Swing Race Tightens as Summer Session Nears End

MORSE ROSS
League Secretary

Beauties held on to a lead as five teams moved toward league title in two weeks left in current season. The three top teams were lost to bottom half to make the closest race so far in the league's short history. The Kingpins and First Na-

tional Tellers made big strides toward the top as the Kingpins slugged Wilson's Dynamos 6.2, while the Tellers were blanking the F.W. Ranch Cowhands 8.0. Salmon's Shoppers moved within three points of second place by edging the Newshounds 6.2, while the Hico Motor Darts came alive to slow down the Beauties 6.2. Jim Jameson's Gassers eked out a 6.2 win over Parks' Orphans in an evenly matched battle.

Monette Dove (486-176, 162) again led the ladies by rolling the top series and game. Teammate Shirley Ross was second in series with 423. Betty Knudson (421-158) was third in series and game and Joyce Putty (397) was fourth. June Roberson and Mary Nell Scott tied for fifth with 394 each. Mary Goodman tied for second high game but didn't make the top five.

G. M. Bullard (539-210) had the high series and high game for the men. Von Scott (520) was second, Harold Walker (509) was third, Odie Petsick (497) was fourth, and Buddy Randall (489) was fifth. Watt Ross (198) and George Kilgo (193) had second and third high games.

VACATION IN NEW MEX.
Mr. and Mrs. Conda Salmon and Mr. and Mrs. O. C. Cook have returned home following a week's vacation in Ruidosa, New Mexico. Enroute home they stopped at White Sands and Cloudcroft.

HERE FROM CALIF.
Mr. and Mrs. Dean Spaulding and children from Los Gatos, California, are visiting here while on a month's vacation in the home of his mother, Mrs. V. L. Spaulding and other relatives.

Harvest Part, Leave Part For Better Range Management

In very few endeavors can the old adage, "You can't have your cake and eat it," be contradicted. Harvesting perennial grasses is one of the rare exceptions to the rule. A great many farmers and ranchers, perhaps the majority of them, fail to recognize the possibilities in modifying this rule to their benefit. Many seem to believe that they must either keep their cake (grass in this case) or they must let their stock harvest it. And since they are not interested primarily in landscape art, they choose instead to harvest the grass.

Fortunately, such a difficult choice is not necessary. Modify the rule and say "Keep part of it and eat part of it." Which brings the necessary choice. How much of each shall it be? Most researchers and ranchers who have really studied the problem say, "Eat about half of it and keep about half." And there are some very good reasons for the figures coming out that way. The answer lies in the way grasses grow.

Nature installed in the green leaves of grass an ingenious little device that takes carbon dioxide gas out of the air and, with sunlight supplying the energy, builds more green leaves and stems. Water and other materials coming in to the plant through the roots are also used in these new tissues. Part of the food thus manufactured in the leaves is sent down to the roots where it is stored for future use. The first leaves of spring are made from this food that was stored up last year. As soon as the new shoots come out they begin to manufacture their own food and to build other shoots and leaves. The first thing you know grass is growing all over the place.

What happens when a cow nips off a leaf? That part of the factory shuts down until repairs are made and the leaf is growing again. What happens when all the leaves are nipped off? The whole plant shuts down for repairs. Then some of the reserve foods from the roots must be used to help get it into production again. When all the foliage is removed and kept off all year by livestock, the plant is not able to replace the eaten portion and drains the food reserve trying to stay alive. The following year the grass is slow getting started because the larder is empty. If this treatment is kept up indefinitely the grass plant has no choice but to close up shop for good. Now in this case you have eaten yourself out of house and home.

Let's say though, that you keep an eye on things and let your stock remove only half of the grass. Operating at half capacity the plant works vigorously to replace the eaten portion. Little or no reserve food is needed. The plant stays healthy and growing. It actually expands. The half that you can harvest grows larger and larger. The root system goes deeper to better water and mineral supplies. Grass comes out early and strong in the spring. More and more rainfall gets into the ground. Next thing you know you are in business.

Of course good or proper use of grazing land is not that simple. A great deal of thought and planning must go into a sound management program. Weather and other factors come into the picture. But the principle is constant. You can't have your cake and eat all of it, but you can dine royally and still keep plenty for a rainy day.

Revival Services Slated At First Baptist Church August 20 thru 26th

Revival services have been scheduled to begin at the First Baptist Church Monday, August 20, and continue through Sunday, August 26.

Evangelist Charles Massegee of Ranger will be guest speaker at the evening services beginning at 8 o'clock, according to announcement made this week by the pastor, Rev. Tom Pratt.

A cordial invitation is extended to the public to attend all of these services.

CIVIC CLUB TO MEET WEDNESDAY AT FIREMEN'S HALL

Hico Civic Club, observing a twice monthly schedule during the summer months, will meet next Wednesday, Aug. 8, at the Firemen's Hall. All members are urged to be present.

28-30 Gridsters Expected For First Tiger Practice

Thirteen lettermen, eight of whom were regulars on last year's Tiger football eleven, are expected to greet Coach Jack Barnett and David Anderson Monday afternoon for the start of fall grid training.

The mentors have urged that all boys who intend to play this year to report at the stadium Monday afternoon at 2 p.m. for issuing equipment. First practice session will get underway at 6 p.m.

Barnett said that only one a day drills would be held if the work-outs progress satisfactorily. One of the lettermen returning this year has 3 numerals, while four are two-year veterans. The remaining eight all have earned one letter.

