"MY TURN"

By Carol Ellis

## County Voters Oppose No. 11

DO YOU LIKE stories that start out "We were so poor that..." Well, here's one:

On our first anniversary, Bill took me to the drug store, selected a lovely card from the display rack and handed it to me. "Read this," he said. "If I could buy a card, this would be the one." He then replaced the card in the display rack, we got into our old car and drove back to our dumpy little apartment on the bad side of town.

It wasn't easy finishing college and working part-time, but we stretched every dollar and pinched every penny to achieve that degree which was our ticket to the "good life." We wore Woolworth's underwear and bought unknown brands of canned goods with sticks in the beans and bits of cob in the corn, and we looked with shining eyes toward a future full of wonderfulness.

It didn't happen all at once, but eventually I found myself buying the good brands like Del Monte and Hunt's and the soft kinds of toilet paper. We moved up to underwear from J.C. Penney and the dog ate out of a colorful plastic pet dish instead of a tinfoil pie pan. By then the kids wanted every expensive doo-dad and gadget advertised at a "new low \$29.99."

One year, early in November, the kids handed us the Sears Christmas "Wish Book" and said, "Just order me one of everything and we'll sort out who gets what on Christmas morning." For a fleeting moment we had visions of someday stashing away a nice savings account and a few stocks and bonds to pigeonhole for our "golden retirement years." But by then the kids were ready for their "Three C's": clothes, cars and college.

Not long after that, our part of the world went into an economic decline that has been spiraling downward for the past eight or ten years. Farms went up for auction and people began to leave the Parmer County area like rats deserting a sinking ship. We liked it here and so we stayed!

Then we got inflation; that which, if you are a wage-earner, makes your money buy less. The average male worker's income today, when adjusted for inflation, is less now than in 1979, according to a recent article in "Newsweek."

Our current state budget for Texas, \$59.4 billion, just about equals the annual earnings of all Texans put together, except for maybe a few of those filthy rich folks, of which there are fewer these days. So we should, therefore, expect government services equal to our yearly earnings. There are over 70 state government agencies and 64 federal government agencies listed in the Amarillo phone book. I don't think we need that many human services!

It would seem that if we were allowed to just keep ALL our own earnings and spend it as we see fit, we could take care of our own needs quite well and have enough left over to assist those around us who are unable to care for themselves. This would cut out having to pay through taxes for the government "middle-man."

Last week, the Powers-That-Be, officially proclaimed the recession to be over. However, real estate sales, auto sales, and job layoffs do not reflect this. When the average consumer reaches into his wallet and finds very little there, he can't do a lot of spending to help boost the economy out of a recession.

Those "golden years" that we were so looking forward to, are getting closer. If the current negative economic trend continues for a few more years, then Bill and I will be back to eating those generic brands of beans with little sticks in them. There aren't any Woolworth stores anymore, so we'll be wearing the same old ragged underwear held together by a lot of safety pins.

The recession can't be over 'cause it's not over til the fat lady sings, and she hasn't found anything to sing about lately.

Parmer County voters went against the trend of voters statewide when they opposed the creation of a state lottery in Tuesday's constitutional amendment election.

The county vote was 829 opposed to 611 in favor. Statewide, the vote carried, 64 per cent to 36 per cent.

Every precinct in Parmer County voted against the lottery issue, although it was close in some boxes. It trailed at Black, 8-7, and at Bovina, 103-96.

Friona's three polling places were against, 334-222.

In other issues, county voters gave a narrow approval to Proposition 4 (prison bonds) 707-685; okayed number 13 (student loan bonds) 814-569; nixed number 6 (ethics commission) 859-501; nixed number 10 (taxes on water service), 796-529; and

heavily opposed number 2 (turnpike assistance), 929-430.

Surprisingly, some of these other controversial issues passed statewide, as voters were in a "favorable" mood.

In Parmer County, the voter turnout was 1442, which was about a 35 per cent turnout, much above the statewide average.

LIKE FATHER...I taught him everything he knows, said Ron Smiley, left, presenting son Mitchell the first-place check in this week's Friona Star football contest. It's the second time this year for Mitch to win the event. Smiley (Ron) and Friona Wheat Growers are longtime sponsors in the annual local contest.

