DEFERRED PAROLEES MADE

FEATURE ALLEGED PARDON ABUSE BY GOVERNOR WALTON

ADMITTED THERE IS NO PROOF EXECUTIVE RECEIVED BRIBE.

SAY THEY WILL SHOW HE EXCEEDED LEGAL BOUNDS

Charge Actions Designed to Permit Friends to Obtain Large Attorney's Fees.

OKLAHOMA CITY, Okla., Nov. 13. (AP)—The impeachment of Governor J. Walton today turned their guns on the alleged abuse of pardon and parole authority. The governor's friends declared there would be no pardon for the governor, but that they would show he exceeded the legal bounds of his authority in that he granted pardons before conviction, awarded clemency in the face of pending indictments and that his actions were designed to permit his friends to obtain large attorney's fees.

FURTHER EVIDENCE THAT WALTON WAS KILPATRICK

OKLAHOMA CITY, Okla., Nov. 13. (AP)—The impeachment of Governor J. Walton was a member of the Ku Klux Klan at the time he was pardoning the members of the organization because of their alleged mob activities in Oklahoma.

The evidence was made public in a report given to the committee by Dr. A. E. Davenport, state health commissioner and a member of the committee.

The committee also received a report from the governor's secretary that he had arranged the meeting with the governor for the ceremony, was present when a plan was made to mislead the committee by the governor and collected the initiation fee from the members of the organization.

Governor Walton repeatedly has denied that he ever was obligated in the Klan and has offered to sign a membership card. He charges that the present impeachment proceedings are the result of a conspiracy by the Klan and the state legislature to remove him from office.

The trial was resumed today with the prosecution offering evidence.

CHICAGO, Nov. 13. (AP)—About to start his automobile, Edward Devey, a member of the Chicago Police Department, found a bomb in the trunk of his car.

The bomb was a time bomb and was set to explode when the engine started. Devey reported the bomb to the police and it was exploded in a safe place.

TWO VERNON MEN IN JAIL IN CONNECTION WITH HODGES DEATH

VERNON, Texas, Nov. 13. (AP)—Two Vernon men were in jail today in connection with the death of Jim Hodges, killed on a highway near here on the night of November 11.

Frank Henderson said he had evidence against the man in custody that Hodges was struck by his automobile and that his body had been dragged about a mile by the machine.

LOS ANGELES, Nov. 13. (AP)—Four persons were arrested today in connection with the death of Jim Hodges.

LOS ANGELES, Nov. 13. (AP)—The large aggregation of women now present at the convention of the State Federation of Women's Clubs, has accepted an invitation to make the address over radio, broadcasting at 8 o'clock tonight.

SENATOR SHEPPARD ARRIVES THURSDAY AFTERNOON AT 2:10

Senator Morris Sheppard arrived at 2:10 o'clock Thursday afternoon to address the Texas Federation of Women's Clubs meeting at the Hotel Elgin and to attend to the business of the committee on the impeachment of Governor Walton.

Senator Sheppard will be the guest of Mr. and Mrs. J. T. Young while in the city.

China Exhibited Before Jury In 78th Dist. Court

Samples of chinaware of various designs and textures were exhibited before the jury in the 78th district court today.

The case is the result of a charge that the defendant, the art of chinaware, was sold to the plaintiff at a price below the market value.

The jury was selected at the morning session and the submission of evidence began Thursday afternoon.

The negro was held in the city jail for investigation.

PROMISES TO PROVE MORNING'S CHARGE IS ABSOLUTELY TRUE

STATEMENT MADE IN CONNECTION WITH FORBES TESTIMONY.

CHARGE IS MADE THAT DOCUMENTS SUPPRESSED

Forbes Fires Broadside at Committee Counsel While on Witness Stand.

WASHINGTON, Nov. 13. (AP)—Stirred by Charles R. Forbes' charge against committee counsel, John F. O'Ryan told the senate veterans committee today that he expected to prove "positively the whole truth of Mortimer's charge that Colonel Forbes was one of the gang of conspirators who were tied together with check and jewel to defraud the government."

Under cross questioning yesterday Forbes fired broadsides at committee counsel and through the testimony of the persons summoned were charged directly with the suppression of documents.

Mortimer and Williams were charged by Forbes with perjury and with having parties to a "conspiracy" to accomplish his destruction.

In his statement to the committee Forbes said he expected to show that this criminal conduct was in accordance with his previous life record.

The statement of General O'Ryan who is the committee's general counsel, was made immediately after the hearing and before the cross examination of Charles R. Forbes, a former director of the veterans bureau, was resumed.

Yesterday in the cross examination of Colonel Forbes, O'Ryan said, "he made charges that the testimony thus far introduced which impeaches his character is not only false, but it is the result of subornation of perjury and the concealment of witnesses."

The charge that documents were suppressed was made by Forbes.

PHYSICIAN WHIPPED AT RALEIGH, ILL., BY EIGHT MASKED MEN

HARRISBURG, Ill., Nov. 13. (AP)—Dr. S. A. Smith, a physician of Raleigh, six miles north of here, was whipped last night by about eight masked men. It was learned today.

The physician was coming out of his home when the men, who were masked, drove him into a secluded spot outside of town and beat him with their fists after lecturing him on his failure to support the Klan.

The physician emphasized that his suspicions concerning his treatment of his family were founded.

After the pummeling Dr. Smith was allowed to return home in his own car.

CHAPTER I

The men from the river were lean and hardy, and wielded the paddle against the slow-moving current of the wide river with a dexterity that proclaimed long practice.

Then he became aware of sounds for which he had not listened—the voices of the men, and nearer at hand, the splash of water as they paddled.

He looked at the man whom he knew as a white man, whom he easily guessed to be the factor, and as he looked toward the open door of the building, then having lifted it out of the water, he stood in the doorway, and looking toward the man who had been talking, he saw that the man was a white man, and that he was a white man.

THURSDAY EVENING

President's Evening, 8:30 in main auditorium, Mrs. R. E. Buchanan presiding.

Invocation, Rev. R. A. Barnes. Group of solos, Miss Jennie Smith Barry, Milford; Ernest Katz, at the piano.

Greetings from Mrs. C. W. Conroy of Fort Worth, post president.

Introduction of district presidents by Mrs. Buchanan; Mrs. J. C. George of Brownsville; re-appointing secretary, Mrs. Lee Joseph.

Heading, Mrs. David Warren, Bowie.

Votes, Miss Inah Paul Curry; violin obligato, Mrs. O. E. Nichols; organ, Mrs. F. R. Collins; piano, Mrs. A. B. Hill.

Address, Mrs. J. W. Emerick, New York City, national director near East relief.

Thursday morning's convention literally "round by round" resulted in the adoption of the constitutional amendments as offered by the chairman, Mrs. R. E. Buchanan, and recommended by the board of directors.

The adoption of the amendments was attended by warm and lengthy discussions, the amendments in controversy eventually being accepted without substitutes.

Thursday morning's session of the Texas Federation of Women's Clubs was opened with invocation by Dr. N. P. Grafen of the First Presbyterian Church, followed by various reports.

The report of the nominating committee was heard, with Mrs. Henry Redmond of Corpus Christi offered for president; Mrs. A. P. Averill of El Paso for vice president at large; Mrs. Carl Goodman of Plainview, reporting secretary; Mrs. W. S. Robertson of Wichita Falls, treasurer; and Mrs. May Wright of Fort Worth, auditor.

Mrs. Decca Lamar West, historian of the department, reported on the work of the committee, and the resolutions read and adopted.

Report from the committee on resolutions, with Mrs. O. R. Scott of Corpus Christi as chairman, was heard, and the resolutions read and adopted.

The resolutions were adopted, and the resolutions in regard to outdoor advertising which after discussion was postponed.

Mrs. W. R. Potter of Bowie, chairman of scholarships and loans, reported on the splendid work of the committee, calling attention to the increase of the loan fund from \$1,500 in 1908 at its beginning to \$1,000 at the present time, and stressing the need for a larger fund.

Mrs. Potter referred to the difficulty encountered in bringing about an amendment and the resolution in regard to outdoor advertising which after discussion was postponed.

She stated that 27 colleges are now giving scholarships, 19 new ones having been secured during the past two years.

Many appreciative comments on the work of this committee were offered from various representatives. Mrs. Edward Metts of Sherman reported on the second district subscription of \$100.

BRIEF PARLIAMENT OF GREAT BRITAIN READY TO PASS OUT

ENDS CAREER AMID EVENTS OF PARLIAMENTARY IMPORTANCE.

TWO SPEECHES TO HAVE INFLUENCE ON FUTURE

One is Labor Motion of Censure, the Other Premier's Review of Protection Policy.

LONDON, Nov. 13. (AP)—This is the last day of life for the present parliament. British parliamentarians often pass out of existence uneventfully, but this one ends its brief career amid events of far-reaching importance.

At least two of the speeches which are to accompany its demise are destined to have a great influence on future domestic happenings. One of these is the labor motion of censure against the government which J. Ramsay MacDonald, opposition leader, is to make. The second is Prime Minister Baldwin's reply in a detailed exposition of the government's new protection policy.

Everyone was eager to know whether Mr. MacDonald would speak emphatically for a capital levy, making this the main plank of the labor platform, or if he would be widely believed that the fortunes of laborites will be deeply affected in the coming election by their adherence to or rejection of such a measure.

Apparently, however, there have been misgivings recently among the labor leaders as to whether a levy on capital would gain or lose votes for the party and now it is said the plank is about to be dropped.

Should the plank be abandoned as part of labor's policy the conservative government would be free to attack against the labor candidates both on the platform and at the polls.

The return of the liberal forces appears to be generally satisfactory while the difficulties the conservatives are encountering in bringing back Chamberlain back into the fold are dimming their prospects.

The return of the liberal forces has greatly strengthened the hopes of that party.

