

Stories contained in this edition of the Friona Star speak well for the healthy economy of the Friona area.

First, there is the news release on the application being filed for a second bank in Friona.

Also, the Friona Texas Federal Credit Union announces that it has purchased the former Johnson's Grocery building, and plans to remodel it for its new home.

The Credit Union also says that the total amount of dividends it will pay out on June 30 will be an all-time record.

And then, the story about the opening of the beautiful new office building for Friona Industries.

From all appearances, the city of Friona is on the verge of a new spurt of growth, or should we say a continuance of the slow, steady growth that it has experienced for the past few years.

R.A. (Lip) Lipscomb, who spoke at the Lions Ladies Night banquet last Thursday, says he is always amazed at what an agricultural empire this area has become.

He says he wishes his late uncle had lived to see how the area has developed.

Lipscomb told how his father and uncle had come to this part of the country early in this century, and homesteaded farmland.

His father's brother ended up with four sections of land, but since that was "way before the days of irrigation, he came to the conclusion that this was the worst "God-forsaken" country on the face of the earth.

One day, Lipscomb says, his uncle met up with a cowboy who had a few horses he wanted to trade. He talked the cowboy into trading the horses for three of the sections of land.

The uncle, in telling of the swap, liked to brag about how he had really got to the old cowboy. "I found a feller who wasn't good at figures, so I unloaded all four sections on him!" is the way Lipscomb says his kinsman told the story.

Dolph Moten of Bovina says he was umpiring a Little League baseball game recently, and thought it was about time to start the inning.

Moten asked the young man who was the catcher if he wanted to take a practice throw to second base.

"Naw, that's all right. I can't get it there anyway. Let's start playing," was the youngster's reply.

**A NEW STYLE**  
"The quick brown fox jumped over the lazy dog's back."

It isn't a very profound statement, but it has its uses. Within a single sentence of no great length, it contains every letter of the alphabet. To spell it out on the typewriter or teletypewriter permits a fast check on the condition of all the characters.

But there's a new one making the rounds: "A quick movement of the enemy would jeopardize six gun boats."

Ah, how times change! One must put aside simple pastoral things and become martial, even in testing a machine.

--Chattanooga (Tenn.) Times

**A SHORT COURSE**

IN HUMAN RELATIONS  
The six most important words: "I admit I made a mistake"

The five most important words: "You did a good job"

The four most important words: "What is your opinion?"

The three most important words: "If you please"

The two most important words: "Thank you"

The one most important word: "We"

The least important word: "I"

One Fort Worth bank teller explained that she was asked by a customer for a checkbook even though the teller had handed her a book the day before. The customer had a ready explanation. She had lost the first supply.

"But it doesn't really matter," she explained, "because I always sign all my checks when I get a new book. In that way, no one else can use my checks."

Back in the good old days child psychology grew on trees.

**BUILDING TRANSACTION** . . . Principals involved in a transaction the past week which saw the former Johnson's Grocery building purchased by Friona Texas Federal Credit Union are shown above. Seated, Ray Landrum, president of the Credit Union's board, presents a check to John Bingham, one of the partners who owned the building. Standing is attorney Richard Collard, Credit Union treasurer and manager Geneva Williams and Dr. Jon M. Roden, the other partner involved in the transaction.

## BUILDING PURCHASED

# Credit Union Plans Facility Expansion

Announcement of the purchase of the building formerly occupied by Johnson's Food Market at the corner of Sixth and Euclid by Friona Texas Federal Credit Union and plans for its conversion into office space has been made.

Remodelling plans for up-to-date, convenient and attractive facilities are being made. Included in the project are plans for later expansion as the organization grows.

Dividends for the fiscal year, which ends June 30, will be paid at the rate of 5-1/4%. An official of the organization has estimated that total dividends to be paid to members this year will amount to approximately \$12,000.

Mrs. Geneva Williams, treasurer of the organization, reports a total membership of 1316 and total assets of \$645,873.

In charting the growth of the organization, Mrs. Williams stated, "From a small acorn, a large tree grows; and from a small beginning, greater things

can be accomplished."

Like the proverbial Oak tree, since its beginning in 1954, the credit union has grown from a group of ten persons who signed the original charter and about 35 other interested persons to the present membership.

Members of the first board of directors were Lucy Jones, the late O.J. Beene, Boyd Knox, Ralph Taylor and the late Arden Parsons. Mrs. Jones was treasurer; Ralph Taylor was president of the board and Boyd Knox was vice president.

The first loan committee was composed of the late Bill Woodley, Ralph Roden and the late Bill Flippin. Harry McCauley, Steve Messenger and the late Mrs. Zola Cranfill were members of the first supervisory committee.

The original charter covered an area within a 15 mile radius of Friona. Later the radius was extended to 22 miles and currently the organization covers all of Farmer County.

In the beginning the credit

union shared the office of the Chamber of Commerce and Credit Bureau in the American Legion Building. Later the office was moved to the offices of Bingham Land Company at the corner of Highway 60 and Main Street.

A few years later the facility was moved to its present location on Main Street. Then on June 15, 1972 official papers were signed and full payment was made for the future permanent office facilities for Friona Texas Federal Credit Union. This transaction was completed by Ray Landrum, president; Geneva Williams, treasurer; Richard Collard, attorney; and Mr. and Mrs. John Bingham and Dr. and Mrs. Jon Mac Roden.

Current directors, besides Landrum and Mrs. Williams, are Bill Teel, vice-president and Edward White, executive committee member. Other board members are Dale Houlette, Charles Scales and Jerry Brown. Ralph Roden, Leonard Coffey and Alvin Gaines are members of the loan committee.

Mrs. Williams is assistant loan officer.

"The credit union movement has enabled medium income people to enjoy the "now" things of life and at the same time create a reserve for those emergencies," Mrs. Williams says.

She further states, "Each account is insured for a maximum of \$20,000 through NCUA and loans are covered by total disability or death insurance. Life savings are covered by life insurance to a maximum of \$2000 with no added expense to members."

Most areas received between 1 inch and 1.6 inches. Hub received 1.1 inches and 1.6 inches was reported from Rhea.

## Local Area Receives Additional Moisture

Farmers in the Friona area, for the most part, are well pleased with the rainfall they have received during the month of June. Exceptions to this are those who have received hail damage to growing crops and wheat, which was about ready to be harvested.

The city of Friona received 1.35 inches Friday evening, which brought the month's total to 3.75 inches, with rainfall be-

ing recorded on four different days.

Friday's rainfall was pretty general with hail being reported in a few small areas. Some hail damage was reported west and northwest of Hub, in the Lazbuddie Community and northwest of Friona.

Most areas received between 1 inch and 1.6 inches. Hub received 1.1 inches and 1.6 inches was reported from Rhea.

**OPEN HOUSE SUNDAY** . . . Friona Industries are holding open house Sunday, June 25, from 2 to 5 p.m. in their new office building located on the eastern edge of Friona. This beautiful octagonal-shaped building contains several offices, a board meeting room, and a coffee room.

## GROUP ANNOUNCES

# Seek Charter For Second Bank Here

On June 2, 1972, a group composed of Farmer and Lubbock County residents filed an application for a state bank in Friona with the Texas Banking Commission.

The proposed bank would be named "Texas Bank," with a capital structure of \$400,000 and would be located in the downtown area, according to a spokesman for the group.

Leroy Johnson, and Mr. and Mrs. Hollis Horton of Friona, George Miller and Clarence P. Brazill, Jr. of Lubbock County are the proposed initial shareholders and directors of the

"Texas Bank." A number of shares have been reserved for distribution among Farmer County citizens.

A full slate of officers and directors will be announced at a later date, according to Johnson, who acted as spokesman for the group.

Johnson said that due to the expanding economy and population growth of the Friona area, the proponents of the new bank feel that a second bank is needed here. "We look forward to an active role in the further development of the Friona area," he stated.

