

Mary Sue Brown Wins Title "Miss Coryell County '1948'"

Told you Coryell County raised something besides oats and mules.

Nearly 500 people know this now, since the 2nd Annual Water Carnival and Beauty show at Raby Park Municipal Pool Friday evening.

We, and (naturally), think Miss Mary Sue Brown, deservedly won the title of "Miss Coryell" at the Friday evening meeting. We merely "sponsored" her. The NEWS didn't do nothin' else. Miss Brown was simply there, "Fustest with the Mostest". She, at that party, was most certainly the honoree!

Now, something disagreeable! You've heard it before, but that dog poisoner hasn't been apprehended yet, and he's getting them again. One lady let her children go to the show Saturday at 2:30 their doggie was in the pen. About the time they came back, their doggie was dying, and it broke their hearts, and made the lady, rightfully, madder a wet hen. Why does anybody want to pitch poison to other people's pets IN THEIR PENS, and ON their OWN premises is more than we can understand. And, if caught, we can understand, too perfectly plain, what a lot of people would do to this person or persons, if they ever knew who it was. What they'd do, simply wouldn't do to print.

Now, a dawg is a dawg. But, did this vicious poisoner ever stop to think HE, SHE, OR THEM might poison a child since the poison is usually pitched in a pen, or yard, and in candy or some edible that even a child might pick up and swallow.

We simply can't in decency, print what we think of a ——— like that!

Treat'en 'em worse'n a step-child. Red's Ramblers. Our "orphan" soft ball team. Played all over Central Texas, but since before the rodeo, can't even play at home!

Won Dist. 10 Softball title in Temple, taking Gatesville's Flag with 'em. Now going to Santone for STATE TAAF title, and the donations around the square on Monday were 50c, 75c, \$1. This is travel, hotel, meals, etc, for 3 days in San Antonio. Do you expect them to stay in a "flop-house" eat hamburgers, and hock their jewelry (if any) for an entrance fee, not to mention "thumbing" to San Antonio. THEY, our "step-children" are carrying the "Gatesville Flag" for Gatesville, and Coryell County.

"MISS CORYELL COUNTY NEWS" WINS TITLE OVER FIFTEEN ENTRIES IN 2nd SHOW

Miss Mary Sue Brown, daughter of Mr. and Mrs. J. D. Brown, Jr. came in "fustest with the mostest" and annexed for herself the title MISS CORYELL COUNTY 1948" in Coryell County's 2nd Annual Water Carnival held at Raby Park Municipal Pool Friday evening of last week. She was sponsored by the Coryell County News, and carried the title into the show: "Miss Coryell County News."

After the preliminary showing to the out-of-town judges, Miss Brown was called back with Miss Gatesville Municipal Pool—Miss Joyce Howell; Miss Stillman's—Miss Ann Sheridan; Miss Palace Theatre—Miss Lillian Lary; Miss Gatesville Messenger—Miss Mary Ruth Franks.

From these, Miss Brown won, and was awarded a make-up kit or bag, was crowned "Queen of the Water Carnival" by Dr. K. R. Jones, Mayor of the city of Gatesville, and was presented with roses, compliments of Ward & Cummings, Insurance, and an 8 x 10 print and prints of the show were given Miss Brown by Doughty's Studio.

Radio Station KCLW, then had an interview with the newly named "Miss Coryell County, 1948" on a recording machine for a future broadcast.

Other entries in the show were Miss Jane Copeland, as Miss Levita; Miss Patsy Voss, as Miss Ames; Miss Sandra Adams, as Miss George Painter, Realtor; Miss Dorothy Ayres, as Miss Photo Arts; Miss Jo Ann Sellers, as Miss Gatesville High School; Miss Pat Wright, as Miss Hinesleys Cleaners; Miss Barbara Smith, as Miss Bil's Cafe; Miss Patricia Painter, as Miss Gatesville Junior High; Miss Ann McClellan, as Miss Gatesville Chamber of Commerce; Miss Frances Tunnell, as Miss Oglesby; Miss Mary Ann Lee, as

Miss Kendrick & Davidson, Insurance; Miss Ann Combest, as Miss Horace Jackson, Insurance; Miss Glenda Dyer, as Miss Gatesville Elementary Schools.

Preceding the beauty show, Mrs. Sylvia Winfield's student swimming class, including Patsy Pruitt, Lynn Lowrey, Elmo Powell, Charles Powell, Jerry Ruth Huckabee, Bill Kendrick, Glenda Dyer, Mike Kendrick, Tommy McCown, Zama Powell, Sue Britain, Jerry Chambers, Barbara Ann Murray, Virginia Bradford, Jack Barneburg, Tommy Thomson, P. F. Hensley, Billy Winfield, Linda McCallister, Catherine Curry and Bonnie Haddock demonstrated they didn't go to swimming school for nothing.

