

by Bill Cline

In the fast pace of modern American life the newspaper still offers the same permanent or semi-permanent record it has always offered—allows its readers to digest news, features, ads, etc., when he or she wishes.

The newspaper—unlike television—doesn't force the reader to watch commercials when he finds himself eager to learn about the weather, or stocks, etc.

For following the news completely only a good newspaper can do the job. In the field of editorials, only the newspaper offers a serious attempt to comment regularly on each major issue of the day. (Television can't afford to allot much of its expensive time to editorials, which draws relatively small audiences.)

In the field of advertising, only the newspaper offers itemized lists of major sales, in permanent-record form. (Again television time is too expensive.) Thus on all counts the newspaper offers the most thorough coverage of news, business, sports, etc., available. That's why the number of newspapers continues to grow, year after year.

NO COMMON AMERICAN

I do not choose to be a common man. It is my right to be uncommon if I can. I seek opportunity, not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole. I prefer the challenge of life to the guaranteed existence; the thrill of fulfillment to the state calm of Utopia.

I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act for myself, to enjoy the benefits of my creations and to face the world boldly and say, "This I have done."

All this is what it means to be an American.

—Dean Alfange

ARE YOU WILLING?

To close your book of complaints and to open the book of praise?

To believe other men are as sincere as you and to treat them with respect?

To ignore what life owes you and think about what you owe life?

To stop looking for friendship and to start being friendly?

To be content with such things as you have and to stop whining for the things you do not have?

To enjoy the simplest things of life and cease striving for the artificial pleasure of the day?

To forget what you have accomplished and meditate on what others have done for you?

To cease looking for someone to help you and to devote yourself to helping others?

Halloween Carnival Saturday

Friday's Opponent: (Groan) Floydada

Reporter--Let's see, coach, I guess it's Floydada this week?

Coach Bob Owen--(Groan) That's right.

Reporter--Yeah, they seem to be making a bid to win the district title again, don't they?

Coach--(Groan) Yes, they're big and strong. They beat Olton 28-13 and a good Lockney team, 35-14.

Reporter--Do they have any weaknesses?

Coach--(Groan) Not that we have found. They are well balanced, and as usual, tough on defense.

Reporter--Sounds like David going after Goliath.

Coach--(Groan) I guess that is about right. But maybe the results will be the same.

Reporter--Groan!

Australian Trio Visits Locally

Three young Australian women visited over the weekend in the E.G. Phipps home, pausing during a six-week tour of the United States.

One of the young ladies, Joyce Turner, 24, lived in the same town as Brenda Hawker, former Friona exchange student who lived with the Phipps family, and met Mr. and Mrs. Phipps at Brenda's wedding last year.

The three, Miss Turner, Pam Seggie and Youle Bottomley, have been in Vancouver, Canada, on a two-year "Working Holiday." In Australia, Pam is a secretary, and the other two are elementary teachers.

They point out that because of the shortage of jobs in Canada, they have not been able to be too selective about their work, taking jobs as waitresses, cooks, cashiers, nurses aides, etc.

"In fact, Canada wasn't too wild about us coming over, due to the job situation. But it hasn't been too bad," Miss Turner commented.

The trio purchased a 1965 Pontiac upon their arrival in Vancouver, and it is their means of transportation. In order to save on travel expenses, the

ladies carry a tent and camping supplies, and camp out when the weather has permitted.

The Australian lassies took a boat via Panama from Australia, then flew via Los Angeles to Vancouver. Their venture is entirely privately financed, with no government or school assistance.

When they return to Canada, the girls will be in Toronto for the next six months or so.

While here, the tourists visited briefly with E.G. Phipps, who was hospitalized at the High Plains Baptist Hospital in Amarillo. On Saturday they saw the West Texas State University homecoming parade and toured the West Texas Museum.

On Sunday, they were dinner guests at the home of Mr. and Mrs. Mickey Wilson, and that afternoon, Mrs. Danny Black took the trio on a tour of local feed yards, fields of maize, cotton, wheat, soybeans, sugar beets, etc.

Monday they visited the progressive school in Hereford and spent the night with Judy Phipps, who teaches in one of Hereford's elementary schools, and then departed on their journey.

CARNIVAL COMING UP... Mike Maynard, son of Mr. and Mrs. Jimmy Maynard, and Robin Houlette, daughter of Mr. and Mrs. Dale Houlette, are helping to promote the community Halloween Carnival, which is scheduled for Saturday night.

HARVEST HALTED

Weather-Beaten Farmers Hope For Clearing Trend

Weather-weary farmers in the Friona area have had no relief during the past week, with almost continual wet weather causing practically all harvest operations to be suspended.

Maize farmers, waiting for the moisture content of their crop to drop to a sufficient level, found it impossible for the maturing process to continue because of intermittent showers.

A summer-like thunderstorm swept across the area on Tuesday morning at 9 a.m. The official measurement was .26 inch in Friona, but some farms reported from a half inch to an inch. Monday was rainy most of the day, but the official measurement was just .08 inch in Friona.

"These rains may be hurting the milo. We won't know until it's all cut," said one grain man this week.

Cotton, meanwhile, continues to suffer because of the wet weather. The grade may be affected if it continues, and bolls in some cases may begin to rot, if the wet spell doesn't come to a close.

Much cotton was lost or severely damaged by hailstorms during the past couple of weeks. What had been an above-average crop prospect during most of the growing season now has been revised downward considerably due to the late-season weather attacks, after the crop was all but "made."

About the only harvest operations which could be carried on during the past week was the digging of sugar beets. This was done until Tuesday morning's heavy shower suspended even the beet digging.

Some of the booths which are planned include the Spook House, Fortune Teller, bingo,

ring toss, two different dart throwing games, a fishing pond, various ball-throwing events, a psychoanalysis booth, a booth where pictures can be made with the "Great Pumpkin," a cake walk and two food concessions.

In addition, Mrs. Mildred Guinn of Hereford will have a booth in which she will offer charcoal or pastel portraits or silhouettes. Mrs. Guinn had a booth here during the past Maize Days celebration.

Mrs. Guinn has indicated that she would make a special appointment to do portraits at a time other than during the carnival hours. Anyone interested should call either Mrs. Dale Houlette or Mrs. Jimmy Maynard.

Among the clubs and organizations taking part are Girl Scout Troops 211, 311, 244 and 166, the Friona Noon Lions, the ESA sorority, the Freshman Class, Progressive Study Club, Modern Study Club, the Band Parents, Woodmen of the World, New Horizons Junior Study Club and the high school band.

Girlstown, the Opportunity Plan and "Secret Grandmas," some of the projects of New Horizons, will benefit from the carnival.

"Everyone has been enthusiastic about the event and we hope it will become an annual affair," states Mrs. Dale Houlette, president of the study club. She indicated that the degree of success of this year's carnival would determine whether or not to hold it on a continuing basis.

Many clubs and organizations welcomed the opportunity to have booths at the carnival, due to the fact that their projects were adversely affected by the bad weather at Maize Days.

Sunday Will

Last 25 Hours

Area residents will get back that hour of sleep they lost last April this Sunday morning, when Standard Time returns to replace Daylight Time for the next six months.

So—remember to run your clocks back an hour Saturday night, or you may be among the early arrivals at church the next morning.

McLellan Wins World Drag Racing Title

Friona's Ken McLellan reigns as world champion in the Super Stock Eliminator class, following the National Hot Rod Association's World Finals of drag racing last weekend in Amarillo.

