

GOOD TURNOUT

City Votes 94.5% For Water Bonds

Sunday is the show date for the area's newest feedlot, as Cattle Town, Inc., near Summerfield in Parmer County, rolls out the red carpet. The feedlot, with a capacity of 20,000, and with 6,000 cattle already on feed, adds those figures to the county's already-impressive totals. The only county in the area which has a greater one-time feedlot capacity and number of cattle on feed than Parmer County is Deaf Smith County. And, although another feedlot is under construction in Parmer County, our neighboring county has two new ones going up.

Maize Days is just around the corner, now that August is here, and one planning meeting has been held by the 1969 committee.

Businesses planning to sponsor queen entries should be thinking about the girl they would like to enter in the contest, and ask her as soon as possible. This gives the girls more time to work on her talent act. The Volunteer Fire Department has ordered all new banners to be used for street decorations for this year's celebration, which will be a nice addition to the celebration, we're sure. The Department pays for the banners through charging the local businesses for their use.

The committee is also seeking a theme for the 1969 celebration. Anyone with a suggestion is invited to call us at the Star, 247-2211.

With the beginning of professional football exhibition games, thoughts begin turning to the gridiron sport, and while the season for the Friona High School Chieftains is still more than a month away, the preliminaries are about to begin.

For instance, in less than a week the varsity players will check out their shoes and socks (August 13), and they will begin workouts the following Monday, August 18.

Coach Bob Owen and his staff will have some big shoes to fill, such as all-district performer Tony Perea's. The graduated star set a one-season rushing record last season by gaining 1761 yards. He also scored 110 points just shy of Doug Dodd's school record of 114.

However, the Chiefs will have some capable returning lettermen, so that it appears that local football fans will again be able to watch an interesting team.

Traditional rival Farwell helps kick off the season, as they visit Friona on September 12. The game also falls during the Maize Days celebration. A complete schedule for the varsity, B-team, freshmen, as well as seventh and eighth grade teams appears elsewhere in this issue, presented by five sports-minded local businesses. Football fans, moms and dads are welcome to clip the schedule out for future reference.

We welcome Doug Dodd, former Chieftain star, to the coaching staff. If Doug puts as much effort into his coaching work as he used to in his playing, then he should make Coach Owen a good hand.

With the beginning of school rapidly approaching, we thought we'd pass along the following gem, entitled, "A College Poem," from the Claremont, Minn., News:

"When I was a student I was quiet, I didn't protest, I didn't riot, I wasn't unwashed, I wasn't obscene, I made no demands of prey or dean, I sat in no sit-in, I heckled no speaker, I broke not a window, Few students were meeker, I'm forced to admit with some hesitation, all I got out of school was an education.

Friona voters gave the proposed water amendment a fantastic 94.5 per cent approval in what was considered a good turnout here Tuesday.

With just over 40 per cent of the eligible voters turning out, Friona gave the Texas Water Plan approval, 413 votes to only 18 votes against it.

Countywide, the percentage was about the same, as the water amendment received 1005 votes to only 75 against it, or 93.6 per cent approval.

Friona voters went against only one amendment—number three, the proposed raise for legislators, by a 214-193 count. Number nine, for annual rather than semi-annual sessions, got a one-vote margin, 201-200 from local voters.

In county totals, voters went against number 3 (pay raise), 590-417; number six (bond issue), 492-479; and number nine (annual sessions), 542-446.

A total of 437 voters turned out in Friona, which amounted to 40 per cent of the county's total of 1091.

A summary of how Friona voting went is as follows:

BY CITY DADS

Tentative Okay Is Given City Budget

The Friona City Council gave tentative approval Monday to a \$313,091 budget for the city for 1969-70.

The budget represented an increase of around four per cent from the \$299,848 budget of 1968-69. It was recommended that the tax rate remain unchanged at \$1.30 per \$100 assessed valuation.

The increase will be taken care of by new property taxes, as some \$699,018 in new property has been added to the city's tax roll. Also figuring into the 1969-70 budget is an increase in the water route structure and water meter installation charges.

Final adoption will come at the council's meeting on September 8, when the city dads will

pass an ordinance adopting the budget.

In other business, the council reviewed an annual report from the Municipal Library, which showed that approximately 6,779 books are now owned by the library.

Other statistics contained in the report were the following: 10,291 books checked out during the year; 988 registered readers; 87 new readers; 507 books purchased; 285 books donated; 21 books given as memorials; 300 books loaned by the State Library; 287 books loaned by the Bookmobile; and 168 books loaned by the Amarillo library.

The library had 4,470 patrons during the past 12 months. New equipment was added during the

year, giving the library many usable items. An expansion is currently underway to give the library the entire bottom floor of the American Legion building.

Bookmobile Hours

On Thursday, stops are scheduled at Oklahoma Lane (9:50-10:50); Rhea (12 noon-1:30 p.m.) and Black (2:30-3:30 p.m.)

Friday, the Bookmobile stops at Hub (8:45-9:45); White's Elevator (10-11 a.m.); Lazbuddie (12 noon-1 p.m.) and Clay's Corner (1:15-2:15).

Saturday is the day for the Bookmobile's regular stop in Friona at the City Park, from 1-4 p.m.

CASTS VOTE—Mrs. Lloyd Mingus is shown casting her ballot in the Constitutional Amendment election in Friona on Tuesday. A total of 437 people voted locally, representing 40 per cent of the registered voters. This was far and away a better percentage than turned out statewide.

TOUR PLANT—Bill Gilbert, assistant manager of Missouri Beef Packers, left is shown making a point to Elbert Harp, Abernathy, executive director, and A.W. Anthony, Jr. president of Grain Sorghum Producers Association during a tour of the plant last Thursday. Some 36 members of the GSPA Board of Directors made the tour.

CATTLE TOWN

New Feedlot Sets Open House Sunday

Parmer County's newest cattle-feeding installation, Cattle Town, Inc., located between Black and Summerfield off Highway 60, will hold open house for the public to see its facilities on Sunday, between the hours of 2 and 5 p.m.

The new facility has pen space for 20,000 cattle, and already has 6,000 cattle on feed.

The new lot gives Parmer County pen space for approximately 170,000 cattle, and an estimated 137,000 cattle on feed at the present time.

Managing Cattle Town is Henry (Hank) Winter, who came to the area from Bakersfield, California. He has been associated with the cattle industry for the past 20 years.

The mill at Cattle Town features "continuous flow" rather than "batch" mixing. The mill is electronically controlled. The mill has a 65-ton capacity, which means it could feed 45,000 cattle daily if needed.

"We think we have the best feed mill in the Panhandle. We have a tremendous facility, and know we can do a good job of feeding," Winter says.

Cattle Town, Inc. began feeding cattle on June 19, just 179 days after the venture was announced.

The mill was built by Thompson & Gill of Madera, Calif. Lewellen and Matlock County.

struction Co. constructed the office, shop building and scale house. The office is carpeted throughout.

Parmer County Pump Co. of Friona drilled the wells. Electrical service is provided by Deaf Smith County Electric Cooperative, Inc.

Ellis Tatum, Tommy Tatum, Fern Barnett, and Wesley Barnett are the Parmer County residents who are stockholders in the venture. Others were Kenneth Christie, Chester Wiggins, A.R. Dillard, Lalter London, Floyd Cole, Rocky Lee, Bob Owen, Bev Vigeland James Higgins, all of Deaf Smith County.

Schedule Given For Beginning Of School

Superintendent of Schools, Alton Farr this week released the schedule for the beginning of the 1969-70 school term.

