Building New Coryell Road Starts Soon

—69—
GATESVILLE (SPL)—Rebuilding Highway 36 from Gatesville to North Fort Hood will start Sept. 10th.
 Texas Highway Department officials said Friday the work, including widening the roadbed, culverts and bridges and placing of an additional base and new surface, is scheduled for completion by June. Contractor is R. W. McKinney & Son of Nacogdoches.
 Paul T. Hensler, resident engineer of the Texas Highway Department in Gatesville area said traffic will be routed through the construction area and that adequate barricades and warning signals will be prominently displayed, but said motorists should be extremely cautious in passing thru the area. It will be heavily traveled by large highway construction equipment and certain areas will be limited to one-way traffic.

Infant Suffocates

A verdict of accidental death by suffocation was ruled Monday by Justice of the Peace C. W. Turner in the death of a one month old Copperas Cove infant. The child, Silvana Jean Simonds was found smothered Saturday morning, by her mother, Mrs. Roger Simonds.
 The death was investigated Saturday by Sheriff Winifred Cummings and Justice of the Peace Turner.
 Officers said Mrs. Simonds told them the baby was sleeping with her in the Simonds home at 508 Lincoln and that she awoke to find that her baby wasn't breathing. The child was later pronounced dead by Dr. Fred Barbee.

Anthrax Found In Harmon Area

—69—
 The F. B. Rutledge ranch and adjoining places in the Harmon community were placed under quarantine by the Texas Livestock Sanitary Commission following a mid-August outbreak of anthrax there.
 Dr. S. B. Donelson, Lampasas veterinarian who diagnosed the disease when two calves owned by Rutledge died, said Thursday that "the situation doesn't look too serious."
 All cattle on the Rutledge place and adjoining ranches were speedily vaccinated against anthrax. "If no new cases develop, the quarantine will be lifted Sept. 5," Donelson explained.
 This is the first incidence of the disease in Coryell County in about ten years. Anthrax broke out earlier this summer in the Burnett area.

