## Cranfills Gap Invades Tiger Den For Friday Tussle

Cranfills Gap and Tiger Den, two teams so far as district play concerned, hook up tonight, Friday, at the local stadium in a game which should be a real de-

Cranfills Gap started the season rolling to four straight wins before dropping an 8-0 decision to May High, falling before Valley Mills 29-0, and playing a less than stellar game with Evant, a district record reads 0-1-1, the full season reading being 1-1-1.

The Tigers enter the game with a 3-4-1 season slate, and a 0-2 district showing, losing both starts, to Meridian 33-6 and to Valley Mills 33-0.

The visitors are said to be a hard-hitting team that likes to get after people, and should Hico's defense live up to capabilities, a lot of leather-popping will be in evidence Friday night. Game time is 7:30 p.m. in Tiger Stadium.

### Tigers Smothered by Eagles

Valley Mills Eagles, still not believing what the experts say about Meridian having the District 19-B crown sewed up, pounced on a hapless band of Hico Tigers last Friday night and overwhelmed the hometown team 33-0.

The Tigers displayed less effort than in any previous contest this year, and were never in the game. Injuries to key personnel could be blamed for part of the lost momentum, but the Eagles were definitely the better team on this particular night.

Valley Mills came out strong, taking the opening kickoff and marching 55 yards for their initial TD.

The Eagles flew even higher in the second quarter, with Kent Gilbreath scoring twice for the visitors, putting them out of reach at 20-0 at halftime. All of the first half was played with the Tigers backed up to their own goal line.

Valley Mills went scoreless in the third quarter, but exploded for two other counters in the final stanza for their 33-point output and second district win, moving them a step closer to their showdown with Meridian on November 15.

Hico plays Cranfills Gap at the local stadium this week, has an open date on November 8, and journeys to Evant November 15 for their final game.

## STA Rep To Speak at P-TA Meet

The Parent-Teacher Association will meet for its November meeting Monday night in the school auditorium at 7:30.

C. B. Hamilton, Field Representative from the Texas State Teachers Association, will present a program, "The Family: Is Education Our Affair?"

Hamilton is also State Consultant for the Texas Student Education Association, which is the professional association for college or university students preparing to teach. He went to TSTA at the Texas Education Agency and is served in the Accreditation and Administration Services Division.

Hamilton received his Bachelor's degree from North Texas University, and his Master's from Texas Christian University. He has been a teacher and principal in the elementary school and principal in both junior and senior high schools.

O. C. Cook's third graders give the room program.

Students are urged to attend the monthly meetings of parents and teachers, as well as all school activities and affairs.

Funeral services were held Tuesday, October 29 at 2 p.m. in Barrow-Rutledge Funeral Chapel. Rev. Leon Frederick officiated at the burial made in Hico Cemetery.

Survivors include two daughters, Mrs. Jim Barnes of Duncanville, Mrs. Ernest Duncan of Fort Worth; four step-daughters, Mrs. Jackson of Walnut Springs, Mrs. Rosie Jackson of Cleburne, Mrs. Jake White of Cleburne, and Mrs. E. W. Casper of Coral Gables, Florida; one step-son, John Skiles of Cleburne; four sisters, Mrs. Vesta Stone of Valley Mills, Mrs. Jack Trantham of Odessa, Mrs. T. A. Childers of Blomberg, and Mrs. Lizzie Collins of Gordon; also seven grandchildren.

## Three Shut-Outs Featured in Weekly Bowling Action

News Review Newshounds dropped Hico Motor Darts 8-0 to increase their lead in Hico Mixed League to 8 points last Tuesday night.

First National Tellers hung onto second place, despite a 6-2 loss to Bowl Weevils. Wilsons moved to third place with an 8-0 shut-out of Cheek Kingpins. Judy's Beauties downed Salmon Shoppers and Parks' Orphans dumped Ranch 6-2 in other action for the night.

Buddy Randalls led all bowlers with a 213-539 series, followed by Odla Petsick 522, Pete Keller 419, Buck Meador 516, and Ray

Keller 488.

Joyce Putty continued her high streak, rolling a 470 series. Other ladies in the top five included Judy Keller 469, Pat Ross 467, June Roberson 450 and Bettye Walker 440.

## Miss Mickey Roberson Receives Recognition At Tarleton State

Melanie (Mickey) Roberson, daughter of Mr. and Mrs. C. M. Roberson of Carleton recently received a letter of congratulations from the Dean of Instructions at Tarleton State College, where she is a freshman student this semester.

Miss Roberson was one in the top ten students to receive recognition for an outstanding record of academic achievement through high school and for high scores made on scholastic achievement tests taken recently at Tarleton which were definite evidence of the student's ability and desire. The rating places Miss Roberson among the top quartile, and earns her membership on the Dean's Team.

Miss Roberson was also one of 24 students and six freshmen elected to student council, and is a candidate for Homecoming Queen at TSC.

## Rev. Robert E. Tatum To Preach Here In View Of Pastorate Call

Rev. Robert E. Tatum of the First Baptist Church at Wharton will preach at First Baptist Church Sunday, November 3, in view of a call as pastor. He has been invited here by the local pulpit committee, being highly recommended by that group.

Rev. Tatum will preach at both morning and evening services. All members of the church are urged to be present at both services, and other interested persons are invited to attend.

"This consideration of a call of Rev. Tatum is a very serious and important matter in the life of the church," said Robert B. Jackson, church moderator.

## Felix Shaffer Will Be Honored For 50-Year Masonic Service

The members of Meridian Masonic Lodge will serve as hosts next Monday night, November 4, when a 50-year Pin will be awarded to Mr. Felix Shaffer by the Grand Lodge of Texas. Mr. Shaffer is well known throughout Central Texas, and for the past 50 years he has been active in all Masonic work.

The Meridian Lodge extend an invitation to all Masons in this area to attend the occasion. A special program has been arranged. Refreshments will be served and an informal reception held in the dining hall of the Lodge.

Mr. Shaffer is a former resident of Hico, and a special invitation was issued to Hico Lodge members to attend the service.

## Local Band Members Will Try Out For All-District Honors

Five members of Hico Band will go to Dublin Saturday to try out for the All-District Band. Members who will make the trip are Morgan Leeth, bass; Richard Leeth, trumpet; Denna Meador and Mary Beth Martin, clarinet; and Linda Cronk, flute.

