

The Post Office Department announced last week that Americans could expect an increase in first class postage during 1971—probably to eight cents from the present six.

If we could expect a 33 percent increase in service, probably most of us would not object to the proposed two-cent increase. However, we doubt it will occur.

We think it's the height of the ridiculous in our space age, when you can rocket a man from the earth to a landing on the moon quicker than you can get a first class letter from Farwell in Friona at times—but such is the case.

We had two instances last fall during our football contest when letters arrived in our box in Friona, properly post-marked in Farwell—four full days later.

Apparently this was no isolated case. Last summer, Rep. Thaddeus Dulski, chairman of the House Post Office Committee, set up an investigation of the mail situation in Texas.

Dulski sent Victor C. Smirardo, senior staff assistant of the committee, to Texas, along with Albert C. Briggs, a top-flight postal inspector.

Their findings included the following:

**WICHITA FALLS**

"Business firms now experience two and three-day delivery of mail between Wichita Falls and the Dallas-Fort Worth area (distance of 130 miles).

"Daily newspaper from Lawton, Oklahoma (60 miles distance) now takes three and four days to be delivered.

"Newspapers from Iowa Park (10 miles distant) now requires up to three days for delivery.

"First-class letters from Houston and from cities in other states are now generally delivered from three and four days after postmarking.

"Previous overnight delivery of local originating mail within Graham is now changed to two and three day delivery. Patrons believe this is caused by the fact that Fort Worth (90 miles distant) now processes Graham mail.

"TV tapes now require the following for delivery: from Fort Worth, three days; from Lubbock, five days; from Waterloo, Iowa, two weeks.

"First-class mail between Houston and Gainesville now takes up to five days for delivery."

The elimination of window service at the main post office in Wichita Falls, which is located in the downtown area, has precluded patrons for the most part, from purchasing stamps, since the stamp vending machines are often empty or have malfunctioned, the investigation showed.

Postal officials at Wichita Falls requested that a contract station be established at a hotel across the street, which would be open 24 hours a day. The cost was approximately one-half that of a clerk's annual compensation.

The post office's Regional Office turned down the request because of "excessive cost" and proximity to the main post office.

Bank officials in El Paso and Dallas report that their bank-by-mail customers have been seriously affected, since incidents of checks returned for insufficient funds have substantially increased because of mail delays.

The banks advise their customers not to depend on overnight delivery within the city of Dallas.

One bank stated that it now forwards substantial money transactions by messenger to Chicago, New York and other cities instead of using the mails as it did before, since mail service has been considerably slower and the transportation and other costs of a messenger actually cost less than daily interest charges.

A statewide church newspaper, which must receive "copy" from 20 associate churches in Houston, no longer depends on overnight delivery to Dallas on airmail special delivery. The copy is now picked up by courier and dispatched by Greyhound Bus. In addition, its repre-

NEW OFFICES. . . City Manager A.L. (Jake) Outland, at left, points to the new sign depicting the City's administrative, tax and water offices in the old Friona State Bank building.

Chamber of Commerce manager Billy Jones, right, stands in the doorway to his office, also in the bank building. Both offices opened in their new locations on the first of the year.

**ECONOMY BOOSTED**

**Construction Rolls To \$1.9 Million**

Although Friona's construction total during 1970 narrowly missed the all-time record, civic leaders would be happy with the type of year just completed on an annual basis, if possible.

The 1970 building total came to a whopping \$1,941,975. The total missed by just \$36,065 breaking the all-time record established in 1964 when the new

high school complex hiked the total to \$1,978,040.

However, the current year's total includes \$1,347,400 in residential building, compared to \$818,300 on the 1964 total.

Of 1970's residential total, \$721,000 of the amount is attributed to the 60-unit apartment complex. However, new home starts, 43 of them, almost

equalled this, coming to \$626,400.

The tremendous residential year was the third consecutive for the city. The 1969 residential construction total was \$919,800, and 1968's total was \$936,000. This makes a total construction of the residential variety only, of \$3,203,200 during the past three years.

The year 1970 marked the third consecutive calendar year to top the million-dollar mark in construction. In fact, building in the city of Friona during the past three years has

totalled \$4,032,075.

The 43 new home starts was just one short of 1969's total, and compared to 48 new homes in 1968. In addition, there were 20 move-in houses brought here during 1969, meaning that there have been 155 new homes added in Friona during the past three years. This was more new homes than were added during the previous six calendar years, all of which were good building years.

Besides the big year for residential construction, a total (Continued on page 2)

(Editor's note: The following article is reprinted from a Melbourne, Australia paper.)

MR E. G. PHIPPS tries his Texan hat on his "daughter," Brenda Hawker, yesterday.

**'BIG DADDY' FLIES IN . . .**

THEY do things big in Texas.

Like flying to Australia for a wedding, Miss Brenda Hawker's Texan "parents," Mr. and Mrs. E. G. Phipps, of Friona, Texas, arrived in Melbourne yesterday for her wedding.

Brenda, 24, of Kaniva, near Nhilil, 240 miles west of Melbourne, will be married at Wesley Church on Saturday.

Her fiance is Mr. Wayne Baxter, 23, a wool classer of Wanganui, New Zealand.

Mr. Phipps will give Brenda away. Her father died last year.

In 1964, Brenda stayed with the Phipps family for a year as an American Field Service scholar.

"I called Mrs. Phipps 'mother' and Mr. Phipps 'daddy,'" Brenda said. "They were just like parents to me."

Mr. Phipps, 43, is a rancher-farmer, with 1240 acres of farm land and 1620 acres of grazing land.

**City To Purchase Swimming Pool**

The City of Friona worked out details to purchase the Friona Dive-In Swimming Pool from W.H. Johnson at its regular monthly meeting on Monday.

Johnson agreed to sell the pool to the city, which has leased it for the past two summers, for a total price of \$33,000. The city is to pay \$3,000 as a down payment this year, and then pay the balance in payments of \$2,000 per year, paying six per cent interest on the principal.

The past two years the city has leased the pool for \$2500 for a three-month period.

City councilmen, in voting to make the purchase and thereby insure that Friona area children would have a place to swim, decried the lack of recreation in Friona for the youngsters.

In other business, councilmen approved the tentative annexation of Carson Estate property, pending confirmation of Denzil Smith's approval. Smith owns one lot in the parcel to be annexed in the northern part of town.

A contract was awarded to Roy's Tire Service for four tires for the city's maintainer. A motion was passed to purchase a new conference table for the new council room in the former bank building.

**Mystery Plane Not Located**

Law officials and volunteers spent several hours late Tuesday searching for a plane which reportedly had crashed in the area, but gave up the search with nothing to show for their efforts.

There were reports of a plane which looked as if it were crashing, and some said they heard a loud noise. However, nothing had been found as of Wednesday noon.

**NEXT WEEK**

**Drug Abuse Lab Set For School**

The Friona school system will hold a drug abuse laboratory—designed to confront students with the dangers involved in using drugs—next Wednesday.

The lab, which is the outgrowth of a recommendation from the Texas Education Agency as the school's approach to the drug problem for the 1970-71 school year, will actually be a three-phase program.

On Monday night, January 18, an orientation for leaders will be held. The drug awareness lab, for students in grades eight through 12, will be held next Wednesday, January 20. Then on January 28, a "community action" program will climax the program.

Two of the outside speakers

for the drug awareness lab will be Chaplain Andrew Simonson of Cannon Air Force Base, Clovis, and Father Tash, Chaplain at St. Anthony's Hospital, Amarillo.

Fifteen local consultants will be involved in the day-long group sessions. Taking part in this portion of the program will be the following:

Dr. Paul Spring, Dale Westbrook, Martha Mae Pruitt, Lloyd Shackelford, Albert Lindley, Bill Wooley, Rev. Donny Carrasco, Doyle Elliott, Richard Collard, Bill Denney, Bill Morgan, Jack Walker, Carroll Fallwell, Mrs. H.K. Kendrick and Bill Gipson.

Each group will hear presentations on the physical, psy-

chological, social and legal aspects of drug addiction.

School officials agree that Friona is not exempt from a drug problem, although to what extent, they are not sure. They hope that the drug awareness laboratory helps combat the problem and avert a major problem in this area.

The laboratory is co-sponsored by the Community Action Committee of the Chamber of Commerce and the school education committee.

Members of the School Education Committee are Tom Jarboe, Baker Duggins and Brian Elliott.

The community action committee is composed of Dr. Paul Spring, Baker Duggins and Doyle Elliott.

PLAN LABORATORY. . . Baker Duggins, seated, Brian Elliott (left) and Tom Jarboe seem to be pleased with the laboratory they are helping to plan on drug abuse, scheduled for next week at Friona High School. The three are members of the school education committee on drugs. See story elsewhere.

**No Shortage Of Gas Here During Cold**

While some towns in the northern Panhandle were experiencing a shortage of gas last week during the sub-zero cold spell, there was no such shortage in Friona, according to Ralph Shirley, local manager of Pioneer Natural Gas Co.

The only trouble which developed in Friona was that a regulator at the city's "border station" which caused some low pressure in the city last Tuesday morning. The regulator wouldn't open up and allow the amount of gas to come into the city that was needed at the time.

However, Shirley said that proper work has been done at the station to prevent a similar happening in the future.

