COPIOUS RAINS COME TO ALL PARTS OF C'NTY

American Legion Memorial Will Go Up in City Park

Plans are completed by Mr. Cliff Tucker of Gatesville for the proposed Knox Curtis Memorial Home to be erected, under the direction of the Knox Curtis Post of the American Legion of Coryell county, according to Dan McClellan, Chairman of the Building Committee.

At present, the Legionaires have some funds with which to build this Memorial, but it will be necessary for donations and subscriptions to be forthcoming from others outside the legion in order that this building may be erected in memory of our war heroes, both alive and dead. Mr. McClellan did not divulge the plans of this proposed structure, but said in short, that the size and erection of the building depended on the interest of the county as a whole and the securing of the necessary funds.

Previously, city officials granted to the Legion the right to use any space in the City Park necessary for the erection of a suitable memorial to Veterans of the World War.

Seniors Laboring on Play for May Tenth

"Honor Bright," a comedy by Meredith Nicholson is in production by the Senior Class of Gatesville High School and is to be presented May 10, according to Ralph McDowell.

Cast for the play includes Margaret Gilder, Durward Taylor, Beverly Chamlee, Alice Earl Anderson, Dorothy Culberson, Joe Powell, Charlie Ray Hinsley, Raymond Leonard, Edwin Prewitt, Lillie Mae Morris, Hazen Ward, A. C. Bates, Mildred Morse, J. W. Clark and Emil Lee.

Bob Brown, student of John Tarleton, visited his parents, Dr. and Mrs. Reb Brown, last week end, and had as his guest D. C. Clantitt of Fort Worth, who is also a student of Tarleton college.

CHURCH OF CHRIST REVIVAL TO BEGIN

On Friday (tonight) the Church of Christ will begin their annual meeting. Brother J. L. Hines, who is with the Sunset Church of Christ, Dallas, Texas, will hold the services. He is recommended as a good Bible scholar and citizens may be assured of enjoying him. The meeting will close May 4. You are urged to attend his services.

Regular services will be held as follows:

Bible study at 10 o'clock. A sermon will be delivered at 11 o'clock followed by the Lord's Supper, also young people's Bible Study at 6:30 on every Lord's day. On Tuesday afternoon at 3:30, there is a Bible class. A sermon will be delivered by Brother J. L. Hines Wednesday evening at 7:30 instead of the regular Bible study. Your presence at all services will be appreciated.

MISS DORIS JONES GIVES PROGRAM TONIGHT

Miss Doris Jones of Waco will present a program tonight (Friday) at a Silver Tea, in the home of Mrs. J. P. Kendrick. Miss Jones is remembered and love by many Gatesville people for her exceptional talent in reading and violin music. Miss Jones has promised a program that will especially interest the men. Through her most charming character, Miss Jones takes her audiences into confidence and makes them live with her in the "land of make-believe."

Don't fail to hear her tonight. The public is most cordially invited. The silver offering will be used to send the young people to summer conferences of the Presbyterian Church. Come and bring your friends.

The program is being presented under the auspices of the Woman's Auxiliary of the Presbyterian Church.

JIM BROWN BRUISED IN CAR ACCIDENT AT MOODY

Returning from San Antonio Wednesday night late Jim (Boy) Brown overturned the car he was driving after skidding in loose gravel, and got out with slight injuries and bruises.

He was transporting a 29 model Ford coupe for a local automobile house from San Antonio when the accident occurred. Damage to the car was considerable, including a crushed radiator, broken top and door glasses. He was driving alone, and was with a party of three who were bringing cars in.

Following the 1.31 inches of rain so sorely needed that came Thursday night last, Wednesday night of this week it started pouring again, and up until 8:00 a. m. this morning the total for this session was 1.26, according to the U. S. Government rain recorder. Total up until press time was 1.31 inches, same as last week.

Reports from the local "central" are that rain is general all over the county, and that there was considerable hail of large size stones at Pidcoke for about 30 minutes, also Slatter. Hail seemed general over the county in smaller amounts, but the good part was the rain. Hail damage will not be general, however, since up to late Thursday afternoon, no considerable damage has been reported.

Winfred Jones, who is connected with the Gulf Refining Co., Waco, is spending his vacation this week with his parents, Mr. and Mrs. Bob Jones.

LIVE COONSKIN COATS

Two parts of a coonskin coat are running around in a cage out at the forks of the Waco-Straws' Mill road. They're raccons, two in number, age 6 to eight months, and the elder, something over a year. Lucian Short, operator of the filling station and garage at the "Y" says they belong to "Slim" Bonds, and that he has them for display and probably "keep".

When we saw them, the Old Man was in the top of the cage in the dark, since he prefers to come out at night. The youngster was munching fish bones, and it is said, they both prefer fish bones, chicken bones, in fact, any kind of bones, bread, candy, but positively will not eat fruits of any sort. As for peanuts, usually used for zoological specimens, Mr Short says they haven't been tried yet. They do their own washing, preferring the tub to shower, and as demonstrated, didn't like to be washed off with the hose used for filling radiators in automobiles. They don't seem to mind the noises of civilization and pay no attention whatever to that menace of slow and pioneer life, the automobile.

