HERE IN HICO

By E. V. M.

Note: We are giving-way week to Roy Derrick, perennial letter writer, who expresses news about Old Hico. Other news are welcome.

PLEA FOR OLD HICO
I am now thinking of a time immediately preceding, during the Civil War. The place a frontier village on a tributary of the Bosque River in what now Hamilton County, where legends included outlaws, marauding Indians, coyotes, droughts, and have you. Such an environment did not appeal to self-reliant law-abiding persons who sought peace and prosperity. This place on the outer edge of no-man's-land was occupied by almost 100 people from Kentucky, Tennessee, Alabama, Georgia and Carolina, who wanted a home where they believed that this no-man's-land could be transformed into a peaceful and prosperous community.

These people had brought their families, their children, their lives, their religions, their politics, their industrial techniques. To make a long story short, they brought their traditions to an apparently God-forsaken country. The people started here almost at scratch. At the time of their arrival, which started in 1856, there was no public services of any kind, but soon they had a school and a summer school. Corn and wheat were being raised from East Texas on oxen. Also soon summer religious services were being held under a brush arbor. Simultaneously, corn and wheat were being planted, and corn mills were built and put into operation to grind for bread. As you know at the stage the Civil War came on, people went to bed hungry many times. Almost all the addresses that had been made were

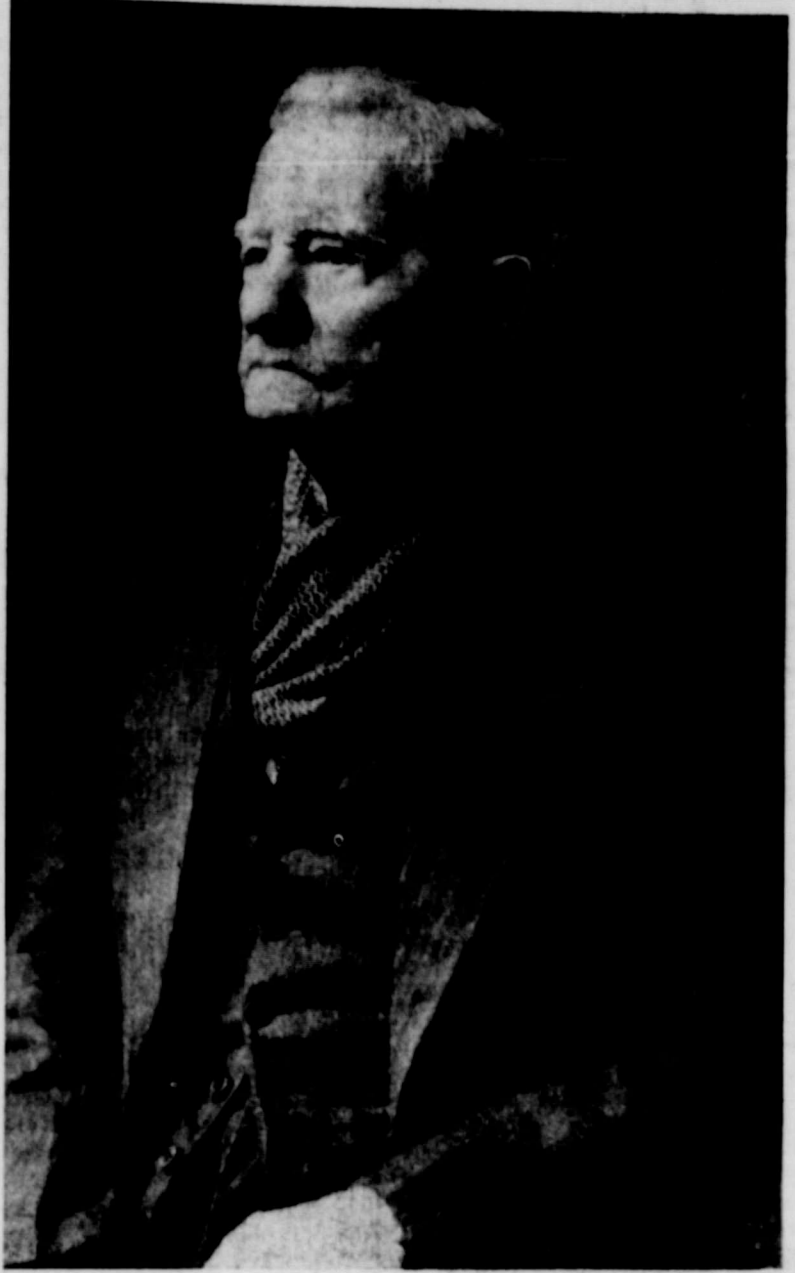

blows and Indians and famines were a nuisance before the war but during the war they became menaces. Nobody was secure for a day. A few people were in this vicinity, almost all people's meager possessions, which their very lives depended on were stolen. A grim outlook was there! We say, yes, in capital letters.

But they (philosophers) say it is a road that never turns either to the right or to the left. It eventually turned to the right, war closed. After years of terrible hardships the outlaws were controlled, the marauding Indians were put back on their reservations, much land was put into cultivation, schools were established and this remote village on the way back to peace and prosperity.

Through the 1870's the people made wonderful forward strides. Time changes everything. In 1870 a railroad was built up the Bosque River out of Waco. It missed this village about two miles. Of necessity it (most of the town) moved to the nearest practicable location on the railroad. It is located on the grounds where a few buildings that were left deteriorated almost to the vanishing point.

This almost forgotten pioneer village has almost faded. As I have guessed, it was Old Hico of today. As you see, it is a direct descendant of Old Hico. In justice to Old Hico and its pioneer founders, it should be commemorated. Current roads, modern residences, good water, electric service, radios, TV, and its general amenities from want, owes Old Hico its pioneer inhabitants more than anyone else for it. Of yesteryear, by their privations and their industries made it possible for us of today.

