

## Oglesby Housing Project Begins Construction

The Oglesby Housing Authority has begun the construction phase of their fourteen-unit project, after three years, four months and nine days of planning and preparation.

Oglesby's Mayor, Joe L. Draper, along with Victor Harper, Rannel Graves, Alton Dalton, and Tump Grady, housing commissioners were on hand for the pouring of the first concrete to start the Oglesby Housing project.

Joe Scott, is the concrete foreman and Mac Rankin is job superintendent for the Herman Bennett Company, contractors.

The Oglesby Housing Authority opened bids on the project at a special meeting called for bid opening. The Herman Bennett Company received the contract.

Construction has progressed well in the past week, with several of the frameworks beginning to take on the appearance of buildings. The project has been reported to be 30% off schedule because of excessive spring and summer rains.

The fourteen units will be primarily aimed at housing the elderly with 10 of the units being assigned to elderly persons and the remaining four units will be available to anyone.

"The project consists of seven duplex units with brick-venered framed walls. The interior walls will be textured plasterboard. Bathroom facilities will be ceramic tile and the kitchen cabinets will be Texboro - custom made", reports Lloyd Green.

The Oglesby Housing Authority and Olin Bases and Associates, architects, have planned the project to include many safety features for the elderly residents. Such things as non-skid ceramic tile bath floors, heavy duty grab bars, emergency signal lights and all gas-fired equipment, including range ovens, will have 100% automatic safety cutoffs.

Job Superintendent, Mac Rankin, of the Herman Bennett Company, general contractors, estimates that he can complete the project and landscaping by the October deadline.

## FIRST METHODIST SCHEDULES REVIVAL JULY 7-14

The First United Methodist Church of Gatesville has announced plans for a Renewal Mission. Special Services will start next Sunday morning and close on July 14. Services will be at the usual hours on Sunday. During the week there will be services at 7 a.m. and 8 p.m. Before the weekday morning services, a breakfast of doughnuts, coffee and orange juice will be served. There will be a nursery open at each of the evening services. The public is invited.

The Evangelist for the Renewal Mission is the Reverend Ed Robb. He is Conference

EDD ROBB

Evangelist in the Northwest Conference of the United Methodist Church.

Before going into full time evangelism, Mr. Robb was pastor of St. Paul Methodist Church in Midland for four years. During this time, he received 830 persons into the membership of the church, making it one of the fastest growing churches in the Northwest Texas Conference.

Joining Robb's Evangelistic team are Gene Moore, Methodist Minister and singer and his wife, Bobbie, a vocalist and pianist.

Gene and Bobbie Moore have been in churches of many denominations for the past ten years. They have sung in revivals, preaching missions and gatherings of churches in 11

Joe W. Richards, Jr., has been named to succeed H.A. (Buddy) Biffle as Community Public Service Company manager in Gatesville. Biffle is due to retire September 30. Richards, who has managed Community's properties in the Strawn area for several years, has already moved to Gatesville with his wife and two children.

## Turnersville School Survey To Be Completed Soon

County School Superintendent W.H. Donaldson reported Wednesday that survey reports were not complete on the Turnersville School District.

However, Donaldson said, "the big interest is what portion of the district is left in the Gatesville District." Preliminary estimates show the Gatesville Independent School District to contain something over 40 square miles.

Mr. Donaldson said "the preliminary estimate on the Gatesville portion is close - within 60 acres of actual measurement and 40 square miles is a bare minimum to qualify Gatesville ISD for incentive aid".

Donaldson went on to qualify his statement that if the final overall survey measurements do not sufficiently differ from the present size, the 40 square miles meets state requirements that a school district cannot detach more than 10% of its territory.

Mr. Donaldson said "the preliminary estimate on the Gatesville portion is close - within 60 acres of actual measurement and 40 square miles is a bare minimum to qualify Gatesville ISD for incentive aid".

Donaldson went on to qualify his statement that if the final overall survey measurements do not sufficiently differ from the present size, the 40 square miles meets state requirements that a school district cannot detach more than 10% of its territory.

Donaldson went on to qualify his statement that if the final overall survey measurements do not sufficiently differ from the present size, the 40 square miles meets state requirements that a school district cannot detach more than 10% of its territory.

Mr. Eugene Torbett of Harlingen, left Sunday, after visiting his sister, Mrs. R.W. Hunt, Mrs. F.A. Woodson, Mrs. Fred Mayberry and other relatives in Gatesville.

## Optimist Club To Hold Charter Banquet July 15

The newly-formed Optimist Club is in the process of planning for its Charter Banquet, which is expected to be the biggest affair of the year. The banquet is to be July 15, 1968, at 7:30 p.m. in the Chateau Villa Restaurant.

There will be several important out-of-town guests attending the banquet, including representatives from the international service club organization headquartered in St. Louis, Mo., as well as representatives from the state and district levels. The Optimist Club of Temple, who sponsored the local club, is working hand in hand with the Gatesville Optimist's in banquet preparation and will be well represented on July 15, 1968.

Each club member is encouraged to come and bring his wife, for this important occasion. The club joins more than 2,500 Optimist Clubs throughout the United States and Canada engaged in youth and community projects.

Mr. David Sandefur is President of the new service club and Mr. George Tull and Mr. Jimmy Morgan are Vice Presidents. Serving on the Board of Directors are Mr. Horace Knight, Mr. Ace Myrick, Mr. Thomas James, Mr. Morris Bell, Mr. Don Powers and Mr. Wendell Byrom. Mr. Carroll Duke is the club's Secretary-Treasurer, Father Anthony Weber is the Chaplain and Mr. Bill Carter is Sergeant at Arms.

Other charter members are Mr. Clay Cupps, Mr. Walter Wood, Mr. Rhabb Dickie, Mr. Jack Patton, Mr. Bill Richardson, Mr. Perry Reed, Mr. Shorty Bell, Mr. Archie Neccessary, Mr. Milton Massengale, Mr. Ernest Hahn, Mr. William Moore, Mr. Charles Stevens, Mr. Walter Stevens, Mr. Max Skelton, Mr. J.T. Weaver, Mr. Jackie Morse, Mr. Jimmy Christian, Mr. Jack Wicker, Mr. Clifford Hyles, Mr. Lynn Phillips, Mr. Noble Rutherford, Mr. Pat Hollingsworth and Mr. Efton Carroll.

Anyone desiring further information concerning the affair is requested to contact Mr. David Sandefur, Mr. George Tull or Mr. Carroll Duke.

## Garland Anderson Receives Master Degree From Texas

Garland S. Anderson, Jr., son of Mr. and Mrs. Garland S. Anderson, Sr. of 306 South Luterloh was awarded his Master of Science in Community and Regional Planning degree at the close of the semester of the University of Texas Graduate School, Dean W. Gordon Whaley announced.

