

REPUBLICANS PLAN TO ELIMINATE MUCH OF NEGRO INFLUENCE

SOUTHERN DELEGATE PROBLEM TO COME BEFORE NATIONAL COMMITTEE.

PARTICIPATION TO BE CONFINED TO VOTERS

Opposition to Program Expected to Develop From Among the Old Guard.

By MARK SULLIVAN
National Political Correspondent of The New York Evening Post and The Wichita Daily Times.
(Copyright, 1921, by The New York Evening Post.)

WASHINGTON, May 14.—At the coming meeting of the republican national committee, in preparation for which conference are now under way, there will be just two important items of business. One will be the selection of a new chairman to succeed Will Hays. The new chairman undoubtedly will be ex-Congressman John Adams of Iowa. That part of the business will be quickly out of the way. But thereafter will come a detail of re-organization which is right now the cause of tense controversy. The proposal, in short, is to change the entire basis of the republican party in the south. Those who want to do away with the ancient scandal of the southern delegate propose that hereafter the republican party shall rest upon the same basis in the south as the democratic party does.

In the southern states large numbers of negroes are prevented from voting by state laws, which have been held to be constitutional by the supreme court of the United States. At present the bulk of the republican party in the south is made up of these disfranchised negroes. The new proposal is that the republican party should recognize state laws in the south and everywhere else, the same as democrats do. The suggested rule is that hereafter no negroes are to be delegates to a republican national convention or take part in a republican primary or in a republican local convention unless he is a qualified voter of the state in which he lives and has voted in that state. The practical working out of this rule would make the republican party in the south a white man's party to practically the same extent that the democratic party is.

Opposed by Two Groups
The suggested rule is opposed by two groups in the republican party, which compose a curious combination of principle and politics. One large section of the republican party in the north thinks the party should continue to stand as it always has stood since the Civil war—the friend and protector of the negro. To this section is joined a group of old-time republican leaders of the "hard boiled" type who have been doing business with typical southern delegates for many years. The more fortunate of these republican leaders who want to adopt the new rule say the negro in the south has not been helped, but has been helped by being used as a political capital by white leaders of dubious standing, who trade with them as pawns in national conventions. They think the experiment of trying to force local southern communities to permit negroes to vote against the will of the white community has gone on for nearly sixty years, and has never been successful, but has always made mischief.

Political Worst Handicap
The only soundly southern negro to become a voter is to so impress his character on his white neighbors that they are willing to give him the franchise. That process is going on all the time and the number of negroes who have the franchise constantly increases. The position of the negro in the south, therefore, becomes better every year, and his worst handicap is the so-called white friend who uses him as a political pawn.

The innovation of joining away with the "southern delegate" scandal, and making the republican party in the south a white man's party, the same as the democratic party probably will succeed. There is little doubt that President Harding favors it. It is observed that his is the first republican administration since the Civil war which has not thrust colored postmasters and other colored office holders on white communities who resent them. In addition to the fact that the proposed innovation that it will probably succeed.

Divorce Suit Is Reported in Hands Of Mrs. Stillman

NEW YORK, May 14.—Disposition of the Stillman divorce suit rests wholly in the hands of Mrs. "Fifi" Potter Stillman. It may be stated on the highest authority. Hearing of the suit, circulated yesterday that James A. Stillman, former president of the National City bank, was seeking to withdraw from the case, the following facts developed today: Representatives of Stillman, it is said, have made overtures for a settlement outside of court. The negotiations have not yet proceeded to a point where definite allometry figures have been discussed. Mrs. Stillman, being that she holds virtually all the cards is showing no indications of a willingness to accede to her husband's overtures. She has made out an absolute basis for any negotiations admission of the legitimacy of the two year old Guy Stillman, and repudiation of charges of intimacy with Fred Beuvelux, the French-Canadian guide. Friends of Mrs. Stillman reiterated today that yesterday's postponement of a resumption of the "secret" hearings from May 12 to May 23 would be followed by successive adjournments until a settlement was effected.

REWARD OF \$1000 FOR MURDER OF JUDGE DEVEREAUX

TULSA, OKLA., May 14.—A reward of \$1,000 for the "murder of murderer" of Judge John Devereaux has been offered by the Tulsa county bar association.

A committee of five, appointed by the association, has investigated the field and is conducting an investigation. Although police officers today were inclined toward the theory that Judge John Devereaux, aged jurist, who died under mysterious circumstances here Wednesday night, sustained the blow on the head falling against a radiator in his room at a local hotel, county investigators were refusing to depart from the theory of slugging and poisoning.

In continuing his investigation in this direction, the county attorney points out that when Mrs. Jessie James was first arrested and said the condition of the jurist was not discovered until after 10 o'clock at night, while A. P. Dickson, who was held for investigation, said the judge was lying on the floor of his room at 5 o'clock in the afternoon when he reached the hotel from his office at the Pan American Refinery here.

WILL RECEIVE \$5,000 IN SETTLEMENT OF HER CLAIM

TULSA, OKLA., May 14.—Mrs. Jesse James held here with her pal, Goldie Gordon (Mrs. Houston Callan), in connection with the death of Judge John Devereaux is soon to receive \$5,000 in settlement of her claim against the estate of Tom Jones, Choctaw Indian, filed in the Grayson county, Texas, court, according to a local trust company retained by the woman to look after her interests.

JAPANESE CONTEMPLATE AN INTERNATIONAL PORT IN PROVINCE OF SHANTUNG

WASHINGTON, May 14.—Establishment of an international port at Tsingtau is contemplated by the Japanese government as soon as it can induce the Chinese government to undertake negotiations for the relinquishment of Japanese control over the entire province of Shantung. It was explained today in Japanese quarters here that internationalization of the port is insisted upon by Japan, it was explained, because the maintaining of a Japanese garrison at Tsingtau might invite demands from the other maritime powers for similar concessions. It was said that it would be impossible to assign separate quarters in Tsingtau to the half-dozen maritime powers, corresponding to their holdings in such open ports as Shanghai, for instance, for the reason that the port of Tsingtau is entirely too small to admit of such compounds.

THOUSANDS OF JEWS POURING INTO TRIEST EN ROUTE TO PALESTINE

LONDON, May 14.—The Italian government has taken steps to prevent the further accumulation in Trieste of Jews desiring to emigrate to Palestine, says a dispatch from Trieste today. Despite the fact that the British administration has ordered the ports at Palestine closed for at least a fortnight as a result of the recent disturbances in Jaffa, thousands of Jews, anxious to reach the Holy land, continue to pour into Trieste from all parts of Europe. Many of these are without means and in danger of starvation. The Italian government has ordered that no more intending emigrants be permitted to enter Trieste until further notice.

SUPREME COURT IS ASKED TO PASS ON VALIDITY OF VACCINATION ORDINANCE

WASHINGTON, May 14.—The supreme court was asked today to pass upon the validity of a San Antonio, Texas, city ordinance requiring public school pupils to be vaccinated. Counsel for Rosalyn Zucht, expelled for refusing to undergo the treatment, filed a petition for review of the dismissal by Texas courts of her suit for \$10,000 damages against the city authorities, contending that the ordinance is repugnant to the fourteenth amendment to the constitution.

PRETTY LUNCHEON HONORS VISITING GIRLS SATURDAY

A very lovely luncheon given at the Y. W. C. A. Saturday by Miss Pauline Nichol was a pretty compliment to the visiting girls of the city. The hostesses and a number of other guests were invited. The table was laid for fourteen, with a beautiful centerpiece of pink roses, carnations, daisies and pink roses, tied with a big white bow. The places were marked with lovely, long-stemmed pink roses, and the punch was served in a silver chalice with the guests' first names only. Luncheon was served in three courses, after which Miss Nichol invited the party to her home for a few informal games of bridge. Those present included Misses Leah Belle Duff of Topeka, Kansas, Leah Rominger of Fort Worth, Flora Lee McCullough of Waco, Eva Lynn Weems of Dallas, and Janet Scott of Houston, the honor guests; Mesdames Clarence Moore, C. W. Stephenson, G. R. Hart and Warren Dale, and Misses Virginia Parka, Annette Walsh, Agnes Reid and Pauline Reid.

CORRECTED LIST OF KILLED AND INJURED IN T. & P. WRECK

EL PASO, May 14.—The corrected list of dead and injured as compiled here following the wreck of a Texas and Pacific westbound freight train twelve miles east of Sierra Blanca Friday afternoon follows:

- The dead: TODD NICHOLSON, Duncan, Okla.; PAUL KELLEY, Lima, Ohio; WILLIAM HENRY, negro, railroad mechanic, formerly of Teague, Texas; M. M. DANIELS, former service man, discharged at Camp Pike, Ark.
- The injured: E. C. Abels, Tuscon, Ariz.; perhaps fatally; Thomas Steakley, Flintville, Tenn.; broken hip and internal injuries; R. H. Gobin, Fort Worth, Texas; broken ankle; Otho R. Montgomery, Flat River, Mo.; broken leg; M. B. Gibson, Marlow, Okla.; slight bruises.

ALAMO MOTHERS RAISED \$1348 THIS YEAR FOR SCHOOL IMPROVEMENTS

The Alamo Mothers council raised a total of \$1,348.05 during the school year just closed for improvements at the Alamo school, according to the report of the council treasurer, Mrs. W. J. McAllister, read at Friday's opening meeting and closing session of the council held at the school building. The receipts came from individual subscriptions and the various enterprises managed by the council throughout the year, and the principal disbursements were for the big picture machine, trees and shrubbery and other such landscape improvements for the school campus, a Victoria for the auditorium, playground equipment and miscellaneous furnishings, all coming under the head of permanent and beautifying improvements.

Mrs. Buchanan President. The Friday meeting was a combination of business and social, with one of the biggest attendances in the year to mark the close of the 1920-21 work. The principal discussions centered about the organization of the general council this week, plans for the next year and the election of officers. Mrs. L. R. Buchanan was re-elected president and very much congratulated on her splendid work as president of the council during the past year. Mrs. M. Black was elected first vice-president.

During the program, which opened with devotion by Mrs. E. C. Hockabee, Miss Williams and Mrs. E. Goodner gave a "Bianco" duet, Mrs. Gamble sang "Mother Machree" and "Springtime" accompanied at the piano by Mrs. Lewis and Miss Porter Oakes gave a very much appreciated reading, and the McMurtry twins gave a pretty costume song.

New and old officers and workers in the council were congratulated on the past year's splendid record by all the mothers present, and during the latter part of the afternoon very dainty refreshments were served to the mothers and teachers present.

WYNNE-STALEY WEDDING ANNOUNCED FOR JUNE 1

At a bridge luncheon given by Mrs. M. Fowler at her home on Eleventh street Saturday morning the approaching wedding of James C. Wynne and Miss Fleet Staley, both well known young people of the city, was announced, with the date set for June 1.

The luncheon was attended at 10 o'clock, the dining table appointments being particularly attractive. A centerpiece of sweet peas in delicate pink, lavender, rose and blue suggested a color scheme of pastel shades which was very beautifully carried out further in the colonial dip candles which served as place favors. The candles, with a tiny yellow flame to "throw a little light on the subject," were tied with tulle bows among the curves of which the announcements were prettily concealed. Four courses were served.

The guests spent the afternoon at bridge, the coming wedding plans featuring the conversation. Jack O'Leary won high score and was presented with the prize, while Mrs. Gay Hammond was consoled with a remembrance for her loss.

Those who were present included: Mesdames J. A. Staley, Will Hawkins, J. I. Staley, Delbert Lewis, Jack O'Leary, Gay Hammond, James and Fowler, and Misses Seada Willis, Mary Belle and Vera Hale, and Fleet Staley.

City Briefs

Homer Crawford of 1804 Lucile street, who was operated for appendicitis Friday, was resting easy Saturday night.

Charles Tobolowsky, proprietor of the Live Oak Grocery, is in Rochester, Minn., where he went for treatment at Mayo Free hospital.

F. C. Van Cleave of the local Gulf Electric Light and Power Co., Tampico, Mexico, where he will assume the position as superintendent of the pipe line department for the same company.

J. G. Quinn, superintendent of the pipe line division of the Texas company is in Houston.

Don Long of the Sinclair Oil and Gas Co. left Saturday for Tulsa, Okla., on business.

W. R. Capron, of the Sinclair Crude Oil company, is in Medicine Park to spend the week-end.

Strib Moore has left for Mexico.

Mankat Shrine temple will give a dance at Call Field on the night of May 20, according to plans formulated Saturday.

H. C. Lamkin left for Houston, where he will spend the week with his family.

ANOTHER MEETING OF NATIONAL GUARD SCHEDULED TUESDAY

Further steps toward organization of Texas National Guard units here are expected to be taken at a meeting to be held Tuesday night at 8 o'clock in the city council room in the basement of the Morgan building.

It is expected that the army for the guard organizations will be established in American Legion headquarters, a contract for which will probably be closed in the near future. Committees in charge of securing quarters have about completed their work.

Ambitious Plans For Junior Music Devotees for '22

Local leaders responsible for the organization and direction of the Junior and Juvenile Musicians' clubs of the city, already organized with a total membership to date of nearly 200, are making ambitious and practical plans for the 1921-22 year's work among the young people and children.

Mrs. Walter Robertson, state chairman of the Junior and Juvenile Musicians' clubs, and directly responsible for the local organizations, of which Miss Henrietta Fyfe, public school supervisor of music is head, stated Saturday that junior high school and ward school organizations are to be taken up immediately and that all local music instructors with classes large enough to justify individual organizations are invited to communicate with her, with a view to such organization. In case individual classes are not large enough, the music teachers are asked to encourage their students to place their memberships with the school organizations. Miss Robertson will be in active charge of the junior high organization.

The present clubs include the Juvenile Musicians' club, organized first with a membership of thirty children under the immediate direction of Mrs. Laura Burris, and the Junior Musicians' club, organized at the high school under the immediate direction of Miss Genevieve Goff. Both organizations are affiliated now with both the state and local music federations. The Juvenile club gave a splendid program Wednesday afternoon of last week in Mrs. Burris' studio, with a number of mothers and others interested present. The Junior club gave a program Wednesday evening at the high school, both programs closing the year's work for each organization. Work on the organization of the junior high, ward and individual clubs is hoped to be completed this month, so that plans for the year's work, with the children of children can be planned for this summer. The leaders of the clubs will co-operate with Mrs. John W. Klig, extension chairman of the state and others interested in the plan for the Junior club work and also with the Musicians' club symphony orchestra, by all of the musical organizations, it is expected that several big musical events will be staged in Wichita Falls next week.

HIGH SCHOOL FACES ORATORY BARRAGE

Three Speaking and Debating Contests Are to be Held During Week.

Another barrage of oratory is scheduled to be laid down at the local high school street Saturday in three separate bombardments, with the Rotary club declamations and debate prizes and the J. Wilkie Talbert extemporaneous speaking medals as the objective of the attack. The preliminaries of the Rotary contest are to be held Monday night, the Talbert speech-test Thursday and the finals for the Rotary prizes will be completed for both senior and junior boys from the local county and rural schools, while the Wilkie Talbert medal is to be contested for only by the boys of the Wichita Falls high school.

Preliminaries in the declamation and debate have already been held in the county and rural schools and the winners of these events will compete next Saturday with local students who are successful in Monday's trials. It is expected that there will be at least four contestants in each of the declamation divisions, while the debating event will also probably have a large representation.

In the junior declamation division, Sam Barbara, representing the boys and Marjorie Simmons, representing the girls, were the winners in the county preliminaries held last Friday night. Cash prizes are being offered by the local Rotary club to the best declamator and debaters in the county, the present amount being approximately \$275. A total of \$500 was set aside at first, but Texas state contests will be held in preliminaries have reduced this amount.

The Talbert medal is being offered by J. Wilkie Talbert, local real estate man, to the best extemporaneous speaker among the boys of the high school and some fifteen aspirants have indicated their intention of competing on Thursday. The contest will be announced to the speakers until ten minutes before they are called to appear, and then only five minutes will be allotted them in which to give their subject. The only thing given to the speaker is the topic which he chooses, and that they will be chosen from something with which every high school boy should be familiar.

All three contests will be held in the high school auditorium, and in addition to the main speeches music by the high school orchestra will be furnished during the evenings.

WILL RENEW NEGOTIATIONS TO SETTLE BRITISH STRIKE
LONDON, May 14.—(Canadian Press.)—Following the conciliatory speech in the house of commons on the miners' strike situation yesterday by Mr. Lloyd George, it was declared unofficially today that the prime minister would bring the miners' leaders and the mine owners' representatives together again for a conference early next week.

25 Coat Suits in materials of Tricotee, Point Twill and French Serge, good selection selling at cost, \$15.00 to \$49.50

Freeman-Black Co.

INDIANA AT SEVENTH

MANY TEXAS MAYORS TO ATTEND MEETING OF MUNICIPAL LEAGUE

A large number of Texas mayors will be in Wichita Falls next month to discuss a large number of municipal problems, according to information from headquarters of the League of Texas Municipalities. The annual meeting of the league will be held in Wichita Falls June 21 and 22. An announcement from the league headquarters at Austin says:

Work is progressing satisfactorily on the program for the meeting of mayors and other city officials to be held at Wichita Falls June 21 and 22. That the program might be well balanced and helpful as possible, a referendum was obtained from the mayors of the various cities and towns as to suggestions for topics of interest for the program and statement of the important municipal problems. Many of the city heads have replied with indications of their choice of topics and interesting comments on local conditions.

Among the most popular topics suggested for discussion at the convention are regulation and ownership of public utilities, particularly with reference to water and light plants; problems of sanitation, enforcement of ordinance regulating the use of automobiles; parking, street improvement and bond issues for that purpose; mosquito eradication, conducting cities as business concerns, and many other pressing issues.

A number of the city officials, it is stated, have expressed their interest in the work the league is doing and have also indicated their intention of attending the convention. From their replies it would seem that all sections of the state will be represented.

The program as planned will be devoted about equally to formal lectures by experts on various phases of city government and informal talks among city officials. Opportunity for round table discussion and exchange of personal experience will be given.

ANNOUNCE \$200 REDUCTION IN PRICE OF HUPMOBILES, WILL CURTAIL PRODUCTION

Announcement was made late Saturday afternoon by Eckman & Von Allmen, local distributors of the Hupmobile and Peerless machines, that effective at once a \$200 reduction in the price of Hupmobile models was to be made.

This cut is the second of the week and the fourth in the last two weeks which has affected a popular make of car. The Jordan and Marmon machines were cut substantially in price two weeks ago, and in addition to the Hupp, the Oakland car was cut last week.

In announcing their reduction in price, the Hupmobile company has also made known its decision to curtail production about 12 per cent, this being found necessary to carry out the general retrenchment policy of the company.

DE QUEEN AND EASTERN RAILROAD FORMALLY OPENED

DE QUEEN, ARK., May 14.—The De Queen and Eastern branch of the Texas, Oklahoma and Eastern railroad was formally opened to the traveling public today. The new road runs from De Queen to Dierks, Ark.

POLICEMAN RIDES IN AUTOMOBILE, CITY MUST PAY OWNER \$5

Justice of the Peace J. F. Maxwell holds that when a policeman makes an arrest and rides to the city hall in the arrested person's automobile that the city must pay for the use of the car. He awarded a judgment against the city for \$5 in favor of R. S. Ragdale of Burkburnett.

It appears that Ragdale parked his automobile in violation of a city ordinance some few months ago and the arresting officer rode to the city hall in Ragdale's car. The latter pleaded guilty to the charge and then filed a civil action against the city in the justice court.

The plaintiff contended that the city had used his car and that he was entitled to pay. Judge Maxwell thought so, too, and awarded him a judgment of \$5.

The strange thing about it is that the city will have to pay it as the case can not be appealed, the law holding that no case which involves less than \$20 can be taken to a higher court.

MEMBERS OF UNION SUE FOR TIME LOST IN STRIKE

ATLANTA, GA., May 14.—Recovery of salary lost while on an illegal strike is asked in seven damage suits totaling \$4,015 filed here against national officers of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees.

The petitioners were among clerks employed by the Central of Georgia railway when they assert J. W. Thomas, grand vice-president of the clerks union, called a strike May 17, 1920, which the grand president later declared was illegal.

Too Much of a Good Thing

"It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse I concluded it was too much of a good thing. On the advice of my druggist I tried Mayr's Wonderful Remedy, and am now entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Mack Taylor and druggists everywhere.—Adv.

12 ENLIST IN NAVY HERE, INCLUDING ONE OF 12 YEAR'S HITCH

Twelve enlistments, including one four-year enlistment by a sailor who has already served twelve years, were recorded last week by the local naval recruiting officers. Of these twelve only four were from Wichita Falls, the others having come from various parts of the state.

The man who has already seen a dozen years' service and who is now going back for four more was R. E. Alexander of Seattle, Washington. He was but recently discharged, and after a short time ashore signed up again at the local office and was sent to Dallas for assignment. He was chief petty officer when discharged.

Other enlistments were: O. W. Boone, Paris; C. W. Welch, DeKalb; A. Finland, Ellaville; Raymond Ashlock, Gaineville; F. G. Sprinkle, Athens; Jewell A. Holt, Stratford; J. E. Burns, Temple; and D. R. Martin, J. W. Roberts, V. N. Morrison and R. H. Campbell of Wichita Falls.

AWARD GALVESTON MAN LLOYD'S SILVER MEDAL

DENISON STUDENT PRESIDENT SCHOOL OF MINES ASSOCIATION

EL PASO, May 14.—Nathan K. Karchmer of Denison today was elected president of the University of Texas school of mines students' association for the next year.

RECORD RUN MADE ON IOWA PARK ROAD PAVING WORK FRIDAY

A record run, unexcelled thus far, was made Friday by Potts & Prantice, road contractors on the Iowa Park road work when 1,023 lineal feet of concrete was laid. The record up until that time was 1,016 feet, made two weeks ago.

The run for the week ending Thursday night amounted to 5,509 feet, according to figures from the contractors' offices. At that time a total of seven and a half miles of road had been paved and sufficient amount of material was on hand Saturday evening to lay another half mile.

Material is arriving daily and it is not believed that lack of material will necessitate suspension of operations. The mixer, which began work from the railroad tracks near the city, is within 2,600 feet of the camp.

GALVESTON, May 14.—Albert E. Goudge of this city was today presented with Lloyd's silver medal for meritorious service because of his voluntary service in assisting the captain of the steamer Aschenburg in saving that steamer from destruction by fire on December 21 last. The Aschenburg, loaded with grain, was run through burning oil which covered the water of the ship at pier 8, Southern Pacific docks, following an explosion and fire on the oil carrying barge Bolikow.

Your Future and Our Future

You often say of a man, "The more I know him, the better I like him." Of course as you come to know him better you learn his faults and failings as well as his virtues and achievements; you discover his little human weakness and his splendid manly qualities; but you get to UNDERSTAND him—and you like him. You figure that, after all, he's a whole lot like yourself, with about the same up-hill and down-dale to go in life, and you know that he needs your friendship and that you want his.

Well, it's the same way with a business—especially a business that has direct dealings with you. An electric light company is not a piece of machinery, it's a human aggregation, with just as keen and fine an aspiration to get on in the world as any individual. It has to work for its living the same as anybody. It has to earn the money with which to pay its bills and maintain its credit, and make enough so it can "save up a penny for the rainy day." It has to plan for its FUTURE the same as anyone else. It has the same problems as the rest of us to face, only, perhaps, on a larger scale. Every red blooded company like every red blooded man, wants to stand four-square with the world.

It is FRIENDSHIP and GOOD WILL that counts in the business world today. The Wichita Falls Electric Company wants YOUR friendship. We believe that our future and your future are identical. The continued growth and prosperity of the Wichita Falls Electric Company and the community which it serves are interdependent. We want you to know us better and we believe that when you do, when you comprehend some of our problems, when you consider some of our achievements, when you realize some of the splendid possibilities before us, you will be as enthusiastic as we are about our mutual future. Let it be a bright one.

YOUR ELECTRIC SERVANT.

LAWYERS' FINDING ON SUNDAY MOVIES TO STAND FOR 5 YEARS

FULTON WANTS THEATER MEN TO AGREE TO ABIDE BY COMMITTEE DECISION.

WILL BE NO EFFORT TO OPEN SHOWS TODAY

Further "Bliss Sunday" Plans Will Depend Upon Developments During Week.

Whether Wichita Falls is to have Sunday movies will depend upon developments this week. Today promises to be pretty much the same old Sunday, with nothing closed that isn't usually closed, and without movies. During this week County Attorney Fulton will proceed in accordance with the terms of the agreement he made Saturday morning with a group of citizens, and will submit the question of Sunday movies to a committee of attorneys chosen by himself.

Before he does so he will submit to the movie proprietors an agreement bidding them to abide by the decision of the lawyers' committee for a term of five years, regardless of whether the decision is favorable or unfavorable to Sunday movies. In the event the state law is amended in the meantime, the agreement would not apply. It was not known Saturday night whether movie proprietors would agree to this plan, but it was the belief that they would do so.

Mr. Fulton has not yet named the attorneys' committee, but will do so after the movie managers agree to observe the decision for five years. Mr. Fulton made it plain Saturday that he would endeavor to choose an unbiased trio of lawyers.

This committee's function will be to decide upon the wisdom of permitting Sunday movies. No question of construction of the law will be considered, as the Sunday law has already been construed by the higher courts.

Mr. Sheriff Smith announced Saturday that he expected to "clamp the lid on" next Sunday. It is understood, however, that if the movies are permitted to open Sunday, he will do so.

"I have heard of many things that I was supposed to have said, and many things that I proposed to do, that were as new to me as to anyone to whom such rumors were repeated. I am now and have always been perfectly willing to abide by the judgment of the people of our wonderful city upon this question; that the sentiment in this city is for clean Sunday moving picture shows, I have no doubt. I do not believe that they are a detriment to the city or its welfare. On the contrary, I firmly believe that they will result in good and will be a great factor in the further upbuilding of Wichita Falls.

