NUMBER 1

## PRESIDENT IS NOT CATERING TO SENATE

### RESERVATIONS WOULD REOPEN WHOLE TREATY

Such Is Declaration of Senator  
Pittman In Supporting  
League of Nations.

OTHER NATIONS WOULD  
WANT EXCEPTIONS MADE

Declares Japan and Italy Would  
Accept Opportunity to  
Renew Demands.

WASHINGTON, July 25.—Any res-  
ervations in Senate ratification of  
the peace treaty would re-open the whole  
field of negotiation, encourage other  
nations to make reservations and re-  
new international discussion, declared  
Senator Pittman of Nevada, a demo-  
cratic member of the Senate foreign  
relations committee in an address to-  
day.

The speaker cited the Spanish treaty  
in 1819 to which the Senate attached a  
reservation as to papal claims in Flor-  
ida, and said that although the Span-  
ish government attached the same re-  
servation, the treaty had to be rat-  
ified a second time because the two  
stipulations were differently worded.  
He pointed out that the supreme court  
later had held this reservation to "a  
part of the treaty" and that the same  
court had held of the treaty with  
Spain that "in its essence, it is a con-  
tract."

Must Have Consent.  
"It is immaterial," continued Sen-  
ator Pittman, "whether the Senate con-  
siders the reservation as changing the  
treaty or not, for that is a ques-  
tion under the law of contracts that  
the other party has an equal right to  
interpret. It is immaterial whether  
the change be accomplished in the  
body of the treaty or by reservations  
in the resolution approving the treaty  
or by interpretative clauses annexed  
to the treaty. The words in a con-  
tract are of as much importance to  
the contracting parties as the agree-  
ment itself and the words once agreed  
upon cannot be changed without the  
consent of each of the parties to be  
bound by the contract."

"Are we justified in assuming that  
other parliaments and governments  
will accept without further interpre-  
tation our definitions of the articles of  
the covenant as affecting our own ob-  
ligations?"

Attitude of Japan.  
"Japan's most bitter fight at the  
council table was to grant the league  
jurisdiction to prevent the United  
States, Canada and Australia from  
excluding Japanese from their terri-  
tories under the immigration laws.  
Think you that the Japanese govern-  
ment will neglect the opportunity to  
again insist on reservations in the  
treaty covering this point?"

"Think you that the Italian parlia-  
ment, having the opportunity of the  
re-opening of negotiations, would hesi-  
tate to place in the treaty reservations  
which they believe are necessary to  
protect their interests at Fiume, Dai-  
matia and along the Adriatic coast  
when we had set the example?"

"Would there be cause for surprise  
if, in the circumstances, the parlia-  
ment of Great Britain should feel  
justified in adding a reservation to  
the treaty when it goes back to them  
to the effect that the clause providing  
for limitation of naval armament shall  
not by reason of Great Britain's pec-  
uliar situation apply to that govern-  
ment?"

"Unless we approve this treaty as it  
stands then we open the door to all  
of the disastrous possibilities of re-  
newed international dissensions."

### TWO INJURED IN TRAIN ACCIDENT ON T. & P. TODAY

RANGER, TEXAS, July 25.—Engi-  
neer Wright and Fireman Gott were  
seriously scalded today when a loco-  
motive of a Texas & Pacific freight  
train blew out a crown sheet three  
miles east of Millsap. Physicians  
were rushed from Weatherford.

### BOTH INJURED MEN LIVE AT FORT WORTH

FORT WORTH, TEXAS, July 25.—  
Both Engineer D. A. Wright and Fire-  
man E. H. Gott, who were injured  
in the locomotive explosion near Ran-  
ger this morning, live here. No word  
had been received this afternoon as to  
their condition. Both men will be  
brought to Fort Worth.

### APPROPRIATION BILL SIGNED BY PRESIDENT

WASHINGTON, D. C., July 25.—  
President Wilson has signed the  
Agricultural Appropriation bill, a  
bill, it was announced at the  
White House today.  
The bill first presented to the  
President contained a rider repealing the  
daylight savings law. Congress  
eliminated this provision.

### FIRST STRIKE OF AVIATORS IS STAGED TODAY

Score of Pilots Refuse to Take  
Their Machines Out on  
the Mail Route.

OBJECT TO TYPE OF PLANE  
FURNISHED FOR SERVICE

Aviator Flying From Washing-  
ton to New York Leaves  
Behind Schedule.

By United Press.  
NEW YORK, July 25.—Striking  
aerial mail pilots of the pioneers in  
that phase of labor and war, are liable  
to arrest for violation of their oath  
of office to the government, D. E.  
Jordan, assistant superintendent of  
the New York postoffice declared this  
afternoon.

Jordan pointed out that the score of  
mail aviators who went on strike this  
morning because of a number of griev-  
ances, culminating with the discharge  
of two of their number, have the same  
status as a sailor or a soldier.  
All the strikers, as well as the two  
discharged are "through," Jordan said.  
Most of the strikers are former army  
aviators.

NEW YORK, July 25.—The first  
aviator strike in history was under-  
way here today.  
A score of aerial mail pilots, fol-  
lowing rejection of their demands for  
immediate restoration of two of their  
number, discharged by the postoffice  
department, failed to report for  
work at Belmont Park, L. I.

Postal authorities at the aviation  
field denied admittance to new separ-  
men and refused all information con-  
cerning the department's plans for  
meeting the situation.  
The striking pilots expressed belief  
that their comrades at Chicago, Cleve-  
land and Baltimore, Pa., would join  
them. They did not believe the post-  
office authorities would attempt to  
employ strike breakers.

The type of plane furnished them  
constituted one of the chief griev-  
ances of the strike. They said the  
machines were too speedy for safe  
landings and that they lacked neces-  
sary safety appliances. With a better  
type of plane, the pilots contended,  
many of the recent accidents to mail  
carriers would have been averted.  
Fully a score of accidents, resulting  
in the death of two pilots and dam-  
age to 10 machines, they attributed to  
being forced to fly in bad weather  
with a faulty machine.

Superintendent Stanton of the  
Eastern Postal Division, accompanied  
by two postoffice inspectors, went to  
Belmont Park shortly before noon. He  
refused to discuss the strike, but it  
was reported that he would confer  
with Hamilton Lee and Leon Smith,  
the two discharged aviators.

The authorities, it was said, hoped  
to start the aerial mail for Washing-  
ton this afternoon.

### PLANE LEAVES WASHINGTON THIRTY MINUTES LATE

WASHINGTON, D. C., July 25.—  
The postal aviator flying from Wash-  
ington to New York left Washington  
at 11:00 o'clock, 30 minutes be-  
hind schedule, postoffice officials an-  
nounced.

Officials also said the plane from  
Chicago to Cleveland would leave on  
time.  
The department was waiting definite  
word from Mineola before admit-  
ting that the air mail could not be  
brought to Washington.

### WILL TIE UP THE SERVICE NEW YORK TO WASHINGTON

WASHINGTON, D. C., July 25.—  
Postoffice officials today admitted  
that a strike of air mail aviators  
would probably mean a tie up of the  
service between New York and Wash-  
ington until new pilots can be obtained.  
Assistant Postmaster General Praeger,  
in charge of service, declares that the  
two pilots discharged would not be  
taken and added that when the  
mail aviators were refusing to go  
up other aviators were taking up pas-  
sengers for hire.

The aviators, Praeger said, must  
take mail up when the postoffice de-  
partment has mail ready to go.

### MAY HOPE FOR CURE SAYS NOTED PHYSICIAN

By United Press.  
CHICAGO, July 25.—"The influenza  
outbreak of 1918 amounted to a 'pan-  
demic,' Dr. George H. Simmons, of  
the American Medical Association said  
today. "As such it is being  
studied by scientists all over the  
world. Much has been accomplished,  
and eventually the cure may be hoped  
for."

Dr. Simmons approves measures in-  
cluding the wearing of masks, appropri-  
ating \$1,500,000 to combat the scourge.  
"Work thus far has been individual.  
The discoveries of individual scientists  
have been given the world and the  
gradually knowledge of the disease  
grows. Research workers now are  
not so much interested in the methods  
of treatment as in determining the  
cause. Find that and the cure will  
follow. Right now no one knows where  
the disease originated."

### ITALIAN TOWN IS TO BE NAMED AMERICA

WASHINGTON, July 25.—One of  
the towns in Mussolini's Italy, which  
was wrecked recently by an  
earthquake, is to be renamed "America" in  
recognition of the great amount of  
American aid extended the sufferers  
through the Red Cross.

### OUR FLAG FLYING OVER THE RHINE

AMERICAN HEADQUARTERS OF COBLENZ, GERMANY

### INVESTIGATION OF BALLOON DISASTER IS RESUMED TODAY

CHICAGO, July 25.—Harry Wacker,  
one of the victims of the dirigible  
"Wingfoot," which killed 13 persons  
in its fall through a bank building  
here, was not altogether satisfied  
with the performance of his craft.  
His statements, given second-hand to  
a coroner's jury here today, were that  
the rotary engines driving the craft  
were not performing satisfactorily.

For the good of aviation, was the  
preface all witnesses and officials  
gave their testimony and remarks be-  
fore the jury.

B. B. Lipsner, former superintendent  
of air mail service, told the me-  
chanic's story. According to Lipsner,  
Wacker said the rotary engines were  
not working well and great care was  
necessary to navigate at all. He said  
one engine backfired, but not at the  
time of the accident. He was quoted  
as saying that he was so dissatisfied  
that several times he took control of  
the engines when he thought the me-  
chanic was feeding too rich a mixture.

Boettner, the pilot, was the first to  
leave the balloon. Lipsner quoted  
Wacker. Boettner was in one state  
of dissolution, the advice says.  
The railroad and telegraph, are tied  
up from Caskortz's southward. The  
Serbians are trying to suppress the  
revolution, by the use of troops both  
Serbian and Croatian.

### RANGERS REPORT GENERAL UNREST IN NEGRO QUARTERS

AUSTIN, TEX., July 25.—Investiga-  
tions by the Texas ranger force to-  
day showed evidence of a general un-  
rest among negroes of the state, accord-  
ing to information given here today.  
This unrest extends into Louisi-  
ana and Mississippi, according to in-  
formation, and it is attributed to a  
considerable extent to the attitude of  
returning negro soldiers.

The investigation indicates that the  
better element of the negroes, prop-  
erty owners and those with estab-  
lished homes, are not in sympathy  
with the feeling which is gaining a  
foothold among the idle and shiftless.

In fact, a delegation of negro teach-  
ers, merchants, etc., of Austin, recent-  
ly visited the adjutant general's de-  
partment and gave assurance of their  
co-operation in efforts to keep peace  
between the races. And in controlling  
the situation officers are taking ad-  
vantage of this spirit among the better  
class of negroes. There are sugges-  
tions of a conference with leading  
negro citizens of the state to formulate  
plans which whites and blacks may  
co-operate to subdue lawlessness by  
both races.

Following the riots at Longview sev-  
eral negro papers published very in-  
flammatory editorials attacking the ac-  
tions of whites, according to officers,  
and these are inflaming the minds of both  
races, although lawabiding negroes  
are in the line of their condemnation  
of the publications.

### RESTAURANT MAY SERVE SOFT DRINKS WITH MEALS ATTORNEY GENERAL RULES

AUSTIN, TEX., July 25.—A restau-  
rant may serve soft drinks with meals  
on Sunday, if the drinks are appro-  
priate to be served with meals and  
their sale is not otherwise forbidden  
by law, held the attorney general to-  
day. Drinks cannot be sold separate  
from meals on Sunday, and cigars can-  
not be sold with meals.

### NEW REPUBLIC IS PROCLAIMED BY CROATIANS

At Several Points Troops Are  
Fraternalizing With Hun-  
garian Soldiers.