As for their use, our only suggestion is that if arrangements could be made, they would furnish a splendid embryo for a "Zoo" for the City Park, and our advice is "that you take your children to see the animals." We believe Mr Short won't mind, but won't be responsible if fingers get too close to the cage.

Pianist Wins High Praise In World's Largest City

Carl Nesbitt Named Brigadier General by President Roosevelt

Effective immediately, according to orders from President Franklin D. Roosevelt, Carl Nesbitt of the Texas National Guard has been promoted to Brigadier General in the Adjutant General's department. General Nesbitt was named by Governor James V. Allred as an officer in the National Guard shortly after he was inaugurated as governor.

Brigadier General Nesbitt is related to Supt. E. H. Nesbitt of the State Juvenile and Training School located here.

TAILOR SHOP MOVES TO NEW LOCATION

Jim Martin, owner and operator of a Tailor Shop on south side square, is moving Saturday to new headquarters in the G. B. Brown building on Leon street as announced elsewhere in this paper.

Jim has had years of experience in this work. He invites all of his customers and friends to visit him at his new location.

CORYELL CITY RADIO MAN OPENS REPAIR SHOP HERE

Edgar Gholke, formerly of Coryell City, who is an expert radio repairman has just opened a radio repair shop and service shop at I. O. Scott's on Leon street.

Mr. Gohlke will carry a complete line of radios, besides all the necessary parts for repairs to all makes of radios. He has just finished a course in radio repair and installation at Tyler Commercial College.

Placed first in a contest by Harriet Cohen, concert pianist, in a London recital, Lytle Powell, for the second time, brings honor to himself and to Gatesville, in the Chopin contest for young artists. Mr. Powell, with a B Music degree from Baylor University, has been studying piano and playing in concerts in London for the past two years.

Contest numbers used by Powell were Chopin studies in E major and A minor (Winter Wind). For this victory he received a beautifully bound 3-volume edition of Chopin's works in the text of the original edition.

Young Powell has been asked to play the Schumann concerto in A minor with symphony orchestra in May, next, month, but it seems that the law in Great Britain forbids a foreign student there from accepting money for his services until he is considered a full-fledged artist. Tobias Matthey, however, has appealed to the government to try to secure special permission for Lytle Powell to play. So far, the government has not definitely decided to grant this request, but the young student writes that he has been fingerprinted and has talked to the minister of labor and other officials about it. He has had other offers for engagements, but does not dare accept money as it will mean his expulsion from England without the right of ever returning.

Lytle Powell is the son of Mr. and Mrs. Will Powell of this city, and they and Mr. Powell are to be congratulated on the fame gained by their son in his ardent endeavors in the musical world.

Huddleston Wants Big Corporations Investigated

Earl Huddleston, Coryell county's Representative in the State Legislature forwards us this item taken from the Sunday Austin American, and states he is bending every effort to get favorable legislation thru for the benefit of the people of Coryell county.

The article reads: "Rep. Earl Huddleston of Coryell county Saturday made a public appeal for the people back home to bear down on lawmakers to secure action on a resolution to investigate big corporations and purported activities toward freezing out small concerns. "A committee of which Hud-

dleston was a member, broadened out a resolution by Rep. Ross Hardin of Limstone, designed to investigate the Borden Milk Company's activities, with a view of studying the relations of all large corporations to small concerns.

"We have been trying to get this resolution up for several days" Rep. Huddleston said, "but for some mysterious reason we have not been able to bring it out." The representatives of the big corporations are here to my own certain knowledge, and are trying to prevent this resolution being voted on by the house."

WALK ON LEFT SIDE OF HIGHWAY

In their radio programs, W. Lee O'Daniel and his Light Crust Doughboys are certainly hitting top with their radio programs. One incidental and very important matter which they are bringing to the attention of their listeners is that of walking on the highways "facing the traffic." In other words, when walking out on the street, highway or road, Mr. O'Daniel and his boys urge you to walk facing the traffic and on the left side of the highway.

Several times when driving at night we've passed cars and at the same time pedestrians who were on the right side of the road, and if they are not watching unusually close they do not see cars approaching from the rear consequently making it very difficult to pass them and the other car without danger.

Clubbing the youngsters in an effort to train them to this important and safer usage of the highways, both for the safety of the pedestrian and also th automobile user is something very commendable for any one to promote and to sponsor, and especially in a commercial radio program such as that of W. Lee O'Daniel's and his Light Crus Doughboys. For safety, walk on the left side of the highway and FACE the traffic.

EDUCATION COMES FIRST

The farmer of today is far better informed on financial, social, economic and other national and international problems than was the farmer of pre-war days.

Much of the credit for that must go to the agricultural cooperative organizations, which have recognized the need for educating their members in order to make them better, more scientifically equipped soldiers in the fight for farm recovery and prosperity.

