

CONFERENCE RESUMES DISCUSSION OF CHINESE QUESTION CROWN PRINCE HAS BEEN DESIGNATED REAGENT FOR JAPAN BROKER ADMITS COUNTERFEITING FRENCH CERTIFICATES

AGREE TO ABOLISH EXTRA TERRITORIAL RIGHTS IN CHINA

DECISION REACHED BY THE POWERS AT MONDAY CONFERENCE.

WASHINGTON, Nov. 25.—A meeting of the American armament delegation was called late today by Secretary Hughes. The purpose of the meeting was not disclosed, but it was understood that the American delegation desired to study over events of the last few days.

WASHINGTON, Nov. 25.—Appointment of a sub-committee, headed by Senator Lodge, to consider the question of extra territorial rights in China was authorized today by the American armament committee of the Washington conference.

WASHINGTON, Nov. 25.—Abolition of extra territorial rights in China by which various powers maintain their own courts for trial of their own nationals, was agreed to in principle today by the powers represented in the Washington conference on Pacific and far eastern affairs.

The Chinese delegation presented the committee a statement strongly urging the abolishment of extra territorial rights and sympathetic responses were said to have been voiced by the representatives of the other powers.

Belief was generally expressed, however, that the rights could not be given up immediately in view of the fact that the Chinese government should come as promptly as compatible with the present situation and progress of China.

The committee authorized the general agreement authorized the appointment of a sub-committee headed by Senator Lodge, to present the principle in the concrete form of a resolution.

The sub-committee also will work out the details of the various rights held by other nations was understood to have had the strong support of the American delegates.

The committee also declared that foreign courts should be abolished as soon as China demonstrated her ability to administer justice fairly to all within her borders.

CONFERENCE RESUMES DISCUSSION

WASHINGTON, Nov. 25.—Resuming its far east discussions today, the Washington conference was prepared to take up specifically the request submitted by the Chinese 10 points for abolition of the system of "extra territoriality" under which the foreign powers have set up their own courts in China to handle cases in which their respective nationals are involved.

It was considered a possibility by some of the delegates that the meeting today also would see the first reference to the cases of Shantung and Manchuria, which would bring up what are contended to be some of the most complicated questions faced in the entire negotiations.

In the "outside" developments of the conference, the conflict of view between the British and Chinese delegations on the application of the four general principles already adopted with relation to China remained the outstanding point of interest. Whether this issue might be raised formally within the conference today was uncertain, although it was the opinion generally held that in any case it would be so handled as to preclude any possibility of an impasse.

It had been expected that the purpose of the American delegation to bring forward the Root resolution on the conference today would be a consideration of details involved in the Chinese ten points and other open issues. At the same time, the committee is expected to begin its work. The disposition of the American delegation is not known.

The sub-committee of the nine powers appointed to study the question of the Chinese tariff will be called together by Senator Underwood, its chairman, in a few days, it was announced today. The committee is expected to begin its work. The disposition of the American delegation is not known.

WASHINGTON, Nov. 25.—The new Orleans port tied up as result of general strike.

NEW ORLEANS, Nov. 25.—The port of New Orleans was completely tied up today when from 12,000 to 15,000 cargo loaders and handmen walked out on strike in sympathy with the screwmen, who quit work Monday. About 75 ships are in port awaiting cargoes. The public warehouse and 10 private warehouses were closed.

FOUR ARE INJURED WHEN STREET-CAR HITS AUTOMOBILE

F. O. FRITZ AND DAUGHTER SERIOUSLY HURT IN ACCIDENT EARLY FRIDAY.

Four persons were injured, one seriously, when a west bound factory street car struck a Dodge sedan driven by Miss Nena Fritz of 1804 Monroe street, at the Ninth and Denver intersection shortly before 8 o'clock Friday morning.

F. O. Fritz, father of the girl, sustained injuries which for a time were feared to be exceedingly serious, and Miss Fritz was painfully hurt.

Reports of attending physicians, however, stated later that the condition of neither was such as to cause alarm. Russell and Reeves Fritze, brothers of Miss Nena, were also in the car at the time of the accident, but aside from a severe shaking up were uninjured.

The automobile was not killed or damaged by the street car, but struck broadside by the street car and turned over on its left side. The three men were removed through a moderate rain of sleet, which was blowing from the north.

The car was running north on Denver.

Miss Fritz, who was driving the automobile, was unable to give an account of the collision. She was badly cut about the face by flying glass and was under the care of a physician Friday.

The entire party was taken home immediately after the accident and Dr. Fritz was later removed to Dr. M. J. Glover's office for an X-ray examination. Reports of Dr. Glover stated that several ribs were broken and that Mr. Fritz was badly shaken up, but that otherwise no serious injuries could be found.

It will be impossible to tell his exact condition for some time, physicians declared.

Miss Fritz was given medical attention at her home. The automobile was a total wreck, while the street car suffered damage to the front vestibule.

BEATING HIS WAY WHEN GUARD FIRED MAN IS RELEASED

PITTSBURGH, Pa., Nov. 25.—Cosimer Fiedale, who was arrested several days ago by the United States marine guard in a Baltimore and Ohio railroad train and who was sentenced to a night in jail by a city magistrate, was discharged today by request of federal authorities.

The government officials in the case of Fiedale, who was charged today that he had no intention of robbing the mail train, but was merely "beating his way."

As Fiedale stepped from the police station today he was met by George Clines, Sedalia, Mo., who said he was in the same mail train, but crawled under the coach and held on to the rods when the guard fired his shotgun.

CLAIM NINETY PER CENT OF MINERS WORKING IN THE TRINIDAD DISTRICT

TRINIDAD, COLO., Nov. 25.—Figures given out by Colorado Fuel and Iron company headquarters here show 90 per cent of the normal force of workmen at work today in mines of the Trinidad district where a strike had been in effect. There is a reported gain of 53 over yesterday in the Las Animas county and a gain in Huerfano county of 61 over yesterday.

NEW ORLEANS PORT TIED UP AS RESULT OF GENERAL STRIKE

NEW ORLEANS, Nov. 25.—The port of New Orleans was completely tied up today when from 12,000 to 15,000 cargo loaders and handmen walked out on strike in sympathy with the screwmen, who quit work Monday. About 75 ships are in port awaiting cargoes. The public warehouse and 10 private warehouses were closed.

PRINCE HIROHITO DESIGNATED AS REAGENT OF JAPAN

CONDITION OF EMPEROR RESULTS IN ACTION AT THIS TIME.

By Associated Press. TOKYO, Nov. 25.—Crown Prince Hirohito has been designated regent of Japan.

Crown Prince Michi-No-Miya, of Japan, was born April 29, 1901, and was designated regent in 1912 when his father, Emperor Taisho, died.

He is a major of infantry in the Japanese army and a lieutenant-commander in the navy. He has participated in the councils of the imperial family and occupied a seat in the house of peers in the imperial diet.

He is said to possess "an observing disposition, a retentive memory and a desire for knowledge."

Beginning when he was six years old, he received a common school education in Tokyo and studied under private tutors in the Imperial Education Institute at Tokyo.

He was crowned Emperor of Japan in 1912 when he was 11 years old. He is said to be a devoted student of the emperor's duties and a lover of his people.

He is reported to be a devoted student of the emperor's duties and a lover of his people.