The first day of classroom instruction will be Tuesday, August 26. Enrollment for grades six through 12 will be held on Monday, August 25.

A general faculty meeting has been scheduled for Friday, August 22, at 8 a.m. at the High School Cafeteria.

High School students will enroll beginning at 9 a.m. on August 25 at the High School Auditorium. At the same time, seventh and eighth grade students will enroll at the junior high school auditorium.

Sixth grade students will enroll beginning at 10:30 on the 25th at the junior high school auditorium.

Pupils in grades one through 5 will enroll on the first regular day of school.

All new students in Friona schools for the first time, regardless of grade, are asked to enroll at their respective principal's office during the week of August 18 through 21, between 9 a.m. and 3 p.m. All first grade students who have not filed a birth certificate with the primary school should do this during enrollment week or the first day of school.

Regular bus routes will be run on August 26 and the school lunch rooms will begin operation that day. Lunch prices are the same as last year, 40¢ for elementary and junior high pupils and 45¢ for high school pupils and teachers.

Building Activity Slow During Month

Only two building permits were issued by the City of Friona during July, the slowest month for building during 1969. The permits represented construction estimated to be worth \$14,500.

The totals included a new residence to be built by John Craig for Patricia K. Jones at 1108 W. 4th at an estimated \$12,000. Also included was an alteration to a residence, estimated to cost \$2,500.

The month's totals compared to \$61,200 in construction listed by the city office during June. It brings the total construction for 1969 to \$679,600. The figures are still within reach of the 1968 totals, but fell behind the pace slightly.

Similarly, two new water taps were made during the month, also the slowest month for the calendar year. The two new taps brought the number of active water taps to 1170.

In other records released by City Manager A. L. (Jake) Outland, it was shown that water usage for July hit 32,878,600 gallons—the largest consumption for the year. The average usage per day came to 1,060,600 gallons.

Rainfall measured 2.32 inches, and fell on nine different days.

Two new sewer taps were made during July, to bring the number of active taps to 1128. Four stoppages were cleared, two requiring tap renewals.

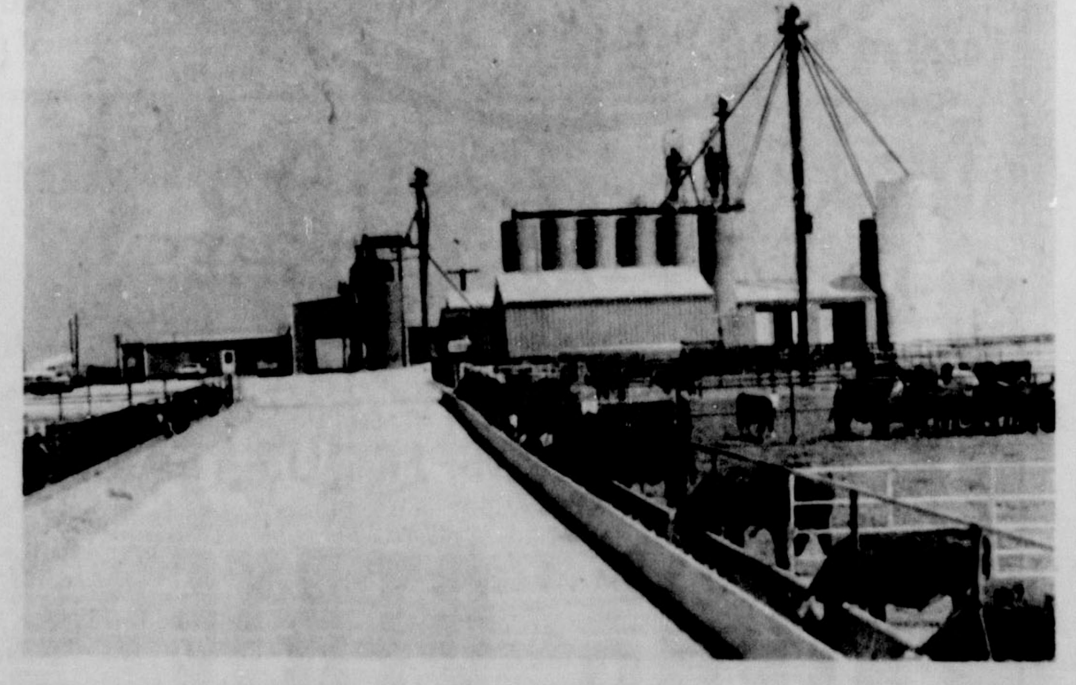

The fire department reported only two alarms during the month. Both were outside the city limits. One was an ammonia explosion at the S.H. Osborn farm July 8, causing an estimated \$1,000 damage, and the other was an automobile which overheated on East Highway 60

July 14, for an estimated \$60 damage.

Thirty-one arrests were reported during the month. Twenty-two were traffic violations; four were for drinking in public; two for breaking and entering; and one each for being drunk in public, discharging fireworks and house burglary.

Ten complaints were investigated. Four were for vandalism; two each on thefts and disturbances, and one each on a prowler and breaking and entering.

Four accidents were investigated, resulting in two injuries requiring hospitalization.

SETS OPEN HOUSE—Cattle Town, Inc., the newest feedlot in Parmer County, will hold open house for the public Sunday between the hours of 2 and 5 p.m. Located between Black and Summerfield on the south side of Highway 60 and the Santa Fe tracks, the yard presently has a capacity of 20,000 cattle.

AND DISCUSSION

Editor Attends Dinner At Governor's Mansion

Friona Star editor Bill Ellis was one of three weekly newspaper editors from the Panhandle who attended a dinner at Governor Preston Smith's mansion Monday night, and discussed with the governor pertinent business of the legislature, including the tax program.

Some 50 weekly newspapermen from across the state attended the invitational function, which was the fourth hosted by the governor. Earlier, the state's leading businessmen, daily newspaper publishers, and television and radio leaders have been guests at the mansion.

Smith pointed out to the group the state's commitments regarding taxes, and heard the group's views concerning additional taxes. He said he would look seriously at a one-year budget should the annual sessions amendment pass on Tuesday.

The governor favors raising the general sales tax from three to three and one-half cents, and extending the sales tax to alcoholic beverages, boosting the cigarette and motor vehicle tax and imposing a temporary in-

crease in the corporate franchise tax.

Following the Monday night meeting, Smith stated that the session was "one of the most productive" which he has hosted.

Ellis is president of the Panhandle Press Assn. and a member of the advisory board of the Texas Press Assn.

Friona Flashbacks

...from the files of the Friona Star

40 YEARS AGO—AUGUST 9, 1929

A 76th birthday celebration was held last week for A. N. Wentworth, one of Friona's oldest citizens, both as to years of residence here and to actual years of life.

Mr. Wentworth is one of Friona's pioneer citizens, having come to this place when the town started over 20 years ago. He is a native of Iowa, and his children still live in that state.

35 YEARS AGO—AUGUST 10, 1934

It appears that no one knows for a certainty whether or not Federal Highway 60 will be hard surfaced across Parmer County or even any part of it. There is speculation that something is about to happen on the project.

Wheat was 93 cents and maize \$1.45 in Friona.

30 YEARS AGO—AUGUST 11, 1939

Some 17 residents of Parmer County attended a Highway 86 banquet given by the people of Silverton last Tuesday. The route for the highway has been established, and the county commissioners' court is securing right of way. It is the purpose of the association to push the paving of the road throughout its entire length at the earliest date possible.