Don Jernigan, senior quarterback, heads the corps of numeral winners. He has three letters. Backing him up are Larry Erick, Freddie Naul, Bill Rutledge and Butch Knudson, all two-year lettermen, and Harry Brown, Tom Pratt Jr., Frank Phillips, Jerry Casey, Mike Flowers, Morris Samford, Charles Erick and Alan Solbery, all one year letter winners.

First game of the season will be played Saturday night, Sept. 8, when the Tigers journey to Stephenville to take on the rejuvenated B Jackets. Stephenville, undergoing a rebuilding job in their athletic program, is expected to field a strong B team this year, and Barnett is already predicting a hard season opener.

Two new teams appear on the Tiger slate this year, Perrin, which only last year advanced to 11-man football from six-man, will furnish the opposition in the season home opener on Sept. 14. The other new team is Godley, a team which has never appeared on the Tiger slate. However the game with Godley is not definite at this time, and could be changed later.

FAIRY

By MRS. EUNICE DANIEL

have enjoyed the cloudy were misinformed and this should have read the Farris reunion, relatives of Mrs. Turner. We are sorry of the error.

We also want to again give the list of ladies who were hostesses for a wedding shower honoring Mr. and Mrs. Lynn King of Azle. Through error in some way the name of Mrs. W. E. Goyne was omitted. We attended the shower and took down the hostess name while there and we thought we gave all correctly. However the name of Mrs. B. A. Gleason was given and we have been informed she was not one of the number, although she did help out some in the serving which she does many times when the affair is held at the homemaking cottage where

she teaches. We are sorry of the error and hope Mrs. Goyne will accept our sincere apology for the error. The list was as follows: Mrs. Leslie New, Mrs. Ruth Cunningham, Mrs. Beatrice Clark, Mrs. A. E. Howard, Mrs. W. E. Goyne, Mrs. Claude Holley, Mrs. Sam Burney, Mrs. J. W. Abel and Mrs. J. J. Jones Jr.

Mr. and Mrs. Roy Driver of Waco spent the weekend visiting in the homes of their brothers, Mr. and Mrs. Frank Driver and Mr. and Mrs. J. T. Jackson.

A pre-nuptial wedding shower honoring Miss Peggy Jones and Don Bullard was held Tuesday night at the school lunch room and homemaking cottage. Hostess for the occasion were Mrs. Randall Campbell, Mrs. J. C. Kinney, Mrs. Justin Bullard, Mrs. J. A. Edwards, Mrs. Frank Hanes, Mrs. B. A. Gleason and daughter, Merrijo. The decor colors were blue and white. The gift table was covered in white net over blue, with matching floral arrangements centering the table and at intervals throughout the room. They received a large assortment of nice and useful gifts. A large crowd attended, Peggy and Don will be married this Saturday evening at 8 o'clock at the Lanham Methodist Church. All friends and relatives have a cordial invitation to attend.

Mr. and Mrs. Frank Hanes and Mike returned home Tuesday from a vacation trip to Houston, Galveston, returning by way of Shreveport, La. where they visited in the home of her uncle, Mr. and Mrs. Oscar Davidson and al. so visited with some of Mr. Hanes' relatives, a Mr. Jim Allen at Gene, La., some 12 miles out. They stated that Mr. Allen was 77 years old but still maintained a very alert memory of the past. Mr. Hanes' father and grandmother were born near Gene. Mr. Allen lived at his home with two sons and a daughter. They raise Brahman cattle, have lots of wild hogs, do their own meat curing and canning. Mrs. Hanes stated

they had a large home freezer, also the old type smoke house which was also well filled with cured meats of different varieties. Well our sister, Mrs. E. M. Hoover just called to inform us that the residence of Mr. and Mrs. Marvin Porterfield was on fire. We grabbed a bucket and ran but the fire was already too far advanced for a bucket brigade. Both the Hico and Hamilton Fire Departments were called, Hico being the nearest arrived first and we feel deeply indebted to them as we feel sure our tenant house next to the Porterfield home would have burned too had the trucks not arrived when they did and kept that side wet, as we were informed that it too had already started to blaze.

The walls had about all fallen when the Hamilton truck arrived but we also feel indebted to them as had our house caught in a big way we would have needed their help to save it and probably the Oran Willeford home. However the home of Mrs. M. E. Parks north of the fire, also the Willeford home, were not as close to the burning home as our house. We wish to thank all who came, the fire departments from Hico and Hamilton and local residents who gathered quickly to offer assistance. Mrs. Vernon Knapp of the Olin community, who had come up to the school on business, was the first to discover the blaze as she passed through and sounded the alarm. Luckily the phone calls to the fire departments and the REA at Hamilton were made before the phone lines were disrupted out of Fairy. However we still have a dial tone and believe we could get a call through and did to the News Review office.

Mr. and Mrs. Porterfield and Billy had only been gone a short while when the blaze was discovered. They were enroute to Houston to visit her parents and other relatives and his father Walter Porterfield, who lives in our tenant house, was trying to catch

them enroute when the phones went out. The fire at the Porterfield home was thought to have started in the kitchen, as Mrs. Knapp stated the blaze was coming through the northeast corner of the roof over the kitchen when she discovered it.

Well, a family and a dog at Meridian are indebted to young Mike Hanes who with his parents was returning home from their vacation and while passing through Meridian Mike noticed a blaze coming from a window at a home they passed. He told his parents, who immediately got to the home and got the family dog out and notified nearby residents who called the fire department. The family was away from home. However a daughter was at a home about two blocks down the street. Some furnishings were removed, and the fire was put out before it got too far advanced but the contents were damaged by water and fire to some extent. Congratulations Mike for your observance, and also to your parents whom we think are just about the best yet when it comes to rendering aid in any way.

