GATESVILLE, TEXAS, FRIDAY, JUNE 14, 1935

NUMBER 50

## COUNTY WIDE MASS MEETING HERE SAT. P. M.

### Farmers Protected by Sec. Wallace's Ruling And Government Action

According to this letter from C. W. Warburton, Director of Extension Work, to County Agent D. W. Sherrill, farmers will be protected on all contracts under the AAA.

We quote the letter as follows:

"In co-operation with leaders of Congress, amendments to the AAA are being perfected which are intended to bring the Act's provisions as to marketing agreements and licenses into line with the Schechter case decision and also to safeguard the farmers' voluntary adjustment program on basic commodities.

"These voluntary adjustment programs were not in the path of the Schechter case decision, and in no event could there be any question of the Government's ability to fulfill its contracts with farmers.

"Nevertheless, we have taken advantage of the decision to seek perfections in the law which will make certain the Government's authority to continue processing tax rates in accordance with amended provisions of the Act."

### COUNTY SURVEYOR HAS BEEN APPOINTED

At a recent session of Commissioners Court, Mr. W. H. Foote was appointed County Surveyor.

Mr. Foote moved here recently from California, formerly being a resident of the state of New York. He is a nephew of Mr. and Mrs. Fred Foote of the Turnersville section, and by profession, is a Civil Engineer.

Mr. Foote is busy arranging his office quarters at the County Court house and will be ready to attend to the duties of his office as soon as his appointment is approved by state officials.

### FIRST CAR OF 1935 WHEAT SHIPPED TUESDAY

The first car load of new 1935 Coryell county wheat was shipped from Leon Junction Tuesday, Waco being the destination.

Mesdames D. D. McCoy, Francis Johnson and Tom Carlton were Waco visitors last Monday afternoon.

### MARKET REPORT

(As of June 13)

Mohair	25c to 35c
Wool	20c
Wheat	65c

Cream, No. 2	15c
Whole Milk	29c
Cottonseed, ton	\$35

### Poultry

Eggs	18c
Hens	11c to 13c
Fryers	12c to 14c

### Construction of C C C To Start Soon With Lumber Contract Let

Construction of the civilian conservation corps camp at the Fair Park here is expected to get underway immediately since information has been received from San Antonio that the W. F. and J. F. Barnes lumber co. has been awarded the contract to furnish material for this camp.

Bids range in amounts from \$12,000.00 to \$27,000.00 but the exact amounts made by successful bidders were withheld. Announcements of camps to contracts will be announced later.

Jeff Bates, local manager for the lumber company stated there would be some 13 to 15 buildings, and will be pre-fabricated and portable. They will probably consist of four barracks, 20x130 feet; a mess hall, 20x160; a welfare building, 20x100; and one each of several smaller buildings; forestry agent's quarters, office, headquarters building, storehouse and dispensary.

Lumber companies fabricate the buildings and deliver them to the site where the CCC men will assemble them. Grading and other work will be done by them also.

### VARIED INFORMATION FROM COUNTY AGENT

Farmers are notified by the Cotton Section of the Agricultural Adjustment Administration that not only will all cotton land on Reduction Contract Farms be measured but that they must stake off and thereby designate the rented or leased acreage for the Cotton Contract. This will be a part of the compliance. Both the cotton land and rented acres will be measured by committeemen during the Month of July to certify compliance in order to receive the second Rental and Parity checks. The contract stipulates that the rented acreage and cotton both will be located on the average soil of the farm. Permanent markers or stobs will suffice to mark off rented acreage.

**Late Bankhead Applications**  
About 25 Bankhead Applications are incomplete in the County Agent's office. These applications are holding up the entire county. Third notices have been mailed to all these producers. For this reason any farmer who waits longer than June 20 to complete application can have no assurance that he will get application approved. Since the State Board will be sent all Bankhead forms at that time and it will be reported that all applications are in and to close Coryell County's account.

### Will Visit in North

Mrs. Eleanor Dubes went to Waco Thursday morning where she will leave Friday for Pennsylvania to spend the summer with relatives. She plans to re-

### Typhoid Inoculation Campaign Starts Sat.; 3 Shots for Only 35c

The County-wide Typhoid Inoculation Campaign, which begins Saturday morning at the Pearl School, should not be confused with two diphtheria campaigns which have been staged in this county. This is the first time typhoid inoculation has been offered in a campaign in Coryell county.