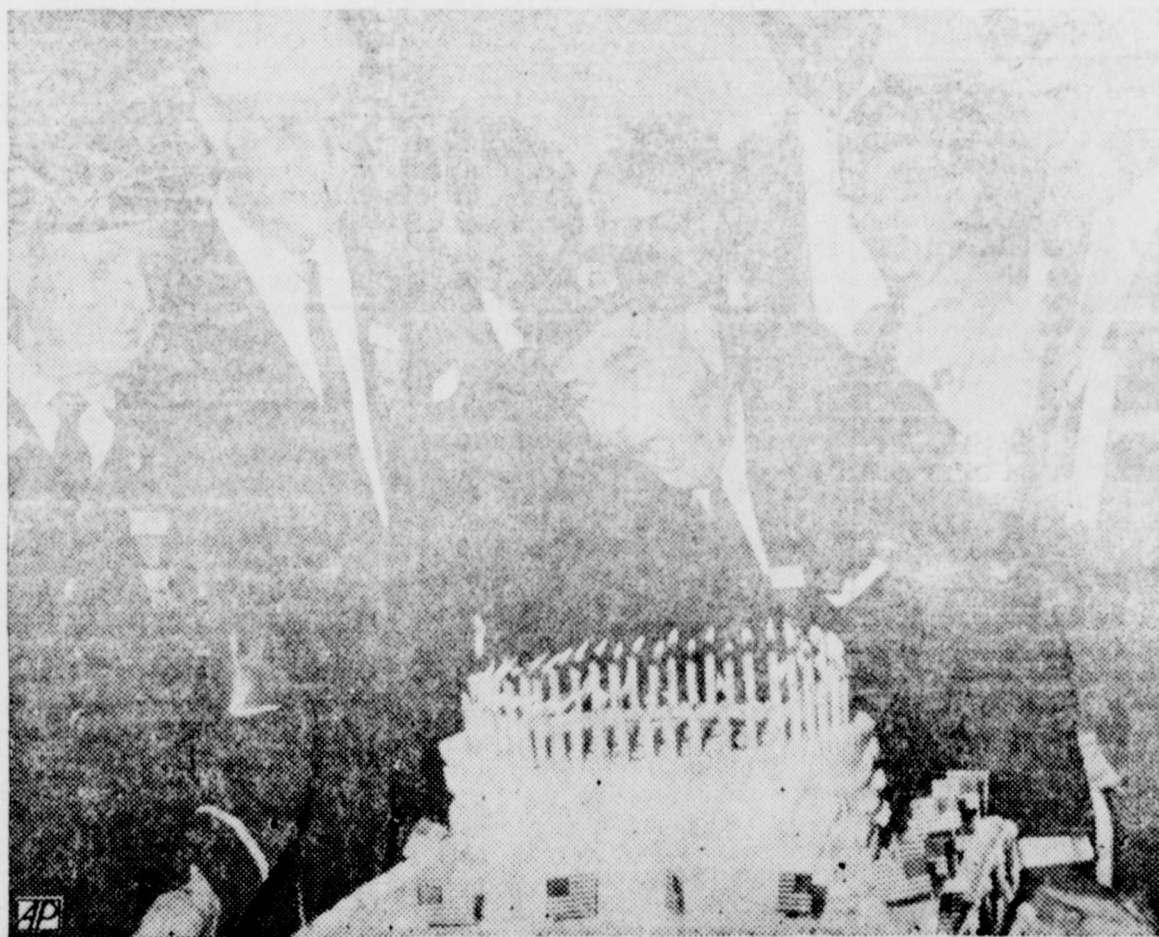

With The Colors

FORT HOOD, TEX. (AHTNC)—Army Pvt. David A. Gunter, whose wife, Zela, lives at 3-7 Hill St., Copperas Cove, completed an automotive maintenance course Aug. 14 at the Fort Hood Non-Commissioned Officer Academy.
 Gunter, son of Mrs. Lavie S. Baker, 2131 Loving, Houston, entered the Army in February 1959 and completed basic training at Fort Chaffee, Ark.
 The 17-year-old soldier attended Milby High School and was employed by the Air Control Window Corporation, Houston, before entering the Army.

FARM PROFIT

HOGS
 \$12.30 CWT

CATTLE
 \$28.10 CWT

EGGS
 33¢ DOZ.

Bigger Profits From Feeding Corn

With lower prices predicted for hogs and cattle, many farmers may figure they'll be ahead to sell their corn or take the \$1.12 CCC loan. Actually, the chances of selling corn through livestock for more than \$1.12 per bushel look fair for hog producers and are excellent for cattle feeders.

University of Illinois economists, at the request of Massey-Ferguson researchers, figured out how high livestock prices must be to make it possible to make more money feeding corn than by selling it for \$1.12. The answer, of course, depends on how much corn a farmer needs to make a pound of meat or a dozen eggs. Good feeders have a lower break-even point than average feeders.

After adding up all costs, the Illinois economists say the best hog feeders can make money feeding \$1.12 corn when hogs sell for only \$11.65 per cwt. A good hogman can make money on \$12.30 hogs and an average hogman probably needs \$14 to break even. With economists predicting hog prices between \$12 and \$14 between now and Christmas, some hogmen may be better off to sell or seal for \$1.12.

On cattle, the breakeven point hinges on how much you pay for feeders. On \$35 calves, the average cattleman needs a \$28.10 per cwt. selling price to break even. The good feeder begins to make a profit on \$1.12 corn at \$25.70 per cwt. selling price for his beef. The break-even point for yearlings costing \$32 is \$26.20 for the top feeder and \$28.70 for the average producers.

Cattle prices are expected to be fairly steady during the winter. The research shows that the average price of choice steers in Chicago last February was only \$27.85. That means average cattle feeders probably will need to do a careful job this year.

Poultrymen will not find it easy to make money feeding \$1.12 corn to hens. Even if hens can produce a dozen eggs on only 5 lbs. of feed, it takes 33¢ per dozen to break even. If hens need an extra pound of feed to produce a dozen eggs, the break-even point is 36¢ per dozen.

