## READY TO BEGIN FIGHT TO UNSEAT EARLE MAYFIELD

EARLY ACTION BY SENATE COMMITTEE WILL BE URGED.

### EVERY ALLEGATION TO BE PROVEN, SAYS ATTORNEY

"No Doubt As to Results," Is Statement Made in Washington on Wednesday.

WASHINGTON, Nov. 29.—The fight to unseat Senator Earl Mayfield of Texas will begin as soon as the senate is organized next week, according to Scott Woodward of Ft. Worth, who with father, W. C. Woodward has been active in behalf of George E. B. Paddy. Mr. Woodward was in Washington for a short time Wednesday afternoon, going to New York last night but will return next week. About the time he expects to meet Nicholas May and will urge early action by the senate committee on privilege and elections.

"The contest," said Woodward, "will deal with fundamental questions and concrete facts, such as to which any which have come before the senate for any investigation in the history of the republic. We have no politics to play or elaborate plans to execute. We are simply responding to a duty that is clear. It has been suggested that the Ku Klux Klan is a formidable foe and that its power and influence will be used to defeat the end we seek, but we have no need of such a foe. This contest will be in the hands of the senate and nothing short of its solemn judgment on the merits of the case will prevail."

## PROGRESSIVES MAY DELAY PROGRAM IN HOUSE AND SENATE

WASHINGTON, Nov. 29.—(AP)—Whether there will be a delay in the organization of the house and senate appeared today to depend largely on the attitude to be taken by the progressives.

Withdrawal of Representative Graham of Illinois from the majority leadership fight in the house, and the differences among the regular Republicans, but the demands of the progressives still seem to be the dominant factor. They were insistent that they would be pressed even to the extent of blocking house organization.

While Republican leaders in the senate have decided not to raise the issue of the election of a president by the Democrats, the house is prepared to go through with its original plan of selecting a full senate ticket and to seek its election.

With neither the Democrats nor the Republican organization holding a majority the progressives admittedly hold the balance of power. They should therefore decide to put a candidate for president in the field as a deadlock in the organization was regarded generally as inevitable.

This being a holiday, there was little activity in the capital, which is being held regarding organization of the house and senate will be resumed tomorrow.

## KANSAS CITY HAS FIRST SHOW OF THE SEASON

KANSAS CITY, Nov. 29.—The first general show of the season was falling away over central and eastern Kansas and western Missouri.

## RANGER MCCORMICK DEPARTS TO ASSIST IN CHILDRESS CASE

Sergeant J. W. McCormick departed from the state department at Austin at midnight Wednesday to proceed to Childress to assist in the investigation of the disappearance of J. C. Stroud, a farmer of the Toll community.

Sergeant McCormick left early Thursday morning for Childress and stated before leaving that he would remain there until it was found that further work was of no avail.

Ranger W. W. Belcher accompanied Sergeant McCormick to assist in the investigation.

## U. S. AND ENGLAND REACH AGREEMENT ON LIQUOR LIMIT

TREATY WILL SOON BE IN FORM TO PRESENT TO CONGRESS.

### HUGHES HAS FOUND NO SUBSTANTIAL OBJECTION

Desire Ratification by United States States and England at Early Date.

LONDON, Nov. 29.—(AP)—America and England have virtually reached an agreement in the form of the proposed treaty granting the United States a special extension of the three-month limit for the certification of illicit liquor in British-occupied territories and conferring upon Britain the right to ship legitimate alcoholic liquors in passenger liners to the American shores under seal for consumption on the homeward voyage.

Secretary Hughes found no substantial objection to the fundamental points of the treaty as formulated by the British secretary Curzon and the British legal experts. He was able to reassure the British government on certain constitutional features of the treaty which had been thought by the latter to be in strict accord with existing American laws and practices.

Further exchange of views now is proceeding between the two governments concerning a rider to the treaty providing that the whole instrument shall be in force only if it is invalidated by the United States supreme court. It is understood to be the American point of view that the treaty should be in force only if it is invalidated by the United States supreme court.

## ORPHANED DOGS AND CATS HOMELESS RESULT OF SUIT

LOS ANGELES, Nov. 29.—(AP)—Eighteen prominent society women of Pasadena are defendants in a suit for removal of the animals from their homes.

The suit was filed in the superior court by the humane society of Los Angeles, which is the plaintiff in the suit.

## ARREST MADE IN CONNECTION WITH ROBBERY OF BANK

MCKENZIE, Tenn., Nov. 29.—(AP)—A man giving his name as Dick Lay and his address as "nowhere," was taken from a coal car on a passing freight train here early this morning by a posse searching for the two bandits who yesterday afternoon robbed the Bank of McKenzie, making off with \$10,000 in money and bonds.

When the prisoner was searched \$200 was found hidden in his clothes. \$2,000 in gold and the remainder in currency. No bonds were found on him. The currency was found in a package wrapped in a blanket. The prisoner claimed to be a tramp and to have been given the money by a man in Paris, but he was not believed.

HILL, Jackson taxicab driver, who was engaged by two men in Jackson to drive them a few miles out of town, was also identified by F. D. Dunning, one of the two customers forced by the bandits into the bank robbery.

The amount of \$11,500 were recovered by officers and bank officials who were directed by Lacy. They were found under a log on a farm. The prisoner was carried to Paris for fear of mob violence here. A report that his confederate had been captured was denied. Only a couple of hundred dollars of the loot of the bank is now missing.

## Adjutant General Says Martial Law in Okla. Wholly Unnecessary

OKLAHOMA CITY, Okla., Nov. 29.—(AP)—Former Governor J. C. Walton's spectacular military activity in Oklahoma was wholly unnecessary, according to the adjutant general.

Walton, the witness told the committee, was determined to invade the state by force in another county at the same time the Oklahoma county decree became effective and at first had decided on Muskogee county, but Markham said he attempted to combat the conditions. The executive had attributed to mob violence directed and executed by the Ku Klux Klan.

Such is the substance of testimony given to a legislative investigating committee by the adjutant general Baird H. Markham who commanded Oklahoma national guard troops entering the state in military action. The testimony which was made public last night by the committee was the first explanation of the governor's military edicts. The testimony was given in the senate chamber which was recently warmly commended by the legislature for his conduct during the period of martial law.

Walton's charges that practically every act of violence in Tulsa county could be traced to the Klan were not supported by evidence. General Markham said, for out of the approximately 100 cases of lynchings investigated by the military court at Tulsa the Klan was found to have been directly involved in only one.

Forces of arms were never needed in Tulsa county and the governor's proposal to bring witnesses before the military court was unnecessary. In the investigation there, according to Markham, the same was true in Oklahoma county, the first action of the state to file military edicts. Markham declared that the military found that a deputy sheriff had abused his authority, but there was no force of the riot and insurrection which Walton had declared.

It likewise was the case in Oklahoma county, Oklahoma City.

## Five Killed When Automobile Plunges Through Guard Rail For Drop of Twenty-five Feet

PHILADELPHIA, Nov. 29.—(AP)—Five persons, three men, a woman and a young girl, were killed and two others injured when their motor car plunged through a guard rail near the Pennsylvania Avenue entrance to Parkersburg, Pa., today.

The automobile, which was being driven by a woman, plunged through the guard rail and landed directly in front of a moving train, which struck and mangled some of the victims almost beyond recognition.

It is believed the driver of the automobile was intoxicated. The wreckage of the automobile was found in the neighborhood of Fairmount Park last night and was not crumpled through the rail.

## JOHNS HOPKINS MAN WINNER OF MARATHON

BALTIMORE, Md., Nov. 29.—(AP)—Vernon Booth of Johns Hopkins, inter-collegiate cross country champion, competing unattached, today won the Thanksgiving 10-mile marathon from Catonsville suburb as the city hall in 52 minutes 25 1/2 seconds.

## ORDER CLASSIFICATION 4,000 BALES OF COTTON THAT BELONG TO STATE

AUSTIN, Nov. 29.—(AP)—Complete classification of 4,000 bales of cotton which the state prison commission will offer for sale at Houston December 8, has been ordered by Governor Neff, to the end that the state will know the exact grade of each bale and what it is worth.

The classification will be made by T. F. Miller of Houston and W. E. Williams of Austin, appointed for the purpose by the state prison commissioner, commissioner of markets and warehouses.

With cotton selling at 25 cents a pound it is estimated that a state's product should bring about \$700,000.

## HERO OF EDDYVILLE SIEGE GETS PARDON

FRANKFORT, Ky., Nov. 29.—(AP)—Thanksgiving Day proved to be one of joy for A. C. "Daddy" Warner, hero of the recent Eddyville penitentiary siege when he received a pardon from Governor Edwin P. Morrow.

"Daddy" Warner, nearly 70 years old, braved the line of fire between state officers and three desperate convicts barricaded in the prison mess hall in the attempted jail break, in order to carry water to the men who were being held by the guards shot down in the revolt.

Warner, penitentiary librarian, recalled freely through the thick of the fire to care for Mattingly.