NEW REAGENT OF JAPAN

LOS ANGELES, Nov. 25.—A visit by the judge and jury to Beverly Glen, near here, where J. Bolton Kennedy, broker, is alleged to have been murdered, will be asked by attorneys for Arthur C. Burch, charged with the crime. It came in connection with the resumption of Burch's trial today.

The reopening of the trial today, after the Thanksgiving recess, found eight women and two men temporarily passed as jurors.

TELEGRAPH BULLETINS

BOSTON, Nov. 25.—Ernest Wadsworth, Lowell, 70, artist and author, died here yesterday after a protracted illness.

VICTORIA, B. C., Nov. 25.—By a vote of 24 to 15 the British Columbia legislature today defeated a bill designed to bring into effect next year the eight-hour workday as a legal maximum.

LONDON, Nov. 25.—Announcement was made last night by the Marconi company of the successful sending for the first time of a wireless message to the continent by way of Caranvorn, Wales, direct to Australia.

OAKLAND, CALIF., Nov. 25.—A gang which the police said was directed by a woman, last night overpowered a man and secured \$20,000 in holdup.

GOVERNOR RELY HAS A CONFERENCE WITH PRESIDENT HARDING

WASHINGTON, Nov. 25.—Governor Rely of Porto Rico took luncheon with President Harding today and presented an informal report on his administration of island affairs, out of which have come demands by Porto Rican for investigation of his conduct and for his removal.

There were no indications that the administration's attitude toward Governor Rely's administration was undergoing any change, although officials expect an investigation will be instituted if the Porto Rican political leaders press the demand.

There were no indications that the administration's attitude toward Governor Rely's administration was undergoing any change, although officials expect an investigation will be instituted if the Porto Rican political leaders press the demand.

IRISH NEGOTIATIONS HAVE REACHED GRAVE AND CRITICAL STAGE

DISCOURAGING SITUATION IS ADMITTED OFFICIALLY IN LONDON.

LONDON, Nov. 25.—Prime Minister Lloyd George and Premier Craig of Ulster met this morning in a conference which, according to the view held in official circles, marks one of the final changes of the Irish negotiations, conceded today to be verging on a break. It is understood that a statement agreed upon between the two premiers has been drawn up.

LONDON, Nov. 25.—As Premier Craig of Ulster went into conference with Prime Minister Lloyd George today it was admitted that the Irish peace negotiations had reached a "grave and critical stage."

A prominent member of the Sinn Fein force this out.

The situation is too serious for talk," he said.

Hopes for a break in the deadlock in the Irish peace negotiations seem to hang upon the meeting today of the two premiers.

FRANCE GOVERNMENT AROUSED OVER SPEECH

OFFICIAL CIRCLES, HOWEVER, DO NOT RECOGNIZE LORD CURZON AS REAL SPOKESMAN.

WASHINGTON, Nov. 25.—Lord Curzon's warning to France in his message today specifically pointed out the actual business of the arms conference today in the personal discussions among the delegates.

Inasmuch as Premier Briand issued a statement concerning it in New York prior to sailing for France, the French delegation, headed by the French delegate, had no comment to make for publication.

No other members of the French delegation wish to make statements which could be attributed to them.

The Italian delegate made comments for publication, but pointed out that Senator Schanzer, who heads the delegation, spoke in French, and that the French speech in much the same vein as Arthur J. Balfour.

PARIS, Nov. 25.—The French government given to France by Lord Curzon, the British secretary for foreign affairs, in his address in London yesterday and his criticism of the French policy at the Washington armaments conference, it was claimed in official circles today, however, that France regards A. J. Balfour as Great Britain's official representative at the Washington conference and that his and not Lord Curzon's opinion would be accepted as that of the British government.

Lord Curzon had in mind, all the time he was speaking, the treaty recently negotiated between France and the United States, Great Britain, which Great Britain has taken exception, according to the view in official quarters, and merely used the treaty as a means of driving home the resentment which he feels over the Turkish pact.

France, officials pointed out, has never sought a policy of isolation from the earliest days of the peace conference having urged an alliance with the United States, Great Britain and France so that France could safely demolish her army with the assurance that an attack by the United States, Great Britain and France would bring the two countries to her aid.

Falling this alliance, it is argued, France is forced to maintain her army, because the German menace is a real thing, as Premier Briand made clear at Washington.

England, it is very clear, and it is unfair to say that the French army should be reduced in the same proportion as the British army is willing to reduce her fleet.

QUET IS RESTORED IN CITY OF BELFAST DEATH LIST NOW 27

BELFAST, Nov. 25.—Disorders which have held Belfast in a terror for nearly a week and resulted in at least 27 deaths, have quieted down today.

It was learned later that Arthur Griffith could not leave on his trip to Dublin until tonight. As he is the foreign minister in the Irish cabinet with no local Irish duties, his visit to Ireland is believed to be due solely to a desire to consult Eamon de Valera before the possible final breakup.

The British government of the imperial government who resigned because of the difficulties between the government and Ulster have been continuing their duties as members of the government.

By Associated Press. BELFAST, Nov. 25.—Considerable forces of troops and special police were expected to arrive here today to assist in quelling the disorders which have raged intermittently for the last five days.

The death list for the victims of outbreaks here reached 27 last night.

SEVEN THOUSAND TEACHERS ATTEND STATE MEETING

DALLAS, Nov. 25.—With a registered attendance of nearly 7,000 members, the Texas State Teachers' association, in its 43rd annual convention, settled down to business here today.

The convention is expected to adjourn Monday.

DR. RUMWELL TO TESTIFY ARBUCKLE WAS EXONERATED

DECLARES STATEMENT WAS MADE BY WOMAN VICTIM OF PARTY.

ST. LOUIS, Nov. 25.—Dr. E. M. Rumwell will be placed on the witness stand today in the Arbusckle manslaughter trial to testify that Miss Virginia Rapp exonerated Arbusckle for her fatal injuries, it was announced by Gavin McNab, the defendant's chief counsel.

Dr. Rumwell was the first physician to give any detailed attention to Miss Rapp after the Arbusckle party.

Dr. Rumwell, according to McNab, interviewed Miss Rapp on the coast of her injuries, but she was in full possession of her faculties and she did not mention Arbusckle as being in any way responsible for such injuries.

Dr. Lloyd Bryan of San Francisco, a defense medical expert, was the first witness today. He was followed by Dr. George Franklin Shields of San Francisco.

Both physicians testified that bladder rupture of the nature suffered by Miss Rapp might under certain conditions be caused spontaneously by a blow to the abdomen, but the reaction of shock from a cold bath might produce the injuries referred to, he said.

Under cross-examination he admitted that there is a sharp difference of opinion among authorities as to the cause of bladder rupture.

Dr. Shields said that he was given by Dr. Rapp a contributing cause of the type of bladder rupture suffered by Miss Rapp. "However, the bladder is a most remarkable resistant organ," he said, and the modesty which contributed to bladder injuries was due to the fact that she was not given attention to personal health.

The jar of a railroad train or automobile might cause rupture of an over-distended bladder, he said.

ARBUCKLE MAY TELL OF THE PARTY AT HOTEL

SAN FRANCISCO, Nov. 25.—Conjecture was rife before the opening of the Harold Arbusckle case today as to whether Roscoe C. (Fatty) Arbusckle would take the stand today in his own behalf in his trial on a charge of manslaughter growing out of the death of Virginia Rapp, motion picture actress. The defense has indicated that Arbusckle would testify either today or tomorrow.

