STARTS OUT COLD

June Ain't Bustin' Out All Over-Yet

The first appreciable moisture in 45 days was recorded in the late Sunday shower in Friona the past week, but the measurement of .24 inches did little to dent the dry spell.

However, the measurement was the most since the shower with marble-sized hail on April 15, which amounted to .75 of an inch of moisture.

Sunday evening's shower actually was not recorded on the city's weather books until Monday, June 1, and it left May as one of the driest months of May on record, with just .07 inches on the books.

This was the lightest month for rainfall since January of 1969, when only .05 inches were recorded. Also, it is the exact opposite of the same month a year earlier, which was the wettest of the year in Friona with a total of 4.71 inches recorded.

The moisture officially recorded in May was .02 on May 15; .03 on May 27 and .02 on May 30. Totals for 1970 include .35 in January; .20 in February; 1.10 in March, and .85 in April.

Total moisture for 1970, including Sunday's .24 inch, now

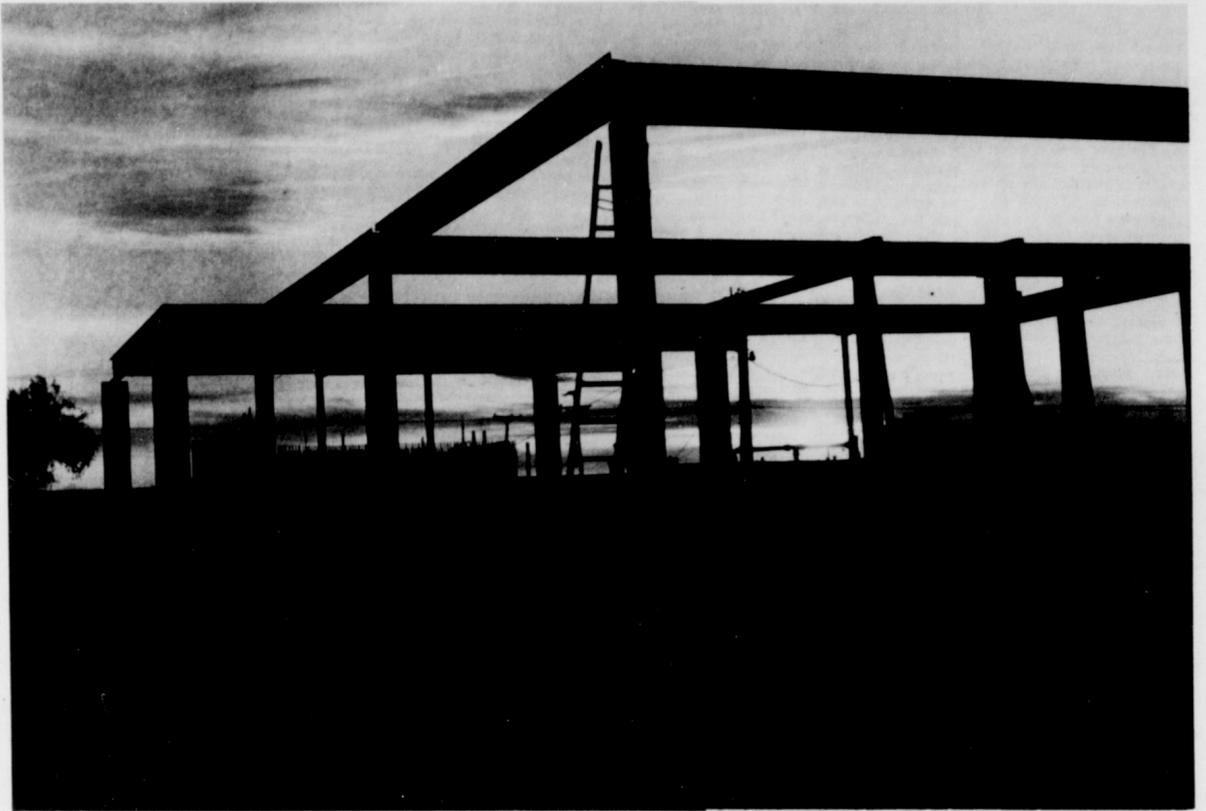

stands at 2.51 inches. At the same time last year, the city had logged 7.58 inches of moisture, although 1969 was an above-average year with 22.34 inches recorded here.

Weather was much in evidence Sunday evening and the first part of the week, as a cold front brought unseasonably cold weather to the area. The lowest temperature recorded was 46 degrees on Tuesday morning, but accompanying wind made it seem much colder.

Friona had been subjected to almost continuous solid overcast weather Sunday through Tuesday, but only had the .24 inch reading to show for the period.

Outlying farms apparently received more, with half-inch totals talked about locally. However, the Friona area escaped severe weather. Lazbuddie received a hail storm on Friday, May 29.

Date	Hi	Low

BANK ARTISTRY... The steel outline of Friona State Bank's building on Highway 60 was erected during the past week, and it framed this silhouette, captured an instant before sunset one day this week. The bank is one of several construction projects underway in Friona at the present time.

Running Water Project Preliminary Work Okayed

Congressman Bob Price has been advised by the Department of Agriculture that the budget limitations have been removed to permit preliminary work to proceed on 25 watershed projects in 16 states--including Running Water Draw and Lower Running Water Draw Watershed projects in the 18th Congressional District.

Secretary of Agriculture Clifford Hardin said that the local people in the 25 watersheds immediately affected now can move ahead with confidence to meet those commitments which the law requires them to carry out--including obtaining

land rights and local financing. The Soil Conservation Service, which administers the Watershed Program under Public Law 566 will notify its state office that they may use whatever funds they have available for operations to finance structural design and other work preliminary to construction on the 25 projects.

The Secretary emphasized that while this action does not provide additional funds at this time, it does permit the preliminary work to begin, and to place the projects in the position to obtain additional funds at a later time.

COUNTY'S RIVER... Running Water Draw was back in the news this week, as it was announced that funds for preliminary work on the Watershed project were "unfrozen" by Congress. Farmer County would get two structures on the draw, according to the work plan. This shot, taken south of Friona looking west of Highway 214, shows how the draw snakes its way across the county.

ON MONDAY

Head Start Program Starts Third Year

The Head Start Program will begin in Friona on Monday, June 8. Twenty-one children have been qualified for the program, according to Albert Lindley, director of the local program.

Ronnie Webster is chairman of the advisory board, Declmae Beene is teacher once again. Lupe Hernandez is a teacher's

aide. Mrs. Ione Taylor is the cook, and Betty Whiteside is cook's aide. Mrs. L.R. White is bus driver.

This is the third year for the program in Friona. The students receive medical and dental care, and are otherwise prepared for the first grade.

Officials of the program point out that it is not to be confused with the compulsory kindergarten program which begins next fall for children five and one-half years of age and with certain other requirements to meet.

Classes will be conducted in the junior high cafeteria, Monday through Friday, 8:30 a.m. to 1 p.m. The program runs through July 31.

Children are taught fundamental reading and writing skills. They are also given social training. Each child has a noon meal and a breakfast snack each day.

Money for the program is provided by the Office of Economic Opportunity. Some 20 volunteers in Friona are giving their time to the program. A volunteer teacher's aide will be on hand each day.

