THIRTEEN SENIORS ARE GRADUATED FRIDAY EVENING

Graduation exercises for the mid-year class were held at the Floral Heights Methodist Church Friday evening and diplomas were presented to the thirteen students who completed the high school course at the mid-year. Highest honors in the class went to Miss Ruth Frank and Frank Curtis.

The program opened with the Cross-sectional hymn, "March on, Aids," by the high school orchestra. It was followed by a vocal selection, "The Storm," by Rudy Ruppel, sung by the Boys Glee Club. The girls Glee Club, sang "Pinetop," "Good Night Beloved," and "The Program was given under the direction of Miss Winifred Alvin, musical instructor in the high school.

Hubert M. Harrison, manager of the chamber of commerce, was introduced by Superintendent J. W. Neff, as the speaker of the occasion. Mr. Harrison spoke to the class on "Independence and Success." In opening his address he quoted a portion of an address delivered to a class at Saint Andrews in Scotland, by Rudyard Kipling, in which he admonished them to strive toward independence, but cautioned against dishonest and honorable means as an end to the goal.

As an illustration, the speaker told an appropriate story of a college man who in the last analysis had achieved the things that are really worth while. "The honest, but friendly to yourself," the speaker admonished his hearers in conclusion.

W. B. Chaucer, president of the board of education, in a few brief remarks on the benefits of high school education and the added value of college training, presented diplomas to the following students: Miss Ruth Frank, Frank Curtis, Mary Hamilton, Deesa Key, Edna Hladar, Edna Robinson, Muriel Hoss, Allan Woodward, and Mesdames Irma Chiswick, Cora Collins, McLaren, Henry Hostetter, and Ulenard Riegler.

Dr. J. W. Loving gave the benediction.

GENERAL LEONARD WOOD DECLINES TO COMMENT ON RESOLUTION IN HOUSE

MANILLA, Dec. 22 (AP)—Governor General Leonard Wood, who has just returned from a month's visit to Java, today declined to comment on the dispatches from Washington, telling of the introduction in the house of a resolution by Representative Oscar W. Peterson calling for an investigation of the American administration in the Philippines.

District Attorney Bernard Martin, who has served the 10th judicial district as prosecuting attorney since last April, has tendered his resignation to Governor Pat Neff.

Governor Neff accepted the resignation and Saturday morning advised Assistant District Attorney James V. Allred that he had appointed him as a successor to Mr. Martin. Mr. Allred wired his acceptance of the position Saturday.

The resignation of Mr. Martin came very unexpectedly, but while on a business trip to Austin earlier in the week, Mr. Martin had a conference with the governor in which he stated that his serving the district in the capacity of district attorney was a hindrance to his private practice and business and at that time he tendered his resignation.

The governor gratefully accepted Mr. Martin's resignation, but a few days later, after consulting with other officials in the district, appointed Mr. Allred as Mr. Martin's successor. Mr. Allred was appointed to the office of district attorney on April 16, 1922, by Governor Neff, following the resignation of Walter F. Schenck, who in turn was appointed district judge of the 12th judicial district.

Since that time Mr. Martin has devoted his attention to the prosecution of criminal cases in the 10th district, ably assisted by Mr. Allred, whose name as his assistant immediately after Mr. Martin's appointment.

Mr. Allred is a young man, 24 years of age, and has been in the practice of law for nearly three years. Since being admitted to the bar, he has proved himself to be a student of law, very apt and able in his application and has shown undaunted courage and exceptional ability in the prosecution of criminal cases, not only in Wichita county, but in the other three counties and resulted in the order to Mr. Allred in all probability goes the distinction of being the youngest district attorney in the state.

Members of the local bar, when apprised of the resignation of Mr. Martin, regretted it, but in all in turn were elated over the appointment of Mr. Allred, according to the letter received Saturday from the governor, dated from this date.

Does Not Forget History of War

BRUSSELS, Dec. 22 (AP)—Maurice Masterlinck, receiving a request from the Berliner Tageblatt for a message for its Christmas number, which is to be printed in the interests of the starving intellectuals of Germany, sent the following reply, a copy of which he gave to the newspaper Le Soir:

"You do not seem to realize that I am a Belgian and that it is impossible for me to forget how could I fail to remember, among other things, the odious manifesto of those intellectuals for whom you today ask my support? When Germany shall have paid a part of the evil she has wrought, I might."