Garland developed an elaborate plan for the future development of Gatesville's business district, which was on display at the Guaranty Bank, recently.

Visiting in the James Box home, Monday, were Mrs. Melvin Phipps, Helen and David of McLeansboro, Illinois; Mr. and Mrs. Russell Pancake and Cecil of Arlington, Texas; Mrs. Peggy Lam and Billy Joe of College Station; Mrs. Andy Anderson, Mrs. Louise Wolfe and Rhonda of Waco; Mr. and Mrs. Nolan Pruitt of Turnersville and Mr. and Mrs. Don Wolfe, Ricky and Rod of Gatesville, and Mrs. Jim Epps of Turnersville.

## Pecan Growers To Hold Conference In Brownwood

The 47th Annual Pecan Growers Association Conference will be held in Brownwood, July 8-10.

Miss Ginny Hairston, daughter of Mr. and Mrs. LeRoy Hairston will be competing for the State Pecan Queen with eleven other contestants.

The Pecan Queen Pageant will be featured at the Tuesday evening Banquet honoring friends from Mexico. Mrs. Aubrey Fife of Junction, is serving as Queen Committee Chairman. She has arranged a series of events for the twelve County Pecan Queens who will compete for the honor of being crowned 1968 Texas State Pecan Queen by 1967 Queen, Regina Balch.

The Contestants will be honored by a luncheon and style show by Knoblers at the Holiday Inn on Tuesday.

Miss Balch will narrate the style show for the Pageant. She will also make a T.V. appearance advertising the Pecan Conference over the Abilene Station and will model for an hour in one of the leading department stores in Abilene, on July 8th.

The Pecan Queen Pageant will be honoring our neighbors from Mexico. Monday, July 8 at the Conference will begin at 1:00 p.m. the Brownwood Pecan Field Station with a demonstration of the very latest in pecan equipment, for Mechanical Harvesting. Due to the labor situation this part of the program has grown each year.

Tuesday will be talks by outstanding men that are working with Brownwood Pecan Field Station on Weed Control in Pecan Orchards, Recent Advancements in Pecan Propagation, Pecan Variety Status in Texas, Pesticides -- Present concepts and many more topics that will be of interest to pecan growers of Texas.

## Turnersville Community Center Organized

The Turnersville Community organized the Turnersville Community Center Association at a Tuesday night meeting. The meeting was called to elect officers of the association, who will be responsible for setting up rules and regulations, activities, and maintaining the facility.

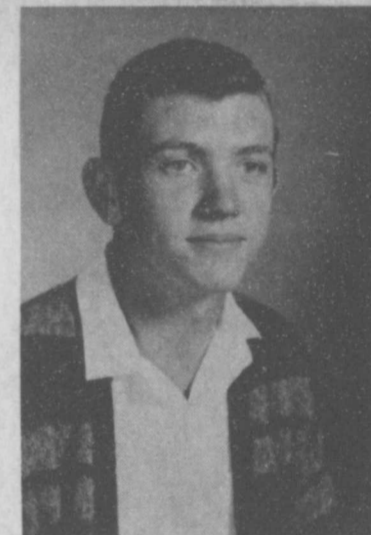

Mr. Zoo Gilmore was elected President of the association; Mrs. Florine Keizer, Vice President; Mrs. Wallace Daniels, Secretary; Mrs. Boyd Chitman, Treasurer; and Bobby Latham, Director-at-large.

The organizers of the Community Center voted to maintain the Turnersville School gymnasium as the Community Center Building.

## Two Gatesville Youths Honored

MIKE LAM

DALE SMITH

Two Gatesville youths have been named Distinguished Students at Texas A & M University, announced Dr. Wayne C. Hall, academic vice president.

Gatesville students earning the honor are: Michael H. Lam, senior civil engineering major, son of Mr. and Mrs. G.S. Lam, Jr., Route 3, and Dale A. Smith, junior history major, son of Mr. and Mrs. Carroll P. Smith, 1314 South Street.

The undergraduate honor is awarded to students who have excelled academically at A & M, Dr. Hall explained, by earning at least a 2.25 grade point ration (out of a possible 3.0) during the most recent semester of the regular school year.

## ... CONSTRUCTION BEGINS

# EVANT NEWS

By Cornelia Kreid

With one more flip of the calendar's wings, June will be gone. To the recollection of older citizens of Evant, none have seen a cold day as we had last week. Some reports of "cold days in August" and others of Fourth of July picnic dinners being eaten by the fire was reported -- in years passed, however.

With harvest over, land breaking has begun in this area. Most farmers have more hay than in years -- both in the barns and still green in the pastures. Lush gardens still hold bountiful food, orchards yield up ripe fruit, in spite of each having small bites taken off by the May hail. So all is still well with Evant.

On vacation next week will be Mr. and Mrs. David Lemmons and daughters. They will tell where they went upon return.

Mr. Jim Kincheloe went to Tullia to visit his sister, Mrs. Clarathay Newton, who is seriously ill in a hospital there.

Word came to Willie Pax of the death of his uncle, Adolph Pax, Priddy, on Friday. He was buried at Priddy, Saturday. Guests in the Willie Pax home, presently, include their son and wife, Mr. and Mrs. A. Pax, Balmorhea.

Guests of Mrs. David Lemmon, last week, were her sister, Mrs. Bernard Porter and her grandchildren, Kirt and Terry O'Neal, San Antonio. Also visiting with them was their other sister, Mrs. Bill Bass of Beaumont. They usually have one of these "get togethers" once a year, so they spent a week visiting together and shopping and having fun in near by cities and towns.

Guests of the L.L. Prudens, last week, included his father, Mr. Leonard Pruden, Quitman, and Mrs. Pruden's sister and brother-in-law, Mr. and Mrs. Loyd Smith and family, Array, New Mexico.

Mrs. B.M. Tubbs, mother of Mrs. Ernest O'Neal, passed away in the O'Neal home, north of Evant, Friday afternoon, June 28. At the time of this writing, funeral plans were incomplete. Evant Funeral home was in charge.

Mrs. Florence Bird, long time resident of Evant community, and for several years, a patient in the January Care Home, passed away in the Home Saturday morning, at 6:00 following several days of serious illness. Funeral services were held Sunday afternoon at Coleman, with burial at that city, beside her late husband. Evant citizens of near kin includes Mrs. Betty Williams Faubion, her granddaughter.

Rev. and Mrs. Virgil Arnold, Dallas, spent the weekend in Evant to be present for the wedding of his niece, Miss Beverly Sheldon to Gary Hudson, Brownwood. They visited Mr. and Mrs. B.T. Arnold and other relatives. When material is available, a full article about the wedding will be given.