"I know that my judgment in this matter is in harmony with the ideas of the overwhelming majority of the business men of this city, with the views of those whose efforts, thoughts, time and money have made Wichita Falls the great city that she is. I do not like for the business, in which I am engaged to be discriminated against. We all ask to be measured by the same yardstick that is applied to others. We do not approve the rule that makes fish of some and fowl of others. A fair deal is all we ask or have ever asked.

"Again, I want to make it plain that I am not responsible for any rumors such as we have heard in the last few days. I hope to have the privilege of correcting those kind of statements before being condemned for something which I never said or even thought of saying.

"The larger cities of Texas, like Dallas, Fort Worth, Galveston, San Antonio, Houston and El Paso, have their Sunday moving pictures and are supported by the wishes and sentiment of these cities. We have the same sentiment here and I am trying to conform to the desires and wishes of our people.

"Concluding, I wish to say that I have no personal feelings against anyone because of this matter. In fact, it is not a personal matter with me. With those who do not agree with us, I have no word of censure and I ask the same feeling from you.

(Signed) "H. S. FORD."

SUB-COMMITTEE ON COUNTY ROADS HAS SESSION SATURDAY

The sub-committee of the highways bureau of the chamber of commerce Saturday went over completed portions of the Iowa Park road, inspected some samples of the road that had been removed, and heard from County Engineer J. M. Isbell.

The sub-committee decided to make some stringent recommendations to the bureau as a whole, and the matter will probably be brought before the chamber of commerce directors before any action is taken.

LOCAL PYTHIAN SISTER WINS HIGH HONORS AT FORT WORTH CONVENTION

Mrs. J. E. Briggs of 1508 Polk street brought home a much prized trophy from the state meeting of Pythian Sisters at Fort Worth last week, winning the Everett-Sneed medal for highest proficiency in the secret work of the order. The prize is competed for each year, and may be retained by anyone winning it for three successive years. This is Mrs. Briggs' first year.

Mrs. Briggs made a score of 94, four points being deducted for her failure to place her hand exactly over her heart at a point in the work where such a gesture is prescribed. The next highest score was 85. High officers of the sisterhood said Mrs. Briggs' presentation of the work was the best they had ever seen.

At their meeting Tuesday night local Pythians will appoint a committee to judge the 50-odd essays submitted by high school children in the "Good Citizenship" contest. Some time ago the lodge offered gold, silver and bronze medals for the first, second and third best essays on the theme "Good Citizenship," which had been selected by a committee consisting of Lee Clark, J. C. Ward and J. P. Marrs. The contest will be decided shortly.

G. T. Gorstine, who attended the grand lodge meeting in Fort Worth last week, will give a report of it at Tuesday night's meeting. A large class will be initiated into the rank of page.

FANNIN MOTHERS' CLUB HELD MEETING

The Fannin Mothers' club held its election of officers for the coming year at a meeting held Wednesday. Mrs. Mary White was elected president of the club, and Mrs. Quinn was named vice president. Mrs. White gave an interesting talk on "School—a Training for Citizenship," which had been prepared by a committee of the club.

WHITE POPULATION OF ALASKA HAS DECREASED

WASHINGTON, May 14.—The white population of Alaska decreased 22.4 per cent between 1910 and 1920, the census bureau announced today. Of a total population of 54,559 recorded last year, whites totaled 27,452, compared with 35,400 in 1910. Indians in Alaska on the basis of the 1920 census numbered 26,421; negroes, 128; Chinese, 66; Japanese, 112; and Filipinos, Hawaiians and Koreans.

SIR CECIL LOWTHER WINS 'BY VERY NARROW MARGIN'

LONDON, May 14.—Sir Cecil Lowther, coalition unionist, was elected to the house of commons by the narrow margin of 21 votes in the re-election in the Petrich constituency. He polled 7,878 votes as against 7,847 for his independent-liberal opponent, Levi Collicott. It was announced here today.

CHURCH URGES PROHIBITION FOR THE PHILIPPINE ISLANDS

INDIANAPOLIS, May 14.—Resolutions urging that congress take action to prohibit the manufacture and sale of intoxicating liquors in the Philippine islands and enact legislation to prevent the manufacture and sale of cigarettes in the United States were presented at the quadrennial conference of the United Brethren church here today.

Window Glass at Decorators Co. 354-716

SUGGESTS NEW BASIS FOR NATIONAL TAXES

Would Increase Exemptions on Personal Income and Provide Sales Tax.

WASHINGTON, May 14.—An entirely new basis for levying national taxes, with exemptions on personal incomes substantially raised, was submitted to the senate finance committee today by C. R. Clark of Detroit, who said he spoke for the National Retail Dry Goods association, the National Association of Retail Clothiers, the National Retail Shoe Dealers association and the National Garment Retailers association.

Concretely the plan would divide all incomes into three classes and they, with the aid of the sales tax, would carry practically all the burden. Mr. Clark proposed raising the exemptions on personal incomes from the present \$1,000 for single persons to \$2,500, and from \$2,000 for married persons to \$5,000, with an additional \$500 exemption for each child or dependent instead of the present \$200. The witness also would lower the higher rates on income and surtaxes.

At their meeting Tuesday night local Pythians will appoint a committee to judge the 50-odd essays submitted by high school children in the "Good Citizenship" contest. Some time ago the lodge offered gold, silver and bronze medals for the first, second and third best essays on the theme "Good Citizenship," which had been selected by a committee consisting of Lee Clark, J. C. Ward and J. P. Marrs. The contest will be decided shortly.

La Follette Asks Pointed Questions In a Resolution

WASHINGTON, May 14.—Another resolution aimed at President Harding's appointment of American representatives on allied councils was introduced today by Senator LaFollette, republican, Wisconsin. It asked for information regarding the allied invitation and its acceptance and went over

for future discussion with the senator's original resolution in criticism of the administration policy. Information from the state department sought by Senator LaFollette's second resolution included: "What negotiations, if any, were had with the representatives of foreign nations, individually or collectively, as a basis for the acceptance by the president of the United States of the invitation extended through the British ambassador to appoint representatives of the United States to meet with the supreme council, the conference of ambassadors and reparations commission?" "What instructions, if any, have been given to the representatives of the United States who have been designated and its acceptance and went over

aforsaid conferences and commissions?" The resolution also inquired whether Ambassador Harvey was authorized to make his recent statement upon landing at Southampton, that America never "left so keenly the moral obligations she owes to the mother country."

KIWANIS CLUB WILL HOLD WEEKLY LUNCHEON MONDAY

The regular weekly luncheon of the Kiwanis club will be held Monday at the Kemp, and an interesting program is promised the membership. The usual letters to the members were not sent out Saturday, but none is expected to remain away on that account.

can be expected to get the benefit of his experience and ability.
General Harbord, his executive assistant, an officer of great ability.

IN THE PUBLIC INTEREST.

The action of the county commissioners' court in deciding to call an election to authorize the issuance of the \$150,000 road bonds in a new and more saleable form and bearing six per cent interest.

The bonds in their present form cannot be sold except at a large discount. The present bonds are cancelled and new bonds in serial form bearing six per cent interest.

The proceeds from the sale of the bonds will complete the main highways of the county, including that from the Clay county line to the Wilbarger county line through Wichita Falls, Iowa Park and Electra and from the present county line through Wichita Falls and Burk Burnett to Red River.

HARDING HAS A COLONEL HOUSE.

Taking a leaf out of former President Wilson's note book Harding has completed arrangements for his own Colonel House.

Colonel House was the unofficial adviser of President Wilson and Texas take pride in the fact that he was a mighty good one.

For this purpose a commission for the re-organization of the executive branches of the government has been created. This commission will be composed of three senators and three congressmen.

Walter F. Brown, of Toledo, Ohio, has been chosen for this position. Brown is an industrial lawyer whose tendencies are political.

The immediate task Brown and his commission have is a tremendous one, that of cutting out the red-tape, so notorious in officialdom at Washington.

After that has been done they will endeavor to inject some business efficiency into governmental affairs.

Each person who cast his vote for Harding last November must have realized this. Even the group of "bitter-enders" in the senate must have known that this was the case.

So far as can be seen from this distance there has not been the slightest change of international policy since Hughes took Colby's place as secretary of state.

Our active and full participation in the affairs of the world will not come in some form. It may not come through the means of the league of nations but it will come.

No man can see God in the burning bush as Americans did during the war and then deny the faith that is in him.

"The Parliament of Man." "The Federation of the World." "The greatest problem of the present administration is to recognize the important role America fills in this great movement and then to accept that role and its responsibilities fully.

AMERICAN OPINION WILL SUPPORT BRITISH PREMIER. David Lloyd George's denunciation of the Polish government's disclaimer of responsibility for the acts of the Polish insurgents in upper Silesia and his declaration by inference that Germany ought to be allowed to use her force to repel the aggressions of the Poles will meet with general approval in America.

Poland owes its very existence to the intervention of the allies and to the Versailles treaty. Since the armistice and the signing of the treaty Poland has been sustained and supported by the allies and without their support she must have long ago before the bolshevik long ago.

Division is reported between France and England in this matter. France is reported as not inclined to restrain Poland and as inclined to prevent Germany from using her forces against Poland from aggression.

GENERAL PERSHING AS CHIEF OF STAFF. With the appointment of General Pershing as chief of staff of the United States army and Major General James G. Harbord as his executive assistant, the United States will have two real fighting men as the head of its land force.

WHY?

Do some substances explode? (Copyright, 1921, by The Wheeler Syndicate, Inc.)

Mention of the word "explosion" usually brings to mind some substance like gunpowder, nitroglycerine or T. N. T., generally used for the explosions which are precipitated, and, to a certain degree, controlled by man.

When you are in the depth of care, The way to worry then and there is just to stir yourself about.

When you've made are apt to fall, It will not help at all to wait; There's only one thing then to do, And that's to see the trial through.

All men must worry, but the wise Express their fear in action's guise; When worry comes to earnest men, They win by working hard then.

Monday—Why is a person's side-face called their "profile"?

and it is a vital factor in the cost of living that can not be evaded. It is the factor that enforces sacrifice upon all, and the only thing that ultimately removes the weight of the war left upon the people.

What is most essential is for all classes and groups of citizens to recognize this fact and cooperate in creating a process of adjustment that will not be so difficult for the railway managers and workers to aggregate the intermediate influences that are making wage adjustments difficult and combat them together.

Nothing is more certain than that little progress can be made if all operate at cross purposes. If labor pulls away from capital, unemployment will continue; if the distributive forces of the nation absorb too great a share of the proceeds of industry for the service it performs, they will not only oppress the people, but dislocate the essential industries and render our whole system unstable.

It is no time for the professional agitator who gains his livelihood by inciting strife. Every citizen should give serious thought to the conditions throughout the world and analyze their bearing upon his own wellbeing and his country's dilemma, and then re-consider to take a man's part and a patriot's part in establishing civilization upon a basis of enduring stability, justice and peace.

Every citizen should give serious thought to the conditions throughout the world and analyze their bearing upon his own wellbeing and his country's dilemma, and then re-consider to take a man's part and a patriot's part in establishing civilization upon a basis of enduring stability, justice and peace.

WILL NEXT GREAT WAR BE FOUGHT IN THE AIR OR UNDER THE SEA?

By JOSEPHUS DANIELS

Future which will fight in the air rather than on the sea? A few years ago—indeed until 1914—we thought of a navy in terms of dreadnaughts and cruisers and destroyers and other surface craft.

Must the dreadnaughts be scrapped? Have the submarines and the air-craft revolutionized warfare?

Nobody really knows yet. Many opinions have been expressed. For months ago of supreme importance and dominant interest with all the people, a controversy has waged in newspapers and magazines as to what should be done with the dreadnaught.

There are those who say that the submarine of the future will be as big and powerful as the dreadnaught of the past, and in fact with equal ease and efficiency on the surface or beneath it.

Creation of American Fleet. But none of us even then sensed the tremendous, almost decisive part the submarine was to play in the war just ahead of us.

Now, however the argument as to the continuing value of the dreadnaught ends, there can be no doubt that in the next war—if there should be a next war—the submarine will play a most important role.

"Scrapped All the Dreadnaughts." Shortly before his death—which occurred only a few months ago—Lord Fisher, who had retired from active service, told the British public, and to much of the world as cared to listen, that the submarine had scrapped all the dreadnaughts, just as the dreadnaughts drove all prior warcraft into the naval discard.

"The Best is Yet to Be." This applies, however, more to quantity and cost of fighting craft than to type and quality. For we must remember that our generation need hope that the world, and all parts of the world, will become so amenable to reason that it will not be necessary to maintain for some years to come some kind of policeman on the sea.

"Navy on Water or in Air?" Are we to look for a navy in the future which will fight in the air rather than on the sea?

Are we to look for a navy in the future which will fight in the air rather than on the sea?

Are we to look for a navy in the future which will fight in the air rather than on the sea?

Are we to look for a navy in the future which will fight in the air rather than on the sea?

Are we to look for a navy in the future which will fight in the air rather than on the sea?

in actual warfare that will be tried out at Hampton roads sometime before next July. It may prove to be an epoch making event.

One of my last acts as secretary of the navy was to direct that certain of the German ships which were turned over to us, and which, under the agreement, must be destroyed, should be used in a series of experiments in which armen should attempt to destroy them.

The secretary of war joined me in asking the joint board of the army and navy to work out plans by which the experiment should be conducted in a way to truly test whether the agreement has put the dreadnaught out of business. The plans were perfected, and the test will be made.

When I had given the order for this test, the newspaper asked me if there would be any sailors on the dreadnaughts when the tests were made. I answered by saying that in a fair test between the surface craft and the submarine, the latter should be given a guarantee to put a crew on board the ship.

"Nobody can predict what the ship of tomorrow will be. We cannot foresee the development of flight or the full possibilities of the submarine. Every new weapon of destruction calls forth its counter-weapon.

My own view would be—if the advice of an "ex" is ever wanted—"wait until the big experiment is pulled off at Hampton roads, and then decide great under the future is to be. And then—in spite of Lord Fisher's cocksureness that the big ship is heading for innocuous desuetude—do not believe that the future is to be a U-boat under the sea, or flies in the air. All three are savor than the dependence on any one alone.

King Edward had great fondness for Fisher and promoted him to be first sea lord, the summit of every British naval officer's ambition.

I had not been first lord long. Fisher said to me at the dinner, "when one day King Edward sent for me, of course, I appeared promptly, and after some talk about naval matters, King Edward suddenly said to me: 'My appointment of you as first lord has brought me more unpopularity than any act of mine since I became king.'"

Lord Fisher paused a moment to let me take it in, for he had the talent of an actor as well as of the good story teller. Naturally I wondered what reply a subject could make to his king who seemed to regret an honor he had conferred upon him.

"What answer did you make?" was the question from a man who cultivates informing curiosity.

"I didn't hesitate a second and I didn't fear me in the least. I immediately said to the king, 'Your majesty, I congratulate you upon your wisdom in picking a winner.'"

"The best speech I ever heard was made by an American admiral, who as I understand, did not think he could make a speech. I was at Philadelphia at a big dinner, attended by many big men. I was called upon to speak and gave a war-time speech to the achievements and standing of the American navy, praising its officers in terms they deserved and expressing the sentiment that the navy of the British admiral, and standing of the British admiral, was—and he continued:

"The audience applauded me—and my speech was worth applauding. I can assure you (this with an inimitable smile) and then I sat down. Your Admiral Sampson was the ranking officer of my navy present. He did not rise and evidently did not intend to speak until several naval officers by nudges and suggestions conveyed to him the information that he ought to respond to the speech of the British admiral. Finally he rose, looked about him for a period as if not knowing what to say, and then without preface, Sampson made this brief and brilliant speech:

"Well, all I have to say is this: It was a damned fine bird that hatched the American eagle."

And as he told me that, Admiral Fisher's eyes fairly beamed with enthusiasm over what, he repeated, was the best after-dinner speech he had ever heard.

(A later article by former Secretary Daniels will be printed tomorrow.)

Vertical text on the far right edge of the page, including 'NEW ROAD ENABLE EFFECT', 'WICHITAN'S APPRO', and 'Put Up \$25,000'.

NEW ROAD BOND PLAN ENABLES COUNTY TO EFFECT BIG SAVING

ALSO MEANS THAT ROAD BUILDING WILL CONTINUE WITHOUT DELAY.

WICHITA'S PROPOSITION APPROVED IN ADVANCE

Put Up \$25,000 Check as Guarantee of Good Faith—Commissioners Promptly Accept.

If Wichita county's taxpayers vote on June 18 to accept the offer of Wichita Falls banks on the road bonds it means—

That the bonds are sold as soon as they are voted.

That work on the road building program can proceed without interruption, with funds sufficient for construction of 50 to 60 additional miles of road.

That Wichita county will effect a saving, in the end, of \$225,000, even though the new bonds carry one per cent more interest.

The offer to the commissioners was submitted by Frank Kell and W. M. McGregor, acting as individuals, but in reality on behalf of local banks.

Immediately after the agreement was drawn it was ordered by the court that an election be held on Saturday, June 18, the same date that the second election on the \$75,000 hospital bonds will be held.

The existing \$1,500,000 special road bonds bear five per cent interest and are straight term bonds. If the new bonds are not authorized by the voters of the county next month, the old style bonds will remain in force, which will mean a net loss to the county of \$225,000.

How Saving is Made.

Although the new bonds to be voted upon bear one per cent more interest, the saving is effected by them on the maturity. The six per cent serial bonds can be paid off at the rate of one a year, which reduces the interest \$2,000 annually. The five per cent straight term bonds call for an annual payment of \$75,000 in interest, which in the lifetime of the bonds would cost the county \$1,627,500. Under the new proposed bonds the total amount of interest to be paid totals \$1,398,000.

The agreement entered into between the court and Mr. Kell and Mr. McGregor follows:

"The attorney general's office has informed us that if your court will call an election to authorize an additional \$1,500,000 of bonds bearing interest at six per cent per annum and maturing in equal annual installments over a period of from one to thirty years, they will approve such authorization in lieu of the now present \$1,500,000 of five per cent bonds already authorized.

"In effect, such an election would mean only the changing of the rate of interest from five to six per cent and the changing of maturities so that the entire issue would mature serially in equal installments of from one to thirty years.

Funds Available Promptly.

"Consequently, we now propose to your court that if you will today call an election in accordance with the order which we have had prepared in the attorney general's office and attach hereto, we will, in the event such election is carried, pay you par and accrued interest for the said \$1,500,000 of six per cent serial bonds of Wichita county, making payments to you at the rate of not to exceed \$100,000 for the first five months, \$20,000 for the next four months, and not to exceed \$60,000 each month thereafter until all of said bonds are paid for; we to supply you with the approved personal

indemnity bond for the monthly payments and the unpaid portion; you to deliver to us the entire issue of the \$1,500,000 immediately upon the approval of the attorney general and upon approval of the commissioners' court of the indemnity bond supplied by us.

"You agree to supply us with such necessary certified records so as to enable us to present such records to our attorneys for their examination, it being agreed that all proceedings shall be subject to the approval of our attorneys.

"Attached hereto is a check for \$25,000 as evidence of good faith in this transaction which may be used as part payment of the purchase price, and is to be returned to us in the event said election fails to carry, it being understood that such check is to be in full settlement of all liquidated damages of every nature arising from the failure on our part to carry out this agreement."

The county voted the special road bonds two years ago and the bonds were authorized as of date of October 10, 1919. Since that time repeated efforts have been made to sell the five per cent bonds, but to no avail. The best offer that has been received recently was at 90, and this was for only a half million.

No Tax Rate Increase.

It was explained by county tax officials that the new bonds if approved by the voters will not raise the tax rate.

The bankers stated Saturday that in the event the new question carries on June 18 that they believe it will be possible to have the first \$100,000 payment on hand within ten days afterward.

The monthly payments, as agreed to in the contract will be a sufficient amount to stem the expenditures on the work on the road paving, counting on the state and federal aid which is received in allotments quarterly. A payment is due from the plaintiff and county within the next month, and this added to the amount to be furnished monthly by the bankers will enable the contractors as well as subcontractors to keep at work steadily and not cease operations for lack of funds.

Can't Sell Five Per Cent.

"We feel that this is Wichita county's only chance to get good roads without waiting at least two years," said Mr. Kell Saturday, discussing the proposition. "There is no chance to release all to sell a five per cent bond before that time, if then.

"If the proposition is voted down, money without question.—Adv.

simply means an indefinite wait before the roads can be built. If it is accepted, it means that the money will be spent at once."

Comment from other Wichitans was that the offer is one that ought to carry unanimously.

"Nothing more to Wichita county right at this time than the carrying on of the road work," said one Wichitan.

Lawyers Are Made Useful in Court, 7 Serve as Jurors

Seven attorneys helped make a jury in the 99th district court Saturday morning in the trial of a civil matter.

It was a rare occasion. The suit of Benson Oilham Oil Co. vs. the Insurance Oil company was on trial in which the defendant did not contest.

The jury found for the plaintiff on an instructed verdict from the court. The suit was for the cancellation of a contract and possession of property.

The attorneys who helped to compose the jury were Dan Boone, foreman; H. O. Williams, A. T. Duff, Sam Holliday, Charles Francis, Ben Tipton and Shields Heyser.

QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit

No-To-Bac has helped thousands to break the costly, life-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.—Adv.

JUDGE MARTIN SETS BONDS IN RECENTLY MADE INDICTMENTS

Eleven prisoners from the county jail were brought into the 99th district court Saturday and Judge P. A. Martin set bond in each instance as well as in several other cases on which the special grand jury returned indictments.

The following bonds were set for those who are charged in true bills: Church Powers, \$2,500, theft over \$50; J. E. Whitley, \$1,500, swindling; Leo Zorn, \$1,000, forgery; J. W. Dozier, \$1,000, burglary; Mrs. L. C. Mills, \$1,000, robbery; A. C. Carpenter, \$1,000, murder; L. S. Brannon, \$2,500, murder; Jess Rollingers, \$1,000, murder; Willie Davis, \$1,000, theft over \$50; Joe Brown, \$1,500, theft over \$50; Ross Thurston, \$2,000, theft over \$50; Tom Sharp, \$1,000, receiving and concealing stolen property; C. C. Smith, \$2,500, bigamy; C. A. Williams, \$1,500, swindling.

OIL THEFT CASE COMES UP FOR TRIAL MONDAY

The case of the State of Texas vs. C. A. McDonald et al. will be called for trial Monday morning in the 99th district court. The case has been continued and postponed several times due to the illness of some of the defendants. It is believed, however, that the court will be engaged in the trial of a civil matter Monday morning and that it is likely that the case will not be begun until late Monday evening or Tuesday morning.

TWO ALLEGED CAR THIEVES ARE RETURNED FROM PECOS

John Regan and Allen Kennedy, alleged to be the two men who stole a Chandler six from J. T. Duncan in this city on April 19 were returned from Pecos, Texas, Friday night by Deputy Sheriff J. E. Robinson and Charles Bebout. The car was driven back.

Blow in Face Is Valued at \$900, Verdict Is Given

A jury in the 99th district court Saturday morning, after nearly two days' deliberation, returned a verdict of \$900 in favor of the plaintiff in the case of A. C. Kraemer vs. M. K. & T. railroad company. The suit was for personal injuries alleged to have been sustained by being struck in the face by a special agent of the defendant company.

ALLEGES CAR DAMAGED \$900 DUE TO A HIGH CENTER IN STREETS

J. C. Leggett has sued the city of Wichita Falls for \$900, the amount he contends his automobile was damaged on account of running amuck on "high center" on one of the streets of the city.

He contends that in April of this year his wife was driving on the street and that the car was damaged seriously when the high center in the street tore up the bottom part of the car and the machinery.

SPOULDERS LOSE FINAL GAME TO BUFFALOES

Salmites Get Away to 4 Run Lead But Lose Out In Tenth Chapter

By PAUL W. LARKIN.

Our opponents dalled along more than usual before they put the skids under the Spudders at Athletic Park yesterday afternoon. Nearly all the folks present looked for an earlier uprising, judging from the way the boys have been handling the pill lately, but it was not until the tenth period that the grand detonation occurred. At about this time Clarence Darrough, who had been pitching great ball after relieving Kroh in a dangerous situation, decided he was not running true to the Spudder hurlers' form, and he decided to blow up. He never stopped until the Buffs had chased two runs across the plate and won the performance 7 to 5.

The sad story of another Spudder downfall really began in the fifth chapter when "Caddy" Works dropped a couple of throw balls and got "Rube" Marshall in bad. At the time the Salmite tallies were in and it looked as if the local athletes had a game called. But one can never tell in this grand and glorious pastime called "baseball"—especially if the Spudders are mixed up in it. In this round two errors by Works, three hits, and the customary pass resulted in five tallies for the visitors, which five put them in a lead that they never lost. The locals tied it once, but never went into the lead again.

Marshall was the first of a trio of pitchers which Skipper Salm found occasion to use. The big comedian started off like a whirlwind and only twelve men faced him during the first four innings. He was yanked in the fifth in favor of Floyd Kroh and "Lefty" found the atmosphere full of little else than Houston. He pitched the fifth and sixth and was gone. But a couple of terrific singles and a pass chased him in the next. Darrough took on the burden of his rounds and although the crowd were overjoyed he pitched the club out of the hole without being scored on. From this point until the tenth chapter of the championship form, but he spilled the home brew all over the premises in this canto.

Potts Hit Freely.

Potts, a youthful looking left hander, was Manager Whitman's selection for mound duty and he was hit freely, though he kept his hits well scattered in every inning but the fourth when six in rapid succession settled four markers. The Spudders collected a grand total of fourteen slams, but the majority were wasted.

