Much Praise for Fort Worth Fat Stock Show Heard Fat Stock Show Heard IS WELL ARRANGED Visitors Can Readily Find Different Exhibits According to Classification

The Fort Worth Fat Stock Show is the best arranged exhibit of registered and fat cattle ever seen in Texas, according to the expressed opinions of hundreds of visitors who have seen its display at the North Fort Worth stock yards Thursday and Friday.

OIL HEARING WILL REOPEN

Rogers Will Answer Attorney General Hadley's Queries BEGINS SATURDAY Five Magnates Summoned—No Service on John D.—May Visit Grandchild

NEW YORK, March 23.—Herbert S. Hadley, attorney general of Missouri, arrived in New York City last night, prepared to follow up his victory in the Missouri courts.

Arrangement Excellent

Aside from the increased number and improved quality of this year's exhibits the feature of the show which appeals most to the visitor, is the superior arrangement which is characterized by the entire exhibition.

More Service on Oil King

Mr. Hadley said that subpoenas had been served upon H. H. Rogers, H. M. Thibodeau, W. D. E. Rader, Wade Hampton and John D. Archibald. He also said that no service had been secured on John D. Rockefeller.

STOCK SHOW VISITORS SEE FAVORABLE CATTLE

Registered Shorthorns, Herefords and Red Polls Passed On by Judges Make Friday Day of Interest to People Outside the Cattle Business—Increase in Size of Bulls Causes Favorable Comment by the Speculators Present

Program for Saturday

At 9 a. m.—Completion of unfinished judging in all classes. Killing contest. Announcement of purchase price and weights of prize-winning steers will also probably be made Saturday.

Red Polls Admired

About three years ago Dr. Clifton Waco exhibited the first Red Polls shown at a Fort Worth Fat Stock Show, and then they excited almost as much attention because of their novelty as the Aberdeen-Angus do now.

Hereford Display Excellent

The display of Herefords is one of the largest and is regarded by many as the best in the show. B. N. Aycock of Midland, one of the pioneer Hereford breeders of West Texas, is at the show with a record bull, the bull which won the grand championship last year.

HOGG MEMORIAL AT AUSTIN SUNDAY

Governor Lanham Will Preside at Exercises

Special to The Telegram. AUSTIN, Texas, March 23.—Memorial exercises in memory of the late Governor James S. Hogg, in accordance with the provisions of the Hogg Memorial Act, will be held in the senate chamber at the capitol at 3 o'clock Sunday afternoon.

Governor Lanham will preside at the meeting and addresses will be made by the following: Judge James H. E. Robertson, J. J. Brown, Ex-Governor Joseph D. Sayers, Judge A. W. Terrell.

RAILROAD RUMBLING

Beginning April 1 the Missouri, Kansas and Texas railroad will connect the tracks of the International and Great Northern, using what is to be known as the Austin cut off. This will shorten the route of the Katy from points north and south to San Antonio by 82 miles, and obviate the necessity of going via Smithville. There will still be some delay expected at Austin in switching, but this will also be done away with as soon as the new line across the Colorado river is completed.

L. S. Thorne Here

L. S. Thorne, vice president of the Texas and Pacific, and Page Harris, superintendent of the eastern division of the road, are in the city to attend the route which is to be used and will also look over the yards here with a view of ascertaining just what can be done in the way of improving the yard facilities here. As has been announced in The Telegram, the Texas and Pacific expects to make extensive improvements in the yards at Fort Worth with a view of accommodating the rapidly growing traffic through this point.

Convention Route

E. A. Pennington, city passenger agent of the Houston and Texas Central, has been advised that the road and the Southern Pacific have been chosen as the official route to the region to be held at New Orleans by the Confederate Veterans and the Sons and Daughters of the veterans, which will be held in April.

STRENGTH-CREATOR

Vinol Guaranteed by Physicians, and Over Two Thousand Leading Druggists as the Best Strength Creator Known to Medicine.