More than 250 band students from towns in this district will participate in the try-outs. Selections are based on proficiency in playing scales, special prepared material, and sight reading.

A concert will be staged by the all-district band Saturday night at 7:30. "Everyone would enjoy this music as it will be played by the best musicians selected from our district," said Mike Morton, local band director.

## Art Show Scheduled November 7 Under Review Club Sponsorship

The Hico Review Club will sponsor an art show at First National Bank November 7 to 9th, inclusive.

The paintings are from members of the Bluff Dale Art Association.

In connection with the show, students from Hico Public Schools will also display some work.

The public is cordially invited to attend the show.

## Wildcats, Rattlers to Battle In 'Powder Puff' Game

The Panther-Wildcats, composed of feminine members of the Freshman and Senior classes, will oppose the Rattlers, the fairer members of the Junior and Sophomore classes in the annual Powder Puff football game scheduled next Thursday night, November 7 at Tiger Stadium.

The grudge battle will feature real hard-nose football and wide-open offense, according to a spokesman for the classes.

The game will give the father an idea of what a player his daughter would have been had she been a boy.

Majorettes and cheerleaders will be chosen from the masculine half of the classes.

The Panther-Wildcat starting line-up and their positions are as follows:

Patsy Wooton, quarterback  
Bonnie Lepard, halfback  
Nellye Wolfe, halfback  
Joy Elkins, fullback  
Eliene Gannaway, center  
Joni Conn, left guard  
Carolyn Wooton, right guard  
Cathy Cryer, left tackle  
Brenda Kennedy, right tackle  
Margaret Ogle, left end  
Linda Bruner, right end  
Substitutes are Barbara Casey, Denna Meador and Suzanne Pat-

erson.

Managers are Margaret Burgan, Renee Shaffer, Betty Muensterman, Kate Anderson, and Evelyn Huff.

Mrs. Marilyn Johanson is coach. Tentative starters for the opposing Rattlers are:

## Farm Welding Short Course Set Here November 11-14

A farm welding short course for adult farmers will be held Nov. 11-14 under the sponsorship of the Hico High School Vocational Agriculture Department, according to Harold D. Walker, teacher.

Mr. C. B. Edwards, welding specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agriculture Engineering at Texas A&M will do the instructing in the course. He is headquartered at Texas A&M.

Mr. Edwards has had experience as a vocational agriculture teacher and as supervisor of state schools. He has organized T&I programs and supervised the operation of several shops, and has been with the Adult Specialist Program since its initiation in 1958.

"Many welding short courses in various parts of the state have been taught by Mr. Edwards and all have met with outstanding success," according to J. B. Payne, area supervisor of vocational agriculture, Stephenville. Arrangements for adult education courses are made through Mr.

Payne's office.

The short course at Hico is scheduled to begin Nov. 11 at 7:30 p.m. in the vocational agriculture building. Other meetings in the series of four will be held Nov. 12, 13, and 14. During the dates the short course is in progress Mr. Edwards will be available to assist farmers with individual problems and to provide on-the-farm instructions, according to Mr. Walker.

Farmers interested in attending the short course should write or call the superintendent, or the teacher of agriculture. An entry fee of \$5 will be charged. Farm Welding Short Course Certificates are to be presented to each enrollee who attends all sessions.

Mr. Edwards stated that the course would be adjusted to meet the wishes and interests of farmers enrolled, but that he expects to cover such subjects as safety in welding, factors controlled by the operator in running a bead, striking an arc, types of electrodes, preparation of joints, distortion, cutting, hardsurfacing, and pipe welding.

## ORDER OF ELECTION TO CONSOLIDATE DISTRICTS

THE STATE OF TEXAS )  
 COUNTY OF HAMILTON )

WHEREAS, on the 10th day of October A.D., 1963, a petition was presented to me for an election to be held in each of the following named school districts located in (a) Hamilton County, Texas, to-wit:

1. (b) Hamilton Independent School District No. 902, of said County, 2. (b) Fairy Rural High School District No. 796, of said County,

on the question of determining whether or not a majority of the legally qualified voters of said districts desire to be consolidated with each other.

It appearing that each of said contiguous districts have been properly established and created and are legally and validly existing school districts;

THEREFORE, I in my capacity of County Judge of Hamilton County, Texas, do hereby order that an election be held on the 16th day of November, 1963, in Hamilton Independent School District; and Fairy Rural High School No. 796, to determine whether or not a majority of the legally qualified voters of said Districts desire that they shall be consolidated as indicated above for school purposes.

I further order that said election shall be held at the following places in said districts and the following named person is hereby appointed presiding officer and he shall select two Judges and two Clerks to assist him in holding the same and he shall, within five days after said election has been held, make due return thereof to the Commissioners' Court of this County as required by law for holding a General Election:

1. In Hamilton Independent School District at Courthouse Building in Hamilton, Texas, with in said district, with Leo F. Rendessy as presiding Judge;

2. In Fairy Rural High School Building at School Building in Fairy, Texas, within said district, with E. C. Parks as presiding Judge.

All persons who are legally qualified voters of this State and of this County and who are resident voters in said Districts shall be entitled to vote at said election, and all voters who favor the proposition to consolidate the said Districts for school purposes shall have written or printed on their ballots, the words:

### 7TH GRADE NEWS

Mike D. better stay away from Mary Ann S., because every time she looks at her he gets asthma.

Mrs. Thompson gets under her desk every time H.L.H. comes up to her desk with an ink pen.

Judy P. doesn't have to worry about boys mobbing her. Stay away boys, she's got a secret weapon hidden in her desk.

A warning should be given to all boys in this district. Pat N. and Barbara T. are on the loose again. Please be alert!

The 7th grade class would like to thank Mrs. Thompson for the Coke party they had last Friday.

Mr. Bonner says that there's one good thing about the pictures that the 7th grade are making. He says if you ever get hungry you can eat them.

Liz B. is so excited about the coronation that she is afraid she will trip over one of her golden slippers.

Seems funny that Alyce C. was absent on the days that tests were given.

People have been asking Louise F. "Were our eyes deceiving us when we saw you at the show with two good-looking boys?"

Kathryn G. has stumbled over what she thinks may be a new flame. Good luck Kathryn.

All the information Mary Ann L. receives goes into both ears and out her mouth. Actually it doesn't have time to soak in.

