while on the beach of public attention and then receding to the silent depths of history. The Utopian movement, whipped up into big breakers by the 1934 campaign, spent itself in the defeat of California's Upton Sinclair and his EPIC plan. Its successor, the Townsend Plan, touched its high watermark just before Chairman Doughton of the House Ways and Means Committee put the old country doctor on the witness stand and proved his plan impractical. But the largest political splash is being made by Huey Long's Share-the-Wealth movement.

Huey Long's Washington headquarters in the Senate Office Building receives from 15,000 to 30,000 letters a day. Each letter received gets a "personal" answer from the Senator. The maximum mail, over 30,000 letters in one day, was caused by the radio row between Huey and Gen. Hugh Johnson, who has been delegated the job by the Administration of calming the Senator down.

The Share-the-Wealth movement is divided into two parts. Part 1 is in Louisiana where Share-the-Wealth meetings are part of the regular curriculum of Long political leaders. There are clubs organized by his workers, in nearly every precinct or voting district. All jobholders and would-be jobholders are assembled in a shabby little house. They have nothing to lose and may have much to gain by joining. Orders are to elect as many officers as possible, so each club always has a president, several vice presidents, a secretary, and many committee chairmen. All members of the club are promised a home, an automobile, a radio, \$5,000 in cash, an income of not less than \$2,500 a year, an old-age pension, a free university education for their children—when Huey is President. The more illiterate the audience, the larger promises. Thus the strong Long machine grows stronger daily.

Part 2 of the Share-the-Wealth movement is in the rest of the U. S. Anybody who writes to Senator Long receives free literature urging him to form a Share-the-Wealth society and "Be sure to send in the

coupon off the circular with the names of your officers." There are no dues, no charges of any kind against members. All we need, says the Kingfish, is "20,000,000 ballots." The Senator claims that there are 27,431 clubs in the U. S. with 4,684,000 members.

A fortnight ago Senator Long told a newshawk in Washington: "There positively will be a "Share-the-Wealth ticket in the field in the 1936 campaign."

The question is whether Huey can take the election on a third-party ticket. Theodore Roosevelt and Robert La Follette the Elder found how hard it was to get up the machinery of a third party on a country-wide basis. Huey Long is no man's fool about such a practical matter. He might, as some people have estimated, poll 10,000,000 votes. But there is no profit in being an also-ran, which is all that 10,000,000 votes can make a candidate. The Republicans polled 15,000,000 votes in 1932. If Huey Long can poll 10,000,000 votes as a third-party candidate, those votes subtracted from the 22,000,000 votes which Franklin Roosevelt polled in 1932 will give the Republican candidate victory.

So after all Huey Long may hold the election of 1936 in the palm of his hand. Huey's friends may be overestimating his strength. Maybe not. But the boys in Washington are beginning to look around at his prospects and are wondering just what this fellow can and will do to the election chances of Mr. Roosevelt next year.

Happy Home Makers Club

The Happy Home Makers club met with Mrs. Charles Barkley April 3. Two hours were spent embroidering handkerchiefs. The house was called to order by the president at 3 o'clock. We sang a song and had our prayer, then the business meeting was disposed of.

Winners on the contest were Mrs. Eura Manog and Mrs. Bill Smothermon. Refreshments were served and we adjourned to meet with Mrs. Floyd Barkley April 11. Miss Martin is to be with us that day.

FROM MISS MARTIN'S NOTE BOOK

Sub-irrigation will be tried out in the garden of Mrs. Jake Hodel, pantry demonstrator of

the Coryell City Home Demonstration Club. Mrs. Hodel has made 600 tile one foot long for her garden, these tile were made from 4 parts sand, one part cement, and about 1/2 as much water as cement. These tile have been placed end to end in rows four feet apart.

Six vegetables have been served from her spring garden by Mrs. W. A. Melton, pantry demonstrator of the Carden Home Demonstration Club. These are radishes, lettuce, onions, mustard, turnips and English peas. The English peas are the Early Alaska Variety.

VISIT HERE IN PLANE

Mr. and Mrs. Vernon Perry and little son Frank of Georgetown flew over to Gatesville Saturday afternoon and visited their parents, Mr. and Mrs. George Perry, until Sunday afternoon.

They were accompanied by Herbert Graves, pilot and owner of the plane, who is in the passenger flying business both for profit and as a hobby.