People came to East Texas from all over the state and to Stephenville in Hamilton County in 1854. So you see it is a pioneer vintage.

FIRST POSTMASTER of Old Hico was John A. Alford, who was appointed in 1860. In 1874 he completed requirements for the doctor of medicine degree, and served this area as a physician for many years. This picture was made a few weeks before his 93rd birthday. Donations for the Old Hico Memorial are coming in daily now, and the last received was given in memory of the donor's father at a Father's Day remembrance. The memorial foundation will be started as soon as the plaque is received, and Miss Nettie Rodgers said "we hope to have all the money necessary to pay for the

labor. The fence was moved back this week. So please deposit your donation immediately." Following the meeting of the County Historical Society Saturday afternoon at First National Bank, the members and guests were invited to the home of M. I. Knudson, the former J. G. Barbee house, on which a medallion will soon be placed. Mr. Knudson also took the group to see the private cemetery of the Barbee family, the oldest tombstone being dated 1964.

Final Rites Held Saturday for Prominent Resident, C. H. Boyd

Funeral services for C. H. Boyd, 81, of Hico were held Saturday, June 15 at 10 a.m. in St. Patrick's Cathedral in Fort Worth. Father William Vonk officiated, with burial in Mount Olivet Cemetery in Fort Worth.

Mr. Boyd died June 13 at his home near Hico after a long illness. He was born Sept. 10, 1881 in Waxahachie, and was a retired merchant and rancher. He had lived in Hico since 1944, and was a longtime resident of Fort Worth before coming here.

Survivors include his wife, Mrs. Anna Mae Boyd of Hico; one daughter, Mrs. M. A. Harkins of Fort Worth; one son, Bill Boyd of Hico; four sisters, Mrs. E. W. Kindred of Dallas, Mrs. Oscar Braune, Mrs. E. M. Fridge and Mrs. H. G. Dollar, all of Fort Worth; three brothers, J. M. Boyd of Dallas, John Boyd and Kenneth Boyd of Fort Worth; seven grandchildren and one great-grandchild.

Pallbearers were W. C. Stearnman Jr., John Pitts, L. L. Warren, J. C. Robison, E. H. Randals and Curt Fairry.

however, notwithstanding none of my relatives ever lived in Old Hico. Regardless, we think that you and I should contribute our mite to a friendly cause, the purpose of which is to perpetuate the memory of those great people who made our present comforts and our security possible. I have no official connection whatever with the Hamilton County Historical Society, but I suggest that you contact their officials with a contribution. We know of no other way that the memory of this landmark of our country's past with its heroic founders can be perpetuated to posterity.

