FIFTY-ONE POUNDS OF YELLOW CAT HOOKED IN RIVER

Alonzo Spence brought home the food on a recent fishing trip. He hauled out one of those 51 pound yellow cats, which we all know exist in the Leon, but can't catch.

Another fish, about a 5 pounder was the reason the big "51" was caught so easily. He was on the inside, and slowed up the old boy's action when he tried to be the "hook Racket".

The fish was caught on a small hook on a relatively small line.

TODAY'S EVENTS By Associated Press

HASTY ACTION WILL COMPLICATE: GROMYKO

WASHINGTON, D. C. March 21 (AP)—Soviet Ambassador Andrei Gromyke said today that hasty action would merely complicate matters, and that Russian-Iranian negotiations were underway.

This comment was made shortly after President Truman said Monday's UNO meeting will not be postponed and that the U. S. Delegation will press action on the Iranian case despite the Russian request for a 16-day postponement.

OUTLOOK, SPRING VEGETABLES BETTER

AUSTIN, Texas, March 21 (AP)—Texas Spring vegetables progress was interrupted by irregular temperatures the first half of March, but Readings in the high nineties at the end of the period are favorable the U. S. Department of Agriculture reported today.

EXTEND DRAFT INDEFINITELY, SAYS IKE

WASHINGTON, D. C. March 21 (AP)—General Dwight Eisenhower asked Congress to extend the draft law indefinitely and limit service liability to 18 months, allowing all fathers to be released by September. If the law is not extended, the army will likely fall 165,000 short of its eventual goal. He said Secretary of War Patterson had recommended a 20 percent overall pay increase.

"EARLY BIRD" RADIO STARS TO ENTERTAIN FOR ANNUAL C. OF C. BANQUET, MARCH 28

An outstanding program of entertainment and a prominent speaker, Tom Dean, secretary of the Jacksonville (Texas) Chamber of Commerce, are headline at actions for the forthcoming Ninth Annual Banquet of the Chamber of Commerce, March 28, 7:30 P. M. at the High School gymnasium.

Approximately 400 are expected to attend this popular affair; and a well planned program indicates an interesting evening, in prospect for Chamber of Commerce members and their out-of-town guests.

The featured speaker Tom Dean, is well-known throughout the state as a speaker, successful businessman, and an active worker in civic and state affairs. He has aroused much attention and interest for recent experiments conducted on his farm in Jacksonville used as a demonstration center for developing new methods

in the production of tomatoes. Jacksonville is known as "the tomato-growing center of the world", and Dean has been active in promoting better production methods to further advance this local industry.

A highlight of the program will be the entertainment by Jimmie Jeffries and Little Willie, famed for their "Early-Birds" program every morning over WFAA, Dallas.

Judge R. Bates Cross will act as master of ceremonies for the program. Dr. G. H. Hall will deliver the invocation. Dinner music will be contributed by the Gatesville High School Orchestra.

A number of out-of-town guests have been invited, including some officers stationed at Camp Hood.

Retirement president John Gilmer will introduce newly-elected officers and board of directors for the coming year.

A LIFT FROM A YANK

Wearing a furlined parka and heavy slacks, Miss Hilda Fisher, an American Red Cross worker from Waynesville, North Carolina, gets a lift, Korean style, from Pvt. Nick Morris of Bomarton, Texas, as she goes off duty in Seoul, Capital of Korea. The big Texan borrowed a typical packboard—used for carrying huge loads of firewood—from the surprised Korean at the right to give her a lift. (AP Photo.)

EX-WACS MAY REENLIST

According to a telegram received from the War Department, honorably discharged WACS from the Women's Army Corp, (not WAAC) may reenlist to fill critical jobs. Applications will be accepted through the local Recruiting Office.

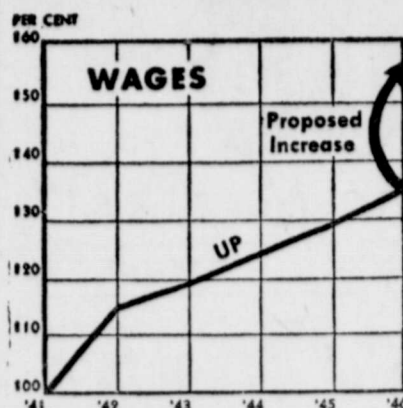

This program is designed to provide for reentry into the service of skilled women to meet critical shortages of skilled personnel in Separation Centers and Hospitals.