By Associated Press.  
PARIS, July 25.—(Havas).—The  
Croatian troops have proclaimed an  
independent Croatian Republic, ac-  
cording to a dispatch from Agram, the  
capital. At several points the Croa-  
tians are fraternizing with the Hun-  
garian soldiers.

Paris, July 25.—Dispatches from  
Agram and Gratz report a serious in-  
ternecine revolt in Croatia.  
The revolt is taking the form of  
a movement for separation from Ser-  
bia and the formation of a republic.  
The Croats are leaving their units, of-  
ficers and subalterns are tearing off  
their insignia and the army is in a  
state of dissolution, the advice says.  
The railroad and telegraph, are tied  
up from Caskortz's southward. The  
Serbians are trying to suppress the  
revolution, by the use of troops both  
Serbian and Croatian.

The Agram dispatches do not record  
any disorder in that city, the Croatian  
capital. They state, however, that the  
independent Croatian republic, accord-  
ing to information reaching Agram,  
has been proclaimed by soldiers in  
several of the Croatian towns.

### TO BE CANDIDATE FOR GOVERNOR OF INDIANA

WASHINGTON, July 25.—A resolu-  
tion calling upon the war department  
to arrange for the immediate sale of  
\$120,000,000 surplus stocks of army  
foodstuffs was being prepared today  
by Chairman Graham of the House  
war investigating committee. The  
resolution was directed by a vote of  
the 10 republican members of the  
committee yesterday and Chairman  
Graham expects to ask for a special  
rule in order to bring it before the  
House Monday.

The committee, with the five demo-  
cratic members withholding decision  
declared for a plan of distributing the  
foodstuffs that would "insure oppor-  
tunity for the people of the United  
States to buy." A report of a sub-  
committee appointed to go into the  
matter reported that "the inactivity  
of the government in the disposition  
of these food supplies was, and is the  
result of a well defined policy by the  
secretary of war to withhold them  
from the domestic market and to pro-  
tect the interests from which those  
products had been purchased."

The report also criticized the de-  
partment for its failure to decan-  
sion the food surplus. It estimates  
that on July 8, the value of this sur-  
plus stored in the United States over  
and above the needs of the army was  
as follows: corn beef \$24,000,000; ba-  
con \$23,000,000; lard corn beef \$10,  
000,000; roast beef \$20,000,000; fresh  
frozen meats and poultry \$20,000,000  
and canned vegetables \$22,000,000.

### WILL H. HAYS

INDIANAPOLIS, IND., July 25.—  
Friends of Chairman Will H. Hays,  
of the Republican National Commit-  
tee, today affirmed reports that Hays  
was a candidate for the Indiana  
gubernatorial nomination before the  
Republican State Committee. It was  
said that Hays will announce his can-  
didacy at Magnolia Springs, Ind., next  
Friday at a Republican rally and meet-  
ing of Republican editors.

Hays left last night to spend the  
week with his family, at Peleskey,  
Minn.

### "LET 'EM SWEAT" IS POLICY IN DEALING WITH THE CONVICTS

LEAVENWORTH, KANSAS, July  
25.—"Let 'em sweat" apparently is  
the new policy today in dealing with  
striking prisoners at the disciplinary  
barracks.

Under this new plan, according to  
Commandant Rice, no effort will be  
made for the present to get the men  
back to work. Instead they will be al-  
lowed to "sweat" until all desire for  
striking has died out.

Some of the men are weakening.  
But their cries for release and expres-  
sions of willingness to work fall on  
deaf ears.

The strikers remain locked in their  
small cells with only bread and water  
to eat. Officers and guards go about  
their work as if the prison was nor-  
mal.

Negroes locked in a separate cell  
house from white prisoners this morn-  
ing gave in, shouting they were will-  
ing to go to work if only taken from  
their cells and given something to eat.

Radicals locked in a cell house  
nearly simulated.  
"We will get you negroes when we  
get out."

### WANT GOVERNMENT TO DISPOSE OF BIG SURPLUS OF FOOD

WASHINGTON, July 25.—A resolu-  
tion calling upon the war department  
to arrange for the immediate sale of  
\$120,000,000 surplus stocks of army  
foodstuffs was being prepared today  
by Chairman Graham of the House  
war investigating committee. The  
resolution was directed by a vote of  
the 10 republican members of the  
committee yesterday and Chairman  
Graham expects to ask for a special  
rule in order to bring it before the  
House Monday.

The committee, with the five demo-  
cratic members withholding decision  
declared for a plan of distributing the  
foodstuffs that would "insure oppor-  
tunity for the people of the United  
States to buy." A report of a sub-  
committee appointed to go into the  
matter reported that "the inactivity  
of the government in the disposition  
of these food supplies was, and is the  
result of a well defined policy by the  
secretary of war to withhold them  
from the domestic market and to pro-  
tect the interests from which those  
products had been purchased."

The report also criticized the de-  
partment for its failure to decan-  
sion the food surplus. It estimates  
that on July 8, the value of this sur-  
plus stored in the United States over  
and above the needs of the army was  
as follows: corn beef \$24,000,000; ba-  
con \$23,000,000; lard corn beef \$10,  
000,000; roast beef \$20,000,000; fresh  
frozen meats and poultry \$20,000,000  
and canned vegetables \$22,000,000.

### INVESTIGATION OF PACKERS ORDERED

WASHINGTON, July 25.—The  
Senate today directed the Fed-  
eral Trade Commission to make  
an immediate investigation of  
packers methods in the buying  
of cattle and hogs.

The investigation, provided for  
in a resolution introduced by Sen-  
ator Harris, Georgia, former  
chairman of the Federal Trade  
Commission, was adopted with-  
out a roll call today.

### LET IT BE KNOWN THAT HE WILL NOT PRESENT TREATY UNTIL AFTER SPEAKING TOUR

By United Press.  
WASHINGTON, July 25.—Developments in the peace treaty fight today  
indicated President Wilson is abandoning his conciliatory attitude toward  
congress.

The resolution which Senator Lodge offered yesterday in the senate  
asking Wilson to produce the British-French-American defensive agreement  
met with a rebuff at the White House today—although it has not yet been  
voted on by the senate. It was stated at the White House that Wilson would  
not take this document to the capital until he returns from his speaking tour,  
probably six weeks hence.

WASHINGTON, D. C., July 25.—  
President Wilson plans to present the  
Anglo-French-American defensive  
agreement to the Senate after he has  
finished his speaking tour for the  
League of Nations, it was stated at  
the White House today.

The President is preparing an ad-  
dress to be delivered when the pact  
is presented, it was said.  
President Wilson, according to call-  
ers, said he will probably be in San  
Francisco August 15 while the new  
Pacific fleet is there.

The date of the President's depar-  
ture from Washington is still uncer-  
tain and it is not known whether the  
President will leave in time to speak  
on the way to the coast or will make  
specialties on his return.

Senator Lodge at the end of a hot  
Senate debate yesterday offered a  
resolution demanding that the treaty  
be given the Senate at once, if com-  
patible with the public interest. Other  
senators charged that the Presi-  
dent violated one of the French  
treaty provisions when he did not  
present it at the same time as the  
peace treaty.

The President is giving attention, it  
was said, to Senate requests for  
information about peace negotiations.  
Spencer is understood to be one of  
the first senators to receive the Taft  
letter recommending reservations to  
the league covenant.

The President is giving attention, it  
was said, to Senate requests for  
information about peace negotiations.  
Spencer is understood to be one of  
the first senators to receive the Taft  
letter recommending reservations to  
the league covenant.

Plans for reviewing the new Pa-  
cific fleet have not been altered.

### INTOXICATING POWER DOES NOT ENTER INTO SUIT DECLARES JUDGE

By United Press.  
CHICAGO, July 25.—The question of  
intoxicating power does not enter into  
suits brought for violation of the war  
time prohibition act, Federal Judge  
Page ruled here today.

Hearing arguments in a denuncer  
against information charging the Stren-  
son Brewery, Chicago, with manufac-  
ture and sale of beer in violation of  
the act, Judge Page held it unneces-  
sary to prove the liquid sold was in-  
toxicating. Prosecutors, he said, need  
only to prove it to be wine or beer.  
Heer, he said, has been held in other  
decisions to contain 1 1/2 per cent  
or more alcohol.

### TEXAS GRAIN HANDLERS FACE SERIOUS SITUATION

FORT WORTH, July 25.—Unless  
the car movement and car supply are  
increased immediately, Texas grain  
handlers will face a serious situation  
this fall, H. B. Dorsey, secretary of the  
Texas Grain Dealers' association, the  
congestion of traffic and the delay in  
getting cars to the grain points is due,  
railroad officials here say, partly to  
the oil traffic which is blocking many  
lines, and using the available supply  
of cars.

### TRAVELING MEN TO ENCOURAGE SAVING

WASHINGTON, July 25.—Members  
of Commercial Travelers of America  
have pledged their aid to the savings  
division of the treasury in the cam-  
paign against the promotion of fraud-  
ulent stock companies. The thirty  
thousand salesmen of the organiza-  
tion will endeavor to warn every com-  
munity into which they go against ex-  
changing ill-fitted bonds or thrift  
schemes for stock in "get-rich-quick"  
stamps.

### FIVE NEGROES ARE SENT TO LONGVIEW; BOND IS ARRANGED

AUSTIN, TEX., July 25.—Five of the  
22 negroes brought here and placed in  
the Travis county jail in connection  
with the recent race riots at Longview,  
were released from jail today at the  
instance of Captain W. M. Hanson, of  
the Ranger force, who was acting un-  
der instructions from the Adjutant  
General's department. The five re-  
leased are: Aaron Mays, H. H. Hop-  
kins, Manuel Wallace, F. P. Phillips  
and Robert Bowie. They will leave  
tonight for Longview, where Captain  
Hanson said, arrangements have been  
made with the Sheriff and district at-  
torney of Gregg county for them to  
furnish bond. Captain Hanson said  
that several of the others are also  
shortly to be released on bond. The  
bonds have been arranged for by some  
of the leading citizens of Longview,  
Captain Hanson said.

Things are quite normal again at  
Longview, according to Captain Han-  
son, who returned today from that  
place, although he left three rangers  
there.

### REGIMENT IS TO MARCH FROM CAMP BOWIE TO SAN ANTONIO IN 26 DAYS

FORT WORTH, TEX., July 25.—  
Companies of the Fort Worth regu-  
lar army regiment, which have been do-  
ing guard duty at Camp Bowie for  
more than a year, will march from  
Fort Worth to San Antonio in twenty-  
six days, Major Scott, the ad-  
jutant, said today. Approval of the  
hike is now being awaited from de-  
partment headquarters. The march  
will continue to the morning, however,  
raining in the afternoon. Signs will  
be made at a number of cities and  
towns.

### COAL MINE STRIKE IN ENGLAND OVER

LONDON, July 25.—The strike  
of coal miners in England is over.  
The miners have agreed to work for  
the same wages as the coal mines.  
The strike was settled today.

## WANT CONGRESS TO PROVIDE A FUND TO BATTLE INFLUENZA

SHOULD APPROPRIATE MILLION AND A HALF SAY CONGRESSMAN FEES.

### A RECURRENCE IS EXPECTED

More Serious Effects Are Expected During the Second and Third Years.

By United Press. WASHINGTON, D. C., July 25.—Congress should immediately appropriate \$1,500,000 for fighting influenza, says Representative Fess, Ohio, today. The House today.

Fess and Senator Harding of Ohio have introduced a measure embodying the recommendations Fess made today.

The last epidemic caused 500,000 deaths and a total economic loss of nearly \$4,000,000, according to the figures compiled by the American Medical Association, Fess said.

Want to Find Cure.

The all important thing now is to find a cure. This will require expensive research and I propose that the money shall be expended under the direction of the public health service.