Some people refer to their enemies as dirty names. But to Jacky Shipman they are known as "insane worms."

In Robbie R.'s struggle to get out of J. W.'s strong embrace she bit him.

### WHO'S WHO IN JUNIOR HIGH

Our subject is a seventh grade girl. She has dark brown hair and stands about 5 feet 3 inches high. She is very cute and liked by everyone (especially Jim Wolfe.) She was one of Junior High's cheerleaders and did a very good job. I'm sure everyone knows by now that our subject this week is Louise Fair.

### JUNIOR HIGH FOOTBALL

Junior high boys finished off their season with quite a boom. They scored a 26-2 victory over Evant on Oct. 22. Everyone is certainly proud of the team. The points were made by two 8th graders, Jody Littleton and Howard Strader, but they couldn't have done it without the great blocking of the rest of the team.

Since this was the last game for some boys we'd like for them to know that the one wish of everyone is that they work as hard for High School as they have for Junior High.

### 8TH GRADE NEWS

Seems as though all junior high teachers are on a test-giving spree. Many students didn't study and—well, just forget about that!

Karen D. and Patsy B. have suddenly become little devils in Mrs. Thompson's book. Can't imagine why.

What's this about Steve K. and Jody L. missing a big bad history test? Boy! Some people have all

the luck.

Certainly is quiet up in the front of the room since Royce Frederick is gone. Maybe he will visit soon.

Paula L. you surely had a funny look on your face when a certain 8th grade girl was toting Dennis S.'s ring. After all, it was only temporary—just wait your turn.

The eighth grade had a terrible tragedy this week. The only Ann Mc we have took sick and missed two whole days of school. Seriously, we're glad you are back with us.

Poor Barry A., this week he got his rubber band taken away from him. Golly! He only popped Karen D. in the back.

Cherry R. got quite embarrassed at the last junior high football game. Seems as though some of the Evant boys came up and snatched her football ribbon—or at least most of it.

A message should be given to Mary Beth M.—Keep a stiff upper lip and fight like a man.

Boy! Did Claudia W. and Suzanne L. have some wild ideas for our booth at the Halloween Carnival! Surely sorry the deal didn't go through, but keep those little minds working eighth graders.

### SOUTHERN ASSEMBLY

On the afternoon of Monday, Oct. 28, students of Hico Schools were entertained by the first Southern School Assembly Program of the Year was presented here. Subject of the program was American Indians, their folk dances and the correcting of common fallacies concerning them. Moderator of the program was Princess White Buffalo. The Princess told the students about the composition of her moccasins, her headband, and blanket decorations. Her daughter performed some beautiful and difficult dances, one of which was the Hoop Dance.

Climax of the program was when the Princess called some first grade boys and girls to the stage to do their own interpretation of the Indian war dance. After being given Indian names, each did a very fine job. One little boy who was named Little Skunk, was appointed Chief of the Hico Indians. Little Skunk was told how to tell others his name in sign language.

Everyone laughed heartily and clapped loudly when the program concluded with Little Skunk acting out his name.

### BAND NEWS

This Saturday, Nov. 2, several members of the band are going to Dublin to try out for District Band.

There will be some 250 members from different schools competing for all-district. They will be judged on sight reading, chromatic scales, etc.

Among those who are going are Morgan Leeth, bass; Denna Meador and Mary Beth Martin, clarinet; Linda Cronk, flute; and Richard Leeth, trumpet.

At 7:30 p.m. a concert will be given at the Dublin Auditorium. It will consist of the top ten players of this district, and will give a very interesting program.

**FRESHMAN FRANTICS**  
Cathy Cryer was up to her old

tricks again this week. All day long she sits and talks to John Fouts and Danny Jenkins.

Suzanne Patterson now has a nickname. Just call her "snag."

Carolyn Wooton, why was Richard Leeth called two-timer?

It seems that Saturday night one of our Freshman love affairs came to a halt. Any explanation, Denna Meador and Dwain Gray?

Nellye Wolfe and Jim Lackey seem to be the only freshmen dating each other.

Barbara Casey seems to have a new boy friend from Iredell.

Remember, freshman girls, don't dress up like turkeys on Halloween because we have a few turkey catchers loose. Referring to Gary White and Richard Leeth.

It seems James Mayfield is getting stuck up since he started going with older girls.

Even though Linda Bruner is just as stubborn as her boy friend when it comes to making up, they were back together Saturday night.

Hey Freshmen, let's all play cupid and get a certain freshman girl with initials of J. L. and a certain freshman boy with initials J. F. together. OK?

Rumors have been started from Cathy Cox that there is something going on between James Shipman and Sandra Elkins.

James Barnett is back to his usual self of driving everybody batty.

Linda Cronk seems to get very upset with a certain junior girl. Why is this Linda?

The freshman class welcomes Geraldine Hazlewood to our class.

### COUPLE OF THE WEEK

This is a new couple around HHS this year, for the simple reason the girl is a new student. She is a very cute and popular junior. She is about 5 feet 4 inches tall, brown hair, and brown eyes. She is also an excellent basketball player.

The boy is a very popular senior. He is about 6 feet 1 inch tall, blond hair, and hazel eyes. He is also essential to the football team.

These two aren't seen together too often, except on Friday nights after the football games and on Saturday nights when they usually go to the show somewhere.

All in all, they make a very cute couple and are always smiling when together. By now surely everyone knows our couple is Dorothy Gray and Milburn (Butch) Knudson.

### JUNIOR JANGLES

The juniors had a wonderful time at the class cookout. The food was delicious and the entertainment was loads of fun. The class would like to extend another thank you to all the room mothers and Mrs. Brummett for making it such a success.

The class members have been working especially hard to make our part of the Halloween Carnival a success. The goal that is to be fulfilled is to make James Johnson and Margo Wolfe King and Queen of the carnival. Of course, James, you know if you do win you will have to kiss the Queen.

James Crews, why did you get so dizzy at the cookout the other night? Could those beautiful girls walking you around the roadside park have anything to do with it?

Sandena, what is this about your having another disagreement? This time it wasn't with Mary Alice over Larry Shipman—it seems to be with some girl in typ-

### SENIOR SCENES

Football practice is starting! We're not crazy because this is for girls only. Our annual Powder Puff game is coming up in the near future and we're all trying to get into shape for it.

