Might Be A Speck Worse In The Law Line: Look Here!

Business, even tho it's the last of the month, was upped a bit for law enforcement officers here abouts and Friday night it was an all night affair.

That night, there were 1 drunk, 1 DWI, a State boy picked up, 2 by L. B. Fry, 5 by Chief of Police Bob Jones, and another picked up near Purlmela Monday morning.

Adding to all this confusion, the Friday night extravaganza included an alleged rape case, about which we're liable to hear more when the grand jury's through meeting.

The rest of the week-end was quiet, and that's the report we've read from other smaller towns where there are many soldiers located. Seems like if they're kicking up their heels, they go to the "bright lights" of the "metropolises".

REVIVAL AT KEENER CHAPEL

The revival will begin at Keener Chapel the first Sunday in July. Rev. George Siler of The Grove will do the preaching.

Everyone has a hearty welcome to come and worship with us during this meeting.

FIRST EVANT GIRL TO JOIN WAVES

Miss Nora Ella Faubion of Evant will leave soon for New York to enter Hunter College and receive her basic training as a WAVE.

Miss Faubion is the daughter of Mr. and Mrs. Milton Faubion of Evant. She graduated from Evant high school in 1939 and for the past two years she has been employed with the Frost National Bank in San Antonio.

Miss Faubion is the first girl from Evant to leave for the service.

Mr. and Mrs. John W. Baker and daughter of Wickett and Mr. and Mrs. Charley Mæsey and Mr. and Mrs. Doc Curb and son of Belton visited Sunday with Mr. and Mrs. I. Y. Sims and family.

Pfc and Mrs. Clarence Hopson and Carolyn Joan have returned to their home in Camp Chaffee, Ark after spending a furlough with his parents, Mr. and Mrs. Jack Hopson at Mound.

Remember The Egg Stories! They've Started Again

Last year, before OPA and all the other restrictions that beset our hens, and we mean chickens, don't understand, we had eggsactly, 6(986,342,091,452,098,99-44/100 egg stories in the News. Or was that the war debt?

Anyway, these good old Coryell county hens are at it again. Now come one White Leghorn hen a native of Freeman Heights just west of Gatesville, who clucks when Mrs. W. B. Keener of Gatesville, Rt. 3, comes out with the feed, who's done something grand. Of course, it's an egg. What else can a hendo? And this heretofore mentioned egg, is one nice white egg, approximately 8 inches in circumference, well, around, the long way—figured by rolling it over on a yard stick—and 5 1/4 around the other way. The weight, we do not know, because our scale's broken and since we have no A-I-J or better priority, and are not farming, we can't get a scale. It certainly must have made that old hen lose about a pound, at least, when she layed it.

Mrs. Keener, where is your chicken yard? These eggs are certainly getting scarce!

ENGINEER SPECIALISTS WITH ARMY CORPS ARE SWORN IN

These men have volunteered with Engineer Specialists with the Army Corps of Engineers and have been sworn in.

They are, James Harvey Crawford, Crawford, Gatesville; assigned to Army Air Forces as a construction carpenter, Oscar Doell, same, only foreman, and Roy L. Carter of the Area Engineer Office, Gatesville, assigned to the Army Air Forces, as an operations chief.

Civilians 19 to 50 possessing mechanical, technical, operating or supervisory skill may now volunteer for service with the U. S. Army Engineers. These are not military enlistments.

Mrs. R H Turner spent the week end in Waco

F. W. Harris Victim Of 3-Way Highway Accident

F. W. Harris, of Route 3, Gatesville died in the local hospital Saturday night at 8:45 from injuries sustained in an automobile collision just east of Coryell Creek bridge on U. S. 84, east of Gatesville, Saturday morning at 6:20.

Mr. Harris had one leg mashed to pulp for about six inches, a severe head injury and the other leg broken in two places, besides other injuries.

