FRIONA, PARMER COUNTY, TEXAS. FRIDAY, OCTOBER 2 1937

No. 12

COGITATIONS and APHORISMS of JODOK

Some of our people said they saw frost here Sunday morning, and I am of the opinion that they were right about it. I cannot say positively from my own observation that there was frost on that morning, for, being an early riser, I was out doing the chores before it was light enough to see whether there was any frost or not. Then when I went out after breakfast the sun was shining and if there had been any frost it was all melted.

But there was no mistaking the fact about there being frost Tuesday morning, for there was enough that it could be plainly seen even before it was quite light. I do not think, however, that it did any material damage—probably killed the more tender vegetation, such as tomato vines—but it probably did the cotton good by causing it to stop growing and get to ripening more rapidly.

I have been reading and hearing a great deal about the Old Age Assistance Fund, and I read a notice somewhere supposedly to be from some high dignitary of the State, to the effect that there will probably be no Old Age Pensions paid during October, November and December, and probably during January and February, owing to the fact that the State has no funds with which to pay it, and the legislature has refused to make arrangements for raising this fund.

It occurs to me that this is a deplorable state of affairs that the people of this great Commonwealth shall overwhelmingly vote to have such a pension paid, and then go right ahead and elect men to the State Legislature that will so defiantly ignore the mandates of the people who elected them.

It is true that I am not wise enough to know just why this is, but there is no law to keep me from having an opinion on the matter, regardless of how crude my opinion may be, and I have formed such an opinion, and if it were expressed in words, it would very likely permeate throughout each branch of our state government and carry with it not too mild a spirit of criticism for each of these various governmental branches.

I am not in favor of exorbitant taxes in order to have any of the modern conveniences of life. Better to do without some of the conveniences than to be so burdened with taxes that we cannot pay them. But, I am in favor of our law-making body complying with the mandates of the people, and especially when these mandates were made in such unmistakable terms as were those demanding the Old Age Assistance, the fund

See Page 4

MET DEATH ON MERCY ERR AND

In the account given in last week's issue of the Star concerning the death of Robert Lee Chiles, which occurred in a car crash in the City of Dallas on Sunday afternoon, October 10, we were unable to give but very limited details of the sad occurrence, however, what we were able to secure were correct, according to R. L. Chiles, the young man's father, with the exception that it was a right-angle collision instead of a head-on collision.

Robert, as was stated last week, had been in the employ of the Metzger Creamery Company of Dallas, and it was his duty to drive one of the delivery trucks of the company, not one with a regular route to cover each day, but a car which was used to fill special orders that were received during the day after the regular deliveries had been made, and a pick-up truck was used for this purpose.

On that afternoon while Robert was sitting in the office of the company a telephone call came in, which proved to be from a lady, who stated that she was loathe to disturb them at that time of day, but that they had very little food in the home and the baby was sick and needed milk very much, and that she could get credit only from the Metzger company, and would he please bring them two quarts of milk?

Robert at once ran for his truck and two other boys who were in the employ of the company, but who were not at that time on duty, climbed in the seat with him, and they were off on the errand of mercy of carrying milk to a sick child.

Within a very few moments the same telephone rang again to impart the news that Robert had been killed and his two companions seriously injured.

It seems that they had reached a dangerous intersection of two streets, where a traffic sign read "Slow Down to 15 Miles," and Robert had obeyed the warning and slowed his car to the required speed, but a car coming at right angles to him on the cross street at the rate of about 60 miles, failed to heed the injunction of the traffic sign and thus crashed into the delivery car or truck at the location of the seat where Robert was sitting at the wheel.

The terrific impact threw his body out through the opposite side of the car and onto the top of another car several feet away, killing him instantly, with his head and face crushed beyond recognition. One of his companions was also so badly injured that he never regained consciousness and died about midnight. The other boy in the car also received shoulder injuries and will be confined to the hospital for many days from the effect.

Robert was known here as one of the most honorable young men of the community, being of a pleasant and cheerful disposition, and always taking care to keep himself scrupulously clean, both physically and morally. He was a great student of the Bible, and it is understood that

he contemplated entering the ministry just as soon as he had given himself a satisfactory preparation for this high calling.

A letter of sympathy from his employers to his parents proved that he was held in the highest esteem and trust by them, and that he was never lacking in the performance of his duty to them and all his associates. He never used tobacco nor strong drink in any form, and he never indulged in profanity or other vile language. He was a most exemplary young man and enjoyed the highest esteem of all who knew him.

The body of this fine young man was taken to Waxahachie, where, following the funeral rites in the Church of Christ, he was laid to rest in the family lot in the Waxahachie burial grounds.

The Star joins his host of friends at Friona in extending sympathy to the bereaved parents and other relatives.

ATTENDED ASSOCIATION MEETING

According to reports Parmer County was well represented at the meeting of the County Judges and County Commissioners Association, which was held in Amarillo on Thursday, Friday and Saturday of last week.

County Judge Walter Lander and all four of the county commissioners of Parmer County were in attendance; also from Friona were Miss Alice Guyer of the Relief Work of Parmer County, and W. J. Thompson, and Volley Hodges, who operate the county tractor and large grader for highway repair work in this part of the county.

A CORRECTION AND BEG PARDON

The Star wishes and does hereby make a correction in regard to a statement made in its issue of last week, regarding the farm display of grain and vegetables that was on exhibition at the Parmer County Demonstration Exhibit that was held here on October 9th.