## Smiley Is Repeat Winner In Contest

Mitchell Smiley joined the ranks of the two-time winners in the Friona Star football contest with an outstanding week in the prognostication department.

Smiley missed only the Pampa-Dumas game, in addition to the Colorado-Nebraska tie game, for an excellent score of 18 for the week. He won the weekly top cash prize of \$10.

Six contestants correctly picked 17 games, and of these, Jerry Hinkle claimed second place after missing the Dallas-Phoenix tie-breaker score by only eight points. He missed Pampa-Dumas and San Francisco-Atlanta in addition to the tie for the second place \$7.50 prize.

John Seright of Lubbock took third place when he missed the tie-breaker score by 10 points. He missed the same three games as Hinkle.

Others picking 17 correct but having to settle for a "Good Job!" commendation from the contest editors, included Ted Procter, Charles Hamilton, James Clark and Buford Hartwick.

Fourteen contestants picked 16 games: Mal Manchee, Doug Carthel, Cindy Carthel, Myrtle Melton, Bobby Wied, Raul Braillif, Jackie Morgan, Dianne Morgan, Charlie Morgan, Jimmy Walker, Don Max Vars, Dennis Field and Martha Clements.

In the race for grand prize, Jackie Morgan held onto his lead with a score of 135. Manchee remained in second place, two points behind Morgan at 133. Don Gartin of Lariat is third with a score of 132, and Scott Brown of Lazbuddie is fourth at 131. Tom Johnson and Ken Stowers are next at 130.

Contestants are vying for the \$100 cash grand prize, to be awarded at the conclusion of the contest.

Scores of all the leading contestants may be found elsewhere in this issue.

# Wildlife Habitats Needed

If you like to improve wildlife habitat, some of the best improvements that could benefit the lake areas, would be to plant food plots around the outer areas. This could include milo, millet, corn or native grasses.

From a wildlife standpoint, the greatest benefits would be in the development of nesting and brood-rearing habitat for pheasants, quail, rabbits and a wide variety of non-game wildlife species.

The nesting period for most wildlife in the area is the period from April through August. These are the critical times and spraying, mowing or other disturbances should be kept to an absolute minimum. At this time, the Parmer County S.W.C.D. has available wildlife packets from the Texas Forest Service. These are for quail, pheasants, deer, turkey or squirrel. The wildlife packets contain 25 seedlings each of four species. You can also order seed-lings separately to plant a wind-break or shelter area.

The deadline to order trees or wildlife packets is March 1, 1992. All services are available regardless of race, color, national origin, age, sex, religion, marital status or handicap.

