AWARDED FOR 25 YEARS SERVICE—O. L. Davis, right, is shown presenting an Omega wrist watch by Cecil Coston, Division Manager for Community Public Service Company, at a recent employee meeting held at Clifton. Davis is local manager for CPS, and the award was in recognition of 25 years service with the company. Local employees who attended the meeting with Mr. Davis were Frankey Williams and Mrs. W. E. East.

Local CPS Manager Honored For Long Service With Company

O. L. Davis, manager for Community Public Service Company since 1942, was one of two company employees honored for long service at a recent employee meeting in Clifton. Division Manager C. P. Coston, Hico manager for CPS, presented Davis with a watch for 20 years of completed service. Davis, a native of Hico, Davis first joined the power firm in 1923. He was employed by the News Review from 1931 to 1934 when he returned to CPS as a serviceman here. He was sent to the States as CPS manager here in 1940 and 1942, returning in the fall of 1942 to assume his present post. Davis is a former director of Hico Civic Club, Past Master of Masonic Lodge, and chief of Hico Volunteer Fire Department. He has also served two terms on the City Council.

Mrs. Gamble Retires From Red Cross Post

Mrs. Barto Gamble, who has served Hamilton County for the past 20 years in various capacities in American Red Cross work, this week tendered her resignation from her present position as local service officer. No announcement has been made as to who will assume the duties but Jeff Perry of Hamilton County Service Officer for the Red Cross, will make an appointment within the next few weeks. Mrs. Gamble has served as local chairman for Red Cross fund drives for many years, and has also been County Fund Drive Chairman several times. She asked the News Review to express her sincere thanks to Hico people for the generous response given in aiding Red Cross work through the years.

Shoppers Move Closer to Bowling League Title

By MORSE ROSS
League Secretary

Shoppers stopped the Ranch Cowhounds, who were ending their league lead, cold crucial match at Texas lanes Wednesday evening. The Dynamos regained respect by trouncing Blair's Kids 4-0, and Cheek's Kings moved into fourth place by bringing out a 4-0 win over the Review Newshounds. Hico Darts replaced the First Tellers in the cellar spot by beating said Tellers 3-1, and Beauties and Steve Parks' teams battled to a 2-2 draw. The match was heavy again this time with the women doing equally well. Joyce LaBowe again the top lady bowler with series but was pushed close by Ruth Salmon's 474 and Mary Scott's 472. Yours truly led ten with a 570-201, followed by Cheek's 505, Von Scott's and Odie Petsick's 501.

- Breeding animals gain potency, conception, longer productive life

KEY-MIN IS POWERFUL AID IN FITTING FOR SHOW AND SALE

Profitable swine production through fluctuating markets depends on sound breeding — prolificacy — disease and parasite control — good feeding practices, with the use of locally produced grains at least cost. Kimbell KEY-MIN aids tremendously in all these management problems.

Top feed conversion means greater profit margins — better health makes disease and parasite control much easier.

FAIRY

By MRS. EUNICE DANIEL

They were sorry to learn of the death of Mrs. J. A. (Stella) Richardson of Carlton, who passed away Saturday morning at the Nursing Home. We learned Sunday noon her death had been reported and called the nurse who informed us she had been taken to Hamilton had been planned to go on but calling them at 1:15

they stated the body had been taken to Carlton where services were to be held at 2:00 p.m. With only 45 minutes until the services we decided we couldn't make it. She was a dear friend of this scribe and had visited her once at the Hico Hospital and once at the home, but due to the illness of our mother, Mrs. A. L. Newman of near Duffau we had been un-

able to go back. Our deepest sympathy is extended to those bereaved in her passing.

