

Gary Kafer Wins AAU Junior Olympic's High Jump

Gary Kafer holds his Junior Olympic medal for first place in the National AAU meet in Knoxville Tennessee. Kafer jumped 6'9" for first place in the meet. The win gives Kafer 20 straight victories in the high jump pits.

Gary Kafer added the National AAU Junior Olympic High Jump crown to his list of consecutive first place championships last week in Knoxville, Tenn.

Kafer reached the National AAU Junior Olympic with victories at the district AAU in Fort Worth by out jumping some good state competitors at 6'8". Next Kafer jumped 6'9" at the AAU Associational Meet in Fort Worth to win. At the Region Nine AAU Qualifications in Abilene Kafer matched his best jump of the year to win over competitors from Texas, La., and Mississippi at 6'10". Kafer has piled up 20 consecutive first place finishes this year despite leg injuries, colds and stiff competition.

Kafer, a high jump specialist at GHS, made history by becoming the first GHS athlete to ever win a national title. Plans are underway to honor Kafer in the near future.

Kafer, a senior, has met the challenge of the nation's top high school jumpers this summer and has not been beaten yet. The methodical jumper has won 20 consecutive high jumping contests starting in the summer of 1969. The heavy spring and summer schedule this year was probably the toughest competition any high schooler faced this year.

At Knoxville, Gary jumped against 13 of the nation's best jumpers. Starting at 6'2" Kafer advanced up the scale and missed once at 6'6". At the 6'6" height only

Kansas' Randy Smith was able to maintain a "no miss" performance. Kafer cleared the height on his second attempt.

According to jumping competition this put Smith in the lead on fewer misses but he was unable to clear 6'8" and Kafer flew over the 6'8" mark on his first try.

With the Junior Olympic title in hand Kafer watched as officials checked the bar height. It measured 6'9" and will go down in the record book at 6'9".

Kafer took three jumps at 6'10 1/4" but failed to clear the height.

While in Knoxville Gary received encouragement from local 113 supporters who signed a telegram sent Tuesday. The athletes lived in the dormitories of the University

of Tennessee during their three day stay.

Kafer described the three days as "just like the olympics." He explained that each of the 13 regional AAU teams were uniformed and marched in a pre-meet parade around the track. Part of the ceremony included champion sprinter Darwin Bond carrying an olympic style torch to a position in the stadium. Many of the competitors including Kafer, are the future olympic stars.

It has been a long season for the track and field specialist, starting back in March.

Kafer is not planning any more competition this year but conditioning and development exercises will not end. He has scheduled himself for

weight training and running exercises this fall. Competition is always an important developing tool and Kafer is planning to play basketball in the winter months. Spring will hold another track season and Kafer is already eyeing the Astrodom Relays in February.

In the spring competition Kafer will run the high hurdles and intermediate hurdles in the continuing effort to develop leg strength.

"Swifter - Higher - Stronger" reads the Junior Olympic Championship medal Kafer won and it is encouragement for him in the future. He plans to step up to amateur athletics facing college competition next summer. Such meets as the "Golden West" United States Track

and Field Federation and Meet of Champions are part of Kafer's plans.

Other Central Texas competitors included Jack West of Mart who finished sixth in the shot put with a 54'5" toss. Snyder from Robinson finished first in the high jump at 5'4" and fifth in the shot put at 38'5".

School System To Be Outlined At Meet For Parents

Two meetings will be held this week at Gatesville High School to acquaint parents with the school's system and explain its set-up.

High School Principal, Sid Pruitt announced that a meeting for parents of students who will be freshman and sophomores this year is to be held Thursday night at 8 p.m. in the high school auditorium. Thursday night, at the same time and place, parents of juniors and seniors will meet. Pruitt urged all parents to attend and stated if it is not convenient to attend one meeting, parents can attend the other meeting. He also said if you have children in 10th and 11th grades or so forth, it is necessary to attend only one meeting.

