It's nearly over, National 4-H Club Week, March 5-12, and the motto is "Better living for a better world".

In the county, there are 148 active girls, most of them new. 11 have been organized with officers this year, and each has a local leader and demonstrators who help carry out the work of their twice-a-month meetings.

Girls are centering interests on clothing, gardening, and chickens, and plans are made for a County Dress Revue, and the 1948 State Dress Revue are being shown to introduce the 4-H girls and H-D Club women to this phase of the programs. At this time, the girls gardens will be scored.

Medals will be given for outstanding achievement in Clothing, Dress Revue, Food Preparation, Food Preservation, Garden, Poultry, Records and Leadership, and the three outstanding girls will attend the 4-H Club Roundup at A and M June 13-17, and three others, the District 4-H Club Camp at the YMCA Camp Near Valley Mills, June 1-3.

Club leaders who do a tremendous service in this work are: Mrs. Boyd Cheatham and Mrs. M. G. Rowe, Turnersville, Sr. and Jr. Clubs; Mrs. Glenn Conner, Mrs. A. B. Wilkinson and Mrs. O. S. Stewart, Pearl, Sr. and Jr. Clubs; Mrs. Earl Hamilton and Mrs. W. T. Brumalaw, Flat Jr. and Sr. Clubs; Miss Lillie White, Oglesby; Mrs. Floyd Mobley, Jonesboro; Mrs. T. C. Nixon, Levita; Mrs. Jule Rattan, Arnett; Mrs. M. M. Manning, Purmela.

Agnes are ten to 21, and they should contact the H-D agent, who promises more individual work with the girls where there are no clubs.

**Your City & Mine**

Tuesday evening's City Council meeting got down to this:

Retouch (paint) city hall lobby floors, walls, doors, windows, and the City Office floor.

Bids received on specification truck from Miller Motor Co., Powell Chevrolet Co., Scott Motor Co., and Charles C. Powell Auto Supply Co.

It was "given out" that if an alley was an alley, it's still an alley, and they're all the city's.

George Miller named City Registrar of births and deaths.

Petition asked by 42 colored citizens and property owners for sewer service, and that's in the plans, folks.

Raymond Ward was named Fire Marshall, subject to his acceptance, and it was unanimous by the Council. He replaces (?) Mason Crawford.

City's collected \$38,417.40 school tax, and the city's "cut" as per agreement with school board was \$550. The city's "net" was \$150, the rest went to the collector.

If you've got delinquent taxes '49, the city's going to let you pay 'em with penalty and interest. We missed one year too, but they didn't "cut" the penalty and interest.

**That B&O Musta Had Our "Funny Papers"!  
"Only Half-Safe"**

Only "half-safe"! Only half of our "funny papers" came in for "this trip". And, half of those that go out next Friday, too.

We're mailin' half (the half that came in) and will send the other half when they come in. Handled by American Railway Express, and lost somewhere between here and Buffalo, New York.

Those two train robbers might have wanted them when they are alleged to have stuck up the B&O at Martinsburg, W. Va.

If they'd a know'd the NEWS was there, they might!

**Follow-up to be Made On "Town Inspection" Chairman Advises**

R. D. Foster, Sr. chairman of the Fire Safety Council and W. D. Cooper, President of the Chamber of Commerce, advise a follow-up will be made on the recent "Town Inspection" in line with numerous inquiries from interested people.

Booklets, showing the deficiencies or hazards by number, were left with each occupant.

Within two weeks, a similar booklet called "First Notice", together with a reply postal card will be mailed to each individual. Each person receiving this booklet will be requested to show on the postal card the deficiencies or hazards that have been eliminated.

Approximately 60 days from the time of the original inspection, a third booklet marked "Second Notice" and a return postal card for the final results will be received.

All hazards not corrected at the end of the 60 day period will be reported to the local Fire Department and to the Field Club. It is expected that a few cannot be corrected. Some of these could be accomplished only by major improvements or repairs. However, any fire hazard which is a serious threat should be eliminated. The final results, giving the percentage of all hazards corrected will be given the Insurance, Journals.

The members of the Field Club were most generous to give their time to hold this inspection. The citizens of Gatesville have a wonderful opportunity of eliminating loss of property and life by fire. To remove or correct the hazards requires only a little effort by any one individual. The benefits from the over-all program should reduce our fire insurance costs also.