"But I do not forget, for there are some things which are forgotten, at least try to throw a veil, which will always be transparent, over memories which will only fade out with my life."

Cashier Pledges Assets to Cover Losses of Bank

ST. LOUIS, Dec. 22 (AP)—Joseph B. Carr, whose irregularities as cashier of the Chippewa Bank of this city, caused the closing of its doors yesterday, pledged assets last night valued by him at more than \$1,000,000 to protect the depositors of the bank who, he said, "must lose not a cent through my fault or mine."

Thomas R. Harlan, attorney for Carr, stated when asked why Carr should have permitted such irregularities, estimated to have exceeded \$200,000 to occur in the bank's business, declared that Carr is admitting no shortage exists. There may have been some irregularities which attracted the attention of the bank examiners and resulted in the order for the closing down of business, but so far as he knows there has been no willful manipulation of funds by Carr to the detriment of the bank.

"He proposes to give full assurance to the authorities that he will be available at any time they wish to question him and for that reason I am willing to surrender Carr on a common law bond if Mr. Siderer (circuit attorney) so directs."

How Carr used the money has not been disclosed, but when he was asked if he speculated in real estate, and according to State Finance Commissioner Milnes, Carr had other business ventures.

MIAMI, Fla., Dec. 22 (AP)—William Jennings Bryan, candidate for delegate to the national Democratic convention from this state, today issued a statement in regard to Henry Ford's endorsement of President Coolidge in which he states that the reaction will hurt Coolidge instead of helping him.

"The first impression made by Mr. Ford's statement will probably be favorable to President Coolidge's candidacy, but the reaction is likely to prove a damaging blow to the president."

"Mr. Ford has been talked of as the candidate of the masses, his support coming from both Democrats and Republicans who interpreted his candidacy as a protest against the reactionary policies of most of the Republican leaders and some of the Democratic leaders. Mr. Ford as the millionaire champion of the poor people of the country would make an inspiring spectacle, but Mr. Ford lost it when he climbed on the band wagon, his action emphasizes the dividing division between those with high incomes and those with small incomes."

MRS. MARGARET WEAVER IS ARRESTED AT BIRMINGHAM
ATLANTA, Ga., Dec. 22 (AP)—Mrs. Margaret Weaver, under indictment as an accessory before the fact in the murder of William S. Coburn, Ku Klux Klan attorney, who last night was found guilty of first degree murder for the fatal shooting on November 8 of William S. Coburn, Klan attorney, by a jury in Fulton county, superior court, today announced a motion for a new trial today.

The jury after deliberating all day yesterday, recommended for mercy which automatically fixed a penalty of life imprisonment for the defendant.

Announcement of the decision to the public was made by Judge O. H. Howard, who presided over the trial. He said the motion was filed that the hearing on such a motion would not be placed on the calendar for several weeks in order to give the court stenographer time to complete the transcript of the voluminous record.

While the hearing on the motion is pending it was said Fox will be held in Fulton today. The defense is all set for a new trial. The hearing on such a motion would not be placed on the calendar for several weeks in order to give the court stenographer time to complete the transcript of the voluminous record.

The hearing on such a motion would not be placed on the calendar for several weeks in order to give the court stenographer time to complete the transcript of the voluminous record.

STEPHEN HARRIS OF SAVANNAH, brother-in-law of the widow of the slain man, said Mrs. Coburn was disappointed over the result of the trial. He said Mrs. Coburn, while asserting that the state had made a wonderful trial, felt that justice had not been done.

Fox took the verdict more calmly than had been expected. While he was extremely nervous during the trial, he maintained a disinterested attitude during the eight days the trial lasted, scarcely speaking to his attorneys during the entire proceedings. Asked by Judge Howard last night if he had anything to say before sentence was pronounced Fox merely shook his head.

Mrs. Fox wept with her husband in Fulton today when Fox was informed the jury was ready to return a verdict. She did not go with her husband to the court room. After a short conversation upon his return she left. She was crying as she passed newspaper men on her way from the tower and refused to make a statement. Jailer H. C. McFall, however, said that both Fox and his wife appeared to be well pleased with the verdict.