**Bank Deposits Top All-Time Record**

An all-time record of \$13,090,326.28 in deposits was recorded at Friona State Bank at the close of business on December 31, the bank's quarterly statement revealed this week.

The whopping total exceeded the amount of money on deposit at the same time a year earlier by \$2,312,452.30—a healthy 21 per cent increase.

Total assets also were at a record level standing at \$14,175,787.68 on the current statement. This is an increase of \$2,263,906.26 over the previous year's statement.

The only major figure to show a decrease was in the loan department, which was down \$1,441,245.01, from \$8,391,292.73 to \$6,950,047.72. This was principally because of the unstable cattle market, and less money being out on loan at the first of this year than a year earlier.

The record totals reflected in the quarterly statement shows a good overall economic condition in the Friona area, with

better than average return from farm crops, and a diversified income helping the totals.

The former all-time record deposit was recorded last October at the third quarter statement for 1970, when a total of \$11,582,463.07 was on deposit.

Friona State Bank has shown steady growth over the past several years.

**Friona's Utilities On Increase During 1970**

Friona continued to grow during 1970 according to a check of utility meters in the city, one of the best indicators of growth.

Gas meters showed a gain of 67, from 1130 on January 1, 1970 to 1197 on the first of this year. City water connections were up by 52, from 1189 to 1241, and electric meters gained 47.

Apparently, Friona is the exception to the rule during a period when most townsitsize were just fighting to maintain the "status quo."

Ralph Shirley, local manager for Pioneer Natural Gas Co. says that many of the managers in other towns talk of installing only "three or four" new meters in a year's time. In Friona the past year, he had 122 work orders. Shirley said.

## Pause and Reflect

By Nelson Lewis

Once upon a time in the Sovereign State of Virginia yours truly received a jury summons.

Acting in accordance with the norm I sought out the county sheriff and presented my reasons--business, appointments, etc.--in an attempt to avoid serving.

To my surprise he was very agreeable and understanding. My name would be withdrawn and the next citizen on his list would be called.

As I turned to leave he said, "By the way, Nelson, I hope you are never brought into court; but if you are I'll be sure to pick your jurors from the people who are loafing around with nothing to do."

That did it!  
"O.K. sheriff," I said, "I'll see you in court Monday morning!"

I was reminded of that incident last Saturday afternoon when I found myself one of a crowd of several dozen Frionans chosen as judges in our high school Forensic Club tournament.

There are doubtless many citizens better qualified to judge the efforts of these students; but there is no one who can appreciate more than I the opportunity of associating with them for an afternoon.

There seems, to this writer at least, a certain similarity between Forensic Club presentations and young lawyers presenting their briefs.

If there exists a generation gap it was conspicuous by its absence. Most of the judges were old enough to be the speakers' parents; however any friction between the age groups was non-existent.

The contestants were extremely well behaved and with the exception of a few Maxies, Middies, Minis, and weird hairdos, (male and female) they were conservatively dressed.

But we were not there to judge modes of dress nor tonorial achievements; our sole purpose dealt with the composition and presentation of subject matter which these youngsters had received only a scant half hour before.

If anyone is tempted to criticize the Forensic program they are welcome to make this simple test: Have a friend give you a current event topic. Study it for thirty minutes then stand in front of four judges and speak for seven minutes.

That may well be the longest seven minutes of your life!

Anyone expecting to find a Hippie in this crowd was doomed to disappointment.

Nowhere could be found a candidate for the rock throwing, fire bombing, building burning, "Down with America," bunch of rabble.

We came away with a heart filled with gratitude for these youngsters, their teachers and parents.

An affair of this sort affords a lesson in involvements; and without involvement there can be no democracy.

Back these young people to the hills; for it is upon these broad young shoulders, and into these soft, slender hands that we must place our future.

JANUARY 21

## Credit Union Sets Annual Meeting Date

The Friona, Texas Federal Credit Union will hold its annual meeting the night of Thursday January 21, 1971, with a chili supper at the Friona Junior High School Cafeteria. The meeting will begin at 7:30 p.m.

During the past year, the Credit Union's statement reveals growth in shares from \$289,359.60 to \$351,484.38, and in assets from \$336,198.77 to \$430,947.46.

Also during 1970, the Friona, Texas Federal Credit Union's territory was expanded to include all of Parmer County. A total of 122 new members were added during the year, bringing membership as of December 31 to 953.

The Credit Union pays 4.8 per cent dividend on savings, and paid its members a total of \$13,945.62 in 1970.

Loan customers are also to receive a "bonus," it was announced this week, in the form

of a five per cent interest refund for the calendar year of 1970.

Credit Union shares are protected by National Share Insurance, thanks to recent legislation. Also created recently was the National Credit Union Administration.

The Credit Union will elect three members to its board of directors, and one member to its credit committee.

Board members with terms expiring are Geneva Williams, secretary-treasurer; Edward White and Dale Houlette. Hold-over members of the board are M. Ray Landrum, president, Bill Teel, vice president, Richard Collard and C.C. Scales.

Members of the union's credit committee are Ralph Roden, Leonard Coffey and Alvin Gaines. Coffey's term is currently expiring.

Lloyd Lovell of Lubbock, federal examiner with the National Credit Union Administration, will be the featured speaker.

## Littlefield Is Buried Sunday

Funeral services for Don Littlefield, 36, who died about 7:35 p.m. Friday in a Littlefield hospital, were conducted from the Church of Christ in Lazbuddie at 2:30 p.m. Sunday. Officiating ministers were Andy Rogers, Lazbuddie and Gaither Vanderveer, Abilene.

Littlefield, who was a native of Amarillo, had farmed in the Lazbuddie Community for several years.

Survivors include his wife, Wanda, a son, Donnie Joe, and a daughter, Karla Mae, both of the home; his parents, Mr. and Mrs. John Littlefield, two sisters, Mrs. Max Steinbock and Mrs. Gene Smith; and one brother, Carroll, all of the Lazbuddie community.

Pallbearers were Billy Reese, Fred Burch, Gene Paul Jarman, R. Dan Smith, Bobby Broyles, Don Kimbrell and Beardean Broyles.

Burial was in the Lazbuddie Cemetery.

## Bookmobile To Make Schedule

The High Plains Bookmobile library will make its regular run in the Friona area this week.

On Thursday, the Bookmobile stops in Oklahoma Lane from 9-10 a.m.; Rhea, 10:45-12 noon; Friona Elementary School, 1-1:30 p.m. and Black, 1:45-2:45 p.m.

Friday stops are scheduled at Hub, 8:45-9:45 a.m.; White's Elevator, 10-11 a.m.; Lazbuddie, 12 noon-1 p.m.; and Clay's Corner, 1:15-2:15 p.m.

On Saturday, the Bookmobile comes to Friona for a three-hour stop, 1-4 p.m. at the south side of the City Park.

## Flashbacks

...from the files of the Friona Star

40 YEARS AGO--JANUARY 9, 1931  
W.M. Lee, formerly of Hereford, has purchased the Marvete Theatre from H.B. Eberling, former owner and announces that he will give the people of this area a worthwhile picture show as soon as he can install the proper equipment.

35 YEARS AGO--JANUARY 10, 1936  
Almost every day (if it isn't too cold to be out) I hear someone asking "Who's going to pay the taxes to repay all the money Uncle Sam has borrowed?" I, of course, do not know, but it just occurs to me that a normal amount of reflection linked with experience will answer the question by saying that we, of this present generation and of the rising generation and the several succeeding generations yet unborn will pay the debt through multitudinous and ever increasing taxes.--J.W. White's column.

30 YEARS AGO--JANUARY 10, 1941  
The filling station on Main Street, known as "Brookie's Filling Station," which was badly damaged by fire a few weeks ago, has been repaired and considerably enlarged, and is again open for business. Wilbur Brookfield is in charge of the business.

25 YEARS AGO--JANUARY 4, 1946  
The Friona City Commission, consisting of Mayor Glenn Reeve and commissioners E.L. Spring and Carl Maurer, have changed the method of administering the city's business affairs by employing a city manager rather than having the city commission look after the details of the city's business. Wright Williams, who recently received his discharge from the Armed Service, has been appointed to the position.

20 YEARS AGO--JANUARY 11, 1951  
Friona residents were excited on Monday at a report which was circulated that one of the FBI's most wanted men was seen in Friona driving a car with a Florida license plate. The excitement built even more by a report by an Amarillo radio station that clues were being checked out in Friona. The rumors apparently were unfounded.

15 YEARS AGO--JANUARY 13, 1956  
In a move to increase valuation of the Friona School District from its present \$8,700,000 to \$13,000,000, the school board recently voted to engage the services of an appraising firm from Stamford. Only rural lands will be affected, as city property was re-evaluated in 1948. Expansion needs of the school plant is the reason for the re-evaluation.

10 YEARS AGO--JANUARY 6, 1961  
Diphtheria cases reported as near as Elmitt were being viewed with concern by school and health officials in the county this week. The disease hit Plainview in epidemic proportions the week before Christmas, and communities throughout the area have kept an uneasy check on the situation.

5 YEARS AGO--JANUARY 13, 1966  
Open house for the new million-dollar Friona High School will be held Sunday afternoon between the hours of 2 and 5 p.m. The new complex, completed this fall, was part of a \$1,250,000 bond issue passed by local voters in April of 1964.