Arbusckle's own story, expected to include a complete and vigorous denial that he injured Miss Rapp, is a party in his rooms in the Hotel St. Francis here September 6, probably will conclude the testimony.

A number of witnesses from the Los Angeles film colony, notably Alice Blake, actress, have been subpoenaed by the defense.

JUDGE NELSON PHILLIPS TO BE GENERAL COUNSEL FOR TELEPHONE COMPANY

DALLAS, Nov. 25.—Judge Nelson Phillips, recently assigned as chief justice of the Texas supreme court, will arrive here tomorrow and become general counsel in Texas for the Southwestern Bell Telephone company, according to an announcement by the company here today.

CAPTURE MAN WHO WOUNDS SEVEN MEN BEFORE HIS ARREST

HUNTSVILLE, ALA., Nov. 25.—William Ecknell, who shot and painfully wounded three men yesterday and today, was captured in a swamp near Newmarket this afternoon after a 24-hour chase. Before he was overpowered Becknell shot a man and wounded a list of wounded. He carried a big supply of birdshot and was shooting in all directions when captured. He was brought to Huntsville jail.

PREPARE MOTION TO QUASH INDICTMENTS AGAINST GOV. SMALL

DECATUR, ILL., Nov. 25.—The motion to quash the indictments against Governor Len Small, charged with embezzlement, were prepared in the office of Attorney C. C. LeFors, who today was forwarded to Springfield, Mo. LeFors refused to make known the contents of the motion.

CONFESSES FORGERY OF CERTIFICATES OF MORGAN COMPANY

ST. LOUIS, Nov. 25.—An Associated Press dispatch from New York Tuesday reporting a warning from the New York stock exchange of evidence of forged obligations of the French government led to the arrest of George V. Halliday, bankrupt stock and bond broker, and two other men in connection with counterfeiting \$1,500,000 in certificates of the French government.

The trio was arrested yesterday. Harry Turner, editor of "Much Ado," a semi-monthly publication, and Paul Murphy, an advertising solicitor for Turner, were the others arrested. A federal warrant charging Halliday and Turner with counterfeiting obligations of the French government was issued today. The French government was issued today. The French government was issued today.

Turner staunchly maintained innocence of any guilty knowledge. He asserted, according to police, that he had a publication, was published by Halliday to have the engraving plate made and that he had the plate made for an issue of stock certificates.

ST. LOUIS, Nov. 25.—G. V. Halliday, a broker, whose firm recently went into bankruptcy with liabilities listed over \$140,000, confessed early today, according to the police, that he had counterfeited \$1,500,000 in interest-bearing certificates of the French government and that he had placed \$42,000 worth of them on St. Louis banks in an effort to liquidate the losses.

Halliday said he had borrowed approximately \$22,000 cash when he went into bankruptcy with liabilities listed over \$140,000, confessed early today, according to the police, that he had counterfeited \$1,500,000 in interest-bearing certificates of the French government and that he had placed \$42,000 worth of them on St. Louis banks in an effort to liquidate the losses.

In his confession, police say, Halliday claims he had placed \$42,000 in certificates with one bank and an additional \$7,000 in another bank.

AIR-COOLED CAR GETS BOLL WEEVIL ROASTS 'EM ALIVE

VERNON, TEXAS, Nov. 25.—S. A. Castiberry of Vernon drives a six cylinder Franklin car, air cooled, and his business takes him frequently into the country. Returning recently from a trip to Waggoner colony, a journey of 32 miles, he had occasion to examine his engine and found clustered about each hot cylinder perfect heaps of real, unadulterated boll weevils, roasted alive.

Sidelights On The Conference

By HARRY HUNT. WASHINGTON, Nov. 25.—Whether by coincidence or intent, headquarters of the Chinese delegation are on Queue street, ordinarily labeled just "Q" street.

Matters of state secrecy were being discussed, and the marine could take no chances.

It was the same young woman reporter who shocked the sensibilities of a young French attaché, when, without formalities, she knocked at the door of Premier Briand.

Fortified by tea and biscuits, everybody pitches with vigor into the problem of how far Britain can go in scrapping her navy and still remain mistress of the seas.

Briand, incidentally, is progressing in his mastery of the English language. While he still addresses the conference in his native tongue,

he has progressed to the point where he can make the cigar clerk understand his English.

Knowing just where the brand he prefers is kept, Briand strides up to the counter and, pointing out the box, says:

"Zee, see!" And the clerk serves him without difficulty.

North Carolina Lady Says Her Suffering Was Relieved by the Assistance of Cardui. Now Picture of Health

Fletcher, N. C.—"I was very irregular, and suffered so much each month with most terrible bearing-down pains," writes Mrs. Lizzie Moore, of Route 1, this place. These pains weakened me so I wouldn't be able to stand up. My knees would get nervous and weak.

"Sometimes I would go six weeks to three months without... I suffered at the time just the same. I knew I needed a good medicine. I tried teas, and yet didn't get better."

"A lady friend told me of Cardui. I began using it after about three months I became regulated; was much better. I used it on fog some time."

VIVIANI FURNISHES TONE AND TEMPERMENT

By RUTH AGNES ABELING. (Sketches by Frank Wing.) WASHINGTON, Nov. 25.—Rene Viviani is singing the prima donna role of the French commission to the arms conference.

The big, gray-haired Frenchman rushes about the halls of the Hotel Willard; round felt hat perched atop his round head, giving the delegation all of its tone and temperament.

While his wife, the little, dainty Madame Viviani, wears a gently and humorously understanding hat.

"Where is my coat? Where is my coat?" Viviani was making it down the hall on a dog-trot, sticking his head into open doors, and peering under couches.

"My coat is gone, my coat is gone!" The afternoon full of official engagements stretched before the restless Viviani. He gestured. He fled up and down the hall and then suddenly vanished. His entourage were puzzled. Telephone calls were sent about for him. He was nowhere to be found.

The secret service man delegated to a chair him about with nothing to do. Even Madame herself couldn't find Viviani.

At length—it should be noted—official engagements stretched before the restless Viviani. He gestured. He fled up and down the hall and then suddenly vanished.

"Hurry up! Hurry up! Hurry up!" He falls back to Madame Viviani. And dimly Madame Viviani quickens her pace to a hoppy little run.

Ambassador Jusserand telephoned the hotel and made an appointment for Aristide Briand to meet Rene Viviani at the French legation.

Viviani was the first to arrive at the legation. Somehow the men missed each other.

Back at the hotel again. One elevator carried Briand up to the floor occupied by the French while another just around the corner brought Viviani up.

"What am I that I run around after people so—a hall boy?" Viviani was spluttering.

These statisticians based their 100 years idea on what they called past passing up performances. For instance, in 1918, in New York persons died at an average of 35 and in 1920 they shuffled along into the

next world at an average age of 39. This upward trend of life, they claimed, has been in evidence for many years. Available statistics from the sixteenth century showing the span of life to be 18. By the eighteenth century it had lengthened to 23 years.

ST. LOUIS, Nov. 25.—Local Chinese societies yesterday wired Secretary of State Hughes charging that the Peking delegates at the armament conference in Washington were too closely allied with Japan.

The Egyptian's first wife becomes his second wife's attendant.

CHARGE THAT CHINESE DELEGATES TOO CLOSELY ALLIED WITH JAPANESE

ST. LOUIS, Nov. 25.—Local Chinese societies yesterday wired Secretary of State Hughes charging that the Peking delegates at the armament conference in Washington were too closely allied with Japan.