This is because Vinol is the latest scientific production of the greatest tonic in the world, which has ever known, namely, cod liver oil. In Vinol the system-clogging, nauseating oil is eliminated, and the medicinal, curative element known to exist in the cod's liver is administered in a highly concentrated form, therefore, a preparation containing all these medicinal, curative and body-building elements, free from oil or grease, must be the best strength creator possible to produce.

In Vinol you know what you are taking, for everything it contains is named on the back label of every bottle. This is why Vinol is so unqualifiedly recommended by physicians and guaranteed by over two thousand of the leading druggists of the United States as a body-builder and strength-creator for old people, weak women, puny children, after sickness and for all pulmonary diseases. The doctor knows what he is giving and the patient knows what he is taking. Our leading druggist, Mr. R. A. Anderson, says: "We sell Vinol on a positive guarantee that it is and will do all we claim for it or refund money without question."

In itself it proves the truth of all statements published about Vinol in this paper. R. A. Anderson, Druggist.

LANDS, LANDS In Large Tracts Ranches and Cattle For Sale!

ON EITHER SIDE OF THE QUARANTINE LINE IN TEXAS AND ADJOINING STATES AND IN OLD MEXICO

When you want to buy or sell lands in large tracts, ranches or cattle as aforesaid, remember that it might be to your interest to see E. A. Paffrath, or, so-called, "Pat," commission man, before either buying or selling such property. It is no trouble to me to answer letters or questions in person. I will spare neither time, money nor hard work in looking after any business you may intrust to me. Address me, Lock Box 62, Fort Worth, Texas. See me in person at Hotel Worth, Fort Worth, Texas, where I make headquarters.

For reference I give the First National Bank, Farmers and Merchants' National Bank, the State National Bank, the American National Bank, the Continental Bank and Trust Company, the Fort Worth National Bank, the Western National Bank, the Traders' National Bank, the Hunter-Phelan Savings Bank and Trust Company, the Stock Yards National Bank, all of Fort Worth, Texas, and all responsible parties who know me in or out of Texas. Cut this out and file for future reference.

I expect to be at the Oriental Hotel, Dallas, Texas, a good part of the time during the Cattle Raisers' convention.

MASS MEETING BEFORE ELECTION

Third Ward Club Plans Car Line Session

The Third Ward Democratic Club met Thursday night at the home of A. E. Mersloh, corner Eleventh and Harding streets, and had one of the most enthusiastic meetings that it has ever held. The main question discussed by the members was the referendum for the granting of a franchise for a car line and the question of building a hall for the club and the people in general.

J. Jacobs, vice president of the club, presided at the meeting. It was decided to hold a meeting April 8, the night before the election. At this meeting there will be many good speakers heard in favor of the car line. Among the speakers will be: J. W. Swain, William Capps and Robert McCart.

A committee was appointed to see to everything pertaining to the building of a hall for the club. The members of the committee are: Tom Lowrey, J. Jacobs, Murray, Roy Bracewell and Carl Childress.

There was a substantial increase in the membership of the club Thursday night and a great deal of enthusiasm shown. The next meeting will be held March 23, Thursday, at Adolph Scheider's, Eleventh and Harding streets.

CLAYTON REPORTS

Fast Infielder Here for Game with Cardinals

Another Panther joined the ranks of the baseball players Friday morning. Clayton coming in from Pine Bluff. He played shortstop there last year and will probably hold down second base with the Fort Worth team this year. He is a fast man on his feet and a good batter.

It is expected that Ort, the pitcher from Waterloo, Ohio, will join the ranks Friday night, as word has been received that he left Ohio, and according to schedule should arrive at this time. He is the young pitcher who made such a great record in the Saturday Afternoon League in Ohio last season, pitching the one game of special notice on July 4, when he won his own game in the twenty-first inning.

DALLAS PARTY AT PURE FOOD SHOW

Delegation Attends Big Event in This City

A record-breaking crowd attended the Pure Food Show Friday night, even the attendance at the opening sessions being exceeded. Throughout the night session there was a continual passage of visitors through the doors, the crowds around the booths extending until they met those at other establishments.

As usual the various booths were serving samples or giving souvenirs, while the vaudeville performance still further strengthened excited much favorable comment. A special car on the interurban brought sixty-four citizens of Dallas, who came over to visit the Pure Food Show. The party was headed by J. E. Jameson of the Jameson-Parks Company.