## CHILD DIES AS RESULT OF SWALLOWING NEEDLE

ADILENE, Texas, Nov. 29.—(AP)—Edward, the three-year-old son of Judge and Mrs. E. M. Overhiser, died here last night after an illness of four weeks. Four weeks ago a piece of needle was found in the child's nose, which probably had been in there for months. The needle was removed, but the child's condition gradually grew worse.

## EIGHT HELD IN CONNECTION WITH DOUBLE MURDER

ARRESTS EXPECTED TO CLEAR UP MYSTERY BROOKLYN ROBBERY.

### THREE OF LEADERS OF GANG ARE AT LARGE

Arrests Open Way for Solution of Numerous Murders and Other Crimes.

NEW YORK, Nov. 29.—(AP)—With eight men in custody and the plot unraveled police believe that they are near the solution of the double crime on November 17, in which two West End Bank messengers were shot dead without warning in Brooklyn subway station and robbed of \$45,000. The police unfolded chapter by chapter, one of the most startling murder and robbery plots in the history of the city they uncovered clues pointing to a "syndicate of criminals."

## MRS. S. T. COFFIELD, PIONEER RESIDENT, DIES HERE THURSDAY

The many friends of the family of Mrs. S. T. Coffield, widow of Dr. S. T. Coffield, Confederate veteran who died a number of years ago, pioneer resident of Wichita Falls, were very deeply grieved by her death.

Mrs. Coffield had been in ill health for a number of years, but had been somewhat improved in the latter part of her life.

She was born in a few hours illness. The news of her death was a shock in many of the homes where she has been for years a treasured friend.

Arrangements for the funeral are being held by pending word from the family.

## WOMAN FOUND DEAD WITH REVOLVER AND FULL PURSE NEAR BY

Mrs. Brown was found dead in her home at 212 Lake street Thursday morning at 11 o'clock. A Colt automatic was found near her body. No note was found and no reason for the act is known.

The woman said that she had received over all health and other troubles.

Officers were called by the woman who answered the call. The woman had gone into her room and left word with the maid to call her in about 10 minutes. Her room and the outside doors of the house were locked; she was alone at the time.

It is about 10 minutes after she had gone to her room, neighbors heard the pistol shot and became alarmed.

Officers were called by the woman who answered the call. The woman had gone into her room and left word with the maid to call her in about 10 minutes. Her room and the outside doors of the house were locked; she was alone at the time.

## DAUGHTER OF LATE Jake Hamon Joins Chorus In Chicago

CHICAGO, Nov. 29.—(AP)—Olive Della Hamon, daughter of the late Jake Hamon, Oklahoma oil man and Republican politician, has joined the chorus at the Marigold Gardens.

Mrs. Hamon, a possessor of musical talents, was heard in the chorus as "Miss Freddie Worth," according to the Chicago Tribune, which quoted her as saying:

"If that story goes into the paper it just won't be true. I'll leave the show and Chicago, too."

## FREE TURKEY DINNER IS PROVIDED FOR 500

NEW ORLEANS, Nov. 29.—(AP)—There will be free turkey dinners in New Orleans today. The following is given to the newspaper by Frederick R. Weaver, superintendent of the Home for Homeless Men:

"Notice to bums, tramps and temporary down-and-outs: I cordially invite you to eat your Thanksgiving dinner at the Home for Homeless Men. Turkey dinners for 500 have been prepared and I ask at least that number to be present."

**Semi-Humorous  
Tone Adopted By  
Emperor of Klan**

LITTLE ROCK, Ark., Nov. 28. (AP)—Semi-humorous tone was adopted by attorneys for William J. Simmons, emperor of the Knights of the Ku Klux Klan, in their answer to the amended complaint filed yesterday against Mr. Simmons by Dr. Hiram W. Evans, imperial wizard of the Klan, who now seeks \$125,000 in a libel suit in circuit court here against the emperor.

The answer demands to know why the reputation of Dr. Evans is of fluctuating value and asks why he is "undertaking to collect money from an individual when he has access to the Klan treasury."

It asks that the complaint be made more specific and declares that the amended complaint "does not show that the plaintiff has any reputation left." The answer requests that Dr. Evans be required to show why "the wizard's reputation is more valuable now than it was in May," and that he also be required to "specify the full value of his reputation."

The answer further asks that Dr. Evans be required to disclose what disposition has been made of \$24,000,000 in initiation fees and \$20,000,000 in dues alleged to have been collected from Klan members.

The answer was characterized by James A. Comer, former dragon for the realm of Arkansas, as "obscure, comical and a poor attempt to heap ridicule on the organization."

# SOCIAL AND HOUSEHOLD ITEMS OF INTEREST TO WOMEN

## Actresses Anticipate Coming Modes, So Watch the Movies

By NEA Service.  
HOLLYWOOD, Cal., Nov. 29.—When you go to the movies, keep a close eye on the popular actress of the play.  
Liberty as yet she will be wearing just the kind of creation you'd like to have; but the kind of dress most suited to your taste and needs.  
More likely, even, the star of the movies will be showing you the latest model fashion has decreed for the coming season. In fact, she will try to go even further and anticipate the trend of fashion for at least half a year.  
The reason for this is that movies last so long, going their rounds of

Mary Astor, left, as she appears in a "Woman-Proof" and Jacqueline Logan in "Flaming Barriers."

the country, the star's costumes would be considered old-fashioned toward the end of the movie's run. The costumers for the films have the additional problem of selecting a mode before the scenes are taken, and of having their designs at the height of fashion when the film is exhibited.

Excuse me.  
The it is generally safe to appreciate the modes shown in the movies. Here are the cases of two actresses, for example, to show how successfully they anticipated the styles of today.

When you see Jacqueline Logan in "Flaming Barriers," you may notice her in an afternoon dress that is supreme today. It is an accordion-plaited, striped brown georgette. Buttons of ivory lace and pearl buttons range down the sleeves and straight down the left side from shoulder to hem. Her hat also is of nutria brown, with a plaited coil brim. The wide, fur-trimmed collar and the openwork finish the costume.

Mary Astor, in "Woman-Proof" is another example of successfully anticipating modern fashion.

Suitable, too.  
In this picture she comes out in a striking afternoon frock that matches her in every respect. It is a dress of coral georgette with a skirt designed with layers of coral georgette ruffles over a cream-lined tulle slip. The dress is draped, ruffled about the cuffs, give a touch of personality to the costume.

There are only two of the numerous fashion suggestions a woman can glean from viewing a popular movie.

The Dorcas Sunday School Class of the First Baptist Church will hold a rummage sale Saturday in the Maxwell Hardware Holiday Annex.—adv.

## The Tangle

Letter from Leslie Prescott to Leslie Prescott, continued:  
"Let's have our luncheon served in the nursery. Ruth, Maggie has gone out with the baby and it is very sunny and comfortable up there. I'm indulging in the luxury of a maid, one of Maggie's maids who is a very willing girl. I think I am going to be more comfortable with her than I would be with a more experienced one. You know I like to cook if I only have someone to wash the dishes and clean up things."  
"When I knew you were coming, dear, I fixed some of that grated cheese and bacon on bread that you like so much and it is all ready to pop into the oven to brown, and the chocolate is piping hot now. That, of course you know, is a well-balanced meal and if you don't eat too much of it you won't get over fat."  
"Leslie, what are you beating all around the bush with me for? I'm describing your richness and talking about getting fat when you know both of us have not gained a pound since we were in school. Indeed, you are thinner since your illness than before."  
"Oh, I'm just like all other women, Ruth, when they have something that worries them very much and they are not sure whether it is best to burden their best friend with it or not."  
"We had reached the nursery by this time. Ruth sat down in a low chair that I had for myself near the window and I stood near looking down upon her.  
"Now begin at the beginning," she said. "Is it money or husband?"  
"Why do you ask that, Ruth?"  
"Because when a married woman's mouth drops at the corners and she has a worried look, you can

make up your mind that one of three things is bothering her mind: husband or money usually, and sometimes the most nerve-racking thing of all, a lover. Of course I know you haven't any lover, dear, consequently it must be husband or money."  
"You are all wrong."  
"What is it, then?"  
"It is a string of pearl beads."  
"Not your string of pearl beads? You haven't lost them again?"  
"No, but listen, Ruth," and then, little Maggie, I told her the whole story and how some man was hounding me to death because he had picked up one of the beads, when the string broke the night she was with me, and found out they were real. How I never had known myself that they were real until I had given her. And now I didn't dare tell Jack, for I had begun to suspect that Karl Whittey had given her the pearls through Jack, and I was afraid that Jack would make me send them back."  
Ruth laughed almost hysterically. "This is a new one on me," she said. "I've heard of women getting into all sorts of trouble because the pearls that they had given to their husbands and everyone thought were real were found to be paste. But I have never before heard of a woman whose supposedly paste necklaces turned out to be real, who was greatly worried about it."

## Thy Neighbor

IRENE DAVIDSON, Phoebe 4311.  
In this space will be printed each day, without charge, notes from people who are in need of something. Write to the address given and you will receive what you need. The names and addresses will be given only in case of emergency. We ask that only those who have something which will be of real use, write or phone us.

