YIELDS WILL VARY

First Milo, Cotton In; Crops Need More Sun

With the beginning of school, and the recent rainy weather, the question was raised: "What became of the school's intention to pave the block west of the grade school, which becomes so muddy and messy every time it rains?"

Actually, the proposed paving was a victim of circumstances the past spring, but it is still in the mill.

School board members agreed last school year to pave the block, but to include it with the city's annual paving program.

What happened was the city, after surveying its streets, decided that it could get by without any paving (re-surfacing) this year. By maintaining a yearly program, city officials had the streets in pretty good shape, and skipped any street work for the first time in some nine years.

So, unfortunately, the school's paving job had no program to tie onto for this year, and officials thought the cost would be prohibitive to bring a paving crew in for just the one block.

The school's agreement to pave the block still stands, and hopefully will have a program to join by next spring. Meantime, if any individual or groups of families desire paving on their street, it would behoove them to contact the city office, and find out the possibilities of being included in a paving program.

Like most baseball fans, we're getting ready for the World Series, which begins this weekend. We were telling a non-baseball fan (the wife) this week that if you're an ardent fan, you can always tell by the click of the bat when a hit is going to be a home run.

Even if you're only watching the game on television, or listening to a game on radio. When you hear that certain "click," and it sounds just right—you don't need the announcer to tell you what happened.

You longtime baseball fans know what I mean. And if you do, please call my wife and tell her. She thinks I'm crazy.

Excuse another personal reference, but I must pass this one along. Our son Stanley has become a football fan this year, and he was at the game last Friday.

During the second quarter, when things weren't going so well for the home team, he asked his mother "Are we getting skunked?" She told him, no, we weren't getting skunked, since Friona had some points.

"Well, we must be getting 'raconned,' then," was his reply. And, come to think of it, that might be the best description we've heard about the terrible second quarter Friona had last Friday.

Former head coach Don Light was at the game last Friday. We enjoyed seeing him and having a short visit.

Don had us renew his subscription, and explained why he had let it lapse for quite some time.

"Every week we would get the paper, and the girls would read it and start crying, wanting us to move back to Friona. Finally, Donna and I decided we'd just let the subscription run out," he explained.

Have you ever wondered why it is that all headache remedy commercials are designed so that if you don't have a headache when the commercial starts, you will have by the time it is over? Those people aren't completely crazy.

And have you noticed that new cars are always pictured in the woods, at the beach, or some romantic setting—but never on a road. That would be too ordinary, apparently.

Charles Broadhurst says if you can remember having to go out to the well at night for a bucket of water, and you accidentally spill some water on your overalls and it freezes on them, you don't have to worry about the draft.

Harvest operations began in the Friona area during the past week, as first loads of milo and soybeans were received locally, and the first bale of cotton was ginned.

However, most crops still need to mature, and most farmers and agricultural leaders are hoping that a killing freeze will hold off for a few more weeks, to assist the crops in

maturing. Most crops are much later maturing than usual this year, due to late-season rain and unseasonably low temperatures during September.

Ed Clark brought the first bale of cotton to a Friona gin, a bale ginned last Saturday by Friona Farmers Co-op Gin. The cotton was grown at Black, and was among the crops in that area that sustained hail damage during September.

the city's first load of maize, a load he brought to Friona Wheat Growers last Thursday. J.E. McCathern of near Summerfield brought a load to West Friona Grain on Monday. Grain marketed has been a shade on the moist side, elevator operators said. It appears that it will still be a week or 10 days before harvest begins with any intensity.

V.J. Young, who farms east of Huh, brought the first load of soybeans to Friona Wheat Growers on Tuesday, September 28. Soybeans, like most of the other crops this year, appear to be pretty good.

Those were all of the "first loads" that the Friona Star had learned of.

Crops that have not been visited by hail still appear on the "bumper" prospect, but still need a break from the frost situation.

COUNTY SHERIFF

Charles Lovelace To Seek Re-Election

Chas. Lovelace, who is serving as sheriff of Parmer County, has authorized this newspaper to announce his candidacy to succeed himself, subject to the Democratic Primary next May.

In making public his candidacy for re-election, Sheriff Lovelace issued the following statement:

"In announcing my candidacy for nomination for the office of sheriff, subject to the will of the voters in the

CHAS. LOVELACE

Primary in May, I wish to express my sincere thanks and appreciation to the people of Parmer County and the surrounding area for the cooperation given me in the past—and if elected I pledge my continued best efforts and full time devotion to the duties of the office of sheriff of Parmer County in the future.

"I shall appreciate your support."

Chas. Lovelace

AT DIMMITT

Chiefs Try Rugged Bobcats Friday

Having had their baptism of fire in District 3-AA last week, the Friona Chieftains travel to Dimmitt this week, hoping in some way to make up for their 23-13 loss to previously winless Olton last Friday.

But Coach Bob Owen points out that Dimmitt will field one of the district's tougher teams. This was proved last Friday when the Bobcats held Floydada, district favorites, to a bare 6-0 score.

"Dimmitt is real tough defensively. Their offense hasn't been overpowering yet, but it has been adequate in most games," Coach Owen said.

The Cats held high-scoring Springlake to one TD and won the game on a two-point run, 8-7 the week prior to district openers.

Dimmitt seems to rely on halfback Daniel Frierson's speed. The Cats attempt to get Frierson outside in an effort to break him on long runs.

They also throw the ball a little more this year, with quarterback Jerry Matthews at the man-under slot.

Other backs in Dimmitt's full house are Nat Anes and David Nino, both of whom saw considerable action last season.

"Our boys realize now that from here on, every team we meet will be capable of dealing us a lot of misery," Owen said, in reference to the tough district schedule. Friona was

picked next-to-last in many pre-season polls.

"Mostly, Dimmitt is going to be remembering what we did to them last year," Owen said, in reference to the 14-0 upset Friona pulled on their home field. "They will be higher than a kite, and we'd better be, too, if we want to stay in the ball game," he says.

The Chiefs lost reserve corner back Oberlin DeLeon, who hurt his knee against Olton. He may be lost for the balance of the year. This was

a big blow to the team's depth situation.

Owen said that in spite of the one-sided appearance of last week's game, he was proud of many individual efforts, particularly Mario Perez and Willie Bailey on defense and Mike Royal on offense. These players turned in their best games to date. The Chieftains actually played Olton a close game statistically (see sports page), but as everyone knows who saw the game, the turnovers killed Friona.

SATURDAY

Rhea Engine Service Sets Grand Opening

June Wallace, owner and operator of Rhea Engine Service announces this week the grand opening at the company's new building in the Rhea Community, about a half mile east of his former location.

The company will celebrate grand opening with a free catfish fry, and Wallace invites all of his friends and customers to visit the new business on Saturday, beginning at 5 p.m.

A new 40x60 Insulated steel building has been built for Rhea Engine Service by Raymond Schueler, on a two-acre plot.

Wallace, who has been in business at Rhea for the past five years, has two top-flight mechanics, and invites the farmers of the area to give them a try. R.L. (Andy) Anderson is shop manager. Ronald Dickson is termed a well-qualified diesel mechanic.

The company specializes in irrigation engines and farm machinery.

"We have increased the population by nine since we have come here," boasts Wallace. The owner-operator, as well as the two mechanics and their families have mobile homes located adjacent to the

JUDY NORTHCUTT
... To Be Crowned

BY GOVERNOR SMITH

Broadview Lass To Get Crown Saturday

Judy Northcutt, 17-year-old daughter of Mr. and Mrs. Bob Northcutt of Broadview, N.M., is to be officially crowned as "Texas Shorthorn Lassie Queen" immediately following the State Fair parade in Dallas on Saturday.

Judy, who formerly served as Great Plains Lassie Princess, won the title recently in Abilene. Governor Preston Smith will officially present her new crown.

Miss Northcutt will compete on November 25 in the International Shorthorn Queen's contest. The contest will be held in Chicago as a part of the International Livestock Exposition. The winner of this contest will preside over all the major livestock shows in the United States and Canada. She will also receive an all-expense paid trip to Scotland, where Shorthorns originated.

Selection of the International Queen will be made by a panel of judges consisting of representatives from the fields of television, radio, newspaper, agriculture and public relations. Judging will be on the basis of personality, poise, natural beauty, speaking ability and knowledge of agriculture and cattle.

Judy is a senior at Grady High School. Her father is employed at Missouri Beef Packers in Friona.

National Fire Prevention Week
(October 3-9)

Huge Turtle Found Near City

Quite a specimen of a turtle was found near Black last week, and brought to Friona High School by Alan Hamilton.

The turtle was discovered by Glyn Hamilton, who farms at Black. It was found in the intersection of the Clark-Fangman-Lewellen land. The large reptile was about three-quarters of a mile from a lake.

The turtle was described as a "snapper" by high school science instructor Harley Merritt. The reptile was about 24 inches long, from head to tail, and weighed somewhere around 30 pounds.

Several theories have been advanced as to where the turtle came from, and why he came to be in this area. It was the largest turtle anyone could remember finding in the Friona area. One theory was that the turtle came all the way from Buffalo Lake, since it became dry earlier in the summer, and has been moving from "lake to lake."