**Another Week, and More Are, Are Going, and Will Go 'Tab' and Semi**

Looking over a current newspaper trade publication, we see that the trend, in progressive communities, continues to tabloid, and more especially semi-weeklies, in this "speeded-up" modern 1949.

The semi-weekly Powell (Wyo.) Tribune carries notices in a P. 1 box of bargains advertised inside by local merchants.

Wm. G. Jones, publisher of the Lanett, (Ala.) Valley Tribune, started his semi-weekly February 14.

A new 12-page tabloid has been started at Leashville, Arkansas, the Leashville Press.

In West Virginia, the Oak Hill Tribune, formerly a daily, is to be a semi-weekly.

Back in old Alabam, The Jasper Mountain Eagle, published by E. H. Pierce, who was a speaker at the San Antonio meeting of the Texas Press Association last summer, has added an assistant in the circulation department of his semi-weekly.

The Mangum, Okla. Star has changed from daily to semi-weekly, and is now the Greer County News.

The Saugatuck Commercial Record recently changed over from an eight page six-column paper to a tabloid.

torney Tom R. Mears for "relief" on penalty and interest on some of the times he was late with his.

Urged Chief of Police to hand tickets instead of palavar.

Donald Flentge and Marvin Franks, both of Texas University, were week end visitors in Gatesville with friends and relatives.

Eustace Cox of Fort Benning, Georgia is visiting in the home of Mrs. Lee Cox at Purmela.

**Train Robbers Confess: Robbed in W. Va.**

WASHINGTON, D. C. March 10. (AP)—Police reported a confession today from two suspects seized in the daring Martinsburg, West Virginia, train robbery.

The two were trapped by police today in a Washington pawn shop near the White House.

One was shot when he drew a pistol and was taken to a hospital.

Police Lieutenant John Winters, who said the pair confessed named them as Lauman Ramsdell, 23 and George Lewellyn Ashton, 21, both of Youngstown, Ohio.

The train, the Baltimore & Ohio westbound Ambassador, was robbed last night. Passengers were terrorized by two men with guns.

**Coplon and Gubitchev Are Indicted**

NEW YORK, N. Y., March 10. (AP)—A federal grand jury today returned a four-count espionage indictment against Judith Coplon, Department of Justice Analyst, and Valentin A. Gubitchev, Russian engineer employed by the United Nations.

One count said Miss Coplon delivered to Gubitchev "information relating to national defense."

**\$785.39 Is Red Cross Total To Date: Don't Seem Like This Is Good**

Seven hundred eighty-five dollars and thirty-nine cents don't seem much Red Cross to us.

But, maybe, the committees and chairmen are a little slow about reporting, if not working.

So far, only three communities have reported that they've "gone over the top" and they are Ater, Woodward and Izora.

FROM OUR  
**CONGRESSMAN**

**W. R. POAGE**

Dear Friends: individual Senator may speak. Others have pointed out that the present fight was precipitated by the determination of a group of both Republicans and Democrats to force the so-called "Civil Rights"

legislation through the Senate. Clearly, many of the Senators who are now attempting to maintain the existing rule of debate are doing so with the immediate objective of preventing the passage of this type of legislation, but in a larger sense, the opposition to these changes in the rules is based on the desire to protect the rights and views of substantial groups of sections of our country.

Basically, Constitutional government is necessary for the protection of the rights of the minority. Generally speaking, the majority can take care of itself. The Constitution of the United States is the great charter of minority rights. The English Constitution guarantees no minority rights, as it is always subject to change at the will of a simple majority. Possibly such a government is satisfactory for a centralized nation, but it is certainly not very well adapted to our Federal system under which numerous States with divergent histories are brought together. To make our Federal system work we must recognize that a simple numerical majority must not seek to impose its will without consideration of the will of any substantial section of the country. It is to protect the influence of the various sections of the country, particularly the influence of the Southern States, that our Senators resort to the "filibuster". The present rules of the Senate are the last effective legislative protection which we of the "forgotten provinces" have against the unbridled will of the weight of numbers in the more populous States.

