

SUGGESTS DRASTIC ACTION TO CONTROL DIPLOMATIC BOOZE

REPRESENTATIVE SAYS THAT CONGRESS SHOULD CLEAN AROUND OWN DOOR

ADVOCATES THE USE OF "EXECUTIVE GUILLOTINE"

Calls For Immediate Resignation of Every Executive Appointee Who Drinks

WASHINGTON, Jan. 3.—Drastic action to put a stop to alleged liquor drinking by members of congress and other high government officials and to prevent leakage of diplomatic liquor into bootleg channels was demanded today by Representative Ophus, Democrat, of Georgia. His measure was embodied in a resolution and a speech prepared in support of it.

Mr. Ophus said congress should clean around its own door by passing a resolution declaring persons now in the floor of the house guilty of having used their influence of liquor in the capitol or house building or known to have liquor illegally acquired in his office.

He also suggested that federal appointees, cabinet officials, army and navy officers and diplomatic and consular representatives abroad be required to take a pledge of total abstinence.

"Executive guillotine," he added, "should be used on all government officials known to drink liquor."

YOUNG WOMAN IS RESCUED FOLLOWING FIVE YEARS IN ROOM

BEAR RIVER, N. E., Jan. 3.—Bertha Potter, 22, for the first time in five years, has been taken outside the house in which she had been confined for five years.

Her father, J. W. Potter, who had been the prisoner of William Leat, 43, neatly dressed and apparently in good health, she said, the door of the room had been opened with windows tightly sealed. A charge of seduction was made against Leat yesterday.

Eight years ago after Leat's wife had left him Miss Potter, an orphan ever since the guard has been in the house in which she had been confined for five years.

After three years she disappeared from view of neighbors, but an investigation was not made until recently when the attorney general received a letter of complaint from some one in the United States whose identity was not revealed.

The informant said he had seen the girl, recently, in Leat's house in 1917.

Union Oil Company to Issue \$4,500,000 Stock

SAN FRANCISCO, Jan. 3.—The Union Oil Company, of California, and the Union Oil Association, a holding company, have issued notice to stockholders of an immediate issue of \$4,500,000 Union Oil stock at \$100 per share for the purpose of providing for the growth of the parent company.

John W. Layne Dies at His Home Near Haskell

HASKELL, Texas, Jan. 3.—John W. Layne, 66, living four miles west of this city, died last night after a very brief illness. Mr. Layne had recently returned from the northern states where he spent the summer and seemed to be in good health and spirits. His death was unexpected.

Residence at Anson Is Destroyed by Fire

ANSON, Texas, Jan. 3.—The residence of Mrs. J. L. Gordon on South Main street was destroyed by fire at 2 o'clock Wednesday morning, supposedly from defective wiring. The building and contents was practically a total loss with very little insurance.

Security National and First National of Electra Merged

ELECTRA, Texas, Jan. 3.—The Security National Bank and the First National Bank have been consolidated, the change taking effect January 1. The bank will be operated under the name of the First National Bank and will occupy the First National building at the corner of Cleveland and Waggoner streets.

Hiram Johnson Is To Fire First Gun in Fight for Ohio

CLEVELAND, Ohio, Jan. 3.—The first gun in his battle to wrest Ohio from the "Orthodox Republican" and President Coolidge will be fired here tonight by Senator Hiram W. Johnson in an address at Masonic Temple, Forting' (sic) in his friends say, will have only a minor part in the speech.

College and High School Exams Are to Begin Monday

Final examinations at the junior college and high school will begin Monday morning, according to an announcement from the principal of the high school Thursday morning. Classes in those two institutions are completing the semester's review this week and all students and teachers will be prepared to begin the final at 9 o'clock Monday morning.

### Majority and Dissenting Opinions In Wichita Falls Gas Case Are Received From Austin Thursday

Receiving its decision upon the "showing of the accounts in the records, that the company has not shown a monthly operating charge of one cent a month on each meter used by customers."

The local commissioners on the first day in which the question of the gas company's petition was before the Texas law. The gas company petitioned the city of Wichita Falls for a rate of return on its investment in the gas plant and distribution system of the city of Wichita Falls.

The city council, in cooperation with the chamber of commerce, is now preparing to carry the question into the state courts with the purpose of obtaining a final decision from the supreme court of Texas.

The majority opinion received here Thursday reads as follows: "The Municipal Gas Company, hereafter referred to as the 'gas company,' filed an application with the city of Wichita Falls, hereafter referred to as the 'city,' for authority to collect a service charge, or readiness to serve charge, of one cent a month for each meter used by the city of Wichita Falls."

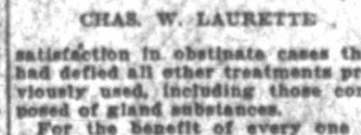

The majority opinion received here Thursday reads as follows: "The Municipal Gas Company, hereafter referred to as the 'gas company,' filed an application with the city of Wichita Falls, hereafter referred to as the 'city,' for authority to collect a service charge, or readiness to serve charge, of one cent a month for each meter used by the city of Wichita Falls."

### Remarkable "Rejuvenation" Reported By Man of 75

A remarkable "rejuvenation" is reported by Charles W. Laurette, 75 years of age, a well known and respected citizen of Mississippi. Mr. Laurette declares he has been made as "young and vigorous" as he was at the peak of his life, although not so very long ago he believed his days were numbered.

"I have been taking the Kortex compound three weeks and can truthfully say that I am a well man today. In fact, I am as vigorous and supple as I was 25 years ago. When I began using the compound I walked with a cane. My memory could not be depended upon, my excitement diminished, and I could hardly tell my most intimate friends across the street, and I was very nervous. In fact, it seemed as if I surely could not stay in this world much longer. Thanks to the Kortex compound, all these ailments have disappeared, my memory is as good as ever, and I could hardly tell my most intimate friends across the street, and I was very nervous. In fact, it seemed as if I surely could not stay in this world much longer."

CHARLES W. LAURETTE

while the witness for the city found \$22,322.75. The differences instead of witnesses for the gas company having treated federal income tax, loss on sale of automobiles, donations, over and short items, loss by burglary, loss on shop sales and bad debt losses as deductions from income or as operating expenses.

The gas company insists that it should be allowed to earn 10 per cent annual return upon its investment in the gas plant and distribution system of the city of Wichita Falls.

# SOCIAL AND HOUSEHOLD ITEMS OF INTEREST TO WOMEN

## Several Study Clubs Hold Annual Business Meetings and Elect New Officers at Wednesday Meetings

The Junior Travel Club elected officers for the coming year Wednesday at their annual business meeting, selecting Mrs. Wayne Somerville president for a second term. Other members of the new board include Mrs. Chester Wynne, vice-president; Mrs. O. V. Wilson, recording secretary; Mrs. Jack Seelig, treasurer; Mrs. J. L. Jackson, Jr., parliamentarian; Mrs. Agnes Reid, librarian; Mrs. Fred Albert, chairman of the program committee; with Mrs. Miller and Mrs. Leslie Stringer on the nominating committee.

Suggestions for the year's course of study were made, and later a social hour enjoyed during which the business served refreshments to the following: Mesdames Joustette Bonner, J. H. Bonner, Fred Elbert, Edithbeth Erwin, Charles J. Francis, Raymond Myers, Leslie Stringer, Harry White, and Jack Spicic; Misses Helma Kahn, Sibyl Hill, Agnes Reid, and Florence Sammons.

The club meets next week with Mrs. C. E. Hays at the home of her mother, Mrs. Avis, on tenth street.

## PIERIAS ELECT NEW OFFICERS AND PLAN WORK COMING YEAR

Election of new officers for the coming year, and suggestions for the new calendar of study furnished an interesting business program for the Pieria club members Wednesday afternoon, at their meeting with Mrs. Alan Duncan. In the absence of the president, Mrs. Frank Hoover, who is out of town, Mrs. Duncan presided, and the following executive board was nominated and elected by unanimous vote: Mrs. A. C. Farka, president; Mrs. Kenneth Debb, vice-president; Mrs. C. N. Richardson, recording secretary; Mrs. F. O. Harrison, corresponding secretary; Mrs. Edwin Bebb, parliamentarian; Mrs. T. Drinkard, critic; Mrs. A. C. Dulane, press reporter; Mrs. J. H. Halley, librarian.

Mrs. Parks, the incoming president, was named delegate, with Mrs. Frank Hoover alternate, to the state convention of the Federation next year. Mrs. Richardson, delegate and Mrs. Dulane alternate to the district meeting in the spring.

There was an animated discussion of new study proposed, but final decision postponed. A social hour was enjoyed, when the hostess served delicious refreshments. Mrs. James Edwin Bebb, Kenneth Bebb, T. Drinkard, A. C. Dulane, O. T. Goraine, F. O. Harrell, Earl Jameson, A. C. Farka, J. H. Halley, C. N. Richardson, and Miss Clara Schultz.

## THIS WOMAN RELIEVED FROM SUFFERING

By Lydia E. Pinkham's Vegetable Compound, A Remarkable Story.

Dover, Del.—"I wish every woman would take your wonderful medicine as it has done so much good to me. I had cramps and faint spells and very bad pains. One day I was over to my neighbor's house and she told me I ought to take Lydia E. Pinkham's Vegetable Compound. So I went to the store on my way home and got a bottle, and took the first dose before supper. I have been taking it ever since, and you can hardly believe how different I feel. I had just wanted to lie in bed all the time, and when I started to brush up I would give out in about five minutes. So you know how badly I felt. I used to go to bed at eight and get up at seven, still tired. Now I can work all day and stay up until eleven, and feel all right all the time. My housework is all I do in summer, but in winter I work in a factory. I have told a good many of my friends, and I have had three come to me and tell me they wouldn't do without the Vegetable Compound."—Mrs. SAMUEL MURPHY, 219 Cecil St., Dover, Delaware.

## MRS. STANLEY M'GREGOR REELECTED PRESIDENT SOROSIS CLUB WEDNESDAY

Mrs. Stanley McGregor was re-elected president, with Mrs. I. W. Harrison, vice president; Mrs. E. S. Archambault, secretary; Mrs. Harrison E. Bachman, corresponding secretary; Mrs. Verne Harrell, press reporter; and Mrs. Joe D. Harris, parliamentarian, of the Sorosis Club at the Wednesday afternoon meeting, when the club held its annual business session with Mrs. Ernest Archambault on Taylor street.