The three necessary shots will be administered at seven day intervals, for instance the workers will be at Pearl for the next three Saturday mornings. A charge of thirty-five cents is made for the first shot. This charge also covers the cost of the other two shots.

There should not be a single case of typhoid fever in this county for three years after this campaign and there will not be if all who are not immune will respond.

The workers will be at the City Hall in Gatesville from 8 o'clock Monday morning until 5 o'clock in the afternoon. Tuesday morning the center will be the McKelvin Building in Oglesby. Tuesday afternoon will find the workers at Osage Baptist Church. Pidecke school Wednesday morning. Copperas Cove Wednesday afternoon. Jonesboro Thursday morning. Preland Thursday afternoon. Flat Friday morning. Ewing Friday afternoon.

Miss Martin and the Home Demonstration Clubs of the county are rendering valuable assistance in the campaign.

James (Sonny) Hair, one of Coach Worley's football prospects for this fall, states that he isn't diminutive any more, but has become brawny, and citizens are reminded to handle him with gloves on or else. The latest thing in swimming attire are the new rubber bathing suits, and it has been suggested by "Banker" Sherrill KeDrick that men start wearing "shorts" and polo shirts. Banker you start the fad and we'll see how many follow. Soil Erosionist farmers whom we made the trip with to Lindale, were Messrs. Hayes, Davis and Flat of different communities of the county. They say—after seeing East Texas, "We'll take Coryell County and Gatesville every time." "Taters' Franks, feeling the urge of Spring and the young man's fancy, appears like he'd like "dates" with "Bates." We don't know any more! Ask him! Lot's of things have happened lately to Elsworth Hinesley, and IS his hair RED, and from one to another goes Irvin Scott, who now boasts a "misplaced eyebrow" directly under his nose, which is growing like

### COUNTY SUPERINTENDENT IN AUSTIN INVESTIGATING SCHOOL AID

J. M. Witcher, County Superintendent, was in Austin Thursday working on the proposed Federal Aid for Coryell County Schools.

While in Austin, Supt. Witcher will also ask the state education authorities for an appropriation of \$12,500 for high school tuition for school of the county. This appropriation is for the students in the county who attend high schools.

### GOAT SAW DOUBLE NOT DRUNK, JUST GOAT

"Old Bill," one of the he-man goats of this vicinity sometime ago, got out of line, probably eating someone's big pile of tin cans or chewing on their favorite clothing hanging so innocently on the line one Monday morning, unceremoniously was "nabbed" by the city "something" and catapulted into Gatesville's "city hotel" for animals.

Being of a roaming nature, and used to the wide open spaces, "Old Bill" made his exit by devious means and meandered leisurely up the street in front of Winfield's Hatchery—and—seeing a double "Bill" making faces at him, and with no thought of the consequences, made a "charge of the Light Brigade" colliding with the hardest goat he ever met—namely, a plate glass window. No harm was done "Old Bill," but the city was out \$30.00 according to reports.

### LOCAL RAINS AMOUNT TO 1.09 INCHES UP UNTIL 11:00 THURSDAY

According to the "weatherman" rain during the last two days has amounted to 1.09 inches up until 11:00 a. m. Thursday morning.

Also, the report is the hottest day so far this year was June 10, with a temperature of 96 degrees.

Hereafter, the News will carry each issue a report of temperatures and rainfall after each issue and up until 12 noon of the day before publication.

### GOLF TOURNEY TO BE HERE SUNDAY

According to information received here a golf tournament will be held at the Gatesville Golf Club Sunday, with Hamilton, Hico, Stephenville and local golfers participating.

This is another of the summer tournaments designed to promote the grand old game in this section and to give members chances to play different courses.

### BRADDOCK WORLD'S CHAMP

Jimmy Braddock of West New York, N. J., won by Judges decision at the scheduled 15 round bout with Max Baer of Livermore, California in Madison Square Bowl at Long Island City, New York. Johnny Mc-

### Soil Erosion Control Plans to Be Explained By Lindale Officials

Farmers are both invited and urged to attend the very important meeting held in the Court house at Gatesville Saturday at 2:30 p. m., June 15, when Mr. E. T. Nagle and co-authorities on the Soil Erosion Camp will explain the relation of the camp to the farmer and the farmer to the camp, clearing up a number of misunderstandings that have been prevalent among both farmers and others interested.

Considerable enthusiasm and interest has been shown to date by the farmers of the county in saving their soil and especially those who made the Lindale trip, are the ones that are sold on the progressive idea of terracing and doing other worthwhile practices of saving soil, building up pastures, and other measures which will be taken to retain soil fertility.