Reunion Planning Continues

Reunion Manager James Cryer said this week that Mrs. Bruce Slaughter had been appointed chairman of the Miss Reunion Contest, traditional first night entertainment feature of the Old Settlers Reunion. At the same time the manager said that Tommy Pierce would serve as parade marshal.

Cryer is working daily on promotion of the annual affair, dates for which are July 31, August 1, 2, and 3. Inquiries have been coming in regarding the talent and amateur show, and the manager urged that everyone get entries in as soon as possible so that the program could be arranged.

Mrs. Slaughter is expected to release rules, etc., regarding the beauty pageant within the next week or so.

Cryer said that several display booths were still available, and asked merchants to reserve their space as soon as possible.

Since cattlemen come from all parts of the United States, as well as from other countries, Mr. Chandler will have many opportunities for an exchange of ideas relating to all phases of the cattle business.

Postal ZIP Code Number Assigned to Local Office

Hico's new five-digit ZIP Code is 76457, Postmaster Robert B. Jackson announced this week.

"Everyone in Hico will use this ZIP Code on all their correspondence to speed mail deliveries and reduce the chance of mis-sent mail," the postmaster said.

ZIP Code, the Post Office Department's revolutionary new system of improved mail dispatch and delivery, goes into effect nationally on July 1.

Mr. Jackson stressed the importance of all citizens of Hico learning this city's ZIP Code and using it in their return address on all correspondence. In answering mail, he said ZIP Codes taken from return addresses on incoming mail should be used.

"The ZIP Code is literally the last word in mail addressing," Mr. Jackson said. "It should follow the City and state in addresses."

He cited this example of the proper use of ZIP Code:

Robert B. Jackson
Postmaster
U.S. Post Office
Hico, Texas, 76457

The new ZIP Code plan, Mr. Jackson said, for the first time will permit the Post Office Department to short-cut repeated address reading.

"The address on mail must often be read as many as eight or ten times by postal employees: to get

it to the proper destination," Mr. Jackson said. "Each handling slows the process of mail dispatch and adds to the opportunity for human error."

"With ZIP Code, a clerk needs only to glance at the code to know immediately to what national area, state and post office the letter is destined, and to speed it on its way, cutting up to 24 hours off the time between deposit and delivery."

Mrs. Waidine Reeves, postmaster at Carlton, said that her new ZIP Code number is 76436.

The show will open each night at 7 o'clock. Saturday matinee will begin at 1 p.m., and Sunday matinee will start at 1:30 p.m.

Game Warden Reports

I know lots of you have at some time or another, gotten into a friendly argument over what kind of fish you have caught. I think this occurs especially with some of you catfishermen. I will try to tell you this week in a simplified way how to tell what kind of catfish you have caught.

Let us first take two major parts of the catfish and when it comes to identifying it. First comes the tail. There are three major type tail shapes in most of our fresh water catfish. There is the very deep fork such as we have in the channel and blue cat. Then we have the slight fork such as in the black bullhead. And last we

have the square or slightly rounded such as in the yellow or flat head catfish and also in some species of the bullheads.

Secondly let's take another major part of this fish in its identification. This will be the anal fin. It is located on the bottom side of the body in front of the tail fin.

Now let's identify with these parts some of the catfish. A channel cat will have the deep forked tail and 24 to 29 rays (these are the small cartilages which run vertical in the anal fin). The flathead or yellow cat will have a square, rounded or sometime slightly indented tail and will have 12 to 15 rays. The blue cat will have the deep fork tail such as the channel cat but it will have 30 to 35 rays. The black bullhead will have a rounded or slightly indented tail and 17 to 24 rays. The yellow bullhead will have a square tail and 23 to 27 rays. And the brown bullhead will have a slight-

ly indented tail and 17 to 24 rays and the pectoral fin (the two in front of the anal) will be strongly barbed.

I hope this will help some of you in the identification of the catfish. If you would like a book on catfish and how to know them you can pick one up at my office or write for Bulletin 38 from the Game and Fish Commission.

Until next time please be courteous while either hunting or fishing or just water skiing. Some times just being courteous can prevent an accident.

