## IN ABILENE—

### Hico Band Performs at Giant Festival Saturday

Members of the Hico Band participated in the Band Day held last Saturday at Abilene with other bands from Central and West

Texas. Abilene Christian College and West Texas Fair Association sponsored the event.

The local group was one of 15 bands in a parade in downtown Abilene at 3:30 p.m. Following the parade members were feted with supper served at Abilene Christian College cafeteria.

An impressive ceremony performed by all visiting bands and the ACC band was presented at halftime at the football game held that night when between ACC and Lamar Tech. The ceremonies were very colorful when the approximately 1000 band members, in their various colored uniforms, marched and played enmasse.

### Girl Scout Drive Ends Saturday

The fund raising drive being staged by leaders of the Hico Girl Scout and Brownie Troops was underway this week, and will continue through Saturday.

A spokesman for the organization said this week that this was a one-time effort only, and after the initial drive the group would stage their own fund-raising campaigns.

Purpose of the drive is to secure much-needed funds for the group, which was organized only last year, and which has a membership of near 50 girls.

The organization has never asked Hico residents for funds before, and contributions will be used for establishing, and securing more interest in the Girl Scout and Brownie Troops.

A representative will be calling, or has called, on all residents in the Hico school district during the designated period of Oct. 2-7.

Mr. Alford was born in Hico July 27, 1878. He returned here about one month ago after living in Lovington, New Mexico for the past 17 years. He was a member of the first graduating class of Hico High School in 1898.

Fred J. Jaggars will bring the morning message, following singing featuring an all-men's chorus and testimonies by Bobby Needham and N. N. Akin.

In the evening service the men will again fill the choir and Mr. Rayford Wootton will speak following testimonies by Mr. W. C. Urwin and Mr. Bernell Jernigan. Rev. Tom Pratt, pastor of the church, has extended a cordial invitation to each and everyone to attend these services.

### Gorman Pins Tigers 30-0, Stephenville B Here Thurs.

Gorman High Panthers showed Hico fans why they were undefeated and why they have not been scored on to date last Friday night by trouncing the locals 30-0.

They also got a measure of revenge for the shellackings taken from the Tigers the past two years, when the locals won 22-0 and 52-8.

The Panthers, every bit as good as expected, started scoring early by taking the opening kickoff and marching 67 yards for the first tally. Small and speedy Ronnie Page, a do-it-all quarterback, stepped the last 55 yards by pulling a sneaky sneak right through the middle of the Tiger line. He broke into the secondary and then high-tailed it down the sideline for the six point.

Gorman continued their scoring ways in the second quarter with a safety and another TD to go out front 14-0.

Turning point in the game came shortly before the half when the Tigers lost their only touchdown of the night when an over-eager Hicoan was caught using his hands on offense and the touchdown play was called back. Don Jernigan had hit Mark McElroy with a perfectly executed screen pass that carried 25 yards into the end zone. The play was nullified by the infraction and Hico was penalized back to the 39 yard line. The locals made a gallant effort to score from the 39, working to the one and a half yard line before losing possession. The Tigers made four stabs at the Gorman goal from the one and a half but each time they were repelled by the stout defense, ending the local's most serious threat of the night.

Most fans felt that had the Tigers been able to score at that point and go out at halftime trailing by a single touchdown, the final outcome would have been different from the 30-0 pasting.

The short third period was played between the two 30 yard lines with neither team threatening.

The final quarter found Gorman scoring twice on long pass plays, the first being a 72-yard effort, and the second covering 53 yards.

### \$750,000 Paid For Livestock At Commission Co. Last Year

Hico Commission Company is observing its first anniversary this week under the ownership of Watt and James Weathers.

In an advertisement on another page of this issue, the company offers its appreciation to those who have traded there and re-

ports a sum of \$750,000.00 paid out during the past year for cattle alone. This amount was paid on 6,800 head of cattle sold through the Hico Commission Company during the past 12 months, and does not include prices paid for sheep, hogs and horses.

Supporting a large payroll the company believes these figures speak for themselves as an indication of its benefits to business and the entire community.

Besides Mr. and Mrs. Watt Weathers, the staff includes Mrs. T. R. Parks, Mr. and Mrs. J. C. Lee and Mrs. Dora Strong, office employees; H. A. Warren, weigher; John D. Smith, tickets; Buddy Rountree, auctioneer; T. R. Parks, Johnnie Reich, James Youngblood, Bryant Lively, Ed Lively, Nick Knight, Jack Hodges, Rufus Phillips, and Herman Stephens.

The strong News Review team had a mild let down and the Orphans powered by 200-plus games by Odie Petsick and Steve Parks held the News Review to their third straight draw in as many weeks.