HARRISONBURG, VA., NEWS-RECORD: "No one can realize the effects of a recession like those who are numbered among the jobless, no matter how small their ranks may be. Their despair, shattered dreams and sometimes financial disaster are not reflected in the statistics which disclose unemployment is rising as inflation is cooled. This is something to remember as the nation continues to struggle against the effects of years of profligate spending, too little concern for mounting deficits and bureaucratic excesses. The piper must be paid, even in the land with the vast resources of this one."

## Building Hits \$1.9 Million

(Continued from page 1)  
of \$566,000 was added in commercial construction. Largest permit along this line was \$368,000 for the new Friona State Bank building.

In addition, Crow Meat Company's new plant at \$160,000 and Friona Consumers at \$34,000 rounded out the commercial construction during the year.

Largest monthly total came in February, when a new all-time record for a calendar month was set. With both the bank and apartment complex permits being issued, plus six new home starts, the February total was a whopping \$1,171,700. This eclipsed the entire total for the previous year.

A total of 25 permits were issued for additions, alterations or small construction jobs, amounting to a total of \$27,575.

There were 72 permits issued, which was 18 less than the previous year, in spite of the record total amount.

Following is a month-by-month listing of the permits issued. The number in parenthesis gives the total number of permits issued.

Month	Const. Total
January (2)	29,000
February (15)	1,171,700
March (4)	27,575
April (5)	27,050
May (10)	104,550
June (6)	63,800
July (4)	37,000
August (2)	47,600
September (13)	165,100
October (7)	63,800
November (3)	33,700
December (3)	5,000

## Star Lites . . .

(Continued from page 1)  
tentative stated that delivery of its publication now takes three to four days more than it did a few months earlier.

It was the consensus of all persons interviewed that the mail service has deteriorated since May and June of this year.

We'd like to believe that the proposed postal increase would solve all of these problems.

However, they haven't in the past, so we have no reason to think they will be now. So we'll just grit our teeth like the rest of the businessmen and budget 33 per cent more for postage.

## Sincerely Yours

BY REV. ALBERT LINDLEY

Did you ever see anything and you wondered what in the world it was all about? Of course you have--but I really ran into a hum-dinger the other day. It was one of those magnetic signs we see on the doors of cars. It read, "Dare To Be Great, Inc." I may find out it is some club, or sales pitch or something. Possibly you may even know what it is--but I don't--except it kinda caught my fancy.

What would you do with an idea like that? . . . Maybe it is a political has-been trying for a fruitless comeback. . . Maybe it was a Texas University football player. . . Maybe a Ford Edsel dealer. . . or possibly some big local plans that were in progress in that community--at any rate, just think of the meaning behind it. . . "Dare To Be Great" . . .

What would that mean to you in your particular situation? . . . I mean by that, what would you start to work on right now if you took that admonition seriously?

Well, allow me some room for some mental imaginative stretching, if you don't mind.

For instance, what if you decided that from this moment on you would "dare to be great" in your chosen vocation? . . . Would it mean that to "be great" in your field would mean success for yourself or possibly would it mean that those in your circle of business associates would think more highly of you and your characteristics? Would they like to do business with you? See how it works? Let's try another area.

This time let's talk about the home or family. . . most of us have one. . . "Dare To Be Great" could mean you would be a great provider as head of the household, or maybe you would be the mother your family needs. . . it could be a real attempt at a more profound relationship within the family. . . I can think of all kinds of things this might bring about within the family relationship.

This time let's talk about the home or family. . . most of us have one. . . "Dare To Be Great" could mean you would be a great provider as head of the household, or maybe you would be the mother your family needs. . . it could be a real attempt at a more profound relationship within the family. . . I can think of all kinds of things this might bring about within the family relationship.

Just to give us something to do, let's run this idea through our personal life of religion--You know, just for the fun of it--certainly not because we need it. . . (7). To "dare to be great" in religious circles could mean that we not only understand the Master's mastery over the areas of life but also that we too can "dare to be great." O, to be sure, not to the same extent as He, but still there is a sense in which we could "dare" . . .

You see, we could "dare" to increase our relationship with God--or "dare" to strengthen our relationship with man. (Most of us could use this idea.) (I kinda believe that it would mean with that old so-and-so whom we rather dislike, also.) It could mean to "dare" to look at yourself in a more favorable light. That's important too, you know. But the real thing is to "dare to be great," and friend, when we do this for His sake, it can mean something.

So, I don't know what that sign meant, the one that I saw--but I sure did like what it said.

You know, just for the fun of it--not that we need it at all--(7)--it might be fun to try out something like that. . .

"Dare To Be Great."

THE  
OLD TREE  
ON  
KIT  
CARSON  
ROAD  
TAOS, N. M.

This tree is only a block from the Kit Carson home in Taos. Back of the tree is the meadow where the wagon trains camped in the days of the mountain men. There are people living in Taos today who knew as youngsters the old timers of Kit Carson's days.

Under this very tree the fur traders, the wagon men, the hard, lean cattle drivers from Texas whooped and stomped in local fiestas.

Here Taos, "Lightning" was loaded for shipments and here wild cowboys and army men courted the pretty Spanish girls of Taos. In later years, less than a block from this tree, the great artist, Sharp, built his studio and next to him an equally great artist, Couse, painted pictures known all over America. Couse painted many of the Indians seen on the Santa Fe calendars and on national prints. His pictures are now collector's items in many countries of the world.

Within two blocks is the La Donna Luz, now a restaurant, once a gambling hall where the real pistol packers like old Long John Dunn held out.

About a block away, diagonally, Kit Carson lies sleeping next to Josepha, his Spanish wife, and down the street from the tree their home still stands . . . now a tourist mecca.

The original is a 18 x 24 pen ink drawing. If you would like a reproduction of this drawing full size, 3 for \$2.00 check or money order made out to the newspaper in which you saw this column. Please include twenty cents extra for handling and postage and the picture will be mailed prepaid. If you would like to have these autographed please be sure to state how you would like the autograph to read.

Senter Rites Held  
Tuesday In Dimmitt

Funeral services for Joe C. Senter, 67, who died at 4 p.m. Wednesday in an Englewood, Calif., hospital, were held at 3 p.m. Tuesday at the Dennis Funeral Home in Dimmitt. He was a former resident of Bovina and did carpenter work in the area.

Dr. Raymond Perkins, pastor of First Baptist Church in Dimmitt, officiated at the rites. Burial was in Castro Memorial Gardens.

Survivors include one son, Ralph L. of Seattle, Wash.;

five sisters: Mrs. Mary Lou Frazier of Dimmitt, Mrs. Emma Beth Brinker of Englewood; Mrs. Earlene Bowser of Los Angeles; Mrs. Nell Davis of Friona and Mrs. Frankie English of Richmond, Calif.; and two grandchildren.

Moonbound Electricity Project Apollo's fuel cell power plants, equipped with pure nickel electrodes, will provide from 500 to 2,000 watts of electricity for the spacecraft.

Having problems with a newly purchased stove or refrigerator? Consumers have a new source of help for major appliance grievances, advises Bonnie Lyerly, Extension specialist in home management at Texas A&M.

In late spring 1970, the association of Home Appliance and Gas Appliance Manufacturers, and the American Retail Federation established the Major Appliance Consumer Action Panel. Composed of independent consumer experts, the panel serves as a liaison between consumers and industry. Complaints are handled in a fair, unbiased manner by contacting top executives of manufacturing companies.

Several steps are recommended by the Major Appliance Consumer Action Panel to solve problems. -The consumer should first read the instruction book, and check the appliance for easily-repaired faults.

-The dealer, from whom the appliance was purchased should & W.H. Cash, W1/2Sec. 24, Blk. B, Synd.

WD, L.L. Norton, Gerald Norton, et al, 1/2 int. to S1/2 Sec. 33, Sec. 42, Blk. A, Synd.  
 WD, Raymond Sudderth, Bedford Caldwell, lots 6, 7, 20, 21, Blk. 4, Gardner Add, Bovina  
 WD, Edna Weir Davis, Dan Ethridge, E 47 ft. 9 in. of lot 24, Blk. 77, Friona.

next be notified as well as the manufacturer.

-As a final step, the consumer may contact the Major Appliance Consumer Action Panel, 20 North Wacker Avenue, Chicago, Illinois 60606.

Carbon tetrachloride, a common ingredient in many cleaning fluids and fire extinguishers, has been banned from sale by the federal government as an extreme health hazard.

The chemical has a high toxicity and may cause extensive damage to the liver, kidneys, lungs, heart and nervous system. It can be fatal if swallowed or inhaled.

Carbon tetrachloride is a nonflammable grease solvent, and has been used in cleaning fluids and fire extinguishers for many years.

USDA first warned consumers about the dangers of carbon tetrachloride for household chores in 1968. The present ban includes its use in fire extinguishers. When the chemical is exposed to a flame, the solvent changes into phosgene gas, a deadly poison.

Check labels on cleaning supplies and fire extinguishers for carbon tetrachloride. If included in any of these products, dispose of them immediately.

BEET MEETING. . . Four of the principals of the Texas-New Mexico Sugar Beet Growers Association's annual meeting, held Saturday in Hereford, are shown here. From the left are James W. Witherspoon, executive secretary, Edward McFaul of Chicago, the banquet speaker, Jay Boston, president, and A.L. Black, director.