CARD OF THANKS

We wish to take this opportunity to thank each and everyone who was so kind to help out in any way during the long illness and passing of our mother and grandmother, Mrs. Maggie Wilson, for everyone who set up for all the food, cards and flowers, and prayers. FAIRY

By MRS. EUNICE DANIEL

Farmers and ranchers in this area are rejoicing over a wonderful job well done. We believe the rainfall was pretty general over the county although it varied in some places. We had been telling folks here it could rain in June and we remembered quite well the real hot days we had in June to be exact June 20 and 21 on the night of the 22nd we received a very heavy rain which left us with a lot of slogged ground in the field due to the death of our husband, the late Jesse A. Henderson on June 21. We still have unsettled, humid weather and we get more rain before the spell is over.

A large number attended the school homecoming Saturday. However we missed quite a few folks from the district. A business meeting was held Saturday night in which Audie Clark of Stephenville was elected president for the coming year, which will be held on Thursday before Father's Day.

Dorothy Abel was elected secretary and Mrs. Ruby Brummett was elected treasurer. With an exception of 102 degree weather everything was ideal for the homecoming. In fact had the rain come Friday earlier, it would have been

ers, custodian and Martin Schrank who prepared the food for a wonderful job well done.

Mr. and Mrs. Hollis Peary were in Gorman Monday where they visited in the home of his sister, Mr. and Mrs. Luther Cunningham. They stopped at the Smith orchard on their return and purchased some peaches. They reported an extra large crop this year and many going to waste under the trees.

The writer and sister-in-law, Mrs. T. L. Betts of Hico were in Corsicana and Itasca last Thursday to attend funeral and burial services for Mr. John Mann, who suffered a severe stroke about 5 p.m. Tuesday and passed away about 5 a.m. Wednesday without regaining consciousness. He was the husband of the former Miss Edna Richardson of Brandon, cousin of Mrs. Betts and the late J. O. Richardson. Funeral services were held at 2 p.m. Thursday in Corsicana, with Rev. T. F. Donald, his pastor, officiating. Mr. Mann was 86. He is survived by his wife, a son and two daughters by his first wife, who passed away many years ago. Burial was at Itasca. Mr. and Mrs. Mann had resided at Corsicana for the past four or five years, having resided at Denton for many years. They had visited in our home and other relatives here while residing in Denton. Our sincere sympathy to those bereaved in his passing.

Many are making preparations to attend the pioneer homecoming in Hamilton this week Thursday through Saturday.

Mr. and Mrs. Ray Turner of Killeen spent the weekend with their parents Mr. and Mrs. Willie Turner and Bernice and Mrs. Carl Ray Sellers, Jimmie and Janice.

Mr. and Mrs. Jack Haile of Fort Worth spent the weekend with her parents, Mr. and Mrs. Herman Sills.

Mr. and Mrs. Jackie Turner and Susan of Arlington spent the weekend with his parents, Mr. and Mrs. Willie Turner and Bernice.

Mr. and Mrs. Weldon Parks of Fort Worth were weekend visitors with their parents, Mr. and Mrs. T. R. Parks and Mr. and Mrs. Robert Streater.

Mr. and Mrs. V. D. Fullbright of Kerrville spent the weekend with her mother, Mrs. M. E. Parks and Audie. All of these weekend visitors were here to attend the Fairy Homecoming.

Mr. and Mrs. Lloyd Bolstad, D'Ann and Glenn of Houston and Mrs. Ralph Spencer and Dickie of Lubbock spent the weekend with their parents, Mr. and Mrs. E. M. Hoover. Dickie remained for a longer visit.

Mr. and Mrs. Cecil Parks and family of Fort Worth visited during the weekend with their parents, Mr. and Mrs. E. C. Parks

and Mrs. Mamie Medlen of Hico, and probably other children of the Parks' as we simply did not get to see all who were present at the homecoming.

Mr. and Mrs. Lynn King and baby of near Denton spent the weekend with his parents, Mr. and Mrs. Carl King.

Mr. and Mrs. Harry Thornton of Fort Worth, formerly of Huntsville, attended the school homecoming. We learned while here that Harry will teach agriculture at Gustine next year. Mrs. Thornton is the former Darlene Clark and we are glad to know they will soon be residing nearer homefolks.

