### Locals Upset Last Week By Blanket Team

Tonight, Friday, the Hico Tigers will journey to Evant for a game with the potent Elks, who are reported to be very strong this year despite their season opener to Cranfills Gap. With 15 letter-men returning from a team that advanced to the regional play-offs last year, the Elks will have to be rated over the Tigers in this tussle.

The locals, who started the season with 2 wins in a row and then drop the next two games, seem to be going downward instead of improving as was expected. They can't seem to muster the desire to play the type of ball it takes to win over the lowest-rated opponent. That was proven in last week's contest with Blanket.

Hico had the Blanket team outclassed in everything but hustle and desire to win. For one half the locals had plenty of spirit and held the lighter Blanket squad to a stand-still. In the second half, however, Blanket came out with so much vim and vigor that they immediately rushed for a two touchdown lead which they held for the remainder of the game.

The local team was definitely handicapped by the absence of their two starting guards and two starting linebackers. Coach Willis cracked the whip on the four for breaking training and the boys were not permitted to suit out for the game.

All of the boys absent last week will be back in the lineup tonight for the game at Evant. They should bolster the squad sufficient to play the Elks a good close game if the team will put out. Game time is 8 o'clock in Elk Stadium.

Last weeks game saw an action-packed ball game for the first two periods as both teams were evenly matched and they battled to an 0-0 score at half time.

Fumbles again cost the locals dearly, as they lost the ball 4 out of the five times they miscued. One of the bobbles cost them their only serious scoring threat in the second period when Blanket recovered a Tiger fumble at the 17 yard line. Had the locals held onto the ball and scored, perhaps the outcome of the game would have been a mark in the win column instead of going down to defeat. The fumble stopped a drive which had started back on the opponents 20 yard line. A fine 33-yard run by Carey McKenzie got most of the yardage in the drive. The run was the longest of the night and a key block by Buddy Teague enabled the little speedster to get the yardage.

Shortly afterwards, Hico was in business again on the Blanket 20, the result of a blocked kick. The Tigers worked to the 14 before giving up possession.

Blanket's first touchdown came after they had recovered a fumble on the Tiger 46. Nine plays later they went ahead in the ball game 6-0, with John Wade carrying the final yard to the goal.

After the ensuing kick-off Hico was unable to gain, which brought up a fourth down kick try. The snap from center was fumbled and Blanket took over on Hico's 20. Dalton Mosely carried over from the one yard line six plays later to end the scoring for the night.

Several of the younger players on Hico's squad, who were given a chance to play for the first time due to the absence of the regular starters, showed up well. Van Hooper, Butch Eubank, Charles Tolliver, and several others played a good game despite it being the first actual game experience for most of them. Buddy Teague was easily the outstanding player on the field for this game.

### CHANGE IN SCHEDULE

Hico will play Tolar here on Thursday night, Oct. 6, instead of Gatesville "B" as previously announced. Gatesville had to cancel their B team schedule due to insufficient number of boys participating in football this year.

A two year contract was signed with Tolar, a class B team. The 1956 game will be played at Tolar.

The purpose of the display of especially selected photographs is to show the evolution which has occurred in the retail lumber industry as dealers have expanded and improved the efficiency of their merchandising operations.

## It Happened Here or Near

By E. E. DAWSON

We started for Corpus Christi, we being wife and son and I. Now it is about three hundred and a dozen miles from here to that village on the Gulf, but the son, famous for using the long road to any place he starts, had picked out a road that held some attractions for him, and since it was in his car that we travelled, Old Dad just had to acquiesce.

So we went via Goldthwaite, San Saba and Llano, and then somewhere between Llano and Fredericksburg, a sign on the side of the highway attracted our attention. It said, "The Enchanted Rocks," and gave the number of miles on an unpaved road. So son said, "I've never seen the Enchanted Rocks, and we'll never have a better time." We turned aside and after a good many miles we saw those enchanted rocks.

The Indians gave the title to that 640 acres of granite boulders standing up to a hundred feet high above the surrounding ground in southern Llano County. I have never heard just what enchantment takes place when you visit the great upthrust of bare granite boulders. They are enchanting to look at and speculate about

## JUNIOR HAYRIDE

On September 26, the Juniors had a hayride. From the reports,

everyone had a very enjoyable time.

It is also rumored that the kids just barely made it to the Parks home when a downpour suddenly drenched the hay, forcing them to buy some alfalfa hay from Steve Parks. No doubt everyone enjoyed scratching on the way back.