**Bond Totals Are Noted**

According to a report received from Frank A. Spring, Chairman of the Parmer County Savings Bond Committee, sales of Series E and H United States Savings Bonds in Parmer county during the month of November totaled \$3,978. Eleven-month sales were \$50,128 for 50 per cent of the announced goal for 1970 of \$100,000.

Sales in Texas during the month amounted to \$14,915,027 compared to \$12,962,108 during November 1969. The January- November sales totaled \$166,

883,983 for 93 per cent of the 1970 goal of \$179.9 million.

Over the Nation during November there were new purchases of E and H Bonds amounting to \$373 million. Sales for the first eleven months of 1970 were \$4,281 million-5.8 per cent above a year earlier. Exchanges of Series E for new Series H Bonds totaling \$212 million were reported for the first eleven months-a 27 per cent increase over the \$167 million exchanged during 1969.

One of the easier ways to remove old wallpaper is to soak the wall paper with warm water and scrape from the top down.

**GSPA Effects Raise In Grain Price Support**

"The Grain Sorghum Producers Association has done it again," reported A.W. Anthony Jr. of Friona, a local representative of the organization. The legislative action of relating grain sorghum to corn on a nutritional value has given millions of dollars of farm income protection to the grain sorghum producers of the United States.

While many areas of farm income were being lowered by the provisions of the new farm bill, the total loan and price support payments were raised from \$2.14 per hundred weight in 1970 to \$2.25 per hundred-weight for 1971.

This is an increase of 14 per hundredweight income protection on all grain grown. Grain sorghum is now related at 92 per cent of the nutritional value of corn, and tests are being conducted to substantiate that the nutritional value is at least 95 per cent or greater than that of corn. This would mean an additional 84 per hundredweight income protection for all grain sorghum grown. The production year of 1969

saw 16.8 per cent of all grain sorghum grown go into export markets as cash sales. This means that 16.8 per cent of the producer's income is derived directly from export markets, which removes this much grain from the local market condition.

This additional grain could have a depressing factor upon local prices. Export markets pay well to our local producers, and milo producers must see that these markets are maintained and enlarged.

The Grain Sorghum Producers Association, since its organization in 1956, has been the recognized spokesman for grain producers. It has seen national production go from 22 bushels per acre to a high of 66 bushels per acre, which demanded new markets, and these markets were found in the local feeding and export industry.

Grain sorghum sales exceed \$200,000,000 in this area each year and is now the largest acreage and cash crop in the area. Producers in each county are elected and serve on the board in making policy decisions and giving directions. Their efforts have paid big dividends for the producers of this area.

Administrative decisions are being made each day that affects the income of each grain sorghum producer. GSPA must meet with leaders on all levels to get the best possible deal for the producer. Many producers have overlooked the opportunity to support this commodity with their membership dues. Incidentally, as a landowner or land operator, have you given your support?

REMOVING STAINS--Toremove combinations of greasy and nongreasy stains such as salad dressing, ice cream, gravy, or meat juices from washable material, first sponge the stain with cool water. If the spot remains, soak in cool water for 30 minutes. If the spot still doesn't come out, rub liquid soap or detergent into it. Rinse well and let the material dry. If a greasy stain remains, sponge with a spot remover.

With the current low hog prices, commercial producers must strive for efficiency in order to withstand this price-cost squeeze.

According to Dr. W.B. Thomas, a Texas A&M University Extension swine specialist, the major factors that influence the efficiency or cost of producing a 220 pound market hog are fixed cost, feed efficiency, cost of grain and pigs marketed per sow per year.

"Fixed cost, such as depreciation, interest on investment, insurance, miscellaneous and repairs cost approximately \$1.25 a head for each \$100 invested, provided 16 pigs are marketed per sow each year," the swine specialist explains. "It is impossible to produce hogs without any capital investment, but the amount invested should be the minimum required to provide proper environments for the pigs."

Feed efficiency, the amount of feed required to obtain a pound of gain, certainly affects the cost of production. If by

following better management practices, adjusting feeders to eliminate feed waste and feeding various classes of pigs according to their needs, the feed requirement can be reduced by one-half pound for each pound of weight gained, an approximate savings of \$3.50 on each head would result if milo were costing \$2.40 a hundredweight.

The price of grain sorghum also greatly influence the cost of production. "As the price of grain sorghum increases .40 cents a hundredweight, the cost of producing a 220 pound market hog increases approximately \$2.70, provided a feed efficiency of four pounds of feed for every pound gained is obtained," Thomas says.

**CHAMBER MEETING**

**Manager Gets Raise;  
New Board Presented**

**MOISTURE IS ENEMY OF MELTING CHOCOLATE**--Chocolate will not melt properly if the slightest amount of moisture is introduced. Any moisture will make the chocolate bits tighten into a solid mass. The solid mass may also result when melting chocolate at too high a temperature. If chocolate does tighten, however, you may make it smooth again by heating it in a double boiler over hot but not boiling water and then blending in up to 1 tablespoon of vegetable shortening.

The Friona Chamber of Commerce board of directors voted Tuesday to give manager Billy Jones a \$125 per month raise in the board's regular monthly meeting.

The increase brought Jones' salary to \$625 per month. He also receives \$50 per month car allowance and membership in Friona Country Club.

Presented were the five new members of the board of directors, who were elected last month. They were Wendell Gresham, Ron Davenport, H.

DRAW WORK . . . A Soil Conservation Service core drilling crew is shown working on the Running Water Draw watershed on the R. J. Sanderson Ranch near Lazbuddie.

**Activity On Draw Project**

Running Water Draw Watershed, far from being dead, has some activity going this week. A crew working with the Soil Conservation Service has begun a series of tests to determine the erodibility of the soils in the draw. The crew, Jim Ryan, of Fort Worth and William Carter of Waco, specializes in core drilling. The Construction Engineer Bill Bruce and the Core Drill Geologist Bob Lathrop are supervising the work and making preliminary on-the-spot analysis.

The purpose of the investigation is to determine if permanent grass established in the emergency spillways of the planned flood prevention dams will sufficiently control water erosion during flood stages. If vegetation does not prove to be sufficient, concrete will be recommended for the spillways.

This would increase the cost considerably.

There are two structures scheduled to be built in Parmer County. One structure is to be located about one mile north of Bovina and the other about five and one half miles Northwest of Lazbuddie.

For more information about these flood prevention structures contact the Soil Conservation Service office in Friona.

**Cattle Waste Problem  
Object Of Tech Research**

In Texas beef cattle outnumber people seven to one. The beef cattle raised in commercial feedlots of the High Plains of Texas produce money in the bank, an attractive economy, and enough solid waste each year "to form a mountain."

In three research papers, Texas Tech University specialists told the American Society of Agricultural Engineers meeting in Chicago Tuesday that progressive cattle feeders, universities, state regulatory agencies and others are experimenting with new design concepts based on a systems approach to the entire problem of feedlot waste.

Involved, they said, are pollution abatement, weight gain in cattle, feed efficiency and profit.

The work of six Texas Tech

researchers was reported at the national meeting Tuesday (Dec. 8), and other Texas Tech reports on recharge of the Ogallala Aquifer are scheduled for Wednesday sessions.

Chairman George F. Meenaghan of the department of Chemical Engineering reported on "Gas Production from Beef Cattle Wastes." His research was conducted with Director Dan M. Wells of the Texas Tech Water Resources Center, Animal Science Prof. R.C. Albin and Agricultural Engineering Prof. Walter Grub.

Cattle used in their experiments were held in environmental chambers and wastes were flushed into a two-stage digestion system which produced methane gas as an end product.

The system, Dr. Meenaghan told the engineers, is feasible "and can be used for obtaining nominal treatment of beef cattle wastes" although even with the best conditions, the system "will not be sufficient for complete treatment."

The researchers said that while methane gas is produced in sufficient quantities for sale, the only profit to the feedlot operator would be in efficiency of operation which would contribute to a saving in overall cost of waste control.

Prof. Grub, in reporting on composting waste both in a drum digestion system and in open composting, concluded that this, too, is a feasible solution but "requires skilled management to obtain satisfactory results."

Most waste now is piled in open composting without any system for stabilizing it, the researchers found. It could be treated in specially designed digesters or in exposed compost piles turned at regular intervals. When stabilized the com-

post could be stored in a wet or dry state without danger of heating, attracting insects or causing noxious odors. While feasible, this also represents added cost to the feedlot operation.

Working with Grub in this study were a graduate student, J.D. Martia, and instructor L. L. Keeton.

Keeton also presented a paper on the effects of manure depth on runoff from southwestern cattle feedlots. This research was done in association with Grub, Wells, Meenaghan and Albin.

**Girl Born To Jerry Burnetts**

Mr. and Mrs. Jerry Burnett of Weslaco, Texas, became parents of a baby girl at a Weslaco hospital Saturday, January 2. She weighed 7 lbs. 11 ozs. and was named Lee Ann. Lee Ann has one sister, Skott, 4, and one brother, Russell, 2.

Grandparents are Mr. and Mrs. Frank Burnett, Bovina, and Wes Smith, Dimmitt.

Mrs. E. B. Brannon, Friona, is the maternal great-grandmother.

**Fifteen Listed On Straight A Honor Roll**

According to an announcement from John R. Cook, Friona High School principal, early this week, fifteen students were listed on the straight A honor roll for the third six weeks.