Lakeside 66 Open Again

James Bailey and H.K. Kendrick are announcing this week the re-opening of the Lakeside Phillips 66 service station on West Highway 60.

Bailey, longtime resident of Friona and the Black Community, will manage the station.

Bailey says he plans to feature minor repairs in addition to the regular station features. Formal announcement of the station's re-opening is found in this issue.

Snack Bar Open House

An open house has been scheduled at Friona Snack Bar for Monday, June 8.

The Snack Bar, operated by Mrs. Eva Marie Parker in the Malouf Shopping Center, has recently been redecorated. Also, new items have been added to their menu.

Free cokes, coffee and donuts will be served to everyone on Monday, from 8 a.m. until 6 p.m.

July 4 Celebration Taking Shape

The Friona Chamber of Commerce voted to join the Amarillo Better Business Bureau, and discussed details of the forthcoming July 4th celebration in its regular monthly meeting Tuesday morning.

The Chamber voted to make \$75 available to the celebration fund, to possibly be used for fireworks.

The Friona Volunteer Fire Department will have charge of the fireworks.

Preliminary plans show the program departing from last year's schedule in that the formal program will begin at 8 p.m. rather than 11 a.m. as it did last year.

The formal program will run about an hour. A speaker, and possible entertainment for the program are being arranged for. The fireworks display will

be held at about 9:45 p.m., at a site to be announced.

In recommending that the Chamber join the Amarillo chapter of the Better Business Bureau, president Steve Messenger said that he thought it would be a valuable asset to businessmen and individuals in Friona to have this service available.

In other business, the chamber discussed the possibility of having 14th Street opened on the north edge of the city to the Cemetery Road, and talked of the need for having the latter road paved. No recommendations on this matter were passed.

Director Ralph Shirley reported on the trip to the Abilene workshop sponsored by the West Texas Chamber of Commerce.

A report was given by Bill Ellis relative to the "Were You Counted" census drive, which has produced a possible 35 additional county residents, 23 of which reside in the city limits. This was in addition to the discovery of the fact that two annexed areas, Friona Mobile Estates, and the Jones Addition, were counted as rural areas.

Papers and letters have been forwarded to the Bureau of the Census, and it is thought that the proper changes will be made.

Messenger reported on the recent feature story in the Amarillo Sunday News-Globe on Friona and the impact of Missouri Beef Packers. The newspaper was commended on their nice coverage.

PLACES WREATH... Mrs. E.E. Taylor, who was honored as the "Gold Star Mother" on Memorial Day, is shown as she placed the floral wreath on the memorial marker in Friona City Park. Memorial Day services were well-attended last Saturday. Rev. R.C. Hester delivered the address.

Star Readers Give Views

Several readers of the Star responded to last week's letter to the editor. These are found in our "Letters" column on Page 2.

The Star welcomes letters on any subject, preferably 250 words or less, and will publish letters which are signed.

LETTERS TO EDITOR

Star Readers React To Letter

Thinks Friona Merchants 'Swell'

Dear Mr. Ellis:
When I first read, "Letters to the Editor" in Thursday, May 28, 1970, issue of the Star, I thought to myself, now there is a person who knows what he or she is talking about.

Well, I have read it several times since then and I have had some different thoughts about the items in this letter.

I am sure housing is a problem just about anywhere you go. Some towns don't have enough places for people to live and some have a lot of vacant houses. As far as the government housing project, I am for helping anyone who will help themselves.

But I think there are a lot of cases where the government is giving aid to people who are too lazy to help themselves.

There were three grocery items compared as to the price in Friona and in adjoining towns. I am sure you can buy a few items at lower prices in other towns, but if a little checking is done you can probably find some items here at "home" a little cheaper than you can in neighboring towns.

I never had any use for maternity clothes, and I hope my wife has enough stuck back just in case. You show me a woman that doesn't like to get out of town to go shopping every now and then and I'll show you a strange woman.

If I'm not mistaken our local bank's policy has always been not to cash checks for people who do not have an account there. Whether this is good or bad I couldn't say, but as long as everyone is treated the same that should be fair enough.

In most cases when you buy anything mechanical that has a warranty policy it usually sta-

tes that if it is at all possible it is better to take it back to the selling dealer. There are cases though that I am sure could be handled by a local dealer if they only wanted to.

Our merchants have the right to run their places of business the best way they see fit, and if we don't like their way, we don't have to trade with them. I imagine if we had the opportunity to live in some foreign country for a little while we could come near appreciating our American way of life.

I am just like everybody else when it comes to prices because I gripe at every merchant I trade with because I think their prices are too high, but if it wasn't for some of these wonderful people having enough faith in me to carry me on their books longer than they normally would have I would be in a sad condition.

I am not writing this letter to make anyone mad or to argue with anyone, but this town is my home and I like little towns and I don't think you could ever find a more wonderful group of people that live in and around Friona.

Name withheld by request

Doesn't Think Frionans 'Small'

Dear Bill:

It seems that everyone has a gripe these days, even if they have to look for one.

The Friona citizen who wrote you last week seemed to have done a lot of research in other towns in order to find something cheaper than it is priced in Friona.

How does he know what goes on in our town when he is in Hereford, Clovis or some other town?

Why anyone could be so SMALL MINDED as to say

the things he did about Friona, I can't understand.

However, I'm glad you printed the letter, Bill. Now I am assured once again that Frionans are the best. I checked prices at our food stores, and found their shelf prices to be from one to nine cents below an Amarillo discount store's sale prices, and this store doesn't give stamps of any kind.

The merchants that I know in Friona will all bend over backwards to help in any way they can.

I wonder if the letter writer runs to Clovis, Hereford, etc., when he is asking for donations and contributions?

By the way, I'm curious to know what this person has done for Friona.

In closing, I would like to say to the letter-writer that if I didn't have guts enough to sign my name to a letter, I wouldn't write it.

Gib Boatman

P.S.--By the way, who is calling WHO small?

Agrees In Part With Writer

Dear Mr. Ellis:

Here's just a few words in answer to your letter-writer of last week who was telling "what's wrong with Friona."

Friona is a nice quiet little town, the people are friendly. It's a church town, and it's a nice place to raise your kids.

Your letter-writer did make some shrewd observations about the price of groceries in Friona.

I'm sure we all understand about inflation and rising costs and such, but I don't understand why it should hit Friona so much harder than it does Clovis, Hereford or Amarillo. It would appear to me that inflation would hit all the towns in a particular region at about the same level.

Don't you think we'd rather shop in Friona? Doesn't it seem logical that it is more convenient to shop for groceries 10 blocks away than to have to travel 30 to 70 miles? But why should we have to pay through the nose for that convenience? Come on, Mr. Grocer, give us housewives a break!

Name withheld by request

Says Writer Doesn't Really Know Friona

Dear "Mr. Name On File":
When you talk about my home town--you're walking on the fighting side of me.

I would bet my life you did not grow up in Friona. That you never sat out in front of Spring's General Store on a wooden bench and ate an ice cream cone and thought you were in Heaven.

That you never knew Charlie Jones and his big dog that protected our town at night--

That you didn't know Jack Anderson when baseball on Sunday evening was a big event.