**LEADER CHOSEN** . . . Lions Porter Roberts, left, and Leland Hutson show the method the Friona Lions Club used in choosing their leaders for 1972-73. Hutson is retiring "Boss Lion" of the club, and Roberts is the new club president.

## AWARDS TOLD

# Lions Honored At Ladies Night Fete

"Despite all of our scientific advancements, we are lagging behind in the ability to get along with one another. But Lions are helping to bridge the gap," R.A. (Lip) Lipscomb told those attending the annual Lions Ladies Night banquet last Thursday.

Lipscomb told the audience that "Lions have discovered that all children cry in the same language."

Lipscomb, a past director of Lions International, was the featured speaker for the event. Albert Lindley, of the Friona Evening Lions, served as master of ceremonies.

Ronald Smiley, new president of the Noon Lions, presented awards to members of his club. Porter Roberts, new Boss Lion for the Friona Lions, did the honors for the evening club.

The outgoing presidents were Baker Duggins for the Noon Lions, and Leland Hutson for the older club.

A total of 31 members of the two clubs were honored for various levels of perfect attendance.

The champion in this category was Steve Messenger of the evening club, with a 16-year perfect attendance record.

Also receiving pins, for 10 years each, were A.L. (Jake) Outland and Porter Roberts.

Wesley Foster, Dale Smith and W.L. Edelman received pins for eight years, and Alton Farr received an attendance pin for seven years.

Others honored were Jerry Hinkle and Bill Ellis (6), Von Edelman, Otto Whitefield and Tom Pruett (5), Charles Allen (4), Dale Widner, Wendell Gresham and Dan Ethridge (3) and Herb Evans, H.H. Horton, M.C. Osborn, Leland Hutson and H.L. Outland.

Honored by the Noon Lions for perfect attendance were the following: Bill Gipson (10), Darrell Simpson, Cecil Maddox and Baker Duggins (5), Raymond Cook (4), Dale Houlette (3), Mike Chaney and Ronald Smiley (2), Donnie Carrasco and Curtis Butler (1).

The evening club also recognized six members who will receive "Old Monarch" membership certificates. The six were J.T. Gee (30 years), Charles Allen (25 years), Earl Chester (15 years), A.L. Black, Bill Ellis and A.L. Outland (10 years).

A new award was instituted, with Bob Owen named winner of the "Wallace Beery Look-

Alike" contest.

Entertainment was provided by a combo composed of high school band director Charles Faulkner, Mr. and Mrs. Richard Bell of Dimmitt, Kyle Shelton, Jay Messenger and Troy Messenger.

A good crowd of Lions and their ladies enjoyed a meal of roast beef and the trimmings.

## Temperatures

Date	Hi	Low
Thursday	90	54
Friday	81	58
Saturday	82	58
Sunday	80	59

## JOINT MEET SEEN

# Community Center Is Discussed With Board

The Friona School Board was approached by the Friona Community Center committee last Wednesday with the proposal to allow the center to be built on school property west of the school bus barn on Ninth Street.

Committee chairman Carrol Gatlin told the board that the committee felt this was the best location for the center. He pointed out several possible uses the school could derive from the proposed 100x150-foot structure.

The committee is proposing a metal building with 14-foot walls. The front part of the

building, 50x100 feet, would be partitioned for community activities. This part would also be paneled, and would contain rest rooms and an office.

A.L. Black, member of the committee, said "It is a shame to have as active a group of youngsters involved in showing animals, and have to hold the show where we do."

After hearing the proposal, the board voted to table the request for the time being, and asked Supt. Alton Farr to look into the possibility of a joint meeting with the Friona City Council to discuss the proposal.

The committee has proposed that the City of Friona take title to the building, see to its scheduling of events, and provide the maintenance. Friona Independent School District is asked to contribute a regular amount to assist with the maintenance.

There was some discussion by the board as to whether there would be sufficient parking for the building if it is built where the committee suggests. The parking problem and possible congestion seemed to be the main objections of members of the board.

In other business, the board tentatively set the date for the annual Board of Equalization meeting as Saturday, July 15. The board will be composed of the school board plus three outside members.

The proposed members are Cordie Potts, Clyde Goodwine and Charles Mercer, who were on the Equalization Board last year.

Steve Messenger, who conducted the meeting in the absence of board president John Blackburn, pointed out that the Friona district is the only one in the state of Texas in which the school board is allowed to be a part of the Board of Equalization, by a special act of the Texas Legislature in 1929.

The board accepted the resignations of Orville Allen, Industrial arts, and Martha Mills, high school typing and commercial instructor. Miss Mills plans to be married. Allen has accepted a position in the Amarillo school system.

Tax assessor-collector Porter Roberts reported that tax collections for the month of May amounted to \$801.30. The total represented delinquent tax collections.

## Cattle Feature Begins In Star

This week marks the beginning of a novel feature in the Friona Star, a tribute to this area's fabulous cattle industry. Entitled "Cattle Country, U.S.A.," the feature has set out to trace the history of how the cattle industry has blossomed in the Friona area, pointing out what a tremendous economic impact the industry has had, and will continue to have, on the area.

The Star will tell the story of the beef cattle industry in a series made possible by the industry itself.

Fourteen area industries are participating in the series. The feature will run twice monthly. It will appear on consecutive weeks this month (June 22 and 29), and thereafter will appear on alternate Thursdays.

Each time the series appears, one of the participating industries will be featured on the

page with photographs, and an in-depth article on that particular industry.

The series will run until all fourteen industries have been featured.

All participants are either directly or indirectly connected with the cattle-feeding industry.

Participants sponsoring the features are Friona Feed Yard, Peco Feed Yard, Hi-Plains Feed Yard and Bovina Feeders.

Also, Hi-Pro Feeds, Pioneer Cattle Order Buyers, Tannahill Trucking, B & B Trucks and Burke Inman Trucking.

Also, Deaf Smith Electric Cooperative, Inc., Southwestern Public Service Co., Friona State Bank and Friona's Production Credit Association.

The first feature traces the history of the Friona area's first feed yard, Friona Feed Yards, and appears on Page 6.

## New Office Now Open

Friona Industries have begun using their beautiful new offices on the eastern edge of Friona. Open house for the new office is scheduled for Sunday, June 25 from 2 to 5 p.m.

The unusual octagonal-shaped office building was designed by Jim Burran of Clovis.

The building contains office space for Jack Carrothers, a board meeting room, a coffee room, and other offices, details of which have not been worked out as yet.

**AN EDITORIAL**

**Accidental Drownings Kill Eight Thousand**

More than 100 million Americans will soon take to the water for a summer of swimming, boating, surfing and water skiing. Almost eight thousand will drown.

Tragically, we just do not use common sense when near the water. For some reason, we only see the pleasure and relaxation of things like cars and the water. Danger, however, exists.

Usually we fail to think ahead. Most people realize that they should check for submerged objects before diving, and that they should not eat immediately before swimming. But when friends urge us to join them in an inviting lake or pool, we tend to forget about common sense. That can be fatal.

Water safety precautions are for everyone, not only swimmers and boaters. Sounds illogical? Well over half (60 percent) of the people who drown each year fall into the water accidentally.

They are usually near a dock or shore, but cannot swim. Common sense tells us that anyone going near the water ought to know how to swim. But the joy of being near the water too often replaces foresight.

The Red Cross, YMCA, YWCA and scouts usually give swimming lessons. They are especially important for small children. A child can drown in a supervised wading pool within seconds. Remember, too, that inflatable toys are precisely that — toys, not life jackets.

Other water safety advice: never swim alone; try to swim under a lifeguard's supervision, and avoid swimming near diving board and pier areas. These rules are as obvious as making sure the water is deep enough before diving. People who know water safety rules injure or kill themselves in a moment's carelessness.

**A few more tips:**

Impressive as they are, storms are dangerous. Water is a conductor of lightning.