"There is a general belief in the medical world that the second and third years will show frightful after-effects unless specific remedies can be found. But the appalling loss of 500,000 lives—five times our loss in the war—with assurance that the plague will appear again, is enough to arouse us to immediate action."

Expect Successful Fight.

"It is generally believed that success will follow the efforts of the medical world in its fight against the epidemic, just as in the case of yellow fever, typhus, diphtheria, and other maladies."

Fess read to the House a letter from Otto P. Geier, secretary of the American Medical Association, which stated that mortality was 40 per cent above the normal death rate in the epidemic.

years after the previous influenza epidemics.

Medical authorities, Geier admitted, are still baffled over the origin and cause of the disease and stated that the "possibility of the discovery of any real anti-toxin for influenza is wholly dependent upon the discovery of the actual germ causing the disease."

INSURANCE EXPERTS PREDICT RECURRENCE

NEW YORK, July 25.—Recurrence of the epidemic of influenza which cost nearly half a million lives in the United States last fall, was predicted today by insurance experts.

Edward Kopf of the statistical bureau, Metropolitan Life Insurance Co., stated that the epidemic had cost life insurance companies in this country from \$50,000,000 to \$100,000,000 while the bureau of war risk insurance in

Washington paid out about \$180,000,000 to beneficiaries of influenza victims.

Influenza and pneumonia, Kopf stated, have shown a constantly rising death rate in the last five years. He said that diseases of this nature run to "pandemic periods" recurring at stated times.

## BURKBURNETT PLANNING FOR CIVIC DEVELOPMENT ON AN EXTENSIVE SCALE

Intensive civic development at Burkburnett, including the building of a municipal waterworks, extensive parking, the construction of a new city hall and municipal auditorium building, and the creation of several city parks, one of which will contain a modern swimming pool, was forecasted at a recent meeting of the new Burkburnett Chamber of Commerce.

This program will be carried out in conjunction with the movement for the adoption of a new city charter, which is being worked out at present. The city manager-commission form of government seemed to meet with a great deal of favorable consideration from the members of the Chamber of Commerce, according to Porter A. Whaley, secretary of the West Texas Chamber of Commerce, who addressed the meeting and advocated this form of government.

A representative of the Burkburnett civic organizations and city council is present on a visit of inspection to Ranger, which has undertaken a comprehensive program of civic development in meeting a situation similar to that at Burkburnett, and his report will be considered at an early date.

## THREE BROTHERS-IN-LAW OF JAPANESE EMPEROR TO VISIT UNITED STATES

Associated Press Mail Correspondent. TOKIO, July 25.—Japanese newspapers announced that three brothers-in-law of Emperor Yoshihito will soon visit the United States, Great Britain and France for military inspection. They will stay abroad for about three years. The imperial travellers are Prince Kitashirakawa, Anaka and Hisashi Kuni.

## CAPTURE AN ESCAPED LIFE TERM CONVICT

AUSTIN, TEX., July 25.—Lewis Dodd, with his brother, Herbert, guilty for the robbery of a bank at Marble Falls and the murder of one of the officials of the bank about a year ago, who escaped from the state prison last month, was recaptured last night at Pearsall, according to information received by the Governor today. Dodd, with his brother, Herbert, Her-

who was given a term of fifty years in connection with bank robbery, escaped at the same time. The Governor, with the approval of the prison commission, had offered a \$250 reward for the recapture of each of the convicts.

## ORGANIZE TO URGE EARLY PASSAGE OF THE KENYON BILL

FORMATION OF NATIONAL MARKETING COMMISSION IS ANNOUNCED.

### WANT PACKERS REGULATED

Also Propose to Enlighten Public Opinion Concerning Waste of Farm Products.

WASHINGTON, D. C., July 25.—Formation of a national marketing commission to press for enactment of the Kenyon bill to regulate the packers was announced today by William Kent, former congressman from California and now a member of the United States Tariff Commission.

A nation wide campaign to counteract propaganda against the Kenyon measure will begin at once, Kent said.

In addition to pushing the Kenyon bill, the aims of the committee, as outlined by Kent, are:

To create enlightened public opinion concerning waste and unnecessary expense in handling and distributing farm products.

To improve marketing.

To promote and foster marketing organizations, standardization of agricultural products, proper warehouse systems, expert marketing services in various states and uniformity in methods by states in inaugurating investigation and demonstration work in marketing.

"We start with a splendid background of popular sentiment, which merely needs to be organized," Kent declared. "Recommendations of the federal trade commission have been endorsed by leading farm, labor, con-

sumers and civic organizations of the country."

In addition to Kent, who is chairman, other members of the committee include:

Mrs. Florence, secretary of the National Consumers League; Jackson Q. Ralston, counsel for the American Federation of Labor; and C. D. Gutafson, chairman of the Farmers National Committee on Packing Plants and Allied Industries.

## DALLAS HOUSEWIVES WANT TO KNOW "WHY" THE PRICE IS SO HIGH

DALLAS, TEX., July 25.—Dallas housewives were out today to find out why milk which speakers charged costs only 2 1/2 cents a quart to produce, should sell at twenty cents a quart in the city. Why cabbage for which the grower receives one fifth cent a pound should sell for six cents a pound, and who is making the money.

The wives got together yesterday and exchanged grievances, calling in "experts" to get costs on production. The outcome was organization of the Dallas Consumers League with the avowed purpose of making living cheaper in Dallas.

The League plans to take an active part in governmental affairs. Yesterday's meeting adopted a resolution denouncing the reported attempt of the "Big Five" packers to control the nation's food supply and urging congress to pass the pending Kenyon bill, for licensing of packers.

## FORMER NAVAL ATTACHE AT AMERICAN EMBASSY DIES IN PARIS HOSPITAL

WASHINGTON, D. C., July 25.—The death of Commander Charles O. Mass, former naval attaché at the American embassy at Paris, who has been serving with the American Red Cross in France, was reported in dispatches received at the Red Cross headquarters today.

Mass, who lived in New York died in Paris after undergoing treatment for intestinal trouble.

The dispatches also mentioned awards of decorations by the Siberian government to the Red Cross workers there for humanitarian services. They included Captain Emil Armand, Camp Rogers, California.

## BELIEVE THAT CHILD REPORTED LOST IS HELD FOR RANSOM

By United Press.

CHICAGO, July 25.—Belief was renewed today that six year old Janet Wilkinson, lost for three days, is still alive and is being held for ransom.

This theory was again advanced when police last night discovered a shining new revolver with all its chambers loaded following arrest of Mrs. Muriel Fitzgerald, wife of Thor Fitzgerald, who was detained soon at-

ter the child's disappearance was reported.

Neither Fitzgerald nor his wife have a charge lodged against them.

Mrs. Fitzgerald was trapped last night on her return to Chicago from Bangor, Michigan, where she had been visiting. She called at the police station and asked to see her husband. Five minutes conversation with him, she had told police, would convince her whether he was guilty.

A detective secreted himself near the Fitzgerald cell and listened to their conversation. In this way he learned of the revolver, which the husband told his wife was in a hotel check room where he had worked. As the woman left the cell room she was arrested.

Search along the lake front near the child's home and digging in cellars of houses in the neighborhood failed to reveal any clue.

A table for invalids has been invented which can be clamped to the head of a bed and swung into position for use or out of the way without taking up any floor space.

## LIGHT DOCKET IN POLICE COURT TODAY

Three gamblers were fined in the course of disposing of a light docket in the police court this morning, two of them being let down with \$10 and the other \$10. One case of vagrancy went over until the morning.

## THE SCIENCE OF BEING USEFUL

Business is the state of being busy.

American Business is the entire American people in the business of providing itself with a living.

Only through the usefulness of all can everything be done which must be done and everyone rewarded who does it.

THE AMERICAN NATIONAL BANK, like other American institutions, interprets its mission as more than the mere science of making money.

It realizes the surest way to make money is to prove its usefulness; that the more useful a business is the more successful it must be, because it is a greater benefit to mankind.

The splendid progress the American National Bank has made since it opened for business February 10, 1913, is a measure of the quantity and quality of its usefulness—of the number of people it helps and the number of ways and degrees in which it benefits them.

## MAKE PROVISIONS TO FLUSH BUSINESS STREETS OF CITY

EXPENSE WILL BE BORNE BY  
PROPERTY OWNERS IN THAT  
SECTION.

### TWO MEN TO BE EMPLOYED

Committee to Look After Raising  
Fund Necessary to Carry  
on Work.

City streets in the business district will be flushed nightly, the expense being borne by owners of property in the business district, it was decided at last night's council meeting. Two men are to be employed for this work by Fire Chief J. L. McClure, the fire department will furnish hose from their extra stock and W. S. Curlee, member of the council, will arrange for the water necessary for the work.

On the other hand the committee from the Rotary Club, composed of E. Leopold, C. W. Snider and W. B. Hamilton, undertook to arrange with the business men of the city for bearing the nominal expense entailed by this work.

In advancing this proposition Mr. Leopold at first asked that the fire department flush the streets, but Chief McClure stated that such a plan would not be allowed by the state fire insurance commission to devote the fire department to work of this kind. Chief McClure agreed, however, in order to have the work started without delay, to take part of the equipment of the department out at midnight last night and flush the streets for that night only.

The business men are to provide for the pay of the two men employed, for damage to the hose and for the water used for this work.

The question of the sale of the Floral Heights station and the erection of two smaller stations, with the installation of an additional piece of apparatus was referred to the committee on public safety, of which M. A. Bundy is chairman, for investigation and report to the council. It is thought that the city can sell the Floral Heights station for a sum sufficient to erect the two additional stations.

This action was taken at the instance of Chief McClure that the council go on record one way or another as to the provision of additional fire protection, stating that the State fire commission was pressing him for an answer and threatening to raise the key rate here in case nothing was done. Chief McClure wished the council to take this action in order that he might be relieved of responsibility for this condition. The matter will probably come up Saturday afternoon to which time last night's session of the council was adjourned.

Dr. J. F. Reed, mayor pro tem, presided at last night's session. Aldermen M. A. Bundy, W. S. Curlee and H. P. Weiden were present. J. L. McClure, fire chief; Fred Smith, chief of police; J. A. Donald, city engineer; Ralph Mathis, city attorney; H. J. Anderson, city tax assessor and collector, and J. W. Waltrip, city clerk, were in attendance.

### AUTHORIZE COLLECTION OF UNPAID CITY TAXES

Authority to collect back taxes in the "contested strip" adjoining the Southland addition on the basis of the county renditions for the years during which the collection of taxes by the city on this property has been the subject of litigation, without costs, interests or penalties being collected, was given by the council last night to H. J. Anderson, city tax assessor and collector. This action will apply to property owners in that section other than the parties to the case of City of Wichita Falls vs. Ed Wilson et al., in which a judgment was rendered for the city on this basis.

### MEXICAN PUBLISHER IS AWARDED CROSS BY THE BRITISH GOVERNMENT

By Associated Press.  
MEXICO CITY, July 25.—Felix M. Pelavici, owner of the newspaper El Universal and former secretary of public instruction on Monday will be awarded the cross of Commander of the British Empire by the British chargé d'affaires at a public ceremony. The honor is in recognition of Senor Pelavici's pro-ally services during the war.

It is understood that the only other journalist who has been awarded the order is Viscount Northcliffe, the British newspaper proprietor.

Skin troubles are unsightly! Resinol heals eruptions

Only those who have undergone them can realize the mental and physical discomforts which many skin affections cause. The distressing appearance and the intolerable itching and burning too often make life really miserable. Yet Resinol Ointment, aided by Resinol Soap, generally overcomes these troubles promptly, even if they are severe and long established. The Resinol treatment stops itching instantly.

A Resinol Ointment and Resinol Soap are sold in all drug stores. Why don't you try them?

