### ANNUAL COLT SHOW IS SCHEDULED FOR FIRST MONDAY IN NOV.

Plans are now being made for the Annual Colt show to be held at the usual time, November 4th. An unusual lot of high quality colts are in the County this year. Much interest is being shown; competition will no doubt be very keen. Classes will be arranged for light horses, draft horses, light mules, and heavy mules.

Mr. and Mrs. Hubert Morse, Mr. and Mrs. John Gilmer Jr., Mrs. Ernest Bauman and children and Mr. and Mrs. Bob Boykin were circus visitors in Temple Wednesday night.

**Of Bouancy,** the center of gravity of the fluid displaced by the floating body.

**Of pressure of an aerofoil,** the point on the chord of an element of an aerofoil, prolonged if necessary, thru which at any instant the line of action of the resulting air force passes.

**Of pressure of a body,** the point on the axis of a body prolonged, if necessary, thru which at any instant the line of action of the resultant air force passes.

**Center Section:** That portion of the upper plane or planes directly over the body and made separate from the rest of the plane or planes. (Note—Not all airplanes have a center section).

**Chord:** of an aerofoil section, a right line drawn from bottom of front edge to bottom of rear edge. The length of the chord is the length of the aerofoil section projected on the chord, extended if necessary.

**Chassis:** See Landing Gear.  
**Clevis:** A U-shaped fitting to which another fitting is joined by a pin called a clevis pin.

**Cloche:** The bell-shaped mechanism forming the lower part of the control lever of a Bleriot monoplane, to which the control cables are attached.

**Cockpit:** That part of an airplane body containing seats for the pilot or passengers.

**Compensating Rod:** A rod connecting ailerons of wings on the same side, by which the motion given to one is transmitted to the other.

**Compression Member:** Any part of a framework designed to take compression.

**Cord:** A class of wire consisting of several strands wound together about a wire or flexible fibre core.

**Cowling:** the metal sheeting which covers the engine and cockpit giving a rounded shape to the part of the fuselage.

**Controls:** A general term applying to the means provided for operating the devices used to control speed, direction of flight and altitude of an aircraft.

**Critical Angle:** See Angle, critical.

**Dead Land:** Country not visible from an aircraft owing to hills, trees, and other obstructions.

## FDR-Willkie Poll Puts FDR Out In Front

The Battle of The Nation, as seen here in Coryell County has swung the FDR way, and The President leads in the latest box robbing this way.

Now, we haven't required that anybody have a poll tax or anything, and altho we saw three youngsters under the voting age putting in their vote, that's O. K. since sooner or later they're going to vote anyway.

All we ask is that you only vote once, so some indication of the trend can be found without any ballot box stuffing. One vote, one slip of paper.

Come on, everybody, VOTE your sentiments.

## Three Charged With Thefts Taken: One Here

The three ex-state boys who are said to have entered houses in the county and took property, have been picked up by State Highway Patrolmen and are held, one here and the other two in Georgetown.

They are wanted on various charges in five or more counties, having started out on a spree from Fort Worth. When picked up, there was approximately \$200.00 worth of loot in the car they were driving. Most of the stolen stuff from Coryell county has been recovered.

Their ages are Armstrong 19, Seaton 18, and Baskins, 15 and Armstrong is said to have just completed a two year sentence at the State Juvenile Training School early this year.

In an effort to get by the officers, they had painted their automobile three times since they left Fort Worth.

One boy stated to Sheriff J. H. Brown he had stolen and "disguised" six bicycles in Fort Worth and sold them.

## DEBT-BURDENED FARMERS ASKED TO CONFERENCE

Farmers who are handicapped in their farming operations by debts which are beyond their ability to pay were asked by FSA supervisor George C. Moore to attend a conference of the Coryell County Farm Debt Adjustment Committee to be held on Monday, October 7th at 10:00 a. m. in Farm Security Office.

"This committee will help debt burdened farms work out a fair agreement with their creditors that will benefit both parties," Mr. Moore stated. "Creditors will gain because the agreement will help them realize the major part on obligations which otherwise they would have a big loss in, and the farmers will be permitted to operate more profitably and eventually pay their debts."

The supervisor said he had found most creditors willing to be lenient with farmers who had the proper attitude. "There is no reason," he said, "why a man should hesitate to sit down with his creditors and in a friendly manner try to work out a solution to their problems."

Dr. and Mrs. C. U. Baize left Thursday of this week for Dallas to attend the 26th annual convention of the State Chiropractic association, which is being held in the Hotel Adolphus. One thousand Doctors of Chiropractic are expected to attend, according to Dr. Baize.

