For County Sheriff:  
**Ed Bulman**

(Re-Election)

Raymond McCarty of Dallas visited Sunday in the home of his parents, Mr. and Mrs. D. F. McCarty.

Mr. and Mrs. J. M. Bauknight of Ganado and Mr. and Mrs. Michael McCullough and baby of Dallas were Thanksgiving guests in the home of Mr. and Mrs. Frank Mings.

Visitors with Mrs. J. W. Richbourg and Mrs. J. A. Garth last Tuesday were Mr. and Mrs. Oran Miles of Hobbs, New Mexico, Mrs. Keath Finley and Mrs. Delbert Wilson of Arlington.

Action on the 1964 political front was evident this week when the first two candidates filed for places on the May Democratic Primary ballot.

Ed Bulman, local rancher, was the first announced candidate for any office in the county, filing for the office of Sheriff. A formal announcement from Mr. Bulman may be found elsewhere on this page.

Incumbent Woody Young filed Wednesday of this week for reelection to the post of Sheriff. His announcement may also be found elsewhere on this page.

Hico and Hamilton County voters will have much at stake during 1964, with nine offices to be filled that have a direct note of interest to each citizen.

On the local level, voters must

## Woody Young Seeks Re-Election As County Sheriff

To the People of Hamilton County:

Having been closely associated with you for some time as your sheriff, I feel that there is not much that I can say except that which you already know. I have tried to do a good job for all alike and be fair to everyone.

This county has one of the lowest crime rates of any county in Texas. Ninety percent of crime in Hamilton County is committed by people who live outside the county. We are all proud of this fact.

I have worked long hours and through some lean years, trying not to let that interfere with my obligation to the people of this county. This past spring the commissioners court was kind enough to raise my salary for the first time since I entered office, to the same level as other elective county officials. This I appreciate. I hope that you feel that I have earned one term at a livable salary. If you do, I will appreciate your support for another term as your sheriff. My promise will be the same as it has always been—to do my best to do you a good job. I hope that I will be able to see each of you before election time. Come by to see us when you are in town.

WOODY YOUNG,  
Candidate for Re-Election for Sheriff of Hamilton County.

Mrs. W. F. Hafer and Claudia were in Fort Worth last Friday on business.

Thanksgiving weekend visitors in the home of Mrs. Iris Eakins and Don were Mr. and Mrs. K. P. Thomas and children of McAllen.

Holiday visitors in the home of Mr. and Mrs. Tyrus King were Mr. and Mrs. Herman Woodruff of Duncan, Okla., Mr. and Mrs. Geary Cheek, Jimmy and Janice of Corpus Christi, Mrs. Angus Deisher of Silverton, and Mrs. Jim D. Wright of Hico.

## Newshounds Retain Slim Lead in Bowling Action

Hico Mixed Bowling League standings tightened up so much last week that any one of six teams could conceivably go into first place during position night (played Wednesday).

Wilson Woodpeckers moved into second place by virtue of a 6-2 win over front-running News Review Newshounds; First National Tellers split with Salmon Shoppers to hold down third place; Parks Orphans scored their second shut-out in two weeks, downing the Bowl Weevils 8-0; F-W Ranch downed Judy's 8-0; and Hico Motors downed Cheek Kingpins 6-2 to round out the night's action.

Bowling in general was at a low ebb, with only one 500 series rolled.

elect a Sheriff, County Attorney, Tax Assessor-Collector, and Commissioner of Precinct 3. Other offices to be filled of a local nature are those of District Judge, District Attorney, State Representative from the 53rd district, State Senator from the 12th Senatorial District, and a national Congressman from the 17th District of Texas.

Present county officials who face re-election are Mrs. Pearl B. Williams, tax assessor-collector, Woody Young, sheriff, H. E. Gordon, county attorney, and Fred Rainwater, commissioner of precinct 3.

District offices are currently held by Truman E. Roberts, district judge; Byron McClellan, district attorney; J. P. Word Jr., State Senator, Travis McClinton, State Representative, and Omar Burleson, congressional representative from the 17th district.

The above-mentioned offices to be filled are only the "icing on the cake," as local voters will also have a hand in naming a governor, other top state officials, plus voicing an opinion in national political races such as president, vice-president, etc.

Everything points to one of the major political years in recent history, and everyone will want a chance to voice their opinion. But to do so, they are reminded not to let January 31 go by before first paying their poll tax, a prerequisite to voting in any election in Texas.