The untiring effort of the matinee was furnished by Jake Miller in the fourth inning when he ploughed up a few feet of soft turf with his chin grog after Bailey's drive. Although a catch was not made in the manner in which fly balls are usually caught he speared the apple and clung to it. "Tex" McDonald, who had been in the hard luck which has been following him for the past few days, managed to get in a couple of singles, but was walloped by two others. However, Tex got back at his opponents by robbing them of a few down the third base line, and the Spudders a run in the opening counter. Rothfuss was winged by Potts for a starter, but at second he was hit by hands and "Froggy" was forced at second. This proved exceedingly costly as McDonald followed with a hard bouncer to right which sent the pitcher far as third. Neither Clark nor Miller could deliver the timely punch.

In the fourth, however, the Spudders gave a great exhibition of teamwork. With Rothfuss leading the parade the first six men hit safely. The blow delivered by "Froggy" was good for two runs, but the pitcher was again walloped. After Works had driven his left leg chasing the last two over the "pan" Potts put on the brakes and "Rabbit" McElwee and "White" Marshall tapped weakly to him.

Nothing daunted by this seemingly great handicap the invaders came back in a hurry and collected five tallies in the next time they came to bat. Works started the calamity when he dropped Marshall's toes on Miller's drive. Miller scored him at second for the first time. Darrough poked a safety to left and Marshall jammed the corners by throwing four wide ones to Blades. Effert duplicated Bailey's feat of Friday by flummung one inside third for two bases while Doyle and Darringer scored. Potts shot one at Marshall that bounded into Gross' mitt, but the latter got it to Works in plenty of time to get the runner. Once again, however, Works dropped the peg and all hands were safe with Blades over the plate. Potts stole second and Baggan popped to Clark. Bailey came through with another timely punch for the visitors—a single this time—that sent Effert and Potts home and Marshall to the club house. Kroh took up the burden here and Whitman pointed to Works for the final out.

The Spudders tied it up in their half through the generosity of the visiting hurler. With two away Works drew a pass and McElwee was hit by a pitched ball. Kitchens pounded a single to center that scored Works and put McElwee on third. He stole second, unscathed by Kroh's best was a wad put to Potts.

The boys battled in this deadlock through the next four innings, though each had plenty of chances to count. The Buffs had their best opportunity in the sixth when two singles and a pass filled the bases, but Darrough jumped into the breach and retired the side in order. The Spudders got men on in every inning but one, but could not chase him around.

Whitman started the uprising in the terrible tussle with a hard smash through Gross that almost carried the youngster into the field. One Starn had been retired at the time. Miller made it two away by grounding to McDonald. Then Darrough thought that his men might receive him, but he continued to hurl winning ball and he passed Doyle and Darringer. Blades was equal to the occasion and when "Rabbit" finally did locate the plate he never went over it. Blades cracked it on a line to center and two runners counted. Effert ended the agony by hitting Works.

The Spudders made a feeble attempt in their attempt of the season when Blechoff, hitting for Darrough, singled, but two men had been retired and Rothfuss skied to Baggan.

Albert Morley, Wichita's champion checker player, takes exception to an article recently appearing in the Standard Leader to the effect that E. P. Jefferson of Stamford "has rightly won the checker championship of Texas as he has the honor of being champion of several games and has beaten him once."

Morley recently defeated Jefferson here, in six games that placed him in a position to challenge for the title. Morley won five and tied one. Morley now wants to know where Jefferson gets off with the "champion ship."

CHAMPIONS OF PACIFIC COAST TO INVADE EAST

The University of California varsity row champions of the Pacific coast, out for a spin in preparation for their invasion of the East early in June. The college crews in the regatta at Poughkeepsie and will also race Princeton on Lake Carnegie, Princeton, N. J., next month. Left to right—H. E. Repath, coxswain; A. E. Larson, stroke; F. G. Mahan, No. 7; E. F. Marquandson, No. 6; R. C. Downs, No. 5; T. F. Kamp, No. 4; D. A. McMillan, No. 3; Robert Griffith, No. 2; and J. M. Rogers, bow and captain. On the left is John M. Rogers, captain and bow of the eight. Ben Wallis, coach of the crew, is shown on the right, who will bring his charges east.

Intercollegiate rowing prospects, the brightest of years, will receive added lustre with the eastern invasion of the University of California crew. It will be the first Pacific coast

right to paddle in eastern waters since the Stanford crew raced at Poughkeepsie in 1918.

California will be a qualified representative of the coast, since she defeated Washington recently by a scant five. Poughkeepsie is the scene of the "intercollegiate" at Poughkeepsie June 22.

Some of the wise ones in the east figure they know very little on the coast about the fine points of pulling an oar. But when one remembers the splashing Stanford crew that ran the carnish off the eastern shells in 1918 it can be realized that beautiful form isn't the only requisite.

California's crew will have no easy job against the "intercollegiate" at Poughkeepsie June 22.

SPORTS SHOTS by Paul W. Larkin

What's the use? If one man doesn't kick 'em, the other will. If one hurler isn't wild, the other is.

Wonder how they'll fare against the Exporters. Suppose they'll walk away with one game and hand Pat Newman the other two. That's been their custom to date.

We don't think a couple of hours of hunting practice would hurt any man on the club. We've yet to see one who can lay the pill down consistently. They may do it once, but they'll fail the next half dozen times. A failure to hunt yesterday at the right time cost them a run and that run would have won the game in the regulation time.

Potts went up into realms beyond in the third and didn't know what to do with the ball when it came to him. Many a twirler would be in the same fix if the Spudders could lay the ball down. Potts became so excited on Gross' tap that he followed Salm's advice and went to third. A moment later he didn't even throw Clark's roller.

Well, there's no sense in kicking a dog when he's down. Let's hope and pray for a sudden turn of events.

Probably the most notable defeat of Pat Newman's hectic career on the diamond was the whipping he handed "Muggsy" McMuraw several years ago in Houston.

Will somebody please page Abe Bowman's Alredale which answers to the name of "Buster"? Buster was among the missing when the club returned from its road trip and Abe is of the opinion that the hound will chase away the jinx.

Carl Eberhard is with Birmingham. He won a close game from Chattanooga last week, 2 to 1.

It was thought at one time that Gavy Cravath's major league home-run record of 117 would stand for all time, but that mark is being rapidly approached by Babe Ruth. Babe should surpass it with little difficulty and at least two others seem to have an outside chance. However, nobody but Babe has a chance to better it this year. George Sisler might pass it in time to come and George Kelly should pound one that many before he gets out of the big show.

What's become of the highly touted Toronto pitcher, the Cardinal keystone guardian, who was going to burn up the National league this year? We haven't seen his name in the box score for some time except in the role of a pinch hitter occasionally. Rickey's stunt of putting Hornsby, his 1200,000 second baseman in the outfield did not go a bit well with the St. Louis bugs and Rogers is back at his own position while the bespectacled infielder is warming the bench.

They're now trying to detract from the slugging ability of Ruth and Kelly, especially the former, by claiming the rightfield boundary line at the Polo grounds (where Babe is supposed to get most of his drives) is only 256 feet from home plate, while in at least one other park in the major the boundary is 344 feet. However, we note that Babe finds little difficulty in poling 'em out of any lot in which the Yankees happen to be cavorting. Incidentally, Kelly hits to leftfield usually, so what's the abili there?

OLD NO. 6 HOLE ON GOLF COURSE TO BE LENGTHENED SO AS TO MAKE IT PAR 5. The greens committee of the Golf club is planning to lengthen the distance to the old No. 6 hole, so as to make it a par 5 hole. The present distance is 420 yards, and by putting the tee back to the extreme west line of the grounds and moving the hole to the extreme east line, the yardage will be added to make the distance slightly over 500 yards, or a par 5. At present the only par 5 hole on the course is the new No. 3 hole which the distance is 515 yards.

W. E. Norton, who is second only to Cochran among local players, will probably not be able to make the Dallas trip.

A Lucky Hit. Talk about lucky hits—peep at this one: In a game between the Giants and Braves this year, Burns hit a grounder to Barbara and the Boston man booted it. In his anger he threw his glove at the pill and hit it. The umpire then gave Burns three bases on the hit which had landed him at first base originally. That scored Burns from first and gave the batter a triple on what should have been an easy out.

Members of the local club are pinning their hopes to Tom Cochran, and believe that the golfer who defeats him will be state champion. The state title is now held by Louis

EXPORTERS TO CLASH WITH SPUDDERS TODAY

Pat Newman's Crew Opens Three-Day Invasion at Athletic Park.

The "Cuckoos" are coming. Pat Newman and his fire eating Exporters have been playing regularly of late. Their three-day invasion of our fair city this afternoon at Athletic Park at 2 o'clock. Unlike the majority of other clubs which have appeared at the local orchard this season, the Exporters will have several familiar faces in the lineup.

The biggest change, of course, is in the leadership. Pat Newman, one of the greatest natural ball players mentioned the word "fight" becomes predominant in the mind, as Pat has had many tilts with opponents and umpires on the diamond as any player in the country. A veteran of many years, Pat can still step in and sock the old apple on the snout, though he has not been playing regularly of late. He is a first baseman, but has been giving Johnston an opportunity to chop the bag while he has guided the club from the bench.

Among the familiar faces on the club will be those of "Cuckoo" DeMaggio, "Cufe" Breaux, Stansbury, Doyle, Alexander and Jacobus. Breaux, a formidable natural hitter, who have kept the club up in the first division and who have given every club a battle even in the games they have

Cedric Durst, a high school youngster who has been covering the center pasture for the club, is touted as the league's sensation. He has been hitting like a fiend and his fielding has been way above par. Visiting players who have been here state that he is one of the greatest natural ball players they have ever seen and apparently has no weakness.

MARINES POUND SCOTT FOR AN EASY 7 TO 1 VICTORY. DALLAS, May 14.—Dallas won the final game from Beaumont today, 7 to 1, by hard and consistent hitting. Neither team scored until the fourth inning when Miller, second baseman, intentionally passed Galloway to get to Palmer. Palmer responded by driving a home run behind the score board in deep left, scoring three runs. Swartz pitched his best game of the year. Score:

DALLAS— A B R H P O A E. Munson, rf. 4 0 2 3 1 0 0. Miller, lf. 4 1 0 11 1 0 0. Galloway, 2b. 3 2 2 0 3 0 0. Doyle, 3b. 3 1 1 1 0 0 0. Swartz, p. 3 2 1 2 1 1 0. Totals 22 7 15 27 13 1 1.

THOUGHT BABE WAS STILL A RESIDENT OF BOSTON. When Babe Ruth was in Boston, not many days ago, he was hassled up on a charge of not having paid his personal tax for two years. Babe had a hard time convincing the tax collector that he hadn't been a resident of Boston since the fall of 1919. It seems the official had never heard of Ruth being sold to New York.

STRONG DELEGATION TO GOLF TOURNAMENT

CLEVELAND, OHIO, May 14.—Babe Ruth made his eleventh home run of the season in the eighth inning of the game here between Cleveland and New York American. Two men were on base. Bagby was pitching for Cleveland.

PORT WORTH, May 14.—Homeruns by Kraft, Hoffman and Rigney were features of Fort Worth's 7 to 4 win over Galveston here today. It was Kraft's ninth homerun of the season. Score:

GALVESTON— A B R H P O A E. Blinn, lf. 4 1 3 1 0 0 0. Dietel, 2b. 4 1 3 3 3 1 0. King, cf. 4 0 3 0 0 0 0. Lapan, cf. 4 0 1 2 0 0 0. Grubb, 2b. 4 1 1 1 1 0 0. Rigney, 3b. 4 1 1 1 0 0 0. If "J" Dope Is Correct Frenchman Should Take Title Away From Jack

SLUGGING OF SISLER AND HEILMAN FEATURE

Hornaby Pounds Way to Top of National League Sluggers Past Week

CHICAGO, May 14.—Make way for George Sisler! That is the warning given the leading batters of the American league by the averages for the past week, including games of Wednesday.

Babe Ruth, by crashing out four circuit drives, brought his string of homers up to eleven. Harris of Washington continues to set the pace among the base stealers with six.

Other leading batters include Stephenson, Cleveland, 350; Menckey, Boston, 375; Witt, Philadelphia, 373; O'Neill, Cleveland, 365; Gharitty, Washington, 365.

Hornaby Leading National League Sluggers. Roger Hornaby, the St. Louis star, who last season topped the batters of the National league, has battered his way to the top of the batters in the major circuit.

George Kelly of the New York Giants, who promises to give Babe Ruth of the Yankees a race for home run honors, added one to his total of a week ago, his total now being eight.

Bohne of Cincinnati broke the triple tie for stolen base honors, which he shared with Heathcote of St. Louis and Maranville of Pittsburgh, by stealing three bases. He is showing the way on the paths with seven thefts, while Heathcote is training with six.

Bubbies Hargis of Cincinnati is trailing Hornaby for batting honors with a mark of .408. Other leading batters: Johnson, Brooklyn, .392; Kelly, New York, .387; Kelly, New York, .381; Tierney, Pittsburgh, .369; Nicholson, Boston, .365; E. Smith, New York, .364; Cuthbert, Pittsburgh, .357; Haraville, Pittsburgh, .356.

Bunny Brief of Kansas City has de-throned his team mate Butler for the batting honors of the American Association. Brief's average is .407, while Butler dropped to .473.

Swilling of Kansas City bagged his sixth homer, but he lost to the Red Sox, Butler of St. Paul and Red Russell of Minneapolis, who have made five apiece.

SPRING BATTING AVERAGES IN TEXAS LOOP BEGINNING TO TOPPLE—EIBEL LEADING

By WILLIAM B. RUGGLES.

The big drop has already begun in the bloated spring averages of the Texas league, and while 25 players are maintaining figures above .400, and while Hank Eibel continues to flaunt as a regular day-to-day performer in the 400 club, the downward tendency is plainly evident.

Shreveport first baseman, Eibel, .454; Shreveport pitcher, Eibel, .454; Port Worth had his safely in 19 consecutive games and hit safely in the season, but only once in the season, that being on April 21, when Roy Mitchell held him hitless.

Three hundred hitters through games of Wednesday, May 11, follow:

Table with columns: Player, G, AB, R, H, Pct. Wachtel, E.W., 12, 27, 1, 8, .296; Knight, G.V., 12, 27, 1, 8, .296; Darringer, Hn., 4, 16, 1, 7, .437; Eibel, St., 25, 83, 21, 26, .312; Pate, F.W., 12, 27, 1, 8, .296; Moore, F.W., 19, 48, 12, 15, .312; Munson, Dn., 19, 48, 12, 15, .312; Palmer, Dn., 19, 48, 12, 15, .312; Miller, Dn., 4, 17, 4, 6, .352; Rabe, Wn., 12, 27, 1, 8, .296; Kraft, F.W., 29, 105, 23, 37, .352; Couchman, Gv., 8, 20, 9, 7, .350; Grayway, Hn., 17, 19, 10, .526; Haworth, F.W., 14, 41, 9, 14, .341; Bailey, Hn., 26, 89, 21, 30, .337; Vilsapatrik, Hn., 2, 2, 1, 1, .500; Landry, Dn.-S.A., 6, 9, 3, 3, .333; Conley, Dn., 8, 20, 9, 7, .350; Baggan, Hn., 20, 25, 7, 10, .400; Breaux, St., 26, 94, 12, 31, .330; Ewald, St., 25, 91, 25, 30, .330; Breaux, St., 25, 91, 25, 30, .330; Cannolly, S.A., 26, 101, 14, 33, .327; Blades, Hn., 25, 84, 12, 27, .321; Pate, F.W., 12, 27, 1, 8, .296; Breaux, St., 26, 100, 23, 32, .320; Miller, Hn., 8, 12, 3, 3, .250; Blinn, Dn., 8, 35, 3, 11, .314; Clark, W.P., 25, 93, 13, 29, .311; Westmorely, St., 25, 93, 13, 29, .311; Lora, St., 26, 93, 12, 29, .311; Bird, S.A., 26, 93, 12, 29, .311.

New Texas league pitchers are showing ability to get away with consistent success so far. The number winning five or more of their games is now 31, while there are only four undefeated pitchers left, and of those, two have been used only as relief men. Knight and Couchman of Galveston have the best winning records. Wachtel has worked in the most games and the most innings.

QUEEN OF JOHN BULL'S GOLFERS

—By Wood Cowan

CECIL LEITCH

ONE OF BRITAIN'S FOREMOST WOMEN GOLFERS AND THE PLAYER MOST GENERALLY PICKED AS THE REAL OPPOSITION, THAT AMERICAN WOMEN WILL HAVE TO OVERCOME, IN ORDER TO WIN IN THE COMING CHAMPIONSHIP MATCH.

YES, BUT ALEXA WILL TAKE ONE IRON SHOT TO TWO OF CECIL'S

WOOD COWAN

LONDON, May 14.—Miss Alexa Stirling of Atlanta, Ga., America's champion golfer, now in England as one of the representatives of the United States Golf association to compete for the British Women's championship title at Turnberry, Scotland, on May 30, made her first appearance in English competition recently at Stoke Poges in the annual match between ten of the best women players and ten leading male amateurs.

Now, Miss Leitch takes the club back dangerously quick and brings it down with the maximum speed, with the result that the head of the club and the ball meet in a resounding crash. With Miss Stirling it is more of a slow, steady, and accurate.

Major League Briefs. Three clubs in the American league are willing to take Frank Baker off the roster for every step he takes in Connie Mack, it is said, would take him back, and the Chicago White Sox could use him very nicely.

Scott Perry, who has been walking the straight line, may just as long as he stands up, endures it, fell off the wagon one day last week and Connie Mack suspended him without pay for ten days, besides inflicting a fine of \$100 on him. It comes high these days, too.

Umpire Bill Brennan missed a third strike, in the ninth, the heaviest Cardinal hurler, the other day. Leo walked up to him, removed his glasses and said, "You need these worse than I do, Bill."

Some deep delver into statistics has figured that Eddie Roush will draw a closer to the cup for the Cincinnati Reds. That means \$9,000 steps in 140 or so games. Some guessing.

Probably the shots in which Miss Stirling really excels are the three-quarter iron and mashie strokes. She hits the ball firmly and covers the flag the whole way. Some of these shots were a real joy to watch because, as a general rule, ladies are woefully inefficient when an iron club is placed in their hands.

Perhaps it was asking a little too much of her to meet Mr. R. H. de Montmorency, plus three, on a course that he knows upside down. For eight holes and the best part of the ninth Miss Stirling played amazingly well, so well, in fact, that Mr. Montmorency was fighting with his back to the wall. At this point she was 2 up, and the issue, so far as Mr. Montmorency was concerned, was in the greatest doubt.

Miss Stirling, who since her arrival in England has been playing a good deal at Hoylake and Turnberry, developed a blister on her left hand during the match, which became more painful as the game proceeded. This may have had something to do with her otherwise somewhat startling collapse. Anyhow, she complained of feeling feebly tired when the game was over.

It there are features of Miss Stirling's play which stand out above everything else they are her steadiness and accuracy. It may be of course, that she deliberately sacrifices distance for these attributes, but it is difficult to say, where nature and man's cunning have full sway, this plan may meet with success. To steer clear of lady who while honest and not without dash and dash opponent is getting into them, has won many a championship.

International Polo Cup Is One of Few In British Hands

LONDON, May 14.—Polo used to be considered by the British only as an amusement for the idle rich or pastime for dashing young cavalry officers who had nothing else to do.

But since the American team arrived here to compete for the International Cup in a series of matches starting June 18, at Hurlingham, polo has become a general topic on the streets.

The International Cup is one of the few sport trophies symbolic of world superiority that remains in British hands and the effort of the British to take the prize back will be one of the biggest sporting events of the year.

Every seat of the 10,000 has been sold and the committee is planning now to erect new stands to accommodate those who are willing to pay from \$15 to \$150 for a seat.

The list of box holders reads like a roll call of British royalty, nobility, army, society and fashion leaders.

The International contest between England and the effort of the American representative of America, failed dismally to recover the cup.

In 1902 the American Polo association issued a formal challenge and sent over a team, which, however, was equally unsuccessful.

In 1905 Harry Payne Whitney's "Big Four" gained a sensational victory over the best team England could produce and carried the cup back to the United States.

There it remained until 1914, although in 1911 an English team led by Captain Hardross made an unsuccessful invasion and two years later the Duke of Westminster's team also failed.

Just before the outbreak of the war, however, Major Barrett's team, including Major Vivian Lockett, Colonel H. A. Tompkinson, the late Captain Leslie Cheate, who was killed in battle, and Lieutenant F. Frazer, snatched the spoils for England, thanks largely to the splendid ponies collected and purchased through the generosity of Lord Windsor, ex-Viceroy of Ireland and a noted polo player.

Although the Meadowbrook "Big Four" has disappeared from the game, a new British polo team has been organized in preparing to defend the cup against America's present combination. The Hurlingham Club, England's governing body for polo, under the presidency of Field Marshal Haig, appointed a special "Defense Committee" under the chairmanship of Major-General John Vaughan, who raised the polo teams of the 7th and 10th Hussars to an extraordinary pitch of efficiency.

This committee set about accumulating the best ponies obtainable from a special fund of 12,000 pound raised for the purchase of desirable animals. The polo enthusiasts of Great Britain and India placed their choicest mounts at the disposal of the committee and the fifty animals thus gathered were sent down to Tidworth, on Salisbury Plains, the cavalry headquarters of the southern command where they have been training all winter under the supervision of the noted horsemaster, Lieutenant Col. E. Brown, of the Dragon Guards.

(Copyright 1920 New York Tribune Inc.)

THE GREATEST ROUND I EVER SAW. There was the tenth round of the Ketchell-O'Brien battle wherein Ketchell hooded the Philadelphia for a perfect goal, hanging his inert body over the ropes. Some canto is the proper phrase.

There was also the first round of the Leonard-Mitchell affair, where each boxer horsed in with a clean knock-down, stirring the multitude to its profound depths.

There was the fourteenth round of the Corbett-Pittsimmmons contest at Carson City (which we never saw), where the sensational chapter in the Book of Sock Ring history is full of great rounds. But the most sensational single round we ever saw was the first round at Toledo between Jack Dempsey and Jess Willard.

THE HURRICANE STAVE. Willard, then champion, stood 6 feet 7, weighing in at 250 stripped. Dempsey, the challenger, stood 4 feet 1, weighing in at 185 stripped. Willard, six inches taller and sixty-two pounds heavier, was the Giant in battle with the legendary Jack.

Now Willard had never been knocked down in his career, although off and on he had faced such robust punchers as Jack Johnson and Frank Moran. Dempsey's best chance seemed to be his greater speed and alertness that in six or seven rounds might either tire out Willard or befuddle him, provided Willard wasn't lucky enough to drop one of his huge fists on Willard's spot.

The round opened with Willard poised as if posing for a moving picture of the slow motion type. He was almost patronizing in his calm serenity—as Dempsey might be in facing Benny Leonard. For there wasn't so much difference in weight between Dempsey and Leonard as there was between Willard and Dempsey.

THE BIG JOIT. Dempsey, in place of running his stupendous opponent, began to circle him craftily. The champion's upper lip was curled back over his teeth, after the manner of a wolf.

In action he was the panther circling the ox. For the first section of the round there was little action—the purple bronzed challenger weaving his way around the big target, waiting for the first opening.

Then the storm broke. A punch to the stomach, a lightning whip to the jaw and the astonished, thunderstruck Willard dropped to the resin.

It is hard to say which was the more surprised—Willard or the crowd. The giant, who had never been knocked down in eight years of boxing, had been dropped in fifty seconds by a man sixty-two pounds lighter. Even then few figured that this one blow was any winning factor; of course, it would surely get to his feet, clinch, stall and survive the round for another start, savage at the affront, offered his vast person. Willard did get to his feet. But also before he could get set, another murdering, well-caught, well-timed jab and down he crashed for the second time. And at this point the answer was plainly written on the faces of the big crowd, a raving, roaring mass, acclimated to the ring history that had come to his doom, sooner than any champion in ring history had ever stumbled into defeat.

Seven times in the course of that one round the Challenger knocked the Champion sprawling. Willard never had any chance to put his attack into motion. That first punch left him dazed, bewildered, befuddled, with the bewildered smile of one who is a bit comical in the cook or balm in the bean.

THE WINNING FACTOR. Speed plus power had been too much for giant bulk and unusual stamina. The panther had blown away the big turret of the fort.

It is hard to say which was the more surprised—Willard or the crowd. descent into the depths the big crowd, a raving, roaring mass, acclimated to Dempsey's champion.

But in some way he struggled up, only to face a salvo of wallops that would have rocked an elephant.

It was no more of a battle. As a fight it was 100 per cent on one side. But as a spectacle it was the greatest single round we ever saw.

We are now showing the Nash "Four" Roadster and Coupe at our salesroom. If interested in a light weight automobile let us demonstrate the Nash Four.

NASH VALUE STANDARDS MAINTAINED IN THE NEW NASH "FOUR" CYLINDER CAR

The Nash Roadster for two passengers is exceptionally practical for business and professional men who desire a light car of high quality, compact in appearance and economical in operation. It is a particularly fine car of its type. It has cord tires as standard equipment.

A. & M. HAS EASY WIN IN CONFERENCE MEET

Sanders Leading Point Winner—Five Former Records Are Smashed.

WACO, TEXAS, May 14.—Texas A. & M. walked away with the fastest of the conference meet in many years here today, in which five former records were smashed.

Seven colleges entered teams in the meet. A. & M. won six first places and tied for one first place. Their total score was 54. Rice came second with four first places and a tie for first place in the pole vault with a total score of 32. Baylor was third with two firsts and 24.5 points. Oklahoma A. & M. with 18 points. Texas Methodist with 17.2. Southern Methodist with 12.4. Arkansas with 4.1. Completed the list of entries and the winners of points are: The farmers were overwhelming favorites from the start, and although falling down in the hundred and twenty yard high hurdles, when the contestants butting the odds in their favor by springing several surprises.