Undoubtedly, there has been and will be abuse of the right of unlimited debate in the Senate, but before we of the South condemn the practice too severely, let us realize that the influence of racial and economic "bloes" is rapidly increasing, and that these "bloes" are most influential in the populous areas of the East. It seems clear that if we are to maintain our "Federal" system as opposed to a "Centralized" government, the Southern filibuster is of real importance.

This week the House acted on the District Appropriation Bill. Congress appropriates all funds for local purposes in the District of Columbia—although local expenses are paid by the District, not the Federal government, except to the extent that the Federal government makes a lump sum contribution to the District each year, amounting to about \$12,000,000.00.

Our Committee has held continuous hearings on the pending Margarine legislation. The hearings will continue tomorrow. My Bill, H. R. 3, would remove all taxes and restrictions on the sale of Margarine but would require its positive identification as Margarine wherever it is sold. Those who want to deny free competition between the various table

spreads have in the past always tried to tax colored Margarine off the market. This year they say they too want to remove the taxes, but their bill would forbid completely the sale of colored Margarine. This, of course, is simply an effort to deceive the public. I stand on the principle that the American housewife has a right to spend her money for any whole some food she wants to buy, and to buy it in the most convenient form, and in the color she wants.

On Tuesday I had another opportunity to urge the Secretary of Agriculture to announce a 90% of parity support price on grain sorghums. I think it is especially important that this be done, once, particularly since the Senate has allowed the House bill, eliminating 1949 from future cotton base calculations, to bog down. The House sent this bill to the Senate a month ago. It now seems doubtful that it will ever

### Miss Wolff Is Bride of J. R. Whitson In Belton Ceremony

Miss Violetta Wolff, daughter of Mr. and Mrs. R. M. Wolff of Moffat and formerly of Flat, and J. R. Whitson of Belton were recently married in a double ring ceremony performed by the Rev. V. R. Edmondson of Belton in his home.

The bride wore a white wool suit with navy accessories. Her corsage was of pink carnations and she carried a small white Bible belonging to Mrs. Alfred Hyden of Moffat. For something old and borrowed she wore a small gold locket belonging to her great grandmother.

Miss Jennie Whitson, sister of the groom, wearing a gray suit with black accessories, attended the bride as maid of honor. She wore a corsage of white carnations. Elvin Wolff, brother of the bride was best man.

Mrs. Whitson was graduated from Flat High School in 1941. For the past few months she has been employed at Hillcrest hospital in Waco. She was also a graduate beautician and was with the Professional Beauty Salon in Temple for some time, and also several months in New Jersey as a Beautician.

Mr. Whitson was graduated from Spicewood High School and attended college in Georgetown. He has been employed until recently in Fort Worth.

Guests at the wedding were Miss Gladys Wolff, sister of the bride and Miss Jewel Jackson of Temple and Weldon Bradford of Belton.

After a two weeks wedding trip to Mexico and other points the couple will reside in Bonham.

Mr. and Mrs. Billy Clay McClellan of Waco were week end visitors in Gatesville.

## INCOME TAX

"If your allowable deductions are more than 10 per cent of your income, you save money by itemizing them on Long Form 1040. If those deductions are less than 10 per cent of your income, don't itemize them. Instead, take advantage of the 10 per cent deduction automatically provided in the tax table for the Form 1040A and the Short Form 1040 (if you are permitted to use those forms). If you must use Long Form 1040 because your income is over \$5,000, take the 10 per cent deduction provided for on page 3."

### FIRST BAPTIST CHURCH

Clarence A. Morton, Pastor

A great mass meeting for men and boys will be held at the church Sunday afternoon at 3 o'clock at which time the men and boys from all over the county are invited to attend. Utilizing the man power of the church, this service will serve to draw the men of the community closer to God. Dr. Harry Lee Spencer, the evangelist, is a great Bible scholar and fervent preacher. His manner is quiet, forceful, and intense as he speaks and persuades men to come to Christ. The singer, Mr. Gale Dunn, is an able director and keeps the choir and congregation alert and in unison as they render praise in song. He is a fine tenor soloist and imparts the glory and majesty of God thru music.

The remaining services of the revival will be Friday night at 7:30, Saturday night at 7:30, and the final day Sunday with Sunday

School at 9:45, morning worship hour at 10:50, the men's meeting at 3 in the afternoon, Training Union at 6:30, and the final hour at 7:30.

A cordial invitation is extended to all to attend these services.