That you never went to school there where we had such fine Christian people teaching us as Mr. and Mrs. J.T. Gee.

That you didn't know two touseled-headed boys that went through our school and off to school to return to Friona as Doctors Lee and Paul Spring.

That you never saw men like Mr. Pope, Mr. Wiley, my Uncle

Jim and Dallas Coldiron sit down town and whittle and laugh.

That you didn't know that we can't remember when we didn't have Ralph or J.R. Rodento help us with medication, or Spring's Insurance Company to keep our insurance straight, or our Volunteer Firemen to battle flames at the risk of their lives.

I know you couldn't walk through the cemetery and tell about the death of almost every one out there and shed a tear at almost every grave.

I know your life hasn't been enriched as was mine by the greatest town and finest people in the world--FRIONA--I love it.

Writer Gives Teen Viewpoint

Dear Bill:

I am writing in regard to the letter printed in your "Letters to the Editor" column last week.

I think that the gentleman was ninety-five per cent right. I wouldn't go so far as condemning the entire population, and businessmen of Friona, but there are those selected few who make it a lifetime job of getting into whatever they can pertaining to the progress of Friona.

Not only do these few people condemn the progress of Friona, but also the teen-agers of Friona. We teenagers complain not about the recreation facilities available, but about the lack of them.

If the residents of Friona would only stop and take a good look at what recreation facilities are available for us teen-agers, when they reach their conclusion they will find that we really don't have any such facilities available.

Even though establishing the proper recreation facilities would be progress for Friona, once again there are those select few who will do everything possible to keep these facilities from being put into effect.

If the people of Friona want to help us teenagers, they will have to stop complaining and start acting.

Sincerely,
Isidore Cordova

Editor Answers

Editor's note: My answer to the letter writer, which was omitted last week because of space: Admittedly there are some things wrong with Friona, and we would suggest that the writer join the Chamber of Commerce and pitch in to solve these problems in a positive manner.

However, we feel there are a great deal more things "right" with our town than are wrong, and this is the reason we chose it for our home, and no doubt many other residents could say this.

As to saving money by shopping elsewhere, we once again refute this claim.

Anytime you make an auto trip, you have to figure 10¢ per mile expense (The government allows this, so you'd better believe it costs you that). So, a 50-mile round trip would cost you \$5.00.

In order to save \$5 on groceries, for instance you'd have to buy \$50.00 worth, and save more than 10 per cent. And we just don't think you can do it.

Bill Ellis

Q.
Why Is A Savings Account Like A Parachute?

A.

It enables you to take a "Filer" should you wish. . . cushions the fall when the going gets rough and provides peace of mind at all other times.

Pause and Reflect

By Nelson Lewis

Maybe it isn't a world record but I'll betcha this is the first time that a Friona Star column has been written from the "bowels of the earth!"

We are at the very bottom of the crater of Capulin mountain in northeast New Mexico.

This extinct, and thank goodness cool and quiet, volcano has not breathed a wisp of smoke or spewed forth a handful of lava for some thousands of years now.

Despite this long period of inactivity the sensation of violence is very real.

The crater is a funnel, one mile around at the top and well over a hundred feet deep.

The walls, or sides, of this funnel are composed of cinder-like volcanic rocks and vary in size from dust to huge boulders.

The aura of impending doom is heightened by the heavy white clouds that hang like a shroud over the entire mountain. A strong north wind is bringing the chill factor down to near freezing.

Strands of the dense cloud dip and swirl in and out of the crater, making the human visitors appear as characters in an outlandish play.

As one old Texan was heard to remark, "It's plumb scary."

If you take a notion to make the trip to Capulin the best way is to go to Clayton, New Mexico and then take the Raton road, you will pass right through the village of Capulin and the mountain is just north of the highway.

You can make it there and back in one day but if you are driving a camper or pulling a trailer there is a fine place to stop right in Capulin.

The Wigwam Campground has rest rooms, baths and electric power and for a very small charge.

The owner is a Mrs. Farr and you will find her a very gracious hostess.

The Prairie Prowler was not content to travel the customary road of paved highway. There is a thirty mile stretch of pasture south of the old volcano. A wagon track road traverses this valley and from down there you may imagine what took place during Capulin's eruption.

Lesser volcanos, small green mountains now, had their sides blown away.

Great piles of rock, lava and cinders litter the plain. Ridges of earth and stone remain standing like dikes, or fences, squeezed up by the cooling and contracting of the earth's crust.

We entered this valley from the Dorsey mansion property. All Frionans know Mr. and Mrs. Deaton and of the great task they have undertaken to preserve this historic house and grounds.

The Dorsey mansion and Capulin may both be visited on one weekend: you will find the time well spent.

Several of our regular readers have suggested that this space be used to answer, or to "fight back" if you prefer, a letter that ran in last week's paper.

Now let it be understood that editorial comment is one thing and a personal vendetta is something quite different. The former has suffered our amateurish efforts: the latter we avoid as the plague.

We did do a small amount of research concerning our little town and we find that buses and trains leave on schedule every day, and that there are no barricades on the highways leading into and away from Friona.

When's the last time you got goose bumps when they played the Star Spangled Banner?

It's been a while, right? Well, then you're like a lot of us.

It seems that many of us are too grown-up to get excited about things like the Star-Spangled Banner any more.

You could almost say that patriotism makes us feel embarrassed.

Besides, it's hard to really feel patriotic when you hear so much about how this country is falling apart.

But, of course, America still has a Bill of Rights. And free elections. An incredibly high standard of living.

And a free enterprise system that lets you hitch your wagon to any star you want.

And plenty of other things you can't find anywhere else in this world.

Know what? Looking at it that way, America deserves a lot more credit than it's been getting.

One of the best ways to give this country the support it deserves is to buy U. S. Savings Bonds.

They strengthen the country so that it's better prepared to solve its problems.

And they happen to be one of the best ways to provide for your own welfare.

The interest is exempt from state and local income taxes. And you don't have to pay Federal tax until you cash your Bonds.

Buy U. S. Savings Bonds through the Payroll Savings Plan where you work. Or at your bank.

It'll give you a good feeling.

And a perfect excuse for getting goose bumps the next time they play the Star-Spangled Banner.

If they're lost, stolen, or destroyed, we replace 'em.

Take stock in America
Buy U.S. Savings Bonds

For quite awhile I have known that Jackson's Cafeteria in Post is tops in good eating. When the Floyds are going to and from Abilene, we always try to time our arrival in Post at meal time. We've even eaten earlier or later than usual so that we could take advantage of deliciously prepared food at a moderate price.

One evening recently when we were there, I made another discovery. They have some wonderful across the street neighbors who operate a motel. The next time we start to Abilene, or other places in that direction, I may insist that we arrive in Post in time to eat supper at Jackson's then go across the street to the Rocket Motel to spend the night.

The man in charge was most courteous to me when I asked about a telephone I could use to make a long distance call home. At the time the nearest pay station was out of order and another one was several blocks away. When I asked the location of a pay station, he handed me a key and said, "We don't have one here, but if you will go to room #3 and place the call, I'll be glad to handle it."