These fires should make all more cautious in trash burning, not only that but with all electric or gas appliances.

We received a letter today from our sister, Mrs. Myrtle Enger of Brady who sent us a clipping from the Brady paper stating that the drouth and water shortage there was going to delay construction of the Brady Dam. About half of the working crew has been laid off. They too have had to ration the use of city water.

We received a letter today from Mrs. Minnie Staley of Dallas who stated that she had been through here recently on her return from a vacation trip. Mrs. Staley, who is a sister of the late Mrs. Emma Ogle, said she drove by her old home and also visited at the former home of her deceased parents, the Forts near Clifton. She said she was quite surprised to find it so dry here since they have had good rains at Dallas. She also visited the cemetery while here.

The writer attended singing at Lund Valley Baptist Church Sunday afternoon and visited a short while at the home of Mr. and Mrs. Frank Driver.

Mr. and Mrs. Carl Ray Sellers, Jimmie and Janice visited Sunday in the home of his mother, Mrs. N. S. Sellers at Hamilton.

Miss Sherry Dickens of Midland spent the weekend in the home of Mr. and Mrs. H. O. Piercy and Leon.

Presumably the Robert Rachuigs are visiting at his parents, Mr. and Mrs. A. W. Rachuig, since Robert was one of the fire fighters this morning at the Porterfield home.

Mr. and Mrs. E. M. Hoover enjoyed a visit from all of their children last week. These were Mr. and Mrs. Darwin Hoover and sons, Charles D. and Peter Jameson of Daly City, Calif., Mr. and Mrs. Lloyd Boistad, D'Ann and Glenn of Louisiana and Mr. and Mrs. Ralph Spencer, Don and Dickie of Lubbock. Mr. and Mrs. Boistad are moving to Houston this week. We are glad to know they are moving back to Texas.

Our grandson, Jerry Richardson and I took advantage of the norther Monday and worked at the cemetery. We also worked a few hours last week. There is not too much growth this dry weather, only the carpet type milk weed, grass burs and Johnson grass. We cleaned off eight lots and did a lot of cleaning outside of curbs.

We received a \$5 contribution from Mrs. Vinita Blakley of Iredell for a years care of the Walter Blakley lot at the cemetery.

Our sincere sympathy is extended to Mr. and Mrs. Charles Tolliver in the loss of their infant son.

Our sincere thanks to Miss Ruth Hartgraves of Houston for a donation of \$125 for the endowment fund for perpetual care of the grave of Marie Hartgrave. We had written her a letter, explaining the endowment plan, and in return she wrote a very nice letter and sent her check for the fund. We are having her letter printed in hopes it may be of help to others in understanding their duty to loved ones buried here. Many don't seem to know where to send funds since they don't take the paper. We thank Miss Hartgraves so much. Her letter follows:

Dear Mrs. Daniel:
Thank you for your letter of August 3 in regard to the perpetual care of the grave of Marie Hartgraves at Fairy, Texas. I will be most happy to contribute my \$125.00 to this fund to be used for the perpetual care of her grave. Your thoughtful solution to the care of the cemetery is greatly appreciated, and you have my full cooperation. I am grateful for your interest and your time, you give in the management of the Fairy Cemetery Association.

When I am in Fairy again, I hope it will be my privilege to meet you.

Thanking you, I am sincerely,
Ruth Hartgraves, M.D.

CLAIRETTE

By MRS. LUCILE MAYFIELD

FORMER RESIDENT BURIED HERE SUNDAY

Edgar Earl Stamford of Austin passed away August 8 in Bracken-

ridge Hospital following a long illness. He was born at Centerville December 29, 1902, the son of Mr. and Mrs. W. T. Stamford. He mov-

ed to Clairette with his parents when a young boy. He was a member of the Methodist Church and Masonic Lodge.

Rev. A. L. Cronk, pastor of Clairette Methodist Church conducted the services at 2 o'clock Sunday afternoon in the Methodist Church. A Dublin quartet furnished music.

Mr. Stamford is survived by his widow, Mrs. Ed Stamford of Austin; one daughter, Mrs. Jack Wil-

ey of Austin; one grandchild; his father, W. T. Stamford of Clairette; two sisters, Mrs. Jennie Hoffpouir and Mrs. Myrtle Thompson, both of Clairette; three brothers, Jack Stamford of Fort Worth, Bishop Stamford of Brownwood, and Burette Stamford of Dallas.

Interment was made in Clairette Cemetery under the direction of Harrell Funeral Home of Dublin. A large crowd was present for the service. We extend deepest sympathy to the bereaved family.

Mr. and Mrs. E. T. Salmon of Stephenville and his brother and wife, Mr. and Mrs. Albert Salmon from Oregon were Clairette visitors Tuesday morning. They visited at the cemetery.

Bobby Cornelius of Hamilton grandson of Mr. and Mrs. Lee Marshall, and Miss Patricia Jones also of Hamilton, were recently married in California where he is employed. They will make their home there.

Some farmers are busy breaking land.

Mrs. Bird Mayfield, Mrs. Ninnie Oxford and her sister from the Valley visited at the Henry Mayfield home Friday afternoon.

Bro. Dick Senter preached at the Baptist Church last Sunday, and it was his last sermon before moving to his new church at Ma-

bank. Mr. and Mrs. E. T. Salmon of Stephenville visited Sunday afternoon in the homes of Mr. and Mrs. Henry Mayfield and Mr. and Mrs. Herman Roberson.

The Baptist Revival closed Sunday night. Bro. Lewis Abbot of near Tyler did the preaching, and Mrs. Vada Fall of Hico was pianist.

A Rule of Three

Three things to govern: Temper, tongue and conduct.