McLellan, who has won a basement full of trophies during the past ten years, called his latest win his "most satisfying," though admitting that he felt little different since notching the world title.

McLellan drove his 1969 Ford Mustang to victory over 15 of the top stock car racers in the nation in the round-robin tournament at Amarillo.

The Friona racer has dominated his class since he began driving the 1969 Ford, holding the NHRA record for the elapsed time (ET) and miles per hour. His current records are 124.95 mph and 11.09 ET. He has run as fast as a 10.82 ET.

McLellan added the world title to his class championships in several NHRA national meets. He has been class champion for the past three years, and also has won the Winter-national class title four times.

At Dallas, where the Spring Nationals are held, McLellan has won the class title two of the three times it has been held, and qualified for the title the other time.

Well known in racing circles, McLellan enters meets from California to Florida. At Florida, where the 32 quickest cars in the nation are invited to enter, the Frionan has qualified in that race's top five both of the years it has been held.

McLellan broke his own national record in elapsed time a couple of months back, and this performance assured his entry in the world finals.

Elated to see the world finals held in Amarillo, McLellan said the people of Amarillo really went all out for the meet.

"Having the meet that close to home really saves on the mileage," says McLellan, who logs 30,000 to 40,000 miles per year, entering just the top races—about 35 per year.

Also, when the race is this close, he has the help of sons Ronnie, 14, and Cliff, 12, who serve as his pit crew. He says the youngsters know the car inside out, and he can trust them to completely tear down or rebuild the engine.

However, McLellan says he is not encouraging his sons to be race drivers. "It's hard work," he testifies.

The Friona driver explained that trips to NHRA races are hard to make. "We usually leave Friona on Friday morning," he says. The time trials are on Saturday, and the finals on Sunday. Then comes the return trip, when he usually drives 500-600 miles before stopping Sunday night.

McLellan also farms, explaining why the racing has to be limited to weekends.

Drag racing has come a long way in the past 10 years, McLellan thinks, and he is borne out by the fact that 27,000 fans paid to see the world finals at Amarillo on Sunday. And it should continue to grow, unless the expense gets too great.

McLellan has been helped by Ford Motor Company, which has paid a large portion of his racing expenses. Then, too, since

becoming a consistent winner, various manufacturers of automobile parts and products pay him royalties to use their com-

pany emblems on his car. "This is the only way I could have made it," he says.

WORLD CHAMP... Ken McLellan proudly displays his latest trophy—representing the championship in the world finals of the NHRA for the Super Stock class. McLellan won the title last weekend in Amarillo.

Her Own Buffalo

TRACY HORTON, daughter of Mr. and Mrs. H.H. Horton, Jr., became the proud owner the past week of a buffalo of her very own. Her dad, Hollis, was high bidder on the animal, which was sold by the City of Amarillo. "Miss Texas," a 15-year-old buffalo cow had formerly been on display at the Thompson Park Zoo. The Hortons say they will be happy for anyone to come out and see the animal.

Friona Flashbacks

...from the files of the Friona Star

40 YEARS AGO—OCTOBER 30, 1931

Friona's new business concern, the Maurer-Gischler Grain Company, is preparing to get into the grain buying business in real earnest. The company is composed of Carl C. Maurer and Reuben T. Gischler, two of Friona's most popular and enterprising young men. The two local products are preparing to erect an elevator, which will enable them to handle two or more grades of wheat at one time.

35 YEARS AGO—OCTOBER 30, 1936

Mr. and Mrs. E.S. White honored their young son, Ed Jr., Tuesday afternoon of last week, with a birthday party at their home in the east part of town.

We cannot resist the opportunity to tell of that fine six-inch snow which fell here on Thursday of last week. It fell so gently and evenly without the accompaniment of the usual north wind, and thus lay smooth all over the ground. The snow was quite moist, and was not accompanied by any severe freezing.

30 YEARS AGO—OCTOBER 31, 1941

Workmen and equipment in the employ of Cook & Ransom, contractors, building of the large Santa Fe Railroad dike here, have built the dike as far as a point opposite the depot building. Wet weather during the past two weeks has hindered the work. Friona Wheat Growers are building suitable approaches from the top of the dike to the elevator doors. The dike itself will be a driveway for the trucks when bringing grain to these elevators.

25 YEARS AGO—OCTOBER 25, 1946

At least one indication of the return of the good old pre-war conditions was manifest in Friona this week when two men spent Tuesday and Wednesday here quite busily employed at their craft of repairing typewriters and adding machines. They seem to have been quite welcome callers for many of our business concerns.

20 YEARS AGO—OCTOBER 25, 1951

The new school building located just north of the grade school has been virtually completed, and occupancy is expected sometime next week. Four classrooms, a study hall and the high school principal's office will be contained in the new building, Superintendent Caffey said.

15 YEARS AGO—OCTOBER 25, 1956

Now under construction is a new building to house Jones Motor Company in east Friona on Highway 50. Opal Jones, owner, says he hopes to have the building finished by the first of the year. Jones was the Friona Dodge-Plymouth dealer from 1935 to 1938.

10 YEARS AGO—OCTOBER 26, 1961

An English class for Spanish-speaking people who are helping with the harvest in the Friona area will convene Sunday at 5:30 p.m. at the American Legion Hall in Friona. The first session of the year, October 15, drew a total of 92 to try to learn some part of the English language. Wesley Foster is ramrodding the class. The need for a similar class, to teach local businessmen and residents conversational Spanish, was discussed.

5 YEARS AGO—OCTOBER 27, 1966

A total of 783 farms was counted in Parmer County during the 1964 Census of Agriculture, the Bureau of the Census reports. The number was 80, or about one-tenth less than the figure obtained five years earlier, which indicated 863 farms in the county.

Pause and Reflect

By Nelson Lewis

I have been privileged to watch a pair of bald eagles hunting along the caprock.

To witness their performance is to understand the symbolism of freedom and might, and make no mistake, there is no freedom except by might, with a capital "M."

Might means strength and no one can deny that our Nation needs strength, ergo:—we need Might.

I did not intend to write of might or strength—much as we need to adhere to a policy of self-preservation.

I began with eagle watching and I recommend it for a day of relaxation if you have the patience to indulge (patience is a form of strength).

Civilization (crowds and noise) has forced the eagles into the more remote areas of our land.

The breaks of the Canadian west of Amarillo might afford the opportunity but I would suggest the caprock in the Silverton, Quitaque region.

You may spend twelve hours of silent vigil to see five minutes of eagle action but you will be rewarded with a lifetime of unique memories.

Every school child knows the story of Quanah Parker, the half-breed who fought for his ideas until in desperation the Great White Father in Washington sent five armies to wipe him out.

His name means "Eagle" in English and if you don't think he had strength and might reread your Southwest history!

Even then, the Negro soldiers and their white officers would have fallen into disgrace had they not first destroyed Quanah's source of livelihood—the Buffalo.

Buffalo
The very word spells romance!
Coronado's men called them "cows" and our high plains—the Llano Estacado—were termed the "cow plains."

Early explorers (1540) told of the vast herds of "cows" that inhabited the land east of the Pecos River and a European artist endeavored to portray this strange New World beast—

Please don't be too critical of the 16th century Spanish artist: my copy of his drawing begs indulgence.

The animals we call buffalo are classified as Bison and they have been around for thousands of years.

In the museum, three miles north of Portales you can see skulls of these original prairie cattle.

These great beasts weighed well over a ton and their broad heads supported horns that grew almost straight out and attained a spread of four or five feet.