The erroneous statement was to the effect that this display was brought in by Mr. A. D. Hinson, living southeast of town, when the proper person to receive this honorable mention was Mr. J. W. Laney, who lives in the Hub or Homeland community.

We humbly beg your pardon, Mr. Laney.

M. S. Weir, who has been spending several days at Hot Springs, New Mexico, for the benefit of his health, returned home last Friday.

Ray Landrum, Eugene Dixon and Obie Sheets were among those who took advantage of the reduced railroad fare to attend the Dallas exposition last week. They returned Monday.

Miss Mattie Cole spent several days last week in Oklahoma City.

CHIEFS VS. SPRING LAKE TONIGHT

The Friona Chiefs will entertain the Springlake eleven tonight on the local gridiron in an attempt to avenge last year's 12 to 0 defeat. Little dope is available on the strength of the team from Springlake, but all indications point to a lively tussle between the two teams.

Although defeated 14-0 by Hereford last week, the Chiefs played their best game of the season. Aided by two bad punts into a strong south wind, the Whitefaces capitalized on the early breaks of the game to score their two touchdowns in the first five minutes of play. After that, the two teams played on even terms the rest of the game. Captain Brookfield played one of the best offensive games ever seen on the local gridiron, and the entire team cooperated in holding the Whitefaces in the last three quarters of the game. Doug Short was the most consistent ground gainer for the Chiefs and also threw several nice passes for a lot of yardage.

INJURED IN CAR CRASH

Again the serenity of the Friona community was disturbed when a telegram received last Saturday morning by Mrs. Minnie Goodwine, living half a mile south of town, told that her daughter, Miss Floy, had been injured in a car accident.

No definite information has been received as to how the crash happened, although two letters have been received from young lady friends of Miss Floy; but it appears that she received a broken pelvis and will be confined to her bed for about six weeks, and that she is now in a hospital at Crosby, Texas, near Deer Park, where she is one of the teachers in the public school. The young lady who was riding with Miss Goodwine was also injured but not so severely.

One young lady wrote stating that as soon as Floy is able to be moved from the hospital, she will be taken to the home of her parents, where she will be properly cared for until she is able to be out again.

FORMER RESIDENT WAS GUEST HERE

Mrs. J. C. Wilkison was hostess last week to her friend and former school mate, Mrs. R. W. Wagoner, of Palo Alto, California, who is now in Texas visiting relatives, friends and former neighbors.

Mrs. Wagoner is a daughter of Mr. and Mrs. F. E. Clenin, and was formerly Miss Marie Clenin. She was accompanied by her small daughter, Diana. Her parents were the original settlers of the H. W. Wright farm, a mile south of town, and she left here with them when they sold the farm in 1916. Mrs. Wagoner is a sister of R. G. Clenin, of Tulla, and Mrs. Homer Fox, of Hereford.

MINUTES OF COUNTY TEACHERS MEETING, OCT. 5

The meeting was called and presided over by W. O. Cherry, Director-General for 1936 and 1937.

First in the order of business, after the greeting by the chairman, was a discussion of the question confronting the Interscholastic League in Parmer county. The first problem was where the meet should be held this year. After the decision that there should not be a basketball tournament this year, made by a motion which was carried, Friona invited the meet and the invitation was accepted, with the reservation that the playground ball and tennis meet should be held at Oklahoma Lane as usual.

Election of the members of the Executive Committee was taken up next. O. M. Stewart, of Friona, was unanimously chosen Director-General. Miss Dorinda E. Bond, of Farwell, was elected secretary before Mr. Cherry turned the chair over to the new Director-General. Election of other committee members proceeded with the following persons being elected:

Director of Declamation: Miss Christine Warren, Friona.
Director of Debate: Miss Dorinda E. Bond, Farwell.

Director of Extemporaneous Speech: Mrs. Dee Brown, Oklahoma Lane.

Director of Spelling: Miss Grace Paul, Lazbuddy.

Director of Ready Writers: Miss Frances McCormick, Bovina.

Director of Rural Schools: Van Boston, Lakeview.

Director of Athletics: Jack Davis, Friona.

By request of the Director-General, non-voting members of the committee were also elected, as follows:

Director of Music Memory: Miss Mary Lovelace, Farwell.

Director of Picture Memory: Miss Ruth Bolton, Bovina.

Director of Typewriting and Shorthand: Leo Forrest, Farwell.

Director of Arithmetic: Alton Parr, Bovina.

Director of Choral singing: Miss Horan, Bovina.

Next a discussion was made on the possibilities of having a county contest in rhythm bands. Since seven of the schools said they had such bands, the motion was made and carried that such a contest be held and the points awarded or not, according to the rules of the League Bulletin.

That the teachers would continue the annual county-wide banquet was next decided. Friona is to be host, having extended the invitation and been accepted last year at the banquet at Farwell.

Mr. Cherry made a brief talk in favor of a permanent organization of the county teachers, after which Mr. Forrest called a meeting of the ex-students of West Texas State Teachers College, and Mr. Jackson, a meeting of all coaches, principals, and superintendents.

The meeting then adjourned.

Dorinda E. Bond.

NOTATIONS APPENDED TO THE MINUTES BY REQUEST OF C. J. JACKSON:

In the coaches' meeting the motion was made and seconded that the county basketball championships, both boys' and girls', should be decided by round-robin play, with games on a home and home basis. The motion carried with the understanding

that personal agreements should be made with Lazbuddy.

Next the motion was brought upon the floor and carried, that the Executive Committee should decide the method of financing the County Meet. It was suggested that a flat rate should be assessed each school.