Women who desire to reenlist are requested to bring their form 100 and discharge certificate to the Recruiting Office.

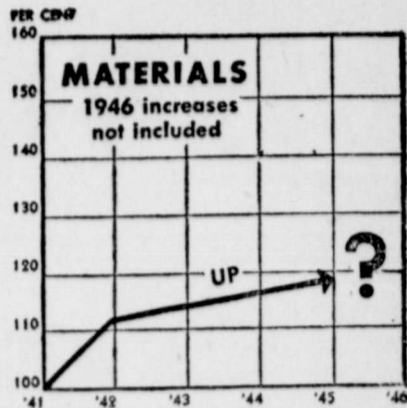

There are 2500 varieties of animals on exhibit in the Washington zoo.

How would you CHART YOUR COURSE?

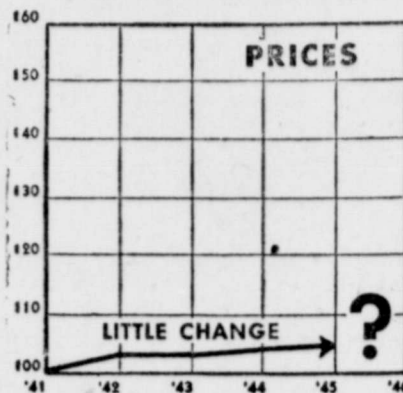

Pictured here are the records of four "life lines" of our business—four things which largely control the destiny of any business, whether it be a farm, a factory or a store. They are Wages, Materials Costs, Prices, and Profits. Suppose these were pictures of what is going on in your own affairs. How would you chart your future course from these facts?

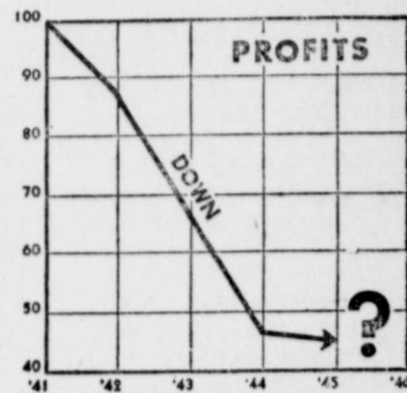

With the proposed increase, wage rates will have risen from \$0.85 1/2 per hour in 1941 to \$1.33 1/2 in 1946—a gain of 56.1%. Weekly average would be \$53.40.

By the end of 1945, prices on all commodities other than farm products and food had gone up 19.2% since 1941. Chart does not show effect of 1946 increases.

Using U. S. Bureau of Labor Statistics with 1941 prices equaling 100, prices of farm machinery in 1945 were only 104.9.

Profit per dollar of sale has declined until in 1945 it was slightly less than four cents, or against 8.4 cent in 1941.

What about wages?

Wages have risen steadily for five years. Before the strike which began on January 21 in ten of our plants and which has choked off nearly all farm machinery production, earnings of employees of these plants averaged \$1.15 1/2 an hour, not including any overtime. The Union demanded a 34 cents per hour increase and a Government board has now recommended a general increase of 18 cents an hour, which would make average earnings \$1.33 1/2 an hour. Weekly average would be \$53.40.

What about materials?

No one seems to know how high materials costs will go. The Government has increased steel prices as much as \$12.00 a ton, with an average increase for all grades of 8.2%. Steel is the most important material we buy, but prices on other materials are also increasing.

What about prices?

There has been no general increase in our prices since they were frozen by the Government in early 1942. Since then a few small increases have been allowed where particular machines were substantially changed in design.

What about profits?

Risk is part of the American profit and loss system, so we do not, of course, ask either our customers or the Government to guarantee that we can be certain of profits each year. The chart tells the story of our profits during the war. Although Harvester produced more goods than ever before, it had no desire to get rich out of war, so our rate of profit has steadily gone down. What our 1946 profit will be is extremely uncertain.

What is the next step?

As you can see, our present situation is that with frozen prices and declining profits, we are asked to pay higher materials costs and to make the biggest wage increase in the history of the Company. Can we do this?

