700 Baptist Workers Attend Conference Here

Rev. McClean Accepts Pastorate at Troup; Nearly 8 Years in This City

Rev. James M. McLean, pastor of the First Presbyterian Church of this city, notified his congregation Sunday that he had accepted the pastorate of the First Presbyterian Church at Troup, Texas, effective December 1.

Bro. McLean has nearly completed his eighth year as pastor here, his exact time being seven years and seven months. During his ministry here, Bro. McLean has endeared himself in the hearts of the citizens of the county as well as his congregation, and in other affairs besides his church work, has made himself a factor in the civic affairs of the city.

Sunday, Nov. 22, the congregation acts, and usually according to Bro. McLean, accepts the decision of the pastor, acquiescing to his request.

Rev. McLean, besides being pastor here, was Chaplain for the Fire Department, an honorary position, a valued member of the Lions Club, and also on a number of occasions has acted as official for the Hornets during their football games.

Relative to his leaving, Bro. McLean stated he had rather live in Gatesville than any other place he had ever lived, and that he didn't believe he would ever know any people he thought any more of than the people of his congregation and Gatesville, and that his reason for leaving was that he thought it was for the betterment of the local church, the church he was going to and for himself.

The church at Troup, he said was approximately the same size as the one here.

The usual length of time for ministers of the Presbyterian faith to remain in one pastorate is from three to five years, he said, but some stay longer, the pastor at Waco having been there nearly thirty years.

HOSPITAL HAS NUMBER OF PATIENTS

Headlining the "hospital list" this morning is the young son of Mr. and Mrs. Curt Rogers, none other than Mr. Charles Waylon Rogers, a hefty son of about 7 plus lbs.

Others on this list, besides Charles Waylon's mother, include Mrs. Idele Powers, Glenn Hendrickson, and Mrs. C. P. McAnelly.

McCLELLAN BROS. CHANGE INTERIOR OF STORE

Last week many new changes were made in McClellan Bros Grocery Store, when the counters in this store were re-arranged for the better convenience of the buying public.

Due to increase in their business and the necessity for carrying larger stocks, the rear partition was moved back and an office was built in the rear of the store, enabling the management to have a clear view of the store at all times, as well as making the office quieter, and better situated.

The first annual meeting of Leon River Baptist Workers Association in the new building of the First Baptist Church, Gatesville, began, continued and climaxed in a great day Monday. Some 700 messengers from the 30 churches co-operating with Leon River Association were present, only one church not being represented. There were also visitors from the German Baptist State Convention, from the Baptist Missionary Association, and from the Hamilton, Meridian, and Waco Associations. Inspiring music was directed by Mr. M B Martin of McGregor. Inspiring messages were delivered by the various pastors of the Association, and distinguished visitors, among whom was Dr. W. H. Pool, who has been officially connected with Baylor University for fifty five years. The chief and main address of the day was delivered by Dr. R. C. Campbell of Dallas, Executive Secretary of the Baptist General Convention of Texas. He made a plea for consecration of lives, dedication of property, and the evangelization of the world. A message on "Modern Tendencies Which Menace Christianity" delivered by Dr. W. H. Buehning, pastor of the German Bethel Baptist church, was voted to be printed in the Baptist Standard and other periodicals.

At the noon hour Memorial Services were conducted in memory of Mr. J. F. Nabors, Treasurer, who passed away some days ago. The Executive Board with Judd Jones, chairman and Edgar Franks secretary, held their meeting during the day. Mr. Graydon Webb of Oglesby was elected treasurer to fill the unexpired term of Mr. Nabors. Large amount of money, feed stuffs, food and clothing was sent to Buckner Orphan's Home, under the direction of Mr. Ed Melbern of Gatesville and Mr. Frank Lam of Oglesby. A bounteous meal was served by the

INTERESTING NEWS NOTES FROM SUPERINTENDENT J. M. WITCHER

Schools visited during the present term, seem to be following well planned courses of work. The matter of adjusting programs to fit into a county wide program, while necessary, should be done gradually.

Mr. A. M. Tate, finishes his work in Bell County this week. We do not know where he will work next. I hope the schools of Coryell County will not put off getting ready. The score card should be studied by teachers and trustees. Points for which a school wants credit should be met at once. Schools that mean to join the Rural Library should do so at once. Few schools have \$25 worth of library books per teacher so these schools must join the Rural Library or lose that credit.

Mrs. Hope Whatley will have charge of the library as full time librarian after the middle of this week.

