

## EVENTS TOLD

### Plans Progressing For July 4th Fete

One of our readers writes: "I am proud of my town. We have adequate schools and a beautiful high school campus. We have a nice convenient city hall, a very efficient fire department and our city employees are very courteous. But it makes me feel disappointed when I see some of our vacant lots with weeds about two feet high, and many tall weeds growing behind our business buildings. Why not give our unemployed youth something to do? I am sure they would be glad to have something to do. It seems to me so many of us have lost our pride in our fair little city. If not, why not clean up our allies and cooperate in having a more attractive and cleaner city? Yes, I am proud of our little town, but are you? Much could be done and needs to be done. Everyone should clean up around their premises and see what a difference it would make."

\*\*\*\*\* We think the above was a point well taken, and with the community July 4th celebration coming up, it would be nice if everyone would take the opportunity of cleaning up their property, before the holiday. Just by coincidence, we saw our newspaperman friend Speedy Nieman at Slaton at the state press convention last weekend, and we asked him how our former chamber of commerce manager Ted Weaver was doing.

Nieman reported that a week ago Saturday afternoon, Ted was going up and down Main Street with some tools and weed poison. At each place of business, he would get the owner or manager to come outside, and together they would dispose of the unsightly weeds on Slaton's main drag. Perhaps the residents and businessmen of Friona will take this cue from our former chamber manager and do likewise.

\*\*\*\*\* We plan to do this at home and the office, if not before this issue comes out, at least before many have had a chance to read it, and think we're not practicing what we're preaching.

\*\*\*\*\* For a long time we have been intending to editorialize on the eyesores which abound on the east side of the city and greet tourists and visitors with a very bad first impression of our city.

A couple of these lots are to be pictured in this issue of the Star. They are not shown to condemn the owners, but just to illustrate the points brought out above. If the owners don't think any improvement is needed, they need not be offended, as everyone is entitled to his own opinion.

However, we plan to run these pictures as a continuing series from week to week, in the hope that something can be done to improve the city's appearance.

\*\*\*\*\* We're beginning to wonder what is going on between the cities of Friona and Petersburg in regard to the exchange of ministers.

Rev. Albert Lindley, the new Methodist pastor, comes to Friona from Petersburg. Rev. Russell McAnally, who was pastor of the Methodist church here from 1952-1966, has taken Rev. Lindley's former pastorate.

Rev. Russell Hoague, who was pastor of the First Baptist Church here from 1951-53, has been pastor of the First Baptist Church of Petersburg for the past 10 years. Rev. Burton, another former pastor of the FBC, came from Petersburg. There may be other tie-ins of which we are not aware, but we thought these were coincidental.

\*\*\*\*\* Lee Herring, Grand Prairie banker who was one of our convention speakers, in reference to a chamber banquet, said someone once commented "If we only had about ten inches more rainfall and some progressive citizens, the community could be the Garden of Eden."

"I've analyzed this statement, and given it a lot of thought. Do you realize, friends, that is all that Hell needed," Herring quipped.

Plans are progressing for Friona's Fourth of July celebration, which is being directed by the New Horizons Junior Study Club. All of the local clubs and organizations are taking part in the celebration, which the study club hopes will become an annual affair. Some of the things planned for the day so far include a free breakfast; swimming and diving contests; a patriotic program in City Park; a basket lunch; a watermelon feast and a fireworks display at night. Hosts for the free breakfast to begin at 7 a.m. at the high school cafeteria, will be the Friona Lions Club and the Odd-fellows Lodge. The Friona Noon Lions are sponsoring the swimming and diving events at Friona's Diving Swimming Pool beginning at 8 a.m. The program at the City Park will begin at 11:30 a.m. Jack Flynn, executive committeeman for the American Legion, will be the speaker. Also on the program will be a pantomime entitled "America the Beautiful"; a patriotic reading by Terri Sue Cummings, a welcome address by mayor W.L. Edelman and songs by the Trebellairs. Virginia Taylor of Lockney

will present a reading, "I Speak For Democracy." A basket lunch will be eaten at 12:30. Free watermelon will be served at 1:15. The fireworks will be held at the Jaycee Arena on the Clovis highway, at 10 p.m. A detailed schedule, including other events and parts to the program will be published in next week's issue.

### New Officers Named By Friona Riding Club

New officers for 1969-70 were elected by the Friona Riding Club at a meeting last Sunday. Doug Stephenson was elected president of the club. Haywood Vaughn is the new vice president. Carolin Vaughn is secretary-treasurer. Carol Zetzsche is parade chairman and Nelson Lewis is publicity chairman. Three committees were appointed for the new year. Mrs. C.L. Lillard is chairman of the refreshment committee. Mrs. Charles Bass is chairman of the poster committee and Mrs. Stephenson is chairman of the welcoming committee. Several events are scheduled by the club from now through August. Saturday, June 28, the club will ride in the American Legion parade in Clovis, beginning at 5 p.m. M.D.T. On Sunday, June 29, the club will meet at the Friona Snack Bar at 2

p.m. for a trail ride through the Escarabada Ranch some 16 miles northwest of Friona. On July 4 the club will join the community-wide patriotic celebration. The club plans to make a trip to the Dorsey Mansioa in New Mexico on August 2 and 3. A ride is planned after the group reaches the mission. The second Thursday of every month has been set as the club's regular meeting night, at the Jaycee Rodeo Arena. A wiener roast and games on horseback are planned for the July 10 meeting. Beginning on July 10, the club will be accepting yearly dues of \$10 per year per family. Anyone interested in joining is invited to call Mrs. Vaughn at 247-3110 or 247-2480 during the day, or 247-3384 at night. Club members are reminded that riding club patches are available at \$1.25 each.

## THREE NO-HITTERS

### Baseball Hits Midway Point, Leaders Hold Positions

The summer baseball program reached the half-way point in Friona the past week, with the completion of games of Friday, June 20.

The league standings found Friona Star-Hurst Dept. Store leading the Intermediate League with a 4-1 record; and the Parkmer County Pump B-J Bees still undefeated in the Pee-Wee League with a 5-0 mark. A pair of no-hitters by Star-Hurst hurlers Danny Waggoner and Johnny Rando propelled their team back into the lead in the older league, as Reeve Chevrolet handed Friona State Bank its second loss, 7-2.