Aboriginal Americans (we stole the land from their descendants) lured bison into pits or bogs, the Salt Lakes South of Muleshoe, and killed them with rocks and clubs.

Skeletons of these, and later breeds, are found on Frion and Running Water Draw.

An encyclopedia explanation concerning the demise of this noble animal states that—"the breed is now nearly extinct, a result of hard winters, cattle ranching, railroads, and immigration."

Baloney! !
The buffalo were slaughtered by order of the Federal Government to starve the Indian into submission.

Just as the Eagle is the symbol of the United States the Buffalo is the trademark of our Great Plains.

The shaggy brute that roamed our land and drank, played, bred and shed curly hair around our playas, deserves to be remembered.

I am delighted that my friend Hollis Horton has returned one of these symbols of the Old West to Friona.

Yearbook To Go On Sale

The 1972 Chieftain yearbook will be on sale November 1-10, it was announced this week.

Cost of the yearbook is \$7.00. Townspeople wishing to purchase a copy may call any of the school buildings to do so. If the buyer wishes, he may place a \$4.00 deposit for the book at this time.

The rise in male cancer deaths is due largely to the rapidly increasing rate of lung cancer. Drop the cigarette habit, urges the American Cancer Society.

LETTERS TO EDITOR

The Friona Star
P.O. Box 1057
Friona, Texas 79035

Dear Sir:

Thank you very much for the \$3.00 check for second place last week.

I am not very good at picking winners so I am very pleased for having won this time.

We enjoy reading the Star and the ads are very helpful for shopping.

The football contest is very interesting and educational. It's

a great pleasure trying to pick the winners each week. With kindest personal regards.

H.W. Roberts

Scientists have estimated the weight of the earth as 6 sextillion, 570 quintillion tons!

SCHOOL LUNCH MENU

Week of November 1-5
Monday—soup and chili, sandwiches, crackers, apple crisp and milk.

Tuesday—fish, buttered co-

rn, tartar sauce, banana nut cake, French fries, catsup, hot rolls—butter and milk.

Wednesday—frito pie, pinto beans, corn bread and butter, mixed greens, cherry cobbler and milk.

Thursday—fried chicken, mashed potatoes, tossed salad, hot rolls—butter, green beans, no bake custard and milk.

Friday—hamburgers, potato chips, catsup, lettuce, tomatoes, pickles and fruit jello.

Foreign Missionary Speaks Here Sunday

GLENN D. STAFFORD

The Reverend Glenn D. Stafford, an Assemblies of God missionary to Singapore, will be guest speaker Sunday, October 31, 1971, 11 a.m. at the Friona Assembly of God Church, the Reverend J.M. Ashley, pastor, has announced.
Stafford, his wife Kathleen, and their three children were active in Bible school work, evangelism, and the establishing of churches during their past term of missionary service in Malaysia and Singapore.

The Staffords spent their first two terms in Burma where they pioneered and established the Assemblies of God evangelistic center in Rangoon. Mr. Stafford also served seven years as the superintendent of the Assemblies of God of Burma. After nine years of service they left the country in 1966 along with all other missionaries, but the evangelistic center continues to grow and reach out under the leadership of the national pastor.

Stafford is a graduate of Southwestern Assemblies of God College in Waxahachie, Texas. Some post graduate work has also been done by Mr. Stafford at West Texas State University and Texas Technological University. Prior to receiving missionary appointment, the Staffords pastored in Amarillo and Lubbock, Texas.
Slides, curios, and costumes from the Far East will be featured as a part of this special missionary service. Rev. Ashley invites the public to attend.

The Library Corner
BY MRS. VON EDELSON

The Library does not limit its cultural interests to the written word. On occasions, there have been art displays hanging in the Library. Soon we will have art displays on a regular basis so the next time you are in the Library, please take notice!
Since the wet weather seems

to be never-ending, and many of you farmers are not busy, have you thought of picking up a book? The Library has 5800 books so maybe you can find one to hold your interest.
The Library has a wide variety of books. How about "Yoga and Common Sense" by Ina Marx, or "The Shadow of Victoria Holt," or "The Complete Book of U.S. Coin Collection." For the history buffs, we have a new series of books on Texas History from 1519-1965.

It's A Girl For Monroe Youngs

Mr. and Mrs. Monroe Young became parents of a baby girl at Parmer County Community Hospital Friday, October 22. She was named Tara Michelle and weighed 6 lbs. 6 ozs.
Tara has two older brothers, Tommy, 8, and Todd, 3. Her grandparents are Mr. and Mrs. Noah T. Young, Friona, and Mr. and Mrs. Dave Hicks, former Friona residents, who now reside in California.
Mrs. Young and Tara were dismissed from the hospital Tuesday morning.

Johnsons Attend Bankers Convention

Mr. and Mrs. Leroy Johnson returned home Thursday from San Francisco, where they attended the 90th Annual Convention of The American Bankers Association, which was held October 16-20.
Johnson is a director and first vice-president of the First State Bank, Shallowater.
Mr. and Mrs. Harold Harriger and Mr. and Mrs. Jimmie L. Mason, all from Lubbock, accompanied the Johnsons to San Francisco. Harriger and Mason are also associated with First State Bank, Shallowater.

Sincerely Yours
By Rev. Albert Lindley

From time to time I try to do something in this article that will at least give you some hope that it isn't completely controlled by some crack-pot. There is a more intelligent side of me and on occasion I have been known to give it an opportunity to express itself.
Someone made this reference to a statement by William James, a noted American philosopher around the turn of the century, and it is so profound that I would like to pass it on to you.
Without knowing the exact statement, the gist of the thought was: "A physical act will deepen an emotional feeling that we have."
Of course, playing with a statement like that can get one burned because it can be carried into almost every area of life, but one must be responsible to the type of "physical act" that is used.
Apply it to some of the things you have a "feeling" for and see what happens. . . . Well, let me carry it back to the area that I am best acquainted with and the area in which the original statement by William James was directed-religious experience.
Will James wrote a book entitled, "Varieties of Religious Experience" in which he seeks to take man through the various channels, valleys, and mountain top experiences of the religious faith.
Without knowing for sure what Mr. James used as the other side of the coin (there is always another side.) and if he didn't present the other side, he should have and it would certainly have been something like this: "To fail to express physical action because of an emotional feeling will lessen the depth and significance of that feeling." Agree?
You need an example?
Men, have you given flowers, verbal or literal, to your wife lately? Any expression of love?
Ladies?
Or what about our country? The JFK statement will always hold truth. . . . ask what you can do for your country."

. . . a physical act backing an emotional feeling.
Boys play football for good ole FHS--girls yell themselves hoarse--the band beats its drum--see how it goes?
We sing the "Star Spangled Banner" and wave Old Glory, physical acts, but we must go to the polls also and contact our congressmen and share in the life of our nation, state and community, physical acts deepen our emotional feelings. . . . Not utilizing any form of physical activity will tend to lessen our feeling, and these must be physical acts, not just thinking it out, but don't forget to think before you act. . . . Much chaos comes from a failure to think before acting. . . .
Now, back to religion again.
See how meaningful this thought becomes when applied to our relationship with God and his world?
There are various physical attitudes of prayer, there are ways to worship God, I even hold ever so meaningfully, the attendance of a worship service, the physical act of taking communion or joining the church at the altar and Baptism. . . . physical acts. . . .
Ever notice how "cool" your religion becomes because you have stopped your physical act of attending and you no longer have a "physical act" of what was at one time a "deep emotional feeling"?
Go back to prayer again. How do you pray? How "physical" do you become in your preparation? When you go to church, how "physical" do you participate in the worship service? . . . or have you gone to see the "show" put on?
I'm not calling forth alot of exhibitionism but just some activity in response to your Christian Faith. You can't deepen your faith by contemplating on it all day or nating yourself on the back. . . .
Something should also be said about the "TYPE" of physical act for an expression, one can go all about it in a most destructive way, but I'm out of space. . . . You think it over. . . .
"A physical act will deepen an emotional feeling that we have." Try it!