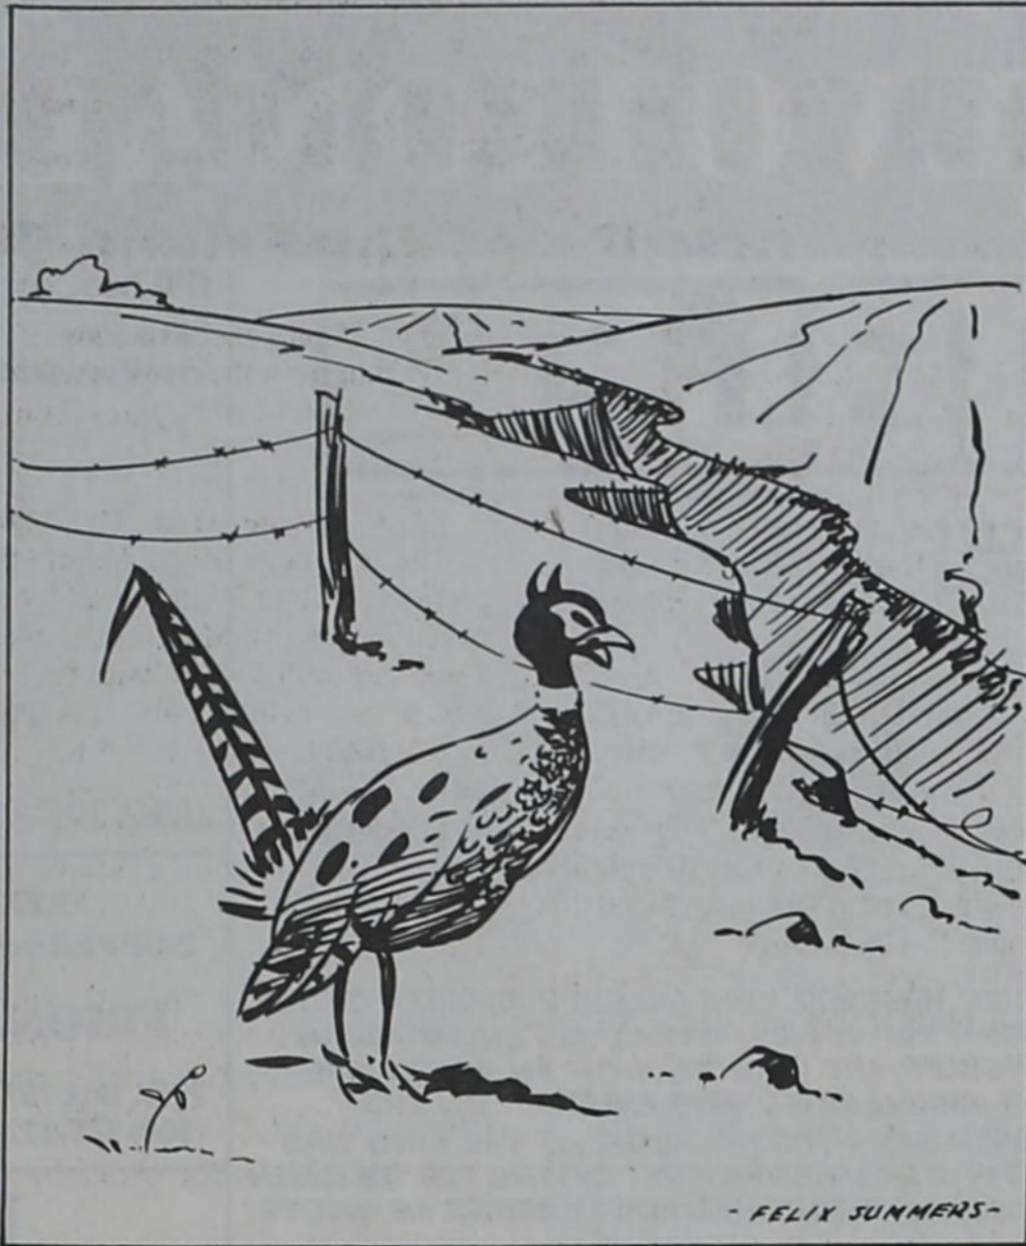

For more information, call (806) 247-2220 or come by 1306 West Ninth Street in Friona.

## SWCD Sponsors Contests

Each year at this time, the Parmer County Soil and Water Conservation District sponsors contests for the school children in the county.

Kindergarten through second grade will have a coloring contest. The entries will be judged from each school. There will be a first, second and third place from each school and they will receive ribbons. The top entries will then be judged county-wide. The first, second and third place winners will receive trophies.

Third grade through sixth grade will have a poster contest. The posters will be on 22"x14" poster board. The subject will be "Resource Conservation." The entries will be judged from each school. There will be a first, second and third place from each school and they will receive ribbons. The top entries will then be judged county-wide. The first, second and third place winners will receive trophies.

Seventh grade through twelfth

grade will have an essay contest. The essays will be on "Soil and Water Conservation." It will contain up to 300 words. The entries will be judged in two categories per school. Seventh and eighth graders will be in one category and ninth-twelfth grade will be category two. Each category will have a first, second and third place winner and they will receive ribbons.

The essays will be judged by the school. The first, second, third and fourth place winners will receive monetary awards.

The first place winner of the poster and essay contest will be sent to a regional contest in Temple. There is not a regional contest for the coloring contest. This is an open contest and does not jeopardize Texas Interscholastic League eligibility. The deadline is December 18.

# Tornado Misses Couple By A Matter Of Minutes

By **SONNY BOHANAN**  
Globe-News Staff Writer

## BAILEY COUNTY

BAILEY COUNTY--Matt and Michelle Meeks never got to celebrate their first wedding anniversary last Sunday night, October 27. But thanks to some fortuitous timing, they can try again next year.

Not a bad compromise, considering the alternative.

The Meekses left home about 4:30 that Sunday afternoon, planning to drive to Clovis, N.M., for a romantic anniversary dinner. Ten minutes later, a tornado ravaged their trailer house and left it upside down on their property ten miles south of Texico, N.M.

