NUMBER 28

P-TA Halloween Carnival Monday

Spooks and goblins will be running rampant next Monday night, Oct. 31, when Hico Parent-Teacher Association will sponsor the annual Halloween Carnival at the school gym.

Each class will sponsor a booth to raise funds for their Queen and King candidates. At 9 p.m. the booths will close and the class with the largest amount of proceeds will see their candidates crowned in an impressive, colorful coronation ceremony. A royal couple will be selected from elementary school and high school as in previous years.

Mrs. Von Scott, chairman of the Ways and Means Committee, has promised a fun-filled evening of entertainment. Hilarious entertainment has been lined up to be presented following the coronation. Serving on the committee with Mrs. Scott are Mrs. Dock Lackey, Mrs. Toe Horton, Mrs. Henry Hill, Mrs. John Pitts and Mrs. Charles Golightly.

The food booth, which will start serving at 6 p.m., and the country store is being sponsored by P.T.A. members, and money derived from these concessions will not be designated for use by any room.

Booths sponsored by each class are:

- First Grade: Fortune telling and make-up booth.
- Second: Shoe shine and fishing booth.
- Third: Toy store.
- Fourth: Fish pond.
- Fifth: Dart board.
- Sixth: House of Horrors.
- Seventh: Air rifle shoot.
- Eighth: Roping clothes pins.
- Ninth: Bowling.
- Tenth: Cat Rack.
- Eleventh: Weight guessing and basketball.
- Twelfth: Senior Arcade.

King and Queen candidates selected by each grade are:

- First: Lucy Stearman and Lee Ramage.
- Second: Renea Fillingim and Charles Golightly.
- Third: Carolyn Doty and Wayne Baker.
- Fourth: Alyce Churchill and Donnie Joiner.
- Fifth: Maey Beth Martin and Barry Adams.
- Sixth: Carolyn Wooton and Jimmy Barnett.
- Seventh: Glenda Ogle and Aodis Land.
- Eighth: Laura Pratt and Charles Erick.
- Ninth: Patsy Wooton and Mike Flowers.
- Tenth: Martha Paddock and Gary Wooton.
- Eleventh: Anita Dunnigan and Charles Yell.
- Twelfth: Lou Laminack and Melton Lowry.

Price of admission is only 10 cents per person. Residents are urged to take the family for supper and an evening of entertainment, and also help the P.T.A. in their major fund raising project of the year.

Graveside Services Held Here Oct. 12 For Billy Wren, 43

Graveside funeral services were held here October 12 for Billy Wren former resident, who was residing in Waco at the time of his death October 10.

Mr. Wren, who was 43 years old, was the son of O. W. Wren Sr. of Lampasas.

Funeral services were held in Waco.

Survivors include his wife, four children; his father; two sisters, Mrs. Thomas Loden of Lampasas and Mrs. Glen Mitchell of Fort Worth; and four brothers, Hershel and O. W. Jr. of Lubbock, Worth of Lampasas, and Bob Wren of Amarillo.

Mr. and Mrs. R. E. Pass of Hico and Mr. and Mrs. Frank Phillips of Lampasas attended the Waco rites.

HONORED—Miss Ann Askey, daughter of Mr. and Mrs. Jess Askey of San Saba, was received into the National Honor Society in a formal initiation ceremony held October 13 in San Saba School. Membership is based on character, service, leadership and scholarship. Ann, a senior, is the granddaughter of Mr. and Mrs. Roy French of Hico.

TROTTERS WILL MAKE HOME IN SAN SABA

Mrs. B. L. Trotter left Friday for San Saba where she joined her husband, Dr. Trotter, who has accepted a position with San Saba County Hospital. Mrs. Trotter had been teaching the fifth grade class this year the fifth grade class her husband was associated with the Hico City Hospital and Hico Clinic.

Band Highly Complimented On Performance at Tarleton

The Hico Tiger Band traveled by bus to Stephenville last Saturday where they were participants in the Tarleton State College Homecoming Parade.

The parade, through downtown Stephenville Saturday morning, and conducted as one of the features of homecoming activities, was declared by observers to be the biggest and most extensive ever held there.

There were nine bands from high schools throughout Central Texas, the military corp of Tarleton State, dozens of decorated floats, and many other interesting features. Estimates of the crowd indicated that between eight and ten thousand people lined the streets as the parade passed.

ed by, a Stephenville newspaper reported.

In the band competition Stephenville High School won the 3.A division, Ballinger won the 2.A, Eastland I.A. and Eden for the school coming the farthest distance. Stephenville Junior High won the B and C competition.

Hico Band did not place in the competition, but judges were astonished at the progress of the band that has only been playing as a group for the past six weeks, and said they were to be commended on their progress. They also stated that if a band trophy was being awarded to the band that had progressed the most in the past year, Hico Band would definitely be the winner.

Band members attended the homecoming game Saturday afternoon between TSC and Wharton County Junior College.

Two Games Remain On Kitten Slate

Hico's Junior High Kittens, who played Stephenville Thursday night, have two more games remaining on the schedule this year.

Next Tuesday night, they meet a strong Clifton team at the local stadium in a game starting at 7 p.m. The following Tuesday night they will entertain Meridian here to close out the season.

Prior to the Thursday game with Stephenville the locals owned a 4.1 record, having defeated Glen Rose, Meridian, Cranfills Gap and Evant, and losing only to district champion Valley Mills. They finished district play in second place.

