HICO, TEXAS AUGUST 5, 1935.

NUMBER 13.

By E. V. M.

It's Reunion time again in Hico, and we, along with other residents of our little city, join in welcoming the many old-timers and visitors to this, the 69th version of such a celebration.

Sixty-nine years is a long time for such an institution—and that's what it has become—to stay alive. It has taken a lot of hard work on the part of many, and even then it sometime seemed as though it might die.

The annual affair means a great deal to Hico, and this department hopes that it will continue to thrive as it has in the past.

Anyway, whoever you are, or wherever you might be from, we sincerely hope you enjoy your visit and will come back again and again.

While we're on the subject of the Reunion, the management would like to express their thanks to the merchants and individuals for their cooperation in the preparation of the circulars for the booster trip last week. Had we not received such interest from all concerned, more than likely Bette and myself would have had to work from early morn until late at night.

Anyway we made it without burning too much midnight oil, and for this we are indeed grateful.

We were very much surprised and disappointed at the number present last Tuesday for the meeting of the Upper Bosque Watershed Association in Hico. A lot of effort was put forth by members of the Texas Highway Department at Stephenville, to come down and explain the functions and benefits of the association.

This is perhaps the most important project ever undertaken in this immediate area, and it is our opinion that every man, woman and child should give their whole-hearted support of same. It won't be easy—and it won't fall into our hands without work. Even if it takes 3 or 5 or even 10 years to get the program started, it will be worth every hour and dollar that it takes to carry out the program.

Instead of the farmers and residents who live on or close to the Bosque River of forever fearing the floods that are bound to come, they can sit back, relax, plant their crops, or even build their homes on the very edges of the river and not have to worry about being washed away.

It's a worthwhile program, and the people of this area should certainly lend a hand and give whatever support they can.

Another important issue which will face the property owners of Hamilton County in the near future is the election calling for a county hospital to be built at Hamilton.

The Commissioners Court has been petitioned and now it's only a matter of a few weeks until every qualified voter should go to the polls and cast their vote for or against the proposal.

It is now up to the people whether or not they want their taxes raised to build an institution which more than likely they will never use, and which will forever be a burden on the county and the taxpayers.

Anyway, everyone will have a chance to vote pro or con, and we hope the outcome is for the best.

This department has been questioned time and again on what stand it would take concerning the proposed county hospital issue.

In case anyone is in doubt about our views, let it be known here and now that we are against the issue. It isn't a selfish move or a "grudge" against our neighbors. We simply believe that an institution such as the one proposed would hurt the county.

Drought conditions and trying times for the past four years have taken their toll throughout the county, and it is our humble opinion that this is not the proper time to present such an issue.

And now you know.

Reunion In Full Swing; Huge Crowds Attending

Council Votes to Lower City Taxes at Monday Meeting

At the regular Council meeting held Aug. 1, 1935, Mayor J. B. Ogle stated that after careful consideration he was asking that the tax rate of \$1.50 per \$100.00 valuation be reduced to \$1.30. General discussion followed. Upon motion and second the council granted his request.

The \$1.50 tax rate was established in 1937 and with the exception of the year 1939, under the administration of L. N. Lane, when it was \$1.40, it has been \$1.50.

Fairy FM Road Is Scheduled Under New Road Program

The Texas Highway Commission has taken the first step to inaugurate a new two-year Farm-to-Market Road Program for Texas. E. H. Thornton, Jr., Chairman of the Texas Highway Commission stated that the funds for this program are being derived from the fund established by Senate Bill 287, 51st Legislature.

Thomas C. Collier, District Engineer of the Texas Highway Department at Waco, has stated that the following farm-to-market roads in Hamilton County are scheduled for work under this program:

1. From F.M. 218 at Indian Gap north to Comanche County Line—approximately 4.2 miles in length—grading, structures, base and surfacing.

2. From F.M. 1602 at Fairy east to End Proposed F.M. 215—approximately 3.2 miles in length—grading, structures, base and surfacing.

Mr. Collier stated that this year the Commission has authorized the development of some area roads which will serve the dual purpose of service to the adjacent land as well as aiding in the development of the entire area of the State.

It was announced that work will begin on these projects just as soon as final planning is completed and right of way secured. Resident Engineer Bruce R. Morton will be in charge of the work in this area.

THOMAS HUGHES WILL ATTEND TARLETON

Stephenville, Aug. 2.—Thomas Hughes, son of Mr. and Mrs. Ollie Hughes of Hico, has been awarded a scholarship to Tarleton State College.

Hughes was selected upon the recommendation of the Tarleton Faculty Scholarship Committee and approved by President E. J. Howell.

He will enter Tarleton in September.

It Happened Here or Near

By E. E. DAWSON

Are we making progress? There be those who say that we are not. They think the world is going to the devil. Well, it's a free country and such folks are entitled to their opinions.

I walked into the Chaney Service Station the other day and observed on the windshield of a car being serviced, a sticker that had been put on it in Manitoba, that large central province of Canada. Standing beside the car was a genial looking fellow who could be the driver. I noted that the license plate on the rear bumper bore the legend "Manitoba" and some letters pasted on the bumper with reflective tape had the name "Flin Flon." There was also a streamer across the bumper that indicated the occupants of the car had been in attendance upon the Jehovah's Witnesses

meeting that had just closed at Dallas.

I introduced myself to the driver as we shook hands. "And my name," he said, "is Anderson. I am from Flin Flon, a mining town in Manitoba." He then explained that following the Dallas meeting he and his family were on a tour of Texas and meant to go into Mexico for a visit. He introduced his wife, a comely matron who might easily pass for a local housewife in so far as appearances were concerned. Anderson spoke the same sort of English that we are accustomed to. He was in a car that is common to this area. So far as looks and dress and speech were concerned one could not tell the difference between the trio and folks of our town.

I entertained no suspicions of

Approximate past tax valuations were \$997,400.00. Present valuation rendition is \$1,006,900.00.

The City Council also voted an extension of approximately 1800 feet of 6-inch water line and three fire plugs on Cedar St. A contract for around 10,000 feet of seal-coating and 12,000 feet of new paving with Douglas and Nichols Construction Co. of Waco, has been signed and work will begin Aug. 20.

Hico has less than \$1,000.00 delinquent taxes on the 1934 roll and enjoys the enviable distinction of having had no delinquent and unpaid water bills for the past 13 years.

Mrs. J. R. McMillan has been tax assessor-collector and general collector since 1940.

W. R. Hampton, water supt., has worked in the water department since 1949.

Granbury Takes Lead In Bosque Valley League Play-Offs

By LEON LEWIS

Well, Granbury won the third game of the best three out of five games Sunday over Ireddell in a thirteen-inning game. The score was 14 to 13. This game was tied a number of times. Ireddell came into the 9th inning with a three-run lead, but Granbury came back in the bottom of the ninth to tie them. It went scoreless until the bottom of the 13th when Granbury came in with the run that won the game.

The Hico and Dublin game was not played due to funeral services for Billy Joe Stacey wife's grandfather.