They were Kay Cochran, Sarah Gammon, Darlene Harper, Trip Horton, Gary Land, Nancy Martinez, Carolyn Murphree, Kathy McLean, Carol Reeve, Annette Reznik, Dale Schueler, Gayla Self, Holly Stephenson, Lou Whaley and Debra Wyly.

Those named to the honor roll with A's and 1 B were Beverly Bailey, Bill Bailey, Cindy Barnett, Gloria Brown, Greg Collier, Glenda Deaton, Ellen Denny, Shera Finley, Denise Frazier and Ann Hurst.

Also Sally Kendrick, Mike Mills, Jill Riehmayer, Marie Russell, Betty Sachs, Carleen Schlenker, Susie Spring, Shella Struve and Gay Welch.

Students making A's with 2 B's were Jeannie Bandy, John Bingham, Randy Dorrell, Bryan Elliott, Margaret Emerson, Sylvie Flores, Carolyn Gore, Donna Harper, Sylvia Hernandez, Kathy Horton, Cinda Johnson, Bobby Lewellen, Mike Miles, Richard Shirley and Holly Welch.

**Spring Style Show Presented Thursday**

Following a talk by Jan Wallis at the Thursday afternoon meeting of Friona Young Homemakers in the Friona High School Speech Auditorium, was a spring style show.

Members of the third year clothing classes modelled garments they had made with Gay Welch serving as narrator. Then Mrs. Dave Thompson, representing Ruthie's, and Mrs. Ray Fleming, representing The Hut, presented several spring fashions.

The devotional was presented by Mrs. Larry Moyer. Mrs. Billy Sifford was a special guest.

**Delta Kappa Gamma Holds January Meet**

The January meeting of the Iota Eta Chapter of Delta Kappa Gamma Society was held Saturday morning in the home of Mrs. Ernest Osborn.

Co-hostesses for the coffee were Mrs. Frank Truitt and Joy Morton.

Mrs. Byron Hardgrove and Mrs. Coleman Moseley presented reports on what is being done by members of the organization in keeping up with the trends in education, professional growth, cultural activities and personal growth.

"How Can We Grow Professionally?" was the challenge presented by Mrs. Lois Lee, guest speaker.

Friona members present were Mrs. Moseley, Mrs. Ethel Benger, Mrs. John R. Cook, Mrs. Fay Reeve, Mrs. Wana Brewer, Mrs. Martha Bates, Mrs. Hardgrove, Mrs. Truitt, and Mrs. Osborn.

Those of you who read this column last week will probably remember that mention was made of our gratitude that nothing disastrous had happened to any of us as we went hither and yon and had friends and relatives doing likewise during the Christmas-New Year's holidays.

At the time I didn't know of an incident which had happened to Leon and Maria Hartman of Boise, Idaho. Leon is better known in Friona than is Maria and we almost claim him as one of us. He made his home with his aunt and uncle, Oleta and Orville Houser, several years and attended local schools.

Leon and Maria are both students at a university in Moscow, Idaho and were on their way back to school after having spent several days visiting the Housers and other relatives and friends here and in Hereford. Their granddad, G.C. Hartman is now living in Hereford.

Near Monticello, Idaho the two young people were stopped by a member of the Utah State Highway Police. Before the policeman was able to tell the Hartmans what had happened to him, two fugitives ran up to the car and forced Leon and Maria to drive them down a side road at gun point.

The policeman, who had been shot by the two gunmen a few minutes earlier, flagged another car down and went to the nearest police station to report what had happened to him before going on to the hospital for treatment.

The gunmen forced the Hartman youths from their car, handcuffed them together then left in Leon's car. Leon was able to carry Maria on his back until they came to a camper and were able to get help. Then the people who befriended them took them into town and to the police station.

When the group arrived at the police station the dispatcher was making an attempt to radio information about the incident so that road blocks could be set up, but had very few facts to report. Of course, Leon was able to supply the make, model, color and license number of his car.

Within a few minutes after road blocks had been set up, the fugitives ran upon one and attempted to get away by driving down a little used road. The car was wrecked and the men were captured.

After Leon gave the needed information, to proper officials, he immediately called Orville to report the incident. Orville and Oleta went to Cortez, Colorado, and helped Maria get on her way to school by way of bus. Then assisted Leon in the purchase of a new car and saw him on his way.

Being late for school, the inconvenience of the episode, the scare Leon and Maria got nor any of the incidentals upset Leon very much. He summed up the entire experience by saying, "I feel so lucky just to be alive."

One of the most sought after speakers in the nation, Dr. C. L. Kay, assistant president of Lubbock Christian College, will be speaking in Friona again soon. He has accepted an invitation to speak at the Thursday, January 21 meeting of New Horizons Junior Study Club.

"God and Country," will be the theme of his talk. This meeting will be open to the public and Mrs. Walter Cunningham, president, is inviting everyone who is interested to attend.

**Rusty Wade Jones Born Here Friday**

Mr. and Mrs. Charles Jones, 603 Springfield, became parents of a baby boy at 1:20 a.m. Friday, January 8. He weighed 8 lbs. 13 ozs. and was named Rusty Wade.

Older children of the couple are Marty and Dodi.

Grandparents are Mr. and Mrs. W.H. Jones and Mr. and Mrs. Estis Bass, all of Friona. Great-grandparents are Mr. and Mrs. A.W. Anthony Sr., Friona, and Mr. and Mrs. W. A. Bass, Rocky, Oklahoma.

**The Lonely Heart**

NEW YEAR'S FIRST BABY... Kipper Dale Harper, who was De Baca County, New Mexico's first baby in 1971, is pictured here with his mother and daddy, Mr. and Mrs. Bobby Harper, who live on a ranch between Fort Sumner and Roswell. The baby was born at 12:51 p.m. Wednesday, January 6 at De Baca General Hospital in Fort Sumner. Grandparents are Mr. and Mrs. Art Jones, Fort Sumner, Mrs. Virginia Dyson, Canyon and Mr. and Mrs. Glenn Dyson, Borger. The great-grandparents are J.L. Taylor, Friona; Mrs. Marie Harper, Colorado Springs, Colorado; Mr. and Mrs. Joe Ashley, Plainview, Texas; and Mr. and Mrs. R. A. Dyson, Floydada, Texas.

**Miscellaneous Shower Honors Sandy Reznik**

A miscellaneous shower in the home of Mrs. Kenneth Moore from 3:00 to 5:00 p.m. Friday, was a courtesy for Sandy Reznik, who will become the bride of Ronnie Altman, January 29.

Co-hostesses with Mrs. Moore were Mesdames Marion Fite, Rosco Ivie, Sterling Graham, John Hays, Rene Snead, Estis Bass, Travis Stone, Richard Vaughn, L.R. Hand, Charles Short, Melvin Hassenpflug, Marvin Jordan, A.T. Stowers, Jr., J.P. Sims, Max Self and Claude Garth.

**A Better Calf Crop!** Another good reason for feeding T-E Liquid Supplement.

When the calves are on the ground you'll be glad you had T-E Liquid Feed Supplement on the range.

It delivers the protein, vitamins and trace minerals your cows need to produce a better calf crop. It will give them extra energy, make them forage better and enable them to get all the nutrition available from stalks, hay or pasture.

With T-E Liquid Feed Supplement in your feeding program, you can count on more consistent estrus, better conception, easier calving, fewer abortions or stillborns and larger calves dropped and weaned.

Fed free-choice, T-E Liquid Feed takes the guesswork and hard work out of supplement feeding. It's self-rationing. Animals consume what they need—no more, no less. And since one T-E feeder will take care of 75 to 100 head up to ten days, it does away with most of the work.

There are many good reasons for feeding T-E Liquid Supplement that you can count in your calf crop. Talk to your dealer about other reasons why T-E Liquid Feed saves you time and makes you money.

T-E LIQUID FEED SUPPLEMENT IS MADE FROM A PATENTED FORMULA. The basic ingredients of T-E Liquid Feed Supplement are urea, phosphoric acid, molasses, vitamins A, D and E and trace minerals. The urea is chemically inhibited (by the patented formulation with phosphoric acid and molasses) to control the release of nitrogen and pace its conversion into protein for more efficient use by the animal.

## Teams Split Pair With Floydada

Friona High School split a pair of varsity basketball games with visiting Floydada last Friday in District 3-AA action. The Squaws maintained their unbeaten district record and ran their season record to 17-2 when a second-half spurt sent them past the Whirlettes, 35-24.

The Chiefs, meanwhile, dropped their first district game on a cold shooting performance, 45-33.

The Squaws started off very cold, hitting only six of their 28 field goal shots during the first half, and held only a one-point lead at the half, 14-13. Lucky for Friona, the Whirlettes weren't doing much better.

In the third quarter, the guards and forwards played great defense, and this seemed to help the team pick up on offense, as the Squaws outscored the Whirlettes, 15-3, to take a 29-16 lead into the final quarter, and break open the close game.

Diane Day scored five field goals in the third quarter rally. The team increased their shooting in the second half, hitting 10 of 22 attempts. Floydada was held to only 18 shots from the floor for the entire game, making only eight of them.

Miss Day's 22 points led the Squaws.

The Chiefs started out as cold as the sub-freezing temperature outside the gym. They didn't get a field goal until only 32 seconds were left in the first quarter.

However, Floydada wasn't exactly burning up the nets, and led only 9-5 at the end of the quarter.