When being carried by the tide, swim with the current toward the shore.

If you get a cramp, do not panic. Fear causes untold deaths. Remain calm, try to float and call for help.

Wooden rowboats usually float, so hang on if you capsizes.

Swimming when overheated or overtired is as dangerous as swimming right after eating. Wait an hour.

Do more than merely memorizing these points. Heed them. Get a water safety booklet, learn to swim and fully enjoy aquatic activities this summer, but not be one of the eight thousand.

You say DEKALB Sudax Brand grows almost anywhere, even in dry weather . . . cattle love it and it's great for pasture, green chop, hay or haylage? Anything else?

Yep—it grows awful fast!

**Pause and Reflect**

By Nelson Lewis

"When ye cat is away, ye mice will play!" (Old English proverb by that fellow Anonymous)  
The occasion of our Editor's annual well deserved (?) vacation is almost too much of a temptation!

Now is the chance for the staff to put out a paper that would be a real Thursday Thunderbolt.

As we write, a Leprechaun straight from the Old Sod, is peeking over our shoulder.

Oh, what an opportunity to begin that Gossip Column we have dreamed of! Or to start "Advice to the Lovelorn," by Aunt Nel.

But, nay sir!  
Hold thy pen: remember "the pen is mightier than the sword" (Just between us if a battle was in progress I'd rather have a sword than this ball point pen!)

However great the Siren's call we must bear in mind (how would you like to have a "bear" in your mind?) that we are serious newspaper people with the attendant responsibilities of our profession.

So it would ill become us to affect a facetious attitude or to utter disparaging remarks relative to the management.

We will not malign our Editor, nor will we feign disappointment at his absence--we will simply go ahead and publish without him!

\*\*\*\*\*  
WANTED: Small town weekly paper needs columnist to replace writer who forgot to Pause and Reflect. Apply Friona Star.

\*\*\*\*\*  
So much for fun and games.  
I get so darned mad when our United States is referred to as a "sick" nation!

We have some "sickness" alright but it's not in the minds nor bodies of the average American.

It's in the morals of a few, a very few (but an influential few!) politicians who would sell us down the river for a few votes.

Don't let anybody tell you we're "sick!"  
A "sick" nation doesn't lead the world in technology.  
A "sick" nation does not respond to floods, tornadoes, and hurricanes as we do.

A "sick" nation cannot provide funds and people to help other nations!

Sick?  
Ask the Communists in North Vietnam how sick we are!

\*\*\*\*\*  
Hope you had an enjoyable vacation, Bill. You've earned it!

**Sincerely Yours**

By Rev. Albert Lindley

I noted some expressions that some of the boys and girls had put up during Vacation Church School and found that most of them had come from a Masonic Scottish Rite Leaflet.

"God is like Bayer Aspirin.  
He makes you feel better."

"God is like Halmark Cards,  
He cared enough to send the very best."

"God's like a Coke,  
He's the real thing."

How do those grab you?  
We have really come to a time of change. (You've come a long way, Baby.) Of course, we are usually in change of some sort or other, but we have noted some real change of recent years.

As a Pastor, I suppose it says something to find that I don't even have a black suit now and most of my shirts are Perma Press and colored or stripes, or both--to say nothing of my ties.

This is not the picture of a Pastor of a church of yesteryear. And yet, I don't think the effectiveness of the pastorate has been hurt, other than what I simply fail to do myself. Certainly not the office of the Pastor.

We even are changing in our references to the ministry and pastorate. The idea is dawning that we are all ministers (some effective and some not) but a church only has one pastor--or two--or more for larger congregations.

To really see how we have modernized--or changed--just pick up some back issues of magazines that are several years old (usually found in waiting rooms) and note the character of ads that are there. We have really changed in the general presentation of almost every thing.

I have a graphic example in my office. I acquired some post cards from the British Museum during my cent visit and they are reproductions of religious art. The first frame includes reproductions of paintings from the 12th and 13th centuries. Reproductions of the same object are in the second frame of cards and are from the 15th and 16th centuries.

The topics are basically the same but the manner of presentations are different. Yet they both exact a great appreciation for the mind and skill of the artist.

So where we have found certain manners of presentation acceptable in the past, we are in a different day and a different hour.

The need is much the same and with the background of the business I'm in, I think the answer is the same. . . .

The only thing is, it is presented differently but still adequate.

So I celebrate in the knowledge that:  
"God is like DEKAL Soap,  
He provides 24 hour protection."

 Friday, June 23: Hub, 9:00-10:00; White's Elevator, 10:00-11:00; Lazbuddie, 12:00-1:00; and Clay's Corner, 1:15-2:15.  
 Saturday, June 24: Farwell, 8:45-11:45; and Friona, 1:00-4:00.

**CONSUMER CORNER**  
**GRASS SEED MIXTURES**  
 Knowing what to look for in a grass seed mixture can help you get better results and save.

Sold under a variety of brand names, Merion Kentucky Bluegrass is available straight and in mixtures, and the best mixtures have at least 40% Merion. Any amount of Merion makes a mixture better.

The green color of Merion is outstanding for a longer period of every year than any other grass, and because of its deep root system, Merion is very drought resistant.

Unless you are so expert as to know which other varieties of seed should be in the mixture to meet the needs of your own lawn's conditions, you'll be wise to choose a well tested mixture with quality ingredients.

It's wise to buy from a local retailer where the people want your return business and are experts at what they sell for the home garden.

A performance of "TEXAS" from backstage. This is the musical folk drama of regional history by Paul Green which is produced each summer in the Palo Duro Canyon State Park in the Texas Panhandle. For tickets and information write "TEXAS", Box 268, Canyon, Texas 79015. (Photo by Bill Rhew.)

**'Texas' Prepares For Performance**

As the Thursday opening night approaches, the pieces of the "Texas" show for the year are falling into place.

In the Branding Iron Theatre on the campus of West Texas State University, the physical warm-ups take less effort each day, and in the first rehearsals in the Canyon the dancers and singers were able to run a quarter of a mile from the dressing rooms and sweep into the stage singing and dancing without seeming breathless.

The overtures are gradually coming up to tempo.

The costumes have been measured and adjusted and ordered and the costumers have

chided the directors because the people chosen for this cast are quite different in size from the last one. New clothes are in preparation for the finale.

Paul Green, the author, has just left, after traveling from North Carolina to see a rehearsal. He was intent as the show unfolded and delighted. In a meeting with the directors afterward, he changed a few lines in the script to add emphasis to certain places, discussed ways of solving minor problems and complimented the workers. He also spoke to the cast talking about the theatre (drawing examples from his six other great dramas about regional history playing each summer). He calls the theatre the peak of all the arts in every civilization because it uses them all. Sitting on the edge of the stage in the Branding Iron Theatre, he spoke of the story they are presenting in "Texas", the story of man's need to persevere.

In the theatre in the Canyon, the men who will man the house are putting out the chairs, checking to see which ones need replacing or repair. The sound and light crew are testing every line and connection and experimenting with the new sounds and effects made possible by the addition of new equipment this year. The stage

men are building props, overhauling sets, repairing the stages. And the park rangers are checking the approaches the lawns and the barbecue area.

In the office, under the supervision of the executive vice-president, Raymond Raillard, the staff is reading proof on the Souvenir Program, selling tickets, unpacking boxes of items for sale in the concession area.

Mrs. Ples Harper, in charge of Public Relations, is overseeing the issuance of the invitations to the Gala Opening on June twenty-second which is to be in honor of the press of the panhandle and which is printed overlaying an issue of The Tascosa Pioneer printed in February 1887. She is also mailing out stories and pictures of this year's production, in writing, on tape for radio, and on film for television.

The directors, Mr. and Mrs. William A. Moore, and the musical director, Royal Brantley, and the choreographer, Neil Hess are everywhere, encouraging, correcting, nudging, teaching and inspiring. All of these efforts will flow together on opening night, Thursday when "Texas" opens for its seventh season.