Seniors and Fish will trample the Juniors and Sophs, but it should be a good game anyway. Senior Coach will be Mrs. Johnson and Junior Coach is Mrs. Brummett. If you want to really laugh, come on out and watch us beat the Juniors and Sophomores.

If you ever want to find Butch Knudson between classes just open the door to the bookroom. What's in there that is so interesting, Butch Baby?

One of the senior girls has finally snared a boy! Congratulations Evelyn.

Joni and Mike didn't have a date Saturday night. The reason would not have anything to do with the fact that Mike had a fat lip from the football game Friday night.

Those good night handshakes just don't get the job done.

Morris, what happened to your hands? It must be catching because some of the other senior hands looked the very same way.

Hey, Lloyd, aren't you wearing your skirts a little short these days? But, of course, with legs like yours you can afford to.

Bill Rutledge is so adorable that all the girls chase him everywhere he goes. So far only one has caught him. Maybe his new red car doesn't run as fast as those Dodges.

### SPOTLIGHT

After the game Friday night, there were not many couples out.

The Spotlight caught: Joni Coan and Mike Flowers, Dorothy Gray and Butch Knudson, Linda Duncan and Ronnie Partain, Sharon Howard and Bill Rutledge, Judy Jameson and Edwin Shannon, Denna Meador and Dwain Gray, Carolyn Wooton and Richard Leeth, Pat Bruner and Jerry Casey.

Saturday night everyone either went to Stephenville or stayed in Hico. Couples spotted in Stephenville were Linda Jaggars and Billy Booth; Elizabeth Bruner and Roy Wright; Linda Bruner and Pete Hanshaw; Pat Bruner and Mark Dunlap; Barbara Casey and Bud Strong; Judy Jameson and Edwin Shannon.

Couples that stayed close to Hico were Dianne Jaggars and Jud???; Frances Lepard and Dan Bakke; Leona Carmichael and Lynn Hanshaw; Cherry Ramage and Dwain Fail; Dwain Gray and ??; Bonnie Lepard and Wayne Warren.

Jing class. You better be careful! Margo can get pretty violent when she wants to.

Don't let James Hord fool you when he says that he does not care very much for the "colored" people. He likes them so much that he took the time to learn to speak just like them. He does a pretty good imitation of the humorous way some of them talk.

Mary Ann thinks she's a real celebrity. She got to see that great football game between the Longhorns and Rice. She came back with all her long fingernails bitten completely off.

Our class has a new member. He has gone to school here before. This makes everyone doubly glad to welcome Mike Gravitt back to HHS.

To some people, triumph means a victory. This is not the case with Sharon Howard. To her it means the name of a darling little red car driven by a certain senior boy.

Ronnie Partain why have you been limping around lately? Could it possibly be because Morris Sanford stomped on your foot the other day?

Scott Patterson, how fast did you say your car would go? If you don't tell, we'll ask James Johnson and James Crews.

Carol Cronk could hardly keep her eyes open in class Wednesday. It seems that she helped wash dishes at the cafe downtown after the big fire Tuesday. You may have lost some sleep, but your work helped the people a lot.

Someone is always misunderstanding Dorothy Gray. It's really quite funny because she never knows what she has said that is so mixed up. I guess she will have to stop going to those parties at Fairy.

It's time again in our column to pay tribute to just one more of our distinguished junior football players. James Crews is the one. Even though he suffered a knee sprain, he did a good job of fighting those Eagles.

In closing, let's have a few song dedications: To Ronnie Partain, Hello Mudder, Hello Fadder; Reba Oxley, The Peppermint Twist; James Hord, Blowin' In The Wind; Charles Erick, L-L-L-Linda; Scott Patterson, Speedball; Reciee G. and John Crow, Edwin Black and Jim Grimes, The Stripper; and Sandena Hicks, If I Had A Hammer (I'd Use It On Someone!)

NELDA SWINNEY

DANNY WARREN

### COUNTY 4-H GOLD STAR WINNERS

By JEAN HENRY Home Demonstration Agent

Nelda Swinney and Danny Warren have been selected as the 1963 Gold Star 4-H girl and boy for Hamilton County. The Gold Star Award is the highest 4-H award given in the county. Only one boy and one girl in the county may receive this award annually and they may receive it only once.

To be eligible to receive the Gold Star Award a 4-H member must be 13 years of age and must have completed at least three years of 4-H work. The selection of Gold Star winners is based on their 4-H work, achievements, and record books.

Nelda and Danny will be honored along with Gold Star winners from 19 counties at the District 8 Gold Star Banquet to be held in Stephenville Saturday, November 2.

Nelda is the 15-year-old daughter of Mrs. Vernon Donihoo. She lives with her grandparents, Mr. and Mrs. R. R. Bynum of Route

2, Hamilton, and attends school at Pottsville. She has been a 4-H Club member for 6 years and has completed demonstrations in cooking, food, and leadership. She is president of the Pottsville 4-H Club this year. In her accomplishments this year Nelda won first place, Senior Division, at the county dress revue, and represented the county at the district 4-H Camp at Lake Brownwood. She also attended the District 4-H Camp at Lake Brownwood.

Danny is the son of Mr. and Mrs. John L. Warren of West Point. The 14 year old youth is a freshman in Evant High School. During his four years of 4-H work he has had demonstrations in sheep and poultry. Through special arrangements with his father he traded labor for feed for his projects. Danny has exhibited livestock in the Hamilton Show for the last three years and won 2nd, 3rd and 5th place ribbons.

4-H work has also helped Danny develop leadership abilities. Last year he served as president of the West Point 4-H Club. During the first two years he served as a porter and has been elected a member of his club again this year. He believes that a 4-H Club is good for any community.

Attending the banquet will be the award winners and their parents, and Mr. and Mrs. Arnie Schuman, leaders, Judge and Mr. G. W. Hurley, Mr. and Mrs. Dale Henry and Mr. and Mrs. Dolke quis Gordon.

### Interesting Features Set This Weekend At Hico Theatre

The indestructible King Kong creates two new symbols in "King Kong vs. Godzilla" which are supplanting his famous stance atop the Empire State Building.

The feature shows Thursday, Friday and Saturday matinee at Hico Theatre.

The mighty Kong towers on top of the Japanese Senate Building which he exceeds in height. Again the champion monster fights his mightiest contender Godzilla atop Mt. Fuji. New advances in composite photography were achieved by special effects in the film.