Next Sunday finds Granbury at Ireddell and this could be the final game between these clubs should Granbury win. Dublin goes to Hico for the third game of their series. Go see these games. Mix with the crowds. You will enjoy them.

ERATH COUNTY SINGING CONVENTION

The Erath County Singing Convention will be held in the Court House in Stephenville on Sunday, August 7, at 2 p.m.

Everyone has a cordial invitation to attend.

Wednesday Parade Draws Many Visitors

The streets of Hico were lined with thousands of people Wednesday afternoon for the annual parade which officially opened the 69th Old Settlers Reunion. Rain, which started falling shortly before parade time, dampened some of the participants, but in no way did it dampen the people's spirit.

Despite some confusion, the parade went off well with a large number of entries.

Following the parade most of the people made their way to City Park for visiting and entertainment. Wednesday's program consisted of a band concert by the Shriner Band of Waco.

Parade prize winners were announced late Wednesday afternoon as follows:

Best Decorated Float: First, \$65, Hico Garden Club; Second, Hico Frozen Food Lockers, and Third, B. and R. Dept. Store.

Best Decorated Car: Howard Drug Co.

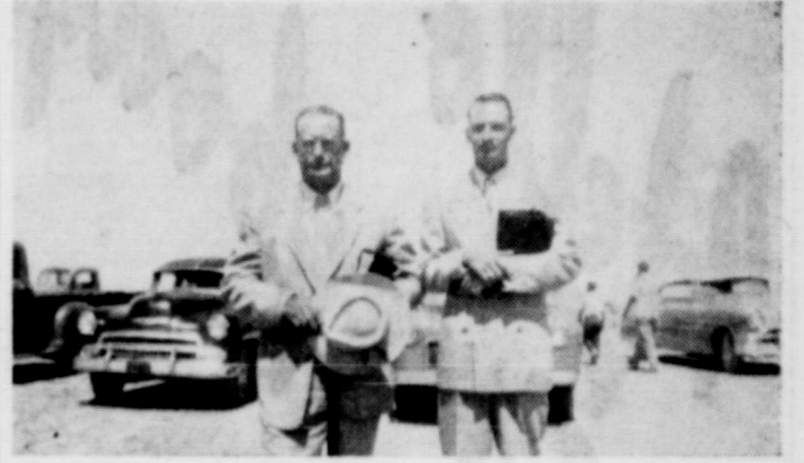

Best Comic: Mr. and Mrs. Donald Hefner and their 1916 Model T Ford.

Best Horse and Rider: Cay Ana Harbin of Dublin.

Best Bicycle: Barbara Randal. On tap for Thursday night's program was music by the "Country Rhythm Boys" of De Leon, and also quartet singing. Friday night is the night for square dancers, with neighboring towns invited.

The traditional Old Fiddlers Contest, and also appearing will be the "Leon Valley Boys," another string band from De Leon. This is the group that gave the Reunion such a boost by making the booster trip last week.

Also Saturday night, drawings will be held at 10 p.m. for the thousands of dollars worth of free merchandise to be given away by local merchants. This drawing has become an annual affair and attracts a lot of interest from both local people and visitors.

FATHER AND SON—An unusual aspect of the Summer Revival which will start at Plainview Church tonight, Friday, is that services are being conducted by a father and son who are both ministers. Rev. C. W. Johnson is pastor of the church, and he will be assisted by his son, Rev. W. B. Johnson of Woodrow, Texas. The younger Rev. Johnson is the oldest in length of service as a minister, and he preached his father's ordination sermon. The church extends a cordial invitation to everyone to attend these services, which will continue through Sunday, August 14.

Hospital Softball Defeats Glen Rose Tuesday Night

The Hico Hospital Hotshots won a 19-8 softball victory over the Glen Rose Fancy Pants Tuesday night in Glen Rose. The Hotshots had won a previous game two weeks ago over the Fancy Pants in Hico by a 14-12 score.

The line-up for the Hotshots was: Roberson, catcher; Little, pitcher; Blue, 1st base; Duncan, 2nd base; Needham, 3rd base; Strong, right short; Patterson, left short; Morrison, right field; Self, centerfield and Wootton, left field. Lucky substituted for Morrison in the fifth inning.

The Hico Ramblers lost to the Glen Rose Bloomer Girls in the second game of the double-header at Glen Rose last week.

The Ramblers will play the Glen Rose Fancy Pants here Tuesday night, August 9, at 8 p.m.

Everyone is welcome to see the games.

Mr. and Mrs. Baker Announce Purchase Of Polar Bear

Mr. and Mrs. H. R. Baker announce this week the purchase of the Polar Bear, formerly owned and operated by Mr. and Mrs. Leland Johnson for the past three years. They have renamed the business Baker's Polar Bear.

Mr. and Mrs. Baker moved here last week from Morgan. They have four children, Gene 19, Louise, 14, who is a sophomore in high school, Wayne 4 and John 2. They are making their home at Russells apartments.

Mr. Baker was engaged in the ranching business at Morgan and he and Mrs. Baker were very active in civic activities. He was a member of the Morgan school board, and Mrs. Baker was active in the local P-T.A.

The Bakers stated that everyone in Hico has been so friendly and nice and made them feel right at home.

They will feature delicious malts, milk shakes, soft cream, sandwiches, hamburgers, and delicious drinks.

Mr. and Mrs. Johnson will continue to live in Hico.

Local Banker Named Honorary Director of Heart O' Texas Fair

Waco, Aug. 4.—Sixty-two Texans have been named honorary directors of the Heart O' Texas Fair, October 1-7, President Russell A. Cox announces.

Among them are United States Senators Lyndon B. Johnson and Price Daniel, Congressman W. R. Poage, Dr. W. R. White, President of Baylor University, and State Commissioner of Agriculture John C. White.

Odus Petsick, president of First National Bank of Hico, was also named to the honorary group.

TREATED FOR SNAKE BITE

Mrs. Emmitt Anderson is a patient at Hico Hospital where she is being treated for a rattlesnake bite on her right leg.

She was bitten by the snake Tuesday in a field on the Anderson farm on Route 3 Hico. Reports Thursday morning were she was recovering very nicely.

'Littlest' Lodge in Texas

Chalk Mountain Masons Operate on Small Budget

Annual operating cost: "One rick of wood, one gallon of kerosene."

Such is the officially recorded yearly requirement for Chalk Mountain Masonic Lodge No. 894, the smallest lodge in Texas with a membership of 14 located at Chalk Mountain, population 30, in the southeastern corner of Erath County.

And the largest lodge in Texas, Fort Worth's Tarrant Masonic Lodge No. 942, recently installed new officers for the tiny organization in its ancient, windowless, frame lodge room high up on the mountain for which the village is named.

Kerosene lamps illuminated the

primitive interior of the one-room, 20x30-foot building, and a pot-bellied stove stood by for winter months. Until a heap was recently attached, a big rock was the single door's only fastening for decades.

Presiding as installing officer for the eight principals of Chalk Mountain Lodge was Spencer Kemplin, worshipful master of Tarrant No. 942, assisted by W. C. Shook, a past master, as marshal.

