Bethlehem And CIO Reach Agreement

WASHINGTON, D. C., Oct. 31 (AP)—Steel industry sources said today a strike-ending agreement has been reached between Bethlehem Steel Corporation and the CIO Steel Workers Union.

They said it would be announced by union head Philip Murray at 3 p. m. today.

They said a major factor was expansion of the existing pension plan with the employer paying the entire cost. (Note: Who IS going to pay that? ANYBODY knows, YOU, and ME. And I Ain't interested.)

1,800 Common Laborers Shut Down Construction

HOUSTON, Oct. 31. (AP)—A strike of 1,800 common laborers shut down a multi-million dollar construction here today. They asked a 12½ cent an hour hike on their present 1.07½ an hour scale.

Some 1,200 other members of the local Hod Carriers and Building Common Laborers were still on the job as several contractors agreed to the demand.

Union officials estimated about 15,000 members of other AFL construction craft unions will honor picket lines.

The construction affected includes the \$10,000,000 building program at the University of Houston, and an \$8,000,000 department store.

most landlords did NOT take advantage of the first opportunity to raise rents. The survey shows some evidence of increasing rents, but 68 percent of the renters who were questioned reported charges in their areas were remaining the same or going down.

This question was asked: "Are rents on houses around here going up, going down, or staying about the same as they have been in the last month or two?"

	Renters Only	All Adults
Going up.....	19%	15%
Going down.....	6	6
Staying same.....	62	62
Don't know.....	13	17
	100%	100%

The survey shows that renters in cities of more than 50,000 population were most affected by increasing rents. Thirty per cent reported rents going up, seven per cent going down, fifty-six per cent remaining the same, and the rest didn't know.

What Witch Hunt?

"No Communist, no matter how many votes he should secure in a national election, could, even if he would, become President of the present government. When a Communist heads the government of the United States — and that day will come just as surely as the sun rises—the government will not be a capitalist government but a Soviet government, and behind this government will stand the Red army to enforce the dictatorship of the proletariat."

Please read the above quotation again. Could an American have said that? Or does it sound like a message from Moscow? Indeed, everything in that statement is un-American. It was written by William Z. Foster, head of the Communist Party in the United States. This statement is reprinted in large type on the back of a pamphlet prepared and distributed by a Committee of the U. S. House of Representatives. This is the Committee that is accused of "witch-hunting."

Sworn Statement

Nor is the Congress guilty of distributing the sayings of Communists as propaganda for the Soviets. The publication which carries Mr. Foster's sworn statement is very much anti-Communist. The booklet is called: "100 Things You Should Know About Communism in the U. S. A." It is one of a series of five publications "on the Communist conspiracy and its influence in this country as a whole, on religion, on education, on labor and on our government."

By giving Mr. Foster a prominent position on the back cover of this booklet, our Congress hoped to show Americans that native Communists really condemn themselves whenever they open their mouths. In the quotation, there is revealed Communism's greatest appeal: the lust for power, and the urge to dominate others that some people have. There is revealed also its greatest weakness, for people everywhere do not like to be dominated by force. People like to be free.

Light and Facts

The Congressional Committee to which I refer is the Committee on un-American Activities. If you have ever listened to the palaver of Communists or the "fellow travelers" (Communist sympathizers), the chances are you have heard this Committee of Congress strongly criticized. Like the committee says, the right answers given in the booklet, by using the facts, must certainly infuriate the Communists. It is true also that many of these right answers will shock the average citizen who has not studied the "ism" closely.

It is not my purpose to apologize for the Committee on un-American Activities. No apologies are needed. It has done a great service to the American people in a time when light and facts are needed to clear up so much confusion. If the Committee has made minor mistakes in the course of its work, it has at the same time done a glorious job in reselling our people on the American way of life. It has opened the dark secrets of Communist conspirators.

Hired Men

The Communist policy is to break down existing nations any way they can, and in the confusion to seize control. They will promise every kind of "better life," but they have never been known to deliver it. As an American I am thankful for the work the Committee has done. I say with the Committee: "You know what the United States is like today. If you want it exactly the opposite, you should turn Communist. But before you do, remember you will lose your independence, your property, and your freedom of mind."

by the participants, the joy of service, the expressions of beauty, the ideals of friendly rivalry, the good sportsmanship of the loser, which is as it should be.

One of the objectives of the P. T. A. is to bring into closer relation the home and school, that parents and teachers may cooperate intelligently in the training of the child; that was certainly accomplished in the form and presentation of the "Coronation of the beautiful Queen of Fun" which featured so many talented children. President, Mrs. Tom Robinson expresses the sincere appreciation for your hearty cooperation and support of the PTA in this undertaking.

