NUMBER 40.

WERE IN HICO

By E. V. M.

After state of confusion, what it is! Under this past week the poll tax pre-requisite in national elections classified anything else. You think we are confused that you wait until the first day that the ruling is. That date will be May first primary, and I can see the arguments that the judge is going to have says "yes, you can vote as a citizen and senator. No, not vote for county judge or mayor." The judge will announce the affirmative provided the voter has a poll tax stamped "free" from the tax collector. The part that is confusing information received in this reveals that any person may federal offices (congress, vice president, president), breath, but in the next information says that people have a free poll tax or some form of exemption saying they are registered with the tax collector for these specific elections. The point in question is has already been established that two separate poll lists kept, but will there be one with only the senate races imprinted another with the full slate of county right down to federal offices? Or will the judge make each person a complete ballot, make his finger at him and remember, just vote for what you are eligible to vote on." If this is the case, just imagine the number of hours that will be spent to canvass each ballot to determine how many legal votes there are. The solution that we can see is for everyone between the ages of 21 and 60 to purchase a poll tax receipt before the Friday deadline. Later, perhaps next week, an amendment will be clear to a point that is understandable anyway, who would want to start right here in Hico at the local level, first with your city, and then your state and state elections.

Four people running for judge (three announced, one specially filed), and with six names in one commissioner's heavy vote can be anticipated May 2. Even with a full year, Hamilton County enough exemptions to in good vote. Other than the mentioned races, two people in the running for county clerk, two for sheriff, two for member of precinct 3, and indications are that Congressman Burleson will have a seat in Washington from the 17th District. There are merely offices of director to people of the State politics is something to look for a rash of candidacies these offices before the 3 filing deadline. Before Friday midnight pass a poll tax tucked safely in pocket.

Members of Hico and Hamilton are satisfied to let a few number "do it all" there reason to qualify to vote. They do not qualify they have no good reason to combat the kind of administration they get from elected officials while I rush out and vote!

January 31st Is Deadline for Tax Payments

Friday, January 31, is the last day to pay City, County and School Taxes, unless you want to pay the penalty after that date.

Penalty on city and school taxes is 8 percent, plus one-half of one percent per month for each month thereafter that taxes are not paid. In other words, taxes which are delinquent for one year (12 months) are subject to a total of 14 percent in penalty and interest.

If at all possible, it would be to the advantage of the property owners to pay taxes before the deadline.

1761 Polls Paid in Co. THROUGH WEDNESDAY

A rush at the tax office this past week has insured Hamilton County a fairly decent voting strength in 1964.

Mrs. Pearl Williams said Wednesday of this week that a total of 1761 polls had been paid. That figure compares with the 1850 polls sold in the county in 1962, last major election year.

Friday midnight is deadline for paying poll tax. Mrs. Williams said that the county tax office would remain open until the midnight deadline Friday for the convenience of late payers. Also, printed elsewhere in this issue is a poll tax order form, which, if mailed and postmarked not later than midnight, January 31, will be honored by the tax collector.

Through Wednesday noon, local deputies Buddy Randalis at First National Bank and Mary Scott at City Hall, had sold 133 polls and issued 9 exemptions.

There is still time for Hico area residents to pay for their voting privileges, and with such a heavy slate to be voted on this year, people who don't qualify will be disappointed.

SIX HOLIDAYS ADOPTED BY CIVIC CLUB

Six town holidays were approved this week by Hico Civic Club to be observed during 1964.

First of the holiday slate is Saturday, May 30 which is Memorial Day. Next on the list is Saturday, July 4, followed by Labor Day (Sept. 7), Veterans Day (November 11), Thanksgiving (Nov. 26), and December 25 and January 1, both on Friday.

A committee composed of Woody Wilson, Ray Cheek and G. M. Bullard, recommended the dates to service club, which in turn were adopted.