Revival Services Continue at Hico Pentecostal Church

Revival services are in progress at the Pentecostal Church in Hico, and will continue through Sunday, November 6.

The public is cordially invited to attend these services each evening and hear Evangelist Mrs. H. S. Towles of Dallas.

Services begin at 7:30 p.m. with prayer for the ill.

Hico-Gap Battle Friday

The Hico Tigers will travel to Cranfills Gap tonight, Friday, for their next to last game of the season. The locals have an open date next Friday night, and close the season with Evant at Hico on November 11.

Cranfills Gap, like Hico, has played two district games and have lost both. For the season, Gap has lost all eight games played. The Tigers have fared a little better over the season route, showing three victories against five defeats. The Tigers lost to Valley Mills last week, while Evant was defeating the Gap.

The Tigers will have three starters on the doubtful list for the game tonight. Neil Ellis has missed school this week with a cold, and Mitchell Mayfield and Larry Erick are both hobbled with minor knee injuries received in last week's game. Fieldon Haley is slated for starting duty, but won't be able to go full speed.

Hico is favored to win from the Lions, but a close game is expected. Game time is 7:30 p.m. at Cranfills Gap.

Fairy Halloween Carnival Slated Friday Night

Fairy Public School will hold its annual Halloween Carnival Friday night, October 28.

Festivities will begin at 6:30 p.m. with a chili supper in the school cafeteria. Sandwiches, pie and coffee will also be served for those who do not want the regular chili supper.

Carnival activities will be held in the school gymnasium, with the climax of the evening being the presentation of the best costumed figures in the all-community masquerade.

Den 2 Cub Scouts Hold Regular Meeting

Cub Scouts of Den 2 held their regular meeting last Thursday, Oct. 20 at the Scout House.

The group practiced a skit that will be presented at the next Pack meeting, and for their club project used their coppen saws in cutting out totem poles and signs.

Members present included Wayne Baker, Rusty Crier, Frank Bonner, Neil Wade, Pat Norrod, James Gosdin, Bryan Ganske, Ronnie Fellers, Duane Willingham, Charles Golightly, and Den Chief Bill Rutledge.

Mrs. Lotus Gosdin served refreshments to the Scouts and Den Mother Mrs. James Crier.

Deferred Pastures Show Abundance of Grass

By A. L. MILES

Early in April this year ranchers in the district were urged to adopt a program of deferred grazing on at least part of their range lands. Quite a number of ranchers did this and are highly pleased with the results.

A recent check on one ranch where all livestock were removed May 1st showed a roughage reserve (grass) of an average of seven thousand pounds per acre. This is ideal for the rancher. He has an abundance of winter grazing. All that is needed to carry his livestock through the winter in good condition is a small amount of protein supplement. A pound or a pound and a half per day will carry his cattle through the winter in excellent condition. With steady markets this ranch should realize a satisfactory profit on operations.

Another extreme of range conditions was observed. It was a case of extreme over-grazing. There was not enough growth left to make a clipping to estimate the amount of grass on the land. This ranch was visited in mid-October and the rancher had already started feeding hay. For the next six months he is faced with the expense of the cost of hay plus the cost of protein supplement. It is highly probable that he would be ahead financially if he sold all livestock and waited for a new

growth of grass in the spring.

There are many reasons for good range management through deferred grazing or rotation or alternate grazing. One is to keep the range plants growing actively over as long a period as possible. Another is to encourage the growth of desirable grasses, while weeds, brush and inferior grasses are crowded out. Still another reason is that a good cover of grass on the land prevents run-off when the rains fall. It also prevents erosion. Any range properly managed either holds its own or increases in productivity. All ranges constantly over-grazed go down in both production and value.

No doubt, in every community there is evidence of over-grazing as well as evidence of proper range management through deferred grazing. Take the time to observe closely the results.

Much work has been done to determine proper use which means profitable use of ranges. The information developed over the years is available to every rancher in the district through the personnel of the Soil Conservation Service at both Hamilton and Gatesville. Call on these people who have made a detailed study of range management. They can help you in the adoption of a range program that will increase production, and increased production means increased profits.

LOOK OUT NEIGHBORS! Neighbors in the vicinity of the H. R. Baker home had better be on the look-out come Halloween night. Wayne and John Baker, sons of Mr. and Mrs. H. R. Baker, have their costumes and trick or treat sacks out and ready to go, as will many other little Spooks and Goblins all over the country.

Eagles Claw Tigers 36-8 At Valley Mills Last Week

Ho, Hum! The Valley Mills Eagles keep right on winning! Their latest victim, running their streak to 16 consecutive wins, was the Hico Tigers who went down 36.8 at Valley Mills last Friday night.

The Eagles, who were playing without the services of three top backs, were hard-pressed for the first 22 minutes in the game, holding a slim 6-point lead with two minutes remaining in the first half. The Tiger defense relaxed in those next two minutes and let the Eagles push over a TD and extra point to give the home team a 14.0 lead at intermission.

After the intermission, the Eagles roared back with two touchdowns within two minutes to chill any hopes the Tigers might have had of staging a comeback. They scored once more early in the fourth period, and held the Tigers on every effort until the clock showed only five seconds remaining. With a desperation pass, the Tigers lit up their side of the scoreboard, and with time nearly out the locals added the two-point conversion.

A key 15-yard penalty against the Tigers with the Eagles facing fourth down helped the home team along to their first touchdown.