Standard schools must meet the requirements as outlined or lose their rating as standard schools.

It is hoped that many of the teachers in this county will go to the State Teachers Association at Fort Worth through their own interest in a good school program. Teachers who are teachers at heart must know more about general movements than is needed for daily program. A general preview of the trend of educational work is gained by attending state and national meetings.

TO START OPERATION OF THE NATIONAL SOCIAL SECURITY LAW

Post offices throughout the country began Monday, November 16, the distribution to employers of a form known as the "Employer's Application for Identification Number." This form will enable the Post Office Department to know how many employees' application forms to deliver to each employer.

Then, beginning November 24, post offices will distribute to employees, through their employers, forms known as "Application for Social Security Account Number." These employees' application forms will be distributed to all work places and will also be available, after such distribution, at all post offices.

women of the Gatesville Church under the presidency of Mrs. Dan E. Graves.

The meeting was presided over by the pastor, Rev. Clarence A. Morton, and the body expressed a rising vote of thanks to the women, to Mr. Martin, musician, and to all who co-operated in making this one of the greatest and most successful Workers Meetings in the history of the Baptists of Coryell County.

Throughout the day the throngs went through the new building, and were loud in their praise for this modern church plant, and the great spirit in which they were entertained.

Coryell County boys brought home the hard-to-get bacon in the competition at the Texas Centennial State-wide 4-H and Vocational Agriculture Stock Show at Dallas last week.

Winners were: Fer Duroc Jersey pigs, Elmo King, 1st and championship in the Duroc Jersey class, prize money being \$24. Seventh was taken by Eddie Weigand, for \$6, and 8th by Clovis King, for \$5.00.

In the Poland China class, Alton Quicksall got 4th with \$9.00 prize money; Elton Quicksall won 5th with \$8.00 prize; Fred Koch Jr. won 6th place for \$7.00 prize money.

In the Hampshire class, Travis Harper got 1st, 2nd, and 3rd, and total prize money of \$32, on his showing of 3 pigs.

In the Delaine mutton lamb class, G. C. Martin got 1st for \$12 and Reserve champion, no prize money, and 7th place for \$7 prize money. George Williams got 2nd place for \$11, and 8th for \$5. Weldon Martin got 9th and 10th places paying \$4 in each.

In the Rambouillet mutton lambs, Harry Voss got 22nd and 24th, receiving \$1 prize money on each.

Coryell County as a whole, placed 6th, and this is considered good, due to the fact that the boys from the county only fed 28 lambs and took all 28, whereas other counties fed as many as 500 lambs and selected the top 40 out of the bunch.

In the auction the lambs brought \$10.00 per hundred, and the barrows sold in Dallas at 10 1/2c per pound, whereas the grand champion only received at auction 11c per pound.

CHAMLEE'S CHICKENS CINCH CHAMPIONSHIP AT CAPITAL SHOW

In the awards given Saturday at the Texas Capital Poultry Association Show, Roy Chamlee of Gatesville came out with the Champion Cockrell of all classes. This fowl was shown in competition with the champions of all classes which included some 40 to 50 chickens.

Entries were from Waco Medina, Gatesville, Driftwood and other Texas cities, but Austin poultry raisers won the majority of the prizes.

Chamlee has fine chickens, and in all his showings has taken his part of the prizes. He has shown at the Brazos Valley Fair, Fort Worth Stock Show and the Texas Centennial.

"The Gift Shop" operated jointly by Mrs. Bud Rivers and her mother, Mrs. J. E. Franks, opened early last week in the old stand of the Gatesville Ice Cream Company, on north side of the square.

Contrary to several remarks heard on the street, this is not another rummage sale, but everything is brand new goods, and comprises some of the latest novelties, gifts, and really beautiful things may be had at this store for your gift list.

Resettlement Administration Work Praised by Every Class

Dallas, Nov.—16. Set up to save the forgotten farmer, the Resettlement Administration has also helped to save many small-town business men of Texas and Oklahoma which were on the verge of being carried down along

with their destitute customers. D. B. Trent, regional director of the Resettlement Administration, today made public a large number of letters from merchants and bankers in small towns telling of business restorations as a result of this agency's operations.

Gibbons Poteet, vice president of the First National Bank of Rixton, Texas, wrote: "This time last year there was neither money nor credit in our community. It was plain that if our people could not get outside credit hundreds of our good farmers would have to turn over their tools to the bank and go to town and get on the relief rolls." His bank gave working space to the Resettlement supervisors. Mr. Poteet said, "On many days there were as many as thirty to forty men and women in the bank making their applications for Resettlement loans. Then in the fall our bank sent each of these joint clients a letter calling attention to the fact that he owed both the government and the bank, that his first cotton should be turned over to the government until the loan from the Resettlement was paid their Resettlement loans and made substantial reductions on their bank loans."