Taking office were Robert Worrell, worshipful master; Roy Underwood and Kenneth Trimble, wardens; G. E. Cosby, treasurer; John Anderson, secretary; J. R. Skiles and Gurly Hall, deacons, and William Anderson, tiler.—Fort Worth Star Telegram.

To All People Interested In The Upkeep Of Our Cemetery

To maintain our cemetery and keep it as it should be kept and as we want to keep it requires the full time and services of one man. To do this requires an expenditure of not less than \$1,000.00 each year.

The Hico Cemetery Association is endeavoring to maintain our cemetery but the income from investments and other sources is not sufficient. Outside income has dropped off so that the situation is alarming.

To continue this work will require each and every one interested to contribute toward its maintenance. Your contribution may be made monthly or in any other manner you may desire, to Miss Mae Phillips.

The Hico Cemetery Association is a corporation fully authorized to continue for all time and is managed by a Board of Directors, its present Board consisting of J. P. Rodgers, Jr., President; W. M. Horsley, Secretary, and D. F. McCarty.

Our investments consist of legacies made by good citizens of our community. These legacies are placed in our permanent fund and the principal may not be used for maintenance purposes — only the income may be used. The permanent fund is invested in high grade Municipal and Federal Bonds.

HELP US MAINTAIN OUR CEMETERY — YOUR CEMETERY — by making as liberal a contribution as possible.

FAIRY

By Mrs. Eunice Massengale

Dry hot weather is again our weather report for this week. A light shower fell through this vicinity Monday afternoon, but not sufficient to help, only to cool things off for a while.

W. E. Cunningham returned home a few days ago from Fort Worth, where he underwent surgery at Harris Hospital for a nerve ailment on the right side of his face and head, on Saturday morning, July 16. He remained in the hospital until the following Wednesday and was taken to the home of his daughter, Mr. and Mrs. Walter Prinz and family, and also visited in the home of another daughter, Mr. and Mrs. Garland Arrant, also of Fort Worth. The operation was a very delicate operation, since an incision had to be made in the skull to tie off the injured nerve. But the operation appears to be quite successful and W. E. states he has had no return of the pain, from which he had been suffering for more than a year. The scar of some three inches in length, has almost completely healed and will be hard to detect in a short time. We know his friends will be glad to hear of his recovery and we are sorry we didn't learn of his hospitalization in time to inform those who would have liked to have sent him messages of cheer and get well wishes.

The Methodist Vacation Bible School will begin next Monday, August 8 and continue through Friday, August 12. The hour of meeting will be from 8 to 10:30 a.m. All children to sixteen years of age have a cordial invitation to attend. The commencement exercise will be held on Friday night of the closing day. The public is invited to attend.

Mrs. Cassie Burger, who is making her home at present with her father, Mr. J. H. Whitlock, is in Albuquerque, N. M. She has been suffering with asthma for some time and thought the change of climate might bring relief. We feel sure she is missed by her many friends here and all hope she will soon be much improved and able to return and be with us again.

The writer, accompanied by our sister and granddaughter, Mrs. Gladys Cox and Cheryl Kay Price, who is visiting in the home of her grandparents, were shopping in Stephenville Tuesday afternoon of last week and returned by way of Dublin where we visited with our daughter and niece, Mrs. D. E. Allison.

Mr. and Mrs. Dewey Sellers visited a while Thursday morning in the home of his brother, Mr. and Mrs. Carl Ray Sellers and family.

Mr. and Mrs. Walter Reeves of Fort Worth visited last Friday in the home of her aunt, Mr. and Mrs. Benn Cunningham. Mrs. Reeves is the former Miss Montie Ogle of Fairy. Other guests in the home to be with Mrs. Reeves and husband were Mrs. Wilford Pitts, daughter of the Cunninghams, and her daughter, Mrs. Clyde Watson and little daughter Cathey, all of Hamilton and Mr. and Mrs. Mont Young of Hico.

The writer and sister, Mrs. Gladys Cox visited a while last Thursday night in the home of our cousin, Mr. and Mrs. D. D. Myers of near Hico.

We are glad to report that Herman Sills has part of the cemetery burned off and is working every available opportunity he can and we do appreciate his efforts to help us out with services at this time. We hope those interested in the Fairy Cemetery will continue to send in your donations. They are always appreciated by the committee, serving in this capacity.

The writer and daughter, Mrs. Carl Ray Sellers, Carolyn and Jimmie Don spent last Saturday in Dublin visiting in the home of our daughter and sister, Mr. and Mrs. D. E. Allison and Darrel. Other guests were the Allison's daughter and husband, Mr. and Mrs. Wayne Pittman. The occasion was in honor of Jimmie Don's seventh birthday, which was Sunday, July 31, but was held on Saturday since his aunt, Mrs. Raymond Jones was giving him a birthday dinner on Sunday. He received a number of nice and useful gifts.

We received a letter recently from our sister, Mrs. Myrtle Enger of Brady telling of the arrival of her first great-grandchild, an eight and one-half pound son, born to Mr. and Mrs. Robert Rountree on July 22 at the Brady Hospital. Mrs. Rountree is the daughter of Mr. and Mrs. Lester Smith, also of Brady. The baby is the Smith's first grandchild and has been christened Ronnie Lee. Mrs. Rountree's husband is in the service and stationed out of the state at this time.

Mrs. Brittle Little visited from Thursday until Friday in the home of her brother, Mr. and Mrs. Sid Dickerson of near Hico. Her brother, Walter Dickerson of Atlanta, Ga., was also visiting in the home.

Mrs. W. E. Goynes and daughter Lynda visited Monday in Fort

Worth with their daughter and sister, Wilma Grace.

Fred Ray Noland has returned to Macon, Ga., where he is stationed with the Air Force, after a furlough with his parents, Mr. and Mrs. Marvin Noland and other relatives.

Don Dansbee, who is in the Marine Corps, has been spending a furlough with his parents, Mr. and Mrs. Ottis Dansbee and children, Patsy, Connie and Larry.

Sidney Sowell, son of Mr. and Mrs. L. D. Sowell Jr. is now employed by the Santa Fe Railroad in Albuquerque, N. M.

The writer attended singing Sunday afternoon at Providence Baptist Church in the Pecan community near Hamilton.

Mr. and Mrs. Edwin Seilheimer and family of Fort Worth visited Sunday in the home of her parents, Mr. and Mrs. Edd Allison. They were returning home after a visit at Hamilton with his father and other relatives. Mr. Seilheimer has a sister in the Comanche hospital who is critically ill of a heart ailment, whom they also visited.

We just learned since arriving at Fairy that Mrs. Emmett Anderson was bitten early this morning (Tuesday) on her right leg by a rattlesnake. She and her husband were down in the field and Mr. Anderson stated they were about thirty steps from the car. He immediately placed a tourniquet above the wound and drove by the Audie Clark home and got Miss Shirley Clark to drive them to the Hico Hospital, where she is receiving treatment. Mr. Anderson stated the snake appeared to be pretty good size, but they were so excited they didn't take time to try to kill it. Mr. Anderson is giving treatment himself after arriving at the hospital. We certainly hope she will soon be fully in very poor health and had to be recovered.