## FOREST FIRES IN NORTHWEST STATES ARE LESS SEVERE

SPOKANE, WASH., July 25.—The forest fire situation in Western Montana and Northern Idaho, which has been regarded by forest officials as critical for the past ten days, appeared much improved today, following heavy rains.

The fire between Sand Point and Hope, Idaho, was burning unchecked after having covered approximately fifty square miles.

Quickly adjustable forms have been invented for building concrete steps to save carpenter work.

## MISS ROBERTS HAS MUSEUM ROOM AT THE KEMP LIBRARY

MRS. KEMP CONTRIBUTES FIRST  
PIANO BROUGHT TO WICHITA FALLS.

### CO-OPERATION IS REQUESTED

Miss Roberts Heartily Favors Recent  
Suggestions Made in the  
Daily Times.

In response to a recent editorial in The Times and a communication this week from T. A. Bradley, display manager for the Perkins-Timberlake Company, advocating the establishment of a county museum in the Kemp Public Library, Miss Polly Roberts, librarian, states that the institution of such a museum for the preservation of the history of all historical relics of interest to the public, has been the subject of thought and effort on her part since the opening of the library. A room in the building has already been set aside for the museum and the first gift to the collection was given by Mrs. J. A. Kemp several months ago in the gift of a piano, the first square piano to be brought to Wichita county. The instrument was used years ago in Mrs. Kemp's home.

Miss Roberts is heartily in favor of the establishment of the museum and will appreciate co-operation of the people of the county in helping with the collection of relics of interest, not only in connection with the war of 1917-18, but in connection of interest in the history of Wichita Falls or Wichita county.

The library will be a safe depository for the care of all such relics and will be open to the public for generations to come. Miss Roberts pointed out, and she will be glad to receive any donation.

### ARRESTED ON WARRANT FROM McLENNAN COUNTY

Earl Jarrard, brother of T. I. Jarrard was arrested on a felony indictment in McLennan county by officers of the Sheriff's force while he was leaving the courtroom where his brothers examining trial had just been concluded. T. I. Jarrard is being held by the Federal authorities on a charge of conspiracy in connection with the theft of \$5,000 worth of pay vouchers from the railroad administration. Earl Jarrard and a negro named Johnson, who was also arrested here for a felony charge at Waco, have been taken to Waco by Sheriff Jackson of McLennan county.

### NEGRO DIES FROM GUN SHOT, WOUNDS

The funeral of Earnest Westmorland, negro who was shot in a quarrel in the Las. Chance cafe last week, was held from the residence across the tracks this afternoon. The negro was shot in the abdomen. Pott Hillson is in the county jail under indictment in connection with the shooting.

### REFINERY EMPLOYEE KILLED BY A FALL

FORT WORTH, July 25.—C. P. Gren, employee of the Hendrick Construction Company of Dallas, was killed at noon today in falling from an oil tank at a local refinery.

### LOCAL BREVITIES.

Mr. and Mrs. John Gould are visiting at the home of Judge and Mrs. R. E. Huff. Mr. Gould recently returned from overseas service.

Louis Taylor, a negro porter in a downtown hotel, was arrested by officers from the sheriff's office last night on a bootlegging charge.

Bud Russell, state penitentiary agent, left yesterday with six prisoners for the state penitentiary at Huntsville.

Mr. and Mrs. P. J. Lea and children and Mr. and Mrs. M. D. Rowe left this morning for Colorado.

J. C. Jones, formerly an oil worker in the Electric and Burkburnett fields, but for the past year in the service in France and with the army of occupation in Germany, has returned and was in the city for a short while yesterday afternoon, visiting his sister, Mrs. E. E. Yeakley, 2505 Filmore.

Mr. and Mrs. George Herron have returned from a month's fishing trip along Colorado streams.

Mr. and Mrs. C. H. Clark and family left this morning for a four-day motor trip through the Texas Plains country.

Mr. and Mrs. Floyd Cogswell and baby left last night for Colorado Springs to spend the remainder of the summer. Mr. Cogswell, however, will return in a week.

Mrs. J. L. Whist left last evening for Colorado Springs, where she will join her daughter, Mrs. Floyd Cogswell.

H. H. Cummins, county attorney of Grayson county, spent yesterday in the city on legal business.

Porter A. Whaley, secretary of the West Texas Chamber of Commerce, and formerly secretary of the legal chamber of commerce, was here yesterday on business.

Dr. and Mrs. F. E. Thorburn and Miss Florence Sammons left yesterday for Colorado Springs, where they will be gone for the remainder of the summer.

## NO INDICTMENTS AGAINST PROMOTERS OF OIL COMPANIES

Reluctance on the part of stock holders in oil companies to bring alleged irregularities in the conduct of oil companies before the grand jury, and their inability to act in the absence of evidence was given as the reason for failure to take action in this matter in the final report of the grand jury which adjourned at noon today.

When the grand jury was first called for the June term of the 30th district court they were particularly charged by Judge Bonner to look into alleged irregularities in the organization and conduct of oil companies operating in this district.

The grand jurors reported that since they had been reconvened Monday they had examined 100 witnesses and returned 38 indictments, 30 for felonies and 3 for misdemeanors.

While in session the grand jurors inspected the county jail and the county farm, the report said, and found them well run and the inmates well treated in every respect.

As the county auditor had not finished his report at the time the grand jury inquired into this matter, he stated to the grand jury that so far he had found no irregularities in the county funds. The auditor's report, it was stated, will be ready in time for examination by the next grand jury.

Judge Edgar Scurry has returned after several weeks spent on the Grand Jury.

## AMUSEMENTS

"HITTING THE TRAIL"  
AT THE PLAZA TONIGHT

A mighty pleasing picture is "Hitting the Trail," the new World Picture, starring Carlisle Blackwell and Evelyn Greeley, which on tonight will be shown at the Plaza airdome. It is the sort of a picture that pleases everyone and offends no one, for it is jammed and packed with interest, excitement, thrills and sentiment. The story is a modern one and concerns the adventures and love affair of Flo Haines and Kid Kelly. Kelly, of course, is played by Mr. Blackwell, while Miss Greeley is seen in the role of Flo.

A number of the scenes in this production were filmed on the East Side in the vicinity of Chinatown. In fact, some of the scenes were taken in the old Chinese theater on the East Side, which is now being used as a mission.

These scenes are of great interest as, of course, this section of the great city of New York is one of the most interesting sections possessed by any city in the entire world.

Appearing with Mr. Blackwell and Miss Greeley in important roles in "Hitting the Trail" are George Maguire, Muriel Quesada and other well known film favorites.

COMES TO ASSIST  
MANAGER AT Y. W. C. A.

Miss Mamie Bane of Denton, Texas, has come to Wichita Falls to assist Miss Ruth Dillon, the manager of the Y. W. C. A. Cafeteria. Miss Bane has finished the cafeteria management course of the College of Industrial Arts at Denton and will be in Wichita Falls for the remainder of the summer as assistant to Miss Dillon in the managing of one of the busiest institutions in Wichita Falls.

Experiments are being tried in India of cooling buildings by forcing air through hollow walls with electric fans.

"JIM CROW" LAWS NEEDED.

In the District of Columbia there  
is no law against inter-marriage of  
whites and blacks, there is no Jim  
crow laws and there is no legal at-  
tempt to separate the races in a social  
or any other way. There are many  
negro office holders in Washington  
and many negroes of wealth and edu-  
cation and position. Probably the  
larger part of the population of Wash-  
ington comes from the northern states.Notwithstanding these conditions  
that ought to be favorable, there have  
been serious riots in the national  
capital and bitter feeling has been  
evidenced by the whites against the  
blacks. While attacks upon white  
women have prompted the attacks upon  
negroes at Washington, dispatches  
have indicated that resentment upon  
the part of the white population  
against the pretensions of the negroes  
to social equality has had no small  
part in the feeling against the blacks.Laws frankly recognizing the desire  
and the necessity for social separa-  
tion of the races would doubtless  
have allayed the racial animosity and  
it is doubtful whether there would  
have been any race riots in Washing-  
ton if laws against inter-marriage of  
whites and blacks, Jim Crow and other  
laws that are in effect in the South-  
ern states had been in force in the  
District of Columbia.These laws do not always prevent  
racial animosity in the South but  
they do go a long way in that direc-  
tion and it is difficult to imagine what  
would result if there were not such  
laws.

ONE OF DANGERS OF AIR TRAVEL.

Seaplanes, airplanes dirigibles have  
crossed the Atlantic ocean. Air  
travel is becoming almost as common  
as automobile travel 20 years ago.  
Air travel is fairly safe already but  
there are some uses to which dirigible  
craft have been put that are danger-  
ous.During the Dempsey-Willard bout,  
or rather, before the bout started, the  
bulletins told of a dirigible balloon  
anchored over the arena, breaking  
from its moorings and drifting out  
over the lake. Suppose that instead  
of drifting out over the lake this bal-  
loon had come down over the arena,  
as did the big dirigible in Chicago the  
other day. The catastrophe would have  
been one of the greatest in history.  
Eleven lives were snuffed out when a  
dirigible drifted down onto a Chicago  
bank a few days ago and burst into  
flames.A dirigible may be safe for passage  
across the Atlantic but it is a menace  
when anchored over centers of dense  
population.There is much conjecture as to  
whether President Wilson will be a  
candidate for a third term to succeed  
himself. We believe that President  
Wilson will be a candidate for a third  
term in the event that the opposition  
to the League of Nations is success-  
ful either in defeating the league or  
in making reservations that will make  
it ineffective. In that event Mr. Wil-  
son will be compelled to continue his  
leadership of the forces supporting the  
League. But the league is almost  
certain to be accepted by the Senate.  
The opposition has tried every trail  
in an effort to secure a following  
among the people but their efforts  
have been fruitless. The league will  
be adopted and there will be no ne-  
cessity for President Wilson becom-  
ing a candidate for a third term.

VOICE OF THE PEOPLE.

SAYS CURB BROKER HAS REAL  
PLACE IN THE CITY.

Editor of The Times:

All of the criticisms of the chief  
of police and the city administration on  
the part of the curb broker are entirely  
outside the issue, harmful to the  
city and absolutely uncalled for.The curb broker has a real place  
in this city as the advance guard of  
development. Stock selling and the  
resultant development brought to  
Wichita Falls the boom it is now en-  
joying. Every extension of the field  
around this city can be directly traced  
to a stock selling venture. It is the  
only door through which the man of  
modest means may reach this class.HEADLINE HISTORY  
OF THE  
WORLD WAR  
By Cushing Stetson

(Clip and paste this in your scrap book.)

WHAT HAPPENED JULY 25

Copyright, 1919, New Era Features.

1914

American stock market, panicky over Austro-Serbian crisis, recovers  
after pressure from abroad.

1915

German-American Alliance in convention at Utica, N. Y., condemns  
U-boat note, saying it may lead to war. Austrian staff on Italian front evac-  
uates Gorizia; 18,000 Austrians captured by Italians in two months. Repre-  
sentative Claud S. Kitchen declares in speech, "I have no idea we shall have  
trouble with Germany."

1916

American troops on Mexican border ordered to stay there till January,  
1917. Austrian General Linasgen halts Russian drive toward Riga. British  
push on north of Pozieres. England bars two U. S. citizens of Irish descent  
from landing; detains S. S. McClure.

1917

Tonopol, Stanislav and Nadworna captured by Germans; Russians lose  
most of big artillery. U-boats sink 24 British ships in past week. Hurley  
and Rear Admirals Capps head shipping board. War industries board created.

1918

Allies crush in German Marne salient on both sides; Americans forge  
ahead north of Marne; French push toward Fere. New cut announced in  
national U. S. sugar ration. Total U. S. casualties to date 112,294. Lenin  
threatens war on the Rhine.