"I have a good suit and a good heavy coat that I would be glad for you to have. You asked for a suit, so yesterday."—Miss L. H.  
Miss H. not only gives the coat, but has it cleaned for the Neighbor. That is certainly a happy conception of the true gift. Thank you very much, L.

Girls 12-15.  
We need school clothing badly for three little girls 12 and 13. Can some of the neighbors help? All three are in worthy families, and we want so much to be able to help them. Two of them have almost nothing, and the third has two worn-out cotton dresses. They all need underclothing very badly, too.  
"My I have the little bed and mattress. It is so cold, and I have

to make a pallet on the floor and I am afraid the baby will get sick again."—Mrs. C.  
Mrs. C. has asked for the little bed and mattress, Mrs. C's request coming first, Wednesday afternoon. Has anybody another little bed and maybe a mattress they have finished with? The other mothers need it so badly.  
We also need a sweater very badly for a boy of 14. Some kind neighbor sent a dandy heavy home-knit sweater for a boy 2 Wednesday afternoon, and as we have the boy 14, in need, we thank her very much, indeed.

## WEDNESDAY STUDY CLUB HEARS SPLENDID PAPER

The Wednesday Study Club members enjoyed an excellent paper of most explicit sketch of "The Shoemaker's Holiday," by Thomas Dekker, given by Mrs. Robert F. Pool, at their Wednesday meeting at Kamp Library, presiding their weekly study of Othello under Mrs. Wallace's direction.  
The lesson from Act IV, scenes 1 and 2 of Othello was also suitably interesting, with a general discussion in which all of the members joined.  
Members present included Mesdames T. E. Alkay, Bert Dean, T. H. Boone, R. D. Carter, Sidney Cochran, W. W. Cook, Harry Davidson, R. L. Felt, L. W. Grayson, J. C. Humphrey, Strub Moore, Mark Moore, G. E. Nicholls, E. F. Peterson, R. P. Pool, C. W. Stevenson, M. M. Walker and C. W. Wallace.

## Campfire Girls and Bluebirds Entertain Children Wednesday

The Campfire Girls and Blue Birds of Wichita Falls were hostesses of a delightful Thanksgiving party at the First M. E. Church, south, Wednesday evening. The guests were children between the ages of 5 and 15 invited with the aid of the Salvation Army. The children were taken to and from the party in the autos of Kiwanians which delivered the children to the church at 7 and returned them at 7.  
Each guest was "adopted" for the evening by one of his hostesses, who saw that he was properly cared for and entertained. Children's games were played, and a Fish Pond which contained a present for each child was well patronized. A 5 o'clock delicious refreshments were served consisting of old-fashioned pop-corn balls, cocoa, sandwiches, doughnuts, candy and fatty apples. Spectators report that a hilarious time was had by all.

The Guest Book had the following names:  
Guests: Louise Adams, Frances Ramoy, Louise Banner, Newton Parkington, Billy Goddard, R. T. Clark, William Daily, Irvia Gera, Charles Hittman, Eugene Garrett Hill, Harry, Vera Hester, William Collins, Foyella Warren, Arty Warren, Ted Gora, Irene Farham, J. W. ## BRIEFS AND NOTICES

Dorland Grove 1487 will meet Friday evening at 7:30 for class initiation instead of in the afternoon.  
Circles Five of the M. E. church, South, will hold a rummage sale Saturday at the old Empress stand on Indiana. They will also have cooked food for sale.  
The Campfire Girls will sing Christmas carols about the city Christmas eve, according to announcement Thursday.  
The truck of carolers will stop at every house where a wreathed light is in the window. The girls are practicing now on the old Christmas songs, favorite among which are "Holy Night," "O Little Town of Bethlehem," "Little Child Jesus," and others.  
The practice of carol-singing the eve of Christmas in Wichita Falls was begun three years ago by the girls of the Y. W. C. A. who sang for several hours on Christmas eve in the residence section, making a score or more stops. The girls reserves of the Y. W. plan to continue the custom this year. It is understood, though no formal announcement has been made.

## Personal Mention

Miss Frankie Redeker of Fort Worth is the guest for the Thanksgiving holidays of her aunt, Mrs. J. K. Faust Le Roy, of Burnett street.  
Mrs. Hui Stine of Brers is the guest of Mrs. Edgar Haney. Miss Louise Haney is spending Thanksgiving with Dorothy and Helen Clark at Gainesville.

NOW INDICATED  
WAP PRISONERS  
TO BE RELEASED

WASHINGTON, Nov. 28.—The long-awaited release of political, or war prisoners is close at hand, it is indicated by reports recommending clemency for a large number. This followed the announcement that a special commission named by President Coolidge has been studying individual cases of men sent to jail during the world war and has submitted reports recommending clemency for a large number. Some time between Thanksgiving and Christmas, it is expected that the commission will submit its report to the president. It is expected that the majority of these types of offenders will be released. The commission has also recommended that the president should issue a blanket pardon for all war prisoners who were not in the military service of the United States. The president is said to have taken the same view. During the time he was in office practically all of the cases were before him and he had personal knowledge of each. Those who will demand clemency are not political prisoners in the strict meaning, but persons holding American citizenship who are said to have been victims in obstructing the war.

CONFLICTING VERSIONS  
OF RHINELAND CONFLICT

DUESSELDORF, Nov. 28.—Conflicting versions of the break-up between the Matthes and Dorten families in the Rhineland separatist movement have been disclosed. First came the announcement by Matthes that he had been forced to resign the provincial cabinet at Cologne because of an internal conflict which had attempted to set up a military dictatorship. Then came the disclosure of a report by Dorten that Matthes in reality had been expelled from the government for disregarding the decision of the cabinet. This version was taken up by Matthes who had been served with an ultimatum demanding his withdrawal from the cabinet. Matthes' followers asserted Matthes fled Duesseeldorf. Matthes showed the correspondent here a letter he said he had written to Paul Tirard, president of the inter-allied Rhineland committee, in which he explained how the military faction had compelled him to proclaim the dissolution of the cabinet.

ITCHING ECZEMA GONE

People who have endured torturous itching eczema will be happy to learn that a means of relief has been discovered and is already enjoying widespread popularity. The relief is the result of a new treatment which nobody seemed able to figure out before. Most all dealers have been forced to get a supply of this relief and while it is not a cure, it has already reached the mammoth rate of nearly two million packages a year in its sales. It is economical, too. The big packages contain three times as much as the liberal 30c size.—Adv.

NOW DOCTORS  
TREAT COLDS  
AND THE FLU

First Step in Treatment is Calotabs, the Purified and Refined Calomel Tablets That Are Nauseless, Safe and Sure.

Doctors have found by experience that no medicine can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the nauseless Calomel Tablets called Calotabs, which are free from the sickening and weakening effects of the old style Calomel. Doctors also point out the fact that an active liver goes a long way towards preventing influenza and colds and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia. One or two Calotabs at bed time, followed by a swallow of water—that's all. No salts, no nausea nor the slightest interference with your sleep, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine. Calotabs have specific for bronchitis. Genuine Calotabs are sold only in original sealed packages, 50c. Fifty-five cents for the large family package; ten cents for the small, vest-pocket size.—Adv.

Burlington Will Extend Its Lines  
Into West Texas Plains Territory,  
Declares Hole Holder at Austin

AUSTIN, TEXAS, Nov. 28.—According to a statement made here today by Hale Holden of Chicago, president of the Chicago, Burlington and Quincy railroad, the Burlington system will extend its own lines into the plains section of west Texas and occupy most of the territory surrendered by the proposed Texas Panhandle and Gulf railroad. This statement will be made in his testimony in the case Thursday in answer to the plea for more railroad facilities for the territory mentioned. Mr. Holden said he would advocate the existing system, with lines now extending partially into the territory as a solution of the situation. He continued by saying that the Burlington system included the extension of the Stamford and Northwestern, now operating from Stamford to Spur, 22 miles, into the plains territory, possibly as far as Plainview. At Spur, the line connects with the Wichita Valley line, which is a feeder to the Fort Worth and Denver and the Colorado and Southern, all of which are Burlington properties. He added that the present plans included feeders for the main extension to serve the territory between the Stamford and Spur, and the Stamford and Denver. He predicted for the Texas Panhandle and Gulf, if constructed, the same fate as that of the Orient. It is his contention that small lines in the west do not have substance unless they become a part of some existing system. He pointed out the injury which he claims the proposed road would cause the present and proposed railway system, now in the hands of the receiver, but with some hope of reorganization.