There was no other business or study, though the members enjoyed a delightful social hour with Mrs. Archambault, who served a salad course to Mesdames R. E. Hillburn, Stanley McGregor, Bachman, Harris, Burke Taylor, A. W. Burdick, Karrenbrock, Scannell and Harrell.

## MRS. FAIN PRESIDENT, MRS. WALLACE DIRECTOR WEDNESDAY STUDY CLUB

With Mrs. B. L. Fain elected new president of the Wednesday Study Club, and Mrs. Charles William Wallace consenting to act as director of the Shakespeare study for another year, the annual business meeting of the club was accom-

## The Tangle

Letter from John Alden Prescott to his mother-in-law, Mrs. Joseph Graves Hamilton:

Dear Mother:

I hope you will allow me to wish you the pleasantest of Journeys on your trip abroad.

I know you are going to be filled with gladness when you see Alice driving away for her presentation at court. I sometimes wonder if Leslie has any regrets in the loss of all these privileges and festivities, she however, seems perfectly satisfied to be a poor man's wife, especially since we adopted the baby.

Leslie writes me that Mr. Hamilton is much taken with him. Of course that makes her very happy and I am extremely glad that you have taken the kiddie to your hearts, especially as my mother has not been so kind about it. She seems to think that because I gave him the name of John Alden Prescott I have done something very terrible. Let me say that you have all my good wishes for a pleasant journey and a safe return.

Affectionately, your son,  
JOHN ALDEN PRESCOTT.

Letter from Leslie Prescott to John Alden Prescott:

That was a sweet letter, dearest, you wrote to mother. Almost sweet enough to make up to me for not getting one myself.

You are not angry with me, are you, John, and please do not pity me for not going abroad with mother and dad. I'd much rather stay

plished very happily Wednesday afternoon.

With Mrs. Fain, Mrs. O. E. Nicholls will serve as vice president; Mrs. C. N. Richardson, recording secretary; Mrs. C. N. Alexander as corresponding secretary; Mrs. Edwin Bebb, parliamentarian; Mrs. T. Drinkard, critic; Mrs. A. C. Dulane, press reporter; Mrs. J. H. Halley, librarian.

Mrs. Parks, the incoming president, was named delegate, with Mrs. Frank Hoover alternate, to the state convention of the Federation next year. Mrs. Richardson, delegate and Mrs. Dulane alternate to the district meeting in the spring.

There was an animated discussion of new study proposed, but final decision postponed. A social hour was enjoyed, when the hostess served delicious refreshments. Mrs. James Edwin Bebb, Kenneth Bebb, T. Drinkard, A. C. Dulane, O. T. Goraine, F. O. Harrell, Earl Jameson, A. C. Farka, J. H. Halley, C. N. Richardson, and Miss Clara Schultz.

## T. E. L. CLASS ELECTS NEW OFFICERS AND ENJOYS SOCIAL MEET

The T. E. L. Class of the Fifth Heights Baptist church elected new officers and enjoyed a delightful social session Wednesday afternoon at the home of Mrs. J. W. Loving on Fillmore street.

Mrs. W. O. Fisher led the devotional which opened the business session, when the following officers were selected for the coming year: Mrs. J. E. McKee, president; Mrs. E. A. Hill, vice-president; Mrs. W. O. Fisher, secretary; Mrs. M. Fry, third; Mrs. Felix White, treasurer; Mrs. O. O. Adkins, reporter.

A dainty salad course was served at the close of the session to Mesdames H. A. O'Neil, E. L. Ward, J. T. Duke, Robert Farmer, Dickson, W. O. Fisher, George Surot Jr., J. J. Phillips, Felix White, J. W. Lovell, and O. O. Adkins.

## NEW SOCIAL CLUB IS ORGANIZED AT MRS. HARDY'S HOME

A new social club, the "Mistral Fado" (Mist and Lullaby) was organized during a very delightful meeting of a group of Burnett street friends, Wednesday afternoon, at the home of Mrs. Eugene Hardy, 1325 Burnett street.

During the enjoyment of a dainty refreshment course topics were offered, and Mrs. Hardy presided for giving what was judged to be the best. The members sewed and conversed, and decided during the business session to limit the membership to a group of ten.

Those who were present included Mesdames E. N. Ashe, Lena Herndon, L. C. Taylor, W. B. Bishop, E. C. Hall and Clyde Lemen. The next meeting will be the coming Wednesday at 7 with Mrs. Lomen, 1291 Burnett.

## COTERIE CLUB MEETS OPEN SESSION WITH MRS. W. W. ANDERSON

The Coterie Club enjoyed an open meeting at the home of Mrs. W. W. Anderson Wednesday afternoon, when the guest privileges resulted in a group of visitors who added much to the enjoyment of the weekly meeting.

New Year's resolutions furnished an interesting topic for answers to roll call, after which Miss Juanita Harrison gave several readings, and Mrs. T. D. Cook read. A contest of quotations from the club's recent study of "Pippa Passes" was enjoyed very much. The hostess served ice cream and cake with tea and talk to Mesdames Thornberry, Griswold, Steele, L. B. Bushanan, Chairman, S. M. Goss Jr., Fred Gates, Jarrel, and Pat Richmond, and Mesdames Couch, Hubert Harrison, S. M. Goss, W. P. Ferguson, J. H. Martin and A. R. Biskley.

The annual election of officers was postponed to the next meeting.

Skating outfits are handed with care, and considered with bright colored wools.

How to care for Dull Hair

When your hair is dull, it is because it is not getting the proper care. It is not getting the proper care because it is not getting the proper shampoo. Golden Glint Shampoo is the answer. It is the only shampoo that cleanses the scalp and restores the natural color and shine of the hair. It is the only shampoo that is gentle on the hair and does not dry it out. It is the only shampoo that is economical and lasts a long time. It is the only shampoo that is available in all drug stores.

## RED PIMPLES ALL OVER FACE Itched and Burned, Lost Sleep, Cuticura Heals.

"My trouble began with little red pimples breaking out all over my face. Later the pimples became larger and even so sore that I could hardly wash my face. They itched and burned so that I could not sleep. The trouble lasted about three months.

"I read an advertisement for Cuticura Soap and Ointment and purchased some. In five days a wash I cut out a dime in my face and in two months I was completely healed." (Signed) Miss Donald Newton, Plano, Texas.

Get Cuticura Soap, Ointment and learn the care of your skin. Write for a free booklet, "How to Cure Your Skin Troubles," to Cuticura, Dept. 100, P. O. Box 100, Lowell, Mass.

## BRIEFS AND NOTICES

Tonight is gym night at the Masonic Temple for the Rainbow Girls, and a volleyball team is to be organized between the Rainbow and Eastern Stars, 7:30.

The Girls' Parent-Teachers meet Friday afternoon at the school auditorium at 2:30 o'clock. Mrs. Homer McGregor will give the report from the Tyler congress meeting.

The Floral Heights Wesley class has postponed its meeting from this Friday to Friday of next week.

that gun, a girl of her disposition, way up and down with waste she got it when she was making Mickey.

### TRAVELED A FAST GAIT ACCORDING TO FRIENDS

DENVER, Col., Jan. 2.—Courtland Dines was in Denver two weeks ago visiting his parents, Mr. and Mrs. Tyson Dines, and telling his male friends in Denver society what a "swamp" time he was having in Los Angeles with Edna and Mabel. They certainly were "nice girls."

### WOULD NOT APPROVE OF MARRIAGE TO SCREEN STAR

GULFPORT, Miss., Jan. 2.—"We would not approve of a marriage to a screen star." We do not consider that the type of woman represented in the modern motion picture actress makes good home material.

### FIND THAT ENFORCEMENT OF PROHIBITION LAW IS HANDICAPED BY POLITICS

HARRISBURG, Pa., Jan. 2.—The Pennsylvania citizens conference called to consider ways of the strict enforcement of all laws, particularly the prohibition law, in Pennsylvania in findings adopted yesterday declared that the federal prohibition enforcement service was handicapped by politics and that the purpose of the Volstead act could not be accomplished until the present.

the tragic affair and which was reported to the authorities when the chauffeur walked in the Wilshire police station, threw down his revolver and announced, "I've just shot a girl at 'Edna' and 'Mabel'." When the police arrived at the handsome apartment they found Dines in bed, where the chauffeur had helped place him before surrendering himself.

"When I got to Edna's apartment I found everybody had been drinking, maybe only a drink or two, but just the same—drinking, and her going to the hospital Thursday.

### TRAVELER'S FRIENDS

"I want eleven months of perfectly straight married life, but I've got to have about one month a year for play," was the way Dines put it. But his two wives, both beautiful girls, both wealthy, say what Court really wants is one month of decent married life and eleven months of play, and now he has changed it to twelve straight months of play, two weeks ago, he said to an intimate friend here:

### TRAVELER'S FRIENDS

"Every afternoon I leave my office right after lunch and we go to Mabel's house, or to Edna's, or to the home of Norman Carey, the actor.

### TRAVELER'S FRIENDS

"We drink and play around and you never tasted such Scotch highballs. It certainly is a lot of fun. Then we have a new club called the 'Beach Club' at Santa Monica. We play around on the beach in our bathing clothes till we are tired, then we go into the club house and sit in on a big thick rug and drink highballs and smoke—in our wet bathing clothes.

Mabel Normand and intended to toss her to a fellow standing a few feet away and he was to catch her. He didn't make it and Mabel fell in a heap on the floor and broke her collar bone. The man saw two Mabels coming and caught the wrong one. Some party that—

Friends say that "Court" informed them a lot of girls in Denver knew Casey. He used to be a socialist salesman from New York and visited Denver on his wasters selling trips. Recently he starred in "The Merry-Go-Round." Now he is a "Lil Pat" of Mabel and Edna and Court.

### TRAVELER'S FRIENDS

The most peculiar thing about "Court," his friends say, "is the fact that although both wives have divorced him he still loves them both. They are both such wonderful girls." Court told his friends, "and I'm sorry I made life so miserable for them."

### TRAVELER'S FRIENDS

Both ex-wives tell their friends: "I am crazy over Court. It's too bad he is so wild."