Friona still couldn't get the lid off the basket in the second quarter. The Chiefs fell 10 points behind at 19-9 midway of the quarter. Reserves came in to spark a comeback which trimmed the lead to 19-15 at the half.

Friona scored first in the third quarter, pulling to within two at 19-17. They later trailed by only one at 27-26 late in the third quarter, but never

were able to tie the score or take the lead.

Floydada finally began to hit the basket in the final quarter to take the win, their first in district play.

SQUAWS 6 8 15 6-35  
Floydada 5 8 3 7-24  
Diane Day, 11-0-22; S. Crofford, 2-1-5; K. Crofford, 2-0-4; S. Smith, 1-1-3; J. Riethmayer, 0-1-1.

CHIEFS 5 10 11 7-33  
Floydada 9 10 12 14-45  
Finley, 7-1-15; Fortenberry, 3-0-6; McPherson, 1-2-4; L. Fallwell, 0-0-0; Royal, 2-2-6; Clark, 1-0-2; Bailey, 0-0-0.

Friona's Freshmen lost their game to Littlefield here Thursday night, 60-46. Friona took the lead on a basket by Jay Messenger with 40 seconds gone on the clock.

Littlefield tied it up with 6:38 left in the quarter. Kent Patterson put us ahead again but Littlefield tied it up, Ricky Carr again put Friona ahead, but Littlefield again pulled ahead.

Friona took the lead, 15-14 at the start of the second quarter and kept the lead until Littlefield went ahead 20-19 with 4:08 left in the half. Littlefield had the longest lead of 18 points which came with 1:10 left in the game. Final score was 60-46.

Friona 13 21 28 46  
Littlefield 14 26 42 60  
Ricky Carr, 7-4-18; Bill Fallwell, 3-3-9; Jay Messenger, 2-1-5; Jesse Rando, 2-1-5; James Peres, 0-4-4; Kent Patterson, 1-1-3; Trip Horton, 1-0-2.

## Chiefs, Squaws Take Wins At Abernathy

Friona High School's basketball teams claimed a pair of wins over Abernathy last Tuesday in District 3-AA games. The wins gave both teams perfect 2-0 records in district play.

The Squaws disposed of Abernathy, 58-32, and following that game the Chiefs outclassed the Antelopes, 69-59.

The Chiefs were bolstered by a return to his "old form" by Ronnie McPherson. A junior forward, McPherson had been hobbled in early-season games by an injury he sustained during football season, which knocked him out of the football windup, as well as the beginning of basketball.

McPherson, getting over his knee injury, pumped in 20 points last Tuesday to pace the Chiefs in scoring for the first time. Last year as a sophomore, Ronnie had led the team's scoring toward the end of the season.

Sophomore Larry Fallwell also started for the first time, and he added 12 points to the team's attack. Post-man J.V. Finley had 13, and Mike Royal scored 10.

The Chiefs led from the opening quarter, holding a 32-24

HAPPY REBOUNDER... Vicki Ulen seems happy with the fact that she is hauling down this rebound for the Friona Squaws in their battle with Floydada here last Friday. In the left background is Squaw guard Gloria Brown, and Jayn Massie is in the right background. The Squaws won the game, 35-24 and also won at Olton Tuesday night to clinch the first half district championship.

## Eighth Grade Team Tops Littlefield

The eighth grade boys won their game against Littlefield last Thursday very handily as substitutes played part of the second quarter and all the last half.

Friona took the lead with 27 seconds gone in the game on a

basket by Gene Strickland. Littlefield tied it up and Clay Bandy made a goal to put Friona ahead for good with 5:05 left in the first quarter.

Littlefield trailed by five at the end of the first quarter, 12-7. Friona made 19 points in the second quarter and Littlefield made only one. Friona's longest lead was 33 points (45-12) with 1:35 left in the

game. Final score was 45-14.

Friona 12 31 38 45  
Littlefield 7 8 10 12  
Clay Bandy, 5-0-10; Kevin Welch, 2-3-7; Gene Strickland, 2-2-6; Dale Cleveland, 2-0-4; David Hutson, 2-0-4; Mitchell Wiseman, 2-0-4; Eddie Waggoner, 1-1-3; David Clark, 1-1-3; David Blackburn, 1-0-2; Ruede Rule, 1-0-2.

## Longhorn Stampede

By Mike Casey

The varsity boys of Lazbuddie captured the first tournament championship in more than five years when they downed the Causey Tomcats 43-41 in a tightly contested ball game all the way. The lead changed hands several times with neither team holding more than a five point lead.

Charles Lee led the barrage for the 'Horns by tossing in 17 points. John Jones was next with 10 points.

Causey was led by Ron Gardner who poured in 16. In the semi-final game, Lazbuddie downed Bovina, 43-38. Bovina had beaten the varsity in the

'Horns opening game and at one time Lazbuddie held a 17 point lead only to see it dissolve with bad passes and turnovers. Arthur Graves and Charles Lee both tallied 15 points. Tony Foster's 12 points was tops for Bovina.

In opening round play Bula fell to Lazbuddie 53-29. Arthur Graves tossed in 18 points for the 'Horns and Ron Risinger was credited with 12 to lead Bula.

The 'Horns now hold a 12-5 record overall and a 1-0 record in district play following a 59-40 win over Cotton Center.

## Eighth Grade 7th Graders Top Visitors Tourney Here

Friona junior high will host an eighth grade tournament this Thursday, Friday and Saturday at the Junior High School gymnasium.

In the girls' division, both the seventh grade and eighth grade teams will take part. There are eight teams in the girls tourney, but only four in the boys.

The boys will play a round-robin tournament, with each team meeting the other three. The boys team with the best record will be the winner, and in case of a tie, the total points scored will be used to break the tie.

The schedule is as follows: Girls: (Thursday) Friona 7th vs Dimmitt, 1:30 p.m.; Canyon vs Olton, 2:45; Muleshoe "A" vs Tulia, 4 p.m.; Muleshoe "B" vs Friona 8th, 6:30 p.m.

Semi-finals in the girl's tournament will be played on Friday, with finals on Saturday. Boys: (Thursday) Olton vs Morton, 5:15; Friona vs Muleshoe, 7:45; (Friday) Muleshoe vs Morton, 5:15; Friona vs Olton, 7:45; (Saturday) Muleshoe vs Olton, 5:30; Friona vs Morton, 8 p.m.

Trophies, which are provided by Black Grain Co., will be presented to the first, second, third and consolation winners in the girls' tournament, and to the first, second and third place teams in boys.

The seventh grade boys won their game here Thursday night against Littlefield.

The lead changed hands three times in the first quarter. Friona took the lead for good with 1:42 left in the quarter on a basket by Davy Carthel, 7-6. Friona never trailed after

this even though Littlefield tied the game three times (12-12, 14-14, 18-18).

Friona's longest lead of the game was 15 points (37-22) with about two minutes left in the third quarter. Littlefield came back and pulled within six, the final score, 40-34.

## Double Ring Ceremony Unites

### Linda Jo Lawson, Bobby Sims

In a double ring ceremony at First Methodist Church, Monahans, Saturday, January 2, Linda Jo Lawson, daughter of Mr. and Mrs. Marvin Lawson, 1308 South Allen Street, Monahans, became the bride of Bobby Sims, son of Mr. and Mrs. J. P. Sims, Friona.

The vows were read by Rev. Harold Bostwick, a Baptist preacher from Canon City, Colorado. The choir loft was centered with large arrangements of purple gladioli and pink mums tied with purple satin ribbon. Arched candelabras holding pink tapers flanked the arrangement. Family pews were marked with pink pom pom mums tied with purple satin ribbons.

E. P. James, organist, presented traditional wedding selections and accompanied Larry Lawson and Becky James as they sang, "Walk Hand in Hand," and "More," and Miss James as she sang "The Lord's Prayer," at the close of the ceremony.

Susan Currie, Paint Rock, Texas, was the maid of honor. Bridesmaids were Marsha Buchanan, Odessa; Amelia Sims, Friona, sister of the groom; and Susan Archer, San Angelo.

The candlelighters were Miss Sims and Sharon Brown, Littlefield.

The best man was Billy C. Ratliff, Houston. Groomsmen were Jim Rodrigue, San Angelo; James Ratliff, Big Lake and James Sims, Friona, brother of the groom. George Rushing, Friona, Ricky White, Coleman and Loyd and Don Lawson, Monahans, were ushers.

Feminine attendants wore purple velvet formal dresses designed with v necklines, empire bodices and bishop sleeves. They wore matching chokers of purple velvet ribbon centered with pink cameos and carried bouquets of small pink mums centered with pink candles. Their headpieces were of pink flowers.

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal wedding gown of white peau de soie, satin and Chantilly lace. It was designed with an empire waistline, bishop sleeves with wide scalloped cuffs and tiny satin buttons. The scalloped high cameo neckline, hemline, cuffs and bodice were enhanced with sequined Chantilly lace.

Her mantilla veil of silk illusion was edged in lace terminated in a formal train. It was held in place by a beaded headpiece decorated with seed

MRS. BOBBY SIMS

pearls. She carried a cascade bouquet of white fringed mums centered with a corsage of lavender orchids with white satin streamers atop a white satin covered Bible.