The co-ops do not simply try to improve marketing methods and widen markets and raise prices to a profitable level—they disseminate a wealth of information and opinion that bears on a thousand problems which directly or indirectly affect the welfare of agriculture. That work, though it is little publicized, is every bit as valuable as the work the co-ops do in connection with the regular routine of the farming industry.

THE TOO WELL REMEMBERED MAN

In a recent article in "Fortune," Roswell Magill, professor of law at Columbia, discusses the plight of the "Too well Remembered Man"—the American taxpayer.

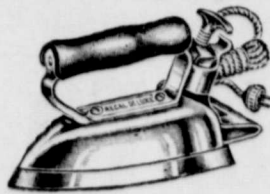

Mr. Magill points out that there are three basic criteria to apply as yardsticks to any tax system. The first of these is adequacy—does the system produce as much revenue as is needed? The second is economy in administration—how much of each tax dollar is required to pay the costs of collection? The third is fairness in distribution—do all classes of the people pay their equitable share?

In Mr. Magill's opinion, which is imposingly buttressed with facts, the federal government's tax system falls down on three counts.

It is not adequate—the Treasury's report for the last fiscal year shows total receipts of a little more than \$3,000,000,000 as against expenditures of seven billion dollars. The deficit has actually exceeded total receipts!

It is not economical in administration—over a ten-year period, the cost of collection to the government (which is obviously the same thing, indirectly, as the cost to the taxpayer) has ranged as high as \$2.17 per \$100 of revenue, as compared to a high of \$1.74 in Great Britain. In addition, the United States develops more than eighteen times as much litigation each year out of the income tax as does Great Britain.

Community News Letters

(Editors Note: We have had some interesting community news letters the past few issues of the paper. Correspondents have been reporting items of news that will be eagerly read by every community in the county. We believe the News has as good rural news report-

ers as will be found on any county paper and they are making it a point to "dig up" sufficient material without resorting to merely neighborhood visits, which is of practically no interest outside that immediate vicinity. Let's not stop now but try still further to improve our letters.)

The Universal Car

ONE name comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service. . . . That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists. . . . Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern automobile. . . . The Ford V-8 combines fine-car performance, comfort, safety and beauty with low first cost and low cost of operation and up-keep. There is no other car like it.

Our continued growth in consecration, in earnest prayer, and courageous effort, together with the assembling of ourselves together, is the true test of Heaster. The true est of the meaning of this Easter cannot be made until next year. Are we measuring up?

The pastor is in attendance of the Presbytery of Central Texas in Taylor this week. He will fill the pulpit here next Sunday. Every member is expected to be in his place at 11 a. m. and 8 p. m.

The public is most cordially invited to worship with us. You are assured of a hearty welcome.

Jas. M. McLean, Pastor.

Methodist Church THIS OR THAT!

Here is a priceless gift for you. Suppose some one would tell me I could have a lovely home, free of taxation and repair bills if I would just live up to a certain standard of life. Do you think I would try? There are thousands of people who would not.

Frankly, many folks had rather wade around in filth than to clean up. Sanitary laws are made and enforced by few people, many do it because they have to do it.

I have just what men need to make real red-blooded men out of them, but many prefer the cess pools of evil living.

But here it is:

You are cordially invited to attend all of these services.

Poet Lauriate Gets Recognition from both Journal and College

William Vann, head of the English Department of Mary-Hardin-Baylor College, brings news relating to the annual survey of literature made by The English Journal, an educational magazine published in Chicago and of this report, Mr. Vann says:

"It was part of an annual survey of contemporary literature conducted by a regular committee. Your volume was one of only twenty-nine in all; it was the only one mentioned from the Southwest, except Lomax's new collection of ballads; and the list did not even make mention of the year's Robinson volume, or Millay's, or such significant things as Jesse Stuart's 'Men with a Bull-Tongue Plow' or Paul Engle's 'American Song.' So you may attach what value to it you will—A notice in this particular list (No. twenty-nine in the Nation) is something worthwhile."

The English Journal's comment follows: "Mr. Adams' lyrics are brief and clear cut. The freshness of their rural images suggests that they have grown naturally out of the poet's daily life on his Texas farm. Most of them are essentially fanciful; now and then the substance is trivial or banal, but a creditable number are original and very

pleasant. The few poems which convey intimate and strong feeling, and convey it effectively, lead one to hope that Mr. Adams will increasingly concerned with expressing his deeper experience."

It's notices like these and pats on the back so to speak, that help put anyone on the map in their special lines of endeavor. Such different people as Mr. Adams help to identify Coryell County and Gatesville helping to locate them on the world map to world citizens.