HERE'S HOW...

MAKE A LAUNDRY CENTER

A basement laundry center can be "dressed up" with convenient shelves and cabinets.

First plan the project, using as governing dimensions the width of the washer and dryer.

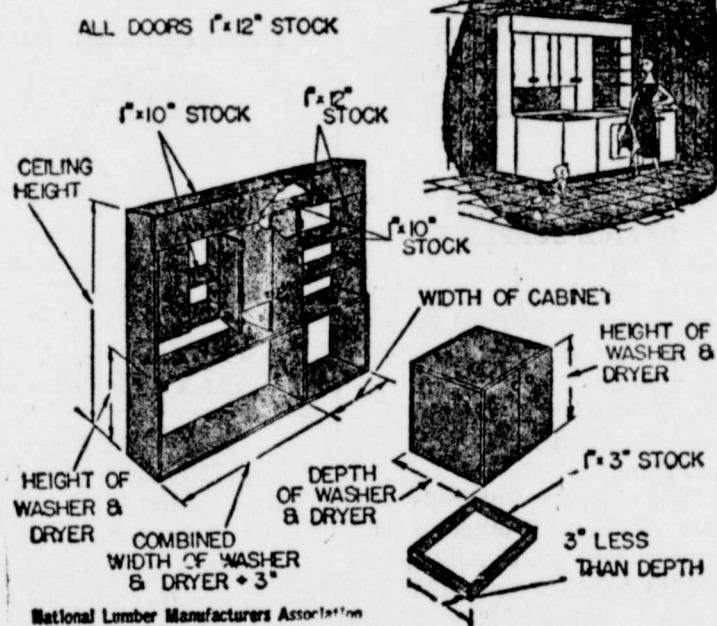

Allow 3 inches between the two to avoid vibration injuries. If piping comes through the floor, use 2 by 4-inch lumber for the wall unit base, rather than a 1 by 12-inch board.

The long door in the wall

unit is used to hide the lint vent pipe of the dryer. The pipe goes from the back of the dryer, up through the lower shelf and to the outdoors.

Assemble the unit, using glue and 8-penny finishing nails.

The unit may be set in place or fastened to the floor and ceiling. Finish to match the wall paneling, or enamel to match the washer and dryer.

ABUNDANT LIFE

by ORAL ROBERTS

WOMAN'S BACK TROUBLE VANISHES

"In June of 1946," writes a woman from Iowa, "a back ailment which caused me severe pain in the right leg was diagnosed by my doctor as sciatica (inflammation around the sciatic nerve).

"I want to tell you that God healed me of this affliction!

"Before God healed me, the doctors had done everything in their power to help me. X rays were taken, showing one of my vertebrae was out of place. I underwent special treatments.

"I was fitted with a surgical belt and it gave me a measure of relief, but I found it painful to sit on hard chairs.

"My husband and I heard about your Crusade in Saint Petersburg, Florida, so we decided to go for prayer.

"Sitting on the hard chair in the tent was untold agony for me. I leaned one way and then another because I couldn't stand pressure on my spine. But God seemed very near.

"After you finished preaching, you said you were going to pray for those who needed healing. I poured out my heart as you prayed. The healing power of God swept through my body, and I was healed right there in the audience!

"Since that wonderful night my back has never hurt and I have been able to sit in any type of chair without pain. I am thankful to God for my healing!"

I get many letters like this, telling how strong faith and prayer bring miraculous healings from God!

Now, if you've ever suffered from any type of vertebra trouble and particularly with a pinched sciatic nerve, you know what torment this woman went through!

She possessed faith in abundance! She knew God could do for her what no one else could do. Her strong faith and her belief that God would heal her brought her healing.

The Bible says, "Thy faith shall make you whole."

Do you have an illness or problem? Turn your faith loose!

Ask God to deliver you. He has the power and is eager to solve all of your problems.

Just as this woman with her back ailment had the faith to believe that God would give her victory over her affliction, so can you have such abundant faith.

God is a good God, and He does answer prayer.

