BOOSTERS WILL TAKE REUNION TIDINGS TO NEIGHBORING TOWNS

Rev. J. Vardaman To Hold Meet at Clairette Church

REV. JERRY VARDAMAN

Roline Chaney, pastor of the Baptist Church at Clairette announces that the annual summer revival is scheduled between July 24 and July 31.

Rev. Jerry Vardaman, Director of the Baptist Student Center at Tarleton State College, Stephenville, is engaged for the services. He will preach both morning and evening services. Morning services are at 10:00 a. m. and evening services are at 8:00 p. m.

This will be Rev. Vardaman's last week in this area. He is to assume his new duties as instructor of Old Testament and Biblical Introduction at Southwestern Baptist Theological Seminary, beginning August 1.

People of this area have a cordial invitation to attend these services.

Two Local Women Serving on Petit Jury This Week

Three women were summoned last week to serve on the petit jury for the week beginning July 18. All criminal cases have been set for that time and the ladies were the first to serve on a District Court jury. The only other case on which a woman served as a juror was tried in the Justice of the Peace, Mrs. Maxine Thompson of Hamilton was the juror.

The three summoned to report Monday were Mrs. R. B. Jackson, of Hico, Mrs. P. A. Hayes Jr., of Hamilton, and Mrs. H. E. Davis of Hico.

Below is the full list of jurors as listed by District Clerk C. E. Edmiston:

Entertainment and Greetings Slated At Various Stops

A caravan of local boosters will leave City Hall next Wednesday morning, July 27, at 7:30 o'clock to carry tidings and invitations to attend Hico's 69th Annual Reunion, dates for which have been set for August 3, 4, 5, and 6.

Weldon Pierce, Reunion manager, urges that as many as possible join the caravan on its trip which will appear at neighboring towns approximately according to the following schedule:

- Leave 7:30 a. m.
- Clairette 7:45
- Dublin 8:15
- Comanche 8:45
- De Leon 9:00
- Stephenville 9:45
- Granbury 10:45
- Glen Rose 12:00 (Lunch)
- Walnut Springs 12:45
- Iredell 1:30
- Meridian 2:00
- Cranfills Gap 2:30
- Hamilton 3:15
- Carlton 4:15
- Back to Hico 5:00

Pierce plans to carry along a group of entertainers, and lively acts will be staged at each stop.

The program is shaping up well Pierce said Tuesday, calling attention to the traditional parade on the first day, Wednesday, August 3, in which everyone is invited to place an entry.

"This parade is not a one-man's affair," Pierce stated. "Everyone has to get in on it to make it really worthwhile." The parade time will be at 6:00 p. m. this year. No entry fee or registration is required, he further explained, saying, "Just be on time."

The line will form at the customary place two blocks north of City Hall. Hico School Band will lead the parade of floats and cars, which will wind its way through the downtown section and go on to the Reunion grounds and exhibit booths. Pierce also urged that anyone who has a horse he would like to ride in the parade is cordially invited to join in the line-up.

PRIZES TOTALS \$140.00.

Prizes for this year's parade has been upped to \$140.00 this year, to be awarded in the various divisions. Prizes will be as follows:

- Decorated Float, First, \$65.00
- Decorated Float, Second, \$25.00
- Decorated Float, Third, \$10.00
- Best Decorated Car, \$15.00
- Best Comic, \$10.00
- Best Horse & Rider, \$10.00
- Best Bicycle, \$5.00

Programs listed for the four nights are as follows: First night, band concerts, with Hico, Dublin, and De Leon bands participating.

Second night, Quartet singing. Quartets will appear from Dublin, Hamilton and Hico.

Third night will be for the square dancers.

The fourth night will be the traditional Old Fiddlers Contest.

Pierce stated that other entertainment was being lined up and would be announced later.

Plans are also being made for rental and decoration of the exhibit booths in the livestock building at the Reunion grounds, which has been a popular attraction the past two years. Most of the booths have been sold, according to information received this week.

Prizes, which have been valued at more than \$2,500.00 will be given away free the final night of the reunion. These prizes are being furnished by various merchants and wholesalers. Drawings will be held at 10 p. m. Saturday night, August 6.

Further announcements will be contained in the big 4-page circular to be distributed on the booster trip and in next week's issue of the paper. Anyone desiring representation in this message, who has not already been contacted, would confer a favor on the Reunion manager and the printers by telephoning 132 to signify approval.