The couple never made it to Clovis.

"We were just south of Texico and stopped to talk to some relatives," Matt said. "It was about 4:40, and they told us they had seen three tornadoes out toward our house--two little ones and a big one."

"Then my sister-in-law told us it had got the house."

The 12'x60' Victor trailer, located on Farm-to-Market Road 1731 in northwest Bailey County, was destroyed, Matt said. The owners narrowly escaped a similar fate.

"It's a ten-mile drive (to Texico) and my brother said we couldn't have been halfway to town before it hit," Matt said. "He (my brother) farms out there and he was outside at the time and saw three tornadoes."

David Hotz of the National Weather Service in Amarillo said his office received a report that a tornado had touched down briefly just south of the dividing line be-

tween Bailey and Parmer counties.

"This is not one of the peak seasons for it, but you can have a tornado any time of year," Hotz said. "This one was apparently a very weak, short-lived tornado, and that's the kind that are hard to warn people about."

Texico City Marshal Florencio Urioste and Curry County Deputy Sheriff Brent Byrum were the first law enforcement officers on the scene, and they were soon followed by Bailey County Sheriff Jerry Hicks and two of his deputies.

"It looked like the tornado just picked up the trailer and turned it over," Urioste said. "It was too neat to be rolled over--it was almost right in the same spot, but the axle was pointing upward."

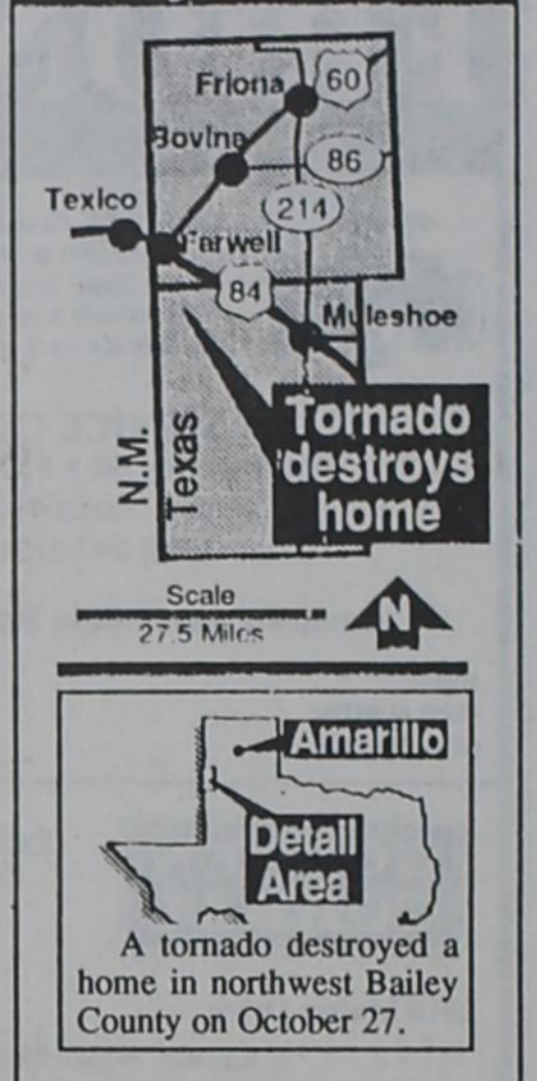

"One set of witnesses was out rounding up their cattle and they outran the tornadoes. The next-door neighbors got in their basement--they saw the two little tornadoes, but not the big one."

The incident ended any thoughts of celebrating for the couple. After waiting for the worst of the weather to clear, they returned to their home and began the process of sorting through the rubble, slogging through the 1-1/2 inches of rain and hail that fell through the evening.

Sheriff Hicks said he kept an eye on the weather, then helped the couple clean up what was left of their home.

"We got there after the wall cloud was a mile or two north of the area," Hicks said. "I followed it

## Bailey tornado

and watched it, and there was still some rotation and turbulence in the cloud.

"Then myself and two of my deputies tried to help them salvage what they could, but it was pouring down rain."

But, Matt said, there is an upside to the story.

For starters, the couple's dog was spared. Four or five hours after the tornado hit, she came running up out of a field, wet, but safe.

"And there were no injuries," Matt said. "we got lucky on that one."