Mrs. Jan Daehnert of Brownwood was a weekend visitor in the home of her parents, Mr. and Mrs. N. N. Akin and Jane.

Hico High Senior Named to Naval Academy Nominee Slate

Washington, D.C.—Congressman Omar Burleson has appointed four Hamilton County young men to slates of nominees for the service Academy.

Michael Jay Harter, son of Mr. and Mrs. James R. Harter, Hamilton, has been named on the Air Force Academy slate.

The others are on a Naval Academy slate.

They are Milburn I. Knudson, Jr., son of Mr. and Mrs. M. I. Knudson of Hico; Richard Westcott Vaughn, son of Lt. Commander and Mrs. Glenn Vaughn, U.S. Navy, from Hamilton; and James Lee Youngblood, son of Mr. and Mrs. Leith Youngblood of Evant.

Congressman Burleson explained that a slate is composed of six boys selected from over the district, and each boy competes with the other five for admission. All will be given impartial examinations, both written and physical, by officials of the Air Force and Navy, who will select a Principal and Alternates in order of merit as determined by the examination.

Burleson stated that all these young men have excellent records and he is confident they would make outstanding students and officers.

Senior Class Attends TCU 'Career Day' Last Friday

Colorado Springs was the principal speaker at the assembly. He gave a very stimulating address emphasizing the fact that the choice of a career is, perhaps, the most important step of one's life. He said he had witnessed several young boys throwing dice to decide their career. "Don't you do that!" he stressed. Each person should study and consider very seriously the types of careers he is suited for before he chooses.

Following the address was the presentation of some very interesting entertainment arranged by the TCU Student Activities Council. Next, we enjoyed a panel discussion based on questions which we and other seniors in the audience asked about careers. The panel was composed of very outstanding citizens of Fort Worth and the state.

At 11:45 the assembly was adjourned. Students enjoyed delicious meals in the TCU cafeterias located in Dave Reed Hall and the beautiful Brown-Lupton Student Center. Sponsors and other guests were given lunch in the Student Center Ballroom as guests of the Fort Worth Chamber of Commerce. After lunch students were invited to visit places of interest on the campus until 1 when they were to report to specialized career conferences. There were famous paintings on the second floor of the student center. The Robert Carr Chapel on campus is said to be one of the most beautiful college structures in the Southwest. Uniformed cadets of the Army and Air Force ROTC units were the special guides.

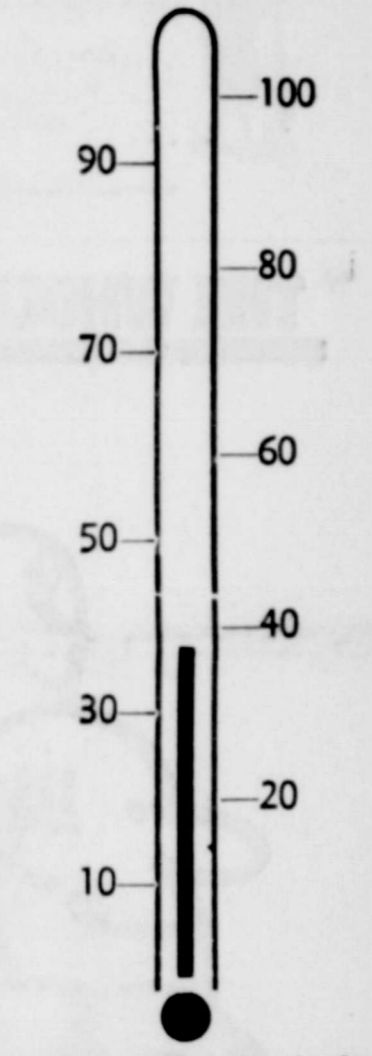

At 1 students attended various conferences. There were art, farming and ranching, home economics, medicine-biology, computer, speech therapy, and many other meetings staged for the discussion of the opportunities and training related to specific careers.