## CORYELL COUNTY EXHIBITS TAKEN TO FAIR AT DALLAS WHICH OPENS OCTOBER 5th

Coryell County's Farm boys will present Coryell County at the State Fair at Dallas, when it opens October 5 for a 15 day run.

Already, the boys with the H-D ladies have made up the exhibits and they were enroute yesterday morning to the big show.

This is Coryell county's third year for an agricultural exhibit, and each and every one have been well received.

The 1940 exhibits features the development of hogs for which Coryell is well known, and the exhibit has been assembled by members of the vocational agriculture departments of Gatesville and Oglesby, in conjunction with the County Agent and County H-D Agent.

Today hogs and sheep will be taken to the Fair, and will be some 65 hogs which have been entered by the following: Gayle Franks, Elmer Franks, Herschel Wilhelm, Bruce Hollingsworth, Elmo King, George Leonhard, Carl Goodwin, Joe Bob Williams, Milroy Powell,

T. L. Copeland, Jr., Earl Clary, Coryell County 4-H Club, Davis Moore, and A. T. Quicksall and sons.

Also, the Oglesby FFA boys are taking a herd of hogs and also sheep, but we do not have the boys names.

This year, as usual the State Fair of Texas is host to a large number of 4-H boys, and these boys spend three days at the Fair studying the exhibits there as well as enjoying the entertainment.

Coryell county boys winning the trip this year are: Roland Koch, Eugene Clary, Eddie and Edwin Apel, Clarence Dube, Walter Beran and James Leonhard. These boys leave Sunday to help show the hogs Sunday and Monday, and will enter the camp Tuesday where they will remain until Thursday afternoon.

Ain't it a shame the town don't have a "queen" (and we have them here) to represent Gatesville? somebody's snoozing, again!

## "SCRIBES" FOR NEWS TO ASSEMBLE HERE WEDNESDAY: FEED, SHOW AND BUSINESS

Gatesville, Wednesday will be the mecca of the many correspondents of the Coryell County News, when they gather here for the First Annual Community Correspondents Convention.

Correspondents are asked to call by the Coryell County News office, by 9 o'clock in the morning, if possible, and there the program for the day will be announced.

So far, this will probably include a little (very short) business session in the City Hall Auditorium, which will begin about 9:45 after a short "tour" of the mechanical department of the News. What we mean by that, is "the back end".

A short program, preceding the business session will be held at the City Hall, and then the Correspondents will be at leisure until noon, when we'll eat.

Then, as soon as the theatre opens, we'll take in a show, and that'll be "30" as far as the convention is concerned.

Already reports are that quite a number are coming, and we'd kind of like to know so that we can make dinner arrangements and "pay off" at the show.

This'll be your party, and we are not going to bore you to death with a lot of telling you "how we'd do it", we just want to have a good time and enjoy yourself.

Correspondents, are one of the first necessities of any newspaper, and the newspaper succeeds as the correspondents succeed in their work. We're going to pay tribute to these correspondents, and want each of them to thoroughly enjoy themselves. It's our first attempt, we're beginners, so don't expect, too much.

## CCC Enlistment Is Again Open: 5,000 Wanted

Five thousand are wanted for the CCC camps between October 17 and 19, and each county will be permitted to enroll boys.

The enlistment now is for six months, and the boys parents do not have to be on relief now, for him to get in the camp.

County Welfare Agents thruout Texas are now taking applications.

Mrs. J. E. Osburn is visiting her daughter, Mrs. Lucille Hillard, in Sulphur Springs.

Among those who attended the circus in Temple Wednesday afternoon and night were, Mr. and Mrs. Luke Walker and son, Charles, Mrs. Sam McCreary, Mrs. Bob Arnold and son, Bobby III, Mrs. Pat Potts and daughter, Patsy, Mrs. Joe Rubarth and son.

## Thirty-Sixers To Have Convention In Cowltown

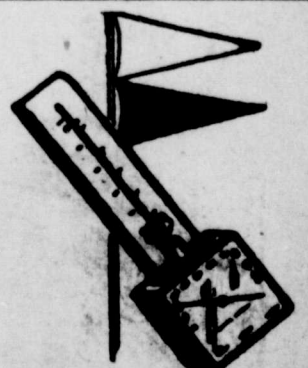

Veterans of the Wartime 36th Division from all sections of Oklahoma and Texas will assemble in Fort Worth October 5 and 6 for their annual reunion or convention.