## Ed Bulman Seeks Office of Hamilton County Sheriff

Having been solicited by a number of the voters of Hamilton County to run for the office of Sheriff, and after having made some inquiries in regard to the probability of my election, I have decided to make the race for the office of Sheriff of Hamilton County and I take this means of announcing my candidacy for Sheriff, subject to the action of the Democratic Primary and also to solicit your vote and support.

I pledge you that in the event of my election, I shall give my full time to the discharging of the duties of said office and further pledge you that I will be fair, impartial and just in the discharge of my duties; assuring you that I will appreciate your vote and assistance and that I will see you personally before the Primary, I am,

Sincerely,  
ED BULMAN.

## ATTEND FUNERAL

Mr. and Mrs. R. E. Bass of Hico accompanied Mr. and Mrs. W. J. Rhoades of Breckenridge and Mr. and Mrs. John Aiton of Dallas to Lampasas recently to attend funeral services for Mrs. Tom Loden Jr.

## Buck Tales

Several reports of really big bucks being killed have been turned in this week.

One of the largest reported—and perhaps the largest for this section of the county—was the huge 163-pound buck that carried a proud 15-inch set of horns. The giant was downed Saturday week north of Stephenville by Mrs. James Gibson, wife of James Gibson, pastor of Carlisle Baptist Church.

It took another of the fair-weather hunters to break the previous big buck record, held by Joyce Boyd. Another huge buck reported this week was killed by schoolboy Tony Homan. The buck carried 11 inches and weighed 153 pounds. The Koonsman also killed an antler 75-pound buck.

John Lynch of Iredell reported a 100-pound-plus buck, bagged an 8 pointer which tipped the scales at 132 pounds.

Pat Ogle dropped his buck, a 7 pointer which weighed 90 pounds.

One of the reports (and probably the least) was the spike buck bagged by Harold Walker.

**RECORD SETTER**—Rev. James Gibson, pastor of Carlisle Baptist Church, is shown with what could possibly be the largest deer ever killed in this immediate area.

Rev. Gibson's wife, Pat, was the lucky nimrod who bagged the deer. Sporting 15 points, the huge deer weighed 161 pounds, and was killed north of Stephenville.

## Annual Christmas Lighting Contest to Be Staged Here

The Hico Garden Club and Hico Civic Club will again sponsor the annual Christmas Lighting Contest during this holiday season, according to announcement this week by a spokesman from the organizations.

"More people drive through Hico than any other town in Central Texas," a Garden Club spokesman said this week. "If one finds this hard to believe they should sit in the Culbreath Park and count the many transit cars."

"Residents in Hico and surrounding neighborhoods are proud of our town and we should get in the holiday mood and begin plans now to make Hico the most attractive town in this part of Texas," the spokesman continued.

"It doesn't take a large amount of money to decorate your home or business," members of the lighting committee stressed. "Decide on a simple individual message and tell it with lights, color and decorations. The important thing is to decide now and do something about it," members further emphasized.

"This program will require hard work, some money and time, but those participating will receive great pleasure from having had a part in the contest that will give others pleasure and create an admirable impression on others."

Cash awards of \$40.00 will be offered to winners. Prize money will be awarded to first place winners in four divisions, and second place winners in two divisions, as follows:

Nativity Scene, first \$10; second \$5.00.

All-around outside lighting, first \$10.00; second \$5.00.  
Most Attractive Window, \$5.00  
Best Decorated Door, \$5.00.

**Rules Given**  
Anyone residing within one mile of city hall is eligible, although residents living in the fringe areas desiring to enter may do so by contacting Mrs. Edgar Bulloch, chairman.

Wednesday, December 18, is the deadline for placing entries. No entry fee is required.

Judging will take place during the week of Dec. 18 through Dec. 21. Lights must stay on from 6 p.m. to 10 p.m. each night. If lights are off on the night of judging, entry will be disqualified. Out of town judges will be obtained by the sponsoring organizations.

## SANTA LETTERS WILL BE PUBLISHED

The News Review has received word from the North Pole that Santa Claus wants the local paper to again serve as central receiving point for Christmas wish letters from the youngsters in this area.

As in the past the News Review is happy to be able to serve St. Nick in this fashion, and all youngsters are urged to get their letters in the mail in order that they can be delivered.

All youngsters need do is address letters to: Santa Claus, c/o Hico News Review, Hico, Texas, and well see that he gets them. The letters will be published between now and Christmas.

The residential displays here in past years have been outstanding and have attracted much attention. Garden Club members and Civic Club members are hopeful of having more homes participate this year than previously.

Mrs. Bulloch urged that as many as possible enter, adding that "no matter how simple or how elaborate, your home should be judged. Not only will this beautify our town, but will also help translate a warm and friendly atmosphere for visitors and transients during the holiday season," the chairman concluded.