### "SNAPSHOTS" NEW NEWS FEATURE STARTS TODAY

In line with our policy of giving our readers the best we possibly can, we are initiating today a new feature, entitled, "Snapshots" giving "views" of important events and interesting items from all over the United States as well as the world.

Today's has items of interest from Holland, Michigan, Washington, D. C., a snappy bathing beauty, a movie star, an oddity in human beings, head of a new campaign against mixing drinks and automobiles.

### REJUVINATED SCOUTS TO MAKE HIKE THIS AFTERNOON

In line with the rejuvenated scout troop being organized here Scoutmasters Roger Miller and J. M. Witcher are taking the new scouts on their first outing, Friday evening. Coryell Creek Bridge will be the destination and cars will leave from 5 to 7 p. m., the scouts returning sometime around 10:00.

At the recent meeting at the Methodist Church 29 boys reported and a troop was organized and a "long hike" is in the making according to reports from Mr. Witcher.

### LION'S ENTERTAINED BY DUO OF WOMEN ARTISTS

Sybil Leonard, popular young violinist of this section was one of the leading entertainers at the regular luncheon of the Lion's Club Wednesday. She played southern melodies and semi-classics. Pauline Haney, also popular local girl gave a very finished reading on lover's Leap Year lunacies.

During the business meeting of the club, it was unanimously voted that the club will sponsor the newly organized scout troop here.

Walter Stewart was a business visitor to Dallas first of

### RED CROSS TO OPEN INOCULATION CAMPAIGN

Lately Coryell County and Gatesville people are being introduced to a great service by the world's greatest humanitarian organization, the American Red Cross.

Brooks Sasse, local chairman of the Red Cross, in conjunction with other local Red Cross officers, and a staff of interested people in all sections of the county have instituted a Typhoid Inoculation Campaign, which is yet in the preliminary stages of organization. With Mr. Sasse, will be proper technicians who will administer the "shots" to all those interested—everyone who has not had this terrible disease should be properly protected by this proved "safety-first" inoculation.

Inoculation has long been required by the U. S. Government in all branches of the Service—the Army, Navy and Marines. Upon enlistment, every man is required to submit to vaccination. Certainly, if Uncle Sam, with his many technical experts, physicians, and other specialists thinks enough of those in the service to have them immuned, then, with the service of the Red Cross to our people being absolutely free, save for the 35c charge for the medicines, everyone in the county, not so protected, should certainly avail themselves of this opportunity.

With the unusually "damp" year with us, typhoid is certain to be more prevalent than usual, and statistics show that a number of our citizens have been so afflicted during the past year with this disease. This is no bonanza to anyone, and is on for no profit for anyone. Certainly, both for the protection of the individual, and also for our neighbors as well, we should subscribe to this cause and immune ourselves from this dreaded malady.

### BOY SCOUTS OF AMERICA

Movements for betterment of a community and its citizens are always in order, and we're for them.

We refer now to the Boy Scout movement, which seemed to have died here with the "depression" and now seems to be taking on a new life with the advent of "prosperity." At least, J. M. Witcher with Roger Miller, Scoutmasters are attempting to re-organize the "Scouts" and create an interest in this ideal movement for the younger manhood of the county and town.

This movement has the O. K. of every President we can remember not to mention "Big Shots" in every line of endeavor. It started as an outgrowth of two movements, one American and one British, which originated to furnish wholesome pleasure and develop self control, resourcefulness, endurance, true courage and strength of character. Early organizers were Ernest Thompson Seton in America and General Baden-Powell in England, and together they evolved the plan of joining their two ideas since they were so similar into one movement, the Boy Scouts.

Now, under nearly every flag in the world, there are boy scouts, united internationally in their annual "Jamboree" at some designated country. The one this year takes place in Washington, D. C. and 30,000 scouts will be there.

Under the careful guidance and leadership of the above named local men, it is hoped that a troop organization will be completed here, and only Wednesday, Gatesville Lion's agreed to sponsor this movement in Gatesville and Coryell County. Let's make Scouts out of them instead of "gangs."

With an excellent grain crop being harvested, a good corn crop practically assured, cotton coming along, and thousands of cans of vegetables and berries safe on the larder shelves—Coryell County is doing fine, thank

## World Comment

By JOE BURNS

### The Texas Line-up

POLITICAL OBSERVERS at Austin say the whole lineup of candidates for governor, United States Senator, Attorney General and Lieutenant Governor hinges upon Gov. James V. Allred's choice between a second term and a "now-or-never" race for the United States Senate.