THE FIRST YEAR IS THE HARDEST

Miss Mary Boyd, a former teacher in the Gatesville public schools, is now teaching high fourth at Franklin school in El Paso. In a recent article in an El Paso paper Miss Boyd says:

"Children of Mexican parentage in south El Paso schools really have a difficult time during their primary education years

"I tell them that their troubles are doubled because they have to learn English before they can learn their lessons. They simply will not speak English to each other until they

New Cotton Contracts Mailed to State Board

Almost five hundred new 1935 Cotton Contracts are being mailed to the State Board of Review, College Station, Texas, today. It is expected these applications will be approved and a contract drawn up within the next ten days, which contract the farmer will be notified to come in and sign the final contract, if he accepts the adjustments made.

Ninety-five per cent of all of the continuation contracts for 1934-1935 have been sent to Washington D. C. for payment. First payments on these should be by the first part of June, but due to the immense number of checks being written and contracts being audited in Washington it is impossible to know for certain exactly when the checks will arrive. However, since the processing taxes have amply supplied the treasury with funds for the payment of these contracts and since the Government has carried out every contract that it has made to the farmers, the farmers have learned to depend on these checks coming in even more safely than the return from crops planted.

Measuring Wheat Land Begins
Certification of the Compliance on Wheat Contracts has begun in Coryell County. Mr. Ed Schloeman is farm wheat Supervisor and will measure all wheat land and rented acreage under the 51 wheat contracts. Wheat farmers should assist the supervisor in the measuring of these fields and the measures must be checked at the time the field is measured, so that there will not be any remeasurements.

Between now and May 25 all wheat contract signers and other wheat growers who had a wheat base in 1930 and 1931 and 1932 will have an opportunity to cast a ballot favoring continuation of the business like program afforded wheat growers of the past, or to vote against a continuation of the wheat program, and go back to unrestricted individual production. If the farmers vote for a continued wheat program the contract will be similar to the present contract which will guarantee a parity wheat price on the domestically consumed wheat which is 54 per cent, and a maximum reduction of 25 per cent, each year. The contract will be a four year contract.

Several farmers misunderstood last week's item in the paper concerning Bankhead Applications. Several thought that it was time to apply for Tax-Exempt Tags. This is a mistake. The Bankhead Blanks are here but there must be a great amount of office work done before the application will be ready for signatures. It is planned to have everything in readiness for making applications at least by the 15 of May. An announcement of the procedure and the time and place that every one who grows cotton will make application will be made at a later date. The only reason that publicity is given to

get into the higher grades, and thus they never get rid of their accent and difficult pronunciation.

"But I think I have solved the problem. In my rooms I have started a story telling hour, during which time pupils themselves recite stories before the class."

the receipt of these Bankhead forms is to assure the cotton farmers that the Tax-Exemption Tags will be received this year prior to the time which will require them. It is the intention for the county agent to keep the farmers informed as to the current programs and also the programs of the near future.

BUSTER NEWS

We are glad to report the health of this community good at this time. There are a few cases of sore eyes caused from so much sand.

Mr. Charles Cook of White Hall spent Monday with Mr. L. Hamilton.

Mrs. Bob Painter is in the Scott & White Hospital in Temple instead of a Waco Hospital. We trust she will be able to be home real soon. Mrs. Painter is a good christian woman and her presence is greatly missed.

We were happy to have Mr. and Mrs. Fowler and family of Liberty Church in our Easter religious services Sunday. The two young Fowler girls rendered several old-time favorite songs accompanied by guitar music, which were favored by the congregation.

Miss Doris Gilmore spent part of last week with relatives at Turnersville.

Mr. and Mrs. Clarence Sims spent Sunday with Mr. and Mrs. Bud Williams in the afternoon each family attended church services.

Mr. and Mrs. Arven Sheppard of White Hall spent Sunday here with Mr. and Mrs. Wayne Williams and Donald.

Mr. and Mrs. Alvin Martin and family of Valley Mills and Mr. and Mrs. R. P. Williams Jr. and son, Bob, spent last Sunday with the J. T. Martin family at Mosheim.

Mr. and Mrs. John Latham and J. P. Jr. of Liberty Church spent Sunday night and Monday with the W. H. Huskerson family.

Miss Lovie Williams returned to her home last Friday after having spent last week here with friends and relatives.

The date of our program has been changed again, this time to April 26. Other plans have not been changed. Everyone keep this date in mind and be here. Due to interference with Turnersville's Senior Play, we have reset our program date to April 26.

COMPETE IN REGIONAL MEET

In the regional meet held at Denton last Saturday Lula Gene Morgan of Gatesville ward won second place in essay writing. In the track events, Francis Gatesville high did not place in Rutherford and James Scott of the mile and 100 yard dash respectively.

There used to be a beaten track
Down to the corner store and back
From Junior's running hard and
fast
To buy ice cream for some repast.
Now when dessert time comes
around,
Junior's in the kitchen found,
Watching with two greedy eyes
Mother's newest marlow s'prise.