PROSPECTS GOOD  
FOR THE CHICAGO  
PUBLIC TO WALKCHICAGO, July 25.—Chicago's pros-  
pects of walking to work were height-  
ened today when a long conference  
between traction line owners, car  
men and the public utilities commis-  
sion bore no results. After a morn-  
ing session in which "everything in  
general" was discussed, the meeting  
adjourned to late afternoon to allow  
the companies to present additional  
figures.William D. Mahon, international  
president of the street car men's  
union, did not attend the meeting.  
There was a rumor that, failing an  
agreement today, the car men would  
strike for 24 hours Sunday. This, it  
was reported, was to give the public  
a sample of what the up would mean  
and at the same time inconvenience  
business less than a week day walk  
out.GOVERNMENT HAS A  
SURPLUS OF HORSE SHOESWASHINGTON, July 25.—Two mil-  
lion pounds of horse and mule shoes  
surplus the latest item of surplus  
material to be offered for sale by the  
war department. Sealed proposals  
asked today will be opened August  
14. No bid will be accepted for less  
than 100 kegs.Surplus property sales to date have  
realized \$54,470,000, or 78 per cent  
of the original cost. The sales by the  
signal corps brought sums far in ex-  
cess of the purchase price. A quan-  
tity of sheet steel and scrap costing  
\$313 was sold for \$2,196 and brass  
costing \$113 sold for \$555.MRS. HENRY D. LINDSLEY  
SUES FOR DIVORCEDALLAS, July 25.—Suit for divorce  
was filed here today by Mrs. Ruth  
Lindsley against Colonel Henry D.  
Lindsley, former head of the war risk  
insurance bureau at Washington. At-  
tached to the suit is a petition for  
the suit, according to the petition.Colonel Lindsley, former mayor of  
Dallas, was connected with the army  
insurance service in France until the  
armistice. He is now national chair-  
man of the executive committee of  
the American Legion.NEW POLITICAL PARTY  
IS FORMED IN CUBAHAVANA, Thursday, July 24.—A  
new political party was formed in  
Cuba today with "non-interference of  
other nations in the Cuban affairs" as  
its principal platform. The sponsors  
of the party are prominent men of  
the liberal and conservative parties  
who have always been outspoken in  
their opposition to the Platt amend-  
ment and have endeavored unsuccess-  
fully to persuade their respective par-  
ties that they should not permit Amer-  
icans to interfere in any way with  
Cuba's internal matters.NEGOTIATING LOAN FOR  
GERMAN GOVERNMENTBERLIN, July 25.—Negotiations of  
the Deutsche Bank with New York  
financial institutions for a large loan  
of unannounced proportions, are  
proceeding favorably, according to in-  
formation in official quarters.

OUT OF LUCK

By CARL MEYER

HARTZ AND CREW  
REACH AUGUSTAAUGUSTA, ME., July 25.—  
Lieutenant Colonel R. S. Hartz  
and his crew in a Martin bomb-  
ing plane arrived here at 1:30 p.  
m. on their journey from Wash-  
ington around the rim of the  
United States.There is much conjecture as to  
whether President Wilson will be a  
candidate for a third term to succeed  
himself. We believe that President  
Wilson will be a candidate for a third  
term in the event that the opposition  
to the League of Nations is success-  
ful either in defeating the league or  
in making reservations that will make  
it ineffective. In that event Mr. Wil-  
son will be compelled to continue his  
leadership of the forces supporting the  
League. But the league is almost  
certain to be accepted by the Senate.  
The opposition has tried every trail  
in an effort to secure a following  
among the people but their efforts  
have been fruitless. The league will  
be adopted and there will be no ne-  
cessity for President Wilson becom-  
ing a candidate for a third term.

## TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, July 25.—The cotton  
market opened steady and three to 12  
points net higher in response to firm  
cables, heavy rains in Georgia, sup-  
port from local traders and some of  
the spot people and more optimistic  
reports regarding possible settlement  
of the marine strike here and the coal  
strike in England. Prices later made  
further gains on commission house  
buying induced by a report that Eng-  
land would soon establish credits here  
to provide for the purchase of a  
great quantity of cotton for Lancashire  
mills. Towards the end of the first  
hour, therefore, the market was quiet  
at 15 to 20 points up.Returning from a trip in the South,  
a local spot man familiar with boll  
weevil conditions, said he expected  
to see the greatest amount of damage  
in South Georgia and South Alabama  
from this insect ever experienced.  
This situation with cables reporting  
that the English coal strike had been  
settled, promoted additional firmness  
in the late forenoon, with prices  
around the top, October at 33.45 and  
December 35.50 representing 17 to 25  
points net rise.The early afternoon market became  
somewhat easier and October dropped  
to 35.13 and December 35.30, or 24 to  
33 points under the forenoon high  
point and seven and eight points be-  
low last night's close, because of lo-  
cal selling inspired by an easier turn  
in foreign exchange and more opti-  
mistic crop reports from the south-  
west.Offerings increased during the  
noon hour, bearish traders making  
much of the absence of a spot de-  
mand. At 1:00 o'clock prices were at  
net declines of one to four points.  
The cotton market closed steady.

New Orleans Cotton.

NEW ORLEANS, July 25.—After  
an irregular opening cotton moved up  
to a net advance of five to 15 points  
on complaints of too much rain in  
the eastern belt but met selling be-  
cause of uncertainty over July tenders.  
At the end of the first half hour  
of business prices were eight to 20  
points under yesterday's close. In the  
early session notices for at least  
three thousand bales of tenders were  
reported.Rumors that the marine strike was  
in a fair way to be settled resulted in  
a buying wave on which, in the trad-  
ing, up to noon, prices were sent 25  
to 29 points over yesterday's final.  
The cotton market closed steady at  
a net decline of 12 to 23 points.

Liverpool Cotton.

LIVERPOOL, July 25.—Cotton spot  
in fair demand; prices steady. Good  
middling 22.55; fully middling 22.05;  
middling 21.45; low middling 19.70;  
good ordinary 18.55; ordinary 17.32.  
Sales 5,000 bales, including 4,900  
American.Receipts 19,300 bales, all American.  
Futures closed quiet: July 21.69;  
October 21.72; January 21.84; March  
21.83; May 21.75.

Weekly Cotton Statistics.

LIVERPOOL, July 25.—Weekly cot-  
ton statistics: Total forwarded to  
mills, 63,000 bales, of which American  
was 43,000; stocks 587,000, American  
422,000; imports 53,000, American 48,  
000; exports 9,000.

NEW YORK STOCKS.

NEW YORK, July 25.—Rallies of  
one to three points from yesterday's  
late depression were recorded at the  
outset of today's stock market, the  
strongest issues embracing oils, ma-  
tors, equipments and shippings. Royal  
Dutch, Pan-American, Mexican Petrol-  
eum, Standard Oil, General Motors,  
Baldwin-Locomotive, American Inter-  
national and Marine common were  
the principal features. Food shares  
also recovered with tobaccos and  
leathers and utilities strengthened  
under lead of Peoples Gas. Bethlehem  
steel was the one backward issue,  
reacting almost two points.Trading dwindled to slender propor-  
tions at noon, the turnover of the  
mid-session being the lightest in many  
weeks. Advances were generally  
maintained, however, and in special-  
ties such as the tobaccos, foods and  
distilling shares, gains were increased.  
Dealings became active later but  
wholly at the expense of quoted  
values, much of the early advance be-  
ing cancelled. The closing was ir-  
regular.Final prices on Liberty bonds to-  
day were: 3 1/2's 99.42; first 4's 94.10;  
second 4's 93.60; first 4 1/2's 94.90;  
second 4 1/2's 94.00; third 4 1/2's 93.90;  
fourth 4 1/2's 93.90; Victory 3 1/2's 99.94;  
Victory 4 1/2's 99.86.

GRAIN AND PRODUCE.

CHICAGO, July 25.—Drought and  
heat tended today to lift the corn  
market, indications were for con-  
tinued rainless weather and for tem-KANSAS CITY LIVESTOCK.

LATEST NEWS AND VIEWS OF INTEREST TO SPORT FANS

## YOUTH MUST BE SERVED BUT THERE ARE OTHERS IN THE SPORTING WORLD

By H. C. HAMILTON  
(United Press Staff Correspondent.)  
NEW YORK, July 25.—It was clearly demonstrated a short time ago in a ring at Toledo, Ohio, that "youth must be served," but let's see if it really must.

Athletics, as a rule, in every line of effort, are about the same, so far as supremacy of youth or age is concerned. We find ball players passing out of the limelight at an age that strikes a fairly good average at 30 years; fighters drop hard after they have gone by that mark; runners, pole vaulters, football players—practically all who strive to amuse the public by athletic prowess, wither away as age creeps on them.

But there are exceptions to the rule. There are the Giants, for instance. Aged, decrepit, they have been called, yet the men led by John J. McGraw have set the pace for the National League practically all the season. There isn't a regular infielder on the club under 30. The pitching staff is composed of veterans for the most part. George Burns and Benny Kauff have far too many years over their heads to be placed in the chicken class. The youngsters of the club are the chaps who are holding down bench positions, rather than the aged ones.

This club, it has been promised by many an expert, will crack in the dog days. But will it? It certainly is traveling at a fine clip now and shows small signs of cracking.

Then we have Dick Remer. If you never saw Dick Remer do a walking race you have missed a great sight. Dick has been winning walks for so long he can do it with his eyes shut and lead in his shoes. He walks around the youngsters, here isn't a man in the nation who can approach his form and speed when he is right. George Goulding is the only man on the track he has any great respect for, and Goulding has been making walking records for a good many years himself.

And then there is Jack Britton, who was defeated for the welterweight championship by Ted Lewis, only to come back and knockout Lewis. Britton is past 30 and is a better battler now than at any time in his career. Pop Geers, who is so old he has quit counting, is still driving winning races on Grand Circuit tracks.

JOE JACKSON

Joe Jackson, the hard hitting outfielder of the Cubs, is going along in great shape right now, and his trusty bat is doing in many runs for Kid Gleason's gang of white hosed players. Joe has always been a lusty wallower and his hits now are coming in the right time.

Doc Roller, who was considerable shucks as a wrestler before most of us knew what a rattle was, is still pinning shoulders to mats. Youth will be served, of course, in most ventures, but age also has its fling in many cases, and don't forget it.

### SIXTY-FIVE GOLFERS PLAY FINAL 36 HOLES

CLEVELAND, O., July 25.—Sixty-five leading golfers of the United States played the final 36 holes for the western golf championship at the Mayfield Country Club today. The titleholder, James Barnes of St. Louis, had a lead of four strokes over the nearest competitor, Walter Hagen, national champion, as a result of the first two rounds in which he scored 69 to 70 to Hagen's 71 and 72. Only two strokes separated Fred McLeod of Washington from Hagen and 33 players took fewer than 150 strokes for the first 36 holes, while the highest score to qualify for the final 36 holes was 160.

### THIRTY-NINE HORSES TO GO AFTER \$5,000

TOLEDO, O., July 25.—Thirty-nine horses are scheduled to go after \$5,000 in the Grand Circuit get-away at Fort Miami this afternoon.

There are four races on the final program of the meeting. The 2:15 trot for a purse of \$1,000 has 13 starters. The feature event of the day, the Fort Meigs \$2,000 stake for 2:12 class pacers, will see 10 ready to take the word. The 2:19 trot for \$1,000 has 11 and the \$1,000 2:04 pace has five listed to go.

### DEMPEY TO BUY HOME IN CHICAGO

CHICAGO, July 25.—Jack Dempsey will be "at home" in Chicago after Monday, friend announced here today. Dempsey, who is now living with his mother in Salt Lake City, Utah, will buy a home here, it was said, and will make the city his home in the future.