R. A. Carpenter driver of a City Packing Company truck from Ft. Worth, was driving west on the highway, and his truck is said to have hit the back end of Pvt. Robert Breham's '40 Ford sedan also going west. The truck then careened and crashed into Harris' pick-up, hitting it almost head-on, and completely demolishing the pick-up. The truck had its motor pushed back, cab, radiator and front axles ruined.

Breham's car was banged up in the back end, sustaining about \$75 damage, it was reported. He is with Headquarters Company, DEML, North Camp Hood.

The pick-up was owned by Cage Brothers, North Camp Hood contractors. Carpenter's home is in Arlington.

Funeral services for Harris were held yesterday in San Antonio.

Births

Born to Staff Sergeant and Mrs. Joseph M. Bello, at the local hospital, was Miss Marie Joyce Bello, born June 27, Sunday, and "Weighed-in" at 5 lbs. 13 ounces. Sgt. Bello is stationed at North Camp Hood, and was a very pleased man Monday morning, when he called at the News office.

Mr. and Mrs. Alton Spencer of Purlmela announce the arrival of Alta Fadene who arrived June 25 at 4:35 a. m. weighing 6 lbs., 4 ozs. The mother is formerly Miss Leota Freeman, Grandparents, Mr. and Mrs. W. P. Freeman of Pearl community and Mrs Bertha Smith of Purlmela.

Mr. and Mrs. Bill Jack Blanchard are the proud parents of a 10 1/4 lb. daughter, Peggy Gene,

Grand Jury Is Called For July Term Dist. Court

Here they are, boys, the men who'll be the men who'll bill you for all those things you've been doing against the "peace and dignity" of this state.

Out of this sixteen, will be picked the 12 men, tried and true who'll look over the bad boys, or, alleged so, and bill 'em.

They are Stanley Miles, Levita, Ira Graham, Copperas, T. E. Venerable, Evant, H. E. Etchison, Gatesville, C. P. Mounce, G. R. Williams, Pearl, Marvin Rucker, Oglesby, H. J. Dewald, Copperas Cove; Carl Davis, Jonesboro; Herbert Gholke, Coryell City, J. O. Brown, S. P. Jones, W. E. Hayes, Henry Maxwell, all of Gatesville.

Then, before long, the July term of court will open, and we'll probably have something else to talk about.

USE TAX DEADLINE ON CARS IS JUNE 30: GETUM QUICK!

From now to July 1, is the time you must have your next "use stamp", and the stamp covers the period from July 1, 1943 thru June 30, 1944.

The Post Office is the place, and the cost is \$5., and you must have it affixed to the vehicle in such a manner as to be readily visible for inspection.

When you get it, fill out the spaces on the stamp, giving model, make, motor number, as an aid, to keeping them from being stolen or misused.

TURNERSVILLE REVIVAL OPENS FRIDAY, JULY 16

Beginning Friday evening, July 16 and continuing through Sunday evening, July 25 the Methodist revival services will be held at the tabernacle at Turnersville. There will be lots of singing both special and congregational.

Rev. D. L. Barnes, pastor of Oglesby church will do the preaching. Services begin at 10:30 a. m. and 9:00 p. m.

who arrived at 8:20 p. m. June 22. The mother is the former Miss Edith Palmer. Grandparents are Mr. and Mrs. N. J. Blanchard and Watt Palmer

NORTH EAST WEST SOUTH

A SUMMARY OF WORLD, NATIONAL AND STATE NEWS

2ND WEEK BOMBING HITS RUHR

London, June 27, (UP)—RAF planes, battering Germany and its occupied territory in 3 separate operations carried the unparalleled Allied air campaign into its second week of relentless bombing Sunday.

MINERS ON JOB TODAY

Pittsburgh, Pa., June 27 (AP).—Leaders of the United Mine Workers were optimistic Sunday that most of the country's miners would resume production on war vital coal Monday, putting an end to the 3rd crippling stoppage of production within 2 months. The President won another political victory. Didn't he veto the Connally-Smith Anti-Strike. Watch 'em vote for him in 1944!