The visitors while on Main street gave the yell of the 150,000 Club.

BIG RANCH GOES

80,000-Acre Tract to Be Cut Into Small Tracts

Special to The Telegram. BRACKETT, Texas, March 23.—Several big land deals affecting cattlemen of this section have recently been made. The largest is the sale of the Pratt and Hays lands, or the Dolores pasture, of 80,000 acres, to August Beidler of Chicago. This tract will be put up and sold to homeseekers.

Dave Rose has bought the Stansenberg ranch of 2,240 acres, and will improve it. Messrs. Buckingham, Gross and Howard of San Antonio have bought 4,000 acres rich land from Professor A. H. Horn. This tract will be subdivided and sold in small pieces.

ROAD TAX DEFEATED

Ellis County Voters Refuse to Levy 15c on \$100

Special to The Telegram. ITALY, Texas, March 23.—The returns are all in except from three boxes in the election held Saturday to determine whether a tax of 15 cents on the \$100 worth of property should be levied for road and bridge purposes in Ellis county. Rankin, Auburn and Bardwell boxes are not in, but it is known that the tax has been defeated by about 80 votes. Only one-fourth of the voting strength, or 2,200 votes, was the number polled in the entire county.

POSTMASTER MAKES BOND

Berry McGee to Serve for Four More Years at Italy

Special to The Telegram. ITALY, Texas, March 23.—Berry McGee has made the required bond and qualified for another four years' term as postmaster at Italy, upon which he is just entering. The bond was \$5,000, with Messrs. E. H. Murphy, J. V. Clark, M. L. Ward, R. C. Mitchell and Dr. W. W. Collier as sureties. His assistants are Mrs. Berry McGee and Miss Sude Grafton. Mr. McGee had only one opponent in his race for re-election.

COLD PUSHED BACK

Weather Map to Omit Barometric Readings Hereafter

The freezing line has again receded northward. It now extends to the region of Springfield, Mo. The 60-degree thermal line advanced at least 100 miles further northward Thursday. It now describes a crescent from the region of New Orleans to Abilene, and from there southward to a point about 100 miles west of Corpus Christi.

The mountain region, embracing Wyoming and the Dakotas, is experiencing a snow storm. Kansas and California have rain. The upper part of the Mississippi valley is generally fair, as is also the country east and south of the lakes.

The weather reported by all the railroads was the same as that at Fort Worth, cloudy.

On account of wrong impressions sometimes given by the barometer readings, all local offices have received an order to discontinue publishing them on the weather map.

"The upper Ohio valley and the regions of the lakes are dominated by high barometer conditions, resulting in generally fair weather and freezing temperatures. The regions west of the Rockies are generally dominated by low barometric conditions, causing snow in Wyoming and the Dakotas, rain in Kansas, California and southwest Texas.

"The freezing line extends to Springfield, Mo."

SKIN ECZEMA IN WORST FORM

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Dependent—Affected Parts Now Clear as Ever—Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good."

"Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago."

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Lizzie E. Sludge, 540 Jones Ave., Selma, Ala.

Sold throughout the world. Cuticura Soap, 5c. Resolvent, 5c. (In form of Cream, 10c.) Prepared by the Cuticura Remedies Co., 155 N. 3rd St., St. Paul, Minn.

**PRIZE WINNING STEERS ARE SOLD**

**Black Angus Champions Go to New York Firm**

Sales of the prize-winning fat steers in carload lots on exhibition at the Fort Worth Fat Stock Show were completed shortly after noon Friday.

The 2-year-old Aberdeen Angus steers which took the prize in their class, and also sweetstake prizes for the best car of steers exhibited at the show, were bought by the United States Dressed Beef Company at \$5.50. They will be sent to New York. They were entered by the Riverside farm of Chickasha, I. T., and were fed by H. B. Johnson. The cattle were bred near Jackboro, Texas. They have not yet been weighed, but their estimated weight is from 1,325 to 1,550 pounds. The second best carload of steers, 2 years old and under 3, also entered by H. B. Johnson of Chickasha, I. T., were bought by Armour & Co. for \$5.50. These were Hereford grades. The prize-winning carload of steers over 8 years old entered by H. B. Johnson of Chickasha, I. T., were bought by Swift & Co. for \$6. These were Hereford grades. The second best car in this class, entered by the Riverside farm, Chickasha, I. T., were sold at \$5.50 to Armour & Co.