The purpose of these meetings is to better acquaint parents with school policies and operation of the school system. There will be teachers on hand to explain the set-up and answer questions. Fire Destroys
Levita Home

Fire completely destroyed the Ols Jackson home at Levita Wednesday afternoon along with one truck, two pickups, and several cars.

Firemen were fighting a small grass fire on St. Louis Street at the time of the second alarm. The trip to Levita was more than enough time for flames to engulf the old home and spread to the autos and trucks through the dry grass.

The property owned by Marvin Hudspeth is located at the intersection of the Levita Highway and FM 926. Estimated damage to the house was \$2500. Reportedly several of the old cars and trucks were in "running condition."

The long show did not lack action and competitors showed no sign of drowsiness in the late stages.

The L. J. Huffman stock proved rough and rugged as riders were finding a sandy seat instead of an eight second buzzer and a pat on the back. Huffman produced the annual Jaycee Rodeo in June.

Last Chance To Nominate ASCS Committeemen Today

Today is the last day for eligible farm voters to circulate and sign nominating petitions for ASC community committees. August 17 is the final date petitions may be filed at the Coryell County ASCS office. Mail elections are set for the second week in September.

"I want to re-emphasize to farmers who are eligible to vote that nominating candidates by petition is of prime importance. If six or more eligible candidates are nominated by petition in an ASC community, no other names will go on the ballot. In the past, the incumbent community committee also had the privilege of making nominations. Now, a community committee may nominate only if fewer than six eligible candidates are nominated by petition -- and the committee may nominate only the number of candidates needed to make up a full slate of six nominees," Robert L. Miller, Chairman of the County Agricultural Stabilization and Conservation Committee, said.

No special forms are required for a petition -- only a sheet of paper naming the candidate and the ASC community. Signatures of at least six eligible voters in the community are required on each petition. Only one candidate may be named on a petition but voters may sign as many petitions as they want.

In general, to be eligible either to become a candidate or to vote, a person must have a farm interest in the community and must be eligible to participate in one or more programs administered by the County ASCS Office. Full details on elig-

ibility requirements for candidates and voters are available at the County ASCS Office, along with a list of known eligible voters in the county.

Each year eligible farmers nominate and elect ASC committee members.

food for thought

BY MRS. B.A. SNODDY

"Then was Jesus led up of the spirit into the wilderness to be tempted of the devil. And he had fasted forty days and forty nights, he was afterward hungered. And when the tempter came to him, he said, 'If thou be the Son of God, command that these stones be made bread.' But he answered and said, 'It is written, man shall not live by bread alone, but by every word that proceedeth out of the mouth of God.'"

Then the devil taketh him up into the holy city, and setteth him on a pinnacle of the temple, and saith unto him, 'If thou be the Son of God, cast thyself down: for it is written, He shall give his Angels charge concerning thee: And in their hands they shall bear thee up, lest at anytime thou dash thy foot against a stone.' Jesus saith unto him, 'It is written again, Thou shalt not tempt the Lord, thy God.'

Again the devil taketh him up unto an exceeding high mountain, and showeth him all the kingdoms of the world, and the glory of them: And saith unto him, 'All these things will I give thee, if thou wilt fall down and worship me.'

Then Jesus saith unto him, 'Get thee hence, Satan: for it is written, Thou shalt worship the Lord, thy God, and him only shalt thou serve.' Then the devil leaveth him and behold angels came and ministered unto him, Matt 4:1-11.

For this weeks writing, I would like for us to consider the words, it is written, The written word of God is one thing that cannot be changed.

Man may make oral agreements but when a written contract is made, and signed, before the proper authorities, it stands in the courts of

our land. The Bible teaches that the word of God liveth and abideth forever, 1 Peter 1:23-25.

God saith: 'My Covenant will I not break, nor alter the thing that is gone out of my lips' Psm. 89:34.

"God is not a man, that he should lie, neither the son of man that he should repent: hath he said, and shall he not do it? or hath he spoken and shall he not make it good?" Num. 23:19.

The scripture heading of this writing gives us a word picture of the temptation of Jesus, soon after he had been baptized of John, in the river Jordan.