Mrs. Taylor Williams was involved in an accident in Evant about 11:00 o'clock Thursday, June 25, but fortunately the car was only damaged \$150 and her boys received only bruises.

A minor accident occurred Thursday afternoon, involving a car and Bob Grba, but no serious injury was reported. He was riding a motor bike.

Attending a Regional meet at Media Center, Waco, for three days this week was Mrs. L. L. Pruden, seventh grade teacher of Evant school. This workshop for seventh grade history teachers offers wonderful materials for class study.

Mrs. Pruden was the only teacher of seventh grade, in Coryell County, to be selected. Rev. and Mrs. Virgil Arnold remained over in the Evant area to finish out their visit, following the Sunday wedding. Other kin, in addition to the B.T. Arnolds, they vis-

ited were Mrs. A.O. Arnold, the C.W. Sheldons and families and the Bob Clarys.

The Taylor Williams family had a human interest experience that came as a surprise while visiting their daughter, Gladys and family, in Ft. Worth, last week. Gladys had located were J. Blackstock lived, who had made his home with the Williams family from the time he was sixteen until he entered the army in his early twenties. A grown son and an almost grown daughter made them know it had been several years since their meeting. Three times he had missed them when stopping by as he passed through Evant. Always, he had corresponded with them. But at his home in Alvarado, they all had another good visit. Gladys just drove out to the man's house without her mother even knowing where she was going... it was a surprise, indeed.

Curt Matthews, son of Rev. and Mrs. Matthews, filled the pulpit for his father, Sunday morning, at Evant. A student in S.M.U., he is working as well as attending classes.

Since it cannot be a secret anyway, another surprise came to a well deserving daughter, last week. Mrs. George Matthews' parents, the Neal Messers of Temple, presented her with a new car and one to her sister of identical model and color. When they visit their parents, one will have to tie a string on the steering wheel for sure!

Mrs. Edwin Moore and her granddaughters, Blanche, Carole and Martha Moore, are attending her family reunion near Kerrville this week.

The Evant Church of Christ is making preparation for Bible School for all ages to begin the 29th of July and close at the end of that week.

An old fashioned trail ride was held Saturday afternoon which began at the rodeo arena in Evant and ended at the picnic grounds of Mr. and Mrs. Donald Kennedy, southwest of town. The roasting of weiners and marshmallows around the campfire and eating of same (plus the other home cooked trimmings) completed the day for tired "cowhands", included in the party were Mr. and Mrs. Odell Collins, Mr. and Mrs. Wayne Parrish, Donna Rhonda, and Cindy; Mr. and Mrs. Floyd Parr, Danny and Dee; Stanley Stanford; Bryan Kreid; Mr. and Mrs. Don Johnson, Donna and Elva Jo; Dennis Sheldon and Leslie Sheldon; Andy Montgomery, Travis Montgomery, Carleigh Montgomery and Marcia Montgomery; and Donna Kennedy and her parents, host and hostess for the picnic.

Guests of Mr. and Mrs. A. C. Bertrand and the Joe A. Kreids last week included the granddaughters and a great-granddaughter of the late Mr. and Mrs. F.O. Bertrand, Purlmea. They live at Houston and made this special trip to be able to visit with people who knew their grandfather and see the acres on which he had built a log cabin and lived in the mid-seventies, near the present site of Purlmea. While in the Purlmea community, they called in the R.A. Bertrand home, where they exchanged family history. They left notes, collected in Brazoria, Fort Bend and Galveston counties, which the family who left that area had not told of ever having had such experiences. It all reads like a history book, indeed... or a fairy tale. The young lady in the group has traveled far and wide in interest of data on the Cayce and Bertrand families - and found it. The ladies names are Lillian Fitzsimmons Hodges, Nellie Fitzsimmons Abrego and Betty Abrego Ring. Mrs. Hodges was named for her late cousin, Mrs. W.T. Michael, Coryell County.

Gary Marwitz, son of Mr. and Mrs. Delvin Marwitz, who is

stationed at Fort Sill, Oklahoma, spent the weekend with his family.

Mrs. Hetty Fields was in church again, Sunday, for the first time in weeks, due to her recovery from recent illness. It surely seems like a pew has been moved out when such faithful ones are absent.

Reports that Wayne Bates is improving from his spinal injury to the extent that he may be able to avoid surgery, altogether, is encouraging news to his family.

Hays Miles reported that his brother, Dock, is cheerful, but taking treatment for lung cancer, at M.D. Anderson Hospital.

Mrs. Weldon Bates and children, Alvin, stopped by enroute to California to visit her husband, who is a service man and the son of Mrs. Irene Bates. When Weldon's leave was canceled, his mother was highly disappointed, but rejoiced that her daughter-in-law and grandchildren were able to go for a visit.

Guests of Mrs. Irene Bates and Gladys, Sunday, included Mrs. Margie Coleman and Mrs. Iredale Upton Storm, Lampasas and Mr. John Upton of January Care Home.

Mrs. Belle Blackwell is on vacation this week from the garment factory where he is employed at Hamilton.

The Douglas Canley family, Dallas, arrived in Evant, Sunday afternoon, for a visit with his parents, Mr. and Mrs. Elmer Conley and his grandmother, Mrs. A.O. Arnold.

## Troop 98

Troop 98 Tours Texas Capitol

Junior Girl Scout Troop 98, under the leadership of Mrs. Nell Blanchard and with assistant leader, Mrs. Yvonne Vandiver, left the Scout House at 7:45 a.m., Tuesday, to tour the State Capitol in Austin. A surprise side-trip, to San Marcos to the Agarensa was taken by the girls.

Several parents accompanied the girls on their trip.

Members of Troop 98 are Tina Ashcraft, Terri Bankhead, Vicki Barnard, Kim Blanchard, Annette Cobb, Antonette Cobb, Cathy Edwards, Carolyn Griffin, Debbie Lee, Cindy Nichols, Anita Collins, Cindy Phillips, Judy Rhoads, Lee Ann Snoddy, Shawn Thomas, Kathy Tull, Tamra Smith, Kathy Dworsky, Patty Hodges and Kay Patterson.

Mrs. Fred Mason of Lampasas was a guest of Mr. and Mrs. Carl Eubanks, Wednesday. Mr. Mason, a former sheriff of Lampasas County, is a patient in the Rotunda.

## Library News

With the closing of school and re-run shows on television the reading of books has become a popular summer pastime. Patrons of the Gatesville Public Library have increased their reading in June by more than 800 books over the month of May. There are 87 boys and girls enrolled in the Texas State Summer reading program and over 50 children are enjoying the weekly story hours.

The library has a beautiful new picture book: Texas Homes of the 19th Century with photographs by Todd Webb, given in appreciation of Mrs. Molly Sadler's work as a Librarian by the Friends of the Library organization.