Waggoner's no-hitter helped his team down Friona Feed Yard, 12-2 in the Tuesday game, and Rando's effort downed the same team, 4-0 on Thursday night. It was the second no-hitter of the season for Rando.

Reeve Chevrolet got good pitching from Randall Snyder to defeat Friona State Bank,

giving up only three hits. Clay Rando had three hits for the winners, and Trip Horton had two.

Earlier in the week, the Bank had handed Reeve its second season loss, 11-6, with a big six-run second inning. The Bank sent 12 men to the plate in the big inning.

In the Pee-Wee League, Don Maynard hurled a no-hitter for the B-J Bees as they downed Ethridge-Spring, 8-2.

Monsanto Ag Center won a pair of games, 11-2 over H-Pro Feeds and 9-6 over Ethridge-Spring. The latter game was an extra-inning game, with Monsanto scoring three times in the top of the fifth for the win. They had tied the score at six-all with four runs in the fourth. Ethridge-Spring had a 6-2 lead going into the fourth.

Parkmer County Implement scored its first win of the season, and handed Continental Grain only its second loss of

the year, 7-4. The winners jumped ahead 4-0 in the first, and after Continental scored twice in their half, took a 7-2 lead in the third.

### Young Had 1st Wheat In City

Noah Young marketed the first load of wheat in Friona last Thursday. He brought the load to Friona Wheat Growers.

Joe Talley brought the first load to West Friona Grain and Billy Wayne Sisson had the first wheat at Continental Grain. Woodrow Whitaker marketed the first load of wheat at Tri-County Elevator at Black, and L.H. Schilling brought the first load to Black Grain.

At Hub Grain, the first load of 1969 wheat was delivered by J. V. Bouldin, who farms near Hub, on the J. D. Stowers farm. The load was delivered on Friday.

IN FULL SWING . . . Wheat harvest in the Friona area, which started a week or two later than usual this year due to weather conditions, was in full swing this week, as the crop reached the necessary maturity and dryness. Observers said

the wheat was running from "average to good." Test weight has been good. Main thing hindering the area crop's output is the short acreage and the fact that some of the wheat had hail damage.

## AT CONVENTION

### Anti-Fireworks Law Reviewed By Outland

Ordinance number 411, which was adopted and approved by the Friona City Council last July 8, was underscored this week by City Manager Jake Outland. "This being the first Fourth of July that the anti-fireworks ordinance will have been in effect, we felt we should remind the public of the ordinance, and the fact that it will be enforced," Outland said.

The ordinance makes it an offense to sell fireworks within the corporate city limits, and 5,000 feet adjacent thereto, it applies to anyone who may shoot or have in his possession any type of fireworks or explosive device, the city manager pointed out. Penalties prescribed are not less than \$25 nor more than \$200, and any parent or guardian

is liable for children under 14 years of age. The council adopted the measure to insure safety and reduce several dangers upon Main Street where prolific and haphazard tossing of fireworks have persisted in the past. Fireworks are to be sold outside the corporate limits, Outland explained, and suggested that persons wishing to explode "crackers" remain outside the 5,000 foot (one mile) limit. A fireworks display is planned at the Jaycee Arena on West Highway 60 the evening of July 4, conducted and sponsored by the Friona Volunteer Fire Department. This would appear to be the best way to see a fireworks display, the city manager points out.

### State Press Award Won By Local Newspaper

The Friona Star received a second-place award from the Texas Press Association during the 90th annual TPA convention last week in Arlington. The Star placed second in the "appearance" contest, entering against newspapers in towns of above 5,000 population. It was the second straight state press award won, since the Star won the first-place award in the "news picture" contest last year, an event it was not eligible to enter this time.

A neighboring paper, theovina Blade, was awarded the first-place plaque for news-writing, in its division for towns of under 2,000 population. Mr. and Mrs. Bill Ellis and family attended the convention, held at the Inn of the Six Flags, and drawing more than 600 newspaper publishers and their families. Ellis also drew the main door prize—a gas outdoor cooking grill, during the final meeting. Ellis is a member of the TPA's "advisory board," in his capacity as president of the Panhandle Press Assn.

### Summer Is Here

Date	Hi.	Low
June 18	79	56
June 19	82	57
June 20	90	57
June 21	87	63
June 22	99	58
June 23	95	60
June 24	96	58
Moisture:	.02	on June 18.

### Junior Golfers Offered Course

Cotton Renner, golf pro at Friona Country Club, announced this week that free golf lessons will be offered to junior golfers, ages eight through 15, on Tuesday and Thursday mornings.

The lessons will be for junior boys at this time. A class for girls is being planned for later. Starting time will be 9:30 a.m. and the first session will be at 9:30 next Tuesday morning. Renner states that the lessons will cover an introduction and indoctrination in golf. Further instruction beyond the two-week course will be available for those interested.

### "Texas" Set For 4th Year

The lights will go up in the Pioneer Amphitheatre in Palo Duro Canyon State Park near Canyon as the musical-drama of the Panhandle, "TEXAS," by Paul Green, opens its fourth season. Friday will be the opening night of the 1969 season, and it bids to be an international night, as special guests will be foreign exchange students who will be in the area that night.

The outdoor production will run through September 1. Ticket prices start at \$1.00 and \$1.75 for general admission and go to \$3.50 for reserved seats. Prices Friday-Saturday and Sunday nights have a modest increase. Tickets may be reserved by calling 806-655-2132 in Canyon.

BEATING HEAT . . . The past few days, which has seen the temperature climb into the high 90s, has had residents trying to keep cool. Linda Perkins, the daughter of Mr. and Mrs. Richard Perkins, takes advantage of the weather to wash the family car, and perhaps get a suntan at the same time. Linda will be a junior at Friona High School this fall.

GARDEN SPOT? . . . Friona, which once had the title "Brightest Spot on the Golden Spread," has some scenes on the highway and elsewhere that makes one wonder if it can still live up to the title. The above photo, of an empty building on the south side of Highway 60, is one of the sights which greets people as they enter the city. (See letter, comments in "Star Lives" column)

## AN EDITORIAL

### THE NOBLE EXPERIMENT

We are nearing the bicentennial of our nation's birth. It might do all of us good to read, or reread, the words of Thomas Jefferson in our Declaration of Independence. This document and the war that followed it led to the noble experiment that is our U.S. Constitution.