If Allred runs for a second term as Governor, the political line-up will remain intact. The lieutenant governor and attorney general are serving their first terms and will seek re-election. But if Allred runs for the Senate, the governorship will be open.

Raymond Brooks, Waco News-Tribune Austin staff correspondent, says Allred will run for a second term as governor unless the prohibition repeal amendment is defeated Aug. 24. As Brooks sees it, Allred will run for governor if repeal is voted but will remain a potential candidate for the Senate if dry sentiment defeats repeal.

If Allred does not contest the Senate seat with Sheppard, he is certain to win a second term as governor without serious opposition. His states' rights stand in the young democrats convention at Amarillo last week and the widespread supporting response of Texas citizens and voters is partial confirmation both of his course and of his certainty to be re-elected.

Chairman Ernest O. Thompson of the railroad commission, one of the foremost fighters for states' rights; Attorney General William McCraw and Speaker Coke Stevenson would have been likely candidates for the governorship with Lieut. Gov. Walter Woodul a likely fourth if Allred vacated the governor's office. But with Allred seeking re-election, McCraw and Thompson are out of it, according to opinion, and the prospect is less for both Woodul and Stevenson to contest for the office.

As it is, Senator Sheppard

will seek re-election, being opposed by perhaps three or more members of the Texas Congressional delegation; Allred will be re-elected with little opposition; Thompson and McCraw will seek re-election and likely run for governor in 1938, when Allred retires; Woodul will either run for re-election or follow his wish to retire at this time from political affairs.

The senatorial contest will be the center of attention next year. Senator Morris Sheppard of Texarkana, dean of both National House in point of continuous service, is certain to encounter stiff opposition from several members of the House. Rep. Joe Eagle of Houston has announced he will oppose Sheppard. Rep. Wright Patman of Sheppard's home town, author of the Patman inflationary bonus bill, has been encouraged to make the race. Former Governor James E. (Farmer Jim) has been mentioned as a possible candidate, as has Rep. Martin Dies of Jasper and Orange.

### PLAY TO BE STAGED AT CORYELL CITY TONIGHT

A play will be presented at Coryell City Auditorium Friday night, June 14, (tonight,) entitled, "The Girl in the Fur Coat."

List of characters are: Nifty Nan Macraft, Vaudeville Queen,

### NEWS STARTS A SERIES OF ARTICLES IN THIS ISSUE

Starting with this issue the News will publish a series of 10 articles entitled, "Your Child and the School," to aid parents thru the most important part of a child's year for health and character building, which is summer. This advice is given by Dr. Allen G. Ireland, Director of Physical and Health Educa-

tion. These articles give practical advice on many of the old bogies of summer; swimming safety, food difficulties, planning hiking and touring trips when children are along, how to handle the bare feet problem, and how children's play can be made useful. Don't miss Dr. Ireland's articles.

## HD Club News

Antelope H. D. Club

The Antelope Home Demonstration Club met at the home of Mrs. Jim Gault on Tuesday afternoon, June 4.

Mrs. Albert Kindler, the clothing demonstrator, demonstrated how to use a foundation pattern to make slips. She also read some rules and regulations that every club member should follow when planning and making her dress and slip for the clothing contest to be held at Gatesville on June 29. Mrs. Herman Haedge gave a report on the gardening achievement day held at the home of Mrs. F. R. Wilson.

Refreshments of cocoa and cookies were served to nine club members.

The next meeting will be with Mrs. Ed White on July 2. A hearty welcome is extended to everyone.

Coryell City H. D. Club

Mrs. Joe Tubbs entertained the club last Thursday afternoon when two foundation patterns were almost completed. Miss Gladys Martin gave an interesting talk on canning, and some good recipes for canning different things.

During the business meeting several songs were sung, and a handkerchief shower was given Miss Martin.

The play, "The Girl in the Fur Coat," will be staged at the school auditorium Friday night, June 14, which is sponsored by the club ladies.

After the business meeting lemonade and cookies were served to ten members and three visitors, Mrs. Tom Boyd, Mrs. Howell and Miss Martin. The club adjourned to meet with Mrs. Sadler June 20.

### Cow House News

Health of our community is good at present.

This section has had some fine rains and crops look mighty pretty.