Saturday and Sunday feature at the theatre is "Hootenanny Hoot." Thirteen songs are featured in the first motion picture to be made about the new musical mood that's sweeping the country.

Peter Breck, Ruta Lee, Joby Baker and Pam Austin are stars in the feature.

### CARD OF THANKS

It is good to be back home. I wish to thank everyone who dropped by to see me; Dr. Hedges, all the nurses and the entire hospital staff for every kindness shown me while in the hospital.

## Tetanus Deaths Unnecessary, Says AMA Health Official

Despite the outpouring of new "wonder" drugs, man's ancient enemy, tetanus, has not yet succumbed to a cure.

Even so, death from tetanus, or "lockjaw" as it is commonly called, is "almost entirely unnecessary," says Raymond L. White, M.D., Director of Environmental Medicine for the American Medical Association.

"As a disease, tetanus is completely preventable," Dr. White noted. "The only reason it persists is that people fail to get immunized, or fail to maintain their immunity. Out of sheer neglect, three-fourths of the people don't have the protection they need."

"If it weren't for medicine's continual concern over the possibility of tetanus—if practically every time a physician saw a wound he didn't take precautions against tetanus—the disease would rank much higher among human killers."

Tetanus is caused by a deadly poison emitted by certain bacteria which contaminate certain types of wounds—especially puncture wounds, or wounds with imbedded dirt.

The bacteria itself cannot survive long enough in the open air to infect wounds. But its seeds or spores can.

Tetanus spores are usually produced by bacteria growing within the air-free intestinal tracts of mammals, including man, and reach the ground in animal manure. Within the intestines, bacteria cause no harm to their host, other than to serve as factories for the production of spores.

Once on the ground the spores, which are unaffected by air, and are borne great dis-

Puncture wounds are a common cause of tetanus.

tances on the wind, can survive for as long as 11 years. Besides cultivated land, they are commonly found in household dust and the grime of city streets. Some have even been detected in hospital operating rooms—tracked in on street shoes.

The spores in some sections of the country are nearly as common as dirt, and await only the right kind of wound to start their chain of infection.

Because of its peculiar nature, tetanus has never been a mass killer like some infectious diseases. It is, however, a vicious enemy, killing 60 per cent of those it strikes.

Development of immunity against tetanus, says Dr. White, requires a series of inoculations

—three injections four weeks apart, followed within six to twelve months by a booster dose. To maintain this protection, additional booster shots are necessary every four years.

"Protection," he said, "should begin early in life—one to two months after birth—for the scrapes and falls of childhood offer tetanus many opportunities.

"But adults need protection too. With the new emphasis on outdoor living, with accidents on the increase and with the spore of tetanus in the dust and dirt all about us, we can only look forward to an increase in this deadly disease unless we make better use of our good sense, get immunized and keep immunized."

### A NEWSPAPER WAS A RARITY IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at—for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.

## On the Home Range

By JEAN HENRY  
Home Demonstration Agent

The Honey Bee 4-H Club has been growing by leaps and bounds. The group meets in the home of Mrs. L. W. Little, who incidentally, has three daughters in the club, Mary Louise, Virginia and Marjorie. We started out with 6 members, grew to 18, and now have increased to 30. The girls have selected their projects for the year. Fourteen will be in foods and nutrients; 8 in clothing; and 8 in bedroom improvement. The general meetings will be held once each month in the Little home, with subject matter meetings held once or twice each month. These various subject matter groups can not, of course, start until leaders are secured. If anyone has a special interest in helping youth and an interest in foods, clothing, or bedroom improvement, please call my office or Mrs. L. W. Little so that we may contact you personally.

Vitamin C is the vitamin most often showing up deficient in people's diet. Here's some information on how to purchase and handle fruits and vegetables rich in Vitamin C in order to retain their nutritive value.

To keep costs as low as possible and have foods of top quality, buy fresh fruits and vegetables when in season and thus in plentiful supply. Fresh grapefruit and oranges are excellent sources of Vitamin C, but crop estimates indicate that they will remain relatively high priced throughout the marketing season because of a short supply. You can stay within your budget by using turnip greens, mustard greens, cabbage, broccoli and tomatoes—all high in Vitamin C during the fall and win-

ter months. Read labels on canned and frozen foods in order to know what you are buying. Select products with their intended use in mind.

Vitamin C is easily destroyed, so include some of the foods high in this vitamin in your daily diet. Do not expose the foods unnecessarily to the air and do not overcook them; use just the amount of water necessary for cooking, and don't throw any of the water or juices away.

An adequate supply of Vitamin C has a relationship to general good health and resistance to diseases. With cold season just around the corner, be sure to eat plenty of foods rich in Vitamin C each day.

I will be meeting with most of the Home Demonstration Clubs this next week and will be giving a program on "Food for Senior Citizens." There are nearly 18 million citizens that are classed as Older Americans. This group has probably been more closely studied during the past 15 years than any other segment of our population. The findings are being used to initiate and strengthen programs dealing with their welfare.

In your house, when the children have gone to school, do you lunch alone? If so, it's probably a pickup meal, eaten on the run.

Even though the family's away, you should sit down to a nourishing noonday meal—one that will see you through a busy afternoon.

Milk and a salad make a simple lunch that you can fix with little fuss. The leafy greens and vegetables or fruits furnish needed vitamins and minerals; the milk comes up with valuable protein, calcium, and riboflavin. If you are worried about your weight use skimmed milk instead of whole milk.

Round out your meal with a slice of bread and some cheese if you like. Fortunately the season's always right for milk. Supplies are good year round. And fresh vegetables and fruits are at their peak of quality now and the supply right.

## FAIRY

By MRS. EUNICE DANIEL

We were very sorry to learn Sunday morning that W. B. (Bass) Tumlin of Morgan had passed away Friday night at the Meridian Hospital. He was born in Louisiana on Oct. 2, 1894. In early manhood he was married to Miss Katie Owens step-daughter of the late J. W. Brummett of near Fairy. To this union one daughter was born. The Tumlins resided at Fairy for a time when he operated a confectionery store. They had since lived in Dallas and other points, but had spent most of their married life at Morgan where they had lived for a number of years. Mr. Tumlin became a member of the Church of Christ in early manhood and had been very faithful to help out in any way possible with duties of the church. Funeral services were held at 2 o'clock Sunday afternoon at Morgan Church of Christ, with Ministers Lewis and Hardcastle officiating. Burial was in Morgan Cemetery. We did not get the names of pallbearers. He is survived by his wife, the daughter, Nadine and family; also two sisters who were unable to attend the funeral. Our deepest sympathy is extended to Mrs. Tumlin and daughter and family and others who mourn her passing.