Speaking from "thirty years of banking experience," Albert Taylor, vice president of the Eastland National Bank, Eastland, Texas, described a "spirit of collapse" which followed the end of the oil boom there. "The Resettlement Administration came in the nick of time to save the situation," he said. "It enabled the farmers to obtain an entirely different view. It is an institution that demands and is receiving, to the best of my knowledge, the approval of all banking and business enterprises."

T. A. Carlisle, general merchant of Blackwell, Texas, wrote: "The Resettlement Administration has been a great help for the reason that most of the merchants in the rural districts bore the burden of caring for the

destitute families, and the loss from sales to them was a constant drain." Another thing that perhaps is worth more than anything else, Mr. Carlisle wrote, is "that it has enabled these folks to buy a little more decent cloths, and in this community church and Sunday School attendance is the best in ten years. These people feel that they are again a part of the community."

Among the leaders in religious work, M. Leo Rippey, director of the General Board of Christian Education, writes from Nashville, Tennessee, to Director Trent that "this is one of the most constructive measures that could be developed by our government to meet the actual needs of a large number of needy people."

From Madill, Oklahoma, J. W. Little, president of the Little Hardware Company, wrote, "It has made business for us that we could not have had otherwise."

Another Madill merchant, Sam Hollingsworth, wrote, "I consider this the best government program to meet the needs of the rural people that has ever been offered, and it is my hope that it will continue to help those to help themselves that have the ability and the initiative to do so."

W. E. Texler, president of the First State Bank of Rising Star, Texas, says that he is "voicing the opinion and the sentiment of every business man and banker in this and the surrounding counties" when he says that this work must not only go on but that it must be broadened. "We hope and believe it necessary that the broadening of the work of the Resettlement Administration will provide a way whereby the tenant farmer of our community may be offered the opportunity to purchase and pay for the land they are cultivating and that they be given long easy terms for payment at a low rate of interest," Mr. Texler said. "This is a program that the local banks cannot approach, and it has been the policy of my bank and shall continue to be cooperative with the activities of the Resettlement Administration in every way possible."

County Judge Omar T. Burleson, of Jones County, Texas, writes: "My discussions with Resettlement clients indicate they have the attitude of independence and self-support. This is different from that of the relief client who feels that he is being supported by charity." Judge Burleson said that many of these farmers who have been rehabilitated would be "practically useless when engaged in any other work than farming. But they maintain a home and give their families fair advantages with the aid of the Resettlement Administration. Without criticism of any other government agency, Resettlement has proved to be the most valuable in this county."

Mr. and Mrs. Judson Davis have moved to Lampasas where they will make their home.

Francis H. (Abe) Bowlin was a guest of Miss Ruby Weide in Waco Sunday.

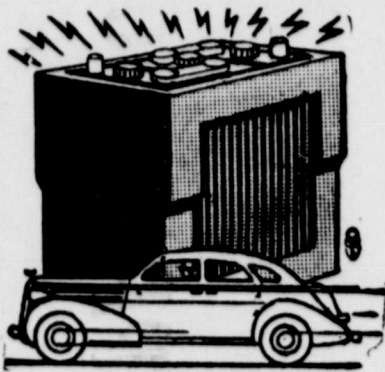

Rep Earl Huddleston of Oglesby was a visitor in the News office Monday.

Chaplain M. U. Lively of San Antonio was a visitor at the local CCC Camp Sunday and Monday.

Mrs. L. A. Pennington and son Roy and granddaughter, Miss Waldine Wharton of this city and Mr. and Mrs. J. W. Griffin and family of Oglesby were guests of Mrs. C. C. Ward and family in Waco Sunday.

Mr. and Mrs. Hazen Ament of Waco visited their parents, Mr. and Mrs. John R. Colgin and Mrs. W. C. Ament in this city over the week end. Aurelius Poston and Miss Dolly Farmer accompanied them back to Waco Sunday afternoon.

1-MINUTE SAFETY TALKS

By Don Herold

"I'm doing my home work for our motor trip to Boston next week"

STUDY THE DANGER BRACKETS

One way to keep from being one of this year's 36,000 killed and 895,000 injured in automobile accidents is to learn where and how and when last year's accidents occurred and avoid such WHERE'S and HOW'S and WHEN'S.

