DALE WHITLEY

Colorado City Rites Held For Dale Whitley, 32

Funeral services were held for John Julius Dale Whitley, 32, at 2:30 p.m. Friday, June 23, in the Fifth Street Church of Christ in Colorado City. Minister J. P. Williams and E. H. Masters officiated, with burial made in the Colorado City Cemetery.

He passed away last Wednesday afternoon after suffering a heart attack.

Mr. Whitley was the son of Mr. and Mrs. S. L. Whitley of Hico.

As Scoutmaster, he had accompanied Boy Scout Troop 23, of which his son, Rickie, is a member, to the Buffalo Trail Scout Ranch 38 miles north of Fort Davis.

Whatley had just returned from an afternoon hike with his group when he entered the swimming pool. He swam across the pool and apparently suffered a heart attack as he climbed out of the pool. Artificial aid with a resuscitator was administered for 80 minutes after he suffered the attack.

Born in Eastland on June 10, 1929, Whatley was a graduate of Holliday High School. While a resident of Hico he was employed with Barnes & McCullough, and was married to Dorothy Turner on May 10, 1946. He lived in Graham before moving to Colorado City in 1955 where he was assistant manager of the Carey Lumber Co.

He joined the Colorado City postal staff in 1957, where he was employed at the time of his death. He was a member of the Church of Christ.

Survivors include his wife; four children, Alice, Jerry, Rickie and Patricia, all of Colorado City; his parents, Mr. and Mrs. S. L. Whitley of Hico; one brother, A. L. Whitley of Olney; one sister, Mrs. Durwood Polk of Hico; his grandmother, Mrs. Grace Funk of Levelland; and a host of relatives and friends.

Laundry Robbed Tuesday

Approximately \$28.00 was taken by thieves early Wednesday morning of this week when they broke into an automatic change machine at Hico Automatic Laundry.

The robbery was discovered by Mrs. Edgar Bulloch around 8 a.m. Wednesday. Constable Clarence Jackson stated. Mr. Jackson said the robbery apparently occurred between 11 p.m. Tuesday and daylight Wednesday.

It has been theorized that the local thieves were the same that broke into automatic laundries at Dublin and Stephenville Wednesday, as the technique used was the same in all the robberies.

Sheriff Woody Young and Constable Jackson were investigating the case.

Miss Reunion Contest to Feature Two Divisions

Suggestions Given for Safer, Saner July 4th Holiday

The Fourth of July—annual observance of this country's willingness to fight and die in the cause of freedom—is on the verge of its yearly blood bath for less ennobling reasons, according to J. O. Musick, General Manager of the Texas Safety Association.

While in 1776 early Americans poured from their homes and out of the hills to fight for independence with meager arms and little preparation, the coming holiday will see Americans, with the greatest amount of vacation equipment ever assembled, rush to the highways with an insatiable desire for speed, undertake frightening travel schedules with no more sleep than a combat infantryman would get in a forward post, and batter their way to a staggering waste of lives and untold hours of misery.

In addition to the traffic crashes, a number of other hazards confront these happy

CARLTON REUNION SLATED JULY 4TH

July 4th Holiday Tuesday

Tuesday, July 4, will be observed as a holiday by most Hico businesses, and many residents will be taking trips or entertaining out of town visitors.

The News Review would like to have an account of July Fourth activities, and residents are urged to call in their reports.

Community correspondents and advertisers are urged to take note of the Tuesday holiday, and have copy in the NR office by Monday. The NR will remain open Tuesday. Cooperation will be sincerely appreciated by the publisher.

A change in the Miss Reunion contest has been announced this week by chairman Mrs. O. C. Cook. Mrs. Cook revealed plans for two divisions in the contest this year, rather than the customary one division.

Miss Reunion entries will be contestants from the ages of 16 to 21, and the second category will be a Junior Miss Reunion, with contestants being 14 to 15 years of age.

Both divisions will be judged on opening night, August 2, of the 75th Annual Old Settlers Reunion. Two trophies will be awarded in each division.