### EITHER STOP FOR SCHOOL BUSES OR PAY THE PENALTY

Gene Smith, in charge of the Hico School Bus System, this week cautioned motorists to be more observant of buses stopped to take on or discharge passengers.

Mr. Smith said that two cases had been filed recently for failure to stop when buses were loading or unloading, and he reminded citizens that, contrary to some beliefs, motorists must come to a complete halt when either approaching or overtaking a halted school bus.

Mr. Smith said that he witnessed the law abused many times, but that in the future complaints would be filed against those who violate the law.

He urged cooperation of the general public in this important matter.

PUBLISHED WEEKLY BY THE STUDENTS OF HICO HIGH SCHOOL

### NEW LIBRARY BOOKS

"A Picture History of the Civil War" in two volumes, compiled by Bruce Cotton and the editors of American Heritage Magazine, is the featured attraction among new books added to the Hico High School Library just before the Thanksgiving holidays. These books are beautifully bound and illustrated and will hold the interest of anyone who stops to look at them.

Another volume gives a similar treatment to "World War II." It was published by Life Magazine with the renowned Sir Winston Churchill as its author.

Other additions to the history section of the library are "The First 3000 Years," "Great Battles That Changed History" and "Gettysburg."

"The Heart of a Champion" by Rev. Bob Richards is new on the biography shelves and two books have been added to the sports section. These are "Darrel Royal Talks Football," and "The Queens Fly High," an account of the achievements of the famous Wayland College girls basketball team.

A great many other books have been ordered to enrich the materials available for social science, vocational agriculture and home economics classes. These will be catalogued and put into circulation as soon as they arrive from the publishers.

Two copies of "Great Moments in Medicine" were given to the science section recently, but at present they are at the bindery where they are being supplied with durable and lasting covers.

The religious section has one new book, "Lands of the Bible World," compiled by the editors of Readers Digest.

### SPOTLIGHT

The Spotlight was really on the beam over the holidays. Those spotted Thursday night were Jerry Casey and Pat Bruner, Lloyd Hyles and Judy Ogle, Butch Knudson and Dorothy Gray, Bonnie Lepard and Wayne Warren, Bill Rutledge and Joni Coan, Edwin Black and Lynn Redden, Carol Cronk and Eddie Turner, Chas. Erick and Linda Cronk, Sharon Howard and Bobby Boone, Linda Jaggars and Billy Booth, Alan Soisbery and Sylvia Sherrard, Linda Duncan and Tommy Gaston, Mike Gravitt and Kay Tooley, Judy Jameson and Edwin Shannon, Barbara Casey and Bud Strong.

Saturday night there were quite a few couples spotted at the show. Those were Linda Bruner and Johnny Sartor, Pat Bruner and Mark Dunlap, Judy Jameson and Edwin Shannon, Sharon Howard and Bobby Boone, Dorothy Gray

and Butch Knudson, Bonnie Lepard and Wayne Warren, Carol Cronk and Eddie Turner.

### SENIOR MAGAZINE SALES

Several weeks ago the senior class announced in the paper that we were going to sell magazine subscriptions as a fund-raising project. Well we received the information and materials needed for carrying out the project last Tuesday. Hico patrons and businessmen be prepared. The seniors will soon be asking you to buy subscriptions or renew old ones.

The seniors will be glad to meet any special rates which can be offered to you by any company. We have listed some of the most popular well-read magazines in the nation and we are authorized to sell any others which you would like to subscribe to. If you are interested in buying or renewing a subscription or sending a gift subscription to a friend, call any senior and we will try to help.

### JUNIOR JAUNTS

Well everyone is still stuffed with turkey and all the trimmings from the Thanksgiving holidays. It certainly was nice to have had such a long weekend.

Poor Linda Duncan didn't get to have a date Saturday night. It seems Ronnie Partain couldn't get the car. One date a week is plenty anyway.

Well Sharen, how was that extra special date you had Saturday night? Bobby Boone and you make a charming couple.

The Juniors want to wish the best of luck to Leona and to Lynn on their marriage. We hope your happiness will know no end.

Sandena Hicks and Larry Shipman have come to be known around school as an old steady couple. Sandena certainly looked excited at the basketball game Tuesday night. Could it have been because you were getting to wear Larry's football jacket?

Dorothy G. wants to know what this is all about, about the football boys not being able to give the girls their jackets. Oh well, Dot, Butch has plenty of football jackets from the past three years that he'd be glad to part with.

Connie, M.S. has plenty of nice football jackets too. You better get to work on the poor boy.