RUMMAGE AND BAKE SALE WILL BE HELD SATURDAY

A Rummage and Bake Sale will be held Saturday, July 23, at Loudermilk Jewelry, sponsored by the WSCS of the Methodist Church.

L. J. Chaney And W. R. Hampton Attend Firemen's School

Two members of Hico Volunteer Fire Department were among the 1250 firemen from all over Texas who attended the 26th Annual Texas Firemen's Training School at A. & M. last week. W. R. Hampton and L. J. Chaney were Hico's representatives.

The school was under the direction of Col. H. R. Brayton, chief of firemen training for Texas Engineering Extension Service.

All firemen were assigned to basic, advanced, fire marshal's, industrial fire protection, firemen's instructors or armed forces courses and were drilled on 10 different subjects.

They spent at least three hours on each subject of the course, but such subjects as rescue were six-hour sessions. The A&M school offers practical training under actual fire conditions.

An immediate benefit of the school is a saving of more than two million dollars in fire insurance ratings by receiving credit from the state Fire Insurance Commission for sending fire department members to the school.

The Firemen's Training School is conducted by the T.E.E.S., under the auspices of the State Firemen and Fire Marshal's Association, in cooperation with the Trade and Industrial Department of the Texas Education Agency.

Membership Drive Planned by Scouts

Meeting last Thursday night at Scout House, the local troop of Boy Scouts planned a membership drive. The boys set their goal for 20 members.

All members near Hico, eleven years of age or older, who are Boy Scouts, have been Scouts, or who are interested in becoming Scouts, are urged to attend Scout meeting each Thursday night at 7:00 at Scout House. All Explorers, (boys 14 years of age or older) are also urged to meet with the group.

A short meeting was held last Thursday night. Boys attending were Douglas Kilcrease, James Jordan, Pat and Mike Lackey and Alan Hedges.

The boys practiced pitching pup tents at this meeting. Games will be played after every meeting.

ALAN HEDGES, Scribe.

CITY COUNCIL LOWERS SUMMER WATER RATES

Water users in Hico's residential section will get a break on their bills during August and September.

A 10 per cent discount for the two months was granted by members of the City Council at a meeting Monday night.

The aldermen also allowed a \$75 increase per month for the general expense account of City Water Supt. W. R. Hampton.

Hico Future Farmers Plan Exhibit at Reunion

The Hico Future Farmers and their advisor, Harold D. Walker, met Friday night at City Park for a watermelon feast. The boys also made plans for an educational exhibit at the livestock pavilion at the park during the annual Old Settlers Reunion, to be held Aug. 3-6.

The chapter, whose membership now numbers 45, will send two delegates to the State PFA Convention in Houston Wednesday through Friday.

Hico and Granbury Are Winners In First Play-Off Games

By LEON LEWIS

Well, the first game of the play-off is now water under the bridge, with Joe Stasey and his Bombers starting off true to form, as he has in past play-off games. He had Dublin to a count of 3 and 0 when fate intervened and rain stopped the game in the 7th inning. Though it is legally called a ball game as the umpire in chief declared the field too wet to resume play, and in this case if a game has gone five innings its declared a ball game.

Granbury defeated Iredell 3 to 2 in a 10-inning game.

Both games were played before large crowds. Chas. Stasey pitched for Hico, K. P. Pendleton for Dublin, Andrews for Granbury and Smith for Iredell.

Don't forget next Sunday, it is Granbury at Iredell and Dublin at Hico. Back these boys. See them play at Hico Sunday at 2:30, and at Iredell at 2:30.

Methodist Pastor Will Attend Meeting In Bloomington, Ind.

A full delegation will attend the Town and Country Meeting of the Methodist Church which meets in Bloomington, Indiana, July 22-25 at the University of Indiana.

Those who will attend from the Gatesville District are Morgan Garrett, pastor of the First Methodist Church in Hico, Roy L. Crawford, pastor at Crawford, J. W. Sellers, pastor at Ireland-Purnella, and Dr. C. C. Sessions, District Superintendent.

Thousands of Methodist leaders will gather from all over the nation for this Convocation that meets every four years in the interest of the rural and small town church. Inspiration, instruction and better work plans for our rural and small town churches will be high on the agenda, according to Dr. Sessions.