Fumbleitis, the worst case this year for the Tigers, also contributed greatly to the Eagle cause. The Tigers gave he ball away five times via the fumble route, and once more by an intercepted pass to stymie any hopes of getting a drive started.

The Eagles were set up for their first touchdown with a 12-yard Tiger punt. Fielding the ball on their own 42, the Eagles used seven plays and a 15-yard penalty to mark their first six-pointer. The Eagles played most of the remainder of the first and second quarters in the Tigers' end of the field, and some great defensive work by the locals stopped Eagle drives at the 11 and 26 yard lines.

The game progressed along in a defensive fashion until the clock showed two minutes remaining in the half. With the Eagles in possession at their own 32, they sprung Jack Sanderson loose for a 68-yard gallop into the Tiger end zone. The two-point conversion made the score 14.0 ending the first half.

Robert Reed and Mike Lowe played a fine defensive first half for the Tigers.

Starting the second half, the

Tigers kicked off to the Eagles. On the first play from scrimmage Tommy Kimbrough broke into the Tiger secondary and raced 56 yards for the touchdown that twisted the Tigers' tail.

The next Eagle TD was via the gratus route. After the kickoff the Tigers fumbled and the Eagles owned the ball on the 18 yard line. Three plays later Kimbrough notched his second touchdown of the night which pushed the score to 30.0.

A dropped pass killed the next Tiger threat and it was the Eagles' ball game from then on. Their last marker came after recovering another Tiger bobble at the 13 yard line. Jerry Hinton got the score on a 12-yard scamper, making a 36.0 ball game.

With the clock showing 4 minutes remaining, Hico cranked up an 80 yard drive that led to their only touchdown. The marker came with five seconds remaining when Neil Ellis passed 34 yards to Mark McElroy. Ellis got the two-point conversion, and the game ended 36.8.

Defensively for the Tigers, Reed, Lowe, Ellis and Boone were the bright spots.

Dragons Slip By Walnut Springs In 34-33 Thriller

The Iredell Dragons slipped by the Walnut Springs Hornets 34-33 this past Thursday night, Oct. 20. This is the first time Iredell has been able to defeat Walnut in the past eight years.

Both teams played a terrific game, but the determination of the Dragons just couldn't let the Hornets beat them. The half-time score was 28-8 in favor of the Dragons but due to a few mistakes the Hornets managed to come close to beating the Dragons.

The Dragons blocked an extra point kicking attempt and intercepted a pass to help their winning cause.

Scorers for Iredell were: Mike Phillips, 12 points; Ronnie Herrin, 10 points; Joe Fouts, 6 points; and Wayne VanWinkle, 6 points.

The Dragons have only two more games to play until bi-district play. They will represent District 13-B regardless if they lose either of the next two games, but it will throw a tie between Iredell and some other team for the championship.

In the bi-district game the Dragons will play the winner of District 12-B, or the winner of Luaders Moran and Putnam to see who enters regional play.

Mrs. Lela Tidwell spent last week in Joshua visiting her son, J. E. and family.

Mr. and Mrs. J. D. Craig and children were in Dallas Sunday visiting their son and brother, Bob and family, and getting acquainted with their new granddaughter and niece, Linda Diann, who arrived Thursday at Allison Clinic in Grapevine. Mrs. Craig

CARLTON OPENS BASKETBALL SEASON SUCCESSFULLY

Carlton opened the 1960-61 basketball season Tuesday night, Oct. 18 at Carlton. They played host to the Desdemona teams. Carlton captured both games, although the boys game was not decided until the final signal.

The girls score was Carlton 56, Desdemona 31. The boys score was 43-39 in favor of Carlton.

The girls game was a fast-moving, aggressive contest with Desdemona leading the first quarter 16-17. Carlton kept the pressure on and moved into the front to stay. Top scorers were Linda Sharp of Carlton with 20 points and Hessie Rainey of the Porkers with 16 points. Sharp field shot by Novis Cox and Linda Sharp drew the Desdemona guards out and the Rams started driving to the basket. The Ram guards continuous pressing and exact rebounding took its toll on a Porker team that grew weary near the end.

Jimmy Longino hit 20 points to lead the boys team. Macky Theford scored 14 points while feeding the ball to Longino and driving for the basket. Roy Thompson played a fine defensive game and his rebounding against a tall Porker team was a deciding factor in the win. Carlton lost three starters via the foul route and fine play by Jimmy Thompson, Terry Sharp and Jerry Sharp cemented the win.

basis to be used in the acquisition of materials and equipment to be used in the improvement of instruction of mathematics and science in the twelve grades of the school. A part of this expenditure will be spent on minor remodeling.

The State Plan sets out a program for approving reimbursement for a dollar for dollar matching basis to school districts.

Equipment eligible for purchase under local school projects is defined as fixed or movable articles which are particularly appropriate in instruction in science and mathematics. Such equipment includes material items of a non-expendable nature, such as a movable unit of furniture or furnishings; an instrument or apparatus, a machine and attachments, an instructional skill-training device, or a set of small articles.

The Carlton School will have their carnival Monday night, Oct. 31. Afterwards the crowning of the High School and Elementary School King and Queen will be held.

CARLTON ATTENDANCE SHOWS INCREASE

Carlton Independent School District has the largest enrollment since Sept. of 1952. Ninety-six students have enrolled in the twelve grades.