Margo and Mary Ann are being really sneaky about something, but they're not telling anyone. What could it be this time?

Alma Burgan played really good Tuesday night. It certainly did make you feel extra good though when a certain someone commented on your nice work didn't it? Who was that someone, anyway?

Reecie G. has such bad eyes that he has to wear glasses to play pool. You really ought to try that

on your homework sometime—Edwin Black and Lynn Redden were certainly dressed up Saturday afternoon. They were going to a wedding—not their's—his sister's.

Carol Cronk has a new hair-do. It may be short, but it's probably cool. You better invest in a warm pair of ear muffs for these cold wintry days.

John Crow, what is this about you cheating at church. You really ought to be ashamed of yourself.

Say Mike Gravitt, what was the song everyone was singing when you and Kay Tooley walked in the front door at the Youth Center Friday night? Did it mean anything to you two?

Hey Charles Erick, how many days is it until you part with your brother's car? Poor Linda C., now she will have to watch the old movies on TV.

### SENIOR SCENES

"Happy, Happy Birthday Baby" is dedicated to Frankie Phillips from Brenda Kennedy.

Freddie Naul has a new way of dancing, or was it Jay Dean's perfume?

Joy, you're going to have to tell the boys to call earlier or just stay up later.

Jerry Casey seems to be singing Run-Around, Who could blame him?

Can't Butch Knudson hear the song being sung to him—Ask Me To Go Steady.

Never On Sunday—Unless! is dedicated to Ronnie Mayfield from a father.

Watch out Morris, C.B. is after your football jacket.

Bonnie, be careful of Wayne's little nieces. (Kids will say, the darndest things.)

Mike, is the grass greener in Dublin?

Just ask Bill Rutledge what it's like to be chaperoned by big brothers.

Patsy Wooton keeps dreaming of Christmas.

Margaret Burgan, what fine young boy are the senior girls teasing you about?

Lloyd Hyles has new kick of seating on main drag late at night.

Just because Mr. Barnett happens to be absent, Morris takes advantage of it with Carolyn Wooton.

Tommy Donley is always singing Oh, What a Wonderful Feeling.

### EIGHTH GRADE NEWS

Seems as though two of our 8th graders were participants in a great football game over the holidays. How about it Doris Shipman and Cherry Ramage?

On Sunday afternoon, look out, because our old buddy Patsy Eclair comes out in her hot little Ford!

Everyone that came in Monday morning looked as though they had gained about 5 pounds. That turkey sure is good isn't it.

Why the long face Mr. Bonner? Oh yes, A&M lost their game Thursday. Anyway, Karen Dunn seems to be happy about it.

Jody Littleton, you'd better watch yourself! Ann doesn't appreciate being stood up.

Seems as though our classmate, Howard Shrader has interest in the sophomore class. How about it How?

The 8th grade certainly had a nice party last Wednesday and would like to thank the room mothers.

Paula Lane certainly seems to be wearing weird clothing lately. Please explain.

Well, red seems to be the color of the 8th grade, or for the boys at least. Why did all of you wear red Monday?

### WHO'S WHO IN JR. HIGH

Our subject this week is an 8th grade girl. She has long brown hair and green eyes. She stands five feet, four inches tall, and has a very good personality and is liked by everyone. Lately she has another love besides her horse. I won't mention his name though.

I'm sure you know by now that our subject this week is Janis Shepherd.

### SOPHOMORE SPECIALS

Claudia Hafer has discovered a backward way of walking Sunday afternoon. Ask her how, or should we say why, she does it.

Glenda Ogle, please explain what you and Lynn Redden have going. Did we hear you say that it was a race to the junior class?

Voreece Carmichael is surely happy these days. Could H.B. be the reason for that smile?

Say Tooley, don't worry about Linda Duncan and your favorite boy. She has a junior of her own.

Sandra Elkins seems to be robbing the cradle. No, its just junior high!

Lee Anne Shepherd met a real neat guy during the holidays. Slats who are you headed for Corpus Christi?

Dianne J., won't F.P. let you join the FFA? Keep trying.

Frances Lepard has a bad case of nerves. Leslie Royal makes her so nervous that she drops boxes.

Pat Bruner, where did you and Linda D. see each other Friday night? Linda may start her own detective agency.

Dwain Fall has a new theme song: I'm a Wonderer. He likes to have a new girl every Saturday night.

Lynn Malone had better stop betting. It looks as if he's gonna owe Lynn Redden more money than he has.