Three things to cultivate: courage, affection and gentleness.

Three things to commend: Thrift, industry and promptness.

Three things to dispise: cruelty, arrogance and ingratitude.

Three things to wish for: health, friends and contentment.

Three things to admire: dignity, gracefulness and intellectual power.

Mr. and Mrs. Jim Edwards had all their children home Sunday. They came to attend the funeral services for Ed Stamford.

Doan Martin was brought home Saturday after spending a number of days in the Stephenville Hospital recovering from injuries received in a car accident. He will be confined at home for some time.

Mrs. J. C. Willis and four children spent the weekend in the home of Mr. and Mrs. John Willis. She and the children and her brother, Richard McClellan of La-Marque left Sunday for California to meet her husband, who was due in port this week aboard the USS Hancock.

Mr. and Mrs. Garland Anglin and two children of Hamilton were Sunday visitors with Mr. and Mrs. John Willis.

Mr. Jack Carter of Eastland, uncle of Zeph Carter, Mrs. Frank Johnson and Mrs. Leslie Dowdy, passed away August 7. Mr. Carter recently observed his 100th birthday. His nieces and nephew from Clairette attended the services last Wednesday.

COUNTY AGENT

By E. B. LAWRENCE

Dry weather is certainly changing things over the county, and in some cases changing them fast.

We had a good cotton crop a few weeks ago but right now it doesn't look too good. Some of the late planted crops still have time to make some provided they get enough moisture.

One good thing to come from the dryness is that cotton insects have let up and most of the damage is just about past from them. However, rains could bring about more trouble.

-ERL-

Pastures over the county are very dry and this brings on a grave danger from fire. So far, we have not had a serious fire but this does not mean we can't.

Over the county we have some fire fighting equipment and it is all in good condition and ready to go at a moments notice. Do you know what to do to get this equipment to your place should it be needed?

If you have a fire on your

place, the first thing to do is to turn in the alarm. Do this by calling the operator or dialing the fire number—and do this before you attempt to put the fire out.

Keep in mind that it might take the firemen some ten to 15 minutes to get to your place. You can readily see that should you begin to fight the fire you can lose some valuable time in getting fire fighting equipment to the

place or fire.

Also, tell the operator where the fire is, and whose place it is on, the person living on the place. I have been told that some people call in and tells whoever answers that they have a fire on their place in the kitchen, and then hang up the phone. Well, whose kitchen is it and where is the kitchen? Sure, people are excited generally when an alarm is turned

in but if you can, try to get down long enough to give an account of where the fire is. We can all be careful when we burn trash. Although it may be burned in a container of some sort, there is a chance that a gust of wind can pick up some fire and drop it on dry grass and from there the fire starts and spreads. Keep an eye on any trash that

Garden Club Comes Members Oncoming Season

"Am I a member of the Garden Club?" Many of us ask this question. Some of us have been in the club many years ago, without saying no one can have a good portion of their life's vocation without professional convictions that it is worth the effort. It richly rewards us with friendships and last-forever satisfaction.

There is something about work that in-glove with nature, that in the spring, summer or fall, we learn the joy of working and sharing ideas and setting goals to accomplish. We learn from experience, that he who gives receives most. Tomorrow's harvest rests in the hands of us who are working today. Each of us has a share in some small share in the vastness of home gardening.

Some gardeners do not begin with a beautiful floral arrangement. The tree gardener works to enrich life and improve and beautify community. No one ever feels the loss of good gardening lost, as the real gardener's heart grieves.

Hico Garden Club will meet in regular session once a month in September. We will welcome you as a new member in a challenge for a new field of happiness.

We are aware that the Reunion is over, and perhaps we will get around to lowering our welcome banners, but really we like to welcome folks to Hico everyday, so perhaps we should leave them up.

And speaking of the Reunion, Grady Hooper and Louis Chaney gained some ideas this year, and are planning to put them in use in next year's celebration.

This summer weather has been too much for Mrs. Fred Blackburn and so she is spending a summer inside where it's nice and cool.

I guess the heat isn't bothering Bonnie Alexander as I noticed all the furniture set up outside and Bonnie resting peacefully in a comfortable chair.

Not nimble fingers, but busy ones for Susie Salmon these days as she has only seven more pillows to smock before summer ends.

Ma Ramage was ready to pull a surprise stunt when she returned from a recent trip and—well, just ask Iris Eakins for the details.

Louise Blair is feeling real proud these days and just ask her how you go about cutting up a chicken.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1962.

SENATE JOINT RESOLUTION NO. 22 proposing an Amendment to Article IX of the Constitution of the State of Texas, by adding a new Section thereto, to be known as Section 11, providing that the Legislature may authorize the creation of hospital districts in Ochiltree, Castro, Hansford and Hopkins Counties, each district to be coextensive with the county, and to operate the hospital system, and rates of taxes; providing for the acquisition of land; the purchase of hospital uses, as well as the maintenance and operation of the same; and authorizing the issuance of tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of hospital uses; and further providing that any enabling Acts shall not be invalid because of their anticipatory character.

SECTION 1. Article IX of the Constitution of the State of Texas, as amended to read as follows: "Section 11. The Legislature may by law authorize the creation of hospital districts in Ochiltree, Castro, Hansford and Hopkins Counties, each district to be coextensive with the county. If any such district is created, it may be authorized to levy a tax not to exceed Seventy-five Cents (75c) on the One Hundred Dollar (\$100) valuation of taxable property within the district; provided, however, no tax may be levied until approved by a majority vote of the voting resident qualified property-taxpaying voters who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as the rate does not exceed the maximum limit of Seventy-five Cents (75c) per One Hundred Dollar (\$100) valuation."