Mr. and Mrs. Hollis Pearey left last Friday for a visit with relatives at Andrews, Sundown and

other points. On Saturday night they planned to attend a football game at Tatum, New Mex. where their son, Hoppy, is coach. Mr. Pearey planned to return the first of the week, but Mrs. Pearey will remain for a longer visit.

We were sorry to learn last Friday that Roy Blakley had received a badly lacerated hand while using an electric saw. He was helping Leslie New on a job and it was reported the wound required 30 or more stitches to close and was his right hand.

Mr. and Mrs. Truett Turner and Bobby of Fort Worth visited during the weekend with her parents, Mr. and Mrs. T. R. Parks.

Mr. and Mrs. Milford Miller and Ronald of Fort Worth visited during the weekend with her mother

### FAIRY GRADS IN COLLEGE

Fairy graduates now attending college include the following:

Claudine Holley, daughter of Mr. and Mrs. Claude Holley, freshman at TWC, Fort Worth.

Jerry Richardson, son of Mr. and Mrs. H. O. Richardson; Max Haile, son of Mr. and Mrs. Wallace Haile; and J. C. Canada, son of Mrs. Ben Cunningham, all freshmen at Tarleton State.

Merrijo Gleason, daughter of Mr. and Mrs. B. A. Gleason, sophomore at East Texas State, Commerce.

Ruth Jones, daughter of Mr. and Mrs. Wesley Jones, junior at TWC, Fort Worth.

Helen Marie Jones, daughter of Mr. and Mrs. Robert Jones, junior at North Texas State University.

Keith Streater, son of Mr. and Mrs. Garlan Streater, junior at Sul Ross, Alpine.

Danny Haile, son of Mr. and Mrs. Wallace Haile, junior at A&M.

Jimmy Estell, junior student at Arlington State.

Don Barnett, son of Mr. and Mrs. R. V. Barnett, senior at Sam Houston State.

Rusty Harris, son of Mrs. Lee Miller, senior at Sam Houston State.

Robert Barnett, son of Mr. and Mrs. R. V. Barnett, University of Houston.

Fairy graduates receiving degrees during the past year include:

Annelle Gleason, BBA from North Texas State University.

Patsy Whitaker, BA from Mary Hardin-Baylor, Belton.

Lynn King, BA from North Texas State, with Second Lieutenant Commission in Air Force.

Don Haile, BA from Tarleton State, also a commission of Second Lieutenant in Army.

Harry Thornton, BS and Master of Education from Sam Houston.

Donald Tolliver, BBA from North Texas State.

Bobby Jack Parker, son of Mr. and Mrs. Virgil Parker, degree from Baylor University, student at Southwest Baptist Seminary, Fort Worth.

and brother, Mrs. M. E. Parks

and Audie.

Mr. and Mrs. Clyde Hoover of Dallas visited through the weekend in the home of his brother, Mr. and Mrs. E. M. Hoover.

Mr. and Mrs. Hardy Parker of Hico visited Sunday afternoon in the home of Mr. and Mrs. Ted Arrant.

Those from here who attended the funeral of Mr. Tumlin Sunday were Mr. and Mrs. Woodward Brummett, Mr. and Mrs. Ovie Brummett, Grant and Nancy, and the writer. Other Brummett children attending were Mrs. Enphie Anderson and granddaughter of Grand Prairie. Mr. and Mrs. W. G. Brawley and Mr. and Mrs. Paulson of Fort Worth and Mr. and Mrs. Johnnie Anderson of Stephenville. Also Mr. and Mrs. Guy Vaughn of Otton, Mr. and Mrs. T. L. Betts of Hico.

Mr. and Mrs. Frank Hanes and Mike spent the weekend at Irving assisting their daughter and husband, Mr. and Mrs. Bobby Drew and Cynthia in moving into their new home recently completed. Cynthia returned home with them for a few days visit.

Miss Cleon Gardner of Fort Worth spent the weekend with her parents, Mr. and Mrs. Winfred Gardner, Sandra and Randy.

Mr. and Mrs. Ray Turner of Killean spent the weekend with their parents, Mr. and Mrs. Willie Turner and Mr. and Mrs. Carl Ray Sellers, Jimmie and Janice.

Mr. and Mrs. Walter Thompson of Snyder visited Sunday night in the home of his cousin, Mr. and Mrs. Levi Petty and family. Mr. Thompson was hunting cotton pullers.

Mr. and Mrs. R. C. Moore and family and their daughter, Mr. and Mrs. Eugene Colbath, who had been residing at Fairy for several weeks, moved to Palo Pinto last week.

Mr. and Mrs. Levi Petty and family visited Sunday in Gatesville with her sister and family.

The Fairy Tigers will play Venus Thursday night. We wish them luck.

The school will have a Halloween Carnival Friday night. Ev-

eryone has a cordial invitation to attend.

Mr. and Mrs. Noble Haile and family moved to their place between Fairy and Olin, across from the B. D. McKandless place. The children will still attend Fairy school. They have been residing on the wright place, better known to many as the Orr place, for the past several years.

Oliver Byrd of DeLeon visited at the cemetery one day last week and drove down to our home and left \$10 with us for the cemetery. He was also here a week or so before and also drove down and expressed his appreciation for the condition of the cemetery. We will have to do some work this week on a few lots, but the grounds and most lots are in good shape.

We have to this date received \$55.50 on the sprayer. Purchase price is \$57.95 plus shipping charges. So we still like something over \$3.00 and we hope some of those who have not yet made a donation will send one in. Those who have made recent donations

include Mrs. Fay Oglesby, Hamilton \$2; Mr. and Mrs. Ted Arrant \$1; Mr. and Mrs. Hardy Parker \$1; Julia Brunson \$1. We will report all donors when the cost is completed. Our thanks to all who have contributed to this fund. We understand work has been started on extension of the phone

system out of Hico below the telephones.

### As It Looks From Here

By OMAR BURLERSON, M.C. 17th District, Texas

Near the center of the United States Capitol is a room set apart for prayer. It is not a room for religious assemblies, nor for any other public use. Its only purpose is to provide a quiet place to which individual Congressmen may withdraw a while to seek Divine strength and guidance, both in public affairs and in their own personal concerns.