The attendance has been very good. Only one absentee was recorded in Mrs. Freddie Sill's classes for the first six weeks; two in Mrs. Jewel Parrish classes; four days absence in Mrs. Betty Patterson's room; four and a half days in the room of Mrs. Birdie Burnett. In high school ninth and tenth grades showed five and a half days absence, and the 11 and 12th grades bowed their heads with fourteen and a half days.

The average daily attendance in the Carlton schools since 1951-52 as follows: 1952, 111; 1953, 105; 1954, 91; 1955, 90; 1956, 89; 1957, 83; 1958, 67; 1959, 81.

The attendance for the first six-week period of 1958 was 75.39, for the same period of 1959 was 80.05, and for the same period of this year was 91.43.

CARLTON RECEIVES MONEY UNDER DEFENSE ACT

Carlton School District, through the Texas Education Agency, received \$643.00 on a matching fund basis to be used in the acquisition of materials and equipment to be used in the improvement of instruction of mathematics and science in the twelve grades of the school. A part of this expenditure will be spent on minor remodeling.

LENDI HOLT Editor
SHEILA PARTAIN Assistant Editor

Friday night I hopped a school bus and went to Valley Mills to see the Tigers and the Eagles tangle. I guess everyone was as disappointed with the outcome as I was for there weren't many kids out after the game. I couldn't even find anybody out on a certain little road. The couples I did see were Kay Y. and Billy B.; Anita M. and Kenneth S.; Joy L. and Charles T.; Will Ann L. and Sam K.; Linda H. and Lee F.; Nita K. and James J.; Sheila P. and Wayne W.; Linda P. and Harlon K.

Saturday night I ventured toward Stephenville as usual. I crashed the Tarleton dance but found only one Hico couple, Kathy H. and Ronnie K.

I took my spotlight elsewhere and had better luck. Couples I saw in and around Stephenville were Lou L. and Neil E.; Anita M. and Larry E.; Linda H. and Lee F.; Nelda W. and Jimmy H.; Joy L. and Charles T.; Barbara R. and Mitchell M.; Linda P. and Harlon K.; Kay Y. and Billy B.; Jane A. and Pat L.; Sylvia S. and Dale E.; Sheila P. and Wayne W.; Betty H. and Royce A.; Judy O. and Roney G.

Down Waco way I saw Barbara P. and Royce S.

On Sunday my spotlight wasn't working too well or there just weren't many couples out. Those I saw were Jane A. and Neil E.; Betty H. and Royce A.; Anita M. and Kenneth S.; Joy L. and Charles T.; Sylvia S. and Dale E.; Dixie L. and Mike L.; and Nita K. and James J.

LATE FAIRY NEWS

Word was received Tuesday afternoon of the death of Bera Slater of Waco, former resident of Gatesville. Funeral services were held at 2:30 p.m. Wednesday in Gatesville. He is survived by two sisters, Mrs. R. W. McAdams and Mrs. Emmitt Anderson, and a brother, Byrd Slater, all of Fairy. Byrd Slater is a patient in the Veterans Hospital in Temple.

Gannaway went with Mrs. Angeli to Dallas last Saturday, Oct. 15. They visited the Interscholastic League Workshop at SMU where they attended special workshops conducted in Drama, Declamation, Prose, and Oratation and Debate.

The workshops are conducted to help students in Interscholastic League to improve in the particular event in which they participate.

Tri-County Medical Association Votes Bryan Scholarship

The Tri-County Medical Association and its Auxiliary met last Tuesday evening in joint session at the Sunset Cafe in Dublin.

Following the dinner the group voted to establish an annual \$300 scholarship fund as a memorial to Dr. T. F. Bryan, who died recently, after having practiced medicine in Dublin since 1904. Dr. Nathan Cedars appointed a committee composed of Dr. Vance Terrell of Stephenville, Dr. Joe J. Pate of Dublin, and Mrs. C. A. Jordan of Dublin to attend to details for the administration of the fund.

The Auxiliary then went to the home of Mrs. C. A. Jordan for its meeting. Mrs. Nathan Cedars, president, distributed first aid study group handbooks to the members for study before the next meeting.

Mrs. H. V. Hedges of Hico reported the sixth annual Public Relations Conference of the Texas Medical Association which was held in Austin recently.

Mrs. Vance Terrell, yearbook chairman, presented members their yearbooks.

Plans were made for a luncheon honoring the state auxiliary president, Mrs. Hamsay H. Moore, which will be held Oct. 10 in the Robin Room at Tarleton State College.

New Auxiliary members Mrs. D. L. Richardson of De Leon and Mrs. Bobbie Trotter of Hico were welcomed.

Dear Buck:

So good of you to invite us to express our opinions on the coming election. I have had a great urge ever since the Democratic convention to write how disgusting the whole thing was. Especially the skit they showed with Uncle Sam being drug in the dirt. He may be in the dirt, but it is just such people as the two Democratic nominees and their speeches that are doing it.

I will admit that everything isn't just as we would have it, but taking a few faces and distorting them out of all reason is a disgrace to our beloved USA. I am sure Mr. K. and the rest of the Communists hurt themselves laughing at the confusion they have falsely portrayed in our country. There is nothing to be gained by making things out to be worse than they are.