Governor Daniel has okayed the release of \$105,000 from Texas Railroad Commission funds to finance additional equipment, personnel and other expenses connected with the investigation of slant well drilling and oil producing operations and pollution of public waters.

He also authorized Atty. Gen. Will Wilson to adjust his present appropriations to cover slant well and anti-trust investigation expenses. Meanwhile the Railroad Commission called a temporary halt to oil well testing in East Texas and Hawkins fields, in order to rearrange personnel.

Two Term Limit?
Another effort may be made to limit the term of office of the governor.

Similar resolution was unsuccessfully sponsored in the 57th Legislature. New proposal would set the governor's term at four years. It provides that he could not succeed himself in office.

Many legislators feel that such a system actually stretches a political life rather than limiting it.

Divorce Study Starts
House Interim Committee on Divorce held its first meeting. Committee, headed by Rep. Renal B. Rosson of Snyder, was created by the 57th Legislature to study divorce laws, with special attention to: Rights of children; methods of promoting and protecting family life; and possible ways to encourage reconciliations.

Texas now has the fifth highest divorce rate in the nation. More than 28,000 divorces were granted here in 1961.

Members of the study group include Reps. David Crews of Conroe, Paul B. Haring of Goliad, Henry Fletcher of Luling and

Charles Whitfield of Houston. **Mental Hospitals Crowded.** State mental hospitals are crowded with elderly persons physically but not mentally ill.

Dr. C. J. Ruliman so reported to the House Committee on Saving Taxes.

Dr. Ruliman, director of mental health for the State Hospital Board, said about 25 percent of the 16,000 patients in state hospitals are more than 65 years old. "Our problem (in cutting state hospital costs) rests with patients who are physically sick," he said. "Of 3,500 elderly patients in state hospitals, only about 1,400 have serious psychiatric disorders."

Help for Rural Hospitals
Although federal funds have financed construction of more than one-third the hospital and medical facilities in the state, under the Hill-Burton Act, most of the aid has been given to big city institutions.

Officials of the State Health Department, who make recommendations for the aid, feel that smaller communities have been penalized under former measuring standards.

When new building allotments are authorized for Hill-Burton assistance in September, requests from rural areas will be weighed according to "relative need."

So far Hill-Burton projects around the state have been built at a total cost of \$310,433,369, with the federal government footing \$110,102,770 of the bill.

The Hill-Burton program is as popular in Texas that federal financing is twice the national average of 15 percent of total cost.

Crime Explosion
Texas prison wardens and agencies interested in rehabilitation of "first offenders" are being haunted by the expected population bulge just as are colleges, universities, and for that matter, all future planners.

Post-war bumper baby crops which started in 1947 are expected to hit the cell as well as the campus in full force in 1964.

Three phases of clemency—suspended sentence, judicial probation and state parole—are being studied as a means of keeping youth offenders out of the penitentiary.

Objective is to make the prison an old settlers' home for hardened congenital criminals who cannot be rehabilitated, and who have aged in making their record.

Screwworm Battle Rages
Weekly production of sterile screwworm flies has hit the 500,000 mark and is expected to reach 750,000 by September 1, according to Dr. G. D. Stallworth of the Texas Animal Health Commission.

He said the battle against screwworms, initiated a year ago, is going so well that the Kerrville sterile fly plant is being closed down and all production centered at Mission.

Outcome of the fight for screwworm eradication this year may depend on winter's weather whims.

"We're at the mercy of winter weather," Dr. Stallworth said. "If a very mild winter occurs, the overwintering line that serves as a boundary for release of sterile

flies, will have to be pushed farther north, and more resources and more flies will be needed."

No Death for Taxes
Robert S. Calvert, State Comptroller, warns that merchants must pay the state sales tax on gross receipts despite a recent court ruling by District Judge Herman Jones.

Calvert expects a lot of merchants to quit paying the tax on sales of under 25 cents after reading about the ruling.

Judge Jones ruled that the state has no right to make the merchants pay while at the same time prohibiting them from collecting.

"There won't be any change until the suit finally is settled by the higher courts," Calvert said.

Safe Driving Discounts
Safe drivers have received a belated boost from the Texas Association of Insurance Agents, meeting in Austin, unanimously recommended that the state board establish a new system of credits for good record drivers.

Urged was a 5 per cent discount to policyholders with an accident free year; 10 per cent for two years; and 15 per cent for three accident free years.

Texas' controversial "merit rating" plan was revoked August 1. Texas school boards shopping

for new school buses this will find prices sharply below year.

Competitive bids received by Texas State Board of Control show a substantial reduction in the prices since March of year, and an even greater reduction over last year.

Texas Out of the Red
Treasurer Jesse James says that Texas' general revenue is out of the red after having in deficit almost continuously the past four years.

Revenues deposited to the deficit of the general fund swelled balance of \$4,601,020.

General fund may dip again radically, but is expected to at least break even at the end of current appropriation biennium year from now.

Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1962.

HOUSE JOINT RESOLUTION NO. 26 proposing an Amendment to Section 62 of Article XVI of the Constitution of the State of Texas to provide for the election and appointment of officers and employees, who serve in such capacity for twelve (12) months or more in any county or other political subdivision, a Retirement, Disability and Death Compensation Program.