The resolution creating a place set apart for the purpose was signed into law in 1954, and since that time has been constantly in use.

Meticulous care has been taken to insure that no part of the furnishings and no symbol used would raise objections by members of any church, but at the same time incorporate in the fabric and decoration of the room the basic unity of belief in God and His Providence that has characterized our history. One stained glass window adorns the room, giving the appearance of emitting light from the outside. The room itself is inside and has no outside windows. The window was presented anonymously with this inscription: "Thank Offering to This County" and dedicated "to those men who have in the past sought God's guidance and to those who presently determine the destiny of this Nation by the inspiration of their decisions."

The Bible, candelabra, the vases and the American Flag were also donated anonymously.

Simplicity pervades the prayer room. The lighting is subdued, but yet sufficient to direct attention to the two central objects—a Bible, open to the twenty-third Psalm, and the window symbolizing our Nation at prayer. Members of Congress may, of course, use the Bible, turning to whatever passage may mean the most to them at the moment.

Immediately surrounding the central figure in the stained glass, which is George Washington kneeling in prayer, is the text from Psalm 16-1, "Preserve me, O God,

for in Thee do I put my trust,"

Above and below are the two sides of the great seal of the United States. Above is the pyramid and eye with the Latin phrases, "Annuit Coeptis" (God has favored our undertakings) and "Novus Ordo Seclorum" A new order of the ages is born. Below this is the Eagle "E Pluribus Unum" (One from many). Under the seal is the phrase came the successful move to incorporate into our Pledge of Allegiance to the Flag "Under God".

The two lower corners of the window each show the Holy Scriptures, an open book and a candle, signifying the light from God's law, "Thy Word is a lamp unto my feet and a light unto my path."

The ceiling in the prayer room bears the original paintings done about 1827.

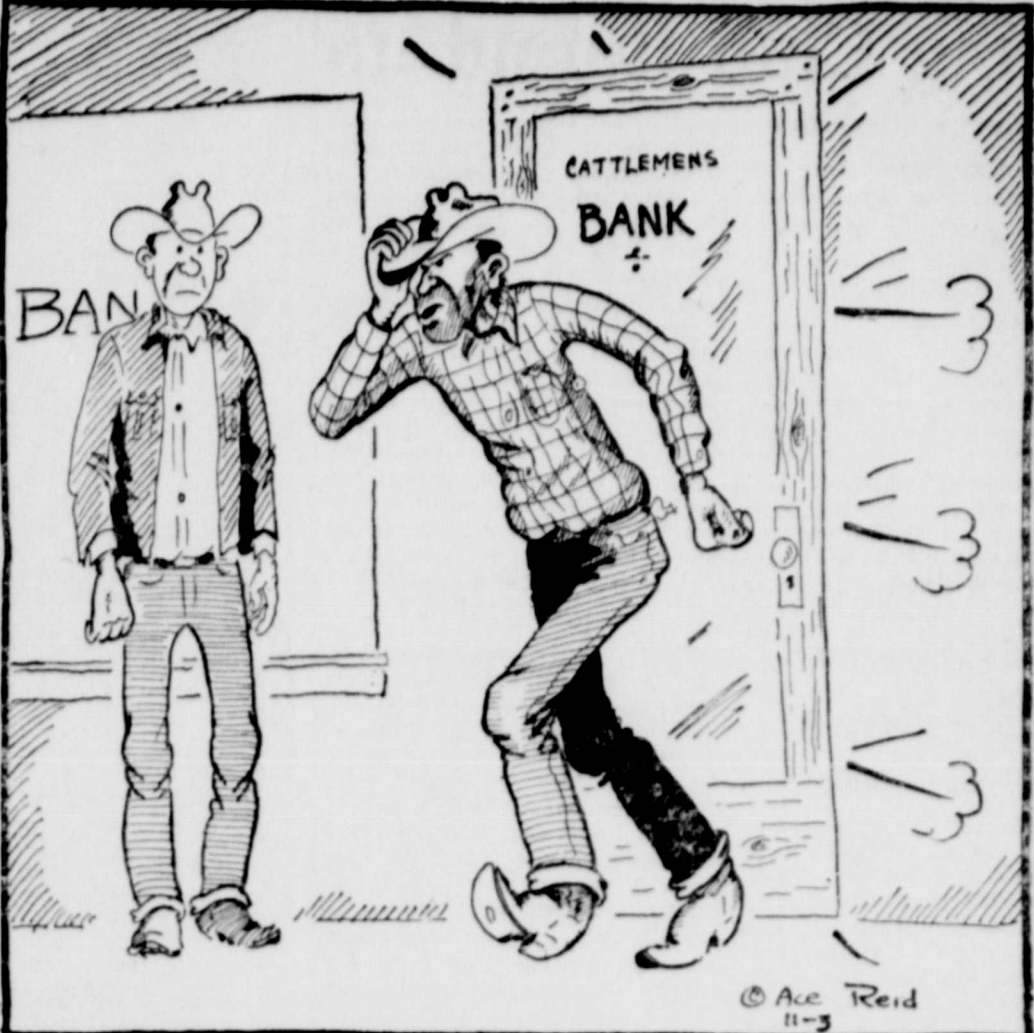

Not designed for religious assembly, this small room is adequate for its avowed purpose—a place where the individual may renew his faith in God and his loyalty to his country.

"Congress shall make no law respecting an establishment of religion." So reads the first clause of the First Amendment to the Constitution. Designed, not to discourage religion, but to assure an equal freedom to all its various groups, this clause has under the interpretation of the courts come to be the basis for separation of Church and State. Only in such fashion did it appear that the various faiths which made up our people could live together in friendliness and understanding.

Prayer was offered at the great convention which framed our Constitution. Congress has provided for its members in the Nation's Capitol a quiet place, where those of its number who seek God, the consciousness of His Presence, the light of His Guiding, the strength of His Love, may find Him.

## COUNTY AGENT REPORTS

By DeMARQUIS GORDON

Pastures in Hamilton County are still dry and most livestock producers are having to feed their livestock. It would be a good idea to check and see if your livestock feed contains a source of Vitamin A. Vitamin A deficiency is common among livestock receiving such rations as cottonseed meal and hulls or cottonseed cake. A condition which has been called "cottonseed meal poisoning" occurs among cattle limited to such rations, but this condition has been identified as Vitamin A deficiency and is not caused by any poisonous substance in the feed.