S. E. Burnett carload of steers over 2 years old and averaging 1,500 pounds for the lead, the heaviest carload of steers ever exhibited at Fort Worth, was bought by Swift & Co. at \$5.30. All of the prize-winning steers will not likely be weighed until Saturday.

Some of the top prizes for steers Friday afternoon were:

Gaston, steer, owned by Tom Hopen of Nocoosa, sold at \$8.30 to J. L. Ell, Temple, Texas.

Roosevelt, short-horn steer, owned by Stark Bros., Godley, Texas, sold to Max Hann of Dallas at \$8.10.

Wild Eye, short-horn, steer, sold at \$7.50 to G. R. Dendinger of Dallas.

Yearling owned by Pruitt of Saginaw, at \$11. To R. H. McNatt, Fort Worth.

Yearling Hereford, owned by Tom Hopen of Novona, sold at \$7.35, to United Dressed Beef Company of New York.

**GRAIN DEALERS PLAN CONVENTION**

Expression by Members Is Asked in Letter

**COMMITTEE WILL MEET**

Acreage Report to Be Compiled Following Answers to Circular—Need of More Grain Is Reported

H. B. Dorsey, secretary of the Texas Grain Dealers' Association, is sending out letters to the members of the association, in which they are asked to state their preference for the location of the annual meeting of the association this summer. The past two meetings of the association have been held in Fort Worth and it is probable that at the coming meeting of the executive committee of the association, a meeting of which will be called within a few days, to take place within the next two weeks. The annual meeting usually takes place the latter part of May or the first of June.

The letter sent to the members also takes up the matter of report on acreage and conditions, besides giving a report in full of the meeting of the arbitration committee.

The letter in part is as follows: "Our executive committee will meet in the course of a couple of weeks and will likely fix the time and place for the annual meeting and arrange a program. I trust that the members will write me giving their preference for place of meeting, and also suggest any topics they would like to have discussed at our annual meeting."

"In a few days I am going to ask you for a report on the acreage and condition of wheat and oats and acreage on corn, and I hope each will make the necessary inquiry to familiarize himself with the situation, to promptly give me the information when asked as I will then compile the information and give it to all the members who furnish me with information on crops of grain. As we have no official means of securing such information, we ought to do the best we can, and if I can secure your cooperation I will from time to time furnish you with reliable information as to the grain crops in Texas, hence am giving you this advance notice so you may post yourself on the subject."

**More Grain Needed**

"We are not planting grain enough in Texas, and thought the interested parties with our farmers to get them to plant more grain, and as the time for seeding wheat and oats is past, and it is a little late to do very much, we ought to urge the farmers to plant more corn. As the seasons seems to be backward it is not too late for corn planting now."

Exports through Galveston for February: Wheat, 293,000 bushels; corn, 2,591,200 bushels; 294,000 bushels. Since Sept. 1, 1905: Wheat, 3,046,323 bushels; corn, 10,189,430 bushels; barley, 140,400 bushels; grain exports as reported by Chief Robinson.

**GOOD RACES FOR SATURDAY**

Professional Drivers to Be Seen in Events

Matinee races will be held at the track of the Fort Worth Driving Club Saturday afternoon, the special occasion of the meeting being the presence of the professional drivers. It is expected that there will be a large crowd of visitors present.

For the first time in the history of the club the races will be run by professional drivers. There will be two professional races, the 1:15 and the 2:25 pacific races. Each of the professionals is declaring that he will drive the winning horse. The fourth race will be the 1:25 pace with four 2-year-olds, driven by Earl D. This race was gotten up especially for them.

Several new horses have been entered in the races, and this will be the first opportunity to witness their work. They are all in fine condition.