### TRAVELER'S FRIENDS

Neither wife got alimony. Both are rich and didn't need it. "I'm sorry I made life so miserable for them."

ent "frankly and firmly takes this entire service out of politics and gives a responsible head full freedom in selecting and controlling his men."

The enforcement service in Pennsylvania was characterized "totally ineffective."

## Get Rid of That Backache!

IS THAT dull, constant backache making you old and miserable? Do you get up lame and stiff; drag through the day feeling tired, nervous and depressed? Evening find you utterly worn out—fit only for bed? Then you should be looking to your kidneys. Winter's colds and chills make extra work for the kidneys. And too often the strain is more than the hard working kidneys can bear! The kidneys fall behind in keeping the bloodstream pure and there is slow poisoning of the whole system. Daily backache results, with rheumatic pains, headaches, dizziness and annoying kidney irregularities. One feels lame, stiff and aching; nervous, irritable and dispirited. Don't wait! Delay may prove serious. Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's have helped thousands. Home folks recommend them. Ask your neighbor!

**Read How These Wichita Falls Folks Found Relief:**

MRS. G. A. SWOFF, 618 Southwest Street: "I had pains across the small of my back and in my side. My kidneys acted so frequently. My eyes got puffy underneath and my ankles swollen, too. After using Doan's Pills, I was entirely cured in seven years later. Mrs. Swoff said: 'Doan's Pills cured me and I have had no occasion to use them since. My cure has lasted.'

A. M. CROSS, retired farmer, 300 Lee Street, says: "A cold settled on my kidneys and I was so sore and lame across my back, I could hardly work. When I stopped, a pain took me in my back and I thought my back would break. Sometimes I got so dizzy I had to sit down. I used Doan's Pills and they cured me of the attack."

MRS. A. W. ROBBINS, Austin 24, says: "My kidneys got in bad shape and the small of my back was very sore and I was so nervous and lame. When I stopped, a sharp twinging pain caught me in my back, making it hard for me to straighten. There was a continual pain in my back and I used Doan's Pills added to my misery. I purchased one box of Doan's Pills from the Best Drug Store and they cured me."

THURSDAY, JANUARY 3, 1924

A THOUGHT FOR TODAY

Fret not thyself because of evildoers, neither be thou envious against the workers of iniquity. For they shall soon be cut down like the grass, and wither as the green herb.—Ps. 37:1-2

To overcome evil with good is good, to resist evil with evil is evil.—Mohammed.

BLACK CURTAIN

More people die in January than in any other month, the census bureau reports, basing its information on 1921. A large life insurance company claims March has the greatest death toll, according to its records for 1920, 1921 and 1922.

At any rate, we're now in the most dangerous season, which begins around the first of the year and lasts until summer.

March is especially favorable to the undertaker. In March comes the harvest of winter weather and winter habits. In climates that have cold winters, people get less fresh air and outdoor exercise than in summer. They get "run down" in the ability to fight invading disease germs. Defenses are weakened, especially lungs and blood. March comes. People pay for wintertime health negligence. March is a notorious friend of flu, pneumonia and organic heart trouble.

Summer is the healthiest season, only one death in five taking place then. This, too, despite summer-time hazards such as autoing, boating and strenuous outdoor physical activity.

More auto deaths in August than any other month, the insurance people warn. That's the time to run your own safety first campaign.

January leads all other months in suicides. The man next door suggests this may be a result of Christmas blues. April ranks second for suicides. It's spring fever month—say—the logical time for folks to try to escape effort and trouble.

There are more inviting subjects than death, we admit. But death is the final goal, the ultimate outcome of every person and every endeavor. The world would be a better place to live if people gave more thought to the certain destination at the end of the long, difficult road.

FOR BETTER PROTECTION OF WILD ANIMAL LIFE

Reports from Austin indicate that more than 30,000 hunting licenses were issued in 1923. The number is larger than ever before issued in a single year. Not only are more men and women going on hunting trips than ever before but they are going further, and territory that was once visited by only a few hunters is being invaded by many now. The automobile has largely made this possible.

The last twenty-five years have seen a great diminution in wild animal life in Texas. The same ratio of decrease will see its practical extinction within the next twenty-five years. But there are states more populous and territory more easily accessible from large centers than hunting territory in Texas in which game has actually increased within recent years. Protective laws, the creation of game reserves and the propagation of game have brought about this condition. Texas must study the methods of other states and adopt the best of them for the protection of wild animal life to the end that it may be increased rather than brought to practical extinction.

WORTH MILLIONS TO BUCKET SHOPS.

The Columbus, O., Dispatch prints a cartoon in a recent issue that depicts one of the results that is certain to follow the wide publicity given the Wall Street transactions of Lieutenant Wood, son of General Wood, governor general of the Philippines. The cartoon pictures a "wily" old bear wearing a sly grin turning into the road to which a sign post with the words "Something For Nothing" directs. He carries a bucket labeled "tips" from which he is slyly dropping "bait" that is luring a great flock of "lambs" down the highway of "Something For Nothing."

That is the effect of Lieutenant Wood's success in playing tips in Wall Street. The publicity given his schemes will lead a lot of "lambs" to buy "tips" that will lead them to the inevitable shearing. The Lieutenant Wood's "expose" has doubtless been worth many millions to the bucket shop operators throughout the country.

ARE YOU SPEEDY?

Are we Americans really speed crazy? We're accused often enough, and most of us believe it. But just go into the downtown district and watch the pedestrians, especially those who amble along on the wrong side of the walk, halting up traffic. Watch them in the busy hours—and see how they begin to revise your notions about speed mania.

Occasionally one of the pedestrians hustles so fast he almost knocks his neighbors down. But this speeder is exhibiting a sport of speed, not a chronic condition. He's hustling to get to the bank before it closes—or hurrying to some other destination be-

SHANEADOCH VOYAGE

Another Gun Voyage, Wonderful Achievement, The Exchange Market.

By ARTHUR SHANEADOCH (Copyright, 1923, The Star Co.)

It is planned to send the dirigible Shenadoch to the North Pole. An interesting idea, but some engineers and others declare the Shenadoch unfit for such a journey.

If there is any doubt about it, there should be no such North Pole trip. The all operators and clubman, now the world and it was getting late. The chauffeur of one of the cars, not so very late, the clubman tried to hit him with a bottle "for consolation." The chauffeur said: "Not being very strong physically, I pulled my gun and let him have it."

"Pulling your gun and letting him have it" with drumsticks as the police diagnosis, is becoming quite frequent in our fair prohibition land.

Chicago contractors moved a 100-ton boiler in a building weighing fifteen million pounds. They did it so skillfully that tenants remained in the building and went on with their lives from the time the boiler was moved. The boiler was moved a distance of 25 feet in 24 hours.

The head contractor of the universe does a moving job every week. He moves the earth, the sun, the moon, the stars, the planets, the galaxies, the universe. He moves it all in a week. He moves it all in a week. He moves it all in a week.

And we don't exclaim at all. In fact we have only recently discovered that the earth moves at all. Not so long ago we were taught that the earth was the center of the universe. The church authorities punished men, with the best of intentions, for asserting that the earth moved.

Things even more remarkable are happening around us, and we don't suspect it. For real news of Europe, watch the exchange market. What the world thinks of a nation's money, that is the world thinks of that nation, and its position. Yesterday the franc fell below five cents, the lowest record. The French public debt, in three years, has risen from 200 billion to 400,000,000,000 francs.

War does not pay, especially if you keep it up, after it ought to be stopped.

Once more, be careful how you invest your money. Finance will sell them to you taking their profit. But you won't find many of them in the strong financial world.

France is agitated by information that Germany is building warships ready to go to war, while Prussia and Saxony are great factors for manufacturing weapons. They are not all true, but it will be true in time, a worm will turn, when you step on it. Germany has 60,000,000 people, and they will turn sooner or later.

Let us hope this country will not be compelled to fight a great war. It is a terrible thing, a loss of life and property, a loss of 10 billion. We shall surely not start the next war, but we must be ready for it.

Man is an inferior animal, science tells you. If you were as strong as an ant you could lift 100 tons. If as agile as a flea, you could jump over a tall building. What a creature you would be! Pressing a button working a machine created by his brain, man can lift many thousands of tons. He can't jump like a flea, but he can go up in a flying machine and stay. The flea cannot do that. It's better to wire across the Pacific while the legs are arm.

The most important discussion at that scientific convention, just ended, dealt with the effect of glands. It was a discussion of the glandular system of the human body, especially children. Within a few generations, the human being will live, on the average, 100 years. There is no doubt as to this. It will be twice as effective as at present.

Clemenceau says the world has grown stupid. It is tired of it and will go to Japan to find a change. There he will find a nation that still has before it the troubles of the western world, as a young child facesumps and measles. Clemenceau says "The best way to win a war, is to lose it." There speaks his wisdom. He will be interesting, if he cared to say just what he thinks of modern French policy. But that will not be patriotic.

Congress will learn, by investigation, how General Wood's young son was able to make a million or so in Wall Street, speculating by wire across the Pacific. The information will interest thousands of gentlemen that miss in brokers' offices on money they once had before they decided to become rich suddenly.

A PUZZLE A DAY

Four incomplete words are given above. The first four letters of each word are indicated by asterisks. Can you supply the missing letters?

Yesterday's answer:  
1. A triangle  
2. A square  
3. A circle  
4. A rectangle

The drawing shows how the equilateral triangular field was divided among the four brothers so that each had a plot of ground equal in size and shape to the others.

TODAY'S TALK

By GEORGE MATTHEW ADAMS

THE GREATEST OWNERSHIP.

Right at the start you suspect what I have in mind. You are right. The greatest ownership in this world is your own ownership of yourself.

Most men's time is spent in barter. Not willing to earn, or even to accept as an inheritance what may be theirs, their first impulse is to barter for what they want and thus arrive quickly at their goal.

So it is that our streets are cluttered with ragged, incompetent lives seeking the crumbs of success and achievement at the tables of those who have gained with their life blood and effort for that which they own as their life.

Oh, how much it means to own what you have, to pay the price willingly, to be an independent soul, not bound down with the weight of other men's gifts.

After all, the only happy human beings are those who are, in the largest measure, free and independent.

A man may be festooned with the whole haberdashery of success, and go to his grave a castaway. No man really owns wealth. Most rich men are merely poor custodians.