The extension of this line, a large part of which is supplied by the Burlington line, would be materially to the benefit of the competitor in the Burlington territory, in west Texas, he claims. Mr. Holden said in part: "After the Burlington acquired its interest in the Fort Worth and Denver City and allied lines, it proposed the construction of an internal line from Stamford to Spur and from Stamford to Denver, which was chartered by the state of Texas to build from Stamford to the plains territory and was completed from Stamford to Spur and put into operation on October 28, 1918. As is usual in such cases, further construction was suspended awaiting the development of traffic, and if it had not been for two or three years thereafter of very unsatisfactory crop conditions and the European war, federal control and conditions resulting therefrom, further construction would have been resumed some years ago. "During the interval, however, the company has never changed its original intention, and has from time to time had its engineers and traffic department study developments. Grouping Halls Plan. "Another important event which has thrown a cloud over the interstate Commerce Commission to group the Stamford and Denver City and the Wichita Valley lines with the Santa Fe, but that situation will probably soon be clarified because the almost universal sentiment in northwestern Texas is opposed to that plan. "The project to build the Texas Panhandle and Gulf between Stamford and the Wichita Valley and the plains territory is not only a parallel of the Fort Worth and Denver City, but also an invasion of territory which under charter rights the Stamford and Northwestern intends to serve and occupy, and we believe that by extending existing lines, better and more reliable service will be secured to the additional territory that needs more mileage than by the introduction of a new project without the support of long-established channels of trade and friendly connections."

Prisoners of the county jail entirely forgot that they were inmates at noon Thursday. The reason was a Thanksgiving dinner that revealed that of any home or cafe in the city. Sheriff W. Murphy provided three large turkeys and a big fat hen for the prisoners in the jail, and in addition thereto supplied all the trimmings that go to make a Thanksgiving Day dinner complete in every detail. Cranberries, dressing, celery, potato salad, fruit, turkey, chicken and good old mince meat and fruit pie composed the menu of the Thursday noon dinner for the prisoners.

THREE MEDICAL SCHOOLS  
CLASSED "NON-REPUTABLE"

ST. LOUIS, Nov. 29.—A complete survey will be made of the credentials of practicing physicians in Missouri who have been graduated from class C medical colleges. It is announced by Dr. E. P. North, president of the state board of health, following the report of the board's special committee in which these colleges were termed "non-reputable" and their conditions were described as "frightful." Steps leading to the revocation of the charters of these colleges were taken in the meeting of this special committee. The three medical colleges classed as non-reputable are: The Physicians and Surgeons College in this city. The Kansas City University of Physicians and Surgeons. The Kansas City College of Medicine and Surgery. These institutions have been involved in the nation-wide episode of alleged trafficking in medical diplomas.

Man 74 Years Old Is "Rejuvenated"  
In 3 Weeks Without Gland Operation

Kansas Contractor Told of Wonderful Results Obtained in Use of New Scientific Discovery.

Thomas J. Glascock, 74, well-known Kansas contractor, declares he has virtually been made young again by the recently discovered kortex compound, which is pronounced "superior" to "gland treatments" as an invigorator and revitalizer. "I feel like I did at 25," says Mr. Glascock, "and seem to be getting stronger every day. During my three weeks' use of the new discovery, pains and weakness of many years' standing disappeared almost magically. Today I am as vigorous and supple as I was in the prime of life. Furthermore, when I began using the compound, I was almost blind. Now my mind is clear and active and I can read the finest print without difficulty. In order to find out whether the results were lasting, Mr. Glascock waited six months before reporting on his test of the discovery. On this point he says: "Every passing day strengthens my conviction that my restoration is not only complete but permanent. I can't express the happiness this great discovery has brought to me. It has made me 'young' again. Similar reports are being made almost daily. For instance, D. W. Wood of New Orleans, past 40 years of age, says: 'The compound has brought me back to as good, healthy physical condition as I enjoyed at 25. I am apparently as supple as at 25 and my weight is better than for years. I would not take \$5,000 for what the discovery has done for me.' The compound is a simple home treatment in tablet form, absolutely harmless, yet rated as the quickest and most powerful invigorator known. Acting directly on lower spinal nerve centers and blood vessels, it brings gratifying benefits in a few days, according to thousands who have tested it. "It is wonderful," writes a resident of Hollister, Cal. "In less than 24 hours you can feel it does the work. It makes one feel young as a young man, I am more than happy and glad I tried it." Another Californian says: "The compound is a world's wonder! I feel like I was 25 and here I am nearly fifty!" The compound has been tested in

Thomas J. Glascock

all parts of the country and has won the praises of thousands who suffered from nerve weakness, lessened or depleted vigor, neurasthenia, premature aging, impaired glandular activity and lack of animation and vital force. Its effects seem to be virtually the same on both young and old. Physicians say the principal active ingredient of the compound gives steady satisfaction in obstinate cases that defy all other treatments. Elderly people pronounce the discovery a real "fountain of youth." Realizing that thousands of enfeebled, half-alive folk may consider such news "too good to be true," the American distributors have agreed to supply a double-strength treatment of the discovery on a guaranteed trial basis to everyone in need of such a preparation. If you wish to test the compound under a money-back guarantee, write in strict confidence to the Melton Laboratories, 4133 Melton Building, Kansas City, Mo., for a two-dollar treatment of kortex compound, mailed in a plain, sealed wrapper. You may enclose two dollars, or simply send your name, without money, and pay two dollars and postage on delivery, as you prefer. If you report within ten days that you are not satisfied, the laboratories will refund the purchase price upon request. These laboratories are nationally known and thoroughly reliable, so nobody need hesitate about accepting their guaranteed offer. Adv.

THANKSGIVING DAY.

Thanksgiving, as everybody knows, is an institution that comes to us from the Pilgrim forefathers. They lived a hard existence. Hostile Indians surrounded them. They found space for their homes only as they hewed it from the forest wilderness.

They lived a hard existence. Hostile Indians surrounded them. They found space for their homes only as they hewed it from the forest wilderness. The crop growing season was short. Frosts and floods and droughts often destroyed or cut short their scanty yields of grain. The winters were long and severe. Hunger and disease beset them.

Many of their descendants have gotten a long way from the spirit of the forefathers in their celebration of Thanksgiving Day. Today we live in the midst of abundance and plenty which we have not had to wrest from our environment by bitter struggle as did the settlers of our country, yet we are more inclined to take credit for ourselves and are proud of our achievements. We forget God and His providence and we celebrate Thanksgiving with feasting and thoughts of our own superiority and better fortune than our fellows.

DEMOCRATS AND MELLON'S PLAN.

Democrats in congress will sustain the party reputation for costly blundering in critical moments if they offer opposition to Secretary Mellon's program of tax reform, says the St. Louis Post-Dispatch. Continuing the Post-Dispatch says: "Announcement is made that Democratic support will be withheld for a reason which is unworthy of a great party. Because, under Penrose's leadership, the Republicans obstructed the tax reform program of President Wilson in 1919 there is wild talk now of obstructing the Democratic program when it is proposed by a Republican secretary of the treasury."

"It is tax reform was good policy four years ago it is good policy now. If it was worthy of Democratic support four years ago it is worthy of Democratic support now. If it was good policy for a majority party it does not cease to be good policy when that party is in the minority." "There is general agreement, not upon details but upon broad fact, that tax reduction is needed. If both the Democratic and Republican parties are truly American in purpose and policy they can and should work harmoniously together to bring about tax reduction in a practicable statute which shall be creditable alike to both participants. "The nation needs tax reduction. To have aided in securing it will be a better campaign argument for democracy next year than would be the bitter memory of defeat for tax reduction by a policy of Democratic obstruction. "The question posed is not even party or country. Both party and country will benefit by tax relief. To oppose it under the leadership of the shade of Boise Penrose would be partisanship run mad. "Tax reduction is good Democratic doctrine, as is a good Republican doctrine. Whoever proposes it to block it on unworthy grounds would be an offense not easily forgiven by the people."

JUST FOLKS

By EDGAR A. GUEST

THANKSGIVING.
Lord, the only prayers I know are the ones the preachers pray,
The printed prayers the people read on every Sabbath day,
The prayers you've heard ten million times—yet often, when alone
I've wished that I could write a prayer that I could call my own;

I've wished I had the gift of words that I might pen for Thee
A prayer I'd thought up all myself to guide and comfort me.
Thanksgiving day is here once more. For all your mercies sent
No printed prayer I'll use today no time-worn sentiment.

I'm going to voice my gratitude for all the joys we've known,
Not in the language of the church, but crudely in my own.
When I have said "Our Father," I shall give my heart full sway
And let it voice the many things it's wanted long to say.

T'll not be very long, good Lord, I'll speak it as I would.

If you were near to smile on me to show you understood,
I'll thank Thee for our happy home and all the love it should,
The strength we've had to bear our tasks, the harvests of the fields;

And though when I shall say "Amen" the prayer may not be fine,
The grateful words which I shall speak will every one be mine.

TODAY'S TALK

By GEORGE MATTHEW ADAMS

UNCLAMP.
Most of our failures are made because we are afraid that we will fail. And so we often do.

When an athlete works and concentrates too much on the strengthening and hardening of his muscles he is very apt to become what is known as "muscle bound"—a lack of freedom and a clamping down of the very forces which he desired most to have.

This modern day is one of rush and worry. There is little relaxation. The idea is that everything has to be done right off. When, as a matter of fact, the hurrying through of important work and decisions brings about the very condition that we all want to avoid—that of tenseness and overwrought nerves.