Saturday will be devoted to registration, a buffet lunch, and the annual banquet will be Saturday night, followed by the annual dance at a Fort Worth hotel.

Sunday morning Memorial Services will be observed in the Municipal Auditorium followed by a business meeting. Then an annual luncheon. Picture shows and other entertainment will be tendered the wives and families of the Veterans during the afternoon.

Many men of Coryell county and Gatesville were members of this famous division and no doubt many of them will meet their "buddies" at this annual affair.

Mrs. V. C. Bradford of Goldthwaite is a guest of her mother, Mrs. R. S. Farmer.

**Mothers' Study Club  
To Meet Monday**

The Mothers' Study Club will meet at four o'clock on Monday afternoon, October 7, in the auditorium of the Elementary School building. Mothers of small children and any other persons interested in the training of the preschool age child are invited to be present.

A program on "Discipline" is to be given and an important business

meeting will be held.

**PRESBYTERIANS TO  
ATTEND SYNOD**

Edward S. Bayless, pastor, and one Ruling Elder from each of the Coryell County church will leave early Tuesday to attend Synod, which meets this year in Kilgore. Elders S. Y. Meharg, John Hobin, and Mike Poston have been elected representatives from the Gatesville, Turnersville, and Prairie View churches, respectively; with Elders, A. T. H. Dreyer, S. Y. Brenholtz and C. T. Brim as alternates.

Synod is made up of the ministers of the Presbyterian churches of Texas, together with a representative from each of the churches. It is the second highest court of the Presbyterian Church. Graduation of courts, with particular powers and responsibilities assigned to each, are: The Session (local church ruling body), the Presbytery (several local churches in a given area), Synod (all churches in a state), and the General Assembly.

**ELIGA SERVICES**

The Church of Christ at Eliga will have two sermons Sunday, October 6. Stevens Melton, evangelist from Hamilton, will preach at 10:30 a. m. and 3:00 o'clock in the afternoon.

**LIBERTY CLUB**

Grace Elam, Reporter  
On September 24th, another of our youngest members showed the Liberty H-D Club "how it is done" With ease and simplicity, Mrs. Emon Hill went about her business as hostess. Though Mrs. Hill is scarcely twenty, she has grown up with the club, to the extent that to her all its activities are only a part of a routine. Enter-

taining the club is an easy and simple affair to "our girls". Her refreshments were delicious and well served, and the meeting as a whole was indeed a success. So was the shower Mrs. Hill gave for her childhood playmate, Mrs. Alvin Kautzsch.

Mrs. Fred Hartgraves resigned as council delegate. By unanimous vote, Mrs. Loy Gene Brown was elected to fill her unexpired term. Our next meeting will be with Mrs. J. C. Barron, another of our capable young matrons. Mrs. Barron announced a shower compli-

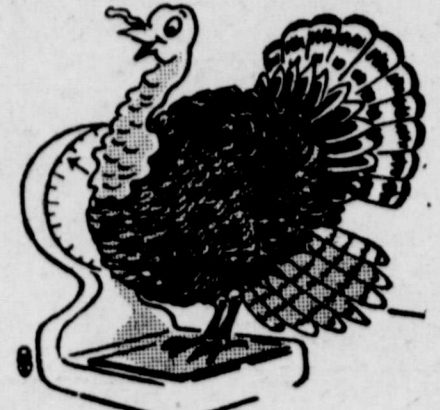

menting Mrs. James Billingsley.

## NEWS

FRIDAY, OCTOBER 4, 1940

### Ireland-Oglesby Clash Friday

The Irish of Ireland and the Oglesby High School Tigers meet on the Oglesby gridiron Friday afternoon in one of the first and probably the hottest six-man contest of the week.

The Tigers, with Coach Pruitt Shults at the helm are sure to be among the leading teams in the six-man classic this year, while Ireland can also be counted as a strong contender for the crown.

Coach Smith of Ireland will be in charge of the Irish and it will be his first year as coach in the six-man loop.

### Pottsville To Play Jackets, Friday

The Pottsville six-man crew, who are playing their first year in the Coryell county six-man league will journey to Flat Friday afternoon of this week where they will take on Coach Harry Mohrmann's Flat Yellowjackets. The outcome of the fray is almost unpredictable as little is known about either team at this early date.

Last Friday the Flat crew jumped on a Bell county half-dozen to the tune of 22-18 in their first clash of the season, while Pottsville is said to be playing their first game Friday.