His mother, Mrs. Herbert Thornp, was also a visitor at the homecoming Saturday night. She also resides in Fort Worth now.

The Bert Wright family were all present Saturday evening at the homecoming with the exception of two of their eight living children. Those present were Ray and wife of Waco, Thurman and wife of Odessa, Speck and wife of New Mexico, Curtis of Mississippi, Boots, whose address we did not get and Mattie of Mart, Cora, who now resides at Amarillo, and Tip who lives out of state were unable to attend.

Mr. and Mrs. D. E. Allison of Stephenville attended the funeral services of Waynard Allison's mother-in-law last Thursday, who resided some 50 miles below Huntsville. She suffered a stroke and only lived a short while. Sorry we did not receive more particulars. Our sincere sympathy is extended to her family who mourn her passing. She was 76.

Mrs. Essie May Hendrix of Midland and Mrs. Myrtle Luskie of Dallas, daughters of Mr. and Mrs. Olga Duncan attended the homecoming Saturday night. They formerly attended Fairy High School.

Mr. and Mrs. Marvin Porterfield and Billy moved to Sanger last Thursday where he will serve the Church of Christ there.

We learn that the Miller place, better known as the Hutton place, sold recently to the Doziers, who formerly resided at Cranfills Gap, but we understand they now are residing in Stephenville where they are employed.

We were very sorry to learn of the passing of Mr. C. H. Boyd of near Hico, and extend sympathy to his bereaved wife and children and families.

Mrs. Stella Wilson, who was buried here a week ago was 71 years of age instead of 69 as stated. We had first been informed she was 69 and later given her birthdate but in our rush to get our letter out we failed to make the correction. She also maintained her own home until about 18 months before her death.

Mrs. Ninon Bradley and sister, Mrs. Willie Pittman visited at the cemetery Tuesday morning and also drove down to our house for a short visit.

The heavy rains will make the weeds and grass grow now. The cemetery was in good shape, but some fills and repairs will have to be made as soon as the ground is dry enough. Again let us urge you to check your dues as we will have to leave your lots unworked if these are not paid, as we just don't receive sufficient funds to take care of these lots unless dues are paid. We are so glad to say most all lots are under care now, either by dues or the endowment plan.

Mrs. D. H. Proffitt, Mrs. C. C. Parks, Mrs. A. W. Rachuga and Mrs. E. A. Gleason were joint hostesses for a miscellaneous shower last Thursday at 2:30 at the Proffitt home honoring Miss Patsy Whitaker, bride-elect of Charles Gardner of Anahuac. The wedding will be an event of June 22 at the Fairy Baptist Church. Miss Whitaker received a nice assortment of nice and useful gifts. Refreshments of punch, crackers and various spreads and mints were served to a goodly number of guests. The bride-elect extended to all an invitation to attend her wedding this Saturday evening.

Mr. Virgil Parker received word Saturday that they had found the body of his cousin, Mrs. Lynda Lane, 24, in the Brazos River near Granbury. Funeral services were held at Iredell Sunday afternoon at 4 p.m. She is survived by two small children. Our sympathy to all at this time of sorrow.

WASHINGTON—

As It Looks From Here

By OMAR BURLESON, M.C.
17th District, Texas

Democrats and Republicans are trying to see which one can outdo the other on the matter called Civil Rights. Organizations particularly interested in this issue are vying with one another for the forefront and seemingly the one which can produce the most sensational action has the headlines. Moderation and reason are pushed in the background, which means the more radical on both sides emerge as the champion. As much as the President and the Attorney General have done in their official capacities, they are under criticism from many of these organizations which think they have not done enough.

In law, a person's illegal actions or his failure to act legally can result in his conviction and punishment. A new twist to this historic and basic concept of law was recently demonstrated in Berkeley, California, when the people of that community came very near voting away a part of their vital liberty. It seems the officials of Berkeley first passed an ordinance which made it unlawful for a landlord to refuse to rent property to any person for reason of race, color, religion or national origin. A referendum forced the matter to a vote. The proposal was barely defeated.