Salmon's Shoppers tangled with Cheek's Kingpins and came up with a hard fought 4-0 win last week, led by Monette Dove, Shirley Ross and Conda Salmon. Ray Cheek and G. M. Bullard rolled well for the Kingpins.

The Summer League Champion Whiz Kids fought the league leading Beauties to a draw and knocked them out of first place. Ray Keller and Willard Leach starred for the Blair team while all of the Beauties composed of Judy and Pete Keller Mary Nell and Von Scott rolled well.

Wilson's Dynamos, currently the hottest team in the league took four points from the First National Tellers to go into a tie for second place with the Beauties only one point out of first place. Charles Golightly's 546 series led the men in the league by a large margin, and Sarah Reeves 433 outdistanced the ladies. Irene Wilson threw in a 390 series for good measure and the Tellers never had a chance.

## Junior Fire Marshals on Prowl---Parents Beware!

Warning to parents: if you don't want Junior beating you to the punch, check your home for fire hazards before October 8.

That's the first day of Fire Prevention Week, when third, fourth and fifth grades in 15,000 schools here and across the nation will solemnly prowl their homes, check lists in hand, spotting fire safety flaws.

It can be momentarily embarrassing to have an earnest 9-year-old point out the frayed electric cord you've been meaning to fix and the stacks of old newspapers you'd planned to clear out of the attic or storeroom. But that's what happens every year when some 4,000,000 youngsters become Junior Fire Marshals in a program sponsored nationally by the Hartford Fire Insurance Company and locally by Petsick Insurance Agency in cooperation with local schools and the fire department.

There's no denying the value of the program in cutting risks of fires that annually destroy 11,000 lives and a billion dollars' worth of property.

According to the International Association of Fire Chiefs, more and more towns across the country report notable reduction in losses as a result of home inspection.

### SOLDIER TRANSFERRED

elementary school, and 10th grade in high school.

Twelfth grade students will write themes.

First, second and third place winners in each grade will be awarded for posters or themes.

So why not check beforehand for the hazards outlined in the following check list your child will be getting from school.

1. Keep matches in a safe place, out of reach of small children.
2. Rid your home of old papers.
3. Store paints in sealed containers away from furnace.
4. Periodically check heating and cooking equipment.
5. Dispose of ashes promptly, do not store near combustible material.
6. Keep flammable liquids in tightly closed, approved metal containers.
7. Burn trash only in approved incinerator.
8. Dispose of oily rags and mops.
9. Replace frayed electric cords.
10. Keep portable heaters away from drapes and curtains.
11. Use metal screens before fireplace.
12. Use proper fuses in electric fuse box.
13. Never smoke in bed.
14. Make sure cigarettes and matches are out when you are through with them.
15. Learn how to call the fire department.

Other than the Junior Fire Marshal program, the school is cooperating with the program by the following ways:

Fire Prevention Posters will be made in Grades 3, 5, 6 and 8 in

Mrs. T. R. Parks, who had spent several days in Fort Worth with her daughter and family, Mr. and Mrs. Truett Turner and sons last week following the injury of Bobby Turner, 13, returned home last week for a few days stay, but returned to Fort Worth the last

of the week. Bobby received a broken leg and arm when struck by a car while riding his motor scooter to school. A boy friend was also on the scooter. After almost reaching their destination the friend thought of failing to get money to pay for his lunch, and we understand the accident happened as they were turning around to go back for the money. Bobby has had a pretty rough time as his leg was cut and bruised so badly it could not be set for a while. We hope he is much better by this time. The other youth was only slightly injured.

Mr. and Mrs. Willie Turner, Ray and Bernice visited Sunday in the

home of her sister, Mr. and Mrs. Eddie B. Glass of Flat.

Mr. and Mrs. Ernest Seyvaour of Grand Prairie spent the weekend with her parents, Mr. and Mrs. J. T. Jackson.

We returned to Hico and remained for the funeral services of Mr. John Lane of Hico which were held at 2:30 Thursday afternoon. Our deepest sympathy is extended to those bereaved in the passing of their loved ones. Mr. Lane was the father of Mrs. Coyt Clark of Fairy.

Mr. and Mrs. Ferrel Murry of Abilene were here last week visiting her parents, Mr. and Mrs. Coyt Clark and attending funeral services for her grandfather, Mr. Lane.

Mr. and Mrs. Irvin Jones and some friends from DeSota spent Saturday at their farm home at Lanham.

Junior Jones of DeSota spent Friday night with his aunt, Mrs. Pedro Jones.