Since I was a stranger in the town and had never seen the man before, I thought he was "going the extra mile," and appreciate his offer very much.

Of course there really isn't such a thing as a "neighborhood burglar" in Friona, but some tips given in a recent release might be of benefit to our residents who are planning vacations.

The article began like this: "Your Neighborhood Burglar Can Get Rich. . . .so, don't make it any easier for him the next time you and the family go vacationing off somewhere for an extended amount of time.

Burglars rarely select their intended victims at random. They'd much rather have you make their choice for them instead. Forgetting to stop your milk, mail or newspaper deliveries before you leave on your trip can be as careless as leaving home with the front door wide open.

It doesn't take much guesswork on the part of a burglar to recognize a home left unoccupied when the doorstep is littered with unopened material. And even if your home gets unburglarized the nagging uncertainty caused by failing to perform a few simple pre-trip precautions may turn your carefree vacation into a haunting experience.

So why worry about the things you forgot to take care of before you left when it is so simple to just follow the handy checklist below?

- CHECKLIST FOR A CAREFREE VACATION
(. . .or What to Do Before Leaving Your Driveway):
1. Notify local police.
 2. Stop milk and newspaper deliveries.
 3. Arrange for safekeeping or forwarding of mail.
 4. Lock all doors and windows (basement, too). Leave shades up.
 5. Disconnect electrical appliances; however, for protection leave one or more lights connected to an automatic timer to turn them on and off each evening.
 6. Turn off all gas jets, including hot water heater.
 7. Remove food and defrost refrigerator.
 8. Turn off water faucets; drain pipes in severe weather.
 9. Turn thermostat to minimum heat requirement.
 10. Arrange for care of plants and pets.
 11. Store valuables.
 12. Leave house key with friend, along with probable itinerary and emergency phone numbers.

Savings Bonds Make Good Gifts

April sales of Series E and H United States Savings Bonds and Freedom Shares amounting to \$5,524 in Parmer County were reported today by Frank A. Spring, Chairman of the Parmer County Savings Bonds Committee. January-April sales totaled \$19,028--19 per cent of the 1970 goal achieved.

Texas sales during the month were \$15,725,617--and year-to-date purchases totaled \$62,584,024--34.7 per cent of the 1970 goal of \$179.9 million.

"No doubt many people are looking for last minute graduation and wedding gifts, and our Bond Committee would like to remind them that United States Savings Bonds make ideal gifts for many occasions. Local banks have special gift envelopes to be used when Savings Bonds are given as gifts, so why not give the gift that keeps on giving--United States Savings Bonds," Chairman Spring stated.

NOTICE OF HIGHWAY IMPROVEMENT OR CONSTRUCTION
The Texas Highway Department is planning to proceed with the development of the proposed highway improvements on State Highway 214 from Spur 270 (Fifth Street) in Friona, South along Grand Avenue and across the A. T. & S. F. Railroad to present State Highway 214 curve. Since the Administration of the Highway Department has approved the route proposed for development of this project, work will begin on the next phase of engineering necessary for the development of this project.
The proposed highway project contemplates the relocation and construction of a two-lane highway with paved shoulders and a bridge over Frio Draw and the A. T. & S. F. Railroad on sufficient right-of-way to provide connections to existing State Highway 214 and county road by the construction of an interchange.
Maps and all other available data concerning the development of this project may be inspected at the Resident Engineer's Office, Littlefield, Texas. 35-ltc

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC GEOMETRIC DESIGN
The Texas Highway Department is planning the construction of State Highway 214 from Spur 270 (Fifth Street) in Friona, South along Grand Avenue and across the A. T. & S. F. Railroad to present State Highway 214 curve. The proposed highway project will pass into the City of Friona. The proposed highway project contemplates the relocation and construction of a two-lane highway with paved shoulders and a bridge over Frio Draw and the A. T. & S. F. Railroad on sufficient right-of-way to provide connections to existing State Highway 214 and county road by the construction of an interchange.
Maps and other drawings showing the proposed geometric design and any other information about the proposed project are on file and available for inspection and copying at the Resident Engineer's Office at Littlefield, Texas. Also, the drawings showing the proposed geometric design have been placed on file with Parmer County and the City of Friona.
Information about the State's Relocation Assistance Program, the benefits and services for displacees and the relocation assistance office as well as information about the tentative schedules for acquisition of right-of-way and construction can be obtained at the Resident Engineer's Office.
Any interested citizen may request that a public hearing be held covering the social, economic and environmental effects of the proposed design for this highway project by delivering a written request to the Resident Engineer's Office on or before July 1, 1970.
In the event such a request is received, a public hearing will be scheduled and adequate notice will be publicized about the date and location of the hearing. 35-2tc

LOCAL MUSICIAN... Mrs. Lee Witten is shown here as she entertained at the annual Junior-Senior Prom at Muleshoe High School last Saturday. Mrs. Witten, who is the local elementary school music teacher, entertained the young people with dinner music and vocal selections.

Mrs. Witten Entertains At Muleshoe

Jo Witten, a Friona music teacher, provided the musical entertainment at the annual Muleshoe High School Junior-Senior Banquet Saturday evening, May 23.

Mrs. Witten provided one and one-half hours of dinner music, relating musical selections to fit the theme of the banquet, Southern Plantation Garden Party, inside a real gazebo erected in the center of the cafeteria.

Afterwards, she presented an old fashioned sing along and several numbers of her own choosing. Mrs. Witten ended the banquet with the benediction song, "The Lord's Prayer."

FEMININE—A chain of daisy appliques accents this dotted cotton bikini in sizzle pink or brown. It comes with a matching coverup that's styled like a cobbler's apron. By DeWeese Designs of California.

ON THE DOUBLE—The mock turtleneck shirt sets a snappy pace for summer. Puritan Sportswear designs it in horizontal stripes on Durene cotton. Underscoring the look are vertically striped slacks in reverse colors.

FEED YARD FALLS

Benger Beats Bovina Team For Third Win

The Benger Flyers scored ten runs in the bottom of the fifth inning to top Charles Oil, 17-11 last Thursday, and claim their third win against only one loss in the Friona-Bovina-Farwell senior Little League.

In the other game involving a Friona team, Hi-Plains Feed Yard scored five runs in the first inning but fell to Sherley Grain of Bovina, 13-9. The Feeders are 1-4 for the year.

In the Thursday game, the Flyers found themselves trailing Charles Oil, 8-0 after two innings before they finally began to dent the scoreboard.

Then, behind 9-0, the Flyers scored four runs in the fourth inning on three walks and Danny Waggoner's double to trim the Bovina team's margin to 9-4.

They came to within two runs in the fourth, as Jesse Rando's double, Johnny Rando's triple and Randy Terry's home run

accounted for three runs. Trailing 11-7 going into the bottom of the fifth, the Friona team got a little help in getting back in the game. Three times during the inning, Flyer batters reached first base after the Bovina catcher missed ball on the third strike.

Clay Bandy and Eddie Waggoner each had doubles to spark the winning rally, and Randy Terry knocked in a run. Danny Waggoner and Bandy stole home during the wild inning.

Johnny Bandy was the winning pitcher.