Every Rural Home can now have MODERN CITY REFRIGERATION

**ELECTROLUX
OPERATES ON KEROSENE**

YOU don't have to live in the city to enjoy all the advantages of the finest of modern city refrigerators—Electrolux! For rural homes, Electrolux now operates on kerosene . . . gives you the same perfect refrigeration that has made it the choice of more than half a million American families!

Runs for amazingly little!

It's a real opportunity! Especially when you consider how very little it costs to run Electrolux. A five-gallon filling of kerosene lasts a week or more. No daily attention needed. Owners report their Electrolux operating for as little as 3 1/2¢ a day!

Simpler . . . more efficient!

Electrolux is able to operate so efficiently because of its remarkable simplicity. Like every Electrolux, the Kerosene model has no moving parts. A wickless glow-type burner circulates the refrigerant which is cooled by ordinary air. Electrolux uses no water.

No moving parts to wear!

Thanks to its absence of moving parts, Electrolux is permanently silent and saves on repairs too! For parts that do not move cannot cause noise or wear!

Modern living at its finest!

You'll be proud to have this beautiful Electrolux in your kitchen. American women themselves created its smart new design! And every day you have it, you'll appreciate more the way it keeps food perfectly fresh, provides plenty of ice cubes, and makes possible a world of new, tempting salads and delicious frozen desserts.

FREE!

Send for this illustrated booklet containing interesting information about the Kerosene Electrolux.

The Liberty Woman's Club had a very interesting and successful meeting in the home of Mrs. Henry Hudson, March 26. It was an all day affair. The dinner was composed of test dishes from which the members selected recipes to be tested by them individually for their recipe files.

Foundation pattern, cutting and fitting was one of the main

features of the day. This was directed by Miss Gladys Martin, county demonstrator. She always brings to her clubs information of appealing interest, and the members of Liberty Club are convinced that her 1935 plan of instruction will give them more practical working knowledge than a college course in Home Economics.

A mid-afternoon lunch featured the dishes that could not be crowded into the noon course.

Mrs. Hudson is a gracious and charming hostess. The opening of the doors of her home to the club spells success.

The next club meeting will be the pecan budding school at the home of Mrs. Powell Sutton. Everyone interested is invited. This too will be an all-day affair. Don't forget the date. (today) April 9.

Neff Park May Become Playground Of Central Texas Suggests Writer

By Frank E. Simmons

A few days past we visited Mother Neff Park, a place that will one day be one of central Texas' favorite playgrounds. It is situated on the north bank of Leon River and near the converging point of three counties, viz., Coryell, Bell and McLennan, although their grounds are entirely in Coryell. The park is easily accessible, over good roads from all three of the named counties and will, when completed, be an ideal meeting place for the people of all central Texas. A get-together ground, where new friendships, new social contacts, and widening of social horizons will be fostered.

This community is fortunate in having Lieutenant H. A. Little as commander of co. 817, the CCC unit engaged in developing Neff Park, and fortunate are the enrollees to be under his care. Under Lieut. Little's direction the mental, physical, and social opportunities is being well looked after. The boys have their own news paper, "The Blue Eagle". Journalism, radio, typing and numerous other courses are being offered to all enrollees who are willing to take advantage of golden opportunities.

C. R. Byrom is project superintendent and he it said that Mr. Byrom is keenly alive. I gather that he is interested in preserving local history and traditions of this community, and appropriately marking all historic places that have an association with the park. The collection of materials for a museum that will finally find lodgment in the proposed concession building to be erected is one of his ideas. If Mr. Byrom can get proper community cooperation, this could be made a very attractive feature.

I notice that large sections of the timbered lands are being cleared of dry brush and leaves as a fire prevention measure. The dry wood is being cut into camp wood and corded for the future use of picnic parties. It is estimated that a two year supply of dry camp wood will be stacked on the ground when the project is finished.

At many places that are ideal, picnic units are being constructed. These units will consist of stoves made of fire-brick walls and iron grates. Around these grills will be constructed stone tables and benches, giving a fine rustic effect.

There are wild rocky ravines and some living springs, each of these will have its picnic unit. One of these will be especially interesting. I refer to the one at the cave that proved to be an ancient Indian home and burial ground. The body of the Indian found here and the interesting relics found associated with the body will be preserved in the museum. There will be picnic sites to suit the most fastidious.