Tentative rules have been set as follows:

1. Any local area unmarried young lady between the age of 14 and 21 is eligible for competition. (Local area is Hico and territory which includes Iredell, Fairly, Duffau, Clairette, Carlton and Olin.)
 2. The contestant must be sponsored by a Hico business firm or organization.
 3. Deadline for entry is Monday, July 17.
 4. Contestants will be judged in evening wear.
 5. Entries will be judged on precise personality and beauty.
 6. Registration fee of \$3.50 must be paid in advance to Reunion Association, and contestant will not be qualified until fee has been paid.
 7. Entry fee and photograph of contestant must be turned in at the same time to Mrs. Cook. (Photograph should not be larger than 3x5 and should be a glossy print.)
 8. Judging will be by out of town judges.
- Businesses interested in sponsoring an entry are urged to contact a local girl at the earliest possible date and notify the chairman.

Confusing Week Noted In Weekly Bowling League

By MORSE ROSS
League Secretary

There has been a hectic week for the secretary and all confusions in the Hico Mixed Bowling League. The confusion began with the fact that the Tejas Lanes will be closed on league night due to the alleys.

Teams have had to play matches whenever they could get together. Only two games have been played at this writing, with more to be played Wednesday night if possible. The regular schedule will then be re-established as usual, barring further complications.

Friday afternoon Judy's Beautician's Cleaners to the tune of 4-0. Wilson surely missed some of the players who could not participate at the time. Hershel Sherard had his highest series with a 451. Mary Nell Scott had a nice 377. Charles Goughly was high for the Wilson team with 409.

The News Review Newsstands, in a very close match with Cheek Furniture, gained a 2½ to one and a half win. The games were so close that one was tied and another was decided by only one pin. Both teams had good scores. Joyce LaBowe led the News Review with a 497-187. Buck Meador hit his high series of the season to help his team along. Ray Check's 499 and Alta Mae Hamilton's 423 for the Furniture team was high men's and ladies series for the team.

Final results will be given when the week's schedule is completed.

Qualifying Deadline Is Tues. In Local Golf Tourney

Tuesday, July 4, is the last day for qualifying for the first annual City Golf Tournament, to be staged during the month of July.

All entries must be turned in by that date to chairman James Cryer, along with the \$2.00 entry fee.

A special high school flight will be included in the tourney, which will enable players in that age bracket to compete. Due to an Interscholastic League ruling prohibiting high school athletes from accepting awards, no entry fee will be charged, and no prizes will be awarded in this flight.

After qualifying rounds and pairings have been made, golfers will have three weeks in which to play two 18-hole rounds.

The tourney is being run on a handicap basis, with each player having an equal chance to win.

All golfers, either beginners or experienced players, are urged to take part in the tourney. This will be the first of a series of scheduled activities at the local country club during the summer months.

THIS WEEK IN AUSTIN—

Calm Before the Storm During Lull in Austin

Austin, June 28.—State Capitol is having a relatively quiet period—somewhat like the "eye" of a hurricane.

Legislators are at home, and Gov. Price Daniel has gone to Hawaii for the National Governor's Conference. Officially, the "time out" ends July 10 when the special tax session begins.

But despite the lull, sharp gusts of differing opinions are still blowing. Before leaving, Gov. Daniel issued a parting blast at lobbyists in particular and critics of his anti-sales tax stand in general. He is thinking of asking for tighter lobby control measures, particularly in regard to reporting of money spent to influence legislation. He also accused opponents of his tax plan of being unwilling to compromise.

Lawmakers are having their say before the Daniel-appointed committee to study tax measures. Sen. Wardlaw Lane, sponsor of the Senate-passed sales tax bill, took a dim view of the compromise talk Legislature compromised on taxes in 1959, he reminded, and the state government ended up more deeply in debt.

As to lobby control, Sen. Lane said the Legislature had already passed the measure that the governor had said would do the job. In general, Sen. Lane urged a "stop politicking and get on with the job" approach.

New Laws Completed.

Before leaving for Hawaii, Gov. Daniel signed scores of bills into law, vetoed a few, and otherwise cleared the decks from the 57th regular session.

He signed the bill which will allow the University of Houston to become fully state-supported in the fall of 1963. This bill was the cause of a month-long filibuster in the Senate.

He let become law without his signature a measure known as the Carling Brewery bill, also highly controversial. It was sought by the

Carling Brewery which plans to build a \$20,000,000 plant in Fort Worth. Under the bill, a brewery may continue to operate in an area even if it is voted dry. By not signing it, the governor demonstrated his lack of enthusiasm.

Altogether the Legislature passed 549 bills in the regular session. Only 14 were vetoed by the governor.

School Bus Prices Probed.