25 YEARS AGO—AUGUST 4, 1944

Citizens of the Lakeview School District, southeast of Friona, have made application for consolidation with the Friona Independent School District, and a petition has been filed calling for an election in both districts to establish the fact as to whether or not the consolidation may be made.

20 YEARS AGO—August 5, 1949

Fire completely destroyed Will G. Harris' place three miles northwest of Summerfield on Goathead Prairie Tuesday night. The house was built in 1909. Mr. Harris woke up about 12:30 to discover the fire, and saved his important papers.

15 YEARS AGO—AUGUST 5, 1954

The Tri-County Elevator at Black is starting construction of a new addition. The blueprint shows that it will house new offices and provide an additional 500,000 bushel capacity, according to Pete Braxton, manager.

10 YEARS AGO—AUGUST 6, 1959

Richard T. Collard, formerly of San Antonio, has recently joined the Bill Sheehan law office in Friona.

Five men have announced for the three places to be vacated on the city council, and will be elected if the aldermanic form of government passes in the election set for September 1. On the ballot will be Bill Nichols, Deon Awrey, Danny Mac Bannum, Glenn Stevick, and Ralph W. Shelton.

5 YEARS AGO—AUGUST 6, 1964

Brenda Hawker, Friona High School's exchange student for the 1964-65 school term, arrived in Friona on Sunday to begin her year's stay. While in Friona, Brenda will make her home with the E. G. Phipps family.

Pause And Reflect

By Nelson Lewis

All my life I have heard that an old canine can not be taught to perform in a modern manner.

The adage does not take into consideration the fact that, although the "old dog" is capable of learning new tricks, he prefers the old.

If one is to be persuaded to get with the action it then follows that the male of the species must become a tonsorial freak and also adorn himself with raiment that would bring a blush even unto the lilies of the field.

There are some who aspire to the Fuzzy-Wuzzy jungle-bunny look-and Heaven help us-they succeed!

I readily admit to being a little bit crazy-but I do not wish to be thought stupid; Therefore no mention will be made concerning ladies hair-dos or modes of dress.

If the eccentricities of the new look were confined to styles of hair and clothing, then they could be ignored, and like other fads would soon pass away.

Unfortunately, there is a very serious aspect to the question.

My observation has been that the cowards who avoid serving in the armed forces, the idiots who think it clever to burn draft cards, and the ignorant scream guilty of flag burning, are among the hairiest of the style setters.

Distasteful as their words and actions may be they comprise such a small percentage of our population as to not pose any real threat to our national well being.

It is only when some greedy money-grubbing, individuals invade the area of youthful morality that this old dog begins to growl.

I refer to a poster printing outfit in New York City that put out a full color picture of a Girl Scout who was very obviously soon to become a mother.

This sort of thing must be stopped and such an example made of the offenders that will discourage any future ideas along that line.

When I think of what the Girl Scout organization has meant to the young ladies of Friona, in fact to the entire community, my blood boils to think that a mature business man would stoop to such disgraceful tricks.

The Girl Scout National Council is suing for a million dollars and is asking that production of the posters be halted and all existing copies be destroyed.

There are copies that will be hidden away and that will serve as a source of embarrassment for years to come.

The question is-what will be the outcome of the law suit?

My guess is that it will be carried all the way to the so called "Supreme Court" and will then be thrown out, or settled in favor of the printing firm, on the grounds that a man may print or publish anything under the guise of "freedom of speech".

Yes, like I say, I am an "old dog" who scorns some of the "new tricks".

My suggestion is that anyone who insults my little Girl Scout friends should be taken out behind the barn and worked over with a black snake whip!

Crazy old coot ain't it?

LIBRARY FUN—There'll be plenty of fun for all school-age youngsters at the library next Saturday morning at the close of the Summer Reading Program. Children who have been participating in the Reading Program are invited to view a Walt Disney film at 10:00 a.m. and then gather in the park for a picnic lunch. Certificates will be passed out to those who have read as many as 12 books this Summer. Children in the first scene here are shown as they viewed a film last Saturday morning in the Library. A familiar scene in the Children's corner of the Library is these little ones making the big decision of which book to check-out.

LEGAL NOTICE

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, the Grain Sorghum Producers Association of 1212 14th Street, Lubbock, Texas 79401 proposes a referendum election on grain sorghum under provisions of House Bill 764, 61st Legislature on the proposition of whether or not grain sorghum producers in the counties of Armstrong, Briscoe, Carson, Castro, Dallam, Deaf Smith, Floyd, Hale, Hansford, Hartley, Hutchinson, Moore, Oldham, Parmer, Potter, Randall, Sherman, Swisher, Bailey, Cochran, Crosby, Dawson, Gaines, Hockley, Lamb, Lubbock, Lynn, Terry, and Yoakum shall assess themselves a maximum amount of 5 cents per ton to be collected at the point of first processing or sale and to elect members for a 12 man commodity producers board to administer proceeds of such assessment to be used for research, disease and insect control, education, and promotion designed to encourage the production, marketing, and use of grain sorghum.

The referendum and election will be held by mail ballot which will be provided to all eligible voters not later than 15 days prior to the election. Ballots must be mailed to the polling place at 1212 14th Street, Lubbock, Texas 79401 before midnight on the date of the election.

Any person within the above counties engaged in the business of producing, or causing to be produced grain sorghum for commercial purposes is eligible to vote, including owners of farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed.

Any person qualified to vote at the referendum may place his name in nomination for membership on the proposed commodity producers board by application to the above organization signed by himself and at least ten other persons eligible to vote in the referendum. Such applications must be filed at least 30 days prior to the election date.

Any person qualified to vote who does not receive a ballot prior to September 25, 1969 may obtain one at his local County Agent's office.

BAZAARS

Older than Aladdin's lamp, newer than Appollo X, bazaars have been delighting buyers—and sellers—for thousands of years.

Now they may reach an all-time high in fun and profit, thanks to the wealth of ideas in

Eye-appealing eyeglass cases.

McCall's Step-by-Step Bazaar Book, now available at your local newsstand.

This brand new magazine covers everything from publicizing your bazaar to pricing the merchandise. According to its editor, Nan Comstock, even experienced bazaar-planners can pick up pointers, "such as how to set up easy, inexpensive displays to give their bazaar a 'new look' and heighten the interest of prospective customers."

Booths for all seasons and all reasons—including a colorful Christmas booth—are described in the Bazaar Book. Here are just a few of the suggestions:

An "Apron Park"—aprons pinned to clotheslines strung between artificial trees—calls attention to these perennial best-sellers.

A "Chinese Laundry"—buy a ticket, and take home a paper-wrapped grab bag prize.

A "Wishing Well" of bricks and greenery, with a bucket for coins. Make it as attractive as

you can, to lure the penny-tossers.
For the bazaar-on-a-

Crocheted and knitted hangers and toys.

shoestring, McCall's Step-by-Step Bazaar Book, suggests making a booth out of boxes! Color them festive, stack them on a table—and you have a versatile display stand that can hold cakes, toys, even jewelry.

Another highly successful low-budget display is a "mittens tree" with all kinds and sizes—including dust mitts and golf mitts.

Whether your bazaar is big enough for a hall or small enough for a church basement, do try to stock a variety of merchandise. "Something for everyone!" is the password to success.

To help you achieve this goal, the Bazaar Book has 78 pages of instructions for making 200 useful and appealing items.