Mr. and Mrs. W. E. Goynes and Lynda spent Sunday at the homecoming at Purves. They report a fine barbecue lunch with all the trimmings and a good time.

Miss Joan Sills, who is attending Southern College of Commerce at Fort Worth spent the week end with her parents, Mr. and Mrs. Herman Sills.

Mrs. Chester Wood, Nelda, Ronnie and Charles spent last week in Ballinger visiting her mother and sister, Mrs. C. H. Midgley and Ann. Mr. Wood and Harlon went after them Saturday and they all spent Saturday night and Sunday in Winters visiting Mr. Wood's sister, Mr. and Mrs. A. L. Roper

and family and Mr. and Mrs. T. C. Stanley and Betty.

We are glad to inform the public that Parks Store was reopened Wednesday. Although he is unable to carry a complete stock at this time, we do urge you to supply your needs as much as possible until the stock is more complete. It will be remembered that the store was destroyed by fire recently, and the stucco produce building has been redecorated and shelving ar-

rangements made to take care of the new stock of merchandise. We appreciate the efforts of the Parks to serve the community and hope all will show their appreciation likewise.

Mr. and Mrs. George Stringer and family of Jal, N. M. spent the week end with her parents, Mr. and Mrs. Edd Allison.

**New TV Station
 Will Go On Air
 Aug. 10 With Test**

With the installation of the transmitting equipment rapidly nearing completion, KFJZ-TV, Fort Worth, plans to put their Test Pattern on the air August 10th. They will use power of 210,000 watts and a 1074-foot tower, on Channel 11.

As most viewers know, a test pattern is one of lines and circles with the station call letters that enables one to adjust a set to its finest tuning point. In addition to this it gives the engineering staff an opportunity of also adjusting the transmitting equipment.

With the test pattern on the air for several weeks prior to the regular telecast date, Joe Haigh, KFJZ-TV Chief Engineer, says it will enable them to thoroughly check the quality of reception in all parts of KFJZ-TV's coverage area which extends approximately

NOTICE OF VISIT

If you want a social security card—either a duplicate or your first one—save time by getting an application form at your local Post Office. If you write a letter to the Social Security Office, they will have to send you a form, according to Joe Clepp, Field Representative of the Waco District Office of the Social Security Administration.

Write today for a free booklet explaining Old-Age and Survivors Insurance benefits, or see a representative of the Waco Office, who will be in Hamilton at the County Courtroom between the hours of 9:00 a. m. and noon on Wednesday, August 10. He will be glad to answer questions regarding social security.

65 miles in all directions from Fort Worth.

Through this preliminary work, viewers can be assured that when KFJZ-TV goes on the air in September they will be getting the very best quality possible for the greatest enjoyment. KFJZ would be interested in hearing from viewers of this area and in knowing just how the test pattern is being received on their sets.

Beginning August 10th, the KFJZ test pattern will be on the air each day, except for brief periods while adjustments are being made if necessary, to bring the transmitter picture to its peak quality.

**Lyndon Johnson
 Thanks Friends
 Pulling for Him**

Senator Lyndon B. Johnson, preparing to leave Bethesda Naval Hospital for two or three week's rest at his home in Washington before returning to Texas, wants the people of Texas to know he is grateful for all they have done to start him on the road to full recovery from the heart attack he suffered July 2.

Mrs. Johnson, fondly known as Lady Bird to multiplied thousands of Texans, said her husband declared he has a fuller appreciation than ever before of how fortunate he is in his friends.

"During those first difficult hours immediately after he suffered the attack, messages started pouring in," Mrs. Johnson said. "They were encouraging, heart-warming messages of confidence and hope, and they gave Lyndon strength when he needed it most."

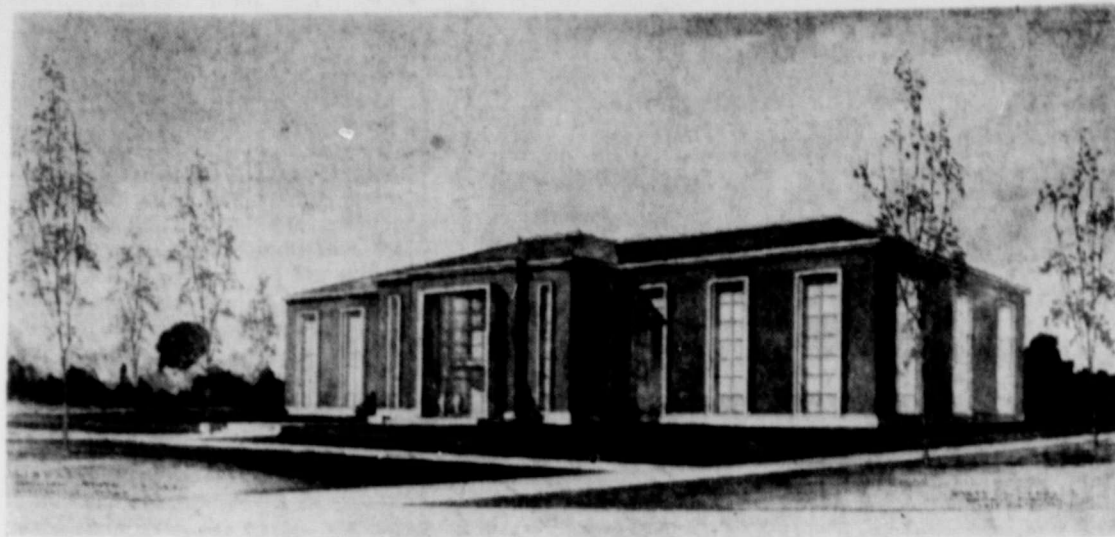

Mrs. Johnson estimated that some 5,000 letters, telegrams and "Get Well" cards have been received by the Senator since he was stricken. A great many of them carried the information that their senders were praying for him. They came from people in all walks of life—from the President of the United States and from a 12-year-old boy in East Texas—from farmers and housewives and working men and business executives and members of Sunday School classes.

"Nothing else has helped Lyndon so much as the knowledge that so many people are pulling for him," Mrs. Johnson declared.

Senator and Mrs. Johnson hope to return to their ranch in Gillespie County by September 1, where the Senator will rest and relax between now and the opening of the next session of Congress in January.

 Mrs. Lucile Mayfield

The Busy Bee Club met Thursday afternoon with Mrs. Ana Marshall.

Mrs. Lucile Mayfield and son Mitchell visited Wednesday in the home of Mr. and Mrs. C. W. Roberson and Mr. and Mrs. E. T. Salmon of Stephenville, and visited her brother, Charlie, who was ill in the Stephenville Hospital.

Mr. and Mrs. Lee Marshall were in Stephenville Wednesday shopping, and Mr. Marshall attended the cattle sale.