ARE YOU one of those women who
Astopped freezing your own ice
cream in your own refrigerator be-
cause even the corner drug store
could make ice cream that was
creamier—without using cream at
all? If so, you have a big surprise
waiting for you when you take your
first marlow out of its freezing tray!
It's called a marlow, you must
know, because it has marshmallows
for a base. Marshmallows steamed
until they are liquid, with that in-
describably velvety smoothness which
you could guess would defy crystal-
lization in the freezing process. Your
guess would be right, too, for no
marlow has ever been known to lie
down on the job by turning to a mass
of little ice crystals after the discon-
certing fashion of ordinary mechani-
cal-refrigerator ice creams.
The marshmallows take the place
of the sugar in your recipe, so there
is nothing to crystallize. Only the
pure gelatine base of the marshmal-
low itself, which not only prevents
crystallization but gives an unbeat-
able smoothness to the finished prod-
uct, without the slightest trace of
a marshmallowy flavor. And best of
all, the whole process is accomplished
absolutely without stirring! When
you have turned the marlow mixture
into the refrigerator tray and set the
cold control, you can leave the rest
to the refrigerator. Make your ice
cream the day before you want to
use it if you like; the marlow posi-
tively thrives on standing.
If it sounds miraculous and slightly

incredible, just try this simplest of
all marlows. Get a package of marsh-
mallows, gird on your favorite apron,
and prepare to be pleasantly sur-
prised.

VANILLA MARLOW

20 marshmallows 1/2 pint cream,
1 cup milk stiffly beaten
1 tb. vanilla

Steam the marshmallows and milk
in a double boiler until the marsh-
mallows are perfectly liquid and
blended with the milk. Add the van-
illa and cool. When the mixture is
quite cold and beginning to stiffen,
fold in the cream. Pour into refriger-
ator trays and freeze without stir-
ring.

You need to remember just two se-
crets to make your first marlow a
complete success. First, always melt
the marshmallows thoroughly. You
can shorten the melting time by cut-
ting them into bits with scissors
dipped in hot water. Second, let the
marshmallow foundation stiffen
slightly before adding the cream—
which, by the way, may be coffee
cream, but must be beaten stiff. If
more convenient, use an ice cream
freezer without agitating. You can
also use a mold, packed in salt and
ice. The mold must have a tightly
fitting cover, sealed with adhesive
tape.

If Your Job Calls for ECONOMY, You'll Get a Real Thrill Out of This New INTERNATIONAL

● The new low-priced 1 to 1½-ton Model C-20 carries on the
International economy tradition. It brings to truck buyers all the
proved economy of former Internationals, together with new
beauty of line and many mechanical refinements. It has strength
without excess weight, speed for long hauls, and an abundance
of power for emergencies. The four-speed transmission adapts it
to dump truck service. Two wheelbases—133 and 157 inches—
permit the mounting of a wide variety of body types.

This new International features hardened exhaust-valve seat
inserts, cam-and-lever steering gear, and full-floating rear axle.
While the C-20 is a new model, its engine is well-known to
thousands of International users. Bakers, laundrymen, dairymen,
dry cleaners, florists, retailers, and others whose delivery service
calls for a great many stops, have found this dependable engine
a big factor in reducing their delivery costs.

We are now showing the new International Model C-20. Come
in and see it, or phone us and we will arrange a demonstration.

International Trucks are
available in sizes rang-
ing from ½-ton to 10-ton.

Senior Class Meeting

By Geraldine Schloeman
A senior class meeting was held Wednesday, April 13, with Miss Holmes, class sponsor, presiding.

At this meeting several things of interest and importance were discussed. It was decided to have four student speakers, two boys and two girls, for the commencement program. Those elected were James Scott, Joe Powell, Margaret Gilder, and Freda Wood. Because of a conflict the date for Senior Day has been changed to May 3, and the class has decided to go to Bosque Falls, near Valley Mills. It was also announced that the order for invitations, caps, and gowns has been sent off, and should be here shortly.

Officers of GHS Hornet's Club Elected

A second meeting of the GHS Hornets' Club was held Tuesday morning in the auditorium. Dave Culberson, president of the club, presided, and additional officers of the club were elected. Joe Satterfield was chosen vice president and Brack Curry

secretary of the club. A short talk was made by Coach Ewing, explaining the purpose of spring football training and urging more boys to report. Coach Ewing is planning a spring round-up game at the conclusion of spring training, between the ineligible and those who will make up next season's team.

Home Economics Department Gives Supper

By E. T. Mayes

The Foods I Class gave a supper for the members of the faculty, Thursday night at seven o'clock, in the reception room of the Home Economics department.

A three-course dinner was served. Jacqueline West acted as hostess and Belva McCoy acted as host.

Mrs. Reesing, Miss Worthy, Miss Holmes, Miss Halbrook, Miss Pearson, and Miss Gladys Martin were guests.

Mrs. Pinkney is instructor of the Foods Class.

Contest Underway to Choose GHS Sweetheart

By Jack Hestilow

After some "high pressure" campaigning by a few male

members of the student body, the contest to elect the "Sweetheart of G. H. S." has started.

On the second day of the contest the four candidates stand thus: Elaine Wiggins, first; Margaret Gilder, second; Nelle Goodall third, and Ruth Hamilton fourth. Nominations cost 50 cents and a vote costs one cent. The voting started Tuesday, and the contest is to continue till May 7th.