The greatest and wealthiest man in the world is he who can awake in the morning and say honestly that he owns himself.

To such a one there can be no mortgage on anything. The sun and moon and stars are his. The fresh air taken through his nostrils is a stream of life-giving hope.

You say that you have nothing? Just think what a You you are!

Rippling Rhymes

By Walt Mason

I know the Eskimos need this to cool their fevered brows; the Hotentots need the sodas and cowbells for their cows; and sympathetic people come to tell me of their plights, and ask me for a goodly sum, to help these luckless wights. Also, there are so many drives, for this and that, today, the honest toiler seldom thrives, no matter what his pay. By hopes of independence whorled, he's salt away a dime, but he is caught and chloroformed by dreamlike, every time. The drivemobiles sound their cheery notes, and daily start crusades; a drive to build a home for goats, and one for ancient maid; a drive to build a stadium, a drive to roof the jail; and still the jolly drivemobiles come, and come on for the kale. I've fallen for so many drives, for guys who passed the hat, dispensed so many tens and fives, that I am busted flat. I need a pair of Sunday pants, to drape these limbs of mine, I need new hymbooks for my aunts and for my nieces plus; I need a better set of teeth than I am wearing now; I need a new and modern wreath upon my bulging brow; I need, so many, many things, including fire and gas, the message that the drivemobile brings to me seems sound; it rains.

TODAY

Shaneadoch Voyage, Wonderful Achievement, The Exchange Market.

By ARTHUR SHANEADOCH (Copyright, 1923, The Star Co.)

It is planned to send the dirigible Shenadoch to the North Pole. An interesting idea, but some engineers and others declare the Shenadoch unfit for such a journey.

If there is any doubt about it, there should be no such North Pole trip. The all operators and clubman, now the world and it was getting late. The chauffeur of one of the cars, not so very late, the clubman tried to hit him with a bottle "for consolation." The chauffeur said: "Not being very strong physically, I pulled my gun and let him have it."

"Pulling your gun and letting him have it" with drumsticks as the police diagnosis, is becoming quite frequent in our fair prohibition land.

Chicago contractors moved a 100-ton boiler in a building weighing fifteen million pounds. They did it so skillfully that tenants remained in the building and went on with their lives from the time the boiler was moved. The boiler was moved a distance of 25 feet in 24 hours.

The head contractor of the universe does a moving job every week. He moves the earth, the sun, the moon, the stars, the planets, the galaxies, the universe. He moves it all in a week. He moves it all in a week. He moves it all in a week.

And we don't exclaim at all. In fact we have only recently discovered that the earth moves at all. Not so long ago we were taught that the earth was the center of the universe. The church authorities punished men, with the best of intentions, for asserting that the earth moved.

Things even more remarkable are happening around us, and we don't suspect it. For real news of Europe, watch the exchange market. What the world thinks of a nation's money, that is the world thinks of that nation, and its position. Yesterday the franc fell below five cents, the lowest record. The French public debt, in three years, has risen from 200 billion to 400,000,000,000 francs.

War does not pay, especially if you keep it up, after it ought to be stopped.

Once more, be careful how you invest your money. Finance will sell them to you taking their profit. But you won't find many of them in the strong financial world.

France is agitated by information that Germany is building warships ready to go to war, while Prussia and Saxony are great factors for manufacturing weapons. They are not all true, but it will be true in time, a worm will turn, when you step on it. Germany has 60,000,000 people, and they will turn sooner or later.

Let us hope this country will not be compelled to fight a great war. It is a terrible thing, a loss of life and property, a loss of 10 billion. We shall surely not start the next war, but we must be ready for it.

Man is an inferior animal, science tells you. If you were as strong as an ant you could lift 100 tons. If as agile as a flea, you could jump over a tall building. What a creature you would be! Pressing a button working a machine created by his brain, man can lift many thousands of tons. He can't jump like a flea, but he can go up in a flying machine and stay. The flea cannot do that. It's better to wire across the Pacific while the legs are arm.

The most important discussion at that scientific convention, just ended, dealt with the effect of glands. It was a discussion of the glandular system of the human body, especially children. Within a few generations, the human being will live, on the average, 100 years. There is no doubt as to this. It will be twice as effective as at present.

Clemenceau says the world has grown stupid. It is tired of it and will go to Japan to find a change. There he will find a nation that still has before it the troubles of the western world, as a young child facesumps and measles. Clemenceau says "The best way to win a war, is to lose it." There speaks his wisdom. He will be interesting, if he cared to say just what he thinks of modern French policy. But that will not be patriotic.

Congress will learn, by investigation, how General Wood's young son was able to make a million or so in Wall Street, speculating by wire across the Pacific. The information will interest thousands of gentlemen that miss in brokers' offices on money they once had before they decided to become rich suddenly.

FIRE TONGUE

By SAX ROEMER

HEARD HERE TODAY

Mr. Charles Abington, sagacious Paul Farley, criminal investigator, to solve for him the mystery of the disappearance of the missing boy, he was dining at the Abington home fire station. The last words uttered by Abington were "I'm sorry," and "Fire-tongue" was pronounced death due to heart failure.

Paul said that to explain the meaning of "Fire-tongue," he had written to the missing boy, he was dining at the Abington home fire station. The last words uttered by Abington were "I'm sorry," and "Fire-tongue" was pronounced death due to heart failure.

Mr. Farley, sagacious Paul Farley, criminal investigator, to solve for him the mystery of the disappearance of the missing boy, he was dining at the Abington home fire station. The last words uttered by Abington were "I'm sorry," and "Fire-tongue" was pronounced death due to heart failure.

YOU AND I

By ALBERT APPLE

Looking backward: The most important thing in the unknown past in 1923 was the discovery of the small, but very real, 1500-year-old mummy in South Africa. Such is the belief of one distinguished group of scientists.

Previously, the anthropological experts doubted that man existed on the American continent earlier than 20,000 years ago.

People living in 1923 may look back and classify this as the most valuable contribution to knowledge in 1923.

From Ecuador come 150 specimens of the caecilians, a mouse-sized species, strange relic of the past. Their aquatic life, 100 million years ago, scientists say, like the vanished other forms of life that existed in the past. They are gone, but the caecilians live on unchanged.

Three million years of suspended development. It's a real thing of nature, for constant and eternal change seems to be the purpose of the universe.

Off and on for years, you've read a lot about experiments with the new cancer. The results of all the experiments are now summed up by the Rockefeller Institute for Medical Research, which announced that cancer apparently does not directly kill cancer cells, but stimulates healthy cells to attack and destroy cancer cells.

Don't bring me any souvenirs. (Copyright, 1924, NEA Service, Inc.)

YOUR HEALTH

By Dr. Clifford C. Robinson

Many important discoveries in modern medicine point are the result of having the X-ray used as a means of infection.

If you eliminate such diseases as the grippe, influenza, measles, diphtheria, typhoid fever, tuberculosis and syphilis, we find about 75 per cent of the other diseases are due to food infection in the mouth (teeth and tonsils) and the sinuses (both frontal and maxillary).

Dr. Rosenow of the Mayo Clinic has found this to be a fact. In his experiments he has reproduced in animals the same conditions which patients have suffered. By obtaining some of the material at the root of an infected tooth or from a maxillary sinus (after removal) and has injected it into an animal and produced the disease from which the patient was suffering.

High authorities in American medicine have predicted an increase in the severity of the disease during the coming generation. Fully 100 years ago this was a fact. It is partly because the wonderful X-ray has shown the way. The public with any sense and carrying out the practice of good hygiene to further such humane results.

The best way of having an X-ray examination for your health and protection is small. But whatever the cost the value in locating infection is worth any price. Where the dental clinic is fully equipped, the charge is moderate for mouth hygiene.

If you are worrying on account of a break in your health that seems to be a first-class infection, for a diagnosis. He will find that an X-ray test will help locate the cause of your trouble.

### MEETING CALLED TO PLAN FOR DENVER POULTRY SPECIAL

M. E. Oster, agricultural agent of the Fort Worth and Denver City Railroad Company, has called a meeting for Saturday afternoon at 2 o'clock in the office of the county agent at the court house, to discuss plans for the annual spring poultry school.

Each year for the past two seasons the Denver railroad company has operated a special car up and down its lines and held a one-day school in each town. Much interest has been shown in these exhibitions each year and the meeting Saturday is being held with the view of arranging a schedule for the special car this year.

### MUCH INTEREST SHOWN IN ELECTION MEMBERS OF BUSINESS COUNCIL

Much interest is being displayed in the election of delegates to the business council from the membership of the chamber of commerce, according to officials of the institution. Many ballots are arriving in each mail and competition is keen in many of the races.

### HEATING AND COOKING PROBLEM HAS BEEN SOLVED

Two San Antonians, Cole Y. Bailey and Leon D. Brooks, have recently brought out a new and wonderful device that generates kerosene oil into a vapor gas, eliminates dust and dirt, reduces the fuel bill, does away with all kerosene fumes connected with coal or wood, and can be quickly installed in any kitchen range or heating stove.

### Fort Worth Klan Members Are Required to Support Klan Ticket Selected at Elimination Meeting

FORT WORTH, Jan. 2.—Testimony relating to alleged Ku Klux Klan activities in Tarrant county, including the charge of suspension from membership for supporting non-Klan candidates for public offices, was given in federal district court here during hearing of a civil case in which it was charged that a fair and impartial trial was impossible in the state district court of this county because of Klan "influence and prejudice."

Jesse Martin, assistant United States district attorney, testified that he had been suspended from the Klan because he made speeches for a candidate other than a Klansman during the election in 1922. Following Martin with details of the Klan's alleged political program and policies came T. H. Mills, a former member likewise said he had been rebuked and suspended for political disloyalty and Dudley Kent, another witness, testified he said, "because the Klan got into politics."

Jesse Martin was suspended from the Klan, he declared, because he didn't stay in line and spoke for a non-member instead of Robert Hanson during the election in 1922. Mills, who wanted to run for justice of the peace, got caught under the elimination steamroller, he said, and when he defied elimination,

### Speaker Announced for Annual Banquet of Chamber of Commerce To Be Held Tuesday, January 15

Speakers for the annual banquet of the Wichita Falls Chamber of Commerce, which will be held at the First Baptist Church at 7 o'clock on the evening of January 15, were announced Thursday.