LIONS TALK. . . R. A. (Lip) Lipscomb of Lubbock, a past official in the Lions' International organization, said he isn't much of a speechmaker, but likes to go and "talk to Lions."

SENIOR MINOR LEAGUE

# Hi-Pro, Parmer County Remain Tied In League

Hi-Pro and Parmer County Implement exchanged wins in the Senior Minor League in last week's games. They remain tied for the league title as each one stands 5-1 in the season's standings. The losses were a result of the two teams playing each other and exchanging victories.

B-J Bees downed Ethridge-Spring Monday night by a close score of 16-13. After four innings of play the score was close with only a one point margin (7-6) in favor of Ethridge-Spring. But B-J Bees managed to get ten runs home in the last four innings of play while Ethridge-Spring only managed six to account for the three point difference.

Doug Massey, Morris Garza, Joe Hernandez, Stanley Powell, Delton Rando, Jimmy Taylor each had two runs for B-J Bees. Larry Ball, Mark Zachary, Larry White, Jimmy Soliz and Kirk Frye each had two runs for Ethridge-Spring.

Parmer County outslugged Hi-Pro Feeds in Tuesday's action with a score of 14-9. This was Hi-Pro's first loss this season. The two teams were tied after the first two innings of play with four runs apiece, but Parmer County was able to account for ten runs in the last three innings while Hi-Pro hit a cold spell and could get only five runs.

David Fleming and Mark Pankratz were the leading scorers for Parmer County with three runs apiece. Tony Rios was

the only Hi-Pro player to get even two runs.

B-J Bees edged Ethridge-Spring by the score of 12-11. This put Ethridge-Spring in fourth place in season's standings (0-6) while B-J Bees take third place (2-4). At the beginning of this week's play, these two teams were tied for third place with the season standings showing 0-4 for each team. Now there is a two-game difference with B-J Bees holding third place.

Ethridge-Spring started off with the lead after the second inning at 4-2, but B-J Bees were able to get ten runs in the last three innings to make the score 12-11. Larry White scored three runs for Ethridge-Spring and Ramiro Caballero had three runs for B-J Bees.

Hi-Pro Feeds turned the tide as they downed Parmer County in Friday night's game. Parmer County had defeated them earlier in the week, and had taken the league lead, now they remain tied for the lead at 5-1. After five innings of play, Parmer County was ahead of Hi-Pro by the score of 7-6 but in the last inning, Hi-Pro erupted by scoring seven points and Parmer County was unable to score. The score stood at 13-7.

Ricky Vera scored three runs for Hi-Pro and Rudy Pena had three for Parmer County.

A little song dedicated to girls who wear minis in winter: "Every little breeze seems to redder their knees."

LEGAL NOTICE

Notice is hereby given that the Parmer County Commissioners Court will convene as a County Board of Equalization on Monday, July 10, 1972 at 1:30 p.m. in the County Courtroom in Farwell. All persons who wish to meet with the Board at that time and discuss their tax matters will be welcome.

Archie L. Tarter  
County Judge, Parmer County,  
Texas 37-2tc

WT COACHES HERE. . . The group of West Texas State University coaches who were in Friona last Thursday to assist a season ticket sales drive took time after lunch for a round of golf. Standing, left to right, along with some local hosts, are Dean Rudd, Gene Mayfield, Leldon Hensley, Mike Zoffuto, H. K. Kendrick and E. G. Phipps. Kneeling are David Lee Carson, Gary Renner, Raymond Cook, Don Huckabee, Cotton Renner and Gene Weatherly.

PUNXSUTAWNEY, PA., SPIRIT: "Through years of debate over the best way to assure that adequate medical care is accorded to all Americans, there has been a widespread conviction that the quality of care would be jeopardized if the government attempted to fix medical fees. In prescribing limits on future increases in doctor's fees and hospital charges, the new Price Commission has taken a big step in a hitherto prohibited area. Health care costs have been especially vulnerable to inflation, but we now see starkly how economic controls can invade areas in which the value of services all but defies any formula for determining a fair 'price.' This adds all the more urgency to getting through the Phase II period and back into the fresh air of an unfettered economy."

Nickel Helps Cool Gotham

Because it resists high-temperature combustion gases, 700,000 pounds of nickel will be used in alloy form for the fabrication of 102 gas turbines that will provide 20 per cent of New York's electricity requirements. This is the quantity of electricity needed to operate Gotham's air conditioners during peak summer usage.

Friona Feed Yards, With Manager Jack Carrothers Shown in Inset

## HELPED PIONEER INDUSTRY

# Friona Feed Yards Set Pace For Cattle Feeding

When Friona Feed Yards broke ground for its feeding operation in October of 1962, cattle feeding in Parmer County was on a minor scale.

There were a few privately-owned operations around the area—approaching 1,000 capacity at best. Nearing the end of the first decade of Friona Feed Yard's existence, Parmer County now has one-time pen capacity of around 215,000 animals. The county will feed well over 400,000 cattle in 1972.

Jack Carrothers, manager of Friona Feed Yards, had been managing a feed yard in Colorado, when in 1962 he came to this area, just "On a hunch."

"I felt that this area of Texas was ripe for the feedlot industry. I met Pete Buske, who had the same feeling. We formed a group of stockholders, and that was the beginning of Friona Feed Yards," Carrothers recalled this week.

Stockholders of Friona Feed Yards are A.L. Black, W.D. Buske, W.F. Buske, G.B. (Pete) Buske, D.C. McWhorter, Paul Fortnerberry, Ramza Boggess, Mrs. Earnest Tannahill, Owen Seamands and Carrothers.

Earnest Tannahill was a member of the original group of stockholders, and was replaced by his wife after his death.

The original thought of the group was to build a feedlot with a capacity of 7,000 head of cattle, and to perhaps eventually expand it to 15,000 capacity.

"We filled up the pens as we built them, and didn't stop until we reached 21,000 head," Carrothers recalls. After staying at the 21,000 level about a year, the yard was expanded to 30,000 capacity, its present level.

The feedlot's mill was originally designed to handle 15,000 head of

cattle. It, too, expanded as the rapid growth took place.

Friona Feed Yards has proved that its stockholders were right in their belief that their concept would work. The feedyard has averaged 90 per cent occupancy during its existence. "This figure would be even higher, except for the fact that we occasionally hold pen space for company cattle which are scheduled to arrive," Carrothers points out.

When Friona Feed Yards grew to what stockholders felt was its ultimate size, and the company's business was still growing, plans were formulated for building Paco Feed Yards south of Hub. Paco first began feeding cattle early in 1969. This feedyard recently reached 35,000 capacity, giving the two yards total pen space for a whopping 65,000 cattle.

Also in 1969, the corporation built Hi-Pro Feeds, one of the most modern feed mills in this part of the country. Hi-Pro mixes feeding rations commercially, and also has a complete stock of veterinary supplies. Hi-Pro has also expanded, now operating vet supply offices in Etter, Garden City, Kan., Abilene and Texarkana—supplying seven states.

Friona Feed Yards, Paco and Hi-Pro employs over 50 people between the three organizations, which is a tremendous economic impact for the Friona area in terms of payroll and permanent citizens.

The organization has recently formed "Friona Industries," and has built a beautiful, modernistic office on the Eastern edge of Friona, which will serve as headquarters and central office location for the feed yards.

Friona and Paco Feed Yards use about a million pounds of maize a

day feeding their cattle, and this is music to the ears of the area's maize producers—whose production record was the basis for establishing the feedlots here in the first place.

"All of the products we use are local products, purchased from local people," Carrothers says.

Carrothers has quite an interesting background. "I was born in Idaho, raised in California and attended college in Oregon (BS in Agriculture, Oregon State University)," he quips.

