"MY TURN"

By Carol Ellis

THE DREADED DEADLINE draws nearer, even as you sit here reading this little column. IT IS TAX TIME! You should be sitting at the dining table with your trusty calculator in hand and with all those forms, bank statements, ledgers and receipts spread out before you.

Of course, if you don't make the Monday midnight deadline, you could dredge up some of the old excuses that the kids usually use when they fail to turn in their homework on time, such as: the dog ate it; or the baby colored all over it with his crayons and I had to start over from scratch; or my mother (wife, girlfriend, etc.) used it to start a fire in the fireplace during that last cold snap of the season.

One fellow in California was a little more creative with his excuse for being late. His letter to the IRS read: "Gentlemen, as I was getting the tax forms out of the box, I was bitten by a black-widow spider and I have been too sick since then to complete the return. I am not accusing your office of sending the spider with the forms, but let's face it; I didn't put it there."

Here's a tax tip: your cost of living index is usually established by the formula of your take home pay and then add on ten per cent. The reason your salary is called take home pay is because after taxes, Social Security, and other deductions, home is about the only place you can afford to go. The average wage-earner paid \$1541 just in Social Security last year.

Psychologists are of the opinion that a person should not keep too much to himself. The IRS is of that same opinion. In fact, the simplest way of computing your income tax would be to figure up how much you made last year, then mail in that amount. You may not know when you're well off, but the IRS does.

I think the public would be less opposed to paying their income taxes if we knew that the government was going to use a mite of common sense in doling out our hard-earned cash for such stupid studies as sending officials of the Urban Mass Transit Administration at a cost of \$68,000 to Disney World to learn Disney's secrets on how to move people and improve employee morale and performance. Or how about the over \$30 million spent to transform Washington's old Union Station train depot into a National Visitors Center, a plan which was begun in 1967 and has still not been completed.

We also give away a lot of money to foreign countries for such things as military assistance, disaster relief, etc. For instance, in 1989 we gave \$3 billion to Israel, \$2 billion to Egypt, \$627 to Pakistan and \$624 million to Turkey.

Then there is the measly little \$2,500 which was spent to study the causes of rudeness, lying and cheating on tennis courts. With this type of wasteful federal expenditures going on, it won't be long before the IRS will be asking for funds to study rudeness, lying and cheating on income tax returns.

And so we fret, grumble, worry, get indignant and cranky every year about this time when the dreaded deadline rolls around. Long lines form at post offices around the country, while our citizens reluctantly but obediently try to get those tax returns postmarked before midnight on April 15. Basically, it is because we all know the penalty for not filing at all, which is...go directly to jail, do not pass go, do not collect two hundred dollars.

Lumbrera Murder Trial Is Delayed

(Re-printed from the Lubbock Avalanche-Journal)

The trial of capital murder defendant Diana L. Lumbrera, originally scheduled to start last Monday, has been delayed until June 3, Parmer County District Attorney Johnny Actkinson said Friday.

The trial was pushed back after District Judge Jack Young of Muleshoe in March granted a continuance motion by Amarillo attorney Selden Hale.

Hale last week declined comment on his client's frame of mind. But he confirmed that the nearly two-month delay is needed for him to prepare for the trial.

"The judge said to be ready and I'm gonna try," he said. "I've tried a lot of these cases."

Ms. Lumbrera, 32, was sentenced to life in prison in Kansas in November for the May 1990 smothering death of her four-year-old son, Jose Antonio Lumbrera. She was transferred from Kansas to Farwell in late November and now is in Lubbock County Jail.

On January 21, she was arraigned for murder in connection with the February 13, 1978, suffocation death of her 2½-year-old son, Jose Lionel Garza,

Jr. A Lubbock grand jury recommended a bond of \$1 million.

The former Bovina resident also has been indicted for murder by grand juries in Parmer and Bailey Counties for the following deaths:

*Joanna Garza Lumbrera, three months, who died November 30, 1976, at Parmer County Community Hospital in Friona.