Jesus answered each promise the devil made him, by saying it is written, Jesus knew Gods written word could not fail. That was his weapon against the devil.

The devil quoted some scripture too, as you will note. He is a wise old scamp, he knew he was tempting the Son of God. But everytime Jesus answered him by saying, it is written.

This is the Christians defence against every temptation we may have - There is an answer in Gods word, if we are doubtful about how we should meet lifes problems.

The plumb line is laid out. I would like to bring a few thoughts, found written in Gods word which have been a blessing to me, and I would like to pass them on to you: "Fret not thyself because of evil doers, neither be envious against the workers of iniquity. For they shall soon be cut down like the grass, and wither as the green herb," Psm. 37:1 and 2.

"Trust in the Lord, and do good." These are requirements for us to do - Then the promise follows: "So shall

thou dwell in the Land, and verily thou shalt be fed," Psm. 37:3.

"Delight thyself also in the Lord" Another requirement for us then, the promise: "And he shall give thee the desires of thine heart," Psm 37:4.

"Commit thy way unto the Lord, trust also in him;" And the promise follows: "And he shall bring it to pass," Psm. 37:5.

If we can learn to commit our way unto the Lord, we would not fret so much when things don't work like we planned for. Often times, what we want, is not best for us - Often times, we miss a lot of disappointment and heart ache, we may have had, if what we wanted, had materialized. Many things would smooth out, if we would commit our way unto the Lord.

These things are written, we know they are sure, and steadfast.

"Mark the perfect man, and behold, the upright, for the end of that man is peace," Psm. 37:37.

Is this not the great need in our world today?

The Lord is our strength in the time of trouble, Psm 37:39.

These are only a few of the many thousand precious promises that are written, and God will not alter the thing, which has gone out from his lips.

We can defeat the enemy of our souls, with "It is written."

The Bible says the devils believe and tremble, James 2:19.

Men may invest their money in savings, or what ever they think will profit them, but shrouds, or caskets, have no pockets in them, we leave it all behind, when we depart this life.

We will stand speechless before Gods Judgement bar, if we've failed to serve him. The greatest dividends in all the world, are the rewards of living an upright, Godly life, in this present evil world.

Remember these great truths are written - They will not fail.

ITS A FAMILY AFFAIR ... If you dropped by the home of Mr. and Mrs. Jack Lipsey, Diana and Tom, you'd probably ask the question "Who's getting married?" any time you called. The Lipsey kitchen is buzzing with activity these days since Mrs. Lipsey has begun making cakes for all occasions.

The Lipsey baking history began over a year ago when Mrs. Lipsey made novelty birthday cakes for her family and friends. Her baking interest was boosted by encouragement from Mrs. W. A. Melton of Gatesville who is synonymous with confectionary artistry in the Gatesville area. One afternoon Mrs. Lipsey answered her telephone and Mrs. Melton asked her to drop by; she was making rose buds. After a delightful afternoon of cake talk and lessons on hand making roses petal by petal, Mrs. Lipsey was hooked on cake baking and decorating.

She ordered books and catalogues to aid in her learning and visited a home bakery in Jacksboro where cakes from \$75 - \$500 are made. That particular weekend the Jacksboro baker was making five cakes. Mrs. Lipsey "soaked-up" all the information she could while she watched the bakers decorate a \$150 cake which measured 22 inches across the base tier. In baking circles a code of cooking secrecy prevails and no measurements or ingredients are passed on. According to the Gatesvilleite, a \$500 cake may have from three to five giant tiers. Her search for "tricks of the trade" continued to bakery shops in Central Texas and continues today.

Her first wedding cake was baked in January 1970 and took 30 hours to prepare, decorate and mount. She made ceramic icing flowers by hand, petal-by-petal, unique sugar bells and tiny baskets of flowers to adorn her cake. When asked about her icing and its particular qualities, Mrs. Lipsey replied "That's a secret."