He was the first president of the Texas Cattle Feeders Assn., and is still a member of the association's board and executive committee. He also was appointed to chair the beef promotion committee for the National Livestock & Meat Board when that committee was formed.

A veteran of 22 years in the cattle industry, Carrothers spent five years as a buyer for the Armour Company in Denver prior to his feedlot experience.

He thinks the cattle industry will continue to grow, particularly in our area. "The industry is static, or declining in the Midwest, which opens up more room for growth here," Carrothers points out.

He pointed out that Texas has replaced Iowa as the number one cattle feeding state. The state's production jumped from 1.2 million in 1966 to four million last year. "No state will catch Texas at this rate," Carrothers predicts.

The addition of the packing industry to the local area has also played a vital part in the growth of cattle feeding. This saves freight on finished cattle, and makes beef a bargain to area housewives. Carrothers estimated that 75 per cent of the cattle fed by his yards were sold in the local area.

## Proper Management Of Stubble Vital To Farmers

Burning straw off stubble land hurts our land as well as our environment according to Leon Grissom, Chairman of the Parmer County Soil and Water Conservation District. The land becomes vulnerable to the blowing wind and the washing rains when its protective cover is burned off. Fertility goes up in smoke and has to be artificially replaced when stubble is burned. These are the obviously harmful effects on the land.

A few of the not-so-obvious effects act slower, but do as

much harm. These affect our environment. Nobody can deny a sandstorm is unpleasant. This unpleasantness is increased by burning residues. The burned residues increase the amount of silt washed across the roads which forms a driving hazard. Public roads are part of our environment. Even the smoke from the burning is unpleasant and dangerous to our health and to drive through.

What is the best thing to do with the straw? Leave it on the soil surface and/or incorporate it into the top inch or two of the soil. This forms an insulation blanket on the soil and reduces the environmental hazards already mentioned.

For further information contact the Soil Conservation Service, Friona.

### Green Thumb Tips

Latest research shows that seeds of all types of petunias need light in order to sprout.

Since most other kinds of seeds sprout well in darkness, this news may explain why some gardeners report difficulty in growing petunias from seeds.

The bush form of summer squash is a favorite with the home gardener because it takes so much less room in the garden than the vine type.

Now there's also a bush form of pumpkin which bears full-sized, smooth, round fruits, to 10 inches in diameter.

Probably the most fascinating crop for a child to grow is peanuts because flowers bend over and bury themselves underground where the "nuts" grow.

A fast-maturing variety like NC-17 will produce even in most Northern states where the season is short.

Make certain that the peanuts planted are raw, not roasted. Shell nuts, plant 8 to 10 inches apart in rows 2 1/2 to 3 feet apart. Cover with 2 inches of soil, preferably sandy.

Cultivate as needed, dig before frost and hang vines in an airy place to cure.

Crowding cabbage plants in a row does not result in an increased crop.

Instead, crowding causes plant to go to seed rather than form heads.

For this reason set plants or thin seedlings to allow at least 12 and, for large-headed varieties, 18 inches between plants.

## At Home In Parmer County

Jana Pronger  
County HD Agent

When unloading the grocery bag, do you make a mental note of how long the hamburger will safely keep or how many days before the bread will become stale?

A Rutgers University study has examined all major retail food categories and has made recommendations on the length of time products retain their quality and the types of date labeling that assure the consumer of good quality foods.

From one shopping trip to the next, groceries are exposed to varying sanitary conditions and temperatures before being pur-

chased. Even the techniques used in processing and packaging food items can affect their preservation.

Potato chips become stale and rancid within a week in one type of wrapper yet will still be fresh four weeks later in another type.

The Rutgers study recommends that ground beef packages show the date and time of wrapping. The meat should be sold within 24 hours of wrapping and should bear labels that advise consumers to either cook or freeze within 24 hours of purchase.

According to the report, bread and milk should be tagged with the date of display. This practice would help the retailer in stock rotation and the consumer in home use.

The study also suggests that expiration dates (indicating the end of the product's freshness or usable life) and retail pull dates (showing the last day the store may sell the item) be omitted.

Temperatures at which the food is stored, sanitary conditions under which it was prepared and shipped plus other factors are more important in determining shelf life than age alone. For example, milk processed under borderline sanitary conditions may be 'fresher' but not up to the quality of older milk prepared under higher standards.

Ice cream, to retain top quality, should be kept at a temperature of minus ten degrees and never above zero, the study indicated. Disease-bearing organisms don't grow at temperatures below 32 degrees but deterioration will occur in loss of texture and crystal development in just a few days when ice cream is stored at too-high storage temperatures.

While the findings of this study haven't been formally endorsed by the USDA, the department has published the information as part of its examination of possible standards for readable code dating of perishable foods in the future. No doubt, readable code dating of perishable foods is on the way.

**STAR EDGED**

# Bank Wins Two; Clings To Top Spot

After three weeks of play in the Major division the Bank leads the league by one game with a 5-1 record.

Monday, Reeve met Friona Feed Yard and defeated them, 11-8. Reeve led the first four innings, in the fifth inning Feed Yard scored five runs to take an 8-7 lead. Reeve came back to score four in the sixth while holding Feed Yard's scoreless.

On Tuesday, the Bank scored 14 runs in three times at bat

to only one for Friona Star in four times at the plate to take a 14-1 win.

Thursday, Friona Feed Yard met Reeve again and won 6-3. Reeve didn't manage a run until the sixth inning when they scored their three but the Feeders were already six, therefore winning the game.

Friday, Friona Star played

their best game of the year even though they lost a close one to the Bankers by a 12-10 score. The Bank was leading 8-2 going into the bottom of the sixth but Star got six runs in to tie up the game in the regulation six innings. The extra inning saw the Bank score four runs to only two for the Star to take the 12-10 win.

**REMAINS UNDEFEATED**

## Bill's TV Holds Lead In Jr. Minor League

**Box Score**

Reeve 204 014--11  
Feed Yard 001 250-- 8  
Reeve-Hutson 1-1 base, Patterson 2-1 base, L-2 base, Aragon 2-1 base, Polk 1-1 base, Hodges 1-2 base, Renner 2-1 base.

Feed Yard-Peak 2-1 base, Whitesides 1-1 base, Veazey 1-1 base, Jarboe 2-1 base.

Bank 266 --14  
Friona Star 001 0-- 1  
Bank-Strickland 1-1 base, C. Barnett 1-2 base, Ortiz 3-1 base, McClellan 1-1 base, Carson 1-1 base, Mears 1-2 base, Pena 1-1 base.

Feed Yard 031 020--6  
Reeve 000 003--3  
Feed Yard Mata 1-1 base, Harrelson 1-1 base, Whitesides 1-2 base, Jarboe 2-1 base, Reeve-Hutson 1-1 base, Wilcox 1-1 base, Polk 2-1 base, Thompson 1-2 base.

Bank 011 042 4--12  
Star 100 016 2--10  
Bank-Strickland 1-1 base, C. Barnett 1-1 base, McClellan 1-1 base, Carson 1-1 base, L-2 base, Pena 1-1 base.

Star-Johnson 2-1 base, Nichols 2-1 base, Brailiff 3-1 base, Monroe 1-1 base, Miller 1-3 base.

Bill's TV still holds the league title as they remain undefeated in the Junior Minor (T-Ball) League. Bill's TV out-slugged Piggly Wiggly Monday night by a score of 21-13. Bill's TV stands 6-0 in league standings.

Piggly Wiggly scored five runs in the sixth inning while Bill's TV couldn't manage to get a run on bases. Ricky Mercado and Jim Norwood had the most runs for Bill's TV with four runs each while Tim Robbins had the most runs for Piggly with three.

In Tuesday's action, Friona Parts bested Tasty Cream by the score of 19-16 in a very close contest. This enables Friona Parts to remain second in the league standings at the close of last week's play.