Some roads are being opened and drive ways passing through mazes of science beauty will traverse all sections of the park lands. There will be foot paths up rocky ravines and along the edges of ragged limestone bluffs and by the waters of the Leon River.

This will be "our park", a place where any self-respecting

person may go at will for a pleasant hour. It should be a community center for the folks of several communities and many towns. Let us pull and push for "our park". Let us co-operate with the esteemable gentlemen who have its development in charge. Foremen Huddleston and King who are the active field men, the latter in charge of landscaping, are filling important posts creditably and Prof. Williams is full of enthusiasm for the mental development of the boys under his instructions.

Fort Gates Built Back in 1849

By Frank E. Simmons

In the McGregor Mirror of Nov. 23, 1934, we ran an article, "Mother Neff Memorial Park." In that article we gave an account of Fort Gates, and the date of its establishment by U. S. troops.

We made some errors to the exact date, also as to the man for whom the fort was named. We had gleaned our information from old records, and traditions handed down from early pioneers. "Sept. 19, 1849 Fort Gates was established. The fort was named for a famous Revolutionary War general, Horatio Gates." The date, Sept. 19, was a typographical error. Sept 2 was intended.

Since we have been challenged by parties interested in Coryell county history on these different occasions, we have gone to the trouble of writing the War Department for authentic information and have a letter from Maj. General James F. McKinley, the Adjutant General, from which we quote the following: "The records show that Fort Gates, Texas, was situated on the north bank of the Leon River above, Coryell's Creek north of Austin, Texas. It was named in honor of Maj. C. R. Gates, United States Infantry. It was evacuated in March 1852. The post was authorized on September 2, 1849, per orders no. 62, 8th Military Department."

Since my challengers and myself were all in error on minor points, this authentic information from the War Department will correct our erring records.

Softball players seem to be in top form from the scores piled up in Friday night's games. The Firemen nosed out the Oilers in a hard fought game 2-0. The Conoco lads seem to have more trouble getting in shape than any team in the league, making more errors. The Firemen, headed by Carter Ray, played consistent ball throughout the game, and the two tallies were well earned.

J. W. Summers, ace hurler for the Independent crew, was absent Friday as was Bob Arnold, Jr., co-manager of that team. Gartman had a kid by

known as "Poison Ivy," and he proved poison to some ten of the Round Table crew Friday night, fanning approximately that many. This lad is wild, but can be developed into a good hurler. Some of the strongest hitters for the Bachelors were fanned, and many other players will likely drop the bat before him before the season is over. The Bachelors won the game 6-0, but had more trouble than the score indicates in shutting out the Independent club.

Tonight it will be two teams fighting for top place and two for the cellar. In the first game, the Round Table will play the Firemen. We will take the Fire Boys. Just a guess, and could lose as easy as we can win. In the second game the

name of Ivy in the box. From what I hear, he is better. Conoco Club is pitted against the Independent team. The dope bucket is due an upset, so we will take the Oilers. Luck will have a great bearing on both of these games.

Crosley Refrigerators

If forecasts of the activities of the TVA are permitted to mature it will be but a few years until nearly all homes in the country can enjoy the blessings of refrigeration.

Even now, due to mass production and moderate profit plans of the Crosley Company, hundreds of us are enjoying ice comforts that would have not been attainable even a year or so ago. The Company manufactures 9 different models. In one of these models, no doubt, you will find a machine adapted to your needs.

We have on the floor now 4 of these models and illustrate 2 of them in this ad. Model FA-40 (Not illustrated) has 4.9 cubic feet net capacity and 8.6 square feet shelf space. It has 2 ice trays with capacity of 42 cubes. Has interior with stainless steel and porcelain bottom. The price of this model is..... **\$118.50**

I want you to compare this model with any other box on the market at this or any ways near this price. Compare the capacity, the material used in its construction, which is all standard including Delco Motor.

This illustration represents model F-55. It is a box of liberal capacity with 11.6 square feet of shelf space. The price is... **\$174.50**

We can furnish other models at \$85, and \$99.50.

NOTE:—Any of above can be had with small down payments followed with small monthly payments. Ask anyone who has a Shelvador about the cost of operation and the service it gives.