Other new books received this week are The Complete Encyclopedia of Antiques, Our School by Sudie Longmire Carter, being a brief history of the Evant School, Stride Toward Freedom by Dr. Martin Luther King, The Complete Book of Knitting by Elizabeth Mathison and The Old West in Fiction edited by Irwin Blacker.

### Over The GARDEN FENCE

By R B

Summer in the southern gulf coast states brings the blaze of crape-myrtle. Brought to the western world from China by fabled East Indian Company sailing ships, these shrubs brighten the landscape from early July until frost. In colors that range from pure white through all the shades of red, this versatile plant will usually begin blooming the first year it is planted. Where the right conditions prevail and it is carefully pruned, it will grow into a house-high tree.

The Progressive Farmer magazine has been advocating the planting of crape-myrtles in every southern yard for many years. Because of their care-free growth and drought resistant qualities they have been used extensively by the State Highway department for roadside plantings. They are easily propagated from seeds, root shoots or cuttings and one plant or a thousand may be purchased from most nurseries.

Crape - myrtles are an ideal plant for the home garden whether you spend many hours working there or snatch a few minutes once in a while. They are not particular in their soil needs, growing almost anywhere that winters do not get below zero. They require watering only in extreme drought and a mulch of aged manure through the winter is all the fertilization they need. Pruning should be done in the late fall after the leaves have fallen. The plant may be kept as a specimen shrub, made into a low hedge, trained in an espaliered pattern or pruned from the bottom to make a tree. However used they make a beautiful symbol of southern horticulture.

Mrs. Fred Mason of Lampasas was a guest of Mr. and Mrs. Carl Eubanks, Wednesday. Mr. Mason, a former sheriff of Lampasas County, is a patient in the Rotunda.

## Italy's Offbeat Attractions by Tibor Mach

Italy is one vast treasure house from the Alps to the great islands of Sicily and Sardinia. Each region has attractions so varied that it would take a lifetime to encompass them. Here are a few of the things the average tourist is apt to miss.

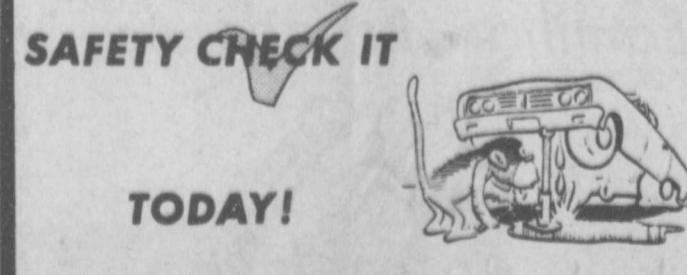

1. Mt. Blanc and the Matterhorn, Europe's most famous mountains, have their sunny sides in Italy and can be viewed from the beautiful Alpine valley of Aosta, which also contains some of the most romantic Gothic castles in the world.

2. Pisto has more than the Leaning Tower. In fact, it has several towers that seem built on a bias. Also not to be missed are the magnificent 11th Century Cathedral, the Baptistery, and the world famous Campo Santo.

3. Mt. Etna in Sicily is one of the only three active volcanoes in Europe. All are in Italy. The other two are Vesuvius and Stromboli, which never ceases to erupt.

4. Sardinia boasts a history more ancient than Rome's. It has stone dwellings, the Nuraghi, pre-dating history, and the modern, enchanting Emerald Coast, where Aga Khan is building a magnificent Riviera.

## WATER THROUGH THE AGES

People who take water for granted might be surprised to learn the ways man has devised to assure himself an adequate water supply. Johns-Manville, producer of Transite and plastic water pipe, has compiled this history of water:

1. Men built aqueducts to convey water early in history. Excavations uncovered one aqueduct built in the Nile Valley about 2000 B.C.

2. Ancient Romans, who worshipped Jupiter as the god of rain, believed that it would rain if they tossed little images into the Tiber River.

3. Unlike the ancient Chinese, who purified their water supply by dropping alum into the water to hasten sedimentation, modern water systems keep the water going into their pipes crystal clear with diatomite filter systems.

4. To make it rain, ancient Druids went in processions to sacred wells or springs, where they beat upon the surface of the water, or poured water over special stones. The practice was forbidden in later times by the Church.

5. The first piped water supply in the U.S. was built in Boston in 1652. There were only nine water works in the entire country before 1800, compared to 20,000 today.

6. Today, thanks to modern facilities which store, purify and transport water to consumers, modern American homes receive a daily supply of water for less than the cost of a newspaper.

Miss Chyrl Horton and Pvt. James Stone Exchange Wedding Vows

Miss Chyrl Horton and Pvt. James Stone exchanged vows in Evant Church of Christ, June 22, 1968, at 8:00 o'clock in the evening.

Parents of the couple are Mr. and Mrs. Melvin Horton and Mr. and Mrs. J.R. Stone, of Evant.

Minister Glyn Dale Shave, Wichita Falls, uncle of the bride, solemnized the double ring vows before an altar background of tall tapers, cup candlesticks, greenery and a single white arrangement of white gladioli, before which lay the open family Bible. Pews were designated by satin bows for the family.

Given in marriage by her father, the bride chose a formal Empire sheath gown of peau de soie and Chantilly lace. The neck of the lace bodice was accented by hand fashioned flowers, surrounded by French-knots. The Cathedral train of peau de soie, was highlighted by similar hand fashioned flowers and French-knots. Her veil's bottom tier fell to the full length of the train and the top was accented by three short tulle tiers and a large velvet rose. The entire costume was designed and fashioned by the bride and her mother.

The bride's all white bouquet of spider mums and gardenias was arranged on a Chantilly lace covered white Bible. She observed the tradition of something old, by wearing her grandmother's wedding band, also carried out the borrowed, blue, new, as well as the six pence in her shoe.

Miss Sandra Stone, sister of the bridegroom, served the bride as maid of honor, while

Miss Marilyn Conner served as bride's maid and Mrs. Gary Standard as matron of honor. The three attendants were attired in Empire sheath gowns, of shocking pink peau de soie with matching head pieces. They each carried identical pink carnation bouquets.

Miss Sherry Lee registered the guests and was attired in a similar shade of pink to the other members of the wedding party.

Serving the groom as best man, was Gary Standard, with groomsmen, the bride's cousin, Walter Horton and Scott Marwitz.

Terry Horton, brother of the bride and C.W. Stone, cousin of the groom, served as ushers and candlelighters.

The bride's mother chose a dress of green crape and a white gardenia corsage, for the wedding, while the groom's mother chose blue crape and an identical corsage.

Following the ceremony, the parents of the bride opened their home for a reception for the honored couple and their guests. A four-tiered cake, compounded by the bride's mother was served by Mrs. Wayne Parrish, sister of the bride, after the traditional cutting of the confection by the bride and groom. Miss Sherry Lee presided at the punch bowl. The table was laid in all white with silver and crystal serving pieces.