The bride's table for the reception, which was held in Fellowship Hall, was covered with a white linen cloth under net. The centerpiece was of pink gladioli and mums with two silver candelabra holding purple candles. Wedding cake, nuts, mints and punch were served.

Those in the houseparty included Diane Ryan, who registered guests, Mauretta Chaney, Nancy Kimbrough, Lauretta Hunt, Susan White, Mrs. Ricky White, Mrs. Jim Rodrigue and Soja Renee Bostwick, who passed out rice bags.

For a wedding trip to El Paso and Jaurex, Mexico, Mrs. Sims wore a white wool midi coat trimmed with white fur over a matching white wool dress. She also wore a pink cameo ring and necklace centered with diamonds, which were gifts from the groom, and the orchid corsage lifted from her bouquet.

Mr. and Mrs. Sims are at home at 3577 Arden Road, San Angelo, where he is employed as administrative assistant in the special services office of Angelo State College, from which he recently received his BBA degree.

Mrs. Sims, who is a graduate of Monahans High School, is a senior English major at Angelo State University.

## Girl Scouts

### Report

Girl Scout Troop 266 met Thursday afternoon at Girl Scout House. Deena Mason, Maria Villaneva, Paula Williams and Jamie Fulks presented the flag ceremony.

The pledge of allegiance to the American flag was directed by Tera Simpson.

Renee Brock directed group singing of one song.

A poem was read by Linda Ruzicka.

Following a stamp printing session, refreshments were served to 28 Girl Scouts and three leaders, Mrs. Tom Mason, Mrs. Kenneth McLellan and Mrs. John C. Miller, by Deena Mason and Joanna Merritt, hostesses.

## Club Members Tour Bank

One of the highlights of the Thursday afternoon meeting of Black Study Club in the community room of Friona State Bank, was a conducted tour by Mrs. Wright Williams.

The meeting began with each member present answering roll call by giving her personal goal for the year. A record, which will be checked at the end of the year, was made for future reference.

The opening exercise, which suggested resolutions for the new year, was presented by Mrs. Cliff Allmon.

New yearbooks were presented by Mrs. Harry Lookingbill. Motto for this year is "Working together is progress."

Mrs. Clyde Hays became a member of the club.

Mrs. Gene Welch, hostess, served refreshments to Mesdames Glyn Hamilton, Allmon, Dick Rockey, George Frye, Bill Carthel, Travis Stone, Emma Elmore, Tom Presley, Ethel Benger, Hays, Mrs. Ellis Tatum, Mrs. Lookingbill, Mrs. Johnny Mars and Mrs. Tommy Tetum and daughters, Wendy and Holly.

## "Pace Of 70s" To Be Symposium Theme

A symposium focusing on family life is slated for Thursday, January 14, at the High School Auditorium in Friona, according to County Home Demonstration Agent Mrs. Janice Fant. Theme of the symposium is "Accepting the Pace of the 70's."

The symposium is being sponsored by Texas Agricultural Extension Service in Castro, Deaf Smith and Parmer Counties in support of the Panhandle Economic Program in its effort to bolster the social and economic development of the Panhandle.

Registration for the symposium will begin at 1:30 p.m. and the program will get underway at 2 p.m. with Mrs. Janice Fant, Parmer County Home Demonstration Agent presiding.

The welcome and purpose will be given by Mrs. Fant followed by a skit "The Harried Family Circus," serving to introduce the program. The skit will be by Mrs. Fant; Mrs. Argen Draper and Mrs. Rita Huckert, Deaf Smith County Home Demonstration Agents; and Mrs. Irene Keating, Castro County Home Demonstration Agent.

Featured at the meeting will be "Accepting the Pace of the 70's" by Dr. Stanley Fowler, Chairman, Home and Family Life Department, Texas Tech University.

The session will be rounded out by a question and answer period conducted by Dr. Fowler

from questions by those in attendance.

Mrs. Janice Fant encourages everyone in the area to make plans to attend the seminar. This lecture by Dr. Fowler will feature topics that are of vital concern throughout our nation today, and should attract wide spread interest in this area.

## The Library Corner

Story Hour is scheduled to begin again this week. The spring session, which is under the direction of Mrs. Jerry Hinkle, will begin at 10:00 a.m. Thursday.

All children in the area, who are between the ages of 3 and 6, are being invited by Mrs. Hinkle to attend the weekly sessions from 10:00 a.m. to 11:00 a.m. each Thursday.

Austin Hoover, Texas State Library Board Field Director, of Austin, met with the library board and other interested citizens December 15. He presented some very helpful suggestions for improving our library in several areas.

Have you read, "Inside the Third Reich," by Speers; "White Water," by Paul Hargen or "Love Story," by Segal? If not, all three of these books are available at the local library.

## Linda Huffstickler Weds Wayne Lee Taylor

In a double ring ceremony at Calvary Baptist Church at 3:00 p.m. Wednesday, December 23, Linda Huffstickler, daughter of Mr. and Mrs. J.W. Huffstickler, 902 Maple, exchanged wedding vows with Sgt. Wayne Lee Taylor, son of Mr. and Mrs. Carl Taylor, Salt Lake City, Utah.

The vows were read by Rev. R.C. Hester, pastor, before an archway of greenery entwined with poinsettias.

Carolyn Taylor, Salt Lake City, sister of the groom, was the maid of honor. Gail Melton, Friona, was the bridesmaid.

Roger Cleaver, Cannon Air Force Base, was the best man. The groomsmen were Kenny Taylor, Salt Lake City, Utah, brother of the bridegroom.

The bride wore a formal wedding gown of satin and lace. It was designed with an empire waistline, stand up collar and bouffant sleeves attached to long fitted cuffs.

She carried a bouquet of white carnations tied with blue ribbon love knots atop a white lace covered Bible.

The serving table for the reception, which was held in the home of the bride's parents, was covered with a white lace cloth over satin. The three tiered cake was served with punch, nuts and mints by Mrs. Phil Phipps.

For her wedding trip Mrs. Taylor wore a dress of blue bonded lace with white acces-

sories and a corsage of yellow mums.

Special guests at the wedding, in addition to the groom's parents, included his grandmother, Mrs. Elva Jones of Cedar City, Utah.

Mrs. Taylor is a junior at Friona High School and plans to continue her education.

Sgt. Taylor, who is a graduate of Salt Lake City High School, is currently serving in the United States Air Force and is stationed at Cannon Air Force Base.

Sgt. and Mrs. Taylor are at home at 902 Maple.

## Don Stubbs Has Surgery

Don Stubbs, Littlefield, underwent major surgery Monday at Methodist Hospital, Lubbock.

Stubbs, who was an employee of Rural Electric Administration, Littlefield, was injured in an accident about one year ago and received several burns. Plans were for removal of his lower left arm.

He is a 1962 graduate of Friona High School and his wife is the former Pat Baxter, daughter of Mr. and Mrs. Jim Baxter, Route 2, Friona.

BETTY TAYLOR, . . . A February 28 wedding at Sixth Street Church of Christ is being planned by Betty Taylor, daughter of L.G. Taylor, Muleshoe, and Joe Hefley, son of Mr. and Mrs. Bill Hefley, Odessa. Miss Taylor and Hefley are both graduates of Friona High School.

PAMELA HARTWICK, . . . Mr. and Mrs. Buford C. Hartwick have announced the engagement and approaching marriage of their daughter, Pamela Jean, to Robert G. Dorris, son of Mr. and Mrs. Glenn Dorris, Canyon, Texas. The couple plans to exchange wedding vows at 7:00 p.m. Friday, January 29, at First Baptist Church, Friona. Wedding invitations are not being mailed locally, but relatives and friends of the couple are being invited to attend the ceremony and reception, which will follow.

GINGER KATHLEEN TEINERT, . . . Mr. and Mrs. Emil A. Teinert, 316 Campbell, Pasadena, Texas, have announced the engagement and approaching marriage of their daughter, Ginger Kathleen, to Aaron A. Drager, son of Mr. and Mrs. John P.A. Drager, Route 2, Friona. Miss Teinert graduated from Pasadena High School and is employed by Kennedy's Hair Fashions. Drager, who is a graduate of Friona High School, has served three years in the United States Navy. He is now farming near Clovis. The couple plans to exchange wedding vows at First Lutheran Church, Pasadena, at 4:30 p.m. March 6.

ARTS AND CRAFTS, . . . Mrs. Glen Watters, who formerly operated an arts and crafts shop, was a guest at the Thursday evening meeting of New Horizons Junior Study Club in Federated Club House. Mrs. Watters is pictured here with several objects which she has created.

**Mrs. Dale Houlette Elected President**

During the business session of the Thursday evening meeting of New Horizons Junior Study Club at Federated Club House, Mrs. Dale Houlette, who has been serving as treasurer of the club, was elected president.

Other newly elected officers include Mrs. Edwin Morrison, vice-president; Mrs. Jerry Winkle, secretary; Mrs. Valton Howard, treasurer; Mrs. Fred Ferguson, parliamentarian and Mrs. Wayne Rhodes, reporter.

Outgoing officers are Mrs. Walter Cunningham, president; Mrs. Hank Wheeler, vice-president; Mrs. Valton Howard, secretary; Mrs. Wayne Rhodes, parliamentarian.

Theme of the program was "Hobbies Are For Everyone." Mrs. Glen Watters presented the program and displayed a number of different types of crafts that might be of interest to every person.

Mrs. Richard Dickson was a special guest.