The agreement was made that Lazbuddy play both their games in each of the other schools in the gymnasium of the opponents and that Lazbuddy should have the proceeds of one game and furnish the officials for one game.

HOME FROM MONROE

Mrs. A. O. Drake, who spent a part of last week at Monroe, visiting in the home of her daughter, Mrs. Virgil Howard, returned home last Saturday.

Mrs. Drake reports that a son, their first-born, had arrived at the home of Mr. and Mrs. Howard before her arrival, and that her new grandson is named Josh Truman Howard. Both the mother and baby were doing well.

ATTENDED UNDERWRITERS MEETING

Dan Ethridge, local fire and life insurance agent, returned last week from a few days attendance at the meeting of The National Underwriters Association at Dallas.

Dan says he spent the time there most pleasantly and profitably from a business standpoint, becoming acquainted with many of his fellow local agents and some of the officials of some of the companies he represents here. He also made many business and agency connections that will be of great benefit to him and his clients in the writing of new lines of business.

Following the meeting of the association in Dallas, Mr. Ethridge visited relatives in Arkansas before returning to Friona.

CAUGHT MONKEY-FACED OWL

While Jim Griffith and Miss Irene Boggess were out hunting on Wednesday of last week, they were fortunate in securing a fine large specimen of what is known as the "monkey-faced" owl.

These birds are becoming quite a rarity in this locality and hunters are considered quite fortunate when they succeed in bagging one of them. This sample was sent to a taxidermist at Canyon to be mounted.

Besides the owl the young folks succeeded in killing a number of prairie dogs during the hunt.

GIRL SCOUT NEWS

Thursday, October 7, the Girl Scouts finished the bandaging for First Class First Aid, last meeting. We did two folk dances and sang several songs.

June Maurer, Scout Scribe

The Girl Scouts sang songs until Dr. Stover arrived. He taught us how to provide and use a splint for a broken arm, and how to bandage a strain, and produce artificial respiration.

This is required to pass First Class First Aid. We thank Dr. Stover for coming. Twelve girl scouts were present.

Scout Scribe, June Maurer.

ENTERTAINED FRIONA LADIES

Mrs. A. C. Echols, of Clovis, New Mexico, formerly of Friona, entertained a number of friends from Friona, at her home, Monday afternoon, October 18th, honoring Mrs. Wright Williams, of Friona, who is moving to Big Springs, Texas.

Her home was beautifully decorated in flowers and lighted candles, in keeping with Hallowe'en.

A most enjoyable afternoon was spent in playing bridge and Hallowe'en pranks. High score won by Mrs. Henry Lewis, and Honor Guest prize to Mrs. Wright Williams.

Those attending were: Mmes. R. H. Kinsley, Wright Williams, J. C. Wilkison, C. C. Maurer, O. F. Lange, W. B. Stark, R. T. Slagel, Bert Shackelford, Henry Lewis, J. R. Roden and M. S. Weir from Friona, and hostess, Mrs. A. C. Echols.

LETTER FROM E. W. DENNEY

In renewing his subscription to the Star for another year, Mr. Elgin W. Denney, a former resident of the Friona Community, but now of Iowa Park, writes the following interesting letter:

Iowa Park, Tex., Oct. 16, 1937
Route 1.

Mr. John White,
Friona, Texas.

"Dear Sir:

Inclosed you will find a check for which you will please continue sending the Friona Star for one year. I feel sure that my subscription has expired although I have not received notice to that effect. Up until last week the fall season had been very dry here, but during the last week we have received plenty of moisture. Some grain had been sown before the rain, but the majority remains to be sown.

Yours truly,

Elgin W. Denney."

Mr. Denney, who formerly lived on his father's farm a few miles northwest of town, has many friends here who will be pleased to hear from him.

Mrs. Lorene Hughes, formerly of this city, but now of Amarillo, is reported to have suffered a surgical

at Amarillo, on Thursday.

GONE TO CALIFORNIA

Orville (Red) Whitefield departed Sunday morning for Los Angeles, California, where he has secured employment, and he will be away from Friona indefinitely.

Mr. Whitefield just returned from a visit with relatives in that locality about two weeks ago, whither he had gone with Raymond Wright, of Amarillo.

Red's friends here regret to have him go away, but wish for him the greatest success in his new location.

**MRS. M. S. WEIR BRIDGE
HOSTESS**

Mrs. M. S. Weir was hostess to the Friday Bridge Club, on October 15th, at the home of Mrs. J. C. Wilkison.

The home was decorated in fall flowers and the Hallowe'en motif was carried out throughout the party.

Five games of bridge were played—Mrs. Weir receiving high score prize, and guest prize was given to Mrs. R. W. Wagoner, of Palo Alto, California, who was visiting Mrs. Wilkison last week.

Attending were: Mmes. W. B. Stark, Jane Williams, R. H. Kinsley, C. C. Maurer, Bert Shackelford, J. E. Stover, J. A. Blackwell, O. F. Lange, Henry Lewis, R. T. Slagel, R. W. Wagoner, J. C. Wilkison and the hostess, Mrs. M. S. Weir.

HAS BROKEN ARM

On Friday of last week, while "Red" Reed, of Oklahoma, was attempting to ride a horse, the horse reared and fell backward, breaking Mr. Reed's arm in the fall.

Mr. Reed is working for S. F. Warren, on his farm about four miles northwest of Friona and it was Mr. Warren's horse he was riding. The injured man is doing, perhaps, as well as anyone could with a broken arm.