Luther Hoffman has been named to deliver before the large gathering a review of the work of the organization during the past year, and W. M. Moore, chairman of the plans and program committee for the new year, will tell of the plans for 1924.

John W. Shartel, prominent attorney of Oklahoma City, will discuss national issues and work. The principal address at the banquet will be made by Mr. Shartel.

Among the distinguished out-of-town guests who will be present at the dinner, will be Joseph Leopold, general manager of the south central division of the chamber of commerce of the United States, with headquarters in Dallas.

Walter D. Cline, president of the chamber of commerce, will preside at the meeting and five new directors will be elected by the members during the evening.

President and managers of the chambers of commerce in the principal cities of Texas and Oklahoma and of the cities in the trade territory of Wichita Falls have been invited to attend the annual dinner and election of directors and officers.

### POULTRY SHOW AT IOWA PARK OPENS THURSDAY MORNING

The annual poultry show at Iowa Park opened Thursday morning with approximately 800 birds on exhibition. Much interest is being displayed and the attendance on the first day was far beyond expectations.

The show will continue until Saturday night, and L. E. Norton of Wichita Falls, who has been selected as judge, started his work Thursday afternoon. He stated that the number of entries was also beyond the number expected. The majority of the birds are entered by farmers and poultry raisers in the Iowa Park community.

M. B. Terrill of Dallas is in the city on business.

**IRONCHITTS**  
Leaves a bad cough. So does "flu" and he grips. But these lingering coughs yield easily to the healing and curative qualities of **CHAMBERLAIN'S COUGH REMEDY**. Every user is a friend.

**Cured His Rupture**  
I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Friends did me no good. Finally I got hold of Chamberlain's Cough Remedy and completely cured me. Years have passed and the rupture has never returned although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give full information. Write to me, Eugene M. Pullen, 875-K, Maryland avenue, Muskogee, Ok. I. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Advt.

### BUREAU REPORTS CONDITION CROPS SOUTHERN STATES

WASHINGTON, Jan. 2.—The cold wave did not reach the more southeastern states, but freezing temperatures extended southward to central Alabama, northern Georgia and southwestern North Carolina, according to the weekly weather and crop report today of the department of agriculture. Precipitation was light throughout the south and the soil remained too wet for work in most parts of that area.

Growing crops were favorably affected by the mild temperatures and ample soil moisture in the south, although truck was needing drier weather in the west gulf district. Truck crops and winter gardens made satisfactory progress as a rule, although dry and sunny weather was needed in Texas and more sunshine would have been beneficial in much of the east gulf area. The grinding of sugar cane was nearly completed in Louisiana. Citrus remained in good condition in Florida, though shipments showed reductions and strawberries made fair progress.

order of the strength  
behind their  
advocacy, the  
changes in Mr.  
Mellon's tax propo-  
sals most  
strongly pressed  
are, first, placing  
a tax on stock  
dividends; second,  
an increase in the  
inheritance taxes  
on large fortunes;  
third, the restora-  
tion of the excess  
profits taxes; and  
fourth, the reten-  
tion of surtaxes  
on large incomes  
to an extent much  
larger than Mr.  
Mellon's. It is very  
probable that all of  
these changes will  
not be understood  
until congress until  
clear distinction be  
hand from which  
approaches it and the  
very considerable  
progress of both parties  
including some of

thodox conservatives. Mr. Mellon's  
point of view looks on the tax bill  
wholly as a revenue raising meas-  
ure. He has framed it with the  
primary purpose of collecting the  
maximum revenue. As an incident-  
ally of purpose, the bill is aimed to  
promote the minimum volume and ac-  
tivity of business, because his ob-  
vious theory is that maximum re-  
venue can be raised from maximum  
business.

Other Point of view  
The other point of view, which is  
sometimes consciously and some-  
times unconsciously in the minds of  
many members of congress, goes  
straight to the heart of the question  
whether it is best for the country  
and for society that large fortunes  
be protected and maintained in the  
hands of their present owners and  
their families and heirs, or whether  
it is best that these fortunes be dis-  
tributed to the degree or another.  
As respects the various proposals  
mentioned above, the tax on stock  
issues, the increase of inheritance  
taxes, the excess profits tax, and the  
retention of large surtaxes, there is  
no unity or leadership among  
those who oppose the Mellon proposal.  
But as respects the general propo-  
sition that, quite apart from tax rais-  
ing, it is a legitimate purpose to  
prevent the perpetuation of very  
large fortunes, there is practically  
complete unity among the opposi-  
tents of the Mellon proposal. On this  
point, the opponents include some  
of the most conservative men in  
Washington who are themselves  
owners or heirs of considerable  
fortunes. That is the reason the  
present writer believes that when  
the process of compromise arrives  
there will be a tendency to in-  
crease the inheritance taxes on  
large fortunes, among others, that it  
is better to lift the burden of in-  
come taxes on these fortunes while  
the owner is alive and making  
them, and increase the tax on  
them at death.

Counter to Former Theory  
This will run counter to a former  
theory that inheritance taxes  
should be spared by the federal  
government and left to the states,  
but that theory does not rest very  
heavily on the opponents of the  
Mellon tax proposals. Rightly or  
wrongly, this fundamental question  
of the attitude of government to-  
ward large fortunes is just below  
the surface.

The outcome just suggested, or any  
outcome, is many months away.

That there will be great delay in  
the most certain fact about the tax  
situation. Within a short time after  
congress reconvenes, attention  
will be shifted to a fight by in-  
surgent Republicans and many  
Democrats for changing the rules.  
Inasmuch as the regular leader-  
ship of the Republicans has twice  
yielded to its opponents on simi-  
lar questions, they may be expect-  
ed to yield on the rules. The  
changes proposed are in the direc-  
tion of greater freedom of amend-  
ment and debate, and greater con-  
trol by the body of the house over  
its officials and committees.

Will Be Time Consuming  
Regardless of the essential merit  
of these proposed changes, their  
certain result will be time con-  
suming. Further than this, it is  
clear that some Republican leaders  
of the senate are not heartily sym-  
pathetic to passing tax legislation,  
or much of any other legislation,  
at the present session.

As for the Democrats, they have  
no great impulse to help the Re-  
publicans pass a popular tax bill  
just before a presidential election.  
For justification they cite the tac-  
tics practiced by the Republicans in  
1919, when the Democrats were in  
control and tried to pass a post-  
war program of tax revision of their  
own.

As for the insurgent Republicans,  
who hold the balance of power, they  
will help delay by opposing to the  
end any tax reduction what-  
ever except their own radical propo-  
sals. That Democrat leader who  
has expressed public doubt whether  
there will be "any tax reduction  
the coming year" has the probabili-  
ties on his side.

Soldiers' Bonus  
As regards the bonus, if the ad-  
vocates of it want an early decision  
they can get it, for they have a  
clear majority in both houses. But  
one thing can be expected: Certain-  
ly, the senate will be required to  
vote clearly on the bonus standing  
alone, uncomplicated by tax riders  
or anything else. The opponents  
of the bonus are determined that  
the issue shall be kept clear, and  
they are able men, sufficiently  
numerous to carry out their deter-  
mination. It is less certain, but  
in the present writer's judgment  
very probable, that when the presi-  
dent vetoes the bonus his veto will  
be sustained by the necessary one-  
third in the senate.

Although there is more nearly  
universal agreement on the desir-  
ability of withdrawing the tax ex-

emption from bonds issued by  
states and municipalities than on  
any other aspect of taxation, never-  
theless there is less talk about this  
and less activity toward its ac-  
complishment than about the other  
aspects of the subject. It is gener-  
ally held that this is the chief cause  
of two admitted conditions, namely,  
the flight of large fortunes out of  
business into the protection of tax-  
exempt securities, and the stimula-  
tion of the excessive issue of  
bonds by states and municipalities,  
followed by the increase of local  
state and city taxes. But the  
writer knows of no leader or group  
in Washington that is attempting  
any step toward taking the tax  
exemption away from this kind of  
security.

**JUDGES ARRANGE  
WORK FOR COMING  
WEEK, JANUARY 7**

The three district judges have  
made their plans for the week be-  
ginning Monday, January 7, and it  
is contemplated that Judge F. A.  
Martin of the 19th district court will  
try non-jury civil cases and will oc-  
cupy the non-jury court room which  
has recently been remodeled in an  
effort to improve the acoustics.  
Judge H. R. Wilson will charge  
the grand jury for the December

term, which was impaneled on De-  
cember 17 by Judge Martin. Imme-  
diately after the charge has been  
delivered Judge Wilson will call his  
civil docket for settings.  
The criminal cases which have  
been assigned as set in the 19th  
district court for the week will be  
tried before Judge Wilson under the  
plans made by him.  
Judge E. W. Napier of the 7th  
district court has set a number of  
jury civil cases and he will be oc-  
cupied throughout the week in try-  
ing those cases. He will occupy his  
regular court room. Judge Wilson  
will occupy the regular 19th district  
court room.

W. F. Jordan has returned from  
Del Rio, where he spent the holi-  
days with his family. Mr. Jordan,  
who has been engaged in the real  
estate business here for the past  
year, plans to bring his family here  
at an early date.

**Ohio Paving to  
Start Within  
Next Ten Days**

Actual work on laying the brick  
for the pavement on Ohio Avenue  
is expected to begin within the next  
10 days, city officials said Thurs-  
day morning. A portion of the  
material is on the ground and work  
preparatory to paving is being  
rushed to completion.

A large crew of men were em-  
ployed Thursday morning laying  
the curb water line on the east side  
of the street. The feeders and curb  
line on the west side were laid be-  
fore the holidays.

The traction company had an-  
other crew of men repairing the  
tracks and welding joints in the  
car line from Eighth to Tenth on

Ohio. Within the next few days the  
curb and gutter in the four blocks  
will be torn out and the street pre-  
pared for removing the blocks.  
Material that is being utilized is  
being placed at the South Street In-  
termediate and it is indicated that  
work will begin at that end of the  
street. Sand to be used as the  
cushion for the brick will be  
brought from the river.

**PLANS COMP  
FOR BANQUET  
FOOTBALL**

The feasting after a  
paign—as was the custom  
of yore when the knight  
court gathered around the  
table will be celebrated by the  
school gridders Thursday  
the annual football ban-  
quet will take place at the  
Club, according to Coach  
Callum, high school foot-  
ball manager.