Kay Tooley and Lynn R. don't seem to like certain types of candy bars. If you don't believe us,

As it looks from here:

We live in a remote corner of the world. We hear distant rumbling in the interior. Occasionally lava spouts from crevices on the surface. Nature in general goes on about as usual. People eat, sleep, seek shelter, and hover about a fire or lover's hug and kiss as they did gray centuries ago, but they (the lovers and others) either do not see or hear, or both, these deep seated fore-bodings of disaster. They (the rumblings) occasionally subside somewhat except to astute persons. But intermittently they repeat and again subside somewhat as before. We become accustomed to them and go on our routine as we always have.

As has been the case many times before, Vesuvius erupts and you know history. Allies lost; society comes to an abrupt end. It spells catastrophe. There was warnings a plenty; but who listened to them? There are warnings a plenty beneath our social world today. There have been rumblings a plenty but who is listening to them? There's a dead president (a victim of the latest rumble). The next one could conceivably get you and I and others, both great and small.

Stop, look, and listen. Vesuvius could conceivably be on the rampage tomorrow. What can we do about it? We can move into another world. One not underlain with greed and hate. One so constituted it can't erupt. (Remember—I said we—not I or you alone).

ROY DERRICK, Hico, Texas.

P.S.—As you know, Vesuvius is a volcano in Italy which has, in historic times, erupted and destroyed all life near it.

just ask E.B. and M.G.; they found out the hard way.

Donna Morgan had a great holiday. Two letters sure cheer things up!

Judy Jameson, did you have fun Thursday night? You looked happy and could it be because of a date with your favorite boy.

Edmund Horton who was the eighth grader you danced with at the dance. You didn't even give the freshmen a chance to cut in.

The sophomore girls have missed hearing Drowford play his guitar from the front porch. He really gave Glenda O. and Frances L. a charge.

Aodis, why don't you and Don like to have your name in the paper? Are you trying to hide something from us.

Mike Thornton do you like to show off your FFA medals or do the girls just make you do it?

Tony Koonsman had better stay away from those big gugs—they cost money!

### FRESHMAN FRANTICS

Well the Fish are back again although they're not very bright-eyed after the holidays. What happened? Did you get too used to sleeping late?

Linda Bruner was absent Monday. We were all very upset because we've heard that Pete Hanchew has a bad temper, especially when his girl goes out with other boys. But really we do miss Linda and hope she gets rid of that cold and is back in HHS real soon.

Carolyn Wooton was having trouble getting Denna Meador and Nellye Wolfe to believe her about something that happened Saturday night. Wonder what it could have been. Maybe Dwain Gray could tell us.

Ronnie Hefner was at the show again Friday night and as usual there sat Claudia Walters by him. Ronnie this is beginning to be a habit.

Brenda Kennedy's new song is Franky and Johnny, but she has changed the words to Franky and Brenda. Wonder why?

James Barnett went fishing Sunday with his girl cousin and really caught some giant fish. One measured a grand sum of three complete inches.

Over the holidays Denna Meador's song was Five Hundred Miles Away From Home, or is that last word Dublin?

Barbara Casey was at the Thanksgiving dance Thursday night. It seems some one wanted to dance but she headed for the door. She sure turned her but maybe she just misunderstood.

James Mayfield are you still writing 'Yea Iredell' all over the blackboards, or did someone stop you?

The Home Ec I class made cookies for PTA again and believe it or not Kitchen 4 didn't goof. All the other kitchens always do good but for some reason Kitchen 4 seems to be jinxed!

In closing we say, beware of Sophomore boys! If you don't believe it just ask the freshman girls!

BLACK-RACKLEY VOWS EXCHANGED IN FIRST METHODIST CHURCH SANCTUARY

Miss Edwina Kay Black, daughter of Mr. and Mrs. E. A. Black of Hico, and James L. Rackley, son of Mr. and Mrs. Fred Rackley of Proctor, exchanged wedding vows in the sanctuary of First Methodist Church Thursday, Nov. 28. Rev. Tom Biles, pastor of Proctor Baptist Church, officiated. The double-ring ceremony was solemnized at 2 o'clock in the afternoon before a setting of yellow gladioli flanked with fall leaves and enhanced with emerald palms. A prelude of nuptial selections was presented by Miss Patay Wootton, organist, who accompanied Hershell Norwood of Fort Worth, cousin of the bride, as he sang "Until," "I Love Thee," "For You Alone" and "The Lord's Prayer." The bride was escorted to the altar and given in marriage by her father. She wore a gown of white angel skin Peau. The sleeveless bodice was styled with a scoop neckline applied with Chantilly lace and topped with a fitted jacket, fashioned with a bateau neckline and long sleeves edged with a deep pointed band of lace. Unpressed pleats gave eased fullness to the controlled dome carpet-length skirt, accented with lace motif. Her illusion bubble veil cascaded from a lattice crown of pearls accenting a blusher. She carried an arrangement of white feathered carnations centered with a white orchid atop a white Bible. Maid of honor was Miss Nancy Miller of Fort Worth. She was attired in a powder blue street length frock of organza fashioned with a full skirt and short sleeves. She wore a small tiara and veil of matching colors and carried a colonial bouquet of white feathered carnations. Jerry Don Strube of Proctor attended the bridegroom as best man. Ushers were Alvin Black of Cleburne, cousin of the bride, Jerry Hulse of Edna Hill, and Harold Dean Keith of Dublin. Mrs. Black selected a frock of white silk satin and applied with roses held the bouffant veil of silk illusion. The bride carried orchids and English Ivy as her corsage. MRS. NEIL ELLIS