J. W. Laney, who lives in the Homeland community, is quite proud of his row crops this season. He says they are the best he has raised since coming to the Panhandle.

Rev G. O. Dean, of Plainview, was the guest of W. J. Thompson and

short time at the Congregational church.

**HOME DEMONSTRATION
CLUBS**

FRIONA WOMAN'S CLUB

Mmes. Claude Osborn and M. L. McFarland were hostesses to the Friona Woman's Club in the Osborn home, on Wednesday afternoon of last week, October 13th, at two-thirty o'clock.

The club voted that each member invite a guest, and in addition invite the Friona Junior Woman's Club and the "As You Like It" Club to the October 27th meeting of the Senior Club, at which Mrs. R. L. Duke, of Dalhart, will be the featured speaker.

A leave of absence was granted to Mrs. G. Cranfill.

A report on the New Mexico State Meeting of Woman's Clubs, which was held in Portales, was given by Mrs. J. C. Wilkison, who attended the session on October 8th.

The following program was given: "Safety in the Home," Mrs. Routh. "Safety on the Road," Mrs. A. H. Boatman.

"Fire Prevention Week, Why?" Mrs. J. A. Guyer.

Piano solo, "Silver Star," Mrs. L. R. Dilger.

Refreshments were served to the following: Mmes. W. H. Attaway, Oscar Pope, Charles Baxter, Harvey Matthews, L. H. Routh, F. T. Schlenker, L. R. Baxter, A. H. Boatman, L. R. Dilger, Minnie Goodwine, J. A. Guyer, R. H. Kinsley, L. P. Lillard, M. F. McFarland, S. L. McLellan, M. C. Osborn, L. N. Ritter, W. B. Stark, S. F. Warren, Fred White, John White, J. C. Wilkison and one guest, Mrs. R. W. Wagoner, of Palo Alto, California.

Mrs. L. N. Ritter, Reporter.

**FARMER COUNTY FEDERATION
MEETING**

The next regular meeting of the Farmer County Federation of Women's Clubs will be held at Farwell on Thursday, October 28, beginning at 2:00 o'clock p. m.

All the women of the county are invited to attend this meeting and all club women are especially urged to be present.

Mrs. J. W. Walker, of Plainview, District President, will be the guest speaker.

Mrs. A. H. Boatman, President.

**HEALTH GRADUALLY
IMPROVING**

J. M. (Uncle Jerry) Blackwell, who returned home last Friday from a hospital in Amarillo, where he underwent a surgical operation, is reported gradually improving.

It is thought that he was dismissed from the hospital a little too soon, and his condition was considerably worse during Saturday and Sunday, but since then he has shown unmistakable signs of gradual improvement. His many friends here wish him an early recovery.

Mr. and Mrs. Ed Boggess and daughter, Miss Irene, were Merford visitors, Sunday.

Miss Sadler is a well-known student on the campus. She has already completed three years of her work toward a degree.

Mr. E. R. McCune of Lubbock was a business visitor in Friona, Wednesday.

**WITH THE
CHURCHES**

BAPTIST NOTES

Sunday School begins 10 a. m. There is a class for every one. We want you to find your place if you are not in Sunday School elsewhere. Preaching Service every Sunday morning at 11 o'clock. If it is not possible for you to attend Sunday School come and worship with us in the Preaching hour. The Morning subject will be, "In what does a man's life consist?" We believe this should be of interest to each and all. Come thou and be with us and we will do thee good.

The B. T. U. has a place for you, also. Very good attendance last Sunday night but some of you were not there. Make up your mind as you read this word that you will be there in your place next Sunday night. Remember the hour, 7:30. Preaching Service to follow.

The new pastor is anxious to meet you and get better acquainted with you. It is our earnest desire to be of service to the Church and Community and this can be accomplished much more easily if we can have your COOPERATION. Let each member of the Friona Baptist Church right now RESOLVE that on next Sunday, October 24, to be in his or her place in the morning and evening services. Come praying. Come expecting the blessings of Jehovah. You will receive a blessing. Invite some one to come with you who is not in the habit of attending Church worship.

Sincerely, Joe Wilson, Pastor.

CONGREGATIONAL LADIES AID

The members of the Congregational Ladies Aid met in the home of Mrs. Minnie Goodwine south of town Tuesday afternoon, with eighteen members present. Each member was fined a cent for each inch in waistline and one cent for being weighed. Over six dollars were taken in.

The afternoon was spent in quilting and other needlework in preparation for their annual bazaar and chicken dinner that will be held in the basement of the church on Tuesday, November 2nd.

The ladies extend a cordial invitation to the public generally to attend their chicken dinner and to see and purchase the various articles of their handiwork, which they will have on sale, and which will make suitable and useful Christmas presents, or for any other dates and occasions.

W. C. NICHOLS IMPROVING

W. C. Nichols, one of Friona's esteemed citizens, who was severely injured in a car wreck in July, resulting in one, broken leg and a slight fracture of the other, is gradually recovering at his home here.

It was at first feared that Mr. Nichols would not be able to use his legs again, but present indications are that he eventually will recover full use of them. His friends hope to see him out soon again.

Miss Lola Goodwine, who has been employed at Lubbock for the past several months, returned home Friday to assist her mother with her housework during the harvest of their good row crop.

for retired teachers, the needy blind, and the underprivileged children.

For, in my humble opinion, if there are any people who deserve the aid and sympathy of the normally able people, they are the teachers who are retired on account of age and without sufficient income to support them; the old people who are unable to work and have no support; the needy blind, and the little children who, through no fault of their own, have not the necessities and comforts of life.