L. S. Chandler Resigns as Hico Elementary Principal

L. S. Chandler resigned this week as principal of Hico Elementary School. Mr. and Mrs. Chandler and their two daughters, Royce Jenne and Stephanie, who have lived in Hico the past six years will move to Breckenridge the middle of August.

Mrs. Chandler taught the fifth grade in elementary school. She has accepted a position with Breckenridge elementary school to teach the fourth grade.

Second Salk Shot Due Soon, No Danger Seen In Vaccine

Dr. H. V. Hedges has been advised that the Salk polio vaccine will be available at once, possibly this Saturday, for the second shot for pupils of the first and second grades, who were inoculated at the beginning of the program. If the vaccine is available Saturday the Hico children will probably receive their second shots next Tuesday.

In order that they may know how much vaccine will be required, parents who wish for their children to receive the second shot of vaccine are asked to contact their school superintendent, O. C. Cook. Mr. Cook will try to contact all parents but in the event he misses someone please notify him.

The vaccine to be furnished for this second shot has been inspected and passed by the government medical authorities in order to be sure there is not a repetition of the cases which occurred in a couple of states using vaccine containing live germs.

The vaccine to be used is made by the Eli Lilly Co., as was the vaccine for the first shots received here.

Bill Cain, a pupil of the Hico school, who was given the Salk serum when the school children were given the first shot, contracted polio recently while on a visit in San Angelo. It was not caused by the vaccine, Dr. Hedges said, because it was contracted too long after the shot was given. However, the doctor points out that the child has a very light case, no bulbar type and no resulting paralysis. It is his opinion that if he had not been given the serum, the child might have had a severe case resulting in a badly crippled body or even death. As a result of the effects in this case Dr. Hedges says the people of Hico are one hundred per cent for the second shot being administered.

Lions Will Meet Next Thursday Instead Of Wednesday

Meeting in regular session Wednesday noon, members of Hico Lions Club voted to meet next Thursday instead of the regular meeting day. The change came about due to the Reunion Booster trip scheduled for next Wednesday.

Lion President Knudson reported that only two booths remained to be sold at this time, and that prospects had been lined up for them.

For entertainment at this meeting, the group were shown a film on the 1954 World Series, made available through Kal Segrist.

Attendance of Farmers & Ranchers Is Being Urged

A flood prevention and water conservation program for the Upper Bosque Watershed will be discussed at a meeting of residents of Hico, farmers and ranchers of the immediate vicinity at 8 p. m. Tuesday, July 26, at Firemen's Hall.

Date of the meeting was set by the sponsors, Chamber of Commerce members, at a luncheon meeting Friday noon at Keller's Cafe. The meeting will be one of a series to be held in towns and communities in the watershed area.

A report on the first of the meetings, held in Clairette last Wednesday night, was given by Odis Petsick.

Representatives of the Soil Conservation Service at Stephenville will be present to explain details and benefits of the program to the farmers, ranchers and interested persons in this area.

All farmers and their wives are especially invited to the Hico meeting Tuesday, as representatives will be selected at this time to serve on a steering committee.

At the Clairette meeting last week Marion Porter of the SCS pointed out that the Upper Bosque Watershed project is one of 80 such programs which were sent to Washington for approval. Porter stated that he believed the local program's chances of receiving priority over some already approved were good because of the extensive damage caused by the Bosque flood in May.

Chamber president D. E. Bullock has received word that Mayor Henry Clark of Stephenville and several other persons from that city would be present at the Hico meeting. Clark is head of the Watershed program.

Fairy Baptist Church Will Hold Revival Beginning July 22

The Rev. Paul G. Smith, pastor of the Gladewater Baptist Church, Mt. Pleasant, will lead the evangelistic services at the Fairy Baptist Church revival meeting which will begin July 22, and last until July 31. Frank Griffiths will conduct the choir and congregational singing.

Beginning July 25, there will be two services daily at 10 a. m. and 8:15 p. m. The public is cordially invited to attend as many of these services as possible.

It Happened Here or Near

By E. E. DAWSON

Uncle Dick Regent was an old-time plainsman. He had been on the cattle trails, and gravitated west and wound up in Utah and became a Mormon—so the legend went. But he returned to Ellis County in the latter half of the former century and farmed and reared a family. His market was Waxahachie and he also got much of his supplies from that city.