MISS WARREN, MR. ELLIS MARRIED IN LOCAL CHURCH CEREMONY

Miss Margaret Ann Warren, daughter of Mr. and Mrs. H. A. Warren Jr. became the bride of Neil Ellis of Fort Worth, son of Mr. and Mrs. Rex Ellis of Hico, in an impressive double-ring ceremony solemnized Friday, November 29. Rev. Roline Chaney of Dallas read the candlelight service at 8 o'clock in the sanctuary of First Methodist Church. White cathedral burning tapers in seven-branched candelabra were arranged in a pyramid in front of the choir loft and formed a background for floor standards of large mums interspersed with oak leaves. Palms also flanked the nuptial setting complimenting the yellow mums. Mrs. Jan Daehnert of Brownwood, organist, presented a prelude of nuptial selections, and accompanied Miss Barbara Randsals of Denton as she sang "One Hand, One Heart," and the "Lord's Prayer." Escorted to the altar and given in marriage by her father, the bride was attired in a floor-length gown of white satin, fashioned with a full skirt featuring a chapel train in back and a lace jacket styled with long sleeves tapering to petal points at the wrist. Her veil of silk illusion cascaded to fingertip length from a tiara fashioned of tiny seed pearls. The bride carried a cascade bouquet of white feathered mums, crested with a single white orchid and showered with white satin streamers. Miss Kathy Higginbotham of Denton attended the bride as maid of honor, and bridesmaid was Miss Janet Hooper, also of Denton. Jane Akin and Janell Ogle of Hico lighted the candles and Pam Knight, niece of the bride, carried the bridal train. They were identical frocks of moss green satin designed with figurine bodice and bell-shaped floor-length skirts. Their lattice headaddresses of matching green lace were graced with a lace flower and standing circular veils of green illusion. They carried colonial bouquets of large yellow mums surrounded by small pom-poms. Montye Ogle of Hico served as best man. Ushers were Harold Hathcock and Fieldon Haley. Howel Needham, nephew of the groom, was ring bearer. For her daughter's wedding Mrs. Warren selected an ivory brocade sheath with matching hat and accessories. Mrs. Ellis, mother of the groom, chose a brown two-piece suit with matching accessories. Immediately following the ceremony, Mrs. R. C. Willis, Mrs. Glenn Higginbotham and Mrs. J. R. Knight honored the bridal party with a reception in Fellowship Hall of the church. Miss Sylvia Sherrard registered the guests. The bride's table was laid with ivory lace over yellow organza centered with an arrangement of yellow dahlia blossoms flanked by burning white tapers in silver branched candelabra. The four-tiered cake was adorned with a traditional miniature bride and groom and surrounded by lily of the valley, leather leaf and other small flowers. The crystal punch service completed the table setting. Miss Mary Bray of Fort Worth served cake, and Mrs. Marcus Jermstad presided at the punch service. When the couple left for a wedding trip the bride wore a brown suit with matching brown accessories and the white orchid corsage from the bridal bouquet. A revolutionary new granular instant flour — which has the nutritional value as regular flour — and gives excellent baking results under testing — may lead homemakers to throw away their flour sifters and stop worrying about messy kitchens when they bake. This is just one more example of research being done in the food industry. The flour has an individual feature that makes it really special. It is "instantized" which means it dissolves instantly in warm or cold water without lumping, and the particles are uniform in size and look like dry milk solids and pour like salt. It won't clump as conventional flour often does. The instant dissolving quality insures smooth sauces and gravies, makes batter preparation easier and allows shortcut methods and recipes. You can substitute instantized flour in any recipe calling for all-purpose flour without altering the amount stated. The new product is easier to use since it doesn't fly around as much as conventional flour. It's dust free and easily transferable from bag to canister bowl. This new flour may be purchased at food markets now. Try it and see what you think of the new product.