ASC NOTES

CHANGE IN 1960 SOIL BANK REGULATIONS PERTAINING TO TENANTS

—69—

The 1960 Soil Bank regulations have been amended to provide that a 1960 CR Contract may be entered into covering a farm operated or partially operated by a tenant during 1958 or 1959, providing the tenant left the farm voluntarily of his own free will and accord, and this fact is substantiated by:

- (1) A statement signed by the tenant he left voluntarily, or
- (2) If the tenant cannot be located or is unavailable, the statement may be signed by 3 disinterested parties having knowledge of why the tenant left.

Final Date. All interested parties are reminded that Sept. 10 is the final date to apply for a Conservation Reserve rate for 1960. The rates will be based on a fair rental value for the land offered taking into consideration the cash value of the crops produced on the land offered during the past five years.

Wool Referendum
Ballots and information pertaining to the Wool Referendum have been mailed to all known sheep producers. These ballots may be returned any time during September.

Winter Legumes
Application for ACP cost-shares on establishing a cover of winter peas, vetch or clover may be made now.

Naturally...

Upon learning of the bereavement of anyone close to you, your first instinct is to express your sympathy as eloquently as possible.

Down through the ages, fresh flowers — fragrant and beautiful — have brought comfort and solace during troubled times to those left behind.

VA NEWS

Schools, colleges, and universities throughout the Waco Regional Area have been advised of a recent amendment to the Korean Education Program, stated Wm. S. Bryant Acting Manager of the Veterans Administration Regional Office in Waco.

The amendment permits veterans to continue their training in a second phase of a program when the first phase is prerequisite to or generally required before entrance into the second phase. This may be done without the veteran being charged with a change of program which in the past has prevented some from undertaking a second or advanced phase of training under the GI bill. Veterans who have previously been denied training under these circumstances may re-apply if further training is desired.

Additional information can be obtained at any VA office.

Women's Page

She wore a nylon tulle veil attached to a circle headpiece of pearls and carried a satin and lace covered fan centered with a large orchid.

Miss Edna Earl Hughes, sister of the groom was maid of honor. Leo Henderson, brother of the bride was best man. Nephews of the bride, Richard Williams and Lloyd Henderson, lighted the candles. Mrs. D. L. Brown, sister of the bride, was pianist and Mrs. Williams sang "Seal Us O' Holy Spirit" after the closing prayer.

After the reception the couple left for a short trip to Buchanan Lake. They will reside at 613 Kinny Ave. in Austin.

The bride graduated from Lampasas High School and is now employed by Southwestern Bell Telephone Company in Austin. The bridegroom is a graduate of Copperas Cove High School and will attend business college this fall.

—The Lampasas Record

Pat Henderson, Alfred Du Hughes Wed August 18th In Double Ring Ceremony

Miss Patricia Henderson, daughter of Mr. and Mrs. E. C. Henderson of Lampasas and Alfred Du Hughes, son of Mr. and Mrs. Delbert Du Hughes of Copperas Cove, were united in marriage in a double ring, semi-formal ceremony Tuesday, August 18 at 8:30 p. m.

Rev. Dennis Wayne Hughes, brother-in-law of the bridegroom, performed the ceremony in the home of the bride's sister, Mrs. Howard

Williams. The improvised altar was decorated with greenery and pink Queens Wreath. The mantle was centered with white mums flanked by white candles.

The bride wore a ballerina length gown of imported Swiss organdy, styled with a snug bodice and a full skirt. The strapless dress was covered with a fitted jacket of organdy and eyelet embroidery. A deep border of the same design of eyelet embroidery circled the skirt.

Miss Wanda Watson Is 1959 Gold Star Girl For Coryell 4-H Club

Miss Wanda Watson of Route 2, Jonesboro is the 1959 Gold Star Girl for the Coryell County 4-H Club. This is the highest honor given on a county level. Wanda is the daughter of Mr. and Mrs. W. J. Watson.

Wanda, now is almost 15 years old, has been in club work for 7 years. During that time she has had result demonstrations in cattle, sheep, clothing, beautification of home grounds, and food preparation.