As the guests assembled to bid farewell to the couple, the bride's nieces, Misses Donna and Ronda Parrish passed out rice bags for the shower of good wishes.

For her going away costume,

# OUR HEALTH

By J. M. Amberson, M.D.

## DOES THE SUN CAUSE SKIN CANCER?

There is an unfortunate amount of misinformation about the effect of sunbathing and the incidence of skin cancer.

It is quite true that in recent years we have seen a great increase in cancers of the skin and that a large part of this increase is among those workers whose jobs are such that they are exposed to the sun for long periods of time.

For example, farmers, outdoor laborers, soldiers and sailors, these are occupations where some area of the body, usually the face, back of the neck and hands, are constantly exposed to the sun and after many years the individual may develop a skin cancer in the area that has been exposed.

Now, many Americans fear that by taking the weekend sun during the warm summer months they are increasing their risk and will develop a cancer of the skin.

That's highly unlikely. Weekend gardeners living out of the tropic or warm climates of our country are not really in any great danger, all things being equal. Nor is it likely that sunbathing in moderation during the warm months will result in a skin cancer for most of us.

As I said earlier, the greatest danger is faced by those men and women who are exposed year 'round and then usually due to their occupations, to the rays of the sun. Light-skinned persons apparently are most sensitive.

But, if you are unlikely to become a victim of skin cancer due to exposure to the sun's rays, that does not mean that you should blithely 'soak up'

the sun every chance you get.

In fact, while the sun's rays (in moderation) may not actually harm your skin, they do not do you any good either.

The sun bathing fad that we are now living through, and have been since the end of the First World War, places great emphasis on tanned, 'healthy' skin. Well, tanned skin is not healthy skin.

The sun's rays, along with wind, dry out the skin and create a cracked, uncomfortable skin that ages before its owner does.

During the warm weather months that are before us, I urge you to avoid over exposure to the sun for the sake of your skin. Few of us are so unsophisticated nowadays that we actually suffer from severe sunburns, but the tan leathery look is just as unhealthy, if not as painful.

If you suffer from skin dryness during the summer months, you may find a relatively new bath oil spray, called Alpha-Keri, to be helpful. Designed to be sprayed directly on wet skin, Alpha-Keri spray leaves a fine, invisible shield over the skin locking in the skin's own moisture to relieve dryness and that tight, itchy feeling.

## CAN CERTAIN PILLS CAUSE WEIGHT LOSS?

Diuretics in pill form can cause temporary weight loss by increasing the amount of water released from the body. However, these medications should only be used under a physician's care.

Other pills, amphetamines, for example, are appetite suppressants and thus curb the number of calories taken in, resulting in a loss of weight. But, these diet pills, as they are called, are risky and should never be taken without the advice and approval of a physician.

the bride chose a pink silk dress with a matching lace coat.

After a short wedding trip, the couple will make their home in Fayetteville, North Carolina, where Pvt. Stone is stationed at Fort Bragg.

Both Pvt. and Mrs. Stone are graduates of Evant High School. Mrs. Stone was an honor graduate of the spring class and Pvt. Stone had been employed in Dallas since his graduation in former years, before being inducted into the army.

## Hodge Clan Gathers

### At Faunt Le Roy

The children of the late Mr. and Mrs. Gene Hodges, held their 56th reunion, June 29 and 30 at Faunt Le Roy Crossing in Gatesville, with 121 present.

The oldest there was Jim Nichols, 78, and the youngest was Brian Savage, 2 months old. He is the great grandson of Mr. and Mrs. George Hodges, Sr.

There was a weiner roast Saturday night and a Peuvian barbecue, Sunday. Everyone came with well filled baskets and we had barbecue at the noon hour. George Hodges made a short talk and a cousin, Jim Nickels, offered thanks.

Those present were Mr. and Mrs. Windal Miller, Jeff and Mary Ann, 2684 Sutton Drive, San Jose, California; Cavitt Miller, Bakerfield, California. They were the ones that lived the farthest away.

Mr. and Mrs. Dennis Miller, Ft. Worth; Mr. and Mrs. James Miller, Garland, Texas; Mr. and Mrs. Homer Daniels and family, Garland, Texas; Mr. and Mrs. Clarence King; Mr. E. O. Walters; John Hodges, Dumas, Texas; Mr. and Mrs. Donna W. Stevenson, Dumas, Texas; Mr. and Mrs. Aubrey Miller and family, Grandbury, Texas; Mr. and Mrs. A.B. Williamson, Mrs. Early Bennett, Gatesville, Texas; Mrs. Gary McCarver, Gatesville; Mr. Jessie Miller, Gatesville.

Mr. and Mrs. J.W. Hodges, Michael and David of Ft. Worth; Mr. Louis Smith, Waco; Mr.

### BRUNCH MUFFINS

1 cup Kellogg's All-Bran	1 cup sifted regular all-purpose flour
3/4 cup milk	2 1/2 teaspoons baking powder
1 egg	1/2 teaspoon salt
1/4 cup soft shortening	1/4 cup sugar
	* * *
1 3-ounce package cream cheese	2 tablespoons orange marmalade

Combine All-Bran and milk; let stand until most of moisture is taken up. Add egg and shortening; beat well. Sift together flour, baking powder, salt and sugar. Add to first mixture, stirring only until combined. Fill greased small muffin pans 3/4 full. Bake in moderately hot oven (400°F.) about 20 minutes, or until nicely browned.

While muffins are baking, whip cream cheese until fluffy. Fold in marmalade. Cut a small round wedge-shaped section out of top of each muffin. Fill cavity with cream cheese mixture. Replace "top-knot" lightly and serve immediately.

Yield: 15 Brunch Muffins, 2 inches in diameter

our delegates in caucus at Miami. I will urge the individual delegates at that time to support Mr. Nixon.

The Republican campaign has in recent weeks polarized around the two announced candidates. And, in view of the intensive campaigning now going on, I find it incumbent on me to announce a choice. It is my opinion that a majority of the people of Texas think Dick Nixon should be president.

I believe Dick Nixon, with the help of all Americans can: -- end the war and win the peace in Vietnam,

--enforce the laws we all have a part in enacting.

--revitalize our national defense capabilities and restore our strategic superiority which so effectively preserved world order during the peaceful Eisenhower - Nixon years.

--infuse the power of free-enterprise capital into our deteriorating city neighborhoods, creating jobs, housing and education.

--halt spiraling, dollar-robbing inflation and restore both domestic and foreign confidence in America's economy.

And most important, I believe Dick Nixon will provide the change from Democratic crisis, crime and chaos which Americans demand, restoring leadership to our presidency, order to our country and progress for our people.