SECTION 1. Subsection (b) of Section 62 of Article XVI of the Constitution of the State of Texas is amended to read as follows: "(b) Each county and any other political subdivision of this State shall have the right and the Legislature may enact appropriate regulatory laws to provide for the election and appointment of officers and employees, who serve in such capacity for twelve (12) months or more in any county or other political subdivision, a Retirement, Disability and Death Compensation Program for its elected and appointive officers and employees; provided same is authorized by a majority vote of the qualified voters voting in such election of the county or other political subdivision. No person shall qualify for benefits unless he shall have served in such capacity for at least twelve (12) years, except for persons otherwise qualified prior to the effective date of this Amendment. The amount contained by

county to such fund shall be the amount paid for the same purpose and shall not exceed at any such year, per centum (5%) of the compensated salary of such person by the county and State."

SECTION 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment authorizing retirement, disability, and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more."

SECTION 3. Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such legislation shall not be invalid because of its anticipatory character.

SECTION 4. The Governor of Texas shall issue the necessary proclamation for election of the qualified electors of the State and shall publish in the manner and for the length of time as required by the Constitution and laws of the State.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1962.

SENATE JOINT RESOLUTION NO. 25 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas, permitting the resale of lands of the Veterans Land Fund remaining unsold after having been first offered for sale to veterans to be sold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law or as may hereafter be provided by law.

SECTION 1. That Section 49-b, Article III of the Constitution of Texas, be amended by adding thereto the following: "The foregoing notwithstanding, any lands in the Veterans Land Fund which have been first offered for resale to veterans and which have not been sold may be resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law or as may hereafter be provided by law."

SECTION 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1962, at which

election all ballots shall have printed thereon the following: "FOR the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the resale of lands of the Veterans Land Fund remaining unsold after having been first offered for sale to veterans, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law or as may hereafter be provided by law."

SECTION 3. The Governor of the State of Texas shall issue the necessary proclamation for election of the qualified electors of the State and shall publish in the manner and for the length of time required by the Constitution of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOURTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1962.

HOUSE JOINT RESOLUTION NO. 22 proposing an Amendment to the Constitution of the State of Texas to authorize the Legislature to provide for trial de novo on all appeals to the courts from actions, rulings or decisions of administrative agencies and executive departments of the State of Texas or any of its political subdivisions.

SECTION 1. That the Constitution of Texas be and the same is hereby amended by the addition of Article II of a new Section to be known as Section 2, and New Section 2 to read as follows: "Section 2. Notwithstanding any other provision of the Constitution, the Legislature shall have the power, by general law, to provide for appeals to the courts from actions, rulings or decisions of administrative agencies and executive departments of the State of Texas or any of its political subdivisions, under such provisions and limitations as the Legislature may determine to be desirable; and the courts of such appeals, if brought in the manner provided by general law, even though such appeals shall be provided de novo as that term is used in appeals from Justice of the Peace Courts to County Courts; and should the Legislature provide for such appeals to be tried completely de novo and independent of any administrative or executive ruling or decision thereon, the general law shall comply with such general law and shall bear and determine such appeals in the manner and other the

provisions prescribed by the Legislature, and the Legislature shall have the power to provide for trial de novo on all appeals from actions, rulings or decisions of administrative or executive agencies of government."

SECTION 2. The Constitutional Amendment granting the Legislature power to provide for trial de novo on all appeals from actions, rulings or decisions of administrative or executive agencies of government, shall be submitted to a vote of the qualified electors of the State, at an election to be held on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment granting the Legislature power to provide for trial de novo on all appeals from actions, rulings or decisions of administrative or executive agencies of government."

SECTION 3. The Governor of the State of Texas is hereby authorized to issue the necessary proclamation for election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

CARLTON

By MRS. FRED GEYE

Funeral services were held last Wednesday afternoon at 2 o'clock in the Carlton Baptist Church for Mrs. Lula Jane McDaniel, 84, who passed away Monday morning at 4 o'clock, August 6 in the Payne Nursing Home at Hico after a long illness. Her pastor, Bro. Ed. die Rickenbaker, conducted the services, assisted by Bro. Charles Becton of Fort Worth, former pastor of the Carlton Baptist Church.

Mrs. McDaniel was born Nov. 27, 1878 in Hamilton County, the daughter of the late Mr. and Mrs. W. H. Henderson. For years the McDaniel family made their home in Carlton.

In 1894 she was married to Robert L. McDaniel, and to this union six children were born. Her husband and three children preceded her in death. She was a faithful member of the Carlton Baptist Church, and always attended all services until her health failed.

She is survived by three sons, Jack of Rockdale, Ray of Tulsa, Okla., and Roy McDaniel of Pampa; six grandchildren; two sisters, Mrs. Wesley Simpson of Sherman and Mrs. Claudia Howard of Graham; other relatives and a host of friends. Burial was made in Carlton Cemetery with Harrell Funeral Home of Dublin in charge of arrangements.

Pallbearers were Hob Thompson, Walker Curry, George Driver, Mack Taylor, Sam Sharp and Jess Reeves.

Following funeral services at 4 p.m. Wednesday in the Hamilton Methodist Church, the remains of Mrs. Robert Smith (Aunt Peggy) were conveyed to the Carlton Cemetery for burial.

Mrs. Smith was a former resident of Carlton. She passed away at the Newsom Rest Home in Hamilton.

Survivors are three step-children, Bailey Smith of Henderson, Truman Smith of Ranger and Mrs. Elwyn Delleney of Dallas.

Kenneth Lunsford of Plano was home for the weekend with an infected foot caused from a piece of steel which pierced his foot.

Mrs. Annie Denman of Lamkin and her son and wife, Mr. and Mrs. Acey Denman and daughter from Fort Hancock visited Wednesday with her sister-in-law, Mrs. Fred Geye.

Mrs. Bobby Moring, Deborah, Belinda and Donald of Cotton Center are visiting her parents, Mr. and Mrs. E. L. Fine.