At 2:15 the conferences were over and students boarded buses for home. Everyone seemed thoroughly satisfied with the activities of the day. The senior class would like to express its thanks to Mr. Walker, Mr. Smith, Mrs. Martin and all others who helped make the trip possible for our class.

Lt. and Mrs. Dennis Wootton, Kevin and Meg of San Angelo were Tuesday afternoon guests in the home of his parents, Mr. and Mrs. J. R. Wootton, Delores and Gary.

Mrs. S. W. Everett, accompanied by Mrs. H. M. Everett Jr. of Stephenville visited in Fort Worth Friday with the George Eckard family.

FAIRY

By MRS. EUNICE DANIEL

Friends and acquaintances of Mrs. N. A. (Mattie) Leeth were very sorry to learn of her passing last Friday. Mrs. Leeth, the former Mattie Cole, resided at Fairy during her childhood days. She and her husband purchased Fairy's main general store from

John Fort and operated it until Mr. Leeth sold a half interest to the late Millree Parks, the store then being operated a number of years as Leeth and Parks. until Mr. Leeth sold his interest to Mr. Parks and moved to Hico. Mrs. Leeth's mother, Mrs. Cole and four or five of her teenage children were residing in the north portion of Fairy when the writer moved here 60 years ago this January. Mr. Cole had passed away in 1891. Both he and Mrs. Cole are buried in the Fairy Cemetery. So to us, as many others, Miss Mattie, as she was familiarly known, was a longtime friend and acquaintance. Her pleasing personality as saleslady, we feel sure remains a pleasant memory to many. May God bless and comfort her husband and sons and other loved ones at this time of deep sorrow. Quiet a number from Fairy and surrounding communities were in

Hico Sunday to attend the funeral service for Mrs. Leeth.

We received a letter from our niece, Mrs. Marcella Cox Price of Austin telling us of the passing of her cousin, Bob Noble Cox, son of the late Arthur Cox and Mrs. Neva Rainey Cox of Lubbock. Noble became nauseated after retiring late in December and was taken to a hospital. He passed away in a few hours, which physicians pronounced a heart attack. He had never suffered a previous attack. He was around 54 or 55 years of age and was buried at Midland the last Monday in December. We extend our deepest sympathy to those bereaved. The Arthur Cox family were former residents of near Fairy. Their home west of Fairy is better known now as the L. J. Wood place. The place sold recently and we do not know who owns it now.

Pupils of the Fairy school have been assigned to write some stories on Civil War history and also as much as they can obtain on the life of the late Capt. Battle Fort and his midget daughter, Fairy, for whom the town of Fairy was named. If any of the old-timers read this and know of anything that would be of help, it will be greatly appreciated if you would send this information to the Fairy schools in care of Frank Hanes. They also want information on the life and death of Mr. Martin, who was killed by Indians and buried at Fairy. Any information will be greatly appreciated.

Mr. and Mrs. Petty and two children of Cranfills Gap have moved to the tenant house on the Knight place north of Fairy, better known as the old Leeth place. He is a brother of Levi Petty who lives south of Fairy. We understand he plans to help his brother cut posts.

Mr. Maurice Fields received word Monday night that his nephew, Lavon Fields of Calif. son of Mr. and Mrs. Ovie Fields of

Hale Center, had passed away following brain surgery. Lavon died January 27, his 31st birthday. Funeral services and burial were to be in California. Our sympathy is extended to his bereaved wife and small son and other relatives. Mr. and Mrs. Ted Arrant were in Fort Worth Monday and while there she visited with her sister, Nannie, and stated that her nephew, Bobby is again confined to bed.

Mr. and Mrs. Delbert Pack and sons of Stephenville visited a while Saturday night in the home of her mother, Mrs. M. E. Parks and Audie.

Mr. and Mrs. Jackie Turner and Susan of Arlington visited during the weekend with his parents, Mr. and Mrs. Willie Turner and Bernice.