The prices of cotton and linen have been doubled by the war. Lengthen their service by using Red Cross Ball Blue in the laundry. All grocers, 5c.—adv.

Bargains, we mean bargains now; not last year, or even sixty days ago. We can sell them. Please phone us your listing. Stehlik & Baber, phone 2331. 57-tfc

## OTHER NATIONAL TEAMS CONTRIBUTING TO GIANTS FIGHT FOR THE PENNANT

By H. C. HAMILTON  
(United Press Staff Correspondent.)  
NEW YORK, July 25.—The National League has made another contribution to John McGraw's struggle to win a pennant.

Yesterday Phil Douglas, one of the best pitchers in the league, was traded to the Giants by the Cubs, who took in return Dave Robertson, outfielder. Recently Branch Ricker traded Frank Snyder, one of the best catchers in baseball, for Ford Scupp, useless pitcher.

Robertson will fill a hole in the Cubs' outfield very nicely. He is an excellent outfielder, but Fred Mitchell neglected to state what he expects to do to plug the hole through the loss of Douglas.

The deal should practically clinch the pennant for the Giants. The weak spot on the New York club has been its pitching staff. Benton and Barnes have worried along practically the entire burden on their shoulders. The transfer of Robertson weakens the Giants not a whit, for he has not played ball for a year, declining to report to New York. He wanted to play in Washington, but an effort to trade him to that club was a failure.

Douglas has been a wanderer since he first entered the National League. First with Brooklyn he was traded to Chicago several years ago and then spent a term in the minors before returning to stardom. His refusal to keep in condition was his main trouble and he seems to have overcome that.

Bargains, we mean bargains now; not last year, or even sixty days ago. We can sell them. Please phone us your listing. Stehlik & Baber, phone 2331. 57-tfc

### TOO MUCH HURRY TO REACH CLUB HOUSE

SHREVEPORT, LA., July 25.—First Baseman Swacina, of the Shreveport club, Texas League, will stay on the field in the future until the last out in the ninth.

With Houston leading 7 to 2 when Shreveport came to bat in the last of the ninth yesterday.

Swacina, leading batter of the loop, went to the showers.

Swacina's turn to bat. He couldn't be found. A pitcher substituted and fanned, ending the game.

## SQUINT AT THE SCORE.

Yesterday's hero—Al Sotheron. He passed Joe Jackson to fill the bases and lost a ball game to the White Sox 1 to 0, when Felch whanged out a single.

Walter Johnson pitched. That's the reason for 1 to 0 in a triumph by the Senators over the Athletics.

The Giants were victors in a base running contest over the Braves 7 to 6.

The Brooklyn and Philadelphia clubs went 11 innings to determine who was better in a 8 to 6 game.

The Yankees piled up a three run lead and then kicked off a ball game to the Red Sox 4 to 3.

The Reds won another victory over the Pirates 3 to 1.

### TWENTY-ONE ADDITIONAL SHIPS ARE DELIVERED

WASHINGTON, July 25.—Deliveries of 21 ships to the shipping board during the week ending July 18, brought the total since the United States entered the war to 1,111 of 4,800,893 gross tons. Of the grand total 506 of 3,379,026 gross tons were steel. The others were wood and composite.

All kinds of real estate. See Wolfe Brothers, 2010 Kemp Blvd. We haven't all of the real estate in town, but we have lots of it and we will try and give you good service. Phone 1347. 58-tfc

## ECUADOR PLANS ELABORATE CAMPAIGN OF EDUCATION

By Associated Press.  
WASHINGTON, July 19.—An elaborate campaign of education has been undertaken by the government of Ecuador to impress on the newly freed peons the responsibilities that go with freedom. It was announced today by Dr. Rafael H. Elizalde, Ecuadorian minister. About 500,000 workmen were given their liberty when the law abolishing peonage recently became effective and the social structure of the state is somewhat disorganized as a result. The law also abolished imprisonment for debt, which made the peons practically slaves as the landowners were forced to pay the debts of a workman before he could secure his services.

The large landowners are reported to be having trouble securing labor for the harvests because the peons do not know what to do with their services and refuse to stay with their former employers to whom they are indebted. No provision has been made for indemnity for the debts of the peon which the employers assumed.

## Citizens of Wichita Falls Have Your Houses Plastered with Hard Wall Plaster

It costs less, more fire proof, more sanitary, more up-to-date, cooler in summer and warmer in winter, and more privacy. For particulars see L. I. Bothum, plastering contractor. Work of Quality by Experience. 1606 Bluff street. Phone 2226. 63-tfc

## MUTE APPEAL IS MADE FOR RATIFICATION

Senator Fletcher Declares Hero  
Crosses Reach Out Their  
Arms For Peace.

PRESIDENT POINTS WAY  
OF HOPE FOR HUMANITY

Expresses Regret That Senate  
Cannot Unite As Did Those  
Around Peace Table.

WASHINGTON, July 24.—"The crosses that speak of heroism and sacrifice, extending from the English Channel to the Swiss border, reach out their arms in mute appeal to the representatives of civilized peoples to see to it that such slaughter, destruction and barbarity shall never again blight the earth," said Senator Fletcher of Florida, speaking in the senate today on behalf of the League of Nations. "The president has pointed the way of hope for humanity and assurance for the world. Shall this senate turn its back and refuse its advice and consent?"

It is due the dead and maimed of all the Allied armies and the bereaved of the home population, he said, that the enlightened nations of the earth should see to it, on the final settlement of terms, that provisions be made whereby never again should any autocrat or military clique be able to pur the "sweet mile of concord into hell."

Expressing regret that the Senate cannot unite, as did those around the peace table, Senator Fletcher criticized opponents of the league covenant inclusion in the treaty.

"They not only oppose the League of Nations plan now before us," he said, "but they are opposed to any kind of a plan. It is not worthwhile to discuss the details of the plan submitted, so far as they are concerned. It could not be made satisfactory to them. They argue that any covenant with other nations, any alliance would mean a certain relinquishment of our sovereignty, a sacrifice in some degree of our independence and they are unwilling to allow either."

Unable to See Danger.  
"I am utterly unable to see any such danger or find any grounds for objections in the terms of the covenant submitted. There would be, of course, some right of free and independent action on the part of each nation under any contract an individual may make. The consideration received is a fair exchange in the one case as in the other. The covenants of all the other nations, the relinquishment and yielding of arbitrary unrestrained action on their part is an important consideration. The concessions, which are mutual for certain and fixed objects, are shared by all for the good of all. The return of what is given up balances the giving."

Pointing to the improvement in facilities for transportation and communication during the past century, Senator Fletcher said that those who held the "isolation idea" took "no cognizance of the progress made in the sciences and arts and ignore the increase in population and expansion which has brought all the peoples of the earth into elbow touch."

Earth Is Compressed.  
"The earth has been compressed," he said, "whether we like it or not, we are involved to some extent in the fates of others."

Discussing detailed objections to specific sections of the treaty, Senator Fletcher said many of the authors of objections were prompted by personal animosity towards the President and others by partisan bitterness, while both groups desired to paralyze his leadership at whatever cost. Others doubted because they lacked vision and did not grasp the subject, he said.

I venture the prediction that in all the years to come, in actual practice, military force will not be necessary to

## TELEGRAPH TABLOIDS

They Got a Change.  
EL CENTRO, CALIF., July 25.—Imperial county wanted war taxes. The board of supervisors ordered all county assessments doubled and the tax rate cut in half.

Was So Recorded.  
PORTLAND, ORE., July 25.—P. D. Pinkerton isn't ashamed of his profession. When arrested for speeding he started the officer by saying he was a bootlegger and "bootlegger" it stands on the blotter in green ink.

Joke Not There—For Him.  
SAN FRANCISCO, CALIF., July 25.—Lester Chapman wasn't a good sport at all, his wife charges in her divorce suit. Disguising her voice, she phoned him and heavily veiled, she went joy riding with him. When she unveiled he couldn't see the joke.

Atmosphere Will Blaze.  
LINCOLN, NEBR., July 25.—A "hot air contest" for automobile salesmen is one of the main events scheduled for the annual picnic of the Lincoln Automobile Club.

Wife Locked Out.  
YPSILANTI, MICH., July 25.—Introducing Daniel Gough, modern economist and disciple of Andy Cump. "He persists in locking the pantry and ice box," Mrs. Gough petition for divorce read.

Laughs at Locksmith.  
HUGO, OKLA., July 25.—Love has uttered at the locksmith again. Tired of being outside looking in, M. F. York took a minister with him and married Maggie Bailey, jailed on a vagrancy charge.

restrain any law breaking nation," he said, in urging efficiency of the barriers against war which he said the league would erect.

The co-operation of all other nations to completely isolate such a nation and to refuse all intercourse or communication with it, will be sufficient.

Just to beat that muckraker to it, here's the reason.

Golf.  
And a story to prove it.  
A Senate page, son of a senator's secretary, said to his dad:

"Senator Edge certainly has a lot of influence for a new senator. Why he called Senator Cummins down out of the presiding officer's chair, and got Senators Elkins, Gay, Hitchcock, and I don't know who all, and they went out to play golf right while the Senate was in session."

Among the harmless hobbies of legislators, none, says Senator McNary of Oregon, is more interesting than his. "It affords so much variety, and not a few surprises," said McNary, telling about it.

His hobby is hunting Sunday diners. Not a country hotel or old time tavern within many miles of Washington has escaped McNary. Whenever he hears of a new place, he's off to try it. The other Monday he came to the Senate indignantly.

"Found a new place yesterday," he explained, "and they charged me \$2.50 for a chicken dinner. Worst of it was, the chicken appeared to have been chased up and down, around and over the adjacent Blue Ridge mountains until it was all toughened up before it got into the \$2.50 class."

We have the largest orchard in North Texas. You are surely to find the kind of peaches that will suit you if you drive to the Rigby Orchard, two miles north of Thorberry Gin.

A California inventor has patented a pan which can be attached to any broom to catch its sweepings.

## LITTLE INTEREST IN NEW TERMS OF AUSTRIAN TREATY

NEWSPAPERS SAY WORLD WOULD  
TREAT AUSTRIA AS BIG  
STATE

HAS LOST MUCH TERRITORY

Say Hundreds of Thousands Are Sure  
to Die of Starvation During the  
Winter

By Associated Press.  
VIENNA, Thursday, July 24.—The  
new terms of the Austrian peace treaty  
are making no special impression on  
the general public. The newspapers,  
however, remark that the world is  
still attempting to treat Austria as a  
great state instead of one which has  
lost five-sixths of her territory and  
has been reduced from a great empire of  
55,000,000 persons to a small one of  
3,000,000. They are facing a winter in which hundreds  
of thousands are sure to die of famine  
or cold. The Neue Freie Presse says:  
"The Allies wish to force Austria into  
bankruptcy and thereby get a prior  
claim on her income which will be ap-  
plied to damages and indemnities."

Dr. Karl Renner, the German-Austrian  
chancellor and head of the peace  
delegation which visited St. Germain,  
in an interview published here, says:  
"We are invited to an American  
duel" that is, we have the option of  
shooting ourselves or of being shot.  
Within the next ten days the Austrian  
delegates must furnish proofs that  
Austria is willing to pay with assets  
which are non-existent.

Dr. Alfred Tresselt, managing director  
of the Anglo-Austrian bank, said  
today to the correspondent:  
"Without food and coal."

"Since the war Austria has been  
stripped gradually of her possessions  
until she is now deprived of what  
other countries consider necessities of  
life as she is without food and with-  
out coal. The only solution for our  
people is emigration."

"With a gold reserve of possibly  
three hundred million (crowns) we are  
expected to redeem bank notes in for-  
eign countries totalling from five to  
seven billion, mostly held in Germany.  
Of forty-one billion bank notes printed  
in the empire we now have five to  
seven billion."

