Need better cows to meet bigger herds to meet competition of falling milk prices. Holstein-Friesian national Holstein-Friesian Jim Edwards declared in talk before 65 persons at Dairy Meeting at the View Farm of G. E. Holm last Friday night.

Edwards said, "We need better cows—not more dairyman's answer to milk prices."

Edwards then used graphic illustrations to show that registered outproduced grade and average of 1000 pounds of milk per cow.

Edwards said, "The best animals are your far top efficiency," he said they not only outproduce but they can be used to produce stock."

Edwards in the Twilight program, one of a series being across the state by the Holstein association were Mrs. Richardson, Texas dairy specialist, and Harold Hico vocational agricultural.

# 'Miss Reunion' Plans Revealed

1961 MISS REUNION WINNERS—Miss Patsy Whitaker, Senior Division winner, and Miss Patsy Wootton was Junior Division winner. Format of the contest was changed this year to include only one division, with an age group of 16-21.

Plans for the annual Miss Reunion Contest, to be staged opening night of Hico's 76th Old Settlers Reunion, were announced this week by Mrs. John Pitts, chairman of the beauty pageant.

Format of the contest was changed this year to include a talent division in final judging.

In the past contestants have been judged on poise, personality and beauty, and the talent factor was injected into the contest this year. After elimination, only the five finalists will be judged on talent, and Mrs. Pitts has a list of suggestions which contestants may use as a guide in preparing themselves.

Another change in the contest format was the change in the age bracket. Only one division will be held this year, with contestants in age group 16-21 participating.

Last year a junior division was held for girls 14 and 15 years of age.

Mrs. Pitts listed the following rules for the popular contest:

1. Any local area unmarried young lady between the age of 16-21 is eligible for competition. (Local area is Hico and trade territory, which includes Iredell, Fairy, Duffau, Clairette, Carlton, and Olin).
2. The contestant must be sponsored by a Hico business firm or organization.
3. Deadline for entry is Friday, July 20.
4. Contestants will be judged in evening wear.
5. Entries will be judged on poise, personality and beauty, and the five finalists will be judged on talent also.
6. Registration fee of \$3.50 must be paid in advance to Reunion Association, and contestants will not be officially entered until fee has been paid.
7. Entry fee and photograph of contestant must be turned in at the same time to Mrs. Pitts. (Photograph should not be larger than 3x5 and should be a glossy print).
8. Judging will be by out of town judges.

Local businesses interested in sponsoring an entry in the contest are urged to contact Mrs. Pitts as soon as possible.

## News Review Extends Keg League in Weekly Session

Hico News Review Newshounds extended their lead in Hico's Mixed bowling league. Hico Motor Co. Darts held on to second spot while Wilson's Dynamos replaced Judy's Beauties in third place and F-W Ranch Cowhands moved to fourth position with the Beauties dropping to fifth place. First National Tellers moved up to sixth in losing, while Cheek Furniture Kingpins jumped from the cellar to seventh, passing the faltering Gassers, Shoppers and Orphans.

The Newshounds strengthened their lead at the expense of Parkers' Orphans due to good bowling by sub Sarah Reeves, and regular Watt Ross, while the Orphans were having an off night. Hico Motor Darts edged First National Tellers in a hard fought contest, due in part to an excellent series by Bettye Walker and over average bowling by Jimmie Ramage.

Wilson's Dynamos rebounded from last weeks loss by beating Judy's Beauties 6-2. Jack Goodman and Irene Wilson starred for the Dynamos, while the Beauties were handicapped by a stiff neck suffered by Von Scott, and sorely missed alling Mary Nell Scott who is currently tied with Ruth Salmon for ladies high average.

F-W Ranch Cowhands continued their winning ways by posting the league high series for the night, assisted by a 121 pin spot from the Shoppers. The Shoppers maintain that all a player has to do to be a star is to bowl against them and Friday night was no exception. Joyce Putty, Derel Fillingim and June and Rusty Roberson proceeded to fatten their averages against the Salmon quartet, winning 6-2 despite a 443 series by Ruth Salmon and a 542-228 by yours truly. Some days it just doesn't pay to get up. Please pass the crying towel.

Cheek's Kingpins accomplished their 8-0 sweep over Jameson's Gassers due mainly to superb bowling by team captain Ray Cheek. Ray's 575 series rubbed out the previous summer league high held by Watt Ross by one pin. Joan and Ray Keller and Willard Leach posted relatively good series for the Gassers but to no avail.

Top scores and league standing follow:

WOMEN: Ruth Salmon 443.169; Bettye Walker 438.165; Sarah Reeves 423.151; Joyce Putty 400.145; Shirley Ross 381.143; Irene Wilson 380.161; Mary Goodman 374.144; Lorene Randals 369.144; Joan Keller 363.162; Verma Parks 363.131.