**Mrs. Charles Allen Presents Book Review**

Highlight of the Tuesday evening meeting of Modern Study Club at Federated Club House was a review of Ruth Shorr's "It's A Woman's World," by Mrs. Charles Allen.

The meeting was opened with

an invocation by Mrs. Sloan H. Osborn.

Seventeen members were present. Refreshments were served by Mrs. Bill Stewart and Mrs. J.T. Gee, hostesses.

**Friona High School Hosts Forensic Tourney**

Friona High School was the host school for its annual Forensic Tournament held Saturday. Participating schools were Hereford, Meadow, Muleshoe, Spearman, Panhandle, Tulla, Morton, Floydada, Andrews, Bovina, Palo Duro of Amarillo, Denver City, Perryton, Boys Ranch, Snyder, Dimmitt, Seminole, Hobbs and O'Donnell.

Muleshoe was sweepstakes winner with 147 points; Meadow was second with 107 and Spearman was third with 91.

Results were as follows: Boys Prose Reading: Mark Brock, Snyder, first; Jerry Horn, Seminole, second; and Bryan Brady, Muleshoe, third. Girls Prose Reading: Allana Patterson, Snyder, first; Paula Scott, Panhandle, second; Donna Woodard, Muleshoe, third.

Boys Informative Speaking: Mike Tibbets, Muleshoe, first; Larry Fryar, Spearman, second; Mark Edwards, Muleshoe, third. Girls Informative Speaking: Christy Ford, Muleshoe, first; Susan Rudd, Hereford, second; Jenny Mullins, Snyder and Rosanne Els, Floydada, tie for third.

Boys Poetry: Major Howard, first; Mike Dennis, Snyder, second; John Garth, Muleshoe, third. Girls Poetry: Martha Sell, Panhandle, first; Denise Verner, Meadow, second; and Tonya Brown, Dimmitt, third.

Boys Persuasive Speaking: Mark Thompson, Seminole, first; Ed Mason, Muleshoe, second; Bobby De Armond, Sp-

earman, third. Girls Persuasive Speaking: Dixie Mercer, Seminole, first; Polly Marchbanks, Meadow, second; Kathy Caswell, O'Donnell and Cindy Streety, Denver City, tie for third.

Boys Debate: Richard Tracy and Buddy Dossett, Spearman, first; Steve Clack and Blake McDaniel, Andrews, second; Lonnie Haynes and Rudy McCallister, Meadow, third.

Girls Debate: Cindy Clack and Ann Gerald, Andrews, first; Harriet Burleson and Danielle Lyles, Meadow, second; Jean Porter and Camille Baggerly, Spearman, third.

Participating students numbered 247.

**Legion Meeting Is Announced**

J.P. Sims has announced that there will be an American Legion zone meeting at the Legion Hall at 7:30 p.m. to-day (Thursday).

All members of the Legion are encouraged to attend.

**Garth Improves**

Claude Garth, who has been a patient at Northwest Texas Hospital, Amarillo, is making satisfactory improvement and expects to be released within the next few days.

Garth, who was injured in an accident here Friday, underwent bone surgery on an arm.

**Riding Club Has Regular Meeting**

The regular monthly meeting of Friona Riding Club was held Saturday evening at Earl's Parmer House Restaurant.

Plans were made for the February meeting, which will be a social in the Community Room of Friona State Bank at 7:30 p.m. Saturday, February 6.

Those present were Mr. and Mrs. C.L. Lillard, Mr. and Mrs. Floyd Rector, Gary and Donna, Mr. and Mrs. Estis Bass, Howard Love, Les Weis, J.H. Whitaker, Mr. and Mrs. Charles Bass and children, Terri and Robbi and Porter Roberts.

Howard Love, president, invites anyone interested to attend the February meeting.

Doug Stephenson and daughters, Holly and Iris; Mr. and Mrs. Charles Bass and daughters, Terri and Robbi; Mr. and

Mrs. Estis Bass; Floyd Rector and daughter, Donna; Coleman Moseley; Mrs. Robert Zetzsch and daughter, Robin; and Mr. and Mrs. C.L. Lillard were present for a ride at the rodeo grounds Sunday afternoon.

**Fields Graduates**

Navy Seaman Apprentice Roger M. Fields, son of Mr. and Mrs. Clyde Fields of 623 Euclid, Friona, Texas, was graduated from basic training at the Recruit Training Command, Orlando, Fla.

Mr. and Mrs. Truell Hyde and sons, Trean and Brad, of Killen, Texas have been visiting in the home of Mr. and Mrs. H.A. Hyde.

**BUMBLE BEE RELIGION**

By Rev. O.G. Stanton

Somewhere I read that according to the Laws of Aerodynamics, it is utterly impossible for Bumble Bees to fly. But the simple Bumble Bee, not knowing that after all these thousands of years of casual and carefree flying modern science has completely grounded him, goes ahead and flies anyway, and makes a little honey besides.

According to the modern, materialistic theology of our day, it is utterly impossible for a human being in this 20th century to receive the Baptism of the Holy Ghost and speak with other tongues as all the disciples did in the early New Testament Church.

"Tongues," they say, "completely ceased with the death of the Apostles." The grimly amusing thing is that all over the world where honest-hearted men and women are willing to act on the simple promises of the scriptures, God baptizes them with the Holy Ghost, and without fail, they always speak with other tongues.

Not one single place in the Bible does God ever say that tongues were to cease. In fact, the scriptures teach exactly the opposite: that until that which is perfect is come, meaning the second coming of Christ and His Millennial Kingdom, tongues were to be an integral part of a genuine New Testament experience with God.

Jesus speaking to a certain group said, "Woe unto you; for ye shut up the Kingdom of Heaven against men: for ye neither go in yourselves, neither suffer ye them that are entering to go in." God forbid that as a minister of the gospel, I should act the part of the "Dog in the Manger"; not eating and refusing to let the hungry be filled.

"DON'T GIVE UP ON RELIGION UNTIL YOU HAVE TRIED PENTECOST."

## MBP Annual Report Reflects A Profit

Missouri Beef Packers, Inc. reported for the 52 weeks ended October 24, 1970, after-tax income from operations of \$1,306,561, or \$1.15 per share, on sales of \$219,948,984. Net income, including an extraordinary credit of \$176,085, was \$1,482,646, equal to \$1.30 per share.

Last year the company had reported after-tax income from operations of \$1,805,023 or \$1.59 per share, on sales of \$221,572,842. Net income of \$1,916,598, equal to \$1.69 per share, included an extraordinary credit of \$111,575.

J.C. Walker, President, said that due in part to general economic and industry conditions, "Beef packers' margins were badly squeezed during the second half of the fiscal year." He also noted that Missouri Beef's sales suffered from a seven-week strike at its Rock Port, Missouri Division earlier in the year and earnings were affected by startup costs associated with launching two major

Breaking and Fabricating operations at the Rock Port and Friona, Divisions. The strike was settled with the signing of a new three year contract, and both Breaking and Fabricating Divisions are now operating in line with projections.

"Although earnings were down from last year," Walker said, "compared to other independent beef packers, we did very well. Moreover, we did see a marked up-turn in beef margins the latter weeks of the fiscal year, and we are hoping this trend will persist throughout the current year."

Missouri Beef's newest plant, with a 10,000-head-per-week processing capacity, will open in Plainview, Texas, in February, 1971. The volume and earnings produced by this plant, along with higher margins from the company's increasingly productive Breaking and Fabricating operations, "Should help our company resume its industry-leading growth in the current year," Walker stated.

Operating Results for the Years Ended October 24, 1970 & October 25, 1969 (52 Weeks)

	1970	1969
Net Sales	\$219,948,984	\$221,572,842
Income Before Extraordinary Credit	1,306,561	1,805,023
Extraordinary Credit	176,085 (a)	111,575 (b)
Net Income	1,482,646	1,916,598
Income Per Share Before Extraordinary Credit	\$1.15	\$1.59
Income Per Share Including Extraordinary Credit	\$1.30	\$1.69

(a) Includes Life Insurance proceeds and Federal Income Tax deductions related to disqualifying dispositions of employee option stock.

(b) Federal Income Tax deductions related to disqualifying dispositions of employee option stock.

## Superintendent Gets New Three-Year Pact

Superintendent of Schools Alton Farr was given a new three-year contract as a highlight of the monthly meeting of Friona School board on Monday.

Farr is currently finishing the final year of a similar contract. The three school principals and the counselor have a year remaining on two-year contracts.

In other business, the board approved a dress and appearance code (see separate story), approved a textbook selection committee for the 1971-72 school year, and attended to routine matters.

A 15-member committee was appointed to consider new textbooks for 1971-72, composed of faculty members and administrators.

No school census is being taken this January, Farr explained, although later the school will attempt to register all first grade and prospective kindergarten students for the 1971-72 year.

The board entered into a new contract with Howard Perdue, tax attorney from Amarillo, for the collecting of delinquent taxes. Superintendent Farr reported that five new street lights have been erected on school property. Three are on the east side of the high school parking lot; and two are at the junior high gymnasium, lighting up the front of the building and the rear parking lot.

Tax assessor-collector Porter Roberts reported that a total of \$147,916.82 had been paid in school taxes through December 31. This was some \$10,000 more than the same date a year ago, he said.

Farr reported on the various school funds and the school budget.