Wages and materials consume all but a few cents of every dollar we take in. If our prices continue frozen, and cost of wages and

materials continues to rise, obviously our Company will begin to operate at a loss at some point.

The exact point at which operating at a loss would start is a matter of judgment. Government agencies and union leaders may have opinions as to where that point is. But if they turn out to be wrong, they can shrug their shoulders and say: "Well, it wasn't my responsibility. I didn't make the decision."

The management of this Company cannot and will not say that. It dares not gamble. It has to be sure. Continuation of our service to millions of customers, the future jobs of thousands of employees, and the safety of the investments of 39,000 stockholders depend on our making as correct a decision as is humanly possible.

What about future prices of farm machinery?

The judgment of Harvester's management now is that we cannot safely make the huge wage increase recommended by the Government until the Government authorizes adequate increases in the prices of farm machinery to cover the resulting increased costs.

That is not a judgment that makes us happy. The Company does not want to raise prices. We prefer to lower prices, when possible, and we know our customers prefer to have us do that. We have produced at 1942 prices, and hoped we could continue to do so. We have delayed seeking general price relief in the hope that it could be avoided. Now we are convinced that it cannot be avoided any longer. The price question must be settled. Until it is settled we do not see how we can settle the wage question. Until the wage question is settled we do not see how we can resume production and begin turning out the farm machines which we know our farmer customers need.

Because of the important stake which both farmers and city dwellers have in this controversy, we are bringing these matters to your attention. Through the cross currents of today's conditions, we are trying to chart a course that is fair to our employes, to our farmer customers, and to our stockholders.

Mrs. Bessie Brown, Corres.

The Liberty H. D. Club met with M. S. L. C. Perry Monday, March 12. They presented Mrs. Deward Flippen with a farewell shower and Mrs. Ralph Stephens with a bridal shower. They planned a social get together at the Liberty school house, Friday evening, March 22 at 7:30 P. M. Games will be available for all desiring to play. Every one from everywhere is invited to attend. Please bring card tables, dominoes, cards for rummy or bridge and any other game available. M. S. Fred Hartgraves, Mistress of ceremonies, announces the refreshments will be served the guests, and that a small door fee of 10 cents will be charged for high school students and adults. Being a strong advocate of more social get together in the rural sections, Mrs. Hartgraves urges that everyone be on hand for his community party.

Refreshments were served to nineteen members, a number of children and to two very welcome guests, Mrs. Rupert Stephens of Evant and her sister, Mrs. Bill Fraley of Goldthwaite. New members added to our roll were Mrs. Jo Maxwell and Mrs. L. G. Brown. Our next meeting will be with Mrs. Nelse Blair, April 2nd. She will have a bridal shower for M. S. Loy Gene Brown, and our agent, Miss Hander, will give a program on hat renovation. On April 3, our club will meet with M. S. John Laxson. This will be one of our most interesting meetings. It is the season that her flower garden and back yard park will be at its best. A trip through them is a stroll of delight. Her gardens have been described as Liberty's Bit of Heaven. Make your plans to visit the H. D. Club on this date. This invitation is extended to all flower lovers, everywhere, and to your home makers, who plan landscaping.

Mr. and M. S. Lester Williams and son visited with her parents, Mr. and Mrs. Bishop Sanders, last week. They are moving to Monahan where Mr. Williams has been transferred. Mr. and Mrs. Z. J. Williams of Temple also visited with the Sanders family.

Mr. and Mrs. Gayle Calhoun and children visited Mrs. Calhoun's sister, Mrs. Roy Necessary at Mosheim Sunday. Mrs. Calhoun also visited Rev. and Mrs. Charles Comer of Waco.

Mrs. Ocran Moore announces the marriage of her sister, Miss Mary Woods, and Bob Harris at Lubbock. M. S. Harris is a student at Abilene Christian College.

Mrs. A. G. Kanitzsch of Pottsville visited the Elams and Kanitzsches Friday.

Mr. and Mrs. A. A. Kaintzsch and family, Miss Grace Elam and Mrs. Bessie Brown motored to Stephenville last week-end to visit Mrs. Ida Peck, who is quite ill.

Calvin Perryman visited home folks Sunday and Mr. and Mrs. Edward Harten of Gatesville visited the Gedgepeths.