Some from here attended the meeting Tuesday of the Upper Bosque Watershed, at Hico. Mr. and Mrs. John Gollightly of this community were selected to serve on the steering committee.

Mrs. John Gollightly is attending the THDA meeting at Hotel Texas in Fort Worth this week.

Neil Williams has been in the Dublin Hospital the past week. People from Hico and Stephenville attended the Baptist Revival the past week.

The farmers are busy harvesting hay over the community, and are thankful to have it to harvest, as it is the first in about 4 years. Many from here will attend the 69th Annual Hico Reunion this week to see and visit with friends and relatives that they never see except at reunion time.

**Plans for Proposed
 \$400,000 Library at
 Tarleton Approved**

Stephenville, Aug. 2.—Preliminary plans for construction of a proposed \$400,000 library building at Tarleton State College have been approved by the building committee of the Texas A & M College Board of Directors, Pres. E. J. Howell announced recently.

It is anticipated that bids will be received in September with these bids being reported to the board at its meeting on Sept. 30. College officials expressed the belief that if the bids are satisfactory and meet with the approval of the directors, work on the library may start about the middle of October.

The proposed library will be located where the present Military Property Warehouse is situated,

just east of the Dean of Men's home. The warehouse will be moved north of Agriculture Building.

MISS MARGO JOY PARTAIN

Margo Joy Partain, Ray Battershell, Will Marry Sunday

Mr. and Mrs. J. D. Partain have announced the engagement of their daughter, Margo Joy, to A3c Thomas Ray Battershell, currently serving with the U. S. Air Force and stationed at Kirkland AFB in Albuquerque, N. Mex. He is the son of Mrs. S. F. Battershell of Hico.

The bride-elect will be a senior at Hico High School next year. Mr. Battershell was a 1954 graduate of Hico High School.

The wedding date has been set for Sunday afternoon, Aug. 7, at First Baptist Church in Hico.

Recent visitors in the home of Mr. and Mrs. J. O. Pollard were Mr. and Mrs. C. F. Harvey and Dallas, Mrs. J. O. Pollard and son Dee of Lubbock, Mr. and Mrs. Norris Henry and daughter of Nacogdoches.

Miss Partain Is Honored With Shower Tuesday

A bridal shower was given Tuesday afternoon, August 2, in the home of Mrs. Weldon Pierce and her daughter, Miss Bonnie Pierce, honoring Miss Margo Partain, bride-elect of Ray Battershell.

Assisting hostesses were Mrs. Harold D. Walker, Mrs. W. J. Risenhoover, Mrs. R. B. McClure, Mr. J. B. Wooton, Mrs. W. C. Howard, Mrs. Arthur Burden, Mrs. Wallace Edwards, Mrs. Ray Stipe, Mrs. Richmond Herrington and Mrs. Moody Smith.

Miss Bonnie Pierce greeted the guests at the door and presented them to the honoree, her mother, Mrs. J. D. Partain, the honoree's grandmothers, Mrs. O. L. Stone of Stephenville and Mrs. W. D. Partain, and the prospective bridegroom's mother, Mrs. S. F. Battershell.

Miss Judy Holladay and Miss Jane Lamar presided at the guest book. Mrs. W. C. Howard and Mrs. Harold D. Walker assisted in the gift room.

The tea table was laid with an imported lace cloth and appointed with crystal. The centerpiece was fashioned of a large taper encircled with white tube roses and pom-pom chrysanthemums. At the side of the centerpiece was an open white Bible topped with a miniature bride's bouquet of white tube roses and white pom-pom chrysanthemums festooned with white satin streamers. Miss Georgia Holladay, Miss Karon Higginbotham and Miss June Lamar alternated at the punch service.

Fifty guests registered during the appointed hour.

FORMER RESIDENT VISITS

H. C. "Homer" Duncan of Crowell visited in Hico this week in the home of his nephew and family, Mr. and Mrs. Buster Duncan. Mr. Duncan also dropped by the NR office to get acquainted with the new management. In looking through our subscription files we find that Mr. Duncan first subscribed to the News Review in July 1932, and we hope we can continue publishing a paper that will keep him with us for 23 more years.

HOME FROM EASTERN TRIP

Miss Margaret Parks returned home Tuesday from a trip that took her through nine states. She accompanied her aunt and uncle, Mr. and Mrs. L. M. Parks of Houston on her trip to the Eastern states.

They visited Washington, D. C., Williamsburg, Va., various points of interest in Tennessee, and the historical homes of past presidents, including Mount Vernon, the Hermitage and Monticello.

KNUDSONS ENTERTAIN

Mr. and Mrs. M. I. Knudson entertained six couples at a supper and bridge party at their home last Wednesday evening.

ATTEND HOMECOMING

Mr. and Mrs. R. M. Hanshaw and her brother, H. D. Haight and wife attended a family homecoming of the Haight family at Cisco Sunday.

GUESTS FROM CALIFORNIA

Mrs. R. E. Moffitt and son Robin of Torrance, Calif., are visiting here with her sister, Mrs. T. A. Randals and Mr. Randals.

VACATION ON COAST

Mr. and Mrs. Raymond Lowe, Joyce and Mike vacationed last week at Galveston. They returned home Sunday.

Miss May and Miss Ruth Phillips spent Sunday in Corsicana visiting in the home of relatives.

Mrs. Rex Jones of Manchester, Okla., and her mother, Mrs. L. W. Fine of Carlton visited Mrs. O. O. Pollard last Wednesday.

Mrs. Mary Gilson and children of Little River are visiting this week with Mr. and Mrs. O. W. Hefner and other relatives.

Mr. and Mrs. Frank Mingus were in Dallas Friday shopping for fall merchandise for Beas Mingus Dress Shop.

Mrs. Mollie Harvey spent last week in Hamilton in the home of Mr. and Mrs. Newt Harvey and family.

W. T. Rodgers accompanied Mr. and Mrs. J. W. Kauffman of Fort Worth to Austin last week end and attended a family reunion.

Mr. and Mrs. J. R. Bobo visited in Fort Worth on Thursday of last week with their sons, Mr. and Mrs. James R. Bobo and Russell Wayne, and LeRoy Bobo, also in Dallas with their daughter, Mr. and Mrs. Leon Ladyman and Karen.

The summer camp for Home Demonstration Club women of Hamilton and Bosque Counties will be held August 10 and 11 at the YMCA Camp east of Valley Mills. Registration begins at 10:00 a.m. on the 10. A full schedule is being planned by committees of club women, so a good time for fun and relaxation is expected. You will need to take the following things: scissors, a one pound coffee can with lid, one clean five quart oil can, a broom stick, a small can such as a flat pineapple can, bedding, swim suit and other personal articles you might need.