Assembly Program Friday

By Kathleen Adams

The assembly program Friday, April 19, was put on by the Junior Class and some students from the grammar school.

The program consisted of the following numbers: Reading by Margaret Melton; guitar trio by M. H. Shepherd, Donald Weaver and E. T. Mayes; four numbers by the rhythm band and 3 songs by eight of the grammar school choral club girls. Misses Bess Holmes and Evelyn Knight are the directors of the band, and Miss Selby directs the choral club.

The program was very much enjoyed by everyone.

Hornet Sport Review

By Jack Hestilow

Frances Rutherford and James Scott showed up pretty well in the regional meet at Denton last Saturday. The track was in a terrible condition because of the rain.

Spring training is well underway. Some of the letter men of last year are going to have to hustle if they see much ser- vice next season. Reb Brown

and Wendell Lowrey have been showing up rather well in practice and they'll be fighting for a position next fall. R. D. Myers has more fight in him than any of the others and he is going to make a splendid lineman next year. Joe Satterfield will probably be ineligible. Satterfield would have made the back field rather easily as he is a valuable football man.

The question of who will be next year's captain keeps popping up and we've begun to wonder too.

Senior Day

By James Webb

The senior class of '35 will have their Senior Day on May 3rd. The class will leave Gatesville about eight o'clock in both private cars and in school buses and will motor to Bosque Falls, near Valley Mills. A picnic and swimming party is planned. The class will return sometime that afternoon. All the class, which includes nearly one hundred seniors, is expected to go.

Choral Club Picnic

By Ethel Diserens

The Choral Club, sponsored by Miss Halbrook, enjoyed a picnic Wednesday, April 17, in the City Park. Forty-six members of the club were present. Sandwiches, potato chips, pickles, olives, tea, and fruit were served.

H. D. COUNCIL MEETING

There will be a Council meeting of club delegates of the Home Demonstration Clubs of Coryell County to convene on Saturday, April 27, 2 o'clock p. m., at the Court House district court room.

All club delegates are urged to be present.

Osage Club

Mrs. Painter and Mrs. Fowler entertained the club April 10. The club spent the afternoon working puzzles, spelling and drawing pictures. Mrs. Price Edwards won the prize. Refreshments of club sandwiches, tea, coffee, and cocoa were served to 25 members and two visitors. Mrs. Sheffield and daughter

On April 17 the club met with the two Mrs. Tubbs. Three quilts were hemmed and several cup towels were embroidered.

The club voted to buy new scarfs for the church and to have an Easter egg hunt for the children. Forty-two members were present, as it was club pay day. Ice cream was served. Two visitors were present, Mesdames Jensen and Nettles of Gatesville.

Maple Primrose Club

The club ladies met with Mrs. C. M. Fain April 18. The afternoon was spent quilting, appliqueing a bedspread and piecing on a 4-H quilt. Mrs. Sam Shults and Miss Norine Marshall received their birthday showers.

During the business session the meeting of April 25 was discussed and we decided to meet at the Tabernacle. Miss Martin will meet with us on that date.

After the business session the hostess served delicious cookies and lemonade to sixteen members and one visitor, Mrs. Lee Cook.

The place for the next meeting will be decided April 25.

Topsey Club News

"We are all interested in Texas and the coming centennial

which is to be held in Dallas in 1936," said Miss Eva Durham, program chairman, to the Topsey Home Demonstration Club at the home of Mrs. E. E. Fowler, April 17.

Several articles about the centennial were discussed by club members. It is interesting to know that our president Mrs. W. A. Cowan's great grand father was in black bean drawing. He drew a white bean.

Some letters were read which were received from Miss Gladys Martin. The Club decided to present a play and the proceeds will be used to defray expenses.

Nine Club members and one visitor were present.

The next meeting will be with Miss Flora Frase, May 1, Miss Gladys Martin, home Demonstration agent, will be present.

Priscilla Club News

Club members met at the home of Mrs. E. H. Schloeman Wednesday afternoon, April 17.

Different kinds of work were done. A foundation pattern was made, two dresses altered and one finished, some cup towels were hemmed and some patching done.

The hostess served pineapple ice cream and cake to the following: Mesdames J. D. Fegette, Lonnie Flentge, Ezra Dyess, Bob Alford, Parker Hirsch, J. C. Bunnell, Eli Williamson, J. J. Hays, W. E. Hays; Misses Estelle Cooper and Minexa Williamson. Visitors present were Mrs. Alford and Miss Hulda Schloeman.

Whitson Club News

"Club members should be interested in the education of the youth of Texas, and the institutions that are serving them also in the welfare of Texas agriculture which is served by A. & M. College," said Mrs. A. T. Nelson to the Whitson Home Demonstration Club which met April 23.

Budget needs of A. & M. College and its divisions were discussed at the meeting.