Mr. and Mrs. Walter Luft and son of Fredonia, Wis., visited the L. C. Perrymans last week. Warren and W. T. Perryman were buddies while in training in the states. They were together in England and through that terrible never forgotten advance through France, Belgium and Germany. The party will visit Mexico and California on their return trip. They find quite a contrast between the ice and snow they left in Wisconsin and the green fields and warm sunshine they found in Texas.

We are very happy to learn that Joe Walter Jones is being discharged from the Navy and that he will soon be home with his parents, Mr. and Mrs. J. B. Jones. While in California he located and visited these people who are from this locality, Mrs. Joe Marcella, Mr. and Mrs. William Hampton and family. Mr. and Mrs. Chester Brewer, Mr. and Mrs. Oscar Hies, and George Blair, Mr. and Mrs. Johnnie Jones, Mr. and Mrs. Bruno Lange, Mr. and Mrs. Herman Maxwell.

MISS JOSEPHINE McCLELLAN BECAME BRIDE OF DON KERN SATURDAY IN CHURCH WEDDING

A beautiful wedding took place Saturday evening March 16, 1946, at 7:00 p. m. at the First Methodist Church, when Miss Josephine McClellan became the bride of Donald Leonard Kern. Rev. Crain, pastor of the First Methodist Church performed the single-ring ceremony before an altar banked with palms and white lilies and candelabra holding lighted tapers.

Preceding the ceremony Miss Mamie Sue Halbrook, organist played "Libistraum," "Pale Hands" and "O, Promise Me", and during the ceremony "I Love Thee". Miss Gene Stinnett sang "Because" and "Through the Years".

The bride, who was given in

marriage by her father, chose a formal gown of white faille brocaded fitted bodice, sweet heart neckline, long sleeves and peplin at the waist. Full net skirt with train. Her veil was fingertip illusion on net and beaded head-dress. She carried a bouquet of split carnations, centered with orange blossoms and three small white orchids. The only ornament she wore was a string of pearls which was a gift from the groom.

Miss Jo Painter, of Memphis, Texas, senior at T. C. U. and roommate of the bride at college, was maid of honor. She wore a white lace fitted bodice, full net skirt, and carried a bouquet of red-roses. Bridesmaids were Miss June Chamlee, Harriett Robinson, and Jerry Davis. They all wore dresses of white taffeta with marquiset yokes. Each carried a bouquet of red roses.

Serving as best man was the groom's father, Dr. H. B. Kern of Slatington, Pa. Ushers were Joe Reese Robinson, Francis Ward, and Lt. Settle Franks.

The bride, daughter of Mr. and Mrs. Hurl McClellan of this city received her B. A. Degree from T. C. U. with honors. While in

college she was a member of the Alpha Chi National Scholarship Society, and Bryson Club, a social organization.

The groom son of Dr. and Mrs. H. B. Kern of Slatington, Pa., graduated from Slatington High School, Peikimen Prep. School and was a junior at Moran College when called into service. He received his training and commission at Camp Hood. He served two years overseas as a Lt. in the Tank Destroyer Battalion.

The couple left on a wedding trip for New Orleans and will remain there until their return in May. Leaving then for Pa. to make their home.

HELEN HAMPTON, GENE McCLENDON ARE MARRIED

Miss Helen Hampton, daughter of Mr. and Mrs. Earl Hampton of Pearl became the bride of Gene McClendon, son of Mr. and Mrs. R. M. McClendon of Turnersville, at the home of her parents at 2:00 o'clock Sunday evening March 10.

The bride chose a dress of soft navy crepe with a white jabot, black accessories and carried a small white Bible.

Miss Dorothy Murray of Waco attended the bride. She wore a wool two-piece dress of navy and navy check.

Rev. Ray McCollum of Waco performed the double-ring ceremony in the presence of her family and intimate friends.

Preceding the ceremony Tommy Gardner of Crystal City sang "I

Love You Truly", accompanied by Miss Celeste Porter of South America, who played the traditional wedding songs.

The couple left on a short wedding trip. After their return they will live in Waco.

MISS VIOLET SCREWS WEDS DILLARD BARR

Miss Violet Screws, daughter of Mr. and Mrs. Bill Screws of Temple became the bride of Dillard Barr, son of Mr. and Mrs. Joe Barr of The Grove. The ceremony was performed by the Justice of the Peace in Belton at 3:00 p. m. Friday March 9.