Chiefs Refuse Gift; Abernathy Wins, 16-8

Team Doesn't Cash In On Turnovers

Abernathy tried its best to give the ball game to Friona's Chiefs here last Friday, but the Chiefs just wouldn't take it.

Final score was 16-8, in favor of Abernathy. The game might be the last between the schools for a number of years, and was only the third win for the Antelope over Friona, to five wins for the Chiefs.

Abernathy dominated the first half action, leading 7-0 at the intermission, but after stretching their lead to 16-0 on another touchdown and a controversial safety against Friona, the 'Lopes fell completely to pieces.

Had Friona been able to cash in on just half of their scoring chances, the score would have been something like 21-16 in their favor.

The Chiefs had one good scoring chance in the first half, after Bill Bailey blitzed Abernathy quarterback Joe Riley and recovered the ball for Friona at the Antelope 21. However, fourth down found the team back at the 28, and a Johnny Bandy pass was intercepted to end the threat.

Abernathy took the opening kickoff and quickly marched 56 yards for a 7-0 lead. In the third quarter, after recovering a Chiefsain fumble, the 'Lopes went 30 yards in five plays to make it 14-0.

On the kickoff, James Sims fielded the ball, which carried him into the end zone, and knelt down for an apparent touchdown. However, officials ruled a safety, gave Abernathy two more points, and instead of having the ball, Friona had to kick from their own 20.

The story of the game was wrapped up in the final period.

Early in the quarter, Abernathy had the ball at the Friona 24 when they went to the air. Defensive back James Bartlett picked off the pass at the Friona 10, and headed up the east sideline.

Bartlett ran past two would-be tacklers, and appeared to be headed for a touchdown when Antelope caught him from behind at the Abernathy 23—after a 67-yard run.

Friona still had a first down

at the Antelope 23, but on fourth down from the 20, a pass fell incomplete in the Abernathy end zone.

On Abernathy's first play, Riley was hit, fumbled, and Friona was back in business at the Antelope 14. Again taking to the air, three pass plays failed to gain, and on fourth down, Royal was caught for a yard loss, and this chance went for naught.

A few minutes later, Friona again came into possession of the ball after a fumble, and capitalized on the break for the only time during the game. Bandy hit Larry Fallwell for 12 yards and a first down. He then ran 10 yards to the three and Bailey ran it in for Friona's TD. Bailey also ran for two points and the score became 16-8 with but 3:49 left in the game.

With all the fumbling, fans knew there was still time for Friona, and sure enough, Abernathy turned the ball back to the Chiefs on first down. The team drove to the Abernathy 31, but a costly delay of game penalty slowed the drive, and Bandy had a pass intercepted at the Abernathy five.

The Chiefs got yet one last chance, with about a minute to play, getting the ball at the Abernathy 28. Bandy hit Royal on a 16-yard gain to the 12. Finding receivers covered, Bandy ran the five on third down, with the clock ticking away.

The Chiefsain quarterback forgot what down it was, and on fourth and two, he threw a quick pass, intending to stop the clock. But alas, it also ended the threat, and the ball game, for Friona.

Abernathy was held to only 13 net yards rushing in the second half by the blitzing Chiefsain defense, led by Bailey.

THURSDAY, OCTOBER 28, 1971, PAGE 6

A SHADE LATE... Willie Bailey (50) charges Abernathy quarterback Steve Riley (12), but the Antelope signal-caller had already got rid of the ball on a pass play. Mike Martin is coming up on the left to try to help out.

HAS 95-YARD RUN

Waggoner Runs Wild In Freshman Victory

Eddie Waggoner paced the Friona Freshmen Chieftains to a 34-14 win over Olton's freshmen in a game at Chieftain Field last Thursday.

Waggoner ran the opening kickoff 95 yards for a touchdown, and Friona was never headed, bolting to a 28-0 half-time lead and letting their subs see a lot of action.

Leading 6-0, Friona recovered an Olton fumble in the first quarter, and quickly went 38 yards, with Bandy passing to Gene Strickland on a 36-yard touchdown play. Kevin Welch ran for two points making it 14-0.

On the third play of the second quarter, Clay Bandy pitched out to Welch, who dashed 65 yards for a touchdown. The play almost busted, but ended up working like a charm. Waggoner ran the points, and Friona led, 22-0 with 9:00 left in the half.

Friona drove from its 13, going 87 yards in six plays for another TD before the half ended. Bandy passed to Gene Strickland on a 29-yard gain for the touchdown. The point try failed, but it was 28-0 with 32 seconds left in the half.

Subs took over in the third quarter, and Olton drove 62 yards to break the scoring ice. The starters came back in for a time in the fourth quarter, and drove 78 yards in only four plays. The big play was a 52-yard gain by Waggoner on a double reverse, which worked for six points. This left the score at 34-6 with 4:59 left in the game.

Subs again took over, and Olton drove 74 yards in the fading minutes for another score, making the final score, Friona 34, Olton 14.

In addition to his 95-yard kickoff return, Waggoner led the team in rushing with 126 yards in only six carries. He also caught a pass for 32 yards and ran a two-point conversion. Welch gained 75 yards in only three tries, and Bandy had 30 yards in five tries.

Hereford Team Overpowers 7th Graders, 22-6

Friona's seventh grade Braves scored a late touchdown to avoid a shutout, but Hereford Stanton scored a 22-6 win in a game played here last Thursday.

The Hereford team scored touchdowns in the first, second and third quarters. Friona's score came late in the game with time running out.

The Braves had a chance to cut Hereford's lead at the start of the second half, recovering an onside kick at the Hereford 48. Leslie Broadhurst ran 40 yards, but was caught at the Stanton eight.

However, four plays found the team back at the 12, and Stanton took over. They not only took over, but ran 88 yards on the first play for a TD, to put the game out of reach.

With time running out in the final quarter, Phillip Hand hit the Hereford quarterback and the ball squirted into the end zone. Keith Martin recovered the ball, and Friona got a touchdown.

Broadhurst tried a two-point run but was stopped short. Friona tried an onside kick but this time the ball didn't go far enough and Hereford took over.

SQUAWS INVITED Queens' Cage Clinic Slated

PLAINVIEW—The Wayland Baptist College Hutcherson Flying Queens are getting set to pop the nets of a new season as they limber up the area high school girls basketball program with a clinic next week.

It will be the fourteenth annual Flying Queens clinic conducted by coach Harley Redin and his players in the new Hutcherson Physical Education Center on the Wayland Campus, Nov. 6.

Registration begins at 9 a.m. and Redin will follow with a session on basic basketball fundamentals. The 1971-72 Flying Queens will give demonstrations and performances through the day.

The afternoon agenda slates games among eight Plainview area high school teams. Scheduled are: Claude vs. Robinson, Canyon vs. Sanford-Fritch, Spearman vs. New Home and Friona vs. Canyon.

Redin has coached the national champion Queens to a record of 384 wins and 52 losses in his 16 years at the helm. Last summer he was coach of the United States

women's team in the Pan American Games in Cali, Colombia. With six of his own Flying Queens at the team's core, the U. S. girls finished second.