Do we want to elect "turncoats" to the two highest offices in our land? Even Truman wouldn't attend the convention knowing the nomination was fixed. Now he is stumping for them and clowning. He should be ashamed to appear in public. He made such a poor showing for himself during his administration. Then there is Kennedy's religion. We know for a fact the Catholics confess to their priest often, and the Pope is head of the church and what he says goes. Regardless of Jack Kennedy's fair promises we should think of all these things before we cast our votes in November. (Please don't sign my name as I don't want to stir up any strife and what I have said might do just that.)

Name Withheld.

Van Buren, Ark.

Dear Buck:

Extend my expiration date ahead to the value of the enclosed check. Your recent story of the NR's history is a fairly accurate one, except for the fact of the oversight (I am sure) of an old friend of mine, J. N. Davis, who for many years was superintendent of the Hico Public Schools. He was later associated with H. B. (Henry) McDaniel when the paper became the News. About 59 years ago, the Bosque Valley Democrat (50 cents per year) was housed upstairs over what is now Howard Drug. I folded papers on press day. This was several years prior to the birth of the Hico Review. Best wishes to you and yours. ROBERT PHILLIPS.

Dear Editor:

I rather like your idea of letters from the readers in which they express their views—good or otherwise. Don't have much to say about the merchants closing the stores on Saturday afternoon. I agree with the first letter writer. The farmer can go to the town where the store isn't closed. That isn't much help to the home merchant though. It's easy to see that it is nice to have an extra half day off. Even the farmer would agree, and more especially during planting and harvesting time when his hours get long and his days off few. Bet the dairymen and poultry raisers would like to have one day off! Those occupations are such that the work can't be put off until the next day. Now let's take up another com.

community affair. By reading your paper, I see that the Halloween gip racket is to be controlled this year. I don't believe any public spirited citizen minds a little contribution to help the school, but it got downright disgusting. Mothers don't mind baking one cake or pie to help. Does it stop there? No. The next few days saw the children coming in yelling "Mother, Teacher said for you to bake another cake." Then here comes the neighbor's children selling decorations, cake pans, flower bulbs that you never get the number you paid for, and most anything you don't want. Why do we buy? To keep the neighbors from saying "She wouldn't even buy anything from my Johnny!" Incidentally, what has been bought for the school with the carnival money in the past two years? I'm sure those two carnivals must have netted near \$1500 together. Quite a helpful little pile of money if used properly.

Let's rip into the circulators and signers of petitions. The Reader's Digest tells of a teacher who, at the beginning of each school year, sends home a note telling the parents she won't believe what the children tell about home if the parents promise not to believe all the things the child tells about school. Now that's just about the best thing parents could promise. I'm a teacher. Believe me, some of these parents that are so anxious to tear up teachers and schools would melt and run down if they knew some of the things their children tell, in all innocence, at school. A teacher gets a bang and very often a shock when some little child tells about mother's boy friend, daddy getting drunk, a big family fight, or how much money we owe at the bank. Any teacher who has taught small children has often heard things like that. Does the teacher circulate a petition against the parents? No, she even has the decency to keep her mouth shut.

No, I don't believe teachers are without fault. They too, are human. Let's see if we can get them to refrain from assigning written work in such quantities on the nights that children are to go to school sponsored activities. That looks like a good time for the teacher to say to herself, "Oh glory, my ungraded paper stack won't grow tomorrow." I don't believe that the child's education will be too sadly neglected if he doesn't have written work every night. Name Withheld.

Visitors in the home of Mr. and Mrs. A. W. Railsback this past week were Mrs. Pauline Hamlin and daughter, Jaunita of Big Spring and Mr. and Mrs. M. L. Pierce of Wichita, Kansas.

Mr. and Mrs. J. M. Adams of Canyon have returned to their home after a two-week visit with his sister and husband, Mr. and Mrs. Brooks Hall and family, and with relatives in Waco.

WINDOW DRESSING—For informal window dressing, cafe curtains remain the favorite of the homemaker. They're easy to wash and iron, and can be opened to let in light or closed for privacy. Here, scalloped cafe curtains in a bright cotton print are used to make two widely spaced single windows look like a generous picture window. Made in three sections, the center panels cover wall space between the windows. Outer panels may be opened to provide sunshine.

LAUNDRY LINGO

Are you confused by all the laundering terms used on television, in magazines, and newspapers? Here are some explanations that will clear up the meaning of some of these popular terms:

Anti-Static Agent: This is a laundry aid which you can add to the final rinse to prevent build-up of static electricity which causes crackling and clinging in some fabrics.

Fabric Softener: When you add

this product to your rinse water, it gives softness or fluffiness to all washable fabrics. It will reduce wrinkling and make ironing easier. Often used on infants' garments.

Brightener: A product which clings to fabrics like a dye to produce greater whiteness or brightness. Brighteners are included in most washing products, but are also available separately.

Rinse Conditioner: To be used in your first rinse to prevent minerals

CARD OF THANKS

We extend this word of thanks to our friends and neighbors for the many acts of kindness and sympathy during our bereavement. Our appreciation for the beautiful floral offerings, the service, food, cards, telephone calls and all other deeds of kindness. Also thanks to Dr. Herrin Dr. Hedges, Dr. Trotter and Mr. and Mrs. W. CHATTER

By HELEN OGLE

About this time a year ago, I accepted a position with the News Review and assumed duties in a field completely new to me. My previous experience in public work had been in office work, and for some ten years, I had been idle fulfilling the duties of housewife. (If you can call that idle work!)