Working along with Mrs. Lipsey are her husband Jack and daughter and son Diana and Tom. Diana assumes the second biggest part in the "family affair." She and Mrs. Lipsey decorate the massive cakes, Tom and Jack cut the heavy cardboard bases for the tiers.

Since June of 1969, when Mrs. Lipsey began her cake making for gifts, practice and profit, she has made 106 cakes for a host of occasions including weddings, birthdays, anniversaries and plain cakes for folks with company 'a coming. She has made cake fingers and cake squares for a score of teas for Gatesville area girls.

FINAL TOUCHES - Mrs. Lipsey and daughter Diana put the finishing touches on a beautiful three - tiered cake. The cake is mounted on a plastic tiered cake stand designed by Mrs. Lipsey and Dr. E. E. Lowrey.

EIGHT HUNDRED NINETY THIRD TANKERS REUNITE... Members of the 893rd U.S. Army Tank Destroyer Battalion reunited Saturday at a Dutch treat luncheon at the Chateau Kille Restaurant. The 893rd was the first military unit to move to camp Hood during World War II.

Following the luncheon the men and their wives enjoyed an afternoon of reminiscing about the good ole days at Hood.

MORE PEANUT BUTTER COOKIES ... I was thrilled last week to receive another peanut butter cookie recipe from Mrs. John Farrar of McGregor. Mrs. Farrar read the "glance" on peanut butter cookies from a recent column. In that item I mentioned that peanut butter cookies might well be my favorite cookies - and they are!

This particular recipe is especially easy to make and can be refrigerated for baking at a later date - even as late as a week from the preparation of the batter.

PEANUT BUTTER COOKIES

- 1 cup Crisco
- 1 cup White Sugar
- 1 cup Brown Sugar
- 2 Eggs
- 2 tbsp. Hot Water
- 1 cup Peanut Butter
- 2 1/2 cups Flour
- 1 tsp. Soda
- 1 tsp. Vanilla

Blend the Crisco and sugars. Beat in eggs, hot water and peanut butter. Combine the dry ingredients and stir into mixture. Roll into little balls and place on a cookie sheet. Press flat with fork after dipping in cold water. Bake at 375 degrees for 10 to 15 minutes.

Peanut butter cookies are favorites for the kids, too. Just perfect for those school day lunches. With the school bells about to ring the 1970-71 year in it is time for mothers to think about things such as school lunches, study supplies and of course those back-to-school fashions!

WALLS VISIT IN PANHANDLE AND SOUTHWEST ... Mr. and Mrs. Travis Wall and Mr. and Mrs. William Wall enjoyed "living" the "Texas" drama musical romance of the panhandle while on vacation in the Southwest. The melodic version of Texas history by Paul Green is staged nightly from June until late August in the famed Pioneer Amphitheater in beautiful Palo Duro Canyon State Park. The park is known throughout the United States for its rough and rugged colorful beauty, typical of the desert southwest.

The Walls also visited points of interest in New Mexico and Colorado where scenic beauty can be seen at any angle.

WHAT A DIFFERENCE AN "A" AND "M" MAKE! While "traveling" through the pages of area newspapers last week, I really got a chuckle out of Bob Miller's Full Circle column in the Hamilton Herald-News. Miller's weekly column is a must in my newspaper reading allotment. Last week Miller, editor of the top-notch Herald-News, began his column with this anecdote: "Johnny Watkins of Channel 10's 'Ten Acres' fame, probably the most popular TV personality in the Hamilton area, says that one woman who called in was upset because they were going to 'shoot the animals' at the Gatesville Centennial last weekend.

What they actually shot, of course, was the anvils, which ought to let the Centennial folks off the hook as far as the Society for Prevention of Cruelty to Animals people are concerned."

VISITS IN WASHINGTON D. C. ... Mrs. C. E. Pancake of Gatesville returned August 3, after a delightful 10 day visit with her new grandson Travis Earl Smith in Falls Church, Virginia. Travis is the son of Mr. and Mrs. Jerry M. Smith.