For now, Matt and Michelle will live with his parents near Texico--and hope for a little better luck on their second anniversary.

## Facts About The BIBLE BY JOHN LEHTI

**SHE WAS FAIR TO BEHOLD!**  
(ESTHER 1:10FF)

HER NAME WAS VASHTI.  
VASHTI NEVER HEARD OF MALE CHAUVINISM,  
BUT SHE SUFFERED IT. VASHTI NEVER HEARD  
OF WOMENS LIB, BUT SHE WAS ITS SISTER!

HER HUSBAND, KING AHASUERUS, RULER OF THE  
PERSIAN EMPIRE (485-464 B.C.) WAS ENTERTAINING  
HIS NOBLES, AND PRINCES, WITH AN ENORMOUS  
FEAST WHICH LASTED DAYS ON END. "ON THE  
SEVENTH DAY WHEN THE HEART OF THE KING WAS  
MERRY WITH WINE" HE SENT ORDERS FOR THE QUEEN  
TO COME AND PARADE HER BEAUTY BEFORE HIS GUESTS.

VASHTI REFUSED! SHE DID NOT SAY "I REFUSE  
TO BE A SEX OBJECT!" BUT THAT'S SURELY  
WHAT SHE MEANT. "THE KING WAS VERY WROTH,"  
AND VASHTI'S DISOBEDIENCE COST THE LOSS OF  
HER THRONE FOR THIS EARLY REBELLIOUS ACT  
IN FAVOR OF WOMENS INDEPENDENCE!

NEXT WEEK: WHEN A BIBLE KILLED A KING!

## Chiefs Fall To DHS In 'Ice Bowl' 13-0

Playing in light fog and 26-degree weather at kickoff, the Friona Chieftains dropped a 13-0 decision at Dimmitt last Friday.

Playing without starting quarterback Blair Burney and wide receiver Brian Herring, both out with injuries, the Chieftains could muster only 65 yards rushing and seven yards through the air.

The Chieftains even had their backup quarterback, Britt Conklin, on the sidelines, so the quarterbacking duties were handled by Harvey Martinez.

In fact, the Chieftains crossed the 50-yard line only three times, including a downed punt at the Dimmitt 33 which turned out to be a live-ball recovery.

"It really wasn't all that cold for the kids. It was bearable. Some of the kids came into the dressing room at the half and took off their jerseys, as they were getting too

POR VICENTE SOTO La Loteria Gano

Texas aposto en la loteria y gano, para ahora ya todos sabran el resultado de las enmiendas constitucionales. Algunas de los comentarios que escuchamos en la Excel fueron tales como: "En nuestra posicion, hay que realizar que no tenemos nada que perder con la loteria sino al contrario una poca de esperanza de ganar." Otras opiniones fueron estas: "Cuanto siento que la loteria haya pasado."

Sin embargo, hay que notar que la mayoria en Friona voto en contra de la loteria y el voto total del condado de Parmer fue de 1540, 611 votaron a favor y 829 en contra. En todo el estado el 65% fue a favor y 35% en contra; como ustedes sabran, la gente que vota es la que tiene la palabra y en la democracia la mayoria gana. Texas se convierte asi en el estado mas enorme con una loteria estatal que por siete ocasiones habia tratado de pasar en la legislatura. Los juegos comienzan el 1 de Julio de 1992 y estara totalmente computarizada para enero de 1993.

Otra enmienda que paso fue la numero 13 que trata acerca de prestamos para estudiantes que deseen seguir sus estudios superiores, dicho prestamo sera de un interes muy bajo. Esto es para promover la educacion a los que no podemos pagar al contado.

Cambiando de tema, la semana pasada, debido al mal tiempo de nieve que pasamos, nuestro companero de trabajo el sr. Reyes Valdez sufrio un accidente en la carretera 60. Reportan sus familiares que despues de cuidado intensivo el señor Reyes se encuentra fuera de peligro. La familia agradece sus oraciones y su preocupacion por su recuperacion. Queremos decir una palabra de recomendacion ya que se aproxima el invierno; tome todas las precauciones necesarias, recordemos algunos dichos muy apropiados: vale mas un minuto tarde que un minuto de silencio y la vida no retona.