Hi-Plains aided by three errors and hits by James Sims and Terry Thompson, got off to a 5-3 lead over the league-leading Sherley Grain team, but Sherley scored in every inning but one to take the win.

Sherley scored one in the second and three in the third to go ahead to stay, 7-5. Trailing

by 13-7 in the seventh inning, Hi-Plains rallied after two were out, on Kevin Wiseman's two-run home run. However, that was about the size of the rally, and Sherley took the win.

Twelve bases on balls helped the winners' cause.

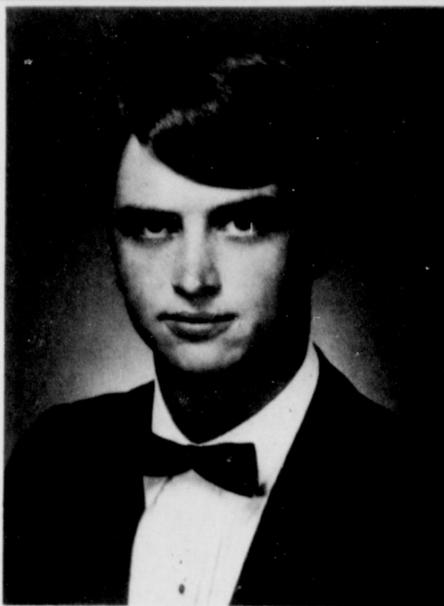

The Benger Flyers met the Farwell Bankers in a Tuesday game at Farwell.

Chas. Oil 441 02 -11
Benger 004 3(10) -17

E. Waggoner, 1-4; J. Rando, 2-3; Jesse Rando, 1-2; J. Bandy, 0-3; D. Waggoner, 1-2; C. Bandy, 1-3; Bailey, 0-3; Terry, 2-4; B. Hamilton, 0-1.

Sherley Grn. 313 201 3-13
Hi-Plains 500 110 2-9

Minsaw, 0-3; Horton, 0-4; Sims, 1-1; Wiseman, 1-2; Thompson, 1-3; Martin, 0-2; Perea, 0-1; Clark, 0-3; Gabehart, 0-3.

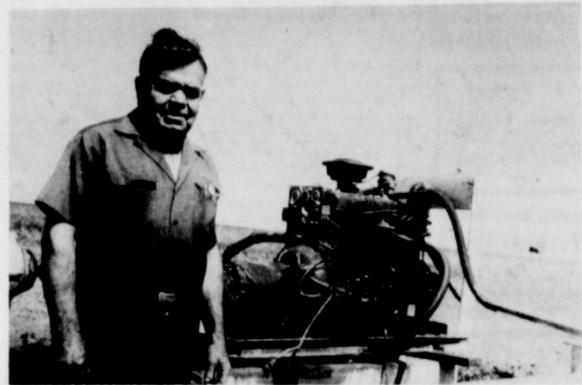

RIETHMAYER ACCEPTS ASSISTANTSHIP... Mike Riethmayer of Canyon recently accepted an assistantship from A & M University, College Station. He will be doing 20 hours of research in the agriculture economics department each week and working on his master's degree. To be eligible for an assistantship a candidate must maintain a grade average of B and score 1000 on a graduate records examination.

Riethmayer, who is the son of Mr. and Mrs. W.R. Riethmayer, is a 1967 graduate of Friona High School and will receive a bachelor of science in agriculture degree with a minor in business at the end of the second session of summer school at West Texas State University, Canyon. He and his wife, the former Becky Elliott, and young son, Brenton, plan to move to College Station in late August.

FIRST WEEK

Wide Range Of Games In Baseball Action

A one-run game, a shutout, and a slugfest featured the first week of play in Friona's two younger summer baseball leagues last week.

Ethridge-Spring Agency pushed across a run in the bottom of the fourth inning on Friday to edge Continental Grain, 9-8 and claim a share of the Pee Wee League lead.

Farther in the week, Hi-Pro Feeds topped Farmer County Implement, 11-2. The B-J Bees bested Continental Grain, 9-3 on opening day, but then dropped a 5-0 decision contest to Tasty Cream in the only shutout of the week.

In the Intermediate League, Friona Feed Yard got off to a winning start by edging Friona Star-Hurst Department Store, 17-15. Friona State Bank won the only other Intermediate League game, over Reeve Chevrolet, 10-1.

On opening day, in the Intermediate game, Friona Feed Yard edged defending league champion Star-Hurst, 17-15 in a slugfest also filled with walks.

Both teams scored eight runs

in the third inning. Star-Hurst took a 10-2 lead, on three walks, two errors and hits by Dale Cleveland, Randy Waggoner and Mitchell Smiley.

However, the Feed Yard came back with seven hits and a pair of walks to tie the count at 10-10. Star-Hurst came back with five runs in the fourth for a 15-10 lead, but the Feeders scored in the fourth and fifth, and tallied five in the sixth, three after two were out, for the win. Randy Melton's bases-loaded double provided the winning margin.

The other older loop game saw Friona State Bank show strength in downing Reeve Chevrolet, 10-1, with Robin Baize going all the way.

The Bankers got all the runs they needed in the third, on back-to-back home runs by David Hutson and Gene Strickland. However, they tallied four more in the fourth, as Baize contributed a triple. Hutson and Rusty Redfearn each a double. Baize also had a home run to aid his cause.

In the Pee-Wee League, Curt Miller and Roger Peace limited Continental Grain to four hits

as the B-J Bees won a 9-3 decision. Six walks in the second inning aided the Bees in a six-run uprising, and Continental never could recover.

Hi-Pro had big innings in the first, second and fourth to top Farmer County Implement, 11-2, as Bobby Watters went all the way and gave up only one hit and three walks. Hi-Pro had only two hits themselves, but feasted on 13 walks by PCI pitchers.

John Carson and Mike Hutson combined to throw the shutout for Tasty Cream, which bested the B-J Bees, 5-0. In fact, Hutson pitched two perfect innings, facing just six batters. Tasty-Cream erupted for three runs in the second, with Carson's triple being the big blow.

Ethridge Spring jumped off to a 4-0 lead against Continental Grain on Friday, but then had to fight from behind as the Grainmen scored seven times in the second. Ethridge-Spring scored four more in the second, and after Continental tied the count, scored the winning run with none out in the last of the fourth.

**On The Farm
In Parmer County**
**MACK HEALD
County Agent**

Greenbugs, those little green aphids which have been attacking grain sorghum on the Texas High Plains for the past few years, have recently been observed infesting small grain sorghum in several counties in the area.

Area Extension Entomologists Dr. Don R. Rummel and Dr. Bill C. Clymer report that greenbugs have been found in some fields in Oldham, Deaf Smith, Parmer, Castro and Bailey counties. "At present, infestations appear to be scattered and spotty," they point out.

"The main thing for producers to do right now is to keep a close check on their fields. Small grain sorghum up to about six inches in height is much more susceptible to greenbug injury than larger plants. Only a few greenbugs per plant may be necessary to damage small grain sorghum and damage in the seedlings may result in stand loss."

The entomologists point out that the extent of greenbug damage depends on greenbug numbers, plant size, stage of growth, plant vigor, moisture conditions and the presence or absence of parasites and predators. Parasites and predators are generally still in low numbers but should increase rapidly as greenbug numbers increase.