In the swimming races, Boys and Girls under 10, Prentice Conway won. 13 and under, Bobby Jones, 1st. Over 13, Joe Daniels. All ages, Donald Fentge, Bill David Collins and Joe Daniels tied in a dead heat.

Then, there was a water polo game featuring the 1948 high school football team, which ended in a tie.

Dale Clary, Billy Melton and Bill Anderson, kept the crowd of 400 or 500 in uproar with their comedy side of the show.

In a beautiful water tableaux, Patsy Painter, Joyce Howell, Ann Combest, Sylvia Winfield, Jo Ann Sellers, Sandra Adams and Sandra Fentge, did some very difficult maneuvers with inner tubes, and they made figure eights, circles, and other maneuvers that brought applause from the audience.

Judges for the show, whose sponsor was the Gatesville Chamber of Commerce, Sidney Pruitt, Coach Lloyd Mitchell and Mrs. Sylvia Winfield, swimming instructor, were Arnold Mathias of Gatesville Chamber of Commerce, Temple Chamber of Commerce, Bill Stubblefield and Joe Caldwell of Station KCLW.

News From ACA County Committees: Terracing, SCS, Etc.

At the Tuesday meeting of the County ACA Committees prior approvals and purchase orders were issued to farmers on constructing terraces, diversion terraces and drainage ditches. Some of the approvals issued went to John R. Baskin of Ames, James Sharp and John T. Garren of Turnersville, and Albert Weiss of Coryell City.

The first of the week the ACA Office still had a balance of \$9,000 under the 1948 PMA program to use in issuing approvals on terraces, diversion terraces and drainage ditches.

If your farm needs terracing do it now—tomorrow may be too late.

Approvals have been issued on 445 tons of 20% superphosphate to be used under winter legumes to be planted this fall. At the application rate of 200 pounds per acre this would phosphate 4,550 acres. The ACA office has suf-

August 13, 1948. W. R. POAGE

Dear Friends:

Congress has adjourned, and activity here is slowing down. I am of course, unable to walk very much; so I don't have a chance to take part in as much discussion as otherwise, but it seems clear that politically we are experiencing the "calm before the storm".

The Special Session worked thru last Saturday after I wrote my last letter and finally passed a rather significant housing bill. We all know that housing is hard to get—either to buy or to rent. We all know that it costs an unreasonable sum to build a new house these days. We would all like to see more new houses available both for sale and for rent. Many of us have overlooked it, but most of us know that we have been and are now building new houses at a record rate and that we are using all the materials like lumber, plumbing, steel, etc., that we can get for construction. Therefore, it seems clear that without more material we could not build more houses. There seems to be no prospect of getting much more material; therefore, Congress did not undertake the great program of public housing for the large cities that many people advocated. Such a program could only compete for the limited supply of material that exists and such competition could only result in higher prices, not more houses. Congress did, however, provide guarantees on loans, similar to the F. H. A. program we have long known, so that there should be no difficulty in keeping new construction going just as strongly as our limited building supplies will permit. I voted for the bill.

Before adjournment we also passed an appropriation to pro-

vide automobiles for certain disabled veterans. These are cars we had already authorized. I voted for the bill.

One of the most dangerous tendencies of the time is the inclination of so many people to blame the farmer for high prices. It is true that the price of farm products is high. It is true that they have advanced about as much percentage wise as any other prices, but most people forget how low they were when they started going up. Actually, today most farm prices, except meat, are little, if any, above parity. At the rate they are going, it is likely that most of the major crops will soon be selling for less than 90% of Parity.—100% of parity is a fair minimum price. Can anyone honestly charge the farmer with creating high prices when he is only getting 90% of a fair minimum price? Would labor be satisfied with 90% of a minimum wage or capital with 90% of a fair return? Actually these people who are trying to get farm prices down below a fair level are about to pull the whole house down on our heads. It may sound strange, but there is real danger of setting off a deflation with all of its attendant ills of unemployment and bankruptcy.

I have been named by Senator Barkley as a Delegate to the Interparliamentary Union which meets in Rome in September. I am not yet sure that I can attend, but I am hopeful that my doctors will agree to let me make the trip as this is a very distinct honor, and I feel that I should go even tho I realize I could do little more than attend the sessions. (So long as no walking is involved, I do very well.) The Interparliamentary Union is probably the oldest of the International groups, and the United States is represented by about a dozen members of the House and Senate. I am the only member from our part of the U. S. I am, therefore, especially hopeful that it will be possible for me to make the trip, but I will have to be guided by the advice of my doctors.