**PUBLIC NOTICE**

On April 16, 1991, GTE Corporation ("GTE") and Contel Corporation ("Contel") filed a joint petition for declaratory relief with respect to the obligations or requirements of GTE or Contel and/or any of its subsidiaries relating to the merger of GTE and Contel. GTE and Contel have requested a ruling from the Public Utility Commission of Texas that neither GTE nor Contel is required to report the merger of GTE and Contel pursuant to Section 63 of the Public Utility Regulatory Act ("PURA"), TEX. REV. CIV. STAT. ANN. art. 1446c (Vernon Supp. 1991), that no investigation of the merger by the Commission is required. In the alternative, GTE and Contel seek a determination that the merger is consistent with the public interest.

The Commission is investigating the merger between GTE and Contel Corporations to determine whether the merger is consistent with the public interest. In reaching its determination, the Commission shall take into consideration the reasonable value of the property, facilities or securities to be acquired, disposed of, merged or consolidated. If the Commission finds that the merger is not in the public interest, the Commission shall take the effect of the transaction into consideration in GTE Southwest Incorporated's and Contel of Texas, Inc.'s next ratemaking proceeding and disallow the effect of such transaction if it will unreasonably affect rates or services.

This filing has been assigned Docket No. 10212. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. A request to intervene, participate, or for further information, should be mailed by 3 p.m., December 31, 1991, to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, TX, 78757. Further information may also be obtained by calling the Public Information Division of the Public Utility Commission at (512) 458-0256, or (512) 458-0221 teletypewriter for the deaf.

**MR. and MRS. MICHAEL HEAD...Candice L. Bishop of Euless, Texas and Michael G. Head of Friona exchanged wedding vows Sunday, October 13 at 6 p.m. in the bride's home, 100 Laurel Lane, Euless. Parents of the couple are Mr. and Mrs. James D. Hopkins of Euless and Mr. and Mrs. James D. Head of Friona. A reception was held following the ceremony. Following a wedding trip to Ocho Rios Jamaica, the couple resides in Denver, Colorado. Out-of-town guests attending the ceremony were Mr. and Mrs. James D. Head and Mr. and Mrs. Leroy Berend of Friona; Derk Powers and family of Hereford; Mrs. Ron Cheney, Mrs. Sonja Lathrup and Angelica Lathrup of Lovington, New Mexico; and Billy Tiner and family of San Diego, California.**

If last week's unfavorable weather caused any serious accidents, I've not heard about it.

However, I did hear about a freakish accident that may or may not have been attributable to the weather.

As Elthie Hand was driving toward Clovis Saturday morning, she was somewhat concerned about the condition of the highway, but had not even thought of what was about to happen to her car.

Near Bovina she was meeting a big truck when the left hand front glass of her car disintegrated. She returned to Friona and changed vehicles, then went on about her business.

She was grateful that there was a wool blanket in the back seat for her to wrap up in.

The following four paragraphs were borrowed from the Panhandle Parade in Tuesday's Amarillo paper.

"The Rev. and Mrs. Robert Lacewell of Abilene will honor the memory of their two sons, who died recently, with scholarships at Hardin-Simmons University in Abilene.

"Dr. Michael R. Lacewell, a medical doctor and a 1979 HSU honor graduate and Michael W. Lacewell, an organ graduate of West Texas State University, Canyon and organist for more than a decade at Highland Park Baptist Church in Austin, both died this year.

"Dr. Lanny Hall, HSU president, said the Dr. William R. Lacewell Endowed Memorial Scholarship will be given to worthy students majoring in biology and/or chemistry, with preference being given to those who plan to enter the medical profession.

"Hall said the Lacewells also established the Michael W. Lacewell Endowed Memorial Scholarship for recipients majoring or minoring in music, with preference given to those who are studying church music with an organ, piano or voice emphasis."

Rev. Lacewell, the son of Camille and the late Dan Lacewell, and brother of Gladys Day, is a 1947 graduate of Friona High School and has lived in Abilene many years.

Congratulations are in order for Fairrie Parker. She observed her 88th birthday on Wednesday. She has lived at 1400 Jackson Street several years and is the mother of Marlene Drake.

Last weekend was a real special one for Thomas, Lisa, Shayli and Sawyer Reed. They had a house full of Watson relatives spend the weekend with them.

Lisa's parents, Mr. and Mrs. E.R. Watson, came up from Fort Stockton, Texas.