You'll find beanbags and beaded eyeglass cases...candles and crocheted toys...embroidered pillows and papier-mache flowers! Also included are fashion accessories: a crocheted beret, a shimmering tie-dye scarf, an array of unusual belts.

Show off your wares to best advantage with clever packaging, artful arrangement. Knitwear stays handbox-fresh when displayed in shallow boxes covered with transparent wrap. Small potted plants take on style if you wrap the containers in colored foil.

Remember that a few items, well arranged, sell better than a jumble of unrelated articles. To keep counters neat, keep some items back, bringing them out as needed.

Leftover merchandise? Gather it up and auction it off! Then the fair will end as it began—with fun for all, and profit for a worthy cause.

Champions Named In LL Batting Races

Batting champions were certified this week, by official records released by summer baseball program director Ronald Smiley.

David Hutson, who played second base for Friona State Bank,

David Hutson INTERMEDIATE CHAMP

won the title in the Intermediate League, with a healthy .520 batting percentage. The mark did not include three hits in the five at-bats in the all-star game, as those records were not counted.

Phillip Hand, who played for Farmer County Implement Co., won the title in the Pee-Wee League with a .444 average.

Hutson paced the hitters in the Intermediate League all season long. He led the league in number of hits with 13.

Three other players in the older league batted .400 or more, and all played for third-place Reeve Chevrolet. Randall Snyder was the league runner-up with a .478 average. Trip

Horton batted .414 and Clay Bandy hit an even .400.

Only three other players batted over .300. They were Gene Strickland, Friona State Bank (.333); Danny Waggoner, Friona Star-Hurst Department Store (.321) and James Perea, Friona State Bank (.313).

Mark Neill of Continental Grain was the runnerup for batting percentage in the Pee Wee League at .420, although he had five more hits and his total of 13 led the league. Neill also led the league in official times at bat, 31.

Two other Pee Wees hit .400.

Phillip Hand LEADS PEE-WEE BATTERS

They were Eddie Bermea of Tasty Cream at .417 and Larry Broyles of Hi-Pro Feeds, at .400.

Mingus Is Champion Of Friona Golf Tourney

Mick Mingus won the annual Friona Invitational Tournament held last weekend at the Friona Country Club, with a 36-hole total of 144. Mingus edged out Dick Tubbs of Hereford, for the title. Tubbs shot a 145.

Local golfers also won the first, second and beginners flights. Johnny Barker won the first flight with a score of 159, Eddie Barker, 162; Wayne Stark, 163.

Second flight--Wright Williams, 170; Bob Riley, Clovis, 171; Troy Ray, 172.

Beginners flight--Jerry Brown, first; Ancel Renner, second.

A total of 37 golfers took part

in the tournament. Top placers in each flight were as follows:

Championship flight--Mick Mingus, 144; Dick Tubbs, Hereford, 145; Vernon Scott, Farwell, 149.

First flight--Johnny Barker, 159; Eddie Barker, 162; Wayne Stark, 163.

Second flight--Wright Williams, 170; Bob Riley, Clovis, 171; Troy Ray, 172.

Beginners flight--Jerry Brown, first; Ancel Renner, second.

BIG HANG-UP

The simple phrase "PREVIOUS EXPERIENCE" represents one of the biggest "hang-ups" facing today's students who—faced with their first job application—have nothing to put in the "previous experience" blank. Recognizing this problem, businessmen have joined forces through Junior Achievement to help our young people get a head start on their futures while they are still in high school.

FIGHT BACK!

Fight the price/cost squeeze on your wheat with NITROMITE, Shamrock's fine brand of anhydrous ammonia. A preplant application of NITROMITE speeds early growth, producing lush, high-quality forage (and plenty of it!)—an important factor if you plan to graze cattle this winter.

And the cash crop? NITROMITE delivers the most usable nitrogen per dollar to help increase yields without increasing cost appreciably. So come harvest, even if prices are low, you make out. If they're good, you'll be the big winner.

Put down NITROMITE now. It'll give you a fighting chance in the marketplace.

For Outdoor
Barbecuing**

Man's favorite outdoor summer sport is barbecuing and, like any other type of cooking, technique plays a major role.

According to the Structo Barbecue Institute and the National Safety Council, proper safety precautions can spell the difference between an enjoyable meal and potential disaster. As with any flame or fire, these experts say, respect for the grill should always be present, even when preparing something easy to fix like hot dogs.

Don't grill in an area where children are playing. A careless child may inadvertently run into the grill, tip it over, and be severely burned.

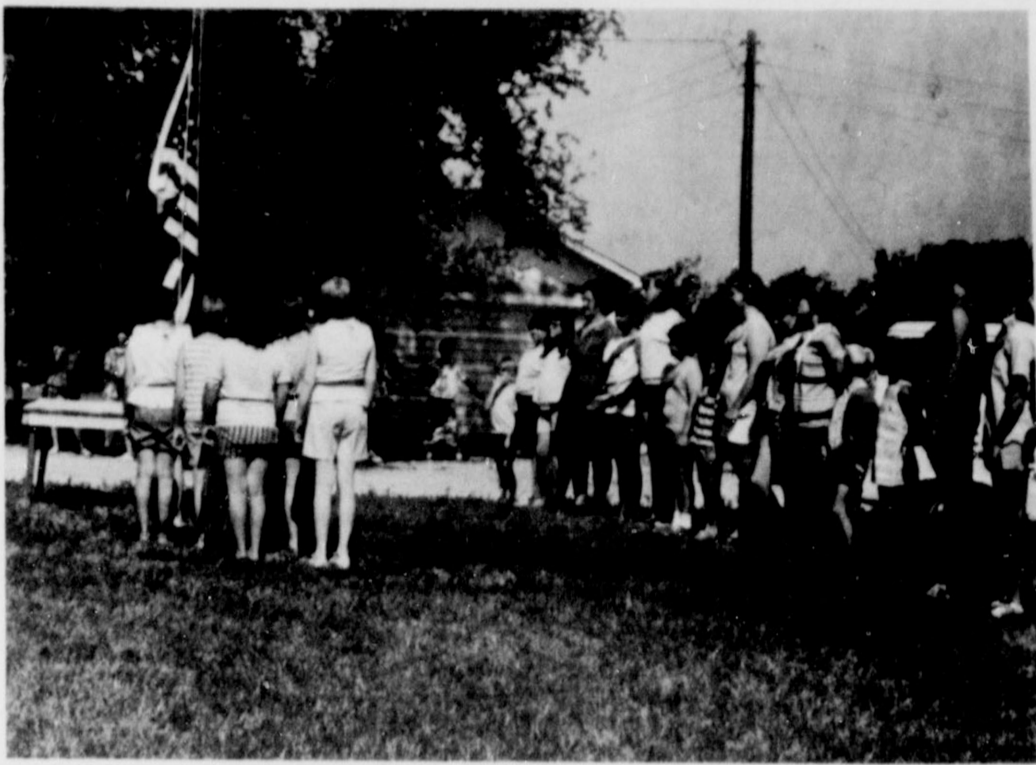

If any part of grilling were to be branded as particularly dangerous, it's lighting the fire. Many tragedies and near tragedies are caused every year by carelessness in lighting charcoal, according to the National Safety Council.

Gasoline, because of its explosive nature, should be avoided along with any flammable material not expressly designed for barbecuing. Electric charcoal lighters should be handled with care; their elements, if stored in dampness, may short out when used.

Follow the directions on the lighter fluid container which always say to let the liquid soak into the charcoal before lighting to reduce the hazard of a flash flame. Do not under any circumstances add lighter fluid once the grill is going.