The question was not on whether there should be an ordinance against a transaction of this sort by reason of race, color, religion or national origin, but rather it placed authority in the hands of a Board to determine the intent of the owner of the property when he refused to rent to certain individuals.

In other words, under the proposed law, the act of turning someone away was either legal or illegal, depending on what the motives were. It would be legal to refuse to rent to someone because he was a bad risk or a moral delinquent; it would be illegal to refuse to rent to the same person for reasons of race, color, religion or national origin. But who is to say with certainty what a man's motives are?

The framers of the ordinance were well aware of the legal difficulties involved. To circumvent

this they resorted to an ingenious device. They simply provided that "any person who shall in any manner willfully violate any order of compliance made by the Board shall be guilty of a misdemeanor, and upon conviction thereof be punished by a fine not exceeding \$500 or by imprisonment not exceeding six months, or both."

Thus, the act of refusing to rent or sell to someone for reasons set out in the ordinance was not itself punishable, but the failure to comply with an order of the Board was punishable. It follows that, under these terms, the only matter a Court would have to decide was whether the landlord had complied with the Board's order, regardless of what the order was. Under this arrangement the Board would have the power to investigate and hold hearings, not in accordance with any fixed and recognized legal procedure, but under rules promulgated by themselves. The Board could only act against landlords and would be exclusively empowered to decide whether a landlord has violated the ordinance.

There are a great many instances in history which show that people have voted away their own liberty. The incentive may become greater benefits from a government or it may be inspired by a sympathetic emotionalism. Whatever the cause, liberty and freedom are not easy to recapture once relinquished.

Friday afternoon visitors with Mrs. Jessie Richbourg and Mrs. J. A. Garth were Mrs. Dave Jones of Hamilton, Mrs. Sam Tudor of Carlsbad, New Mexico, Mrs. Hubert Johnson of Dallas, and Mrs. Ersee Hendrix of Hico.

Visitors in the home of Mr. and Mrs. H. D. Head and daughter, Mrs. Gerald Cathey recently were Mr. Ray Cathey, Sallis, Okla., Miss Patsy Cathey, Oklahoma City, Mr. and Mrs. Gerald West of McAllister, Okla., and Gerald Cathey of RAF Laken Heath, England.

Bovina Rites Held For Mrs. Wilson, Former Fairy Resident

Mrs. Wilson, who had lived with her daughter, Mrs. John Sikes southwest of Bovina for the past four years, died Thursday in Parmer County Community Hospital at Friona following an illness of some 15 months.

Born November 28, 1891, she had lived at Fairy in Hamilton County until she moved to Bovina. She was preceded in death by her husband in 1951.

Rev. John Ferguson, church pastor, officiated, and graveside services were held at Fairy Cemetery Saturday morning.

Survivors include the daughter, Mrs. Sikes; two sons, Grady Wilson and Raymond Wilson, both of Fort Worth; two sisters, Mrs. E. C. Parks of Fairy and Mrs. A. M. Givens of Fort Worth; 10 grandchildren and nine great-grandchildren.

Cemetery Working Set June 21

Annual public working of Hico Cemetery has been set for Friday, June 21, according to Mrs. Aften Aycock, secretary of the association.

Work will begin as early as possible that morning, and will continue as long as there is anything to be done, or until volunteers leave.

Mrs. Aycock said that cold drinks and sandwiches would be served at noon, and urged that everyone interested in the local cemetery to make a special effort to be present.

The Cemetery Association and Ladies' Auxiliary pay a caretaker to maintain the plot as long as funds are available, but the annual working are necessary to completely maintain the cemetery.

Two Great Movies Set For Theatre Opening

Two great movies have been scheduled this weekend for the reopening of Hico Theatre.

Playing Thursday, Friday and Saturday matinee is "40 Pounds of Trouble." Trouble never came in a more delightful package than it does on the screen in Tony Curtis' happy new hit! The source of it is a little girl, age 4, weight 40 lbs., whose plight has Tony Curtis, Suzanne Pleshette and Phil Silvers, and the officials of two states, in an uproar. And the upshot is one long, hilarious adventure, stretching from a swank Nevada gambling casino where Tony is boss to a merry, mad chase of fabulous Disneyland, and a holiday for all in that wonderland like the screen has never before seen.