During the past year, I have learned to appreciate and realize the real value of a newspaper. Like most people, I was an ardent reader of the News Review and usually the Star Telegram. I read the paper and threw it aside, with no particular interest pro or con, and now I read and absorb a newspaper.

In fulfilling this job, I've tried to learn to cover news stories and sell advertising. This can be an easy job sometimes and then it can be a tremendous one. It's not hard to fill eight pages with copy, but not many people ever read far into a paper like that. Current live news about Hico and its surroundings, with items of interest that you enjoy reading and know about is the real goal. Some weeks I feel as though a job has been done well, but others aren't so good. I think we are very fortunate, in that we have so many nice people who are so prompt and nice to call in all their news. This one thing has helped me a lot in learning to handle news coverage.

I have especially enjoyed contacting the merchants and business people in the advertising field. This allows a visit with many people and I hear their views and even learn news from them. Hico merchants and business people have been very receptive in helping me in the advertising department.

Now to put the news coverage and advertising together, in the past year I feel that I have increased my newspaper knowledge, at least a bit. I have truly enjoyed the past year, and would like to say thanks to all of you who have been so nice and encouraged me in so many ways.

And now for some loose chatter,

even though it has to be limited this week.

Jen Horton says she doesn't understand why we don't install a coffee urn in the NR, so everyone could enjoy a good cup of coffee while giving their news stories. Sounds good to me Jen, and I bet I could get some good chatter material.

Sim Everett is having a hard time finding a home for his pet cat, that he doesn't want. Keep tryin' Sim, maybe she'll get lost one of these days.

Judy Keller has a real good bird dog to sell at a nice discount price. Only one catch, she doesn't want her husband Pete to know about it. Anybody got a good dog house? Judy may need it next week.

Pete Jenkins came by the office and got involved in a discussion on world series baseball. He named some mighty big salary figures for those winning ball players, and decided he'd better leave or we'd miss getting the paper on the press.

And speaking of baseball, guess Margaret Tressler of Jennerstown, Pa. is lost in the excitement of the Pirates winning. Come down out of the clouds, Margaret, and remember that you owe a letter home to Mom and Dad, or Mr. and Mrs. Rex Ellis.

A note from out Pecos way reads: "We surely don't like to miss the Hico News out here in West Texas. Drop by some time and see how we West Texans live. We have been looking for the Morse Rosses every since school started, as we saw in the paper that Carol was Far West now. Greet our Hico friends for us, J. L. and Eugenia Goodman."

I am just plain leary of snakes, even the word, so will let you chat with Louise Blair on that subject.

Enough for this week, so let's go to press with this thought from Benjamin Franklin. "Doing an injury puts you below your enemy; revenging one makes you even with him; forgiving one sets you above him."

SHOP IN HICO

There are many reasons why it's smart to shop in your home community . . . Most important, of course, are the "Dividends" you earn when you patronize your Local Merchants . . . By shopping at home, you are saving in dollars and time and helping to establish a better community.

Yes, you are actually doing your part in building and bettering your own home community . . . BECAUSE—a part of every dollar you spend with your Hico merchants goes toward the improvements necessary in any community. The taxes your local merchant must pay go into the building of better schools, churches, employment and enjoyment . . . so do your civic duty—and do yourself a favor—by buying from Hico merchants.

"A Rolling Stone Gathers No Moss"—and a traveling shopper actually takes a loss—when counting up the money spent on gas—the time lost in looking in a strange and faraway shopping center—and the inconveniences of shopping away from home. The stores in Hico are devoting their time and effort toward making your buying more beneficial. Shopping with Hico Merchants is "Visiting with your neighbors—Don't Roam! Shop at Home!"

FAIR PRICES — GOOD SERVICE — COMFORT AND CONVENIENCE AWAIT YOU—RIGHT IN YOUR OWN BACKYARD!

A "low, low" price you pay many miles away does not necessarily make for bargains! The real value-wise shopper knows that a bargain means top quality, recognized brands, and above all, the reputation of a reliable dealer to back it up!

And that's exactly what you get when you shop with Hico merchants—They have displayed their trust in you by locating in your community and stocking modern up-to-date merchandise. They are the first to recognize your needs, your taste and the limitations of your budget. Your local merchants want your business and welcomes your patronage, with the friendly helpful service you always find in your Hico Stores. So for the best—always shop at home.

Make Your Dollars Build Your Community . . Not Somebody Else's . . . It Pays to Buy Right Here

These Hico Business Establishments Are Genuinely Interested in the Future of This Community and in your Welfare—Trade Here Where Your Money Benefits You!