The most important of  
program will be the elec-  
tion of officers for next year.  
This is considered the high-  
est of any in the high school  
boys who take part in it.  
Honorary members will be  
thinking as to who will  
be the leader of the squad during  
the term.

The program for the  
football banquet for next  
year has been announced.  
It is considered that the  
banquet will be a success  
if any in the high school  
boys who take part in it.  
Honorary members will be  
thinking as to who will  
be the leader of the squad during  
the term.

According to Coach Mc-  
Clurkan, the high school em-  
blem will be presented to  
public presentation before  
the body will be made.  
The banquet will be held  
on Thursday night at 7:30 o'clock.

# TIMES' DAILY RECORD OF EVENTS IN THE WORLD OF SPORTS

## Coyote Track Team Aspirants Are Starting to Train Despite Cold Weather; Letter Men to Be Back

### PLANS COMPLETE FOR BANQUET OF FOOTBALL SQUAD

The feasting after a hard campaign—as was the custom in days of yore when the knights of the court gathered around the board—will be celebrated by the local high school gridder Thursday night at the annual football banquet. The event will take place at the Wichita Club, according to Coach A. Y. McCallum, high school football mentor.

The most important event of the program will be the election of a football captain for next season. This is considered the highest honor of any in the high school and the boys who take part in the celebration have been doing some fast thinking as to who will be the best leader of the squad during the coming term.

The program for the evening has not yet been announced. Nevertheless it can be assured that the trials and tribulations of the past season will be discussed freely. The committee in charge was arranging for a musical program.

Although the sweaters and letters have not arrived, the boys are anticipating this feature of the evening in order that their comrades who will leave for schools and colleges out of the city can attend. A number of the 1923 footballers are to leave within the next few days for their various schools and by a request on the part of the team members the banquet was held even before the arrival of the coveted "W's."

According to Coach McCallum the official high school emblem will be here by Monday or Tuesday and a public presentation before the student body will be made. The banquet Thursday night is scheduled for 7:30 o'clock.

English doctor says brain workers should get play golf. The gentleman ought to know brain workers do not play.

Judge Landis will tour Europe with all-star ball players next year, and eight others hope to lose his ticket back home.

Mexican rebels called off their war for a day and celebrated in the cabarets. It appears that General Sherman was misquoted.

Tex Rickard insists there are plenty of good referees, but fails to add what they are good for.

The A. A. U. investigators have found Padock guilty of the horrible crime of calling in a doctor to treat a case of flu.

We have no idea what made Padock rich, but we are sure it was some of the puritanical utterances made by amateur officials.

Of course referees will be permitted to (sneak) in the Olympic. Not that his record may be perfectly clean but because he is a great box office attraction.

Have you ever noticed what a surprisingly professional touch these amateur organizations use in operating the turnstiles?

Which reminds us that in these days when a person cuts off his nose it is not to spite his face so much as to improve it.

In the prize ring Eugene Crippen may have been merely a featherweight, but in the esteem of men he was very much of a heavyweight.

Because he is strictly a defensive fighter, Crippen will not be re-matched with Dempsey. We trust this is no offense, Tommy.

The sporting writers say Connie Mack has been on a spending orgy, and we are wondering what he bought for those three dollars.

**ARMY-CIVILIAN EVENT POSTPONED WEDNESDAY**  
SAN ANTONIO, Jan. 2.—The opening games of the army-civilian football season of the big San Antonio mid-winter polo tournament, which were scheduled to be played Wednesday were postponed because of the death of Major Albert Gardner of the Fourth Field Artillery. The postponement will move the games of the event up one day and those scheduled to be played today will be played tomorrow.

## Runyon Says--

Middleweight Division is Developing and Promises Real Revival

By DAMON RUNYON  
(Copyright, 1924, Universal Service)

NEW YORK, Jan. 2.—The middleweight division, well nigh dormant for years, suddenly finds itself possessed of some little class.

It is in a fair way to a real revival. It requires the activity of the matchmakers, who seem to have lost sight of the division, to put it back where it belongs. For years it has been said that the division died with the passing of Stanley Ketchel, "the Michigan assassin." This saying finally came to be accepted as a fact. A number of mediocre champions of the division added to the belief that the class was gone.

But in the past two or three years new middleweights have been developing. There may be no Ketchel among them, but there are some real good men in the division as good in point of boxing ability as the division has ever known.

The trouble with the middleweight division, as the writer sees it, is that the match makers have fallen in with the theory that the division has disappeared. Instead of match making middleweights against middleweights, they match middleweights against light heavyweights, and the light heavyweights class is small. Middleweight nowadays is a man who weighs 160 pounds or under, while if he scales a pound above 160 pounds he rates as a light heavyweight.

As a matter of fact, the very best of the middleweights today, with the exception of the champion, Harry Greb, are men around 150 pounds and even lighter.

As proof of the class of the division just now, the writer makes bold to say that there are half a dozen legitimate middleweights who can give Greb a good fight, perhaps best him, yet Greb has been whipping light heavyweights and heavyweights for years. A class must be good that has men able to stand off a man who has beaten Tom Gibbons, a fighter who went 15 rounds with Jack Dempsey.

There are three real good English middleweights in America at the present time, Roland Todd, the English champion; Ted Moore and Frank Moogly.

The first showing the matchmakers here gave Todd was against a light heavy-weight. They did not accord him the courtesy of a showing against a man in his own class. Todd lost the decision, but made a strong impression.

Moore and Moogly are both good men. They have had few opportunities since coming to America.

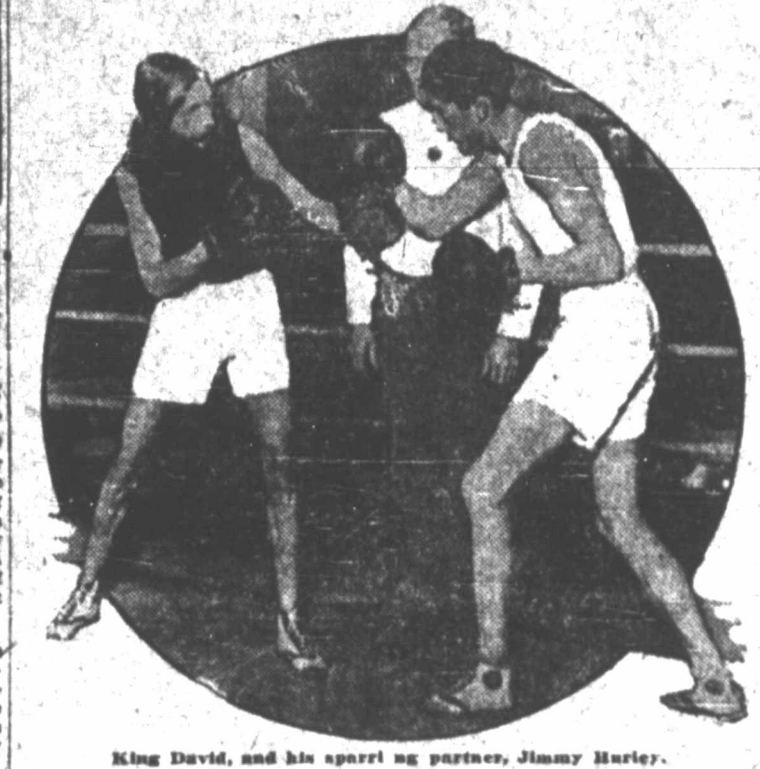

Johnny Wilson, as the writer told you the other day, has improved greatly since he lost the middleweight title. In a finish fight the writer would pick Wilson to beat any middleweight in the world.

He is a slow beginner.

He picks up as the fight progresses. At the end of his fifteen rounds with Greb, in which he lost the title, Wilson was coming on so stoutly that the writer believes he would have stopped Greb in 25 rounds.

St. Paul, the home of some good middleweights of the past, Danny Neenan, Mike Gibbons, Mike O'Donnell, among them, has another entry in the class in Jack Mal, one of the cleverest men in the game. Mal is a light middleweight.

## BEARDED NEWSBOY BATTLES IS POSSESSOR OF KAYO WALLOP

King David, and his sparring partner, Jimmy Hurley.

You see here with King David, the bearded newsboy battler of Los Angeles, working out with his sparring partner, Jimmy Hurley. The bewhiskered glove artist is a light weight and you are asked to believe that he carries a terrific wallop. At any rate, he has scored seven knockouts in a row, and a knockout is a knockout any place you find one.

## SPALLA TRAINING FOR CONTEMPLATED BOUT WITH FIRPO

MILAN, Italy, Jan. 3.—Erminio Spalla, Europe's heavyweight champion, is training in Marselles, France, while awaiting a definite date for his match in Buenos Aires with Luis Angel Firpo.

(A dispatch from Buenos Aires last night said that the Firpo-Spalla fight would be held on the football field of that city on February 12.)

Spalla's brother, Giuseppe, says that after the bout with Firpo, Erminio will most probably go to New York, where negotiations are proceeding for matches with Gene Tunney, American light heavyweight champion, and Tom Gibbons.

Spalla has signed to meet Georges Carpentier in Milan next June and in May will again box the Dutch heavyweight, Vanderveer, from whom he won the title. The bout will take place in Rome.

Rarely weighing much over 150 pounds.

Detroit has a collegian entry in Bob Sage, who studies law in between ring engagements. Sage is a good boxer and a strong hitter. Other middleweights who make the division compare favorably with any other period of its history are Bert Collins, of the Pacific coast, the greatest four-round fighter in the world; Jack Delaney of Bridgeport, who stopped Collins; Eugene Ratner, the "Harlem Hurricane."

Then there is Dan Hickey's new man, Paul Berlinback, picked by Mike O'Donnell, among them, has another entry in the class in Jack Mal, one of the cleverest men in the game. Mal is a light middleweight.

## JAKE AND LARRY RENEW PLANS FOR WINTER STRUGGLE

NEW ORLEANS, Jan. 2.—Jake Ait, manager of the Fort Worth, Texas, League club, and Larry Gilbert, who acts in a similar capacity for the New Orleans Pelicans, will renew their winter struggle here Sunday. Both pilots are residents of New Orleans and last winter they rounded up two teams composed of professional wintering here, along with a sprinkling of semi-pros and engaged in several weeks of strife, before the beginning of the spring training season. Now they are all set to repeat the performance.