The Flying Queens are defending National AAU Champions, having held the title for the last two years. They were national champs five times before that and runners-up seven times. They have won the Amarillo National Invitational tournament all three years of its existence, and have had 30 all-Americans since 1950.

Returning to pace this year's Queens' edition are a couple of senior all-Americans, guard Susan Britton from Springlake-Earth and forward Cheri Rapp, from Estelline. They will also serve as co-captains.

Also returning are juniors Marcia Shieldknight, Spearman; Sherry Stark, Quitaque; Mary Williams, Tullia, and sophomores Janice Beach, Elmer, Okla.; Mary Jane Stradell, Louise, and Annette Krosker, Enid, Okla.; and Kathy Dauphin, Moore, Okla.

FOR DISTRICT TITLE

Littlefield-Floydada Shootout Is Looming

Like a pair of Old West gunslingers heading into town from opposite directions, the District 3-AA shootout between Littlefield and Floydada looms larger with every passing week.

But to set up that Nov. 5 confrontation, both must watch out for ambushes this week. Littlefield is especially wary.

The two teams marched through to victories last week, with Floydada continuing unbeaten in district. The Whirlwinds are now 4-0 in district (6-1 for the year) and Littlefield hangs just a step behind at 3-1.

Floydada took care of its closest challenger last week, as it bruised to a 28-13 win over Olton. Olton had come into the contest with a 2-0-1 record and now shares third with Abernathy at 2-1-1.

Abernathy is the team Littlefield must hurdle this week, and the head man at Littlefield knows it.

"They'll be the biggest team we'll play. Big line...big runningbacks. And Bobby Rogers is a big, strong runner. They get the ball to him a lot, and he just wears you down."

"This has to be a big ball game for us: we can't look ahead, because we know that Abernathy is capable of beating anybody."

Littlefield came up with a top defensive effort in stonoring Dimmitt 34-3 Friday night, while Lockney turned back Morton 21-14 and Abernathy stopped Friona 16-8.

Lockney, fighting to the 2-2 level in district, Lockney out-gained the Indians 343-275 in total yardage and built a 21-7 lead going into the fourth quarter.

The Longhorns' Charlie Matthis led his team with 108 yards rushing and Morton's Kevin Kuhler carried 15 times for 107.

Lockney fullback Pat Bennett scored twice.

Rogers, the man Blakely fears so much, scored both Abernathy touchdowns in running his seasonal total to 70 points.

Floydada limited Olton passer Steve Stockdale to only 97 yards (10 of 17) and came from a 13-0 deficit in keeping alive its streak of district victories. The Whirlwinds haven't lost a league game since 1968.

Olton lost three starters with injuries, fullback Marlos May, guard Gale Long with a knee and end Randy McCoy.

Floydada passed the scoring around, as every member of the starting backfield—quarterback Rick Watts, halfbacks Van Mitchell and Walter Harris and fullback Jim Kunkel—crossed the goal once.

Ralph Funk gained the biggest chunks of yardage, but Littlefield's backfield ace last week was fullback Dennis Hartley. Funk's credentials were 20 carries for 224 yards and three touchdowns. The scores measured 66, 73 and 24 yards from scrimmage.

"But Hartley had as good a night as any," claimed Blakely. "He returned one punt (85 yards) and intercepted a pass, and caught one pass for a touchdown (50 yards), and he also gained 70 yards on only six carries. He was an exceptional blocker all night and he also plays in the secondary," said Blakely.

"We had a real great defensive effort, though: we really did."

Should Littlefield and Floydada get by their games this week, the big shootout for the championship and a playoff spot will be on the line in Littlefield November 5.

Scores Better In Star's Weekly Fete

Scores improved considerably last week in the Friona Star's football contest, with 13 of the 14 contest games.

Jerry Brown and Jim Johnson were the two who tied the season's high score. Brown claimed the weekly first prize of \$5.00, by guessing the Friona-Abernathy score within three points. Johnson had to settle for second prize money of \$3.00.

Mrs. Joa Hones of Tullia, entering for the first time, took third place with a score of 12.

Others correctly picking 12 games were Jack Clark, Bill Bailey, F.C. Crofford, Dean Blackburn, Raymond Milner, Gene Strickland, Wright Williams, Rickie Carr, Albert Johnson, Benny Pryor, Laverne Mabry, Floyd Reeve, Jerry Hinkle, Mrs. B.C. Hartwick and Melba Smiley.

Clark, who gained 35 places the week before by picking a slew of upsets, came up to tie for the lead this week with his score of 12. He is tied with L.F. Jacobs for first place. Former leader John Frazier fell back to a seven-way tie for second with a weekly score of nine.

Based on Clark's showing, contestants would be wise to "hang in there," with five weeks remaining in the contest this season. Anything can happen, and many teams are approaching their traditional and crucial conference games.

CONSERVATIONIST, . . . C.C. Matthews of the Lazbuddie Community is a typical cooperator in the Great Plains Conservation program. Matthews is shown proudly watching his cattle graze on irrigated pasture grass, cost-shared through the SCS program.

Applications Accepted For Conservation

The Soil Conservation Service is now taking applications for participation in the Great Plains Conservation Program. The Great Plains Conservation Program provides cost-share assistance to help a producer accelerate land treatment on his farm or ranch.

The program provides government cost-share for such practices as pasture planting, range seeding, parallel terraces, waterways, fences, stock ponds, livestock water wells, land leveling and irrigation pipeline. Cost-share under this program is up to 80 percent of the total cost.

Friona SCS personnel expect new appropriations to be forthcoming by spring of 1972. Interested persons are urged to apply soon because funds are limited and the program is on a first come first served basis. For more information on the Great Plains Conservation Program, contact the Friona Soil Conservation Service office.

Emergency Preparedness To Be Meeting Topic

R.A. Koonce, field consultant with the Division of Civil Defense and Traffic Safety of the State Department of Health, will present a special program on emergency preparedness on Thursday, November 4 at the Grade School Cafeteria.

Koonce will encourage community awareness and concern toward the life-or-death importance of well coordinated local emergency services.

A film will be shown which dramatically illustrates how a small town saw the need for better emergency care and worked to fulfill that need.

"With the tragic storms and near-tragic storms in our immediate area, the people of Friona should be concerned about emergency situations," says Fire Chief Ralph Shirley.

Shirley said that Koonce's film and comments could help the people of Friona decide what needs to be done to improve their emergency preparedness, and how to go about it. The

film is entitled "Before the Emergency."

"This program can help Friona act before it is faced with a real emergency," Shirley says.

The fire chief points out that 20,000 accident victims die each year as a direct result of inadequate emergency care, and at least another 25,000 are permanently disabled from the same cause.

"These are alarming statistics, and communities can do something to change them," the local fire chief said. The public is invited to attend the coming meeting.

A Plugged Nickel?

Although an ordinary "nickel" is worth only five cents, there are five "nickel" coins valued at \$50,000 apiece. This came about because five unauthorized Liberty Head "nickels" were minted in 1913, the year the Buffalo design took over. The "nickel" is actually 25 per cent nickel and 75 per cent copper.

At Home In Parmer County
Jana Pronger

What to do with 8 billion, 400 million pounds of rice? That's what we've got on hand these days!

The U.S. Department of Agriculture's Consumer and Marketing Service reports plentiful supplies of rice for November. Some of that rice will be sent overseas, where people really are rice eaters!

But we've still got a lot of rice to eat up, to get the abundant supplies off the grocer's shelves and onto dinner plates, or soup bowls, or dessert dishes.