More than 85,000 accidents occurred last year on the wrong side of the road. All right, then, I, for one, am going to stay on the right side of the road and keep out of that group. More than 55,000 cars drove off the roadway to some sort of doom. All right: I'm going to drive slowly enough to stay on the road—and stay out of that group.

When I'm driving on a nice straight road, (I drive by speedometer not by "ear") I tell Mrs. Herold not to let me get a mile over 50, because I know that NINE out of TEN automobile accidents involving driving errors are caused by excessive speed. I'm told my car will do over 80, but 50 is my top on the best of roads. If it starts to rain or snow, I lower my maximum to 35 or 40.

If there are other cars on the road, I creep, if necessary, to play safe. I have no ego or pride or inclination to cheat, fudge or bluff.

I, personally, never drive at night if I can help it because the ratio of fatal accidents to total accidents during dusk and darkness is 64 per cent worse than for daytime accidents.

If I do drive at night, 35 miles an hour is my top on a good road, because I know that at 40 it will take me 115 feet to stop and that my headlights show clearly for only 100 feet, and I do not want to be driving 15 feet in the dark all the time.

As a pedestrian, I cross only at intersections and WITH the lights, because I know that the rate of death is 74 per cent worse against the signals than WITH them.

I get the above figures from The Travelers Insurance Company. There are several places to get similar statistics, and I suggest that you do get them and make a study and something of a science of staying alive in 1936.

WELL KNOWN TEXAS EDITOR BURIED AT TYLER SUN.

Hundreds of newspapermen, civic leaders and members of Masonic bodies from all parts of East Texas attended the funeral services Sunday afternoon of Henry Edwards, publisher of the Tyler Journal and an outstanding figure in Texas journalism, who died suddenly at his home Friday morning. Still hundreds of people stood outside the Christian church who were

unable to get in the building. Dr. George Cuthrell, pastor, said Edwards was one of the few remaining editors who breath his own personality into the columns of his paper and described him as a man courageous in moral and spiritual issues. Members of the Masonic lodge assisted in the services. Mr. Edwards, who was an elder in the Christian church, was long active in the religious work of his church and the town in which he lived.

MRS. MARY LONGLEY

MRS. MARY BERRY

Dallas, Tex., Nov. 16.—Two of the three living widows of Texas Revolution will be honored guests of the Texas Centennial Exposition on Sunday, Nov. 15.

They are Mrs. Mary Katherine Berry, 83, who lives near Baird Calahan county, and Mrs. Mary Longley, 74, of Abilene, Taylor county.

The third, Mrs. Mary M. Price, 95, lives in Rochester, N. Y. She is an invalid and is unable to make the trip to Texas.

Mrs. Berry, native of Arkansas, is the widow of Capt. Andrew Jackson Berry, a veteran of San Jacinto, who died many years ago. Mrs. Longley is the widow of Campbell Longley, a native of Tennessee, who joined Gen. Sam Houston the day after the battle of San Jacinto.

In their honor the Centennial executives are planning numerous events. At the historic Cavalcade of Texas they will witness the re-enactment of the stirring events of the World's sixteenth decisive battle, in which

their husbands fought. They will see again Sam Houston marching across the stage of time, his inauguration, the epoch of the republic, the strides of Texas as a state.

They will be welcomed by dignitaries of the state, city and Exposition.

Abilene civic organizations and Max Bently, managing editor of the Abilene Reporter-News, have sponsored the preliminaries of the visit of the historic characters. It is expected a large delegation will arrive with them from that section of the state, to be joined by many thousands of other Texans, desiring to pay honor to the survivors of those who made the independence of Texas possible.

Lets Talk about Cloth

Denton, Nov. 16.—Your newest dinner clothes should be dramatic. There are long slinky gowns teamed with the inevitable jacket that is so much the part of an ensemble that the outfit is called a jacket combine. The jacket and dress are so intimately related that they appear one piece.

Without the jacket the gown is especially adaptable for every formal occasion. It is usually cut low in front and back, with a bodice top that fits super-smoothly at the waist and hips.

The shops have new arrivals that will cause much ado among the knee-line to the floor.

The girls at Texas State College (CIA) found a snow white dull crepe that is causing much comment in fashion circles. The gown fits seductively smooth, flaring but slightly from below the knee-line to the floor. The long sleeved jacket is shortish, has a curved bolero outline, and around that curving outline and the cuffs of the sleeves is a repetition of the same crinkled glory of fluted crepe.