*Melissa Garza Lumbrera, three, who died October 2, 1978, in the same hospital.

*Melinda Ann Garza Lumbrera, two, who died August 17, 1982, in her Bovina home.

Ms. Lumbrera also was indicted in October for murder in connection with the October 8, 1980, death of a cousin's child, six-week-old Ericka Aleman. Ms. Lumbrera had carried the dead infant into Muleshoe Area Medical Center on that date, according to investigators.

The trial, which will be held in Farwell, could last as long as a month, Actkinson said. Jury selection could take up to two weeks, he added.

About a week before the trial is set to start, a determination will be made on which alleged murder to try Ms. Lumbrera, Actkinson said.

Because Ms. Lumbrera has not

lived in Bovina for more than five years, and is not that well known, a change of venue motion by Hale is unlikely, Actkinson said.

Actkinson has said he will seek the death penalty for her for the deaths of the four children.

Asked why Ms. Lumbrera should be tried at taxpayers' expense in Texas when she has already received a life sentence in Kansas, Actkinson said, "The one (sentence) in Kansas is on appeal. I just don't want her to go free."

Questions Answered Re: Hospital-Clinic

Phil Langston released the following this week in regard to questions about the hospital and clinic:

Several questions have been raised concerning our local Friona Medical Clinic and its relationship to the Parmer County Community Hospital.

The physical building housing the Friona Medical Clinic is owned by Parmer County Community Hospital, Inc. The current practicing physicians, Drs. Robert Alexander, Tracey Toten and Natasha Shah, lease their offices and pay rent for the use of these facilities. The hospital is incorporated as a non-profit private corporation. The clinic practice is incorporated as a proprietary business that pays taxes like other small businesses.

Due to the close proximity of the hospital services, the doctors clinic utilizes the hospital laboratory, x-ray, physical therapy, EKG and pharmacy services of Parmer

County Community Hospital. This arrangement saves the doctors clinic from having to duplicate expensive equipment, personnel and services. The hospital, meanwhile, is able to better utilize its equipment, personnel and services and generate additional income.

In the State of Texas, it is illegal for a hospital to own a clinic practice, however, a hospital can contract with doctors to provide specialized services such as emergency room coverage. Also, money can be set aside for physician recruitment which may be used to attract, start up and maintain a new physician practice. These agreements are structured so that the physicians have a definite obligation to the community to which he/she committed to.

How will the hospital district benefit the local physicians? The hospital district will enable the hospital to purchase the equipment, repair the building, and recruit the personnel needed to work with the physicians to provide quality health care services.

PLAN TO ATTEND THE PUBLIC MEETING ON THE HOSPITAL DISTRICT: TUES., APRIL 16 8 P.M.

Meetings To Discuss Hosp Vote

There will be a public meeting concerning the proposed Parmer County Hospital District in Friona on Tuesday, April 16 at 8 p.m. at the Friona Elementary School Cafeteria.

In Bovina, a public meeting is planned for April 23 at 8 p.m. in the EMS Building.

Hospital officials will be available to explain the proposed district and answer questions concerning the proposal.

Little Theatre To Present Production

Amarillo Little Theatre will present their folksy touring musical production of "Pump Boys and Dinettes" in Friona on April 26 at 7:30 p.m. in the Friona High School Auditorium.

The play is being sponsored locally by the Community Heritage Society. Advance tickets of \$5 each will go on sale next week and may be purchased from any member of this group, also at Ethridge-Spring Agency and the Friona Star. Tickets at the door will be \$6. Proceeds of the play will go toward the maintenance of the old Santa Fe Depot Building in the City Park.

The play takes place in "Grand Ole Opry Country" around the late 40s or early 50s. It centers around a group of homey rural fellows who run a filling station which is located next door to the Double Cupp Diner. The diner girls and the gas pump boys get together to produce a blend of down home humor and rowdy renditions of gritty musical numbers.