MILLIONS OF POUNDS BOUGHT BY THE GOVERNMENT

GIVE ONCE FOR ALL!

Wichita Falls Charities November 29th and 30th

—Salvation Army
—Welfare Council

—Red Cross
—Y. W. C. A.

At the suggestion of Mayor Cline the Chamber of Commerce has invited these seven organizations to participate in one united campaign for the funds with which to carry on their important work in Wichita Falls during the next twelve months. This method will relieve our people of being solicited seven different times by the seven different organizations. You will be asked to give liberally one time and that will take care of your obligations to these charities for one whole year.

This will be a more efficient way to raise money for all the organizations and it will require less time and thought on the part of our citizenship generally.

The greatest care has been exercised by the committee in charge of the arrangement of the budget. All of the organizations have been asked to get along with as little money as possible. Strict economy will be urged in the expenditures. The total budget of \$35,500 is small when one considers the volume of charitable work being carried on by these seven organizations. The entire fund is to be collected under the supervision of the general committee and will be divided among the seven organizations according to the plan agreed upon.

Meet the solicitor with a smile. Think how much you can give, not how little you can give.

IRRIGATION PROJECT TO GIVE CHANCE FOR FRUIT RAISING AND ORCHARD DEVELOPMENT

By FRANK H. REID.

Now that the local irrigation project is an assured fact and work will commence in a short while, there are certain farming problems that will or should suggest themselves to those vitally interested in the stability of the venture. In the writer's observations, certain things down in this section connected with farming there is a great lack of interest, seemingly, in keeping up with modern methods of applying the best principles of science and experience to farming operations of whatever nature. The wonderful success that has attended irrigated countries within the writer's personal observation and experience, is the eagerness of the people to learn what their neighbors are doing, how he does certain things, his successes, and profits thereby. There was also at his command experts from the department of agriculture and others of ability who were as eager to impart knowledge as those who desired the information, and so that in the school that is being held in this community to make the local irrigation project deserving of its name.

For instance, let us consider fruit raising. The orchardist who is not irrigating, but who is not irrigating, is doing how he does certain things, his successes, and profits thereby. There was also at his command experts from the department of agriculture and others of ability who were as eager to impart knowledge as those who desired the information, and so that in the school that is being held in this community to make the local irrigation project deserving of its name.

For instance, let us consider fruit raising. The orchardist who is not irrigating, but who is not irrigating, is doing how he does certain things, his successes, and profits thereby. There was also at his command experts from the department of agriculture and others of ability who were as eager to impart knowledge as those who desired the information, and so that in the school that is being held in this community to make the local irrigation project deserving of its name.

fruit three years after setting out in the orchard. This makes the tree five years old. They will bear but a few apples at this time, and at the bearing period is where more careful work comes in in the matter of spraying for codling moth and other insects harmful to the fruit. Several sprays are given each year of arsenate of lead or other recommended preparations. Spraying is done by means of power pumps, as a rule, especially in large orchards.

An orchard in heavy bearing certainly taxes the ability of one to handle the fruit, especially because the fruit is usually gathered during a period of frost and if freezes come before the apples are picked, much loss occurs, so it behooves everyone to be on the jump, get the fruit into the packing houses and packed thoroughly before the freezing weather sets in.

Pickers with specially designed canvas bags will pick all the fruit and wagons gather it up to take to the packing houses. In the packing houses it is a wonderful sight to a novice to see the apples being packed. Mechanical machinery sorts the apples into proper sizes in accordance with the pack, and women, girls and men and boys, rapidly pack the apples in the attractive manner they are received here in. They become wonderfully adept at packing. I have known of packers getting \$5 or \$6 a day packing apples and only receiving five cents per box in a day.

As a general proposition, immense fruit associations with unlimited facilities for marketing the product, handle the fruit. Sometimes they get into a man's orchard and give him so much for his crop and at other times, the orchardist receives so much per box for his fruit.

Orcharding has its drawbacks the same as anything else. An orchardist will have frost to contend with. In one night of a heavy frost, his entire crop may be destroyed, and he has to fight bugs. He has a merry

Woman Dies of a Broken Heart Over Husband's Death

NEW YORK, Nov. 25.—That Mrs. Isabelle Wolfe Baruch, mother of Bernard M. Baruch, who died here yesterday, was the victim of heart-break over the death of her husband, who died June 3, last, at the age of 81 years, was the belief expressed today by physicians. Mrs. Baruch, who was 72 years old, died at the home of one her sons, Dr. Herman B. Baruch.

Mrs. Baruch was born in Charleston, S. C., of revolutionary stock, but spent her early childhood in the town of Winooski, where her father had a cotton plantation. She is survived by four sons, Harry R. Bernard M., Dr. Herman B. and Sailing W. Baruch.

During the war Bernard M. Baruch was chairman of the war industries board and later was chief economic adviser to the American commission at the Paris negotiations.

Pecans, Wood, Trees—Selected pecans delivered from my orchard in lots of 10 pounds or more 12; to 25 cents per pound. Ash wood cut to any length, delivered at \$12 per cord. Hackberry, pecan and other native trees transplanted and guaranteed to live and thrive. T. P. Hickman, phone 5712. 191-201c

TWINS
Yet Different in Style

VARIETY is the spice of fashion—even in Ladies' Watches.

Here are two watches just alike inside, but dressed in different apparel—whichever you prefer. They are members of America's leading watch family—Waltham is their honorable name.

One is dressed in a black, pure silk ribbon (easily changed at the slightest of cost)—the other, being convertible, will adorn the wrist as a bracelet, or will hang (because of the disappearing "eye" in the case) as a chateau watch or on a chain.

These fashionable and accurate timekeepers are only \$45. Sold by first-class jewelers. They are jeweled to give a lifetime of service.

Ask your jeweler to show them to you. He knows what fine watches they are.

Write for a valuable booklet that is a liberal "Watch" education. Sent free upon request. The Waltham Watch Company, Crescent Street, Waltham, Mass.

"LITTLE THEATER" PLAY TO BE PRESENTED AT THE CITY FEDERATION MEET

Mrs. Porter Oakes, Miss Elvia Allmen and Miss Elizabeth Carrigan will present a "Little Theater" play, one of Constance D'Arcy Mackay's, at the meeting of the City Federation Saturday afternoon at Kemp library.

The play, which is a most attractive one, will be given under the direction of Mrs. E. L. Fulton and will be illustrative of a talk by Mrs. Fulton on the interesting little theater movement of the past three or four years.

Another feature of the City Federation meeting, which will begin at 3 o'clock after the executive board meeting at 2, will be a brief talk by Ernest Harrison, secretary of the chamber of commerce, on "Woman's Part in the Moulding of the Ideals of a City."

WILL TAKE SEAT IN KENTUCKY ASSEMBLY

Mrs. Elliott Flannery of Caledonia, Ky., will take her seat in the Kentucky general assembly. She was elected from Boyd county with a majority of 256 over the male incumbent.

JUNIOR UNITY MEET WITH MISS A. B. BOOSE WEDNESDAY

The Junior Unity club met Wednesday at the home of Mrs. A. B. Boose and conducted their regular lesson study on art, with roll call answered by current events along the line of art.

Miss Catherine Dista, publicity secretary from the Y. W. C. A. headquarters in Dallas, was introduced.