The other feature, showing Saturday night and Sunday matinee is "The Music Man." Bursting at the seams with a breathtaking whirl of high stepping harmonies, side splitting shenanigans and rollicking romance, the technicolor presentation has been acclaimed

the happiest musical ever. Robert Preston, making his 883 appearance in the title role, re-creates the award winning characterization which he originated on Broadway. Academy Award winning Shirley Jones stars opposite Preston.

In warm and witty words and music, Wilson delights audiences with an exuberant account of the fast-talking traveling salesman who storms into an Iowa town early in the century and sets out to sell the townspeople on buying instruments and uniforms for a boys band, promising to instruct

the band himself—although he doesn't know a note of music. His success in warding off the suspicious mayor and charming the prim librarian, who emerges a glowing beauty as she succumbs to him, crowds the screen with thrilling, fun-filled entertainment.

"THE CHURCHES OF CHRIST SALUTE YOU"

Romans 16:16

Our aim is to convert sinners to Christ by preaching the gospel of Christ, to restore Christianity by going back to the Bible, and to exalt Christ in all things. Galatians 1:6-9.

The church of Christ was founded by Christ in Jerusalem on the memorable day of Pentecost of Acts 2.

In keeping with the prayer of Christ, we plead for the unity of all the people of God. John 17:20-21.

We do not claim to be members of a denomination but desire to be the body of Christ—nothing more, nothing less. Colossians 1:18.

We have no creed but Christ and no creed-book except the Bible. 2 Timothy 3:16-17.

We ask you to wear the name CHRISTIAN. Acts 11:26.

Our acts of worship are patterned solely after the New Testament order. Act 2:42, Acts 20:7, 1 Cor. 16:1-2, Ephesians 5:19.

We have no earthly head, our only head is Christ. Ephesians 1:22-23.

We try to do Bible things in Bible ways, and to call Bible things by Bible names. 1 Peter 4:11. In telling sinners what to do to be saved, we give the same answers found in the New Testament. Acts 2:38, Acts 22:16.

WHAT IT TOOK TO MAKE A CHRISTIAN IN NEW TESTAMENT TIMES WILL MAKE A CHRISTIAN TODAY— AND WHAT IT TOOK TO MAKE A CHURCH OF CHRIST IN NEW TESTAMENT TIMES WILL MAKE A CHURCH OF CHRIST TODAY

COUNTY AGENT REPORTS

By E. B. LAWRENCE

Sure looks like we are in for a good corn and maize crop this year. The good rain we all had Sunday was an awfully good Fathers Day gift. Corn is silking now and some is in the hard roasting ear stage and it is at this time that corn really needs moisture. So we ought to have a good crop.

The rain also means that there are better chances for some trouble in Livestock. Moisture helps screwworms as well as stomach worms. At this time very few worm cases have been reported in the county and those reported have not been screwworms. It is still of utmost importance that stockmen make inspections of their stock as often as possible, looking for worm cases. If they

are found, get a sample and mail them in to the Mission laboratory. If you don't have a mailing tube, pick one up from the office the next time you are in town.

Sheep and goat stomach worms like this kind of weather and could give some trouble in a few more days. Grass has been pretty short and when it is and we have warm wet weather, it is just what the stomach worm likes and he will begin hatching out and infesting sheep and goats. Each time you happen to have some sheep or goats up or where you can get your hands on them, open up the fleece and give it a good look. If worms are bothering them the skin will look faded out and won't have the nice waxy pink color it should have. Drench and come back on the 17 or 18 day and drench again. And remember, apple feed is one of the best stomach worm controls one can use.

Thursday, Friday and Saturday, day and night, are the big ones in Hamilton this week. So if you haven't been to any of the events, start now. If you don't you're gonna miss something.

For many years we have had available many insecticides that have been used very profitably on our farms and ranches. Some of these insecticides are more dangerous than others but they are all safe to use when used as the manufacturer recommends. Ones we are using mostly now are what

we call chlorinated hydrocarbon and organophosphorous insecticides. These are not only used in the U.S. but world wide.