After a short wedding trip to San Antonio the couple are making their home at 7 South 35th Street, Temple.

Mrs. Elisha Wallace and baby, James, Mrs. Roger Powell and two sons Roger, Jr., and Billie.

MISSES JOSEPHINE McCLELLAN, MADELON COPELAND BRIDE-ELECT HONORED WITH PARTY

Honoring Miss Josephine McClellan bride-elect of Don Kern and Miss Madelon Copeland bride-elect of Charles Landt, Mr. and Mrs. L. M. Stinnett and daughter Gene and Lt. Ben Wandel honored the two couples with a bridal shower at 8:00 p. m. Thursday at the home of Mr. and Mrs. Stinnett on 1101 E. Leon St.

Refreshments of sandwiches, olives, cookies and coffee were served to those present: Misses Mary Margaret Holmes, June Marie Chamlee, Jerry Davis, Charley Frances Williams, Harriet Robinson, Mary Jane Slone and Suzanne Sadler; Mesdames James McClellan Jr., Gladys Davis, Francis Johnson, Jr., and Henry Sadler; Mr. and Mrs. Louis Bone; Messrs Settle Franks, Jack Straw, and Lt. Jerry Gamble; the honorees, honors, and hostess.

BIRTHS

Sgt. and Mrs. Ed Majors, formerly of Gatesville, are the proud parents of a baby boy, Johnny, born March 14. He is with the Texas Highway Department and is now stationed at Tyler.

A baby girl arrived at the Coryell Memorial Hospital at 11:40 A. M. March 19. Parents are Mr. and Mrs. L. W. Whisenhunt, Jonesboro, Rt. 2.

ANYBODY WANT TO FIGHT

Merle (left) and Berle, twin sons of Sam Owens of Hedley, Texas, claim the world's boxing championship for their weight and age. Since they could stand up, the kids have been boxing each other and its always a draw. Besides punching each other for fun, exercise, and a career in boxing, punching cattle is one of their daily chores. They have appeared before large audiences in the Texas Panhandle and put part of the receipts into a bank jackpot to further their careers. Just now they are getting in shape for exhibition demands this summer. Six years old, each boy is 46 inches tall and weighs 48 pounds. Bill Flatt, boxing coach at Hedley High School, and their manager, says, "It's hard for me to tell them apart, although one has blue and the other brown eyes, because after five rounds all eyes are black, including the referee's." Eire's Army Shrinks As RAF Lures Men

DUBLIN—(AP)—Eire's army is smaller today than at any time in the quarter of a century of its existence. Two years ago it was at the peak of its strength, a striking force of almost 100,000 highly trained men backed by some 150,000 members of the Local Defense Force.

Demobilization, which began a few months ago, has been unexpectedly heavy. Re-enlistments have been few. Gratuities for discharged men amount to as much as 100 pounds which is big money to an Irish soldier.

Too large a proportion of the discharged men are crossing the border to Northern Ireland to join the British Army which, particularly in the RAF, offers many inducements to adventurous young men.

The peace-time strength of the Eire Regular Army will be 12,500 men.

Brazil and Portugal Patch Up Their Tongues

RIO DE JANEIRO—(AP)—The Portuguese and Brazilians, who have as many—or perhaps more—difficulties getting together over their common language as do the British and Americans, have reached an agreement. Both nations have just signed an accord-over standard pronunciations and spelling and the Academy of Letters in each country will sponsor adoption of the common system.

Skeleton Bares Secret Of Kink's Bad Temper

STOCKHOLM—(AP)—Swedish historians and medical experts who opened the coffin of Sweden's great king Gustav Vasa after 386 years believe they have found out why he had such a bad temper. They found a large cavity in his cheek bone due to an abscessed tooth which bothered him for an estimated ten years. They also discovered he had small hands and big feet, one leg was shorter than the other.

Gustav Vasa, who was regarded as the "builder" of modern Sweden, died in 1560.

After scientific studies of his skeleton had been made his remains were exposed publicly for a day in Uppsalia's Cathedral.

LET'S WORK FOR INDUSTRIAL PEACE

Men want to work.

Management wants to produce.

The public wants to buy.

The country wants prosperity.

Yet good times have been held up by an agony of strikes.