We received a short letter Monday from Mrs. Edna King of Hico who is at present visiting in the home of her daughter, Mrs. J. W. Farmer of Ballinger. She wanted to thank friends at Fairy for their nice cards, flowers and visits while at the home of her son, Mr. and Mrs. Carl King before going to Ballinger. We are sorry we did not learn of her illness while here. Since there are no phones out in that part of the community we are unable to get any news out that way. Mrs. Carl King used to report regularly by mail or otherwise any news items regarding relatives but we guess like most everyone else, time doesn't permit. Anyone wishing to write Mrs. King can write her in care of her daughter at Route 1, Ballinger. We certainly hope by now she is feeling much better.

Mr. and Mrs. James Abel and Clark of Sidney and Billy Abel of Dallas spent the weekend with their parents, Mr. and Mrs. Walter Abel and Bill. Billy is entering the service.

Mickey Streater, son of Mr. and Mrs. Garlon Streater of the Latham community, and pupil at Fairy High School, claims to have one of the smallest Shetland colts ever born in Texas. The pint-size cold stood 24 inches high at birth and weighed 26 pounds.

Mr. and Mrs. Garlon Streater and Mr. and Mrs. Billy Clark Streater visited last Sunday weekend in the home of their daughter and sister, Mr. and Mrs. Leon New and two daughters of San Benito.

Mr. and Mrs. Scott Blakley spent last Sunday week in the home of Mr. and Mrs. Paul Lam of Flat. They were joined there by their daughter and husband, Mr. and Mrs. Max Lam, Max, who is in the service, was on furlough. He has been transferred from Ft. Leonardwood, Mo. back to Fort Polk, La.

Mr. and Mrs. Jerry Witte and children spent last Sunday with her uncle and aunt, Mr. and Mrs. Leota Jones. Jerry is recovering nicely from recent back surgery. They reported that Mrs. Witte's mother, Mrs. Irvin Jones of DeSota is now home from a Dallas hospital, recuperating from recent surgery.

Annelle Gleason of Denton spent the weekend with her parents, Mr. and Mrs. B. A. Gleason.

Mr. and Mrs. Oren Willeford and daughters, Doran and Delia spent Sunday in Brownwood visiting with friends whom they formed acquaintances with during the time Mr. Willeford was stationed near Brownwood while in the service during World War II.

Bro. Val Nance filled an appointment here Sunday at the Baptist Church and he and his wife were luncheon guests of Mr. and Mrs. J. H. Davis.

Mr. and Mrs. Carl Ray Sellers, Jimmie and Janice visited a while Saturday night in the home of his mother, Mrs. N. S. Sellers at Hamilton.

Mrs. J. R. Latham honored her son, David, with a birthday party last Thursday week on his 6th birthday. Tiny tots enjoying the gala occasion were Janice Sellers, Brenda Sue, Jimmie Don and

Charles Edwards, James Hal and Marolyn Jones, Paul Humes, Jeanie and Troy Latham, and the following mothers and ladies, Mrs. Bobby Latham, Mrs. Richard Humes, Mrs. Roy Humes, Mrs. Carl Ray Sellers, Mrs. J. A. Edwards, Mr. and Mrs. J. R. Latham, Shirley, and the honoree Games were enjoyed by the kiddos and refreshments were served to those present.

Birthdates for April are: Mrs. Daphne Hoover Boistad, Laurel, Miss., April 1; Mrs. O. L. Jacobs, Stephenville, April 4. Billy Daniel, Fort Worth, April 14; this scribe, April 12; Cliff Tinkle, Hamilton, April 19; Mrs. Ernest Brummett, Alhambra, Calif., April 13; Mrs. Wayne Pittman, Dublin, April 28; Mrs. Cal Lowery, Fort Worth, April 28.

The writer and two grandsons, Jerry Richardson and Jimmie Don Sellers, worked three hours at the cemetery Saturday. The following lots were worked: W. E. Goyno, J. L. McCoy, C. R. Sellers, Otto Enger, Crow and Forest Kavanaugh; also several single graves were worked. The rest of the time was spent hoeing thistle and other weeds we are trying to kill out prior to mowing.

Our sincere thanks to Mr. and Mrs. Frank Tyler for a \$5 donation for the cemetery, which they left Saturday at the cemetery.