Mr. and Mrs. Milford Miller and Ronald visited during the weekend with her mother and brother, Mrs. M. E. Parks and Audie.

They carried a cake and freezer of ice cream. His parents, Mr. and Mrs. Lam of Flat were also guests in the home Sunday. Mr. and Mrs. Lam also celebrated some on Saturday, going to San Marcos and other points, since he had to be away most of Sunday on duty with the National Guard at Gatesville.

These cool spells make us realize that winter weather is just around the corner and all those outside painting and repair jobs should be done now, and pipes wrapped for the winter months.

Our boys played Penelope at Iredell last Saturday night. The score was 41 to 6 in favor of Fairy. Our boys will play Iredell this Saturday night at Iredell during their homecoming.

Mr. Willie Turner was out trying to locate some cotton pullers during the weekend. He stated his cotton is mostly all open and he has twelve or more bales open. We hope he finds some help soon.

### ACCORDING TO ASC—

## In Co. Feed Grain Program \$88,437. Paid to Producers

Traffic through the County ASC Office the past two weeks has been extremely heavy, according to S. E. Cloninger, manager. An average of 57 producers each day made application. To date 371 applications for feed grain payments, in the amount of \$88,437.12, have been paid. Very few contracts remain to be paid.

Producers are reminded Grain Sorghum contracts are in effect until midnight, December 31, 1961, and that all provisions of the contract must be adhered to.

**Conservation Reserve Payments.**  
 All producers who have Conservation Reserve Contracts have been notified to sign application for payment, and that all provisions of the contract must be met.

Thirty-nine contracts will be terminated December 31. Producers who hold these contracts may prepare their land for 1962 crops, but are not allowed to graze the acreage at this time.

The annual Conservation Reserve payments, totalling \$132,623.41 will be mailed October 6.

Ten-year contracts have several more years grace. Producers who hold these contracts are reminded of the provisions of their contracts, and that those provisions must be carried out until the contract is terminated.

All farmers and ranchers are reminded that all mail to them from the ACS office is important and should be read carefully. Changes of address, ownership, or operators should be reported promptly.

### ACP Program.

To date ACP applications in the amount of \$24,924.42 have been paid for conservation practices completed under the 1961 program. Additional approvals in the amount of \$42,715.91 have been issued. Producers who hold these

approvals are reminded that they must be completed on time, and according to specifications, in order to receive cost-share payments.

Plans are to complete all 1961 work by December 1. This will give until Dec. 15 to report. Payment will be made approximately 15 days after work is completed and properly reported.

### Winter Legume Program.

The County Committee has added a winter legume practice to the 1961 Handbook. To date only five requests have been made for this practice. More participation is needed in this practice which can be of much benefit to the county's economy, if the practice is to be offered each year.

Legumes must be inoculated and seeded no later than Nov. 15. Grazing is permitted after February 15, 1962. None of the growth may be harvested. Cost share is 50 per cent of seed (Austrian Winter Peas and Vetch).

### Cotton Marketing Cards.

Cotton marketing cards are ready for you at the county office. Should you want your card mailed, make that request.

### Regular Meeting Date

The County Committee meets, regularly, on the first and third Friday of each month. All interested citizens of Hamilton County may attend these meetings. Your cooperation, interest, and suggestions for all phases of all programs are needed, and requested.

### WASHINGTON—

## As It Looks From Here

By OMAR BURLESON, M.C.  
 17th District, Texas

Washington, D.C.—It is with appreciation that the following editorial from the Lubbock Avalanche-Journal of Sept. 11, is reproduced.

"Omar Burleson Good Man for Post at UN—A veteran West Tex-

as Congressman, Omar Burleson of Anson has been named by President Kennedy as a member of the U.S. delegation to the United Nation's Fall meet and, after considerable soul-searching Mr. Burleson has accepted the invitation.

"Mr. Burleson, as down to earth as a field of grain sorghum, long has looked with a jaundiced eye at much of the UN operation. Like most of the rest of us, the Anson Congressman, now in his eighth term, has good reason to believe that the international debating society is far short of what it ought to be. Therefore, he has been critical of much of the doings of UN figures and has not hesitated to speak up.

"However, Mr. Burleson decided that as a some-time critic of the UN, he could not conscientiously decline the request that he be a part of the U.S. delegation during the approaching Congressional recess. If we run away from the things we don't agree with, I'm not sure we have the right to criticize them," he said.

"Mr. Burleson noted in his acceptance, however, that he will not go to New York and be any part of a 'rubber stamp.' He told the State Department before accepting that he would 'call 'em as I see 'em,' referring to U.S. attitudes on UN matters, and the State Department people said that's what they'd want him to do. So Mr. Burleson will go to New York.