Thinking of doing some painting, papering, or refurbishing this summer? If so, choose colors for a reason—to get the special effects that you may want and at the same time provide a comfortable, pleasant background for everyday living. A good way to begin is by analyzing the room. Its use, shape and exposure will determine colors best suited. Decide how you want the room to look. Will it be light and gay, restful or dramatic? Do you want it to be predominately warm or cool? A good color plan has few colors, usually no more than two or three—in different values and intensities. The best color schemes grow from a dark color, a light color and a bright color. Black, white, and gray are not considered colors, but are often used to give a needed accent of light and dark. Choose your favorite color if you do not need to consider the color or colors of furnishings which you must keep. Or select a picture or print which has your chosen colors and plan your scheme from that. Good proportion of the different colors is important. This means that your color scheme will be definitely dark or light and that either warm or cool colors will predominate. Proportions of 60 per cent of area for one color, 30 per cent for a second color and 10 per cent for accent, insure good proportion. When you place the colors in a room, choose the color for the largest areas first—floor covering, walls and large upholstered pieces. In most cases these should be your most livable colors, or colors that are grayed in intensity. Next choose colors for small upholstery and the window treatment. This treatment may be a blend of the room colors, or match or contrast with the walls. Lastly, choose your colors for accessories and small areas—pillows, lamps, ash trays, etc. Usually this accent color is the brightest color.

Choose sandwiches for picnic meals and easy summer living. They can be so very versatile—they may be stay-at-homes, go traveling, into the lunch box, or they may grace a tea table. Try making sandwiches with frozen bread, if they are not to be eaten immediately. Bread is easier to spread when frozen than when very soft and crumbly. The chill from the frozen slices put together in closely wrapped sandwiches keeps the filling fresh—even lettuce will keep crisp for several hours. Why not try this the next time you pack a lunch box. Here are some suggested fillings to try in your next sandwiches. Roquefort-Egg Sandwich—Combine one 3-ounce package of cream cheese, and 1 tablespoon of milk until soft. Add 2 tablespoons Roquefort or blue cheese, one-fourth teaspoon salt, and 2 hard-boiled eggs, chopped. Blend well. Then give one cup or filling for sandwiches.

Honey-Sweet Peanut Butter

Sunday guests with Miss Ruby Rodgers were Mr. and Mrs. Bill Campbell and son David of Dallas, Ollie Campbell and Ada Hardin of Fort Worth.

Mrs. Van Sampson and children of Houston and Mrs. Joe Villamez and children of Liberty were guests this week in the home of Mr. and Mrs. Roy Seal.

Mr. and Mrs. J. G. Eisen of Hamilton are the parents of a boy, Johnny Glenn, who arrived July 28 at Hico Hospital.

Miss Betty Shook, who is attending summer school at TSCW, Denton, spent last week end at home with her parents, Mr. and Mrs. S. R. Shook and Frances.

Week-end guests in the home of Mr. and Mrs. Boyd McClure and children were Mr. and Mrs. Bill Hawkins and Mary Escue of Temple.

Mrs. Robert Roberts and sons of San Angelo visited from Sunday until Tuesday of this week in the homes of Mr. and Mrs. Erce Hendricks and Mr. and Mrs. R. B. McClure.

Mrs. Jessie Edwards returned home Monday from an extended visit with friends and relatives in Fort Worth and Arlington.

Sandwiches: Blend one-half cup peanut butter, one-fourth cup honey, and 2 teaspoons shredded orange rind until smooth. Add one-half cup chopped banana and mix lightly until blended. Spread between bread which has been lightly buttered. Place lettuce leaf in each sandwich. Makes 6 sandwiches.

For bite-size members this Cucumber-Cream Cheese Sandwich is very good. Combine one-half cup chopped cucumber, one-eighth teaspoon celery seed, one-fourth teaspoon dill seed, one-fourth teaspoon salt, and 2 3-ounce packages cream cheese. Makes 1 and one-third cups.

Mr. and Mrs. James R. Bobo and Russell Wayne visited recently with his parents, Mr. and Mrs. J. R. Bobo upon their return from Endicott, N. Y., where James was graduated with top honors from IBM training school. They moved to Fort Worth last Tuesday where they will make their home, and where James will be employed with IBM, Corp. They formerly lived in San Antonio.

Mrs. and Mrs. Ellis Holmun of Brownwood visited Mrs. Effie McCulstian over the week end.

COMPLETES COURSE IN AUDITING

Harold Prater, son of Mr. and Mrs. J. C. Prater, arrived in Fort Worth by plane Friday from Washington, D. C., where he completed a three-week course of training with the Army Auditing Dept.

He is employed at Fort Sam Houston at San Antonio.

Mrs. Eugene Forsythe and children, Robert and Jane, of Groesbeck are visiting Mr. and Mrs. J. E. Carmean this week.

A fiery clash of temperaments punctuates the romance between Tyrone Power and Susan Hayward who portray a determined empire-builder and a hot-tempered Irish girl who pursues him into the Zulu-held wilds of South Africa in Twentieth Century-Fox's "Untamed," a Cinemascope production in De Luxe color, which will show at the Hico Theatre Tuesday, Wednesday and Thursday.

Important thought to keep in mind:

When it's safe to pass, make sure you've got the gasoline that lets you enjoy full working octane performance. Stop in at your Gulf station and ask the man for New Super-Refined Gulf NO-NOX. And make sure your engine is protected with New Gulfpride H.D. Select, the motor oil that controls carbon.

New Gulf No-Nox Gasoline delivers not just the highest octane but

full working octane

because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new clean-burning Gulf NO-NOX.

- more complete engine protection
- extra gas mileage in short-trip, stop-and-go driving
- freedom from vapor-lock, engine stumbling and stalling
- no knock, no pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team... New Gulf NoNox Gasoline and **New Gulfpride H.D. Select Motor Oil**

- The only motor oil super-refined by the Alchlor Process for modern high-compression engines.
- Controls carbon
- Combats corrosive acids, rust and deposits
- Assures lower oil consumption
- Provides the toughest protective film ever developed in a motor oil

Available in 3 grades—SAB 10W, SAE 20/20W, SAE 30.

CROP PRODUCTION OUTLOOK

The 1955 crop report points out the false idea of selective acreage controls. Acreage forced out of one crop pops up in another to create a new surplus. Cotton and wheat cuts have gone into soybeans, grain sorghums, hay and other products.

Neither does lower price supports discourage planting. The farmer plants more to make up his losses in price.

Here are the details of the bumper 1955 harvest expected in the nation:

Feed—Grain supply will be the highest in history.

Corn—Crop forecast is almost 3.5 billion bushels—16 per cent over 1954—coming from a new record yield of 427 bushels per acre despite acreage cuts.

Oats—Supply looks like a record 1.8 billion bushels—slightly higher than last year. Carryover is about 325 million bushels—also the highest.

Barley—Will be about 524 million bushels, about 75 million more than last year. Carryover is estimated at a record 140 million bushels.

Grain Sorghum—In Texas will approach and probably break records but production is not yet estimated. The same should hold true for the nation. Acreage is about 23 million, putting production estimates unofficially above the record 230 million.

Wheat—supply is estimated at 1.890 billion bushels about 30 million more than last year's record. Carryover next July may be around 955 million bushels with no break in sight on the surplus supply situation.