Although we honor the signing of the Declaration on the Fourth of July, the resolution was actually adopted on the second. The final adoption was on the Fourth. The names of the 56 signers were not revealed until six months after the event for fear of British reprisals. The lone dissenter was Pennsylvania's John Dickinson, who held out with the hope of reconciliation with the mother country.

One of the many acts of personal courage forestalling the determination of the colonialists was that of Delaware's Caesar Rodney, who rode eighty miles to Philadelphia to cast his vote. Rodney was dying of cancer and had been bedridden.

John Adams, who had deferred to Jefferson in the writing of the document, wrote to his beloved wife, Abigail, on July 3, 1776: "Yesterday the greatest question was decided which ever was debated in America; and a greater perhaps never was, nor will be, decided among men. A resolution was passed without one dissenting colony, that these United Colonies are, and of a right ought to be, free and independent States."

And then they marched to war. Thirteen pitiful little colonies armed with a pipe dream. Thirteen stars on a field of blue against the mighty Union Jack. But they had their dream of freedom and independence. They had a cause to further. They had a grievance with King George. When it was over they had the embryo of a nation.

It was a difficult fight and it took time, but from this noble experiment came a new giant. It isn't over yet. It will take all of us working together. The founders of the nation were men unaccustomed to cooperation. Their interests and occupations were as dissimilar as some of the differences that separate us today. But they managed to unite through the qualities and goals they held in common. There was honorable compromise, and debate with a minimum of emotion. We must equal their courage if we are to continue to enjoy the blessings gained through their sacrifice.

# Friona Flashbacks

...from the files of the Friona Star

### 40 YEARS AGO—JUNE 28, 1929

A contract was let and ground broken this week for another business building for Friona this week. J.W. Parr will build a 75 x 90 foot building at the corner of Fifth and Euclid, just west of the Friona State Bank building, to house Friona Motor Company, which will handle the Ford agency for Parmer County.

### 35 YEARS AGO—JUNE 22, 1934

An American Legion Post has been organized at Friona. A charter list of 26 names was formally recognized last Thursday when District Commander Bob Lindsay of Borger presented the charter and approved Friona Post as affiliated with the state and national Legion.

### 30 YEARS AGO—JUNE 30, 1939

Another cafe was opened to the public patronage on Thursday of last week by O.G. Turner in one of the rooms in his business building on Main Street just south of the F.L. Spring grocery store.

### 25 YEARS AGO—JUNE 30, 1944

By the death of Mrs. John Gishler, which occurred June 24, Friona loses another of its pioneer citizens, she having located here with her brother-in-law and sister, Mr. and Mrs. D.H. Meade, in February of 1910.

### 20 YEARS AGO—JUNE 17, 1949

Bruce Parr, living east of Friona, in the Black Community, brought in the first load of 1949 wheat to the Friona Wheat Growers elevator Wednesday. About five minutes after Parr brought in the first load, J.G. McFarland arrived with the second load of new wheat.

### 15 YEARS AGO—JUNE 24, 1954

The building fund drive for Parmer County Community Hospital stood at \$17,253 as of Monday, with another \$10,000 pledged, making the drive for \$50,000 at a little past the halfway mark.

### 10 YEARS AGO—JUNE 24, 1959

Water research, recharge and future plans of the High Plains Underground Water District were outlined by Bill Broadhurst of the Water District at the Friday night meeting of the Rhea Farm Bureau. Broadhurst told members that "we have plenty of water now, but the future generations are looking to us to save some for them."

### 5 YEARS AGO—JUNE 25, 1964

"My biggest surprise was that there were no Indian Chieftains with whom I could smoke a peace pipe," said Nergis Yazgan, native of Turkey, reflecting back on her year's stay in Friona as exchange student. Nergis made her home with the W.M. Massie family.

## Bookmobile To Make Schedule

The High Plains Bookmobile Library will be in Parmer County this week. It was announced this week by Lorene Sooter, bookmobile librarian.

On Thursday, stops are scheduled at Oklahoma Lane (9:50-10:50); Rhea (12 noon-1:30 p.m.) and Black (2:30-3:30 p.m.)

Friday, the bookmobile stops at Hub (8:45-9:45 a.m.); White's Elevator (10-11 a.m.); Lazbudie (12 noon-1 p.m.) and Clay's Corner (1:15-2:15 p.m.).

Saturday, the bookmobile

comes to Friona for a stop from 1-4 p.m. at the City Park.

## Miss Phipps Visits Grandparents Here

Jaretta Phipps of Quannah was a Saturday night visitor in the home of her paternal grandparents, Mr. and Mrs. Mayo Phipps. Her parents, Mr. and Mrs. Dewain Phipps, came to Friona Sunday and she returned home with them Monday.

HOOKED!

## AN EDITORIAL

### A GREAT PUT-DOWN

The "put-down" has become one of our most popular forms of insult. Throughout history, deflating detractors or the pompous has been applauded and the anecdotes have been repeated and recorded.

One of the most famous has been described by the Encyclopaedia Britannica as "apocryphal"; that is, of doubtful origin. Perhaps because it is such an effective piece of defiance, we prefer to believe that it is true.

Diogenes, the 4th century founder of the sect of Cynics, was sitting on the ground one day when the conqueror, Alexander the Great, confronted him and offered to grant a request. Diogenes replied, "Stand aside. You are blocking the sun." A great irony indeed.

The late Winston Churchill was master of the put-down. He punctured socialism in fine style with this comment: "It is a socialist idea that making profits is a vice; I consider the real vice is making losses."

A more recent example of the put-down involved Gov. Louis Nunn of Kentucky. Some Kentucky horse breeders had given a \$70,000 thoroughbred to the Republican governors. Another faction, to show their resentment of the gift, gave the governors a \$70 mule named Hope.

In accepting the "gift," the governor made the following brief speech: "When I look at the face of this mule, a somewhat sad, forlorn animal, I shall think of the sadness that dwells on the faces and within the hearts of the poor people of our state. When I look at the back of this mule, I think of the tremendous burden of responsibility we bear for these people . . . . And as this mule walks away and I see his rear quarters, I shall always be mindful of the conduct and behavior of some of those who made this presentation."