With best wishes, I am,
Your friend,
W. R. POAGE.

efficient funds to issue approvals on an additional 362 tons. If you will have winter legumes and have not obtained your phosphate, ask for it today.

Farmers of Coryell County who are cooperating in the Agricultural Conservation Program are urged to follow through on their indicated intentions to carry out conservation practices—and actually complete practices. Frank Blair, vice-chairman of the county ACP Committee, says that every year some farmers fail to complete practices or fail to meet specifications in the practices they do not carry out.

Mr. Blair explains that the county committee has the responsibility to seeing that funds used to assist farmers in carrying out conservation practices are used to obtain the maximum of soil and water conservation. Assistance is given to help a farmer build the terraces only where terraces meet specifications. The same is true of other practices.

Some farmers fail to qualify for assistance because they don't understand what was required. The committee doesn't want any farmer to carry out practices and then find that assistance cannot be given because the practices fail to meet specifications.

Farmers also are reminded of their responsibility in furnishing acceptable evidence of conservation practices carried out. Measurements, price slips, analysis tags, or whatever is required should be obtained at the time the material is purchased or the practice carried out. A little attention to these matters now, said the county chairman, will save time and money later on, and only in this way can the nation be assured of maximum conservation.

Sweet Sudan A Money Crop
There are 30 acres of land in Coryell County that produced 29,000 pounds of Sweet Sudan, and which had been contracted for 10c per pound. After seed had been threshed, 800 bales of hay was baled. This hay is worth 45 cents per bale. A grand total of around \$3,300 for 30 acres. The value of land depends on how it is used. Sweet Sudan is practically a new crop. Cattle love it. There

should be thousands of acres planted for use in July and August. These are critical months for Central Texas. Cows will gain two pounds a day if run on good Sweet Sudan. Am speaking from experience because seven acres of Sweet Sudan on my farm was grazed 30 days by 16 head of cattle. Sixty pounds of beef on 16 head at 25c per pound makes \$240 or \$34 p'us per acre.—No threshing, no baling—cattle gather the crop.

Blum Photographed Again
E. W. Blum, the big bone man of Coryell County, State of Texas, was photographed again last Tuesday. This time "there was gold in them ar hills". The Universal Mills man was presenting Mr. Blum a check for \$150 as their appreciation for using Red Chain Hog feed.

Mr. Blum and the County Agent go to Dallas in October for the presentation of medals, watches, and other trophies for the district and state winners.

This state litter contest started again August 1st, 1948. It is open to any hog man who has a litter of pigs good enough and within the prescribed age limit for feeding. See your County Agent and sign up.

Gins Have Sterilizers For Pink Boll Worm

All gins in operation over the county have complied with specifications for sterilizing cotton for pink boll worm. One or two gins (one at Mosheim, and probably Valley Mills, will put in equipment to handle cotton from Coryell side)

The biggest enemy of cotton in August is the dry weather; in July it was the boll worm; and earlier it was the thrip. Yes, cotton raising is a hazardous occupation. If prices of other farm crops could be depended upon to stay high many farmers would quit cotton.

State Wide Farm & Home Egg Laying Contest

The State Wide Farm & Home Egg Laying Contest starts October 1st. Sign up with County Agricultural Agent and be ready to start October 1. Must have 100 hens or hens and pullets to enter contest. Keep your own record and win some of the cash prizes contest starts October 1 and closes July 31, 1949. During July a committee will visit each of the contestants in the first twenty places of the contest.

go with an Army job in Japan!**

How times have changed.

Three years ago, when our first victorious combat men left Japan, much of it was a shambles. The Japanese people were so dazed by defeat they didn't know which way to turn. The life of an Army man often had its discomforts.

But look at him today! He's helped to start the rebuilding of Japan, to restore roads and railways, to inspire a tired and hungry people with the hope of Democracy. Under his guiding hand, courts of justice, woman suffrage and freedom of worship have been brought about. In Japan there is only one soldier for every 400 Japanese—the smallest per capita occupation army in the world.

The pay of a Private is 50% higher than three years ago, then another 20% higher overseas. And almost every cent can be banked. None of it goes for food, housing, medical or dental care, clothing, retirement annuity, or the opportunity to continue his education. The Army furnishes him equipment for organized sports. While on leave, he can ski in winter or visit summer resorts at a fraction of what these activities would cost him in the U. S.