Now Chambers Creek runs from the northwest corner of the county to the southwest and drains a lot of the country. It runs through black-waxy land and has cut deep steep banks. Fords have always been few and far between. Pioneers had to build bridges to get across the stream. One of those pioneer bridges was just east of Italy and like most things, got rickety and was condemned. But folks still used it, for they had to get to market and had to have supplies.

Once in the late eighties, or early nineties, Uncle Dick took a load of products to market and loaded up on supplies and got back to the Chambers Creek bridge. One of the items Uncle Dick purchased that day was a little brown jug that held a gallon and it was filled with red liquor of the variety Uncle Dick fancied.

The jug sat on the seat beside him, and may have been occasionally used during the homeward journey. He came to Chambers Creek bridge and his team took it in stride, and when about midway the whole structure fell, carrying Uncle Dick and the wagon and team to the creek bed below, some thirty feet. The team was critically injured, the wagon almost demolished, the supplies well scattered on the creek bed, Uncle Dick stove up pretty badly, but as the bridge toppled, Uncle Dick hugged the little brown jug close and no injury came to it and its contents.

A company of pioneers lately from east of the Mississippi River, formed a wagon train west from San Antonio in 1835, while our present Texas was Mexican territory. The families who made up the company had secured some sort of grant of land. They moved west about eighty miles and found the ideal place for their colony on the Sabinal River, twenty miles north of the present town of Sabinal, a wonderful valley in

S. T. MAY

S. T. May was born to the late Mr. and Mrs. John D. May near Moody on Oct. 5, 1866, and passed away at his home in Gorman on July 13, being 88 years, 9 months and 8 days of age.

He was married to Miss Ida Turner in 1887. To this union were born five daughters and four sons.

Funeral services were held at the Cozman Funeral Chapel with Minister Leroy Cowan of the Church of Christ officiating, and members of the church choir rendering the following numbers, "Farther Along," "Precious Memories" and "I'll Meet You in the Morning." Burial was in the Gorman Cemetery. Six grandsons served as pallbearers. The floral offering was very beautiful, bearing tribute to his memory.

The May family had resided at Gorman for the past 24 years. They resided for a number of years between De Leon and Dublin, and also near Moody, prior to moving to Gorman.

Mr. May is survived by his wife, four daughters and three sons, namely Mrs. Minnie Dixon of Moody, Mrs. Letta Chandler, De Leon, Mrs. Myrtle Sawyer, New London, and Mrs. Ola Walker, Gorman, John and Koen May, Fort Worth and Odus May of Dublin. He is also survived by a number of grandchildren and great-grandchildren, one brother, Lee May of Lorraine, and two sisters, Mrs. Laura Nelson of Moody and Mrs. Annie Newman of near Hico, and a great number of nieces and nephews, who mourn his passing.

He was preceded in death by one son, Roy, and one daughter, Mrs. Alma Jones.

Mr. May had united with the Church of Christ some 60 years ago. He had been seriously ill for more than a year, having suffered two strokes during this period of illness. We extend deepest sympathy to all who are bereaved in his passing.

Gran Willford and Leon Springer spent a while Monday afternoon and night on the river fishing.

The writer was in Gorman last Thursday where we attended the funeral of our uncle, Tommie May, and visited in the May home. We met a number of relatives whom we had not seen in fifty years or more. Others from here who visited in the May home were Mrs.

PRINCESS' CHOICE . . . London papers report Britain's Princess Margaret, 24, will be married this fall to RAF Capt. Peter Townsend, 40, despite his divorced status.

E. M. Hoover and mother, Mrs. Annie Newman of near Hico.

Mr. and Mrs. J. E. Blakley moved back to their recently remodeled residence Wednesday of last week. They have been residing at the former Livingston place in the Lanham community, while their residence was under reconstruction.

Mr. and Mrs. Leon Springer, Randy, Van and Gayla of Crane came in Sunday evening for a few days visit with Mr. and Mrs. Carl Ray Sellers and family and Mrs. Grady Anderson. They came down to look after business interests at his farm here.

The writer visited a while Sunday afternoon in the home of our daughter, Mr. and Mrs. D. E. Allison and Darrel, at Dublin.

While in Gorman last Thursday we learned from our uncle, Lee May of Lorenzo that he has a daughter and husband, Mr. and Mrs. D. D. Myers living on the old Weldon Pierce place near Hico. They have been residing there the past two years. We plan to pay them a visit in the near future.