- There are so many ways you can fix rice:
- *Cook rice in tomato juice and serve topped with cheese sauce.
 - *Serve creamed salmon, hard-cooked eggs, peas, and pimento over hot, fluffy rice.
 - *Pour hot chili con carne over cooked rice.
 - *Pour hot pea soup over rice and add fried luncheon meat.
 - *Mix sweetened, cooked rice with whipped cream and layer in parfait glasses with cling peach slices.
 - *And don't forget good old rice pudding!
- Try this recipe for Old Fashioned Rice Pudding:
- 4 eggs, beaten
 - 1/4 teaspoon salt
 - 1/3 cup sugar
 - 2 teaspoons vanilla
 - 1-1/2 teaspoons grated lemon peel
 - 3 cups milk
 - 1-1/2 cups cooked rice
- Combine eggs, salt, sugar, vanilla and lemon peel in a buttered 2-quart casserole. Combine milk and rice. Stir into egg mixture. Set casserole in a pan of hot water filled to within 1 inch of top of casserole. Bake uncovered at 300 degrees F. for 1-1/2 to 2 hours. After first 30 minutes insert spoon at edge of pudding and stir from bottom. Near end of baking time insert silver knife, if it comes out clean, pudding is done. Serve hot or cold. Makes 6-8 servings.

BY SECRETARY HARDIN

Details Given For '72 Grain Program

Washington, Oct. 18.—Secretary of Agriculture Clifford M. Hardin today announced a feed grain program for 1970 designed to increase farm income and reduce carry-over stocks.

The new program raises the feed grain set-aside to 25 percent of the base (20 percent this year), boosts set-aside payments (40 cents per bushel for corn from 32 cents this year), brings barley into the feed grain program, adjusts loan levels for grain sorghum and barley (consistent with the feeding value of corn), extends farm stored grain resale provisions, and offers farmers two new options to set aside additional acreage beyond the minimum qualifying 25 percent.

The program is designed to achieve a feed grain set-aside of at least 38 million acres in 1972 compared with 18.2 million acres this year.

The new program continues corn loan levels at \$1.08 (No. 2 basis) and the guarantee at \$1.35 per bushel. The soybean loan level will be maintained

at \$2.25 per bushel.

The feed grain program will work this way:

1. During sign-up, starting Jan. 17, a farmer can decide whether to set aside a minimum 25 percent of his feed grain base acreage to qualify for loans and payments.

Loans will be \$1.08 per bushel for corn (No. 2 basis), the same as in 1971; \$1.79 per hundred-weight for grain sorghum (\$1.73 in 1971); 86 cents per bushel for barley (81 cents in 1971); and 54 cents and 89 cents per bushel, respectively, for oats and rye (the same as in 1971).

Set-aside payments will be 40 cents per bushel for corn, 32 cents per bushel for barley, and 38 cents per bushel for grain sorghum. These are paid on the established farm yield times one-half the barley, corn or grain sorghum base. Payments in 1972 will again be made to farmers as soon as possible after July 1.

2. At sign-up time, the farmer can agree to set aside an additional amount of acreage.

up to 10 percent of his corn or grain sorghum base and up to 20 percent of his barley base.

The government will accept this additional voluntary acreage set-aside at sign-up time and will make set-aside payments for corn of 52 cents per bushel times the established farm yield on the additional voluntary set-aside acreage. Set-aside payments for barley will be 42 cents per bushel and for grain sorghum 49 cents per bushel, also figured on the established farm yield times the additional voluntary set-aside acreage.

3. Also at sign-up time, the farmer may offer to set aside still another 5 percent or 10 percent of his corn or grain sorghum base acreage. The Secretary of Agriculture will announce by mid-March, whether to accept any of the additional acreage. This will give the Secretary greater flexibility in reducing acreage to make the program most effective. Set-aside payment rates will be the same for this additional voluntary set-aside as under option No. 2 above.

Payments to farmers under options No. 2 and No. 3 will also be made as soon as possible after July 1.

The 1972 program offers flexibility greater than the 1971 program, both to the farmer and to the USDA, Secretary Hardin said. "The farmer is allowed to plant whatever crop he wishes on that part of his farm not in set-aside or conserving base. Soybeans have been added to the list of crops which may be planted to protect the feed grain base or wheat allotment."

The various options in the feed grain program for 1972 will help offset this year's record feed grain production, Secretary Hardin said. "In 1971 farmers took advantage of

exceptionally favorable early planting conditions, and increased their corn plantings by 11 percent in anticipation of heavy damage from Southern Corn Leaf Blight, which had cut 1970 corn production. Although the blight infection was widespread by mid-summer this year, one of the coolest and driest Augusts on record in the Corn Belt arrested the blight during the most critical growing period and turned a possible crop disaster into a record harvest.

"The feed grain program will give farmers maximum freedom to choose how much acreage they will plant in 1972 and what they plant. At the same time, it permits the Department of Agriculture to exercise a choice in adjusting the program ahead of planting to make it the most effective for farmers."

Secretary Hardin further announced that again next year, farmers will receive set-aside payments as soon as possible after July 1.

"Early payments have become part and parcel of our farm programs," Hardin said. "They have proved a benefit to the farmer and the agricultural economy by helping the farmer meet production expenses, and with the commodity loan, market his product in an orderly manner."

By making it possible for farmers to plant crops in terms of market potential and productive capacity, while retaining program benefits, producers are able to plan their farm operations for the best possible return on their investment, the Secretary pointed out.

Participants in the 1972 feed grain program will be guaranteed a national average of \$1.35 per bushel on the production from one-half of their corn base, the same as in 1971, and \$2.29 per hundredweight on one-half of the farm's grain sorghum base. Producers will be guaranteed \$1.10 per bushel on one-half of their barley base.

In another action to promote the "orderly marketing" of wheat and feed grains, farmers have been given the option of extending their loans on farm-stored commodities beyond the regular maturity dates. In the case of corn, loans on the 1969, 1970 and 1971 crops in farm storage are extended to May 31, 1973. Loans are extended through the 1972-73 storage period on the 1968 through 1971 crops of wheat, barley and oats under farm storage resale programs. Loans are extended through the 1972-73 storage period on the 1969, 1970 and 1971 crops of grain sorghum under farm storage resale programs.

Because of the close relationship between feed grains and soybeans the Secretary also announced that the loan level for 1972-crop soybeans will be at a national average of \$2.25 per bushel, No. 1 grade, 12.8-13.0 percent moisture. Because of the limited supply of soybeans for the current 1971-72 marketing year and relatively

ARISTO FOODS

MBP Leases Plant At Holton, Kansas

At a luncheon held in Holton, Kansas last Thursday, attended by the members of the City Commission and Chamber of Commerce of the city of Holton, a joint announcement was made that effective Monday, October 25, Aristo Foods, Inc. will sublease its meat processing plant at Holton known as "Kansas Meat Packers" to Missouri Beef Packers, Inc. The sublease of the facilities provides

a four year term with options for renewal.

MBP was incorporated in 1966 at Rock Port, Missouri and operates beef processing plants in Rock Port, Mo., Friona and Plainview, Texas and is listed in Fortune Magazine's 500 largest industrial companies. The stock of Missouri Beef Packers is listed on the American Stock Exchange and the company reported sales for the nine-month period ending July 24, 1971 of \$210,055,058 with earnings of \$1,275,438 or \$1.11 per share.