CONGRESS TO MEET AT WILL

Washington, June 27 (AP).—Leaders of both major parties propose to reserve to Congress the right to reconvene during the imminent Summer recess without waiting for a call from the White House.

MORE FARM SUBSIDIES

Washington, June 27 (AP).—Administration leaders were reported attempting Sunday to salvage from the wreckage of their food price roll-back program congress-

sional authority for direct subsidy payments to farmers instead of processors to hold down living costs. "And to gain more votes", Bosh.

KISKA BOMBER AGAIN SIX TIMES

Washington, June 27 (AP).—Six battering raids on Kiska pointed strongly Sunday to determination to immobilize the Jap garrison there from the air, probably in preparation for an invasion by land troops.

REDS HOLD PEACE IDEAL. DAVIES

New York, June 27 (AP).—Joseph E. Davies, former ambassador to the Soviet Union, said Sunday there was every indication Russia "is maintaining, even in the heat of war, the peaceful objectives which inspired it before the war".

MESSINA HIT, IN A MESS

N. Africa, June 27 (AP).—For the 3rd time in 36 hours Allied bombers swept across the Mediterranean from Africa Friday nite to heap explosives on the battered port of Messina, military lifeline of the besieged island of Sicily.

ALERT AT SAN FRANCISCO

San Francisco, June 27 (AP).—The "approach of unidentified

targets" caused a 61 minute alert in the San Francisco Bay region Sunday, the Army Air Defense Wing announced.

2 MORE U-BOAT VICTIMS.

(By The Associated Press) After a lapse of 19 days the Navy announced last week the sinking in the western Atlantic area of two ships with a possible loss of 57 lives.

CLARE LUCE IS "CLEAR LOOSE" AGAIN

Appleton, Wis., June 27 (AP).—Representative Clare Boothe Luce republican, Connecticut, the first woman to keynote a Wisconsin republican convention, told delegates today that the new deal reputation was "dead on the home front" and that President Roosevelt could only survive it by convincing the people that his foreign policy was sound. She might have something there.

GRAND UNCTION GETS BLASTED

Grand Junction, Colo. June 27, (UP).—High explosive shells screamed over Grand Junction for three hours today in a heavy artillery barrage of battle front proportions touched off by a fire in 2 railroad boxcars loaded with munitions.

What You Buy With WAR BONDS

5 Ocean Navy

When Pearl Harbor burst upon us our great expanse of territory was protected by a one ocean navy of about 350 first line ships with an addition of an approximate number building.

Now we are in a five ocean war and we are required not only to pay for the building of enough ships of the line but also for hundreds of Liberty ships and auxiliary craft. The amount of money you invested in War Bonds when we had a one ocean navy was all right then, it isn't enough now. Buy more and more War Bonds.

Warrant Officer Austin
In Fort Worth**

Miss Gail Repper, daughter of Mr. and Mrs. A. A. Repper of Ft. Worth and Chief Warrant Officer Travis B Austin, son of Mr. and Mrs. T. F. Austin of Evant were united in marriage at the First Christian Church in Fort Worth Saturday.

The ceremony was read before an altar flanked with white gladioli peonies, and white tapers in candelabra against green palms. Rev. L. D. Anderson officiated. Miss Mary Elizabeth Baker gave the wedding music.

The bride, given away by her father, wore a powder blue sheer crepe with matching blue and black accessories and carried a bouquet of gardenias.

Miss Juanita Freeman was bridesmaid. She wore a rose crepe dress with a shoulder corsage of carnations. Arthur Bothwell of Dallas was best man.

A reception was held by Mrs. Gladys Repper with Mesdames John H. Repper, W. G. Roades, B. B. Longacre, and Miss Margaret Moore serving.

After a wedding trip to California the couple will make their home in San Antonio where the bridegroom is stationed at Brooks Field.

Out-of-town guests to the wedding included Mr. and Mrs. T. F. Austin, parents of the groom, of Evant.