Good Friday will fall on April 20 which is slightly more than two weeks away. As soon as we can contact the other members of the cemetery committee we will announce whether or not lunch will be served. Seems there are so few left to come and assist in the work. It seems we get more accomplished to just take the afternoon only. We'd like to hear from the public regarding your wishes so that we may make announcement next week.

Six dogs and pets have been signed up for vaccination at the Gardner Station. We would like for those interested to sign up either at the station or with Martin Schrank at school.

Mrs. Ed Allison is visiting in Waco with her daughter and husband, Mr. and Mrs. J. D. Seago. Mrs. Seago and Mrs. Anna McDaniel were up for funeral services for Roy French and she accompanied them home.

NEW SIZE DODGE DART!

NEW LOW PRICE

Dodge Dart 440 2-Door Hardtop

Some new automobiles are just too darn big to drive with any feeling of confidence. There's a couple of feet of useless overhang that doesn't seem to do anything except get in your way.

Then you try loading your family and your goods in a compact and you've got another kind of trouble. Too little room and not enough muscle in the engine department.

What's a man to do? Try out the new size Dodge Dart. It's a totally new kind of Dodge. An automobile without excess overhang and bulky nonsense. It's two feet bigger than America's smallest automobile . . . and two feet shorter than America's longest. Sized right in the middle of the big and little.

You get exceptional maneuverability, parkability without giving up interior room. You

THIS WEEK IN AUSTIN—

Highlights and Sidelights

By VERN SANFORD
Texas Press Association
At a joint meeting of the Gov-

ernor's Highway Safety conference and the Texas Safety Association Gov. Price Daniel said that good traffic safety legislation still is lacking because citizens "have never taken enough time and trouble to tell their legislators exactly what they want."

He said that five bills which have failed to pass will be introduced in the January session, regardless of the identity of your next governor. These concern:

1. State financing to pay the salaries of driver-education teachers in public schools.
2. Complete revision of the driver licensing law.
3. A chemical test law for use in cases of driving while intoxicated—designed to free the innocent and provide medical evidence against the guilty.
4. Adequate city and county traffic courts of record to handle traffic cases with efficiency and justice.
5. Authorization for additional highway patrolmen and additional pay for Department of Public Safety personnel.

Although the Legislature lately approved 51 additional highway patrolmen a \$300 increase in pay and set a floor of \$4,947 annual salary, the governor reported the patrol still is 150 men short of its authorized strength of 804. He feels the pay hike was insufficient.

Voters List
Comptroller Bob Calvert added up the poll taxes and exemptions sent in by the counties and found 2,355,159 Texans qualified to vote. This is an increase of 300,000 from 1958, the last non-presidential election year. But it is virtually the same as the number of qualified voters in 1952.

Still holding the record is 1960 with 2,569,924 Texans qualified to vote.

FLORAL BEAUTY IN BERMUDA: Beautiful floats and pretty girls are part of the traditional Floral Pageant Parade in the islands of Bermuda. The queen of last year's parade, Lydia Willard of Charlotte, N. C., matched the beauty of the white bower which framed her. The circle, made entirely of white Bermuda Easter lilies, represented a Chinese moon-gate, the Oriental equivalent of a wishing well. Each spring, about 35 floats, a half dozen bands and groups of Bermuda military forces join in the two-hour-long parade which is seen by about 20,000 tourists and residents. **ENC**

CARLTON

By MRS. FRED GEYE

FUNERAL SERVICES HELD FOR MRS. RICHARDSON

Funeral services were held Sunday afternoon at 2 o'clock in the Methodist Church for Mrs. Stella Richardson of Carlton, who passed away about noon Saturday in the Payne Nursing Home in Hico after a long illness.

Services were conducted by Rev. Norman Purvis, pastor of the First Methodist Church of Hico. He was assisted by Rev. Loyd Sanders, pastor of the Carlton Methodist Church, and Rev. Eddie Rickenbaker, pastor of the Carlton Baptist Church.