For handling food on the grill, it's a good idea to have long-handled tools, preferably tongs that are sturdy with fire-proof grips, spokesmen for the Structo Barbecue Institute maintain. A pair of heavy gloves will keep hands safe when it's necessary to handle some hot item.

A heavy apron to protect clothing from grease and sparks is a must for the chef. Roll up your sleeves and keep loose-fitting clothes away from the fire.

FLAG CEREMONY-This scene was repeated twice each day during the Escarbada Day Camp held last week at the camp grounds on the Ralph Wilson property. Friona Girl Scouts and Brownies enjoyed a week of cook-outs, handicrafts, hiking, and nature lore. The flag ceremony held at the beginning and close of each day's session is an important part of scouting.

When cooking steaks that drip fat into the fire, a sprinkling bottle filled with water is helpful in curbing flames that can ruin a fine piece of meat.

Most outdoor chefs fail to realize the danger of charcoal fires which give off carbon monoxide. Charcoal should only be used outdoors or in well-ventilated indoor locations such as a fireplace with an open draft.

Controlled heat is the desire of every chef. And for best results for every type of outdoor recipe, according to the Barbecue Institute, a slow, even heat may be achieved by cooking with a minimum of charcoal. Cooking with a layer one briquette deep should be enough.

For greater heat control and fewer hazardous sparks, experts prefer a covered grill or a windbreak on the grill to protect the fire from strong drafts. The best control comes from a covered or kettle grill that traps the heat much like an oven. A covered grill eliminates sparks and flame-ups and also provides even heat at a constant temperature to retain natural juices while barbecuing.

How does moisture stress limit soybean yields? The answer to this question is a valuable guide in managing irrigation water.

Moisture stress during any part of the growing season will slow soybean plant development and thus limit yields, explains Leon New, area irrigation specialist with the Texas Agricultural Extension Service. However, bloom, pod set and pod filling are peak water requirement periods. Inadequate soil moisture during these growth stages limit yields significantly, but in different ways.

According to New, lack of sufficient moisture during the bloom stage results in fewer pods per plant, thus limiting yields. Severe moisture stress during pod filling limits yields by seed size and weight. Inadequate soil moisture during both of these stages may cut yields in half.

Soybean irrigation research at the U.S.D.A. Southwestern Great Plains Research Center at Bushland shows the influence of irrigations at different growth stages. Soybean plants under moisture stress prior to and during this blooming averaged 11.6 pods while those with adequate soil moisture during this critical stage averaged 16.8 pods—a 45 percent increase. Plants that had adequate moisture during both the bloom and pod filling stages averaged 17.5 pods.

Plants averaging 11.6 pods that experienced moisture stress during bloom contained 29 seed and yielded 23 bushels. Those that averaged 16.8 pods and experienced moisture stress at pod filling only yielded 19 bushels—17 percent less. Plants that had adequate soil moisture at both bloom and

Cotton fibers are carded or cleaned and straightened, so they can be spun into yarns.

pod filling averaged 17.5 pods containing 45 seed per plant and yielding 41 bushels.

This shows the importance of adequate soil moisture during the pod filling stage in obtaining high soybean yields, emphasizes New. Moisture at this growth stage is necessary for maximum seed size and weight.

Irrigation applications keyed upon the bloom, provide high water use efficiency, contends New. Timing these irrigations with these important growth stages is even more critical for early maturing varieties due to rapid fruiting. This management practice can lead to top yields at harvest time.

SORGHUM OFFICIALS—A portion of the members of the CSPA board of directors who toured Missouri Beef Packers last Thursday prior to their meeting at Parmer Hour Restaurant.

County Farmers Are Busy In Conservation Work

"Farmers are busy doing conservation work in all parts of the Parmer County Soil and Water Conservation District," Gary A. Batte, SCS District Conservationist advised this week.

In addition to the many irrigation pipelines being installed, other practices such as

grassed waterways, parallel terraces, and pasture planting are being put on the land.

Guy Latta of Friona is planning a seven-acre grassed waterway to handle outside water on his farm three miles north of Hub. The waterway is to be designed and laid out by the Soil Conservation Service, and will

be cost-shared through the ACP program. Other waterways are soon to be built on the farms of Ralph Shelton and John Hays, both east of Friona.

Harold Combs of Levelland, who farms four miles northeast

of Bovina, has recently become a cooperator with the Parmer County SWCD. His new conservation plan includes the building of 14 miles of level-parallel terraces on his dry-land farm.

New parallel terraces will also be built later this year on the Jones and Aldridge farm near Farwell, and the V.M. Ferguson and Otho Whitefield farms southwest of Friona.

Batte stated that much of the planned conservation work will be cost-shared through the Great Plains Conservation Program and the Agricultural Conservation Program (ACP).

Joe Reeve Attends 40th Fireman's Training School

Joe Reeve, Volunteer Fireman on the Friona Volunteer Fire Department of Friona, Texas attended the 40th Annual Texas Firemen's Training School at College Station last week. The school, attended by more than 2,400 men representing some 470 cities from approximately 30 states, is being held on the Texas A & M University campus this week.

Fireman Reeve is being sponsored by Parmer County Farm Bureau and Texas Farm Bureau Insurance Companies by contributing toward their cost of the school.

Since volunteer firemen are

interested in attending this school to help do a better job of fire fighting and fire prevention, the Texas Farm Bureau Insurance Companies in the statewide program have sponsored 100 firemen at the school.

The Insurance Company believes volunteer fire departments have been very effective in reducing the amount of loss involved by fire in rural areas. It is their hope in sponsoring this program that the fireman will help the Friona Volunteer Department to better serve the residents of Parmer County.

GSPA Seeks Producer Vote On Assessments

The Grain Sorghum Producers Association meeting in Friona last Thursday, approved plans to seek a referendum on a uniform assessment to finance research and promotion activities.

The GSPA has now petitioned Texas Commissioner of Agriculture John C. White for certification to conduct the referendum among grain producers in a 29-county High Plains area. A. W. Anthony of Friona is president of the GSPA. He says the association hopes to get the referendum set for early October. A two-thirds majority vote will be required to put the program into operation.

The assessment would amount to five cents per ton of grain. Based on 1967-68 production figures, the program would yield a gross annual income of \$285,000. Funds would be collected at the point of first processing or sale.

"We are optimistic that upon passage of this referendum an expanded research and market program will be developed that will help our profit situation as grain farmers," Anthony said. The area's grain sorghum crop is valued at approximately \$200 million a year at the farm level, according to Elbert Harp, executive director of GSPA. The GSPA board toured Missouri Beef Packers' Friona Plant, and then had lunch at the Parmer House Restau-