Mr. and Mrs. Weldon Parks and baby daughter of Fort Worth visited during the weekend with their parents, Mr. and Mrs. T. R. Parks and Mr. and Mrs. Robert Streeter.

Mr. and Mrs. Durwood Brooks and children have moved to Arlington. We regret to lose them from the community. They resided on the Duncan Ranch.

Mr. and Mrs. E. M. Hoover visited recently at All-Saints Hospital in Fort Worth with his cousin and husband, Mr. and Mrs. John Finkin. They stated that

Mrs. Finkin is able to be taken to the hospital room of her husband, who suffered a stroke recently. Mrs. Finkin is the former Miss Maggie Gann of Fairy. Mrs. D. E. Allison and two small grandchildren, Karen and Kay Pittman of Stephenville visited a while Sunday in the home of her sister, Mr. and Mrs. Carl Ray Sellers, Jimmie and Janice. She stated the condition of Mrs. L. E. Pittman, mother of Mrs. Allison's

son-in-law, Wayne Pittman, is still unchanged. She suffered a brain stroke several weeks ago and is a patient in Stephenville Hospital. Our sincere thanks to Nathan Klein of Stephenville for a donation of \$5 for the Fairy Cemetery Association handed us Sunday at the cemetery, also to Charlie Leeth for \$10 handed to us Sunday for he and his father, Will Leeth both of Hico. Mr. and Mrs. Marvin Porterfield

are having a deep water well drilled at their home in Fairy. They were down to 160 feet Monday. Drillers thought they would probably have to go to a depth of 200 feet. The Porterfields will raise a good garden and this these dry times they need a water well of some kind. They also purchased acreage east of their lot they might want to keep in

WORDS that COMFORT

It is consoling to know that a loved one is at peace. The quiet, prayerful surroundings of our chapel are designed to help bring some of that peace into the hearts of those who are left behind.

Barrow-Rutledge Funeral Home
HICO, TEXAS

To the Editor

Here and there as we see it— We are not too much interested in what the Vietnamese or the Koreans are doing. If the Americans who are over there don't like what these people are doing, why don't they pack up their rags and come home? They can put in a garden here and raise gourds and wear patched britches and pay taxes with the rest of us or if this routine becomes monotonous and they crave diversion or anything else not present, they can go down to the pond and fish for crawdads or get a role in an Western or if that be not gruesome enough they perhaps can get on a Hootenanny program and live happily ever afterward. But, take note, we can't guarantee all of the before mentioned bliss here—this is not Laos or Vietnam or Korea—sometimes people have to work for what they get here in America—not always.

Seriously mine and your interests are mostly in and near Hico. I saw an aged lady in a wheel chair in Hico today; she has many wheel chair contemporaries (men and women) here or near here. Now you and I are on the same road as are these. Perhaps we have not reached the same mile post. We can't detour, we'll eventually reach the same mile stone if we don't fade out of the picture. It is our duty to make these people's December days as pleasant as it is possible to do. These people's lives, like me and you, have passed high and low points. They have seen and felt ecstasies, privations, frustrations. As children the little girls cherished dolls and their kittens, the boys in their imagination were Kit Carson and their playmates were Indians who were slain (imaginatively) by the millions. The girls dreamed of a prince charming while the boys sang of "My Sweetheart of the Mountains."

Later privations and frustrations came to both boys and girls; at times their flour bins were dangerously low. Neither could do what he or she liked most to do. Some of the girls (now women) sang "My Bonnie Lies Over the Ocean," while many boys (now men) sang "Sweetheart Come Back and Be My Wife Again." Later both sang "Where Is My Soldier Boy Tonight."

So, you must see, these occupants of the wheel chairs who have come to the December of their lives by way of long suffered privations and frustrations, have a prior claim on our hospitality which is backed by our country's vast resources which should not be squandered in foreign lands but used here to bolster our own worthy citizens.