Stella C. Cunningham Richardson was born in Comanche County March 7, 1884, the daughter of the late Mr. and Mrs. Wm. H. Cunningham. On Oct. 9, 1909 she was married to James A. Richardson, and they resided in the Pottsville, Olin and Carlton communities. Her husband preceded her in death some years ago.

She is survived by three sisters, Mrs. Odie Mason of Cisco, Mrs. Henrietta Hallford of Mineral Wells and Mrs. E. Cunningham of Dublin; a number of nieces and nephews and other relatives; and a host of friends.

Burial was in the Carlton Cemetery. Pallbearers were Purley Sharp, Culmer Jordan, Dock Finley, Enos Fine, George Driver, and Jess Reeves.

Mrs. Richardson had made all funeral arrangements previous to her death.

Mrs. R. H. Hill of Albany spent Wednesday with her sister-in-law, Mrs. Jessie Finley. She accompanied Mr. and Mrs. Morgan Harris of Albany. They came down to attend the funeral Wednesday in Hico for Roy French. The Harris and French families were former neighbors and friends in Hico.

Thanks to the Veterans for carrying on my campaign this week for State Representative while I am in Washington looking after their Legislation. Kal Segrist. 49-1tp.

Federation Day Observed By Hico Review Club At Thursday Meeting

Mrs. O. C. Cook, assisted by Mrs. Lamar Johansson, and eight of the sixteen lovely girls in her homemaking class, was hostess to the Review Club for the Federation Day Program. The group was especially pleased to meet in the Home Economics Cottage to enjoy the gracious hospitality of Mrs. Johansson and her girls. Margie Wolfe, Sharon Howard, Linda Jagers, Kay Cheek and Connie Bullock prepared and served delicious refreshments to 19 club members and Mrs. W. B. Hill, a guest. The refreshment table with lace cloth over pink, and a pink flower arrangement was dainty as spring-time. Club members truly enjoyed being served refreshments from the China and silver, a recent gift from the Club, and shared in the pride of Mrs. Johansson and her girls in the possession of this good homemaking equipment; best of all we enjoyed the sweet grace of the lovely girls and their director. The feature of the program was the reports by Miss Mettie Rodgers and Mrs. Morse Ross, who went as delegates to the Capitol District Convention in Austin March 15-16. Miss Rodgers, who has served this year as District Chairman of the Year Book Judging Committee, told of some of the amusing incidents and follies of club representatives whose year books were judged. Hico Review Club year book did win an award in tying for third; also an award for the club's 100 percent subscription of the "Club Women" magazine. Miss Rodgers had much to report that is of special interest to the club. Mrs. Ross told much of interest relating to students from South American countries and of the many differences in campus life at their schools and ours. All of this was of real interest and somewhat amazing. For instance it is unthinkable that any student in South American Universities work to help himself through school, whereas North Americans regard with real respect those in schools who work their way through.

"THE CASE OF THE MISSING BUDGET"

To Our Taxpayers:

Economy is important; especially when you are handling another's money. I wholeheartedly concur with my opponent in being "unalterably opposed to squandering the people's money". But how you use another's money is also very important. If, for example, you employed a manager for your store you would want him to be careful with the spending. But would you want him to let the stock run down, the premises to deteriorate, and the customers drift away while he sits idly by the window watching the decay of the business? Of course not! You would expect him to USE your money and USE his brain and body and time to further your interests—not just pay salaries. You recall the Parable of the Talents and what happened to the man who only hid his talent and did not use it to make money for his master because he knew his master was a hard man. He not only lost his talent, he lost his job.

My opponent and I are friends. We are lawyers trying a case ON THE LAW AND THE FACTS. I think he is a good man. I do not challenge his integrity, but I do seriously question the way he has handled the County's affairs. I think you will disapprove when informed. I propose to inform you.