There is no organ more sensitive than the human brain—its cells change and are created with your every thought.
A free, relaxed brain is always able. Its ruler-ship is supreme. And the bodily actions are merely what it most desires.

Those who are happiest in their work do the most. And they are the last to feel fatigue.
Horace Fletcher used to use the word "fear-thought" as the thing that did so much damage to people.

William James, the great psychologist, says in one of his helpful essays that religious faith stands as one of the most effective cures for worry. "The turbulent billows of the fretful surface leave the deep parts of the ocean undisturbed," he says, "and to him who has a hold on vaster and more permanent realities the hourly vicissitudes of his personal destiny seem relatively insignificant things."

We unclasp when we think of others, when we dismiss the petty things of the everyday and look higher.

THANKSGIVING.
My gratitude confessing, I humbly punch my lyre,
For I have every blessing a mortal could desire.
My health is vastly better than 'twas a year ago,
The toothache and the letter are gone, or nearly so.

My bridled cow is yielding large quantities of suds,
The spade I'm deftly wielding digs up all kinds of spuds.
I've prospered in my dealing, no plans have gone awry,
And care has hit the ceiling, and I'm a grateful guy.
Most faithfully I've striven to help good works along,
And gladly I've forgiven the gent who did me wrong.
I have no ancient grudges, I'm as kind as neighbor smart;
There is no pilgrim treads his path with lighter heart.
I envy no one's bundle, I covet no one's car,
As joyfully I trundle my person near and far.
I'm thankful that my labors bring rest serene and sweet;
I'm grateful that my neighbors are all as good as wheat.
My cottage is but humble, but here my figtree grows;
I hear the bright bees bumble while looking for glucose;
I bear my aunts uniting in grateful, happy song,
And at this present writing I'm sane and fairly strong.
Beside my door lanterns are growing nine feet high,
And I have no bananas—a happy sight am I!
Men talk of things distressing and weep and moan and pray,
But everything's a blessing that seems to come my way.

The thankful.
New French worry.
"Sport" and the gunman.
Napoleon and Lloyd George.

By ARTHUR SHILLBURN
(Copyright 1922, The Star Co.)
We are thankful.
We are prosperous.
And far from Europe and Asia.
And, above all, we have thus far kept out of Europe's complications.

The French have a new theory that for a moment takes their attention from England's unwillingness to have France overrun by the success of each forty-seven, all trading freely in growing prosperity.
Be thankful.
The French have a new theory that for a moment takes their attention from England's unwillingness to have France overrun by the success of each forty-seven, all trading freely in growing prosperity.

The King of Spain has been made an officer in Mussolini's fascist organization. Spain and Italy have entered into close trade agreements.
And now Primo Rivera, Spanish dictator, must first announce a program for building fighting flying machines and other things that seem to be the French domination on the continent.

France and the rest of Europe are far from peace and from peace of mind, but the French are not. Their rule may outlast the century.
Is there any connection between the noble "sport" of prize fighting that many states legalize and the epidemic of killing by professional gunmen?
Two brothers named Diamond confessed that they hired other men to shoot down mail messengers, robbed of \$42,000. This is one line from the confession, "I came back to my former prize fighting. From fighting for a living to shooting for a living, wasn't much of a change."

Another individual as one of the hired murderers, accused also of another murder, is Michael Massimo, former prize fighter. From fighting for a living to shooting for a living, wasn't much of a change.

The late "Big Tim" Sullivan, when he introduced the "Bullivan" law forbidding the carrying of pistols, said to this writer: "For \$50 I can hire a man to murder anybody. He is in love with Helen. It is a good idea to establish prize fighting as a school for gunmen?"

A learned gentleman says: "There is considerable similarity both physical and mental between Napoleon Bonaparte and Lloyd George." They are alike superficially, both short, both courageous. They were both born in the same year, 1769. Napoleon thought constantly of himself. Lloyd George thinks of the British Empire as a whole. Napoleon, himself last of all.

The poor, buying coal by the bucket, pay from \$12 to \$20 for 2,000 pounds. The rich, filling their cars with direct to the mines and buying it by the car loads for their large houses, green houses, etc., pay from \$2.50 to \$3.00, the full amount.

That's according to program. And as usual, from him that hat (not) shall be taken away his last red cent.

Dr. J. Paul Goode, by careful figures, proves that one gigantic modern machine, the airplane, is doing the transportation work of one million coolies.
A great knitting machine with a few men or women can do the work of a million knitting women. Our prosperity is based on our superior ideas, but they are slaves made of steel, driven by steam and electricity, with productive power unlimited.

Kansas City, Mo., and Long Beach, Cal., engage in a pious contest to see which city has the largest Bible class. Kansas City, waking her citizens with blasts from seventy-two churches, has a class of 12,121 men in a gigantic class, 20,000 inside, the rest outside convention hall.

Long Beach, according to Kansas City, had only 1,014 in its Sunday Bible class, and Kansas City triumphs, as is proper.
Long Beach says, "With all our effort, looking around, showing us very good. Besides, it's as good as any Bible class, to go and look at the Pacific ocean for an hour." But Kansas City wins.

Dual Carmichael of Oklahoma, one of our country's great oil men, now dead, owned a farm in which oil was found. Royalties on the oil he found, he says, are worth \$100,000 a week. Millions will be made by Carmichael's thirteen year old half-bred son, whose mother is a Filipino girl. If he gets ten, twenty or more millions, what will the Filipino boy do with them?
How much will the group of lawyers get? What about inheritance taxes?

Used to be a red letter day when the railroads of our country moved a million cars of freight a week. But up to the 10th of November there had been 21 such weeks this year.
The railroads, so far in 1923, have moved 437 cars of freight for every day of the year, the corresponding period of last year.
This plainly means that business is getting ready for a busy winter.

Your Health

By Dr. Clifford C. Robinson

How to Eat
"New good digestion waits on appetite, and good health is only found in the stomach."
Thanksgiving is a time of real joy on account of a number of conditions, but first and best of all is good health. To eat your Thanksgiving dinner in an enjoyable way and at the same time avoid impairing your health is our topic for the day.

Remember that cheerfulness is a most necessary asset for enjoying a real meal. Your spirit is invited to rejoice on the day of Thanksgiving. Remember there is no such condition as bad health; all health is good. But if your digestive system is out of order, it helps the liver secretions. If you are an inside worker, try and hike a few miles before dinner. It's a wonderful tonic for the appetite. Drop in on someone who may be less fortunate than yourself and drop a good-sized package of Thanksgiving cheer in the shape of a dinner basket. Your own dinner will taste much better and it won't impair your health one bit.

Many people will find a real help to digestion if regular eating habits are observed. The change of food for the day is the real joy. Don't think you have to eat everything. Enjoy the occasion by the absence of any hurry or worry. They increase blood pressure and bring on that throbbing headache.
Don't forget to enjoy the vegetables; use plenty of green ones. They help the turkey or roast pig on its way rejoicing. Your health will not suffer if celery, spinach, cabbage or some tempting dish of tomatoes form a part of your menu. The best kind of dressing is reason. The fruits are preferred for dessert in place of rich pudding or pie. You will get plenty of carbohydrate from the turkey or roast pig on its way rejoicing. Plan to spend at least half an hour at the table and eat slowly, chewing your food well. This will make a happy dinner and a happy Thanksgiving.
And lastly, a dinner of herbs is sweet, they say. If a certain thing is around that day, speak a quiet word of praise to mother, sister, Aunt Jennie or Sister Sue and say the dinner was fine at least. It will make a happy heart beat a little faster in the shape of a dinner basket for the time being. But no doctor would think of prescribing for such a condition. It's good for what ails you.

A PUZZLE A DAY

Everyone who has seen a huge dirigible in flight realizes that it is to determine the speed of the balloon, which often appears to be moving quite slowly, although its actual speed may be as high as 70 miles an hour. Suppose a dirigible, an eighth of a mile in length, were flying directly over a sky scraper (as shown in the drawing). How could an observer determine its speed?

### CHURCH SERVICES AND GOOD DINNERS FEATURE DAY HERE

Thanksgiving Day was appropriately observed by the Wichita Falls citizens who attended the community Thanksgiving services at the First Baptist Church Thursday morning. A comfortable crowd was present in the church auditorium at the opening of the services. Nearly all of the Protestant congregations of the city participated in the services, which were presided over by the Rev. C. M. Simpson, pastor of the First Methodist Church, South, president of the pastor's association of the city.

An eloquent Thanksgiving sermon was delivered by the Rev. J. J. Holt, of the Lamar Avenue Baptist Church. Thanksgiving and patriotic songs sung by the congregation were led by R. E. Shepherd of the First Christian Church, with Mrs. F. H. Colvard at the organ.

A solo by the Rev. Leslie Miller, pastor of the First Methodist Episcopal Church, Seventh and Lamar, "The Lord Is My Light" by speaker, was the feature of the musical program. The organ prelude by Mrs. Colvard was most appropriate and the splendid music was enjoyed by all who attended.

The scripture lesson, "The Twenty-third Psalm," was led by the Rev. N. F. Gratton of the First Presbyterian Church with the congregation participating.