Vitamin A deficiency in the early stages is characterized by night blindness. In later stages, the livestock become less alert and lose their appetites. Breeding problems will occur in the herd. These symptoms will occur in 80 to 140 days after the animals receive no Vitamin A.

There are several ways that the vitamin may be supplied to livestock. As little as 2 pounds of green leafy alfalfa hay daily per head for mature cattle and about 1 pound daily for calves, sheep or goats will protect them from Vitamin A deficiency. Due to the price and scarcity of good alfalfa hay this may not be economical. Synthetic Vitamin A may be mixed in feed rations. Many commercially mixed feeds are fortified with Vitamin A source. It is not advisable to mix the synthetic Vitamin A with mineral mixtures or high salt feed mixtures and leave exposed to sunlight, air and heat. Another way to supply livestock with Vitamin A is by injection. One injection will supply an animal with enough Vitamin A to last 50 to 60 days. Calves require one-half to 1 cc per head; yearlings 1 to 2 cc; and breeding cattle 3 to 6 cc per head. Cost of the Vitamin A injection is 50c per cc.

One method of supplying Vitamin A would be more practical and economical for one livestock producer, whereas another may be best for someone else.

Hamilton County's second case of screwworms were found last week. Melvin Streger, Route 1 Purnela, collected the larvae and they were identified October 21.

Last Thursday a representative of the Texas Animal Health Commission sprayed Streger's cattle. He also made a large cross on the pasture with lime so the air-borne delivering sterile flies would know where to make the drop.

This makes two cases of screwworms in two weeks. There is even more reason now to observe livestock closely and send in any worms collected from wounds.

# Riding Club Round-up

By MRS. BUCK SHEPHERD

Tuesday night there were not too many cutters or ropers at the Arena, due largely to the fire in town. Many were enroute to the arena and stopped to offer any assistance they could.

The ones who were present certainly did enjoy the activities. Young Ronnie Hefner roped several calves and everyone was real glad for him. He's out there trying almost every arena night.

Saturday night's activities started with barrel racing and was won by Janis Shepherd with a time of 17 seconds. There were quite a

number of ropers and they all really had a time. Bill Howard's horse caused some excitement as his rope became entangled in the horse's legs while he was holding a calf. The horse ran and dragged the calf for a few minutes before he was roped and stopped.

Little Raymond Leeth (I believe he is from Cranfills Gap) roped two calves with all the skill of an expert. The crowd always especially enjoys seeing the kids do a good job in any of the events.

Anyone who would like to join the Riding Club are asked to contact Fred Jaggars or any of the Board of Directors. Let's make next year a big one.

## HAMILTON-CORYELL

### SCS News

By BOMER HARRIS

Wesley Garrett, a cooperater with the Hamilton-Coryell Soil Conservation District near Olm, planted an old cropland field to a native bluestem mixture of grass during the early part of 1962. Dry weather, like we had during the past two years, ordinarily causes these grass plantings to fail, but not for Garrett on this field. He has a good stand and cover for the small amount of rainfall that he received. The success of his grass planting was due to good management from the time he first plowed the land until now.

Garrett started his grass plant-

ing program by plowing the land long before planting time. This should be done any time from August 1 to November 1. A winter plowing will kill cold weather plants like barley, rescue grass and winter weeds. If this method is used, there will be no growing vegetation on the land when the grass is planted sometime during February, March or April.

Small native grass plants will come up quicker and grow off better where grass seeds are planted with a grass seed drill on a firm, hard seedbed free of other growing vegetation. If the rains do not come during the early winter to firm up the seed bed, a culti-packer, roller or some kind of sled should be used to pack the ground when the seeds are planted.

Garrett carried his management program a little further by not grazing this new grass during the first growing season. When the weeds or other grass tried to crowd out the planted native grass seed mixture, Wesley controlled them with a shredder.

This grass planting method was a success during two dry years and it will succeed most of the time where these good management procedures are used.

There are approximately 60,000 acres of old fields in the Hamilton-Coryell SCD that grow mostly weeds, needle grass, prickly pear and mesquites. Some of these old fields have been out of cultivation for over 20 years and are still covered with these poor quality plants. In most cases they will remain there until the brush is removed, land is properly prepared and planted to the desirable type grasses.

Bosque Co. See Permit Area No Doc Permits

## Game Warden Reports

By BOB RHUDDY

We have begun to lose some deer in Bosque County due to the

dry pastures and lack of water. I am sure some of you folks have noticed where your tanks and ponds have dried up you are not seeing as many deer as usual. I think lots of your deer have moved out in search of water.

We have decided to issue a doe or antlerless permit for each 100 acres in the doe area. There have been some alterations made on the doe line this year.

Areas changed will be the area south of highway 219 between Clifton and Cranfills Gap, and up highway 144 north of Meridian and highway 56 from highway 174 to Brazos Point and Eulogy.

I will try to explain in writing how the line will run, but will put a map in the paper at a later date with the line clearly marked.

Starting at Meridian go up highway 144 past the city limits to the second road to your left. Stay on this road past the Willow Springs Baptist Church to where it intersects FM 927; turn right back to Walnut Springs; take FM 927 to Morgan; turn left on highway 174 to Union Hill; turn left on Eulogy road; stay on this road to Eulogy; take highway 56 at to Somervell County line. On this road all land on your left will be in the doe area.

Starting again at Meridian go out highway 22 to where highway 219 intersects; turn right to Clifton; take highway 6 south to where FM 2602 intersects; turn right on FM 2602 to where paved road ends; turn left to Lanes Chapel School; take gravel road to your right in front of the school to the Coryell County line. All the land on your right is in the doe area.

Since there will be lots of questions on the doe area, please stop

### LATE FAIRY NEWS

We received about 6 inch of rain on our place last week, and Winfred Gardner reported about an inch. About half an inch was measured at the I. N. Adams place.

Mrs. Carl Ray Sellers and Jimmy Don, Mrs. D. E. Allison of Stephenville, and the writer were shopping in Waco Tuesday. The Waco area received a good rain last week, with water still standing in some fields.

Robert Proffitt recently made a donation of \$2.50 for the cemetery sprayer.