As so far has a pitching staff consisting of Carl Thomas of the Pelicans, Bob Sutherland of the Wichita Falls, Texas, League club, and a local sand-lotter, Gilbert's hurling staff include Hi Myers of the Kitty League; Dick Robertson, former major and Southern Leaguer, and Marvin Ulrich, local semi-pro, who had a tryout last season with Mobile.

A tiltcord keeps the cord out of your way when ironing. A tiltcord and an Edison iron will cost you only \$2.95 this month. Wichita Falls Electric Co.—adv.

All domestic pigeons are descended from one species, the Blue Rock. There are now fifty different

## 25 High School Students Turn Out As Candidates for Basketball Team First Practice Thursday Afternoon

Coyote basketball practice started at one of the Call Field Hangars Thursday afternoon and about 25 candidates turned out for the court game. Coach "Bud" McCallum put his charges through a light workout for the first day.

At the opening meeting of the squad Wednesday afternoon 25 boys signed up for basketball and were issued uniforms during the day Thursday. With the material turned out at the opening, the Coyote basketball squad should be a winner this season.

Gerald Coffey, last year's captain and one of the best guards in the entire state, will be missed this season, but a number of new men that show up good are out to take his place. From all appearances the Coyotes this year are to have the best quint since the adoption of the sport here. Almost all of the last year letter men are out and the stars of 1923 are showing up even better than before.

Last season, after winning the district tournament at Archer City, the Coyotes lost out in the second round of play at the state tournament, Austin. It is the ambition of the Coyote cagers to reach the top before they quit for the year and turn their minds and bodies to spring and summer activities.

At a recent meeting of representatives of each team in this county, it was decided that the county basketball tournament should be held at Burkburnett on February 8 and 9.

St. Thomas' Hospital, London, contains thirty miles of pipes carrying hot water for heating, etc. 1924 every ward.

Agricultural imports of the United States exceeded the agricultural exports last year.

## First Game Is Scheduled for 7:30 Thursday

The third series of games of the city basketball league will be played at the American Legion Hall Thursday night when the Leander Hill quint, leaders in the city race, meet the Knights of Columbus and Iowa Park meets the American Legion. The games, especially the first, are expected to be fast. The opening whistle will blow promptly at 7:30 o'clock, according to an announcement.

## 200 GALLONS of GASOLINE

WILL BE PRESENTED TO

### C. M. JOHNSON

AND

### J. V. CAMPBELL

After much discussion the judges selected to pick the new name and slogan for our business, have decided C. M. Johnson and J. V. Campbell as winners in the contest.

MR. JOHNSON, with Cline Oil Co., 304 First National Bank Bldg., turned in the name,

STIREL SERVICE STATION

J. V. CAMPBELL, 1406 Scott Avenue, turned in the slogan, "SAFETY, SERVICE AND SATISFACTION."

If Mr. Johnson and Mr. Campbell will call at our station we will be glad to present them with the gasoline, in quantities desired.

ROTARY CLUB TAKES STOCK FOR NEW YEAR GUESTS OF HUCKINGS

Rotary Club members were the guests of Joe Huckings, manager of the Kemp Hotel, at the weekly luncheon Thursday. A gift of a plaque with the emblem of the "International Rotary Club," printed in gold, was also presented to each member.

Odd Angles In Today's News

Died While Playing Ball. PHILADELPHIA, Jan. 2. (AP)—Dr. Louis H. Bernard, 61, widely known surgeon, died suddenly yesterday while playing hand ball. Heart disease was the cause.

County Makes Contract With State Highway Department to Work Roads Until May 1; Allowance Insufficient

A contract was entered into late Wednesday afternoon between the county commissioners, acting for the county, and the state highway department, whereby the county agrees to assume charge of the maintenance of all state roads in the county until May 1.

Vacate Decree Divorce of Nina Wilcox Putnam

PROVIDENCE, R. I., Jan. 2. (AP)—Judge Chester W. Barrows of the superior court entered a decree vacating the divorce granted yesterday to Nina Wilcox Putnam Sanderson from Robert J. Sanderson, which was entered in the superior court in Providence, R. I., on Oct. 16, 1922.

REQUISTS TRANSFER OF TWO MILLION TO STATE SCHOOL FUND

AUSTIN, Jan. 2. (AP)—Transfer of \$2,000,000 from the state general revenue fund to the available school fund in order that school teachers may receive their salaries in cash instead of warrants was requested today by R. M. Marra, state superintendent of public instruction, in a letter to Lon A. Smith, comptroller.

EIGHTEEN HOLE COURSE ASSURED MUNICIPAL CLUB

A block of ground of over 25 acres has been secured and will be added to the Municipal Golf Club course to complete the 18-hole course as it was originally planned. The land obtained for the additional holes is situated across the Wichita Valley tracks from the present course, and according to members of the grounds committee will make an ideal addition to the present site.

Plenty of Action In Picture "Reno" Seen at Strand

Are you legally married? Judging from the predicaments and situations in "Reno" the Rupert Hughes picture which opened a four day engagement at the Strand last night, it is doubtful for one to decide, should he move to Kalamazoo, Kankakee or to some other city in some other state, whether he would be legally recognized as a benedict or a bigamist.

Find Three-Three Pearls. YANCOOVER, B. C., Jan. 2. (AP)—Thirty-three pearls were found in an oyster patio in a cafe here yesterday by Ernest S. Allen.

### C. of C. Directors Support City In Gas Fight, Endorse Mellon Tax Plan, Transportation Act; Against Bonus

Resolutions urging the city council of Wichita Falls to continue the fight against the 20-cent service charge of the Municipal Gas Company, to amend the city charter to provide for the revision, discontinuing of the 20-cent service charge and to amend the charter to provide for the transportation act, were unanimously adopted at a special meeting of the directors of the Wichita Falls Chamber of Commerce Thursday morning.

In the absence of President Walter D. Cline and Vice President H. B. Britton, Frank Bell was elected chairman of the meeting. The special meeting was called to order by the secretary, J. H. Hamilton, at 10 o'clock. The first item of business was the reading of a letter from the city manager, J. H. Hamilton, regarding the gas company case. A committee appointed by the chamber of commerce, headed by Mr. J. H. Hamilton, reported on the case against the Municipal Gas Company. The committee reported that it had secured the repeal of the 20-cent service charge which was recently granted the company by the state railroad commission.

At the opening of the meeting, T. E. Noble reported for the committee and recommended that the city council be urged to oppose the commission's decision and to continue the fight through the courts. Mr. Noble further urged the repeal of the 20-cent service charge which was recently granted the company by the state railroad commission. The repeal of the 20-cent service charge was the first item of business at the meeting. Mr. Noble reported for the committee and recommended that the city council be urged to oppose the commission's decision and to continue the fight through the courts.

Support City Council. Resolved, that the directors of the Wichita Falls Chamber of Commerce, that we unanimously recommend to the mayor and city commission that they be urged to fight in the courts of the state the proposed 20-cent service charge of the Municipal Gas Company. The directors of the chamber of commerce, that we recommend to our senators and representatives in congress that they oppose any change in the national transportation act at this session of congress.

Whereas the high rate of taxes imposed by the federal government has caused a general depression in the business of the country, and that it is the duty of the government to seek investment in the channels of trade which would otherwise be used for general expansion of trade and the increased employment of labor; and whereas the directors of the chamber of commerce of Wichita Falls, Texas, endorse the proposals submitted to congress by the secretary of the treasury, and that our representatives in congress, using them to support the policy of tax reduction outlined by the secretary of the treasury.

It is resolved further that the managers of the Wichita Falls Chamber of Commerce be authorized to notify the members of congress throughout Texas of our action in regard to the proposed tax reduction, and that they be urged to support the policy of tax reduction outlined by the secretary of the treasury.

It is further resolved that the managers of the Wichita Falls Chamber of Commerce be authorized to notify the members of congress throughout Texas of our action in regard to the proposed tax reduction, and that they be urged to support the policy of tax reduction outlined by the secretary of the treasury.

Both pictures are well worth the time of any housewife and with the time of human interest and the beautiful pictures offered are of interest to any spectator.

Full of interest and romance, the two pictures shown Thursday morning at the Mission Theater, dealing with the federal government activities in promoting better meats and inspection, were received by a full and appreciative house.

The first picture shows the tubercular herd of cows which the government purchased from the farmers, thus enabling him to buy a first class herd of clean, healthy cattle. There is a girl in the picture who comes back to the farm after trying life in the city, and all the way through the assistance that farmers receive from the government in their effort to produce clean cattle and dairy products is emphasized.

The second picture, which deals with government inspected meats, shows in detail the great care and skill with which, first the live animal and later the carcass is inspected, including even such parts as heart and lungs. The diseased parts are either destroyed or made into such products as lard, soap, etc.

A capacity house is expected at Friday morning's showing, which will be the last of the series. The pictures will be shown at 8 o'clock and 10 o'clock.

### THREE MORE ARE ARRESTED; NEGRO'S DEATH A MYSTERY

Constable White of the Burkhardt precinct placed three more negroes under arrest Thursday morning, following a further investigation regarding the death of Manuel Moore, the negro who was found dead in a field in the Clara settlement last Tuesday.

Those arrested Thursday were two men and a woman. Late Thursday afternoon the county and district attorney's departments were engaged in hearing the stories of the three.

The negro was found dead some 150 yards from the house occupied by one of the negroes now under arrest. The man's under arrest claims that he had shot at a dog a half hour previous but that he did not see a man in that direction.

### MAKE EFFORT TO KEEP MILK BOTTLES ON THE CHICAGO BACK PORCHES

CHICAGO, Jan. 8.—Efforts to keep all milk bottles on Chicago's back porches as the usual method of delivery to distributors unless prices demands are met, are under way today, the third day of the campaign.

While producers, distributors and the health department prepare to carry out their declarations that the supply would be least normal, the state attorney's office has announced that any shortage or halfhearted effort would result in an inquiry to determine if a price boosting move were afoot.

Distributors say that orders have been sent to Cleveland, Detroit, Milwaukee and Dubuque and intermediate small towns for thousands of dollars of milk to offset the supplies, which they say Illinois and Wisconsin farmers are feeding to the hog rather than sell at \$2.50 a hundred pounds.