Some of the numbers included in the play are "Be Good or Be Gone," "Sister," and "The Night Dolly Parton Was Almost Mine."

Audiences in Amarillo, Dumas and other area towns have recently hosted the touring play and have pronounced it a "rousing success" and "a play that will be enjoyed by rural folks of all ages."

NEW FACILITY...W.T. Services of Hereford will hold a Grand Opening for its new facility on Friday, April 12. W.T. Services is a subsidiary of West Texas Rural Telephone Cooperative.

Angler's Corner

By M.D. McCALLUM

When it comes to the old argument of artificial lures versus live bait, you can usually find anglers on both sides of the boat that will argue vigorously for their choice. While it is true that lures work, therein lies the problem. You must "work" the lure properly to get any consistency in your catch.

On the other hand, live bait can be fished successfully by just about anyone. Most of the live bait anglers seem to prefer minnows or shad. A select few will use crawdads and insects depending on what type of fish they're seeking. While these are excellent choices, this angler's personal choice is the worm, specifically the Canadian Nightcrawler because of its large size.

The most appealing aspect of the worm is the fact that almost anything that swims will eat it. Unlike the baitfish which can be rejected because of size (too large or small), the worm is hardly ever ignored or refused.

They are fished in a variety of ways from tightlining on the bottom to bobber fishing. Light line in the six to eight pound range used with spinning gear is a good choice in tackle. The sensitivity of the spinning rod will lead to better strike detection.

A sliding weight such as a bullet or egg sinker will present less resistance to the fish. If you lean towards fixed weight, removable split-shot would be the best alternative. A sliding bobber with a bobber stop will also allow easier casting and reach depths fixed bobbbers can't even come close to.

Rig a medium spinning combo with six pound test, as small a sliding weight as possible with a barbed number 4-8 hook. Cast the worm out and allow it to sink to the bottom then lift your rod tip, reel in a few turns and let it sink to the bottom again. Repeat this process back to the shore or boat. The strike will usually come on the fall and sometimes on the bottom.

This angler has caught catfish, largemouth and smallmouth bass, white bass, walleye, sunfish of all types and of course, carp, on live worms. The next time the fishing slows down, use a live worm with the right tackle, a slow presentation and get ready to set the hook. There's no telling what you'll bring up.

Facts About The BIBLE BY JOHN LEHTI

THE PROPHETS AND POLITICS!

DURING THE YEARS OF THE DIVIDED KINGDOMS, JUDAH AND ISRAEL, THEIR DAYS OF GLORY OVER, WERE HEMMED IN BY ENEMY STATES ON ALL SIDES! THE KINGS, EACH IN HIS TURN, APPEALED TO PROPHETS FOR HELP. BEING A PROPHET IN THOSE DAYS ENTAILED MORE THAN JUST A PASSING KNOWLEDGE OF CURRENT POLITICS! WAS SYRIA AT ODDS WITH EGYPT? DID BABYLON HAVE ITS EYE ON ASSYRIAN TERRITORY? WERE THE MEDES LIKELY TO FORM ALLIANCE WITH MOAB? THESE QUESTIONS HAD TO BE WEIGHED CAREFULLY, FOR JUDAH AND ISRAEL WERE SQUEEZED BETWEEN POWERFUL STATES....

IN THE BOOKS OF THE PROPHETS, WE CAN FIND AMONGST ADMONITIONS TO THE PEOPLE TO KEEP GOD'S WAYS, MANY BITS OF ADVICE AGAINST ALLIANCES WITH COUNTRIES THAT MIGHT BRING THE WRATH OF ANOTHER POWERFUL STATE SHATTERING DOWN UPON THEIR LUCKLESS HEADS! ISAIAH, JEREMIAH, AMOS, NATHAN, ETC., ALL HAD THEIR SAY IN HOW BEST TO AVOID DESTRUCTION BY SOME ALL-POWERFUL NEIGHBOR—UNFORTUNATELY, KINGS BEING WHAT THEY WERE, THIS ADVICE WAS RARELY TAKEN!