The Hico Fire Department was called shortly after noon Sunday to extinguish a grass fire at the home of Mrs. Christine Bowden near the school.

Mr. and Mrs. Norris Henley and Dana from Nacogdoches, Mr. and Mrs. Reginald Henley, Dave and Kathlene from Elizabeth, New Jersey, and Mr. and Mrs. R. O. Henley and children from Dallas were weekend visitors with their aunts, Mrs. Lola Pollard and Mrs. Ligard Fine and husband.

Mrs. J. C. Moreland was rushed by ambulance to the Hico Hospital Sunday morning suffering from a heart attack.

Mrs. W. L. Drott Jr. and children from Pineville, La. are visiting her parents, Mr. and Mrs. Hob Thompson. They all visited Sunday in Abilene with Hob's parents and sister, Mr. and Mrs. O. C. Thompson and Ollie Mae.

Raymond Geye of Lufkin visited Saturday afternoon with his mother and sister, Mrs. Fred Geye and Mrs. Dow Self and Jack Henry. His wife and Judy were visiting in Hamilton with her parents, Mr. and Mrs. C. E. Edmiston.

Mr. and Mrs. Gene Sharp and sons left Wednesday for their home in Andrews after spending their vacation with their parents, Mr. and Mrs. L. H. Lunsford and Mr. and Mrs. Sam Sharp and Linda.

The revival at the Baptist Church will begin August 19 and conclude August 26. Evangelist will be Rev. Joe Truell of Tioga.

Bro. Eddie Rickenbaker is in a revival this week at the Calvary Baptist Church in Hamilton, Tom Pratt Jr. of Hico preached here Sunday night and Butch Bowden will preach next Sunday morning

in the absence of the pastor. Mr. and Mrs. Walter Smith have sold their home in Carlton to Mrs. Bill Sharp McKnight. Mr. and Mrs. Smith moved to Glen Rose Tuesday.

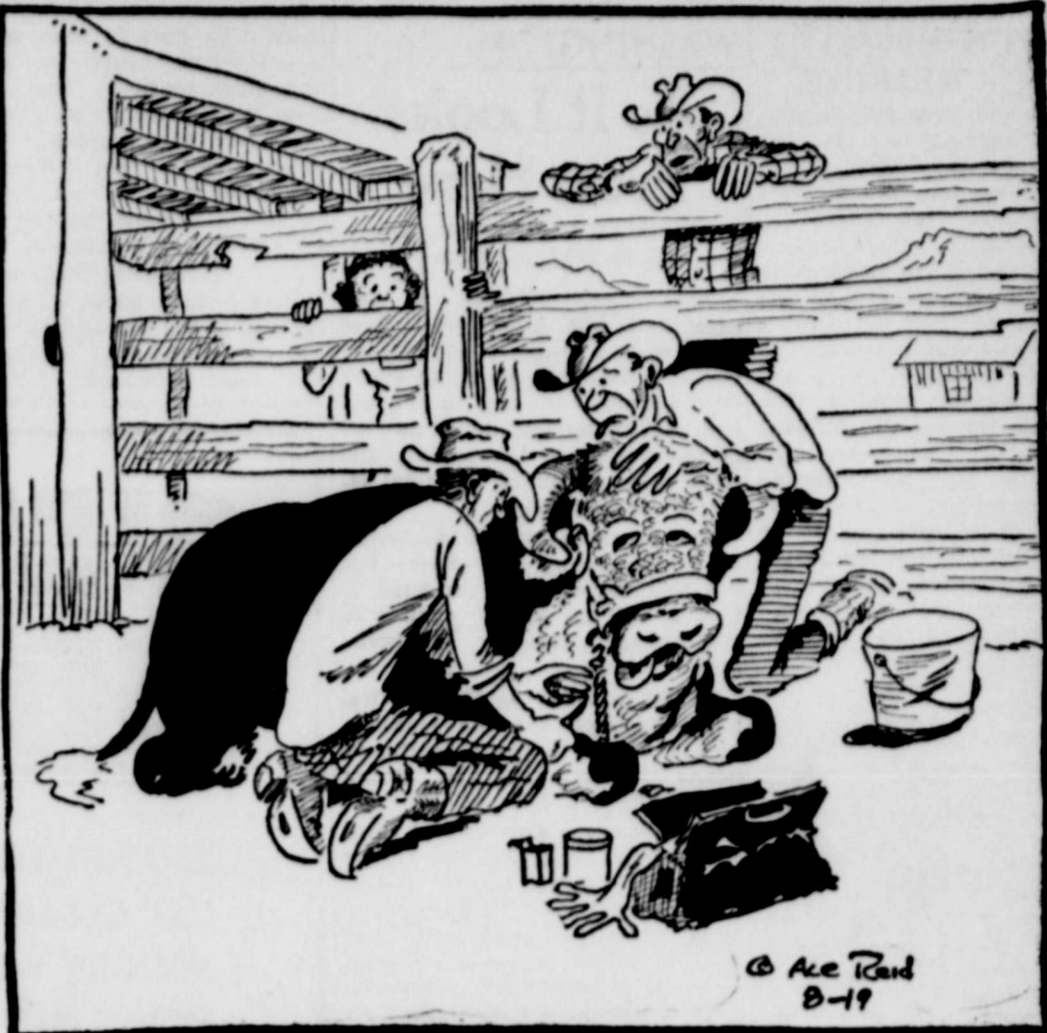

Visitors Sunday in the L. H. Lunsford home for lunch were Rev. Wesley Jones and family of Jonesboro, Charley Loewe and family and her mother, Mrs. Emma Voges, and Mrs. Lunsford's father, Ed Voges, all of Hamilton. Mr. and Mrs. Gail Baird and children of Dallas spent the weekend with his mother, Mrs. Bertha Baird.