As I have just stated, I do not believe in any exorbitant taxes on any class of people, and I also fully realize that the State has no means of securing funds save that of taxation; and I also firmly believe in our law-making body obeying the dictates of the people who place them in that position.

Now, all this may seem like a three-cornered paradox to my appreciated readers, but it is not such if I have a proper conception of the facts, for there are many other means of meeting these obligations to the people and of relieving this distress than by increasing the already burdensome taxes.

It occurs to me that if the legislature would devote the greater part of its time toward cutting the expense of the state Government to what it rightfully should be, and if all people, regardless of their great wealth, were required to pay taxes in proportion to the benefits they are receiving from our great state, there would be ample funds from either course to meet all the State's obligations in the line of mercy to those needing and deserving the same.

As I have said, there should be sufficient additional funds from either of these sources I have named and if both were adopted, and which could be done without any injustice to any person or group of persons, there would be an abundance of funds for all these needy purposes, and still allow for a reduction in the general tax burden of the people as a whole.

Take the Old Age Assistance Fund as an example of too much expense, and it just occurs to me that there are entirely too many people holding "white collar" jobs, in the administration, with salaries ranging from \$150.00 to \$200.00 per month, in Friona. Therefore, a cutting down

comparison to the actual number of those to whom it is administered, who are getting from eight to fifteen must leave a greater amount of the funds in the State Treasury to be applied to the relief of the aged people. And, it occurs to me, this same principle will apply to all the other lines of assistance which I have referred to above.

And this same theory will apply to all the various branches of our State Government, including the legislative, the executive and the judicial.

And as to the matter of more equitable and more just taxation to all people and classes or groups of people, I will venture the assertion that there is not a farmer or merchant in Parmer County that is not taxed many times as much in proportion to what he receives from the State, that is his money-making privileges and his ability to pay these taxes, as are the people or groups of people who control millions of wealth and are deriving correspondingly immense profits from it.

It therefore occurs to me that if our system of taxation is so arranged that all people will pay taxes in proportion to what they receive from the State and their ability to pay taxes, we will have very little trouble in finding the funds for the State to pay its obligation to its deserving and needy citizens.

Please do not, however, get the idea from all this effervescence or running-over of my "one-track" mind that I am posing as suitable material for a good legislator, for such an idea finds no lodgement within my cranium, for I seriously doubt if I have much more intelligence than the great majority of those who are already occupying that position.

I am wondering just how many have treated themselves to a cup of that delicious coffee which J. R. Roden is turning out from that new electric coffee urn which was established in the City Drug Store last week. Just take my word for it, that if you have not tried it, you have thus far missed a vast amount of the pleasure of life.

I do not know just how the urn is operated nor how it does its work so quickly, but within five minutes or less an urn of unexcelled, delicious coffee is made ready for drinking. I just stepped in from the street corner for a few minutes to see the new urn in operation, and J. R. set a cup of it out for me, and believe me, I sure enjoyed it. And if you do not believe it is good, just try a cup for yourself.

John Guyer was there at the time I was and he got a cup of the coffee, too, and he said it was good, and John sure enough KNOWS what good coffee is. John said he had drunk coffee made in every way he had ever heard of, but he did not seem to know much more about how this electric urn worked than I did, but he said he thought he would get one of them to use at his home.

There seems to be lots of ways and still other lots of ways of making coffee, and I guess all of them are good if the work is done properly; but the one on which my soul long has fed, and which seems to cling closest in the crannies of my memory is the one we adopted when Jim and Ed and I used to raise corn on the Hamilton.

It was five miles from our home to where the land was located and we took our dinners with us, but we could not very well take coffee with us, for Thermos jugs had not then been invented, so we devised a means of cooking our coffee there at the field.

So while Ed and I fed and watered the teams, Jim made the coffee. He stuck two forked sticks in the ground not far apart and laid another from one fork to another and hung one of these friction lid syrup buckets on the cross stick. The bucket was supposed to hold a gallon, but it did not quite, but anyway Jim filled it about three fourths full of water and then finished filling it with ground coffee and kindled a fire under it and let it boil until we were all ready for dinner, and we poured it into our tin cups, with the bubbles still coming up on it, and drank it as we ate our bread and broiled bacon and other good things which we had in our baskets.

And speaking about broiled bacon—that is another delectable food, which is rarely, if ever, excelled for just purely good taste. And there are also various ways of broiling bacon or any other good meat, but the best way—the one we used—is to kindle a fire of dry elm limbs or other good wood—hickory, preferably—then take a slender switch of spice wood, hazel or hickory, sharpen the end of it and stick it through and back, through and back, a couple of times so that you can turn it over frequently, then hold the meat in or very near the top of the blaze from your fire of sticks, and hold it there, turning it frequently, until it is done to your liking. This method slightly chars the outside of the meat so that none of the interior richness is allowed to escape, and the meat takes on slightly the flavor of the smoke from the burning wood, which gives the meat it added highly appetizing flavor. Hickory, cottonwood, ash or oak is the best.

However, I do not believe I could recommend that method of broiling meat here on the plains, for it does not occur to me that the flavor of cow-chips, yellow pine or red cedar would be very appetizing with broiled bacon.

It is not enough that we do our best,
But do just a little bit better;
And the fellow who is always doing this
Is always a good-job getter.
—Homade & Boughten

But say! those labor union fellows in Amarillo, are sure getting the "right pig by the ear" when they send word to Green and Lewis to "get together or get out." G. T. O. G. O.