Those who visited in the J. H. Manos home Sunday were Mr. and Mrs. Jess Snider and children of Jonesboro, Mrs. G. B. Ashby of Oglesby, Mr. and Mrs. H. W. Bragewitz of Leon Junction, Mr. Homer Kinsey, Mr. Travis Sheffield, and Mr. and Mrs. J. P. Manos.

Miss Dorothy Elam spent last week in Gatesville with her sister, Mrs. Walter Chubb.

Mr. and Mrs. Frank Medar visited relatives near Gatesville two days last week.

Preserve those Memories By **MONUMENTS**  
**Mrs. C. Bauman**  
Bonded Agent

**Culinary Jingles**  
by **Marcia Camp**

*This grand dessert was truly made By darling little Eva. It is so good that I'm afraid That no one will believe her.*

**PERFECT ICE CREAM**  
CAN YOU believe that a mere child can make smooth "yummy" ice cream all by herself, the equal of any you have ever eaten? She can, if she knows the secret—a marshmallow ice cream recipe!

For marshmallows are the simple answer to the prayer of every housewife who wants to make perfect ice cream without effort, in either a mechanical refrigerator or in an ice cream freezer. With marshmallows there is no such word as "fail" in the lexicon of ice-cream-making. That is because they introduce into homemade ice cream the same agent which makes commercial ice creams so unfailingly smooth and creamy—an agent which, before combining with sugar and corn syrup to make the marshmallows themselves, was pure sparkling gelatine.

Because marshmallows contain a certain unvarying proportion of gelatine and sugar, they are always dependable; two essential ingredients, in one. Naturally this helps to simplify recipes in which they are used; as, for example, in lemon marlow, the name given to all marshmallow ice creams.

**LEMON MARLOW**  
27 marshmallows 1/2 pint whipping cream  
2/3 cup water  
3 tablespoons lemon juice

Steam the marshmallows and water together in the top of a double boiler until a smooth liquid blend is obtained. The melting of the marshmallows is hastened by cutting them into pieces with scissors dipped in hot water. Add the lemon juice and set aside to cool until slightly stiffened. Combine carefully with the stiffly beaten cream, pour into containers, and freeze without stirring.

weather since she sodded her yard in March. Mrs. M. L. Pittman, yard demonstrator of the Bloomdale Home Demonstration club in Collin county, reports that she has been able to keep the plants alive by frequent cultivation which encourages growth and helps to conserve the moisture. She told Miss Helen Dunlap, home demonstration agent, that she had her yard plowed up some weeks before to help mellow the soil, and that the mesquite sod obtained from the pasture was broken into blocks containing two or three plants which were set out about 12 to 14 inches apart.

Pampa—Fifty Gray county 4-H club boys were furnished with State Certified milo, kaffir or hegari seed this spring free of charge by a local civic organization, according to Ralph R. Thomas, county agricultural agent. The only requirements made by the organization were that the boys be enrolled in a 4-H club, that complete records be turned in to the county agent when the demonstration is completed, and that each boy enter an exhibit in the 4-H club show to be held in the fall. It is expected that each boy who plants a feed crop this year will use the feed in some kind of an animal demonstration when the crop is harvested. All boys carrying on poultry and beef calf demonstrations at the present time will plant feed crops this spring, Thomas said.

**DUSTING COVERS**  
— OF —  
**TEXAS HISTORY**

Restless Congressmen began to be distrustful of Houston and antagonistic toward his plans by the end of his term of office. Mirabeau B. Lamar, out of Texas during the latter part of the administration, received notes daily from Senators and influential men, requesting that he return and take over the matters of state. It is unfortunate that Lamar and Houston were not friends. Lamar regarded Houston as "a preposterous vulgarian who had humiliated Texas by his familiarity with the Indians and rowdy whites." Lamar was a well-educated man, interested in improving the State along cultural lines.

All sorts of tales circulated about the President. He was accused often of being a drunkard; of lighting fire to his coat tails after making a speech on temperance. It was reported that he associated with Indian friends too often. Lamar was not willing to deal as lightly with the Indians in their uprising as Houston had done. They were to be treated with friendliness only when they showed themselves friendly and willing to obey the law.

President Houston knew of the feeling toward him when he relinquished his office to Lamar as the incoming President. He made an eloquent address as a farewell. The Texas Telegraph and Register commented: "The time will come when his name will appear in the pages of Texian story, unsullied by a single stain, his faults forgotten, his vices buried in the tomb; the hero of San Jacinto—the nursling of Fame."

