News Review Building Plans Revealed at Start of 76th Year

With this issue the News Review completes its 76th year of service to Hico and surrounding area, and at the same time the publisher announced plans for a complete new and modern plant, now under construction, to house the oldest business in Hico.

Established in 1886, the News Review has served the Bosque Valley continuously for the past 75 years. The present publisher has owned the property since January 1, 1955, having purchased the business from Mr. and Mrs. Roland Holford, now of Meridian, who had the longest tenure of any NR publishers. The Holfords owned the paper for 25 years prior to selling to the present owners, Mr. and Mrs. E. V. Meador.

The new plant is located on main street on the lot where the former Russell building stood. The property was purchased a year and a half ago and the old structure was razed to make way for the new plant.

Work on the 32x70 foot building was started four weeks ago, with Boyd McClure, former resident as contractor. Completion date is tentatively set for around June 1.

Of tile and brick construction, the building will contain over 2200 feet of floor space, and will be completely modern in every respect. Central heat and air-conditioning is one of the main features of the dust-proof building.

The News Review has been located in its present building since 1940, when the Holfords carried out an extensive improvement program, and later purchased the property. They moved the plant from the building which now houses Woodward Produce Co.

The present publisher has been associated with the News Review continuously since February, 1946, with the exception of one year during 1950-51 when he was recalled from the reserve to serve with the Navy during a portion of the Korean conflict.

RATTLESNAKE KILL BRINGS WARNING

According to Mrs. E. G. Shaffer, who resides two blocks east of the post office, people should be on the lookout for snakes this time of year.

Mr. and Mrs. Shaffer killed a rattlesnake on their front steps one day last week. The reptile had six rattlers and a button, and was discovered by Janell Ogle, who alerted the Shaffers.

This is the time of year when snakes are coming out of hibernation, and are especially dangerous.

Miss Carol Ross of Sierra Blanca was a holiday visitor in the home of her parents, Mr. and Mrs. Morse Ross.

Mr. and Mrs. K. P. Thomas and children, Sandra, Sherri, Bruce, Peggy Iris and Suzanne from McAllen were guests of Mrs. Thomas' mother, Mrs. Iris Eakins and Dad during the Easter holidays. Lt. Rich Harper from Altus AFB, Oklahoma, was also a guest in the Eakin home.

Mothers March Tonight In Cancer Fund Drive

Ronald McKenzie Is Candidate for Degree at Golden Gate Seminary

Mill Valley, Calif.—Ronald Frank McKenzie of Hico is among ninety students who are candidates for either degrees or diplomas at Golden Gate Baptist Seminary commencement exercises April 27.

A record number of students will be graduating at the California seminary's ceremonies in Broadus Hall Chapel at 10 a.m.

McKenzie will be among the seniors entertained at two major events Thursday, April 26. An alumni luncheon for the graduates will be held in the seminary cafeteria at noon, to be followed by a tea given by Dr. and Mrs. Harold Graves.

The baccalaureate sermon will be delivered at 8 p.m. April 26 by the Rev. Herman E. Wooten, pastor of Richland Baptist Church, Richland, Wash., and president of the Oregon-Washington Baptist Convention.

A graduate of Howard Payne University in Brownwood, McKenzie is a candidate for the bachelor of divinity degree at Golden Gate. He is the son of Mr. and Mrs. H. L. McKenzie of Hico.

The sounding of the fire alarm tonight, Friday at 7:30, will signal the start of the 1962 fund drive for the American Cancer Society.

Volunteer workers will call on every house in the residential area during the one-hour period, and anyone desiring to contribute is asked to turn on their porch light. If anyone is missed during this solicitation, and wish to contribute to the worthy cause, they may leave funds at First National Bank.

Miss Louise Blair is general chairman of the local drive, and has named James Cryer chairman of business solicitation.

They will be assisted by many workers in both the business and residential section.

Funeral Services Set Friday for W. D. Elkins, Duffau Pioneer

Funeral services will be held at 2 o'clock Friday afternoon in Barrow-Rutledge Funeral Chapel for William David Elkins, 96-year-old pioneer of the Duffau community.

Rev. Wesley Jones will conduct the rites, with burial in Duffau Cemetery.

Mr. Elkins passed away Wednesday morning at his home.

The American Cancer Society and the National Cancer Institute have designated 1962 as Cancer Progress Year in an effort to point up the advances made against the disease in the last 25 years.