HILDA -- ALIVE

By SAMMY LILLIBRIDGE
An Original Story

What Has Gone Before

Jack Tobin and the Kid are touring the country exhibiting a Geek, or fake wild man.

When the Kid started his career as a "Canny", he was warned by an old timer as to the kind of life he would lead, and the types of people he would meet. So far, everything that the oldtimer told him has come true, but it is too late to turn back, the Kid is a dyed in the wool Carny.

He has learned that all that glitters isn't gold, that many a dummy is dressed in a good suit, and that many a soft heart beats under a rough exterior.

We now find Jack and the Kid still exhibiting Hilda, world's strangest creature alive.

CHAPTER SEVENTEEN

Jack and the Kid went back to the Art Brothers Shows after the Corn Festival, to finish the Northern season, but after being at the Corn Festival, these celebrations were small to say the least.

The show too was much smaller, most of the concessions and independent side show owners had gone into winter quarters and

only a handful of die hards were left.

Roddy Chalmers was still out with his girl show, it was going to be a long, cold winter, and a fellow had to get all the money together he could to hold him over it.

There wasn't the usual care-free spirit among the Carnys that there had been during the summer, every one was thinking that another season had passed, another year was gone out of their lives, another milestone passed, almost before you know it, and they were right where they started.

Even the organ on the merry-go-round seemed to feel this despondency, and wheezed along, now and then missing a note, some times leaving out a whole measure, no use buying a set of new rolls for the merry-go-round, when the season was almost over, it hadn't been any too good a season anyhow.

The tents needed patching and all the rides needed painted, here a horse on the merry-go-round needed a new leg, and there one needed an ear, but in a few days

they'd go into the barn and all winter to fix them up and paint them, and next spring they'd come out shining just like new.

Yes a little repair work and paint would fix the rides and shows up all right, but how about the people? Next year they'd start out with the same hopes and ambitions, and at the end of the season the result would be the same.

It was really cold that week and it rained that steady misty rain that comes in the fall of the year and the Kid laying on his cot in the Hilda Alive show tent, often thought about how that old Geek had told him about how the "sucker" slept in a house in a bed.

Everyone had colds but business had to be done as usual. Those who were going South for the most part needed gas money and those staying up North needed money to keep them going during the winter.

The Kid was more fortunate than the most, as he did have an overcoat, lots of them didn't even have that much.

One of the girls on the show who everybody called Nevada, as that was where her home was, to her moving to Killen high and she was always talking about the time she would go back, took so sick with a cold that she was taken to a hospital, where it developed into pneumonia. The show moved that nite to another stand, leaving her there. A few days later word was received that she had passed away. She was sent home to Nevada, the State she loved and always talked about returning to, but never expected to go back in the manner in which she did.

It was at one of these post season celebrations that a humorous incident occurred that provoked mirth among the show people at least.

One of the concessions was operated by a fellow who gave lectures on Astrology. You know, sort of forecasting the future by the stars. This fellow would lecture, then sell heroscopes, after which he'd make predictions, then he'd say: "On my tour through this district last year, I predicted many things that have come true, such as" and he'd tell the people things they'd read in the papers just that day.

A newspaper reporter happened to be in his crowd and heard him say these things, and the next day there was a write up in the paper captioned, "Predictions in Reverse" and it went on to tell how this fellow who traveled around the country and was only in a town a week at the longest, was safe in telling the predictions that he'd made a year ago, no one could very well prove he had not made these predictions, as no one could be found who'd seen him the year before.

This really made the "Professor" mad and every day he was in that town, he'd get up and challenge the reporter to fight. If the reporter ever heard him issue the challenge he had too much sense to accept, and I suppose he had as many laughs out of the incident as the Kid and the other show people did.