"Whatever the peace terms they  
probably will not be executed, as any  
commission sent here to supervise their  
execution will discover that it  
cannot be done."

### LIGHT PLANT HAS MACHINE TROUBLE TODAY

Trouble on one of the large ma-  
chines at the Wichita Falls Light and  
Power Company's plant Friday morning  
cut off power in the city for an  
hour or more and interrupted street  
car traffic throughout the morning. It  
is hoped to have the repair of the  
machine completed by Saturday morn-  
ing. In the meantime power will be  
available only for the operation of  
three street cars. Two companies are  
on the factory line and one on the  
Southern line.

F. N. Lawton, manager for the light  
and power company, said that every  
effort was being made to have the  
machine in operation as the very ear-  
liest moment possible and that it was  
hoped to have this done so that power  
could be furnished for the full opera-  
tion of the street cars tomorrow.

"Notice to Everybody."  
Wanted, 1000 people to call 1644,  
when a messenger boy is needed. Day  
and Night Messenger Service. 63-3tp

Experiments are being tried with  
an internal combustion engine that is  
driven by the explosion of dust.

## Troubles of Three Years' Standing Are Now Ended

Miss Marcia Barlow, 1917 South  
Henderson, Fort Worth, Texas, a well  
known telephone operator for the  
Southwestern Telephone and Tele-  
phone Company, doesn't like to say  
that Orgatone has relieved her of  
troubles that have bothered her for  
three years and that she knows from  
experience it's the finest treatment  
ever brought to the state.

"I had fallen off several pounds in  
weight when I started on Orgatone  
and I had stomach trouble and nerv-  
ousness for at least three years," she  
said, "in fact every since I had a se-  
vere attack of malaria fever, but Orga-  
tone has made me gain in weight al-  
ready and I feel better than I have  
felt in a long time."

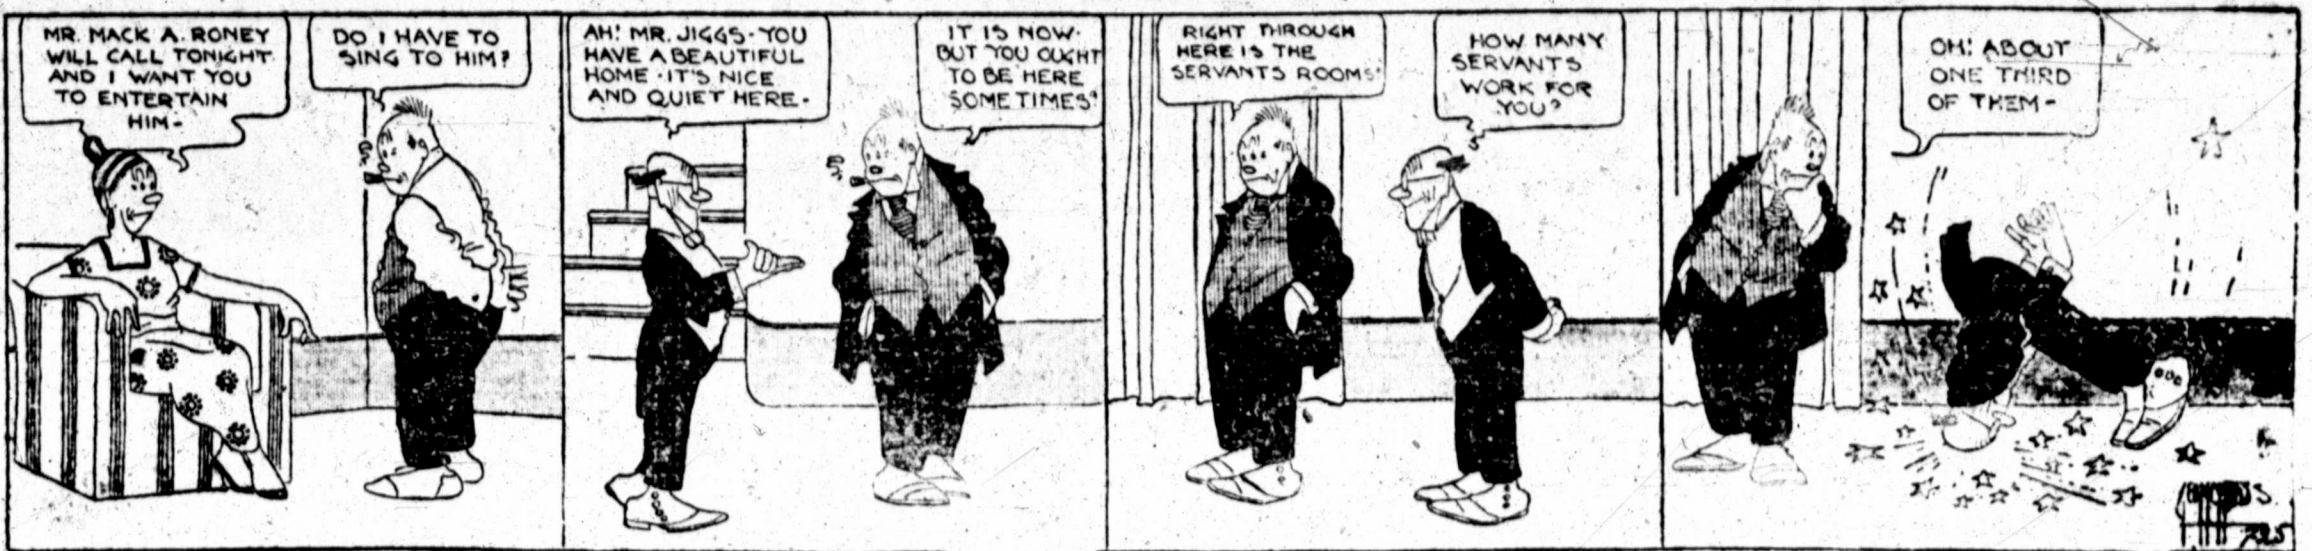

"I would have awful nervous spells,  
and at times my head aches would  
be so bad I could hardly stand it.  
During these three years I just seem-  
ed to go from bad to worse. My dis-  
position was so poor that when I ate  
anything it did not seem to do me  
bit of good, and I felt bad all the  
time."

"Honestly, I didn't want a thing to  
eat. For three years I just had to  
force my food down my throat. I got  
mighty little rest when I was in this  
condition for I never knew what it was  
to get a good night's sleep. All night  
long I would toss about and it seemed  
like morning would never come. I was  
so blue and had so little energy I  
lost all interest in things and finally  
it seemed like I would be forced to  
give up my work."

"I began to get better almost as  
soon as I had taken my first few doses  
of Orgatone. I want to say right here  
and now I feel like a different person.  
My nerves are greatly improved. I  
sleep like a top all night long. My  
appetite is just fine and I eat things  
I haven't dared to eat for a long time,  
and it doesn't hurt me one bit. I don't  
have those awful pains any more. The  
truth is I haven't felt a pain of any  
kind since I started on Orgatone. My  
general health has improved so much  
and I am growing so much stronger.  
I tell you, I feel brighter and better  
than I have ever felt before."

"This Orgatone has just changed  
my whole life. I am going after my  
work with the same spirit as I have  
done in years, and taking long walks  
without getting tired. You can tell  
the people that Orgatone has done the  
whole thing. I'm glad I can say that  
and truthfully that Orgatone is the  
best treatment I have ever taken."  
Orgatone is not a so-called patent  
or secret remedy, but a new scientific  
treatment absolutely free from alcohol  
in any form and is sold in Wichita  
Falls exclusively by the T. F. Young  
Drug Company, corner Ninth and In-  
diana, under the personal direction of  
a special Orgatone representative.  
Other agents are Clark Drug Com-  
pany, Burkburnett.

## "BRINGING UP FATHER"

## Oil News

### C. E. GILMORE IS COMING SATURDAY FOR CONFERENCE

SECOND VISIT IN CONNECTION  
WITH SITUATION AT  
BURKBURNETT.

NO RULING IS YET RECEIVED

Question of Common Carriers Re-  
mains An Unsettled Issue in  
Local Situation.

Clarence E. Gilmore, of the State  
Railroad Commission, will be in Wich-  
ita Falls on Saturday, according to a  
message received by J. L. Mildren,  
conservation officer of the Commis-  
sion. This is Mr. Gilmore's second  
visit to Wichita Falls in connection  
with the situation in the northwest  
oil fields.

No ruling has yet been received by  
Mr. Mildren from the railroad com-  
mission regarding what lines are to  
be considered common carriers. Con-  
sequently there has been no action  
taken on protesting the oil runs. Thurs-  
day W. D. Cline, the president of the  
Texas section of the Mid-Continent  
Oil and Gas Association, who has been  
giving Mr. Mildren and the commis-  
sion assistance in the efforts made to  
prevent waste in the Wagoner pool,  
joined Mr. Mildren in sending a tele-  
gram to the Commission requesting  
again a ruling on the common carrier  
question.

The suggestion that no, as all lines  
were declared common carriers and  
as such had their runs prorated, none  
of the lines being prorated, was contain-  
ed in this telegram. Unless all lines  
in the field were considered as com-  
mon carriers and under the jurisdic-  
tion of the Commission, an injustice  
would be done some of the producers,  
it was said.

Retaining a deputy in the field at  
all times to prevent waste was also  
suggested in the telegram, as the most  
efficient manner of solving the prob-  
lem. The situation is already some-  
what improved, it is stated, and since  
the attorney general has ruled that  
the commission has jurisdiction only  
over actual waste of oil, it appears  
that the plan to control waste by a  
deputy of the Commission on the  
ground is all that remains to be done  
by the Commission.

### ROTARIAN PUBLICITY IS BRINGING MANY INQUIRIES

Many responses inquiring for infor-  
mation as to the advantage of Wichita  
Falls as a jobbing point, and as to  
opening for other lines of business,  
have been received by the chamber of  
commerce from a letter sent to the  
delegates who attended the interna-  
tional Rotary convention at Salt  
Lake City. One of these inquiries  
is from a large wholesale paint and  
glass house which is looking for a  
location for a large branch in Texas.  
The data asked for is being compiled  
by Miss M. R. Kerr, acting secretary of  
the chamber of commerce, who is ur-  
ging a personal inspection of the possi-  
bilities of this point.

### RECORD TIME IS MADE ON GAY HAMMOND WELL

The record of fifteen days from the  
time of beginning until the well was  
completed is reported as set by the  
Gay Hammond No. 1 Wagoner, Block  
57, reported as a 3,000 barrel well, in-  
itial production. This well was drilled  
by Mr. Hammond's own rig and crew,  
for which the title of "best in the  
country" is claimed by these inter-  
ested, and who of course have a right  
to know.

Twenty-two implements can be  
constructed with the units of a com-  
bination tool of English invention.

### FOR SALE

Well improved farm of 218 acres,  
near Thornberry. 100 acres in cul-  
tivation. Three deep tests going down  
near this place. 15 acres leased at  
\$100 per acre. Buildings include good  
4-room house, large grainaries, barn,  
barn, milk house and various other  
out-houses. Good well and spring  
water. 40 acres of wheat in shock  
and 10 acres of corn included. Price  
\$125 per acre.

Peeler Realty Company

### CHARTER COMMITTEE WILL MEET TONIGHT

Organization of the charter com-  
mittee will take place tonight when  
the initial meeting is held in the of-  
fice of Judge R. E. Huff, one of the  
committees. In the First National  
Bank building. Several other mem-  
bers of the city council, besides those  
on the charter committee, as well as  
members of the committee on public  
affairs of the Rotary club, are ex-  
pected to meet with the charter com-  
mittee at this session.