MEN: Ray Cheek 575.214; Morse Ross 542.228; Watt Ross 527.189; Jack Goodman 495.196; Rusty Roberson 484.182; G. M. Bullard 472.190; Buddy Randals 471.175; Ray Keller 465.171; Bill Howard 453.162; Odie Petsick 441.163.

Mr. and Mrs. Oran Willeford, Doran and Della were in Hamilton Sunday afternoon to attend funeral services for Mrs. Risinger. The writer was also in Hamilton Sunday for a portion of the James Williams funeral and visited a short while with the daughters of Mrs. Risinger prior to her funeral service. We were sorry to learn of the tragedy late Friday which took the life of James Williams, husband of Mrs. Vada Williams of Hamilton, our County Clerk. The couple, with their small grandchildren were traveling east on Highway 22 when the accident occurred at the west end of the Leon River bridge. The car was said to have struck one of those hazardous small concrete curbs causing Mrs. Williams to lose control of the car. The car shot across the curb and over the concrete end of the bridge railing landing on its top some 20 to 30 feet in the Lawson cotton patch. The road bed was some 10 or 15 feet above. Mr. Williams received a

broken neck and died instantly. Rev. Wesley Jones of Lanham was the first to discover the tragedy and found the two small children with blood spattered faces and crying out in the cotton patch. The oldest child being able to tell that only they and grandparents were in the car. Mrs. Williams is a patient in the Hamilton Hospital and is said to have a good chance for recovery. Her many friends will be anxiously awaiting encouraging news from her from day to day. Funeral services for Mr. Williams were held Sunday at 1 p.m. in Hamilton. days but we haven't been privileged such treats as yet.

Ruth Salmon said that she supposed that she could work the 4th, but really didn't have any such intentions. And if you think you'll have any spare time left this year, just ask Conda for a run down on upcoming events.

Hobart Proffitt has had to work awful hard this year to keep what he calls a respectable garden for his wife's approval. He also advised me that a couple planning retirement should bring in a third party because somebody had to continue working.

While hubby Bo is away absorbing military training Kay McClammy is having a ball enjoying former employment as well as friends.

After having the car stall on main street in town, Betty Walker was amazed to learn from her son that he had filled the gas tank with water.

After enjoying her grandchildren for a week's visit Lucille Battershell says its just plain lonesome around the house.

Not only did Susie Salmon and Mattie Stinnett turn the soil upside down but added ample amounts of fertilizer and all they were rewarded with in the garden was wasted efforts. Seems things just didn't grow in that spot.

"It's a good thing I saw Buck going down the street or I'd never have remembered to report this bit of news" said Christine McClure.

And Mrs. S. L. Whatley is not a doting grandmother, but just adores all her grandchildren and will be glad to tell you all about them.

Thought perhaps it was a late breakfast in store for Mattie Gamble as I saw her leaving the grocery store early one morning with a loaf of bread, but it wasn't that exactly since the cupboard was bare after entertaining company for a week.

Mary Jo Paterson, Linda Koomsman and Gladys Partain sipping on Cokes and wondering if they would be called on to work during the holiday.

Avo Rutledge was enjoying the treat of eating lunch out until she remembered the evening meal, then decided they had eaten enough for the day.

If you'd like a tour of the new bank building, just call on Odie Petsick and he'll even show you where that nice green stuff is stored.

Hope you had a nice holiday, and we'll see you next week.

## Teen Topics... By Barbara

If I have looked quite droopy lately it is because I have been a little behind in my sleep. You know how it is when girls get together, especially 150 of them! Dixie and I had a nice time in Georgetown and we really appreciated our letters—all three of them.

Seems like something exciting always happens when we are out of town, although this is the first time a car ever ran into a stalled train.

When we got back there seems to have been some other pretty exciting news. A phone call to three of our girls nearly put them into a state of shock! Fay McFadden was wearing a very brilliant ring on her third finger, left hand. After the shock died down we were very glad for her and wished her luck.

Just about the time this shock wore off, we received another job. Judy Griffiths was "sporting" a solitaire. It really seems impossible that we are all this close to marriage. Let's change the subject—fast!

There were several visitors in Hico this past week but I didn't get to talk to any of them much.

Mrs. Gamble's granddaughter, Paula Swor from Houston and a friend of hers, Nancy Walker, were visiting here last week. Paula knows an old buddy of our, Jerry Jones. We hope they come back soon, because they are both cute.

Glenda Stevens, granddaughter of Mr. and Mrs. Frank Minges was also here last week. She always so much fun that everyone likes to have her around.

Sylvia Sherrard spent part of last week in San Antonio with her sister and brother-in-law and their two children. In her letter to me, she enclosed a note from Lee, her nephew. I believe his was written in Chinese, though. Sylvia came back with new clothes, as usual, and a very bright outlook on life.