Mrs. Grady Anderson visited from Tuesday until Saturday of last week with Mr. and Mrs. Hoyt Walker and son Jimmie, of Johnson City. The Walker family formerly resided near Fairy and were neighbors of Mrs. Anderson. We are sorry to report Uncle Bob Parks ill at this writing. However, we have had a report that he is somewhat improved.

Mr. L. V. Houser reports that about 25 acres of his maize crop was badly damaged by wind Sunday afternoon. He resides on the S. S. Vaughn place in the Agee community south of Fairy.

The writer was a business visitor in Hamilton Saturday morning and while there we went by the rest home for a short visit with Mrs. Minnie McCarty, but finding her asleep we did not disturb her, but were informed by a nurse that she is now doing much better and the rash from which she has suffered for several months seems to be under control of attending physicians, and is thought she will soon be fully recovered.

We received a letter today (Tuesday) from Mrs. Margaret Jones of 3852 College Ave., Culver City, Calif. She was wanting to know what had become of all of her friends here and at Hico, as she had not heard from any of them in so long. Seems there has been a mix-up in her address somehow, so some have been writing her but receiving no reply. So we were indeed glad to see that air mail letter in our box and know she was still alive. She has been sick for 6 months with arthritis and shingles. So we hope all of her friends who see this will sit right down and write her a few lines. Some have stated their letters were returned so we feel there was some mistake in the address.

Mrs. W. E. Goyne and Lynda visited last Friday in Austin in the A. V. Maroney home.

Mr. and Mrs. Texie Dell Allison of Fort Worth are spending a portion of their vacation with their parents, Mr. and Mrs. Edd Allison and Mr. and Mrs. Garlon Streater and sons of the Lanham community.

We still have threatening weather at this writing. Seems it has rained all around us. Some of the farmers think a rain at this time would do more harm than good, but would surely be fine on grasslands.

No doubt most people have heard of the "Status of Forces Treaty." Article 7 of this Treaty makes American troops stationed in countries belonging to the North Atlantic Treaty Organization subject to criminal laws of the country where the troops are based.

apply to any foreign military personnel which may be in this country. Although there are few of military status in the United States, our criminal laws would apply to them should they commit an offense.

The Department of Agriculture has announced a more liberalized loan program. In areas designated by the Secretary of Agriculture, loans will be made for reseeding and the establishment of grasslands and other approved conservation and land-use practices.

By the time this is published, we will likely know more about the meeting "at the summit" in Geneva, Switzerland.

Regardless of all the smiles and new honeyed words of the Russians, there is nothing to erase the words of a high-ranking Communist made twenty-four years ago. Dmitry C. Manuilsky, speaking to the Lenin School of Political Warfare, had this to say: "War to the hilt between Communism and Capitalism is inevitable."

These words were spoken twenty-four years ago in Moscow.

YOU and Social Security NOTICE OF VISIT Young people also have a stake in Social Security, according to Joe Clepp, Field Representative of the Waco District Office.

Thirteen Steps to Alcoholism

(Continued from last week.)

7. You begin to drink alone. Not long after you start drinking in the morning you find that you really prefer drinking alone at any time of the day. "Solitary drinking" only applies if you prefer not to share with anyone else the pleasure alcohol gives you.

8. You get "antisocial" when you drink. Solitary drinking is antisocial in that it shuts you off from the society you belong in.

9. You start going on benders. Now begins the acute stage of your "compulsive drinking."

10. You know deep remorse—and deep resentment. Having proved yourself a no-good, a drunkard, a failure as a man, you are bound to have sober moments when you feel deep remorse.

11. You feel deep, nameless anxiety. Now the steps to emotional and spiritual bankruptcy are coming faster and closer together.

12. You realize drinking has you hooked. The day comes when, for the first time, you admit to yourself that you can't handle liquor.

13. You get help or you go under. If you have reached Step 12, you face the ultimate choice: get outside help or give up.

action, you accept the final, humiliating fact. By now you are a shambling, haggard, twitching shell. You have thrown away love, respect, friendship. Lost job, home, future. Your one solace, the bottle, has proved false.

Important thought to keep in mind:

There's no need to worry about stalling in hot-weather traffic; no need to worry about balky, hot-engine starting! Just fill up at your Gulf station with New Super-Refined Gulf NO-NOX—the gasoline that's made with evaporation control to prevent vapor-lock. And always protect your engine with New Gulf-pride H.D. Select, the motor oil that controls carbon.