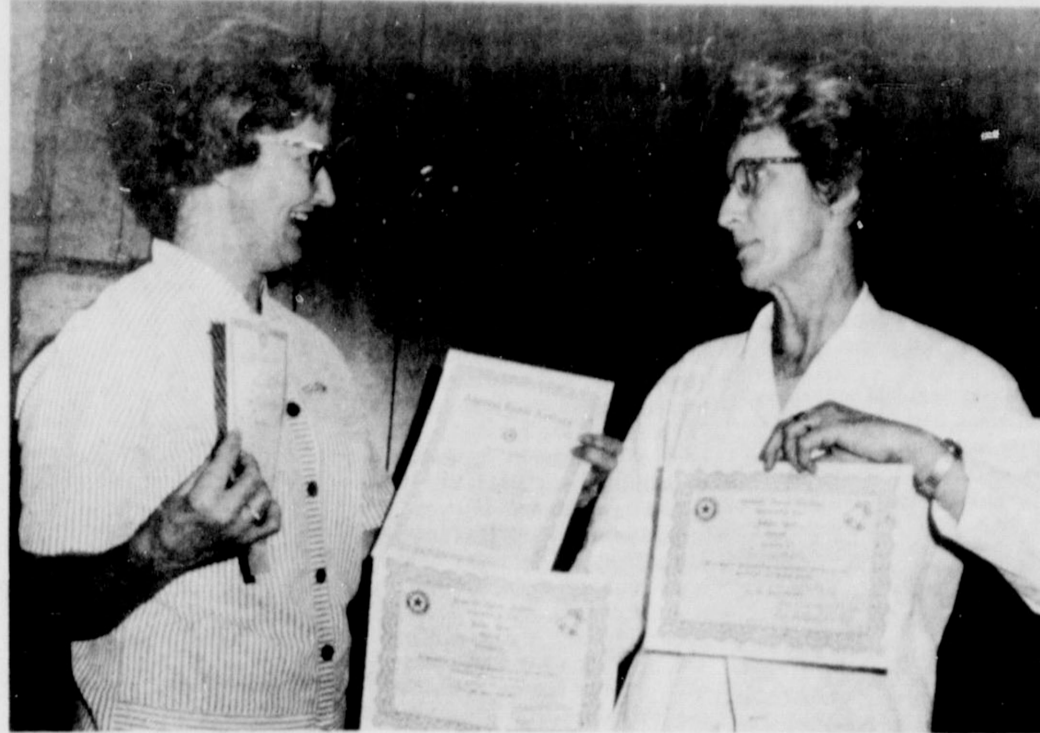

ant prior to the business session.

All members of the executive committee were re-elected. In addition to Anthony, the members of the committee are Pat Northcutt of Silverton, secretary-treasurer; Mabry Foreman of Felt, Okla.; Melvin Barton of Dimmitt and K. B. Parish of Springlake.

Harp said that consideration might be given to expanding the program to other parts of the state if it is established in the 29-county sorghum-growing area, which leads the state and nation in grain sorghum production.

SHARPSHOOTER. This word originated with the remarkable accuracy of Sharp's Buffalo Gun. Although only 2,000 of them were made, they were responsible for annihilating 50 million bison on the Nebraska and Kansas plains in a 10 year period. This gun, as well as the complete evolution of weapons, from spears to automatic rifles, can be seen at the Harold Warp Pioneer Village in south central Nebraska.

More Young People Go To College These Days

SPECIAL TO THE STAR
 Families in Parmer County, who are sending more of their young men and young women to college these days, are finding that it will take more money to do so this year than last. Costs have gone up considerably.

In some families, especially those that have two or three going to college at the same time, it has become a major financial problem.

For them, the home may be taking second place to college as the biggest family investment, according to the Institute of Life Insurance.

It is calculated that the bill that Parmer County parents will be shouldering this year for college expenses will amount to approximately \$1,176,000.

Estimates on the number of college students and the costs involved are based upon figures obtained from the Census Bureau, from the Department of Health, Education and Welfare and others.

Nationally, they show, college enrollments have been rising rapidly. Over 7,000,000 are expected this fall, a far cry from the 2,935,000 in 1960.

There will be close to 420 in the Parmer County contingent, as against approximately 150 in 1960.

For those who will be attending publicly-supported colleges, the average cost for the

next academic year will be about \$1,600 for tuition, fees, room and board. Some of them charge more for out-of-state students and less for in-state residents.

Among the private institutions, the average will be around \$2,700, with many considerably higher than that and others a quite a bit lower.

And this does not include other expenditures that must be considered, such as clothes, books, and transportation.

All in all, it might cost a family as much as \$3,400 to keep a youngster in private college and about \$2,200 in a public college, the figures indicate.

The total cost of \$1,176,000 for Parmer County families assumes that half of the college-bound students will be going to state colleges and half to private ones.

Fortunately, the number of local families that are able to absorb this kind of economic shock is on the increase.

Most cities developed to serve commerce and industry. But the new town of Litchfield Park, Arizona is designed to give residents the most attractive possible environment. Parks, playing fields and landscaped pathways are everywhere. All homes are an easy walk from stores, and schools, a plan that sharply cuts auto traffic.

NEW SHORTCUTS HOMEMAKERS

Have you ever been in the middle of a vigorous cleaning job and found you've run out of an important cleaning aid? Here are some helpful hints to save you the frustration of leaving a task unfinished or having to run to the store for a single item.

You've got some crusted casseroles and pans to wash up and there's not a piece of steel wool in sight. A wad of crushed aluminum foil will clean very nicely in this pinch; use it on anything except enamel which it might mark.

There's children's clothes soaking in the basin with stubborn chocolate stains to be gotten out and you've run out of bleach. Use regular rubbing alcohol in lukewarm water as a bleach. A special advantage of alcohol is that it won't take the color out of colored clothes.

Hard-to-get-at pipes and crevices in the bathroom or laundry room need a good cleaning against mildew, the kitchen cabinets bear greasy finger marks, the baby's highchair is dirty—keep a can of Lysol Spray-On Disinfectant Cleaner handy to do all these jobs effectively and with no rubbing. You'll also get rid of household germs at the same time you chase the dirt.

You've got all the dishes out of the newly washed and dried cabinets, and you've forgotten to buy shelf paper. If there are new desk blotters in the house you're in luck. Cut to fit, they cushion dishes, look pretty and absorb moisture, preventing rust in metal cabinets.

BEST OF LUCK TO THE NEW FEEDLOT CATTLE TOWN

Plan to attend Open House at the modern new feedlot on Sunday, Aug. 10.

We Are Happy To Welcome This Thriving New Industry To The Area.

...And, May We Say Thanks For Allowing Us To Construct The Bunkers And Troughs For The Area's Most Modern Feeding Facility.

Let's Go Chiefs!

MRS. JERRY LaFRANCE

Stevick-LaFrance Vows

Read In Local Church

In a double ring ceremony at Friona United Methodist Church at 7:30 p.m. Friday, July 25, Janet Stevick, daughter of Mr. and Mrs. Glen Stevick, Friona, became the bride of Jerry LaFrance, son of Mr. and Mrs. Earnest LaFrance, Olton.

The vows were exchanged before an arrangement of spiral candelabra holding white tapers entwined with greenery and flanked by baskets of white gladioli, daisies and stock. The officiating clergyman was Bill Gipson, minister of Sixth Street Church of Christ.

Mrs. Frankie Morris, Murphreesboro, Tennessee, cousin of the bride, was the matron of honor. Bridesmaids were Mrs. Jackie Stowers, Friona, cousin of the bride, and Debbie Pierson, Plainview, niece of the groom.

Flower girls were Cynthia Pierson, Plainview, and Kelli Hukill, Olton, nieces of the groom. Gregg Hukill, Olton, nephew of the groom, was the ring bearer.

Karen Stevick, sister of the bride, and Sammy Pierson, Plainview, nephew of the groom, were candlelighters.

Jack LaFrance, brother of the groom, was the best man. Groomsmen were Ronnie Ste-

vick, brother of the bride, and Ros Beardon, Canyon. Ushers were James Stevick, brother of the bride, and Steve Pierson, Bovina.

The processional and recessional were played by Mrs. Dewey Hukill, Olton, sister of the groom. She also accompanied Mrs. M.W. Putnam, Plainview, soloist.