### WANTS DAMAGES FOR DESTRUCTION OF CROP BY OIL OPERATIONS

Damage in the aggregate of \$10,000  
to cover damage to crops, fences,  
water tanks and the destruction of  
stock, etc., is asked by G. C. Rhodes,  
tenant on the J. B. Evans 720 acre  
farm in the Wagoner pool from J. B.  
Evans and a number of the most prom-  
inent oil companies in the Wagoner  
district in a suit filed in the 75th dis-  
trict court.

The plaintiff alleges that in his  
lease contract with Evans made the  
first of the year, the latter agreed  
that in case the land was leased for  
oil purposes the parties to whom it  
was leased would protect him from  
loss and damage on account of the  
oil operations. He declares in his peti-  
tion that the crops which he had  
planted were ruined and that he did  
not have an opportunity of planting  
crops in the rest of the land, that the  
pasture was ruined, that his  
stock allowed to stay and that the  
water was sold from the stock tanks  
for drilling operations.

### NORTH TEXAS OIL CO. REPORTS 4000 BARREL WELL IN BLOCK 74

The North Texas Oil Company re-  
ports it's No. 1 Vogel, in the center  
of Block 74, completed on Wednesday.  
Offices of the company, Colorado  
partly stated that the initial pro-  
duction was estimated at 4,000 barrels.  
The same parties are interested in  
the Fort Hollis Oil Company, which  
has a well on the Vogel quarter sec-  
tion, drilling around 1700 feet.

nights of each month at new Oil Fellows  
hall, 706 1-2 Seventh. Mrs. E. L. Richard-  
son, Secretary.

## NEW PIPE LINE TO BURKBURNETT WILL BE RUSHED THROUGH

ARDMORE, OKLA., July 25.—Pre-  
parations for laying the right-of-way  
line from Burkburnett to Healdton by  
the Empire Pipe Line Company, are  
well under way, and it is thought the  
actual pipe laying will be started with-  
in the next two weeks. A tract of  
forty acres, located a mile and a half  
north of the Empire loading rack at  
Burkburnett, has been selected by pipe  
line officials for a pumping station  
site. This tract, just south of Red  
River, contains ample space for the  
station as well as for the eight dwell-  
ings which will be erected.

Camp equipment for a gang of 100  
construction men has been shipped  
from Caney to Burkburnett in pre-  
paration for work, and a representa-  
tive of the purchasing department will  
be sent here in a few days to supervise  
the buying of supplies for the new  
line.

Because of a congestion of freight  
an embargo has been declared by the  
railroad at Burkburnett, and this will  
add to the difficulty of laying the pipe  
line, since the material to be used is  
too heavy to be hauled across the  
river by trucks or teams. Officers of  
the pipe line company are confident,  
however, that the line will be put  
through in record time.

The first carload lots of pipe were  
loaded last Friday at Augusta and Oil  
Falls, where a considerable quantity is  
in storage.

As no railroads paralleled the proposed  
line, which will run in general east-  
west direction, the material will be  
routed at widely separated points for  
distribution.

The route for the telegraph line,  
which will follow the line of the Burk-  
burnett to Healdton, has been selected  
and 2,500 poles have been ordered for  
the line. Other materials needed  
also are on hand or have been ordered.

## INVENTIVE GENIUS MAKES CALOMEL DELIGHTFUL

Calomel, the Most Valuable of Drugs,  
Now Purified From Its Unpleasant  
and Sickening Qualities — "Calo-  
tab" the New Name.

The medicinal virtues of calomel  
are in no way connected with its hau-  
sating and dangerous qualities, as is  
proven by the fact that the new calo-  
mel tablet, called Calotabs, is free  
from objectionable effects yet retains  
all of the liver-cleansing and system  
purifying qualities of the old-style  
calomel. For biliousness, constipation  
and indigestion, and wherever calomel  
is essential, the new de-nauseated calo-  
mel tablet is a practically perfect  
remedy.

To inspire public confidence in this  
new discovery the manufacturers have  
authorized druggists everywhere to re-  
fund the price if the customer is not  
"perfectly delighted" with Calotabs.  
Sold in original packages, sealed. Price  
thirty-five cents. One tablet at bed-  
time, with a swallow of water. No  
taste, no nausea, no griping, no salts.  
You wake up in the morning with a  
clean liver, feeling fine, and a hearty  
appetite. Eat what you please—no  
restriction.

DELCO-LIGHT  
The Complete Electric Light and  
Power Plant.  
Self-starting. Stops automati-  
cally. So simple a child can  
operate it.

## EYES

When the letters blur, it's  
nature's warning that some-  
thing is wrong with the  
eyes. Good eyes mean a  
living to most of us—and  
can't be neglected. An ex-  
amination will show wheth-  
er they are actually dis-  
eased or merely tired out.  
Come in for a test.

Art Jewelry Co.  
OPTICAL PARLOR, KAHN BLDG.

## MANING COMING TO TAKE UP WORK ON CONSERVATION

Special to The Times.  
WASHINGTON, D. C., July 25.—Van  
H. Manning, director of the bureau of  
mines, will visit Wichita Falls and  
other Texas oil centers the middle of  
next month. Headvised Representa-  
tivelanham that he will be in Fort  
Worth August 11, and after that he  
will go to Wichita Falls, where the  
bureau of mines will open its office  
and establish headquarters while  
making investigations and co-operat-  
ing with the oil producers in meth-  
ods of conservation and improvement  
in oil development work.

## New Things Every Day

## NO ACTION ON THE REQUEST OF BROKERS TO USE OHIO AVENUE

MATTER DISCUSSED AT LENGTH  
AT COUNCIL MEETING LAST  
NIGHT.

### SOME FEELING IS INJECTED

City Attorney Advises That Ninety  
Days Will Be Required to Change  
Ordinance.

After discussion that at times threatened to get rather heated, the council last night passed over without action a petition signed by the majority of the business men on Ohio avenue asking that the curb brokers be given part of the parking space on that street for their operations. The petition was presented by C. W. Snider and W. R. Duke, of a committee from the Wichita club, with Albert W. O'Neill, representative of the curb brokers. The proposition was warmly opposed by T. B. Smock and A. E. Myles of the Public Affairs committee from the Rotary club.

Only one member of the council took an active part in the discussion last night. Alderman H. F. Weldon, Mr. Weldon opposed the action asked by the petitioners, holding that the council had no right to set aside any part of the street for any other purpose than for use as a medium of public travel.

"If every man in the Wichita club, every man in the Rotary club, and every man in Wichita Falls petitioned me to cast my vote for this proposition, I would still vote against any proposition to use your streets for any other purpose than that for which they were dedicated, as I think we would be giving away a right that is not ours to give," said Mr. Weldon.

Ninety Days Required.  
No action that the council could take on the matter could go into effect much under 90 days, according to an opinion advanced by Ralph Mathis, city attorney. This opinion was given in response to a question by A. E. Myles just before leaving the council room.

"You will have plenty of time to call a referendum on the matter if we decide to take the action asked by the brokers," said Dr. J. F. Reed, mayor pro tem, who presided.

At one time, while A. E. Myles was speaking in opposition to the request, the debate threatened to carry on their feet. Mr. Myles was taking exception to a remark by Albert O'Neill, broker, who preceded him on the floor, who stated that of the three business houses on Ohio who declined to sign the petition of the brokers, one was one of the owners of a cafe, who stated that his reason for not signing was that if he did the women of the civic league would make life unbearable for him with sanitary inspections.

Terms It Good Reason.  
"I think he has just given one of the best reasons why these people should not be allowed to carry on their business in Wichita Falls," said Mr. Myles. "I consider it an insult to the women of this town to intimate that they would be unscrupulous as to take out a spite by an unjust and dis-

Would She Refuse Our Candy?

## CERTAINLY NOT

That is, if she really likes good candy, because our candy is the finest produced and, by the way, is put up in the most attractive packages. If she likes the outside of the box, she will love the inside more. Take her a box tonight, though they are just as appealing in the day time, of course. A box at the movies—that isn't a bad suggestion.

## NATION-WIDE EXHIBIT OF THE RESOURCES OF WICHITA COUNTY

Wichita Falls' representation will fill a special Pullman car on the excursion of the West Texas chamber of commerce through the middle West. If the present plans of Porter A. Whaley, secretary of the West Texas chamber of commerce, materialize, Mr. Whaley was here yesterday conferring with Miss M. R. Kerr, acting secretary of the local chamber of commerce, in the absence of Secretary Harrison, on plans for the Wichita Falls representation on the trip.

Mr. Whaley has secured the services of George Graham of Fort Worth, who arranged the Texas exhibit at the St. Louis Exposition in 1904, to arrange the agricultural and oil exhibits to be carried on this excursion.

These exhibits, which will fill two baggage cars of the excursion train, will be arranged in portable form in order that they can be taken out and shown at the various State fairs which will be in progress in the places visited at the time the excursion party is there.

The excursion is planned to start about the middle of September. Texas, Arkansas, Little Rock, Memphis, Nashville and Louisville will be the only Southern cities visited. The excursion will then take in the principal cities in Ohio, Indiana, Michigan, Illinois, Wisconsin, etc.

range the agricultural and oil exhibits to be carried on this excursion. ## DR. VINSON MAY ADDRESS ROTARIANS ON NEXT TUESDAY

Dr. R. E. Vinson, president of the University of Texas, and governor of the twelfth district, International Rotary Clubs, will probably be a guest of the local Rotary Club at a luncheon Tuesday of next week, it was announced at yesterday's meeting of the Rotary Club. Next week's meeting will probably be on Tuesday instead of the usual day, Thursday, as Dr. Vinson has already accepted an invitation to be with the Amarillo club on Thursday of the same week.

The peach movement will not last long this year. We urge you to come to our orchard soon if you want the best fruit. We promise that you will not be disappointed in the quality at the Rigby Orchard, two miles north of Thornberry Glen.

Peru is steadily increasing its production of gold, which now amounts to about \$1,000,000 a year.

mediately, will retard the work of clearing and grading the ground, and make it impossible to finish this work this week, as the North Side workers had hoped.

NEW SUITS ARE FILED.  
The following suits have been filed in the 78th district court: Santos Macias vs. Felipe A. Macias, divorce; J. D. Nance vs. Wichita State Bank, garnishee in suit against H. C. Blum.

HUNG JURY IN CASE  
IN THIRTIETH COURT  
A hung jury was the result of trial in the 30th district court of the case of Mrs. Molly L. Holley vs. S. E. Gabbert et al, suit to cancel oil and gas lease on a 200 acre tract out of the Bryant Brown Survey No. 808. The jury stood 6 and 6, and being unable to reach an agreement, were discharged by Judge Bonner.

CHARGED WITH VIOLATING  
PROVISION OF MANN ACT  
J. E. Moon, charged with violation of the Mann act in transporting a woman from a point in Oklahoma to Burk Burnett for immoral purposes, was admitted to bond in the sum of \$750 after a hearing before J. A. Lantz, United States commissioner.

Although most of the squatters who were on the land have moved, some remain, who if not removed immediately, will retard the work of clearing and grading the ground, and make it impossible to finish this work this week, as the North Side workers had hoped.

**AN ADJUSTMENT OF VALUES**  
We are asked a good many times, "Why the high price of coffee?" There are, of course, many contributory reasons. Among them: The frost damage in Brazil last August. The fact that Europe has had practically no coffee for four years, and the surplus in the United States is practically nil. Prohibition is also a factor. But the REAL REASON is an adjustment of values among commodities. A few years ago Rio sells for 5 1/2 cents per pound, so did cotton. Now cotton sells for above 30 cents and Rio sells for twenty-two. Wheat used to fluctuate between sixty-five cents and a dollar, and is now two-twenty. So it stands to reason the Brazilian can't take the old prices for his coffee and get by. Coffee is still the cheapest commodity of consumption—and the last to advance.