New Gulf No-Nox Gasoline delivers not just the highest octane but

full working octane

because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX.

NO GASOLINE, no matter how high the octane, will let your engine deliver full power performance—mile after mile—unless it burns clean.
That's why it pays to always use new NO-NOX. Gulf NO-NOX is the clean-burning fuel that gives you full working octane day in, day out. In addition, you get...

- more complete engine protection
- extra gas mileage in short-trip, stop-and-go driving
- freedom from vapor-lock, engine stalling and stalling
- no knock, no pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team...New Gulf No-Nox Gasoline and **New Gulfpride H.D. Select Motor Oil**

The only motor oil super-refined by the Alchlor Process for modern high-compression engines.
• Controls carbon
• Combats corrosive acids, rust and deposits

• Assures lower oil consumption
• Provides the toughest protective film ever developed in a motor oil
Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30.

Low-Cost Fertilizer for Texas Farmers

Texas farmers may soon be growing crops on tired, over-worked soil by using a revolutionary new fertilizer. If the formula proves successful, it could be produced 80 per cent cheaper than present commercial fertilizers. Now in experimental stages, the fertilizer is said to be unique in its ability to extract nitrogen from the air and place it in the soil. This would enrich soil vitally, since all crops with the exception of legumes extract nitrogen, essential to plant growth, from the soil. Much of our land has become practically barren through a vicious cycle of planting and replanting of nitrogen-draining crops. Resultant deficient crops then pass on the nitrogen deficiency to animals and humans consuming the plants. The actual formula contains no nitrogen itself. It extracts nitrogen from the air by use of a chemical compound which includes cobalt, a tough, metallic element similar to nickel. The fertilizer is spread over the ground where fertilizer is needed. From there the chemical action begins which attracts...

SHOWERS AND RAIN SLOW SUMMER CATTLE RUNS

The smallest Monday offerings of cattle and sheep since early in the year appeared at Fort Worth this week, with less than 40 per cent of the normal numbers of cattle and calves on hand. The reason was some good showers and good rains in many parts of the territory. The situation enabled salesmen to press for and get better prices on all cattle and sheep.

Cows, slaughter calves and most stockers were 50 cents higher and many calves tacked on 50 cents to \$1 per hundred advances. Fat cattle also sold better, and two loads of steers topped at \$23.25, the best price in about 90 days here for the class. Bulls were stronger.

Comparative prices showed: Slaughter steers and yearlings \$10.00-23.25; slaughter cows \$6.50-12.50; bulls \$10.00-14.50; slaughter calves \$9.00-19.00; stocker steer calves \$19.00-20.50; stocker steer yearlings \$14.00-19.50; replacement cows \$12.00 down.

Feeder Calf Sales Dates Are Set For Fall

The Texas Aberdeen-Angus Association has announced a Fall feeder calf show and sale to be held at the Fort Worth market for September 9. Their sale of July 8 was highly successful with 978 calves sold for an average of over \$102 per head. Gross was \$99,812.44.

The Texas Hereford Association announced two Fall feeder calf shows and sales to be held at Fort Worth. First one will be September 16. The second will be October 21.

Their first sale was an outstanding success with 1,670 calves sold for a gross of \$153,628.72. Nearly \$92 average. Market observers reported the reason for the higher average on Angus calves was due to the improved...

well above that. Old bucks \$3 to \$4. Old wethers \$7 to \$10.50.

Wool & Mohair Industry To Be Honored by WTCC

Jimmie Lovell and his good wife visited our Fort Worth office Monday and he tells me that the West Texas Chamber of Commerce publication "West Texas Today" will honor the wool and mohair industry of Texas soon with a special edition of the magazine. We're looking forward to it. Few people realize what tremendous income wool and mohair provide for the state, along with the revenue from sheep and goats sold for slaughter.

Interesting Feature Will Appear Next Week on TV Program

When Clint Harbers came back to Texas following World War II, he had no money, no job, a sick father, the responsibility of five younger brothers and sisters and \$4,000 in hospital bills to pay.

Mr. Harbers talked a banker into financing a worn out farm. Then Harbers rebuilt the soil. In turn, the soil has repaid him for his efforts by producing bumper crops. Today, Harbers is worth more than \$100,000, he's sent three of his brothers and sisters through college, set up a college trust fund for his youngest brother, and has no debts.