Hugh Moseley To Seek Third Term

Hugh Moseley, Tax Assessor-Collector of Parmer County, has authorized this newspaper to announce his candidacy to succeed himself, subject to the Democratic Primary in May 1972.

Moseley, who has served in the capacity of Tax Assessor-Collector for the past eight years issued the following statement in making public his candidacy for election:

"In announcing my candidacy for nomination to the office of Parmer County Tax Assessor-Collector, subject to the will of the voters in the May Primary, I wish to express sincere thanks and appreciation to the citizens of Parmer County for the privilege of serving as one of your

County Officials and if elected I pledge my best effort toward the duties of the office of Tax Assessor-Collector. I will appreciate your support."
Hugh Moseley

MBP Has New GM In Missouri

Dave La Fleur, President of Missouri Beef Packers, Inc. announced the appointment of Ray Shubat to General Manager of the company's Rock Port, Missouri Division.

Shubat joined the company in July, 1965 and most recently was Sales Manager for the Rock Port facility. He is a graduate of Iowa State University and he and his wife, Nancy, have two children.

Oct. 3-9, 1971

FIRST BALE... Ed Clark, left, marketed the first bale of cotton for Friona last Saturday, bringing a bale to Friona Farmers Co-op Gin. Clark and gin manager Charles Waggoner stand beside the bale, which came from a field of cotton in the Black Community.

Pause and Reflect

By Nelson Lewis

One of the most popular modern pastimes is the new game called "What's Wrong With America."

Any number can play, especially groups of ambitious politicians.

A better plan would be to brag about "What's Right With America," however we do have monstrous problems that only we can solve.

This is just one man's opinion but perhaps it is worth a close look.

We underwent too sudden a change in our national internal affairs.

We were a smooth-running machine, sailing along in high gear with everybody working like crazy to win World War Two.

Then comes welcome peace and an uncertain employment.

As we struggled to maintain a sure-footing during this chaotic period a monster called Welfare became bigger and bigger.

In other words we went from producers to consumers in too short a time.

The United States of America was founded by people willing and able to work for a living.

From a wilderness--a vast rich wilderness--they built the world's mightiest nation, and designed history's best form of government.

Science, industry, education, and all the freedoms blossomed on these shores with a brilliance that overshadowed all previous knowledge.

This land became a mecca not only for the poor and dispirited, but for genius seeking room to expand.

Natural resources abounded in unheard-of quantity and quality--only in Africa could a parallel be found.

A recounting of the settlement on the Atlantic Coast and the saga of westward expansion would be repetitious while serving no real purpose in this discussion.

Suffice it to say that our first three hundred and sixty four years on this continent have been years of wonder, adventure, advancement and very hard work.

Yes, very hard work, particularly by men and women as individuals.

By hard work, reference is not made to manual labor alone, although it took blood, sweat and tears as well as aching muscles and callouses.

Advancement also required brains. And where is the man, laborer or executive who would not cease "hard labor" and live by his brains?

If this were not true, then why do we dream of retiring at 65 years or younger?

Forethought, planning, education, direction, all managerial and executive know-how and experience come into play, and these qualities were needed just as much as muscle and bone.

Together they dreamed the American Dream, and both forces strove against seemingly insurmountable odds for its fulfillment.

Soaring ambitions were rewarded by outstanding accomplishments.

Imitation being the grandest of compliments, nation vied with nation to equal the independence and prosperity of this youngest of nations.

Sadly, none of them ever quite made it.

Some have come close but we are still ahead.

We will stay ahead and take giant strides toward undreamed-of tomorrows if we bear in mind one very vital fact.

We achieved our strength by hard work on the part of individuals.

Not by Federal Funds.

Not by Socialistic Welfare.

Not by rewriting our Constitution due to the whims of the Supreme Court.

Not by bickerings between Democrats and Republicans.

Not by greedy labor unions or businessmen.

Not by being governed by a hundred bureaus in Washington, D.C.

We made the grade by being proud of America and of ourselves.

We became a worldwide symbol of liberty and prosperity because we were willing to deliver an honest day's work for a day's pay.

We made it because we were willing to endure sacrifices to see our country and our families advanced.

As real Americans, we cannot stand aside and witness our dreams turn into Communist dust.

In less than two generations we have seen our citizens turn from Independents into dependants.

If and when we reverse this trend--thereby regaining our self respect--we will accomplish the task as hard-working individuals, not as words of any government.

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

Not even ours--the best on earth!

OLD, OLD STORY

LETTERS TO EDITOR

Dear Bill,

First, I want to thank Elda for such a truthful statement. I can't tell you in dollars, as Elda did, but as a previous employee of Parmer County Hospital for 4-1/2 years, I saw this very thing happen. In working the midnight to eight shift for almost a year, there were many who came in from Hereford with very ill children. I wondered for a long time why they didn't go to the nearest hospital. Then one night a Latin American family came in with a child with a high temperature. The first thing they told me was they had gone to the Deaf Smith County Hospital and were told to come back in the morning during office hours.

Don't misunderstand me, Hereford has some wonderful doctors who are over-worked.

But believe me, our doctors are over-worked. But in 4-1/2 years, I worked as a nurse's aid, I can never remember any of our doctors refusing to take care of a patient, money seemed to make no difference.

We have a wonderful hospital and three good doctors and a staff of dedicated nurses.

I have heard remarks "Why can't the hospital make money as high as they are." Just stop and think. Three shifts of nurses that don't make large salaries. But it takes lots of other expense. Maybe if more people who could, would pay their medical bills, Parmer County Community Hospital could stay above the red.

I am thankful for our hospital.

Gladys Young

Dear Editor:

The amount of "bad debts" carried by our local hospital directly affects every resident of Parmer County in that the rates have to be increased to help cover the deficit.

According to the records, the majority of the people unable to pay are employed in farm related occupations. Some are itinerate workers, and others are regularly employed farm hands.

The people employed by

such firms as Holly Sugar, Wilson and Missouri Beef have a good pay record, mainly because the companies provide a good group insurance program for their employees.

Why couldn't the farmers of the area form a group and provide hospitalization coverage for their employees, hold the premiums out of their check, and not only help their employees, but the hospital and everyone in the community.

Name Withheld

Dear Bill,

It has recently been brought to my attention that the average citizen of Parmer County does not understand fully the purpose and aims of the Parmer County Historical Society.

This group is only a very small part of a Statewide organization dedicated to the preservation of family records, photographs, important buildings and places of interest.

These things must be saved for future generations of Texans.

The local branch is not a bunch of Old Fogies who meet just to rehash the blessings of the "Good Old Days."

Most of the present members are old enough and hard-headed enough, to realize that the good old days were times of dust bowls, wars and depression and although they are a good subject for conversation, very few would care to relive them.

Past generations did possess moral values and industry that seem to be lacking in a small percentage of today's young people but the vast majority of 1971 Texans need not apologize to anyone.

The serious-minded among our youth are badly needed as members in the Historical Society for it is their world we are interested in preserving.

We meet next on the evening of October 28 at the Friona State Bank, everyone is invited to visit and learn more about the county and surrounding area.

Sincerely,
Nelson Lewis

SCHOOL LUNCH MENU

Week of October 11-October 15
Monday--enchilada casserole, buttered corn, crackers, lettuce and tomato salad, chocolate cake and milk.

Tuesday--hamburger patties, mashed potatoes, hot rolls-butter, English peas, cabbage and carrot salad, pineapple-rice pudding and milk.

Wednesday--potato chips, hamburgers, onions, lettuce,

tomatoes, pickles, fruit jello and milk.

Thursday--burritos with chili and cheese, pinto beans, cornbread-butter, lettuce and tomato salad, cherry cobbler and milk.

Friday--turkey and dressing, giblet gravy, cranberry sauce, hot rolls-butter, green beans, strawberry short cake and milk.

KEENEYE'S TIPS ON SHOOTING

As recently as 70 years ago several Eastern States had no white-tail deer. Today, through the efforts of hunters and conservation departments, deer herds prosper.

TRAVEL HEALTH TIPS

Physicians consider vacations for everyone essential to help maintain optimum physical and emotional health. However, a change of routine and environment, new foods, and sometimes the aggravation of arriving at a hotel only to find that your reservation hasn't

been honored, can put a strain on the digestive system. To be sure these things don't ruin your trip, seasoned travelers recommend taking some basic health precautions:

Allow extra time to reach your destination. Allow for time zone changes, too. Try exotic foods only in small quantities at first. Snacks help when meals are delayed. Go easy on alcoholic drinks, especially those unfamiliar to you.

Bring medications with you for unexpected physical upsets. An antacid will relieve heartburn. There are also special medications designed for the relief of bloating and gas pains. One, called Phazyme, is reported to dispel the frothy bubble masses that cause the pains. It's also a good idea to pack a preparation for diarrhea.

Be sure the water you drink is safe. Observe special caution in remote areas; remember that ice is water, too.

When traveling off the beaten path, it is best to seek out restaurants recommended in a guide book, by personal friends, or by the hotel where you are staying. Hotel dining rooms and others catering to American tourists are sometimes dull, are usually safe.

Visit In Oklahoma

Mrs. Ellis Tatum was in Norman, Oklahoma Saturday. She attended the funeral services of an aunt, Mrs. Vira Mayhew.