### SEINE FLOOD ASSUMES PROPORTION OF DISASTER

PARIS, Jan. 8.—The flood in the Seine is already assuming the proportions of a disaster to sections of Paris and its environs. The river rose 15 inches in the 24 hours ended at noon today, adding to the considerable damage already done in the suburbs of Paris and along the river in the departments of the Seine and Seine-et-Oise and causing the city itself to suffer seriously.

Many buildings along both banks of the river, notably the ministry of foreign affairs and the ministry of finance have had their cellars flooded.

The river rose 15 inches in the 24 hours ended at noon today, adding to the considerable damage already done in the suburbs of Paris and along the river in the departments of the Seine and Seine-et-Oise and causing the city itself to suffer seriously.

### Distinguished Collection of Trans-Atlantic Voyagers Sail On Majestic From Southampton

By HAYDEN TALBOT Special Wireless to Universal Service.

LONDON, Jan. 8.—One of the most distinguished collections of transatlantic voyagers that ever crossed on one ship, is aboard the Majestic, which left Southampton Wednesday for New York. India, probably the biggest collection gathered for half an hour before the long train special departed from Waterloo station.

Among the notables sailing were Sir Auckland Geddes, retiring ambassador who goes to Washington to "clean up" and say farewell; Sir Robert Horne, Fritz Kreisler, Rosita Forbes, Dr. Julia Seton, head of the New Thought movement; Charles Dillingham, James K. Hackett, and Sir Charles Higham.

Europe this summer would only bear in mind how many pair of shoes and stockings or how much of the other necessities of life a dollar will buy in countries like Austria and Germany, they surely will make generous purchases for charity.

About an hour after the Majestic left her berth at Southampton she went aground in the soft mud off Castle Point, near Cowes. The Sir Robert Horne is making a purely business trip to New York which will prevent his being present in parliament until the middle of February. "In certain quarters," he said, "there is undue apprehension over the consequence of the coming into power of labor government. Obviously the country does not want and will not have a socialist government, not what is usually obvious is the fact that there is not a chance of conciliation between the conservatives and liberals."

Charles Dillingham, who was here on business said: "I consider this the most successful ship I have ever made in London—having 'circled' the American rights to three sure winners, 'Hushan,' 'Beauty Prize' and 'Madame Pompadour'." "All of them will be produced in New York in September."

Two outstanding differences between the London theater this season and any previous season are the notable improvement in the class of the audience, and the conspicuous fewer American artists performing here.

### LIVE NEWS FLASHES

SWEETWATER, Texas, Jan. 8.—The plant of the Colorado Oil Mill near here was destroyed by fire of undetermined origin early today. Loss placed at \$100,000.

TERRELL, Texas, Jan. 8.—The 16-year-old son of A. W. Kille died here today of tetanus caused by an abrasion of the skin sustained Christmas day through the explosion of a toy pistol.

CANTON, Ohio, Jan. 8.—The body of a girl, identified as that of Ruth Henker, 18, of this city, was found today along a little-frequented road three miles west of here. The clothing was disarranged and the body apparently had been lying in the cold for some hours.

NEW YORK, Jan. 8.—Two masked robbers with revolvers this morning invaded the suite occupied by David Paton, a stock broker, on the fifth floor of a West 78th street apartment house, forced their way into Mrs. Paton's bedroom and carried off \$20,000 worth of jewelry.

### DOG CATCHER ACTIVE; OVER FIFTY CANINES ARE HELD IN CITY POUND

Over 50 dogs are in the city pound as the result of the activities of the dog catchers for the past three days. According to the city clerk, the licenses for 1923 were honored. The catchers were put to work Wednesday morning, with instructions to catch all dogs not licensed at large without the proper 1924 license. Thursday noon over 121 persons had paid the necessary tax on their dogs for the new year. Last year taxes were paid on approximately 400 dogs. Licenses may be secured from all canine purveyors at the police station.

The Anno Mothers Club will meet Friday afternoon at 3:00 o'clock at the Alamo school building. All mothers urged to attend this first meeting of the new year.

But Don't Tell a Soul "Did your new dress cost much?" "No. Only a few shillings—Nixie (Stockholm).

 Opening: Jan. 34.25; March 35.25; May 35.75; July 36.25; October 36.75.

July 1924, were followed by slight declines all around.  
 The market later rallied somewhat as it was said a little domestic wheat had been taken for export and that European buying of Canadian wheat yesterday had been under-estimated. The close was un-acted as it was not deemed to be advanced, May 1924 to 1923 and July 1924.

Corn and oats were relatively firm. The fact that receipts were light was the chief sustaining influence. No important curtailment of buying was expected inasmuch as the Pekin expedition. After opening unchanged to 4c higher, May 1924 to 1923, corn sold near to initial quotations.

Later the market advanced. The crop movement is very small for this season of the year and advice from the country show that little is being sold by farmers. The close was firm, 4c to 5c higher, May 1924 to 1923, and later sagged a trifle more.

Provisions were weak as a result of a decline in hog values.

SCALES WALLS OF JAIL TO HAND IN FOUR HACK SAWS

JAILER W. P. BELCHER MAKES ARREST AND SECURES STATEMENT.

MAN UNABLE TO PUSH GUN THROUGH SCREEN

Charges of Aiding Prisoner to Escape Filed Against Earl McConnell.

Scaling the walls of the county jail at 3 o'clock in the morning, delivering four large hacks and filling in an effort to break through the screen an automatic pistol, is an episode which Earl McConnell told officers he engaged in the night after Christmas.

Last Saturday Jailer W. P. Belcher came across one of the hacks on one of his trips of inspection and a thorough search revealed the other three. An investigation led to the arrest of Earl McConnell Wednesday evening and Thursday morning felony charges of aiding a prisoner to escape were filed against him.

Mr. Belcher told the district attorney that McConnell had told him of his experience immediately after his arrest. According to the officers, the young man climbed up the gas pipe on the outside of the jail, swung himself around the corner and gained a point at a window above the porch of the jail building. It was here that he secured some one in the state cell and succeeded in delivering the four hacks. The story he told the officers, as related by the letter, is that he spent half an hour in attempting to push the automatic pistol through a hole in the steel screen across the window, but that all his efforts failed.

A charge of theft of an automobile was also filed against McConnell Thursday morning.

CALL DESIGNATES JAN. 13 LAW AND ORDER SUNDAY

WASHINGTON, Jan. 8.—A call asking that Sunday, January 13, be observed as "Law and Order Sunday" has been sent out by Fred H. Smith of New York, who presided at the national conference held here last October, endorsing resolutions adopted by that body.

Charges are asked to observe the day as marking the anniversary of the third full year since prohibition became effective and to use observance of the laws by the people and their enforcement by the government.

The call says the "beneficial results of prohibition laws are marked and overwhelming. It is urged that there be a widely organized and highly financed propaganda for nullification." It is addressed to all clergy, pastors, ministers, missionaries, officers or allied Christian societies and to Jewish bodies.

Enterprise Drug Store Is Rifled Wednesday Night

Thieves, thought by police to have been in search of narcotics, burglarized the Enterprise Drug Store in the Wichita Wednesday night and made a successful escape with a quantity of cigarettes, perfume, candy, a chest of silver and a silver watch. The store was broken into by breaking the glass in the front door. The narcotics cabinet had been opened and rifled, but proprietors of the establishment said that the narcotics had been placed in the safe. Detective Max Adams, who has the opinion that it was the work of dope addicts, since no effort was made to crack the safe. Police are investigating the robbery.

OKLA. STATE OFFICES TO CLOSE WHILE BODY OF JUSTICE LIES IN STATE

OKLAHOMA CITY, Okla., Jan. 8.—All offices at the state capital will be closed Friday afternoon while the body of Justice Matthew J. Kane lies in state in the supreme court chamber. It was announced at the office of Governor M. E. Trapp, Justice Kane died late yesterday of pneumonia after an illness of less than a week. He was the only member of the court who had served continuously since Oklahoma became a state in 1907 and was the first member of the original court to die. He was 64 years old. Funeral services will be conducted Saturday from St. Joseph's Catholic cathedral, where Justice Kane held his church membership.

Calls for Box Cars; Officers Enter; Pay Fine

"Box cars" shouted the negro who had covered the pot in the holder of the palloping dominos, wrenched them above his head and prayed for a seven or eleven.

Just as the man who covered shouted, two members of the constable's department came in suddenly through the door. No one ever looked to see what the door read, for seven ducks started on a trip to the court house and Thursday morning seven pleas of guilty to charges of gaming were entered. All paid fines and were released. The catch was made in a servant's house on Tenth street and the calls and the wailings of the participants were so loud that the officers found it with very little trouble.

Restores Ford Car Stolen On January 20, 1923

Constable Frank Moran Wednesday afternoon delivered a five-passenger Ford automobile which had been stolen on January 20, 1923, nearly a year ago. The constable's force captured the car four months ago when an effort was being made to sell the car. Since that time the car has been in storage while efforts were made to locate the rightful owner. All numbers on the automobile had been altered.

ATTENDANCE AT DEMOLAY MEETING BREAKS RECORDS

A called meeting of Hope chapter brought forth the largest attendance of the year at a single meeting Wednesday night at the Masopole Temple when James Bachman head of the Wichita Falls Commandery suggested a number of Knights Templar to fill vacant positions on the board. Mr. Bachman will take action on the matter at once, he stated, and the new board will soon begin work for the new year.

It was also announced that the semi-annual De Molay ball be given at Masopole Temple, Call Field, on Friday night, January 11. Immediately preceding the informal dance an installation of officers will be held and all members of the chapter, as well as of the advisory board, are requested to be present. Will McClure, chairman of the dance committee, announced that dance bids would be issued to De Molay members who had paid 1923 dues and admission to the dance would be granted on the presentation of 1923 cards.

Compromise Is Made By Court In Role of Solomon

The newly born bud of humanity which was found on the doorstep of the home of Captain and Mrs. Winters of the Volunteers of America three weeks ago was the cause of a lengthy session of the juvenile court late Wednesday afternoon. The Volunteers of America had found a home for the babe. It so happened that Miss Katherine Henrich had also secured a probable home for the little child and quite naturally some difficulties were encountered because of the different plans. The matter was brought before Judge E. E. Martin, juvenile court, Wednesday afternoon. Miss Hen-