As the bride was escorted and presented in marriage by her father, she wore a formal gown of white satin topped with an overdress of nylon chiffon lace. Her train, which was attached to the high collar, was re-embroidered with lace appliques. The bouffant sleeves of nylon were attached to deep satin cuffs.

Her shoulder length veil of illusion net was attached to a bow of white satin and seed pearls. She carried a cascade

arrangement of blue roses and white carnations entwined with blue net.

Mrs. Morris wore a blue formal gown of polished cotton designed with bouffant sleeves and topped with an overdress of nylon chiffon. She carried a bouquet of blue roses and white carnations.

The gowns and flowers of Mrs. Stowers and Miss Pierson were identical to those of the matron of honor.

A reception in Fellowship Hall followed the ceremony. The serving table was covered with a white taffeta cloth with net overskirt with swags held with blue satin bows. The tiered cake was decorated with blue bells and flowers and topped with a miniature bride and groom. Acrylic punch service and silver serving pieces completed the table setting.

Hostesses for the reception were Mrs. Bill Pierson, Plainview, sister of the groom; Mrs. Ros Beardon, Canyon; Mrs. Jerry Gerner, Post, cousin of the bride and Shirley Johnson, Friona.

Mrs. LaFrance, who is a 1966 graduate of Friona High School, will receive her bachelor of science degree with a major in elementary education from West Texas State University, Canyon, August 21. She will teach first grade in Alkman Elementary School, Hereford, this fall.

LaFrance is a 1965 graduate of Olton High School and has completed a tour of duty in the United States Army. He spent 11 months in Viet Nam before being discharged earlier this year.

Mr. and Mrs. LaFrance are at home in Hereford. He plans to attend West Texas State University, Canyon, this fall.

Local Teacher

Attends Workshop

Mrs. Ernest Osborn, local homemaking teacher and Future Homemakers of America sponsor, attended a three day workshop in Dallas last week.

The workshop was sponsored by the Vocational Homemaking Association Teachers of Texas.

Announcement was made of the selection of Superintendent Alton Farr as the outstanding administrator from Area I at the Wednesday evening banquet. Mrs. Osborn returned to Friona late Friday.

Frionans Return

Mr. and Mrs. Frank Griffith and Mr. and Mrs. Sam Rule returned home Tuesday after spending one week vacationing in the Tres Ritos area.

The Frionans were accompanied by Mr. and Mrs. Owen Broyles, Lazbuddie.

EXRAY FUND-Mike Pavalus is shown explaining the operation of Parmer County Hospital's xray machine to a group of women from Modern Study Club. The group was on hand to present the hospital with a check for \$1,582.03 from the club's Project Christmas Card. The money will start a fund to purchase a portable ex-ray machine for the hospital. Mrs. Sloan Osborn was chairman of Project Christmas Card this past year. She was assisted by Mrs. Alton Farr Mrs. Andy Hurst, Mrs. Dan Ethridge and Mrs. Deon Awtry. Another member of the committee, Mrs. W. H. Ford, was not present for the picture. The portable ex-ray machine will be used primarily in surgery.

Vicky Vaughn Feted

With Bridal Shower

A miscellaneous bridal shower in Fellowship Hall of Calvary Baptist Church from 4 to 6 p.m. Friday was a courtesy for Vicky Vaughn, bride-elect of Stacy Pendergrass, Dalhart.

Hostesses were Mesdames D. T. King, Clara Prosser, Robert Taylor, Ralph McBroom, Blanche Osborn, Lewis Smith,

Lee Renner Is Improved

The condition of Lee Renner of Willcox, Arizona, was reported by members of his family as improved early this week.

Renner, who is a former Friona resident, was hospitalized Tuesday following a heart attack. Mr. and Mrs. Rudolph Renner Sr. and Mr. and Mrs. John Renner went to Willcox Tuesday and returned Wednesday.

Clayton Taylor, Claude Garth, Stanley Bishop, Lee Roy Nuttall, Allen Stewart and Bill Nunn.

Refreshments of punch, cake, nuts and mints were served from a table which was covered with a white linen cloth and centered with a yellow and orange floral arrangement.

Guests were registered by Dala Boyd. Gale Boyd presided at the punch bowl and gifts were registered by Shelley Vaughn, sister of the honoree, and Kathy King.

Out-of-town guests signing the register were Mrs. Fred Pendergrass, Dalhart, mother of the prospective bridegroom; Mrs. Edwin Morrison, Adrian; Mrs. N.A. Brown, and Mrs. Ernest Brown, Walcott; Mrs. Glen Pulliam, Broadview, New Mexico and Mrs. Ronald Minyen and Judy of Bovina. As of this week there were 88.

Summer Readers

Will View Film,

Have Picnic

The library Summer Reading Program will come to an end this coming Saturday. All boys and girls who participated in the program are asked to come to the library at 10:00 A.M.

A Walt Disney movie, "Nature's Half Acre" will be shown and then the boys and girls will go to the city park for a picnic. Everyone is to bring HIS OWN LUNCH in a sack but drinks will be furnished. The certificates for the boys and girls who have read 12 or more books will be passed out at this time. As of this week there were 88.

Keely Watts

Born In Lubbock

Mr. and Mrs. Lloyd Watts Jr. of Lubbock became parents of a baby girl at 12:40 p.m. Sunday, July 20 at West Texas Hospital and Clinic. She was named Keeley Denese and weighed 5 lbs. 12 ozs.

Keeley's grandparents are Mrs. Ramona Watts, Lubbock; Lloyd Watts Sr., Plainview; and Mr. and Mrs. Charles Howell of Friona. She is the first child for the couple.

Mrs. Watts is the former Darla Howell.

Club Members

Discuss Markers

The Parmer County Historical Society met Friday evening in the County Court Room at Farwell, Winborn Hardage, vice-chairman, presided.

During the business session highway markers informing motorists of the historical marker in Bovina were ordered. It is hoped that these markers will be erected before the town's annual Bull Town Days, which will be observed later this month.

Other markers were also discussed.

One new member was added to the roll. Mrs. Joe Jesko, secretary-treasurer, encourages everyone interested in the preservation of the history of Parmer County to attend the meetings.

MRS. JERRY LaFRANCE

Local Residents Camp With Colorado Group

Mr. and Mrs. Tom Lewellen, Mr. and Mrs. Joe Lewellen, Donnie, Katy, Jody and Bobby, and Mr. and Mrs. Delton Lewellen, Donna and Pam returned home recently after spending a week in the mountains near South Fork, Colorado.

The Lewellens and Mr. and Mrs. Gary Goetz and daughters, Tonja and Niki of Gruver joined a group from First Baptist Church, Center, Colorado, for a jeep trip.

Ten jeeps loaded with 41 people went high into the mountains to a camp ground inaccessible to other types of vehicles for a camping trip.

Vesper services were held following the evening meals.

The Lewellens, who lived near Center before moving to Friona, have a cabin at South Fork and occasionally join the church group for its annual camping trip.

RHONDA LAWRENCE

Luncheon Courtesy For Lizbeth Kay Von Hagen

A luncheon in the home of Mr. and Mrs. Frank A. Spring Saturday was a courtesy for Lizbeth Kay Von Hagen of Dallas, who is the bride-elect of Joe T. Bagot, Arlington. Co-hosts with Mrs. Spring was Mrs. Terrell Christian, Claude.

Fresh cut roses and other garden flowers were used on the tables. Decorations were in pink and white. The couple plan to exchange vows August 30 in Arlington, where both are students of the University of Texas at Arlington.