The case consumed nine days. It was called on Wednesday morning, December 12, and the first day was spent in the selection of the jury. Testimony was concluded Wednesday afternoon.

Two Ohio Doctors UNKNOWNLY GIVE POISON TO WOMEN

COLUMBUS, Ohio, Dec. 22 (AP)—Two prominent Columbus physicians, Dr. Jonathan Forman and Dr. E. Gordon, last night revealed that they had unknowingly administered poison to two women who died last September while in a period of a week and to a physician who recovered after having been dangerously ill for several days. All three were undergoing treatment for digestive disorders.

A majority of the medical profession in the city sided Mrs. Forman and Gordon in their investigation and when the cause of the deaths became known they requested that their names be made public.

The victims, Mrs. Minnie C. Davies of Columbus, and Mrs. Nellie Paul of Circleville, at first were supposed to have died of heart disease. Each was given an amount of a preparation made of several drugs which state of Europe would not permit a physician to observe its passage through the alimentary tract. Mrs. Davies was a patient of Dr. Forman and Mrs. Paul was treated by Dr. Gordon. Both died soon after the giving was administered.

Shortly after the solution was given to Dr. W. D. Murphy he became violently ill by reason of the fact that his stomach refused to hold the liquid he was saved from possible death.

Shortly before Mrs. Davies died Dr. Forman purchased a supply of one of the drugs used in the solution from a local wholesaler.

Dr. Forman and Dr. Gordon were advised to go over the medical history of each patient and called upon other physicians in the city. After pursuing this course for a while it was decided to have an analysis made of the drugs used in making the solution. One of the drugs was found to be almost pure poison.

Families of the dead women were asked to hold the physicians blameless.

An officer of the drug company from whom Dr. Forman purchased the drug refused to discuss the case.

NEW KIND OF COAL MAY SOLVE FUTURE PROBLEM OF SUPPLY
BALTIMORE, Dec. 22 (AP)—A new kind of coal which will eliminate the smoke nuisance, eliminate the need for stokers and firemen and solve the problem of the world's coal supply is described by Dr. Alexander G. Threlk, professor of mechanical engineering at Johns Hopkins University.

Powdered and pulverized coal is the latest thing in fuel, according to Professor Threlk, who has developed a small bottle of the substance which is as soft as talcum powder and which is non-toxic and non-inflammable.

The coal is first dried and then ground to a fineness that it will pass through a 200 mesh sieve. It is then compressed into a solid mass through such a sieve the coal must be ground to two thousandths of an inch in diameter.

It costs approximately 30 cents a ton to turn bituminous coal into a powdered form by drying and grinding and about 30 cents a ton for anthracite coal.

The advantages of powdered coal are well worth the additional expense of preparation. When powdered coal is used in power plants one boiler easily does the work of two. We have discovered the efficiency of a ton of powdered coal to be between 85 and 92 per cent."

His expressed doubt, however, whether the explanation accompanying the invitation would cause him to alter his decision not to return to Greece for the present.

Nevertheless, close friends of the former premier say he is greatly impressed by the receipt of a telegram from the military group representing 1500 army and navy officers, also requesting his immediate return to Greece. Although he replied in the negative, his friends say he will be glad to meet his colleagues in Paris and discuss the situation.

JACK DAW'S ADVENTURES

Dear Santa—

"That little Toek has gone to get your watch," said Ticky. "And while we are waiting for him to return let's look in the cuckoo room." And with that Ticky opened a door and Jack peeped inside. The whole room was filled with cuckoo clocks. Jack had never seen so many different kinds before.

As Jack stood looking them over, Flip sneaked into the room and started to bark. Now, barking always scares birds and in an instant there was a great commotion. Every cuckoo clock started to cuckoo, and out of the front of each clock flopped a little bird. The room was in an uproar.

THESE CIVIL WAR VETERANS, Wesley Kerr, left, and Harvey Carter, survivors of the battle which was the first and last shots at the battle of New Market in 1862, were recently honored by the Marines shown here. They were allowed to fire the first and last shots when the battle of New Market was re-enacted by the marine corps as part of the maneuvers on the Virginia battlefield.