Perhaps a good beginning in 4-H encouraged Wanda to continue. Her first clothing project—an apron—placed first in the county. Since that time she has participated in the dress revue 3 times. She won several ribbons on her cattle and sheep demonstrations. Her efforts in vegetable preparation were of avail, also; she won a blue ribbon in the county.

Beautification of home grounds is her most recent undertaking. This has been a source of help and satisfaction to her family.

Wanda is a versatile young lady, adult leader, Mrs. Hayden Watson, says, "she is interested in all phases of homemaking." Other interests include Church organizations, basket ball, F.H.A., public speaking, singing, and painting. She also takes pride in exhibiting her collection of cups and saucers.

Securing new club members and assisting younger members is a part of Wanda's club work. "I have tried to encourage the younger girls as well as those my age to join 4-H, keep a record book, and have projects."

A part of club work is keeping a record book, at the conclusion of her own 4-H story, Wanda says, "I have had the satisfaction of having a job well done."

SAVINGS BONDS SALES NOW \$91,759 FOR YEAR; 45.6%

"Savings Bond Sales through July, 1959, totaled \$91,759", Mr. Wade Sadler, Chairman of Coryell County's Bond committee reported this week. "Our county has now reached 45.6% of its 1959 goal of \$201,000. July sales were \$11,927."

Sales in Texas for the first seven months of 1959 were \$93,477,192 which is 51.2% of the state goal.

"Every American who buys Savings bonds is providing for his own future, adding to the strength of his country, both military and economically", stated Mr. Sadler, County Chairman.

September was called the "barley month" by the early Anglo-Saxons, according to The World Book Encyclopedia. That was when they harvested the barley, from which they brewed their favorite beverage.

Misplaced bravery: a man too scared to go to a dentist but who races a train to the crossing

Sign on windshield of parked car: "Thanks, stupid! You parked real good, where two cars should."

A lot of live people we know are A-1 cowards: they won't take a chance on the highway.

Killeen Funeral For Oveta Hobbys Mother

—69—
KILLEEN (SPL)—Funeral services for Mrs. I. W. Culp, mother of Houston Post president, Mrs. Oveta Culp Hobby, was held Wednesday

afternoon at the First Baptist Church in Killeen.

Mrs. Culp died in Hermann Hospital at Houston Tuesday of a heart ailment. She was 78.

Mrs. Culp, widow of Judge I. W. Culp, who died in 1934, had lived in Fort Worth for the past four years. She came to Houston five weeks ago for a visit and became ill.

Mrs. Culp and her husband, who also served as a state legislator, were married in 1899. She was born in Lampasas County on August 4, 1881. Her father, Andrew Jackson Hoover, came to Texas before the Civil War.

The Culp family lived for long periods in both Temple and Killeen.

In addition to Mrs. Hobby, survivors include two sons, Jack Culp of El Paso and the Rev. Evetts Culp of Mesquite, Texas; and two other daughters, Mrs. Joseph Wheeler Harris of Ft. Worth and Mrs. Loy Loving of Lake Charles, La.; a brother, John Hoover of Oglesby, and a sister, Mrs. John Norman of Killeen.

Whether laughter is helpful depends on the size of the driver's head, just smashed.

ed, Clarke!

HOLY FAMILY CATHOLIC CHURCH
 (Continued on Page Seven)

This Inspirational Message Appears Each Week To Help Make This Increasingly A Church Minded Area. It Is Offered For Your Consideration By The Generosity Of Public-Spirited Individuals And Business Firms.

A United Front

"Let our people learn to apply themselves to good deeds, so as to help cases of urgent need, and not to be unfruitful."
 —Titus 3:14

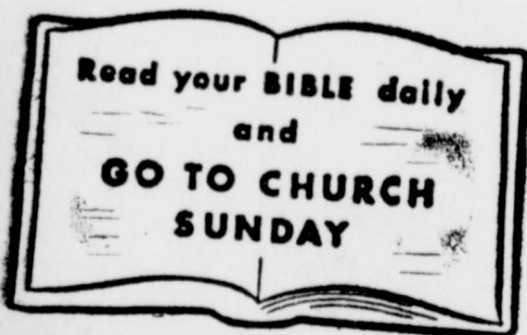

ONE of the tragedies of modern life is the decentralization of the family unit; there is a lack of the old fashioned "united front" that families once presented to the world.