Those present included Mrs. E. H. Baton, Mrs. J.O. Guleke, Mrs. E.O. Bagot, Mrs. Joe Wells, Mrs. Ed Roberts, Mrs. Don Bagot, Libby Bagot and Rebecca Bagot, Amarillo.

Also Mrs. T.W. Collins, Canyon; Mrs. E.L. Bagot, Arlington; Mrs. J. C. Fuller and Mrs. Lee Kidd, Plainview; and Mrs. Joe Collins, Jorene and Rita, Odessa.

Local Grad On Honor Roll

Rhonda Lawrence, a 1967 graduate of Friona High School, has been named to the Dean's Honor Roll at The University of Texas at El Paso for the spring semester.

Miss Lawrence, daughter of Mr. and Mrs. Clayton Lawrence of Route 2, Friona, is a sophomore history major in the University's School of Liberal Arts.

Cary Todd Lucas Born Here

Mr. and Mrs. Bill Lucas, 810 Ashland Avenue became parents of a baby boy at 11:46 p.m. Saturday, August 2, at Parmer County Community Hospital. He weighed 8 lbs. 4 ozs. and was named Cary Todd.

He is the first child for the couple.

FRIONANS TO GRADUATE—Two graduates of Friona High School are listed among the 398 candidates for degrees at the summer convocation of West Texas State University, Canyon, August 21. U.S. Senator Ralph W. Yarborough of Texas will deliver the commencement address, which will be at Amarillo Civic Center Coliseum. The Friona students are Mrs. Jerry LaFrance, daughter of Mr. and Mrs. Glen Stevick, and Chris Tannahill, son of Mr. and Mrs. C.W. Tannahill. Both of them will receive bachelor of science degrees.

Date Set For Rummage Sale Karene Milner, Tom Jarecki United In Church Ceremony

Members of Girl Scout Troop 268 are planning to conduct a rummage sale in the building formerly occupied by Spring Mercantile Store on South Main. The sale will be conducted Friday and Saturday afternoons, August 15 and August 16. There will be clothing suitable for teenage girls and other good used clothing in good condition.

Following a wedding trip to Ruidosa, New Mexico, Mr. and Mrs. Tom Jarecki are at home in Friona. The couple exchanged wedding vows at 8 p.m. Saturday, July 26, in the chapel of Friona United Methodist Church.

The couple exchanged vows before an altar arrangement of bouquets of white stock centered with a kneeling bench. Rev. Albert Lindley, pastor, officiated.

Parents of the bride, the former Karene Milner, are Mr. and Mrs. Raymond Milner. The bridegroom is the son of Mr. and Mrs. Florian Jarecki.

Given in marriage by her father, the bride wore a street length dress of pink knit and a corsage of gardenias centered with an orchid.

Janice Milner, sister of the bride, was the maid of honor. She wore a silver grey street length dress and a corsage of pink roses.

Leslie Jarecki was his brother's best man.

Following the ceremony, the wedding party and guests attended a buffet supper in the home of the bride's parents.

Mr. and Mrs. Jarecki are both graduates of Friona High School and former students of West Texas State University, Canyon.

Four Attend Convention

Four representatives of Claborn Floral attended the annual convention of West Texas-New Mexico Florist Association at Villa Inn in Amarillo Sunday.

Well known designers from the entire Southwest were present and conducted workshops for making different kinds of floral arrangements.

Those attending were Mrs. J. C. Claborn, Mrs. John Renner, Mrs. Bob Knight and Mrs. A. L. Black.

Study Club Will Hold Benefit Garage Sale

A group of ladies from the Progressive Study Club will have a garage sale next weekend August 15 and 16. Proceeds from the sale will go to establish the Club's new scholarship fund to aid a needy student with a college education.

The sale will be held at the home of Mrs. Bill Ellis, 906 W. 5th from one to eight p.m. both days. A variety of household items will be offered for sale including small electrical appliances, dishes, baby goods, furnishings, decorator items, children's toys and used clothing.

Donations of items to be sold are now being taken at the home of Mrs. Bob Alexander, 401 W. 15th. Anyone having items to throw away is urged to donate them to this worthy cause instead of discarding them. Items may be taken to the Alexander home anytime between now and the sale next weekend.

Other members of the garage sale committee are Mrs. John Fred White, Mrs. Steve Bavousett and Mrs. Glenn Phillips.

Rev. I. S. Ansley is pastor of the Calvary Baptist Mission. He has been pastor of the congregation since 1955. The church currently has a membership of around 60. Rev. Ansley has been preaching for 28 years.

Friona

Frionans who are interested in drama will have an unusual opportunity this weekend when the cast members of "Texas," Palo Duro Canyon's outdoor drama, will stage a production of their own in the Branding Iron Theatre in Canyon.

This one night show, which will begin at 8 p.m. Sunday, will include original choreography in ballet and jazz, songs from popular Broadway musicals and from operas and piano selections of Gershwin's Rhapsody in Blue as well as original piano compositions.

"Texas Originals" is being produced to raise a scholarship fund for a well-deserving college student in the cast Green's "Texas".

A minimum donation of one dollar is requested and any further donation will be graciously accepted for this worthy scholarship.

Local residents who have seen the 1969 "Texas" production have nothing but praise for it. Those of us who haven't yet seen this musical drama should reserve one night soon and drive to the canyon to see it.

Another fine production in driving distance is the 33rd annual XIT Rodeo and Reunion in Dalhart Thursday, Friday and Saturday.

A press release from the XIT City early this week began like this, "Things are ready to head 'em up and move 'em out for the 33rd Annual XIT Rodeo and Reunion in Dalhart August 7-8 & 9. Something for almost everyone is planned with at least 17 different events scheduled for one of the biggest, oldest and most famous celebration in Texas."

If you enjoy rodeo performances, a Pony Express Race, a street parade, an antique car show and free watermelon, then Dalhart is the place you want to go this weekend.

Things have been busier than usual at the G. B. Buske home this summer. Grandmother Myrl and Granddaddy Pete have had houseguests most of the time. Mike, Scott, and Sherry Styles have been dividing their time between their Friona grandparents and Lubbock grandparents for several weeks.

Their parents, Rick and Denise, are in the process of moving from Bristol, Virginia, to Albuquerque. This fall Rick will begin work on his doctorate at the University of New Mexico.

Two of Friona's most avid readers, Mrs. Bill Hannold and her daughter Bennie Lynn Montgomery, are gathering up their books, separating them and packing them for moving. Bennie Lynn and her husband, Keyone, have moved to Lubbock.

For a number of years Edith and Bennie have shared their books with neighbors and friends and have recently learned that some of them have not been returned. They've also found out they had borrowed some which they hadn't returned.

If you have books belonging to either of these ladies, they would appreciate having them returned. Or, if you've loaned either of them a book, you can expect to get it back soon.

Who needs a kitten? Mrs. Don Spring has some that need homes. Call her at 247-2869.

If any of you want to visit Raymond and Lillie Mae Hughes, you will need to look for their new home at the corner of Summit and Tenth. . . . not at Euclid and Tenth.

In this week's edition of the Star we have a report of two Frionans receiving college degrees. If you know of others who are doing likewise, we'd appreciate knowing about it.

Keep your fears to yourself, but share your courage with others.

THAT'S THE SPIRIT!

The most expensive spirits are Grande Fine Champagne Arbellet 1794 brandy retailed in Paris at \$136.12 per bottle.