Call 247-3681 With Your News Items

Lisa reported, "This was really kind of a send off from all of us to my youngest brother, Vann Scott Watson, who is in the process of moving from Dallas to Medford, Oregon."

Other family members present were Kerry and Carmen Watson and daughter, Hannah Pressley, who live in Abilene, Texas, and Kyle, Julie, Cassie and Candice Watson of Hobbs, New Mexico.

Kerry and Kyla are also Lisa's brothers.

Friday night guests in the home of Ron and Libby Procter were the coach and the girls' basketball team from Oklahoma Christian University...all fourteen of them.

Their daughter, Jenny, is a member of the travelling squad.

On Saturday, the team participated in a basketball clinic at Wayland Baptist University, Plainview.

Jenny's family turned out en masse for the clinic. In addition to her parents, the following Procters from Friona attended: James and Sue; Dwayne, Cheryl and Darla; Ted, Glenda, Charlotte and Barry.

Then, to complete the family support, Jeff, Darren and Wade, who are students at Lubbock Christian University, also attended.

Ted, Glenda, Charlotte and Barry spent Saturday night as guests in the home of Glenda's parents, Mr. and Mrs. Joe McWhorter, who live in Plainview.

Along with a lot of other Frionans, we're going to be missing Richard and Jannette Collard from among our midst and feeling that Friona's loss is Waco's gain.

These two fine people have been a very vital part of Friona for more than 25 years and are leaving a vacant spot that will be hard to fill.

For more years than most of us like to remember, Jannette was an employee of Claborn Floral, the Friona Star's next door neighbor for a long time.

Even though we're going to feel lost without them, we're sending our very best wishes along with them.

It seems that the list of former Frionans now living in Waco gets longer with each passing year.

Some of the ones I can think of are Harold and Jamie Lu Lillard; Bobby, David and Lacey Drake; Forrest and Linda Jo Davis Harding and family; Jim Carl Lillard; Charles and Judy Guinn Myers and Glen and Rhonda Weber.

Jo Blackburn, who observed a birthday Friday, was guest of honor at a family birthday dinner at K-Bob's Steak House in Hereford that evening.

All three of her children and most of her grandchildren were present. Donnie and Donna Smith,

Chuck and Dena Minich, Darrell Smith, Beth Horner and Brit and Christie Pounds came from Amarillo.

Christie Blackburn came up from Lubbock, where she is a student at Texas Tech University.

Blackburns from Friona who attended were John and Kathrine; Rex and Chuck; David and Laura; Mike and Johanna; Brian, Kerry and Keith.

Lynn Hutson of Friona was also present.

Mildred May accompanied Sterling and Joy Graham to Central Oklahoma for a weekend visit with relatives. The Grahams went to Rush Springs, where they were guests in the home of Sterling's mother, Ann Graham.

Other guests in the Graham home were an uncle and aunt of Sterling. They were Mr. and Mrs. Doy Graham, who live in Sacramento, California.

In addition to spending some time in the home of Ann Graham, who is her sister, Mildred visited with Mr. and Mrs. Arlen May and Keith and Mr. and Mrs. Mike Williams and daughter, Whitney.

As this trio was enroute home Sunday, they stopped in Hollis, Oklahoma for morning church services.

At noon they were special guests at a Taylor family reunion in the home of Mr. and Mrs. Jerry Taylor, who are houseparents at Westview Boys Home.

Jerry and his wife, Barbara, are former Friona residents. He is a brother of the late J.B. Taylor.

Mr. and Mrs. Darrell Harris spent the weekend visiting in the home of Mr. and Mrs. Tommy Tutor and sons in Roswell. Mrs. Tutor, the former Diana Taylor, is the daughter of Mrs. Harris.

Thanks to all of you who mentioned the fact that you enjoyed the Edgar A. Guest quote in a recent Town Talk. Here's another of my favorites:

I soon can learn to do it...if you'll let me see it done...I can see your hands in action...but your tongue too fast may run...and the lecture you deliver...may be very fine and true...but I'd rather get my 11 lesson...by observing what you do...for I may misunderstand you...and the high advice you give...but there's no misunderstanding...how you act and how you live!