Joe Ortiz, Keith Adams, Pilo Castillo and Monty Rule each had three hits for Friona Parts. David Howard had three hits for Tasty Cream. Each team hit a hot spell in the fifth inning as Tasty Cream managed six runs and Friona Parts ran in seven players.

Bill's TV coasted to an easy 35-9 win over Tasty Cream in the Thursday night game.

Bill's TV came out on the field ready to play as they scored 14 runs in the first two innings of play. Tasty Cream could get only four runs. Ricky Mercado, Jim Norwood, Mark Tucker and James Ball each scored five runs for Bill's TV while George Hernandez and Sidney Lookingbill only scored two runs to have the most runs for Tasty Cream.

Tasty Cream is tied for third place with Piggly Wiggly after this week's play with each team having five losses and one win.

Friona Parts held their same position in league standings at the close of their Friday night game. They were able to edge Piggly Wiggly by 12 points at the close of six innings of play. Friona Parts hit a cold spell in the sixth inning and couldn't manage a score and Piggly Wiggly was able to get four runs home, but couldn't overcome the 12 point margin in their scores and the game ended with the score 22-10. Piggly Wiggly stands 1-5 in the season's standings.

Joe Garcia had three runs for Piggly Wiggly. Keith Adams, Mike Hennington and Richard Herring each had three runs for Friona Parts. Friona Parts stands 4-2 in season standings.

PENA SCORES. . . Charlie Pena is shown scoring a run for Friona State Bank in their game against Friona Star last Friday. The catcher for the Star is Chuck Nichols. The Star rallied for six runs in the bottom of the sixth to tie the game, 8-8, but the Bank came back for four in the seventh and hung on for a 12-10 win.

## Three Boys Chosen For Summer Camp

Three boys from Friona have been chosen by the Friona Salvation Army Service Unit Committee for a free one week vacation beginning June 17, 1972 at The Salvation Army's 370-acre Camp Hoblitzelle near Dallas.

"Our boys will be among 900 others sponsored by Salvation Army Service Units all over Texas who will attend the camp over a four week period this summer," Outland, the committee's camp chairman said. They will go to camp by bus with all expenses paid.

Boys attending from Friona are Sammy Felder, James and Jeff Whiteside.

At Camp Hoblitzelle the boys will live in redwood and brick cabins and will receive well-balanced meals in the camp's dining room. All organized activities are supervised by coaches and counselors and include boating, fishing, archery, horseback riding, swimming, crafts, movies, sports—everything it takes to keep a boy busy for a whole week.

The Salvation Army operates the camp year round for people who could not otherwise afford to go to camp. During the summer months over 4,000 will vacation at Camp Hoblitzelle.

The building of Camp Hoblitzelle was financed by donations from more than 100 Texans. Included in the facilities are a 30 acre lake for boating and fishing, recreation hall, large swimming pool, a western fort, animals and playing fields for a number of outdoor sports.

## Benger Flyers Win Two Over Hi-Plains Feeders

After three weeks of play there is only one unbeaten team left in the senior division. Benger is leading the league with seven wins against no losses. Monday, Cattle Town and Pioneer played a close game with Cattle Town winning 6-5. Pioneer led until the fifth inning when Cattle Town got four runs to take a 6-4 lead. Pioneer scored one run in the seventh but couldn't manage another and Cattle Town won the game.

On Tuesday night Hi-Plains led until the sixth inning when Benger got three runs to take a 7-6 lead. Hi-Plains couldn't manage a run in the seventh and Benger won.

The game between Cattle Town and Pioneer on Thursday night was called off due to a muddy field.

Friday night, Benger won over Hi-Plains 15-1. Everything seemed to go wrong for the Feeders as the Flyers had everything going their way.

## Seek God And You Will Find Him, Writer Says

Read Matthew 7:6-12

"Ask, and you will receive; seek, and you will find; knock, and the door will be opened to you." (Matthew 7:7, TEV)

Since girlhood I had known the first part of this scripture verse. It was years later that the "seeking" and the "knocking" phrases took on real meaning for me.

After being married for some years, we moved into the first house that was really our own. I called it our "Happy House." My husband and I had re-decorated it and furnished it with antiques we had refinished. Our neighbors were the sort we had always wished for, and our children were in a fine school.

But I discovered that nothing exciting was happening in my Christian life! Something needed to be changed. I was not asking for the best things. I was not searching for daily spiritual growth. I was not knocking urgently at the right place.

It became clear to me that the ones who are asking are the ones who are receiving. Those who are seeking God are the ones who are finding him in thrilling ways.

PRAYER: Dear God, thank You for all the joys of life, for home and love and friends. Help us never to stop asking for the best from You and seeking it with all our hearts. Amen.

THOUGHT FOR THE DAY: We have but to knock, and the doors of heaven will open.

--Doris Stubblefield King, Indiana

## Sharon Sue Smith Elected To Office

Sharon Sue Smith of Friona High School a citizen of the American Legion Auxiliary Bluebonnet Girls State, now in progress in Seguin, at Texas Lutheran College, was elected Chief of Police of City J in a Friday evening election. She is the daughter of Mr. and Mrs. David Smith and was sponsored to Girls State by the local American Legion Auxiliary Unit No. 206.

Girls State was organized as a national Americanism activity in 1937 by the American Legion Auxiliary. Non-partisan and non-political, the purposes of the Girls State program are to provide citizenship training for girls of high school age, to afford them an opportunity to live together as a self-governing group and to inform them of the duties, privileges, rights, and responsibilities which they will assume when they become adults. They learn the problems of government by simulating the duties of city, county, and state officials. Each year citizens are selected at local levels from students who have just completed their junior year in high school. The selection is based principally on character, leadership and scholarship.

The 1972 session of the American Legion Auxiliary Bluebonnet Girls State has grown from an experimental conference of ninety-four girls, held at Baylor University in 1941, to become the largest single extracurricular educational program for high school girls in Texas. This year 513 girls are in attendance, plus two girls from Mexico making a total of more than 9,725 girls in Texas who have participated in this top-level citizenship program.

Former citizens of Girls State and members of the Texas American Legion Auxiliary comprise the sixty-two members of the staff and counselors who volunteer their services to direct and lead this program. The director, Miss Frances Goff, Houston, is Director of Special Projects for The University of Texas M.D. Anderson Hospital and Tumor Institute, Houston. The Associate Director is Mrs. T. J. Manning, Houston, Assistant Principal at

Clear Creek High School, League City. Miss Gretchen Killinger, government teacher, Clear Lake High School is Education Coordinator. Chairman of the Auxiliary Girls State Committee is Mrs. J. B. Martin of Trinity.

Retired Associate Justice Meade Griffin of the Texas Supreme Court will administer the oath of office to the elected state officials of Bluebonnet Girls State Monday, June 19, in the rotunda of the State Capitol.

One of the highlights of the session which began June 13, and ends June 23, will be the selection of two outstanding citizens of 1972 who will be sent to Girls Nation in Washington, D.C. by the American Legion Auxiliary. There the two young representatives will continue their study in responsibilities of the Republic.

### Wedding Reminder

Friends of Gwyn Moore, daughter of Mr. and Mrs. Kenneth Moore, Friona, and Steve Hanes, son of Mr. and Mrs. C. C. Hanes, Hart, are being reminded that the couple plans to exchange wedding vows at 7:30 p.m. Monday, June 26.

The wedding will be at Sixth Street Church of Christ and everyone is invited to attend the ceremony and reception, which will follow.

### Local Students Make Honor Roll

Seventeen Texas students are among 504 students of Eastern New Mexico University, Portales, listed on the Dean's Honor Roll for the spring semester. Two of these are from Friona. They are Mike Pavalus Jr. and Donny Carthel.

Pavalus, son of Mr. and Mrs. Mike Pavalus Sr., is a senior at Eastern and is a math major. At the present time he is employed by Parmer County Community Hospital.

Carthel, a sophomore student, is the son of Mr. and Mrs. Bill Carthel of the Black Community.