Loop Breaks Two Mile Record.

The two mile race was one of several features. Three of the best of Texas, Dickerson of Oklahoma, and Keifer of Baylor—battling for first honors through all eight laps. They finished in the order named, all of whom breaking the record. Loop, who had set the record at 10:25.2 seconds.

Dickerson of Oklahoma broke his own record in the mile, when he finished 20 feet ahead of Neely of Texas in four minutes, 23.4 seconds.

Sanders of A. & M. upset the dope sheet in the 100 yard dash, setting a new record mark of 50.4 seconds. McNatt recently defeated Sanders in the 100 yard dash, but was unable to overcome the splendid start made by the plucky little farmer today.

The first three men in the javelin broke the former record. District of Columbia won with a throw of 179 feet, 6 inches; Mahan of A. & M. expected to win, came second with a toss of 188 feet; and Donald of Oklahoma, placed third, also went well over the old record mark.

New record time was also hung up in the one mile run by the A. & M. team finished in 3:26.1 seconds. The winning team was composed of Davis, Harris, Weir and Sanders.

Final time featured in the other events, especially the hundred yard dash, of the race going 101.5 seconds; after each of the three leaders had been penalized for breaking at the start.

PLAN TO REORGANIZE "T" ASSOCIATION AT TEXAS U

AUSTIN, TEXAS, May 14.—The "T" association of letters men at the University of Texas has been reorganized and plans are being made to place on the roster the name of every man and woman who has won a letter in some sport at the university. The "T" association is composed solely of those students and former students and alumni who have won their letters.

The officers of the new organization are: Albert Penn, president; George Hill, vice president; Roy McLean, secretary-treasurer; and A. M. G. Swenson, sergeant-at-arms. The objects of the organization, as announced by the officers, are as follows:

To promote a high standard and general interest in athletics at the University of Texas.

To bring together all students who have been actively connected with athletics as a working body for the best interest of university athletics.

To prevent the wearing of the "T" or similar designs by those not entitled to do so.

To develop all the athletic ability in the university and establish an "esprit de corps" among the students.

To entertain visiting teams and to see that they are treated with the courtesy due athletic visitors.

To get in touch with promising athletes in preparatory schools with a view of inducing them to come to Texas to school.

To aid the interscholastic league in every way possible in its work with high school athletics.

To work toward the building of a new gymnasium and sufficient athletic funds to do, in general, everything possible to keep the University of Texas in its premier position in athletics in the south-west.

NANCY LEE CLIPS TRACK RECORD AT CHURCHILL DOWNS

LOUISVILLE, KY., May 14.—P. A. Clark's filly, Nancy Lee, won the fixture, the Kentucky Oaks, for three year old fillies, at a mile and an eighth at Churchill Downs today in 1:50.2 and outdistanced the second from the track record of 1:51.1-5 established May 27, 1916. The Oaks is the oldest stake fixture for three year old fillies and is run continuously on the North American continent. It had an added money value this year of \$10,000 and attracted 68 eligibles, of which six started, including Harry Payne Whitney's speedy Frudery, the beaten public favorite in the \$50,000 Kentucky derby last Saturday.

NEBRASKA TRACK TEAM HAS EASY WIN OVER HASKELL

LINCOLN, NEB., May 14.—The University of Nebraska defeated Haskell Institute 100-15 in a dual track meet here today. Nebraska took 13 of the 14 events. Haskell tied Nebraska in the high jump. Nebraska men broke the university of Nebraska records in the javelin and discus events and in the shotput. Fred Dale hurled the 16-pound shot 42 feet and 41 inches; Richard Moulton threw the discus 126 feet and ten inches, while Frank Carmen threw the javelin 187 feet and nine inches.

UNIVERSITY OF KANSAS WINS FROM KANSAS AGGIES

MANHATTAN, KAN., May 14.—The University of Kansas won the track meet here today with the Kansas State Agricultural college. Final score, 76 to 41.

COLUMBIA CREW WINS FROM PRINCETON AND PENNSYLVANIA

NEW YORK, May 14.—Columbia won the sixteenth annual Childs' cup race this afternoon on the Harlem river, defeating Princeton and Pennsylvania.

The victorious crew finished one-third of a length ahead of Princeton, with Penn three lengths behind.

Cornell Defeats Penn. ITHACA, N. Y., May 14.—Cornell defeated Pennsylvania in their annual track meet here today, 64.2-2 to 64.1-3.

RUTH AND KELLY ARE DISTINCTLY OPPOSITE TYPES OF SLUGGERS

Only Thing They Have in Common is Ability to Wallop Ball Over the Fence.

The season's home run monarchs to date—Babe Ruth of the Yankees and George Kelly of the Giants—are distinctly opposite types of hitters. All they have in common is the ability to drag a bat up to the plate and a great yearning to slam the ball to right field beyond.

Ruth is a left handed slugger; Kelly is a right handed slugger. Kelly hits from the other side of the platter. Kelly inclines more to left field hitting and Ruth to right field hitting.

Kelly is a freer hitter than Ruth in the sense that he will hit to all fields often than Ruth. He makes some home runs to right, but it is seldom indeed that Ruth hits to left for a homer or otherwise. He jolts 'em to center field often, however. Ruth is a freer hitter than Kelly in the sense that he will hit all kinds—high, low, slow, fast, curves—often than Kelly.

Kelly is a wrist hitter. Ruth a long powerful slugger with the arms and applied with such intuitive use of the principles of applying power that he gets the benefit of every ounce of his weight—more than any slugger the game has known, he does this.

Kelly uses wrists. Kelly leans well forward and Ruth does not, and Kelly's feet are farther apart. He has an awkward knee action, but has an advantage over Ruth in that he can wait until the ball is nearer before starting his swing. He doesn't bring the bat forward from as far back, but whips it savagely with the wrists and thereby, with excellent timing, gets enormous power.

Ruth's feet are closer together than Kelly's, much closer, with the left foot in advance of the right. His position at the bat is the easier of the two. He holds the bat well, his arms back, with the bat vertical. Kelly has the bat pointing out backward, back and arms forward. With his wider stance, he doesn't get as long a step forward when about to swing. He is better at Ruth at picking out balls at which to hit. He is more of a "flat-footed" hitter than Ruth. The latter is lighter on his feet.

Still, they both get the results. Kelly leans well forward and Ruth does not, and Kelly's feet are farther apart. He has an awkward knee action, but has an advantage over Ruth in that he can wait until the ball is nearer before starting his swing. He doesn't bring the bat forward from as far back, but whips it savagely with the wrists and thereby, with excellent timing, gets enormous power.

AGGIES TURN TABLES ON FARMERS AND WIN 9 TO 3

COLLEGE STATION, TEXAS, May 14.—A. & M. came back against Texas University in the baseball championship series today winning 9 to 3. The Aggies played a strong defensive game in contrast to their performance of yesterday and batted more opportunely. Sprague pitched for the Aggies and Liesner and McCall for Texas.

BOSTON COLLEGE WINS EASTERN INTERCOLLEGIATE

SPRINGFIELD, MASS., May 14.—Boston college today won the championship of the eastern intercollegiate athletic association. Every running record of the association was equalled or bettered and most of the previous field marks were surpassed.

DEMOCRATIC WHIP OPPOSES TARIFF ON IMPORTATION OF OIL

REPRESENTATIVE OLDHAM GIVES HIS VIEW ON THIS QUESTION.

SAID TO COINCIDE WITH OPINION HELD BY KITCHIN

Declares Such a Law Will Not Remedy Situation Confronting Producer.

Special to the Times. WASHINGTON, May 14.—The proposal of crude oil producers, appearing before the ways and means committee of the house to urge a tariff of \$1.50 a barrel on the importation of oil, will have opposition from democratic leadership. This was made plain today when Representative W. A. Oldfield, democratic "whip," issued a statement setting forth his views which, it is known, coincide very closely with those of Representative Claude Kitchin, democratic leader and ranking minority member of the ways and means committee.

Congressman Oldfield said: "The great Napoleon said on the morning of the battle of Austerlitz, 'When you see the enemy committing a blunder, do not disturb him.' This is a wise maxim in politics for those who play their party above their country. If I should consult political considerations alone, I should rejoice to see the present congress adopt the proposed tariff of \$1.50 a barrel on petroleum, with a compensatory duty of 10 or 12 cents a gallon on gasoline. I have no doubt that such a tariff would be popular and would hurt the party in power. But I am convinced that it would also hurt the entire country.

"A tariff on gasoline is a tax on automobiles. It would lay a new burden on each of the eight million automobile owners in the country. Automobiles are no longer a luxury. They have become a necessity. Is this the time to impose new burdens on necessities?"

"A tariff on gasoline is a tax on tractors. It would impose a burden on each of the 400,000 tractors and on each of the 2,500,000 stationary engines on the farms of this country. Our farmers are resorting more and more to machinery in order to increase their output and diminish the cost of production. A tariff on gasoline will increase the price of farm products or else add a new burden to the already overburdened farmers. Is this the time to increase the cost of production on the farm?"

"A tariff on gasoline is a tax on the source of industrial power. Such a tax is indefensible. It insinuates itself into the cost sheet of every factory. It increases the cost of production in every manufacturing plant in the country. This tax is intended either to increase or to keep up the price of gasoline. This would increase or keep

up the price of all other fuels. What-over increases or sustains the price of one commodity tends to increase the price of its substitutes. Is this the time to increase the cost of manufactured articles?"

"Another fundamental objection to a tariff on petroleum is found in the fact that it is a natural resource which is definitely limited and rapidly diminishing. During the calendar year 1920, our production of crude oil exceeded 1,000,000 barrels a day. Our consumption approximated 1,500,000 barrels a day. Production was not equal to consumption. Sooner or later, our supplies will be exhausted. Shall we devote our day and night to imposing a tariff on imported petroleum? While we import considerable quantities of crude oil, we export large quantities of gasoline. In the 20 year we exported 45,000,000 barrels of refined oil. Mexican oil is of comparatively low grade, but the Mexican field is one of the most productive in the world. It is situated on our border. We ought to regard it as a blessing and not as a curse. Shall we quarantine against this blessing? Shall we treat it as an economic pestilence? What American would like to see this oil field transplanted to Great Britain, France or Italy? What would Great Britain, France or Italy not give for such a fountain of fuel within their limits or upon their borders? Yet we are urged to treat the Mexican oil field as a calamity rather than as a benefaction. Is this the time to accelerate the exhaustion of our own natural resources?"

Important Industry. "Is a tariff on petroleum necessary even from the protectionist point of view? The oil business today is one of the largest industries in America. We produce 65 per cent of the world's output. Much of this exceptional growth has occurred during the last ten years. During this entire time, both petroleum and gasoline have entered the United States duty free. If it did not need protection in its infancy, does it need protection when it has grown to be a giant of industry? This unexampled progress has been due to the enterprise of the men who have devoted their talents and capital to the business, and not to governmental favors. If the business has enjoyed such favors, they are to be found in the depletion clause in the 20 per cent limitation on the profits of sales, and in the immunity of gasoline from taxation—forced into the present law by the senate over the protest of the house. Would the industry be willing to exchange these privileges and immunities in the existing law for tariff protection in the forthcoming law? The threat recently made, that if congress did not vote a tariff protection, the oil men would invite the Mexican government to impose heavier du-

ties on exported oil, would better become a vendetta than a great national industry. The truth is, the oil business is but sharing the depression common to all other industries. It has not suffered more than manufacturing which is protected. Its plight is of course, to be regretted, but it not to be remedied by shortsighted fiscal policies, nor by the imposition of extraordinary burdens upon the farm and factory or upon the entire industrial life of the nation."

HOUSE LEADERS DECIDE TO TURN A DEAF EAR TO RIVERS-HARBORS PLEAS

WASHINGTON, May 14.—House leaders have decided to turn a deaf ear to rivers and harbor bills. Representative Mondell, the republican leader, announced today that in the interest of economy no new authorization for river improvements will be voted. Work on a number of projects already authorized.

Mr. Mondell previously had announced that no public building bill would be passed at the present session.

GOVERNORS ARE INVITED TO SELECT PRINCESSES FOR THE TEXAS COTTON PALACE

WACO, TEXAS, May 14.—Word was received here today from Gov. Pat M. Neff that he is writing the governors of all the other states in the union, inviting them to select or appoint young ladies from their respective states to act as princesses at the coronation ceremonies of King and Queen Cotton at the Texas Cotton Palace, which will be held from October 22 to November 6, inclusive.

LONG TIME OBLIGATIONS FOR GREAT BRITAIN'S DEBT

WASHINGTON, May 14.—Conversations with the British embassy have begun here preliminary to resumption of negotiations for funding into long time obligations Great Britain's five billion dollar debt to this country.

Acting in accordance with Secretary Mellon's recent announcement that the treasury was ready at any time to discuss the funding scheme with the British treasury, officials said a conference was held by treasury and state department representatives with Mr. Geddes and other embassy officials.

GIANTS TURN \$12,000 HURLER OVER TO ST. PAUL

ST. PAUL, May 12.—Pat Shea, right-hand pitcher, has been turned over to the St. Paul club in the American association by the New York Nationals as part payment for Goldie Rapp. New York is said to have paid \$12,000 for Shea. Shea pitched seven and one-half games with the Toronto team in the international league last season.

AMERICAN POLO PLAYERS WIN TRIAL MATCHES

ROEHAMPTON, ENGLAND, May 14.—The American polo players, C. C. Ramsey, Thomas Hitchcock Jr., J. Watson Webb and Devereaux Milburn, in their match here today beat the Wood Peckers, consisting of Lieutenant Colonel Melville, Karl Topping, Lieutenant Colonel Ashton and Major Harrison. The score was 11 goals to 4.

ARREST MAN WANTED IN CONNECTION WITH OIL PROMOTION DEAL

ST. LOUIS, May 14.—F. C. Hoyt, vice president of the Texas local police, today advised that a man wanted in connection with an oil promotion deal had been arrested. The man is believed to be connected with the promotion deal.

PAPERS FOR EXTRADITION OF MRS. SOUTHARD SIGNED

BOISE, IDAHO, May 14.—Lieut. Gov. Charles C. Moore today signed the papers calling for the extradition from Honolulu of Mrs. Paul Southard, wanted in Twin Falls in connection with the death of four husbands.

EMPIRE GAS & FUEL CO. MAKES A CUT IN FORCE

BARTLESVILLE, OKLA., May 14.—Approximately 175 persons employed in the office of the Empire Gas and Fuel company here were laid off today, according to an announcement by the company.

This is the third cut in the force this year. Reduction in the price of oil and resultant business depression are the cause of the layoff, the announcement said.

DR. WALTER RATHENAU MAY BE REAPPOINTED GERMAN AMBASSADOR

BERLIN, May 14.—Dr. Walter Rathenau, president of the German General Electric company, is being talked of as a possible appointee to the ambassadorship at Washington, when it becomes possible to name the German representative there.

The young lady across the way says George Washington had no children and she supposes the Washingtons of the present day that claim to be descendants of his must really be descendants of his great-grandchildren or something.

PARRISH DISCUSSES THE URGENT DEMAND FOR BUDGET SYSTEM

DECLARES IT WILL PUT EFFICIENCY IN GOVERNMENT MANAGEMENT.

ONE OF MOST IMPORTANT MEASURES BEFORE CONGRESS

Designed to End Haphazard Manner of Appropriating Funds of the Treasury.

Special to the Times.

WASHINGTON, May 14.—The determination of congress to put a stop to wasteful and uneconomic methods in the appropriation of public funds is responsible for the determination to effect a real budget system. This has long been urged, both in and out of congress, and has all but accomplished during the last administration. Both house and senate passed the bill, only to have it vetoed on what was deemed a technicality by former President Wilson.

One of the first bills introduced at this session was the one creating a budget system. It has now passed the house by a big margin and is expected to pass the senate within the next few weeks.

Although not a member of the committee on appropriation of funds, probably no member from Texas who more earnestly supported the budget proposal than Representative Lucian W. Parrish of the Thirteenth district, and he is confident that as a result of this measure great economies will be effected. Discussing the need for and the operation of the budget system, Mr. Parrish said:

"The purpose and intention of the legislation creating the budget is to put efficiency in the management of government expenditures. I can conceive of no more important legislation at this time, and I know of no reform that is more necessary and which has for its purpose the assurance of more rigid economy in all government expenditures. Henceforth, the great and absorbing business of the American people will be that of the expenditure of public money. The man who aspires to public leadership hereafter must give attention to his constituents of how he has expended or will expend the people's money."

Haphazard Appropriations.
"For many years congress has appropriated money for the support of the various departments of government in a more or less haphazard way, and without any well defined plan or operative consideration by the various committees of congress of the total expenditures to be made. Under such a system the several departments have prepared their own books of estimates which has been forwarded to the committee of the house, the duty of which it was to appropriate for that particular department or branch of government. In this way a number of house and senate committees without any direct understanding with each other, have been preparing their own estimates which has been forwarded to the committee of the house, the duty of which it was to appropriate for that particular department or branch of government. In many instances the department heads have sought to expand their respective departments and have generally asked for the maximum amount they hoped to receive, thus public expenditures have been constantly growing larger and larger until now conservative men are sick at heart at the situation in which we find ourselves, and the American people are demanding that expenditures be curtailed and that the tax burdens be speedily and materially reduced."

"I am not one of those who believe that all of the money that has been spent by the government has been wasted—far from it—for such demagoguery as that has a bad effect when it comes from a member of congress or from any other public official or responsible person, and has a distinct tendency to discredit those public officials who have sought to serve the people patriotically and unselfishly, and there is no denying the fact that there has been a too constant increase in the money appropriated annually for the support of the government."

Comparison of Expenses.
"A comparison of our per capita expenses since 1850 is illuminating in this regard. The expenses per capita in 1850 were \$1.77; in 1860, \$2.01; in 1870, \$2.61; in 1880, \$5.23; in 1890, \$4.75; in 1900, \$6.23; in 1910, \$7.30, and in 1920, \$17.72. It will thus be seen that we spent per capita in 1920 more than thirty-two times as much as we spent in the year 1850, and the tragic part of it all is that we are running in a vicious circle, in which there seems to be no end, and which is ever increasing the amount of our annual expenditures. An examination of the annual appropriation bills for the year ending June 30, 1922, for instance, disclosed that a very small per cent, probably not as much as ten per cent, has been used for the constructive civil expenses of the government, and the other ninety per cent has been used on this side of the ledger to which is charged past, present and future war expenditures."

"The backs of the American people are now bending beneath the burdens of taxation. Approximately \$5,000,000,000 were appropriated for the year ending June 30, 1922, for the year ending June 30, 1921, \$4,780,000,000 were appropriated, and the appropriations already made for the fiscal year ending June 30, 1922, calls for expenditures of \$4,014,000,000, and to these the army and navy bills as they now stand will add eight hundred million more. There seems to be no escape from an appropriation for the next fiscal year of approximately \$5,000,000,000."

Prospect Is Gloomy.
"Considering these annual expenditures in connection with the national debt amounting at this time to \$23,584,776,477, it seems that for immediate relief from the burdens of taxation is gloomy in the extreme. No one can face these figures without realizing that something must be done, and that radical reduction in public expenditures has already become a vital and living issue before the American people. There must be the right economy and taxes must be reduced. The military and naval programs are the cause of the greatest expenditures, and I certainly trust that the president of the United States will speedily call a conference of the leading nations of the world and that some arrangement will be made which will cause a reduction in the money that is

now being spent for the support of the army and navy.

"There could be no accomplishment more conducive to the peace and welfare of our people.

"The establishment of the budget legislation will have the effect at least of visitating before the appropriating bodies the total expenditures to be made at any given time. The director of the budget under this law must submit the total expenditures proposed under one general plan and along with it will be submitted the possible revenues necessary to meet the budget for any given year. In other words the appropriating committee will have before it a specific itemization of the amount of money required, and also the ways and means of raising the necessary revenue, and that result will tend strongly to encourage efficiency and economy."

Required to Audit.
"Then, too, the accounting department provided for in this law under the name of general auditor, will be required to audit very carefully all expenditures after the money has once been appropriated, and this will insure that the money which is spent for the purpose for which congress intended it will be the duty of the controller general to advise congress promptly whether the appropriations have not been spent according to the wishes of congress. Under the present system congress has been making appropriations after the money has been expended according to its wishes or not, but under the controller general this evil will be met and careful audits will be made. Undoubtedly the budget will result in a great saving of public money and in reducing appropriations.

"I have felt so earnestly about this matter that when the budget bill came before the house last year I supported it, and when the president vetoed it, and it came back later for passage over his veto, I voted to override the president's veto in order that we might make sure that the budget would go into effect, as quickly as possible. I saw nothing then in the president's veto that would justify me in voting against the bill, and nothing has come to my mind since that has changed with all due respect to the president, in whose judgment I have always placed great confidence. We are facing a fact and not a theory. Great problems are waiting at our hands for solution, and each of us are charged with responsibility of facing these problems and each is responsible to his own people for the manner in which he solves them, and I for one will always vote for what I believe to be the best interests of the people whom I represent. It is only in this way that I can contribute to the successful solution of the difficulties now confronting us."

LITTLE BOY ACCIDENTALLY KILLS 4-YEAR-OLD SISTER

HOUSTON, TEXAS, May 14.—Herbert Haffa, six years old, accidentally shot and killed his four-year-old sister, Lillian, this afternoon while playing with a rifle.

WAR SECRETARY IS PREPARED TO ACT

(Continued from Page 1.)

been no cessation since the renewed outbreak.

RICH COAL DISTRICT LOCKED IN AN INDUSTRIAL STRUGGLE

WILLIAMSON, W. VA., May 14.—The battle in the mountains of Mingo county along the Tug river, which has raged for several days, fiercer as it has been, is merely a phase of a greater struggle in which the rich coal district is locked—the industrial struggle over the question of unionizing or keeping "open" the mines.

And the greater struggle is being waged with every known weapon. Union miners of "lockout strike," as the leaders describe it, are evicted from homes owned by the coal companies, to settle nearby on leased land in tent colonies. No longer able to trade at the company commissaries at the various mining towns, they subsist on rations shipped in by the international union.

Deprived of funds as a result of being out of work, they draw benefits from the international union. Propaganda is being circulated by both sides, each blaming the other for disorder. Acrimonious statements and charges are being hurled at each other. Threats and rumors of threats are discussed in virtually all gatherings. Men who have followed the situation profess to regard it as the most serious that has arisen since the trouble began, not excepting the Matewan shooting last May 19 in which 19 were slain.

The operators are firm in their determination to keep the field "open" at any cost. The United Mine Workers are equally determined in their insistence that the struggle go on until their union is recognized. The questions of wages and working conditions also enter into the disagreement, but these are admittedly a minor consideration.

David Robb, international financial agent of the United Mine Workers, who is directing union activities in this district, made public today the first statement he has issued since the industrial warfare flared up again.

"The lockout strike in this field can never be settled by huge and gunmen," declared Mr. Robb, asserting that the battle which started Thursday had been brought about by attacks on union miners by nonunion men now employed in the field.

High Percentage Americans.
"A high percentage of the men now out are Americans, native of this district, and they do not propose to be driven from their homes. Anyone who knows the mountaineer temperament knows that they won't be intimidated and that they will not allow their women and children to be made into targets. I have been besieged with requests from union men for money with

which to buy arms and ammunition. These requests I have, of course, ignored and have counseled the men to moderation, but I know that many of them will go right ahead firing back when their homes, or the tent colonies to which they have been reduced by eviction proceedings, are fired upon."

According to Mr. Robb, there are about 2,500 men still on "lockout" strike in the district, most of whose places have been taken by nonunion workers from other parts of the country.

He declared that the coal operators have insisted on the men's unwillingness to settle the disturbance peacefully on many occasions during the last year, but said that the union still was ready to negotiate. He asserted the union viewed the proposed sending of federal troops with complacency and added that it would welcome a congressional investigation of the situation to determine where the wrong and right lay.

Officials of the West Virginia Coal Operators' Association, on the other hand, contradicted every assertion Mr. Robb made from the question as to which side started the present fighting. They insisted that the union miners and their families now living in tent colonies which Mr. Robb fixed at 2,500 men, women and children. The operators' representatives declared that at present time the mine owners have more employees than can be used and that coal production in the field is 40 per cent of normal. They reiterated the statement of the association that mines would be kept "open."

TWO COMPANIES KENTUCKY NATIONAL GUARD TO SCENE

FRANKFORT, KY., May 14.—Two companies of Kentucky national guardsmen late today were ordered to McCarr, Ky., in Pike county, where a state of virtual war, it was stated, has been on for the last two days.

Governor Edwin P. Morrow issued the order when it appeared that United States troops would not be sent to the district at this present time. The troops will be under the command of Major Frank Luzzo of the office of Adjutant General Jackson Morris. They consist of a company of 90 men from Moorehead under the command of Captain B. Thompson and an automatic rifle company of 20 men from Moorehead, under command of Captain William E. Proctor.

ENTIRE INFANTRY REGIMENT IS ORDERED TO BE READY

CAMP SHERMAN, OHIO, May 14.—The entire nineteenth infantry regiment is ordered today to prepare to move into the battle zone in Mingo county, West Virginia.

No orders for entrainment had been received. Previous orders were to prepare a provisional battalion for duty in the mine war field.

Under the new command from Major General Reed, in charge of the fifth army corps area, thirty officers and 800 men are ready for duty.