## SPOTLIGHT

This week is getting a slow start, but maybe it will pick up a little before the week is over.

Monday night was surely a dull one. I guess everyone was home studying for a change.

When I started out Tuesday night I thought it was going to be another dull night like Monday, but as I cruised up toward the Polar Bear I saw Sandra A. Duckie W., Linda Mc., and Sherrell K. As I ventured back down town, I found Rachel O. and Joe C. coming out of the show.

Wednesday night as I was roaming around I saw Sherrell Kirk and

Duckie Warren riding around in a little black Ford I figured those boys were up to something, so while waiting to see what happened I cruised up to Stephenville to find Monette Salmon and Shorty Dove. When I returned to Hico I saw that little black Ford coming down the street, this time it had two girls and two boys. Of course they were Margaret P., Sherrell K., Sandra A. and Duckie W. Did you boys have a late date?

I only saw one couple Thursday night. I guess everyone was home studying again. The couple I saw were Jerre D. and Andy L.

On Friday I was so happy that it rained that I got out in it and got myself all cleaned up so that my beams would shine extra bright for the week-end. When I got to school Friday everyone was really in the groove. I never heard so much noise out in the hall next to the senior room. I guess these kids were yelling about the ball game that was going to take place that night. Of course Friday night there was a big crowd out for the ball game, but I didn't see any couples until the ball game was over. After the game I found a dance going on in Firemen's Hall. You know, it is so nice of the Firemen to let us kids have some place to go to have a good time and everyone appreciates it very much. At the dance were Julia H., Wayne D., Sandra A., Duckie W., Margaret P., Jerry N., Linda Mc., Sherrell K., Monette S., Shorty D., Peggy A. and Gene Baker.

Saturday night seemed to bring out a lot of couples. Riding around I saw Katherine S., Walter A., Kay J., Charles T., Regina E., Buddy T., Jimmy T. and Ross R. Margaret P. and Wayne D. went to Stephenville.

At the midnight show I saw Judy M., Lavon P., Joyce L., Earl B., Jean C. and Joe C. Just as I got in the show and got settled down with a big sack of pop corn I heard a big crash up toward Clairette. I went to investigate and found Mary Williams and Aletta Jaggars riding their boy friend's motorcycles. Also Linda Mc., Jerry N., Monette S., Shorty D., Deborah P. and John H. were together.

Riding around Sunday afternoon were Jimmy Jackson and Ross B. Sunday night I saw Julia H., Wayne D., Mary W., Lowell L., Aletta J. and Jerry D.

By — Mrs. Eunice Massengale

This community has been wonderfully blessed with more than three inches of rain, which began falling around five o'clock last Friday morning. Mr. Jerry Todd remarked that if there was such a thing as a million dollar rain, he thought this one was it. Well we believe all will agree that it is. Things were beginning to look pretty gloomy for the farmers and ranchers, as grain sowing time was almost here. Mr. Mont Young was quite fortunate in getting about one hundred acres of oats sown just before the rain began.

Mrs. Frank Driver returned home last Friday having visited since Sunday with her daughter and family. Mr. and Mrs. Calvin Anderson and children and her son and wife. Mr. and Mrs. Dalton Driver of Grand Prairie. Mrs. Driver was carried to the hospital

at Clifton Friday afternoon for some x-rays but was too weak to take them and was to report back Monday of this week. She was to remain at the hospital until Tuesday or Wednesday before returning home. We surely hope she receives a good report and is soon on the road to complete recovery.

Leon Springer of Crane came in today (Monday) and is visiting while here in the Carl Ray Sellers home. The Springer family are making preparations to move back to their farm here. He drove a new tractor down, having left Crane early last Saturday morning. He stated that he encountered a lot of rain on his journey from Crane to Miles. From Miles, he trailed his father's pickup truck, leaving there at six a.m. Monday and arriving here about 5 p.m. that afternoon. Jerry Todd, who lives on the Springer place, will start breaking land for Mr. Springer as soon as possible. The Springers expect to move around the first of November.

Mrs. W. E. Cunningham accompanied relatives to Midland last Friday to attend funeral services for her nephew, Capt. Joe Price Trimmier, and expected to remain for a few days visit with relatives. Capt. Trimmier's parents, Mr. and Mrs. Price Trimmier were reared in and near Fairy. Their many friends are very sorry to learn of their sorrow and extend deepest sympathy to them and their family.