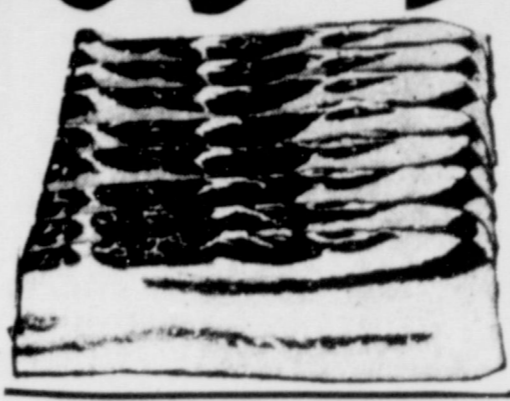

DeSoto thought he had found the "Fountain of Youth"....and he almost did!

The unique mineral waters of Hot Springs National Park, Arkansas, have revitalized people ever since DeSoto and his hardy band of explorers refreshed themselves in 1519 in the hot springs. Today these same soothing thermal springs flow into the world-famous THERMIC-Baths of The Arlington Hotel in the heart of Hot Springs National Park, Arkansas. Years melt away... tensions dissolve when your body eases into the bubbly action of our underwater massage. Localized capillary circulation is stimulated, improving the texture and complexion of your skin. You'll do things with zest that you haven't done in years. Jet to The Arlington and begin to live again. Call wire or write Edgar, Mrs. Manager (AC 501 NA 3-7771) for personal reservations.

SERVICE SITE. . . A large contingent of Friona residents were in the Red River, N.M. area last weekend for a foliage tour, sponsored by the Friona 4-Wheelers. The snapshot above shows the site where 140 persons attended a special Sunday morning service conducted by Rev. Albert Lindley.

Permits Hit High For Year

Ten building permits were issued by the City of Friona during the month of September, and the total value of the permits rose to a high point of \$130,000, it was revealed this week by figures released by City Manager A.L. Outland. The total was the highest for the calendar year. The major portion of the total was comprised of new residences. Six permits were issued for residences, making up \$119,000 of the total. In addition, there was a portable cement plant valued at \$5,000; and three additions/alterations at \$6,000.

Police department records indicated 36 arrests during the month: 16 for traffic violations, five each for being drunk in public, theft and traffic warrants, and one each for burglary and simple assault. Twelve complaints were investigated, including four for theft, three for prowlers, two for vandalism and one attempted break-in. Eleven automobile accidents were investigated, although no injuries were sustained requiring hospitalization.

Three hundred additional books were received by the library, on loan from the State Library. The library showed 594 check-outs by 263 readers during the month, including 10 new patrons. According to a survey of retail business partnerships during a recent year by Dun & Bradstreet, the business information agency, building supply stores made a profit of 7.31% of cash receipts, liquor stores 7.88%, general merchandise stores 7.16%, and tire and automotive accessory stores 7.31%.

FOURTH WEEK

Waggoner Is Winner In Football Contest

Charles Waggoner was the first-place winner in the Friona Star's fourth weekly football contest the past week. Waggoner was one of fourteen contestants to correctly pick 12 of the 14 contest games. He claimed first place money by missing the Friona-Olton tie-breaker score by only three points. He picked the score at 21-14, Olton, when it was actually 23-13.

Second place in the contest went to Matilde Castillo, a former winner. He missed the score by just four points. A tie developed for third place, between Doyle Mabry and Jim Milner. Each missed the tie-breaker by nine points.

Others to score 12 included Myrna Royal, Don Reeve, J. L. Lambert, Janice Peak, Wayne Mills, Hal Blackburn, Patsy Dandy, John Seright, Ricky Royal and W.R. Mabry.

After four weeks of the contest—one third of the way through—John Frazier has a one-point lead with a score of 43. Matilde Castillo, L. F. Jacobs and Mary Priest are all a point back, and six contestants have scores of 41.

Contest director Bill Ellis reminds contestants that there is a long way to go in the contest, with some 112 possible

points yet to be earned, and, there are bound to be some upsets for the contestants to pick.

Another weekly contest appears on Page 10 of this issue. The top contestants are also listed elsewhere.

SHORT STOPS—Hotpants head back to school under cover. Here they're neatly topped off by a zip-front tunic of blue cotton denim knit. Contrasting red sleeves and stand-up collar match the shorts underneath. The outfit's by Cinderella.

TRITICALE COMPARISON. . . Charles Briggs, of Triticale Growers, Inc., displays a sample of TG-72, left, BI-71, center, and wheat, showing the difference in foliage and root structure. Triticale Growers are taking members in Parmer County, for a five-year program. One variety comparison plot was planted by Johnny Mars near Black this week.

Business & Professional Review

Bookkeeper Carolyn Dement and Manager O. F. Lange

Yard employees Gene Zachary and Thomas Villalobos

ROCKWELL BROS.

History Of Lumber Co. Closely Linked To City

"Rockwell Brothers & Company--Lumbermen." This has been a familiar slogan for Friona residents since 1907. Rockwell Bros. Lumber is the oldest continuing business in Friona. The company is still in business at the same location it has occupied since 1907.

George G. Wright, founder and developer of Friona, realized that in order for a town to grow, it would need to have a lumber yard. Wright offered lots in his new town to Rockwell if he would build a yard here, and consequently the lumber yard's history is tied in with that of the city's.

The lumber company was founded by J.M. Rockwell in about 1910. Upon the death of the elder Rockwell, his son James W. Rockwell became president in 1931. James died in 1962, and was succeeded by another son, Henry Rockwell. The man who has been identified with Rockwell Bros. practically since its beginning in Friona, is its long-time manager, O.F. "Os" Lange, who has held that position since June 2, 1919.

Lange was manager and the yard's sole employee for a number of years. Then, for many years, the company had one additional employee. Currently there are four full-time people at the company, in addition to part-time employees at times.

"We survived the dust bowl days, the depression, and have always thought Friona was the best 'little city' in the Panhandle," Lange says.

When Rockwell Brothers' yard built here, there was a bank, a real estate office and a livery stable. Later, a hardware store (forerunner of Plains Hardware), a general store and others opened. The company began as "Friona Lumber Company" and company ledgers reveal that there

was a good deal of building shortly after it first opened, as George G. Wright instigated his first building "push."

Although Lange is the only manager which most folks can remember for the business, there were others before him. They included T.J. Crawford, J.E. Harrell, Isaac Corn and a Mr. Lawrence.

The company's list of accounts from an early ledger reads like a "who's who" of Friona pioneers. These include A.N. Wentworth, D. W. Hanson, F.W. Reeve, T.J. Crawford, A.O. Drake, R.H. Kinsley, The Congregational Church, A.S. Curry, J.A. Guyer, R.H. Schueler, Charles Schlenker and George Treider, just to name a few.

An idea of how times have changed is seen on one of the old company logs. In 1907, coal was selling for 65¢ per hundred, and \$12.50 per ton, delivered. A list of lumber was reviewed, which cost \$3.00 in 1907. The same lumber would cost about \$20.00 today, Lange estimated.

Another indication of how times have changed since Lange has been with Rockwell Bros. is seen in records which indicate that a four-room house could be built at that time (material and labor included) for around \$1,750.00.

There was no indoor plumbing at that time. Some began to appear in the 1920s. Friona's city water and sewer system were installed in 1929.

At the time the lumber yard opened, coal supplied most of the fuel for heat in Friona.

Although he was not asked to reveal his present salary, Lange readily revealed that he went to work for the company in 1919 for \$75.00 per month.

The Rockwell company is the only one for which Lange has ever worked, quite a statement to be able to make, and in his case, it covers

54 years.

Lange was working for the company in Llano, Texas when he received a wire asking if he would like to manage the company's yard in Friona. "It took me less than 30 days to decide that Friona was the place I wanted to settle down. I saw the possibilities of a growing community, and wanted to be a part of it," Lange says.

Lange served a hitch in the U.S. Air Force during World War I. He was stationed at Kelly Field, San Antonio.

Lange has on display at his office a horseshoe which he says he picked up for good luck the day he arrived in Friona.

There are currently 14 offices in the Rockwell chain, which at one time numbered 20, in three states.

"We have always tried to advance with the trend of building, staying abreast of the times," Lange says.

Lange has served as Friona's Chamber of Commerce and Lions Club president, of which he was a charter member. He was the originator of the town's "Trades Day" program in the early days, a stimulant of local business.

One of the forms of entertainment which Friona had in the early days was the "Chautauqua," which Lange usually helped with. This consisted of a company of people who would present lectures, music, short plays, etc., for a six-day run.

The Friona sponsors would go to a neighboring town, to pick up the players. The tent was shipped in by rail, and the local sponsors helped put it up. "It was our privilege to make the platform each year, as well as the seats, which we devised from two-by-sixes," Lange recalls fondly.

In 1924, Lange married Rose Conway. Their two daughters, Carolyn Lynn and Doris Ann Lange, both live in Houston.

Karene Hart Named 4-H Gold Star Girl

Friona 4-H Club members did right well for themselves in the annual Parmer County 4-H Achievement Banquet last Saturday, at Bovins.

Karene Hart, daughter of Mr. and Mrs. Dale Hart, received the "Gold Star Girl" award to top the achievements by local 4-H members. Approximately 110 4-H members, parents and sponsors attended the event, which was co-sponsored by the Deaf Smith and Bailey County Electric Cooperatives.