"Be sure that greenbugs are present in damaging numbers before starting a spray program," caution Rummel and Clymer. "Several other species of aphids, such as the corn leaf aphid, commonly infest grain sorghum but seldom cause economic damage."

Insecticides recommended for controlling greenbugs include carbophenation (Trithion), demeton (Systox), diazinon, disulfoton (Di-Syston), malathion and parathion. Disulfoton should not be applied as a foliar spray more than twice per crop season or as a granular application more than once per season. Malathion is recommended for ground application only. Methyl parathion should not be substituted for parathion.

**Taxpayers Eligible For
Disaster Tax Credits**

Many taxpayers in the ten-county disaster area will be able to claim a tax benefit on their 1970 income tax returns as a result of the recent tornado and storms, according to Arlen Ruthart, Administrative Officer of the Plainview Office of Internal Revenue Service. President Nixon has designated Briscoe, Cochran, Donley, Gray, Hale, Hockley, Lamb, Lubbock, and Parmer and Swisher Counties as a disaster area due to storms and tornadoes occurring between April 17 and May 12, 1970.

Taxpayers who suffered a disaster loss due to the storms and tornadoes should get a copy of IRS Publication 547, "Tax Information on Disasters, Casualty Losses and Theft." This free publication gives full details on what records the taxpayer needs to claim his loss and how to claim the loss.

Ruthart points out that a very large number of Plains area taxpayers may be able to claim an immediate tax benefit by decreasing the amount of tax withheld from their salary or wages. The taxpayers who will be eligible to claim a substantial increase in their itemized deductions on their Form 1040 for 1970 can decrease their withholding tax by completing a new Form W-4 and a W-4 Schedule A at their employer's payroll office.

Ruthart advised employers the Forms W-4 Schedule A, "Determination of Withholding Allowances for Itemized Deductions," are available at IRS Offices. Taxpayers who file a 1040ES Estimated Tax form and pay quarterly can adjust their estimated tax payments for quarterly payment due June 15.

**Winning Essays
Are Presented**

(Editor's Note: The following are winning essays written on a conservation theme, and sponsored by the Friona Woman's Club.)

SOIL CONSERVATION
Coy Jameson
Friona Senior 4-H
Friona, Texas

GRASS CONSERVATION
Holly Hart
Friona Junior 4-H
Friona, Texas

When the land is in its natural state and has not been cultivated or changed by man, there is usually not much soil erosion. In nature soil changes are gradual except in cases like floods, volcanic eruptions and forest fires.

But when man comes along and starts cultivating the land, cutting down the trees, or letting his livestock graze down the vegetation, he is taking away the land's natural protection against erosion. Then erosion may be the result unless man finds ways of preventing harmful loss of valuable topsoil.

For hundreds of years our ancestors have known it was important to take care of the land. In Europe, as far back as the 15th Century the government helped the people practice soil conservation. In the days of feudal states, for instance, the farmers were encouraged to farm two-thirds of the land each year and let one third rest. They knew that if they used all the land all the time, it would wear out and be worthless.

But here in America, they did not always remember what they had learned. Early settlers were known as land killers because they did not try to preserve the land for future generations. In the 1930's, many thousands of acres in the southwest were damaged or destroyed by wind erosion.

Today, most everyone knows that it is very important to practice soil conservation, not only so we will not wear out the soil, but so it will not be damaged by erosion by wind and water.

We know that in the future our land will have to produce more and more food for our children and grandchildren. So we need to find new and better methods of taking care of the soil we use, and better ways to rebuild and restore the soil that has already been damaged. Future generations depend upon our conservation of the soil.

Grass is our basic heritage. It affords protection from floods, guards our cities' water supplies, furnishes our great cereal crops and supplies forage for livestock and wildlife. So we must protect the grass by good grass conservation. Of all the plant families, grass is the one most essential to man's existence. Although it is one of our greatest resources it is the most neglected.

All grasses are not the same although some look alike. Some are good forage producers, others poor; some grow better in cool seasons, while others grow better in warm weather; some grasses are native to our area, while others have been introduced to our area; some are shallow rooted, while others are deep rooted.

Different grasses require different conservation methods. They all need to have rotation grazing practiced on them.

Grasses are indicators like signs on a highway. They show whether your range has been overgrazed or if conservation methods are being used. For a good conservation program, the rancher must know the kinds of grass growing on his range and the proper season to graze them. He must know the grasses that are drought resistant and have good livability. He must follow a good conservation program to manage and control noxious plants and weeds.

**At Home In
Parmer County**
By Janice Miller
County HD Agent

Summer time means lots of 4-H activities. This week Deborah Harding, Darwin Green, and Steven and Kevin Kaltwasser will be going to College Station to compete in state 4-H contests.

Next Monday morning, June 8, county 4-H members will be leaving for county 4-H camp. Camp will be in Palo Duro Canyon and will continue through Wednesday morning. This is just the beginning of summer so there'll be many more activities to come.

June is known as Dairy Month and milk and dairy products are listed on the USDA Plentiful Foods List. Here are some ways of using dairy products that you may not have tried before.

Add 1/4 cup dairy sour cream to every 1-pound can of BAKED BEANS in tomato sauce. Sprinkle with salt, pepper and garlic salt. Top each serving with a spoonful of sour cream. To take away from home, tightly cover baking dish and wrap in newspapers to keep the beans hot until serving time.

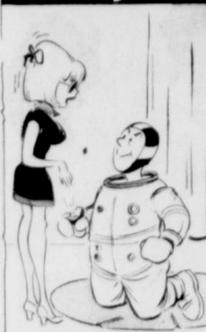

Try NO BAKE CHEESE CAKE for dessert. Combine in top of double boiler:

- 2 envelopes of unflavored gelatin
- 6 tablespoons sugar
- dash of salt
- Beat together and add to gelatin:
- 1-1/2 cups skim milk
- 3 egg yolks
- Stir constantly while cooking over boiling water, until gelatin dissolves and milk thickens (about 6 minutes). Remove from heat--add 1 teaspoon grated lemon rind then chill. Whip 3 cups creamed cottage cheese into billowing lightness (3 minutes at high speed of electric mixer).
- Stir in:
- 2 tablespoons lemon juice
- 1 teaspoon vanilla
- Fold cottage cheese mixture into thickened gelatin.
- Beat 3 egg whites until stiff.
- Add 6 tablespoons sugar and

continue beating until stiff peaks are formed. Fold egg whites into gelatin mixture and spoon into an 8-inch spring-form pan. Sprinkle graham cracker crumbs on top and chill until firm.

Yields 12 servings. Other foods listed on the Plentiful Food List are: honey, eggs and canned applesauce.

"WE'LL GO WHERE ON OUR HONEYMOON?"

**Sealcoat
Work Done**

The annual sealcoating program maintained by the City of Friona saw new "tops" put on 20 blocks of city streets this week.

The annual maintenance program saw eight blocks of older paving receive double coats of paving, and 12 blocks in the Lakeview area receive single coats.

Contractor Jake Diel of Muleshoe and Hereford was the successful bidder on the project.