"Knowing the Congressman to be a reasonable, but in no way a vacillating individual, we're glad he's to be part of the U.S. UN delegation this Autumn. His common sense point of view conceivably could level off some of the more 'intellectual' approaches to UN problems as they affect this country and we know for sure there will be at least one firm voice on our delegation fighting all the way against permitting the Red Chinese butchers from being seated.

"It will be interesting to watch the gentleman from West Texas in action with the striped-pants boys in New York's middle East Side."

### FOOD FOR THOUGHT By DONALD HUGHES

When I went back to college this fall, I noticed that there was an increase in the enrollment of physically handicapped students. Most of them are victims of severe childhood diseases such as polio, infantile paralysis and other crippling diseases.

I have noticed these students before, and I have often wondered at their fortitude. You may ask, fortitude against what? Mental depression or despair. Certainly they must build up resistance against this if they are going to succeed in their college work.

They go about their classroom routine without asking for pity or sympathy. They do not ask for special favors; all they ask for is a chance to prove themselves and to be treated as equals.

Sometimes when I see these students around the campus, I feel a little disgusted with myself. Why should I go around feeling lost and out of place when those youngsters have far more reason to be discouraged than I have? Their presence will not let me forget that no matter how bad things may look, there is always someone in just a little worse shape than I am.

### Coffee Time

## CHATTER

By HELEN OGLE

A cold surge of air tagged as our first norther of the year, breezed through Hico Sunday morning, and I'm told it was only that old south wind headed home. Regardless of title, we'll offer passage anytime for a nice rain.

Monday morning found local cafe counters lined with folks waiting for coffee, and some who waited had a chance to hear Robert Jackson tell some mighty stories on his wife. One thing for sure I'll bet Berniece could top anything he told.

Linda Patterson found it a perfect week to begin duties at the funeral home and was receiving some helpful hints from her employer, Wayne Rutledge, with help from James Cryer and George Christopher.

George Powledge was out early for the morning mail and making inquiries of the fall pecan crop.

Raincoats have their place we know, but Vera Bulloch and I can't help it if the sun shines before we have an opportunity to change. Besides that, they do make pretty warm wraps.

Ollie Davis needed a change in the weather and took time off to purchase a good warm jacket and hat.

"Rain or shine, when the first of the month rolls around it means bill paying time," says Drucilla Marshall and Mattie Gamble.

Should you be reminded of an unpaid light bill, just call Hester East and ask her to check her

pockets. Might better remember what color dress she was wearing. Sim Everett says he usually holds his cigarette in his mouth when smoking! So!

Mrs. R. E. Bass says its something to receive news of the arrival of a grandchild but it's even more special when a great-grandchild arrives.

June Roberson said she could have told everyone that a change in the weather was due as her daughter had one of those hay fever seizures.

Mrs. O. E. Meador says it's not always good to be sick but it usually brings all her children home for a visit.

Sharon Howard said she would like to pick up that cute blue coat and take it home but Mom was sure to say "Just pick it up and take it right back where you got it," so it was back to studying patterns.

Finding time to run to town is a chore for Doris Flowers, but it was nice to chat and enjoy coffee time with her.

No use in wasting that time, so Thelma Hudson gets a nice nap while drying her hair.

Mrs. Lem Weeks was conferring with Mrs. L. J. Sikes about ribbon for her new hat that she has finished crocheting.

And the sewing machine will buzz for Mrs. Jerry Simms as she was selecting fabric and patterns.

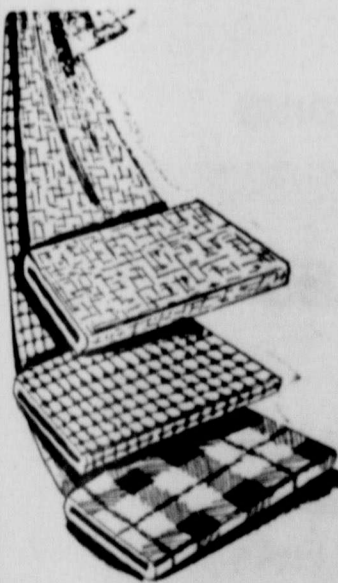

And remember—The simple life may not be glamorous, but it can be enjoyed at small cost—plus tax.

THIS WEEK IN AUSTIN—

Highlights and Sidelights

By VERN SANFORD  
Texas Press Association

Austin, Sept. 27.—As the weeks go by and new emergencies arise, Gov. Price Daniel finds more reasons for calling Texas Legislators back to Austin for another special session.

In addition to the Governor's unfinished program, Hurricane Carla has produced other reasons.