Charles Turner a resident of the Oklahoma Lane Community and school counselor for three local schools presented piano selections as entertainment for the evening. Guest speaker for the evening was John Pitts from Earth, former State 4-H Council Chairman. Pitts presented slides of trips he made as State 4-H Council Chairman and exhibited a display of momentos from 4-H activities he participated in.

Sixty 4-Hers received awards during the achievement program. The following received trophies for their participation in District contests during the past year:

Method Demonstration: Foods & Nutrition Educational Activity-Deborah Harding, Share-the-Fun-Tammie Smith, Karla Littlefield and Candy Moore; Farm and Ranch Management-Kent Winders and Michael Mimms; Dress Revue-Evelyn Hart, Holly Hart, Mary Beth Bennett; Food Show-Carrie Haseloff and Jacquelyn Langford; Bake Show-Cheryl Gohlke.

Highlight of the evening was the presentation of the Gold Star Boy and Girl Award. Gold Star Boy Award went to Steven Kaltwasser, son of Mr. and Mrs. Gilbert Kaltwasser of the Oklahoma Lane Community. The Danforth "I Dare You" Awards went to Carrie Haseloff and Darwin Green. Darwin also won the Texas Plains Key Award. Deborah Harding was the girl winning the Texas Plains Key Award.

The following project pins were awarded to youngsters for completing a project and turning in a record book.

Clothing-Karene Hart, Audrey Magness, Diane Bennett, Alicia Spring, Penny Hughes, Peggy White, Claire McFarland.

Field Crops-Kevin Kaltwasser, Horse-Lee Ann Williams, Garvin Thorn, Johns Thorn, Gay London.

Photography-Linda Gohlke, Bruce Kaltwasser, Yolanda Martin.

Sheep-Mary Beth Bennett, Mark Foster, Phil Brock, Mike Southward.

Texas Sheep and Goat Raisers Certificate-Mary Beth Bennett.

Swine-Dwight Green, Gary Green.

Beef-Steven Kaltwasser, Michael Mimms.

Rifle-Gary Stone.

Range Management-Rene Brock.

Dress Revue-Holly Hart, Terri Boling, Evelyn Hart.

Adult leaders receiving the 4-H Award for service included Mr. and Mrs. Walter Schueler, Mr. and Mrs. Dale Hart, and Mr. and Mrs. Earl Jameson.

GOLD STAR GIRL... Karene Hart proudly displays two trophies she has won recently, along with a ribbon from the Curry County Fair. The large trophy represents the 4-H Club's Gold Star Girl Award she received last Saturday. The clover-shaped trophy was won in clothing competition in 4-H. Miss Hart is the daughter of Mr. and Mrs. Dale Hart of Friona.

S-WCD Schedules Annual Election Of Director

Each year the Parmer County Soil and Water Conservation District holds an election for the District Director position for one of its five zones. Each director serves a five year term. During this time he and the other directors determine district policies concerning conservation of our natural resources and direct the use of district funds.

The election this year will be held for zone 3 at the Hub Cafe at 10 a.m. on Thursday, October 14. The present director, A.L. Black, has been serving zone 3 since 1948.

Anyone who is 21, owns land in zone 3, and lives in Parmer County is eligible to vote. The Parmer County SWCD is of vital importance to the future of conservation in Parmer County. The election of a director is of equal importance. If you are eligible to vote, come and let your opinion be felt-vote!

**On The Farm
In Parmer County
MACK HEALD
County Agent**

A pair of animal health and economics meeting for stocker cattle managers are slated for October 12-13 at the community building in Easter, Texas.

The theme of the two-night shortcourse will be "Tender Loving Care," with emphasis on the health and economic aspects of stocker cattle, according to Dr. Cal Parrott, Extension area beef cattle specialist at Amarillo.

The sessions begin at 8 p.m. each night at the Easter Community 12 miles south of Hereford on Farm Road 1055. The first night will feature pointers on the proper use and administration of drugs by Dr. John Coleman, Texas A&M University research veterinarian. Dr. Bill Clymer, area entomologist, will give a presentation on "Lousy Business," a discussion of livestock pests and their control. A question and answer period will follow with adjournment at 10 p.m.

The Wednesday meeting will have a talk by Parrott on nutrition of stocker cattle. Bill Scivally, livestock appraiser for the First National Bank of Amarillo, will discuss buying and financing of cattle.

Ed Garnett, Extension area economist, will talk about the profitability of stocker cattle under various management programs. A question and answer period will conclude the shortcourse.

Although it's a little early to be thinking about winter and spring winds, now is the time to submit applications for seedlings that will be used for windbreaks.

That word comes from Bill Smith, forestry specialist with the Texas Agricultural Extension Service.

Applications for windbreak seedlings are available from local county Extension offices, or from the Indian Mound Nursery, Box 337, Alto, Texas. "It's important to apply early since orders are processed on a first come, first serve ba-

sis," says Smith. "However, seedling shipments won't begin until mid-December."

The seedlings come from the Texas Forest Service's Indian Mound Nursery and are priced at \$2.50 per 100. Pine seedlings for reforestation are also available. The planter must agree that the seedlings will not be used for ornamental purposes, points out the specialist.

Some 16 species of seedlings are presently available. These include baldcypress, black locust, black walnut, catalpa, Chinese elm, cottonwood, eucalyptus, green ash, loblolly pine (drought-hardy), mulberry, bois d'arc (osage orange), ponderosa pine, shortleaf pine, slash pine, sweetgum and sycamore.

"Many of the species are widely adapted, but some should be planted only in certain areas of the state," explains Smith.

Discussing some of the species, the specialist says that the Arizona cypress, for instance, does well in all areas of the state except the Panhandle. The catalpa and Chinese elm are both drought resistant but are susceptible to cotton root rot. The eucalyptus, honeylocust, and bois d'arc are all hardy and do well in the drier portions of the state. Cottonwoods perform best on bottomland sites while eucalyptus are suitable only for the Rio Grande Valley. The ponderosa pine is recommended only for areas above the Caprock while the loblolly pine desires areas with an annual rainfall of at least 20 inches.

"Seedlings should be planted immediately upon receipt of shipment," advises Smith. "Since roots of conifers (evergreens) are easily killed if exposed to air for more than a few minutes, planting should follow a quick pace. Plant seedlings an inch or so deeper than they grew in the nursery bed. Be sure the roots are fully extended in the hole in a vertical manner."

The specialist advises that

**HOSPITAL
REPORT**

ROY P. DANIEL

**Final Rites
Held For
Roy Daniel**

Funeral services for Roy P. Daniel, 1002 West Sixth Street, who died early Thursday morning at Parmer County Community Hospital, were conducted at 2:00 p.m. Saturday from Sixth Street Church of Christ.

Officiating ministers were Bill Glosin, Friona, and Andy Rogers, Lazbuddie.

Pallbearers were Raymond Fleming and E.L. Fairchild, Friona; Elmer Youts, Dimmitt; and Duane Darling, John McGehee, G.W. Mimms, J.J. McDonald and Roy M. Miller of the Lazbuddie Community.

Daniel was born February 25, 1906 at Cleburne, Texas, and moved to Shawnee, Oklahoma as a small child. He and Della Mae Gammon were married there June 15, 1929 and their first home was in the Lazbuddie Community.

The couple farmed and ranched in the same community 35 years before moving to Friona. He served as an elder of the Church of Christ and was a member of the school board for a number of years.

Survivors, in addition to his wife, are two daughters, Mrs. Reece Wilterding, Tulsa, and Mrs. Everett McBroom of the Lazbuddie Community; one son, Jim Roy Daniel of the Lazbuddie Community; one sister, Mrs. Claudia Mark, Camden, Missouri; and seven grandchildren, Steven, Shelly and James Wilterding, Susan and Donna McBroom, and Todd and Amy Daniel.

Burial was in Parmer County Memorial Park under direction of Claborn Funeral Home.

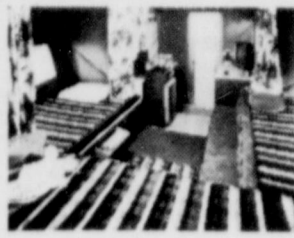

Admissions:
Brian Blackburn, Friona; Roy Daniel, Friona; Sylvia Galinda, Friona; Mrs. Cecil Bowery, Farwell; Kay Huckabee, Friona; Baby Girl Wines, Bovina; Maria Nino, Friona; Lena Rhyne, Hobart, Oklahoma; Mamie Pounds, Bovina; Darrel Blayne Branum, Friona; Gloria Andrade, Friona; Lola Goodwine, Friona; Dianne Morgan, Friona; Juanita Villarreal, Friona; and Annie Scott, Friona.

Dismissals:
Lee Blevins, Lucya Storing and baby boy, Brian Blackburn, Linda Winegart and baby girl, Consuela Perez and baby boy, Nori Silva, Kathy Hawkins and baby boy, Juanita Dickson, Sylvia Galinda, Kay Huckabee, Lena Rhyne, Maria Nino and baby girl, Pauline Wines and baby girl, Becky Bowery and baby boy, Mamie Pounds, Blayne Branum and Gloria Andrade.