The next program will be November 17 at 7:30 p. m. at the High School.

The PTA Convention meets in Waco in November. Make plans to attend and use this opportunity to become better acquainted with the work of this National Organization. Who knows, you might be an officer next year.

FEED BAG CLOTHES, AND CHANTICLEER CROWS

There's more than one way to dress a fowl! Feed sack fashions have put the chic in chickens, and Virginia Kirchdorfer of Memphis has given a real cock-o'-the-walk strut to her rooster by making him a tux complete with top hat. Virginia, too, is clad in a sack outfit. It all started, the National Cotton Council says, in a feedbag-sewing contest dreamed up by the Poultry and Egg National Board to find the ten "best-dressed" fowls in the nation. Winners will be selected in Kansas City in February with an automobile as the grand prize. Any poultry fancier may enter his chick, duck, or turkey by writing for an entry blank to the Fowl Fashion Show, Poultry and Egg National Board, 308 W. Washington St., Chicago 6, Illinois.

Hornets Show 'Fire' But Lack 'Punch': La Vega Wins 31-0

THAT'S THE FINAL, BUT GAME WAS BETTER THAN THE SCORE INDICATES

Thirty-one to nuthin' sounds bad, and, is, but it's no indication of the play here Friday evening when the La Vega Pirates, too hands of District 19-A held the Gatesville High School Hornets to that figure. They actually got one "earned" touchdown, but, moral victories don't figure in percentage columns.

The Hornets' line play was considerably better, and the overall picture was better thruout, but still, there is no "scoring punch" when the breaks do come.

Here's how it was:
 Edmondson kicks Keller on 21, stopped 25, Meeks and Jones, make 5 thru line, Jones again; January stopped for none by Anderson. Keller goes to 43, 1st D. and January gets thru, pitches to Vrana and he goes over, and they miss extra.

Shelton kicks to Jones on 10, stopped on 15. G. Jones for W. Jones. Meeks makes 2, Williams gets; Curry, 1, Berry, Manning, Thompson stop; Lambert stops Meeks after 1, Jones kicks to January on 46, fumbles, and Williams recovers on Hornet 47 for Pirates; Knapp for Curry.