Mr. and Mrs. Willie Lunsford and granddaughter from Cuero visited last week in the L. H. Lunsford home. They were on the way to the State of Maine for a visit.

Miss Virginia Thompson has accepted a position in the school at Mason.

RESEARCH HELPS HARD OF HEARING

Our Labs and Research Departments are working around the clock to find better ways to help the hard of hearing. Our Doctors are re-schooling themselves on the ear operation. Our Audiologists are studying and researching on the latest ways to help the hard of hearing. Our newspapers, radio and television are doing all they can to inform the public about this serious problem. Yet, with all this we are still fighting a losing battle. The blame falls right back in your lap. With all the research, plus holding hearing clinics in or near your town giving FREE hearing tests the American public comes up with the same old stories—I'll wait awhile—I'm going to get a test one of these days—I've been aiming to, but just haven't got around to it—I just know they can't help me—My child is not hard of hearing, he just don't pay any attention to me—On and on it goes. Another big problem we are faced with are the people that fit their own Hearing Aids.

Mr. Treadway

They will buy an Aid like buying a loaf of bread, or buy one some one else has cast off, or order one through the mail. There is nothing wrong with buying your Aid like this. If you will bring the Aid in and have a complete test made of your hearing loss and have the Aid fitted to you. It's very inexpensive and could prevent you from doing serious damage to the hearing nerve, plus giving you better hearing. If you wear a Hearing Aid and still don't hear it stands to reason something is wrong. Find out what that wrong is and have it corrected.

Mr. Treadway who is an Audiologist (not a hearing aid salesman) will hold his regular Hearing Clinic at the C & C Motel in Hico Wednesday, August 22 from 10 A.M. to 1 P.M. If you have a hearing problem of any kind come in and have a test made. Don't be one of the put it offers. The longer you wait the more damage you do to your hearing. If you have a Hearing Aid and can't hear, bring it in and we will see if we can adjust it to you. If you have been told you suffer from Nerve Deafness we would like to see you. With the new Instrument (not a hearing aid) we have been able to help lots of these cases. If you wear one of the body type Aids we can now take the button and big earmold out of the ear. If you are ashamed of the button and big earmold sticking out of your ear come in and see how we make you hear without it. The total cost including adjusting your Aid is just \$10.50.

If you would like to come to our new office in Temple, Mr. Treadway is there every Thursday and Friday.

WASHINGTON—

As It Looks From Here

By OMAR BURLESON, M.C.
17th District, Texas

Washington, D.C.—In a few days the House of Representatives will vote on whether or not the United States shall purchase bonds of the United Nations to the extent of \$100 million. Other nations of the world are to purchase the other \$100 million of the total issue of \$200 million.

This measure will undoubtedly encounter strong opposition, but the best estimate at the time is that it will be passed, similar to that already passed by the United States Senate.

Should as many as 50 to 60 Republicans vote for the measure, and this is the estimate by Republicans themselves, it is almost sure to be approved.

To oppose the purchase of United Nations bonds by the United States is not necessarily opposition to the United Nations itself. It is generally recognized that there is a need for an international forum in which the representatives of sovereign nations may sit down together to discuss international issues. Be this as it may, the United States should not continue to pay its disproportionate share of United Nations expenses. As long as we are willing to carry the burden, other nations will let us do it. We presently pay 32.02 per cent of the regular assessments of the United Nations for its normal operations, and more than 47 percent of the "peace keeping" operations in the Middle East and in the Congo.

In addition to paying more than our share, our policy seems to be one of placating, of timidity, and compromise. It should not be our aim to buy influence in the United Nations, any more than it should not be our policy to attempt to buy friendship around the world by foreign aid. Responsibility cannot be measured in dollars and cents, but no responsibility and few dollars and cents from some nations is hardly conducive to the success of the organization.

In the United Nations and outside our diplomats continue to discuss disarmament and the Berlin

issue. The Soviets have now rejected certain concessions on disarmament made by our Government, which should be a warning that only her proposals will be acceptable. Our State Department has publicly stated that the issues on Berlin are not negotiable. Yet we continue to negotiate.

An experienced diplomat has predicted that between now and the end of the year, a peace treaty will be concluded by the Russians with East Germany.

He predicts that following this agreement the Russians will withdraw their troops from East Germany, but just a few miles across the border. East German soldiers will then replace Russian soldiers, and after a time they will begin to harass the Western powers in Berlin and on the access roads to that City from West Germany.

We will protest to the Russians and they will say we must deal with East Germany. Will we use force? No this dip-

lomat says we will not for fear of triggering World War III.

This is what disturbs the West Germans and similar issues disturb our allies.

It is well and good to make friends where and with whom we can, but we can not accommodate the enemy any more than we can stay in the same bed with the Cobra, unmindful of its deadly sting.

The First REAL Answer to the Fly Problem

The horn fly causes greater loss in livestock production than any other blood-sucking fly 5 to 7 months a year!

Kimbell's BAR-FLY is a completely new concept in the control of flies—a feed additive that kills horn fly larvae before they ever sprout a wing or pester cattle.

As cattle eat, Kimbell's BAR-FLY passes quickly and harmlessly through the digestive system and is concentrated in fresh droppings—the only place horn flies lay eggs. When the eggs hatch, emerging larvae are destroyed immediately, surely. Exhaustive tests prove Kimbell's BAR-FLY is virtually 100 percent effective in killing horn fly larvae.