Atty. Gen. Will Wilson has launched inquiry into the prices being paid by the state for school buses.

Wilson announced courts of inquiry to be held in Austin, Dallas and perhaps later in San Antonio. He said investigation had been underway for six weeks and had revealed that Texas was paying from 10 to 25 per cent more for school buses than other states. He said there was no evidence of identical bids, but that he felt there was a strong possibility of "rigged bidding."

School buses are bought by the Board of Control with state school funds on the basis of sealed bids. Bus dealers could, if found guilty of conspiring together over prices, be subject to both civil and criminal antitrust suits. (Courts of inquiry are not trials, but proceedings for the taking of sworn testimony to see if there is evidence for filing suits.)

Parent Liability Upheld.

In a recent case, the Supreme Court refused to change a lower court decision that the law holding parents liable up to \$300 for damage caused by their children is constitutional.

Challenging the law was a father whose 15-year-old son had stolen and wrecked a car. Three courts upheld the constitutionality of the law and the father's responsibility.

It holds parents liable for "malicious and willful" destruction of property by children between 10 and 18 years of age.

New Bulldozer Purchased by Local Contractor

Truett Blackburn, local conservation contractor, is the owner of a new D-7 Caterpillar tractor with bulldozer.

This machine is the latest and most modern that can be had for the type of work being done by Blackburn. It has an electric starting system, a turbocharge diesel engine to give maximum horsepower, track rollers that last the entire life of the rollers without greasing, and uses one weight oil for all parts of the tractor.

The new equipment enables Blackburn to offer the best and quickest service on any type work in the conservation line.

CHATTER

By HELEN OGLE

After spending ten days just plain loafing I find it hard to get back in the routine of things, but can't afford not to, so am happy to be back at the desk. It may take some folks two weeks to get broke, but not Sandy and I. And the worse part of all—no fish story to report. I thought we were water-logged, but the fish were worse than that.

I would like to thank Bette for pinch-hitting for me last week and fulfilling the space allowed here for me. I think she is to be complimented and what I don't understand is why she had previously told me that she couldn't do the job. Better watch this space now as we may do some chatter swapping.

J. P. Rodgers says its anybody's guess as to when he and his wife will move into their new home. He says one thing calls for another, a new stove then a new refrigerator, and now its new furniture to buy. J. P., you just as well concede as you won't ever get through with a home project.

Hazel and Jimmie Ramage have been slinging the paint brushes so long now that they have decided that it might be a good field to work in. Only thing Hazel needs a paint-proof suit to wear.

Buck Price was meeting himself Monday as he tried to keep up with his work and supervise some surveying at the farm.

Sarah Reeves says she is glad to be back at work, so she can get

some rest. She enjoyed the week off, but who likes to clean house and sod the yard in grass—on vacation time.

Clara Chaney has a good thing going in selling the household furnishings and pocketing the money, but Louis makes the delivery and is grumbling about his fee.

Want to know how to burn a pot of beans? Well Mae Russell can tell you quite easily. She visits with her parents each day and reads the local paper to them while preparing lunch. Her Dad said he had learned "long since" not to combine the two duties.

When it comes to selling a man on the job of digging up grass, Frank Griffiths can talk the longest and loudest, but works even harder when he gets spade in hand.

Louise Blair says there is a very simple way to spend \$3.45 in a restaurant in California.

A note from Mrs. J. A. Hamilton saying that she missed my chatter, but wishing nice vacation and good fishing. Said she liked to fish but didn't have a suitable spot so. She also stated that it continued to rain she was even full of me getting a message to hear from you Mrs. Hamilton and the one thing I did not do was to hear from you.

May we thank Mrs. Lilla Nell of San Angelo for her nice compliment as follows: enjoy reading the paper and want to say it keeps me up to date on the big city paper. I want to mention you on the impression that I've noticed for some time.

Don't forget that next Tuesday is a holiday for most of us. We'll be here listening to the phone to ring and pecking at another deadline. We'll be vying you lucky guys!