Soybean—crop is not estimated yet but unofficially it looks like a peak of 360 million bushels or more based on 1954's near-average yield.

Rye—Crop is forecast at 27.2 million bushels, 15 per cent more than last year.

Flaxseed—Is estimated at 43.4 million bushels, up 4 per cent from a year ago.

Peanuts—Are planted on 3 million acres, 5 per cent above 1954's 1.9 million.

Hay—Is forecast at a record 109 million tons. Alfalfa and its mixtures also is at an all-time high of 53 million tons.

Rice—Crop of 42.2 million 100 pound bags is expected; 12 million less than 1954. In Texas, however, a record crop is anticipated but a breakdown is unavailable. The increase in production comes in spite of acreage cutbacks.

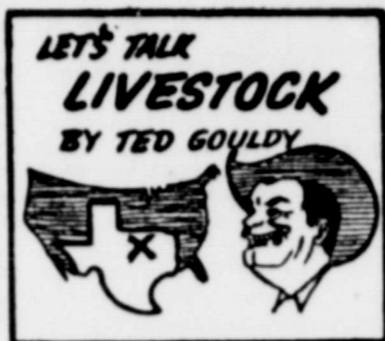

of the various classes with 1954 shows:

1954—Good and choice slaughter Spring lambs \$16.50-18.50; common and medium killers \$10.00-15.50; culls down to \$8.00. Feeder lambs \$10.50-15.00; slaughter yearlings \$8.00-12.00; aged wethers \$6.00-9.00; slaughter ewes \$3.00-4.50; old bucks \$2.00-3.00; breeding ewes \$5-10.00.

1955—Good and choice Spring lambs \$17.50-19.00; common and medium \$12.00-16.50; culls \$10.00-12.00; feeder lambs \$13.00-15.50; slaughter yearlings \$9.00-15.00; aged wethers \$7.00-12.00; slaughter ewes \$4.00-5.00; old bucks \$3.00-4.00; stocker ewes \$7.00-12.00.

Carload Lots Featured In Fall Feeder Calf Program.

In response to requests from feeder buyers both the Texas Aberdeen-Angus Association and the Texas Hereford Association have changed rules for their shows and sales this Fall. At the Angus show to be held on the Fort Worth market September 9, and at the Hereford shows and sales slated for September 16 and October 21, the judging will be on lots of 10, lots of 20 head and carload lots of 50 head. Weight differential will be dropped. This allows three classes of steers and three classes of heifers. Corn Belt buyers asked for the carload division.

Cattle Prices Well Above 1954 Level At Fort Worth.

Several people recently have inquired of us as to how prices are we turn into the month of August compare with a year ago. Going back to our weekly livestock reporter files we find most cattle enjoy considerable advantage over a year ago.

The market at Fort Worth Monday on most cattle and calves was around steady despite the offering here being 1,500 above a year ago, and the run around the 12 major markets being about 30,000 cattle and calves above the previous Monday.

We can credit improve pasture and feed conditions for the strength of the market at Fort Worth at this time in the opinion of observers here.

Comparative Prices For Cattle and Calves

A year ago at Fort Worth choice grainfed cattle were quoted \$20 to \$22, a few \$23; common, plain and medium kinds \$10 to \$18. Recent sales of choice cattle at \$21 to \$23.50, and common, plain and medium sorts from \$11 to \$18, show a little better prices for top cattle than a year ago. Other classes:

1954—Fat cows \$9.00-12.00; canners and cutters \$6.00-9.00, a few under \$6.00. 1955—Fat cows \$10.50-13.00; canners and cutters \$7.00-10.50.

1954—Bulls \$8.00-13.00. 1955—Bulls \$10.00-14.00.

1954—Good and choice slaughter calves \$16.00-19.00; common and medium \$9.00-15.00; culls \$7.00-9.00. 1955—Good and choice slaughter calves \$16.50-19.00; common and medium \$12.00-15.00; culls \$9.00-11.00.

1954—Stocker steer calves, medium to choice, \$15.00-19.00; steer yearlings \$18.50 down; heifer calves and yearlings \$15.00 down; stocker cows \$8.50-10.00. 1955—Medium, good and choice stocker steer calves \$16.00-21.00; steer yearlings \$19.50 down; heifers \$16.00 down. Stocker cows \$8.00-12.00.

Hog Top August 1 Is \$6.00 Below Same Date Year Ago!

Top hogs Monday sold at \$17 to \$17.25 at Fort Worth, and sows were also steady with last week's close of \$8 to \$15. In between grade butchers sold from \$15.50 to \$17, and some pigs sold around \$14. This date a year ago top hogs drew \$23, and sows sold from \$13 to \$19.

Sheep and Lambs Selling Well Above 1954 Levels!

Slaughter Spring lambs were 50 cents to \$1 lower at Fort Worth Monday, and other classes of sheep and lambs ruled about steady. Top lambs scored \$19, and feeders sold at \$15.50 downward. Comparison

Production Credit Announces Stockholder Meeting for August 10

The 21st annual stockholder meeting of the Stephenville Production Credit Association will be held August 10 at the City Park in Stephenville. Stockholders from the 10-county area will elect two directors. The terms of directors C. M. McCain of Eastland County and T. W. Winters of Hamilton County expire this year. Carry over directors are Cal McCurdy of Decatur, President; James Crouch of Burleson, vice-president; and Claude Winston of Glen Rose in Somervell County.

The nominating committee met in Stephenville July 11th. Mr. J. M. Foreman of Comanche County was elected Chairman and the other members of the committee includes Clyde Boren of Erath County; Zeb Kirkland of Hamilton County; Mitchell Campbell of Eastland County; Melvin Little of Wise County; W. A. Crawford of Tarrant County and C. M. Parks of Johnson County. The nominating committee selected both McCain and Winters and nominated R. E. Seay of Comanche. Mr. Seay has previously served as a member on the Production Credit Board of Directors. Prior to his resignation in 1950 he was president of the Association. Mr. McCain from Eastland has served one term of three years and Mr. Winters has served nine years.

Comanche and Eastland Counties under the management of Jim Bumpas and Dick Wesson will be in charge of the meeting August 10. C. E. Irby of De Leon has been appointed as general chairman to conduct the activities. Highlights

of the meeting will be the barbecue dinner with Bill's Catering Service of Stephenville in charge. A free picture show will be provided at the Majestic Theater for all children while the meeting is in progress. To stimulate attendance the association is giving a television set as first prize and several other attractive items. The annual meeting attendance trophy will be on the block—this trophy goes to the office having the highest percent on membership attendance. The trophy was won last year by the Eastland office with 65-5 per cent of its members from Eastland on hand; Erath county was runnerup with 61.2 per cent.

The Stephenville Association serves farmers, ranchers and dairymen in Erath, Hood, Hamilton, Comanche, Eastland, Somervell, Parker, Johnson, Tarrant, and Wise Counties. This farm credit institution was chartered January 8, 1934. Officers and directors are Cal McCurdy, president; James W. Crouch, vice president; W. M. Irwin, secretary-treasurer; R. T. Norwood and C. C. Russell, assistant secretary-treasurers; and directors, McCain, Winters and Winston. Branch offices are located at Fort Worth and Cleburne with J. L. Young as manager; R. L. Taylor in the Decatur office; Jim Bumpas at Comanche, and Dick Wesson in the Eastland office.