## Bond Sales For May Are Given

Bond sales in Parmer County during the month of May amounted to \$3,599, it was reported by Frank A. Spring, county Savings Bond chairman. The cumulative bond sales for the county in 1969 stand at \$21,997, which is 22 per cent of the county's goal, it was reported. Parmer County's district had cumulative sales of 33 per cent of the 1969 goal of \$4,600,000. The state as a whole had sold \$77,653,923, or 44 per cent of the yearly goal of \$176,500,000.

## RECORD BREAKER

The first classical L.P. to sell over 1,000,000 copies was a performance by pianist Van Cliburn of the Piano Concerto No. 1 by Tchaikovsky.

**Randall Schwab**

**Muleshoe Boy**

**In Vietnam**

SCHWAB SERVES IN VIETNAM... E2 Randall K. Schwab son of Mr. and Mrs. Bill Schwab flew from Fort Lewis, Washington, to Viet Nam recently. He is a paratrooper in the United States Army Infantry. He is pictured here in a working uniform.

Marine Corporal Ernesto Perez, son of Mrs. Mike Perez Sr., of 1002 S. Main, Muleshoe, Tex., is serving with Force Logistic Command in the Republic of Vietnam.

Force Logistic Command, with Headquarters near Danang, receives and processes more than a million and a half miles last year, distributing more than 300,000 tons of cargo and nearly 8,000,000 gallons of water.

Force Logistic Command is the largest supply, service and maintenance support organization in the Marine Corps. It serves U.S. Marines and Republic of South Korea forces in the five northernmost provinces of South Vietnam.

**Byron Grant**

**Bovina Man Is Promoted**

COMPLETES BASIC TRAINING... Airman Apprentice Byron Grant recently completed basic training and was graduated from U.S. Naval Training Center, San Diego, California. He spent his leave visiting his parents, Mr. and Mrs. George Grant, then left Monday for Jacksonville, Florida, where he will be attending an aviation electrician's school.

Marine Corporal Frank A. Vaughn, son of Mrs. Leon Clemens of Bovina, Tex., was promoted to his present rank while serving with the 11th Engineer Battalion, Third Marine Division in Vietnam.

His promotion was based on time in service and rank, military appearance, and his knowledge of selected military subjects.

As part of the Third Marine Division's mission the battalion has been supporting operations just south of the Demilitarized Zone.

His unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials are made available through the Marine Corps Reserve Civic Action Fund.

**The Library Corner**

by Mrs. John F. White

The Library Summer Reading Program has enrolled more than 162 readers and 11 have already read 12 or more books. A special certificate from the Texas Library Association will be given to all boys and girls who complete 12 or more books during the program which will end August 8. There is still time to do much reading this summer so please come by and register if you have not already done so.

Last Saturday morning 20 boys and girls enjoyed the free movie which was shown upstairs in the library. This coming Saturday the movie is "Texas, Today's Frontier" and is a film about traveling in all of Texas' major parks. A special sequence is about "Six Flags" amusement park. All aged children will enjoy it so send your children to the library at 10:00. This film will

last a little more than 30 minutes.

Painting and repairs are well underway for the library expansion program. We hope to begin moving into the office formerly occupied by the Soil Conservation Office in the near future.

The Library Board met for its regular monthly meeting this past week. Plans for the near future of the library were discussed. Two new members of the library board attended the meeting, Mrs. Von Edelman and Mr. Leonard Coffey. They represent the Progressive Study Club and the Night Lion's Club.

"Inconvenience is the key to preventing home burglaries," says Liberty Mutual Insurance Companies. "It simply must be inconvenient and even difficult for the burglar to enter and leave the home undetected."

AB—at bats; H—hits; Pct.—batting percentage

If you knew how a fish felt when he got out of bed you'd have a better chance of catching him!

The problem, of course, is to diagnose fish moods. Since most anglers can't converse with them (although some claim this distinction), it's difficult to learn how fish greet the day.

Knowing what factors influence fish behavior can aid your angling success, say the fishing authorities at Mercury outboards. Sky condition, water temperature and water color all determine a fish's disposition. Successful anglers read this mood and match it with the correct casting technique.

In muddied or brown water fish are less likely to venture from their normal lies. They're reluctant to investigate a lure of bait. This means an angler must cast almost directly over the fish to get his attention. Casts should be more frequent with less distance between them.

In clear water fish are more eager and will travel farther seeking food. Therefore, fewer casts are needed, and the fisherman can work a larger territory.

Warm water is the result of hot weather, and fish aren't much different from fishermen at this time. They're lethargic and won't move about any more than is necessary. Again, this calls for more frequent casts to place the lure near enough to excite the fish. Cool water stimulates fish, causing them to move more. Anglers get by with fewer casts covering more water with each.

Sky conditions, particularly during warm months, also influence how fish act. If the sun comes up hot, fish stop moving at dawn, holding in one lie until evening. More casts are needed to put the lure in favorable areas. However, if dawn arrives with an overcast sky and a hint of light showers, fish will often feed on through the rain. Consequently, fewer casts are needed to connect with these carefree ramblers.

# ANNOUNCING

We Have Purchased Tri-County Elevator At Black And We Hope That We May Continue To Serve The Farmers Of The Black Community In Every Way Possible.

Maynard Greeson

Maynard Greeson is our manager at Tri-County Elevator, and we hope you will give him an opportunity to serve you. Congratulations to Woodrow Whitaker for bringing in the first load of wheat to Tri-County Elevator.

Woodrow Whitaker Delivered Our First 1969 Wheat

We Want To Assure The Farmers Of The Black Community That We Will Endeavor To Give Them The Best Service Possible. You Can Be Confident That By Bringing Your Crops To Us, You Will Get The Best Possible Price For Your Grain.

### At Home In Parmer County

By Janice Miller  
County HD Agent

The 4-H Clothing program is underway for this year. Adult leaders and mothers, Mrs. David White, Mrs. Wayne Magness, Mrs. Bert Williams and Mrs. Hurshel Harding, attended a training and planning meeting last week. These are some of the women who will be working with the girls this summer. The 4-H program would not be possible without the help of parents and volunteer leaders.

Does your teen-ager have a summer job? When tax time comes around both you and your working youth can get a \$600 exemption. You as a parent are entitled to an exemption because you support the teen-ager. And the law permits the youth to have his own personal exemption even though the parent claims him as a dependent. There is one requirement, though. The teen-

ager MUST be a full-time student or under 19.