The Rev. O. L. Powers of the First Baptist Church rendered the opening prayer and the benediction was said by the Rev. Lambrecht Hanscock of the First Christian Church.

Welfare Campaign. A. R. Hamilton, vice-chairman of the Municipal United Welfare Campaign, made a short talk, telling of the wonderful work of the various organizations of the welfare council, the need of funds and of trained workers in the city.

The Church of the Good Shepherd had special Thanksgiving services Thursday morning and the pastor, the Rev. Fred E. Dalton, addressed the congregation on "The Thankful Heart." Two special anthem numbers were rendered by the choir.

Special services were observed at the Sacred Heart Church Thursday morning, and special services were also held by the Christian Science Society at their church.

Appropriate Thanksgiving services were held at the Salvation Army Citadel Thursday afternoon. In accordance with the proclamation of President Calvin Coolidge, citizens of Wichita Falls passed in their busy duties Thursday and reviewed the events of the past year, recalling the many blessings received as a community and as individuals.

Public institutions, the postoffice, court house and city hall, as well as practically all offices and stores, were closed in order that both employer and employee could fittingly observe the day of thankfulness. Good attendances were reported at all church services.

During the afternoon and evening photoplays, athletic contests, motorizing, golfing and other amusements were enjoyed. Following the church giving dinner of turkey, cranberries, pumpkin pie and other accessories of the Thanksgiving dinner, which were enjoyed by the majority of citizens of Wichita Falls.

The Epworth League of the First Methodist Church at Seventh and Lamar conducted a very unique service Thanksgiving morning. The young people gathered at the church where the fourth department of the league, headed by Miss Muriel Scofield, had prepared a good breakfast. After the breakfast and social hour the meeting was turned into a praise and prayer service.

Special guests were the Rev. Wm. D. Cook, pastor of the Evangelical church, together with a group of his young people. After the song service Dr. Cook spoke briefly on the question of cooperation in the young people's societies.

The meeting was concluded by a short talk by the Rev. Leslie Miller, pastor of the church, on the text from the twenty-third Psalm, "Bless the Lord, O my soul; and all that is within me, bless His holy name." The speaker emphasized the points that the Epworth League is an institution to train young men and young women to praise God the year around with their whole being, and to show their praise by their work.

One of the characteristic features of the gathering was the getting together of food into well filled baskets of Thanksgiving which were delivered to the homes of the less fortunate. This work was supervised by Mrs. Tom Underwood, third vice-president of the Epworth League. Each basket consisted of a chicken, sack of flour and numerous staple groceries.

The campaign committee is well pleased with the drive and declares that it is even a greater success than was at first expected, but the work is expected to be continued until every prospect in the city has been visited and given the opportunity to pledge his financial and moral support to the welfare council.

### WELFARE WORKERS EXPECT TO FINISH CAMPAIGN FRIDAY

Although campaigns agreed to a truce Thursday in order that they could enjoy their turkey and trimmings at home and in other ways celebrate Thanksgiving in an appropriate manner, the fight for supremacy between the teams promises to be renewed and he even harder fought Friday in the drive for funds in the annual United Municipal welfare campaign.

Although a substantial amount was added to the fund Thanksgiving day by the offering taken up at the united services at the First Baptist Church, the goal of \$40,000 has not been reached. Splendid records have been made by all teams, the campaign director declared Thursday.

Final reports will be made at the business council luncheon at the Kemp hotel Friday noon, and it is believed that the goal will have been reached by that time. Wednesday noon the team captains reported that \$37,122.20 had been pledged for the support of the various institutions during the coming year.

Many prospective subscribers had not been seen when the report was made Wednesday and the campaigners are making a special effort to call an every prospect in the city. The new plan of getting every possible citizen of Wichita Falls to subscribe by canvassing all of the business houses, "Industries and firms in the city has met with great success and many 100 per cent concerns have been reached at headquarters.

The campaign committee is well pleased with the drive and declares that it is even a greater success than was at first expected, but the work is expected to be continued until every prospect in the city has been visited and given the opportunity to pledge his financial and moral support to the welfare council.

### Belasco Film Story Is Marvel Of Perfection

The much anticipated showing yesterday in the Olympic convinced us that "The Gold Diggers," the adaptation of the David Belasco play of the same name and a Broadway success for above two years, is one of those rare pictures which makes its coming an event to remember for all time. This is not only an account of its celebrated stars, its strong story and beautiful unique settings, but also because the entire story is unraveled smoothly, apparently without effort, as though it were a single unit, and not a complicated story of the gay night life of New York's intriguing women.

It will play all week, and should be seen by all. The "behind the scenes" atmosphere is beautifully limed, with chorus girls in their dressing rooms preparing for the show, and all the usual banter and frolics haste.

Led by one of their group, Jerry Lamar, these girls delight in what is known as "gold digging," or the art of extracting money and other valuables from men of their acquaintance.

The entire picture is interspersed with situations new, full of pathos and sadness, now rising to heights of excitement, or, in places, filled with subtle humor and irony. Indeed there is not a moment but we are with all of our interest centered on every movement of the players.

DEATH FOLLOWS AN ILLNESS OF A FEW DAYS AT AGE OF 88

Mrs. Susan Elizabeth Alexander, 88 years, died at 10:30 o'clock Wednesday night at her home, 902 Austin street, following an illness of just a few days. Four days ago she contracted pneumonia, which resulted in death Wednesday night.

W. M. MAYO INJURED IN AUTO SMASH WEDNESDAY

W. M. Mayo, residing at the Wichita hotel, and his brother-in-law, Ben Greene, narrowly escaped death Wednesday evening when the Ford roadster in which they were riding did some strange capers and finally found a resting place upside down alongside of the road.

Mr. Mayo was painfully, but not seriously injured. Mr. Greene escaped without a scratch.

The two men were returning home from Burkhardt and were attempting to reach Wichita Falls before dark. The lights on the automobile had burned out.

At a point three miles south of Burkhardt the car started to swerve from side to side and suddenly it plunged over to the edge of the pavement and turned over two times.

It is believed that when Mr. Mayo was thrown from the car that he struck the steering wheel, for he is suffering with a painful bruise directly above the heart.

A man passing in an automobile picked the two men up and rushed them to Wichita Falls. Mayo was unconscious, but regained consciousness before arriving in this city. The Ford car is a complete wreck. An examination revealed that the steering assembly had been broken, which accounts for the mishap.

CASHIER BANK CHARGED

DAVENPORT, Iowa, Nov. 22. (AP)—Robert Whunder, 34, cashier of the McCasland Savings Bank of McCasland, near here, was under arrest today charged with embezzlement of \$12,100 of the bank's funds.

In addition to the embezzlement charge Whunder is alleged to have loaned \$13,000 of the bank's funds on notes which previously had been turned down by the board of directors.

W. S. BOWLAND INJURED WEDNESDAY NIGHT IN AUTOMOBILE ACCIDENT

W. S. Bowland, an employee of the service department of the Fette Motor company, is in General hospital with slight injuries to his chest and painful bruises on his body and left limb, as a result of an automobile accident, just this side of Harold on the Vernon road Wednesday night at 11:40 o'clock.

The injured man, told physicians that he was blinded by an approaching automobile and drove his machine into a ditch by the road. The car was turned completely over and Mr. Bowland was pinned for a time underneath it. He was picked up by a passing machine and brought to the local hospital.

His injuries are painful but not thought to be dangerous; he will be confined in the hospital for several days.

THANKSGIVING DAY HAS INCREASED SIGNIFICANCE IN FRANCE SINCE WAR

PARIS, Nov. 22. (AP)—America's Thanksgiving Day has had an increasing significance for the French since the war and is becoming a most French festival.

The spirit and purpose of its celebration have so impressed the French, church authorities that Monsignor Chapuis, the mediator of Cardinal Dubois, arranged for a solemn high mass in the church of St. Pierre de Chailly, under the presidency of the cardinal and in the presence of Ambassador Herrick and representatives of American organizations in Paris.

The Paris post of the American Legion planned a dinner dance for tonight. Marshal Foch and Ambassador Herrick were invited. Turkey dinners were featured at the principal hotels and at the various American clubs.

NO SURPLUS WHEAT THIS SIDE OF MARS SAYS CONGRESSMAN

WASHINGTON, Nov. 22. (AP)—Pursuing his study of wheat statistics Representative Little of Kansas declared today that if exports of wheat continue at the rate they have been going since harvest all the exportable wheat will be over-seen by New Year's day.

"There is no surplus," says Mr. Little. "The figures I have received from the secretary of agriculture show that we have used 20,000,000 bushels as seed, and up to November 15 we exported about 9,000,000 bushels. Subtracting this from our total crop of 751,000,000 we have 521,000,000 bushels with the farmer. Mr. Wallace tells me that the people will eat 237,000,000 bushels and the stock will eat 25,000,000 bushels, a total of 262,000,000 bushels. This leaves us 259,000,000 bushels on the farms."