Soldiers Compensation Equivalent to Bonus Is Favored By McAdoo

NEW YORK, Nov. 13. (AP)—William G. McAdoo, secretary of the treasury in President Wilson's cabinet, is convinced that the federal government can both reduce federal taxation and provide soldiers compensation, equivalent to a bonus, he declared in a statement made public today.

The statement, which was made at the telegraphic request of Lieutenant Dugan, in which it will be published next week, added that the bonus question "should long ago have been taken out of politics and be no circumstance should be used for political advantage."

"We can have tax reduction and do justice to the American soldiers as well," Mr. McAdoo says. "By treating adjusted compensation as a part of the war cost and funding it through an issue of 25-year bonds, the interest and sinking fund charges should not exceed 20 to 30 million dollars per annum. This would not prevent a reduction in taxes."

"The men who served in the trenches got \$1.10 per day; those in the rear areas got \$1.00 per day. If the American people believe that it was worth \$2.25 per day to serve in the trenches and \$1 per day to serve in the rear areas in America, then the difference between these rates and what the

soldiers have already received should be paid as an act of justice. We gave more than \$20,000,000,000 to the government during the war a bonus of \$20 per annum and this has continued for more than five years. It is less right to give the men who fought the war equal consideration."

IMPORTANT ANNOUNCEMENT EXPECTED FROM JOHNSON

CHICAGO, Nov. 13. (AP)—An important announcement is expected to be made by Senator Hiram Johnson of California late today.

The republican presidential nominee charged the political atmosphere here where the Republican senate from California and Mr. McAdoo have for several days been meeting political friends.

QUICK

WELFARE BODIES' BUDGETS ALLOTTED TOTAL IS \$40,000

That a financial campaign for \$40,000 should be begun on November 26 and ended on Thanksgiving Day, for the seven organizations composing the municipal welfare board, was recommended by the budget committee of the board in its report Wednesday afternoon. The actual requirements of the several organizations will amount to \$35,150, but it was decided that the goal should be set at \$40,000 to allow for the expected shrinkage collections.

The budget committee, composed of W. D. Cline, W. M. McGreer and William Daniels, recognized the following organizations in the budget for the coming year: the Welfare Board, Red Cross, Salvation Army, Day Nursery, Boy Scouts, W. C. A. and Texas Children's Home and Aid Society.

Attention is called in the report to the fact that the total amount to be collected in their respective budgets amounted to \$42,000; the total was reduced to \$35,150 by the board, with the recommendation that the drive be made for \$40,000. The figures were based on the experience of last year's collections. Last year a total of \$29,000 was subscribed and about 90 per cent of that amount has been collected.

Efficient Welfare Work. "I believe we are conducting efficient welfare work in Wichita on a very economic basis and with a remarkably small overhead," the report continues.

The task of the welfare board committee has been great on account of demands being made upon it by organizations which we do not feel justified in admitting to the budget. We have also had

MASKAT NOBLES TO ATTEND DEDICATION OF INDIA TEMPLE

A score of nobles of Maskat Temple of this city will entrain at 7 o'clock Thursday evening for Oklahoma City, where on Friday they will attend the dedication ceremony of the new temple. At a late hour Thursday afternoon 15 nobles in addition to the chancery of the temple had made reservations.

Arriving at Oklahoma City Friday morning, the nobles will be entertained and at 2 o'clock they will attend the services held at the new temple. A banquet will be tendered Friday evening and a number of the local men will return that evening, arriving home Saturday morning.

Some of the Maskat Nobles will wait until the midnight train out of Oklahoma City, whence they will go to Fort Worth to attend a ceremonial at Mosiah Temple, while others will go to Hella Temple at Dallas.

Those who will compose the local party include: Walter D. Cline, Frank Collier, W. W. Gardner, R. E. Shepherd, Albert Ellis, Judge Guy Rogers, Horace Robbins, E. P. Bass, Kendall Smith, George W. Merkle, Bob Collier, Jim Gant, Morris Marcus, I. M. Forcier, J. M. Alexander and the chancery, Paul Allen, Allan, Ivan Murchison, Grover, Hurlington, Vaughn Ray and J. S. Pittman.

KEIRSEY ELECTED HEAD OF MUNICIPAL GOLF CLUB FOR 1924

C. W. Keirsey was elected president of the Municipal Golf Club at the annual election of officers held by the membership Wednesday night. Mr. Keirsey will succeed Walter Robbins, who was largely responsible for the organization of the club and was the first president. Mr. Robbins requested that the election become effective immediately and the club voted to install Mr. Keirsey as president at once.

A report from the membership committee showed that over 75 applications had been received for membership in the club for 1924. The committee reported that indications pointed to an overflow membership for the coming year and recommended the laying of plans for increasing the size of the course and facilities. It is expected that the plans will include the addition of five more holes to the present course and other improvements.

A permanent constitution and by-laws, which was prepared by the membership committee, was submitted and adopted with slight changes. The new by-laws provide for an annual fee of \$25 for all courses, club houses and pool privileges; greens fees for the occasional player will be 10 cents per game, but only members will be entitled to the privileges of the club house, pool and lockers.

A committee to consider the advisability of petitioning one of the national golf associations and of incorporating the organization was appointed; it is composed of C. D. Whitley, C. W. Keirsey, Harry Hunnberg, Frank Collier, and E. V. Friberg.

Other officers who were elected at the Wednesday night meeting are: J. D. Bright, vice president; W. F. McBroome, secretary and treasurer; Directors who were appointed are chairman of the various committees and are as follows: J. T. Yeargin, entertainment; E. V. Friberg, rules and by-laws; Fred T. Kinney, publicity; George Mobley, tournament; C. F. Green, tennis; Frank Collier, house; Charles Hunnberg, grounds and greens, and T. E. Hale, handicap.

Red Seal Concert and Operatic

La Serenata (Serenade) (Tenor) <i>In Italian</i>	Geraldine Farrar	953	\$1.50
Madrigal (Your Tender Kisses)	Geraldine Farrar		
Two of the most delicately graceful of modern concert songs, in clear joyous soprano. Songs like these, equally remote from tragedy and the cheaper kind of humor, are a discovery and a delight. They are finely sung.			
Rigoletto—La donna è mobile	Miguel Fleta	948	1.50
Puritani—A te, o cara, amor talora	Miguel Fleta		
First Victor record by the brilliant young Spanish tenor who is making his first Metropolitan appearance this season. An Aragonese by birth, he has met with immense successes in Europe and South America.			

Light Vocal Selections

Mammy's Little Silver Lining	Vernon Dalhart	19168	.75
Memories of Virginia	Peerless Quartet		
The silver lining to Mammy's cloud is a little black pickaninny. The song is charming. "Memories of Virginia" has rainbow vocal harmonies and "Carry Me Back to Old Virginia" appears as a vocal refrain.			

Melodious Instrumental

Italians in Algiers—Overture—Part I	Victor Symphony Orchestra	19120	.75
Italians in Algiers—Overture—Part II	Orchestra		
Rossini's jolly old opera, retelling the marital troubles of a fat Bey of Algiers, was revived at the Metropolitan Opera House in 1919. The overture, full of mirth and mischief, is characteristic. Here is a spirited record of it.

Oh Gee, Oh Gosh, Oh Golly, I'm in Love—Fox Trot	Garber-Davis Orchestra	19164	.75
First, Last and Always—Fox Trot	Orchestra		
Now try a couple of dances to the Garber-Davis Orchestra, with its first Victor record. This organization has been touring the country, and making friends everywhere. These are delightfully live and chipper dances.			
An Orange Grove in California—Fox Trot	Paul Whiteman and His Orchestra	19169	.75
Dancing Honeymoon—Fox Trot	Paul Whiteman and His Orchestra		
The orchestral methods of Paul Whiteman have many imitators—some good, some inimitable. Here are more fox trots by this master-organization itself. Startlingly adapted to the various methods of dancing the fox trot now in vogue.			

I've Got a Song for Sale—Fox Trot	The Original Memphis Five	19170	.75
Tin Roof Blues—Fox Trot	Memphis Five		
Jazz blues raised to the mathematical 20th power. Mirth-provoking screams, first uplifted by a clarinet. Both numbers have the "true Memphis blues swing and rhythm, and are unexcelled for "high-jazz" quality.

DO YOU GET UP WITH A LAME BACK? Have You Rheumatism, Kidney, Liver or Bladder Trouble?

Pain or dull ache in the back is often evidence of kidney trouble. It is a sure timely warning to show you that the track of health is not clear. Danger signals. If these danger signals are unheeded more serious troubles are sure to follow; kidney trouble in its worst form may steal upon you. Thousands of people have testified that the mild and immediate effect of Swamp-Root, the great kidney, liver and bladder medicine is soon realized—that it stands the highest for its remarkable curative effect in the most distressing cases. If you need a medicine, you should have the best. Lame Back. Lame back is only one of many symptoms of kidney trouble. Other symptoms showing that you may need Swamp-Root are, being subject to embarrassing and frequent bladder troubles day and night, irritation, sediment, etc. Lack of control, smarting, uric acid rheumatism, blotting, may be loss of flesh, sallow complexion. Prevalency of Kidney Diseases. Most people do not realize the alarming increase and remarkable prevalence of kidney diseases. While kidney disorders are among the most common diseases that prevail, they are the most neglected. Patients, who content themselves with doctoring the effects, while the original disease constantly undermines the system. Regular medium and large size bottles at all drug stores. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, an 4th address, Binghamton, N. Y., which you will find on every bottle. First Step in Treatment is Calomel, the Purified and Refined Calomel Tablets That Are Nauseless, Safe and Sure. Doctors have found by experience that no medicine for colds, coughs, sore throat, and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the nauseless calomel tablets called Calobates, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and colds and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia. One or two Calobates at bed time, with a swallow of water—that's all. No seas, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Genuine Calobates are sold only in original sealed packages, price thirty-five cents for the large, family package; ten cents for the small, vest-pocket size—Adv.