More swanky, sleekly fashioned and just as new is the lovely satin and velvet formal dinner dress that is unquestionably a dinner outfit without equal. The flared skirt and bodice top are of dull black satin, starkly simple. The fitted jacket is of black velvet, cut with all the tailored slimmness of a man's dinner jacket. The long tuxedo collar is of satin. The jacket buttons primly at the waistline, the peplum is curved slightly with just a suggestion of fullness at the back.

A. C. C. HOMECOMING TO BE HELD NOVEMBER 20-21

Homecoming at Abilene Christian College will be Friday and Saturday, November 20 and 21 when several hundred ex-students friends and associate members of the Ex-Students Association of A.C.C. will converge upon Abilene.

A feature of the homecoming this year is that the parents of all former students of the college are being invited by the Ex-Students Association to be special guests for the occasion. J. B. Collins, Big Springs, is president, of the Ex-Students Association.

A pep-rally on Friday night, the annual ex-students chapel meeting of the Association on Saturday morning, the West Texas barbecue on the campus at noon and the Indian-Wild West football game Saturday afternoon are the real high spots of the homecoming for A.C.C.'s thirteenth session. Various clubs and groups will have breakfasts and reunions Friday and Saturday.

Ex-students in Abilene will be hosts to the visitors who have averaged 800 in number for the last three homecoming events.

SOCIAL SECURITY TAX FORMS ARE SENT OUT BY FED. GOVERNMENT

Austin, Nov. 19.—The first step toward the collection of taxes under the Social Security Act in the First Texas District has been taken by Frank Scofield, collector of internal revenue, with the distribution of 30,000 forms to a list of possible taxpayers. They are for employers of eight or more persons not in agricultural or livestock work or domestic service in a private home. The act does not apply to employees of the federal or state governments or any political subdivision or instrumentality of these, such as cities, counties or school districts.

Mr. Scofield explained in a statement issued here that his present lists are probably not complete. That many returns doubtless will be sent to some of those who are not liable for the tax and that many others who are liable will not receive a blank form until they ask for it. He urges that all who receive the forms study them carefully to determine if they are liable for the tax, and if so that they fill out the return carefully and accurately after January 1, 1937, and mail it to his office here in Austin, together with the tax due, so that it will reach here not later than January 31.

Employers who fail to receive blank forms and who employ eight or more persons not in the excepted classes are urged to communicate with the collector immediately and request a blank. Failure to receive a form, unless requested, does not relieve an employer of liability for the tax and for penalties in case of delay in filing form. The returns are made on form 940. The period covered by the forms just distributed is the calendar year of 1936 and the rate is 1 per cent of an employer's total payroll of those not in the excepted classes.

DRAGONS AND DRAGONETTES MEET EVANT

(From The Hill Crest, Pearl School paper)

The senior girls of Pearl displayed very effective playing against the Evant girls Friday night at Evant. The Evant team has a very smooth working organization but they were not able to make much headway against the Pearl guards. The Dragonettes had no trouble in through the Evant defense. Neither side had much luck in hitting the basket but both sides worked very good on the defense.

Geraldine Praston had very good luck in hitting the basket. She scored 15 out of 18 points. Although the Pearl team kept in the lead most of the time, it looked as if the Evant girls would tie the score near the end of the game. The final score was 14 to 18.

The junior boys also won from the Evant juniors by a score of 13 to 11. The Pearl boys showed very little ability until the last few minutes of the

game. The boys worked through the Evant defense and got plenty of shots but could not make them. This was the junior boys' first game and they hope to keep the trophy which they have won the last two years.

The Pearl senior boys played one of the closest games of the season with the Evant senior team. Both teams played excellent ball and no one could tell which would be the winner until the last play was made. Pearl as usual could not hit free throws consistently but showed some improvement over their last previous game. The Evant team made log shots from all angles, but their defense was not up to par. Pearl, on the other hand, played a better defensive game than offensive. The final score was 27 to 24.

NEW IMPROVEMENTS FOR SCHOOL BUILDING

(From The Hill Crest, Pearl School paper)

Many improvements are being made on the building. We are proud to see these improvements going on as all improvements help the looks of the school.

The librarians will not be bothered with the office door being opened any more, as we have a glass opening in the door for business transactions.

We have a new mirror in the office which has created much excitement. The front of the mirror is continually occupied by one of the girls of the office.

There is also a new transom seen between the High School and Grammar school hall.