This past week brought calls for two bulletins you might be interested in using. "Frozen Foods" B-175 tells of preparation, packaging and cooking frozen fruits and vegetables. It includes information from cantaloupe to Irish potatoes. It also has a section on freezing eggs. Another bulletin, "Pickles and Relishes" B-188 is a for sale only bulletin. It has preparation information as well as recipes for pickles, relishes and sauces.

Breakfast cereals should never be placed on a shelf with cleaning products or with foods, having a strong odor. The aroma will adversely affect the cereals' flavor. To prevent this, store packages in a clean, cool, dry place. Be sure to reclose the inner wrappings and tops to keep the cereals crisp.

### Hospital Notes

WET GAME? . . . At first glance, it appears that the golfers shown in the above picture are getting sprinkled by the course watering system. Actually, the sprinkler is between the camera and the golfers, who remarked that they kinda wished they were playing under the sprinkler, due to the high temperature.

The home is a lucrative target for the burglar, according to Liberty Mutual Insurance Companies, which states that stolen property value in each home burglary averages \$263, compared to \$227 taken in the average commercial theft.

### BEATING THE BUGS

Because mosquitoes are not only a nuisance, but also can carry disease, American homes and businesses use well over 500 million square feet of wire screening each year. In choosing your screening, according to the Gromley & Larsen Screening Company, look not only for material and price, but also for quality construction and uniformity.

### Allergy Sufferers

Keeping your home as dust-free as possible will afford relief to allergy victims in your family. Other helpful aids include the replacement of dust-collecting cloth curtains with glass-fiber curtains and the use of low-pile or washable rugs. Finished interior walls of the home should help the allergy victim.

### Backed-Up Sewers

Backed-up sewers — resulting in flooded basements — can leave infectious germs on basement walls and flooring, in addition to the always-present danger from electricity in the floodwater. Reduce the hazards of germs to your family by washing the basement with a solution containing hot water, a strong detergent and disinfectant. Also, destroy food or food containers exposed to contamination, including fresh fruits and vegetables, foods in cardboard containers, bags, screw top containers and bottles, and meats. Canned food in sealed containers may be salvaged if they are thoroughly washed and disinfected.

### Conservation Termed Job Of Every U.S. Citizen

by JAMES A. HINSLEY  
Soil Conservationist

Do you believe in the conservation of our great Nation's natural resources? You should if you expect our Nation to remain great.

In the ten seconds it takes you to read this paragraph, an average of 140 tons of topsoil will be washed out to sea by the Mississippi River and its tributaries. By this time tomorrow over two million tons of topsoil will have been lost to the Atlantic, Pacific, and Gulf of Mexico. This fact should indicate the great need for controlling as much soil erosion as possible.

A person's domestic and industrial needs of water per day is estimated at 250 gallons plus 1,300 gallons to produce the food and fiber he consumes. While the amount differs by climate and surroundings, the total is about 1,550 gallons of water per person per day for direct and indirect water usage.

By the year 2000, it is estimated, the United States will have a population of 400 million. That is twice today's population. That means about twice as much food and water will be needed. There will not be twice as much land. In fact, there will be less land in the year 2000 than there is today. Which means that in 31 years today's productive acres must produce as much food as they are producing today.

Only through conservation and efficient utilization of soil and water resources can this tremendous increase possibly be accomplished.

Regardless if you are a land owner or not, it is partly your responsibility as a citizen of this nation to encourage and

demonstrate conservation and efficient utilization of our Nation's resources. If you are a land owner, your responsibility is even greater. You should develop a conservation plan for your land treating each acre according to its capabilities and needs. The U.S.D.A. Soil Conservation Service located in Friona can provide you with soil, irrigation, plant and other physical information and assistance in developing a plan on your land which will enable you to better plan and carry out conservation and efficient utilization of your resources.

### OH, SAY, CAN YOU SEE?

Galileo's two-inch-wide telescopic lens enabled the Italian astronomer to study the heavens in 1609. Today's giant telescopes not only glimpse "eternity" — they record it — with some of the new ones made by the Space Division of Chrysler Corp. acting as their own cameras by filtering and taking pictures at the same time.

When I hear or read pessimistic forecasts about the impending lack of space for homes, offices, businesses, pastures and farms in the future due to the building of freeways, industrial installations and feedyards, I always think the writer is underestimating the ingenuity of people living in the twentieth century.

There are some who would have us believe Americans in the future will lack many necessities of life because there will not be enough space. A careful study of what is happening in America today would be very informative to most of us. An article in the July Reader's Digest contains facts and figures which are astounding. It is a report on the construction of a building complex in New York City. It is being constructed on a 15 or 16 acre plot of ground. When the excavation for the underground part of the complex was made, nearly 100 acres of waste land near the Hudson River was filled in and made available for building sites.

When the complex is finished, it will contain 231 acres of space for offices, shops and other business ventures. In this section of the country, 231 acres might be considered a small farm, but when you think of that many acres of floor space, the figure is impressive.

This complex is being build several stories underground and about 100 stories above the ground. The thousands of windows in the building will be washed automatically and the

**KEEP IT CLEAN**

by Virginia M. White

DEAR MRS. WHITE: How can I remove candle wax from my tablecloth? Need help.

DEAR NEED: Place ice cube over area to harden. Scrape with dull knife. Place stain between two pieces of white blotting paper, press with warm iron. Use fresh paper as wax is absorbed. Launder in normal manner.

DEAR MRS. WHITE: Help me to remove cranberry sauce from napkins. Thanks.

DEAR THANKS: Stretch area over bowl, secure with string, pour boiling water over stain until light. Launder in hot water adding 1/4 cup Super Cleaner, 1/2 cup NON-chlorine perborate bleach, 1/2 cup detergent.

DEAR MRS. WHITE: How do you treat gravy stains? R.M.

DEAR R.M.: Pretreat with cold water. Launder in hot water adding 1/2 cup Super Cleaner, 1/2 cup detergent, 1/2 cup NON-chlorine bleach.

DEAR MRS. WHITE: Please help me to remove wine stains from my tablecloth. Anxious.