While they cannot offer anything as spectacular as the man in space science has given, they can show, in human terms, dramatic and remarkable results. Twenty-five years ago about 160,000 persons were alive, cured of cancer. Today there are more than 1,100,000. The number is increasing each day.

Progress against cancer is attributed to two major factors. First, developments in research which have resulted in new diagnostic techniques and improved methods of treatment. Second, response to public and professional education which has resulted in earlier detection, prompt treatment, and better and more available facilities.

Among the goals of Cancer Progress Year are "to intensify the efforts being made to persuade the public to act for its own protection, to improve the care of the cancer patient, and to step up all programs to speed the final victory over cancer." Final victory will come from the laboratory, and while today people are in the midst of the most massive research attack ever launched against a disease, there is still great need for expanding the cancer research effort.

The best way to observe Cancer Progress Year is to have a health checkup, and to make a contribution to the American Cancer Society's April Crusade.

Dr. Duncan Tidwell Will Preach Sunday at First Baptist Church

Dr. Duncan Tidwell, former resident and graduate of Hico High School, will be guest speaker at both morning and evening worship services at First Baptist Church Sunday.

Dr. Tidwell is Professor of Bible at Howard Payne University.

The pastor, Rev. T. E. Pratt, is conducting revival services at Calvary Baptist Church in Stephenville through Sunday night.

Orchid Growing Interesting Hobby of Local Doctor

Because orchids are very delicate plants, they require a minimum humidity of 40 percent and a maximum of 65 to 70 per cent. The temperature in the hothouse must be kept between 55 and 75 degrees.

Hafer's hothouse is mechanized to the extent that his heating and cooling systems alternate with one another whenever the temperature rises or falls. A timed floor-type sprinkler system keeps the atmosphere in the hothouse moist.

There are many different species of orchids, all of which bloom at different periods during the year. For the next 12 months, Dr. Hafer plans to experiment to see just exactly when his plants will bloom. By knowing when they will bloom, he hopes to be able to control their blooms so that he can meet seasonal markets such as Christmas, Easter, and Mother's Day.

Wholesalers and local florists provide a ready market for his flowers. However, he feels that since Stephenville as a growing college town and Tarleton State College has become a four-year institution, he will soon have a greater local market.

Hafer's plans for the future include a larger hothouse adjoining his country home, and a mechanized watering system that will allow each individual plant to water itself. He also plans to visit other growers and get some ideas from them so that he can improve his growing techniques.

P. W. Hamilton Makes Statement to Voters Of Precinct 3

To the Voters of Precinct 3:

I have been asked why I am seeking the office of Justice of the Peace; also if it were my intention to continue to serve as local freight agent for the railroad if elected.

In answer to the first inquiry, I was prompted to seek the office at request of friends and upon learning that Judge Hudson would not seek re-election. Replying to the second, I will be eligible for full annuity retirement in 1964 and at the present time my intentions are to retire when I reach retirement age. Due to the financial plight of all railroads, hundreds of the smaller stations throughout Texas have been closed. This could happen to me and if it does, I would retire immediately and receive a partial pension. The fee derived from the Peace Justice office would make this possible; otherwise, I would have to move and displace some junior agent to the main line.

I own my own home in Hico, I have children and grandchildren in Hico. I have resided here for 14 years and in all sincerity, the people in Hico and surrounding communities are the finest and friendliest I have ever been privileged to know.

Realizing my inadequacy I recently attended a Seminar conducted by the Engineering Extension Service at A&M College especially for Justice of Peace and satisfactorily passed their requirements. While this schooling will be beneficial, it will also take more study as well as actual experience to properly execute the duties of a Peace Justice. I intend to extend every effort in order that I can better serve you and pledge equal privilege and justice to all.

When you go to the polls I urge you not to skip my name because I have no opponent. If you fail to mark your ballot, it will not be counted. I want and need your vote of confidence. Respectfully,
P. W. Hamilton.

the men. Improvement by the ladies was equally as good.

Salmon's Shoppers took a shelling and now have only a 7 1/2 point lead. Only three points separate the second and seventh place teams.

Judy's Beauties administered a shutout drubbing to the Shoppers by bowling as they are capable, and jumped from fourth to second place by virtue of total pins. Blair's Whiz Kids manipulated the only sweep of the night by taking four points from Hico Motor Co. Darts in a very close series.