## STORY HOUR ENTERTAINS YOUNGSTERS

Mrs. Tom Brock read to the children, July 3, for the story hour, Shoe for a Pony, The Horse Who Lived Upstairs, The Little Cowboy, Blaze and the Indian Cave, Horses. They do an exercise in between stories, Tall, small tree exercises.

There were 48 books checked out.

The next story hour will be the 10th of July, which will be the last story hour of these sessions. Mrs. C.H. Wallace will have the next story hour.

**Pearl News** By Mrs. Lyda Cooper

The news will be short, as we are having to send it in a little earlier, everyone has forgotten to give me a call.

Mrs. Arlie Gartman and Mrs. Troy Lee Hunt, of Gatesville plan to leave Saturday, for Virginia to visit their children, Ronnie and Brenda. They are going to fly.

Visitors in the home of Lyda Cooper, Sunday, was Bill and Beth Weeks of San Antonio, Mr. and Mrs. Les Weeks and Grady Dewey of Hamilton, Mr. and Mrs. J.B. Hart, of Gatesville, and Mr. and Mrs. Clyde Thompson, of Evant.

Mr. and Mrs. Harry King visited Sunday with Mr. and Mrs. Yogie Prinz and Stephan, of Temple.

Mrs. Fred Robinson visited Lyda Cooper, Saturday.

Mrs. Mack Wilkinson and girls is spending sometime with

Mr. and Mrs. Boone Wilkinson and Tim. Mack has gone to the Bahamas on construction work and will be gone until November.

Mr. and Mrs. Earl Hampton and Mr. and Mrs. Tully Ballard, along with Mrs. Monroe Withers and Judy, attended a singing at Ridge, Texas, Sunday afternoon.

Mr. and Mrs. Ronald Ballard and Ronnie, of Ft. Worth, spent the weekend visiting their parents, the O.Z. Ballards and the Robert Kelly's.

Mr. and Mrs. Mart Carroll, of Dallas, is visiting the Virgil Freeman's this week. Wayne and Reba Ballard brought them down, returning home, Saturday morning.

Supper guests of the Tully Ballard's, Friday night, were the Travis Ballard's of Copperas Cove and Wayne Ballard's of Dallas.

**Highlights and Sidelights**  
Vern Sanford

"Heads up" driving can save many lives in Texas during this long July 4 holiday weekend, Texas Department of Public Safety advises.

DPS hopes to help bring about a reduction in the estimated toll of 38 expected to die in traffic tragedies during the four-day, 102-hour period.

"Operation Motorcade", designed to place special emphasis on dangers of holiday travel, began at 6 p.m. Wednesday and will continue through 11:59 p.m., Sunday.

DPS will tabulate traffic fatalities during this period and release totals three times daily to news media in order to keep dangers prominently in minds of drivers.

"It is a known fact that the unusually crowded conditions of the highways on Independence Day holidays makes driving more hazardous than usual", Acting DPS Director Wilson E. (Pat) Speir reminded.

On the average, said Speir, one person will be killed in

**LCB RAPPED**

Former Liquor Control Board Administrator, Coke Stevenson, Jr., took the brunt of the blow from the report on the investigation of the LCB BY Atty. Gen. Crawford Martin and the Department of Public

Safety.

Attorney general found that Stevenson had not been watching the shop, had accepted expensive gifts from persons in the liquor and beer industries and had failed to see that the liquor laws were uniformly enforced.

Report refused to condemn the practice of legislators practicing law before the LCB and failed to condemn the three-man liquor board for not staying atop the shoddy operations of the agency.

Investigators said that most of the difficulties of the Stevenson administration now have been overcome under Acting Administrator, O. N. Humphreys, Jr.

**LEGISLATURE WINDING UP**

Bitter debate in the Senate slowed the pace of the special session. Senate finally passed a sales-franchise tax increase and sent the revenue bill back to the House, which in turn sent it to conference committee to write a final version.

While Senate mulled taxes and mini-bottled liquor - by-the-drink bill, House passed bills to extend drinking curfew in large cities to 2 a.m. (local - optional in smaller towns) authorize semi - mandatory breath tests for drunk drivers; and triple out-of-state tuitions (to about \$600 a semester) at state-supported colleges and universities. Resident student tuitions remain the same.

**APPOINTMENTS ANNOUNCED**

Gov. John Connally named Garrett Morris of Fort Worth to the State Highway Commission to succeed Hal Woodward of Coleman, a few federal district judge.

Connally selected Marion T. Key of Lubbock to replace Morris on the Public Safety Commission and named Jack Kultgen of Waco to Woodward's chairmanship on the Highway Commission.

Other appointments by Connally include:

Ford Albritton Jr. of Bryan to Texas A & M University Board of Directors; William H. Atkinson of Kenedy to Texas A & I University Board at Kingsville and Leo J. Welder of Victoria; and Robert E. Davis of Waco to Texas Library and Historical Commission with reappointment of Fred Hartman of Baytown.

**COURTS SPEAK**

City of Midland cannot collect from the surety company of its contractor for defects in a swimming pool, but it may sue the contractor directly, Supreme court held.

High court held four Houston attorneys and a society of lawyers can seek a court order against a Houston organization which aims to provide legal services to poor. Lawyers said they objected to Houston Legal Foundation's attorney referrals, advertising and interviewing of prisoners in jail.

Attorneys for Austin boot-black will ask U.S. Supreme Court to review its ruling that a man can be jailed for repeated drunkenness. They argue alcoholism is a disease, demanding treatment.

**ATTORNEY GENERAL RULES**

Pinball or marble machines which show number of free games won are illegal, Attorney General Martin has ruled.

In other recent opinions, Martin has concluded:

\*Cities under civil service police systems have no authority to create a police reserve of amateur friends of the force, but special officers can be summoned in time of emergency.

\*A commissioners court does not have to advertise for electronic services to prepare tax rolls when the annual charge is less than \$2,500 paid out of current funds.

\*A person cannot serve as director of Texas Turnpike Authority and political party precinct chairman (acceptance of Turnpike post would automatically vacate precinct chairmanship.)

\*A motor carrier may not transport gravel from gravel pits to processing plants under specialized motor carrier permits.

\*Company which delivers metal belonging to its customers for galvanization without additional charge is not transporting property for compensation or hire in violation of law.

**TORNADO DEFENSE**

U. S. Weather Bureau and Texas Department of Public Safety have initiated a program for improved public preparedness against tornadoes.

Program involves a "distant early-warning system" by the bureau, then communication of the alert by the DPS and action by trained local officials to prepare the endangered communities.

"Meetings with city and community officials, state and local law officers, disaster agencies and others will be held throughout the state in the future to work out the details necessary for the best possible protection of life and property", a DPS spokesman promised.