DEAR ANXIOUS: Stretch area over bowl, secure with string, sprinkle table salt over stain and pour boiling water until stain is light. Launder in hot water, heavy suds, 1/4 cup Miracle White Super Cleaner, 1/2 cup NON-chlorine bleach. Good luck.

DEAR MRS. WHITE: Pumpkin pie dropped on my white synthetic blouse. Need your advice.

DEAR ADVICE: Scrape off with dull knife, pretreat with cold water. Pour liquid detergent over area, rub between hands, let stand 20 minutes. Launder in hot water (145°) with 1/2 cup Super Cleaner, 1/2 cup NON-chlorine bleach.

Get a free stain removal chart. Write V. W. Miracle White Company, 1741 West Fullerton Avenue, Chicago, Illinois 60614.

**NEW KITCHEN IDEAS SAVE SPACE, TIME, TROUBLE**

Everyday we hear more about saving space, saving time and even sparing trouble in the home. For years effort was spent in other parts of the house—finally the kitchen came under scrutiny.

With the advent of the Kitchen Planner, kitchen planning has become almost a science providing basic layouts and suggestions for combined related work areas, built-ins, freezers, disposers, dishwashers and a score of other work-saving devices, says American Standard. Some Planners even include placement of electrical outlets, lighting, color and fabric selection and serve as a general guide to the kitchen installations. About all the modern homemaker needs to do is make a selection.

Kitchen planning may be the best idea for kitchens in a long while.

HAVE PICNIC . . . Members of the "Project Head Start" class, taught by Mrs. O. J. Beene, held a picnic in the City Park on Friday, June 20. Most of the class members are shown in the photo.

# HURST DEPARTMENT STORE

DELEGATES . . . Shown are the 39 delegates to the annual Bluebonnet Girls State Convention from the 18th Congressional District, with Mrs. Sam Williams, seated at right, district president of the American Legion Auxiliary. Friona's delegates are Janet Ningus, in the fifth row back, and Amelia Sims, in the sixth row. Included in the group are Leatrice Gallman of Lazbuddie, Candy Wilson, Bovina, Nancy Patschke, Farwell and Jane Zinzer, Hereford. The picture was snapped prior to the girls leaving for Austin on June 10. They returned June 17. (Photo by Tyler Vance).

### Group Completes Benevolent Project

The Thursday meeting of Home Arts Club began with a covered dish luncheon at Girl Scout House. Hostesses were Mrs. Watson Whaley and Mrs. Tina Bainum.

During the afternoon lap quilts for use at the local hospital were completed. This benevolent project was started several months ago.

There will be no July meeting.

Members present were Mesdames Whaley, Bainum, Cassey W. Perkins, Dan Laceywell, L. D. Pope, Cordie Potts and E.G. Phillips.

### Relatives Visit In Perkins Home

Visitors in the home of Mr. and Mrs. Cassey W. Perkins last week were Mr. and Mrs. Louie Sisson and children, Larry, Janice and Kelvin, of Pacifica, California, and Mr. and Mrs. Randall Perkins, Patricia and Philip of Corpus Christi.

Mrs. Sisson and Mrs. Perkins are sisters and the Perkins men are brothers.

### Daughter Born To Spencers

Mr. and Mrs. Jesse Spencer became parents of a baby girl at 4:23 p.m. Sunday, June 22, at Parmer County Community Hospital. She was named Jeanette and weighed 8 lbs. 10 ozs.

Jeanette has a brother, Johnny 2. Her paternal grandparents are Mr. and Mrs. J.D. Spencer of the Black Community.

DENTAL SCHOOL GRADUATE . . . Gerald Daniel, who is a 1960 graduate of Friona High School, received a D.D.S. degree recently from Baylor University College of Dentistry, Dallas. He was a member of the Junior American Dental Association and a member of the Xi Psi Psi Fraternity. Immediately following the graduation a reception for the graduates, their families and friends was given by the Faculty Wives Club of the college. His parents, Mr. and Mrs. Paul Daniel, 206 Mills, Dumas, attended the graduation ceremonies, which were held at Gaston Avenue Baptist Church. The degrees were conferred by Dr. Abner V. McCall, president of Baylor University.

### Agent To Present Program

Janice Miller, Parmer County Home Demonstration Agent of Farwell, will present the program at the Monday evening meeting of Friona Maize Tops in the Community Room of Friona State Bank.

Martha Knight, president, urges all members and others who are interested to attend the meeting.

Ten persons attended the sal-

### Club Members Make Maize Days Plans

During a brief business session of Friona Antique Club at the Monday evening meeting plans were made for Maize Days.

The meeting began with a salad supper in the home of Mr. and Mrs. Dick Habbings. Tables were covered with old fashioned red and white checked table cloths and lighted with kerosene lamps.

Others present, besides the host couple, were Mr. and Mrs. Jerry Zachary, Mrs. Orma Filffin, Mr. and Mrs. O.C. Jones Mr. and Mrs. Tommie Jones and children, Mr. and Mrs. Howard Ford, Mr. and Mrs. Rudolph Renner and Mr. and Mrs. Raymond Adams.

The next meeting will be held in the home of Mr. and Mrs. O. C. Jones.

### Mabrys Attend Family Reunion

Mr. and Mrs. Walter R. Mabry and sons, Randy, Jerry and Terry, and Mr. and Mrs. Jimmy Mabry and sons, Jim and Mark of the Hub Community attended the annual Mabry family reunion in Wichita Falls last week.

Others attending from this area included Mr. and Mrs. James Mabry and Kim Carthel of the Lazbuddie Community and Johnny Mabry of Lubbock.

### AT PETERSBURG

### Reception Sunday To Honor Former Pastor

Rev. and Mrs. Russell Pogue of Petersburg and formerly of Friona will be hosts for an open house in their home Sunday, June 29, from 2:30 to 4:30 p.m.

Rev. Pogue will be celebrating his tenth anniversary as pastor of Petersburg's First Baptist Church. The open house will be for members of the church and community.

"This is to show our appreciation for the many kindnesses our friends in Petersburg have shown us during these years," Rev. Pogue said, "and to thank them for the privilege of being their pastor."

Rev. Pogue and his family moved to Petersburg July 1, 1959, from Wellington, where he had been pastor of First Baptist Church since 1956.