### High Blood Pressure Can Affect Children

If you think that high blood pressure only affects adults, unfortunately, you're wrong. High blood pressure afflicts nearly 62 million Americans age six and older. And nearly half of those people don't know they have high blood pressure.

High blood pressure, or hypertension, is the nation's most widespread health problem and is a major risk factor for heart and blood vessel disease, the nation's leading killer.

According to Homer Lindeman, president of the Parmer County chapter of the American Heart Association, high blood pressure usually has no symptoms. Therefore, it is up to parents to have their children's blood pressure checked regularly.

"Children who are overweight tend to have higher blood pressure than those who are not," Lindeman says. "However, some children inherit high blood pressure from one or both parents."

Blood pressure is created by the heart as it pumps blood into the arteries. When pressure in the arteries increases above normal, the heart must work harder to push blood through the arteries. If the pressure increases above normal and stays there, the result is high blood pressure.

Occasionally, high blood pressure is caused by other diseases, but the most common form of high blood pressure, called "primary" or "essential" hypertension, has no obvious cause. Studies have shown that the tendency toward high blood pressure may be inherited. No unusual symptoms are normally associated with the condition, and the only way to determine your blood

pressure is to have it checked periodically.

"Parents play an important role in being sure the blood pressure of their children is monitored by their physician or other appropriate health professional," Lindeman says. The American Heart Association offers the following advice to parents of children with high blood pressure:

\*If your child is overweight, discuss with your doctor a diet to gradually return the child's weight to normal. Of course, your child will need your continued support and encouragement.

\*Plan meals and snacks that are low in sodium. Try different herbs and spices to enhance the flavor of foods.

\*Encourage physical activity for your child as prescribed by your doctor.

\*If your child smokes, encourage him or her to quit. If you smoke, quit. You are a role model for your child.

\*Be sure your child takes any medication prescribed by your doctor and keeps all medical appointments.

Children and teenagers with high blood pressure can lead normal productive lives. For more information, contact your local American Heart Association office at (806) 374-8291.

The American Heart Association is the nation's largest voluntary health organization dedicated to the reduction of disability and death from heart and blood vessel diseases, which annually kill almost one million Americans. Last year, the AHA spent more than \$193 million for research support, public and professional education, and community programs.

### YOUR EYES

#### RED EYES

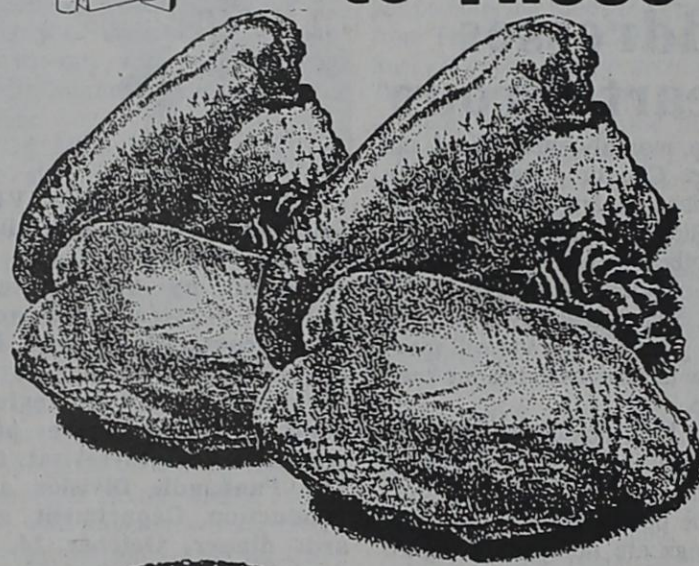

Almost everyone gets red or bloodshot eyes now and again. What causes the redness is usually an irritation of the conjunctiva, the membrane that lines the eyelids and covers the exposed surface of the eyeball. What causes the irritation? It could be infection, air pollutants, allergies, cosmetics, excess alcohol intake, lack of sleep or overexposure to sunlight. Or maybe contact lenses that don't fit right, or are worn too long. It's smart to avoid the irritation if you can. Wearing glasses or sunglasses on windy days can help prevent foreign substances from getting into the eyes. Eye makeup should be removed carefully. Drinking less alcohol, getting more sleep and stopping smoking also help eye health. It may be wise to stop wearing contact lenses for a few days. A thorough examination will check that the lenses fit properly. Any possible infection calls for medical diagnosis and treatment.