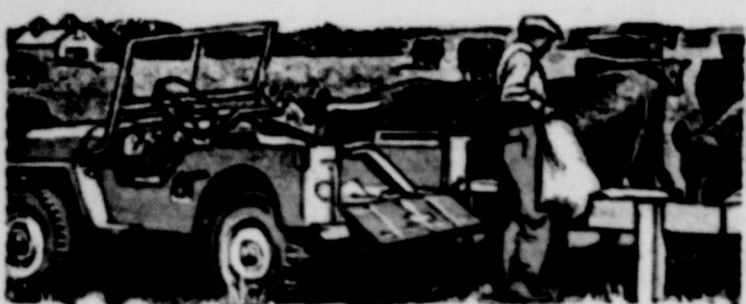

Another reminder is that the 75th Reunion that calls for an extra big celebration, your candidate for Miss Hico and then think up a nice theme for the annual parade. Just a thought and work from me will make the event worthwhile.

FRIENDABILITY . . .

Have you ever heard of the word "FRIENDABILITY"? it's not a common word, but it points out an atmosphere that is common in our town. If you think about the word "FRIENDABILITY" for a moment you'll find it embodies other "ilities" — such as reliability and stability.

The word "FRIENDABILITY" can be used to express all of the good things about Hico and the people who live in it. Then too, the business people of our community strive hard to put "FRIENDABILITY" into everything they do in serving the folks of our area. They offer merchandise that is reliable — they offer stability by standing behind the products they sell — and they offer these things with neighborly service — just like the "good old days."

What does this add up to? "FRIENDABILITY!" The kind of old-fashioned treatment you get when you rely on HICO merchants for your good living needs.

Hico merchants offer a wide variety of goods priced in line with all competition. Shop Hico stores next time—Shop where your business is appreciated.

FAIRY

By MRS. EUNICE DANIEL

We received about one and a half inches of rain early Sunday morning. Much of the farm land was still very wet and uncrusted due to recent rains.

We were sorry to learn that H. R. Brummett is again hospitalized at the Hico Hospital. Mr. Brummett and his wife have been making their home at the Hico Nursing Home for the past two years. We hope he will soon be improved sufficiently to return to the home.

Albert Garza underwent an appendectomy at the Hamilton Hospital Wednesday of last week. He was able to be returned to his home during the weekend.

Mr. and Mrs. H. O. Richardson and Jerry visited last Sunday afternoon in the home of his grandmother, uncle and wife, Mrs. A. L. Newman and Mr. and Mrs. Prentiss Newman of near Duffau.

Mr. and Mrs. Carl Ray Sellers, Carolyn, Jimmie and Janice visited Sunday in the home of her sister, Mr. and Mrs. D. E. Allison of Dublin.

Mr. and Mrs. E. M. Hoover and daughter, Mrs. Lloyd Bolstad, D'Ann and Glenn were shopping in Fort Worth Saturday.

Mr. and Mrs. Nathan Strickland and Mr. and Mrs. Hargis, and the ladies' mother, Mrs. A. J. Miller, all of Carlsbad, New Mexico visited in the Scott Blakley home Monday. They had been visiting in the Gatesville and Jonesboro areas with relatives of Mr. Hargis and Mr. Strickland, and the Hargis would also visit with J. B. Jaggers at a nursing home in Dublin on their return home. The ladies' are the former Misses Flora and Loreta Miller of the Agee community near Fairy.

Mr. and Mrs. Scott Blakley and her nephew, Rodney McCoy of Dallas, who is visiting in the home visited Sunday with their daughter and cousin, Mr. and Mrs. Max Lam of Flat.

Mr. Frank Hanes and Mike and his mother-in-law, Mrs. Pedro Jones of Lanham, and granddaughter, Claudette Jones of Alice who is visiting here were in Evant Sunday to attend the Davidson family reunion. Mrs. Hanes was unable to attend due to a severe throat infection. Glad to report her much better at this writing. Mrs. M. E. Parks and Audie, and their two daughters and sisters, Mrs. J. T. Leonard and Melody and Mr. and Mrs. Delbert Pack

of Stephenville enjoyed a sight-seeing tour to Marble Falls Sunday. They attended church at Lampasas enroute.

A revival will begin this Friday night at the Agee Baptist Church with Rev. Walter Davidson as officiating minister. Paul Schwalbe of Jonesboro will direct the singing, with Miss Doren Gwen Willeford of Fairy as pianist. Everyone has a cordial invitation to attend.

C. M. Broyles spent from Monday until Wednesday with his daughter and family, Mr. and Mrs. Claude Jones of Alice, Little Miss Claudette Jones, who had been visiting here the past two weeks with her grandparents and other relatives, accompanied her grandfather to Alice. Mrs. Jones underwent surgery recently and is recovering nicely.