A Thimble o' Thought

The hearts of the Jewish people in Wichita Falls are heavy with grief today, as they have been since the hour which brought the news of the death of their beloved leader and fellow worker, Mrs. Louis Pink. Yesterday, in scores of Jewish homes where Thanksgiving feasts had been planned and company arranged for, the gatherings were called off and the day was spent in sorrow with the sadness which had fallen among them. And the Jewish people were not alone in their sense of loss; hundreds of gentle friends who had been privileged to know Mrs. Louis Pink and other hundreds of men and women in the city who knew of her leadership and splendid service in her church recognized that the whole city as well as her own people, had lost a progressive and great-hearted leader.

Mrs. Pink was foremost in every program of advancement and every plan of humanitarian service launched by the women of Temple Israel. Her kindness and generosity, the breadth and sweetness of character and the generous judgment with which she wove her large fabric of service, made her first, too, in the love and respect of her fellow workers.

Her untimely death has been a matter of sorrow and regret all over the city.

GARRETT-SHAVER WEDDING SOLEMNIZED ON TUESDAY

A marriage of unusual interest to their many friends was that of Rev. Charles B. Garrett of Gainesville and Miss Opal Shaver of this city, which was solemnized Tuesday evening at the home of the bride's parents, Mr. and Mrs. J. T. Shaver. The string service was read by Rev. S. M. Black in the presence of only immediate relatives. Beautiful ferns and potted plants formed the simple decorations of the living room and dining room, where a six o'clock wedding dinner was later served to the wedding party.

Miss Shaver was married in a traveling suit of blue marvellous fabric, a handsome costume with accents of harmonious. Her hat was of silver cloth with clusters of varicolored buds, and a veil of silver lace. She wore a corsage bouquet of sweet peas.

GOLF ASSOCIATION MET WEDNESDAY THIS WEEK

The Women's Golf association met Wednesday morning this week, instead of Thursday, and about a dozen players spent the morning on the links having luncheon at the club house. In the games Mrs. Weldon won the Silver King ball for low score and Mrs. Watson for high, and in the putting contest after luncheon Mrs. Witcher won the ball.

Those who played and had luncheon included Mesdames Fred Cooper, Van Warner, Weldon, Byron Hester, Silk, Anderson, Witcher, Bobo, Watson, Fenton and Kendall and Misses Madeline Mackechney and Josephine Mayfield.

Mrs. Van Warner Secretary.

By MARIAN HALE. NEW YORK, Nov. 25.—Mary Pickford has been shopping over in Paris.

Shown here are two of her purchases. Of course, every woman of the youthful, ingenue type will immediately take notice.

Mary purchased a lot of gowns in Paris, but none of them is more girlishly chic than the rose taffeta for afternoon.

This simple bodice with the slightly low neck and with the merest suspicion of a tiny cap for a sleeve has a bouffant skirt with very full overskirt effect at the sides.

A big rosette with pendant ribbons, decorates the corsage.

A charming evening gown of white is trimmed in white satin ribbons, forming long lines on the skirt.

WHAT MARY BOUGHT IN PARIS

Silken flowers decorate the rib-strap the shoulders. This gown is of chiffon over taffeta. Both gowns are long.

Little Miss Proctor, weighing six pounds of dimpled baby sweetness, came Wednesday in time for Mr. and Mrs. A. L. Proctor, 2308 Eighth street, to have something else to be thankful for Thursday.

The first Y. W. C. A. room was opened at Boston in 1858.

PSYCHO-ANALYSTS TO CREATE PLAYS TO FIT MOVIE STARS

By JAMES W. DEAN
 NEW YORK, Nov. 25.—Psychological analysis is now being employed in the movies. Through it roles are to be created to fit the temperament of players.
 At least that is the promise made by Victor Hugo Halperin, author, psychologist and literary associate of the late Elbert Hubbard.
 Halperin has just concluded a psycho-analytical test of Marion Aye and has set about to write a series of starring vehicles for her based on the findings of his experiments.
 Halperin in a series of experiments observed Miss Aye's reaction to tests of the creative, love, ego, intuitive, emotional, applicative and expressive attributes.
 "It is far more important to know the inward characteristics of the actor than the outward," Halperin says. "Give me a psycho-analytical chart of an actor and I will create for him a role that will call into play and develop every ounce of talent in him. That is because it will be a natural role, one exactly suited to his temperament and he will be happy."
 "We do our best work when we set our 'glad' ganglia going. Stars in the past have often accepted parts which promised to bring out their histrionic abilities to the best advantage. Yet they proved failures in these roles because neither they nor their directors knew that temperamentally and physically they were unfit for the characterizations."
 "Brains photograph. Thoughts photograph. The time is coming when every casting director will have along with his files of faces a file of psychological data, similar perhaps to that prepared for Miss Aye. Then each player will be perfectly cast."
 Applying the Theory
 The idea of ascertaining the mental and temperamental qualifications of a screen player in order to place them in roles that fit seems to be one of merit.
 It might just as well be applied to scenario writers and directors. Then the scheme might be perfect.
 What of a director who is temperamentally unfit to direct players of a certain type? What of the writer, who knowing the qualifications of a player, is temperamentally unequipped to write a suitable story to grasp the needs of that player's temperament?
 The story and the direction are as

important in the evolution of a motion picture as the acting.
 A Busy Comedian
 Max Linder began his screen career in 1903 when he made "The Outing of a Schoolboy," said to be the first comedy ever produced. Since then he has made 250 films, which means one about every 17 days. He is working now on a burlesque of "The Three Musketeers." His last was "Be my Wife."
 Goulash in a Film
 Frank Jackard, author of "The Miracle Man," has a new play under production by J. Parker Read. Its title is "Fawcett."
 Anna Q. Nilsson is to play opposite James Kirkwood in "The Man From Home," being filmed in Italy by George Fitzmaurice.
 Marjorie Senham, who played in "Dream Street," is to have a prominent role in the film version of Sinclair Lewis' "Free Air."
 Topics of the Day on the screen. Big man sitting in front of little man. Little man says, "I can't see them." Big man says, "All right, watch me and laugh when I do."

CONTINUE MURDER CASE OF BRANNON UNTIL NEXT TERM

The case against L. S. Brannon, a deputy constable of Burk Burnett, charged with the offense of murder was continued Friday morning for the term when witnesses for the state did not respond to a summons. Brannon was indicted in connection with the death of Elmer Smith, whom it is alleged died as the result of being shot following his arrest last spring.
 A special venire of 100 men had been ordered to report to Judge Na-

pler of the 75th district court but those who responded were excused by the court for the term.

ISHII PACT SEEN AS PARLEY CRUX

Discussion of Lansing's Agreement 'Big Test of Conference,' Says Sims.

By WM. PHILIP SIMMS.
WASHINGTON, Nov. 25.—The ominous dispute waged for years as to the meaning of the Lansing-Ishii agreement under which military Japan virtually lays claim to domination of China will be renewed at the arms conference here and settlement, signed at Washington in 1917, is not only the key to Japan's position in China but to the whole far eastern question.

According to former Secretary of State Robert Lansing, the agreement was made to allay a mutual "feeling of suspicion" on the part of the people of Japan and America with regard to the motives of the two countries in China.

The agreement was through an exchange of notes between Secretary Lansing and Viscount Ishii, stating "that territorial propinquity creates special relations between countries, and consequently the government of the United States recognizes that Japan has special interests in China, particularly in the part to which her possessions are contiguous."

Open Door Upheld.
The agreement reiterated the American doctrine of the open door in, and the territorial integrity of, China.