Teeth of the Tyrannosaurus rex were six inches long and serrated.

Located In Malour Shopping Center

**Send
a letter
to North Vietnam.**

Right now hundreds of Americans are being held captive in North Vietnam.

A few prisoners have made it back. They talk about bamboo cages. Vicious beatings. Malnutrition. Humiliation.

But the North Vietnamese will tell us nothing. And it's this silence that makes our appeal more urgent.

For the families at home, there is no word on who's alive. Who's dead. Or even who's being held. There is nothing. Except the anguish of not knowing.

Maybe you can change this. By writing to the one man who can change it: The President of North Vietnam.

Ask him to release the names of prisoners, allow them to write to their families, and let the Red Cross inspect the prisons to

insure proper medical treatment and living conditions.

Remind him that he is bound by the 1949 Geneva Convention which his country signed. And by the Istanbul resolution.

North Vietnamese leaders do care about American public opinion. And if they think they can gain something by bowing to it, they will.

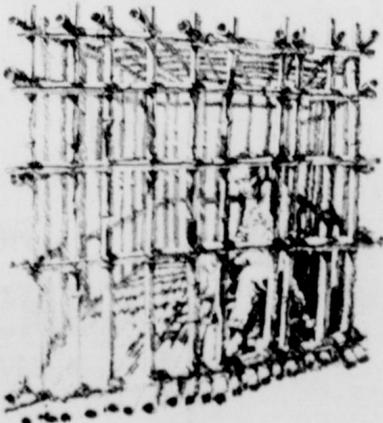

But one letter won't do it. Or a thousand. Maybe it will take millions. So we've got to write now. All of us. And often.

Write a letter tonight. And send it to: Office of the President, Democratic Republic of Vietnam, Hanoi, North Vietnam.

It'll cost you a quarter. But it might save a life.

THE AMERICAN RED CROSS

Maybe they'll open it.

CONNIE FALLWELL, bride-elect of Gene Weatherly, is shown in a formal ceremony at Federated Club House Thursday evening new officers for New Horizons Junior Study Club were installed by Mrs. Earl Palvado, Morton, who is a director of Caprock district.

Connie Schlenker Honored With Miscellaneous Shower

A miscellaneous shower in the home of Mrs. Florian Jarecki, 809 Woodland, from 3 to 5 p.m. Tuesday, June 2, was a courtesy for Connie Schlenker, who will become the bride of Joe Bob Johnson Saturday, June 13.

The honoree was assisted in greeting guests by her mother, Mrs. Carl Schlenker, and the mother of her fiance, Mrs. Herschel Johnson. Special guests were Mrs. Floyd Schlenker and Mrs. David Moseley, grandmothers of the bridal couple.

The serving table was covered with a white linen cloth and centered with a floral arrangement. Cookies, nuts, mints, and punch were served.

Hostesses, besides Mrs. Jarecki, were Mesdames E.G. Phipps, Glenn Floyd, James McLean, Grover Giggins, Doyle Cummings, D.C. Herring, Jack Clark, Hoyt Smith, Charles Short, Vernon Roberts, Claude Osborn, Bill Brandt and Clyde Weatherly.

Guests were registered by Carleen Schlenker, sister of the honoree.

Miss Jimette McLean of Hammond, Indiana was a special guest.

Cheryl Neill Feted With Bridal Shower

A miscellaneous bridal shower in the home of Mrs. D.C. Herring from 3 to 5 p.m. Saturday was a courtesy for Cheryl Neill, bride-elect of Gene Weatherly. The serving table was covered with a white lace cloth over yellow and centered with an arrangement of daisies and irises.

Acrobatic Class Begins Today

Summer acrobatic classes for both boys and girls will begin this Thursday morning at 9:30 a.m. in the Friona Star Building, according to Sue Green, instructor.

Boys acrobatics will begin at 9:30, girls' acrobatics will be at 10:00 and jazz class will be at 10:30 a.m.

Parents who are interested in having their children enrolled in the course are asked to come by the Star Building and park in the rear.

Mrs. Green plans to hold the classes every Thursday throughout the Summer months.

MRS. VIRGIL RAY WIDMIER
Joyce Miller Weds Virgil Ray Widmier

In a double ring ceremony at United Congregational Church at 6:00 p.m. Saturday, May 31, Joyce Miller, daughter of Kenneth Miller, McCamey, Texas, and Mrs. Dale Van Orkwick, Clovis, became the bride of Virgil Widmier of Friona. Parents of the bridegroom are Mr. and Mrs. Virgil Widmier.

Rev. Paul Mohr, pastor of the church, read the ceremony. Lynnis Widmier, sister of the groom, was the maid of honor and Carl Snyder was the best man.

The bride wore a white street length dress of white moire satin. It was designed on Princess lines with long fitted sleeves and a round neckline. Her corsage was a Cymbidium orchid. Her jewelry was a string of pearls with matching ear rings.

Out-of-town guests were Mrs. Jay Hensley, Tahoka, and Peggy Miller, Clovis, sisters of the bride.

A reception at Friona Hotel followed the ceremony. The serving table was covered with a white lace cloth over orchids and centered with a floral arrangement. The tiered wedding cake was white with tiny orchid roses. Cake, punch, nuts and mints were served by Mrs. Virgil Widmier and Mrs. Paul Mohr.

Mr. and Mrs. Widmier are at home at 804 Maple. He is employed by Herbert Day.

Date Set For Dedication

The St. Teresa's Ladies Society held its regular monthly meeting at the Parish Hall Wednesday, May 27.

Sylvia Roth and Wanda Akins volunteered to plan the bishop's meal, when he comes to dedicate St. Teresa's Parish Hall on June 28. Refreshments will be served to the public at the open house from 3 to 5 p.m.

Leandra Aragon and Margret Aragon will take up the gifts on the next communion Sunday.

The society will host the ministerial alliance meeting at Parish Hall on Wednesday, June 3.

Refreshments were served to Father Boyd, one guest, Mrs. Joe Satz, and nine members. Hostesses were Evelyn Ball and Helen Fangman.

Bill Schwab Is In Local Hospital

Bill Schwab, who has been a patient at M.D. Anderson Hospital, Houston, several weeks was dismissed and returned home one day last week.

Later he was admitted to Parmer County Community Hospital, where he is still a patient. His condition has been reported to be serious.

On vegetables, Thiodan does the job of many insecticides. And does it with fewer applications. It protects over 20 kinds of vegetables (and strawberries, too) from 44 different insect pests.

Take lettuce, for instance. Thiodan controls imported cabbage worms, diamond back moth larvae, loopers and even phosphate-resistant aphids. And it's just as versatile for other vegetables.

So help yourself to more of those crisp green profits. With Thiodan.

Thiodan®

Vegetarian's delight.

Thiodan® is a registered trademark of Canadian Hoechst, Ltd.

Officers Installed In Ceremony

In a formal ceremony at Federated Club House Thursday evening new officers for New Horizons Junior Study Club were installed by Mrs. Earl Palvado, Morton, who is a director of Caprock district.

Those installed were Mrs. Walter Cunningham, president; Mrs. Hank Wheeler, vice-president; Mrs. Valton Howard, secretary; Mrs. Dale Houlette, treasurer; Mrs. Tommy

Hammock, reporter; and Mrs. Wayne Rhodes, parliamentarian.