4-H DRESS REVUE. . . Mrs. Johnny G. Mars is shown as she worked with the nine and ten year old 4-Hers who will be participating in the forthcoming Dress Revue. Mrs. Mars instructed the girls from Deaf Smith, Parmer and Castro Counties, in the art of walking and turning on-stage.

## Six Frionans Attend Educational Seminar

Parmer, Castro and Deaf Smith County 4-H girls participated in a clothing educational seminar June 14 in Friona High School Auditorium.

The program was a training session for the 4-H girls who will be participating in the 4-H Dress Revues in their respective counties in July.

Winners in each county will travel to Amarillo July 31 to compete in the District Dress Revue. Parmer County will hold its revue July 25 in Friona.

The program Wednesday consisted of a fashion show, refreshments and modeling training. The fashions were provided by a dress shop in Hereford and modeled by 4-H girls from Deaf Smith County.

The modeling clinic was conducted by Mrs. Johnny Mars, Friona, who has studied in two Amarillo modeling schools.

Approximately 130 4-H members, leaders and parents attended.

Those attending from Friona were Mary Beth and Diane Bennett, Karene, Holly and Evelyn Hart and Mrs. Walter Schueler.

### Wayne Schueler Receives Degree

Wayne Allen Schueler, son of Mr. and Mrs. Walter William Schueler, Route 2, Friona, Texas, received the Associate of Arts Degree in graduation ceremonies at Concordia Lutheran College, Austin, Texas, May 13, 1972.

Schueler, who is a 1970 graduate of Friona High School, was vice-president of the student body, president of the Science Club, and active in the intramural program.

Schueler will continue his studies at Concordia Senior College, Fort Wayne, Indiana.

## Brenda Howard Receives Diploma

Graduation exercises for Methodist Hospital School of Nursing were held in First United Methodist Church, Lubbock, at 8 p.m. Friday, June 16.

The program began with candle lighting by Henri Redic and Pete Wilson. Edward A. Downs, M.C., played the processional and recessional. The invocation was by Rev. J. Waid Griffin.

Allyn Baskerville presented special music.

Dr. Norman L. Keener of Lubbock Christian College delivered the address. The graduating class was presented by Dolly N. Fraley, R.N., and diplomas were presented by Irene S. Wilson, R.N.

George M. Brewer, president of the hospital board of directors, presented diplomas to 35 students, including Brenda Bl-

ackburn Howard of Friona. Mrs. Howard is the daughter of Mr. and Mrs. John Blackburn and a 1969 graduate of Friona High School.

Following the benediction by Chaplain S. Frank Weir, there was a reception in the church parlor. Hostesses were members of Methodist Hospital Auxiliary.

Those from Friona who attended the graduation exercises and reception were Mrs. John Blackburn, Mr. and Mrs. Dean Blackburn and Mr. and Mrs. Keith Lynn Blackburn. Other special guests were Mrs. Howard's husband, Craig, and Paula Fortenberry of Friona, who is a student at Texas Tech University.

Mr. and Mrs. Howard have moved to Delray Beach, Florida.

BRENDA HOWARD

## Debbie Bengé Leaves On UN Pilgrimage Tour

Debbie Bengé is being sponsored by Friona Oddfellows Lodge #203 and Friona Rebekah Lodge #308 of Friona, Texas, on an eighteen-day tour of the Eastern United States.

She is participating in a United Nations Pilgrimage tour, which is sponsored by Oddfellows and Rebekahs of the world each year.

The tour, which is made by chartered bus, left Irving, Texas Monday, June 19 and will return to Irving July 5.

Texas has 28 youths making the tour this year. Additional youths will join the tour in Arkansas and Mississippi.

Young people making the tour will be guests in the homes of Oddfellows and Rebekahs on the trip and will be guests of honor at suppers and luncheons by members of these two orders.

Some points of interest to be visited by the group are the Civil War battlefields, the Oddfellows Homes, Washington Monument and Lincoln Memorial.

Also the Empire State Building, Rockefeller Center and Radio Music Hall.

Part of one day will be spent visiting the United Nations Building. Tour members will also attend a play and will visit the

DEBBIE BENGE

Tomb of the Unknown Soldier in Arlington Cemetery.

Miss Bengé and other members of the tour will be staying at the Hotel Alpine, 34th and Broadway, while in New York.

Accompanying Miss Bengé to Irving were her parents, Mr. and Mrs. Stan Bengé and sisters, Jerri, Christy and Sharla Beth. They plan to return to Irving to meet her when she returns.

Members of the two organizations honored Miss Bengé with a going away party at Oddfellows Hall Thursday evening. Homemade ice cream and cake were served and gifts were presented to the honoree.

## Med Student Is New Hospital Employee

Kenneth Byers of Atlanta, Georgia, arrived in Friona recently for a six weeks tour of duty as an extern at Parmer County Community Hospital.

Byers, who will be a junior medical student at Wayne University School of Medicine, Detroit, Michigan, is participating in a nationwide program which is sponsored by the Student American Medical Association.

The program is designed to assist medical students in making decisions about their work, following graduation from medical school. In addition to clinical experience, participants will get acquainted with hospital procedure, community life and cultural advantages of the community.

A dinner party in the home of Dr. and Mrs. Lee Spring Friday evening was a courtesy for Byers. Other guests were Dr. and Mrs. Paul Spring, Su-

sie and Johnny and Ginger Murphree of Friona and Steve Haliburton, Olton.

## Ace Alsup III Graduates From UT Medical School

The eighty-second commencement of the University of Texas Medical Branch, Galveston, was held at 8 p.m. Wednesday, June 7, in the Library-Mall of John Sealy Hospital campus.

One of the recipients of medical degrees was Ace Hale Alsup III, who is the husband of the former Nan Lillard of Friona.

Dr. Ace Alsup III is the son of Mr. and Mrs. Ace Alsup II of Temple, Texas, and the grandson of Dr. Ace Alsup I, a medical doctor in Temple. Senior class members honored Dr. Ace H. Alsup III by selecting him for the Gold Headed Cane Award. This award was presented to him during the Honors and Awards Convocation the day of graduation.

The class selected Dr. Alsup as the graduating senior who "best epitomizes the ultimate in patient care."

He is a native of Temple, where his father is superintendent of schools, and was graduated from the University of Texas at Austin with a bachelor of arts in zoology before entering the University of Texas Medical Branch at Galveston.

Dr. Alsup has distinguished himself academically and clinically. He has been named to the Dean's List each year and was selected for the Outstanding Junior Student Award in 1970-71. He also served as president of Mu Delta Honorary Medical Service Society and was active in Phi Chi Fraternity and Alpha Omega Alpha Honorary Medical Fraternity.

The tradition of the Gold Headed Cane began in England about 300 years ago and was begun at UTMB in 1960 by Dr. Charles T. Stone, Sr., professor emeritus of internal medicine. Since that time, the name of the recipient has been engraved onto a gold band of the cane and he has kept the cane until graduation of the following year.

Dr. and Mrs. Alsup live in Galveston, where she is employed as a registered nurse at John Sealy Hospital. He plans to intern at UTMB and later set up private practice in a small town.

ACE ALSUP III

## Birthday Party Has Flag Day Theme

Theme of a birthday party in the home of Mr. and Mrs. Clyde Woodard at Hub from two to five Wednesday afternoon was Flag Day. The party honored the couple's son, Shayne, who was observing his sixth birthday.

The birthday cake was decorated with red, white and blue motorcycles and American flags. Home-made ice cream and punch were served with the cake.

A swimming party followed a game session.

Those attending were Scott Lane, Jim and Mark Mabry,

## Rays Of Dawn Meets Thursday

The Rays of the Dawn study group met Thursday evening at 8 p.m. in the home of Mr. and Mrs. Jerry Wickle.