LONDON EXCHANGE POINT SINCE 1922 ON N. Y. AT LOWEST

LONDON, Nov. 14. (U.P.)—Exchange on New York fell today to \$1.328, the lowest point touched since 1922. The drop represents largely the "flight" of capital from the pound sterling as it is expressed here, and is viewed with some concern as to whether the decline is yet finished. When the scare over the talked of inflation as a means of reviving business was allayed by official contradiction it was hoped that sterling would recover, which it did for a time, but a fresh slide started with the recent fears of a general election and when the actual decision to dissolve parliament was announced a further reaction occurred. American, continental and British financial institutions and private individuals started unloading British securities on the stock exchange, fearing the possible effect on capital should a labor government be installed. The proceeds of these sales were invested in dollar securities which depressed the sterling rate further, while the almost daily shifting of fair sized balances from London to New York where the money is employed to a better advantage at a higher rate than that ruling here as well as under safer conditions, accelerated the decline to the present level. Every decline in the cable transfer rate gives the government additional cause for worry in its preparations for payment of the interest on the American debt and the question is being asked in the market if the authorities will find it necessary to make the bank rate effective by raising the treasury's borrowing rate of interest and if this is not sufficient to make another advance in the bank rate to correct the situation until more settled conditions prevail in Europe and elsewhere. Makes Address On Illiteracy Friday Main Auditorium

ANNIE WEBB BLANTON Mrs. Blanton will make an address Friday afternoon in the main auditorium on "Illiteracy in Texas, and What Has Been Done to Eliminate It." During her incumbency as state superintendent of public instruction Mrs. Blanton was the recognized friend of the rural schools, she had their problems at her heart, their needs at her finger tips, and their championship at her tongue's end. She is known as one of the best if not the best informed school women of the state, and what she has to say concerning the illiteracy problem in the state will be facts and figures, not guess work. Mrs. Blanton is an able speaker, and her talk comes first on the program after the reports. The session opens at 2 p. m.

STATE LIBRARIAN COMMENDS KEMP PUBLIC LIBRARY

"No institution that gives almost perfect service is more economically conducted than the Kemp Public Library at Wichita Falls, managed by Miss Lucia Powell, librarian, and better service could not be asked." Miss Elizabeth West of Austin, state librarian, declared in an address before the Rotary Club at its regular weekly meeting at the Kemp hotel Thursday noon.

In her splendid talk, Miss West pointed out the wonderful aid a library is to a community, telling how each and every individual is served. Starting with the baby, she declared "The business man's duty is to see that the local library does not fail for lack of financial support, and I hope that in the near future the free public library which in reality is a county library will soon be as great as the public school system."

The speaker declared that at present there are six county free public libraries in Texas and that she hoped Wichita county would be the seventh to organize one. Walter D. Cline, president of the club, who presided at the meeting, introduced Miss Powell as "the lady who has more to do in promoting the minds of the future than any other person in Wichita Falls."

Mrs. Marie Wilson Baker of Nacogdoches, was introduced by Mr. Cline as "Texas' greatest poet." She gave two readings of her works before the club.

Football Game Saturday. W. B. Hamilton introduced the guests at the meeting and announced the football game for the championship of district No. 4 between the teams of the Wichita Falls high school and the Strawn high school. He stated that it was necessary to underwrite the game for \$1,000 in order to have it played in Wichita Falls and urged all Rotarians to be on the field at the ball park by 3 o'clock Saturday afternoon to support the Wichita Falls eleven.

R. E. Shepherd led the singing at the beginning of the meeting. Mr. Cline announced that the oldest and nearest locomotive of the Fort Worth and Denver City railroad would be on exhibition at the union station Thursday afternoon and evening. He also declared that Edwin J. Clapp, financial editor of the New York American and special writer for Hearst publications, would arrive on the special train at 1:30 o'clock and urged Rotarians to be at the depot to meet Mr. Clapp.

In speaking of the municipal welfare budget, Mr. Cline, who is a member of the budget committee, stated that the committee had trimmed the submitted budgets of the member organizations as much as possible and he hoped that the citizens of Wichita Falls would respond liberally during the annual drive for funds. Lester Dawley of Paris, Texas, district governor of Rotary, is scheduled to attend the meeting of the Rotary Club next week, and the luncheon will be devoted strictly to business. It was announced.

PRESIDENT 1922 STUDY

Mrs. F. B. Cline is president of the 1922 Study Club, organized several years ago and Federated about the same time.

The Sorosis Club held its regular weekly meeting with Mrs. O. B. Haynie Wednesday afternoon, when the study of Isaac's "Wild Duck" was continued, with Mrs. Harrell leading.

Mrs. Baskman read a paper on "Hjalmar Kildall, the Moral Bankrupt" and Mrs. Ernest Archambeau one on "The Symbolic Meaning of the Wild Duck." Mrs. Harrell concluded the study with a reading of Mrs. R. E. Hillburn's paper on "Geographic Works, the Overzealous Trail-killer."

The hostess served a dainty salad course to Mesdames H. E. Bachman, Verna Harrell, Joe D. Harris, L. W. Karrenbrock, V. R. Martin, Burke Taylor and Archambeau. The next meeting will be with Mrs. Joe Harris at her home, 709 Harrison.

ARREST IS EXPECTED IN CONNECTION WITH EXPLOSION OF BOMB

TALL, CRIPPLED MAN IS DESCRIBED BY MESSENGER BOY.

UNABLE TO DEVELOP MOTIVE FOR CRIME

Double Funeral For Father and Son at Corpus Christi On Thursday.

CORPUS CHRISTI, Texas, Nov. 15 (AP)—In the absence of Chief of Police Monroe Fox and Sheriff George Peters, who are in San Antonio in connection with the case, no motive had been learned here at noon today for the assassination yesterday of J. A. Barnes, real estate dealer, and his 7-year-old son by means of a bomb sent from San Antonio by express. The entire citizenship here is at high tension over the mysterious outrage.

Mr. Barnes and his son were buried this afternoon.

CORPUS CHRISTI, Nov. 15 (AP)—The double funeral of J. A. Barnes, prominent real estate dealer, and his 7-year-old son, Jesse, killed yesterday when a bomb sent to Mr. Barnes in a box labeled "magazines" wrecked his home, is to be held here today.

Meanwhile officials at San Antonio, from where the box was sent by express, continue their search for a tall crippled man described to them by Juan Morales, 14-year-old news boy arrested yesterday, as the person who gave him 25 cents to take the box to the express office. The man went with him to the office, he said, told the clerk the box contained magazines and it was accepted without question.

Arrest of the man is expected shortly, according to investigating officials, who include Corpus Christi officers and a special agent of the American Railway Express Company. Morales said he believed he could identify him.

The box, addressed to Mr. Barnes, was marked "personal" and was delivered at his home yesterday morning. The bomb exploded, it is believed, when he attempted to open the box on the back porch. He was instantly killed. The son, with a broken neck, was found buried beneath the wreckage of the house and died enroute to a hospital. Mrs. Barnes was cut by flying glass. Two daughters were at school at the time.

No motive for the killing could be supplied by Mrs. Barnes, who said she had no enemies so far as she knew. Three sisters, Mrs. Linn Miller, Mrs. John Hibrey and Miss Madge Barnes, all living in Livingston, Tenn., and a brother, Harry Barnes of Dallas, survive Mr. Barnes.

Alarming Picture Of Danger Lurking In Poison Liquor

WASHINGTON, Nov. 15 (AP)—An alarming picture of the dangers lurking in poisonous liquor now being sold throughout the country is painted by Dr. J. M. Doran, head of the industrial alcohol and chemical division of the bureau of internal revenue.

Samples of liquor seized in the vicinity of Washington, Dr. Doran said, analyzed in the treasury laboratories show a serious deterioration in quality, even for illicit spirits. In many cases the alcohol content is less than 1 per cent, proving genuine. A year ago it was estimated 2 per cent of the supply was good.

Many cases in the hospitals of Washington and elsewhere in the country, Dr. Doran states, "may not seem to be due to wool alcohol poisoning, but in my opinion many of them are very likely due to the small amount of denaturants left in the liquor which has been imperfectly made from denatured alcohol."

The majority of cases of instant death from drinking, Dr. Doran said, were due to the class of concoction made from denatured alcohol, wood alcohol, one of the principal denaturants, he adds, is impossible for elimination from any other alcoholic mixtures by distilling, precipitating or any other process which a bootlegger employs.

Corn liquor, he said, Dr. Doran said, has been found to be full of impurities.

MIAMI, Okla., Nov. 15 (AP)—Assertions of Chalmers Ferguson, "poet hermit of Magazine mountain," south of Muskogee, Okla., that a three-year-old girl in the care of Mrs. B. Wells at Picher, Okla., is the missing Pearl Turner, daughter of Lynn Turner, Arkansas mountaineer, were being investigated here today by County Attorney A. L. Commons.

Ferguson, who has interested himself in the disappearance of the Turner baby, arrived in Picher yesterday and after seeing the child in Mrs. Wells' keeping told the county attorney he had established to his own satisfaction that she was the Turner baby for whom a search has been conducted through the Ozark mountain region for several weeks.

The child at Picher was left at the home of Mrs. Wells several weeks ago by William Holman, who now is serving a jail sentence here for forgery. Holman declares the baby is his daughter and Arkansas authorities who came to Picher several days ago said she was not the missing girl.

A few days ago Ferguson caused the arrest of four Scott county, Arkansas, residents on warrants sworn by him charging complicity in the alleged kidnaping of Pearl. He failed to appear as prosecuting witness at the preliminary hearing, however, and the cases were dismissed.

KLAN WITNESSES HEARD IN KANSAS "OUSTER" HEARING

TOPEKA, Kan., Nov. 15 (AP)—Witnesses for the Ku Klux Klan continued testimony here today before Supreme Court Commissioner Brewster, by which the Klan seeks to show that it operates in Kansas legally, although the organization has not obtained a state charter. The hearing is on the state's petition to oust the Klan from Kansas.