NEXT WEEK: WHEN FAMINE CAME!

Prairie Acres Party Line

By **CAROL DELEON**
I want to start out this article by apologizing for any late comments, thank you's or sympathies. I have been out of pocket for a couple of weeks, but want to catch up as much as possible on these things.

The Story Hour youngsters from the Library came and had an Easter egg hunt. The residents really enjoyed seeing and visiting all those bright smiling faces.

We had a staff and resident Easter party, which was a big success with lots of goodies to eat and spending the time to just visit with people we see every day but don't always take the time to visit with.

We are in the process of having the residents plant individual flowers, and as soon as we can, we will start a flower bed in the front of Prairie Acres.

We have several new people, that we sure want to welcome. They are Tress Tannahill, Julia Fairchild and Salvador Gonzales. As usual, we want to invite anyone to come up and visit with them.

Thank you's this week go to: the family of Jessie McSpadden for the coffee filters and donuts; Bill Stewart for the Large Print Guidepost; Melba Burleson and Ada Gant for the Easter treats they gave to the staff and residents; Gladys Wilson for sharing more of her beautiful flowers with us; Jinx

Isn't it good to see gardeners beginning seed bed preparation and early planting? The ardent gardeners in our neighborhood include Hollis Rucker, Roy M. Miller, Troy Hutson and Cass Perkins. All of them have sizeable plots worked up and we will soon be seeing tiny plants coming through the ground.

Across the alley I can see Jake Outland's lilac bushes in full bloom. He has two colors--white and lavender. All of them are so pretty and the fragrance is like none other in the world.

My nomination for Friona's beauty spot this week goes to the flower bed in front of the home of Doris and Edward White, who live at 809 Prospect.

If you haven't see the tulips blooming there, drive by and take a look. Most of them are red and all of them are beautiful.

Looks like the three houses on the west side of North Springfield are nearing completion. I really think it takes less time to construct a new home than it did a few years ago.

Senior citizens need to remember that Tuesday will be the third one of this month. Festivities at Friendship House that day will begin about 10 a.m. or soon thereafter.

There will be a morning game session, which will be followed by a covered dish luncheon. If you are

Rita Beene spent a few fun filled days with her son, Brad, who lives in the Houston area. She flew down from Amarillo Thursday and returned home Sunday evening.

Sunday morning, she and Brad attended services at Second Baptist Church in Houston, which is one of the largest churches there.

She reported, "The congregation is so large it is necessary for them to have three services each Sunday morning. We attended the second one and there must have been between 1,000 and 1,500 persons there."

"Rev. Ed Ewing is the pastor, and special guests were Babbi Mason and her choir, which numbered about 300 people, from New Orleans," Rita continued.

Rita and Brad also took a trip to Conroe and other adjacent places on Saturday. "The spring flowers were spectacular," Rita said, then added, "There were bluebonnets and azaleas blooming profusely everywhere we went."

Several months ago, two of Ann and Jiggs Kelley's daughters and sons-in-law planned an Easter mini get-together in Las Vegas, Nevada.

Thursday morning, Jiggs came in and suggested to Ann that since they would be observing their 45th wedding anniversary they should go out and join the fun.

Ann immediately put aside her quilting needle and started packing. They spent the first night at Williams, Arizona, where they saw a lot of snow.

They were met in Las Vegas by Audrey and Vince Rowell of Tracy, California, and Tammi and Harvey Lafuente of Lubbock.

These three couples spent several days seeing the bright lights and attending some shows. They also toured a chocolate factory.

The Kelleys returned home Tuesday. Ann said, "That was the

strangest Easter vacation I have ever had."

The highlight of the weekend was a steak dinner hosted by the Lafuentes and Rowells.

Out-of-town guests in the home of Mr. and Mrs. Frank Truitt early this week were Mr. and Mrs. Paul Tyler.

The couple has been living in the Washington, D.C. area several years and were in the process of moving to Albuquerque.