FAIRY
 By MRS. EUNICE RICHARDSON

We have misty weather today, Tuesday. Most housewives, like myself, seemed to have expected a change in the weather and did the family washing Monday.
 We were sorry to learn of the passing of Mr. Will Hardy of Hico which we did not learn of until Wednesday following funeral services. Our sympathy is extended to the daughter and family and other relatives.
 Mr. and Mrs. Lloyd Bolstad, D'Ann and Glenn of Laurel, Miss. spent from Thursday until Saturday in the home of her parents, Mr. and Mrs. E. M. Hoover. They were on their return home following a trip to Ohio where they attended the wedding of his sister. They also visited in Lubbock on their return in the home of Mr. and Mrs. Ralph Spencer and family and spent Saturday night in Houston with friends, returning to Laurel on Sunday.
 Sorry we overlooked giving a report on the high school pupils and parents who attended the State Fair last Saturday week. Parents making the rip were Rev. and Mrs. Wesley Jones and family, Mr. and Mrs. Raymond Jones and family, Mr. and Mrs. Whitehead and family, Mrs. Arnold Gleason and children, Mrs. Claude Holley and daughter, Mrs. Carl Ray Sellers and Carolyn, Mrs. Wallace Halle and children, and most of the high school pupils. Teachers accompany. ing them were Mrs. Hill and husband, Mr. and Mrs. Martin Schrank, Raymond Jones and Mr. Whitehead drove the school bus. All reported a wonderful time.
 The Fairy school will sponsor a Halloween Carnival Friday night, Oct. 28, at the school gym. A chili supper will be held at 6:30 at the cafeteria. Regular carnival activities will be held in the gym with prizes being presented to the winners of the best Halloween costumes. All are invited to attend and take part in the activities.
 Mrs. Charles Price and Ronald of Austin spent from Thursday until Sunday in the home of her father, P. L. Cox.
 Mr. and Mrs. Carl Ray Sellers, Carolyn, Jimmie and Janice visited Sunday in the home of his mother, Mrs. N. S. Sellers of Hamilton.
 Mr. and Mrs. Herman Sills have added a double carport to their residence, the former Dr. Young place. Carl Ray Sellers did the work and also made some concrete porches and steps.
 Mr. and Mrs. Ray Miller of Carlsbad, N. M. were visitors at the cemetery Friday of last week. The writer happened to be down

Wood.
 Nona Brunson worked at the cemetery last Friday making repairs to a few graves and hoeing Johnson grass. Seems the working of lots back in August while it was dry really helped. We had him dig up all roots just under the surface, whether the moon was just right or what not. Seems the working at that time really set the grass back. He went over the lots Friday and hoed up what Johnson grass that had appeared. The rest of the mowing will be completed next month, which we hope will finish up most of the expense through the winter.
 Mr. and Mrs. W. E. Goynne of DeSota spent the week end at their home here.

DUFFAU

 Mrs. Pascal Brown

Mr. and Mrs. Jerry Witte and family of Grand Prairie spent the week end at her parent's home in the Lanham community. They remained through Monday in order that Mr. Witte might assist in completing the installation of a heating unit at the new Lanham Methodist Church. Mrs. Witte is the former Mary Nell Jones, daughter of Mr. and Mrs. Irvin Jones, presently of De Sota.
 This scribe made a wild goose chase Sunday with intentions of attending singing at North Bennett Baptist Church, five miles northeast of Goldthwaite. Arriving there we found one car in waiting, Rev. and Mrs. Marion Johnson, Mr. and Mrs. Jim Edwards and Mr. and Mrs. Jefferies. After a short wait they asked us to leave our car there and join them to go on to Goldthwaite. This we did. A large crowd was present there with singers from many places. Bill Huggins was in charge.
 The army worms are doing quite a bit of damage over this and surrounding counties. Mr. and Mrs. Edwards reported Sunday they had destroyed their grain completely and had started in on the grasslands, leaving the land bare behind them. Jack Cates of near Evant was in our midst Monday and stated his grain fields were as bare as a piece of freshly broken ground. So all would like to see a good cold spell which would probably stop this menace. Most of the late sown grain is up and looking fine so far.
 Mr. and Mrs. Lawrence Adams of Hamilton attended church here Sunday and visited the remainder of the day in the home of her sister, Mr. and Mrs. H. O. Richardson and Jerry.
 Mrs. Pedro Jones of Lantham and her sister, Mrs. Mack Broyles of Evant spent Tuesday in the home of their daughter and niece, Mr. and Mrs. Frank Hanes and Mike. Tuesday was the birthday of Mrs. Broyles.
 Mr. and Mrs. Frank Hanes and Mike were in Corpus Christi Friday and Saturday where they attended a teachers convention Saturday morning. Mr. and Mrs. Lester Roberts, Hamilton teachers, also attended. They were accompanied by Mr. and Mrs. Garlon Street, who visited in the home of their daughter, Mr. and Mrs. Leon New and family.
 Mr. and Mrs. Bobby Drew of Dallas spent from Saturday until Monday in the home of her parents, Mr. and Mrs. Frank Hanes and Mike.
 Mr. and Mrs. Frank Hanes and several of the faculty members attended a teachers meeting at Hico Monday night.
 Our last report from Mrs. C. M. Broyles, who is a patient in the Clifton Hospital, was that she hadn't been resting too well the past few days. She is ill of vertigo.
 Bro. Bill Nix was a dinner guest Sunday of Mr. and Mrs. Leonard

Everybody's Watching...

"BEAUTENA'S" WEIGHT

Ever since we got Beautena, the fast-growing Purina demonstration calf we have on display, people have been dropping in to watch her grow. And, she's growing like a weed! She weighed 68 lbs. when she started at 3 days of age. Now, she's up to 125 lbs. and she's only 2 months old!

She's Really Growing on PURINA CALF STARTENA

Beautena has had no milk. She got Purina Nursing Chow her first month and has had all the Purina Calf Startena she wanted.

We figure she'll top 300 lbs in four months and do it on about 9 bags of Calf Startena. She's going to cost less than 18c a lb. to grow!

Raising a big husky calf like this Purina Research Farm heifer is easy the Purina Way. Come in and let us show you how you can let Nursing Chow and Calf Startena team up to help build some of the huskiest calves ever grown on your farm.