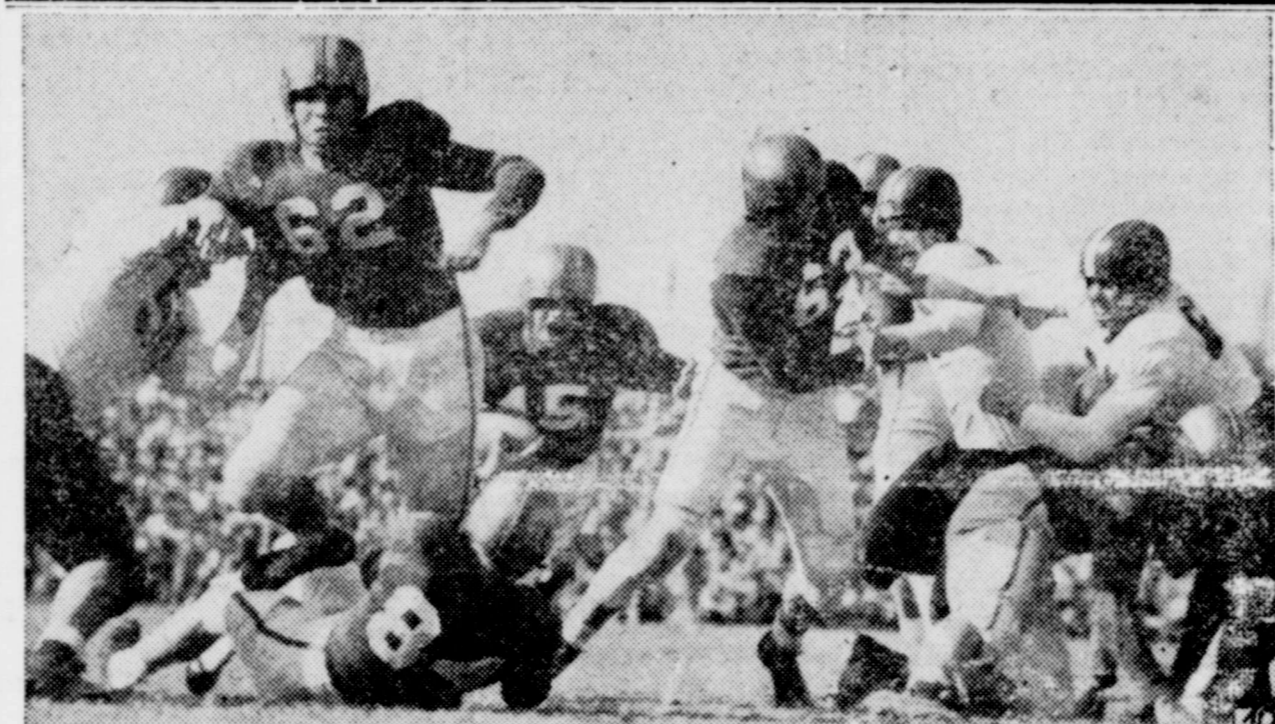

Vrana on hand off, goes to 33, then for 8 more, Galloway stops; Meeks stops January, 2 yds Carothers, too; Vrana takes; penalty; Pirates lose 15, illegal use of hands; ball on Pirate 47; Vrana takes, and Williams stopped, same penalty, refused; January punts to Jones on 15, gets back to 25, 4 Pirates.

Meeks goes to 30, January and Purvis 3 yds. Jones kicks to January on 33, stopped by Cook on Hornet 45.

Keller takes to 36, 7 yds, Anderson; Meeks stops Vrana on Hornet 13. January can't, Anderson. Pirates off side. Ball on 19. Jones and Anderson stopped Keller after 3. Keller makes 6 as quarter ends.

2nd Quarter

Edmondson for Hitt, January at C, stopped by Knapp, 1st D, 3

BAYLOR TOUCHDOWN

Baylor back Boydston (45) crashes through large hole in TCU line to score touchdown from the

21-yard line in the first period of the game between the two schools in Waco. Baylor players are guard Don Mouser (62), end J. D. Ison,

W. Jones and Hitt in. Jones takes kickoff on 5, returns to 26, Manning and Purvis. G. Jones in. Curry goes 3; Dickie, none, Purvis and Thompson; Meeks goes to 33, Manning etc., stop 5 yds., Meeks makes 1st. Montgomery stops; Meeks and Curry fail, Curry makes 2; Jackson for January. Jones kicks, blocked, Purvis recovers on Hornet 25. Knapp in.

Jackson at end blocked out by Hightower on 11, then makes 5, Anderson stopping, Shelton pass-esc incomplete, Berry; Galloway and Hitt stop Jackson 2 loss; Pass over center to Lambers makes TD, kick good. Pirates 19, Hornets 0. Galloway takes kick on 15, ret. to 26, Purvis. W. Jones goes to 31, Williams. Jones makes none at end; Meeks makes 1, Purvis. Pirates lose 5; Hornets complete pass G. Jones to Anderson as half ends.

Jones takes ball on 5, ret. to 25, Thompson; Galloway completes to Hightower, Vrana stops, 1st D. Jones to Anderson, pass, no good; Galloway passes, Purvis intercept, Anderson stops on Pirate 47.

January makes 12, Galloway and Curry stop, 1st D. January pitches to Dennis, stopped on 19. Nemeier recovers for Hornets on 19. Jones passes, Berry intercepts, stopped on 12, Meeks stops, 1st D. on 10. Dennis fails, January, stopped 3 yd line, Anderson; Keller stopped, Cook, Jones and Curry stop, but it's 1st D. Keller goes over for TD. Hornets penalized. Bad pass from center, no good. Pirates 25, Hornets 0. Curry takes on 5, knocked down on 15; La Vega 2nd go in. Hornets pass incomplete to Hightower, G. Jones makes 1, and then kicks out on 45. Jackson carries, Curry stops, 3 loss. Shelton passes, Lewis incomplete. Shelton to Perry, incomplete pass; Penalty, declined. January punts to Galloway on 26.

Air Field At Camp Hood To Become The Gray Air Force Base

WASHINGTON, D. C., Oct. 28.—The Air Force announced Wednesday that the air field at Camp Hood, near Temple, will become the Gray Air Force Base.

The name involves only the air field at the camp, which is the home of the 2nd Armored Division.

The Air Force notified Representative Bob Poage of Waco of the name selection.

It was named in honor of Capt. Robert Manning Gray, who took part in the Doolittle air raid on Tokyo. He later was killed in a plane crash in India. Capt. Gray was son of Mr. and Mrs. M. J. Gray of Killeen.—Fort Worth Star-Telegraf.

PROTECT Young Eyes

with **BETTER LIGHT** for easier seeing

Reading comic books is hard work for young eyes. The strain of trying to see small print on grey paper may result in permanent damage to vision unless there is plenty of good light for easy seeing.