### Flat Defeats Buckholts 22-18

The Flat Yellowjackets went to Buckholts last Friday afternoon and came back on the long end of a 22-18 score. The team showed vast improvement over last year's crew, and flashed a strong ground and aerial attack. The Flat team scored a safety in the second quarter and followed this quickly with a touchdown by Love. A thirty yard pass, Williams to Taylor scored another in the third. On a short pass, Williams to Poe, the Jackets made their final touchdown. Buckholts scored in the second and third quarters. The entire Flat backfield showed up well and the line was powerful on defense.

Tuesday afternoon on the local gridiron we got our first glimpse of the Gatesville High School Hornets as they were being put thru their paces by Coach Pruitt, preparatory to their game with the West Trojans Friday night, but as we haven't had an opportunity to see the Hornets actually in action we're still very much in the dark as to their actual strength.

In practice the boys looked good, but since they lost their opening game of the season to the Methodist team by a count of 13-0 it is evident that there is still room for improvement. However, with such capable players as Gribble, Anderson, Sexton, and Crow, forming the backbone of the Hornet crew, local fans can at least be assured of a team that will hustle from the first to the last whistle.

Last year on the local field the Hornets defeated the Trojans by one of the largest scores ever chalked up by a Gatesville team.

But regardless of the fact that West is not expected to be exceptionally strong this year, they have undoubtedly made some improvements over last year's squad and the Hornets will be doing well to come home with a victory. However with the experience that the Hornets gained in the Methodist Home game they are expected to put a stronger, more determined, better organized team on the field against the Trojans then they exhibited against the M. E. home lads here Friday night.

Anyway, the Hornets are going to West Friday night and they deserve the support of every Hornet fan in Coryell county in this, their second attempt to break into the win column. We're not venturing a guess as to the actual scores of the contest but we'll take the Hornets.

Here the probable starting lineup for the Hornets:

Gribble 60	LE
Oldham, 99	LT
Sydow, 57	LG

Anderson, 77	C
White 55	RG
Bone, 57	RT
King, 88	RE
Sexton, 61	FB
Davis, 21	HB
Walker, 33	HB
Crow, 59	QB

The West Lineup was not available.

August 7, 1940

Scott Funeral Home  
Gatesville, Texas  
Att: Mr. Morton Scott  
Dear Mr. Scott:

As you are organizing your own burial association, we are withdrawing from Gatesville, and Gatesville territory.

We would suggest that you write all of the members of the Greater Texas Burial Association in your territory in your own association, as they will prefer to do business with you as a local undertaker and burial association.

We also wish to state that any policies which might remain in force with the Greater Texas Burial Association will be serviced by us as contract called for if you desire; the premiums on such policies to be mailed direct to our office in Waco or, if you desire to send them in for us, we will be glad to have it handled this way.

Wishing you and yours every success, we are,  
Yours very truly,  
**GREATER TEXAS BURIAL ASS'N.**  
W. W. FALL, Sec'y-Treas.

**The Above Letter is Self Explanatory.**

We feel like a majority of Gatesville and Coryell County people who desired to carry a policy in a burial association would prefer to join one operated in their county, consequently, we have organized the MORTON SCOTT BURIAL ASSOCIATION.

We shall be glad to have those who are in the Greater Texas Burial Association to transfer to our association.

We have been writing these policies for only two and one-half months and have a membership now of 1200 or more and it is steadily growing. We do not have any high pressure agents writing this insurance. Most of our agents are your neighbors.

We have recently built a beautiful funeral home, for the use and convenience of Gatesville and Coryell County people, as well as others who wish to avail themselves of its use with no extra charge whatever. This home has a beautiful chapel, family room, music room, air cooled, and all other conveniences that go with an institution of this kind.

**Morton Scott**  
FUNERAL DIRECTOR

### Copperas Cove To Play Turnersville

The Turnersville High School Buffaloes who won the 1939 six-man football title will find themselves facing their old gridiron rivals, the Copperas Cove team, at Turnersville Friday afternoon.

Both teams, seriously handicapped by the graduation of many of

last year's stars, will be doing their best to annex the opening game of the season.

Adams of Copperas Cove, all-County center is missing from the Cove lineup this year and will be hard to replace as he was the mainstay of the entire team. Turnersville lost Brasher, Walker and several more of their championship crew that will be hard to replace but still have enough left to form the network of a strong team.

### County Line

Mrs. D. D. Dixon, cors.

This community was made sad recently by the passing of Mr. R. L. Finney. He had lived in this community over 20 years and was held in the highest esteem by all who knew him.