On the Home Range

By JEAN HENRY
Home Demonstration Agent

I will be attending a landscape design workshop in Waco next Tuesday and Wednesday. Mr. James Franklin, Landscape Horticulturist from A&M will be in charge of the workshop. Then on Thursday, Mr. Franklin will be in Hamilton County to help with problems in landscaping related to the area. We plan to visit the new Brummett home in the Fair community at 3 p.m. February 6 to help Mrs. Brummett with her landscaping. Anyone in that area that would like to join us at that time is invited. Families working in landscape demonstrations this year in Hamilton County are the Frank Sell-

ers, the Walter Abels, the R. L. Staggs and the Ovie Brummetts. The steam iron continues to grow in popularity and has become standard equipment in most homes. For economy, the steam iron should not replace the conventional iron for starched and dampened ironing. Steam irons are available in drip and boiler types. Because of different construction, they have certain characteristics of performance and require slightly different care. In the drip type, the cool water drips from the reservoir through a tiny valve opening into a chamber in the soleplate where it turns into steam a drop at a time. In the boiler type, the water in the reservoir heats to the boiling point and the steam is forced out through openings in the soleplate. In determining your personal requirements for a steam iron, check these features before you buy: Comfort (weight, shape of handle, room for hand and location of cord). Balance (steady when the iron is on its heel rest). Water opening (convenient size and location). Temperature settings (easy to see and have a wide range, especially a low setting for synthetic fabrics). Soleplate (stainless steel is easier to keep but more expensive than aluminum). Reservoirs (stainless steel or brass corrode less than aluminum). Special features (spray sprinkle for dampening, water level indicator, extra long cord, left or right hand design, and a light). Service and parts (should be available locally when possible). We have publication "The Steam Iron" L-515 which has helpful hints in selecting, care and cleaning your iron.

Dates to Remember: January 30: Carlton 4-H Club, 10:25 a.m. February 6: Landscape Brummett home at 3 p.m.

Mrs. Meador Hostess To Club Members Friday Afternoon

Knudson, Mrs. Sandy Ogie, Mrs. Charles Dayton, Mrs. Ray Cheek, Mrs. Jimmie Ramage, Mrs. Sarah Reeves and Mrs. Harold Walker. Concluding bridge play Mrs. Knudson was winner of high score, and Mrs. Cheek held second high score for the afternoon.

All present took part in singing the club song and repeating the opening exercise. Roll call was "Have I Paid My Poll Tax?" Minutes of the last meeting were read and approved. In the business session it was voted to make plate favors for the hospital and two local rest homes. They will be for Washington's birthday and Valentine's Day. The Finance Chairman, Mrs. Strother, read the 1964 finance recommendations for the Council budget. And recommendations on how to earn money to pay the budget were also discussed. It was voted to accept the recommendations. The Council Chairman, Mrs. Weaver, gave the report of the Jan. 13 council meeting. The club will meet with Mrs. Willie Moss Thursday, Feb. 6 at 2 p.m. Visitors are always welcome. Roll call will be "What Attracts You About a home?" THIS WEEK IN AUSTIN—

Poll Tax Not Needed For 1964 Federal Elections

By VERN SANFORD
 Texas Press Association

Capitol talk is centering around Texas' new double-standard for voter qualification.

There's a lot of speculation and some concern in political circles. Ratification by South Dakota will place into effect a Federal constitutional amendment abolishing the poll tax as a requirement for voting in future federal elections.

1. Texans who want to vote for state and local, as well as federal officials, still must have poll tax receipts or appropriate exemptions.

2. Those who are content to vote for president, vice president, U.S. senator and congressman only, won't have to pay. But still they must get a free poll tax receipt from their tax collector.

The new "registration" requirement for federal elections takes effect after the U.S. General Services Administrator certifies that the amendment is officially part of the federal constitution.