HAD VERY LIGHT RAIN

I. W. Barnhouse, who lives a few miles east of the Syndicate Hotel, southeast of Friona, was in town Thursday afternoon. Mr. Barnhouse stated that they had a very moderate fall of rain during the cloudy spell last week, wetting the ground about two inches, but probably enough to bring the wheat up. He has about three hundred acres sowed and plans to sow about fifty acres more.

Mr. Barnhouse has most of his row crops harvested.

Vance Crume, bookkeeper for the Buske Chevrolet, was a business visitor to Friona last week.

CIVIL SERVICE EXAMINATIONS ANNOUNCED

The United States Civil Service Commission has announced open competitive examinations as follows:

Associate refuge manager, \$3,200 a year; assistant refuge manager, \$2,600 a year; junior refuge manager, \$2,000 a year; Bureau of Biological Survey.

Assistant in home economics information, \$2,600 a year, Bureau of Home Economics.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city which has a post-office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

FRIONA WEATHER

The weather at Friona during the past week, or since Wednesday of last week, has been partly cloudy, partly bright and mostly cool, being on one or two nights what might really be called cold.

The first frost of the season made its appearance Sunday morning, but the day was fair and mild and a first class autumn day. Our second frost appeared on Tuesday morning, and there was no mistaking what it was either, for it showed white on all roofs and other smooth surfaces and on the grass. Very little harm, if any, however, was effected by either of these first two frosts of the season.

It is really thought by the farmers that the light frosts will do good rather than evil, hastening the ripening of uncut feed crops and cotton. Wednesday was bright and mild—another ideal Panhandle day.

Miss Frances Scarberry of Cordell, Oklahoma, and Messers Obe Thurman and Dutch Helman, of Hereford, called on friends here Tuesday.

Business visitor to Friona last week.

Legal Notices

NOTICE TO DEBTORS AND CREDITORS

THE STATE OF TEXAS
COUNTY OF PARMER

To Those Indebted To or Holding Claims Against the Estate of Texie Walling, Deceased.

The undersigned having been duly appointed administratrix with the will annexed of the estate of Texie Walling, deceased, late of Parmer County Texas, by the Honorable County Court of said Parmer County, Texas, on the 13th day of September, 1937, at a regular term thereof, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to her within the time prescribed by law at her residence Amarillo, Potter County, Texas, where she receives her mail, this the 15th day of September, A. D. 1937.

RUTH W. DORRIS

Administratrix With The Will Annexed of the Estate of Texie Walling Deceased.

THE STATE OF TEXAS

To the Sheriff or any Constable of Parmer County—Greeting: YOU ARE HEREBY COMMANDED, That you summon by making Publication of this Citation in some newspaper published in the County of Parmer if there be a newspaper published therein, but if not, then in the nearest County, where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, T. M. Smith, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Parmer on the second Monday in January, A. D., 1938, the same being the 10th day of January, 1938, at the Court House thereof in the town of Farwell, Texas, then and there to answer a petition filed in said Court, on the 7th day of October A. D., 1937, in a suit numbered on the docket of said Court No. 1081 wherein Ida Ruth Smith is plaintiff and T. M. Smith is defendant. The nature of the plaintiff's demand being substantially as follows, to-wit:

That plaintiff is and has been an actual bona fide inhabitant of the State of Texas for more than twelve months prior to the filing of this suit; and has resided in Parmer County more than six months prior to filing the same; that plaintiff and defendant were legally married to each other in February 1932 and separated on or about March 30, 1936, on account of defendant being guilty of such cruel treatment, excesses and outrages toward plaintiff of such a nature as to render their further living together as husband and wife insupportable.

That there were to children born to said marriage, to wit: J. C., a boy age 3 years; and Walter Wayne, a boy, age one year. Plaintiff asks for care and custody of said minor children and represents that she is the proper person to have the care and custody of said children.

Plaintiff prays that defendant be cited to appear and that upon final hearing she have judgment for divorce dissolving the marriage between plaintiff and defendant.

your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 7th day of October A. D., 1937.

(SEAL)

E. V. RUSHING

Clerk District Court Parmer County, Texas.

By DeAlva White, Deputy.

"TAX HOOEY"

The following editorial accredited to the Panhandle Herald, under the title "Tax Hooey," throws some light on the considerably aggravated matter of tax legislation with which the called session of the legislature had to struggle:

"A group called the Taxpayers Association of Harris County and Houston has issued a call for a state meeting to be held October 5 at Austin to reorganize a state association and to protest further tax levies.

"This group seems to be about 40 years behind the times and it is out of step with this modern age when people demand and want improvements. One of the unfair comparisons made in the call was that the entire cost of state government in 1900 was \$6,000,000 for a population of 3,050,000.

"Attention was called that the appropriation by the last legislature was \$140,000,000 for a population of 6,000,000. This would make an increase from \$2 to \$23 per capita and an increased cost of 2300 per cent, the taxpayers association's secretary declares.

"No one can deny the need of economy, but one must realize that the Texas of 1937 is not the Texas of 1900. We are living in a different world, and it seems that we are willing to pay for our improvements.

"The state of Texas is not broke, despite all the crying about a deficit. It seems that Texas has never had a time when a state warrant was good when issued—or at least it has seemed that way.

"Texas needs a sane tax program. You can't educate the children of Texas in 1937 on the basis of 1900.

"No Texas of 1900 for Carson County, thank you."