P-W Ranch defeated Cheek's Kingpins, and are only 1 point out of second spot. The Cowhounds made good use of Ruth Salmon of the Shoppers as a substitute in their victory. The Kingpins dropped from third to fifth place despite Ray Cheek's top 544 series.

Hico News Review Newshounds remained very much in contention by whipping the contending Wilson team. Newshound Buck Meador came within 2 pins of his first 600 league series to cancel Dynamo Jack Goodman's 498.

Steve Parks Orphans supported their cause with a 3-1 win over First National's luckless Tellers. Lorene and Buddy Randals turned in 187 and 202 games respectively.

Bowlers who have overlooked returning their questionnaires are reminded to do so in order that the secretary may complete his league reports promptly. Top ten list follows:

Volunteer Fire Department meeting Monday, April 23 at 7:30 p.m. with 19 members present. Names: Harvey Howerton, W. Williams, Von Scott, W. Hampton, O. L. Davis, Dempsey, Clem, Higginbotham, Fred Alvin Casey, Edmund Monroe Latham, Louis Sherman Roberson, J. C. Richmond Herrington, Leach, Check Little, Fred and Theibert Roberts.

O. L. Davis called the meeting to order, and department business was transacted.

Roberson, chairman of the Entertainment committee, announced that on Thursday, May 24, the department would sponsor a picnic with more details later.

Instructions on the City were given by W. R. Hampton and Richmond Herrington. There has been two alarms in the past two weeks: April 25 p.m., false alarm, and April 26 p.m., false alarm.

Safety suggestion for this week: Care with matches and smoking and in the use of electrical equipment was urged by the National Board of Fire Underwriters this week as Spring Clean-Up in the community was underway.

The National Board added that fire safety should be made a year-round job.

Nearly one-fourth of all fires are caused by matches and smoking and another 20.4 per cent are the result of misuse of electrical equipment.

"If we could stamp out careless use of matches, careless smoking and faulty electrical equipment as causes of fire we could reduce the number of fires in this country by almost one-half," said Lewis A. Vincent general manager of the National Board.

Three-fourths of all fires are the result of carelessness and forgetfulness, according to the National Board. Care can prevent them.

Absentee Balloting Underway

Absentee balloting in Hamilton County for the May 5th Democratic Primary began Monday, April 16, according to Mrs. Vada Williams, County Clerk.

Deadline for absentee votes is Tuesday, April 17.

Mrs. Williams stated that her office would remain open all day the next two Saturdays to accommodate those desiring to cast an absentee ballot.

The clerk stressed the fact that those who desire to vote absentees must go to the clerk's office, unless they are disabled. In such case ballots will be mailed those persons unable to vote at a doctor's office upon receipt of a doctor's statement. Mrs. Williams said that application should be made to her office, giving the name of the family physician. The office would then contact the doctor, and a ballot sent the applicant.

Persons residing outside of the county, but who are eligible to vote here, will be mailed an absentee ballot upon receipt of application. Other people who will be away from town on voting day must make application at the clerk's office in person.

good cooks cook better

electrically

The reason is as simple as the automatic electric timing and temperature controls that give precise care to your best recipes. An electric range is flameless, so oven heat stays inside—no draft of air is needed—even temperatures bake cakes and pastries to perfection. Electric surface units give you exactly the heat you select... gentle warmth for melting and sauces, to super fast heats for quick boiling. Range, kitchen, and utensils stay cleaner—the cook stays cooler, too—with flameless electric cooking. See your dealer soon, and cook better, electrically!

Now is the time to . . .

build, re-model, repair

Now is a mighty good time to take stock of the buildings on your premises and plan those repairs or that remodeling job you have in mind.

If you have a new home in mind we can supply everything needed from the foundation to the roof, and will be very happy to give you a free estimate on the job and assist you with your plans in any way we can.

On your repair or remodeling work we will be glad to send a competent man to your home free of charge to assist you in your plans and give you an estimate as to the cost.

Our Prices Are Reasonable . . .

We believe that you will find that our prices are very reasonable and the quality of our building materials are the best. Whatever your requirements may be in building materials we are prepared to take care of them and will appreciate an opportunity to serve you.