Patients In Hospital:
M.A. Black, Lola Goodwine, Lela Martin, Dianne Morgan, Jessie Orr, Annie Scott, Juanita Villarreal and Lee Roy Williams.

rows of trees should be spaced wide enough apart to accommodate cultivating equipment. Trees should be planted in a staggered arrangement in different rows to hasten the windbreak effect. If space does not allow three or four rows of trees, a single row of conifers will produce an acceptable windbreak.

Conifers should always be watered immediately after planting to settle the soil around the roots, adds the specialist. During a dry summer, waterings may be required on a weekly basis. Frequent, shallow cultivations aid survival and boost growth. Pruning should be avoided except to clean up broken or damaged trees.

Olton Uses Breaks For Dist. 3-AA Win

ERRORS HURT

Mustangs Grab Early Advantage

If there is a disaster relief program for football games, then the Friona Chiefs should apply for the relief, on the basis of their second-quarter here last Friday night against Olton.

No one can deny that the 12-minute period wasn't a big disaster for the team, and it ruined their homecoming game before a packed crowd. Final score was 23-13 in favor of Olton. It was Olton's first win and Friona's first loss.

Friona had entered the second quarter nursing a 7-6 lead. However, before the halftime whistle, the Mustangs were to score 17 points, helped greatly by the recovery of three Friona fumbles, a pass interception, and other mental errors that do not show in the statistics.

Most Friona fans were content to settle for the 23-7 disadvantage, since Olton had two other great opportunities to score, and except for the Chiefs settling down for some hard-nosed defense, it could easily have been 37-7 at the half.

In spite of this halftime deficit, the Chiefs came back fighting in the second half of the game, and actually got, or made, enough breaks to win the contest, but were not able to take advantage of their opportunities as Olton had done in the nightmarish first half.

Olton had used a break in the first quarter to bolt to a 6-0 lead. The Mustangs poached through to block Mike Royal's punt after Friona's first offensive series had failed to move, and Olton got the ball at the Friona 39.

Mustang halfback Marlos May carried the ball four straight times, culminating in a 15-yard sprint up the middle for a touchdown. The kick was wide, but Olton led, 6-0.

After Mike Royal's 62-yard punt backed Olton up to their own eight, a short Olton punt gave Friona the ball at the Mustang 44, for Friona's third possession.

Quarterback Johnny Bandy pitched out to Royal around the left side. The pitchout was timed just right, and a block got Royal started. He broke two tackles, and sprinted for the end zone, being forced out right at the flag for a TD. Bobby Drake's kick gave Friona its only lead of the night at 7-6 with 4:09 to play in the opening quarter.

Olton's passing whiz, Steve Stockdale, took to the air following the Friona kickoff. He hit end Mark Gunter for 34 yards on a third down play, and later connected with May for 26 yards, as the Mustangs express moved downfield.

The end of the quarter found Friona's defense stalling the drive, but on the first play of the second stanza, Stockdale kicked a 27-yard field goal to put Olton back ahead, 9-7.

Louis Lee returned the kickoff to the 26, but was contested for the ball on a shattering tackle. The officials awarded Olton the ball, and

the Mustangs were awarded a four-play drive for another TD. That made it 16-7, with only 1:34 gone in the ill-fated second.

Three plays following the next Olton kickoff, Bandy attempted to pitch out as he was going down, and— you guessed it—Olton jumped on another fumble. However, the Chief defense dug in and forced a punt.

The next time Olton got the ball, they set sail on a 73-yard, 10-play drive for a TD. Big play was a 41-yard pass from Stockdale to back Robert Ahrens, who got behind his defenders. On fourth and goal from the Friona 20, Stockdale crossed Friona up by tossing a pass to big fullback Keith Workman, and his kick made the score 23-7.

Nor was this the end of Friona's frustrations for the period. Lee fielded the ball in the end zone and was downed at the Friona one-yard line. On the next play, Bandy fumbled as he was tackled, and Olton had first and goal at the Friona five.

Luck was with the Chiefs, however, as three St-

ockdale passes fell incomplete, and May was nailed for a two-yard loss by Bill Bailey on fourth down.

Bandy hit Larry Fallwell for 19 yards but his next pass was intercepted by Stockdale, and the crafty Olton signal-caller ran the ball from midfield to the Friona 19.

It took some inspired defensive play by the Chiefs to prevent any further scoring, as a fourth-down pass from the Friona one went incomplete with five seconds remaining.

It seemed improbable, but Friona got almost as many breaks in the third quarter as Olton had in the second. However, the Chiefs could cash in on only one of theirs, and that turned out to be the difference in the game.

Olton fumbled the first play from scrimmage and Friona had the ball at the Mustang 29.

Royal came in for some hard running, getting two first downs, the latter with a 10-yard burst to the five. After Bartlett made it to the one, Royal charged over for the score. Lee tried to run for two points, and appeared to hit the

THURSDAY, OCTOBER 7, 1971, PAGE 11

Freshmen Top Morton For 4th Win, 32-12

Friona High School's Freshman Chiefs pulled to their fourth win of the season this past week, handling Morton's freshmen in a breeze, 32-12. The game was played at Morton last Thursday.

Friona scored the first three times they had the ball, running up a 18-0 lead, and were never in serious trouble.

Following the opening kickoff, it took Friona just five plays to score. Eddie Waggoner and Kevin Welch did the ball-carrying, and the team was aided by a 15-yard penalty against Morton. Welch got the TD from 23 yards out. The try for points failed, but it was 6-0, Friona.

Morton drove to the Friona 20, but the Freshmen held, as David Clark made a good defensive play on fourth down.

It took Friona just six plays to cover 70 yards. The scoring play had a little razzle-dazzle, with Clay Bandy handing off to Welch, who then handed to Eddie Waggoner on a double reverse, and it worked for 60 yards and the touchdown. A pass try for points failed, and the score was 12-0, the TD coming on the first play of the second quarter.

Getting the ball back on their 25, Friona cranked up again. Bandy hit Waggoner on a 37-yard pass play to Morton's 38. Steadily advancing the ball, Friona got another TD when Henry Graves went over from the six.

Friona's pass for two PATs was intercepted, but it mattered little, since the score

became 18-0, which was the halftime margin.

Morton broke the scoring ice in the third quarter, following a long run. The score became Friona 18, Morton 6.

Not to be outdone, Friona came back to score. Bandy ran 18 yards to the Morton 40, and then went all the way for the touchdown on the next play. Waggoner carried for two points, and a 26-6 advantage.

Morton seemed to be making a game of it, coming back for another TD, to make the score 26-12, but the Freshman Chiefs refused to have their lead trimmed. A 50-yard drive, sparked by the running of Bandy, Graves, Welch and Waggoner, was capped by a nine-yard TD run by Waggoner, for the final margin of 32-12.

B-Chiefs Scalp Um Morton Indians, 28-0

Friona's B-team scored its second win of the 1971 season at Morton last Thursday, romping past the Indian "B" 28-0.

Friona jumped off to a fast lead, after Danny Waggoner sprinted 52 yards to the Morton 23. Two plays later, quarterback Scott Lillard ran 25 yards for the go-ahead TD. The point try by running failed, but Friona led, 6-0.

goal-line, but officials ruled he hadn't. The score remained at 23-13.

As if answering a Friona prayer, Olton proceeded to fumble again on their first play from scrimmage, with the Chiefs claiming the ball at the 49. However, this time the team couldn't move, and Royal punted to the Olton four.

The Chiefs got yet another big break in the quarter, as Stockdale was rushed as he was punting from inside his own 10. The Olton magician managed to kick the ball left-footed while running from Friona defenders.

Still, the locals had the ball at Olton's 23. But fate wasn't with them. Three plays failed to gain, and on fourth down, Bandy called an end-around play. Or, perhaps the play was called by Olton's defense, because they were waiting for James Sims when he got the ball, and a five-yard loss resulted.

Friona had one fourth-quarter threat, starting at their own five following a punt. The running of James Bartlett and Lee, plus a penalty against Olton moved the ball to the Olton 12-yard line. However, an offside penalty rubbed out a Bandy to Mario Perez touchdown pass, and the team couldn't recover, giving up the ball at the 12.

Stockdale completed more passes (11) than he had all season. He tossed completions to seven different receivers, having no particular favorite.

Friona had a good night in the rushing department, with 226 yards, 103 by Royal. Olton led by only 27 yards in total yardage. The win was the fifth in a row by Olton over Friona, maintaining their football mastery over Friona.

8th Grade Takes Loss

Friona's eighth grade Braves suffered their first loss of the season here last Tuesday, when Olton's eighth grade rolled to a 36-0 decision.

Olton scored once in the first and twice in the second, adding two-point conversions each time, to take a 24-0 halftime lead.

Friona's offense, stopped cold without a first down for almost the entire game, got started late in the game when Kent Miller carried to the Olton 47, and Davy Carthel made a first down at the 43.

However, a third down pass was incomplete, and the team lost yardage on fourth down. Olton scored single touchdowns in the third and fourth quarters, meanwhile.

Horns Go To Texico

Lazbuddie's Longhorns, idle last week following their only loss of the season, a 13-6 decision at Bovina, travel to Texico, N.M. this Friday.

The 'Horns of coach Buddy Brock will be seeking their third win of the season, having posted decisions over Hart and Shallowater prior to the Bovina loss.