FRENCH JAZZ SWEEPING NEW YORK CITY

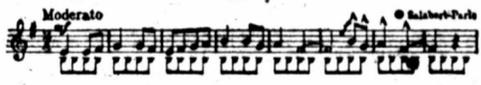

Paris Sends Counter-Pointant to America

France to the rescue! Heroes, perfumes, frills, war brides and invigorating beverages—it is for these that the land of Lafayette has in the past claimed American gratitude. But the greatest of these in the days preceding our great Volsteadian disaster was the last item.

When these latter days of Prohibition made the influx of cordials, wines and champagnes from the sunny land of grapes impossible, France mourned for the bereaved of this country.

And it is as a matter of compensation—a counter-pointant as it were—that she has sent us her latest invigorator, the first specimen of French Jazz, "Mon Homme."

"My Man," as the title translates, has already won the heels of dancing New York, where it made its American debut. It is the tuneful combination of American ragtime:

With its various wiggles and shoulder shaking diversities, it is a continuous shimmy from head to toe, although it is officially described as an Apache Fox-Trot.

As a song it voices the pride of possession that thrills a French girl nowadays—since the war created a scarcity of men—in the more or less exclusive companionship of a male person.

Discreetly expurgated, the words in English express this in the refrain, "Everybody envies me when they see me with my man."

"Mon Homme" marks the first effort of any foreign country to manufacture its own synopsed music. Heretofore America has been the sole exporter, with customers in every corner of the earth, from the court of Siam at Bangkok, to the land of the midnight sun, where the only music heard is "canned white man," as American phonograph records are known.

DOMESTIC SALES OF THE SURPLUS WAR MATERIALS ABOUT A BILLION DOLLARS

WASHINGTON, May 14.—Domestic sales of surplus war materials since the armistice have amounted to approximately a billion dollars. Assistant Secretary Wainwright of the war department informed the senate military committee today. The return to the government was placed by Mr. Wainwright at 55 per cent. The estimated present surplus in the hands of the department at \$125,000,000.

COMUS CLUB ENTERTAINS WITH A "COUNTRY DANCE"

The Comus club entertained with an exceptionally well planned and enjoyable "country dance" at Lake Wichita Friday evening, featured by the costume show of very "tacky" attendants. It was the first affair of the kind the club has given, and the young people were apparently very much delighted with its success. Those who were present included Misses Lurline Chappell, Florence Decker, Marian Mae, Thelma Selmon, Stella Willis, Mary Smith, Lillian

Evans, Margaret Boone, Ethel Owens, Belle Hollinger, Ethel Moran, Louise Jenkins, Anna Collins, Temple Bray, Fay Green, Adah Rogers, Polly Taylor, Cecil McCarty, Gay Gwynne, Thelma Taylor, Teresa Yeatts, Marie Gaters, and Lois Pender; Messrs. Renard Martin, W. Lynch, Henry Ford, C. B. Curtney, Tully Brown, Roland S. Bond, Paul Erenin, Gwynne Blackman, Ernest Barker, W. C. Hamilton, Howard Lewis, Marvin Knight, Fred Humphrey, Justin Green, Louis Bussy, Ward Bell, Gus Heck, Lee Anderson, Lee Haney, F. M. Porter, H. C. Thompson, Joe Moore, Joe Murchausen, W. E. Nutt, H. Shaw, John Sibley, Lloyd Taylor, Philip Todd, Ben Wrenn, Fontaine and George Schomaker, and the chaperones, Messrs. and Mesdames Hon Hollinger, R. V. Dillard, Joeke and Gene Seigel; Mesdames H. Finley Weldon, V. W. Shepherd and Gwynne.

COMMUNISTS LAY AWISH FOR BANDS OF FASCISTI

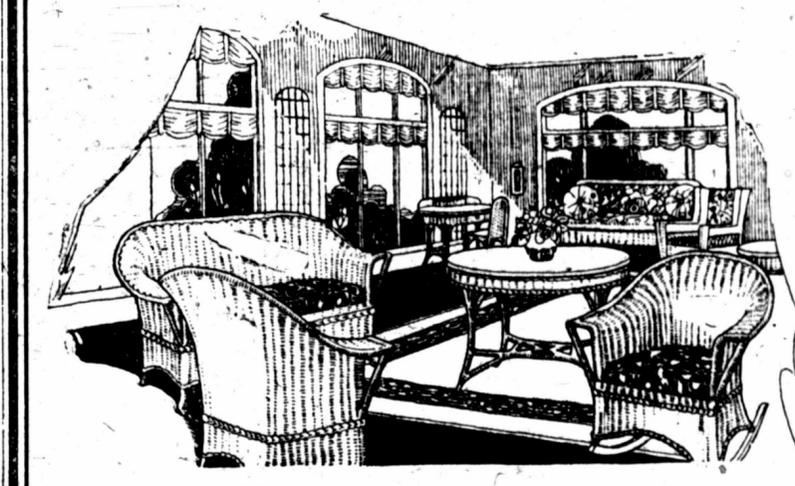

ROME, May 14.—Disorders occurred Thursday at Torre, near Udine, northwestern Italy. Barracks were fortified by Fascists, who laid an ambush for bands of fascisti and hurled bombs at passing groups of their opponents. The fascisti attacked, but were forced to withdraw. Troops with machine guns finally dislodged the ambushing forces.

TENORS MAKE MEMORIAL TO PRESIDENT OF FRANCE

PARIS, May 14.—Hugh C. Wallace, the retiring American ambassador on behalf of the American committee having tendered the Marne memorial, formally dedicated the Marne memorial, the gift of America to France, to President Millerand in the Elysee palace this evening.

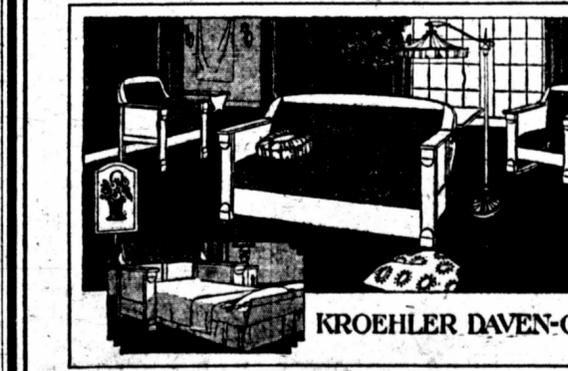

MOTHER OF MRS. HOOVER IS REPORTED DANGEROUSLY ILL

WATERLOO, IOWA, May 14.—Mrs. Charles D. Henry, mother of Mrs. Herbert Hoover, is dangerously ill at her home in Monterey, Cal., a sister, Mrs. F. L. Jones of this city, was advised today.

TIMES DAILY MARKETS

New York Stocks—Grain and Provisions—Cotton—Livestock

COTTON MARKET.

New York Cotton.
NEW YORK, May 14—Except around opening when prices were 3 points higher to one $\frac{1}{2}$ on supporting orders in July, the cotton market was generally under pressure throughout the forenoon and at the close was barely steady. Early purchases of July by brokers supposed to be acting for Japanese interests aggregated 14,000 bales and furnished about the only feature in the market. This buying was supplied mainly by the bureau while later in the day Wall street offerings became liberal and were mainly responsible for the heaviness which occurred near the close. News was about evenly divided as to big Fall River sales of print cloths, estimated at 200,000 pieces for the week, and the outlook for cooler weather over the belt when dry warm conditions are needed, was practically offset by the labor unrest in England, and the less favorable turn to July seen in the European political conditions.
 May sold as low as 12.25, July to 12.85 and October to 13.25, or about 12 to 17 points under the highest of the morning.
 Week-end statistics were considered bearish and census bureau figures on consumption of cotton by domestic mills, aggregating 408,852 bales during April, were disappointing in view of recent private estimates and the March consumption of 437,933 bales.

GRAIN AND PRODUCE.

CHICAGO, May 14—Grain traders influenced by the national house and the prospects of restrictive legislation in Illinois drove at the board of trade today, but when wheat reached a point 6c under yesterday's high figures, export orders were poured into the pit and practically all losses were recovered in the final fifteen minutes of the session. May wheat closed at yesterday's final of \$1.42 1/2 to \$1.43, and the rest of the list was only fractionally lower.
 Sentiment that the effect of the Tincher bill would be to restrict trading and result in lower prices was the chief factor in the wheat pit.
 Corn and oats were generally in tune with wheat, but the former met more support on seaboard demand that served to narrow price fluctuations. Country offerings were steady.
 Provisions, after a fairly firm start, eased off in sympathy with grain and hog.

Kansas City Cash Grains.
KANSAS CITY, May 14—Cash wheat: No. 2 hard, \$1.42@1.54; No. 3 red, \$1.56; Corn: No. 2 mixed, 66c; No. 2 yellow, 67@67 1/2c.
 Oats: No. 2 white, 42@42; No. 2 mixed, 39@40c.
 Rye, \$1.22@1.23.
Chicago Produce.
CHICAGO, May 14—Butter lower; creamery extras, 29c. Eggs lower; receipts, 27,024. Firsts, \$1.21@1.24. Poultry alive, lower; fowls, 29c; broilers, 45@50c.
Coffee Market.
NEW YORK, May 14—The market for coffee futures was firm today owing to Wall street buying and confidence established by the progress of Brazilian negotiations for a loan of \$25,000,000. The open was 3 to 8 points higher and on subsequent buying July was carried up to 6.85, September to 6.40 and December to 6.85 with the close practically at the best point of the day and 11 to 12 points above the previous night's close. Closing bids: May, 6.71; July, 6.61; September, 6.29; October, 6.25; December, 6.27; January, 6.97; March, 7.17.
 Spot coffee was steady with jobbers reporting only moderate demand: Rio, 12.10@12c; Santos 4s, \$1.09 1/2c.

LIVESTOCK.

Fort Worth Livestock.
FORT WORTH, May 14—Livestock receipts today were small, around 21 head of cattle, 650 hogs and 250 sheep representing the aggregate. However, there were several cars of cattle that failed to find an outlet yesterday. The market conditions were quite unchanging, the trade being about in keeping with the usual Saturday performance. Hogs sold fully steady.
 Some steers brought \$6.75 and the top on hogs was \$8.15. No choice hogs and furnished about the only feature in the market. This buying was supplied mainly by the bureau while later in the day Wall street offerings became liberal and were mainly responsible for the heaviness which occurred near the close. News was about evenly divided as to big Fall River sales of print cloths, estimated at 200,000 pieces for the week, and the outlook for cooler weather over the belt when dry warm conditions are needed, was practically offset by the labor unrest in England, and the less favorable turn to July seen in the European political conditions.
 May sold as low as 12.25, July to 12.85 and October to 13.25, or about 12 to 17 points under the highest of the morning.
 Week-end statistics were considered bearish and census bureau figures on consumption of cotton by domestic mills, aggregating 408,852 bales during April, were disappointing in view of recent private estimates and the March consumption of 437,933 bales.

Kansas City Livestock.
KANSAS CITY, May 14—Cattle—Receipts, 450. Beef steers mostly 16c to 22c higher; she-stock and bulls, steady to strong; canners, stockers and feeders mostly steady; killing calves, 75c to \$1.50 higher; stock calves, 60c lower.
 Hogs—Receipts, 1,400. Active and strong with yesterday's average; top, \$8.50; bulk of sales, \$1.10@1.25.
 Sheep—Receipts, 500. For week: 25c to 80c higher; lambs around 75c higher; spring lambs July \$1 higher.
NEW YORK STOCKS.
NEW YORK, May 14—The two-hour session of the stock market today was enlivened by further pressure from the short interests, that faction dominating dealings in the absence of more than tentative support.
 Selling once more converged around oil, motors, steels and shippings, with liberal sprinkling of permanent specialties.
 Sumatra Tobacco recovered a small part of its recent continuous reversal and a few of the rails registered pressure; but, in the main, transactions gave way with the general list, in which extreme losses extended from one to nearly five points. Sales amounted to 250,000 shares.
 Trading in bonds was light and narrow, popular domestic and international issues, including the liberty

groups, showing only nominal changes. Total sales per value, \$1,775,000. An actual contraction of about \$100,000,000 in loans and discounts, the largest since the beginning of the year, was the outstanding feature of the clearing house statement.

What Gives Owners Such Faith in Essex?

The people who know Essex rely on it chiefly, for the simple reason they have never encountered a situation of which it was not master.

More than by any other factor men have been guided in their preference for the Essex by the endurance and reliability which unmistakably sets it apart from other light cars.

Yet the confidence of Essex owners that their car will go anywhere, with a possibility of trouble so remote that it does not even enter into calculations, contains something more than a feeling of absolute assurance in its mechanical reliability.

No car could possess a more sincere belief in its goodness, its every-day dependability, and its capacity to do the task assigned without fuss and than that which 50,000 owners bestow upon the Essex.

Next Year's Prices Now!

For the Marmon 34

No need to wait. No need to put up with a lesser car. Marmon 34 now occupies the supreme position among fine cars

THE Marmon 34 at \$3985 is changed only in price. It is the identical car formerly selling at \$5000. Not a single change has been made. Not a single item of equipment has been removed.

The lower-priced Marmon 34 is the finest car we ever built. It includes all the later-day betterments and refinements.

It stands now, the supreme offering of the year. No car at \$3985 can compare with the Marmon 34 in design, construction, performance, beauty and all the qualities that have won for Marmon 34 its distinguished position as a de luxe car.

The reduction may amaze you, but please think of it merely as business fair-play. Instead of gradual reductions, we make one complete jump to 1921 prices. We quadruple our market. The Marmon 34 wins thousands upon thousands of new friends.

So the answer is: Act at once. See this car, now within your reach, that formerly cost \$5000. Ask for a demonstration. Then order quickly, so as to insure prompt delivery.

Model	Now	Was

CHANDLER SIX

Famous For Its Marvelous Motor

\$1930

Chandler has No "Mark Up" to Mark Off

CHANDLER built the first Light Six and the first Six to sell for less than \$2,000. That was eight years ago. It's a bigger car today, more powerful, most highly refined. And it still sells for less than \$2,000.

In this period of eight years more than 140 manufacturers making automobiles at the time Chandler entered the field, or who had gone into the business within this period, have discontinued for one reason or another. The Chandler lives and thrives.

Chandler price has never been marked up because of an oversold condition. And today Chandler has no mark up to mark off.

We repeat, Chandler is the Most Closely Priced Fine Car

GOING TO BED SO EARLY?

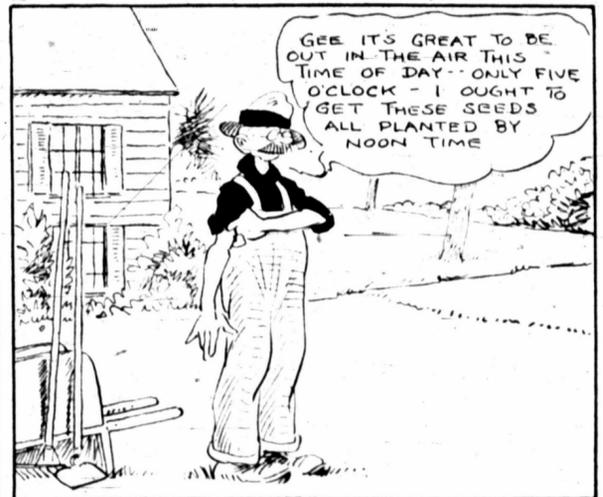

I HAFTA GET UP EARLY IN THE MORNING --- I'M GOING TO MAKE A GARDEN

DREAM

GEE IT'S GREAT TO BE OUT IN THE AIR THIS TIME OF DAY -- ONLY FIVE O'CLOCK -- I OUGHT TO GET THESE SEEDS ALL PLANTED BY NOON TIME

OH -- I FORGOT THE SEEDS -- WONDER WHERE VI PUT 'EM

PST! OH VI --- PST! WHERE'D YOU PUT THOSE SEEDS I BOUGHT?

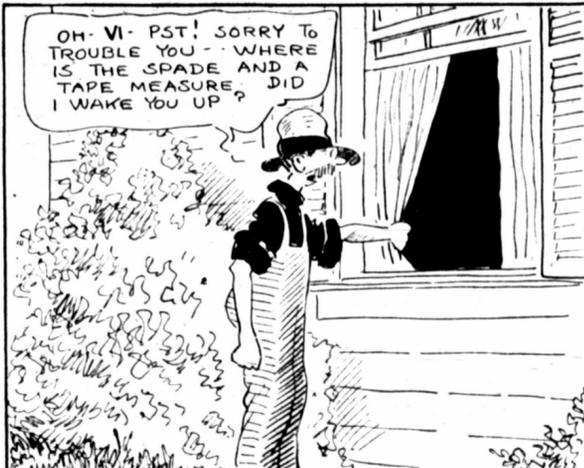

MERCY! HOW YOU FRIGHTENED ME -- I WAS HAVING SUCH A GOOD SLEEP TOO -- YOU'LL FIND 'EM IN THE DRAWER IN THE PANTRY CUPBOARD

PLANT ONE INCH APART ABOUT AN INCH DEEP

OH - VI - PST! SORRY TO TROUBLE YOU -- WHERE IS THE SPADE AND A TAPE MEASURE DID I WAKE YOU UP?

FOR GOODNESS SAKE! I'LL GET UP AND DO THE WHOLE THING MYSELF - IT'S THE ONLY WAY I'LL GET TO FINISH MY NIGHT'S REST.

YOU'VE GOT TO HAVE TOOLS

YOU MAKE MORE FUSS AND TROUBLE THAN A FARMER ABOUT TO PLOW UP A HUNDRED ACRE FARM

THIRTY CENTS WORTH OF SEEDS AND FIFTY DOLLARS WORTH OF TOOLS -- ALL YOU NEED IS A COMMON TABLE SPOON AND A NICKEL'S WORTH OF BRAINS --

THERE YOUR GARDEN IS ALL PLANTED -- NOW STAND THERE AND WATCH 'EM GROW -- AND GIVE ME A REST

HIGH SCHOOL MOTHERS PLAN TO BEGIN THEIR NEXT YEAR WORK EARLY

The High School Parent-Teacher council will begin its 1921-22 work coincident with the opening of school in middle September, instead of late in the fall, according to plans made at last week's closing meeting of the council.

Election of officers featured the business session with Mrs. Fred Cooper presiding. Mrs. N. H. Founds was elected president. Mrs. Louis Pink and Mrs. M. J. Bashara first and second vice-presidents, respectively.

The council members discussed appreciatively the work of the boys and girls who took part and won honors in the recent inter-school state contests at Austin, and instructed the secretary to write an expression of their appreciation to each of the young people.

To Co-operate With Alamo. The council also voted unanimously to co-operate with the parent-teacher council of the Alamo school in the Saturday children's matinee project, which the Alamo mothers have been handling since its inauguration some weeks ago.

The executive committee was empowered, following a discussion of plans for next year's work, to select and appoint an assisting committee from among the high school patrons to form the executive board of the council for next year, and this committee, it was stated, is to be selected at an early date.

Special Hemstitching Days. Every Wednesday I will give rates on hemstitching. Ruffles 5c per yd.; all other 12 1/2c per yd. Work must be brought in Wednesday only to get these rates. Call for Eugenia Staber, Kimberlin's. Phone 2321. 2-1tp

Luxuriant Hair Due To Care and Cuticura Shampoo with Cuticura Soap preceded by light touches of Cuticura Ointment do much to cleanse the scalp of dandruff, allay itching and irritation, arrest falling hair and promote a hair-growing condition.

Personal Mention

Miss Ruth Thurston of Washington, D. C., is the guest of her aunt, Mrs. E. M. Jarrett and Mrs. B. L. Haskins, at 1404 Kemp boulevard.

Mrs. Leon Deaton and Mrs. Harvey McCarty leave Sunday for Atlanta, Texas, to visit their mother, Mrs. S. C. Mays.

Mrs. B. C. Hall has returned from an extended visit in San Antonio with her mother, Mrs. J. G. Tennant.

Mrs. J. C. Selvidge and Miss Mae Rubottom of Galveston are the guests of Mr. and Mrs. R. R. Rubottom at 1405 Tenth street, and Mr. and Mrs. Ralph Rubottom, their brothers, for a week.

Mrs. J. J. Hill leaves Sunday for Sherman, where she will attend the graduating recital of her daughter, Miss Ruth, at Kidd Key Monday evening. She will be joined in Sherman by Mr. and Mrs. Jack Bristol, who were recently married here.

Wilford Harrison leaves Sunday night for Houston, Texas, where he will attend the meeting of the state board of pharmacy.

Mrs. Clyde Tittle and Clyde Jr. left Saturday for a three weeks' visit in Brownwood and Fort Worth with her own and Mr. Tittle's parents.

Rev. Mr. and Mrs. Lewis Sherrill spent the morning with Mrs. Phil Kerr Saturday en route from Sherman, where they were married, to his charge in Covington, Tenn. During their short stay Mrs. Kerr had them out in the car greeting as many of his former friends as could be met.

Hostesses for ladies' day Tuesday at the Golf and Country club will include Mesdames W. M. Moore, Newton, Maer, J. R. Monroe, A. E. Murdoch and Fred Gates.

REGINA AT 8:30

The cantata will take place at the regular evening service and will begin promptly at 8:30. A general invitation to all of the music lovers of the city has been extended by the Floral Heights church, this being the first "open meeting" with a special musical program to be held in the most magnificent edifice. Those who expect to attend are asked to be at the church in good time for the opening so that the singing will not be disturbed by late comers.

I. D. JOLLY AND THELMA CAWLEY MARRIED THURSDAY

A very pretty wedding was solemnized Thursday morning at the First Presbyterian church, when I. D. Jolly Jr. of San Benito and Miss Thelma Cawley, daughter of Mr. and Mrs. J. R. Cawley of this city, were united in holy matrimony.

Only the immediate families of the two young people were in attendance. The bride wore a dark tailored gown with a corsage of bride's roses and fern. After the ceremony the wedding party was entertained at luncheon at the Cawley home and a 4 o'clock dinner at the home of Mr. and Mrs. E. N. Cannon, grandparents of Mrs. Jolly, complimented them before their departure on a short honeymoon trip.

Mr. Jolly, assistant cashier of the San Benito Bank, and is a member of an old and prominent family of that town. He has a number of friends and acquaintances in Wichita Falls.

M. E. MISSION WOMEN GETTING READY FOR METHODIST REVIVAL

Preparation in study and spirit for the revival to be held the latter part of May at the First church featured the Bible study meeting of the M. E. Mission society Monday last week.

Mrs. L. B. Haines led the devotionals with a talk on "Winning Souls and Preparing our Hearts" and Ma Burdick, a visitor, made an inspirational and practical talk on the subject. Expressions were asked for from Mrs. A. N. Hartsook, Mrs. Richards and Mrs. Ruckey, all of whom responded interestingly and to the point.

In the count of circle members present it was found that Circle One had fourteen members, Circle Two, five, and Circle Three, thirteen. The circles will meet Monday in regular session, one with Mrs. J. D. Bright, 1643 Eliza, both street, two at the church, and three with Mrs. C. B. Felder, 1109 Burnett street.

GIRLS' FRIENDLY CLUB MEMBERS ENTERTAINED AT BRIDGE FRIDAY

Misses Margaret Watson and Violet Davis entertained the members of the Girls' Friendly club and a number of guests at a very pretty bridge party Friday evening at the home of Mrs. S. L. Conn on Elizabeth street. In the score count after the games Miss Ethel Rainey was found to have high, and the hostesses presented her with a beautiful little gold pencil.

An ice cream and fond refreshment plate, with a lovely spray of Dorothy Perkins roses, was served to the following: Mesdames E. E. Fisher and W. C. Chapman, Mesdames August Wisdom, Leona Lorimer, Katie Balkema, Ethel Raney, Katherine Brothers, Irene Davidson, Raeburn Muse of Sherman, Florence Davis, Mayme Patrick, Winn and Goodwin.

The next meeting of the club is to be with Miss Florence Jackson Friday evening of this week at 704 Denver.

FRECKLE-FACE

Sun and Wind Bring Out Early Spots. How to Remove Easily. Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and their applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles—adv.

SURPRISE PARTY CELEBRATES BIRTHDAY TUESDAY EVENING

Miss Armella Schwalm was very happily surprised on the eve of her birthday Tuesday last week with a party at the home of Mr. and Mrs. T. L. McCles, 1104 Travis, at which she and her sister, Miss Susie, were honored.

Carrying out the birthday custom, the guests brought many pretty gifts, a very handsome one among them being an ivory toilet set from Miss Schwalm's friends in the Fort Worth & Denver office where she is employed.

Music and progressive games were enjoyed and punch and cakes were served late in the evening to the following: Misses Kirpatrick, Mildred McGee, Susie and Armella Schwalm; Mesdames Joel Metcalf, Kirpatrick, S. Downing, George Rose and Vernon McGee, and Mr. and Mrs. L. Hubbard.

CHRISTIAN ENDEAVOR YOUNG PEOPLE'S PROGRAM SUNDAY

The Christian Endeavor young people of the First Christian church will give the following program Sunday evening, beginning at 6:30: Violin solo, Miss Martha Oster. Song, Miss Annabel Bradshaw. Special talk, Mr. Abbott. Songs, by the Endeavor. Discussions. Benediction.

HOME CRAFT CLUB MET WITH MRS. J. L. FOX LAST FRIDAY

The Homecraft club members were pleasantly entertained and their hosts very happily surprised, at the home of Mrs. J. L. Fox Friday afternoon of last week. The surprise for Mrs. Fox was a shower of beautiful gifts for her new home at 2185 Avenue H, where the meeting was held.

The presentation of the shower was very attractively accomplished. A roll call of "current events" was announced, and when the current events began to be disclosed, they were found to be gifts in a wide variety, for the hostess' new home. Mrs. Fox responded to the surprise with delighted appreciation of the thoughtfulness of her friends.