H. K. Ramsey, imperial kligrapp, or national secretary of the Klan, testified yesterday that he had no knowledge of any "benevolent or esemossynary" activities being conducted in the state by the secret organization, but he admitted "there might be some." The state's action is opposed by the Klan on the ground that the Klan is a benevolent organization, not operating for profit and does not require a charter.

Examination of Mr. Ramsey brought statements from him that he did not approve of anti-Catholic lectures, and that the Klan does not sanction boycotts against Catholics or others. He also disapproved contents of numerous threatening letters, purported to be written on Klan stationery which Assistant Attorney General John Rhodes exhibited.

FOURTEEN YEAR OLD BOY LOST FROM FREDERICK FOUND HERE BY OFFICERS. Joe Pipkin, a 14-year-old boy who ran away from his home in Frederick, Oklahoma, several days ago, was located here by city officers Wednesday night. The boy's mother was notified and he is being detained here until relatives call for him. Local officers had been furnished with a description of the boy at the time of his disappearance from home.

Dark Teeth Bleached White For Few Cents. Three Marvellous New Liquid. You have always longed for flashing white teeth. And now, at last, you can have them—easily, quickly and safely. For scientists have discovered a marvelous new liquid, which in just three minutes bleaches the most dingy discolorations from the teeth, leaving them clear, sparkling white and lustrous. Just one application leaves the teeth whiter than when acquired by hour by old-fashioned methods. This new liquid is called Bleachodent. Simply brush the teeth with a few drops. All unsightly stains disappear as if by magic, and the teeth instantly take on a dazzling whiteness and lustre. Bleachodent is harmless—cannot possibly hurt enamel. Especially recommended by members of dental profession. Fine for children's teeth, which stain easily. Get Bleachodent Combination today for a few cents. Be sure you ask for Bleachodent Combination as this contains everything necessary to whiten teeth—and keep teeth white.

Note: Do not expect Bleachodent to whiten a tooth streaked by a silver filling, as the discoloration goes below the surface of the enamel, and while the mild action of Bleachodent will instantly whiten dark, yellow, stained teeth, it cannot be expected to remove stains which are part of the enamel itself, as it has no effect on the enamel in any way.

Rout Army of Dr. Sun Yat Sen In North China

PEKING, Nov. 14 (AP)—Troops of General Chen-Chiang-Ming, commander of the northern army, have routed the forces of Sun Yat Sen, the south China leader, and are within 15 miles of Canton, according to official reports received here. Many civil officials are fleeing.

Sun's troops are occupying the heights northeast of the city and he is hopeful of checking General Chen with fresh forces. Sun says he will make a stand outside Canton. There is no disorder in the city.

Walchow captured by Sun through a strategic coup Sunday, has been isolated, rail traffic has been interrupted between Canton and Shekling and more rigid application of martial law in Canton has been ordered.

The American consulate here has issued a circular advising nationals to remain off the streets after nightfall.

Sun Yat Sen is reported to be directing the operations of his troops in person.

SOMERVELL COUNTY SHERIFF CONVICTED OF BRIBERY CHARGE

CLEBURNE, Texas, Nov. 15 (AP)—Appeal motion was to be filed here today in behalf of Sheriff T. W. Davis of Somervell county, found guilty by a jury late yesterday on a charge of accepting a bribe. Punishment was fixed at four years imprisonment.

It was alleged in the charge that the sheriff accepted a bribe from Dr. W. B. Pruitt of Glen Rose on the understanding that Davis would not arrest or file complaint against Pruitt and certain other persons for violating the prohibition law. The case grew out of recent liquor raids in Somervell county and trial of Davis here was on a charge of venue.

Donkey Ties Up St. Paul Traffic Officer Injured

ST. PAUL, Nov. 15 (AP)—An irascible force encountered an immovable body at a busy downtown corner here yesterday, resulting in injuries to a policeman and traffic tie up. The irascible force was the traffic law which prohibits parking at corners and the immovable object was a donkey of characteristic stubbornness who was ignorant of the law.

Patrolman George Murphy was kicked in the midsection as he attempted to dodge the hoofs of the donkey whose halter he sought to grab.

The law won in the end by lassoing the donkey and staking a tug-of-war, but police consider the victory of dubious value, since the owner has not yet called for the balky animal.

PANHANDLE C. OF C. APPROVES PLAN OF SILK FOR PIPELINE

According to word received in Wichita Falls Thursday, the Panhandle Chamber of Commerce has approved a project submitted by W. W. Silk, of Silk, Burlington and Clark, oil operators of this city, for the building of a refinery at Panhandle and a pipe line through the adjacent oil fields. Fields in Hutchinson and Carson counties will be served by the pipe line.

W. W. Silk, who is planning to construct the refinery and the pipe line, stated Thursday morning that the project must be given the operators in the two fields. At present the oil is stored in tanks as no pipe line or refinery serves the section. For this reason, the finances of operators in the fields are tied up in oil which is stored in the vicinity of the wells. Mr. Silk proposed to relieve the present situation by laying a pipe line and constructing a refinery at Panhandle, he stated, although plans are not yet complete.

According to information from Panhandle, a large number of Wichita Falls people have holdings in the new field and they will be interested in hearing of the project. Mr. Silk proposes that the people of Panhandle subscribe to \$25,000 worth of stock in the refinery and donate a site. Mr. Silk and his associates have extensive holdings in the fields and with other people interested they realize that an outlet must be provided for the oil.

The project calls for an expenditure of approximately \$175,000, and the Panhandle business men are asked to subscribe to \$15,000 and donate a land for the refinery.

The Allen refinery at Amarillo will not be moved to Panhandle, Mr. Silk declared, because if the project is accepted by the business men of Panhandle and large oil interests, a new refinery will be constructed.

The rumor that The Texas Company was contemplating laying a pipe line in the field was declared by Mr. Silk to be unfounded.

Allen Hill Case Postponed Until Friday Morning

Due to the absence of two of the defense witnesses, for whom subpoenas were issued Wednesday, the case against Allen Hill, scheduled for trial Thursday morning in the 18th district court, was postponed until Friday morning.

Hill is charged by indictment with a statutory offense and the case was set for trial for Thursday morning three weeks ago, when criminal cases were being tried in the 18th district court.

Assistant County Attorney Wayne Somerville, who is representing the state, urged that the case go to trial and further insisted that if a postponement be granted that it be for only one day.

TARIFF COMMISSION CONSIDERS INCREASE IMPORT WHEAT DUTY

WASHINGTON, Nov. 15 (AP)—The tariff commission put its machinery in motion today to carry forward its investigation to determine whether present conditions call for an increase in the import duty on wheat.

Preparation for the assembling of information by a committee of agricultural experts of the commission and of the department of agriculture to show whether the present tariff of 30 cents a bushel gives a real protection to American producers was the first step in the investigation. All interests concerned in the inquiry will be given an opportunity to present their views at a preliminary hearing to be held November 26. While it was the principal object of the hearing to expedite final action as much as possible, commission members asserted that it probably would not be possible to complete the task and formulate resolutions to the president in less than three months.

The investigation was ordered under the flexible provisions of the tariff act under which the president may order a maximum increase in the present tariff of 50 per cent. It results from an appeal of Representative Sydney of Minnesota, president of the wheat council of the United States, that the maximum increase be applied as a measure of relief for domestic growers.

With another thirty days required by the law before an increase could become effective doubt was expressed generally at the commission's office whether anything could be done in time to help the market for this year's crop.

While the commission's study of the question will cover production costs and other data in the world producing areas generally, it will center on Canada, because of the heavy shipments of wheat into the domestic market from that source.

ATTACHMENTS ARE ISSUED THURSDAY FOR 3 WITNESSES

Attachments were issued Thursday morning by the grand jury for three witnesses, who, it is alleged, were served with subpoenas by the jury bailiffs earlier in the week. When the grand jury convened Thursday morning and found none of the three present the writs were issued.

All three of the men for whom orders were issued reside in the vicinity of Electra, it was stated.

The grand jury has examined a large number of witnesses since it reconvened Monday morning and it is evident that an attempt is being made to conclude its work by the end of the week.

MAKING POLITICAL CAPITAL OF CHANGE IN GERMAN POLICY

BERLIN, Nov. 15 (AP)—Opponents of the Stresemann ministry are making political capital of the reported change of the government's policy toward the Ruhr and Rhineland and it seems certain they will bring the issue before the Reichstag when that body reconvenes next Tuesday. The government's decision to let these territories shift for themselves at least while they are occupied was made known in official quarters last night when it was announced that after November 25 the reich would no longer be able to meet the unemployment bill in the Ruhr and Rhineland. In the event that political pressure does not force a change in the policy of the government, it is believed the local authorities in the occupied regions will be empowered to deal with the French and Belgian regime, thus making the future of the areas dependent upon such agreements as may be effected in local negotiations. This, it is pointed out, would place a preponderant share of the responsibility for the peoples' fate upon the shoulders of France and Belgium.

A dispatch received in London last night by the Central News Agency from Berlin reported an official announcement that Germany had completely stopped all reparations payments on the ground that France had violated the Versailles treaty and that therefore Germany could not observe the pact. The London Daily Mail carried a Berlin dispatch saying that Germany had decided to repudiate the treaty and to disregard it as long as the Ruhr was occupied.

There has been no direct information on these advices.

FAIRVIEW ELEVEN BEATEN IN GAME WITH CUBS 35 TO 0

The Coyote Cubs humbled the Fairview high school team at the ball park Wednesday afternoon, by a score of 35 to 0. Running on a muddy field, in places appearing to be a water pool, but rather than a grudge, the Coyotes outplayed the visitors in a running and passing game which accounted for five touchdowns.