The astrologer during the talk he made, told some rather amusing stories, as well as making an interesting lecture, one of them was as follows:

"In a very few minutes, I'm going to take your individual birthday and locate scars on people's bodies; people whom I've never seen; tell you your likes, your dislikes, your faults and habits, good points and bad points, why you'd be surprised to know what I can tell you about yourselves once I know your birthday. I remember one time I was lecturing in Miami, and a man came up to me and I said are you married brother? He said yes. I told him that if he'd tell me her birthday, I'd describe his wife to him: so he told me she was born in February, and I told him: Well to begin with she's a little taller than you are, and he said that's correct; then I told him she had auburn hair, and he said yes that is right. And another thing she has cold feet, I'll never forget it, that's as far as I got, he said get down off that platform you old

rascal you know my wife.

I didn't know her at all but she was born in that Pices sign and I wouldn't sleep with anyone born in that sign and have them stick their cold feet in the middle of my back for ten dollars a nite, and they've all got cold feet."

Another one of his stories went as follows: "In a few minutes I'm going to pick scars on people's bodies, just the men's bodies tho, no women. I was lecturing a while back and asked a lady her birthday, and she told me, and I asked her how she had gotten the scar she had on her back. She smiled and said that she had gotten it by falling downstairs when she was a young girl. Just then a great big fellow who was sitting beside her jumped up and said: Just a minute Professor, that woman happens to be my wife and I want to know just how you happened to know about that scar. Well I got out of it all right, but never again will I point out scars on women."

You sure meet a lot of different kinds of people in the show business. The Kid had started meeting them from the first day and was indeed destined to meet them, unless something unforeseen intervened, for many years to come. This meeting of strange people, odd people was part of the fascination that makes people at the end of a season say, that's the last season for me, I'm going to settle down, there's nothing to it. But about March they start counting the days.

The Kid remembered the old Geek telling him that same thing and would like to see that old fellow again.

The Northern season finally, as everything must, came to an end. It got too cold for even the most hardy and the most broke, so about the middle of October Art

Brothers gave the word that the show was to go into winter quarters.

The Kid and Jack delayed their start South to take a day off and join in the general celebration that is given the people of his show at the end of each season.

Everyone joined in and serious drinking was done, hands were shook and everyone went his or her way confident that even if they hadn't saved anything this year, next year was going to be a good one and everybody would have plenty.

The next day, Jack and the Kid and John, who was setting some kind of a record in holding down the job of Hilda, headed for the South and what they hoped would be the land of milk and honey.

Mrs. Coke Stevenson Jr., First Lady of the State of Texas, poses with her daughters, Scottie Gayle, standing, and Linda Fay, in front of the stately Governor's Mansion at Austin. An ardent supporter of cotton, Mrs. Stevenson is wearing a tailored dress of white pique. The little girls are wearing big and little sister dresses of striped chambray, with eyelet ruffle pinafores. This portrait will be published by the cotton industry in the July issue of Mademoiselle as the fifth presentation of the industry's "First Lady" series.

Aid to Enemy

"Any American who wilfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy . . . We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?'" — Secretary Morgenthau.

Oil Cuts a New Pattern

Deeply impressed in the sand and mud of distant battle fields soon will be seen the pattern cut by oil's newest weapon — tracks of rugged, heavy-lugged military tires made from rubber synthetically produced from petroleum.

RUBBER made from oil is now a reality; and appropriately the Governor proclaimed June 28, 1943, as American-Made-Rubber Day in Texas.

When the source of native rubber was denied the Allies by the Japanese the petroleum industry was ready with plans already drawn for making synthetic rubber from oil. Tests prove it to be as good as, and in some instances better than, rubber made from native stock.

The same Humble refineries which for more than a year have been producing vast quantities of toluene for explosives,

high octane aviation gasoline, and hundreds of other vital war products, will soon be ready to make Butyl rubber for many special military uses and Butadiene, basic material for military tires.

Production of this newest weapon from oil will be an added obligation. Humble will continue to meet established quotas of other petroleum war products as heretofore. Rubber simply will be added to an already long list of essentials—a list which reflects the vital part Humble men and women have in the battle of production.