Much of it may have been caused by easy traveling facilities and the scattering of family members. But there is a definite degeneration of the idea that family members help each other in times of need and distress.

St. Paul, in his words above, tells Titus that Christians must apply themselves to good deeds and to the needs of others in trouble.

How can we expect this of the Christian community if it does not start with the family unit?

A strengthening of ties within the family is one of the greatest needs of modern living.

Weekly Stock Market Round-Up

Prepared by The Investment Research Department of Hemphill, Noyes & Co., 15 Broad Street, New York 5, N. Y. Members of the New York Stock Exchange

August 26, 1959

AN APPRAISAL OF TODAY'S STOCK MARKET

Recently the stock market sold off sharply registering the worst decline for any one day since November 24, 1958. At that time in 1958, following the sell-off, the market rallied sharply and within a month moved into new high ground. It is now a matter of history that the advance continued to substantially higher levels. The question now rises as to whether the recent sell-off signaled the beginning of a major decline or was merely another slight correction in the market rise that has taken place during the past sixteen months.

By any accepted statistical yardsticks the stock market is high. Dividend yields are the lowest they have ever been and the bond-stock yield relationship is the most favorable to bonds for a high level in the market. Price/earnings ratios are traditionally high. To use any of these established yardsticks one would draw the conclusion that stocks are overpriced at current levels and that a correction of some significance might be forthcoming.

On the other side of the picture, however, there has been an increasing demand for stocks by institutions and individuals. Many institutions are buying common stocks today that did not buy them fifteen years ago while individual owners of common stocks have grown from approximately six million to twelve million. New offerings of common stocks have been insufficient to meet this growing demand while corporations because of the tax advantages have done a great deal of their financing through issuing bonds and consequently built up an over-supply of these issues.

Nevertheless we are approaching a point where bonds are becoming better values than common stocks in spite of the fact that they do not offer protection against inflation nor do they participate in the growth of the economy. Current events may play an important part in the future trend of the stock market. Past history

has shown that in previous steel strikes a work stoppage of eight weeks' duration will have no serious repercussions on either the economy or the stock market and it is quite possible if the strike were to be of much longer duration it could have very serious effects. The planned visits of Khrushchev and Eisenhower have had some psychological effect on investors who fear that these meetings might result in a cutback in the defense program, one of the strong motivating forces in the economy. However, it seems unlikely that anything will be accomplished from these meetings to establish a peaceful atmosphere between Russia and the United States. This is a remote possibility however not to be ignored.

Technical factors, such as the reading of charts, price volume studies, etc. have sometimes been important in determining the future course of the stock market. To date there has been an upward trend line established since March 1958 that has not been broken. Until this is broken there should be no real concern. Volume of trading, however, has been rather discouraging. Since May, each succeeding rally has been accompanied by less activity indicating somewhat less enthusiasm on the part of investors.

Seasonal factors also merit some consideration and historically the early fall has not been a favorable time for higher stock prices. In the final analysis from all the facts we have mustered we feel that the evidence points towards higher stock prices in the not too distant future, although it is recognized that the current buying is being developed by institutions and investors could carry higher prices.

THAT'S WHAT THE RULE SAYS—Popular Houston football announcers Kern Tips (left) and Alec Chesses (right) discuss 1959 rule changes with Howard Grubbs, executive secretary of the Southwest Conference. The occasion was an announcers seminar held in Dallas. Tips heads The Humble Company's staff of 23 play-by-play announcers who will describe all Conference games this season. Starting September 19, the oil company will sponsor some 50 broadcasts, 13 live telecasts, and a Sunday afternoon videotaped Southwest Conference "Game of the Week" on Houston radio and TV.