The Coyote goal line was never dangerously threatened, although Fairview did show up well on line plays a number of times. Neal, Cub halfback was the principal ground gainer for Wichita, carrying over two of the five touchdowns for two additional points after touchdowns, a place and a drop kick. Horton at right end received two forward passes and ran for touchdowns, while Anderson at left end carried the ball over for another touchdown.

DOG STEWART SAYS LONGHORNS WERE LUCKY SATURDAY

AUSTIN, Texas, Nov. 14.—"We have been mighty lucky all season and we were very lucky that we did not lose the Baylor game Saturday," said the columnist J. "Doc" Stewart on the results of the Longhorn-Baylor 7-0 tie.

Despite the fact that Baylor clearly outplayed the Longhorns in the coming football game Saturday, Stewart says that the Longhorns were lucky to have won. He says that the Longhorns were lucky to have won because they were able to keep the game close and eventually win.

IOWA STAR MAN SHOOTS DUCK CARRYING TAG OF U. S. BIOLOGICAL SURVEY

E. C. Koonce, route 2, Iowa Park, Tuesday afternoon at 3 o'clock, while hunting near the Wichita river about 15 miles west of Wichita Falls, shot a duck which carried a tag of the United States biological survey. The small metal band attached to the mallard's leg read "No. 100-441, notify Biol. Survey."

BOTTOMLEY JUMPS TO BIG SHOW AND IS NOW RATED AMONG BEST

LISTED with the new phenoms in the National League for the 1923 season is James Bottomley of the St. Louis Cardinals. In one year Bottomley has jumped from the minor league field to stardom in the majors. A hitter with an average well above the .300 mark must be hailed as a phenom. This is the rating on Bottomley.

Bottomley was discovered by Scout Charley Barrett at Nakomis, Ill., during the fall of 1920. He was a left-hander and he had a solid punch at the plate. He was a kid, but Barrett lined him up as a future prospect. The Cardinals bought him.

Bottomley was turned over to Houston in the Texas League in 1921 and although he batted only .227 in 126 games Barrett was not discouraged. "Don't pass up that boy," was Barrett's advice to Branch Rickey. "Give him another year at least before you reach your final decision."

Bottomley was not pleased with conditions in the Texas League. He contracted a fever during the early part of the season and asked for a change of scenery. He was sent to Syracuse in the International League.

After the 1922 season was over Bottomley developed just as Scout Barrett said he would. Jacques Fournier was getting slow and had lost his fence-busting punch with the Cardinals. Rickey was looking for new timber. Barrett met Bottomley with Syracuse and Jim was given another chance in the big league. He made good with a vengeance.

Bottomley is not the Sialer type. He is a first baseman along the lines of Fred Luderus who served many years with the Phillies. He is too heavy to be fast, but this weight gives him the punch at the plate.

TUNNEY AND GREB MATCHED FOR DEC. 10

NEW YORK, Nov. 15.—Negotiations for a 15-round match between Gene Tunney and Harry Greb, respectively holders of the American light-heavyweight and world's middleweight titles, at Madison Square Garden, December 10, were completed Wednesday by Tex Rickard. Tunney's title will be the only one at stake.

Football Facts BY BILLY EVANS

The Question. Team "A" in possession of the ball throws a long forward pass. An eligible player of the team makes a catch and attempts to receive the ball. Finding the pass a trifle high he jumps into the air to make sure he won't pass over his head. A member of the opposing team, rushing over in an effort to intercept the pass, jumped into the air after the ball at the same time as the eligible player. The pass is grabbed simultaneously by the eligible player and the member of the opposing team. Both players had a tight hold on the ball. What is the proper procedure in this rather unusual play?

The Answer. The rule of the game is very specific. It states the ball shall belong to the side which put it in play. The play actually came up in a prominent eastern college game last year and had considerable to do with the final result.

Future Great.

Bud Taylor of Terre Haute, Ind., is picked by western writers as the next heavyweight champion. He recently defeated Harry Jordan, the flashy New Yorker, who has previously won over the highly touted Carl Tremaine.

Wilson in Film.

Harry Wilson, Penn State's great halfback, has been presented with a movie strip showing him making three sensational runs against the Navy. Wilson ran 45, 70 and 90 yards for touchdowns against the midshipmen. The movie man caught him in all of them, and then gave him the film.

Has Had Hands.

Law Tandler who a few years ago was regarded as Benny Leonard's most dangerous rival, is no longer so considered because of a brittle pair of hands that hamper his punching ability.

Years for Ring.

Despite the fact that Carl Mays has had as a pitcher he says he regrets that he didn't take up pugilism instead. He has always been a fight bug.

McCullum's Charges are Taught To Use Wings to Fight Passing Game, Strawn's Offensive Tactics

The Coyotes are being taught to use their wings to combat the aerial game to which Strawn resorts. At the Coyote camp Coaches McCullum and Moore have been pitting the ends through strict practice daily, sending them down on punts and breaking up passes.

The backfield men have also come in for their share of the work-out, and the coaches have been using them to block the same manner as they have the ends, giving them much practice in breaking up the forward passing game.

According to Coach McCullum who witnessed the game between Strawn and Cleburne Monday, Strawn makes all of her long gains by use of the aerial game. Strawn has one of the best forward passers in the southwest, and the ends have been especially trained in the art of snatching the ball out of midair and running for touchdowns. If the Coyote ends and defensive backfield men are able to break up these forward passes and the linemen can shape to put the ball between the hands of the offense, the game will be won on straight football and line plays, is the opinion of many of those who saw the game Monday.

With the exception of Deams, who is ineligible, the squad is in fine shape. In spite of a few minor bruises the regular squad will start the game with Jenkins at quarterback.

After the performance of the line Friday when the Coyotes gained consistently through the line, fans have no kick coming as to the action of the offense. Judging from daily practice and scrimmages, this important factor of the team will be in better condition than it was for the last game.

In view of the fact that the Coyotes were weak at their drop and place kicking game in the Vernon contest, the coaches are training several boys in the art of scoring from the field. Three or four Coyotes who have shown ability along this line have been working four hours daily, getting their boots in shape to put the ball between the goal posts for additional scores after touchdowns and three-point gains from the field.

In the first place, Smith, the big tackle who attempted running halfback in the Vernon game, but who was soon shifted back to his own position, will start at left tackle, having as a running mate, Coffey, a possible all-state lineman. Copeland will open the game at one guard, with Howell, Waincott or Doka at the other. West will work at center. The wing positions, the importance of which is now keenly felt with the coming game with a forward passing squad, will be well taken care of by Cameron on the right and Waggoner or Shaw on the left.

With Jenkins at quarterback and Baldwin at full, Coach McCullum will probably start Curjan, Moore, and Stringer at the half-back positions. All four men played well against Vernon, and the Coyotes might all-state lineman Copeland which two of the four will start until just before the beginning of the game.

"BIG THREE" MAY ADD DARTMOUTH TO ITS NUMBER

NEW YORK, Nov. 15.—Reports that Dartmouth may be accorded a late season on the Yale football schedule for 1924 have led many close followers of college sports to predict that the near future will witness the development of the so-called "Big Three" comprising Harvard, Yale and Princeton into a "Big Four" with Dartmouth as the added member.

In recent years, especially from Yale and Princeton sources, the present scheme has been criticized. Eli supporters having objected to the arrangements which calls upon their allegiance to meet Princeton and Harvard on successive Saturdays, with each opponent pointing its season to the Yale battle. Princeton followers also have voiced opposition to the arrangement which sends Princeton against Harvard and Yale on successive Saturdays and brings the Tiger season to a close one week before the other colleges conclude their gridiron campaign.

It is pointed out that a four team group would make possible the clearing of better suited features, and that with Yale meeting Harvard, and Princeton meeting Dartmouth on the final Saturday of their seasons, or by altering opponents for one year, the prospective Big Four could end its annual campaigns with two thrilling attractions.

NOW—A Written Guarantee to Grow Hair

Costs Nothing

No Hair—No Money is our proposition

We have a new method of treating the scalp. It grows hair. It stops falling hair. Under actual records it grew hair on 91 heads in each hundred treated.

This is to offer it to you. Results are guaranteed. If we fail, it costs you nothing. Your own druggist signs the guarantee—we assume the risk.

The name is the Van Ess Liquid Scalp Massage.

Infected Sebium
According to authorities, over 95% of all hair troubles are traced to infected sebium. Sebium is the natural secretion of the hair. Its natural function is to supply the hair with oil.

But frequently it becomes infected. It plugs the follicles and chokes them. It forms a breeding place for bacteria, germs by the millions, feed upon the hair and destroy it.

It invites scalp infections. It is the cause of dandruff. But it seldom kills the hair root. Remove the infected sebium—normal hair growth naturally follows. This is the fact. We guarantee results in writing under 8 bottles treatment plan.

Now Science Overcomes It

The Van Ess treatment completely removes the infected sebium. It penetrates into the follicles, dissolves the plug, and removes it. It kills the germs, and generally grows new hair.

We urge you to try it. Obtain it at your druggist or write for a bottle treatment plan. We will refund your money if you are not satisfied. If you are, you are not satisfied.

The Old South Gives a Lovely Inspiration for Southern Dinner For Convention Guests Thursday

The traditional hospitality of the Old South, linked to the present by the beautiful background of old southern music, reminiscences from many whose youth began in the days when the quaint customs and conventions still held, and a menu of southern dishes, formed the lovely inspiration for the first formal social function with which the delegates and honor guests to the 28th annual convention of the federation were entertained Wednesday evening.

The "southern dinner" was a banquet, in fact, given in the banquet room of the Hotel, and presided over by the distinguished president of the state federation, Mrs. Lee Joseph. The decorations carried a hint of the old south too, in their soft loveliness, with scarlet autumn leaves trailing the table and gorgeous golden pinks chrysanthemums nodding from tall crystal vases. At each corner a "black mammy" shining faces and red-tipped braids, flattered a bright crimson skirt to hide the fact that she was an entirely utilitarian housemaker of the "cuckoo" variety.