**GRANT APPROVED**

A \$42,900 Federal grant has been approved for Valley View Park in the City of Dallas to

provide additional outdoor recreation land for use of the general public, according to Will Odom, chairman of the Texas Parks and Wildlife Department.

These funds will be matched by the City of Dallas in an \$85,800 project to acquire 17.4 acres of land adjacent to the 8.7 acre existing park. The city park is located in the community of Northwood within the City of Dallas.

Odom said this project marks the 27th approval of funds for local, city, county and river authority parks in Texas since the Land and Water Conservation Act was passed in 1965.

**GET RESULTS**

**4-H NEWS**

**4-H County Rally Day Held**

The annual County 4-H Rally Day was held at Faunt Le Roy Crossing on June 28. Registration began at 9:00 a.m. and was conducted by the Gatesville 4-H Club. The Copperas Cove 4-H Club was in charge of opening exercises which included leading songs. Get acquainted games were played. Approximately 50 4-H members and prospective members registered.

At 10:00 a.m., the group went swimming in Raby Park pool. Relay races and quiet games were played until lunch. The group enjoyed sack lunches and was joined by Rev. Kenneth Patrick.

At 1:00 p.m., a ceremonial was given by the 4-H members on "America - Our Heritage". After the ceremonial, Rev. Patrick spoke to the group.

From 1:30 until 2:30, the group participated in games directed by 4-H Junior Leaders who had been to District Leadership Congress this year and in previous years. At 2:30 p.m., after cleaning up the site, the group went swimming, and afterwards had icecream.

**4-H Horse Club Sponsors Horse Show**

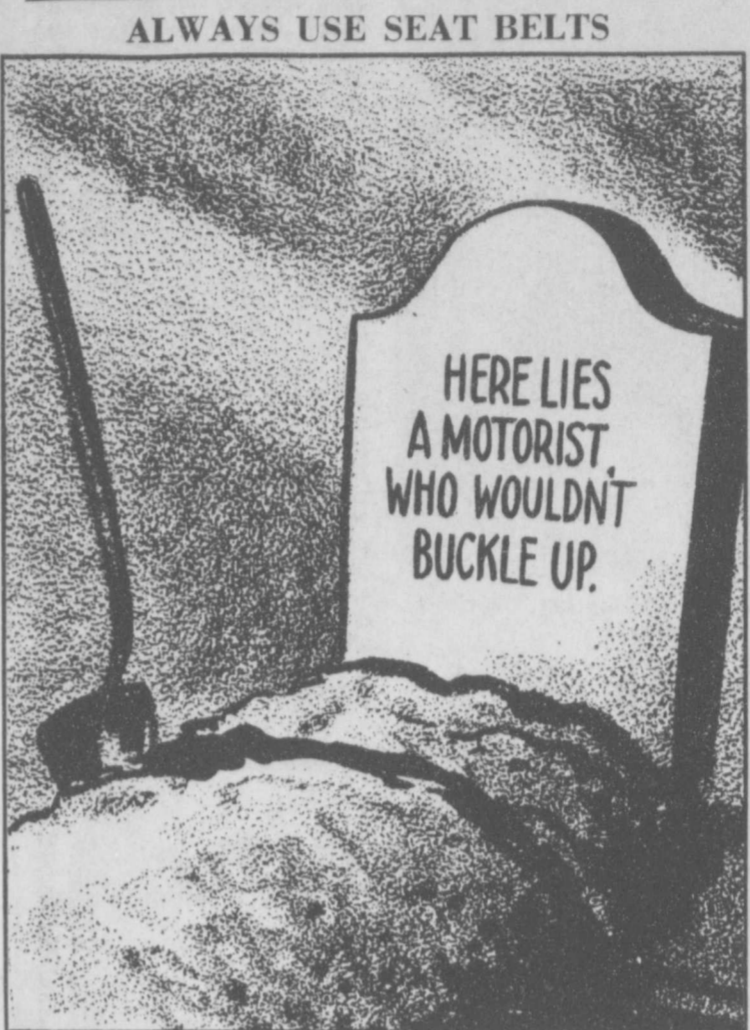

There will be a Youth Horse Show sponsored by the Coryell County 4-H Horse Club, July 19 at 7:30 p.m., at the arena in Copperas Cove.

All youth between the ages to 18 years are eligible to enter the show. The classes are as follows:

Colts - under one year old; Fillies - under one year old; Mares - under 14 hands; Geldings - under 14 hands; Showmanship - 12 and under; Showmanship - 13 to 18; Western Pleasure - 12 and under; Western Pleasure 13 to 18; Reining - 12 to 18; Barrel Racing - 12 and under; Barrel racing - 13 to 18; Pole bending 13 and under; and Pole bending 13 to 18.

A fee of 25 cents will be charged for each entry that a boy or girl enters in the show. Ribbons will be given in First Place through Sixth Place in each event.

All youth of Coryell County and surrounding areas are urged to enter the Coryell County Horse Show.

**BUCKLE UP!**

The multi-billion dollar life insurance business is a cogent example of the American's desire to protect his own family.

There is another kind of living insurance that is just as important, just as vital to the American family—the automobile seat belt.

The gruesome monotony of our fatality records each Holiday weekend may be averted over July 4, if more drivers and riders will use seat belts. The Cornell Aeronautical Laboratory says, "Your chances of suffering serious injury or death in injury-producing auto accidents are nearly 50 percent greater if you refuse to use a seat belt."

In 1963 while only 9 percent of the cars were equipped, three-quarters of the drivers used them on long trips and most used them locally as well.

Four years later, in 1967, 65 percent of the cars had seat belts, but barely half of the drivers used them on long trips and only 38 percent used them locally.

And the percentage who testified that they never wore belts climbed from 10 to 17 percent between 1966 and 1967, because "there are no laws requiring seat belts to be worn." Why bother?

The record Memorial Day toll of 628 traffic deaths is why!

Take a second to buckle up—it may save a lifetime!

**Wizard of Oz "People" Live Again**

Remember the "Wonderful Wizard of Oz" and all of the great characters which made Frank L. Baum's Oz books so fascinating? Movies and television have combined to keep those great characters alive in the memory of children of all ages.

One of the fine movies children can enjoy every so often on t. v. is the memorable color production made by MGM. Who can ever forget Judy Garland in that movie?

"Somewhere Over the Rainbow" was written for that show. Judy Garland has been associated with it ever since. Remember the cute little tutee "Follow the Yellow Brick Road," and the great character parts played by Ray Bolger, Bert Lahr, Margaret Hamilton, and Jack Haley?

The tremendous empathy which all children have for those beloved characters has now been put to a constructive use by the Curad people, who make the "ouchless" bandage. So that children will be less likely to neglect an open

wound, leaving themselves vulnerable to infection, they can now use a "comic strip" bandage colorfully decorated with one of the Wizard of Oz characters.