Coy Jameson moderated a study of the law of greed, which is a law of the mind and its opposite, the law of kindness, which is a law of the soul, both from "The Rays of the Dawn." The next meeting is planned for July 6.

A cordial invitation is extended by Mrs. Jerry Wickle to anyone interested in gaining a more complete understanding of life to come and study.

## Antique Club Has Meeting

Mr. and Mrs. O.C. Jones were hosts at the Monday evening meeting of Friona Antique Club in their home.

The roll was called and minutes of the last meeting were read by Mrs. Leo Balls, secretary.

Following the business meeting sandwiches, chips, dips, salads, coffee, cake and punch were served by the host couple.

Those present were Mr. and Mrs. Jones, Mr. and Mrs. Jim Baxter, Mrs. Orma Flippin, Mr. and Mrs. Rudolph Renner, Mr. and Mrs. Dick Habbings, Mr. and Mrs. Leo Balls and Mr. and Mrs. Tommie Jones.

The next meeting of the club will be in the home of Mr. and Mrs. Tommie Jones.

Carl Vanlandingham, Doug Carthel, Terri Bass, Stacy and Matt Loftis, Johnny McLellan, Danny Auburg, Reese Fleming, Ted Prosser, Jay Hight, Lana Lane, Cynthia Gonzales and Shannel Woodard.

## Rebekah Lodge Honors Deceased

A special memorial service for deceased members of Friona Rebekah Lodge was held at Oddfellows Hall Monday evening.

Mrs. Jimmy Pinner, district deputy president, and three other lodge members from Dittmiff were special guests.

Mrs. Sam Williams, program chairman, was assisted by Cecil Sisk, Charlie Wise, Mrs. Denver Smith, Mrs. G.E. Reed, Mrs. Tommy Barker, Mrs. Floyd Brookfield, Mrs. Jewel Claborn and Mrs. Charlie Wise.

Deceased members whose honor was accorded were John Bengler, Mr. or Mrs. Wayne Stark Sr., Mrs. Roy Slagle, Mrs. Dennis Robards and Mrs. J.P. Williams.

Soloist for the evening was Mrs. Cecil Sisk, who was accompanied by Mrs. E.S. White Sr.

FRIONANS IN WASHINGTON, . . . Holley Stephenson and Carl Evans of Friona are pictured here with Mr. and Mrs. David Pruitt of Hereford, sponsors on the Government-In-Action Youth Tour, with the Capitol in the background. These four are part of the Deaf Smith Electric Cooperative sponsored trip, which took the group to Washington, D.C. Included in the tours have been a number of government buildings and cultural and historic sites including Mount Vernon and the White House. Evans and Miss Stephenson returned from the 12 day trip Tuesday, June 20. Parents of the two young people are Mr. and Mrs. Doug Stephenson and Herbert Evans, all of Friona.

## Janet Gail Mingus Enrolls At McMurry

Enrollment for the first summer semester at McMurry College includes one student from Friona.

A total of 641 students are enrolled for the one hundred courses offered by McMurry in the opening warm weather term, says Dr. Joe Humphrey,

summer school director.

First term final examinations will be given July 7. Registration for the second McMurry summer semester will be July 6-7 and finals August 11.

First session roll includes: Janet Gail Mingus, daughter of Mr. and Mrs. Lloyd Mingus of Rt. 3, Box 142, Friona.

## Steve Messenger Attends Meeting

Steve Messenger, who is on the state board of directors for Texas Certified Public Accountants, attended the state board meeting and annual state CPA convention in Brownsville from June 16 through June 20.

Messenger, a long time resident of Friona, served as secretary to the Panhandle Chapter of Certified Public Accountants in 1970 and 1971.

## Masseys Visit Here

Mr. and Mrs. Wayne Massey and daughters, Judy and Joy, of Olympia, Washington, are visiting in the homes of Otis Massey, Mr. and Mrs. V.M. Ferguson, Mr. and Mrs. Sam Williams and other Friona relatives and friends.

The Masseys lived here a long time before moving to the West Coast about four years ago.

## Local Study Club Wins State Awards

New Horizons Junior Study Club won several awards at the recent state convention of Texas Federation of Women's Clubs, which was held in the Baker Hotel in Dallas.

Mrs. Dale Houlette, president, also won first place in the district chairman's report division.

Mrs. Houlette and Mrs. Jimmy Maynard, who was named Outstanding Club Woman of the Year, represented New Horizons Junior Study Club at the convention and accepted the following awards:

Yearbook, first; Americanism, first; Outstanding Club

Program, first; National Association For Retarded Children, first; public relations, second; fine arts, second; president's report, third; and public affairs, third.

## "ALL I KNOW IS WHAT I READ IN THE PAPERS"

America's best-loved humorist also was one of the best-informed persons in his time. Nothing, it seemed, escaped his notice. His comments on the passing scene were applauded and repeated by millions the world over. "All I know is what I read in the papers" became his trade-mark. Will Rogers recognized that newspapers, more than any other media, are the common source of information of all the people. The simple fact that everyone knew immediately what he was talking about provided an important basis for his fabulous popularity.

### Bookmobile Announces Reading Club

The High Plains Library Bookmobile announces the 1972 Texas Summer Reading Club for the boys and girls. Registration has started and will end the latter part of August.

Each child who joins the Bookmobile reading club will receive a reading log provided by the Texas State Library. Each child who reads 12 books on his reading level will receive a certificate from the Texas State Library in the fall.

This year's theme will be "Join the Climb, It's Reading Time!" and youngsters participating may work on posters with stickers for each step they complete. Encourage your child to "Climb a little higher" in his reading ability this summer.

### HOW TO CARE FOR YOUR CARPET

In return for a small amount of care, your carpet will reward you with years of enjoyment and beauty. Here are some helpful ways to clean carpets more effectively and add many extra years of wear.

Every carpet should be thoroughly vacuumed every week, to keep soil from grinding into the fibers. In parts of the home where traffic is heavy, daily vacuuming is a must.

No matter how efficient your vacuum is, it can't remove the airborne dirt particles that cling to the fibers and dull the carpet's color. Occasional home cleaning brightens the luster of carpets made of wool or other fibers.

The dry method (using absorbent powder) is safer. The wet method, employing a special cleaner or neutral detergent and water, is more effective. However, frequent use of the wet method will leave a residue as it is impossible to rinse a carpet thoroughly on the floor.

All carpets should be treated periodically by a reputable cleaner. He has been cleaning wool for years, and knows exactly how to bring out its beauty. Wall-to-wall carpets are usually cleaned right in the home, while rugs are usually taken to the plant for a shampoo. Both methods are successful when done by a reputable firm.

The woolmark on a carpet is your assurance that the carpet is made of the world's best pure wool pile, and that it meets the rigid quality standards of The Wool Bureau, Inc. who will send you a FREE AND EASY CARE Booklet, if you write to them at 360 Lexington Ave., New York, N.Y. 10017. Remember, when it comes to clean carpeting, where there's a wool, there's a way.

### Local Fire Fighters Attend State Meeting

Eight representatives of Friona Volunteer Fire Department left Saturday afternoon for Galveston, where they will attend the annual State Fireman's and Fire Marshall's Association convention.

Ralph Shirley, local fire chief, is a candidate for fourth vice-president of the organization. He was accompanied by his wife. Others making the trip were Mr. and Mrs. Glenn Evan Reeve Jr., Mr. and Mrs. Ruben Taylor and J.C. Blank-

enship and son, Mark. Mark is the mascot of the fire department and plans had been made prior for him to enter in the state mascot competition.

Registration began Monday and the convention will end Thursday. The Frionans expect to return by the end of the week.

To find the elephant's closest living relative, you'd have to look in the sea. It's the dugong, or sea cow!

The Singer Company, which in 1970 sold over a million of its sewing machines in the U.S. and over a million abroad, is also a leading light in education and training, builds middle income housing and manufactures computer systems to help the retail businessman keep inventory up to customers needs!