An Army career in Japan is full of advantages such as these. Compare it with any job across the board—you'll find it hard to beat! Ask at your nearest Army and Air Force Recruiting Station for full details.

This Week in History

**AUGUST 22 to
AUGUST 28**

161 years ago this week, on August 22, John Fitch, an inventor, launched his first successful steamboat... just twenty years BEFORE Robert Fulton built his famed *Claremont*. Fitch's boat was about 45 feet long and was propelled by a series of paddles on each side. After many faults had been corrected, the boat moved along the Delaware river at a speed of 3 or 4 miles an hour. A second boat, about 60 feet long was built in 1788, by Fitch, with the paddles at the stern. In 1790, still another boat was launched by the eccentric inventor and ran almost 3,000 miles without accident during its first season.

Rev. and Mrs. Carl Scott Entertain With Open House At Oglesby

Approximately one hundred and fifty people called at the parsonage of the First Baptist Church of Oglesby, on the evening of August twentieth, when Reverend and Mrs. Carl Scott entertained

with open house. The receiving line which formed in the living room, consisted of the president of the Womans Missionary Union, Mrs. Ted Pollard, the Pastor and his wife, Reverend and Mrs. Carl Scott, The Deacons and their wives, Mr. and Mrs. Lewis Wood, Mr. and Mrs. Grundy Ross, Mr. and Mrs. Alton Dalton, Mr. and Mrs. E. E. Gatlin, Mr. J.

F. Shope and Mr. Earl Huddleston. A collection of plates and an old fashioned picture hung on the walls of the living room. Of special interest to the guests as they left the receiving line was a collection of pitchers. A blue color scheme was carried out in the group of pottery pitchers on a hanging glass shelf. On the chest of drawers in the first bedroom was an arrangement of yellow zennias in an old-fashioned water pitcher and wash basin, and in another bedroom, ivy grew from a handpainted pitcher. On the wall of this bedroom a group of children's plates hung.

On the dining room table was a cut glass bowl of flowers, and beside it was the guest book, a gift of Dr. and Mrs. Robert Markham of the school of Music of Baylor. An old well on the lawn was decorated with honey suckle and cut flowers. Punch was served from a bowl placed on top of the well.

Out of town guests were: Rev. and Mrs. R. H. Philpot, Larry and Dickie Lou, Waco; Rev. and Mrs. M. E. Fairchild, and their granddaughter, Marion Sue, Gates-

The Texas Poll

The Statewide Survey of Public Opinion

By **JOE BELDEN**,
Director, The Texas Poll

AUSTIN, Texas, Aug. 21.—Coke Stevenson held an indecisive lead over Lyndon Johnson last week as the race for U. S. Senator neared the finish line.

Measuring statewide opinion as of mid-August, The Texas Poll found:

1. Nine out of every ten voters favored one candidate or the other.

**THERE
IS
ALWAYS
DANGER**

**SEE US FOR
LIABILITY
INSURANCE**

The Texas Poll is brought you, courtesy

**Kendrick and
Davidson**

710 Main - Ph. 127

2. A majority of 53.9 per cent of the decided voters was lined up behind Stevenson.

3. Basic strength of both candidates showed little or no change from late July.

The poll's latest measurement was based on a scientific cross section of the entire electorate. Interviewing was conducted August 9-16.

No effort was made to separate the probable from the improbable voters in this survey. Such measurements can best be made a few days before the election. In its final pre-election survey next week, The Texas Poll will gauge the strength of the candidates on the basis of the probable turnout of voters as well as the entire electorate.

In the latest survey, this question was asked:

"Regardless of whether or not you are going to vote, do you personally favor Coke Stevenson or Lyndon Johnson for U. S. Senator at the present time?"

Stevenson	48.0%
Johnson	41.1%
Undecided	10.9%

100.0%

With the undecided left out, the division is as follows:

Stevenson	53.9%
Johnson	46.1%

100.0%

Statistically speaking, Stevenson's lead in the poll is not large enough to indicate a sure victory. Scientific surveys like the one reported here may be off as much as 4 percentage points merely because of sampling error.

Also you must take into account last-minute shifts of opinion, especially among the undecided and the wishy-washy, and the all important turnout factor. A candidate may have more supporters than his opponent and still lose the election. This can happen if a larger proportion of his well-wishers stay at home instead of turning out to vote while those of his opponent are taking part in the election.

Offsetting some of the uncertainty in the approaching election, however, is the fact that there has been very little if any change in the potential strength of the candidates during the past few weeks.