The meeting began with a salad supper. Roll call, which was answered with ideas for meetings next year was followed by the president's report. Mrs. Hank Wheeler presented the devotional.

Mrs. James Dewbre, also of Morton, was a guest.

Mrs. O'Brian Elected Head Of Young Homemakers

Following a Mother's Day tea in the home economics department of Friona High School recently, Friona Young Homemakers elected officers for the coming year.

Mrs. Doyle Cummings presented a cosmetics program. Special guests were Mesdames O.B. Moyer, Lewis Smith, A. L. Black and Oscar Baxter. During the business session Mrs. Roy O'Brian was elected president.

Other newly elected officers include Mrs. Don Phillips, secretary-treasurer; Mrs. Danny Black, reporter and historian; Mrs. Graham Prewett, projects chairman; Mrs. Alton Peak, program chairman; Mrs. Dale Smith, social chairman; and Mrs. Bob Buchwald, benevolence chairman.

Out-going officers are Mrs. Larry Moyer, president; Mrs. Jarrell Wright, Secretary-treasurer; Mrs. Calvin Dozier, reporter-historian; Mrs. Alton Peak, projects chairman; Mrs. Roy O'Brian, program chairman; Mrs. Larry Dyess, social chairman; and Mrs. Danny Black, benevolence chairman.

The next meeting will be a family picnic later in the summer.

FRIONA YOUNG HOMEMAKERS PRESIDENT. . . Mrs. Roy O'Brian has been elected to serve as president of Friona Young Homemakers during the coming year. She has been active in the club for the past several years and during the past year has served as program chairman. Mrs. O'Brian, her husband, and two young daughters live east of Hub and are farmers.

PARR RECEIVES DEGREE. . . Roscoe William Parr Jr., son of Mr. and Mrs. R.W. Parr Sr., Friona, was among the West Texas State University students who received degrees on May 23. He received a bachelor of science degree with a major in elementary education. Parr is a 1965 graduate of Friona High School and attended South Plains Junior College, Levelland, before entering West Texas State. He and his wife, the former Shirley Shirley of Levelland, and son William Roscoe III, live here.

GARY HAND GRADUATES. . . In recent commencement exercises of West Texas State University, Canyon, Gary Hand received a bachelor of science degree in animal science. He is a 1965 graduate of Friona High School and attended South Plains Junior College, Levelland, before enrolling at West Texas. Hand is the son of Mr. and Mrs. John Hand, Route 1, Friona. He and his wife, the former Gail McClothlin, have moved to a farm near Hub and he will be engaged in farming.

JUDY PHIPPS. . . 1966 graduate of Friona High School has been awarded the Bachelor of Arts Degree from West Texas State University in Canyon. Miss Phipps holds a major in elementary education and is a member of Sigma Delta Pi, national honorary Spanish organization. She is the daughter of Mr. and Mrs. E.G. Phipps and plans to teach in Hereford next fall.

Local Women

To Go On Tour

Mrs. T.I. Bureson Jr. and Mrs. Leroy Johnson are going sightseeing in Europe. They plan to leave Thursday for Dallas. From there they will fly non stop to London. During their stay in Europe they plan to tour nine countries. They will return to Friona June 27.

Johnson On

Dean's List

Phillip Johnson, 1966 graduate of Friona High School, was among those listed on the Dean's Honor Roll for the spring semester at Texas Tech University. Johnson, a senior agricultural economics major, is the son of Mr. and Mrs. Leroy Johnson of Friona. He achieved a grade point average of 3.63 based on a 4.0 maximum for the semester just completed. He plans to complete work toward his degree this summer.

Broyles Attending

James Connally Tech

Jimmy D. Broyles is attending the James Connally Campus of the Texas State Technical Institute in Waco.

Broyles is a first year student majoring in Welding Technology. He is the son of Mr. and Mrs. Ralph Broyles of 807 Maple, Friona.

TSTI includes the James Connally Campus in Waco; the Rio Grande Campus in Harlingen, the state's only bilingual technical school; the Mid-Continent Campus in Amarillo which opened for classes on May 25;

The Library Corner

We want to remind all you young readers to join our Green Dragon Reading Club and rescue the dragon from the captivity of the Wicked Witch. Our Summer Reading Program will start Tuesday, June 9th. Come by and sign up. The library will be open 8 hours a day all summer for your reading convenience. Our hours will be 9 to 12 and 1 to 6 Tuesday through Saturday.

We hope every child who can read will come by and register. This will make you eligible to attend the movies on Saturday afternoons at 3 p.m.

Saturday, June 13th we will show two films. They will be about Washington D.C. and Charlie's Haunt.

The library has received an

order of new books. We have also borrowed some books from Amarillo Library and the Bookmobile. If you want a particular book that our library does not have, we will be happy to order it for you from our area library or 10 other area libraries.

A few of our new titles are The Greatest American Leaguers, The Story of The Atom, Nibbit, The Smartest Dog In the USA, Forest Bobbies, Great Lion of God, Woman at the Wall, The Selling of the President.

Lutheran Churches

To Have Guest Speakers

Guest speakers will occupy the pulpits of Immanuel Lutheran Church in the Rhea Community and Redeemer Lutheran Church in Friona on Sunday, June 7.

The Rev. Herbert Driessner of Immanuel Lutheran Church in Clovis, N.M., will be the speaker at the Rhea Lutheran services beginning at 9:30 a. m.

At Friona's Redeemer Lutheran Church the time of services for this Sunday only will change to 9:30 a.m. to accommodate the Rev. Herman Schelter, pastor of Immanuel Lutheran Church, Hereford, who will speak both here and at Hereford.

Both Lutheran Sunday Sch-

ools in Friona and the Rhea Community will be conducted immediately following the morning worship periods.

Vacation Bible School at the Rhea Church ended with a closing program last Friday afternoon. Friona's Lutheran Vacation Bible School began on Monday of this week and will conclude also with a closing program on Friday.

The Rev. Otto H. Kretzmann is pastor of Friona and Rhea Lutheran Churches. Herbert Schueler was Superintendent of Rhea's Vacation Bible School and Floyd Schueler is Superintendent of Redeemer's Vacation Bible School which concludes this week.

Emma J. Mears

Buried Monday

Funeral services for Emma Jeannette Mears, 74, who died at Parmer County Community Hospital Saturday, were conducted from First Baptist Church at 2 p.m. Monday. Rev. Charles Broadhurst, pastor, was the officiant.

Mrs. Mears, who was a long time resident of Littlefield, moved to Friona from Flagstaff, Arizona, about six years ago. Survivors include two sons, Claude of the Rhea Community

and Lloyd of Wilson; one daughter, Mrs. Lona Cotter, Flagstaff; one sister, Mrs. Leona Ashcraft, Tahoka; 13 grandchildren and 12 great-grandchildren.

Pallbearers were Ronnie Armstrong, Scott Edwards, Rodney Mears, Gerald Cotter, Melvin Mears and Boyd Mears. Burial was in Littlefield Memorial Park under direction of Claborn Funeral Home.