Mary Adams was home for a day last week. She has been in Arizona since about the time school was out and is leaving again soon for Capitan, New Mex. to attend a big rodeo and celebration. She is having a very exciting summer, to say the least, and I know some girls who surely wish they were in her place.

Freddie Naul is really working hard—to hear him tell it. No, I really imagine construction is very tiresome. He is working in Handley, outside Fort Worth, and doesn't get home often. When he does, he has plenty of tales to tell.

Mike Flowers didn't leave home but he works in Stephenville every day, painting parking meters, stop lights, and himself. He has to get up at 4 a.m., so it rather hampers his night life.

I don't really know what Mark McElroy is doing. I think he is

building roads, but if he is, he surely moves around fast.

Robert Reed is in California soaking up that healthful sun and I'll bet he's really enjoying it. No one around here would know, because he hasn't written to anyone much. Same old Robert!

I guess I'll sign off with a little verse:

Roses are red,  
Violets are blue,  
Sugar is sweet,  
May God bless you.

Deskin, Bush and Susan from South America; Mr. and Mrs. Raby of San Antonio who were enroute to New York; Mr. and Mrs. Preacher Bowie and Mary Alice and Mr. and Mrs. George Bowie of Duffau.

Mr. and Mrs. J. E. McArdle of Galena Park were guests of her sister, Mr. and Mrs. A. H. Lackey and family this past week.

Dr. W. R. Lackey and M. T. Green and son, Will Green of Dallas were visitors last Saturday in the home of Mr. and Mrs. A. H. Lackey and family.

## ROBERSON FAMILY REUNION HELD SUNDAY

Forty-six were present at the annual family reunion of the children of the late Mr. and Mrs. Lewis Roberson of Clairette. All the living children were present for the occasion, and a number of their children and grandchildren present.

There has been two deaths in the family since the reunion last July. A brother, Charlie Roberson of Stephenville died suddenly last December, and a daughter of Mr. and Mrs. T. B. Roberson of Haskell, Mrs. Robbie Lee Drimon died suddenly Jan. 6 of this year.

The sisters and brothers and families present were Mr. and Mrs. R. Lee Roberson of Kermit; Mr. and Mrs. L. E. Roberson of Odessa; Mr. and Mrs. T. E. Roberson of Haskell; Mr. and Mrs. Herman Roberson of Clairette; Mr. and Mrs. Alto White of Fort Worth; Mr. and Mrs. E. T. Salmon of Stephenville; Mr. and Mrs. Henry Mayfield of Clairette.

The group enjoyed the day visiting, taking snapshots and movie pictures. They voted to have the reunion the first Sunday in July next year at the Clairette Community Center.

Mr. and Mrs. F. D. Hicks and Mrs. Nell Christian of Stephenville visited Sunday afternoon with Mr. and Mrs. Henry Mayfield.

Four-tenths inches of rain fell here Saturday morning. Mrs. M. H. Rush has been quite busy several days going back and forth daily to be with her mother, Mrs. Lillie Webb who has been a patient in the Stephenville Hospital several days. She is improving some.

Thought for the Day: Flowers leave part of their fragrance in the hand that bestows them.

Linda Cronk visited several days in Fort Worth recently.

Mr. M. H. Rush spent Wednesday at Cleburne.

W. F. Haley got an arm cut severely while painting last week, when too much pressure built up in the glass container, causing it to blow up. He was hospitalized a couple of days in Hico Hospital. Mr. and Mrs. Henry Mayfield visited Buster Roberson, who has been a patient several days in Hico Hospital.

Several attended the stock sale in Dublin Friday.

Mrs. Lois Mayfield of Abilene stopped in Clairette awhile Friday afternoon and left news that her mother, Mrs. Nora Reager Reed of Waco had been real sick two weeks in Hillcrest Hospital there. She was improved and able to go home Friday. Mrs. Reed is a former resident of this community.

Mr. and Mrs. R. Lee Roberson of Kermit came in Saturday. They visited her mother, Mrs. O. E. Meador at Hico Saturday, and spent Saturday night with Mr. and Mrs. Herman Roberson and attended the Roberson family reunion Sunday. They returned to Fort Worth Sunday afternoon with his sister, Mrs. Alto White to spend the night and have a physical checkup in Fort Worth Monday before returning home. He has been in ill health for some time, but returned to his work a short time ago with Community Public Service at Kermit.

THIS WEEK IN AUSTIN—

Highlights and Sidelights

By VERN SANFORD  
Texas Press Association

Texas' crime situation looks a little better.

FBI reports covering the first three months of 1962, based on statistics from the 12 largest cities show major crimes down 6.7 percent.

Across the US in cities of comparable size major crime rates rose one per cent.

Texas' crime rate actually is down in number of crimes reported from 1961, despite a population growth during the year of some 200,000.