Thirty days will be allowed voters, after the amendment goes into effect, to obtain the special receipts stamped "poll tax not paid." These "tickets" admit one to vote in federal elections. After this year, they must be obtained during the regular poll tax period of October 1, January 31.

For tax collectors and election officials these additional headaches will be presented:

Separate poll lists must be compiled for those who have paid the poll tax and those who have not; non-paying voters must get a ballot containing only the offices and propositions which they are eligible to vote on; all propositions except federal offices must be "locked out" on voting machines; and election returns must show separately those voting on free receipts.

Legal experts think the state law passed in anticipation of the federal amendment's ratification takes care of most emergencies and will prevent chaos, if not confusion. Detailed instructions soon will be sent to county tax collectors by Secretary of State Crawford Martin.

Gov. John Connally, meanwhile, warned Texans that failure to pay the poll tax commits them to "only half a vote in the 1964 elections". Connally joined groups on all sides of the political fences in the final week's campaign to pump up lagging payments.

Congressional Races Undisturbed
 Governor Connally anticipates no disruption in congressional district races this year, since the U.S. Supreme Court recessed until

February 17 without taking action on pending redistricting cases.

Filing deadline for Texas primaries is February 3. Connally and other state officials do not think the high court will interfere with election machinery already in progress.

Last October a Houston federal court held Texas Congressional district boundaries unconstitutional since they are not based on equal population.

Republicans brought the suit seeking to re carve the districts in the interest of metropolitan areas. The Houston decision, which has since been stayed pending the state's appeal, ordered all 23 congressmen to run statewide unless the districts are equalized on the basis of population.

Candidates Filing

With the filing deadline closing in, most statewide incumbents (and some of their opponents) have announced their election plans.

Among those whose hats are in the ring are: Governor Connally (and his GOP opponent C. G. Weakley Jr. of Dallas); Lt. Gov. Presto Smith (opposed by Albert Fuentes Jr. of San Antonio and Republican Horace Houston of Dallas); Agriculture Commissioner John C. White (opposed by Milard Shivers of Waco); State Treasurer Jesse James; Comptroller Robert Calvert; Railroad Commissioner Jim C. Langdon; Supreme Court Associate Justice Ruel C. Walker; Supreme Court Associate Justice Robert W. Hampton; and Court of Criminal Appeals Presiding Judge K. K. Woodley.

Also: Democrat John Van Cronkhite and Republicans Geo. Bush, Dr. Milton Davis and Dr. Robert Morris, all of whom want to dethrone U.S. Sen. Ralph Yarborough who preferred to file late for re-election.

Atty. Gen. Waggoner Carr is another who chose to put off announcing his re-election plans until near deadline.

CARD OF THANKS

I wish to thank my friends and neighbors for their visits, cards, and other expressions of kindness shown me during my recent stay in the hospital. Especially do I wish to thank the doctors and nurses and entire hospital staff for their kindness and care.

George Arnold.

COUNTY AGENT REPORTS

By DeMARQUIS GORDON

The weather was very cooperative for our sheep and goat selection field days Thursday and Friday. It was very comfortable with the temperature in the 70s and the sun shining brightly. One could hardly believe that only a week earlier we had 11 inches of snow on the ground.

About 50 people came to the Edwin Dittrichs for the goat selection program. Jack Groff, Extension Service Sheep and Goat Specialist, was there to demonstrate and discuss goat selection. Mr. Dittrich showed the visitors his Angora goats and discussed the progress they have made since he started selecting for higher quality. In three years his goats have increased mohair production from an average of eight pounds per head to ten pounds per head. With this average it takes only 800 goats to produce as much mohair as 1000 goats produced when the average was eight pounds per head. It's

easy to see that the feeding expense would be 20 percent less for 800 head than for 1000 goats. Of course Mr. Dittrich is not satisfied with the ten pound average. With continued selection he will be able to reach a 12 or maybe 14 pound average.