"The department tells me that Russia produced no more wheat this year than it did last year when we fed them lest they starve. They will not eat an acre of wheat below the equator for weeks and nobody knows anything about Argentine product. It is true Canada produced a large crop, but about half of it is unthreshed and most of that is unstacked in the field where it will undergo November snows and Canada will not export as much wheat as it did last year."

"If the figures furnished by the department are correct there is not a surplus bushel of wheat in the United States or anywhere else this side of the planet Mars."

"There has been an amazing increase in the use of cameras and photographic materials in China in the last decade."

HUNDREDS WICHITA PEOPLE TO OBSERVE GOLDEN RULE DAY

Hundreds of people in Wichita Falls will know how it feels to be a refugee by next Sunday evening, according to Mrs. D. J. White, chairman of the Wichita Falls Golden Rule Club formed to sponsor "Golden Rule Day" here at the request of Charles V. Vickrey, general secretary of the Near East Relief and originator of the idea.

Sunday, December 2, is to be observed all over the world as a day of international good will and helpfulness and, as a practical expression of the Golden Rule, millions of people in every country on earth are to be asked to forego their usual Sunday dinner and instead a meal similar to that given to the orphan refugees in the Near East. The dinner menu is set at a cost of the two menus to be given as a contribution to purchase food for the orphans.

TWO DEAD RESULT OF THREE CORNERED FIGHT THIRD MAN ARRESTED

COLUMBIANA, Ala., Nov. 22. (AP)—Dempsey Loevas, who is alleged to have shot and fatally wounded D. F. Walker at Monticello yesterday at which time Walker is said to have slain Allan Mahan in a three cornered fight, was captured at his home today and lodged in jail here.

Loevas and Mahan are said to have started trouble when they entered Walker's restaurant and all three pulled guns and began firing.

Here's a popular way to serve Kellogg's Bran—greatest health food!

Most every man who realizes how effective Kellogg's Bran is for the permanent relief of constipation has their own particular way of serving this wonderful cereal. Most families eat it as a cereal with milk or cream. Others sprinkle it on their favorite hot or cold cereal. Every one enjoys its nut-like flavor!

If you are seeking a hot cereal try this method—Measure off two table spoonfuls for each member of the family. Mix it with the cereal and cook as you always cook the cereal.

Kellogg's Bran is scientifically prepared and ready to eat, but its regularity powers are in no way lessened if you cook it with other cereals.

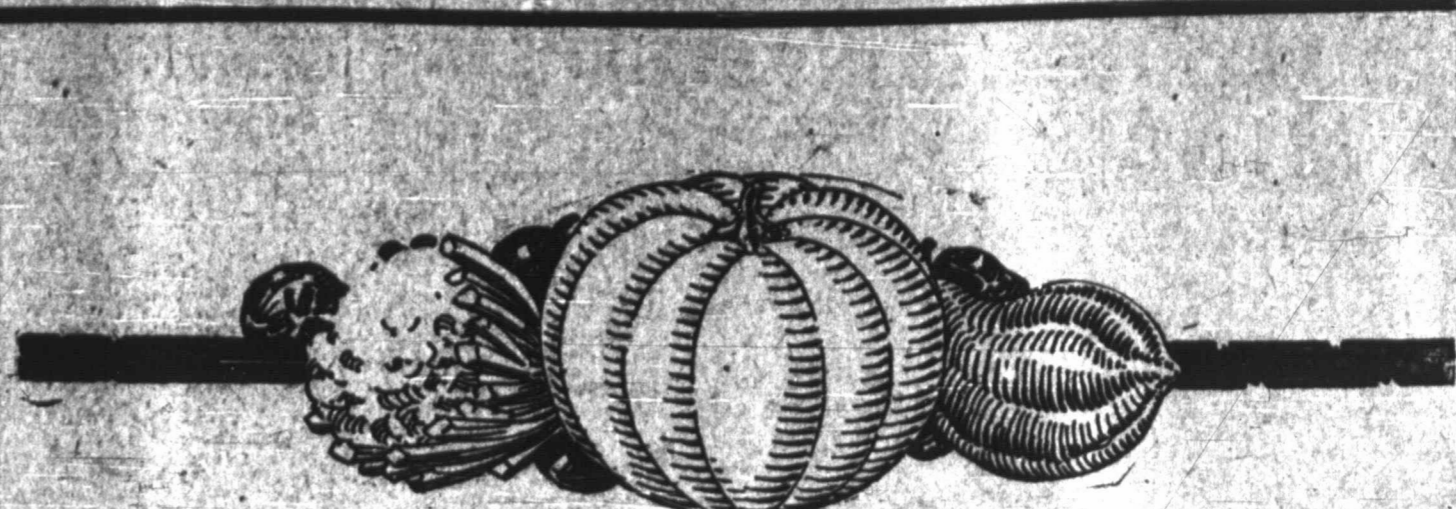

Kellogg's Bran has won the friendly recommendation of physicians because it does give prompt and permanent relief from mild or chronic constipation and because it can be eaten without forming a habit. Again, Kellogg's Bran will free you from drastic, dangerous cathartics.

When constipation conditions exist in your system or when you are threatened, do not take half-way measures. Foods with a partial bran content cannot free you! What you must have is Kellogg's Bran because it is ALL BRAN! Go the limit; get relief!

Every member of your family will delight in eating Bran raisin bread, muffins, pancakes, macaroons, etc. Soothe on every package.

Start eating Bran today! Get well—keep well—keep always out of your home! First-class hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers.

We Sell Kellogg's Bran Flakes Goodner Wholesale Grocer Company 1408 Scott Ave. Phone 5074-3785

We Are Thankful

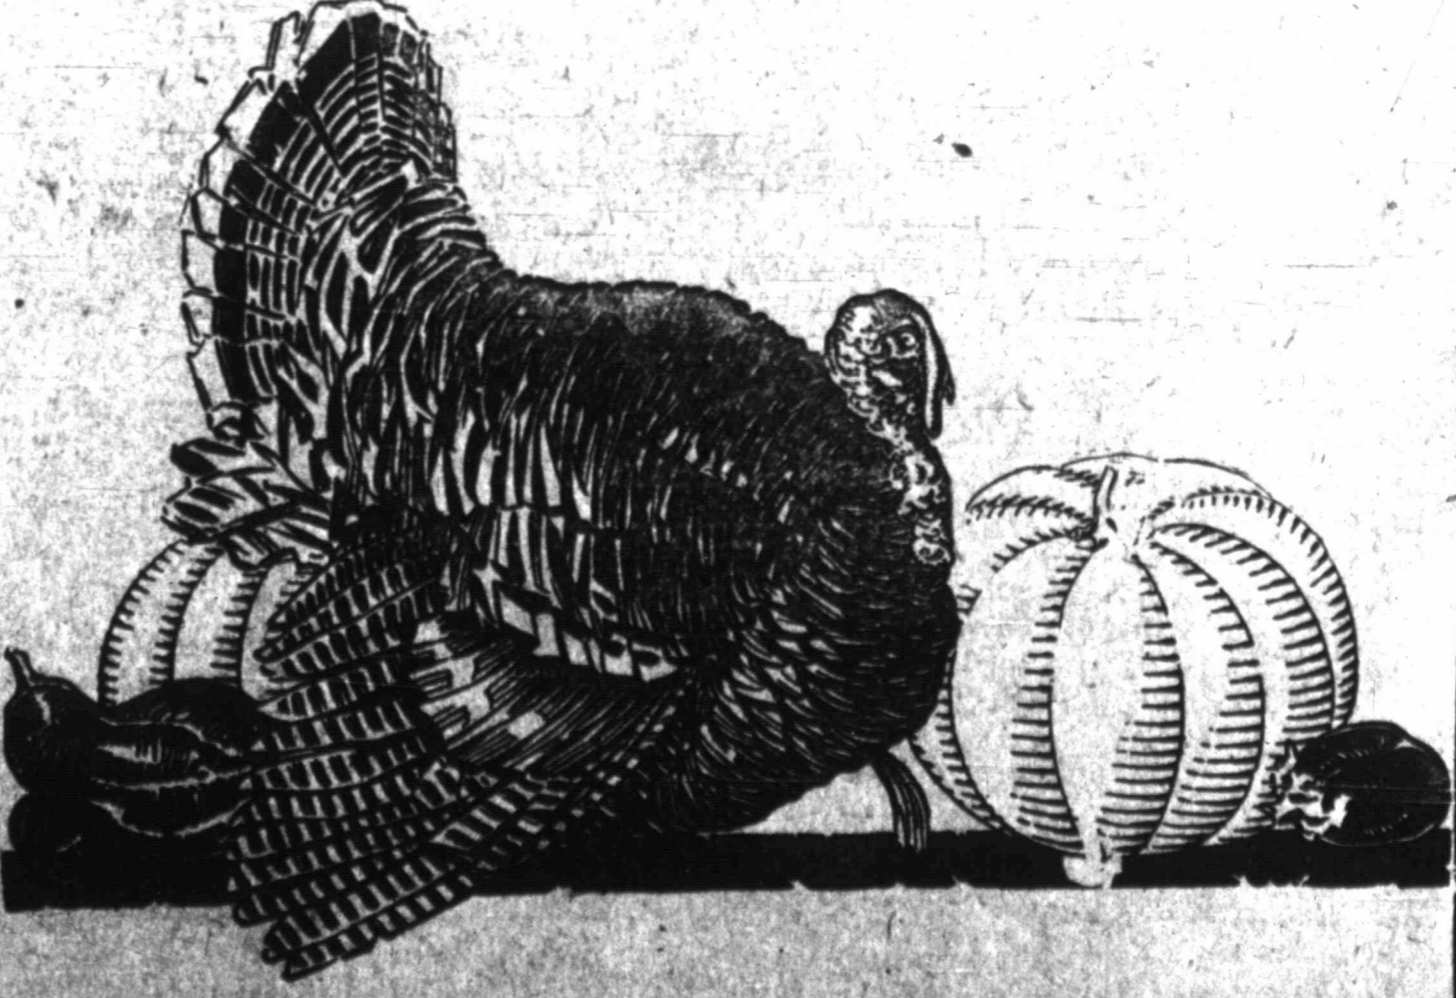

to be able to announce that the shortage of gas which occurred in Wichita Falls yesterday, has been greatly improved and a supply is available for all purposes today.