"Who suggested the proposition of special interest?" Senator Borah asked Secretary Lansing at the hearings before the senate committee on foreign relations.

Lansing: Viscount Ishii.

Borah: You suggested to him that if that meant political control or anything of that kind you did not care to discuss it?

Borah: What did he say in reply to that?

Lansing: He continued the discussion.

Borah: Along what line?

Lansing: Well, along the line that he inserted in his counter-draft of the note and urged that it be included. But he understood exactly what I interpreted the words "special interest" to mean.

Borah: And you understood what he interpreted them to mean?

Lansing: No, I do not.

Borah: His idea was that Japan had special interests in China which ought to be recognized, and by those special interests he meant paramount control?

Lansing: Yes; and I told him I would not consider it.

Borah: Did he say: "Very well, I adopt that construction of it," or anything of that kind?

Lansing: No, but he continued to introduce the words "special interests."

Russ Envy Sees Trouble.
"The Japanese are manifesting more and more a clear tendency to interpret the special position of Japan in China in a sense that would to some extent establish a Japanese control over the foreign affairs of China," the Russian ambassador in Tokyo later reported to his government.

"On the other hand," he continued, "the Japanese do not attach great importance to its recognition of the principle of the open door. . . . It is therefore quite possible that at some future time there may arise in this connection misunderstanding between Japan and the United States."

"The minister of foreign affairs again confirmed today in conversation with me that in the negotiations by Viscount Ishii the question at issue is not some special concession to Japan in these or other parts

of China, but Japan's special position in China as a whole."
Concluding, the Russian ambassador said:
"I gain the impression from the foreign minister that he is conscious of the possibility of misunderstandings also in the future, but is of the opinion that in such a case Japan would have better means at her disposal for carrying into effect her interpretations than the United States."

The United States government is unalterably opposed to such pretensions on the part of Japan; China is determined to oppose them to the bitter end.

The interpretation of this agreement—the crux of the whole show here—will be the real test of the conference.

Not Willing for The Neighborhood To Get His Goat

CHICAGO, Nov. 25.—Sixteen neighbors who complained that his made the district offensive within a radius of half a block, cannot get the goat of Dr. Mark White, who answered in response to a court order to get rid of the animal that he would contest the action.

Dr. White said he kept his goat for experiments in medical research, carefully bathing it once a week, and that "mean, disagreeable and disgruntled neighbors" could not make him give it up.

MAGNOLIA GETS BIG PANHANDLE LEASE, TEST TO BE MADE

The Magnolia Petroleum company has secured around eight sections of land north of White Deer, in the Amarillo district of the Panhandle, about midway between the Gulf and Smith-Capers test. It is reported the company will make a location and will put down a test on this acreage. The new test on the Greater Amarillo company's property north of the river which was spudded in last week is now down around 400 feet.

H. T. McGee and associates have spudded in and shut down on their test on the Smith-Capers well, but will resume drilling in a few days.

The Shamrock Oil company No. 1 Sneed, has resumed drilling around 2700 feet, and is reported to have had some promising showings of oil.

The Humble Oil Refining company has about completed the derrick for No. 2 well on their Burnett acreage in Carson county and is having the machinery hauled to the location.

PETRIFIED SNAKE, FOUND NEAR RIVER IS EXHIBITED HERE

The petrified remains of a snake, dating back probably to pre-historic times, are on exhibition at the City National bank, where they have been the object of much curiosity.

The snake was found in the Wichita river bottom, near Benjamin, Knox county, by W. E. Shoopman of Benjamin. It is about 20 inches long and from two to five inches in thickness, and the head bears considerable resemblance to that of a copperhead. The stone sections are broken in one place, giving a view of the petrified vertebrae of the reptile.

It is probable that the find will be sent to Austin so that more expert opinion as to its origin and age may be obtained.

Moslems were primarily to blame for the recent trouble as it was their business to protect the minorities.

Gandhi said he felt that the trouble was over and that he would break the fast he had entered upon, but that if it started again he would undergo a stronger penance, even if he died in consequence of it.

The government has perfected an efficient portable carbon monoxide respirator.

To inquire as to the welfare of an Arab's wife or daughter is considered an insult.

King Henry VIII was married when twelve years old.

HOW TO GET RID OF CATARRH

A Simple, Safe, Inexpensive Method that Clears Out the Head, Nose and Throat.

There is no disease more offensive or disagreeable, or no disease that will lead to as much serious trouble as catarrh. You can now get rid of it by a simple, safe, pleasant home remedy discovered by Dr. Blosser, a catarrh specialist.

Dr. Blosser's Remedy is composed of medicinal herbs, flowers and berries, which you smoke in a dainty pipe or cigarette. The smoke-vapor is inhaled into all the air passages of the head, nose, throat and lungs and carries medicine where sprays, douches and ointments cannot possibly reach. Its effect is soothing and healing and is entirely harmless. It contains no cubeba or tobacco, and may be used by women and children as well as men.

If you suffer from catarrh, asthma, catarrhal deafness, or if subject to frequent colds, you should try this remedy. Satisfactory results guaranteed. Any well-stocked drug store can supply Dr. Blosser's Remedy.

A trial package (containing eight cigarettes) will be mailed to any sufferer for ten cents (coin or stamp) by The Blosser Co., 25 DD, Atlanta, Ga., to prove their benefit. Atlanta's greatest effect.

ROYAL OSSCO HEATERS

Here you will find a Heater that is built for service. Notice the burner in front and the flame-how it shoots inward, confined entirely within the stove; absolutely safe because it cannot flare out as in the old back burner type. These measure 12 in. wide by 21 in. high. X-Bargain at

\$4.48

This \$6.50 Value—Special

\$4.48

Why are
BURNER in FRONT
Reflectors Best?

TWO REASONS:
1. Absolute Safety
2. Higher Efficiency

Safe because all the flame is kept in the stove and better than the back burner because it gives more heat. The double baffle plate system gives more radiating surface and the live air circulation prevents smoking, sooting and gives the heat a quick getaway.

NOW NOT TIME FOR ARGUMENT BETWEEN FRIENDS AND ALLIES

STATEMENT IS MADE BY PREMIER BRIAND BEFORE SAILING.

HAD REFERENCE TO THE SPEECH OF LORD CURZON

Disclaims Wish to Reply to Address Made in London on Thursday.

NEW YORK, Nov. 25.—Disclaiming any wish to reply to the address in London yesterday of Lord Curzon, the British foreign minister, Premier Briand refused to pursue an "isolated and individualistic policy."

He asserted that, notwithstanding the "exceptional" situation of France in Europe, the French government was preparing to go further in limitation of armaments, both on land and sea, than any other nation.

"I do not wish to reply to Lord Curzon's statement for the reason that I haven't the official text," said M. Briand through an interpreter. "I do not quite see, however, what interest there can be for friends and allies to argue with one another at the very moment when they are trying at Washington to assure the peace of the world. It is primarily between them that peace ought to exist. I shall pin my faith on the words of Mr. Balfour pronounced at the last public session of the conference, when he solemnly recognized as did all the other delegates that the situation of France in Europe was exceptional and that she had need to take precautions for her security."

"As regards disarmament, France will have gone as far as she can along this road as any other country without exception. In effect, on land, in spite of the dangers which she undergoes, she has already spontaneously reduced her metropolitan army by a third. In spite of the law which keeps three classes with the colors, actually there are only two. Furthermore, the government has introduced a bill in parliament which reduces the period of service by half and in consequence the number of effectives in the same proportion. "It is much more than the other nations will do as regards armaments, since the naval reduction envisaged does not exceed 10 per cent."