During the week of the July 24 primary, The Texas Poll asked a cross section of eligible voters this question:

"Supposing that Coke Stevenson and Lyndon Johnson came out ahead in the first primary. At the present time, which one of them do you think you might favor in the runoff election—Johnson or Stevenson?"

Stevenson	49.6%
Johnson	41.5%
Undecided	8.9%

100.0%

With the undecided left out, the division then was as follows:

Stevenson	54.5%
Johnson	45.5%

100.0%

You will note that the results above are practically the same as the mid-August measurements.

Mr. and Mrs. Jack Holt and son were week end visitors in Temple.

Mealtime Magic

BAKING POWDER BISCUIT

Served piping hot from the oven, golden-brown, flaky biscuits make any meal more enjoyable and bring requests for encores. Here's the formula for a sure success with

Baking Powder Biscuit
2 cups flour
3 teaspoons baking powder
½ teaspoon salt
3 to 4 tablespoons fortified margarine
¾ cup milk (about)

Sift together flour, baking powder, and salt. Cut margarine into flour until it looks like peas (do not cut too small—flaky bits about the size of peas will make flakier biscuits.) Add milk sufficient to make a soft but not sticky dough. Turn out on a floured board and knead for two or three turns. Roll out or press to desired thickness. Cut. Bake on ungreased biscuit pan in hot oven (425° F.) 12 to 15 minutes. Makes about 1 ½ dozen biscuits.

WITH THE COLORS

OSAKA, Japan, With the 8th. Army—One week after the disaster-quake rocked Fukui, residents are just beginning to emerge from their apathy and throughout the town temporary adobes are now springing up.

It was at 1950 hours on June 28, that the first personnel of the 25th Division had an inkling that the only moderate quake felt locally in Osaka had a much more reaching effect elsewhere.

T3 Alan Ketsure, Leeie Kawai, Hawaii, of the 35th Infantry, was attempting to place a call thru Shiga Military Government Team when the operator notified him that the city of Fukui was being swept by fire following an earthquake of considerable intensity.

Accompanied by S/Sgt. Carl T. Martin, 1728 Longfellow Ave., St. Louis, Mo., he immediately called the RTO in Fukui to verify this report.

Contacting momentarily the Fukui RTO, they were advised that the railroad station was burning. The two notified Lt. Paul F. Bromser, Gatesville, Texas, 35th Provost Marshall, who in turn notified the 35th duty officer, and thence the Division Provost Marshall had notified Maj. Carson L. Hilton Jr., Sylvanis, Ga., Division G-2, that he had received a report at 2000 hours from Itafi that the city of Fukui was on fire. By 2015 hours Lt. Col. Roecker, Walla Walla, Wash., Division G-1, had received word from Major Hilton and was busily engaged in getting more detailed information.

That's getting the word around pretty fast.

When daughter finishes her courses at finishing school, it may be the daughter who gets the diploma, but it is dad who gets the finishing.

VFW-Coryell City Make Finals Of Coryell County Baseball Champions With 2-3 Wins

Sunday, we drop back to one game, instead of the double bills which have been featured in the Coryell County Baseball Championship Tournament at Coryell Memorial Park, for the heat, known now at "H—'s half acre". Days games VFW 17, Seattle 1, 7 inning; Coryell City 5, Turnersville 2.

Sunday's games, Coryell City made it 2-0 over Turnersville and VFW did the same over Seattle in the nightcap.

Here's the inning by inning play. Coryell City-Turnersville:

1st inning: Roberts hit, gets on; Robinet struck out. Nichols hit to Westerfield but was out at first. Jones hit to Landfried, who erred and he was safe. Balch hopped one to 1b for 3rd.

Westerfield grounded, Nichols to Roberts, out; P. Giebler slammed out a 2b hit, too hot to handle. Strumpler grounded out, 3d to 1st. A. Giebler got a clean hit down 3b and Giebler counted. Landfried out, to Nichols.

2nd: Hierer hit, ss to 1st. J. Nichols, the local Babe Ruth, hit for a circuit, which rolled across US 84, over 3b. Johnson flew out to cf., and Johnson to ss, to complete the half.

Kellerman struck out; Richter flew out to Johnson. Ira Gholke got clean hit over 2nd, as does Haverkamp, and Gholke scores. N. Westerfield hit same place, and Giebler was called out.

3d: Roberts struck out, Robinet grounded for 3rd, ss to 1st.

Strumpler grounded out, catcher to 1st; A. Giebler flies out to Knudsen, Landfried struck out.