Mr. and Mrs. Texie Dell Allison spent the week end with their parents, Mr. and Mrs. Edd Allison and Mr. and Mrs. Garlon Streater and family.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don visited last Sunday afternoon in the home of her sister, Mr. and Mrs. D. E. Allison and Darrel and to be with her niece, Mrs. Wayne Pittman and husband, who moved the first of the week to Mesquite near Dallas. Mrs. Pittman had been ill the past several days of intestinal flu but was much improved Sunday.

The writer attended singing Sunday afternoon at Providence Baptist Church.

Mr. and Mrs. Pete Karl of Breckenridge and their little grandson, Jimmie Simmons of Florida spent the week end with her sister and husband, Mr. and Mrs. Jess Fulton.

Mr. and Mrs. Barnett and family have purchased the farm known as the former J. C. Sills place. We welcome them to our community. The Barnett family are from Pampa.

Mr. and Mrs. Charles Wilson of Houston were supper guests last Friday night in the home of her brother, Mr. and Mrs. Carl Ray Sellers and family.

Prof. and Mrs. Hanes were in Gatesville last Friday afternoon to attend funeral services for Mr. David McBroom of Gatesville. They were accompanied from Jonesboro by his mother, Mrs. H. H. Hanes.

Mr. and Mrs. Carl Ray Sellers and family joined relatives at the American Legion Park in Hamilton last Thursday evening for a supper and get-together, honoring his sister and husband, Mr. and Mrs. Charles Wilson of Houston, who returned home Sunday after visiting several days with her parents, Mr. and Mrs. N. S. Sellers of Hamilton and other relatives.

Mrs. R. B. Jones of Tolar spent last Saturday night in the home of her brother, Prof. and Mrs. Frank Hanes, Martha and Mike.

Mr. and Mrs. Hand Jones of Dallas visited during the week end in the home of her brother, Prof. and Mrs. Frank Hanes and family. They came down to attend funeral services for her brother-in-law, Mr. David McBroom on Friday of last week.

Mr. and Mrs. Cecil Hicks and family of Hico attended Church at the Church of Christ here Sunday and visited in the home of his aunt, Mr. and Mrs. J. T. Jackson and Gwen.

Mrs. John Abel accompanied her daughter and husband, Mr. and Mrs. O. J. Clark, to Stephenville Monday to have some dental work done. She spent Monday night in the Clark home.

We are sorry to learn that Louis Abel of Fort Worth has been a patient in the veterans hospital in Dallas for the past two months, but is reported to be improving.

Members of the Church of Christ met at the home of Mr. and Mrs. J. T. Jackson Monday night for a church social. Refreshments were served to a number of people and they presented Mr. and Mrs. Marvin Porterfield with a nice bed spread.

We are very sorry to report that Joe Knapp, son of Mr. and Mrs. Vernon Knapp, received a broken arm Monday afternoon while playing football at the Fairy school. The arm was also pulled loose and out of the socket joint at the shoulder. He is a patient at the Hico Hospital. We hope he will soon be fully recovered. The break was near the shoulder.

Mr. and Mrs. Billy McClure and two children came near being seriously injured late Monday as they were returning to Fairy from the Rachug home. They had driven down to take Robert Ra-

chug home after a ball game and as it had begun to rain were hurrying to get home not being too familiar with the road. He came to the main road near Ted Arrant's and seeing he couldn't make the turn he kept straight across the road and ditch on the other side before he could stop. Mrs. McClure was thrown against the windshield but was only bruised and shaken up. The car was damaged some and Mr. Arrant used his tractor to pull the car out.

Rusty Harris, son of Mrs. L. R. Miller received a broken toe last week at Fairy school.

Almost everyone is talking about farm prices.

In Austin before a meeting of 200 Texas Farm Bureau officials, the Indiana Bureau's president predicted a "depression that will make the 'thirties look like a picnic' if present farm policies continue.

At his Gillespie County ranch U. S. Senator Lyndon Johnson said the Republican sliding scale of parity lets "prices slide down and mortgages slide up."

In Houston Secretary of Agriculture Ezra Taft Benson retorted in a speech before Texas Citrus and Vegetable Growers, Democrats, he said, left him a "nat" package of carefully fused bombs—falling prices and accumulating surpluses.

Substantial progress has been made, nevertheless, Benson said. Major strategy to help low-income farmers, he promised, is in the offing.

Drought Aid Announced. Farmers in 22 South Texas counties are eligible to buy surplus feed grain at lower prices.

President Eisenhower designated the counties as drought disaster areas at the request of Gov. Allan Shivers.