PANHANDLE COUNTIES HAVE HOME EC. SUPERVISOR

CANYON, October 21—Miss Gladys Armstrong, who until recently was instructor in home economics at Amarillo high school, has been made supervisor of homemaking education in the 26 Panhandle counties.

She established an office in the administration building of West Texas State College this week.

Her work, embracing supervising home economics classes in the public schools and of adult education classes, is under the general direction of Miss Esther Sorenson of Lubbock, district supervisor.

Miss Armstrong will be away from her office, visiting teachers of home economics, from Monday through Friday, but will be here each Saturday. She will seek to make teaching of home economics more effective, more related to problems of the home and more in line with requirements of state affiliation. Cooperation with home demonstration agent work will be sought where necessary to avoid duplications in club activities.

She also will speak to College home economics classes at

"We Serve To Serve Again"

MOVED TO BIG SPRINGS

Wright Williams, who for nearly eight years has been connected with the Friona Consumers Co. Inc., and the Friona Wheat Growers, Inc., of this city, has severed his connections with both these institutions and the latter part of this week he and Mrs. Williams moved from here to Big Springs, where Mr. Williams has secured employment and where they will make their residence.

Mr. Williams came here from Abernathy about eight years ago and at once entered the employ of the Friona Consumers Company as bookkeeper, while it was under the management of A. A. Crow, and has been continually in its service. When Mr. Crow resigned as manager, Mr. Williams was appointed as manager, which position he has held until his recent resignation.

Upon the resignation of Charley Sullivan about two years ago, as manager of the "Wheat Growers," Mr. Williams was appointed as his successor, and served in both positions until June of this year, when he resigned the position with the Wheat Growers and has since devoted his attention and time to the service of the "Consumers" only.

Mr. Williams is a young man of acknowledged ability in both the business and social life of the community, and his worth as a business manager has been fully appreciated by the members of the concerns which he has served and his value as an honest, moral and first-class citizen has been realized by all, and it is with the deepest regrets of the entire community that he has severed his business relations here and moved away.

His motive in leaving Friona is more genial employment and a much better emolument for his services than he is able to secure here. Since coming to Friona he was married to Miss Jane Johnson, of Abernathy, who, since making her home here, has become one of Friona's social favorites and a leader in church work and other social activities, and she will be greatly missed in the circles of social, educational and church activities in Friona.

On arriving at their new home at Big Springs, Mr. Williams will at once enter the services of The Phillips Petroleum Company, having charge of the main distributing station and several retail stations of

HEALTH NOTES

Austin, Texas

Texas State Department of Health,
Geo. W. Cox, State Health Officer

AUSTIN, Texas, October 14—"The increasing number of persons in Texas dying from cancer justifies a warning at this time against quacks and so-called cancer cures," states Geo. W. Cox, State Health Officer.

"While newspapers, as a rule, do not carry the cancer type of advertising, there are many other ways for misinformation to reach the public. Undoubtedly there are persons who, being thus detoured from seeking proper advice, unnecessarily become cancer victims, while others not having cancer are fleeced out of much money for a cure," Dr. Cox continued.

"There are but two ways of treating cancer. First, by surgery; and second, by the use of radium or X-ray. Treatment must be started early and in the hands of a competent surgeon. Surgery is relied upon to remove cancerous tumors and is used in nearly two-thirds of the cases. X-ray or radium is used to advantage in one-third of the cases, frequently the two methods are combined. Self-medication, serums, colored lights, pastes, salves and diets are valueless.

"The great bulwark against cancer is early diagnosis. Every case is an emergency and it is unfortunate that the majority of those with cancer do not seek medical advice until beyond a permanent cure. No hope should be placed in fake cancer prophets and their treatments. Rather, the annual physical examination and an immediate reporting to your physician of any symptoms which may be suspected to be the beginning of cancer, should be relied upon. These symptoms are: any unusual bleeding from any body opening, any lump in the breast or other part of the body; any persistent sore, particularly on the face or mouth, and chronic indigestion. These conditions may not be cancer, but sometimes they are fore-runners of the more common types of this disease. Where cancer is suspected, do not delay, but consult your family physician at once," Dr. Cox admonished.

Bill Hamlin, of Amarillo, visited his parents, Mr. and Mrs. J. D. Hamlin, and other relatives and friends here Sunday.

Dr. and Mrs. J. E. Stover returned from a visit of several days to their daughter and family at Truscott, their former home.

TO OBTAIN DEGREE

Special to Friona Star.
DENTON, October 21—In addition to her college work, Miss Sara Frances Sadler of Friona is serving as a teacher in the Denton Public Schools. She plans to obtain her degree at Texas State College for Women in Denton administration, and is giving instruction in this subject in order to gain the experience necessary for permanent teaching certificate.

The Friona Ladies Bridge Club drove over to Clovis Monday afternoon and enjoyed one of its meetings in the home of Mrs. A. C. Echols.

Relatives, an aunt and a cousin of Mrs. Ed White, called on her for a few hours one day last week while enroute from the West back to their home in Kansas.

IN AMARILLO HOSPITAL

Mrs. Lorene Hughes, of Amarillo, formerly of Friona, underwent an operation in St. Anthony's hospital at Amarillo, last Thursday, October 14th.

She is doing nicely and her many friends here wish for her a speedy recovery.

Miss Alice Guyer spent last week attending business in Amarillo.

ENTERTAINED HUSBANDS

The married ladies of the Junior Woman's Club, entertained their husbands at the regular meeting of the Club, Tuesday night.

The meeting was held in the home of Mrs. C. R. Hardy and a goodly number was in attendance.