JERRY IGNATZ, MARX'S MOUTHPIECE AT PEARL

LONGHORN PRAIRIE RAMBLERS AT PEARL JULY 2: MARX TOO

Big doin's at Pearl high school at 8:30 p. m. July 2, when Oran Cathey and his Longhorn Prairie Ramblers will make a one night stand there. Featured with Oran's aggregation, will be that popular ex-753rder, Sgt. Lester L. Marx, and his stooge, Jerry Ignatz, in a rol-

licking bit of Bergen-McCarthy-ing that makes that headliner look like a tank-town barnstormer. Cathey needs no introduction to Coryell county audiences, as he is the No. 1 fiddler of this area and with his band, he features Elizabeth Hunt, one of those deep throated singing cowgirls who can really dish it out. You're going to see and hear a treat at Pearl, with the trio, Hunt, Marx and Cathey. Don't miss it!

His Pigs Go to War

Farm Youth of U. S. Looks to Tomorrow

TOMORROW'S farmers and farm homemakers are second to no school group in their enthusiasm for investing in War Bonds and Stamps to make sure their future is secure. Through the Schools At War program they are investing what they save and earn in War Stamps and Bonds. First evidence of this is the amount the 4-H Club boys and girls and the FFA boys invested in war savings in 1942 from "Victory Pig" and other projects. A million and a half 4-H Club members put \$6,000,000 of their own savings in War Bonds and Stamps and sold \$2,500,000 worth of War Savings to their neighbors. Nearly a quarter million members of Future Farmers of America invested more than \$1,500,000. Spurred by the realization that the financial welfare of farm families the next 20 years depends on how wisely they use today's higher incomes from increased food and other wartime production, both groups have set their goals still higher for 1943. These farm youths are building financial reserves, and urging their parents to do the same, for after-the-war necessities, to meet financial emergencies and to help them get started in college. They're building reserves today for tomorrow's farm buildings and for the other things they will need when they're tomorrow's farmers and homemakers.

WAACS GET STRIPES

One hundred four members of the WAAC Detachment, Tank Destroyer Center, North Camp Hood blossomed forth this week with new chevrons as 2nd Officer, Elizabeth L. Flanagan, commanding officer of the detachment, announced that 39 WAACs had been promoted to Technicians Fifth Grade (corporals); 60 to Auxiliaries First Class; two to Leaders (Sergeants); two to Technicians Fourth Grade (Sergeants) and one to Junior Leader (Corporal). Up to the announcement of the new promotions the Detachment had only two non-commissioned officers, Leader Margaret F. Munnigham, who is acting 1st Sergeant of the Detachment, and Junior Leader Sylvia Buttner.

664th TD B'n. Has Newspaper

The 664th Tank Destroyer Battalion, BUTC, North Camp, is authorizing a bi-monthly battalion newspaper, to be called the SPASM. One of the company reporters has the longest b-line it has ever been our pleasure to see: Sergeant Lopold Francis Aristotle Musacchio Decorronei! No wonder they given them ASN's in the army.

Military Alibi

New high in military alibis: A rookie who had worn out a pair of shoes in two weeks, offered this classic answer—"You see, sir, I'm out of step so much I wear out my shoes changing back."

657th. New Record In Firint

The 657th TD B'n. BUTC, commanded by Major James L. Lake, recently set a new record for the post in firing. Pvt. James D. Webb was the highest scorer out of 863 officers and enlisted men who fired the caliber .30 M1903 rifle course, with a total of 193 out of a possible 200. Sixty five officers and men qualified as experts, while 98.7 percent qualified as marksmen. The battalion average for qualification now is 100 per cent. Listen, that IS good!

Officers Take It As They Dish It

Officers of the TDRTC train almost as rigorously as the enlisted men, but they are finding that their hikes not only are putting them in fine physical shape, but are proving more and more interesting. Col. Walter A. Dumas, commanding officer of the RTC who steps out faster than the youngest second lieutenant in the group, recently led his men on a hike which ended on the banks of the Leon River.