Albert Sellers of Jonesboro was in our midst Monday. He tuned the piano for the Agee church while here.

Mr. and Mrs. Frank Hanes and Mike were business visitors in Waco last Wednesday.

The writer was in Hamilton Monday. While there we visited a while with Mr. A. H. Sumerford and Mrs. Edna Roten, also at the funeral home where the body of Mrs. C. C. Carlton lay in state. Funeral services for Mrs. Carlton were held at 2:30 Monday afternoon at the Presbyterian Church in Hamilton, with burial in the IOOF Cemetery. Mrs. Carlton passed away Saturday morning at Scott and White Hospital following a lengthy illness. She was 69 and leaves her husband, C. C. (Buck) Carlton; one daughter, and several sons to mourn her loss. Our deepest sympathy is extended to the bereaved husband and children and other relatives at this time of deep sorrow.

Mr. and Mrs. Millard Bowers of Petersburg stopped for a visit last weekend with her uncle, P. L. Cox. They were enroute to Austin on a fishing trip, and to visit other relatives.

Carl Ray Sellers and family were in Waco shopping Monday.

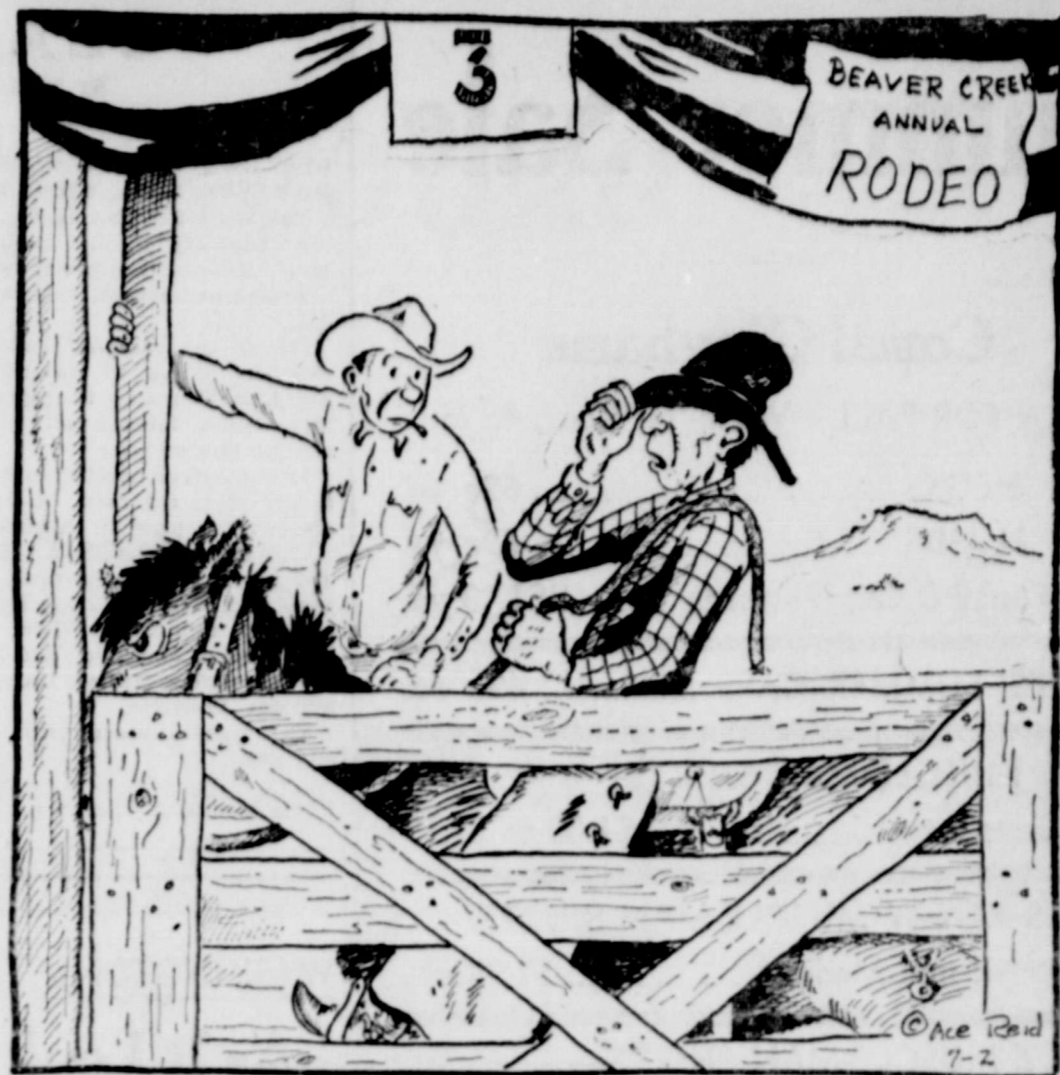

Cemetery News

With the help of Claud Lunsford and our grandson, Jerry Richardson, we completed a thorough clean-up job at the cemetery last Thursday. In the past we have just hand pulled the high grass around curbs that the mowers doesn't get. This took time and was to do over every time the mowing was done. So we had Mr. Lunsford take a grubbing hoe and remove the grass completely and it certainly added to the appearance of the lots and grounds in general. However we still have a little on the east side we expect to get next working. This is mostly scattered bunches.

We still have a few un-support-

ed lots that need working. On these we cut the largest weeds and Johnson grass, and wish we had funds to give these the same care as others, but we just don't at this time, and will appreciate it if relatives could look after these lots. At this time we have some 50 parties who are making annual \$5.00 donations for the care of lots and we do so much appreciate these faithful donors. The cemetery requires around four to five cleanup jobs during a year, depending on rainy conditions and this takes \$60 to \$75 each job, so you can see what it takes.

The labor cost this time was \$71.50, gas and oil \$1.75, making a total of \$73.25.

Thanks to all who have had a part financially in the care of our cemetery.

Our sincere thanks also to Mrs. Herman Sills for a \$3.00 donation given us Friday morning.

WASHINGTON—

As It Looks From Here

By OMAE BURLESON, M.C.
 17th District, Texas

Washington, D. C.—It is almost axiomatic that the abuses of good things by a few oftentimes lose it to the many.

The practice of a comparative few business interests of charging exorbitant expenses for tax deductible purposes has led to a crack-down by Internal Revenue.