Mrs. Tyler, the former Wynell Baxter, is the daughter of Marylou Truitt Baxter of Coalgate, Oklahoma and the late Charley Baxter. She grew up in Clovis.

Easter weekend visitors in the home of Jack Clark were Mr. and Mrs. Joe Connally and sons, James, John and Jason, of Midland, Texas. Mrs. Connally is the former Janice Clark.

Lloyd and Betty Louise Rector are home after spending several months in Sunny South Texas. Enroute home from Zapata, where they generally spend the winter months, they visited their downstate part of their family.

Their youngest son, Roy Don, and his wife, Sherri Jo, and children, Tara and Ty, live in Austin. While Lloyd and Betty Louise were in the Capital City, she presented her musical saw program to two different groups of school children, who were in the same classes with her grandchildren.

Then, while they were visiting in the home of Sheri and Ricky Keaton and daughters, Christy, Natasha and D'wan, Betty Louise played for classmates of Christy and Natasha.

Leta Tannahill and Gertrude Renner returned home early this week after spending a couple of weeks at the Tannahill lake home near Kingsland, Texas.

Easter Sunday, they hosted a family get-together. Both of

Leta's sons, Johnny Tannahill of Friona and Eugene Tannahill of Lockney, Texas, and members of their families attended.

Leta said, "We had kith and kin coming from every direction. In addition to children and grandchildren, we had nieces, nephews and cousins."

She continued, "We had a real fine time. Think there were 28 of us there for Easter dinner."

Geneva Williams, who had been a medical patient at St. Anthony's Hospital in Amarillo two weeks, returned home Monday.

One of her sisters, Frances Baze of Dallas, came home with her. Another out-of-town sister, Betty Young of Levelland, Texas, has also been here.

Frances reported Geneva's condition as "somewhat improved," Wednesday morning.

Capitalism and Humanitarianism Can Be Compatible

One trademark of our capitalistic system is its immeasurable contribution not only to the economy but also to

our quality of life.

Take, for example, the story of Nathan Straus. One of four children, Nathan immigrated with his family to this country in 1854. After a series of business misfortunes, the Strauses moved to New York City, where Nathan's father opened L. Straus and Sons, importers of fine European china and glassware.

Nathan joined the family business in 1866. At that time Straus leased the glassware departments from R.H. Macy and Co. By 1898 the Strauses owned Macy's.

Nathan Straus introduced such retail innovations as the layaway plan, bargain sales and odd pricing, for example, \$4.95 instead of \$5. Macy's also provided customer restrooms and emergency medical care. By 1902, Nathan Straus' advanced merchandising and concern for customers made Macy's the largest store in New York City.

This is not, however, Nathan Straus' most important legacy. According to "American Heritage," Straus worked relentlessly to alleviate misery among the poor.

In the winter of 1892-93, "he provided 1.5 million buckets of coal to the poor." The following year, he established shelters and supplied more than 2 million tickets for coal, food and lodging.

Ensuring a safe milk supply was also among Straus' many philanthropic achievements.

When pasteurization of milk proved effective in reducing infant mortality, Straus immediately set up milk stations in poor areas to give away pasteurized milk. In 1891, 24 per cent of babies born in New York City died before age 1, but of the 20,111 children fed on pasteurized milk supplied by Nathan Straus over a four-year period, only six died.

At his own expense, Straus established 297 milk stations in 36 cities. In a period of 25 years, more than 14 million glasses and bottles of safe milk were dispensed. Although Straus had to fight milk producers and government bureaucrats, and was even arrested for "adulterating" milk, he persisted in his work.

It was not until 1914 that New York City finally adopted mandatory pasteurization of milk. It is estimated that the efforts of Nathan Straus "directly saved the lives of 445,800 children."

Straus, a capitalist and a humanitarian, proved that the terms are compatible. "American Heritage" said it best: "The next time you hear the laugh of a child or look into a little face shining with health, remember Nathan Straus, a saint who was, as it happens, a businessman."