THIS WEEK IN AUSTIN—

Highlights and Sidelights

By VERN SANFORD  
Texas Press Association

With a shocked and saddened nation still grieving over the tragic death of its President, Texas' Attorney General Waggoner Carr set in motion a court of inquiry to obtain all facts surrounding the assassination of President Kennedy—the shooting of Governor Connally—and the related crimes.

Herbert Miller, head of the Criminal Division of the U.S. Department of Justice, pledged full cooperation from federal agencies in bringing the complete story to the American people and to the world.

Dallas investigative agencies already had turned their evidence over to the FBI, which is engaged in its own extensive probe.

U.S. Congressional inquiries also have been demanded.

"Because of the murder of Lee Harvey Oswald, many facts concerning the assassination of President Kennedy, the attempted assassination of Governor Connally, and the murder of Dallas Police Officer J. D. Tippitt will be left unanswered unless some forum is available to fully examine motive and evidence concerning the case," Carr said earlier in announcing plans for the Dallas court of inquiry before a justice of the peace.

Carr maintained that a court of inquiry is the only forum where local, state, and federal investigating officials can place evidence on record in a judicial manner, with witnesses subpoenaed under

oath.

A decision by the Texas Supreme Court holds that a wife can be forced to testify against her husband in such a court.

Texas law long has held that a wife's testimony cannot be used against her husband in a criminal trial. But the law laying down the procedure for a court of inquiry says that "any person" may be forced to testify before such a public hearing, and if that person refuses, he can be held in contempt and jailed.

Therefore the Russian-born wife of accused assassin Lee Oswald can be forced to testify against her husband. But any evidence her testimony may produce may not be used against her husband in a criminal trial. However, in Oswald's case, there will be no trial to follow the inquiry.

It may be that such evidence would be helpful to State attorneys when they prosecute the case against Jack Ruby of Dallas, the man accused of murdering Oswald.

Governor Connally said he hopes all investigations will be directed "toward determining the facts, conditions and circumstances that occurred," and will have as their purpose determining whether the assassination was the work of an individual maniac or a conspiracy—and development of plans for future presidential safety. He pledged his cooperation with any investigation—local, state, or federal.

Little White House

A rambling, 13-room stone and frame ranch house 65 miles west of Austin has become the nation's Little White House. Home of new President Lyndon B. Johnson, it was built by his grandfather a century ago.

It is doubtful that President Johnson, who has urged Congress to immediately pass Kennedy's civil rights and tax bills and who faces staggering responsibilities in the months just ahead, will have much time to spend in Texas for awhile.

But many of the world's top national and world leaders have come to the quiet banks of the Pedernales River to confer with Johnson in recent years. No doubt he often will return to the family home he loves so well, not only for rest from the cares of his office, but for the planning of tasks ahead.

It's pretty much assured that a great deal of history will be written at the LBJ Ranch.

Major Highway Plan Announced

State Highway Commission has approved a tremendous new interstate and defense highway construction program, running into hundreds of millions of dollars—\$436,700,000, to be exact! It's called the "Largest work program" in Texas Highway Department history.

It authorizes purchase of all remaining right-of-way on the 3,033 mile interstate highway system and paves the way for construction of an additional 1,306 miles of interstate highways which criss-cross the state.

Chairman Herbert C. Petry Jr. of Carrizo Springs says the plan assures Texas of continued leadership over all other states in miles of interstate highways and completion of its super-highway goal by the 1972 congressional deadline.

Higher Education

Six newly-appointed members of the 15-member Texas Commission on Higher Education attended their first meeting and got a short course in education.

New members include Joseph A. Chandler of Stephenville.

Screwworm Rate Report

Federal and state animal health authorities reporting on activities for the four weeks ending October 26 indicated a rocketing of the screwworm infestation rate in Texas from 369 samples confirmed as screwworms in the preceding four weeks to 1,577 confirmed samples for the report period.

The return was not a surprise to Dr. John L. Wilbur Jr. of the U.S. Department of Agriculture's Animal Disease Eradication Division, or to Dr. R. G. Garrett, di-

COUNTY AGENT REPORTS

By DeMARQUIS GORDON

The deer hunting season is in full swing and hunters are reminded that they, too, have a large stake in the screwworm eradication program underway in the Southwest.

Early reaction from sportsmen indicates that wild game is more plentiful than it has been in years. Estimates of 10 to 65 percent increases in the deer crop have been made.