Aristo Foods, Inc. opened the Holton facility August 17, 1970 as a wholly owned division of its parent company with offices at Topeka, Kansas. Aristo is a diversified company with divisions of Pioneer Cheese Company, Stevenson Company and a general restaurant division, all being headquartered in Topeka. Aristo Food Management indicated their endeavor in securing a sublease was promoted by a desire to consolidate and expand operations in the other three major divisions of the company. This action is a continuation of a general reorganization that has taken place at Aristo during the last six months.

Set-aside payments for a farm will be determined by multiplying one-half the feed grain base times the farm yield times the payment per bushel. As in 1971, participants in the 1972 set-aside program will receive the full payment regardless of what they plant on their acreage, except for quota crops. However, the 1970 Act provides that farmers who plant less than 45 percent of their feed grain base in 1972 to feed grain, wheat or soybeans, will have their 1973 base reduced by the amount of the underplanting, up to 20 percent of the base. If no feed grain or authorized substitute crops are planted for three consecutive years, the entire base is removed from the farm. All base acreage lost by farms will be placed in a national pool for reallocation to other farms which plant feed grain.

Having met the set-aside and conserving base acreage requirements for feed grain, however, a producer may plant as much feed grain acreage as he wishes, or as much of any other crop not restricted by quota. Acreage which is not planted due to a natural disaster, or a condition beyond the control of the producer, will be considered planted to feed grain to preserve the base, and any producer who makes a set-aside but elects to receive no payment will not suffer loss of base.

As in the 1971 program, a producer may participate in the 1972 feed grain program on any farm or all farms in which he has an interest.

The Agricultural Act of 1970 limits feed grain payments to any person to \$55,000. The limitation of payments provision does not apply to loans or to sales of eligible feed grains to Commodity Credit Corporation.

Simultaneously with his announcement of the 1972 feed grain program, Secretary Hardin also announced the upland cotton program for 1972.

The Secretary said farmers who take advantage of the management options offered under the 1972 feed grain and cotton programs should benefit from the anticipated effects of the Administration's economic stabilization program. This program he pointed out, is designed to hold down inflation and stabilize production costs.

The feed grain and cotton programs for 1972 are being announced early this year to give farmers more time to make important decisions about planting and agricultural financing.

HOSPITAL REPORT

Admissions:
Billy Armstrong, Friona; Lavonia Hand, Friona; Raul Beltran, Hereford; Jackie James, Friona; Sharon Young, Friona; Dixie Stewart, Texico; Myrtle Rauh, Friona; Betty Smith, Friona; Enos Chapman, Claude; Hope DeLeon, Bovina; Aurora Terozos, Texico; Joe Sampson, Bovina; T. Thirteen Attend Thursday Meeting

Thirteen members of Black Study Club were present for the Thursday afternoon meeting in the home of Mrs. T. J. Presley, Black.

Roll call was answered with a display of unusual dried flower arrangements.

Mrs. Tommy Tatum then presented a demonstration of making shadow boxes and explained the proper way to dry wild flowers or small flower garden blossoms.

Plans were made for a Thanksgiving Tea, which will honor older women of the community. It will be held at 2:30 p.m. Thursday, November 18 at Federated Club House.

Others present were Mrs. Gene Welch, Mrs. Helen Fangman, Mrs. Emma Elmore, Mrs. Bill Carthel, Mrs. John Bengler, Mrs. Clyde Hays, Mrs. Cliff Allmon, Mrs. Harry Lookingbill, F.W. Barnett, Johnny Mars and Rosco Ivie.

MRS. FRED JACKSON

Halloween Program Is Meeting Highlight

Highlight of the Thursday evening meeting of New Horizons Junior Study Club at Federated Club House was presentation of skits depicting the history of Halloween.

The skits, which were based on superstition, were presented by Mrs. Kenneth Ferguson, Mrs. Jimmy Maynard and Mrs. Jimmy Eynum. The first one explained the tradition of having Jack-O-Lanterns on Halloween night.

"For Lazy People Only," was the title of the glad tidings, which was presented by Mrs. Edwin Morrison, who also led repetition of the club collect in unison.

What Does The Bible Say?

The loyalty of a citizen is determined by his obedience to the laws of his country. One is not loyal to his country who practices flagrant disobedience to its laws. Likewise, one cannot be loyal to the Lord and at the same time neglect or disobey His laws.

The best possible test of loyalty is obedience to a law simply because obedience is demanded. Where common sense can see the fact that obedience to law is profitable, any reasonable person will comply with the law; but the real test of loyalty is obedience which is prompted only by one's faith in the authority of the law.

To illustrate the principle: there is no visible or logical connection between the ordinance of baptism and the remission of sins. Yet Jesus has said, "He that believeth and is baptized shall be saved." So one obeys the commandment not because he can see the logic in it but because it is a law of the Lord and only those who are blessed who obey his commandments by faith.

Questions invited. Address: "What Does the Bible Say," Box 515, Friona, Texas 79035.

JOAN GAIL BROOKFIELD, .. Mr. and Mrs. Floyd Brookfield, 1208 West Seventh Street, have announced the engagement and approaching marriage of their daughter, Joan Gail, to Richard Davis Browning, son of Mr. and Mrs. Robert D. Browning, Dallas. The couple plans to exchange wedding vows at Friona United Methodist Church at 5:00 p.m. Friday, December 31. Wedding invitations are not being mailed locally, but relatives and friends are being invited to attend.

Out-Of-Town Visitors

Present Club Program

Mrs. Mary Cobb and Mrs. Julia Hartley, both of Lubbock, presented a program at the Tuesday evening meeting of Modern Study Club at Federated Club House.

State named patterns in Early American pressed glass were displayed and discussed.

Mrs. Fay Reeve directed the invocation.

Another guest, Mrs. James Andrews, was the soloist. She

sang "Oklahoma," and "The Battle of the Alamo." She was accompanied by Carol Reeve, pianist.

Other guests were Mrs. Jack Moseley, Mrs. Norman Kothmann and Mrs. Herschel Johnson, Friona, and Lora Mae McFarland, Clovis.

Refreshments were served to the guests and 17 members by hostesses, Mrs. Wright Williams and Mrs. Deon Awtry.

Meeting Slated For Child Care Council

The Panhandle Coordinating Child Care Council will meet at the Texas Panhandle Community Action Corporation Office, 1605 West Seventh Street, Amarillo, Saturday, November 6, 1971 from 10:00 a.m. until noon.

This meeting is the first quarterly membership meeting and is open to the public. The invitation is extended to anyone who is interested in or involved with child care services for children in the Texas Panhandle.

According to the president of the council, Cal Yokum, chief

psychiatric social worker, Kilgore Children's Psychiatric Center, Amarillo, the agenda for the meeting will include a summarized report of small workshop groups at the last meeting concerning the needs and training of people who care for children.

Representing Parmer County on the Public Relations Committee is Pearl Cervantez, Bovina Neighborhood Center.

ESA Meets In Regular Session

The Sigma Upsilon Chapter of Epsilon Sigma Alpha met for its regular business meeting Tuesday in the community room of Friona State Bank.

The program, "A Time For Coiffeur," was presented by Mrs. Paul Galyon with special guest, Mrs. Bill Nicholas as model.

Refreshments were served by the hostesses, Mrs. Mike Stephens and Mrs. Paul Galyon.

AUSTRALIAN VISITORS. .. Seated, left to right, are Joyce Turner, Pam Seggie and Youle Botnamley, residents of Australia who visited in Friona this week. Standing are two of the trio's hosts, Pat and Judy Phipps. (See story, Page 1)

New officers have been elected for the Baptist Women at Calvary Baptist Church. They are Mrs. Phil S. Phipps, president; Mrs. Buddy Stow-

Mrs. Dale Cary Will Be Speaker

Mrs. Dale Cary, who will be representing Friona United Methodist Church, will be the guest speaker at the Friday afternoon meeting of interdenominational Church Women at Calvary Baptist Church.