FURTHER ADVANCES ARE APPROVED FOR LIVESTOCK AND FARMING PURPOSES

WASHINGTON, Nov. 25.—Approval of advances for agricultural and livestock purposes aggregating \$2,147,000 was announced today by the war finance corporation. They include Missouri, \$325,000; Kansas, \$49,000; Louisiana, \$254,000 and Texas \$35,000.

VANDERLIP TO PRESENT PLAN FOR SETTLEMENT OF INTER-ALLIED DEBT

NEW YORK, Nov. 25.—Frank A. Vanderlip, New York banker, who returned yesterday from Europe, where he made an investigation of economic conditions, said he would present a plan for settlement of Europe's inter-allied debt to the United States at a meeting of the Economic club Monday night.

HARVEY CHURCH GOES ON TRIAL ON MURDER CHARGE

CHICAGO, Nov. 25.—Harvey Church, charged with the killing of Bernard Daugherty and Carl Ausmus, goes on trial today. Church confessed to the crimes after he was arrested in Wisconsin, according to the police, but afterward he repudiated the purported confession.

Daugherty, a salesman for an automobile company, went to Church's home here to deliver an automobile which Church had purchased, promising payment on delivery. He was accompanied by Ausmus. When the men did not return the company and police started a search for them. Ausmus' body was found buried in Church's garage and that of Daugherty in the river.

Church spent last night in a cell next to Thomas F. Catherwood, who confessed to killing his sister-in-law, Mrs. Beatrice Sharples, Monday, for her Christmas savings of \$64. Both men are charged with strangling their victims with a rope, although Church also used an axe.

BRIAND PASSENGER ON THE STEAMSHIP PARIS RETURNING TO FRANCE

NEW YORK, Nov. 25.—Aristide Briand, premier of France, was a passenger on the steamship Paris sailing today for Havre on his trip home after outlining the position of his country in regard to the limitation of armaments before the Washington conference.

PROSECUTION HAS CONCLUDED CASE AGAINST LANDRU

VERSAILLES, Nov. 25.—The prosecution today concluded its case against Henri Landru and the defense began bringing forward witnesses in an attempt to disprove the contention of the state that the "Blue Board of Gambais" is guilty of eleven murders and the cremation of the bodies of his victims.

The last witness for the state, Dr. Sauves, offered expert testimony that 39 of 47 teeth produced by the prosecution, alleged to have been found among refuse at Landru's villa were "indisputably human." He declared the teeth had burned while still in the jaws and skulls belonged to two bodies, one of which without the slightest doubt was a woman's.

The defense opened by bringing witnesses to testify that the public was freely admitted to the villa at Gambais during the first search, April 13, and also in the days following until April 25, when the premises had been sealed after the second and more fruitful search had been completed.

VETOES ATLANTA LAW AGAINST JOINT WORSHIP OF WHITES AND NEGROES

ATLANTA, GA., Nov. 25.—Mayor Jase L. Key has vetoed the ordinance passed by the council last Monday forbidding the joint worship of whites and negroes in Atlanta churches.

The mayor's veto message declared the ordinance "will and does invade that which is a matter of conscience with a great many people" and would "cause a great deal more trouble and irritation than it would ally."

FIFTY TRAINMEN HAVE BEEN REINSTATED ON I. & G. N. AT HOUSTON

HOUSTON, Nov. 25.—Fifty trainmen on the International & Great Northern railway at Houston and 600 on the line who walked out Oct. 22, were put back to work this morning under orders of the federal court. The men go on a 30-day probation.

Officers said they could not state whether any of the men who took the strikers' places would be retained. None of the new men in the local yards had been given permanent positions, it was stated, and 25 or 30 quit this morning.

WOMEN COMMUNIST MEMBERS 'LANDTAG' RAISE DISTURBANCE

BERLIN, Nov. 24.—Women communist members of the Prussian landtag, angered by cheating during a vote, threw snuff powder and bombs containing foul-smelling gases in the chamber. Afterwards they lit pipes and cigarettes and blew smoke into the face of the president of the landtag, who had ordered the members to cease smoking. When the president attempted to speak, he was greeted with cries of "coward" and "liar."

MINE WORKERS AMEND CONSTITUTION AFFECTING THE ELECTION OF BOARD

FORT SMITH, ARK., Nov. 25.—The annual convention of district No. 21, United Mine Workers of America, today voted to change the district constitution providing for the election at large of sub-district board members and to reduce the number of board members from six to five. At present district board

members are elected by the membership in their respective districts only.

Times' Want Ads Bring Results.

REPRESENTATIVES JOIN MOVE FOR SMALL HOUSE

BRYAN, TEXAS, Nov. 25.—Representatives Quaid of El Paso and

Rountree of Brazos in a joint statement here today favored the amendment or legislative movement with a limit of 63 members in the Texas house of representatives.

DAY NURSERY REDUCES NEED FOR MUCH CHARITY BY GIVING MOTHERS A CHANCE TO WORK

One of the agencies which will share in the united drive for local charities and benevolences next week might be considered as an example of the old copy-book adage...

The children are given a simple meal at noon and a little lunch at 4 p. m. Little beds are provided for those who need sleep during the day...

The Day Nursery is one of the most practically useful institutions included in the charities campaign...

Miss Lara Decatur is in charge of the Day Nursery. She seems to enjoy being mother to about a score of youngsters...

NEWSPAPER WOMAN WEDS KAUFMAN BUSINESS MAN

Miss Bea Murphy, feature writer on the Denison Herald and daughter of a well-known Denison family, was married Wednesday afternoon to Monroe Drew, a young business man of Kaufman, Texas.

Teach Your Children to Save

Buy each child a share of our 7% Cumulative Preferred Stock and teach them thrift early

A SHARE of 7% Cumulative Preferred Stock of the Southwestern Bell Telephone Company bought for each of the children now will come in handy for their education later. Meanwhile its possession teaches them the habit of saving.

7% Cumulative Preferred Stock of THE SOUTHWESTERN BELL TELEPHONE COMPANY

Good in yield—safe as the Southwest—it is an ideal investment for anyone. You may buy for cash at \$100 the share, or for a first payment of five dollars and monthly payments of five dollars.

Invest in a business with a constant demand for its product. Come into the local office or ask any of the telephone employees for further details. If you prefer, consult your investment adviser.

SOUTHWESTERN BELL TELEPHONE COMPANY

\$350,000.00

Ten-Year 8% Sinking Fund, First Mortgage Gold Bonds

Dated December 1, 1921 Due December 1, 1931

Interest Payable January 15 and July 15, Beginning January 15, 1922

MILLER COTTON MILLS, WACO, TEXAS.

Denominations of \$1,000, \$500 and \$100. The company obligates itself to retire, by operation of a sinking fund, by purchase in open market, or call at 105 and accrued interest, 10 per cent of the bonds each year.

Robert B. Dupree, Vice President Central National Bank, Waco, Texas, Trustee.

The following facts summarize the particulars regarding this issue of bonds and the financial condition of the company: The Miller Cotton Mills convert raw cotton into staple cotton fabrics, such as denims, pin checks and ticking. These fabrics are sold throughout the United States and Mexico. An enormous saving in freight is effected by eliminating the charges for buying, hauling and freighting cotton that New England mills have to pay.