Mr. Eric Hahn of Amarillo, called on friends here, Tuesday.

PRACTICAL COOKERY

Department of Home Economics
 Texas State College for Women

DENTON, October 21 — Unless there's a dog or a pig pen handy, every cook has the problem of leftovers. A little dab of this and a little dab of that can quickly crowd an ice-box, and most people follow the pointless policy of keeping such scraps a few days and then throwing them away.

A vegetable loaf can solve this perplexity, for vegetables, cereals, bread crumbs and meats can be used in this one dish. It can be served either hot or cold, but the sauce is usually served hot. Vegetable water and meat broth may be used for moisture in mixing the loaf and as liquid for the sauce, and if necessary milk or eggs may be added.

CORN LOAF: (six servings) Drain the liquid from a No. 2 can of corn into a measuring cup and fill the cup with milk to make white sauce. Melt three tablespoons butter and three tablespoons flour and stir until smooth. Add the cup of corn liquid and milk. Stir over low heat until quite thick. Add the corn, one cup bread crumbs, and two eggs (slightly beaten) to the white sauce. Season with one teaspoon salt and one-half teaspoon paprika. Pour into greased baking dish and cover with one-half cup crumbs. Dot with butter. Bake in moderate oven 40 to 50 minutes. Serve with cheese sauce. If an onion is used, it should be finely chopped and lightly browned in the butter used in making the white sauce.

The Blackwell Hardware & Furniture Company have each received a shipment of new oil heaters this week.

News Briefs

Miss Lola Goodwine of Panhandle, spent the first of the week in the Goodwine home.

J. R. Roden, of the City Drug Store, last week installed a new electric coffee urn, in connection with his cold drink counter. Always keeping up with the times.

The Star is indeed grateful for the new and renewal subscriptions received during the past week.

The J. W. Parr Hardware Store and the Friona Consumers Company have each received a shipment of new oil heaters this week.

W. J. Thompson and family spent Sunday at Plainview visiting their son and brother, Ivan Thompson.

The Buchanan Implement Company received a consignment of new International tractors this week.

T. J. Thompson, of Lockney, spent Saturday here with his parents, Mr. and Mrs. W. J. Thompson.

Mr. C. L. Robinson writes the Star from Aransas Pass, asking that the Star be sent to his address during the coming twelve months.

KNOW TEXAS

Hail Popeye!

DENTON, October 21—Popeye may well be the patron saint of many people in Texas other than children, since this state leads the nation in the production of his well-advertised power food. Over six million bushels of spinach were grown in 1936, with a total value of \$1,800,000. With Winter Garden, Zavala and Dimmitt counties as the center of this industry, the town of Crystal City has won a name as spinach capital of the world. Citizens there have even erected three statues to Popeye. There is a farm nearby of about 3,000 acres which frequently produces more spinach than any other state in the union. The crop is also grown in the lower Rio Grande Valley and around Corpus Christi.

Editor's Note—The editor of the Star was well acquainted with Elzie Segar when he was a boy of about 14 years. Mr. Segar is the now famous cartoonist who created "Popeye."

LET'S TALK ABOUT CLOTHES

DENTON, October 21—Coordination counts! Women who desire that "finished" appearance should keep this as their motto, always remembering that the difference between looking "pretty good" and "stunning" may depend on the shades of finger-nail polish they use.

Since nail polish is a universal necessity now rather than a luxury manufacturers have devoted their time to making it blend in with modes of the moment. When clothes went flapperish, polish flared into wild reds and even into bright greens and purples.

Now, with fashions going feminine and seductive, a whole new era of polish has been ushered in. One of the best new shades is a flattering blend of a soft rosy fawn. It has a slight bit of tan left in it, and is good for the stage when your hands are just fading from the summer toasting.

For hands that have completely recovered from all traces of sun tan there is a rosy, silver-violet tone. The third is a rich, glowing red, flattering to any skin and grand for evening clothes. It is particularly lovely with black, silvery blues and evening pastels.

With the polish problem taken care of, girls at Texas State College for Women point out the importance of keeping your hands soft and white all winter. Complexions this season must be of the peaches-and-cream variety, so hands must correspond.

were 14 present. We checked up on our goals and found that Maudie Leach had the most points. Afterward, Miss St. Clair showed us how we played games.

FRESHMEN TO START FOOTBALL

CANYON, October 21—West Texas State freshmen gridders, those durable youngsters who take scouts' reports on future Buffalo opponents and whip new plays together every week to prepare their big brothers to face the enemy, will open their own limited season October 22 at 3 p. m., on the local field.

Their opponents will be the Portales, N. M., Junior College Hounds.

Coaches Bob Cox and Vernon Johnson will start a line averaging 175 pounds and a backfield weighing about 165 pounds to the man. Dalbert Barron, who snagged passes last year for the Borger Bulldogs, will take one of the end jobs, with Earl Stagner from Earth at the other wing. Ernest Kelly of Quitaque and Ray Crowell of Groom will likely start at tackle. Lloyd George of Plainview and Orville Bratton of Royce City appear the best prospects for the guard slots. O. D. McLennan of Friona, is favored for center.

A good prospect for quarterback is Beryl Blackshear of Turkey. Two mobile youngsters, Bill Loter of Kirkland and Glen Jones of Anton will do a lot of ball carrying. "Jump-in' Jim" Foust of Littlefield is expected to be the starting fullback. Eldon Davis of Amherst and Velton Sargee of Canyon are among the stronger backfield reserves.