Lamar presented his Indian policy before Congress, and it was readily accepted. A regiment was to be organized, to consist of 840 men who were to be friendly agents and protectors of the frontier. Along the borders of Texas these defenders were to be placed with armed forts, keeping peace and good will among the Indians and whites. They were to be paid in promissory notes out of the \$300,000 Congress had appropriated for that purpose.

The inaugural address of Lamar was well done. "The present is a propitious moment to lay the foundation of a great moral and intellectual edifice, which will in after ages be hailed as the chief ornament and blessing of Texas." Lamar accomplished his purpose to a great extent, laying the foundation of a cultural and educated Texas.

His achievement with those of others will be commemorated adequately in the Texas Centennial celebrations of 1936.

**LIGHTING HITS BANK AND SETS OFF SUPPLY OF TEAR GAS BOMBS**

San Antonio, June 4.—The mere fact that lighting struck the First State Bank of Somerset might have been serious enough—though that really wasn't so bad.

Worse, however, was the fact that the bolt set off a quantity of tear gas bombs kept in the bank as a protection against bandits.

That's why officers of the institution sent a hurry call to San Antonio police to send somebody down to break into the bank with the assistance of a gas mask. Until then employees couldn't start to work.

**NEW MEASURE ON AAA SENT TO CONGRESS**

WASHINGTON, June 5 — Salted with legal terms intended to withstand supreme court scrutiny, a bill was sent to "make certain" the farm processing taxes—heart of the production control program.

Some observers, however took as an indication of official uncertainty about the act's constitutionality the fact that specific provisions were inserted for counter action should it be overthrown by the court.

Also drafted into the measure was a section to permit the freezing until Dec. 31 of existing taxes in the event Wallace's power to fix the rates should be declared an unconstitutional delegation of legislative authority.

The new bill, still designed to give the AAA control over the processing and distribution of milk and fruits and vegetables, went to the capitol hill after Wallace had conferred with President Roosevelt.

**Milk In Disguise**  
"Doctor," began a worried mother, "Betty is complaining again about drinking milk. Does she really need so much?"

"Yes, she does," the doctor replied, "and that isn't just my opinion. We know it is true from countless scientific experiments. The findings have been checked and tested over and over again. Betty is growing. She needs the minerals of milk for her bones. She needs the vitamins to keep her healthy and growing. And we know that most children need the full quart to get their share."

"I know you're right," the mother said, "I'll keep after her."

"No, don't keep after her. That may give her a real dislike for milk. Try some disguise instead. Let's see now. There's ice cream and junket; custards and puddings; milk on berries; crackers and milk, cereals; egg-nogg. I'm sure you know of many other ways.

"How about cheese? Have you tried that? And perhaps Betty won't notice the change if you offer her a glass of cool milk in the middle of the morning and the afternoon instead of at meals."

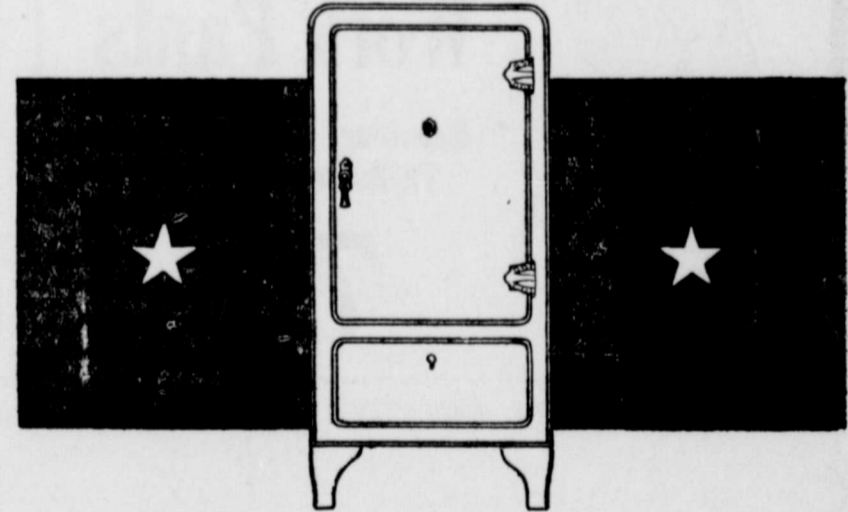

"I see what you mean, doctor. Thanks, I'll try it."

How can parents make swimming safer? Dr. Ireland will discuss this in his next article.

The Irish Government has been giving a number of Irish unemployed jobs excavating sites containing relics of Ireland's ancient inhabitants.

One steel company is promoting the idea of steel barns for farms.