Clint Harbers' story will be featured next week on the Humble Company's TV program, Texas in Review.

Other features on the same program will be the DeKalb Jam-boree and the 10th annual Texas Junior Amateur Golf Tournament at Abilene.

Monday, July 25, the program appears on KRID-TV, Dallas, at 6:30 p. m.

On Tuesday, July 26, Texas in Review can be seen on KCEN-TV, Temple, at 7:30 p. m.

The compounder of the formula, chemist P. W. Mader, says he discovered the fertilizer through accident when an overdose of cobalt and barium, a non volatile element, got mixed into another formula. A small amount of this mixture was spilled on a glass and within 72 hours nitrogen crystals had formed. The chemist explained his formula works somewhat on the reverse principle of the nitrogen bomb. All research on the project is being done in Texas, where experimental stations are being set up in the Panhandle, the Rio Grande Valley, near Houston and in Central Texas.

market in the interval between them and that fewer small calves and plain kinds were entered among the blacks.

Top Hereford feeder calves scored \$24 and \$24.25 and top Angus calves scored \$24 to \$25.

Hog Prices Stagger as Big Runs, Heat Hurt Trade.

Offering of hogs around the country continues to be much heavier than normal for the season and added pressure on prices was noted at the start this week. Top hogs ranged all the way from \$17.25 up to \$18, with \$17.50 the most popular price at Fort Worth Monday.

Less desirable butchers sold from \$16 to \$17. Sows sold mostly from \$10 to \$15, some weights of 600 pounds and up sold around \$8 to \$10.

New Swine Regulations Announced by Government.

Hogs that have ever been fed raw garbage will be subject to strict regulation in interstate shipment after the first of the year. Meat from raw garbage fed hogs also will be limited in movement.

Duval Davidson told this writer today that 38 states now have laws on the books requiring garbage fed to swine to be cooked. Texas has such a law.

However, the Legislature adjourned without providing extra funds to enforce the law. The same thing happened two years ago.

Lambs & Yearlings Sell Better, Lambs \$1 Higher

Slaughter Spring lambs were 50 cents to \$1 higher at Fort Worth, and more lenient sorting considered some med. and lower grades were \$2 above the low close of last week. Choice lambs sold readily at \$17 to \$18, with a top load from Sanderson weighing 84 lbs. at \$20 per hundred. Feeders sold around \$13.50 down. Old crop yearlings lambs drew \$8 to \$14. Old ewes \$4 to \$5, some breeders \$5 to \$9 and younger ewes quoted...

IT HAPPENED—
(Continued from Page 1)

the northeast corner of Uvalde County, and close to the corners of Bandera and Real counties.

In 1835 it was just Texas, the counties being located and named many years later. I have spent some time in that wonderful valley and believe the name Utopia comes very near being entirely appropriate. Some of the old cedar-long houses are still to be found in the community.

Among the families that made the settlement was the Dodson family. It was some time in the sixties that a dozen-year-old boy was captured by the Comanche Indians on one of their raids to the region. His family was slain at the same time.

The Indians took him west across the Nueces and Devil's river and into Mexico. There the Yaqui Indians held him two years prisoner and a slave, having traded with the Comanches for him. He said that the war party moved pretty fast so as to get away from pursuing Texans, and did not halt long enough to cook any sort of food. On the Nueces they killed a cow and cut it open and ate just two items: the liver and the mar-gut—if you know what that means. I have never found a butcher who could tell me just what the mar-gut is. Well, the Dodson boy could not stomach raw beef, especially the two items offered him. He almost starved. But on the Devil's river they killed another cow and repeated the same performance. This time the boy tried to eat lest he starve. It gagged him, but he ate some of it. Later, he said, he came to like raw liver and found it very nutritious.

After two years, he escaped, crossed the Rio Grande just below Del Rio and found a white man's settlement. The man kept him hidden some days and then took the boy back to Utopia to his old home.

The boy grew to manhood and became a Congregational preacher and ministered to the pioneer communities in all that region of Southwest Texas. He was quite old when I had contact with him during the thirties, but he was full of vim and always smiling and he and I jointly devoured a lot of chickens during that week as we visited in the same homes and I held a revival and he did much splendid praying. He seemed to know how to get in touch with the Lord.