Late in the afternoon a dainty refreshment course was served to the following: Mrs. O. P. Maricle assisting the hostess; Mesdames C. L. Eaton, G. T. Drinkard, T. Kelly, F. S. Lewis, J. M. Rowell, A. W. West, W. P. Wilson, O. P. Maricle and C. J. Featherstone. Hosts, Knox Kinley and Simson, guests.

BUSINESS GIRLS' CLASS N. E. CHURCH GIVES SUPPER MONDAY

The Business Girls' class of the First M. E. church south will entertain with one of their regular monthly suppers Monday evening, with Miss Louise Lipcomb program chairman and hostess. The repeat will be served at 6:20 and a full attendance of class members is expected.

FORMER KEMP LIBRARIAN VERY ILL IN FORT WORTH

Word has been received by Wichita Falls friends of Miss Jolly Roberts, former librarian of Kemp public library, of her serious illness in Fort Worth.

Miss Roberts was librarian at Kemp until about two years ago and has many close friends in the city.

JUBILEE'S PARDNER

by Judd Mortimer Lewis

Illustrations by Edwina

Me and Jubilee woke up this morning before daylight and it was very chillish and one of my legs was sticking out through the hole in the quilt, and I got up and the wind was blowing in the attic and opened the door that goes out on the roof so that the smoke could go out that way and then I got a match out of my pants and lit the hay I had put in the stove.

As soon as I touched her off she began to ruse and fire come out of the back of the stove and the wind was blowing in the little door by the roof so that it blew all the smoke back past the front of the stove and got my father's nose and I smuck in and let Jubilee down by his rope and I put on my short pants and went down and got the pall to go out to milk the cow and her duffer. I left the door open and I was milking and looking out between the cow and her tail at the house when I heard my art boiler fire and she come running out in the yard carrying her bed clothes and in her night dress, and then my mother run out with Annabel Lee, and my grandfather come running out with his fishpole and I run out in the yard and there was smoke coming out of the windows kinda slow and I run in and shut the door and I smuck in and got a fire, and we all went in and there was a lot of smoke in the house, and he said it was a mystery to him, that he asked me if I knew anything about it, and my mother butted in and said, "How could that child know any-

thing about it when he was out milking when it all happened?" and I said, "That is nothing, mother, I got blamed for everything."

As soon as my father had went to work me and Jubilee skuk out and got the bunch and went out to the slippery slicks but we did not go in because

It is too cold. But we found and et some red and green blackberries and got chased by a feller that was bigger than us till we come to some rocks and then we chased him back again, and then we went to see Hanty.

Hanty is not so lucky to have to stay in bed on Saturday. But he will not have to go to Sunday school and give a cent to the heathen. I guess he is lucky all right.

(To be continued.)

Colorado Springs and Manitou - the Nearest, Most Logical Spot for Your Vacation. You are going to need your annual vacation this year—as an investment in health. The Pikes Peak Region—where days are bright and brisk and nights are always cool—is but a short distance from your home by rail or motor. Plan to come early and enjoy a restful, upbuilding vacation in America's Outdoor Playground. The Colorado Springs Chamber of Commerce has the honor and pleasure of acting officially for the Region as your host. Write the Chamber of Commerce for information about hotel, rooming houses or "cottage city" accommodations, automobile routes and camp grounds, railroad rates or other information. Also for handsome illustrated booklet. The Chamber of Commerce 135 Independence Building Colorado Springs, Colorado.

Alamo Mothers to Organize General Council This Week

A meeting of mothers from all of the local parent-teacher councils has been called for this week by the Alamo Mothers council, looking to the organization of a general Wichita Falls Council of Mothers. The day of the week has not been set, but will be announced later.

The general council for the city is an organization toward which many of the mothers in the local councils scattered over the city have been looking forward for some months, and it is believed that the federation will strengthen and assist the auxiliary councils very materially.

To share a profit. A feature which paved the way for the organization of the general council was the development of the Saturday children's matinee idea. Finding the venture a very profitable one financially as well as successful in providing wholesome movie entertainment for the children, the Alamo Mothers decided some weeks ago to share the profits with the other local mothers' clubs. Different plans were suggested for the organization of a general council finally being decided on as the most feasible and acceptable all around, giving the other local mothers a chance to carry out ideas with regard to the movie matinee, and to share the responsibility.

The matinee will be continued throughout the summer under the direction of the executive board of the general council when organization is completed, and the proceeds will be shared by each of the seven auxiliary school organizations—the High school, Junior High, Alamo, Austin, Travis, Sam Houston and San Jacinto.

MERRY WIVES TO PICNIC AT LAKE WICHITA ON THURSDAY

The Merry Wives planned a picnic supper and dance at Lake Wichita for Thursday evening of this week at their last week's meeting, which was held Wednesday with Mrs. C. A. Wright at the home of Mrs. Lloyd Weaver.

The party with Mrs. Wright was especially pleasant, sweet peas and roses forming attractive decoration. At the close of the games, five members cut for the high score prize. Different having been kept by games, and Mrs. Smith was presented with the remembrance, a handsome hand-embroidered and lace trimmed dress. The consolation for low went to Mrs. Preston, and was a box of pretty stationery.

MRS. WILLIAM DANFORTH HOSTESS DINNER PARTY LAST THURSDAY

Mrs. William Danforth was hostess at a beautifully planned dinner at the William-Mary Thursday evening of last week, honoring her mother, Mrs. A. C. Stapp, and Mesdames G. B. Smith, state president of the C. W. B. M., and Arthur Everts, all of Dallas.

EPWORTH LEAGUE PROGRAM FOR FLORAL HEIGHTS YOUNG FOLKS

The program for the Epworth League young people's meeting at the Floral Heights M. E. church Sunday evening, beginning at 6:30, will be as follows: Topic, "Music and Its Influence." Leader, Gladys Nancy. Fifteen-minute song service. Scripture reading, Psalms 23:1-3, by leader. Piano solo, Miss Erma Ehlers. Reading, Mrs. Charles Crowell. Vocal solo, H. S. Rogers. Violin solo, J. L. White Jr. "The Influence of Music," Mrs. P. B. Cox. Piano solo, Mrs. Eula Lee Grizzle. Reading, Mrs. J. W. Akin Jr. Announcements and League benediction.

WOMEN MAGISTRATES

Speak M. Whitehead

Justice of the Peace Leah M. Whitehead of Kings county, Washington, was the first woman admitted to the Washington bar and the first of her sex to be elected to a judicial office. She was formerly a stenographer in a Seattle law office and gained a knowledge of legal matters through watching what went on about her, supplemented by night study. For six years she was deputy prosecuting attorney at Seattle.

STANDARD CLUB CALLED TO MEET TUESDAY AT 4 O'CLOCK

A call is issued for a meeting of the Standard club at 4:00 o'clock Tuesday afternoon at Kemp library. All members are asked to be present. The club met in regular study session at the library last Tuesday, opening with a business session. Following the disposal of business, Miss Chella Hendrick took charge of the program on "Brioux." "The Three Daughters of Mr. Dupont" and "Damsel in Distress" and papers were read as follows: "Brioux," a Thesis-Play-writer, Miss Mayme Patrick; "The Exaggeration of the Importance of Brioux," in Shaw's Preface to "Three Plays," Mrs. Fisher.

SANS SOUCI ENTERTAINED AT HOME OF MRS. A. G. DEATHERAGE

Mrs. A. J. Lester was hostess to the Sans Souci club Thursday afternoon at the home of Mrs. A. G. Deatherage. The house was prettily decorated with pink roses, and at the close of the games the hostess served fruit punch and sandwiches. Mr. T. H. Lawson was remembered with a guest prize, a box of linen-handkerchiefs, and Mrs. Otis Goers with the high score trophy, a sterling tomato server. Mrs. L. E. Stewart was commended with a box of Mary Garden talcum. Guests and members present included: Mesdames A. G. Deatherage, W. E. Carlson, Otis Goers, C. C. Glover, J. G. Howard, Howard Knowles, A. J. Lester, F. N. McClure, R. B. Morton, Eugene Nicholson, George R. Parker, L. E. Stewart, Felix White, Claude Williams, Leona Wilson, T. H. Lawson and Claude Miller. The club meets next week with Mrs. F. N. McClure.

RILEY'S "HOOSIER ROMANCE" FOR CHILDREN'S MATINEE

James Whitcomb Riley's "Hoosier Romance," a dramatization of the poem of the famous Hoosier poet, will be presented by the popular movie stars, Colleen Moore and Thomas Jefferson, at the children's matinee next Saturday. The picture is said to be particularly beautiful, showing the country community and home surroundings of the Hoosier country in the days of the poem, an apple orchard scene and an old-time picnic featuring a beautiful wedding celebration at the close.

"BIGGEST CROWD" ATTENDS CHILDREN'S MOVIE MATINEE

The "biggest crowd ever" was an attendance at the children's Saturday morning matinee Saturday morning at the Strand, under the auspices of the Alamo Mothers' council. The sing-let led by E. C. Hucker, was a happy feature of the matinee, and was thoroughly enjoyed by the hundreds of children who filled the theater, as well as the chaperoning and visiting mothers. The play was a thorough delight to the little folks, who saw the "Little Red Riding Hood" of their oft-repeated story right in the flesh with all the beautiful surroundings of the play. Two performances of the play were given. Mr. and Mrs. John Shaw spent Friday in Duncan, Okla.

YOUNG PEOPLE ENJOY PICNIC AT LAKE WICHITA THURSDAY

Young people of the First Presbyterian Christian Endeavor enjoyed a picnic at Big Point on Lake Wichita Thursday evening, going out in cars. After several contests, the picnic luncheon was spread, a sing-song heartily entered into, and a talk by Rev. Mr. Grafton very much appreciated and enjoyed. The picnic was planned by the Endeavor social committee, Misses Edeline King, Mabel Winfrey and Gladys Coleman.

MRS. NAT. L. INGE, JR. SMART SET CLUB THURSDAY

Mrs. Nat. L. Inge, Jr. was a pleasant hostess to the Smart Set club Thursday afternoon, in a meeting postponed from the regular Wednesday afternoon date. Members of the club spent an enjoyable afternoon with Mrs. Inge, who served a dainty salad and ice course at 2:30 to the following: Mesdames George Fuller, H. A. Allen, J. M. Sammons, R. T. Crawford, F. E. Thornburgh, Lewis Whitham, and L. W. Fritz.

W. M. E. OF EVANGELICAL CHURCH ELECTED OFFICERS THURSDAY

The Mission Women's society of the Evangelical church met Thursday afternoon and elected the following officers: Mrs. W. D. Cook, president; Mrs. H. B. Rose, vice president; Mrs. Tabant, recording secretary and treasurer, and Mrs. Ross, corresponding secretary. The new members were welcomed to the society, Mrs. Bowden and Mrs. Littrell.

MUSICIANS CLUB CLOSES YEAR WITH MUSICAL TEA WEDNESDAY

A musical tea, planned to be thoroughly informal both as to program and reception, will close the year of the Musicians' club on Wednesday of this week. The tea will be given at the Wichita club rooms beginning at 3:30 and both active and associate members are invited to be present.

Personal Mention

Mrs. George Harsh of Detroit, Mich., is spending a month with Mrs. L. L. Simmons at 2012 Tenth street. Mr. and Mrs. W. L. McGinley of Mineral Wells are guests of Mrs. McGinley's parents, Mr. and Mrs. Walter S. Robertson. Mrs. Goff of Sherman is the guest of her daughter, Miss Genevieve Goff at the William-Mary hotel. Mr. and Mrs. Robertson of Lubbock are visiting their son and daughter, Mr. and Mrs. John L. Robertson, at the William-Mary hotel.

BETA DELPHIANS MEET IN REGULAR SESSION THURSDAY

The Beta Delphians will meet in regular session at the home of Mrs. J. D. Meredith instead of Mrs. John C. Kay, as first planned, Thursday of this week. The garden party planned for Thursday at the home of Mrs. Kay has been postponed, and a later announcement regarding it will be made.

LATEST STYLE

Jenny opens a white crepe frock down the center to display a slip of silk in the newest shade favored in Paris, a golden butterscup yellow. The neck is outlined with two rows of yellow silk braid crossed with black threads, but the girle is white. An attractive girle like this may be made of heavily knotted silk cord, and may be used to give added chic to more than one frock. And speaking of girles, these are a really important feature of the summer frock. They may be made of jeweled metals and cut steel, silk cord or beads, but always the girle can be counted on as an opportunity for a decorative touch to a simple dress.

attractive girle like this may be made of heavily knotted silk cord, and may be used to give added chic to more than one frock.

VETERANS PICNIC IS TURNED INTO BANQUET IN CHURCH BASEMENT

Rained out of a picnic, but converted into a glorious success as a banquet, the annual dinner entertainment with which the Daughters of the Congress commemorated the veterans of the local U. S. V. camp went off with flowers and fireworks Saturday noon. The veterans—twenty-one of them, and all in uniform—met at the church around 10 o'clock, as requested, with enough wives and daughters present to bring the gathering to sixty-five or seventy. The picnic plans were swapped for banquet plans without a hitch, and the Daughter hostesses set a bountiful table in the basement dining room of the First M. E. church. The banquet was served at noon. Rev. Dr. Knickerbocker opening the ceremonies by returning thanks and Judge Scoury taking charge of the informal and most enjoyable program. Talks were made by Major Wilson of Ellettsville, Senator Gwynne Williams of Decatur, Judge P. A. Martin and Judge Scoury. Mrs. Fred Barron led the Veterans and Daughters in patriotic and old southern songs, and Master Charles Keovil Malone, aged three, and the youngest grandson in the camp, entertained the gathering with a "piece" very prettily spoken. The entertainment marked the close of the Daughters' year, they disbanding for the summer this month. Mrs. John Kay, recently elected president of the U. D. C., will be presiding officer next year. The guests present at the banquet, among the old soldiers and their wives and guests, included the following: Mr. and Mrs. H. C. Young, Mr. and Mrs. R. E. Carroll, Mr. and Mrs. H. S. Williams and daughter Mrs. Mayo, Mrs. Coffield, Mrs. Pruet mother of Mrs. E. T. Duff, and Mrs. Hall mother of Mrs. W. B. Blasing. Major Wilson, Senator Williams, Judge Scoury, J. H. White, J. M. Davis, J. C. Elliott, J. D. Carithers, F. H. Lewis, B. P. Lane, W. K. Shaffer, S. D. Cowan, T. M. Baxter

MOVEMENT STARTED FOR COLISEUM HERE BY LOCAL STOCKMEN

MEETING SATURDAY SETS PLANS ON FOOT FOR BUILDING FOR EXHIBITS AND ROUND-UP. WOULD BE AVAILABLE FOR MANY CIVIC PURPOSES

Matter to be Considered Further When Chamber of Commerce Directors Meet Tuesday.

At a meeting of leading stockmen of Wichita and Archer counties Saturday morning at the chamber of commerce, plans were set on foot for the building of a coliseum here, to be used for live-stock exhibits, round-ups and public gatherings.

The plans are expected to take more definite form Tuesday, when the matter will be submitted to the chamber of commerce directors. A committee consisting of Messrs. W. C. Young, J. C. Dyson, Merle Waggoner, George Keith, George Elliott and W. F. Weeks was named to present the matter to the directors. W. F. Weeks presided at Saturday's meeting.

Tom Burnett, J. B. Marlow and others interested in round-ups and similar undertakings, will be invited to the meeting Thursday. A number of representative stock raisers of Wichita, Archer and Clay counties will also be invited.

As discussed and approved Saturday morning, it is intended to provide a coliseum where live-stock exhibits and sales can be had, and which would also be available for round-ups, athletic events, and public meetings. While intended primarily for use in stimulating the raising of better live-stock in this section, its other uses would make it a civic adjunct of great value.

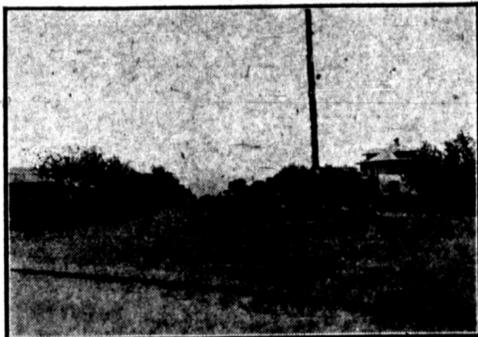

It developed at the meeting that the matter has already received considerable attention, and that sites have been offered by individuals who are willing to take stock in the undertaking as part payment for their land. The opinion was expressed that the matter could be handled on a basis where it would be attractive to the general public, and that the financing of the proposition would be less difficult for that reason.

MUCH ATTENTION GIVEN TO YOUNG PEOPLE'S WORK IN CHRISTIAN CONVENTION

An unusual amount of time in the Texas Christian Missionary convention conducted in Wichita Falls from May 9 to 13, held at the First Christian church, was given to the young people's work. The speakers taking an active part in this department of the work came from all parts of the country, including many of state and national reputation.

Among them were Mrs. D. C. Mangum of Dallas, Miss Pearl Leonard of Fort Worth, H. B. Brouse of Fort Worth formerly of Wichita Falls, Mrs. Berta McManis of Fort Worth, Rev. P. F. Herndon of Taylor, Texas, S. W. Hutton of Fort Worth, Dean Colby D. Hall of T. C. U. Fort Worth, Bert Wilson of St. Louis had charge of most

NINTH STREET'S CENTER PARKWAY PLAN IS PRETTILY DEVELOPED

The possibilities of the central parkway as a beauty spot are being developed on the western end of Ninth street, where the above picture was taken. Instead of paving the street for its full width, space for a park strip is left in the center, and such strips have recently been the scene of activity by the city's park bureau, which has planned shrubbery and otherwise beautified the little tracts.

NEW FIRE STATION COMBINES BOTH USEFULNESS AND BEAUTY

"There's the funniest house out on Buchanan street; it has a garage on the ground floor," said a woman visitor in Wichita Falls recently.

The city's new fire station, in which the visitor was referring, looks much more like somebody's well-planned residence than like a fire station. The time when a fire station has to look like a barn is passed—and Wichita Falls has, in the construction of her three newest stations, combined usefulness with civic attractiveness to a

marked degree; the Buchanan street station is no exception to the rule. Situated in the heart of one of the city's finest residential districts, it detracts nothing and, on the contrary, adds charm and dignity to the section.

When the doors are closed, it requires more than a casual glance to discover that the structure is not a residence. It is substantially and roomily built, with commodious and comfortable quarters for the firemen and for Fire Chief McClure, who now makes his headquarters there.

real active work in the church today came into the church after they passed their 24th year, thus showing the importance and necessity of winning souls for Christ while they are young.

Correction in Advertisement. In the advertisement of the Southern Tire and Vulcanizing company, in regard to Firestone distributors, which appeared in this paper on Friday, the name of the firm was given as Southwestern Tire and Vulcanizing company which was incorrect. Mr. H. A. Dodson, manager of the Southern Tire and Vulcanizing company, has had several calls as to whether he has changed the name of his firm. The Times regrets very much the error.

Announcing the Opening of "HAVEN PARK"

Wednesday, May 18th

A rare treat awaits you on the opening of this beautiful park, located on the R. B. Havener place one and one-half miles south of the city on Holliday road. HAVEN PARK opens to the public the largest artificial Swimming Pool in West Texas, supplied with clear running water at a depth of from three to ten feet as well as a separate Baby Pool for the little tots, with water at from one to two feet deep. The entire pool is surrounded by large trees, furnishing a nice shade over parts of the water at all times of the day.

- Plenty of parking room
- An abundance of shade
- Rustic benches
- Inviting places to spread your lunch
- A restful place for tourists
- Seek your recreation in Haven Park after work hours
- Take your morning plunge in this nice large pool
- Invite your friends to spend the day with you there, where they can enjoy the beautiful surroundings that nature has provided.

You will always find Haven Park a desirable and well-kept place.

Remember the Opening Day, Wednesday, May 18

COME OUT—ENJOY THE MUSIC AND A FREE SWIM ON OPENING DAY.

AMUSEMENT CALENDAR FOR COMING WEEK

Motion Pictures

"LOVE-FLOWER" HEADLINES EXCEPTIONAL PROGRAM AT MAJESTIC THIS WEEK

Cecil R. DeMille's "Something to Think About" in which Mont Blue, Gloria Swanson, Elliott Dexter, Theodore Roberts and Clair McDowell are starred, heads the week's amusement bill at the Majestic. This production while in no sense a melodrama, has several thrilling scenes that are calculated to give the ladies of the crowd heart failure. The picture has appeared here before and won a wide following among local amusement fans.

This picture comes on Monday only. Tuesday brings one of Bill Hart's best western productions, "The Testing Block" in which the star has a virile role. This is also a second run picture, but is sure to have a large following. The real headliner of the week comes on Wednesday and Thursday when D. W. Griffith's "The Love Flower" is offered as the main attraction. This picture is one of Griffith's masterpieces, and while not as pretentious, nor as large as "Way Down East," "The Birth of a Nation," and "Intolerance," it is fully as interesting.

"THE LEOPARD WOMAN" AND "LYING LIPS" TO BE FEATURES AT THE STRAND

Five hundred American sailors, the entire crew of the battle cruiser "Minnesota," in fact, are used as "extras" in the big associated producers' spectacular film, "Lying Lips," which comes to the Strand for the last three days of this week and which serves as the feature attraction of the six day program.

This picture has its main settings on the sea and at the theatre which are usually found in a marine production—and then some more thrown in for good measure—are included in "Lying Lips," which was directed by Thomas H. Ince. The story is something of a melodrama, but has but little of the sensational scenes which have caused much adverse criticism from "blue law" advocates.

Florence Vidor and House Peters, supported by a strong cast of lesser lights, are included in the film and give a fine representation of dramatic art under the able direction of Ince. Louise Glaum in "The Leopard Woman," a Lois Weber Paramount production has the center of the stage on Monday, Tuesday and Wednesday. This picture is of the usual dramatic type, in which Miss Glaum is found, and for those who enjoy the type of picture in which she plays, it is highly recommended.

William Barnum and his wife have arrived secretly in Paris and intend to stay for about four months. Barnum has announced his returning to the stage in New York shortly after the termination of his contract with William Fox in whose pictures he has been starring.

CORNS Lift Off with Fingers. Illustration of a foot with a corn being removed by a small device.

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard, soft, corn, or corn between the toes, and the calluses, without soreness or irritation.

STRAND THREE DAYS OPENING MONDAY "THE LEOPARD WOMAN" With Louise Glaum An Associated Producer's Production Directed by J. Parker Read Jr. EXTRA—TOPICS OF THE DAY Thursday, Friday and Saturday, Thos. H. Ince's Newest and Greatest Creation, "LYING LIPS," With House Peters, Florence Vidor and an all-star cast. An Associated Producers Production.

AT THE EMPRESS THIS WEEK

CONWAY TEARLE in "BUCKING THE TIGER," A Selznick Picture

"I AM GUILTY" AND "BUCKING THE TIGER" ARE OFFERINGS AT EMPRESS

Louise Glaum, Conway Tearle and Constance Binney form a trio of stars who will offer the larger part of this week's movie bill at the Empress, all appearing in their latest productions. Miss Glaum comes on Monday, Tuesday, and Wednesday in "I Am Guilty," a J. Parker Reade production which uses social life as its background. How a forsaken wife, formerly a chorus girl, goes for one more fling at good times when her rich husband leaves town and how she became implicated in a murder in the rooms of a degenerate actress, takes place before the camera. Plenty of difficulties are thrown in her way before she finally is cleared, and the ending shocks everyone happily united again.

"Bucking the Tiger" is a drama of wild life in the arctic regions and centers around a human lottery in which the life of a man is taken in the interests of a "get rich quick" scheme. Conway Tearle plays the part of the intended victim, and of course plenty of thrilling scenes take place before the ending is made to the satisfaction of all concerned.

Saturday brings Constance Binney in "Something Different," a picture said to be just what its name implies.

"HOLD YOUR HORSES" TO START WEEK'S PROGRAM OF GEM ATTRACTIONS

Tom Moore, popular Irish star now playing with the Goldwyn company, starts out the week's movie bill at the Gem in one of his later pictures, "Hold Your Horses." He appeared as an Irish immigrant, weak-kneed and trembling, who is a target for his wife's pots and pans, and who is afraid to even say "skiff" to a big dog. One day he is run over by an automobile, owned by a wealthy society girl, and goes to the hospital for six weeks.

On his release he joins a blasting gang and is given a red flag with which to block traffic from the road, which he does. This taste of authority makes a new man of him, and in a short time he becomes the political boss of the city, later marrying the woman who ran over him, after his wife and her husband had conveniently died.

Tuesday brings Doraldina in "Passion Fruit," a swiftly moving story of the tropics, and on Wednesday Enid Bennett in "The False Road" comes for a one-day stand.

Eileen Perry in "The Blushing Bride" comes Thursday and Friday brings Houdini in "The Terror Island," one of his best pictures and one which is replete with thrills.

"TOO WISE WIVES" AND "A TALE OF TWO WORLDS" ARE OLYMPIC ATTRACTIONS

"Too Wise Wives," a Lois Weber-Paramount production, is to be the main attraction for Monday, Tuesday and Wednesday of this week at the Olympic, according to announcements last week by the Dye, Ford and Rodgers company. The amusement critic of "Life" has characterized the picture as "a splendid failure," giving it credit for having used fine scenic effects, good photography and a strong cast with a mediocre story having little or no plot. The main theme revolves around the actions of a prying and suspicious wife, who gets herself and her husband into all kinds of trouble by her excessive curiosity. In the end, of course, everything is fixed up in lovely shape, but not until some lively mixups occur. For the final three days of the week's program, Monroe Hopkins in "A Tale of Two Worlds," will be the main attraction, with a big supporting bill of comedies, news reels and westerns.

MONROE HOPKINS AT THE PALACE THIS WEEK. Illustration of Monroe Hopkins.