**Out of Jobs**  
Finding a job in Texas is a little easier these days.

Texas Employment Commission reports April unemployment at 4.3 percent of the labor force as compared to 5.4 percent a year ago.

Average factory wages rose from \$91.21 a week last year to \$96.10 this April.

Leatherwork was the lowest paid with an average of \$52.12 a week. Oil workers got the most, an average of \$132.07 weekly.

Number of Texans working outside agriculture now has passed the 3,000,000 mark. Houston had 19,800 unemployed; Dallas 16,000.

**Water Supply**  
Texas enters the summer with its major reservoirs 76 percent full.

Texas Water Commission reports with use and evaporation so that May rains couldn't keep up water supplies shrunk by 291,000 acre feet.

As June opened supplies were 76 percent of capacity, compared with 83 percent a year ago.

**Safe Fourth Crooked Holes**  
Tedious job of checking suspected oil wells in East Texas continues. Railroad Commission and Attorney General's Department spokesmen say it will take several months to finish the job.

Four more oil operators were enjoined from interfering with Commission checks of their wells. In two weeks, only 23 wells have been checked out of several hundred that Atty. Gen. Will Wilson thinks will have to be investigated before they can write an end to the East Texas investigation.

Wilson has obtained donations from major oil companies to finance the survey to see if holes were diverted so as to reach oil under someone else's lease. So he has taken over direction of the surveying from the Railroad Commission.

**Firing Resumes**  
There was only a brief respite from campaigning after Democratic primaries.

John Connally, the Democratic nominee for governor, and Jack Cox, the Republican nominee, both had their chance to talk at the meetings of their respective executive committees Saturday convening to canvass returns.

Campaigns will start in earnest September 18 when both parties have their state conventions.

But the two young gubernatorial nominees both have state campaign headquarters in operation in Austin. They sound like they plan all-out campaigns in the summer and fall.

Sen. John Tower will be a major campaigner for the Republicans. Vice President Lyndon B. Johnson and Sen. Ralph Yarborough will take to the stump for the Democrats.

They are beginning to make it look like a two-party state. Whether the label sticks depends on what the voters say on November 6.

**Safe Driving Plan**  
The State Board of Insurance will hold hearing June 24th on automobile insurance rates and rules.

High on the agenda will be proposals to revise drastically the safe driving insurance plan by which those with accidents or traffic law violations pay more, while those without them pay less.

Statisticians say the plan has cut rates for 78 percent, raised them for 22 percent. But the complaints about the plan being received by legislators indicates that even those who save aren't too happy with the possibility that one slip might run up their rates.

Drastic revision is possible. Without revision of the plan a rate cut is in the cards. But if penalty provisions are reduced it may wipe out the chance of a rate cut.

Board members and the insurance industry are divided as to what to do. Largest of the insurance agents' associations is taking a poll of its members to see what they—and their customers—think should be done about it.

IT'S THE LAW—

Words Need Clear Meaning For Courts to Interpret

Words are good tools. All professions have to use them precisely to get their work done. Your doctor has words for your illness; and your pharmacist for your drugs.

As a rule we say what we have to say. If people do not get it the first time we tell them again. But you can't always do that in wills and contracts.

In legal papers words need clear meanings for courts to interpret them right. Hence, technical terms such as the following:

**Real Property:** Land, buildings, fences and things attached to the land such as trees and crops.

**Personal Property:** Movable things: bonds, bank accounts notes cars, livestock, furniture, jewelry and clothing, television sets, etc.

**Community Property:** Property which a man or wife earn after marriage.

**Separate Property:** Gifts, inheritances, and some court awards received after marriage as well as things which man or woman owned before marriage.

**Trusts:** You have a trust when someone holds title to property for another person's sake. Thus a man's will may have some person or concern hold and manage his business interests and turn the income over to his widow.

**Deposition:** A sworn statement to get or keep testimony for a law suit—a help when a witness is sick or far away, for instance, or when facts can be taken down in "discovery" proceedings to shorten actual trial time. Depositions are of two kinds:

(a) Lawyers on each side ask the witness questions before a notary public. His answers are taken down, and he signs the "transcript."

(b) The lawyers write out their questions beforehand; and the answers, given before a notary, are also written out. The notary sends the testimony to the court where it may be used during hearings.

Mr. and Mrs. Byron Hawthorne spent the past week visiting relatives and friends in West Texas.

They joined Mr. and Mrs. A. E. Fenton of Gouldbusk, going to Odessa where they visited a son, Byron Hawthorne Jr. and family, and a daughter, Mr. and Mrs. O. R. Priddy and sons, also a niece, Mr. and Mrs. Everett Kidd, Jerry and Steve Fenton. They also visited Boys Ranch near San Angelo, and with a nephew, Andy Fenton and family. Andy is resident manager of Boys Ranch. The ranch has a new chapel and two dormitories added this year.