The Club met at the home of Mrs. J. W. Hisers with Mrs. R. C. Gipe hostess. Those present were Mesdames Sam Irving, T. R. Poe, E. C. Ritchie, A. T. Nelson, Emmet Brumalow, J. W. Ritchie, H. Neely, John Perry-

man, C. F. Jones, R. C. Gipe, Misses Katie Murray, Margie Culppepper, Tullie Jones and Elsie Lynn, and two visitors Mrs. S. E. Ritchie and Mrs. Tom Reeves.

The next meeting will be held with Mrs. Sam Irving, May 14.

Flat Club News

The Jolly Helpers Club of Flat met April 17 in an all day meeting. Each lady brought a covered dish and tested receipts were exchanged. The day was enjoyed by everyone.

Refreshments of several different kinds of cake were served in the afternoon.

The business meeting was called to order by the president, Mrs. Mary Huckabee. The ladies decided to meet Thursday afternoon, April 25, at the church house for the purpose of cleaning the church lawn.

Those present drew names for pal's day, May 1.

The club adjourned to meet with Miss Evah Palmer, May 1.

Mountain Club News

There will be a meeting of the Mountain Home Demonstration Club at the school house Tuesday, April 30.

Every member is urged to be present.

PROGRAM AT BUSTER TONITE

There will be a program at Buster tonight. The date was changed due to interference with the date of the Senior Play at Turnersville.

The particulars of the play are not known, however, a large crowd is expected to be present.

—If you have something to sell, you have something to advertise!

Liberty Church News

We are having plenty of rain at present.

We are glad to report Mrs. B. C. Franklin better.

Mrs. Melvin Miers spent last Wednesday afternoon with Mrs. Robert Lee Miers.

Guests in the B. C. Franklin home Sunday were Mrs. Luther Moore and daughter, Miss Ethel, and Rev. Hollaway.

Guests in the David Wilson home Sunday were Mr. Edd Latham and family and Mrs. Clyde Derrick and children and Dozde Hollingsworth.

Mrs. Aivin Huckaby spent last Tuesday with Mrs. Melvin Miers.

Miss Hazel Lock and Miss Lavinine Epps spent Sunday afternoon with Miss Ivaline Wilson.

Miss Freda Franklin spent Monday night with Everett Hollingsworth.

Mattie and Arnold Brenhaltz returned to their home Sunday at Morgan.

Mrs. Callie Nichols spent a few days in Temple with her mother recently.

ROYALTY NEWS

Mrs. G. W. Royalty, 2815 Sanger Avenue, Waco, is slowly recovering from a serious illness of three weeks.

Little Miss Annie Mae Harper of Flat, who is in a Temple Sanitarium, is expected to be at home this week end.

Mr. L. R. Gilliland and children and Mr. and Mrs. J. H. Polston of Temple visited relatives here Sunday.

Mr. and Mrs. John Hancock

were Temple visitors the past week end.

Mr. and Mrs. Lee Straw of Straws Mill visited in the W. M. Spence home Sunday.

The showers, tho light, were greatly appreciated and crops look much better.

It has often been asked what does this nation stand for, and the question is easy—too much.—Florida Times-Union.

The row over public works funds between Senator Huey P. Long and Public Works Administrator Harold Ickes continues to increase in intensity. The Kingfish, entertaining a large crowd of Washington Easter visitors, threatened that Louisiana would secede from the Union "if they don't watch out." No one really expects the Kingfish to take such a bold step as this but he thinks he can intimidate the Administration by threatening such action. Despite repeated appeals from liberty loving Louisianans, the Federal government has maintained a hands-off policy in the Louisiana faction fights, but if Long actually attempts to take Louisiana from the Union you can expect prompt and effective action on the part of the national government to prevent such a step.

Long has been fighting the Administration for two years but the present outburst was caused by the refusal of Administrator Ickes to turn over public works funds to Huey and his machine.

The House this week passed a bill levying a tax on marble machines that is expected to bring returns of \$700,000 a year. A tax of \$10 a year will be paid on machines that are operated by a nickel and \$20 where larger coins are used. Local officers will be given authority to destroy machines on which no tax has been paid.

Grade crossing elimination will be the first job tackled by the administration's gigantic work-relief program, according to a recent bulletin from Washington. The President has indicated that \$200,000,000 (millions) or more would be allocated for this purpose. Previously the allocation of \$600,000,000 (millions) to the civilian conservation corps has been announced.

President Roosevelt plans to spend the \$4,880,000,000 (billions) putting 7,000,000 jobless men to work, half of that number being in producing raw materials and the other half working in the field. The procurement division, headed by Admiral C. J. Peoples, will probably spend as much as \$1,500,000,000 (billion) in the purchase of supplies. Approximately 50 per cent of the expenditures for public works projects will go for materials.

The Japanese island of Formosa was devastated the first of this week as a result of a series of earthquakes. The quakes took a total of almost 4,000 homeless. Entire cities and villages, injuring seriously nearly 9,000 and leaving thousands lages were leveled, power and

communication lines destroyed, and the population of 4,000,000, mostly Chinese peasants, in frantic fear of additional shocks, Japanese soldiers and doctors continue to fight to care for the wounded and clear away the debris.