Robert Lee Finney was born December 8, 1873 in Oklahoma. He was married to Harriet Elizabeth Beck, October 20, 1892 and to this union were born eight children, three boys and five girls. He was preceded in death by two sons, and his wife died about 25 years ago. He was converted and joined the Moffat Baptist Church in 1906.

Surviving are Jack Finney, Mrs. Mary Scott, Mrs. Ora Lee and Miss Verna Finney, all of Seattle, and Mrs. Bob Scott and Miss Alta Finney of Temple; also twenty grandchildren; four great grandchildren; and one brother, L. W. Finney of Roswell, New Mexico.

He was laid to rest by his wife at Hick, Texas, Burleson county. The Rev. O. F. Williams conducting the services at his home in Seattle, Pace in charge of burial. Several from here attended the funeral and went to Hick for the burial.

Mr. and Mrs. Dad Lambright have moved into Rev. O. F. Williams' house in this community.

There was preaching services at Cold Springs Sunday. Rev. Milton Lawson of Moffat and Rev. O. F. Williams preached.

The Cold Springs School started last Monday with Miss Elizabeth Denoyas, principal, and Mrs. Syble Mayberry as primary teacher.

The Dunne School started Monday with Miss Juanita Simons as teacher.

#### TOPSEY H-D CLUB

Mrs. Irvine Allison entertained September 25 in her conveniently arranged home. Eight members answered Roll Call. The visitors for the afternoon were, Mesdames Russell Craft, Lynn Craft, Oscar Easterwood, Clarence Storm, the latter coming in as a new member.

Rag rugs made in sections was the afternoon work.

Mrs. Allison served grand refreshments, and Mrs. W. A. Cowan will entertain on October 9.—Reporter.

Mr. and Mrs. Tom Box and son

attended the funeral Sunday at Ater of Mr. W. C. Coward, an uncle of Mr. Box.

Everybody is busy picking cotton.

Quite a few from our community went to the fair at Clifton last Saturday night. We never saw such fine, fat cattle as were on exhibition there, and plenty of poultry also. There was one booth with clothing and other articles made from just common feed sacks. They certainly did not resemble a feed sack in the least; just goes to show what we can do by learning to use what we have at home.

Mr. Sam Whitley has had an awful bad hand. He was bitten by a black widow spider. He is better at this writing.

## NEWS "TRYS" TO HELP PUT THINGS OVER IN CORYELL: SOME GO, SOME DON'T, YOU CAN'T GUESS RIGHT ALWAYS

We've tried, and will keep on, trying to guess what you'd like in the way of promotions, which are mutually beneficial. That's our business.

We like ideas, and ALWAYS need some new ones. If you've got one, "spill it", and probably we'll try to help put it over. You know, we don't DO it, we only HELP you.

Here's a few attempts, some successful, some fairly so, and some absolutely flopped, which we, as a newspaper have tried to HELP put over.

News Softball League.  
News County Baseball League  
News Championship Golf Tournament.

Four News Stork Derbys  
Two News Bicycle Derbys  
News-FFA Boxing Tournament  
First Golden Gloves Boxing Tournament

Assisted in Lions Golden Gloves Boxing Tournament

News-Theatres Tin-Can Matinee.

News Gas-Refrigeration and Electric Show

Assists, by coverage, Coryell County 6-Man Football League.

These are just a few of the major items, and of course, any forward movement of the county, city or Central Texas, the News is "fer" it.

It sounds like bragging, maybe to you, but, we're supposed to do it, and like it.

Altho we forgot, you can see and hear the World Series at the News office which began Wednesday and will run thru Monday, a yearly feature of the News, and we use our radio and some station's report. Also, every Saturday, you're invited to our Football Party, which has been going on for "yeahs", at least, since the

News moved to it's own building, on Neon Alley from down "On Automobile Row".

Also, the News gives you pictures from practically all the dailies in our windows, the best part of them. Our business, principally, is to give you the NEWS.

New features to be added to the Coryell County News will be Walter Winchell, Drew Pearson and Robert Allen, two nationally known columns, in addition to our own Gatesville and Coryell County Boy's column "Bracketed" by Brack G. Curry. Too, you'll continue to find an interesting continued story, the markets, the weather, and numbers and numbers of features that are original with the News in Gatesville and Coryell County.

Our "house" is still "open" and you're invited to see the shop, whether it's National Newspaper Week or not. It's good practice to see what the other fellow's doing and how he's doing it. You might give us some ideas, and we mite reciprocate. Anyhow, we'll get better acquainted, and so will you.

The News motto could be "A Service Institution", a good motto carried by a number of other companies in other lines.