Application for relief grain will be taken through Oct. 15. Distribution through supervised retail outlets will continue until Nov. 15.

Insurance Overcharges Hit. A Texas Insurance Commission report claiming "millions of dollars" in excess charges collected by a New York automobile insur-

ance company may touch off a nation-wide investigation.

Comdr. J. Byron Saunders reported Texas' findings at a zone meeting of insurance commissioners from six states. All indicated they would start inquiries.

Service Fire Insurance Company of New York overcharged, Saunders said, by putting policy holders in a higher rate bracket than necessary. He reported that so far the company had refunded \$89,000 on the policies checked by the commission.

Attorneys for the company said that if there were excess insurance charges, they were offset by an overcharge on financing.

Service Fire Insurance Company handles policies for Universal C. I. T., finance company with which it is affiliated.

Vaccine Priority Changed. Texas children under five have been added to the priority group for Salk polio vaccine.

In other states only five to nine-year-olds are eligible.

State Health Department officials obtained special approval from federal authorities, as some 44 per cent of paralytic polio in Texas hits tots under five.

No Federal Interference. Federal authorities do not intend to interfere with Texas policing of racial problems. Such assurance was sent by an assistant U. S. Attorney General to Texas' Attorney General John Ben Shepherd.

A Houston Negro organization had requested U. S. Attorney General Herbert Brownell to investigate the Texas Citizens Council. Shepperd sent a telegram advising that Texas enforcement agencies are able to take care of any Texas situation.

Water Problems Studied. Inform the people about Texas' water problem and money to solve it will be forthcoming. Max Starcke, manager of the Lower Colorado River Authority, so advised more than 100 experts at a Water for Texas Conference at College Station.

It will be a lengthy, costly proposition, he said.

School Inquiries Set.

Legislative subcommittee reports on school squabbles at Houston and Irving are due Oct. 21. Investigations are being made by two-member groups of the house general investigating committee. Rep. Wade F. Spilman Jr. of McAllen is chairman.

Suspension of a school administrator was the origin of difficulties in each town.

National Newspaper Week

The freedom of the press is basic to ALL your American freedoms. Only as your newspaper is free to print the facts, can you be free to know them. Only as you know the facts can you act wisely in the best interests of your country, as you see them. In America, there is plenty of room for difference of opinion. There is no room for restrictions on the people's right to know the truth. Your newspaper is freedom's forum. To each, it brings the facts. Upon all, it imposes the obligation to keep forever open the channels to knowledge that means freedom for all.

## Spectacle, Fun and Adventure Promised in 'Son of Sinbad'

The fiery adventures and fabulous feats of one of the world's most fascinating rogues are revealed in the Howard Hughes presentation of "Son of Sinbad," which comes to the Hico Theatre, Saturday Midnite, Sunday and Monday.

With its lavish production and tantalizing display of lush feminine beauty glorified in Superscope and color by Technicolor, this RKO Radio offering has been termed a magic carpet of spectacle, fun, and adventure.

Dale Robertson enacts the title role, with Sally Forrest, Lili St. Cyr, Vincent Price and Mari Blanchard in co-starring assignments. Special emphasis is also placed on the array of beautiful girls, seen as inmates of the Khalif's harem and as the fiery daughters of the famous Forty Thieves, and on the exotic Oriental dances performed by the torso-twisting Neja Ates and Kalantan.

"Son of Sinbad" is spun from the Arabian Nights, which have been the source of a great many stories, plays and musical works. The setting is ancient Bagdad in the days of the 15th Century, when the city of the Sultan's palace was besieged by the forces of the mighty Tamarlane. Much of the action centers around the use of the devastating Greek Fire, the atomic weapon of its day. Only by securing of its secret can Sinbad gain his freedom, after he has been caught invading the Khalif's harem, once too often.

Romance centers upon Sinbad and Sally Forrest, handmaidens to Harem Queen Lili St. Cyr, who is also interested in the handsome rogue. A secondary affair develops between Vincent Price, the romance-minded Omar, the Tent-maker, and Mari Blanchard, a lady in love with love.

"Son of Sinbad" was directed by Ted Tetzlaff and produced by Robert Sparks. Aubrey Wisberg and Jack Pollexton are credited with writing the screen story.

**EMERGENCY AID FOR TEXAS**

**By John C. White, Commissioner**

Weather paradoxes of other states are just routine in Texas. September, 1955, will be recorded on weather annals as the month when drouth and flood conditions prevailed in the state just a stone's throw apart. Both circumstances created their own set of problems.