Her theme will be "Love Is Now."

The devotional will be presented by a representative of First Baptist Church.

Special music will be provided by representatives of Calvary Baptist Church.

The meeting, which will begin at 2:30 p.m. will be open to all women in the Friona area.

ers, mission study chairman Mrs. Kenneth Ferguson, mission action director; and Mrs. Edwin Livengood, mission support chairman.

Also Mrs. R.M. Waller and Mrs. Morris Deaton, group leaders; Mrs. Dean Shipp, Baptist Young Women secretary; Mrs. V.M. Ferguson, Women's Missionary Union secretary; and Mrs. Paul Williams, Women's Missionary Union director.

Plans are being made for all officers and members to attend an associational workshop at Lazbuddie Tuesday, November 2. Conferences are being arranged for all age level groups in the morning.

In the afternoon Marge Caldwell, who is Southern Baptist's Phyllis Diller, will be the guest speaker.

All women are being urged to attend by Mrs. Phipps.

MR. AND MRS. E. G. ADAMS

Local Couple Honored On Sixtieth Anniversary

Mr. and Mrs. E.G. Adams, 1301 North Main, were honored with a reception in the home of Mr. and Mrs. Bob Rule, 1206 Elm Avenue, recently. The couple were observing their sixtieth wedding anniversary.

Refreshments of hot spiced tea, cookies, nuts and mints were served by the reception hosts, Mr. and Mrs. Rule and Mrs. Lola Doris Knapp, also of Friona. Mrs. Rule and Mrs. Knapp are daughters of the honored couple.

The serving table was covered with a white linen cloth and centered with a bouquet of red roses and a horse and buggy arrangement which depicted events on the day of their wedding.

Mr. and Mrs. Adams were married October 12, 1911 in a cotton field near Altus, Oklahoma. Plans had been made for a home wedding, but since it was necessary for Adams to go into Altus to buy tickets for a proposed trip to Washington state, he purchased the marriage license in the same town.

Later it was learned that it would be necessary for the wedding vows to be exchanged in a different county from the one the bride's parents lived in, so some plans had to be changed. Finding a preacher turned out to be quite a problem and by the time one was located, train time was very near.

The preacher, who was a cotton farmer, was busy harvesting his crop, but took time to perform the ceremony with his children as witnesses and the young couple made it to the depot on time.

They lived in Washington until 1930. At that time they moved to the Syndicate Hotel as operators and stayed there until 1935. From there they moved to Weslaco and later to Freeport.

After Adams retired from Dow Chemical in 1966, the two moved back to Parmer County and have lived in their present home.

A family reunion was held in conjunction with the reception. Out-of-town relatives present

were: Mr. and Mrs. Ray Adams, Idylwild, California; Mrs. Ida Wicklund, Raymond, Washington; Miss Jessie Adams, Idylwild, California; Wayne Knapp, Ann Arbor, Michigan; Mr.

and Mrs. Fred Davis, Saline, Michigan; Mr. and Mrs. Dick Murphy, Amarillo, Texas; Douglas Murphy and Shannon Murphy.

Fifty to sixty people called locally.

Byron E. Brewer Serves In Germany

Army Private Byron E. Brewer, 23, son of Mrs. Wens D. Brewer, Friona, Texas, is participating with more than 11,000 troops in Exercise Reforger III in Germany.

PFC. Brewer is a medical aidman with the 565th Medical Company at Ft. Polk, La.

Upon arrival in Germany, the unit picked up equipment and vehicles and departed for the exercise site near the Czechoslovakian border. It is serving as a support unit for the 1st "Big Red One" Infantry Division from Ft. Riley, Kan.

Emphasis in the exercise was placed on testing procedures for receiving, assembling and deploying army units once they arrived, rather than on rapid air transport from the U.S. In the field maneuver phase of Reforger III, U.S. army units

from the U.S. and Europe and the Canadian 4th Mechanized Battle Group engaged in simulated combat with "Aggressor Forces" of the U.S. 1st Armored Division (regularly stationed in Germany) and the German 35th Panzer Grenadier Brigade.

Exercise Reforger III is the third annual operation in the series. The exercises are designed to fulfill U.S. commitments to NATO and those made in the 1967 Trilateral Agreement between the U.S., the United Kingdom and the Federal Republic of Germany.

Australian sheep flocks total about 150,000,000—about 12 per Australian! Over a quarter of the world's wool comes from that continent, which is the world's leader in wool production.

Jeannie C. Riley Is Coming To Muleshoe

Jeannie C. Riley, country and western singing star, and her Harper Valley Express, will be in Muleshoe Monday, Nov. 8, for two performances. Her appearance is sponsored by the Business Activities Committee of Muleshoe Chamber of Commerce.

Miss Riley rocketed to stardom with the ballad "Harper Valley P-T-A" in 1968 and national recognition of her sparkling personality and singing talent. She made her debut as an amateur, in Anson, a small West Texas town, as a teenager. The popular, vivacious miss was always ready and willing to perform on charity, civic and social occasions, say the Muleshoe sponsors. She will appear at 7 and 9

p.m. in the Muleshoe High School Auditorium. Tickets for the performances are \$2.50 for general admission in advance and \$3 at the door. Reserved seat tickets are selling for \$4.

Reserved seats are numbered and holders of such tickets will be assured their seats will be vacant at the time of arrival. All tickets are sold on a first come, first served basis. Only 1,000 tickets will be sold for each performance.

Mail order tickets are available by writing Bob Stovall, 109 Ave. B, Muleshoe, Tex., 79347. Please enclose correct amount for tickets with order, says Stovall. Also state which performance, 7 or 9 p.m., is preferred. Tickets will be mailed by return mail.

Local Delegation Are Amarillo C-C Guests

The Amarillo Chamber of Commerce held its second Neighborhood Get-Together Saturday afternoon with some 270 persons from 48 area communities attending the event.

Attending from Friona were Mr. and Mrs. Ralph Shirley, Mr. and Mrs. Russell Bryant and Mr. and Mrs. Nelson Lewis.

Visitors came from as far north as Perryton, south to Muleshoe, west to Dalhart and east to Childress.

Meeting at the Villa Inn on I-40 east, the group had a social hour and banquet to meet new officials and talk to persons who attended last year's program.

No formal program is prepared for the Neighborhood Get-Together, according to M.E. "Steve" Stevens, who is chairman of the area relations committee.

He said the visitors include county judges, mayors, city managers, chamber presidents, chamber managers and representatives of the news media from the surrounding communities.

Describing the program as an attempt to "create an atmos-

phere in this area which will be good economically and socially," Stevens said there is "no angle" to the hospitality.

"The greatest neighborhood in the world is the Texas Panhandle," Stevens said. He added that "if people get to know each other better, it has got to get better."

Meanwhile, Stevens said representatives of the local chamber have been visiting area communities to get acquainted with officials there. He said 30 to 40 communities have been visited and all areas will be included by the end of the year.

C. W. Dixon Returns Home

C.W. Dixon, who had been a surgical patient at Northwest Texas Hospital, Amarillo, for about three weeks, was dismissed and returned home Monday.

His condition is reported to be satisfactory by a member of his family.

The word stadium originally stood for a Greek unit of distance equal to 600 feet—the