SPECIAL NOTICE TO THOSE SHOWING BREEDING STOCK AT THE WACO SHOW

According to the County Agent, Guy Powell, all hogs shown at the Brazos Valley Fair, Waco, in the breeding classes must have registration papers with them.

The Waco show is divided this year in two divisions; fat lambs, calves, and hogs will be shown October 18-22; breeding stock, dairy cattle, beef cattle, sheep, and hogs will be shown October 23-27.

It will be remembered that Coryell County exhibited two champions in the hog division in Waco last year.

The University of Texas' Naval R.O.T.C. has enrolled one hundred and ten men who, having qualified physically are ready to begin the four-year course leading to the rank of ensign, Captain H. W. Underwood, U. S. N. and commandment of the Texas unity, announced recently. Among the enrollees is Bayne Blankenship of Gatesville.

A miniature of the U. S. Naval Academy course at Annapolis, the University course of study will include two summer cruises aboard naval vessels, one of which is compulsory, in addition to such subjects as navigation, seamanship, gunnery, tactics, maintenance engineering, electricity and communications.

Men accepted for the University NROTC include Pat O'Daniel, son of Governor W. Lee O'Daniel, and first applicant for the unit.

ANNUAL EXHIBIT OF CLUBS HERE MONDAY

Five of Coryell County's Home Demonstration Clubs, Pidcoke, Harmon, Mountain, Union and the Four Corners, displayed articles at the annual exhibit which was held in the county courtroom Monday.

In the educational group the Four Corners Club won first place, Mountain second Union's club, the Busy Bee, third. The first exhibit will be displayed at the Waco Brazos Valley Fair.

Harmon, Union and Mountain won the first, second and third places, respectively, in the can products exhibit.

Prizes in the educational group were: first \$2.50, second \$1.50, and third \$1.00; also each club was given \$1.00 for entering. No prizes were awarded in the can products divisions.

## A.A.A. Announces Regulations For 1941 Parity Payment

The provisions under which producers of cotton and wheat may earn 1941 parity payments were announced by the Agricultural Adjustment Administration on September 13, 1940. Payments will be made to eligible producers from a fund of \$212,000,000 appropriated for this purpose.

The 1941 parity provisions are essentially the same as those in effect for the 1940 Program. A producer who participates in the 1941 AAA Farm Program will be eligible for payments if: (1) the 1941 planted acreage of the commodity for which payment is made does not exceed the farm acreage allotment for such commodity, (2) he plants within the total of the acreage allotments of cotton and wheat established for his farm in 1941, (3) he does not offset his performance by overplanting these commodities on any other farm, wherever located, in which he has an interest.

As provided in the Agricultural Adjustment Act of 1938, the 1941 parity payment rates for the five commodities will be based on the amount by which the returns from the 1940 crop of each falls below the parity income. The rate for any crop can not exceed the amount by which the 1940 acreage farm price is less than the parity price and will be as nearly equal to parity as the available funds permit. Rates will be announced later when the information upon which they are based is available. In 1939 and 1940 the rate of payment and the average farm price combined could not exceed 75 per cent of parity.

As in the two previous years, parity payments will be made on the normal yield of the farm acreage allotment determined for each commodity under the 1941 program.

To date 3,770 1940 Cotton Parity checks, totaling \$115,907.15 have been received by the County AAA Office. About \$15,000 more is expected which will complete the parity payments.

Farmers who have earned their total soil-building allowance have been notified that their 1940 Agricultural Conservation Applications for Payment are ready to be signed. A large number of these have been submitted to the State office for computation of payments. These checks are expected this month.

Farmers who have not earned their total soil-building allowance are prohibited from signing their applications for payment until after December 1, 1940. These farmers have until November 30 to complete terracing, cedar cutting, etc., which will earn their established allowances.

When a newspaper gives up the ghost it is almost like a human being dyin—it seems more like a personality than just a business.—White (S. D.) Leader.

## ONLY A FREE PRESS CAN PREVENT

Every elected official who does our work, whether in Washington, the state capital, the county seat or in our city hall, is a public servant. He exists to carry out the people's orders. He will remain a public servant only as long as his every public word and deed is under the constant scrutiny of the people who elected him.

That is why the newspaper's principal duty is to tell you what is going on in your seats of government. For the moment the vigilance of the people relaxes, the instant they cease to be informed, abuses and excesses begin . . . inevitably.

That is why the first thing every dictator does upon gaining power by constitutional means is systematically to throttle the newspapers. He cannot afford to let the people read, think and say what they please. He must mold public opinion. And the press must be made to do his bidding.