The distributing lines on Tenth street were completed at three o'clock Wednesday and we are making every possible effort to see that an adequate gas supply is available from the Lone Star well to serve the city.

We regret exceedingly the shortage which occurred yesterday and are making every effort to render satisfactory service.

### JACK DAW'S ADVENTURES

Jack then decided to rap on the door that led to the Land of Ticks, when the cuckoo suddenly stopped cuckooing and a funny little fellow stuck his head out of a window and shouted, "You wonder what time it is, eh? Well, it's time for you to open up that door and walk right in."

And then the little fellow disappeared. Jack reached for the big knob on the door, but at that moment the door swung open. Again it was the funny little fellow. "Here I am, your dog right in with you. He's welcome too."

At a moment the great door swung shut again and Jack looked about him. Everywhere were black, big eyes, little ones, white ones, and queer ones. "And do you keep all these clocks going?" asked the little fellow.

### PLENTY OF GAS FOR THANKSGIVING DAY IN WICHITA FALLS

Although many citizens of Wichita Falls found it necessary to wear their overcoats in their homes and eat cold suppers Wednesday night, Mr. T. McLaughlin, district manager of the Municipal Gas Company, stated Thursday morning that he did not believe the gas supply would be too low to supply the consumers in this city Thanksgiving Day. He added that there should be plenty of gas to cook the turkey and other dishes of the Thanksgiving menu in Wichita Falls homes.

Contrary to reports received in this city several weeks ago to the effect that a gas line had been reconstructed across the Red river, Mr. McLaughlin stated Thursday morning that there were no lines in the fields in Oklahoma and for this reason the supply of gas to Texas cities was limited. The Lone Star Gas Company, which furnishes gas to Wichita Falls and many other Texas cities, has not reconstructed the four lines across the river since they washed out during a flood in the river more than a month ago. It has been reported to Mr. McLaughlin that one line had been re-established to connect this city with the gas fields of Oklahoma, but Mr. McLaughlin stated Thursday that he had found the report untrue.

Although the gas pressure in Wichita Falls is normally six pounds, the indicator Wednesday evening showed that less than one-half ounce of pressure was in the mains and although a few homes in the city had a small amount of gas, many residences and business institutions were without gas.

Mr. McLaughlin stated Thursday morning that he believed enough gas would be available for the consumers Thursday. Wichita Falls is at present receiving gas from the Mineral Wells and Gainsville fields, by means of through lines from Fort Worth to this city.

The gas was not forced through the lines fast enough Wednesday to supply the needs of consumers in Wichita Falls. This will probably be corrected and added pumps with added pressure will probably supply consumers of Wichita Falls with plenty of gas Thursday, Mr. McLaughlin stated. Large industrial consumers were cut off Wednesday noon by the local company in an effort to serve the citizens of the city.

It is not known why the lines have not been re-established from Petroleum, across the Red river and Mr. McLaughlin is at a loss to understand why the false report that a line had been re-established had been made to officials of the Municipal Gas Company.

People on Tenth street and vicinity were without gas Wednesday morning for a time. Workmen were connecting the new main recently placed on Tenth street. It was a local condition and was soon remedied.

### 150 Boy Scouts Are Expected to Join Hike Friday

Over 150 boys have already declared their intention of attending the annual Elks camp to be held by the Boy Scouts of this district at Call Field beginning Friday morning and continuing until Saturday evening. Scout Executive Creighton said Thursday afternoon that it was probable that 15 more boys would register before the troops leave Friday morning.

Tents and field kitchen equipment are being furnished the boys by battery of the national guard. Captain John H. Fletcher, commander of the battery, has also designated several of his men to assist the scouts in pitching camp, properly trenching their tents, breaking camp and folding tents. Ben Hamilton, who became a favorite with the scouts at the summer camp at Craterville, will have charge of the kitchen.

At 7 o'clock Friday evening "The Call," said to be the greatest picture depicting scout life, will be shown at the Elks theater. It is successful in securing a picture machine and operator. It is the first time the picture has been shown in this city and the scouts are looking forward to it with great interest.

Immediately following the picture the Council Ring will be held in one of the hangars. The program for the Council Ring will begin at 7:30 o'clock and will continue until 9 o'clock. Taps will be blown at 9:30. Visitors will be welcome at the camp at any time, but are especially invited to attend the Council Ring exercises. Parents and friends of the boys are invited to come out at meal time and enjoy a camp feed with the scouts.

A portion of the time during the camp will be allotted to the making of outdoor tests. Any scout in attendance who desires to do so can take an outdoor test, provided he makes application upon his arrival at camp, so that proper periods may be arranged for the various tests.

Starting morning at 9:15 o'clock there will be tent inspection and all parents are invited to be present at this part of the camp. The boys clean up their sleeping quarters. The entire afternoon Saturday will be devoted to games and contests. Supper will be served at 5 o'clock, so that boys living a distance from Wichita Falls can be home by 8 or 9 o'clock.

### ELKS HOLD ANNUAL MEMORIAL SUNDAY WICHITA THEATER

The annual Elks memorial services will be held at the Wichita Theater Sunday afternoon at 3 o'clock.

Due to a conflicting engagement, which unexpectedly came up, it became necessary for the Elks to have their memorial services at the Wichita Theater, instead of the Palace Theater, as first announced. The public is cordially invited to attend and a large audience is expected to be present in the theater when the program begins at 3 o'clock. George Hodgins, chairman of the arrangement committee, stated Thursday.

It was discovered Wednesday afternoon that two conflicting services were scheduled to be held at the Palace Theater Sunday afternoon—the address of a noted Christian Science lecturer from Boston and the Elks' memorial service.

Immediately the Elks agreed to surrender the auditorium and arrangements were made to have the services at the Wichita Theater. The lecturer will deliver his address at the Palace Theater.

The memorial service is an annual affair for the Wichita Falls Benevolent Protective Order of Elks, No. 1105, and an elaborate program has been arranged. A large orchestra will furnish the music and several musicians will render solos.

### Funeral Services For Mrs. Stone Held Thursday

Funeral services for Mrs. J. W. Stone, who died Tuesday evening at 7:30 o'clock, were held from the family residence Thursday afternoon at 3 o'clock. The Rev. C. M. Simpson, pastor of the First Methodist Church, of which Mrs. Stone was a member, was in charge of the services. Interment was made in Riverside cemetery. Pallbearers were: Ed Howard, T. W. Roberts, J. I. Staley, T. P. Dunson, F. M. Kell and T. Reese.

Mrs. Stone is survived by her husband, two sons, Jerome Seymour and Robert Allen Stone, and one daughter, Mrs. Helen Anderson, all of this city. One sister, Mrs. Thomas Creighton of Atlanta, Ga., and an aunt, Mrs. Mary Allen Walton, are in the city to attend the services. Out of town friends who are here for the funeral include: Mr. and Mrs. J. M. Barwise Jr. of Fort Worth, John Lanter of Lawton, Okla., and Elbert Lanter of Greenville.

### GOOD WELL ON MCCLAREN SOUTHEAST FROM GRAHAM

GRAHAM, Texas, Nov. 25.—B. F. Weekley has found the pay at 2345 in his McClaren well which offsets the Union and the Hemphill in the Heron City district.

The well is making eight million feet of gas and fifty barrels of oil from the top of the sand. Operators estimate the well good for three to five hundred barrels when drilled in. Weekley found the sand 46 feet higher in this well than in any of the offset wells, which fact is worth mention.

The Calmo No. 3 Moran, which was reported last week for three hundred barrels has increased its flow to better than 400 barrels and side fair to equal the big Stindlar which it offsets. They are building a rig on their Hinson lease and will spud in next week.

Unusual activity is noticed among the big pipe line companies which operate in this field. Representatives were in the field yesterday laying out new lines and arranging for new connections.

One of the big companies will begin at once to lay twenty miles of 4-inch line in the Heron City-Wildhead district.