The County Judge is our Budget Officer. The law requires him to make up the budget, file it ("and it SHALL be available for the inspection of any taxpayer"), give PUBLIC NOTICE of the time and place of hearing, and after the Commissioners' Court for approval, then file one copy in the county clerk's office at Austin. Let's examine that statement. Have you ever seen or heard of a PUBLIC NOTICE or HEARING on the Budget? Have you ever seen the Budget? I went to all the people, including the County Judge, whom I thought might have a copy, but I couldn't find one copy in Hamilton County. The law says the approved budget shall be filed "and terms levied only in accordance therewith, and no expenditure of the funds of the County shall thereafter be made except in strict compliance with the budget." Art.

688a TRCS. That is why the law requires it to be kept open to your inspection—why your voice should be heard in the making of it, and why it should be available to you as expenditures are made. Maybe this letter will help you find the budget. If so, I would appreciate seeing it as I had to go to Austin last week to see a copy. However, I think you will be interested in what I saw in it.

First, I found that a separate tax of 2 cents on each \$100.00 was being levied for social security. Now social security is a legitimate expense, but it is an item of expense, among others, of the General Fund or the Road and Bridge Fund for which you are already taxed in his budget the limit the Constitution will allow. There is no law authorizing any separate or additional levy for social security. The law says that social security shall be paid from the fund that pays the salary or wage for which the social security is collected. Hence, most of it should be paid from the Road and Bridge and General Funds.

In his budget my opponent has levied 25 cents per \$100.00 for the General Fund and 15 cents per \$100.00 for the Road and Bridge Fund, the constitutional limits, and on top of this a separate levy of 2 cents per \$100.00 for social security which must be paid from the above funds. Any additional levy to pay items of the General Fund or Road and Bridge Fund, such as social security, would be unconstitutional and would make a levy over 25 cents and 15 cents authorized by law for those funds. This illegal practice simply gets more money from you than is permitted by law for such funds.

If you allow him to raise the maximum by 2 cents, what will keep him from raising it \$1.02 beyond the legal limit? You may wish to throw away the Constitution and all legal controls and turn him "footloose and fancy free," but as for me, "I am unalterably opposed to squandering the people's money" by illegal taxation just to fatten a pet fund beyond the legal limit.

Next issue I will discuss further the unrestrained and arbitrary actions of the County Judge and his Budget.