Give your children the abundant glareless light of a modern floor lamp equipped with a white glass diffusing bowl and 100-200-300-watt bulb. And see that they do their reading in a chair close to the light source and not while lying on the floor. Remember—eyes are priceless... good light is cheap!

SIDEWALK SUPERINTENDENTS

There's no hocus pocus about building anything—from a new porch to a new city. It's out in the open where we can see all of the work. What it takes in men and materials can be seen for the looking.

It's easy to see what our local Construction Industry has done for this town! Look around you! And think back a little ways. It's hard to believe this is the same town.

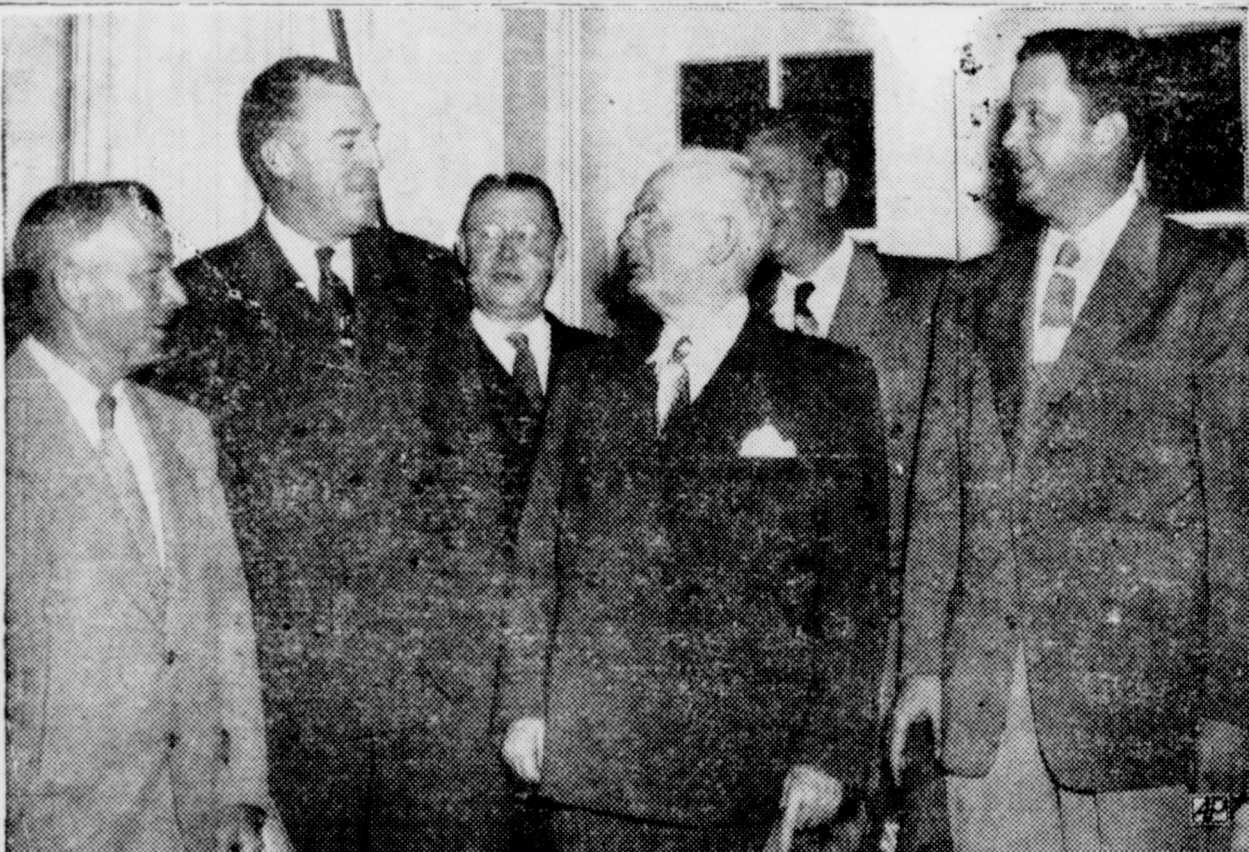

If you look behind the scenes you'll see more happiness, more health and a better future for all of us. That's what our local Construction Industry has done for this town! That's the biggest job it's done.

It's mighty important to realize how local Construction has done its big job. The job has been done by individual effort—by free enterprise.

That's an open air system, too. Where everybody works on an equal basis. Where nothing is hidden by red tape.

Invest now—in your own home—in your own community.