After meeting Texico, the Longhorns face New Home prior to launching their District schedule.

7th Graders Fall, 24-0

The seventh grade Braves fell to Olton's seventh graders, 24-0 in a game at the local field last Tuesday.

It was the second outing for the team, which had tied Bovina in their first game.

The Braves carried the fight to the larger Olton boys, but never could penetrate the goal-line, although threatening.

Late in the first half, the Braves started a drive on their own 34, which carried to the Olton 20, before the drive was stopped by the halftime whistle.

In that drive, Keith Martin, Leslie Broadhurst, Lester Aven and Jerry Martin all had good gains carrying the ball. Olton had scored midway through the quarter, and had an 8-0 halftime lead.

Earlier in the quarter, the Braves drove to the Olton 15, helped by a 15-yard penalty, but the drive stalled, as two passes fell incomplete.

Late in the third quarter, Friona was driving again. Keith Martin got loose and almost scored, but was tackled at the 15. Olton buckled down to stop the threat and took over at the 15.

EDGE DIMMITT, 6-0

Floydada May Have Hard Time Repeating

By Don Henry
Special to the Friona Star

Just like the past two years, Floydada came up a winner in its District 3-AA opener. But not exactly just like that.

The Whirlwinds haven't lost in district since the 1968 season, and they opened the 1971 conference schedule with a 6-0 win over Dimmitt. Six to nothing: That's just one play away from a tie, as any football fan knows.

The closeness indicates that, just as predicted, Floydada's drive for a third straight championship may be rugged.

After first week of district, the four co-leaders are the Whirlwinds, Olton, Littlefield and Abernathy. Only Littlefield had an easy time of it.

The Wildcats scored in the first quarter and rolled to a 28-0 victory over previously undefeated, untied Lockney. Olton, winning its first game of the year, outscored Friona 23-13, and Abernathy had to go the field goal route to nudge Morton 10-7.

And the fierce pace doesn't appear to lessen any, either, with this week's schedule. Littlefield, coached by Jerry Blakely, will go to Olton, where Blakely coached last season, in the chief battle. Also, Abernathy visits Lockney, Friona travels to Dimmitt, and the Whirlwinds head for Morton.

Floydada wasted little time in scoring, but after the initial outburst, coach L.G. Wilson had to depend on his defense. And it came through.

"Our defense did an extraordinary job," praised Wilson. "This was the best game we've had defensively this season. Our boys really held them, to just five first downs."

"We just have to get more consistent on offense, though."

And Wilson went to past performances.

"Last year's team was pretty well set, with a lot of seniors," commented Wilson. "But, two years ago, I remember our team wasn't as experienced, and we sputtered a lot. We continued to improve as the season went along, though, and this team will, too. We will improve from game to game."

Floydada found scoring territory in the first quarter, as Van Mitchell went up the middle for 14 yards. Rest of the

way, the Whirlwinds defense had to hold off the offensive thrusts of Dimmitt's Daniel Frierson. Dimmitt was able to dent the Floydada defense for only 99 yards, and Frierson picked up 64 of that.

The offensive leader for Littlefield was high-scoring Ralph Funk, who tallied all four Wildcat touchdowns against Lockney. Three were of the short-yardage variety, but for the final surge, Funk went 58 yards. For the evening, the 195-pound Funk ripped off 284 yards on 39 carries.

For the game, Littlefield totaled 363 yards on the ground and its defense limited Lockney to only 84. The Longhorns went to the air for 95 more steps.

The Longhorns face a 'must' situation Friday night against Abernathy. Another loss would put the 'Horns practically out of the title picture.

Abernathy and Morton packed all scoring into the first half, and Joe Evans' 25-yard field goal was the difference. Jimmy Harvey's opening-game kickoff run of 87 yards had shoved Morton into a quick lead, and Evans' boot left the Antelopes trailing 7-3 at the end of the first 12 minutes.

In the final minute of the half, Bobby Rogers cleared the last five yards for the Antelopes' winning score. Abernathy threatened three times in the third period and was on the Morton three-yard line when the game expired.

Abernathy lost regular quarterback Dave Davenport to an injury in the first period and he was replaced by reserve Steve Riley.

Olton untraced with a 17-point outburst in the second quarter in sweeping past previously unbeaten-but-tied Friona. And it was the work of quarterback Steve Stockdale that paved the way.

The talented Stockdale tossed one scoring pass, booted two extra points and toed a 27-yard field goal for Olton. Mike Royal was the offensive key for Friona, scoring both Chiefstain touchdowns.

Olton took advantage of five Friona turnovers in the first half and scored on three of them. In the last half, Friona got three breaks but could turn only one into a score, in the third period.

Funk's four touchdowns hiked his seasonal total to 72 points, easily the best in the district.

Individual Scoring (Season)			
Player, Team	TD	PAT	TP
Ralph Funk, Littlefield	12	0	72
Bobby Rogers, Abernathy	8	2	50

CONTEST WINNERS. . . Local Winners in Ford Motor Company's Punt, Pass & Kick Contest are pictured above. In the front row, left to right, are Leon Evans, eight; Jerry Harrelson, nine and Darcy Renner, 10. In the back are Cipi Aragon, 11; Edward Castillo, 12; David Barnett, 13, and Troy Young, contest directors. The winners advance to the zone competition this week, to be held in Roswell, N.M.

Team, Cheerleaders Honored With Supper

Members of the seventh-grade football team and the junior high cheerleaders were guests at a supper party in the Community Room of Friona State Bank Tuesday evening.

Colors of red and white were carried out in the decorations. The table was covered with a red linen cloth and centered with an arrangement of football players and cheerleaders.

Supper was served immediately following the game with Olton.

Rev. Charles Broadhurst, pastor of First Baptist Church, directed the invocation.

Host couples were Mr. and Mrs. W.S. Ingram, Mr. and Mrs. Dwayne Menefee, Rev. and

Mrs. Broadhurst, Mr. and Mrs. Rex Blackburn, Mr. and Mrs. Howard Fleming, Mr. and Mrs. Kenneth McLellan, Mr. and Mrs. Ronald Smiley, Mr. and Mrs. Beal Broyles, Mr. and Mrs. Burke Hand, Mr. and Mrs. Clarence Martin and Mr. and Mrs. Lawrence Martin.

Cheerleaders present were Sherri Thorn, Debra Dorrell, Pamela Hassenpflug, Janice Peak, Sheri Rector and Paula London.

Football players attending were Donnie Gustin, Danny Holley, Glenn Adkins, Steven Jones, Danny Bentley, James Ramey, Ross Middleton, Charles Fleming, Jerry Woody, Don Maynard, Brian Witten, Jerry Martin, Larry Broyles, Cris Ingram, James Whitesides and Sammy Felder.

Also Joe LaFuenta, Johnny Gonzales, Rolando Castaneda, Keith Martin, Dewayne Williams, Cris Beck, Willie Jackson, Jesus Mata, Alberto Rodriguez, Alfred Pedroza, Jimmy Pena, Ramyr Randolph, Steven Bauer, Terry Self and Mitchell Smiley.

Also Mike Blackburn, Leslie Broadhurst, Harrell Mays, Clint Mears, Alonzo Strickland, Phillip Hand, Roy Don Smith, Mark Neill, Paul McNeelley, Jimmie Russell, Cliff McLellan, Kelvin King, Juan Bautista, Lester Aven and Joe Menefee.

Church Plans

Community Sing

Plans have been completed for a community wide old-fashioned gospel singing at First Assembly of God Church, 10th & Ashland Street, at 8:00 p.m. Tuesday, October 12.

Everyone in the community is invited to attend by Rev. J.M. Ashley, pastor, and members of the church.

EVA HONORED...Eva Miller, center, was honored with a special day by First Baptist Church the past Sunday. She has been church organist for 25 years. She is shown with husband Roy being served by Mrs. C.W. Tannahill.

Tea Honors Houston Visitor

A tea in the home of Mrs. J.T. Gee, 906 Summit, from 3 to 5 p.m. Thursday was a courtesy for Doris Ann Lange, Houston, and her mother, Mrs. O.F. Lange.

Refreshments of coffee, spiced tea, cake, cookies, nuts and mints were served to Mrs. Ralph Wilson, Mrs. J.G. McFarland, Mrs. Charles Allen, Mrs. Frank Spring, Mrs. Paul Spring, Mrs. Wesley Foster, Mrs. Carl Maurer and Mrs. H.C. Kendrick, Hereford.

"This Is Your Life"

Honors Eva Miller

Sunday was "Eva Miller Day" at the First Baptist Church, as the church paid special tribute to Mrs. Roy Miller, its pianist and organist for the past 25 years.

Mrs. Miller was honored with a special program in the church auditorium, entitled, "This Is Your Life, Eva Miller."

Carrying out the theme of the longtime radio and television series, members of Eva's family, as well as a host of friends and students one first giving a familiar anecdote over a microphone before they made their appearance.

Appearing on the program were all six of the Millers' living children and their families. They are Roy V. Miller, Jr., Mrs. Dale (Mary) Lou Glass, Ross Miller, Mrs. Sam (Donna) Mears, Mrs. Clyde (Linda) Tims, and Mrs. Roy (Janice) Norris.