Every thinking American knows this, of course. Every American knows that the rights and liberties he enjoys here are possible only because he would instantly know of any abuse of public trust through the columns of his local newspaper.

Few of our public officials are perfect. They are only human. But most of them work conscientiously in the public welfare. Some of them might like to be rascals or even tyrants but, like the small boy who'd rob the fruit stand if only the cop wasn't standing on the corner, they seldom get the chance as long as a free press is on the job. And then never for long.

Liberty appreciated the compliment when Miss Hope Parrish was chosen sponsor of the Hamilton football team. We are as proud of "Hope" as the Bulldogs will be all this season.

Mr. and Mrs. Powell Seward visited her mother, Mrs. Charlie Wittie, of Hay Valley last week.

Mrs. L. C. Perryman, Steward of Liberty Methodist Church, attended the Methodist Quarterly Conference at Evant Sunday. As other church representatives she took with her Mr. and Mrs. Joe Glaze and children.

W. M. Calston, who is leaving for California this week, has been saying goodbye to his many Liberty friends and to his sisters, Mrs. W. A. Summerford.

Our community is introducing some fine blooded chickens. Mrs. L. C. Perryman is raising a pen of Harmonson's best baby pullets. Loy Gene Brown has purchased through Guy Powell, Coryell County agent, twelve pedigree hens and two roosters from Kazmeier's prize pens at Bryan, Texas.

The most important event in the Liberty News this week was Grandmother Stansell's birthday party. That she is truly Liberty's Darling was illustrated by the host of friends and relatives who paid homage to this grand old lady on her ninety-seventh birthday. When her guests attempted to convince her that the new grapevine color of her soft wool housecoat was more becoming than a grey one would have been, Grandmother laughingly answered, "Oh, well, I'm just a sixteen year old anyway". And so she is in spirit, youthful and happy. Her bed was decorated with a beautiful new quilt, a lovely creation featuring bright prints and lovely blending solids. It had been designed, pieced and quilted by Grandmother's own hands. Women representing three younger generations freely admitted that they could not have done so well. It had been pieced and quilted within the past two weeks. Her guests for the day were: Mr. and Mrs. Jack Billingsley, Mr. and Mrs. A. L. McFadden and son, A. L. Jr., the following from Salado, Mr. Ed Landers, Miss Irene Landers, Miss Blanche Landers, Miss Sybil Williams, Miss Dorothy Williams and Miss Thelma McDonald, Mr. and Mrs. James Sparks Sr. of the Edison community; Mr. Jesse Grisham, Mrs. John Cole and granddaughter, Miss Claudeena Stewart of Hamilton; Mr. and Mrs. R. L. Parrish, Mr. and Mrs. Jim Jones and daughter, Eva Frances, Mr. and Mrs. Loy Gene Brown, Miss Grace Elam, E. B. Hedgepeth, Mrs. J. D. Hedgepeth; Mr. and Mrs. Clovis Dell and Ed Landers of Hamilton. The guests were welcomed by Mr. and Mrs. Ed Belvin with whom Grandmother makes her home.

Miss Imogene Harris of Los Angeles, California, has come home to be with her father during his serious illness.

Mrs. Guy Powell and daughter of Gatesville visited at the Elam home Saturday.

Mr. and Mrs. James Billingsley spent last week end visiting her parents, Mr. and Mrs. Fred Fisher, at Rodgers, Texas.

Mr. and Mrs. Tom Walton visited Mrs. Beauford Waldon and daughter this week end.

## "The SKY PARADE"

Serialized by Wallace West from the Paramount Picture of the same name

#### SYNOPSIS

After the war, Scotty Allen, Speed Robertson and Casey Cameron, flying pals in France, form an air circus to barnstorm the county fairs. Jerry Croft, a beautiful parachute jumper, and Flash Lewis, mechanic, attach themselves to the troupe. When Casey signs with a gangster, Gat Billings, to fly contraband across the border, the circus dissolves but the others, backed by Tommy Wade, a friend in France and a banker, form an air line. Scotty and Speed attempt to fly the Atlantic before Lindbergh but the plane crashes in the take-off and Scotty is killed while Speed is injured. With Scotty dead, Jerry takes over the care of his nine-year-old son, Jimmie. Speed asks Jerry to marry him but she refuses.

#### CHAPTER V

AFTER that one disaster in 1927 the years were kind to the former members of "Jimmie Allen's Air Circus." Due to the fact that they obtained lucrative air mail contracts from the government their one-time dinky passenger line had been ex-

panded into "Continental Airways, Inc.," which ran its planes from coast to coast and by 1934 was considered one of the most profitable in the United States.