District News

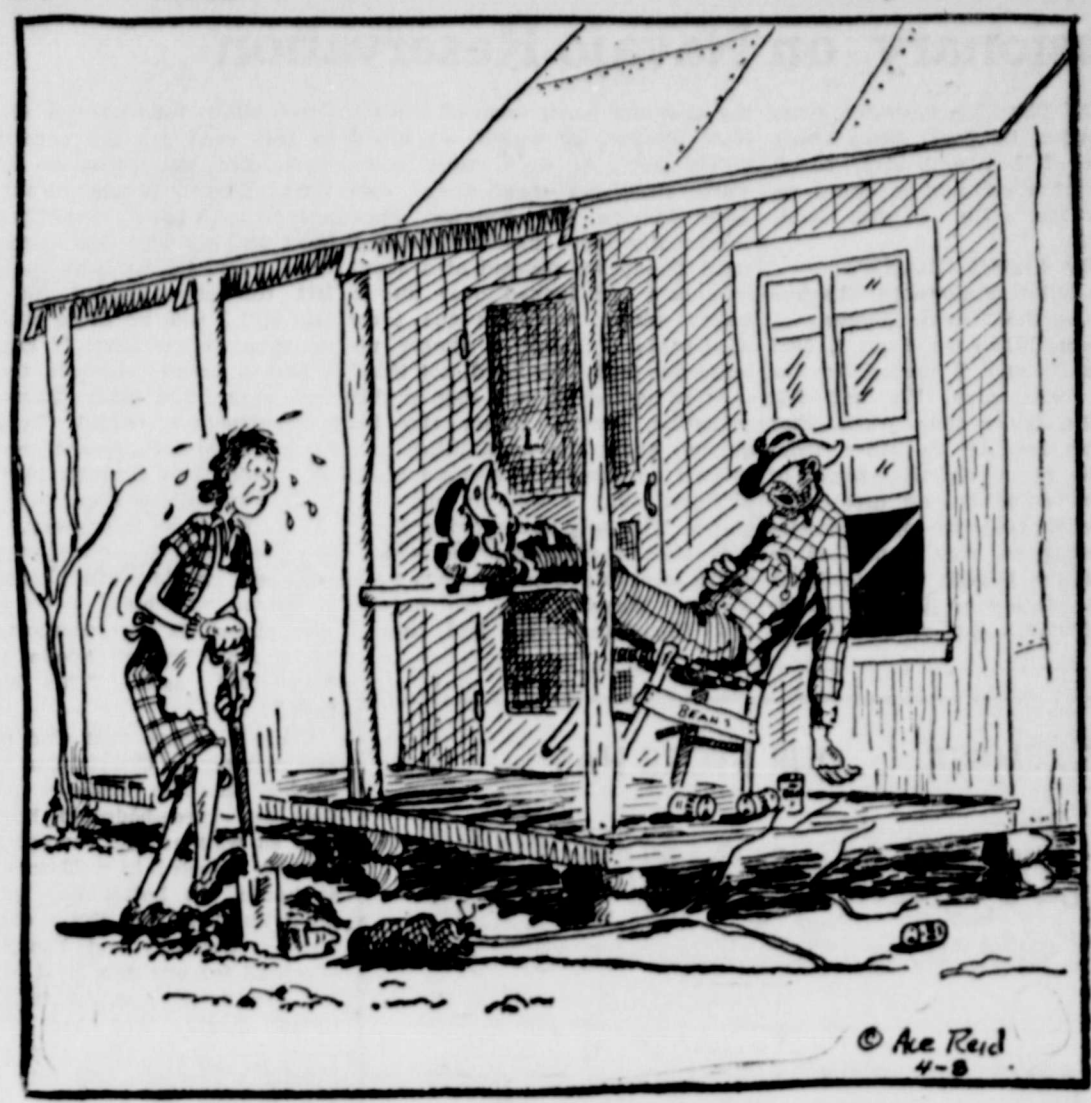

What is a good pasture? That depends. A good pasture to a stockman in Pecos would probably seem skimpy to a dairyman in East Texas. Whether a pasture is a good one or not depends on how well it converts soil and climate resources into useable forage. If these resources are limited, a pasture can be a good one and still be a fairly low producer. On the other hand a large amount of forage might be grown on a rather poor pasture. This would be true if the soil and climate could actually support a much higher yield. A pasture must be able to take the rainfall, plant foods, air, heat and sunlight and change them into forage.

Several factors determine whether or not a pasture is, or can be, a good one. One of these is the kind of grass being grown. Some grasses are simply not able to yield large amounts even under the best conditions. If the soil and climate are able to grow a high yielding type, anything less automatically puts the pasture in a lower class. A great many acres are used to grow weeds, brush and such low yielding grasses as needle and sandbur. A good pasture has in it grasses which produce lots of high quality feed.

Fertility in the soil also plays a big part in deciding the worth of a pasture. The best types of grass will do poorly if the level of fertility is low. Although a rather poor type can be made to produce more by wise use of fertilizers.

The manner of grazing has about as much to do as anything else with production. A good grass growing on fertile soil can be managed so that very low yields result. Before a pasture can be truly called "good" it must be properly grazed. Some of the green leaves must be left on the plants at all times. Leaves contain the factories which build new shoots and leaves. Keeping the leaves grazed off all the time will finally kill the plants. The stubble that is left after proper use also protects the soil and keeps it cool.

Work out a grazing schedule that will let stock graze off just so much of the grass and no more.

Ma, I can't help you dig now, cause I'm busy a-thinkin'.

Former Hico Man Relates Experiences as Missionary on Navajo Reservation

(ED NOTE: The following story was written by Rev. Jesse Chaney, son of Mr. and Mrs. M. J. Chaney of Hico, and is being reprinted from the Baptist Bible Tribune.)