Acting as master of ceremonies was Charles Allen. Also appearing on the program were members of Eva's singing groups, including 35 of the Trebelaires (all but two of the original group), and representatives from earlier groups, including the F-Sharps, the Millerettes, the Lorellies and the Bluenotes.

On behalf of Eva's original piano students, Mrs. Ralph Smith, Mrs. Charles Hough, Mrs. Henry Lewis and Mrs. Kenyth Cass each appeared.

Others on the program, from Eva's civic participation, were Mrs. Andy Hurst, Miss Kathy Horton, Mrs. J.T. Gee, Mrs. Dan Ethridge, Deon Awrey and Mary Rando.

Portraying Eva's playing many times for weddings was Mrs. Randle Kelley Hamilton, the latest bride for which she played.

At the conclusion of the program all members of Eva's former singing groups joined in singing "The Lord's Prayer."

Eva and Roy were honored following the program at a reception in their honor at the church's fellowship hall. Eva was also presented a silver tea service, a gift from the church members.

On display were pictures of Eva's singing groups, as well as members of her family.

The next Area Association meeting will be Tuesday, Oct.

Panel Discussion

Highlights Meeting

Highlight of the September 14 meeting of Epsilon Sigma Alpha in the Community Room of Friona State Bank was a panel discussion.

Theme of the meeting was "A time for better parent-teacher relationships."

A panel discussion was directed by Mrs. David L. Carson and Mrs. Tex Barnes, both elementary teachers in the local school system. Child education and the need for better understanding between parents and teachers were discussed.

Mrs. James Andrews, president, had charge of the business meeting. Plans were

ESA Members

Hold Meeting

Members of Epsilon Sigma Alpha met at Porter's Kindergarten Tuesday evening for a social meeting. Theme of the meeting was "A Time For Childhood."

Those attending came dressed as kindergarten students. The hostesses, Mrs. James Andrews and Mrs. Ernie Porter, provided the entertainment and served the refreshments.

Progressive Study Club Has Anniversary Tea

The twentieth anniversary of Progressive Study Club was observed with a tea in Federated Club House Tuesday evening. Special guests were former members of the club.

Mrs. Hollis Horton and Mrs. M.C. Osborn presented a nostalgic review of past activities of the club.

A humorous review of the many accomplishments of the club during the twenty years of its existence was presented by Mrs. Steve Bavousett. A report was given indicating that the club had raised nearly \$8,000 which had been given back to the community.

Guests and former members present were Mrs. George Frye, Mrs. Philip Weatherly, Mrs. Robert Alexander, Mrs. John Fred White, Mrs. Raymond Cook, Mrs. W. R. Riethmayer, Mrs. Baker Duggins and Mrs. Charles Sanders.

Also Mrs. Ray Dean Fleming, Mrs. Calvin Talley, Mrs. Lloyd Rector, Mrs. James Procter, Mrs. Andy Hurst, Mrs. Lee Britting and Mrs. Norman Cotman.

Members of the social committee served refreshments to the guests and eleven members.

Dates Set For Rummage Sales

Announcement is being made this week of the beginning of the annual Parmer County Memorial Hospital Auxiliary rummage sales.

The sales will be conducted each weekend during the rest of the month of October.

Members of the auxiliary will be at the building next door to Friona Hotel in the five hundred block of Main Street between the hours of 2 and 5 Thursday afternoon to accept rummage.

Sales will be held from 2

to 5 p.m. each Friday and from 1 to 6 p.m. each Saturday.

Anyone who is interested in assisting with the project is invited to contribute anything saleable to the sale.

All proceeds will be used to complete the lobby re-furnishing-re-decorating project, which was begun last year. The first phase of the project, which included new furniture and drapes has been completed.

Plans are for re-finishing walls and installing carpet.

Girl Scouts Report

Girl Scout Troop 266 met at the scout house Monday, Sept. 20.

The program was on patrol systems and troop government. Candidates for treasurer, scribe, reporter and troop crest were nominated.

Flag ceremony was prepared by Tera Simpson, Charly Mays and Norma Romas.

Refreshments were served by Cindy Brailiff, Becky McLellan and Rene Brock to 27 members and three leaders.

The Friona Girl Scout Neighborhood held their monthly meeting. Olive Massie, neighborhood chairman, was in charge of the meeting. Anna Langley of Lubbock was present and discussed training meetings for September 28 and October 5. The Caprock Girl Scout Council annual meeting is to be November 8 at 7:00 p.m. at the University Center, Texas Tech.

Tickets may be purchased from Olive Massie. Deadline for reservations is November 4th.

The next Area Association meeting will be Tuesday, Oct.

Club To Hold Carnival

New Horizons Junior Study Club has announced plans to conduct an Old Fashioned Halloween Carnival in Friona this year. Purpose of this will be to give the local youngsters something to do on Halloween.

All local groups, clubs, classes and/or school groups are invited to have a booth at the Carnival. The Club has leased the building at the corner of 6th and Euclid for this purpose.

Those who are interested are asked to contact Mrs. Dale Houlette at 247-3228 or Mrs. Jimmy Maynard at 247-2280 or 247-3396 after five.

Former Frionan To Teach Class

A toile painting class, which includes instruction in decoupage and purse making, is being planned by Mary Houlette, Dumas, a former Friona resident.

Mrs. Houlette is inviting all persons interested in these arts to attend a meeting in the basement of the old Union Congregational Church between 9 a.m. and 3 p.m. Monday, October 11.

The course is being repeated due to the expression of interest of persons who were unable to enroll in an earlier class.

What Does The Bible Say?

"Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life is not of the Father, but is of the world. And the world passeth away, and the lust thereof, but he that doeth the will of God abideth forever" (1 John 2:15-17).

Sometimes, men love "things"—houses and clothes and cars and things to eat and drink. They sometimes love them to the extent that they are willing to give up their honesty, their integrity and their virtue in order to get them. This is a vicious form of idolatry—the putting of the material in the place of God. Things of the world may be used only as tools with which to work for God, never as objects of love.

Questions invited. Address, "What Does The Bible Say," Box 515, Friona, Texas.

Springs Return

Mr. and Mrs. Frank A. Soering, 907 Summit Street, returned home Tuesday after spending a few days in Colorado, Springs, Colorado. The couple visited in the home of Mr. and Mrs. James Isaac and children, Susan and Barry. Mrs. Isaac is the former Mary Tom Spring.

Housekeeping Hints Will Be Presented

A well known authority on the problems of housekeeping will present the program at the Thursday afternoon meeting of Friona Young Homemakers.

All homemakers in the area are being invited to attend the meeting, which will begin at 4:00 p.m. in the Friona High School Cafeteria.

Miss Beck Hosts Slumber Party

A slumber party after Friday evening's football game was hosted by Vicki Beck, 1700 West Ninth.

Festivities began with a hot dog supper with chips, dips, cookies and hot spiced punch.

Guests were Jill Riehmeyer, Vickie Schueler, Carolyn Martin, Rhonda Bauer, Kathy King, Jeannie Thompson and Rhonda Wilson.

LINDA FALLWELL

Linda Fallwell Elected Reporter

Linda Kay Fallwell, senior business education major at West Texas State University, Canyon, has recently been elected reporter of Pi Omega Pi, national honorary business education fraternity.

Miss Fallwell, who is the daughter of Mr. and Mrs. W. E. (Buddy) Fallwell, is a 1967 graduate of Friona High School. She is employed by Stephenson Motors.

Minimum requirements for membership in Pi Omega Pi include a major in business education, a 2.0 average in business education courses and a 1.5 overall average.

Coffee trees bear fruit for about 20 years.

Vows Exchanged Between Kay Woody, Eddie Adkins

Kay Woody, daughter of Mrs. Ruth Woody, Friona, and Bill Woody, Carrolton, Missouri, and Eddie Adkins, son of Mr. and Mrs. Jack Adkins, also of Carrolton, exchanged wedding vows recently in the home of the bride's aunt and uncle, Mr. and Mrs. Don Suddarth, Bovina.

The double ring ceremony was read before an archway of greenery entwined with white chrysanthemums, by Rev. Euell Watts, Dalhart, another uncle of the bride.

Vicki Smart, Farwell, organist, presented traditional wedding selections and accompanied Mrs. Don Suddarth, soloist, as she sang, "I Love You Truly," and "Whither Thou Goest."

Pauletta Hughes was the bridesmaid and Mrs. Richard Tedford, Clovis, sister of the bride was the matron of honor. They wore identical formal gowns of emerald green organza over taffeta. The empire bodices were marked with yellow ribbons. Each attendant carried a long stemmed yellow mum.

The flower girl, Donna Suddarth, and ring bearer, Jeff Adams, were both cousins of the bride.

O.W. Adams, Bovina, uncle of the bride, was the best man. Richard Tedford, Clovis, brother-in-law of the bride, was the groomsmen.

As the bride was given in marriage by her father, she wore a formal wedding gown of white Princess satin with an attached chapel train. The bodice featured a victorian neckline, full Camelot sleeves of satin striped organza trimmed with pesu de ange lace traced with pearls. A head piece of lace and pearl leaves and flowerettes held her veil of English illusion.

She carried a bouquet of yellow rosebuds and daisies with long yellow streamers flocked with daisies atop a white lace covered Bible.