STOCK AND VAUDEVILLE TO BE PRESENTED AT PALACE WITH EXCEPTIONAL BILL

An innovation in theatricals will be introduced in this city Monday when the Palace theatre is opened up with a full line of stock shows, vaudeville and pictures, at prices but slightly higher than those charged for the best movies. Never before has Wichita Falls had a bill which will combine all the features of high class entertainment that the new Palace programs will offer according to H. R. Seeman, who is to manage the theatre, and it is his belief that the new policy will prove exceedingly popular to amusement fans of the city.

The main attraction for the opening performance will be the Mr. and Mrs. Monroe Hopkins players in the big New York stage success, "The Brat." A vaudeville act and a Vitagraph special, "The Heart of Maryland," starring Catherine Calvert, will be the supporting numbers.

"The Brat" has won for itself the distinction of being one of the best stage plays ever written, it having run for months without interruption on Broadway, and is still proving a big drawing card with the stock companies of the country. It is the story of a metropolitan street girl who gets into one of the most exclusive families and is made one of the circle. How she accomplishes this forms an absorbing story, filled with heart interest and also with a liberal portion of comedy. As played by the Monroe Hopkins players it is exceptionally delightful. "The Heart of Maryland" is a Tom Terris production, made by the same company and same director that was responsible for "Dead Men Tell Tales," and is said to be a fine portrayal of life in Maryland during the dark days of the Civil war. Miss Calvert heads a strong supporting cast. Top prices of the bill prevail at all shows.

AT THE MAJESTIC TUESDAY

William S. Hart in "The Testing Block," A Paramount Picture

HE STARTED AS A STREET CLEANER—HE ENDED AS A POLITICAL BOSS OF NEW YORK.

TOM MOORE IN "HOLD YOUR HORSES."

A character you'll never forget in a picture 100% comedy.

AT THE OLYMPIC THREE DAYS THIS WEEK

Louis Calhern and Claire Windsor in a scene from the Lois Weber Production "Too Wise Wives" A Paramount Picture

Reel Chatter By JEAN DARNELL

Doris Pawn has been confined to her home for more than a week with a severe case of bronchitis.

Mary Pickford will shortly start work on her next picture, Little Lord Fauntleroy.

Charles Murray and Ben Turpin are both back on the Sennett lot after trips to the East. Murray is to appear with Mabel Normand in "Mollie O" while Turpin is starting work on a series of two-reelers.

Elliott Dexter has left for New York, taking the trip via the Panama Canal. He will remain in the vicinity of Broadway for three days, making the return trip on the same boat.

New York and vicinity are anxiously awaiting the premier of the Wm. Fox production, "The Queen of Sheba." It is said to be one of the real big pictures of the year.

Eileen Sedgwick, the Universal serial star, has gone into retirement for several weeks to have an operation for appendicitis performed.

Allen Dwan is in Hawaii—it is said he will produce his next picture there.

Now "Mrs. Wallace Reid is appearing in pictures using her husband's name in the billing.

Doris May, who left for the East with the Maurice Tourneur company, for the making of "Bright Lights," is to be married on her return to the coast. Wallace Macdonald is reported to be the lucky man.

Tom Moore, his director, Victor Schertzinger, and the Goldwyn company making "Heating the Game," an

Charles Richman was playing the lead in "The Great Ruby." Night after night, Brenon used to watch Richman from the wings, and fired with ambition, he would say to himself: "Who knows? Someday I, too may earn my living by being a great actor, like Mr. Richman." Today, Herbert Brenon is directing Mr. Richman in Norma Tallmadge's next picture, "The Sign on the Door," with a film version of Channing Pollock's well known play.

Rupert Hughes is not only a Golwyn eminent author, but an accomplished musician as well. He showed his versatility by playing the tremendously difficult score to his dramatic song "Cain" before the Camut club, Los Angeles, recently.

Mary McLaren will appear opposite Douglas Fairbanks in "The Three Musketeers."

Bryant Washburn is to make a tour of the country, appearing in conjunction with his film, "The Road to London."

Beatrice Joy—Lon Chaney and John Bowers and other members of the Goldwyn company have been at Pine Crest, California, on location—shooting scenes for "Ace of Hearts," a big Goldwyn production.

Elmo Lincoln is to appear in a Universal serial based on the exploits of Tarzan of the Apes.

Gloria Hope is engaged to marry Floyd Hughes, popular leading man in Thos. H. Ince productions.

Louise Glaum is to take a hoise at Catalina Islands for the summer and trips to the studio will be made via airplane.

TOO WISE WIVES A Paramount Picture. Illustration of a woman in a dress. Shows at 12:15, 2:30, 5:15, 7:45 and 10:30. THREE DAYS OPENING MONDAY OLYMPIC PARAMOUNT AND REALART PICTURES

MOVIE MUSIC HAS ADVANCED ALONG WITH OTHER SCREEN BETTERMENTS SINCE OLD AUTOMATIC PIANO DAYS

By H. F. JOHNSON.

The wonderful advance made during the past ten years by the movie picture interests has furnished one of the most sensational chapters of American industrial life. From an insignificant beginning, where the picture places of the country consisted mainly of a vacant room over the hay and feed emporium, to the million dollar structures we now have, is certainly a record to be classed with the "business" advancement of the steel industry and other concerns whose operations involve millions and millions of dollars yearly.

How many of you plump, stall-fed dads who have accumulated a goodly share of this world's loot have deposited a nickel with a hard boiled blacksmith behind a small window, where there was no danger of your being able to hit him if he got sassy, ambled through a narrow doorway and stumbled down a creaky aisle to a backless bench, there to sit speechless while three reels of blurred and flickering scenery depicting bloodthirsty battles with Indians, were unfolded on a bed sheet at the front end of the room. And the music that accompanied those indignities. Remember it? The soothing symphonies of cowbells, wash tubs and tin horns which the two-fingered female Paderewski of the village extracted from a dilapidated piano, wasn't it great?

And then the pictures themselves, what enlightening, uplifting and educational affairs they were! In those days a film wouldn't pass the board of censors unless at least six men were bumped off in the opening scene, and if the final fade out didn't show the villain hanging by his ears and the beautiful heroine feeling over the hill on horseback, the gang on the front row was liable to shoot up the whole joint. And in those days, too, the shows could separate on Sunday occasionally. The houses only opened when they could get a picture, which made it rather hard on press agents and such, so the clergy couldn't advance the argument that they had six other days a week in which to aid the devil in getting in his dirty work. So of course when a picture arrived it just naturally had to be run, and run it was, in and out of the old hand power projector that squeaked in every joint, with never an intermission, except to change reels which generally took ten minutes, and never a change of picture, for such things as news reels, topics of the day and comedies of the "higher" type were as familiar as Marx in those days.

Compare, then, the houses and pictures of 1910 with the ones we have now. It's a far cry from the corner Nickelodeon with its creaky floors and backless seats to the magnificent palaces in which the cinema dramas of the present are presented, and it's a still farther cry from the tinpan piano of yesterday to the symphony orchestra used in the playhouse of Chicago, New York and even smaller cities today. The weekly expense account for music in a modern theatre would have been sufficient to buy out the whole block in which the forerunners of the movie industry were located, and there would still be enough left over to give the kids Sunday school money.

Wichita Falls has not yet grown enough to sport a full fledged orchestra in an exclusive movie house, but it is getting there, and some day such an attraction will be offered. Patrons of the silent drama are fortunate, however, in having something almost as good, namely, competent organs on man sized instruments, and in some cases these serve the purpose fully as well as would the full orchestra.

What part the music of a photoplay has in "putting it over," and just how this is done, is told in an article below, written by Benson Carlisle, organist of the Olympic theatre.

"How odd it is to look back, only a few years, to the day of the dim lit Nickelodeon and, if any music at all, a screeching phonograph or an electric piano. Then look today at the magnificent structures representing enormous expenditures, everything man's mind can conceive, to add to the patrons convenience and comfort and while he views the product of the master minds of a new art, the photoplay, there comes to his ears the harmonious strains of a mighty pipe organ.

"Getting down to the subject on which I have been asked to write, fitting music to a photoplay, the same thing governs it that is the paramount idea from the beginning to the end of presenting a photoplay program: harmony. Other than this there is no set rule for playing a musical accompaniment to a picture. Practically all the picture companies supply a 'cue sheet' with each picture. The musician inexperienced in playing pictures would be of the opinion that all that was necessary would be to select the numbers the cue sheet calls for and play them accordingly. The result of such an attempt would be the continual stopping and starting of different numbers that would strike the audience with about the same abruptness as being slapped in the face.

"Also it is unlikely that a musical program selected for an audience in one locality will please that of another. However, the 'cue sheets' do give one a general idea of the nature of the picture he is to play and often times a private screening of the picture permits the organist to figure the situations out in advance, but even with this he cannot lay the music out before him and change from one number to another and always make his music harmonious with the picture. I do not mean by this that music cannot be arranged to fit a picture for this has been done. For instance, the famous 'Birth of a Nation' score is but about one half of what was composed especially to fit the situations. What one must have is an almost unlimited number of pieces that will express every human emotion and fit any incident that might be portrayed in his mind known by heart and be able to improvise anything at a second's notice. People come to a theatre to see a photoplay, the music alone draws very few; the picture without the musical accompaniment is very dry indeed, but even this is better than to have an accompaniment not in harmony with it. Along this line I always work. When one thing is so in harmony with another that it is scarcely noticeable it is pleasing, and this is what I strive for in my music. Music is the frame and the light around a picture. Its purpose is to make the picture more effective, to aid in driving home its messages.

"The big Wurlitzer Hope-Jones organ which we have in the Olympic is especially well adapted to the playing of pictures and no end of effects can be gotten out of it. Besides the organ itself one has everything from a lone flute to a full symphony orchestra at his finger tips."

When you enter the doors of the City National Bank of Commerce you immediately note the spirit of friendliness, courtesy and helpfulness which characterizes every transaction between the officers and employes of the bank and its patrons. 2-11c

Practical Joker Lands in City Jail "Faked" Shooting

An alleged practical joke on the police department, perpetrated Friday night, turned out to be a little more serious than one of the jokers bargained for, and officials at the city hall were undecided Saturday morning as to what disposition should be made of the case other than preferring charges of drunkenness and reckless driving, for which a man was arrested in connection with his funny streak earlier in the evening.

A breathless and dazed individual appeared at the police station shortly after dark and reported that

two men had shot each other on the banks of the river. An investigation developed that the two had fired some shots into the air and had then faked serious injuries for the benefit of a fisherman, who promptly departed for the police station.

One of the men was found later in the evening by detective Jack Miller. He was alleged to have been intoxicated and to have been driving recklessly through the city streets, so was taken to jail and locked up for the night.

Police were making microscopic examinations of the statute books Saturday in an effort to determine what charges could be filed against him.

Visitors are cordially welcome at the City National Bank of Commerce and every effort is made to assure their feeling at home. The bank's building is one of the finest in the Wichita Falls district and is one of the show places of the city. It was erected in accordance with the bank's policy of giving its customers the best in banking facilities and service. 2-11c

Dog Catcher Will Start Work Monday On Tagless Fidos

The first official dog catcher which the city of Wichita Falls has ever employed will start work Monday morning, and woe unto any stray canines that are found on the streets minus the little tin tag proclaiming them fully registered and paid for.

C. A. Morgan has been appointed to fill the position, and he has authority to "take 'em dead or alive," according to City Tax Collector Anderson, under whom Morgan will work. Any pup found roaming the street will be subjected to an examination by Morgan, and warning is hereby issued to the dogs of the city that it will be to their advantage to submit peaceably to such

scrutiny as the officer cares to make. A sudden and violent departure from this vale of tears is the penalty to be meted out for a violation of this order. Mr. Morgan will carry a supply of tax tags with him at all times, with the authority to collect the regular dog license fee from any who may be found with an untagged dog in their possession.

Everything possible is done to make the transaction of business with the City National Bank of Commerce pleasing as well as profitable for customers. The officers of the institution are glad to be consulted about financial or business matters and to give patrons the benefit of their wide experience. 2-11c

EIGHT BUILDING PERMITS ISSUED DURING PAST WEEK

Building permits issued last week by City Clerk George W. Thorburn were as follows:

- G. W. Pugh, business building, Lamar street, \$2,000
- J. A. Thorne, residence, 1007 Seventeenth street, \$2,000
- D. A. Cameron, business building, Tenth street, \$125
- Mrs. Lottie Norris, residence, Brick street, \$100
- Stanfill Brothers, business building, Ohio street, \$125
- J. J. Haney, residence, Sibley-Taylor addition, \$1,250
- W. D. Tompason, garage, Monroe street, \$1,500

When you enter the doors of the City National Bank of Commerce you immediately note the spirit of friendliness, courtesy and helpfulness which characterizes every transaction between the officers and employes of the bank and its patrons. 2-11c

At the Churches Today

Church of the Nazarenes.
Corner Fifth and Bluff. Sunday school at 10 a. m. Preaching services, 11 a. m. and 8 p. m. Sunday, Rev. C. C. Montandon will bring the message Sunday morning and evening. Prayer meetings every Thursday evening. You are invited to make one of the number at our Sunday school and church services. Come and enjoy the hour with us.—THOMAS AHERN, Pastor.

Seventh Day Adventists.
Services held at Floral Heights Presbyterian church, corner Kemp boulevard and Avenue G. Bible study held on Saturday at 3:30 p. m.; topic, "Christ Our Priest. After the Order of Melchizedek." Preaching at 8:30; subject, "Christ, Ceasing the Temple." Preaching on Sunday evening at 8 o'clock; subject, "The Marvelous Inventions of the Past Century, and Their Significance as a Sign of Our Times." Prayer meeting on Wednesday night next at 7:30; topic, "Much Forgiveness." All are cordially invited.—GEORGE W. SPIES, Pastor.

First Presbyterian Church.
The capacity of our auditorium was taxed last Sunday. Rest and worship in the church on the Sabbath has not lost its charm. Every part of our service is made to contribute to that end. Miss Teresa Veale will sing at both hours and the pastor will speak. The subject of the morning sermon will be: "After Twenty Years." At night: "The Silver Lining." An opportunity for church membership will be given on Sunday evening at 8 o'clock. There were fourteen additions last Sunday.—N. F. GRAFTON, Pastor.

First Baptist Church.
Sunday school, 10 a. m. All departments from the juniors up are asked to meet at 9:45 to begin their work promptly. There will be an assembly of all the departments except the beginners and primaries for a closing exercise at 10:35 o'clock. This closing exercise of the school may be made very interesting if all of the teachers and pupils will co-operate in assembling in the basement auditorium promptly when the second bell rings. All the pupils in the junior department will bring some sort of nail for the closing exercise. The nails will preach a short sermon. Preaching, 11 a. m., by the associate pastor. Subject: "A Question of Vital Importance to Every Church Member." This message is prepared especially to help those who have come into the church recently by baptism. All of the new members are earnestly urged to come and hear it discussed. Special music by Mrs. H. M. Young. Also a number by the choir, under the leadership of Mr. R. Vaughn Ray. Evening service, 8 o'clock. Subject: "We Would See Jesus." Solo by Mr. R. Vaughn Ray. The two junior B. Y. P. U.'s meet at 4 and 8 o'clock respectively. The senior B. Y. P. U.'s

Central Presbyterian.
Rev. Matthew Small of Indianapolis, Ind., will preach at the 11 o'clock service of the Central Presbyterian church, Eleventh and Bluff streets. His subject will be "The Greatest Thing in the World." The public is invited to hear him. Sunday school at the usual hour, 9:45 a. m.

Evangelical Church.
Corner Fifteenth and Broad streets. Sunday school, 10 a. m. Morning worship, 11 o'clock. Junior League, 3 p. m. President, Miss Martha Mahler. Y. P. U., 7 p. m.; leader, W. D. Cook. Evening worship at 8 o'clock; subject, "How to Enjoy One's Work." Prayer meeting Wednesday evening at 8. Let us make this a good old-fashioned Pentecostal prayer meeting. Teachers' meeting Friday night, beginning promptly at 8 o'clock. A cordial invitation extended to all.—REV. G. L. TRABANT, Pastor.

Church of Christ.
Chas. A. Clingman of Abilene will preach at the Church of Christ, corner Tenth and Austin streets, Sunday morning and evening; bible study 9:45; preaching 11 a. m.; evening service 7:45.

Christian Science Society.
Jewish temple, corner Burnett and Eleventh-sts.—Sunday school 9:45 a. m. Lesson sermon 11:00 a. m.; subject, "Mortals and Immortals." Testimonial meeting 8:00 o'clock Wednesday evening. Reading room located in rooms 10-11 Jones Kennedy building, 619 Seventh street, is open from 12 noon to 5:00 p. m. daily except Sunday and holidays. The public is cordially invited to attend the services and to visit the reading room.

First M. E. Church.
The pastor will preach at 11:00 a. m. Subject, "Show Us the Father." Sunday school will be a fine season with the content in Lyie's class, "Progress." Mrs. Pittenger's Philanthropy and the Baracas for 50 each in these three classes. The evening service will be of special interest to all who are wondering what has happened to the 45,000 girls in the United States who disappeared without leaving a trace. This is the report from the National Congress of Mothers and Parent Teachers in Washington April 27. During 1920, 45,000 girls disappeared, and their fate is an unsolved mystery. Who is responsible? Come and hear this discussion and see if you are not in a measure for the conditions of a city where these things can happen. Good music at all the services.—T. S. PITTENGER, Pastor.

Floral Heights Epworth League.
The Epworth League of the Floral Heights Methodist church will meet in the main auditorium of the new church building at Tenth and Polk Sunday evening at 8:45. There will be a musical program rendered, consisting of vocal solos and duets, piano, violin and organ selections and readings. Mrs. P. B. Cox will make a short talk on "The Influence of Music." This will be the last day of the membership contest. The Sky-Pilots are in the lead but the Sky-Line is right behind them. It's either side's contest till after the League program Sunday evening. Everyone is invited.

Amazing Power of Bon-Opto To Make Weak Eyes Strong

Doctor Says It Strengthens Eyesight 50 Per Cent In One Week's Time In Many Instances.

A Free Prescription You Can Have Filled and Use at Home.

Victims of eye strain and other eye weaknesses and those who wear glasses will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night my eyes feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworking tired eyes which induced fierce headaches. I have worn glasses for several years both for distance and work and without them I could not read my own name on an envelope or the typewriting on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me."

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had been cared for their eyes in time.

Note: Another prominent physician to whom the above article was submitted by a well known eye specialist and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or mistif glasses. I can highly recommend it in case of weak, watery, aching, smarting, itching, burning eyes, red lids, blurred vision or for eye inflammation from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturer guarantees it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist, including Palace Drug Store, 812 Eighth street, Phone 312.

Washing

WE LIKE TO DO IT THE WAY THAT YOU WANT IT DONE

Wet Wash, per lb. 4c
Rough Dry, per lb. 10c
Everything finished, per lb. 15c to 25c

Sport Silks

And the Sport Silks in such interesting colors as sunset, tangerine, rose and jade—what else can one say but that they are "gorgeous." Variety a plenty, indeed—plaids, stripes, checks and plain shades.

Fabrics

Suggesting Smart Clothes for Every Vacation Hour

Here are vast quantities of colorful and captivating stuffs that can be eloquently translated into modish airy summer-time wearables. Every hour can be properly accounted for.

It is a Fabric occasion of unusual importance and magnitude, embracing every known summery material for women's and children's wear.

So interesting that you would hardly stop to consider prices—yet more interesting because the very reasonable prices assure economy.

HERE IS SOMETHING FOR YOU

Frocks of Crepe de Chine, Taffeta and Canton Crepe for Women and Misses at special reduced prices Monday.

These frocks are of the usual distinguished type sponsored by this store taken from regular stock from our season's best styles.

MODELS FROM EDWARD L. MAYER

A timely opportunity to add a beautiful frock to the vacation wardrobe at a great saving.

It Can't Be Done

PERSHING EXPECTED TO PREPARE FOR WAR IN TIME OF PEACE

FACES TASK OF PLANNING WAR TIME FORCE OF TWO AND HALF MILLION.

STANDING ARMY WILL BE SKELETONIZED DIVISIONS

Greatest Potential Strength Will Lie in the Organized Reserves, It is Declared.

By A. L. BRADFORD

United Press Staff Correspondent. WASHINGTON, May 14.—The task of planning a war-time army of approximately 2,500,000 men today faced General John J. Pershing, the newly appointed chief of staff.

In naming Pershing chief of staff, Secretary of War Weeks made it plain that the principal duty of the world war commander will be in time of peace to prepare the United States army for war. Major General James B. Harbord, named executive assistant to Pershing, will carry out the administrative functions of the staff chief.

The present plans of the war department to prepare the army for war, it was learned today, are to put the military establishment on a basis wherein the first mobilization after a declaration of war, 2,500,000 men can be put immediately under arms. As the perfection of this huge military machine progresses, new plans probably will be evolved by the war department to cover further mobilizations, possibly up to the maximum of America's military man power estimated by the war department as between 16,000,000 and 18,000,000. If provisions were ever made for a war-time army of 16,000,000 or 18,000,000 men, this would be an unheard of military achievement.

The war army on which General Pershing will soon begin work will not have a standing strength of 2,500,000 men, but its permanent strength probably would be less than half that number. The standing war army will consist of skeletonized divisions. This force of probably a little over 1,000,000 men, however, will consist of highly trained officers and men forming a nucleus upon which an immediate expansion to 2,500,000 men can be carried out in the first mobilization for war, by draft, enlistments or whatever method is decided on.

The greatest potential strength in the war army will lie in the organized reserves, which are planned to have a war-time strength of approximately 450,000 and 550,000 men, respectively, the war department estimates.

Everything possible is done to make the transaction of business with the City National Bank of Commerce pleasant as well as profitable for customers. The officers of the institution are glad to be consulted about financial or business matters and to give patrons the benefit of their wide experience.

SAYS DUTCH GOVERNMENT WILL DO WHATEVER THE ROYAL DUTCH CO. WISHES

THE HAGUE, May 14.—Decisions of the Dutch government relative to oil rights in the Djambi oil fields in the East Indies are severely censured by the influential weekly newspaper Haagsche Post, which expresses surprise that the minister of colonies has not resigned.

"The Dutch government," the newspaper declares, "will do what the Royal Dutch Oil company wishes, because the company is very powerful and many are of the opinion that Holland is governed by it. Many facts are known in well-informed circles, which, if published, would ruin the reputation of various influential Dutchmen. The Dutch oil policy smells very bad, especially during recent weeks, when the American note relative to the Djambi oil field was kept secret from parliament."

The City National Bank of Commerce invites the banking business of Wichita Falls people and business institutions in the confidence that it can handle this business as they want it handled.

STATE WILL BE READY FOR ALBERT ROWAN TRIAL

ABLENE, TEXAS, May 14.—The state will again announce ready for trial when the case of the state against Albert L. Rowan is called here Monday morning, according to District Attorney W. J. Cunningham. A postponement of the trial was granted May 2 on motion of the defense based on illness of a material witness. Rowan is charged with murder in connection with the death of G. W. Street, fatally wounded in the robbery of the Jackson street substation at Dallas.

PRESIDENT IS INTERESTED IN NEWSBOYS MEMORIAL

BOSTON, May 14.—The interest of President Harding in the memorial which Boston newsboys are soon to dedicate to the memory of one of their number, "Scotty," a hero of the war, was indicated in a letter from Secretary Christian, made public today. Mr. Christian said the invitation to attend appeared "very strongly" to President Harding and if the president should go to Plymouth this summer, he would accept the Boston invitation.

HOUSTON MAN DROWNED WHEN SKIFF CAPSIZED

HOUSTON, May 14.—Doyle Webb, 34, Houston, drowned at Sylvan Beach last night by the capsizing of a skiff.

McCARTY & McCARTY THE BIG CASH GROCERY STORE

716 Indiana Phone 5080 WE DELIVER

Do You Know This?

THOMAS A. EDISON spent three million dollars to develop a reproducing instrument which would give perfect music of all kinds, and which, through its supreme realism, could confer upon every home the incalculable benefits of pure and good music, exactly as rendered by the world's best artists. Duplicates of this original three-million-dollar instrument are now on sale at \$295.00.

\$167.50 A Real Edison

Described by Miss Elsie de Wolfe as a "characteristically diminutive and graceful Heppelwhite" designed with particular reference to the requirements of city apartment dwellers, but perfectly appropriate to the largest mansions. Grille reproduces Heppelwhite's historic "Prince of Wales Feathers," with a treatment which gives the feeling of time mellowed hand-carvings. Genuine mahogany or genuine quarter-sawn oak.

We have no hesitation in stating that this Heppelwhite model of the New Edison is vastly superior to any and all talking machines at any and all prices. We are prepared to submit the Heppelwhite to scientific comparison for proof of our assertion—you and your friends to be the judges. Hundreds of thousands of people believe that \$295 is not too much to pay for the Official Laboratory Model, which embodies all of Mr. Edison's three-million-dollar research. Many others pay more than \$295 for it in special French and Italian cases, or inlaid or hand-decorated English cabinets. However, there may be some who are not yet ready to purchase the Official Laboratory Model. To them we say: Don't delay, don't deny yourself the pleasure and benefits of Mr. Edison's research work. Buy a Heppelwhite now, and later trade it in on an Official Laboratory Model.

Special Offer

We have set aside a limited number of these charming Heppelwhites. We shall be glad to prove to your satisfaction that they are far superior to any talking machine at any price. Take one of these beautiful Heppelwhites at \$167.50 with the understanding that at any time within one year from the date of purchase you can, if you desire to do so, return the Heppelwhite and receive credit on the purchase of an Official Laboratory Model, for the full amount paid by you for your Heppelwhite. There are absolutely no strings on this special offer. It is a part of our co-operation with Mr. Edison to put real music in every home, particularly those homes where there are young people whose natures are now molding, and who, above all others, require the improving and ennobling influence of the wonderful music which Edison has placed within the reach of every one.