## Sunday School Class Has Picnic.

Members of the Mary-Martha Sunday School Class of the Methodist church met at six-thirty in Raby Park Monday afternoon for a picnic. Hostesses were Mesdames Lewis Holmes, Bobby Arnold, Claude Turner, J. M. Ayres, R. E. Panckake and Lester Britain.

After a swimming party a picnic supper consisting of wieners, pickles, potatoes chips, lemonade and cake was served to 35 guests.

## Mr. and Mrs. A. W. Gartman Entertain Club Tuesday.

Mr. and Mrs. A. W. Gartman entertained the members of the Contract Club at their home on Leon street Tuesday night.

Roses decorated the party rooms which were arranged for games of bridge. Mr. Clifford Adams won high score for men and Mrs. D. R. Boone won high score for women.

Refreshments were served to Mr. and Mrs. Clifford Adams, Mr. and Mrs. R. W. Ward, Mr. and Mrs. Kirby Perryman, Mr. and Mrs. B. K. Cooper, Mrs. Howard Franks and Mrs. D. R. Boone.

## Contract Club Meets Wednesday.

Roses and nasturtiums decorated the home of Mrs. D. D. McCoy on bridge street Wednesday afternoon when she entertained the members of the Wednesday Contract Club.

At the conclusion of games of bridge Mrs. B. K. Cooper held high score and Mrs. L. E. Kincannon held second high.

Refreshments were served to Mesdames Clifford Adams, Robt. Brown, B. K. Cooper, Harry Flentge, Francis Johnson, Kermit Jones, B. B. Garrett, T. R. Mears, George Painter, Bob Saunders, L. E. Kincannon, and Stewart Williams.

## Two Are Brides in Double Ceremony.

## News Fashion Suggestion

These are the beautiful stockings worn by Hollywood's best dressed screen stars... knitted by a process which makes them clearer than stocking ever were before.

These will add the final touch of smartness to the costume being worn this summer.

Three popular weights in the different summer shades in hosiery makes it possible to easily complete the hosiery wardrobe.

Suggested by MRS. ZELMA LEE Head of Ready-to-Wear Dept. JOE HANNA'S CASH STORE

Goodall of Gatesville, became the brides of Dr. Van Doren Goodall, son of Mrs. Goodall, and Raymond Stocker, son of C. T. Stocker of Breckenridge, in a double ceremony performed at the manse, 313 Crescent road Waco, by Rev. C. T. Caldwell, pastor of the First Presbyterian Church, Monday at 10:30 a. m. Only the immediate families of the couples witnessed the ceremony, which was performed in a setting of flame-colored gladioli and daisies, pink roses and lavender asters.

Immediately following the ceremony the couples left for a wedding trip to the coast. Dr. and Mrs. Goodall will be at home in Clifton after June 15, and Mr. and Mrs. Stocker will be at home in Breckenridge after that date.

## Mrs. J. M. Prewitt Entertains.

Mrs. J. M. Prewitt entertained the members of the 1920 Club Wednesday afternoon at her home on Leon street.

Spring flowers decorated the party rooms. Games of 84 furnished the diversion for the afternoon.

A salad course was served to the following members and guests: Mesdames C. L. Thompson, J. O. Brown, T. L. Robinson, M. W. Lowrey, W. H. Satterfield, Byron Leaird Sr., O. G. Gilder, Morton Scott, Reid Powell, W. C. Bradley, Tom Davidson, C. L. Bellamy, J. H. Hamilton, Ira Glass, Levi Anderson, M. J. Battle, Pearl White, Ed McMordie, Charlie Caruth, Eleanor Dubes, E. H. Nesbitt, Miss Orpa Mayo, Miss Will Mat Claxton and Lizzie Lockard.

Thomas J. Rusk came to Texas when he was 29 years old in search of a promoter who had swindled him of his fortune in a Georgia gold mine deal. He caught the swindler but the latter had lost Rusk's money at the gaming table.

### First Baptist Church

Sunday School at 9:45 a. m. Preaching at 10:50 by Pastor. B. T. U. at 7 p. m.

Preaching at 8 p. m. by Pastor.

Prayer meeting Wednesday at 8 p. m. by Pastor.

3 o'clock Sunday afternoon in the Dan Graves Sunday School building. Bro. Brook Sasse will be ordained to the ministry providing the weather permits.

### Visited in Hamlin Sunday

Early Sunday morning Boone Gordon, member of the City Drug firm, felt a "hanking" to

visit the town where he worked in a drug store in his younger days. In company with Ed McMordie they arrived in Hamlin, Jones County, shortly before noon.