Prior to that time, he was pastor of Temple Baptist Church in Hereford from 1953 to 1956, organizing the church and building the first building. He was in Friona at First Bap-

tist Church from 1951 to 1953 and at Kress's First Baptist Church from 1947 to 1951. It was while he was pastor of the Friona church that the sanctuary of the building was completed.

Rev. Pogue also has been pastor of Vera Baptist Church, 1946; County Line Baptist Church and Val Verde Baptist Church, 1943 to 1945; and King Baptist Church in 1942 and 1943.

He is a graduate of Southwestern Baptist Theological Seminary and attended Baylor University.

First Baptist Church of Tullia, Rev. Pogue's home church, ordained him to the ministry.

Rev. Pogue is married to the former Imogene Roberson of Hereford. They recently celebrated their 25th wedding anniversary. They have four children: Lois, of Waco, who is married to Jim Ferguson of Tullia; Jim, a Junior at Hardin-Simmons University in Abilene; Dan Earl, 13, and Ed, 10.

As a pastor, Rev. Pogue has been active in Baptist work in the South Plains and West Texas areas. Recently he was elected as a member of the executive board of the Baptist General Convention of Texas.

The open house will be in the Pogues' home at 2023 Main in Petersburg, adjacent to the church sanctuary. The reception is open to all friends of the Pogue family.

### It's A Boy

### For Carthels

Mr. and Mrs. Mal Carthel of the Lazbuddie community became parents of a baby boy at West Plains Hospital, Muleshoe, Saturday, June 7. He was named Tracy Boyd and weighed 7 lbs. 2 ozs.

Tracy has one sister, Kim, 3. His grandparents are Mrs. Helen Milam, Stratford, and Mr. and Mrs. James Mabry of the Lazbuddie community. Mrs. Carthel is the former Terri Sue Mabry.

SHAPELY—Textured and brilliantly printed cotton interprets summer's "bra" dress. Waistline cut-outs and tiny shoulder straps are stylish details of this design made from Simplicity Pattern 8194. Fabric from Singer Centers.

WELL-FITTED—Firmly woven cotton pique is the ideal choice for sewing a bra dress. Non-woven interfacing and elastic sewed in the side seams accentuate the uplift. Made from McCall's Pattern 9773 with fabric from Singer Centers.

Weekend visitors in the home of Mr. and Mrs. Wesley Hardesty were Mr. and Mrs. Fred Kerr of Downey, California, and Beverly Mays of Plainview.

### What's in a pocket of poverty?

People. People suffering indignity and inhuman frustration.

Whose concern are they?

Everybody's. Yours and mine.

Because every Faith says the well-being of others is the business of everybody.

See what can be done where you live—then see that it gets done.

How? One place to start is where you worship.

It can become, with your help, a surprisingly important center for initiating local programs, and for generating encouragement for programs that already are in action. And this is just one way you can change things for the better—in your community, the nation, the world. Worship this week. Ever, more important: put your Faith to work every day.

# In And Around Friona . . . . .

(Continued from page 8)

water used in the process will be sucked up, re-claimed and re-used.

There will be parking space for thousands of cars underground. When we have talent such as is being exhibited in this and other projects, it doesn't seem likely that we will run out of space very soon.

Pasture land has always been important for the production of beef for human consumption and the number acres now in pasture land grows less each year. Does this mean that we will soon be running out of beef? I think not.

If a cattle census had been made of the cattle on the XII, with its thousands of acres of pasture land, fifty years ago, it would compare very unfavorably numerically with a current census on the same tract of land. Someone may be thinking, "You've got to have pasture for mother cattle or you will soon run out of stockers and feeders."

This may have been true fifty years ago, but isn't necessarily true in 1969. Recent tests have been made on the feasibility of raising calves on cows in dry lots. These tests have shown that calves which compare favorably with range calves at the same age can be raised in confinement. It just doesn't take as much land for a successful cow-calf operation as a lot of us used to think it did.

If you sometimes feel apprehensive about the future of our country because of the decrease in the number of acres of farm and ranch land, read some of the farm magazines and learn what is being done. A visit to an experiment farm would be an enlightenment to most of us, too.

There has never been a time in history when changes were being made so rapidly. Perhaps it would be wise if we spent some time learning about some of the new things being done, spent some more time taking advantage of and enjoying them, then used our time more wisely. Time's running out for all of us faster than space.

Mayor W.L. Edelman of Friona was one of the few ex-students of Texas Technological College who had the honor of being one of the first and last graduates of that school. After graduation from Plainview High School, Preach defied convention at the time and enrolled at the "new" college on the South Plains instead of going to West Texas State Teachers College, Canyon.

He was a member of Tech's first graduating class in 1929. Then a few weeks ago all members of this class were honored with a reception and presented replicas of their original diplomas in connection with observation of the Fourtieth Anniversary.

When Governor Preston Smith signed the bill authorizing the name change to Texas Tech University, this made that group the last ones to receive diplomas from the old Texas Technological College.

A move has been underway to change the name for several years. Maybe it is a matter of seniority or something. West Texas University, Canyon, had a name change from West Texas State Teacher's College to West Texas State College a number of years ago.

Mr. and Mrs. E.D. Matlock received a letter from their grandson, Kirk Matlock, who is hospitalized in Japan with injuries received in Viet Nam. His condition is good and he expects to be hospitalized several weeks yet.

His mailing address is:

Unhappiness is not knowing what we want and killing ourselves to get it.

## Son Born To

### Local Couple

William Carl is the name Mr. and Mrs. C.B. Eddins Jr. chose for the baby boy born to them at 7:08 p.m. Friday, June 14, at Parmer County Community Hospital. He weighed 8 lbs. 4 ozs.

The couple have an older daughter, Belinda, 5.

Grandparents are Mrs. Anna Bell Crain, Stamford, and Mr. and Mrs. Roscoe Parr Sr., Friona. The great-grandparents are Mrs. Jennie Beck, Clovis, and Mrs. Dora Eddins, Center, Texas.

## Michael Elam

### Born Sunday

Mr. and Mrs. Gary Elam became parents of a baby boy at 12:05 p.m. Sunday, June 22 at Parmer County Community Hospital. He was named Michael Shawn and weighed 6 lbs. 15 ozs.

Michael Shawn is the first child for the Elams. His grandparents are Mr. and Mrs. Earl Elam and Mr. and Mrs. Ernest Anthony, all of Friona. Mr. and Mrs. A.W. Anthony Sr., also of Friona, are the maternal great-grandparents.