A reception in the dining room followed the ceremony. The serving table was covered with a white lace cloth over emerald green and centered with a three branch candelabrum. Crystal and silver appointments completed the table setting.

Punch and cake were served by Mrs. O.W. Adams, Bovina, and Mrs. Euell Watts, Dalhart, both aunts of the bride.

For a wedding trip Mrs. Adkins wore a brown double knit dress with matching coat and accessories and the corsage lifted from her bouquet.

The couple will reside in Biloxi, Mississippi, where the groom is serving in the U.S. Air Force.

Out-of-town guests attending were Rev. and Mrs. Euell Watts, Rev. and Mrs. Paul Christian and Mr. and Mrs. Ruppener, all of Dalhart; and Mr. and Mrs. Jack Adkins and son, Jimmy, Carrolton, Missouri.

MR. AND MRS. EDDIE ADKINS

The Library Corner

By Mrs. Von Edelson

Charles Baker, area field consultant, will be visiting in our library this Thursday afternoon.

Our small library depends on advice and help from professional librarians so we are looking forward to his visit.

A recent book count was made by volunteers. We have a total of 5,707 books. This follows the removal of many old, out-dated books to make room for more recent publications.

Another best seller on our shelves is "The Bell Jar." Have you read Arthur Hailey's new book "Wheels"?

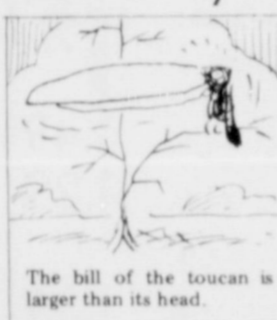

Two recent buys by the library are "King Ranch Quarterhorse" and "The Quarterhorse."

Local Resident Has Surgery

Mrs. A.H. Boatman, 1209 Main, is a surgical patient in an Oklahoma City hospital.

She had major surgery last week and is reported to be in satisfactory condition.

Her mailing address is Deaconess Hospital, 5501 North Portland, Room 414, Bed 1, Oklahoma City, Oklahoma, 73122.

The bill of the toucan is larger than its head.

If any of our farmers who haven't had hail recently begin to feel downcast about crop prospects, they should drive around over the country and take a look at what has happened to some neighboring crops.

Several cotton fields between here and Hereford look as if they have been chemically defoliated. Some bolls on the lower parts of the stalks seem to be opening prematurely. Maize fields and sugar beet fields have also taken severe beatings in that area as well as several other areas in our vicinity.

In our report of the various events during Maize Days, we inadvertently omitted the name of the winner of a hand made quilt, which was a project of Girl Scout Troop 166.

Larry Anthony of Irving, Texas, was visiting here during the celebration and held the lucky ticket for the beautiful quilt. Think members of the troop did the work themselves.

With the beginning of school, we always have more youngsters on the streets. Those of us who drive should keep this in mind and be on the alert every where we drive, but especially in the area of our schools.

Another hazard, which seems to beset us more during winter months is fire. None of our homes are immune to this hazard, so we should learn the following rules and teach them to our children.

- IN CASE OF FIRE . . .
- At Home . . .
- Quickly get everybody out of the house.
- Call the fire department immediately.
- Be sure everyone in your family knows how to call the fire department.
- At Public Gatherings . . .
- Walk, do not run, to the nearest exit. Call the fire department immediately. Keep calm.

Did you know that the common housefly is listed by the California Medical Association as man's number one enemy among the insects of the world?

You may nominate the mosquito, the wasp or the ant, but the California doctors say this is why they name the fly.

All he has to do is touch you or your food with his feet and he can give you dysentery, summer or infant diarrhea, typhoid fever, tuberculosis, trachoma or polio.

Guess we'd better just keep swatting until we have a freeze.

What is the chief ingredient of fillet of sole? (ans. below)
Ans: Usually flounder - the sole is a European fish!

Sincerely Yours

By Rev. Albert Lindley

I suppose that as things go along, we are able to know time is passing by the way we come back to annual affairs and they began to click off with some rapidity. . . .

OTHERS tell me that is a sign of old age but you'll never get me to acknowledge that, for sure.

Well, all of this to lead up to another annual affair that has become a part of the life of this community, and I'm making reference to the annual foliage tour at Red River, N.M., by the 4-wheelers Jeep Club of Friona.

One of the great things was that there are many, many who are coming for the weekend-some on 2-wheeler and still others who come to join in the fellowship of the whole thing.

You have probably heard some reports by now from others but let me tell you, it was a great week-end.

I don't think the color was as brilliant as I have seen it in the past but the snow ball fights sure were. . . .

There were (this is not a ministerial estimate because I didn't count them, but Raymond Milner and Billy Baxter did--for whatever this is worth and one counted 135 and the other counted 140) approximately 135-140 people out for our Morning Worship Service on Sunday morning and the weather was simply perfect for that day. The ages ranged from 6 months to 78 years.

Some of the members of the United Methodist Church here and who were up there with us declared it was one of my best messages--a few even said it was THE best --I suppose it is a shame they had to go all the way up there to hear it--but then, as I have mentioned before, there is something "extra" with a setting such as that. The stream, pine trees, mountains, warming sun and crispness of the early mountain air. . . well, I just don't think the Creator had to depend on much else to see that it was a "good service."

I don't really think I'm advocating a total "community walk-out" for that week-end but those who do enjoy such adventures will find a great experience at that annual affair.

The early snow (and we want them to keep it for a while yet) was added beauty and certainly gave vent to some stored-up energy by the younger ones as well as the "young-at-hearts."

I suppose the sore ones today (the day after) were those who herded the Jeeps or tried to straddle the rear end of a jeep over the mountain "lanes" or nursed the 2-wheeler variety over the rocks, mud and snow. See, there was something there for everyone to do. . . .

I think some of the most spectacular scenes were those riders in their "rumble-seats" of the Jeeps or tried to be occupants of them as they bounced along over the mountain tops. . . usually in perfect rhythm and timing--up, up and down, down. Following one such situation I noted they almost broke the record by staying in their appointed seat for 3 minutes. . . .

The added assistance of the two-way radios gave some new dimension to safety as well as a new area for somehorse-play. (There were many areas. . .) The radios will indeed help when and if the 4-wheelers are called out for rescue operations as they were during the snow storms of last year.

Well, I have probably built up resentment and envy in those who couldn't go--and I don't know about my relationship to those who did go--but we had a good time--a great experience and an opportunity to strengthen our fellowship with each other and with God--wouldn't you call that worthwhile?

Annexation, Re-Zoning Take Spotlight At Council Meet

The Friona City Council annexed a lot to the city, and changed zones on another lot, both for the purpose of paving the way for new businesses, at its regular monthly meeting Monday night.

The council approved the petition, plat dedication and ordinance annexing Lot 2, Block 10 of the Staley Addition Number three. This is the lot on which Crowe-Gulde Cement Co. is installing a portable cement plant. The council had given tentative approval for the annexation last month, to enable the company to proceed with its plans.

The council also voted to re-zone lot 9 of Block 12 from a "B" zone to an "E" zone. This is a part of the parcel of land which is being purchased by the Circle K Food Chain for a 7-11 type food store. It is adjacent to White's Auto, to the west.

In other business, the council awarded the contract for the annual audit of city books, and discussed the status of the right-of-way situation for improvements on Highway 214 south.

Also discussed were possible methods of solving the city's waste disposal problem. It was pointed out that the city's current dump ground is practically full, and may not meet specifications from the State Department of Health.

Fire Chief Ralph Shirley presented preliminary drawings for a proposed new fire station for the city. Councilmen were in agreement that

additional facilities were sorely needed by the department. Methods of financing such a facility were briefly discussed, along with possible locations.

Mayor Fleming said the city would approach the Panhandle Regional Planning Commission (PRPC) for possible assistance in the building, and would report on the prospects at the next council meeting.

The city also is to ask the Texas Highway Department for a study and recommendations in regard to school crossings, and a new traffic count.

Sale Tax Yields Record--\$11,698

City of Friona officials were pleasantly surprised at the amount of the third quarterly sales tax check the city received here last week.

Amount of the check was \$11,698.12, more than \$2,000 above either of the other quarterly payments the city has received.

The check represented collections from the quarter ending June 30. It compared to checks of \$9,560.43 for the quarter ending last March 31, and \$9,613.54 for the quarter ending December 31, 1970.

HEAT-N-CLEAN

In the Electric Climate

Put in electric heating and we'll
give you an electric dishwasher.

Put clean electric heating in your single family residence and we'll give you an electric dishwasher to clean your dishes. You may choose either a built-in model or the convertible in your choice of colors — Dark Copper, Avocado, Harvest Gold, or White. We'll deliver it to your door and you take care of the installation as you see fit.

To qualify for this "most wanted" appliance, the dishwasher, you need only be a

customer of Southwestern Public Service Company and put permanently installed, whole-house electric heating in your present or new home with installation beginning not later than December 1, 1971, when the offer expires.

Call us this week for complete information on the desirability of comfort electric heating. Don't miss out on the opportunity to receive an electric dishwasher free of extra cost!

Enjoy clean living in the electric climate.

P. S.
If you already
have a
dishwasher—don't
despair. We have a
substitute
you'll like.