By JESSE CHANEY
Baptist Bible Fellowship Missionary to the Navajo Indians
 Thoreau, N.M.—On Sept. 1, 1957 my family and I moved to the Grants, N.M. area. We had felt definitely, for a long while, that God was leading us away from Amarillo to a definite work of our own. After having investigated several seeming opportunities and feeling no urge from God to accept them, I went to investigate the possibilities of a New Testament church being organized in

the uranium boom town of Grants, New Mexico, of which we heard much about. As we traveled westward out from west Texas into New Mexico the country grew continually more desolate looking, until finally we stopped at a small mountain and looked over into a valley where now lies the town of Grants. I think I almost uttered out loud "No, Lord, not this." After having spent a day in this primitive, barren young city inquiring about the possibilities of talking to people, I was no more enthused than I was at my first glance. The only encouraging thing was that there were many lost souls here, and a tremendous need for the Gospel. Also we met a few Christians who had moved

from other fundamental churches to this area for the construction work that was going on at that time. These people wanted a church and said that they had been praying that God would send them someone to lead them. We left the city, headed for home, and still I was no more enthusiastic than at the first. If anything, I had a greater distaste than before seeing the place. There were no houses to be rented; there were no paved streets except the highway which ran through the town; there was nothing there that would draw the flesh in anyway. As we departed, the preacher who was with me made this statement: "Someone will build a church in this place." It was then that the "small voice" spoke to my heart and said, "This is your task."

Truly I believe that God was in our moving to Grants, for in one week's time He made it possible that our three-bedroom home be sold as well as our furniture and all was invested in a 33 foot trailer house. On Labor Day of 1957, my wife Nell, our three children, Shirley, Deborah and Kevin, and I headed for our new field of service. We arrived safely but found to our dismay that there was no place for us to park our trailer. Finally a Mormon had pity on us and allowed us to park in his horse pasture. After about three weeks God provided a better place for us to park.

The following Sunday we had our first service and there were 32 present; the following Sunday 42. God blessed from the very beginning and His blessings are still upon the work there. It wasn't long until we were running 100 in Sunday School. Souls were saved, lives rearranged, and young men surrendered to the ministry. One year and a month from the day that we pulled into the city there stood a new church building, 40 feet wide and 112 feet long. This is the manifest evidence of His love and His grace for a lost and dying world.

It was at Grants that Nell and I made a complete surrender to work on the field of the Navajo Indians. We had heard of the need through our missionary Garold Beard, and had visited the field once for a short time, but really didn't know the tremendous need until after we had spent this year at Grants, on the border of the Navajo Reservation. There, day after day as we saw them walking the highways, many of the women still carrying their babies on their backs as primitive as they ever were; as we saw them accept only the bad traits of the white man, drinking, gambling, etc., our hearts were touched and burdened for these people. We resigned the church and returned to Springfield, Mo., and enrolled again in the Missions Course. Three months after arriving in Springfield, God gave us a nearby pastorate. The Bible Baptist Church of Crane, Mo. extended us a call and we enjoyed a wonderful ministry there until we resigned to start our reputation work.

God gave us a wonderful of deputation. He opened the doors to more than 140 churches. We traveled over 40,000 miles in preaching the Gospel and presenting our field.

In June 1961 we again headed westward. Then started the task of seeking out and finding God's will as to a location to start our work. The Navajo Reservation covers an area equal to the size of the state of Indiana. They are a plains' Indian. There is an estimated 80,000 thousand of the

Navajos and they are scattered all over this 28,000 square mile area. Not only does this vast area present a problem, but the Indian Government regulations present a terrific problem. It is an impossibility to buy on the Reservation, or to obtain a lease, or permit to reside there. Religious groups have done this, but they have accomplished this feat by building schools, hospitals, and other secular, physical helps for them. These things are well and good and it is our conviction that the greatest need for the Navajo and the entire world is have the Gospel of the Lord Jesus Christ.