Strikes breed bitterness . . . hunger . . . and economic stagnation.

For the sake of our country, let's change this! Change it fast. Time is running out!

Let's work out a way to get — and keep — industrial peace and prosperity.

THE FIRST STEP

Isn't a sound national labor policy . . . one that treats workers and management exactly alike and above all one that is fair to the public . . . the first step toward that peace?

Sincerely believing this to be so, we offer this program for peace and production and prosperity:

1. Make employers and unions equal in responsibility under the law.

2. Let Congress set the rules for genuine collective bargaining, free from coercion and violence, and then let government enforce these rules with strict impartiality.

3. Provide safeguards for the public against strikes or boycotts arising from disputes between unions.

4. Insure against strikes until all orderly procedures for settling disputes have been exhausted.

Your representatives in Congress have the power to establish this pattern for an enduring and a fair labor peace. Let them know how you feel about it. Urge them to act promptly on legislation to include these four points.

Time alone won't bring industrial peace. Doing nothing won't bring it. Positive action is the only way. For your own sake and for the future of our country, let your voice be heard!

FREE! A timely, authoritative booklet entitled "The Public and Industrial Peace," gives full details of this program, including specific suggestions for legislation. It is a useful handbook for every citizen, program chairman, or group leader. A postcard brings it. Address: National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y.

NATIONAL ASSOCIATION OF MANUFACTURERS

For a Better Tomorrow for Everybody

WASHINGTON :

CRIME AND DISASTER MAY BE AMONG THESE SOUVENIRS.

By Jack Stinnet

(AP) Newsfeatures

WASHINGTON — A few days ago, a national weekly magazine (Collier's) carried a cartoon. It showed a bungalow being blasted out here and there.

The caption, a quote from the tenant to a fireman reads: "Boy just wait until that 155-mm. table lamp blows up."

This is supposed to be that class of humor some one called "sublimation of the ridiculous."

The idea isn't either ridiculous or sublime. According to the best authorities the armed forces themselves, hundreds of thousands of dangerous souvenirs of war are already loose in the land and, in

spite of all efforts to stop them, still are coming in.

The Marine Corps magazine, Leatherneck, lists some of these as hand grenades, bombs, land and anti-personnel mines, daisy cutters, booby traps, butterfly bombs and innumerable weapons with live shells in the chambers.

IN 1938, I think it was, a youngster leaned out of a third floor tenement in Brooklyn, yelled to his playmates in the cemented court below, "Look out, I'm going to bomb you!" He let fly a World War I hand grenade that had been lying around the house for 10

years before he was born. The result: two dead, three injured children.

It is impossible to estimate how many men gave their lives in the war to souvenir hunting. Leatherneck has this to say:

"The average American is the most persistent and ingenious curio collector. Putting him in uniform and taking him out of his home community stimulated this collecting mania to the point where it has become an international phenomenon.

"The Japanese (and Germans and Italians) knew about this curio collecting and used it to advantage in the booby trap."

THAT'S WHERE the trail of death started among our souvenir hunters of World War II. That's not where it will end.

Legal obstacles at source and port of entry aren't the only ones being brought to bear in an effort to forestall the deadly effects of these souvenirs.

Not only servicemen but "innocent" recipients already have been prosecuted for possession or attempting to pass along these weapons. So far, existing laws and regulations are inadequate to cope with the situation.

FBI Director J. Edgar Hoover and numerous police agencies want the federal, state and city firearms laws strengthened. On the honest civilian side, there will not be any solution until collectors realize that they may be harboring the instruments of thousands of deaths.

LOOKING AHEAD at ELECTRICAL LIVING

You'll enjoy even, night-long warmth in any weather . . . with an

Automatic Electric Blanket

Here's the biggest improvement in sleeping comfort in years. Built on the same principal as electrically-heated flying suits, the automatic blanket provides even, automatically-controlled warmth regardless of outside temperature changes. Takes the place of three ordinary blankets. Eliminates oppressive weight . . . getting up for extra covers . . . cold spots in bed . . . getting into icy sheets. Gives you cozy, restful, uninterrupted sleep. The electric blanket is a "must" in your plans for better electrical living.

THE BLANKET WITH A "BRAIN"

Just dial the heat you want . . . and the electric blanket maintains it automatically all night long. Plugs into any regular socket.