HERE OR NEAR

By E. E. DAWSON

One of the best ways to get a vision of a place or period in the past is to get an old paper of the period interested in, from the place of interest and look it over, read it, visualize the period and place with that assistance. Recently a partial copy of an old-time Hico News Review came into my possession and I read it with quite a lot of interest, and this week I will ask the readers to have a peep at it with me.

It is dated December 18, 1908. It is No. 22 of Volume XXIII. Twenty-three years before 1908 would date the first edition of the paper in 1885, seventy-five years ago. Say, this paper "ain't no spring chicken," is it? The copy I am reviewing is fifty-two years old. How it managed to stay intact for that more than a half century is something of a mystery. This edition says that it is "A Trade Edition," and it had three or more sections, only the first and third are in hand.

The Hon. W. M. Whitmire was the Mayor of the city that year. His picture shows him to be quite a young man of good appearance, and from his looks one would judge him to be capable. A list of

former mayors of the city cites these: T. B. Mothershead, W. L. Ballard, J. C. Hutchingson, F. H. Snider, Daniel Pingree, J. P. Rodgers Sr. Some of these men served as much as four terms.

Did you ever wonder how Hico got its name? Well, this paper tells. Dr. J. H. Alford was one of the first men to come to the town. He was from Kentucky, and from a town there named Hico. He suggested the name for this town and it was adopted. It would be interesting to know if Hico, Ky. still exists.

A picture of the Chief of Police shows that worthy to be J. R. McMillan. He was a husky-looking gentleman with a heavy mustache and wearing a hat of military style of the period with the insignia of office on his hat and on his breast. The paper pays quite a tribute to him by saying that he reduced crime to a minimum and his manner of dealing with lawbreakers led many such persons to forsake crime and live useful and honorable lives.

Well, what of business in that year? Petty Brothers carried a full page ad in that edition, and showed the portraits of six of the Pet-

ty brothers. Really, the Petty sons were almost as numerous as Jacob's. That Bible hero had twelve sons. The Hico National Bank also had a page ad, showing its capital stock to be Sixty-Thousand Dollars and total resources of \$316,000.00. The name of H. F. Sellers appears prominently in that ad. Other advertisers were: Hico Roller Mills; Scarborough and Wells, druggists and jewelers; R. L. McDaniel, real estate; J. W. Stovall, general merchandise; Hico Electric Light and Power Co.; Hico Telephone; The Banana House, operated by F. C. Behrens; Will F. Hooker, Tinner and Plumber; Jordan-Spencer Co., lumber yard; The Hico Real State Co.; Seales Hale and Cole, realtors; The Hico Townsite Co., real estate; and a man named Frank W. Hudson, who ran a meat market of unusual character. Dr. Hull is mentioned as a doctor who did much for the community.

I wish I could have seen the Second Section of that issue and could have seen others of the period. A farmer-rancher is mentioned and a letter that he wrote to the paper makes interesting reading. He was L. A. Powledge who arrived fresh from Georgia, his native state, on the twenty-first of December 1900. He says in his letter that during those eight years of his residence he had been able to save a thousand dollars each year and pay on his acreage. Whereas in Georgia he had never been able to save a penny any year of his life there. He thought Texas the greatest state of all for the poor man to get ahead. He says that, in keeping with the habits of Georgians, he tried the use of the best known fertilizers on his farm here, but could not tell the difference between where he used fertilizers and where he did not. His conclusion was that Texas soil does not need fertilizers of any sort.

I am turning the remains of this ancient edition of the paper over to Editor Buck to keep as a memento. In that year of 1908 Hico had a compass, two gins, a mammoth cottonyard, train service with four trains each day, two of which carried sleepers. It also bragged of Lake Fairview. Where that body of water was I am unable to tell you, having never heard of it otherwise.

An outstanding and influential institution of 1908 was Mr. Ben Randal's School that was established in 1904. It enjoyed a widespread high reputation. The present members of the Randal's family are his sons and grandchildren.

Mrs. Anna Long, Spanish teacher at the Bell High School in Hurst-Euless, receives rapt attention as her class uses the first American Seating Electronic Learning Center installed in Texas. The completely-transistorized system utilizes language training methods developed by the United States Armed Services to teach foreign languages 25 per cent more rapidly.

October Meeting of Clairette H.D. Club in Auvermann Home

Mrs. Authur Auvermann was hostess to members of the Clairette Home Demonstration Club at her home on Friday afternoon, Oct. 21.

Mrs. John Golightly, club president, presided over the meeting. The program was opened with the group singing "Help Somebody Today," followed by the club creed and prayer.

Mrs. Chance Sterling was winner of the recreation contest, by naming all the counties surrounding Texas' largest cities. Mrs. Wolfe was also awarded a gift by the hostess for being lucky lady for the day.

Roll call was answered with Halloween Customs, followed by a report on the October Council meeting, given by Mrs. Edwards. Plans were discussed and approved for serving punches at the Hereford Sale in January, also for giving suppers to raise funds for the Club's bank account. Mrs. Golightly gave the annual report on frozen, canned, and stored foods and improvements of the homes and grounds.

A delicious dessert plate was served by the hostess to the following members: Mrs. H. K. Self, Mrs. George Loden, Mrs. N. E. McGuire, Mrs. H. G. Wolfe, Mrs. Marvyn Rush, Mrs. Frank Johnson, Mrs. John Willis, Mrs. Golightly and Mrs. Sterling.