We are able to make this special offer because there will be no reduction in the prices of Edison instruments. Edison has raised his prices less than 15 per cent. since 1914. Don't wait. Come before this special allotment of Heppelwhites is gone. Come at once.

Special terms this month only. \$12.50 cash—\$12.50 per month.

CAMPAIGN TO DRIVE EXPENSES BACK HAS BEGUN IN EARNEST

LITTLE HOPE FOR MATERIAL REDUCTION IN TAX BURDENS NOW.
MUST PLUG THE LEAKS IN EVERY DAY OPERATION

President Places Special Emphasis on Proposed Economy Program, It Is Said.

WASHINGTON, May 14.—The Harding administration's drive to force its household expense back to normalcy is in full swing today.

Steps taken thus far in the economy campaign which is just starting, according to administration officials, are:

1.—Instructions to cabinet members that they must stop the practice of oversteering congressional appropriations and turning in deficiency requests to cover the excesses.

2.—Appointment of Walter F. Brown to represent the president in mapping out a re-organization of executive departments on an economy basis.

3.—Ordering of a survey of wasteful practices in leasing private buildings for government use.

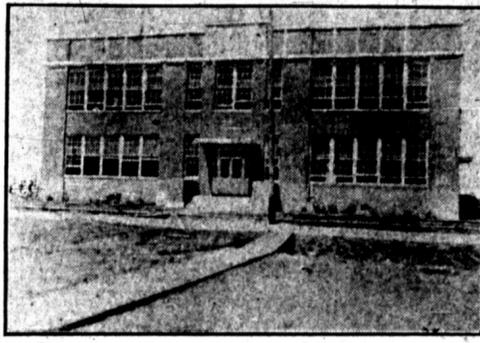

A careful study of the financial condition of the government by Secretary of the Treasury Mellon has failed to give much hope of material reductions in tax burdens except as leaks in the every day operation of governmental machinery can be plugged and for this reason the new administration is laying especially heavy emphasis on the economy program.

The investigation of waste in leasing of private buildings grew out of discoveries made by Postmaster General Hays who believes that millions of dollars are being unnecessarily expended in this way. In many cities, federal officers and branch offices of the government commissions are occupying elaborate suites in high priced office buildings where more modest but ample accommodations could be had.

M'LENDON BUILDING AT MEXIA IS DESTROYED BY FIRE EARLY SATURDAY

MEXIA, TEXAS, May 14.—Fire originating in a restaurant early today destroyed the J. W. McLendon building occupied by the Mexia Machine and Garage company and the Prince Rupert restaurant. The contents of both buildings were lost. Seventeen automobiles were burned in the garage.

SAM HOUSTON SCHOOL PUPILS PLANNING "PLAY DAY" TUESDAY

The Sam Houston school on Grant street, which was recently converted into a two-story structure to care for the increasing needs of that section of the city, is to have a "Play Day" Tuesday afternoon at 3 o'clock. Parents and friends of the children are all invited to attend and are promised almost as good a time as the children will have, and the latter are expecting to have the time of their young lives.

FAMOUS MORSE ELM REMOVED FROM STREET OF THE CAPITAL CITY

WASHINGTON, May 14.—The famous Morse elm at the corner of Pennsylvania avenue and Fourteenth street, one of the oldest landmarks in the national capital, is gone. It was removed at midnight after a long but losing fight for its life which began when Fourteenth street was widened some years ago.

This tree has looked down upon every inaugural parade held in Washington. It was named for Samuel F. B. Morse, inventor of the telegraph, who, tradition relates, often sat beneath it and recited to interested listeners the wonders of the telegraph. In the old days many famous politicians would gather in its shade to discuss affairs of party and state.

The trunk of the tree has been presented to the American Forestry association. The elm was one of the first trees to be given a place by this association in the Hall of Fame of Trees with a history.

PRINTING PRESS MANUFACTURER DIES AT HOME IN BROOKLYN

NEW YORK, May 14.—Oscar Rossen, 61, printing press manufacturer, whose acquaintance with publishers was world wide, died today of heart disease at his home in Brooklyn. He was first vice-president of R. Hoe and company.

Supreme Quality Paint for your house. The Decorators Co. 364-71c

DISCHARGED POLICEMEN AT SAN ANTONIO REINSTITATED; ANTI-ADMINISTRATION WINS

SAN ANTONIO, TEXAS, May 14.—The six policemen who were suspended from the force after the city election because they campaigned for the anti-administration candidate were put back on their beats today upon the order of Phil Wright, commissioner of fire and police.

The reinstatement of the officers was followed closely by an official announcement by the city commission that O. B. Black was elected mayor. John P. Pfeiffer tax commissioner and William O. Reiden commissioner of streets and public improvements. Residents' majority over his rival was eleven votes.

Anti-administration forces declare that all charges of election fraud would be dropped as a result of the seating of a majority of their candidates in commissionships.

THEATRICAL MANAGER DIES AT HOME IN NEW YORK

NEW YORK, May 14.—Alf Hayman, for many years associated with Charles Frohman in his theatrical enterprises, died today.

Cordial and friendly helpfulness is the goal for which the City National Bank of Commerce strives. The bank works with and for its customers whatever the nature or the volume of the business they entrust to it. 2-11c

HAVEN PARK, NEWEST RESORT, IS TO HAVE OPENING WEDNESDAY

Haven park, Wichita Falls' newest resort, is open to the public on Wednesday of this week.

Haven park is situated on Holiday creek at the southern edge of the city and east of the golf club. It comprises a beautifully wooded tract in which the largest swimming pool in this section of the state has been built of concrete. The swimming pool is 100 by 150 feet in area. The dressing rooms at the pool are equipped with sixty lockers.

Benches have been put up in the park, which is supplied with running water and which is well equipped for picnic grounds.

R. Havener is president of the company operating the park and S. M. Brightwell is manager.

HOTEL RATES IN MANY TEXAS TOWNS PROTECTED

DALLAS, May 14.—Rates of hotels in many Texas towns and cities, especially those of the "American plan," were protected before the Texas convention of the Travelers Protective association today by Henry Cook of Houston, and the matter referred to the resolutions committee. The convention by rising vote endorsed Dan W. Micheaux, Houston, as chairman of the Southwestern Passenger association. Officers will be elected and the place of the next meeting selected this afternoon.

Notice of Dissolution of Partnership.

Notice is hereby given that the partnership heretofore existing between W. C. Demere and L. F. Stripling under the firm name of the Wichita Fuel Oil Company, was dissolved February 1, 1921. All outstanding accounts due to firm are payable to W. C. Demere, Commerce building, Wichita Falls, Texas, who is authorized to collect same and give proper receipt. 262-11c

HIGH TREASON IS CHARGED AGAINST BERLIN NEWSPAPER

BERLIN, May 14.—Allegations of high treason are made in proceedings instituted by the ministry of defense against the newspaper Rohte Fahne (Red Flag) as the result of a publication by that paper of a series of documents bearing on the situation in Silesia. These documents are alleged to prove that the German military administration had planned an invasion of Upper Silesia plebiscite area last October and had plotted the assassination of Adalbert Korfanty.

The ministry declares the documents are fabrications. The City National Bank of Commerce invites the banking business of Wichita Falls people and business institutions in the confidence that it can handle this business as they want it handled. Picture frames at Decorators Co. 364-71c

AT McLain's Third Street Grocery

Here's to the store we'd like you to meet. Where we want you to get the best of groceries and meats. Our prices are reasonable and they too speak for the store that is small but clean and neat. We keep everything fresh the whole week through. The prices we have are not for a day or so. They are prices you can't get everywhere. We are striving to help the public so where they can get their money's share. The prices we advertise, "they can't be beat." At the little store that is up to date and neat. The market is up and down as we all know. The thing we are hitting at is to stay below. For the old saying is, "That from small acorns the tall oaks grow." No remember the place WE'LL like you to meet is at Nine Hundred and Nine Third Street.

Seasonable FURNITURE OFFERINGS

For Summer at McConnell Bros.

No matter what the season may be you will always find seasonable furniture at this store for your inspection. And when you think of furniture we want you to think of McConnell Bros. You can rely on our furniture as being the best, in workmanship, materials and every other feature that goes to make good furniture. At this time of the year while doing your house cleaning there will be many articles you will need to brighten up your home for the summer months. Take an inventory of what you want, then come in and let us help you make your selection.

STORE YOUR WINTER CLOTHES IN CEDAR CHESTS

We have just received a large shipment of cedar chests. With summer here one needs some place to store overcoats and other winter clothes where the moths will not be able to get to them. What is better than a cedar chest? You do not have to cover your clothing with moth balls, just simply put them away in a cedar chest and they are protected for next season. Our showing of these chests is very complete and you should come in and see them. Our prices are right, \$15.00 and up.

"WHITE" Sewing Machines

Have you ever seen the White Machine demonstrated? If not, then come in and see what a wonderful Machine we carry. We have with us Messrs. Duncan and Hicks, who have had special training in the construction and the operation of the "White," who will be glad to explain and demonstrate for you at any time. Don't fail to see the large exhibit of Art Needle Work on display in our window, all made on the White Rotary.

PORCH FURNITURE

The days are here when the porch is to be used to a great extent. It should be properly furnished, not only for yourself but for the accommodation of your friends who will call on you to spend the evening. We have a large showing of porch swings, in different styles and materials, porch swings, porch rugs, porch chairs and other articles needed to make the porch complete. Come in and make your selection.

THE MOTORISTS' PROBLEMS'

By WILLIAM H. STEWART, JR.

Motor Department: I have an Oldsmobile Model 37 and had good pistons, new pins and a new set of rings installed, and it still pumps oil and smokes terrible. After running a few miles it seems to go lame in high and will not pull very well in second on a little hill. Have examined rings thoroughly for defects but seem to be O. K. What can be the matter and what remedy would you advise? J. C.

Undoubtedly the cylinders are out of true, in which case new rings and pistons will not overcome your trouble. The proper way to overcome such trouble is to have the cylinders rebored and new pistons and rings fitted to the rebored cylinders. In this way you obtain a first-class job in which all the parts are true and properly fitted.

Motor Department: Do shock absorbers do any good or harm to a car? If they are good, what is the best make for use on a light car? K. F.

Shock absorbers are good when properly designed. It is not possible to recommend any particular make through the columns of this paper, but would suggest that you ask the maker of your car which type he recommends. Undoubtedly the manufacturer has tested several types and he is better able to tell you which type is best suited to your particular car.

Motor Department: Recently my motor seems to overheat. It runs all right when I start but after three or four miles the radiator steams and the motor gradually stops. I crank the engine and go a short distance, but it soon stops and I must wait until it cools. There appears to be a good water circulation. Can you tell me the cause of the trouble? M. H.

There must be an obstruction in the circulating system or the radiator is partially clogged. Sometimes the water pump impeller will slip on the shaft and retard circulation instead of accelerating it. Defective inner walls of hose connections will cut off free circulation. A loose fan belt is another cause of trouble. A retarded spark or overly rich carburetor mixture or valves out of time or badly carbonized cylinders are other causes of the same evil. If you suspect a clogged radiator, make a strong solution of washing soda and use it in the cooling system for a day. Dissolve about two and one-half pounds of washing soda in hot water and pour into the cooling system. The car as usual all day, then drain and flush the system thoroughly before filling with clean fresh water.

Motor Department: Being a reader of your Problems will you give me some information. My top has a hole in it (Mohair top). What will I use to make a patch stay on? Is tailor tape put on with a hot iron all right? Can I put a dressing on top after using name? E. S.

Mohair tops are difficult to repair and clean. It is very doubtful whether the tape will stick for any length of time. However, there is no harm in trying. Small repairs are quite often

made by inserting a patch and darning. About the only way to clean a mohair top is to brush thoroughly, then sponge with clean water and pure soap.

Motor Department: Can you tell me cause of trouble? About one year ago in Franklin 8 cylinder, plugs No. 3 and 5 began missing and had to be cleaned every few miles. Was advised to have engine revised, no relief. Valves ground and cylinders cleaned, no relief. To have cylinders rebored, new valves, new rings, this relieved No. 5 and for a few days No. 3, but now No. 3 must be cleaned once or twice daily, sometimes found corroded, sometimes with fresh oil. I neglected to say the mechanic put in what he called strainer in carburetor, which seemed to do some good. The engine hose or crankcase is constantly filled with gasoline, which is a constant annoyance. V. A.

See that valves are properly adjusted for clearance when the engine is hot. Also that each cylinder has good compression. Would further suggest that you try some new spark plugs. If the cylinders were rebored and new pistons and rings properly fitted, there should not be so much trouble from gasoline in the crank case, unless you are running with an overrich mixture a great deal of the time. Why not discontinue the strainer in the carburetor for a time, and note results? Gasoline in the crank case thins the oil and prevents proper lubrication of the bearings, etc. Furthermore, this impoverished oil works past the pistons into the combustion chamber more readily than it should and causes ignition trouble. Also check up carburetion system including proper functioning of vacuum tank if any.

Motor Department: I have a Dodge car, 1919 model. In driving down grade not releasing the clutch, cut off most gas and hear grinding sound, seems as if gears have been stripped, although pulls as good as ever. Can you tell me what this is and how I could prevent it? Any information appreciated. L. C.

In coasting down hill with the engine throttled and clutch engaged, the momentum of the car is checked more or less by the resistance of the engine. In other words, the engine acts as a brake. This action reverses the thrust on bearings, etc., between the engine and rear wheels. If the bearings are worn at various points you will experience a grinding noise. This is quite often observed in the differential assembly. Of course, the noise travels forward through the metal and is difficult to locate from the seat. Would suggest that you take up the floor boards and have a good mechanic try to locate the source of trouble while you operate the car.

Motor Department: One of my side lights flickers badly whenever the car is jolted or whenever I shake the bracket. Is this a broken wire or a short circuit? S. P.

Remove the wire and see that it is

properly fastened to its plug in the lamp. Then see that the lamp bracket is properly fastened. More than likely it is only a loose connection. Your ammeter would indicate a short circuit and the fuse controlling that section would blow.

Motor Department: I have a Saxon four with a Ward-Leonard generator and self-starter. When I go fifteen miles per hour it gives as high as ten amperes, but when going twenty-five miles it only gives around seven or eight. Is this proper? If not, please tell me what to do. F. E.

Your system is operating properly. If the amperage increased in proportion to the speed of the engine it would damage the battery. All systems have some means of regulating the current so as not to charge the battery above a certain rate.

Motor Department: I own a new six cylinder car, which has been driven 2,000 miles. I have watched it pretty carefully. Recently I have been troubled a great deal by carbon. I cleaned the engine and ground the valves but shortly thereafter had more trouble. Upon close investigation I discovered the fifth cylinder was fouling and missing. So far I have been unable to discover a remedy for this. Can you help me, J. P.

Undoubtedly the piston rings in that cylinder are not a close fit. Possibly

the cylinder is scored or out of round. An oversize piston and rings may overcome the trouble.

Motor Department: How may I find out if my muffler is clogged? My engine has not been developing much power recently, but nothing else seems to be out of order. I am told that my muffler may be clogged, but I do not know how to find out if it is or not. K. G.

If you have a muffler cut-out try car on a hill. If car speeds up when muffler is cut out and slows down when cut in the muffler is clogged. If you have no cut-out the muffler must be removed and taken apart for cleaning. If any holes are clogged ream them out with a three cornered file.

HELPFUL HINTS.
On Ford cars you can locate the missing cylinder before leaving the seat. Hold down one vibrator at a time and listen to the running of the engine. If the engine slows down it is a live cylinder. If it makes no change, that vibrator corresponds to the dead cylinder.

A motor that is subject to considerable vibration is liable to have its cylinders work loose on the crankcase through the loosening of the holding-down bolts or nuts if they are not watched. A wrench should be applied occasionally to make sure that every-

thing is tight. The trouble that arises from loose cylinders runs all the way from leakage of oil to a wrecked engine.

An engine should not be permitted to labor, even if it can be kept going. When running very slowly the sudden blows of the explosion acting against the resistance of the slow-moving

crank shaft set up tremendous stresses that are as dangerous as they are unnecessary.

The dirt collected on the outside of the engine is not merely an eyesore, it gets into the bearings and causes loss of power and wear. This shortens the life of the engine. If the dirt is removed regularly this wear is prevented, and the car will last longer.

When looking for a knock in the motor, do not overlook the possibility of motor being loose in the frame. The knock from this cause is not noticeable when motor is running idle, but appears when suddenly accelerating and climbing a hill.

It Is NOT HARD to DETERMINE the WORTH of the HUPMOBILE

—or any other motor car.

The qualities that make motor car value are fixed.

The Hupmobile, like any other car, can be put out of commission by accident. Otherwise, it keeps on going every day in the year. That's one requirement of value.

Another is low repair costs. (Our opinion is that Hupmobile repair costs are lower than those of any other car in the world.)

If a car is known to be well-built, long-lived, a good performer, and consistently economical, it will always bring a high price when resold.

It is common knowledge that the Hupmobile has a record in this respect so remarkable that at least it is not surpassed by any other car in the market.

FEDERAL

Double Cable Base Tires

Wear Well Because Made Well

ONE THING only decides how well a tire is made—that is—how well it wears.

Federal value changes only for the better. That is why so many continue to use Federal Tires year after year.

They may change their cars but they never change their desire for long tire mileage. For that reason they continue to use and praise Federal Tires.

We are confident in building a cordial personal service upon tires like Federals which are making lasting friends by giving lasting service.

To hundreds the sign on our door is a sign of courtesy—just as the name on a Federal Tire signifies long service. When selecting for service, see us.

KELL MILL AT VERNON KEEPS "OPEN HOUSE" AND HUNDREDS OF PEOPLE INSPECT MODERN PLANT

VERNON, TEXAS, May 14.—Hundreds of citizens visited the local Kell Milling company's new plant this week on the day provided by the management for an "open house." The plant, which is considered one of the finest in the southwest, is equipped throughout with labor-saving machinery that cuts down "man-hours" the number of persons required for service. Intricate operations are performed mechanically and furthermore, are accomplished far more effectively than could be possible by human hands.

There is a labyrinth of pipes on every floor, metal tubing that emits a hiss and a rattle, and it forms part of the material, the "big guns" as it were, in the incessant warfare against dirt and filth. In fact, there is as much machinery in the cleaning department of the local establishment as in the ordinary mill.

The wheat to be ground is brought from the elevators in long conveyors, and immediately enters upon a long and intricate journey. It first goes through a tempering process that washes the wheat, stores it for 24 hours, sends it over a magnetic separator that removes all tacks, nails and foreign matter, a smut machine that takes out the dust, and in all, it is wet and re-cleaned five times. Automatic scales weigh every bushel of wheat. Dust collectors take the heating system.

KNOWLEDGE FOR CAR OWNERS

Interesting and Important Facts That Every Motorist Should Know.

Speeding shortens the life of tires because the faster the speed the more heat there is generated.

Glowing carbon or soot in the cylinder head will cause the engine to knock.

The license plate should be properly lighted at night so that it can be easily seen.

Radiator compounds should be used only temporarily and as sparingly as possible.

Be careful in turning corners, as the injuring or knocking down of a pedestrian would cause more delay than the slowing down, with perhaps fines, imprisonment or both. It is wisest to take your time.

Keeping the springs lubricated not only prevents squeaking, but makes the car ride easier.

Probably the greatest source of battery trouble and short life results from not keeping the plates covered by the addition of pure distilled water.

A good safeguard against delays on the road occasioned by tire trouble is to carry in the car a quantity of tightly woven cloth. This can be used successfully for blowout patches.

At fixed intervals open the drain cock at the bottom of the vacuum tank so as to release any foreign matter which may have accumulated there. This will prevent carburetor trouble.

One source of insufficient lubrication of bearings is sometimes found to be clogged grooves in the bushings, which are intended to carry the lubricating oil and cut off the supply. An excess of graphite will also often produce the same effect.

When parking a car on a grade it is well to take additional precaution besides setting the brakes. Place the gears in "first" instead of neutral, as the resistance of the motor will hold the car back. The front wheels should also be turned into the curb.

Many motorists overlook the rim, which if allowed to rust can cause a tire.

Will Radium at Last Open the Door of the Great Unknown?

If you are sick and want to get well and keep well, write for literature that tells how and why this almost unknown and wonderful new element brings relief to so many sufferers from Constipation, Rheumatism, Sciatica, Gout, Neuritis, Neuralgia, Nervous Prostration, High Blood Pressure and Diseases of the Stomach, Heart, Lung, Liver, Kidneys and other ailments. You wear Dognen's Radio-Active Solar Pad day and night, receiving the Radio-Active Rays continuously into your system, causing a healthy circulation, overcoming sluggishness, throwing off impurities and restoring the tissues and nerves to a normal condition—and the best thing you know you are getting well.

Sold on a test proposition. You are thoroughly satisfied it is helping you before the appliance is yours. Nothing to do but wear it. No trouble or expense, and the most wonderful fact about the appliance is that it is sold so reasonably that it is within the reach of all, both rich and poor.

No matter how bad your ailment, or how long standing, we will be pleased to have you try it at our risk. For full information write today—post 10c.

Morrow, Radium Appliance Co., 237 Broadway Bldg., Los Angeles, Calif.—adv.

to deteriorate about as quickly as any other way. A very good way to avoid this trouble is to keep your rim covered with regular rim paint.

Before tackling a repair that means plenty of real dirty work, smear your hands with vaseline. It will prevent the

skin becoming ingrained with dirt and will make cleaning up quite a simple matter.

A cork drilled cleanly through the center makes a neat joint for a broken gasoline pipe on a motorcycle. The two broken ends of the pipe are stuck into opposite ends of the cork.

Oil drained from the engine and gear compartment should be filtered and used over again for oiling spring leaves and brake connections.

S. A. L. MORGAN IS LUNCHEON SPEAKER BEFORE SHRINE CLUB

"No government is great except as reflected by the greatness of its people and no people ever became great by looking to their government to do for them what they ought to do for themselves," said S. A. L. Morgan at the weekly Shrine luncheon before the Shrine club here today. Mr. Morgan's subject was "Business in the Government and the Government in Business."

While it cannot be expected that the same methods that are used in private business can be applied to a cumbersome business like the government, a nation can work to that end, Mr. Morgan said. Spasmodic and misguided public opinion, he pointed out, sometimes blocked the efforts of those who sought to handle governmental business in an efficient way.

"The remedy," Mr. Morgan said, "is in a public sentiment that is educated to stand behind its officials and look to them for results."

Mr. Morgan spoke of the danger of governmental interference in business, saying it tended to deprive the individual business man of ambition and initiative. The government's function in business, he contended, is to preserve competition, but not to encroach on the details of business management.

FARMERS PLEASED WITH SUCCESS OF THEIR FIRST MARKET

Truck farmers in the vicinity are not only satisfied, but enthusiastic, over the results of their attempt at a public market here. All who participated in the opening day's market disposed of all their supplies, at prices measurably higher than those hitherto received when they disposed of their produce to middlemen instead of to the customer.

There are about 40 truck raisers in the recently formed organization and nearly half of these had produce for sale Saturday morning. Not all sent their own wagons, some combining with neighbors to make up a full load. Later, when more produce is available, it is expected that a greater number of farmers will participate.

The next market will be held Tuesday morning, starting at 7:00 o'clock and every alternate day thereafter, Sundays excepted.

PLAN SUMMER SESSION FOR HIGH SCHOOL STUDENTS

Some members of the high school faculty are planning for a summer school which will open at the close of the regular session, to give students an opportunity to catch up on back work or to make additional credits toward graduation. C. E. Danheim will be in charge of the school.

CATTLEMEN FAVOR LIVE STOCK EXHIBIT

Plans For Coliseum Expected to Result in Holding of Shows Annually or Oftener.

Annual or semi-annual livestock exhibits and sales in Wichita Falls will be held, if plans formulated Saturday morning at the meeting of stockmen of this and neighboring counties are materialized. The erection of a coliseum for the staging of such exhibits will be one of the first steps taken to hold these exhibits.

In connection with the plans, W. C. Young of Archer City told what resulted from the recent exhibit and sale in that place.

"We had no idea it would bring so many exhibitors," he said. "That part of it was a pleasant surprise to everybody. As soon as it was over nearly every man who took part in it was making plans to improve his herd, to buy new bulls, to get better stock and to build up his business generally. There's no doubt in my mind that the little exhibit we had has been a tremendous benefit to Archer County."

The exhibits and sales constitute but one use to which the proposed coliseum will be put, and it is probable that at the chamber of commerce directors' meeting Tuesday, some plan will be considered whereby a structure suitable for staging the annual roundup can be erected. Mr. Burnett has already indicated a willingness to co-operate with Wichita Falls citizens in establishing a permanent roundup site.

Cordial and friendly helpfulness is the goal for which the City National Bank of Commerce strives. The bank works with and for its customers whatever the nature or the volume of the business they entrust to it. 2-11c

ANNOUNCE PROGRAM FOR LEGION POST'S MEMORIAL SERVICE

Col. Culbertson of Fort Worth and Judge B. Y. Cummings of Wichita Falls will be the principal speakers at the memorial day service to be held May 30, under auspices of the American Legion. The program for the service was announced Saturday, as follows:

Invocation by Rev. Mr. Ashford, chaplain.
National anthem, by audience.
Violin solo by Miss Bereniece Jackson; Mrs. A. H. Britain, accompanist.
Address by Col. Culbertson.
Quartet selection—Meadames W. M. Priddy, Fred C. Barron, N. M. Clifford, C. Y. Tully.
Address by Hon. B. Y. Cummings.
Male quartette selection.
Eulogistic by Rev. N. F. Grafton.