There is one thing Mr. Dittrich should be satisfied with, and that is his wife's cooking ability. Mrs. Dittrich prepared lunch for those who worked with the goat selection during the morning. These included the District Extension Agent, R. G. Burwell, Jack Groff, Raymond Beck, Mr. Dittrich, Jerry Dittrich and myself.

Johnny Watkins of KWTX-TV, Waco, sent a photographer to the field day to film some of the activities. Mr. Dittrich and I will go to Waco February 7 to discuss the film on Johnny Watkins' TV show.

On Friday we selected sheep and goats for Paul Schwalbe. Mr. Schwalbe's flocks have made equally good progress. His flock of Corriedale sheep are about as good as any you will find. He had us to select and mark the top ewes which he will use to produce his replacements. The other ewes will be used for mutton production.

The snow may have been a lifesaver for our oats. The hard freezes on January 13 and 14 almost knocked out the already ailing oats but snow on the 15 and 16 gave them protection. The moisture from the snow plus the warm weather we have had since then has revived the small grain.

Wheat fields are making real good progress. Have you seen the winter grass which is greening up many pastures? I've got so much in my lawn that I'm considering getting the mower out.

IT'S THE LAW—

Avoid Legal Troubles in Real Estate Transactions

Thinking of buying or building a new home this year? Whether buying a completed house or a lot to build on, how will you know whether you are receiving a good title to the property you purchase? The safest method is to have a title examination made—that is, a careful study of the abstract and other title evidence.

Here are a few of the common sources of trouble in real estate transactions to show why the minor expense of a title examination is justified.

Many persons sign "earnest money contracts" believing that they are mere receipts with no serious implications. In reality they may specify, among other things, the kind of title you must accept.

A "warranty deed" from a responsible seller is comforting to have but it is a poor substitute for a careful title examination. A warranty deed does not guarantee a marketable title.

Moreover, serious title defects may not come to light until long after the seller on a warranty deed is dead, has moved to an unknown address, or is bankrupt. Even if he is available, a good

title is much better than a lawsuit.

The fact that the seller has possession of an "abstract" does not mean that he owns the property. An abstract is only a history of a title. Possession of an abstract no more indicates ownership of land than possession of the history of Texas means that you own the state.

Some purchasers of land feel safe because the title is being examined at the time of purchase by an attorney for the mortgage lender, or because a "mortgage" title insurance policy is being furnished. This seems logical but is a dangerous theory. The mortgage policy protects only the lender, and mortgage lenders are sometimes willing to accept less than good record title as security. This is sound business for them because, among other reasons, the chances are that the mortgage will be paid off so that no expense in perfecting the title would ever need to be incurred. However, it is risky business for you when you are putting your life savings into the purchase. And, even an "owner's" title insurance policy may not cover every possible defect, or the val-

School Census Deadline Is February 1st

Saturday, February 1, is deadline for enumerating all children of school age.

Results of the census will determine the number of per capita payments each school will receive from the state for 1964-65 term.

All children who are now five, but who will be six on or before Sept. 1, 1964, should be listed on the census blank, as well as those who have become six since last Sept. 1. Also children who won't be 18 before the same date should be listed. Married teenagers are eligible and should be listed.

Supt. O. C. Cook is census officer in Hico, and he has urged that anyone knowing of eligible children who have not been enumerated, to please call him at the school.

ue of improvements added after purchase.

These are a few of the reasons why a title examination is an important safeguard to you. When it is completed, the attorney gives you a written opinion stating his conclusions as to who owns the land, the defects in or charges against such ownership, and the requirements to be met, if any, to make good record title.

Off-hand this may seem a simple operation. In fact it is not. It requires the interpretation of numerous deeds, mortgages, wills, court decrees and other instruments; the consideration of the order in which transactions and events affecting the title occurred; and the application of statutes and court decisions to the various situations disclosed in the abstract.