Next time you see a youngster wearing a bandage featuring an Oz character, why not see if you can recall just who played that part in the movie? How about Tin Woodman? Was it Jack Haley - or Ray Bolger? Billie Burke was the fairy godmother, but who was the Wicked Witch? It wouldn't be fair to leave you wondering - Haley was the Tin Woodman, and Margaret Hamilton was the Wicked Witch.

**Railway Safety Legislation Proposes Federal Control**

Railway safety legislation proposed by the Department of Transportation would "place the Secretary of Transportation in almost complete control of the very life of the railroad industry," it was pointed out in Washington, D.C.

The statement came from William M. Moloney, general counsel for the Association of American Railroads, who appeared before the House Interstate and Foreign Commerce Committee in opposition to the proposed legislation.

Citing one section of the bill which would empower DOT to contract with state agencies for "surveillance services," Mr. Moloney declared:

"'Surveillance' is a police word and a police-state word applied to known criminals or to 'enemies of the people.' Neither that word nor the attitude it implies belongs in or even behind a bill to regulate American industry considered by an American Congress."

### Coryell Valley Archery Club Holds Shoot

The Coryell County Archery Association held a club-shooting match, Sunday, June 30, at their archery range on the Levita Farm-to-Market Road. Some fifty bow enthusiasts were on hand for the competition.

Field Archery shoots are conducted on courses of 28 targets, arranged to produce a variety of situations for the bowman to contend with.

The Coryell County Archery Association course is considered open, compared to many courses. Wind and distance judgment become primary factors on courses like the local course and Sunday afternoon presented the contestants with a gusty south wind.

Women's Free Style, Class A competition was won by Juanita Carver, Class B was won by Kitty Davis and Frankie Meeks of Gatesville, took second. Class C was won by Charlotte Gartman of Gatesville. Women's competition in the Bare Bow event was won by Christine Dean in Class A, Carolyn Brady in Class B and Betty Reeve in Class C.

In the men's events, Free Style, Class A, was won by Cotton Carver. Keith Ballard took top prize in the Class B Free Style and Bennett Starkey of Gatesville, took second place. Class C, Free Style was won by Cloyce Wimberly of Gatesville.

Men's Bow Hunter competition was won by Glen Graham of Gatesville.

The Men's Bare Bow, Class A competition was won by Bill Ballard. Class B was won by John Dean, Class C was won by Ernest McCorkle of Gatesville and Bill Ashby of Gatesville took top honors in the Class D Bare Bow competition.

The Youth Division Free Style competition was won by Tom Sprinkle, 16, of Ft. Worth. Tom scored the highest score of any contestant in the shoot with a 1010 score.

Sprinkle will be competing in the State Tournament in September.

The Youth Division Bare Bow competition was won by David Vandiver.

### National Guard Unit Has Cowboy Football Stars

This is the third time this year that Dallas Cowboy defensive tackle Jethro Pugh has visited Ft. Hood. This time he came wearing a uniform.

Pugh, along with grid greats John Nyland, Mike Johnson, Jerry Rhome and Dick Daniels, arrived at North Fort Hood last week as national guardsmen, assigned to aviation units.

Pugh and Daniels are members of the 72nd Avn. Gp., while Rhome, Johnson and Nyland are from the 149th Avn. Bn., 111th Avn. Gp.

The Cowboys visited Anderson Golf Course, Tuesday morning and showed a movie of the team's 1967 season. After the movie, they answered questions from the crowd of fans, gathered at the clubhouse to see them.

Nyland, a towering offensive guard, named a few clubs in the National Football League which may prove top threats in the coming season, but was quick to point out that the league was quite balanced in strength and anything was apt to happen.

One man, in the audience, commented on the Packer-Cowboy championship game

which Dallas lost in freezing weather at Green Bay. He said the Packers seemed able to keep "calm and cool" in the final and decisive minutes of the game, while the Cowboys got excited, possibly causing them errors.

Rhome, a quarterback vying for greatness with Don Meredith, Dallas' star play caller, said that if they had won the game, they would have been calm and cool and the Packers would have been the excited ones.

"We weren't excited," Nyland said. "We were just trying to stay warm."

The Cowboys will leave Ft. Hood, Sunday, and will report next week to the training camp at Dallas where the hard work that may lead to a chance at the '68 crown will begin.

While stationed with the guards at Ft. Hood, the Cowboys performed a variety of military tasks. Nyland was in headquarters communications section, Daniels worked in a medical section, Johnson was assigned to a motor pool and Pugh and Rhome were members of their units' special services departments.

### Three Approved Title II Grants Received For Region XII

Approval of three grants, totaling \$285,000 has been received by the Education Service Center for Region XII. The grant awards were made from Title III of the Elementary and Secondary Education Act of 1965.

According to Mack W. Mullins, executive director of the Center, \$235,000 of the amount approved will provide funds for continuation of activities launched since the Center was organized in July of 1967. These activities have centered upon educational planning assistance for local districts, staff training programs and development of an educational materials library.

An additional \$50,000 was awarded to the Service Center for the operation of the Greater Southwest Fine Arts Project to serve the schools of Freestone, Limestone and Leon counties. The fine arts project, for which the Mexia ISD served as fiscal agent last year, was transferred and re-funded to the Service Center for the period of July 1 to June 30, 1969.

Mullins stated that decisions concerning additional program approvals are anticipated following appropriations of fis-

gional media component, which provides 16 mm film services and is funded by local district contributions and matching state funds.

cal year 1969 funds by the U. S. Congress. The Center operates a Title IV ESEA program that provides pupil appraisal services and the re-

### TIPS FOR OUTDOORSMEN

**KEEP RODS IN TUBES**  
Safest way to care for your fishing rod is to pack them in a metal or heavy fiber tube carrying case. They should not rattle around loosely inside the case, since this may result in breakage of the rod tip.

**LOSS PREVENTATIVE**  
One way to keep from losing a predator call, is to tie it on a string and carry it around your neck, or attach it to the buttonhole of your camouflage clothing.

**SALT SHORTAGE CAUSES THIRST**  
On hot days when you can't seem to get enough to drink, try adding a pinch of salt to your water. Lack of salt, curiously enough, causes the thirst.

**PLASTIC CAPS FOR SCOPES**  
Shop around the drugstore until you find plastic pill bottle tops the same size as your scope. They work and they're cheap. And they prevent damage to the glass when not in use.

**PARAFFIN PROTECTS MAPS**  
To waterproof maps, heat paraffin and rub into the paper.

**TOOTHPASTE SHINES SPOONS**  
A tube of toothpaste keeps spoons shiny. Rub paste on spoon with fingertip. Slight abrasion shines 'em up.