Mrs. Pancake was also anxious to see her other grandson, Jackie who is a bouncing 5 year-old.

Her visit was especially enjoyable since she met Mrs. C. E. Platt of Conneaut, Ohio. Mrs. Platt is Mrs. Smith's mother.

From all reports from Falls Church, a Washington D. C. suburb, the new arrival, now three-weeks old, is doing fine!

And forgive us our debts, As we also have forgiven our debtors.—(Matt. 6:12).

Unforgiving thoughts do not help anyone. Our minds are too vital and important to be influenced by any thoughts that are not constructive and helpful. Today, have only good thoughts toward others and toward ourselves. Tomorrow there will be nothing to forgive.

Two-A-Days Start Today With 72 Varsity-B'

Two-a-days started this morning for the 72 Hornet Varsity and B Team footballers in preparation for the season opener against McGregor Sept. 11.

The Hornets weighed in last week only two boys over weight and all players reportedly in good shape. Head coach Jack Moss has hopes high this season for the first playoff team since 1960.

Early practice session will begin at 7:40 and after noon sessions will start at 6:20 p.m.

The Hornet's 16 lettermen will be joined by a group of B'Teamers and first year men for an exciting combination of power speed, talent and brains and a good title shot.

Equipment was issued to the teams last week and physicals were also conducted prior to the opening of two-a-days.

The coaching staff plans to tailor the Texas Wishbone offense this year to the talents of Chris Bone, 230 pound fullback; Ronald Brown, last seasons 1200 yard rusher; and Larry Moore, a 9.8 second sprinter.

Jim Saunders and Steve Brazzal will handle signal calling. The coaches will have a hard time deciding on "who plays where" this season with 35 boys eyeing 11 positions. There will be at least eight boys working for positions in the offensive backfield.

Coaches are looking for the offensive line to average over 175 pounds. Moss said "We will weigh about the same across the front but we will be more uniform with all positions weighing the similar."

Moss is looking for a stout defensive line with a average weight of 185 pounds. The defense will have several familiar faces from last season. Moss said last week "It is to early to talk about kids with starting assignments." Everyone will be looked at and McGregor will face the toughest Hornets possible.

This years inter-squad scrimmage will be held Saturday August 22, at 7:00 p.m. in McKamie Stadium. On Thursday August 27, the Hornets will scrimmage LaVega here and on Sept. 3 the Hornets will scrimmage Cameron there.

During the summer the fieldhouse has been open to the public for weight lifting and exercise. Hornet Captains, Larry Harrington and Randy Scheonwolf, have been supervising the football hopefuls and encouraging the boys to participate in exercises.

Looking ahead to the football was the Hornets face the "3 M Company" in non-district with McGregor, Marlin and Mexia, Inc.

STRENGTH AND SPEED - Strength - Randy Scheonwolf and Speed - Larry More received their football shoes from Coach Jack Moss last week for the coming fall combat. Scheonwolf will be a two way performer on the Hornet line and Moore will hold the districts defenses at bay with his blazing speed.

The American Red Cross Swimming Instruction Training Course was recently completed by eight Coryell County swimmers. The course conducted at the Gatesville Municipal pool qualifies the graduates to be instructors in swimming programs. Smith, Don Gillette, Kenneth Dyson, Don Conner and Douglas Whigham.

Hamilton-Coryell Soil Conservation News

There is a lot of time and expense involved in the preparation of land for establishing an improved pasture. In the Hamilton-Coryell Soil and Water Conservation District this improved pasture generally consists of Coastal Bermuda grass, Klein grass, Ermelo Love, and T.A.M. wintergreen Harding grass look very promising. However, we still need more plots planted before we can tell how these grasses are going to produce on the different soils in this area.

To utilize this improved pasture to the fullest requires the best quality livestock available. The maintenance requirements of an animal at the same regardless of his quality. Any feed utilized above this goes to produce gain in the form of meat or fat. The better the quality of the feed and animal the better and faster the end product will be produced. As a rule the best quality feed available is one of these improved pastures properly fertilized and harvested.