Then Tommy Wade, president of the line, arrived at its headquarters in Glendale, Cal., to report that storm clouds again were showing up ahead.

"How was the trip? How was New York?" Speed demanded as the huge transport plane from the East landed and Wade stepped out.

Speed still looked the same as he had during the war except for the fact that his hair had turned gray. But Tommy had aged considerably in the last seven years. As for Flash, who also greeted the plane, he had become head of Continental's staff of mechanics although he still liked to tinker with the three little walnut shells, and still affected checked suits.

"Gee, you look swell," Flash grinned at his chief.

"Well, I don't feel swell," answered Tommy. "I've got bad news. Come into the office."

"Look, fellows," he continued, when they were beyond earshot of the field staff. "Everything we've got is in this business—more than a million dollars. But that isn't all. We've given the best years of our lives to building up this plant. Why should the government cancel our mail contracts now, just when things are getting somewhere?"

"How definite is the rumor?" inquired Speed as he lit a cigarette.

"It isn't a rumor. They're going to crack down on us any day now, and when they do it will sure put a crimp in Continental Airways, I-N-C."

"Crimp?" chuckled Flash. "It'll be a permanent wave."

"No, you're wrong, Flash," interrupted Speed. "If they take away our mail contracts, we've got to go after more passenger business . . . convince 'em they ought to fly. We've shown 'em it's faster . . . now let's prove to 'em it's safer—safer than walking."

"Safety devices . . . that's what we need," Tommy agreed.

"We've got them . . . come on, I'll show you." Speed rose and was leading the others toward the laboratory of the Continental plant when the door opened and who should walk in but Casey Cameron, their old war buddy who had left them to join "Gat" Billings and his gang.

"Now, gents, don't be hasty," Casey protested as the three greeted him coldly. "I'm a completely different guy from the one you used to know. I'm going straight now and I thought you might just possibly offer me a job for old time's sake. Granted I once behaved like a fool, the fact is I'm on the level now. But I'm still a flying fool and . . ."

"There's no room for that kind of flying in this outfit," interrupted Tommy. "We're trying for safe and sane flying. It's our only hope. . ."

"... of saving your necks," sneered

"Rudolph, you handle the wind," he said to one of his assistants, then led the two newcomers toward a corner of the room where an elaborate mechanism had been set up. This consisted of a miniature plane mounted on a metal column about two feet high. The ship was connected to the column by a ball-and-socket joint, thus permitting it to fall in any direction, backward, forward, or to left or right. At present the ship was resting nose down. The whole thing was surrounded by airtight glass walls.

"All right. Give her the gun," directed the professor. Rudolph pressed a lever. The propellers of the miniature ship began to turn faster and faster. The ship slowly came to a level position on top of the column.

"See that little contrivance." The scientist pointed to a tiny gyroscope in the miniature ship's cabin.

"That's what we call an automatic pilot. It keeps her on a constant level keel. Rudolph, give her the bumps."

The assistant manipulated various levers, sending the ship into a series of dips—nose down, tail down, wing dip, etc. Each time the plane righted itself.

"That's marvelous," exclaimed Tommy. "Have you tried it out on one of the big planes?"

"Several times. Last test was from here to Sacramento. Had to make a few changes, but we'll be able to put it on the line's ships

"All right. Give her the gun," directed the professor.

Casey. "The trouble with you three is that you've had a taste of swivel chair piloting and you like it. You've had the jitters ever since your pal Scotty. . ."

"Shut up, Casey, and get out!" Speed advanced menacingly.

"Oh, I'm going . . . and I'll never darken your door again, Father."

"Let's fumigate the office!" suggested Speed when Casey had bowed himself out.

"I wonder if he really has gone straight," mused Tommy. "I'd hate to be unjust. . ."

"Forget it! That guy spells trouble to somebody. But forget it. Come on into the laboratory. I want to show you something."

He led the way down a long corridor to a heavy, vault-like door with a combination lock.

"Here, hold the light while I open up," he directed.

"You're not taking any chances, are you?" chuckled Tommy.

"Can't afford to." Speed spun the dials and finally swung the door open. "There are several people and several countries that would give a good deal to know what goes on here."

They entered a brightly lighted, fully equipped laboratory. Three men were at work at long tables holding retorts, bunsen burners and electrical apparatus. All looked up at the entrance of Tommy and Speed. The oldest, Professor Manderson, came forward immediately.

"Let's put on a show for Mr. Wade," suggested Speed.

"Be glad to," replied the professor.