It is definite now that the Governor will ask for more money for the Highway Patrol and for the National Guard. He had to advance money to the Guard from his emergency fund, to pay salaries and expenses of the Guard units called up for hurricane duty.

Major General James E. Taylor, the state adjutant general, said that the 2,300 men and 800 vehicles called out for hurricane duty made up the largest peacetime operation in Guard history.

After Gov. Daniel's aerial tour of the hurricane stricken coastal area he estimated that some 3,000 lives would have been lost had it not been for the organization of civil defense, coordinating with local groups, to evacuate the area. He also estimated \$400,000,000

loss to public and private property.

"I can see now that we need to provide more money for the National Guard and we need to provide more Highway Patrolmen too," said the Governor. "I am sure I will add those to the call for a special session."

Rep. C. W. Pearcy Jr. of Temple proposed that the legislature permit cities and counties to issue bonds to make loans to disaster victims.

Speaker James A. Turman asked the House general investigating committee to start an inquiry into the payment of insurance claims as a result of Carla. He said many hurricane victims were surprised to learn that much of the damage was not covered by insurance. Adjusters held that their windstorm and hurricane policies did not include flood damage even though caused by the hurricane.

Gov. Daniel, irked over the adjusters' interpretation, urged policy holders not to be too hasty in settling their claims.

Let's Examine Our Movie Fare

GUEST EDITORIAL

"Perversion, violence, nakedness—this is common fare for 65 million to 65 million Americans who weekly sit in semi-darkness before brightly illuminated movie screens." It's high time the American public woke up to the consequences of this perversion of the largest industry in America.

A common evening's entertainment at one of America's largest movie houses in Hollywood include these titles:

"Not Tonight, Henry," "Eve and the Handyman," and "Nudist on the High Seas," and others equally as startling.

The thing that causes the problem, though, is not the amount of bare flesh shown as it is the fact that immorality is justified; drinking is glamorized; religion and ministers are satirized; prostitutes are idolized. This last fact can be seen most vividly by the fact that of the four Academy Award-winning actors for this past year two portrayed prostitutes.

This kind of thing can not possibly have any other than adverse effect on common Christian morals. For years only a handful of ministers and a few parents were interested in the things seen by American movie-goers, the majority of which are under 25 years of age. But, now, even magazines and newspapers are crying out in alarm.

The big problem is that the wave of sex movies is not being checked by these efforts. This moral corruption has swept the country and hangs like a leech even in our own local theaters. The theaters that allow this exploitation of sex are not crum-bum theaters on skid row either. The big majority of them are large family theaters in respectable neighborhoods.

Pollers say that sex crime and the divorce-rate have increased in proportion to the wave of movies. This shows the effect on young people (and adults) of this trend.

The big trouble is that many parents and leaders are not informed about the screen productions seen by their young people. I urge you to make a study of the fare for our local theaters and judge for yourself.

But, the question still remains—what must be done?

It stands to reason that movies are made to make money. If a particular kind of movie draws customers, it starts a trend. Therefore, we see the American public apparently wants this smut. But—Do we?

The fault lies in the fact that respectable people continue to patronize the places that show this corrupted view of life. If the money stops, the theaters change themes. The quickest way to a movie man's choice of entertainment is the box office. Not only this but community and church groups should provide activities to keep our youth busy. It's up to you!

"In the final analysis the correction of the problem rests—with individual acting in a responsible fashion, with individual theater owners who refuse to exhibit such movies, with individual movie-goers who refuse to patronize smutty productions and with individual citizens who are concerned enough—to rally an effective force of public opinion."

If this doesn't happen a handful of men interested only in money will continue to warp the lives of our families until America will be nothing but a decadent nation on the down-grade.

hurricane caused the most extensive wind and rain damage to crops, fields and pastures, ever experienced.

Of the prospective 100,000 bales of cotton in the fields, about \$11,000,000 worth was probably lost, the USDA said. Additional losses will result from grade reductions, the agency states.

January Session Talked.

Chances are that Gov. Daniel will have the legislators back in Austin during January.

Rep. Murray Watson of Mart suggests that Daniel set up a grass-roots committee of citizens to bring in proposals for removing inequities in the new sales tax law for action at the special session. Comptroller Robert S. Calvert

continues to explain the law. He ruled that the American Red Cross is exempt from the sales tax on its purchases, since it is an agency of the Federal government.

Calvert is studying a request from some large industrial firms that they be allowed to be "direct" payers of the tax. Theory is that life would be simpler if they could keep records and pay the tax once each quarter, instead of paying it hundreds of times a day in the normal course of business.