A number of factors have been credited for the increase in deer populations, with the screwworm eradication program usually listed at the top. Some wildlife experts have stated that in past years the screwworm has accounted for the death of at least three out of every ten fawns each year.

The eradication program seeks to eliminate the screwworm through release of millions of screwworm flies that have been sterilized by being subjected to atomic radiation. The sterile males mate with native females and no offspring are produced. Sportsmen helped finance the program through their contributions last year.

While the screwworm appears to be on its way to extinction the heaviest infestation of the insect presently being detected are in the areas with the highest population of deer.

Hunters are encouraged by program officials to bring sightings of infested deer to the attention of land owners so that the cases can be reported to eradication workers. Infestations in wildlife are even more critical to the program than those in farm animals because they cannot be treated. A single undetected, untreated case can be the source for hundreds of future infestations.

Our nation's agriculture produces more than food. Medical products include penicillin, some vitamins, and the plasma extender dextran. Other products are plastics, smokeless gun powder, and quick drying paint. One of the most important products is paper. Nitrocellulose derived mainly from wood pulp, is the major ingredient of some solid fuel propellents for missiles.

Both had warned that damp fall climates and animal wounds laid open by calving and shearing could cause a sharp increase in the incidence of screwworms unless livestock producers exercised extraordinary precautions.

Iredell Dragons Cop Regional Title, Blast Mullin 30-12

By GORDON McCULLOUGH  
Stephenville Daily Empire

Led by a trio of hard running backs, the Iredell Dragons rushed to the Region III Six-Man football state Friday night at Tarleton State College Memorial Stadium by a 30-12 count over the Mullin Bulldogs.

The first half was a relatively close ball game by six-man standards as the two teams traded touchdowns for a greater part of the half with Iredell taking a slim 18-12 halftime lead. In the second half the Dragons of coach C. H. Mims mowed the defensive barriers however, and they squelched any Mullin offensive threats and tacked on two more touchdowns for their security.

Iredell Seniors Lead

The trio of backs which accounted for virtually all of the Iredell yardage on the ground consisted of Larry Herrin, Stuart Myers and George Copeland, all seniors. These three men kept the Mullin defenders riding piggy back all night with their hard rushes up the middle. In the end it was simply a matter of the Dragons eventually overpowering the Mills County team.

Mullin Scores First

The game started out like it was going to be a typical high scoring six-man affair. Iredell took the opening kickoff and set foot for the Mullin end zone, but in only five plays the score was 6-0 for Mullin. Richard Phillips intercepted a Bud Strong aerial and took it all the way back 50 yards for the first touchdown. The try for extra point was low and the score was 6-0 with hardly two minutes gone.

Iredell Moves

It took the Iredell six just five plays to make it a new game however, as in five plays they plugged 51 yards for their first marker. Herrin went the final 10 yards for the TD standing up and Myers try for extra point was also low. The two teams failed to make an extra point all night.

A fumble killed the next Mullin drive as Johnny Sartor recovered a Bulldog fumble on his own 34. Four quick plays later Iredell held a 12-6 lead as Copeland recd across from the eight.

The Bulldogs weren't ready to fall before any onslaught yet though, and with a quick fling of

the wrist a pass from Ronald Calder to John Reeves covered 75 yards to the goal on the first play following the kickoff. There was 2:50 left in the first quarter as the scoreboard read 12-12.

In six plays Iredell went ahead to stay with their next counter. The big, strong running backs began to punish the Mullin defense up the middle and after a 55 yard march Myers romped in from five yards out to run the score to 18-12 with ten seconds gone in the second quarter.

Both teams manned the walls in the second period in a display of fine six man defense and each team could manage only one first down. Most of the second quarter was spent at mid-field with the deepest penetration being a Mullin punch to the Iredell 23.

Second Half

Near the end of the third quarter the Iredell six started what would certainly be considered a sustained drive in six man football as they used 13 plays to go 54 yards for their next marker. Led

by the hard rushes of Copeland the Dragons weren't to be denied the touchdown as he powered in from the six with 18 seconds left in the third quarter.

Iredell Pulls Away

Icing was whipped quickly by the Iredell scrappers as they at play following the kickoff Mullin fumbled and the Dragons recovered on the Bulldog 20 yard third stanza ended. It took four plays and Copeland just four plays again got the tally as he scooped up from the 14 yard line and 8:45 left in the game.

Mullin made one more vain attempt to get back in the ball game only to be thrown back on the ground at the Iredell 13. Iredell so had a drive killed by the Bulldogs as die Bulldogs by the two pulled out all the old tricks in final eight minutes of play.