They spent some two hours there visiting Mr. Gordon's former employer, the people he once boarded with, and meeting a few others he knew when he worked there 29 years ago. While there they also met Mr. Arch Boyd who has been located there for the past year or two.

Messrs. Gordon and McMordie drove to San Angelo, where they spent the night and returned home Monday.

## SporTalk

By TEDDY

A comparatively small but attentive group of Hornet Club members met in the local gym Tuesday night and discussed plans for the coming year. The most important idea brought before the body was the building of a new athletic field to be located on the old cotton yard in Raby Park. A committee had already been appointed pertaining to financing the project. A school board member stated the Board would match dollar for dollar according to the amount the Hornet Club raised. The body in general was of the opinion the field could be completed and ready to play on this fall providing work was started within a few days.

Coach Worley assured the group present that he would have a fair, fighting team this fall, and plans were made to purchase more material as well as a good athletic field.

It was decided to have a training camp this year, however, complete plans were not made because the body wanted to see how other plans progressed. It was suggested that the club meet once a month, but was never voted on.

We are of the opinion that the organization has gotten big ideas and the club is composed of men that can put over big ideas. From time to time the News will carry a report of the

progress being made by this organization for your information.

Monday night the Independents defeated the Firemen 6-4. The Independent crew seems to be getting the best of the Firemen here lately, however, they got started just a "shade" late as the Firemen have already got this division cinched.

The games rained out Wednesday and Thursday nights will be played sometime this next week.

### TEAM STANDING

Team	won	lost	pct.
Firemen	15	5	.750
Independent	11 1/2	8 1/2	.575
Comoco	4	15	.215

We now have the report on the Ireland-Pidcoke game played last Saturday, and the Pidcoke aggregation defeated the Ireland team 11-3.

Saturday, June 15, the Jonesboro team will take on the Plainview team at Plainview. Pidcoke is to play Turnersville at Turnersville and Ireland vs. the State at State.

Sunday, Liberty vs. Osage at Osage; Purmela vs. Levita at Levita while Hubbard plays Mound at Mound.

### EARLY PIONEER OF CORYELL PASSES AWAY

Mrs. J. W. McCarver, an early pioneer resident of Coryell county, died Friday morning, June 7, at 3 o'clock at her home on Main street.

Funeral services were held on Friday afternoon at 4 o'clock at the home with Rev. M. M.

Chunn, pastor of the First Methodist church of this city, conducting the services. Interment followed in the city cemetery. Mrs. McCarver was born in

Products for which unloads include apples, bananas, cauliflower, celery, lemons, lettuce, and Irish potatoes.

**'AIR HAWKS' COMING TO REGAL THEATRE**

Dealing with a death ray which can cause destruction from almost any distance, "Air Hawks," a Columbia picture featuring Ralph Bellamy, Wiley Post, Tala Birell, Douglass Dumbrille, Victor Killan and Billie Seward, comes to the Regal Theatre on Saturday night at 10:30, also showing Sunday and Monday.

While the ray in the film is not actually the type with which scientists and military experts have been experimenting for many years, it shows conclusively the manner in which the beam may be used in the future.

The story concerns two rival airlines, one headed by Ralph Bellamy, competing for lucrative airmail contracts. Bellamy's rival employs a mad scientist who has perfected an infamous machine which can project the electric beam into the skies to bring down, flaming, the planes of Bellamy's company. The source of the subsequent disasters is unknown to Bellamy, but when the courage of the girl he loves and his own reckless daring merge to battle the hidden enemy, the executioner of the skies goes down before the onslaught in a novel climax.

Tala Birell is seen as the girl who helps Ralph Bellamy avenge the death of his flying buddies. Miss Birell started her stage career as understudy to Marlene Dietrich in Berlin and made her screen debut in England opposite Conrad Veidt.

Wiley Post, famous round-the-world flier, is seen in person

in "Air Hawks" as himself. His recent unsuccessful attempt at a new transcontinental speed record is featured in the film, where special scenes were needed for a stratosphere flight. Post portrays one of the pilots in Bellamy's airline.

Douglas Durbrille plays an unscrupulous night-club owner; Victor Killan is featured as a humorous newspaper reporter; and lovely Billie Seward plays a vivacious young girl, who manages to secure the love of almost every aviator in the film—a sweetheart of the air force!

Cuba expects to produce 2,315,000 tons of sugar this year.