We are located at a place called Smith Lake, 12 miles north of Thoreau and 50 miles East of Gallup. We have our trailer parked in a beautiful grove of Pinon trees overlooking a small lake. The property on which we are parked belongs to a widow lady, and is located in a portion of the Reservation known as the "Check-board" area. In this area some of the property is privately owned; other portions are Government owned allotted land; the remainder is Reservation Proper.

Another of the blessings of our Lord came recently when our landlady offered to us the use of an old trading post building that she owns which is no longer being used. This building is 20 feet wide and 35 feet long and will serve adequately until the people can be taught and be led into getting their own church building. All has not been bliss since we have been here for the devil is very active. One of our first contacts after arriving on the field was a 19 year old Indian boy named Tommy. I found Tommy lying sick in a hogan in a small dirty Indian camp. He had been ill for a long time but there was no one to help him. I took him where he received medical treatment, to the Indian hospital at Gallup. After a few weeks his health was completely restored. The doctor told me that it was a miracle, that he didn't understand it! Tommy helped me with the language; he and I became great buddies. One day as I was walking alone, I suddenly felt someone from behind, gently taking my hand, and I turned to look into the face of my friend Tommy. No one, except maybe other missionaries, knows how God places the love and affection of other races of people in a white man's heart.

A few weeks later, as we were on our way to Tommy's camp one Sunday morning for services, we were stopped by a mob of people. I got out of my truck and walked to the center of the crowd—to find my friend Tommy floating face down in an irrigation pond. The coroner's verdict was accidental drowning. An Indian man later told some of the other Indians that he had committed the crime. He has not been seen since. I do not know why this had to happen but I do know that Romans 8:28 says that "All things work together for good to them that love God, to them that are the called according to His purpose."

Another encounter with the Prince of this universe was when we tangled with a Medicine Man. While doing camp work we met an Indian lady by the name of Alice Kee. Alice told us of how that she had undergone surgery, and while in the hospital she had heard the Gospel. She asked us to come to her hogan and hold services, which we did for about six weeks. We were averaging 20 each Sunday in services. One Sunday morning we had the privilege of seeing six Navajos saved in her home. What Alice didn't tell us was that her husband was a Medi-

cine Man. He must be a devoted Medicine Man because for six weeks he was never at home when we came for services. When he did come home and found us using his hogan for a Gospel service we were forbidden to use his home any longer and Alice never came to meetings again.

There is great hope for the Navajo people. Although seemingly little has been accomplished in the last half century there are greater hopes and possibilities today than there has ever been. Although the majority of the Navajo people on the Reservation are still as primitive as they were a century ago, there is great hope for them. Just in the last year or so, the Indian Government's attitudes and laws have changed. Polygamy has been outlawed. Although this new law is not being strictly enforced, this is a step in the right direction.

It is now compulsory for the Indian children to attend school. In some cases this is not enforced but rapid progress is being made along the educational line. This is being accomplished in three major ways: (1) the government is building day schools in some remote areas of the Reservation, and (2) the Indian children who live close to the Reservation lines are being taken to public school by bus. The remaining, and I suppose the majority, are put in boarding schools.

Also, the government is striving to provide more work for the Indian people. A gigantic three-year dam project is nearing completion now that will irrigate their farms and fruit groves. Another project that is under way is the great power dam that is being placed in Glen Canyon across Colorado River. As modern a hospital as you will find anywhere was completed in the city of Gallup. The death rate of the Navajos has decreased enormously in the last few years, especially among the children and childbirth. This and other smaller hospitals that are spotted across the Reservation. The Navajos are on the march. They are making progress numerically and intellectually. By the grace of God and with His help in the preaching of the Gospel, we will see their spiritual condition change and as much progress being made in the spiritual realm as we are seeing along the secular lines. Some day we will see many New Testament Bible-believing churches here on the Reservation, with faithful Navajo people in their pews, pastored by God-called Navajo preachers.