The conditions have existed simultaneously before. This time they struck in the southern portion of Texas and the need for federal and state action is immediate.

Until the rains came—in torrential proportions at some spots—17 South Texas counties had applied for federal designation as drouth disaster areas eligible for emergency aid. Within a few hours, several of those counties were in dire need for help to repair flood damage to homes and land.

Nueces County, with Corpus Christi as its commercial hub, was the hardest hit by rains. Rich brown fields which were powder dry from months of drouth suddenly turned into lakes. Irreplaceable top soil was swept away by turbulent rivers that cut deep gulches across relatively flat farms.

The county immediately applied for flood relief aid.

On the massive King Ranch the rattlesnake gave way temporarily to the water moccasin when rains turned pastureland into standing lakes. Seven counties—Bee, Brooks, Kleberg, Duval, Jim Wells, Nueces and San Patricio—suddenly had their weather conditions reversed.

Ten counties on the outside perimeter of the rain-soaked area still suffer drouth conditions, however. They are: Atascosa, Frio, Goliad, Jim Hogg, Karnes, LaSalle, Live Oak, McMullen, Webb and Willson. The federal government has not yet acted on their request for drouth relief, but, except for scattered showers, the long dry spell is still unbroken.

The moisture that was received in the dry counties did little good. Soil conditions were so poor that the water either ran off the crustified land or added very little to the sub-soil.

For four long years considerably brightened prospects over most of the state. Yet, the need for help on an emergency basis is still with us—and the job won't be complete until it is obtained.

At recess time he was carried to Hico Hospital by his teacher, Mr. Barnett. The doctors x-rayed his leg and found it to be broken just above his ankle straight up and down his leg. His leg was put in a cast and he was kept in the hospital until Monday afternoon.

**Cattle Sharply Higher As Good Rains Come.**

Liberal amounts of moisture reported from the cattle country during the past few days put a bullish tone to the trade at Fort Worth Monday.

Immediate demand from wheat areas, as well as stepped up demand from the winter clover grazing areas of East and Central Texas, caused stocker classes to move sharply higher.

This higher surge carried slaughter kinds upward as stocker buyers invaded the classes that have been selling largely for slaughter.

All cattle and calves were fully 50 cents higher and many stocker kinds were 50 cents to \$1 and more higher.

Choice fat cattle were virtually lacking, a few in the \$20 to \$22 range, but most of the medium and good slaughter steers and yearlings sold from \$16 to \$20, and lower grades scaled down on the \$12 to \$16 bracket.

Fat cows cleared at \$10 to \$12.50, and canners and cutters sold from \$7 to \$10.50. Bulls cashed at \$10 to \$14.

Good and choice slaughter calves sold from \$16.50 to \$19, and common and medium sorts cashed at \$12 to \$16. Culls sold from \$9 to \$12.

Stocker steer calves drew \$16 to \$21, and steer yearlings sold from \$19 downward. Replacement

**Sheep and Lambs Strong Fat Lambs Top \$19.**

Small supplies of sheep and lambs opened strongly at Fort Worth Monday. Fat lambs of good and choice grades cashed at \$18 to \$19, and common and medium sorts sold around \$12 to \$16. Culls sold at \$10 to \$12. Stocker and feeder lambs of medium and good kinds sold from \$13 to \$15, and choice lambs of 55-60 pounds were quoted at \$16.50. Slaughter yearlings sold from \$10 to \$15.50. Aged wethers sold from \$7 to \$12. Old bucks sold around \$4. Old ewes cashed at \$4 to \$5. Some solid mouthed ewes of 129 pounds sold at \$10 to go back to the country.

**Hogs Open Strong to 25 Cents Higher at Fort Worth.**

Despite bigger offerings around the Corn Belt hogs opened strong to 25 cents higher at Fort Worth Monday. Top hogs sold from \$16 to \$17, and less desirable weights and kinds cashed at \$15.50 to \$16.50. Sows drew \$12 to \$14.50.

**Stocker Demand Sets Southwest Prices Higher.**

Recent weeks in the trade at Fort Worth, prices of replacement cattle and calves have been as high or higher grade for grade than prices at Corn Belt points.

This development is due to the improved pasture conditions and the restocking that is taking place over the territory.

Rains of the past week or ten days will further enhance this stocker and feeder outlook as winter grazing areas will call for many cattle and lambs to keep wheat and other winter cover crops grazed down.

Moisture, heat and alcohol often leaves ugly white spots on finished surfaces of furniture. These can be quickly and easily removed. Supplies are simple.