Formosa, lying between the Southern and Eastern China Seas, was acquired by Japan in the Sino-Japanese War of 1895.

The A. A. A. disclosed on April 17 that it had collected \$731,000,000 (millions) through the processing taxes, but that it had spent even more—\$887,000,000 (millions)—in its effort to raise farm prices. The taxes are levied on cotton, wheat, corn, hogs, and other major commodities to provide the funds with which Agriculture Secretary Wallace and his aides pay farmers to curtail crops. The major portion of the \$887,000,000 expended within two years has gone to farmers.

CIVIL SERVICE EXAMS

The United States Civil Service Commission has announced as follows:

Immigration patrol inspector, \$1,800 a year, Department of Labor. Applicants must be of active type with good muscular development, and in good health and sound physical condition. Because of the short time during which this examination is open, applications may be filed with the civil service district office nearest the applicant, (New Orleans, La.), as well as with the U. S. Civil Service Commission at Washington. Applications must be on file not later than May 4. Applicants must have reached their 21st but not their 36th birthday.

Minor laboratory apprentice, \$1,020 a year, National Bureau of Standards, Washington, D. C. Optional subjects are chemistry and physics. Applicants must have been graduated from a four-year high school course or have completed 14 units of high school work acceptable for college entrance. Applications must be on file with the U. S. Civil Service Commission at Washington, D. C., not later than May 13.

Full information may be ob-

tained from Civil Service Secretary of the U. S. Civil Service Board of Examiner E. C. Farmer at the Gatesville post-office.

12 TEAMS ENTER COUNTY BASEBALL LEAGUE

At a meeting composed of representatives from the different communities which will participate in the County Baseball League Wednesday night, it was decided to divide the organization into two different divisions. The first division will play games on Saturday and the second division will play games on Sundays. Teams that compose the first division are Jonesboro, Plainview, Ireland, State Training School, Pidcoke and Ewing. Teams in the second division are Liberty, Levita, Purnela, Hubbard, Mound and Osage.

An arbitrator committee composed of Virgil Leckhart of Pidcoke, Frank Blair of Liberty and H. E. Drake of Jonesboro was selected and will meet in a few days and make out a schedule, and dispose of other necessary business.

The body decided not to make an entrance charge and each team will furnish balls when playing a game at home.

Games will open May 4, but a list of sixteen men must be handed in by May 1 in order to be eligible to participate in the league.

Friday night's games were played Monday night. In the first game the Oilers lost by forfeit, 9-0 to the Independent crew. The Conoco club is playing handicapped by the loss of Blanton, Wilson and Wiggins. They have a fair team however, and may go places if they had a good hurler.

The Firemen shut out the Bachelors Monday night 4-0. Dr. Kermit Jones got his first home run of the season, and the entire Firemen's team played jam-up ball, as did the Round Table crew.

Tuesday night the Bachelors downed the Oilers 12-6. Manager David Franks seems to be having trouble in getting the Bachelors out to play games. He opened the season with the best material that could have been gotten. The Oilers have a fair hurler in Hartley Franks, and if he keeps improving, they are doped to win a game this first division.

The Firemen defeated the Independent team 7-3 Monday night. Dr. Kermit Jones got his second home run for the week off of "Poison" Ivy. It was a great game, and the Independent boys hit Doc Ray more than any team in the League, but Doc with his support got in very few holes Tuesday night.

If you will notice on schedules the Firemen are scheduled to play the Independent team tonight. They just played the Independent Tuesday night, but that is the original schedule, and it would be best to play the game.

We will pick the Firemen to win again from the Independent crew tonight.

The Bachelors are doped to defeat the Oilers in the second game this evening.

SEATTLE ITEMS

The Longview School closed a very successful school term Friday. There was a picnic, but owing to the weather, not a large crowd was there as expected, however, all present enjoyed a good dinner. The ball games were postponed on account of the showers.

Mound defeated the Seattle

team Saturday afternoon. Rev. O. F. Williams will preach at Cold Springs Monday night and probably all the week. Everyone is urged to come praying.

Mr. and Mrs. Weldon Carrol have moved to Temple where Mr. Carrol has a position. We regret to lose them.

Several from here attended

the play "Manhattan Honey-moon," at Dunn School Saturday night, also "Eyes of Love," Friday night. Music was furnished by Jeff Thompson, Jewell Watts, Lehman Wall and Doyle Taylor. Buel Wall sang several songs, all present report a good time.

The Longview School will stage a play "The Girl Who Forgot," Saturday night, April

27. The public is cordially invited, no admission charge will be made.

The Happy Helpers Club met with Mrs. Alma Dixon Wednesday, April 13. One quilt was quilted and two pieced. We elected a new assistant secretary as Mrs. Carrol has moved to Temple. Mrs. Nomie Dixon took her place. We are sorry to lose Mrs. Carrol.