The Tangle

Letter from John Alden Prescott to Sydney Cotton: Syd, old man, you certainly are in for it now. I don't know by what hocus-fokus Leslie has come to the conclusion that John Alden Prescott is your child. But the fact remains she thinks you are that baby's father.

Cable from Leslie Prescott to Alice Hamilton: Alice showed me your message. No one in America knows anything about heads. If you are in trouble go to my lawyers, Struble and Struble, Van Courtland, St. New York. You may make a fool of the actor partner. Have cabled him. He will right things carefully and quickly. You know I would willingly save you the slightest great cost.

ATHENS, Nov. 15 (AP)—A court of 15 judges has sentenced to death Generalis Leonardepos and Generalis and Major Avrambo and Nikolaos leaders of the recent revolutionary movement. Many other officers of high rank involved in the revolt were sentenced to imprisonment for life or for long terms.

Aquila Man Killed in Fall from Wagon

WACO, Texas, Nov. 15 (AP)—A fall of 15 feet from the top of a wagon loaded with hay resulted in the death in a Waco hospital this morning of H. C. Carrio, aged 55. The accident occurred Monday morning at Aquila, in Hill county. It is said the wagon on which Mr. Carrio was seated struck a rough place or rock, causing him to lose his balance.

Eighteen Per Cent Increase in Number Gainfully Employed

WASHINGTON, Nov. 15 (AP)—An increase of 18 per cent in the number of persons gainfully employed in the United States is shown by labor department studies just completed. The federal employment service based this report on the number of persons employed by 1,424 representative firms on October 31, compared with September 26.

Twenty-Sixth Annual Convention Texas Federation Women's Clubs

Clubwomen of the State Guests Of Wichita Falls Citizenship And Seventeen Federated Clubs

Two hundred clubwomen of Texas, with a sprinkling of national visitors, are the welcome guests of the citizenship of Wichita Falls...

A general summary of the Federation meeting to date would be easy to make. Already it is on the books that the twenty-sixth annual convention of the state clubwomen is going to record the greatest year of achievements...

The reports from the district presidents Thursday carried the same note of a history-making progress, and so did those Wednesday from the chairmen of work departments...

"Do We Consider What We Give Or What We Can Get?" Speaker Challenges Citizenship Ideals

"Do we consider what we can give or what we can get?" "Are we as individuals measuring up to our opportunities?" "Do we realize our responsibilities?"

Mrs. Fields dwelt on the importance of friendship, pointing out that it cannot thrive where envy, jealousy and gossip obtain...

In urging the importance of careful selection of reading she referred to the "Americanization of Edward Bok" calling particular attention to the chapters on the "Vanity of American Women" and the discussion on "Where is America Falling Short?"

She urged a study of the constitution, both national and state, speaking of the revisions necessary because of our broader vision since the elapse of the fifty years since the state constitution was written.

The necessity for capable men to give more time to the affairs of government was stressed and the amount of time wasted on social affairs by capable women was deplored.

Mrs. Fields declared that the greatest danger to our government is the gross indifference to the citizenship with 40 million voters and less than 25 million casting the vote at the last election.

The 15 million do not vote, but the 15 million do kick," a prominent writer has said, Mrs. Fields declared adding that the intelligent people are restless in the country...

Club women should study and think for themselves, and then vote intelligently," it was stated, the fact having been brought out that 93 per cent of the clubs are 100 per cent voters.

Mrs. Fields closed with an urgent appeal to the women of Texas to study the great problems confronting them, touching on the gravity of the divorce situation in this state, and asking that it be ever remembered that individual train-

"Slang Is to Conversation What Salt Is to Food," Says Mrs. Barry To Delighted Audience Wednesday

"Slang is to conversation somewhat as salt is to food; there is danger of spoiling the flavor if we use too much," Mrs. Maggie W. Barry of College Station, pioneer Texas clubwoman...

UNITY CLUB IS OLDEST ORGANIZATION IN CITY

The Unity Club is the oldest women's study organization—or organization of any kind, possibly—in the entire city, and among about twenty-five study groups...

The Unity Club organized in 1894, just twenty-seven years ago, and united with the state Federation in 1902, and year later with the New Century Club, which federated the year of its organization.

All of the charter members but one are still living, and most of them are present members of the club. The membership includes: Mesdames G. D. Anderson, M. M. B. Barnett, W. J. Daugherty, E. B. Gosselin, J. C. Hunt, Carrie Joline, J. A. Kemp, P. P. Langford, G. E. Mar, W. N. Mar, J. T. Montgomery, H. B. Patterson, W. M. Freddy, W. L. Robertson, Eugene Sherrerd, Marvin Smith, C. B. Woods and H. C. Young, active, and Mesdames James C. Berry, A. H. Carrigan, T. B. Greenwood, W. S. Langford, S. D. Lynch, Alma Miller, Carter McGregor and A. Zundelwitz and Miss Minnie Young, associate members.

The Unity Jr. Club is an interesting auxiliary of the Senior Unity Club, and is comprised mainly of the daughters of the members of the older club.

The New Century Study Club, of which Mrs. Walter D. Cline is the present president, owns the distinction of being the oldest local Federated Club, having organized and Federated with the state association in 1901.

The New Century has always carried an unusually interesting study program, and this year is giving special attention to writers and poets of the state and the southwest. Their membership includes:

Mrs. H. B. Patterson

Civic League Largest Local Organization In Federation

MRS. B. F. JOHNSON, President

The Civic League is the largest local organization affiliated with the State Federation of Women's Clubs, and has always been an active factor in civic and citizenship work in the city.

Mrs. B. F. Johnson is the present president, and her administration has been particularly successful. This year's City Beautiful contest under the direction of Mrs. Bert Dean, and with a city-wide interest; the Sanitary work under the direction of Mrs. J. M. Isbell, and the citizenship study work under the direction of Mrs. T. R. Brunson,

have been outstanding achievements of the League for '23-24. The Civic League is also one of the oldest local organizations, growing out of the old "Cemetery Association" which met a number of years prior to 1910. The League was federated about 1912 or before and has always maintained its state affiliation and sent delegates to district and state meetings.

"Crown of Thorns" That Grows In Holy Land Flourishes In Brakes Below Rio Grande; Box Sent Here

And the soldiers platted a crown of thorns and put it on his head.—St. John 19:2.

Because of which, according to an old Mexican legend, the "Crown of Thorns" bush has never borne bud, blossom, fruit or seed. Neither has there been any other visible source of propagation, despite the microscopic search of scientists. The "Crown of Thorns," a single bush of which is on display at the Perkins-Timberlake store this week, flourishes to great growth in the Holy Land and down on the salt brakes below the Rio Grande. It is a dark green, dead looking bush, every tiny limb brambled thick with long, sharp needles, and so matted and thick that it looks more like a discarded heap of thorny rubbish than a growing plant. The thorns are slender and sharp, and there is very little difference in the dead, dried bush and the green, live one. The old Mexican who tells the legend, down there in the "Lassa" country, crosses himself when he looks at the bush. They claim, you know, that the beautiful country along that part of the border was the original "Garden of Eden," and the Indians have handed many vanishing legends down to the Mexicans in that part of the country. The bush at Perkins-Timberlake was sent by his little daughter to

Now is the time to fight constipation with Bran—Start to-day!

Don't give the disease that follows in the track of constipation a chance to lodge in your system! Get after constipation with nature's greatest helper—BRAN, Kellogg's Bran, cooked and krumbled—because it is ALL BRAN and because it will give you permanent relief from constipation! It is scientifically prepared to relieve suffering humanity from constipation and it will do that. Bran's action is wonderful. It sweeps and cleanses and purifies. It knocks out the dangerous toxic poisons and frees the system from pollution! Try Kellogg's Bran for a week. Eat it regularly—two tablespoonfuls each day; as much each meal in chronic cases. You will be astounded at the difference in your feelings! Kellogg's Bran should not be con-

fused with common bran which is unpalatable and difficult to eat. Kellogg's is cooked and all ready to serve and really delicious. Eat it as a cereal, sprinkled over your favorite hot or cold cereal or cook or mix it with hot cereal. In the latter case add two tablespoonfuls for each person. Do you realize what Kellogg's Bran can do for you and for your family; do you realize that it will keep sickness away; that it will put every one on a new health footing; that it will free you all from pills and cathartics! Kellogg's Bran is particularly delightful, made in raisin bread, in macarons, popovers, muffins, etc. Recipes are printed on each package! You will say that Kellogg's Bran is a blessing to humanity. All grocers sell Kellogg's Bran!

MRS. JOHN WEGG KING

The teacher gave an interpretation of the verse about the thorn crown pressed upon the brow of Christ. "They girded the thorns from trees and made a crown of them," he said. On Mr. Gaines' objection and offered explanation that the crown of thorns came from a bush which grows in the Holy Land, bearing thorns as its principal "crop," the teacher was very much interested to know that such a bush existed. The Mexican legend has it, according to Mr. Gaines, that the "Crown of Thorns" originally bore tiny, waxy white, beautiful blossoms, as do so many of the bushes and trees indigenous to the wonderful soil of the Rio Grande country. Its thorns, however, were always its feature crop, and probably so much in evidence that the soldiers readily selected them for the first indignity of the crucifixion.

"Thou shalt not press down upon the brow of labor this crown of thorns; thou shalt not put the kind upon this cross of gold," is probably the most quoted challenge from the lips of the greatest orator of his time—William Jennings Bryan.

Bryan visited down in the Rio Grande country some weeks before he went to Chicago for the '23 convention, where the "free silver" speech was made. He heard the story of the "Crown of Thorns" from the lips of an old Mexican, and it made a great impression on him, interested Bible scholar that he is and was at that time. It was probably the thought of the thorn bush of the legend which flashed into his mind when he spoke.