There are some new ones just making a showing and perhaps these will increase in use in the next few years. These are what we call the carbamates. They are under intensive development at this time and one is now being used. This is Sevin. The thing that should prove most popular with the carbamates is that they are of low toxicity to humans and livestock. Here in the county we used quite a bit of Sevin for the spraying of the pecan nut casebearer. Just as it has taken years

to develop the self propelled combine, so is it taking years to develop new agricultural materials, seed corn, new hybrid grain sorghums and new insecticides. Some of the earlier work done on the carbamates started back in the very early 1950's. But anyhow, it looks like these new insecticides are just around the next corner.

CARD OF THANKS

I want to thank the doctors and nurses for their wonderful care, also my friends and neighbors who were so nice to me while I was in the hospital. I am deeply grateful. H. B. Rucker. 8-1tp.

THIS WEEK IN AUSTIN—

Highlights and Sidelights

By VERN SANFORD
— Texas Press Association —

On July 1 every article of outer clothing that costs less than \$10 will go up two percent.

That is the date the extended sales tax law goes into effect. All outer clothing now exempt will become taxable.

Smart shoppers will take advantage of the last days of June to stock up on clothing for the family. Buying of school togs may take place earlier than ever before.

Legislature made many changes in the sales tax law. Most changes affect reporting procedures of merchants. An important one, however raises the state sales tax on automobiles from one and a half to 2 percent.

As of July 1, if you buy a new car costing \$3,000, for example, you will pay a state tax of \$60.

If you trade in an old car the salesman will deduct the trade-in amount from the total, then figure your tax on the difference. In other words, if your trade-in comes to \$1,000 toward a \$3,000 car, you would pay two percent, or \$40 on the difference.

Layaway Plan

At the last minute Gov. John Connally signed the \$3,000,000,000 state budget bill. He criticized the bill for emphasizing "bricks rather than brains." But he knocked out \$12,400,000 worth of "bricks"—i.e. construction items—before he affixed his signature.

Connally said he would guard the \$12,400,000 as a layaway plan for higher education.

Hopes that his decision on the 1964-65 appropriations bill would decide the special session question fell through. He said he does not want to call a special session, but will not hesitate to do so if he becomes convinced that excellence in higher education is threatened by a shortage of funds for teaching salaries, research and libraries.

Screwworm Progress Proven

Up to now, estimates of state and federal animal health authorities that the year and a half old screwworm eradication program has resulted in anywhere from a 75 to 95 percent decline in the disease have been pure guess work.

But the joint report of the Texas Animal Health Commission and the U.S. Department of Agriculture for the five week period ending June 1 confirmed a 93 percent

decline as compared to the same weeks in 1962.

The clear comparison picture was the result of reporting cooperation on the part of livestock producers.

Animal health report showed that during the period April 28 to June 1, 1963 research workers confirmed 480 samples as screwworm infestations, and 1,281 as non-screwworm. In the same period in 1962 there were 7,013 screwworm cases confirmed, and 597 termed non-screwworm.

Program in Jeopardy?

Members of the Texas Screwworm Eradication Committee considered Gov. Connally's veto of a \$300,000 appropriation for the eradication program a matter of serious concern.

They said more than 100,000 livestock producers raised \$1,000,000 toward its \$3 million goal this spring in a 30-day period on the governor's word that the state would carry its share of the \$12,000,000 program.

Committeemen said that unless the \$300,000 vetoed by Connally is restored the entire program is in jeopardy, and possibly the loss of the huge investment producers already have made in the program.

Land Sale Posted

Land Commissioner Jerry Sadler announced the sale of several South Texas tracts of forfeited land on which bonafide Texas veterans are invited to submit bids until 11 a.m. July 2.

Each eligible veteran will be allowed to purchase only one of the 13 available tracts but he may submit bids on as many as he desires.

Sadler, chairman of the Veterans Land Board said "The board strongly recommends that each bidder personally contact all taxing agencies to satisfy himself as to the exact amount of taxes and charges due and take those into consideration in making his bid."

Fire Protection Ruling

That part of a 1961 law which provides that counties could provide rural fire protection to residents of adjoining counties was ruled unconstitutional by Attorney General Carr.

Carr declared that a county can only contract to provide rural fire protection for residents of the same county living outside incorporated limits. He said his ruling did not negate the rest of the rural fire protection contract law, however.