The location of the mill assures a plentiful supply of long staple cotton. The labor situation, the shipping facilities and the fuel supply are all favorable. The plant is the most modern in construction and up-to-date in equipment in the United States. This issue of \$350,000.00 Bonds is the only bonded indebtedness of the company. The bonds are a first mortgage on all the company's real property and fixed assets. The funds secured from the sale of these bonds will be used to increase the output of the mill by the purchase and installation of additional machinery. Production will be about 60% greater and profits should be increased 100%. The officers and directors of the Miller Cotton Mills are recognized as conservative, successful business men. The financial statement of the Miller Cotton Mills as of November 12, 1921, as prepared by Messrs. Marwick, Mitchell & Co., is given below in condensed form:

ASSETS table with columns for As per audit of November 15, 1921, After applying proceeds of this bond issue, and LIABILITIES table with columns for As per audit of November 15, 1921, and After applying proceeds of this bond issue.

Even in the face of disturbed conditions the company's earnings since May 31, 1921, have been approximately \$20,000 per month, four times the amount required to pay the interest on the bonds and provide a sinking fund to retire the bonds. The form of mortgage and bonds has been approved by Armstrong, Keith & Kern, 40 Wall street, New York, and Thompson, Knight, Baker & Harris, Dallas.

These Bonds Are Offered at Par and Accrued Interest. Mail Subscriptions to Any of the Following:

First National Bank, Waco, Texas; Central National Bank, Waco, Texas; Miller Cotton Mills, Waco, Texas

FIREFIGHTERS HEAR REMINISCENCES AND PRAISE FOR SELVES

QUESTS OF CHIEF M'CLURE AT ANNUAL THANKSGIVING BANQUET.

DEPARTMENT'S EARLY EXPERIENCES RELATED

Old Times Tell of Successive Stages in Fire Fighting Equipment Here.

Nearly forty guests, included in which was the entire personnel of the city fire department, were feted and dined at the Kemp hotel Thursday evening when Fire Chief J. L. McClure acted as host to his "boys" and to a number of past and present city officials.

The Thanksgiving banquet of the fire department is coming to be an annual institution, and assurance of a similar event for next year was given at the Thursday dinner when Fire Chief McClure himself wound up the speaking with a few words of appreciation of the work his firemen were doing.

Take Yeast Vitamin Tablets To Put On "Stay-There" Flesh

AND INCREASE YOUR ENERGY QUICKLY, EASILY AND SURELY AT SMALL COST

This or run-down folks will find this simple test well worth trying: First weigh yourself and measure yourself. Next take Mastin's VITAMON—two tablets with every meal. Then weigh and measure yourself again each week and continue taking Mastin's VITAMON regularly until you are satisfied with your gain in weight and energy. Mastin's VITAMON contains highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C), all of which Science says you must have to be strong, well and fully developed. It is now being used by thousands who appreciate its convenience, economy and quick results.

IMPORTANT! While the amazing health-building value of Mastin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, it should not be used by anyone who OBJECTS to having their weight increased to normal. Do not accept imitations or substitutes. You can get Mastin's VITAMON tablets at all good druggists.

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back

IF IT MASTIN'S it isn't VITAMON

by M. A. Bundy, former member of the volunteer fire department and ex-Police and Fire Commissioner T. H. Noble, ex-Mayor Bert Bean, former city councilman and fire chief, Dr. J. F. Reed, present health commissioner, and J. E. Pitts, fire and police commissioner.

All of the talks, while dealing with the old fire fighting systems, included somewhere in their lengthy words of praise for the chief and men of the present department.

Mr. Noble set himself solid with the firemen by a speech by declaring that J. L. McClure was the best fire chief in Texas, and then he brought applause from the chief by declaring that as positively that the Wichita Falls fire department boasted the most efficient bunch of fire fighters in the state.

His statements were, in substance, borne out by the other speakers, all of whom had nothing but praise for the firemen and the work that they had done.

Mr. J. F. Reed, present health commissioner, and J. E. Pitts, fire and police commissioner, also commended the work of the fire department.

Mr. Noble set himself solid with the firemen by a speech by declaring that J. L. BURKBURNETT MAN WINS SHRINE RING, 1800 ENJOY FEAST

William H. (Holy Smoke) Sieber of Burkburnett was awarded the diamond ring for being the most popular singer in the Thanksgiving Shrine ceremony.

Numbered 1800 participated in the buffet supper at Call Field Thursday night. H. J. Foerster of the Kemp was in command of the feed.

Four stations a large basket of fruit, nobles in the capacities of carvers, dishwashers and waiters.

Not the least noteworthy of the features of the day was the wonderfully decorated feast worn by Potentate Clime. It had been planned to formally present it to him at the ceremonial, but it was decided that it would be a shame not to have it in the parade, so Harry Baum, custodian of the headquarters, gave it to the potentate before the parade.

The personnel of the four stations is as follows: Central station: Smiley Turner, John Jenkins, Thurston Harvick, R. H. James, George Oster, John Parish, Fred Neuman, J. T. Battie, Henry Smith, J. N. Scott, Robert

Further steps toward establishment of Morris plan bank in Wichita Falls are expected to be taken Friday night at the weekly session of the business council.

The Morris idea has been gradually spreading over the country during the last decade and has proven both a profitable and beneficial institution wherever established.

Several other matters are expected to come up at Friday night's meeting, and Chairman Mytinger has asked for a large attendance.

The meeting will start at 7:30 in the chamber of commerce rooms.

BUSINESS COUNCIL MEETING IS CALLED TO REPORT ON BANK

Further steps toward establishment of Morris plan bank in Wichita Falls are expected to be taken Friday night at the weekly session of the business council.

The Morris idea has been gradually spreading over the country during the last decade and has proven both a profitable and beneficial institution wherever established.

Several other matters are expected to come up at Friday night's meeting, and Chairman Mytinger has asked for a large attendance.

The meeting will start at 7:30 in the chamber of commerce rooms.

LOW TEMPERATURE IN DISTRICT IS REPORTED FRIDAY

Wichita Falls was the coldest spot throughout the district Friday morning, according to reports received from the agents at the various railroad stations.

Amarillo and Childress were the next coldest points, each with a temperature of 33 degrees.

Forgan's coldest point reached during the night was 40 degrees, and early Friday morning the agent reported that the sky was partly cloudy.

Points south and east reported an average temperature of 45 degrees with clear skies.

REVISION OF RATES ON FIRE INSURANCE TO BE ASKED HERE

Revision of the recent "re-rating" of commercial insurance risks in this city will be asked of the state insurance board shortly.

Earlier in the year, inspectors from Austin re-rated commercial risks here, resulting in a material increase in insurance charges.

A meeting of the chamber of commerce directors to act on the matter will be called at an early date, Mr. Noble said.

WHITE KAYOS HILL IN THE THIRD ROUND

PHOENIX, ARIZ., Nov. 25.—Charley White of Chicago, lightweight, defeated Fred McLaughlin of Fort Worth, Texas, in the third round of their match here yesterday.

Lee Anderson of Phoenix, negro light-heavyweight champion, was given the referee's decision over Sam Langford of Boston, heavyweight, in a ten-round bout.

The Desire To Serve Plus the Ability

Not only by knowing and understanding the needs of our patrons, but by being willing and above all, able to meet those needs, has this bank built its service up to its high standard.

Our desire to serve would be worth little if it were not backed by the ability to serve.