PUBLISHED WEEKLY BY THE STUDENTS OF
HICO HIGH SCHOOL

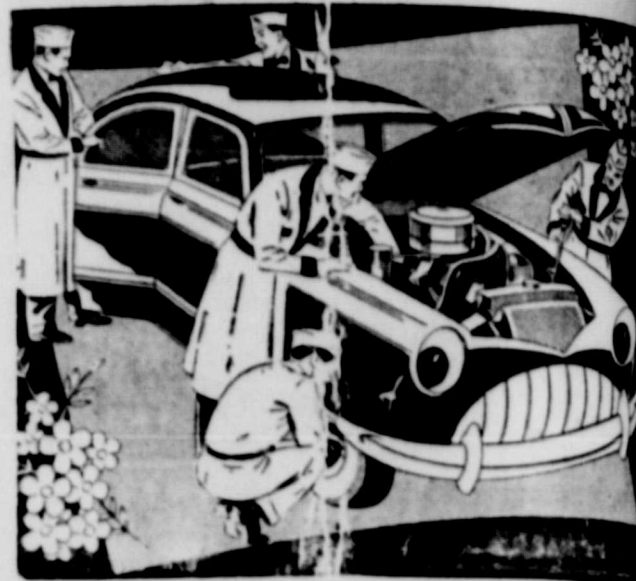

HOME FOR EASTER
It seems the town of Hico looked unusually crowded over the holidays. There were faces in town that haven't been seen for quite sometime.
Buddy Teague was home for the Easter season. He now works for Central Power and Light at Corpus Christi. Charles Stipe, who now teaches at Bryan, was seen around town with a former great basketball player, Jerre Dunklin. She now also teaches at Victoria. I must say Hico has really put out the teachers in the past, but the future looks pretty dim.
—HHS—
HOWARD PAYNE TEAM
Friday morning in the auditorium, the Hico High students and teachers were entertained by a

team of Howard Payne students. The team was leading revival services at First Baptist Church.
The team was George Mosier, Benny Brink and Dick Ivey. The auditorium was full of laughter, but Mosier ended the assembly in a devotional with a serious thought.
Anyway, the students enjoyed them thoroughly because they were not only loads of fun but an inspiration too. The student body also hopes they make a return visit.
—HHS—
THE SPOTLIGHT
My spotlight was raring to go Thursday night for I was free for three whole days. I heard a commotion up in the Hillcrest Addition and upon investigating I found that Sherrard's Pizza House was the scene of a party. Gary and Roland were really slinging those pizzas together.
I then drove up to Stephenville and caught part of the "All Fall Down" and saw some of the local couples. Couples I caught were Margaret W. and Neil E.; Anita M. and Kenny C.; Linda H. and Lee F.; Jane A. and Don J.
Friday night I bounded out again but didn't have very good luck. I think just about everyone went to see "Shane". Couples seen were Anita M. and Randy G.; Janell O. and Charles H.; Sylvia S. and Wesley B.; Margaret W. and Neil E.; Barbara P. and Jimmy D.; Delores W. and Gerry J.; Judy G. and Steve O.; Kay C. and Mike L.
Saturday night I climbed onto a passing red Impala and just toured the area hoping to find out where everyone had gone. Either my spotlight is getting old or everybody has found secluded places because these couples are sure hard to find. Those I spotted were Janell O. and Bill H.; Margaret W. and Neil E.; St. Clair V.

and Mike F.; Mildred P. and Floyd D.; Barbara P. and Jimmy D.; Jane A. and Don J.; Nita K. and Tommy L.; Mary A. and Ronnie H.; Carol C. and David C.; Bonnie W. and Mitch M.; Judy G. and Steve O.
I guess everyone went Easter egg hunting Sunday. It was a little wet for much outdoor activity but didn't bother Sylvia S. and Wesley B.; Janell O. and Charles H. They had a picnic in the car and had a nice swim, didn't you kids?
Other couples I spotted enjoying the good romancing weather were Margaret W. and Neil E.; Anita M. and Larry B.; Kay Y. and Billy B.; Delores W. and Gerry J.
—HHS—
COUPLE OF THE WEEK
This week's couple are two seniors. If you're ever looking for them, its no trouble to find them because they stand out in any crowd. He is quite tall, 6-3, and she is all of 5-2. When she wears his football jacket, it fits her about like the latest dress rage (knee-length). The young gentlemen is a great athlete and he helps give that senior class an honorable name that it so rightfully deserves. I bet you could never guess that a senior is writing this.
Anyway, back to our subjects. Our young lady doesn't go in for sports too much but she can really make mad music with that saxophone. These two just started dating lately, ever since the young lady moved away from those French people.
By now I'm sure you have guessed that the couple for this week is no other than Nita Dunigan and Mark McElroy.
—HHS—
WHO'S WHO
My subject this week is a short, stubby little freshman boy with a personality about as tall as DJ. He can always be spotted by his bright smile and good looks. On the football team this year you could never miss seeing him because he was the smallest boy out there but could he move! Always in the gym at noontime after eating all those delicious meals in the lunchroom. Everyone always goes into the gym for different reasons.
There will be our subject playing volleyball with his shoes on. He always plays alright until Mr. B. walks in and removes him from the area because of the shoes. Since he is so little he has to do quite a bit to be heard so he