You will need a pad of 3-0 steel wool, a lightweight oil, such as mineral, lemon or paraffin oil, and FFFF powdered pumice. Sprinkle or dust the powdered pumice lightly over the white spot. Dip the steel wool pad into the oil. Rub lightly with the grain of the wood until the spot disappears. Repeat the process if necessary. Dust the entire surface with the pumice and rub the oiled steel wool pad to prevent a spotty appearance. If the surface feels gritty, add a few drops of oil to a dry cloth and go over the surface.

Now is the time to restock the freezer with a fresh supply of doves.

Several questions have been asked about the care to be given the birds. Draw the birds as soon as possible after they have been shot. If there isn't time to do a thorough job of cleaning and dressing, remove the crop and intestines. Chill promptly. Plucking the birds is preferable to skinning them. Skinning causes dryness and some loss of flavor. Wash birds thoroughly before packaging. Wrap individually in moisture-vapor-proof material. Cellophane, aluminum foil, ploxifilm and different kinds of laminated wrapping papers are satisfactory. Seal with freezer tape. Label with name and date. To maintain top quality, store birds at 0 degrees F. or below. From six to nine months is recommended storage period. Thaw birds before cooking.

Wild birds have food value equal to that of domestic ones. They have a flavor that is unusual and exciting as well. Most wild birds are tougher than domestic ones, so special preparation should be done. There are many recipes to choose from. Here are two for your consideration.

**BRAISED DOVES**

Salt and pepper the doves and dredge in flour or a combination of flour and corn meal. Heat fat piping hot in dutch oven. Brown birds quickly on both sides. Remove most of the fat, add a small amount of water, cover and simmer for one hour over low heat. Serve hot.

**ROAST DOVE WITH WILD RICE DRESSING**

6 doves  
1/2 cup chopped green pepper  
1/4 cup chopped onion  
4 tablespoons butter  
**STUFFING**  
2 cups cooked wild or brown rice  
1/2 cup chopped olives  
1/2 cup mushrooms  
Paprika

Dress and clean doves. Split them. Cook green pepper and onion in fat until tender. Add the rice, olives, mushrooms and paprika. Add more butter or margarine if necessary to make mixture moist. Stuff the doves. Place in an uncovered pan and roast in 350 degrees F oven for 1 hour. Baste frequently with 2 tablespoons butter or margarine in hot water.

**Methodists Begin New Children's Program on Second & Fourth Sunday**

Beginning last Sunday evening, forty five minutes before the worship service, Primary and Junior children met for a program of singing and study at the Methodist Church. The study was directed by Mrs. Lorene Randals for the Juniors, and Mrs. Jane Hafer for the Primary. The music was directed by Mrs. Wayne Rutledge, organist, and Morgan Garrett, pastor.

Those children present for the services formed the choir for the evening worship hour, and sang two special numbers. They sang "Heavenly Sunshine," a chorus and the hymn, "All Things Bright and Beautiful." The loveliness of the children's singing added much to the evening service of worship.

This program with the Primary and Junior children will be continued each second and fourth Sunday evening throughout the school year.

**IT HAPPENED—**  
(Continued from Page 1)

to fill. A good meal of Mexican food there fortified us for the journey down to the village of Falcon and to the dam, a five-mile long affair of concrete and earth, with a hydro plant on the American side of the international border, and another on the Mexican side. The lake is now pretty well filled with beautiful clear water, a bit bigger than the Sea of Galilee. Upon leaving the Dam we ran into a heavy downpour of rain that either preceded us or followed us all the way to Mission as we went on toward the Valley.

Frankly the Valley did not look up to its normal self. It showed neglect of orchards and fields, and buildings did not show up as they once did. Some freezes and other misfortunes have affected the Valley for the worse. But it is always a spectacle of interest to the average Texan, especially if he has read Mr. Allhand's story of the building of the St. Louis, Brownsville and Mexico Railroad in the early days of this century, when almost no development had taken place in what we delight to call "The Magic Valley."

A turn through Brownsville is always interesting, for I have been going there for thirty years and have seen a lot of development.

In passing through Raymondville we saw more storm water for a distance of sixty miles than I ever saw on the earth. It can rain in that area when a tropical storm shows up.

**NOTE OF THANKS**

For sending the nice cards and calling to inquire, and especially to the doctors and nurses at Hico Hospital. Your thoughtfulness will always be remembered by us. Again we say, thank you.

MR. & MRS. ROY FRENCH.