"Do you know what they do with it down there on the Rio Grande?" Mr. Gaines asked.

"They bundle it up and ship it to New York curio shops, where it is sold as 'straw from the Holy Land.' It has a great sale!" Being another good graft!

Why Jones Bought a Car. Because the salesman: Laughed at Mr. Jones' jokes. Told Mrs. Jones she couldn't have a daughter that old. Told Susie Jones she looked like Mary Pickford. Told Willie Jones he had a build like Demsey. Said the Jones baby took after both parents. And only smiled when the Jones pup nipped him.—American Legion Weekly.

Not Dear Bud Written. The art of conversation is dead, writes a contemporary, misunderstanding, what the vicar actually happened. Most writing today is good conversation. What used to be considered good talk is no longer found except in print, and what used to be considered good writing is gone altogether.—Chicago News.

Out-of-Date. "I love you." "My goodness! What old-fashioned book have you been reading now?"—Life.

MUSICIANS CLUB JOINED FEDERATION IN 1923

The Musicians Club is another pioneer among the local clubs, though not nearly so old as several of the first organizations. The Musicians organized in January, 1910, with Mrs. J. T. Roberts president, and Federated in April, 1913. Mrs. John Wegg King is the present president, and beside being leader of the organization is a very fitted soprano singer. Other officers this year are: Mrs. O. B. Kiel, first vice-president; Mrs. Fred C. Barron, second vice-president; Mrs. R. A. Lyle, third vice-president; Miss Vivian Bailey, secretary; Miss Lucy Huggins, corresponding secretary; Mrs. Jerry M. Schaefer, treasurer; Mrs. R. E. Shepherd, critic and parliamentarian; Mrs. F. R. Colvard, accompanist and Mrs. Florence Sammons, assistant accompanist; and Mrs. G. T. Buchanan, librarian. The Musicians Club has fifty-six

active, forty-nine associate, and thirteen professionally active members. Their meetings are bi-weekly, and their auxiliaries include the Women's Choral Club, of which Mrs. Louella B. Thompson is director, the Fine Arts Club of the Wichita Falls High School, the Junior Musicians Club, and the Laura T. Burris Juvenile Musicians Club. The Musicians Club has been responsible for many of the best musical entertainments and artists brought to Wichita Falls, and this year his dated Rosa Fomelle, dramatic soprano, and the St. Louis Symphony Orchestra, with Rudolph Gans conducting.

MRS. JOSEPH HOSTESS AT PRETTY BREAKFAST

Mrs. Lee Joseph was hostess at a prettily appointed early morning breakfast at Kemp Hotel Monday morning to the district presidents who were given an informal opportunity to really enjoy each other's company before getting down to the real business of the convention in the executive board sessions Tuesday. A lovely centerpiece of dahlias brightened the table, and a deli-

ful four-course menu was served to the following: Mesdames Joseph of San Antonio, state president; Walter Robertson of Wichita Falls, first district president; R. F. Lindsey of Mount Pleasant, third district president; A. R. Ruohs of Manor, fourth district vice-president; and J. C. George of Brownsville, fifth district president; Miss Minnie Fisher Cunningham of Austin, sixth district president, and Mrs. Carl Goodman of Plainview, seventh district president. Mrs. E. D. Criddle of Denton, Texas, president of the second district, was a much regretted absentee. Mrs. Criddle being detained at home on account of illness.

"Song of the Forerunners" Is Tribute to Pioneer Women of Texas; Karle Wilson Baker's

SONG OF THE FORERUNNERS.

The men who made Texas
Rode out with dazzled eyes
On the hot trail of the Future
To take her by surprise:

They were dreamers on horseback,
Dreamers with strong hands,
Trailing the golden Lion
Who crouches in far lands:

Old men and young men, little men and tall,
Bad men and good men—but strong men, all.

The women who bore Texas
Could see beyond the sun;
They sat on cabin doorsteps
When the long day was done.

And they crowned to lusty babies,
But their look was far away—
For they gazed straight through the sunset
To the unborn day.

Stern women, laughing women, women stout or small,
Bronzed women, broken women—brave women, all.

The men who made Texas
Laughed at fate and doom—
Dreamers on horseback,
Men who needed room;

And the women in young Texas
Hanging homespun shingles to dry,
Loved a prairie for a dooryard,
For meeting house, the sky—

Wide visions and wide spaces, man and land were large of lung;
Texas knew not cheap and easy, slack and small, when she was young:

But the men who made Texas
Left their work half done—
For, nothing stands full finished
Beneath the spinning sun;

And the women who dreamed Texas
Had much work to do,
When they lay down for their last sleep
In a land still new;

And yet unbuilded Texas, cloud-paved and glistening,
Burns yet before the eyes of us, who toll and sing.

spirit. And they all are made with such a cool and graceful gesture of phrase and rhythm.

She gave a group of poems about trees, remarking first, "When last Texas came to west Texas she would bring the best and I have always thought the most beautiful thing east Texas has to offer is her trees."

"Good Company," the first poem she gave, is from Blue Smoke, her first book of verse, and is said to be quoted more often than any other short poem, especially the first line, "Today I have grown taller from walking with the trees."

"Pines in the rain," from Burning Bush, her second book of verse, was the favorite of the many east Texas people in the audience, for they had all seen the pines in the rain.

"Winter Secrets," from Blue Smoke, a beautiful poem, of the trees in winter, could only be appreciated by those who have seen among the trees when they are no longer green with their summer foliage.

"Old Lace," is a new poem that will appear in her next book of verse, and the applause following its reading showed it to be the favorite of all the group she had given.

For encore she read "Apple and Rose," the famous little poem of her children. Like "Good Company," this poem is widely quoted and had she never but the two published, they would have made her famous, for the thought they contain.

Charles Wharton Stork, in the Philadelphia Ledger said: "No poet in America writes a bigger little poem than Karle Wilson Baker. These lyrics are at once close to reality and full thought. One can look at them, as at a drop of dew. The audience Tuesday evening could have listened and listened to them, as to a beautiful melody."

Wednesday morning she gave "Song of the Forerunners," which is another poem that will appear in her next book of verse, and through Mrs. Baker was born in Arkansas, this poem proclaims her a true Texas with a knowledge of Texas history and a vision of her future.

Though appearing on the program each day, and being in demand at social affairs, Mrs. Baker finds time to meet all those who express a desire to meet her, and is so informal and gracious it is a joy to be with her. When asked which of the many poems she has written, she likes best, she said, "Burning Bush," in my book by that name.

"War or Peace?" Will Be Subject Of Mrs. Carrie Chapman Catt In Baptist Auditorium Friday Eve

The most distinguished club woman and leader in America will deliver the feature address at Friday evening's session of the convention. Mrs. Lee Joseph will preside, and the noted speaker will be introduced by Mrs. W. E. Spell of Waco, pioneer Texas club woman. The feature crowd of the convention is expected for Mrs. Catt's audience, though the church was crowded Tuesday evening to capacity.

Heard in the Halls

"What's Mrs. J. D. Fields; she's state chairman of the training for citizenship section?"

"The Johnson boys, she's from my town—Haskell. We put her in the 'Who's Who of Texas Womanhood.' They nominated her, and we got the notice and a bunch of us made up three hundred dollars for a surprise. Isn't she fine?"

"My soul, she's a pretty lady! Why didn't you tell me Miss Fields was pretty? You never said a thing about her, hey?"

"What are you two girls doing here?" inquires Mrs. H. E. Fall of two bobbed haired young women across the Southern Dinner table.

"I'm a piano representative."

"The secretary of my club in Plainsville, lots of dignity. Mrs. Fall smiles benignantly. "Why, you smart little things."

"Plainview to Plainsville, (sotto voice): "How old are you?"

"Press to Plainsville: "Thirty, my next birthday; how old are you?"

"Twenty-seven; know doggone well we weren't either of us that young! It's this bobbed hair."

"Oh, that's the best talk yet! Wasn't that fine?" (of Mrs. Mary Wright, Southern Dinner).

"Ye-ah; what's she say?"

"Oh! I couldn't hear it, but she made it short and snappy!"

Miss Deann Lamar was in one of the most interesting personalities of the convention, and Wednesday night she talked up in her medals. There was an intriguing array of them. "Say, honey, do you know what 'Decca' is short for?" inquired an impatient friend next door.

"No, what?" said Miss West. "Deceptions, of course," replied the I. C.

Mrs. Robert McVining of Terrell, chairman, bureau of information, is one of the most interesting visitors to the convention. She has names, dates, or any thing pertaining to the Texas Federation of Women's Clubs on the tip of her tongue. She can tell you the name, day (of), occupation and residence condition of servitude, of every delegate here—and she can tell you something nice—and does—about each one.

"The luncheon at the Country Club has been postponed from Thursday until Friday. It is to be one of the lovely social affairs for the visitors."

There is a rumor going round that Mrs. F. B. Stauffer, president, Women's Club, San Antonio, had a narrow escape from death. "She was here—well, any way, she might as well be dead; didn't get to speak all the way here, and now she is planning to write a book on 'The Gift of Gab' and tell all she knows on the people who have it."

Mrs. Florence Flores, a past president and treasurer of National Federated Clubs, is a prominent figure of the convention. Graduate, sweat, clearing. She is in demand in many places for speeches—and can make them as any subject.

"Aren't the pages fine? They are so willing to do everything they are asked—try to bring to about the door!"

Heard in the lobby of the Kemp Hotel: "The only new thing I bought, was a hair set, and I left it in the Pullman."

"Isn't it a grand and glorious feeling to go out there, climb into one of these grand cars these Wichita Falls people have provided, and say, 'Home James!'"

PRESIDENT, PENWOMEN

Mrs. Eugene Sherrod is president of the Wichita Falls chapter of the National Penwomen, which is having its second successful year of study.

She plays with his grandmother and attends school.