## Lullaby Shower

### Fetes Mrs. Eddins

A surprise lullaby shower in the home of Mrs. C.B. Eddins Jr. recently was hosted by Mesdames Joe Radford, Phil S. Phipps, Scott Carter, Pat Fallwell, J.R. Varner, Edgar Fletcher and Dale Cunningham.

Refreshments of punch, cake, cookies and mints were served. Decorations were in blue and white.

Special guests included Mrs. Roscoe Parr Sr. and Mrs. Roscoe Parr Jr., mother and sister-in-law of the honoree.

## Frionans Visit

### In Florida

Recent visitors to Florida's Silver Springs were Sue, Romalee, Chuck and Sami Rector of Friona.

# Candlelight Ceremony Unites

## Linda Allen, Danny Murphree

MRS. DANNY MURPHREE

In a candlelight ceremony at First Baptist Church, Kress, at 7:30 p.m. Saturday, June 21, Linda Kay Allen, daughter of Mr. and Mrs. Bobby G. Allen of Kress, became the bride of Danny Murphree, son of Mr. and Mrs. Curtis Murphree, Friona.

The double ring vows were read by Rev. Cecil E. Foster. The altar was centered with an arch of tropical foliage flanked by wrought iron candelabras holding white tapers. A wrought iron kneeling bench stood in front of the anniversary candle, which was flanked by two white tapers. White standards holding votive cups and garlands of babybreath marked the family pews.

Prelude organ music was presented by Mrs. Robert Morton, Kress, who assisted Mrs. H.M. Bain, Plainview, pianist, in accompanying the soloists, Mark Parr, Plainview and Rev. Bill Foll, Friona.

Susan Allen was her sister's maid of honor. She wore a floor length gown of pale pink bonded crepe designed with an empire bodice overlaid with matching chiffon and an A-line skirt. The cuffs of the full sleeves were fastened with tiny self covered buttons. The back bodice featured self covered buttons and a matching bow. Her veil was a circlet of pink malle attached to a headpiece of pink bows. She carried a nosegay of pink carnations centered with a pink rose and tied with shocking pink satin ribbon.

Carolyn Murphree, Friona, sister of the groom, Rhnea Davidson of Albuquerque, and Judy Scott of Kress were bridesmaids. Lea Ann Sikes, Dallas, cousin of the bride was the junior bridesmaid. Their dresses, veils, headpieces and nosegays were identical to those of the maid of honor.

Lori McDonald, cousin of the bride of Baton Rouge, Louisiana, was the flower girl. She wore a floor length gown of pale pink dotted swiss with short sleeves and a headband of pink daisies and net. She carried a basket of rose petals.

Joe Murphree, Friona, brother of the groom, was the best man. Groomsmen were Barry Arwine, Burleson; Dennis Howell and Johnny Mars, both of Friona. Guests were seated by Gary Murphree, cousin of the groom, Tommy Mars and Jerry Cass all of Friona and John Fowler of Houston.

Candlelighters were Mark Allen, brother of the bride, and Jimmy Murphree, brother of the groom.

The bride, who was escorted to the altar and presented in marriage by her father, wore a formal wedding gown of white pearls de sole overlaid with silk organza. It was styled with an empire bodice of lace which extended into a chapel length lace train. The long fitted sleeves tapered to points over her hands.

Crystals and seed pearls outlined both the round neckline and the lace scallops on the front of the A-line skirt. Her elbow length veil of silk illusion was held by a cluster of lace

petals outlined with seed pearls and crystals. She carried a white lace covered Bible with cascades of sweetheart roses showered with white satin bows and topped with an orchid corsage. She wore the wedding band of her maternal grandmother and carried a handkerchief which she borrowed from the groom's mother.

Guests were registered by Vicki Welch, Kress.

A reception followed in Fellowship Hall of the church. The bride's table was laid with a white net cloth adorned with wedding bells and satin bows. The centerpiece of pink roses in a crystal epergne was surrounded by the bouquets carried by the bride's attendants.

The tiered wedding cake was decorated with pink and white roses and topped with a miniature bride and groom standing under an arch. Cake and punch were served by Dianne Byrd, Kress, and Linda Roberson, Perryton. The groom's table

AUGUST WEDDING PLANNED . . . Mr. and Mrs. Newman Jarrell Jr., Atlanta, Georgia, have announced the engagement and approaching marriage of their daughter, Laek LaVonne, to Jim Gilbert, son of Mr. and Mrs. Melvin Gilbert, Clovis. Wedding vows for the couple will be read at 7:30 p.m. Friday, August 8, at Kingswood Methodist Church, Clovis, Miss Jarrell, a former Friona resident, is a 1969 graduate of Clovis High School. Her fiancé is also a graduate of Clovis High School. They plan to live in Clovis and to attend Eastern New Mexico University, Portales, this fall. Invitations are not being mailed locally, but friends of the couple are invited to attend.

was covered with ivory lace and coffee was served from a sterling silver coffee service by Mrs. Richard Sikes, Dallas, aunt of the bride. Mrs. Lloyd Brandes, Kress, served the chocolate cake.

Others in the houseparty included Beverly Morton, Shellia Thomas, Mrs. Varnell Thomas, Mrs. James Armstrong, Mrs. C.C. Reed and Mrs. J.B. Scott.

For her wedding trip Mrs. Murphree wore a shell pink linen dress with matching coat with matching accessories. Her orchid corsage was lifted from her bridal bouquet. Mr. and Mrs. Murphree are at home in the Edgemore Apartments in Plainview. She is a 1967 graduate of Kress High School and a junior English major at Wayland Baptist College. He is a graduate of Friona High School and Wayland Baptist College, where he received a bachelor of science degree with a major in physical education.

GO TOGETHERS—Twin-printed cottons team up for shirt and skirt coordination. The sleeveless ruffled shirt of pink cotton lawn is paired with a shaped skirt of green cotton duck. Both are printed in the same floral. Designed and photographed by Bill Atkinson for Glen of Michigan.

We are now feeding between 48,000 and 49,000 cattle, with capacity of 50,000 head. We wish to thank our many friends and customers who have enabled us to reach our present state of growth in such a short time. We hope to continue to grow with the Friona area.