In recent testimony before the Ways and Means Committee, Secretary of the Treasury Douglas Dillon described in a statement how practices of "charging it to the company" has cost the Federal Government as much as \$700 million a year. He has asked for a tightening up of expense accounts claimed deductible for tax purposes.

The instances of this "fudging" is described by the secretary as money spent at the racetracks, hunting lodges, yachting and fine resort hotels, the expenses of which are supposed to be for the "conduct of business."

One firm alone spent \$76,000 in entertainment expenses for stockholders and officers in one year. Another organization financed an African hunting safari taken by the president of the company and his wife.

A brewery company claimed and was allowed \$10,481 for a cruising boat it maintains to entertain distributors of their product. A manufacturer charged off \$187,418 for a hunting lodge. Another manufacturer was able to deduct the cost of maintaining a beautiful resort facility on a tropical island, including an airplane and its upkeep for going back and forth. Many more cases of a similar nature are on file and documented.

It is unfortunate that these abuses reflect not only on the business integrity of the small percent who has taken an undue and unfair advantage, but it reflects on the vast majority who are conscientious in their claims. Of course, such practices are not condoned and practiced by responsible business and industrial leaders.

As the price-fixing scandal involving a few electric companies gives those who oppose them reason to advocate radical action against them, so do the repercussions go against legitimate business activities.

It is now proposed that a traveling businessman not be allowed more than \$30 a day for all expenses, whether his own or entertaining others.

Business organizations such as the National Association of Manufacturers and the United States Chamber of Commerce contend that this move is the Government telling the citizen to change his way of running his business. They contend that it denies business the freedom of action to conduct its own affairs, prohibits their right to speak and to be heard on matters affecting their welfare.

Legislation has been introduced which attempts to clarify the situation, but it is certainly no easy matter. It is an extremely complicated problem and one which seemingly defies solution to the satisfaction of everyone.

The attempt, however, should be made to permit reasonable and fair expenses as deductible items for income tax purposes when such expenses are necessarily incurred for business promotion and betterment. The fact remains that the many who are conscientious and reasonable seemingly, must be protected from the few who take unfair advantage. This is true in most all things in our society and is the reason for laws, both prohibitive and mandatory.

Just a Thought: The best way to determine what tomorrow will bring is to put your order in today.