From here Mrs. Rinehardt goes to Terrell, where she will be a guest of Mrs. Robert Browning, who is giving a house party in her honor. Mrs. Maggie Berry, Mrs. Florence Flores and Mrs. W. C. Martin will also go, the whole party going from there to Dallas with Dr. Rinehardt, where she speaks at the opera house on the twenty-fifth, under the auspices of the civic association.

REPUBLICAN NATIONAL COMMITTEE CONVENES

WASHINGTON, Nov. 15. (AP)—The 1924 presidential committee had its official premiere today with the meeting here of Republican national committeemen to receive invitations and bids from five cities for the national Republican convention. A sub-committee of five members headed by Dave Kilgore of Kansas as chairman met to hear the claims and scrutinize the proposals from Chicago, Cleveland, Denver, Des Moines and San Francisco.

The proposals received from the five cities will be summarized by the sub-committee, probably without reaching any definite recommendation and submitted to the full national committee, when it meets here December 11 to make final selection of the convention city.

PRESIDENT COLLEGE WOMEN

Miss Mamie Babson is president of the College Women's Club, which meets every other Tuesday evening at the Broadway district. "I love to walk along the country roads. You know you can't see money in a cow."—New York Evening World.

Mrs. Snider's Buffet Luncheon A Lovely Hospitality Tuesday

Members of the executive board of the federation who had spent all of Tuesday morning in the consideration of matters of grave interest to the organization, will carry home no more delightful remembrance of the meeting in Wichita Falls than that of the lovely buffet luncheon tendered them by Mrs. C. W. Snider Tuesday noon at her home on Tenth street.

The call to lighter thought and a recess from the serious matters before the board was a challenge issued in a thoroughly artistic and beautiful manner from the moment the guests entered the spacious reception suite of the Snider home at noon Tuesday. There were informal welcomes and greetings from various members of the house party, who included beside the hostess, Mesdames W. W. Silk, N. H. Martin, W. B. Hamilton, J. C. A. Guest, C. Y. Tully, J. J. Perkins, G. Clint Wood, P. P. Langford, B. H. Donald, Wadsworth of South Dakota, Sanders Walker, Roy Calvert, O. G. Hamlin and Walter D. Cline, and all of whom were beautifully gowned in afternoon dress.

The entire living room and dining room suite presented a gracious picture of hospitality, with dozens of great pale gold plum chrysantheums in baskets, pots and vases, above which were poised, with almost perceptibly palpitant wings, lovely hand tinted butterflies. The butterflies, symbol of lightness and color, evidently achieved their happy purpose, and the guests progressed amid the most animated and delightful small talk and the grave considerations of the august body of executives were forced completely into the background for the hour. The dining table was an artistic triumph, laid with its cover of madras and gilt over pale gold satin, with a gorgeous silver centerpiece of the plume chrysantheums and wired butterflies, and fluttering autumn leaves. Pale gold hand-painted candles in silver candlesticks were tied with blue tulle and set at intervals about the centerpiece.

In the dining room, Mesdames Guest, Perkins and Wood served at the table and buffet, while Mesdames Walker and Donald were in charge of the after-dinner coffee served in the attractive living room. The luncheon was served in three

SPEAKS AT SOUTHERN DINNER

Mrs. Maggie W. Barry is another of the outstanding personalities of the state convention; she is a perpetual ex-officio member of the executive board, one of the three members of the executive committee, and a lecturer of nation-wide prominence. Mrs. Barry made one of the most sparklingly interesting talks at the Southern Dinner Wednesday evening, recalling the old south and its traditions in a delightfully reminiscent vein.

Mrs. E. T. Sheegog is president of the Twentieth Century Club, which, until the past week, was known as the Culture Club.

WEDNESDAY STUDY CLUB HAS A NOTED DIRECTOR

MRS. W. W. COOK

The Wednesday Study Club has a noted director in the person of Mrs. W. W. Cook, who is also chairman of the distinguished Shakespearean scholar and authority, Dr. Wallace, and herself a thoroughly well informed student of the great dramatist.

The club also has a very beloved president in the person of Mrs. Charles William Wallace, wife of the distinguished Shakespearean scholar and authority, Dr. Wallace, and herself a thoroughly well informed student of the great dramatist.

Other officers of the club include its vice-president, Mrs. B. L. Fain; recording secretary, Mrs. Mark Moore; corresponding secretary, Mrs. N. B. Chenuit; and parliamentary and critic, Mrs. O.

M. Nichols. The membership includes, beside these: Mesdames C. N. Alexander, T. A. Key, O. E. Meier, T. E. Allday, Bert Bean, T. H. Boone, E. B. Carver, Sidney Cochran, Harry Davis, L. W. Grayson, J. C. Humphrey, Abe Marcus, Strub Moore, J. J. Perkins, W. R. Robertson, C. W. Stevenson, M. M. Walker, C. W. Wallace, and J. O. McKnight, secretary.

Gouard's Oriental Cream
Child-birth
WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in his science, has shown the way. He was the first to produce the great remedy, "Mother's Friend." Mrs. J. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse. I had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes. 'Mother's Friend' as our mothers and grandmothers did. Don't you start today, and meanwhile write to Bradford Regulator Co., 214½ Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. 'Mother's Friend' is sold by all drug stores."

WOMEN FROM FORTY TO FIFTY
Will Be Interested in Mrs. Hooker's Recovery by Use of Lydia E. Pinkham's Vegetable Compound
St. Paul, Minn.—"I was going through the Change of Life and suffered from a run-down condition and the trouble a woman has to go through at that time, hot flashes, nervousness and headaches. At times I was not able to do my work, but since taking Lydia E. Pinkham's Vegetable Compound I am gaining every day and can do my work with more ease than I have for five or six years. I owe it all to your great medicine."
—MARTHA HOOKER, 114 College Ave., St. Paul, Minn.

When women who are between the ages of forty-five and fifty-five are beset with such symptoms as nervousness, irritability, melancholia and heat flashes, which produce headaches, dizziness, or a sense of suffocation, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this crisis. It is prepared from roots and herbs and contains no harmful drugs or narcotics. Write to Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, for a free copy of Lydia E. Pinkham's *Best-Selling Book for Women*.

FURTHER REFORM IN CIVIL SERVICE URGED BY FRANCIS

"Efficient administration is the supreme test of a democratic government," declared Charles L. Francis, local attorney, before the legislative division of the State Federation of Women's Clubs at the First Baptist Church Wednesday afternoon.

"We are reasonably certain that the application of the underlying principles of civil service reform marks a step in the right direction," he said in reference to civil reform and the selecting of efficient officers to administer the government.

Mr. Francis said that there were two kinds of officers, the political and the administrative. Taking the example of the governor and the commissioner, Mr. Francis explained that while the former was a political officer, elected by a party to serve as an official of the state, the commissioner was an administrative officer and should not be elected by political parties.

He gave the history of the spoils system in the United States and compared that method of choosing officers with the efficient method of the civil service. He explained that in the days of the "spoils system" thousands of government officials were discharged with every change of administration, for political leaders want by the theory that "to the victor belongs the spoils" and so, whether he were efficient or not, a man was kept in a public office until his party had lost power, when he gave up that office to another.

"Today the civil service is ruled according to a few laws," Mr. Francis said. "In the first place, a representative government should be controlled by the expressed opinion of voters. Second, the sole test of administrative employment should be efficiency. Third, party victory at the polls gives no right to the victors to secure non-political offices or to interfere with the efficient conduct of business.

"The need for this reform is apparent to those who have studied conditions as they exist and have informed themselves as to the remedy which these conditions demand. It remains for some organization such as the State Federation of Women's Clubs to educate public opinion to the point where the evils of the present system are fully understood, and when this is done you have no fear that the great body of taxpayers will demand a reform along the lines which are embodied in the civil service code suggested by the National Civil Service Reform League."

FLOYD WILL SUBMIT PLAN FOR OKLAHOMA CITY DAM SATURDAY

Plans for the rebuilding of the water supply lake at Oklahoma City are almost complete and O. K. Floyd of the W. H. Callahan Construction Company, formerly assistant chief engineer of the Wichita Falls irrigation district, will leave this city Thursday night with the plans, which he will submit to the Oklahoma City commission at the regular meeting Saturday.

The plans have been worked out under the direction of Mr. Floyd and call for an expenditure of approximately \$1,900,000, he declared. The plan calls for the repairing of the dam which was washed out by recent floods on the Canadian river and the enlarging of the present spillway. The spillway was constructed of hollow cement, and the new plans call for solid concrete, which is said to be much stronger.

SCOUTMASTERS TO HOLD MONTHLY MEETING AT 6:30 P. M. THURSDAY

All scoutmasters of Wichita Falls will meet in regular session at Scout headquarters, basement of Morgan building, at 6:30 o'clock Thursday night.

Many matters of importance will be discussed at the meeting. Any man interested in the Scout movement is invited to attend the meeting. Scoutmasters will be glad to go into details as to what a scoutmaster really has to do.

Troop committees are always welcome to these scoutmaster meetings, as well as any member of the local council. Plans for the month of December will be discussed and each scoutmaster should be present to participate in the formation of these plans.

The meeting will be over before 8 o'clock so any engagement can be filled after the meeting is closed.

COUNTRY SCHOOL HOUSE IS BLAMED FOR DISCARD

CHICAGO, Nov. 15. (AP)—The little red country school house and the teacher who is looking for experience in the rural district will soon be a thing of the past if the plans of the committee on college organization of the Association of Land Grant Colleges are carried out.

As fast as transportation facilities permit the old country schools will be grouped in one unit with modern equipment. Motor buses will gather the students in the morning and bring them home in the evening. Special teachers will be provided and the inexperienced teacher will be supervised.

"If the farm boy or girl hopes to compete successfully with graduates from the city schools it is only fair that they be as well provided for," said C. A. Lory, president of the Colorado Agricultural College.