The hiking officers were to cross the river by a rope bridge, but first they had to find the bridge, since they had been left on their own by the colonel.

Located upstream, the bridge proved to be an exceptionally fine piece of work on the part of the pioneer platoon, as it is fashioned of rope and trees. All officers crossed without a ducking.

Outdoor Boxing, NCH

The erection of an outdoor boxing ring at the corner of Headquarters Ave., and 12th St. in NCH will assure the enlisted men of the RTC many interesting bouts. Rings are also planned for the recreation halls, and will be portable so they may be set up outside. Baseball, softball and volley ball leagues are being formed, and it is expected that the BUTC and RTC groups will

NEWS OF OUR MEN and WOMEN IN UNIFORM

Here's a brief note from S/Sgt. James B. Derrick, of the 62nd Bomber Sqdn., 39th Bombardment Group, Davis-Monthan Field, Tucson, Ariz. "Enclosed find one dollar, please send Coryell County News to address below. How are things in Gatesville. I imagine it has changed since so many soldiers are there. It is hot and dry here in "Sunny and Healthy Arizona". I am now a crew-chief on a heavy bomber and would enjoy hearing from anyone from Coryell County. Sincerely, S-Sgt. Jas. B. Derrick.

Pvt. Fisher W. Culberson, 20, son of Mr. and Mrs. Dave H. Culberson of Gatesville is at the University of Wichita where he is taking a course in Army Air Force work lasting 5 months, and will then be appointed as an Aviation Cadet in the Army Air Force.

And from Pvt. Travis C. Harper come a letter from Princeton University, at Princeton, N. J. "Dear Mat: Well I have moved and this time I got quite away from home, but near or far from home I just gotta have the Coryell County News. I am now at Princeton University in New Jersey taking an extended course in Engineering. This is a very beautiful place and reminds me of some old castles in the European countries you read about. It all seems so old and aristocratic, but it is nice, nice chow here too. Will you send my paper up here to me. Thanks a lot, Mat. Very sincerely yours, Travis C. Harper.

That "crew-chief job is quite a job. I was once under a "crew-chief, but never got that far up. That was on OX-5's, back about 1919, also, DH's, the so-called "flying coffins."

Payroll Savings Buys Comfort For Your Fighting Relatives

Not all of your payroll savings and other War Bond purchases are used for tanks, planes and gunpowder. A part of your investment goes for the comfort of your father, brother, son or friend. Put your war bond buying through your payroll savings plan on a family basis to do the most effective job in providing for the care and safety of your men in the armed forces. Figure it out for yourself how much beyond 10 per cent of the aggregate income of your family you can put into war bonds above the cost of the necessities of life. Remember a single \$18.75 war bond will buy for a fighting soldier on the front: Two cotton undershirts at 44 cents; two pairs of cotton shorts at 76 cents; two pairs of cotton socks at 64 cents; one pair of shoes at \$4.31; a cotton khaki shirt at \$4.04; pair twill trousers at

\$1.16; one web waist belt at 23 cents; two cotton neckties at 44 cents; 2 khaki caps at \$1.26 and one twill jacket at \$2.16. Total \$18.74. An \$18.75 war bond should make a marine comfortable for the night with a 23-pound mattress at \$4.20; two blankets at \$13.54; a pillow at 56 cents and two pillow cases at 30 cents. Total \$18.60. Or he could be provided with a rubber poncho at \$4.77; a helmet with its lining and other items of its assembly at \$5.62; a rifle cartridge belt at \$2.15; a marine corps pack consisting of haversack, knapsack and suspenders at \$5.10; a canteen and its cover at \$1.05. Total \$18.69. Those of you who worry about the comfort of your boy in service can help insure his comfort by buying war bonds. And 10 years from now you'll take back \$20 for every \$18.75 you put in. U. S. Treasury Department