screams. Constantly he screams! The more he screams the redder his face gets and finally he blows up. Our little friend's name is Finamore Crews.

Who Pays the Price of Race Track Gambling?

Gambling drains the salaries, savings and investments of a community into a business enterprise that serves no human need. The bill is paid by the wage earner, the business man, the desperate wife and mother, hungry children and by the state itself... in the form of multiplied costs for police protection, additional court costs, unemployment payments and more jails.

Everybody pays for race track gambling... except the gambling racketeers, the Siegels, the Costellos, the Sedways, the Binions and others, large and small, of their ilk.

Ask a bank examiner. Ask a divorce court judge. Ask a probation officer. Ask your retail credit association. Ask a relief officer. The easy money boys won't give you the answer.

The sad fact of race track gambling can be told in four words of Damon Runyon, "Horse players die broke." A two-dollar bet is murder. The three D's of gambling are Debt, Degradation and Death.

Who pays the price of race track gambling? You do. We do. Our neighbors do. Our families do.

For a clean Texas, vote "against."

GARDEN CLUB NOTES

The garden season really opens in April, but has its beginning in January, with the planting of seeds and bulbs such as tulips, gladioli, and other blooming flowers. We are now reaping a reward of beauty. The air is even heavy with accent of flowering plants, shrubs and trees. That unmistakable smell of springtime.

Spring is magic and we all must have a part in it. We suggest you drive over town and note the nice, clean, attractive lawns. Quite soon secret judges will be having the placard placed on some lawn as "Yard of the Month." So mow 'em grass, trim your shrubs, and work the flower beds. We have never had more or better tools available. Gardening is something that gets into the blood. Its thrills never grow old. Every step is a promise of what is to come. The miracle of growth more than rewards the planter.

Don't forget the Annual Spring Flower Show coming up in May. For information call Mrs. Frank Bonner, chairman.

TO THE VOTERS OF HAMILTON COUNTY

I wish to take this opportunity to thank each of you for the favors you have shown me in the past, and to ask your support and influence in the coming election.

Due to the duties of my job and a recent operation on my eye it has been impossible for me to see each of you in person.

This is the last time I will run for a County Office. I would appreciate it if you elect me as your County Clerk for one more term. If elected, I will give you the same courteous and efficient service as in the past. Thank you for your consideration. I am, Sincerely, MISS PAT SEAGOS

The writer was a business visitor in Hamilton on Friday of last week. While there we visited a short while with Mrs. Price Rice. Funeral services for Mr. Rice had been held at 4 p.m. the previous Saturday. Mr. Rice 81 was a lifelong resident of Hamilton, being a son of the late R. P. Rice and Mary Shockley Rice. He had taught school in Hamilton, was County Attorney from 1910 to 1914 and served as city alderman from 1915 to 1920. In 1922 he was elected mayor of Hamilton and was instrumental in helping in carrying out many needed projects. In 1925 he was elected County Judge a position which he held for eight years. He had a host of friends over the county. Many didn't know of his passing until after funeral services. He was never confined to bed. He passed away at the Hamilton Hospital where he had been rushed only a few minutes before. Our deepest sympathy is extended to his wife Mrs. Cornelia Collier Rice, three sisters, Mrs. Margaret Embrey and Misses Edith and Bessie Rice, all of Hamilton. A brother, Roy Rice, preceded him in death. Pallbearers were Paul Winn, Bill Manning, Luke McGlothlin, Frank Holmes, Fred Fetty, Hervey Chesley, H.