HOT WEATHER
means more work for me!

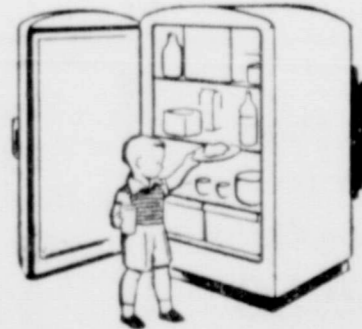

I'm extra busy these hot summer days because...

Fans, air conditioners and evaporative coolers work longer and harder to keep folks cool.

Refrigerators and freezers work overtime to provide extra refrigeration, ice cubes and cold drinks.

Clothes soil more easily in hot weather, so more washing and ironing are required.

Naturally, some electric bills may be higher because of all this extra work. But when you think of the relief from heat I bring, you'll agree I'm your biggest bargain in summertime better living.

Survivors include his wife; seven daughters, Mrs. Mary Worrell and Mrs. Zorrita Jackson of Chalk Mountain, Mrs. Virginia Hall of Dublin, Mrs. Beatrice McKnight and Mrs. Ruby Herndon of Dallas, Mrs. Ruth Brown of Cleburne

and Mrs. Clemmie Shaw of Superior, Ariz.; seven sons, John, William, Fred and Harry Anderson of Chalk Mountain, Wade Anderson of Hico and Tom and Warren Anderson of Sunnyvale, Cal.; four sisters; 26 grandchildren, 10 great-grandchildren, and one great-great-grandchild.

Serving as pallbearers were Mr. Anderson's seven sons.

'Miss Texas' Contest Will Be Humble Feature Next Week

Beautiful girls from all over the state will be pictured on The Humble Company's TV program, Texas in Review, next week. The

featured event will show the competition for the title of "Miss Texas." Winner of this contest will go to Atlantic City to compete in the "Miss America" contest.

Other interesting films include the story of Camp Sweeney at Gainesville, where diabetic children learn to care for themselves and enjoy the recreation of normal childhood. The youngsters are shown learning to give themselves insulin shots, and participating in horseback riding, swimming and other traditional camp activities.

Films of a mechanical cotton-picker, used in the lower Rio Grande area near Weslaco will also be shown.

On Tuesday, Aug. 9, Texas in Review can be seen on KCEN-TV, Temple at 7:30 p.m.

COUNTY AGENT REPORTS

By E. R. LAWRENCE

Ollie McDurmitt who lives just east of Littleville, is quite a vegetable grower. Ollie has a small place and on the north end of it he has a pond that he irrigates from. This pond supplies enough water to meet his needs and I don't see how it has been doing so the last two or three years. Anyway, Ollie has been producing and selling lots of vegetables from his place.

Many silos have been filled this year, trench silos that is, Raymond Krueger, at Aleman has perhaps the smallest one in the county. Raymond had about three acres of sorghum that he cut and put in an up-right picket fence silo. The silo is about fifteen feet across and three rows of pickets high. These picket fence silos are a good way to save feed in an emergency when time and money are running out. It costs very little to build a silo like this but it is a good way to put up silage. Some of you might have some grain sorghums that are about half down at this time and would like to save the maximum amount of feed—why not put it up in a picket fence silo. It is not a very good idea to go more than three layers of pickets high and too, it is advisable to make the silo a trifle wide, this will prevent it from wanting to fall over.

Now is the time for all dairymen to contact their local veterinarian and fill out (in triplicate) Plan B of the voluntary cooperative agreement for the control and eradication of brucellosis. He will be glad to explain the terms of the agreement and to send the completed form to the Livestock Sanitary Commission.

Recent research at Michigan State College shows that cows will eat their grain ration faster if it is wet, and that they'll milk faster too. With the modern milking parlor, cows can be run through in four or five minutes. However, many high-producing cows won't eat their quota of grain in that length of time. The work at Michigan State College shows that when one pound of water is mixed with each pound of grain a cow's eating time is cut almost in half. When one and one-half pounds of water are added per pound of grain, the eating time is still faster. It was also found that cows receiving the wet feed milked out faster thus reducing milking time. The reason for the more rapid eating seems to be the cow can just about drink the wet grain as compared to licking up dry grain. In all cases the grain was fed immediately before the cow was milked.

Some cotton crops are going the way the corn and grain sorghums crops have gone, especially the early crops. Still there is ample time for many crops to make lots of cotton—if insects don't get it first. Field checks thru the week indicate the boll weevil is moving into many of the fields and too, that there is a heavy crop of boll worm eggs. These boll worm eggs hatch in about three to five days and for about two or three weeks the worm works on the cotton boll. It is very important in controlling the boll worm to keep a close check of the fields to know when the worms are hatching and then start poisoning. NOT less than three applications of poison should be put out at five to six days apart. The boll worm can usually be found up in the top growth of the plant, or around the base of small squares where there may be a small hole eaten into the square. If poisoning is put off until the worm is getting into the large bolls, it is nearly impossible to harm them then. One of the poison materials with DDT should be used.

If your grain sorghum is down and can't be combined or baled, how about getting lambs and turning them in on it?

the visitor, and he gave no sign that he had any suspicions of me. Here is to me a sign that we are making progress, and daily evidence is afforded that this is one world and we are all neighbors and ought to be on good terms.

On returning home I looked up Flin Flon and found it is a city of fifteen thousand souls near the line that runs between Manitoba and Saskatchewan, and is just about as far north in Canada as any settlements are to be found. It is almost as far north as Churchill on Hudson Bay.

Now there was a day when any person who lived outside of certain limits was suspected. Have a look at a Sunday afternoon gathering of men folks in the late eighties of the other century. They were discussing a man of the community. "He's no good," quoth one man. "Why he's a blue-bellied yankee." The man under discussion was from Illinois just east of the Mississippi River from Hannibal, Missouri, where my paternal forebearers came from. My folks were on the right side of the river and they were all right. But if a man lived on the other side of the big stream he was all bad. He was in the other side of the Mason-Dixon Line and was no doubt an ally of the devil.

In my boyhood community were four churches: Baptist, Christian, Methodist and Presbyterian. There were cross currents between these four, but they respected each other and got along fairly well. But one day there moved into the community an Episcopalian. He must be bad, a heretic, no doubt a servant of the devil, all because he was not of one of the four faiths we were accustomed to. And when a Catholic family moved in, it was just too bad. A Jew in the town could not be anything good, even if he did give credit to the renter farmers.

Two world wars have done a lot to solidify America. Our girls have married men from other areas, and our sons have gotten wives in other parts of the country, and when some contacts were made with the families so joined by marriage, it was seen that in fact there is no east nor west, neither north nor south, but that we are all one and we are Americans.

Yes, I declare, we are making progress.