Leaverton's Corner

"Whispers and 'They Say' vs. Sworn Statements"

TO THE CITIZENS OF HICO AND THEIR NEIGHBORS:

For the two terms I served you in our legislature I am grateful. However, I think two terms are enough in one office—certainly 12 years is too much. Service in Austin takes me away from my farm home. Besides, the term of office is only two years and there are three counties in the district making the expense six times that of the office of County Judge, and the net income less. My wife is not well and that makes problems which I can better handle at home than at Austin. I trust I may be permitted to work now with my friends and neighbors in Hamilton County.

My opposition campaigns by whispering. You have all heard, "They say" Leaverton plans, when elected, to make the Hamilton Hospital a County Hospital. That statement is utterly false. Such campaigning is repulsive to decent citizens. If I were picking an issue to run on, I would not choose one that had lost three times. Besides, to do such would require your good Commissioners to go along and a favorable vote by you. A rich industrial county, maybe, but not Hamilton County. My affidavit on file with the Notary:

"H. A. Leaverton, being duly sworn by me on his oath says: "I am not for a County Hospital for Hamilton County, and if elected, I will actively oppose any effort during my administration to have Hamilton County own or operate a County Hospital."

(Signed) H. A. Leaverton. Subscribed and sworn to before me by H. A. Leaverton on this the 20th day of April, 1962. (Signed) W. G. Barkley, Notary Public, Hamilton County.

Event for these untrue whisperings my opponent has been silent for four months. But BEWARE! Last minute charges are unworthy of belief.

NOW FOR ECONOMY: Many of our valuable tax records are crammed into a little closet where mice and moths have

VOTE LEAVERTON FOR COUNTY JUDGE (Pd. Pol. Adv.)

full way because our good tax assessor has insufficient space. There is plenty of waste space that could be utilized at little expense. How costly my opponent's economy!

Our District Court should command our respect and some dignity. In our District Clerk's office we find the District Clerk using for a typewriter desk an old, worn, 4-legged kitchen type table with the front board of the top broken off and hanging by splinters. It's pathetic to see the "Grand Old Man of the Courthouse" trying to uphold the dignity of our District Court with such equipment. What a monument to economy!

In the Commissioners' Court minutes of January, 1962, the ex-officio salaries of our fee officers were set with a provision that such salary and fees earned should not exceed the maximum provided by law. That maximum is \$6,500.00. Also there is a previous minute by our County Judge which permits officers to retain all earned fees so long as the fees, with the ex-officio salary, do not exceed the maximum fixed by law. The compensation of such officers is supposed to be \$3,750.00. Some earn fees far in excess of that amount. I'm sure our Commissioners had nothing to do with such a minute. They did not write the minute and they are not fee officers. I don't think any of our officers are drawing the \$6,750.00, but the County is bound by its minutes. If the officers retained fees to \$6,750.00 what could be done? With that minute on record our prosecutors would be helpless. Our County Judge has piled the money on the table and called "Come and get it." This has been going on several years. The integrity of our officers saves us many, many thousands of dollars. I think there is no dishonesty, but the inefficiency is appalling.

On KCLW, 900, at 12:20 May 1st. I will tell you what happens when a Judge disregards the law. Please mark the date and listen.

He and his men completed inventory of grain in elevators Estes owned at Lamesa and Levelland. They assured receipt holding farmers that their grain is there.

The State's responsibility lies in supervision of elevators where farmers store their grain and then borrow money against their warehouse receipts.

White suspended the licenses of five grain elevators in which Estes has an interest and sent his men to check the contents against warehouse receipts. Then he announced temporary warehouse license suspensions on Hale County Grain Company and Southwestern Grain, Inc., both in Plainview.

W. L. Cooper of Plainview, operator of one of Estes' large grain storage facilities, is also listed as operator of these two warehouses.

State Securities Commissioner William M. King said his investigators are checking evidence which would tend to show Estes has violated the Texas Securities Act.

Farm Bureau Names Reps

Texas Farm Bureau appointed Charles H. Huff of Taylor as its new legislative director. Farm Bureau President J. H. West said Huff will move to Austin soon to replace Bob A. Lilly.

The new director is well seasoned in Capitol contact work. He served as full time assistant legislative director during the regular and special sessions of the Legislature last year.