Fast time is expected at the races tomorrow as the track is in fine shape, and if no rain falls will probably be better than it has ever been before at matinee races.

**SILVEN AT DALLAS**

Architect Charged with Murder and Placed in Jail

DALLAS, Texas, March 23.—Captain E. H. Silven, the Dallas architect who was charged with murder and arson in the case of the burning of the Gaston National Bank in this city Jan. 9, an account of which fire appeared in the Telegram, was placed in the county jail here today by Deputy Sheriff Charles James, who returned with his prisoner from Yellaco, Texas, on his return to Dallas. Silven having been arrested by order of the court, following the application by the state to have him removed from further liability in the matter of his appearance to answer the charges at the next term of the criminal district court.

Captain Silven says that he was reported to the effect that he had no recollection of the burning of the bank, and that he was in South America at the time of the foundation and untrue. He says that his report was given to the court, and that he was released from jail. He says he was at Velasco in connection with work looking to the building of a canal, which was mentioned in the newspaper, but that he had no intention whatever of going to any foreign country.

Captain Silven is positive that he will not be held in jail any longer, and sufficient bond for his appearance at the next term of court.

**EVIDENCE FURNISHED**

Robert Smith's Case Will Go to Dallas County Jury Saturday

DALLAS, Texas, March 23.—In the criminal district court here today in the murder trial of Robert Smith on charge of the murder of Sheriff John W. Smith, a white woman at Sherman, Texas, December, 1899, the evidence was finished at noon and the opening speech was begun at 2 o'clock by Assistant County Attorney W. W. Nelms. The case is expected to be given over to a jury tomorrow, following the testimony of the witnesses. Smith has had three sentences to death, each being reversed by the court of appeals, on account of the color line. In this case there has been negro jurymen drawn and this avoids any further appeal on this ground.

**MARKET HOUSE WILL BE BUILT**

Committee Discusses Action to Be Taken

**SESSION MONDAY NIGHT**

Finance Committee to Be Authorized to Secure Loan for Construction of Building According to Plan

The refusal of the State National Bank to loan the city the \$25,000 at 6 per cent interest desired to build a market house will not cause the undertaking to be abandoned. On the contrary, the ordinance authorizing the loan at that percentage will be passed next Monday night and the finance committee of the city will endeavor to endeavor to get the money elsewhere if the State National Bank does not desire to make the loan.

Alderman Zarr, who is a member of the special market house committee, stated Friday morning that the matter had been discussed since the announcement of Cashier J. C. Harrison that his bank would not furnish the money, and that the foregoing program had been decided upon.

Speaking of the financial condition of the city and its ability to secure a loan, Mr. Zarr said that a private institution with the assets of the city of Fort Worth could easily secure a loan of \$1,000,000 if necessary, while the city has only about \$55,000 overdraw to its credit. He said that, therefore, there is no question about the adoption of the ordinance authorizing the loan Monday night nor does he think that there will be any great difficulty in securing the money.

Alderman Parker, when asked about the matter, stated that he would not favor the building of a market house with money borrowed at 8 per cent, but that if it could be obtained at 6 per cent he would continue to support the measure. Judge Parker declared there were abundant assets to take care of this and a great deal more, and he considered that a loan to the city of Fort Worth would be perfectly safe.

**IN THE COURTS**

**Packing Houses Win**

Verdict for the defendants was given shortly before 6 o'clock Thursday afternoon by the jury in the federal court in the case of T. A. Raines, who sought to recover \$10,500 from Armour & Co. and Swift & Co., alleging damage by pollution of the Trinity river along which his farm is situated by turning of sewage into the stream.

Allegation was made that the stream was so polluted that it was necessary to fence land to keep cattle from drinking it with fatal effect. Effort was also made to show that the death of a child was caused by pollution of the stream.

An announced exclusively in The Telegram of Thursday, experiments carried on by the packing houses have reached a successful termination, plans having been adopted which will prevent any harmful or unpleasant substance reaching the river.

**Injunction Granted**

By an injunction granted Thursday afternoon in the Forty-eighth district court, Mack Bergman, president of the Retail Grocers' and Butchers' Association, under whose direction the pure food show is being given at Third and Brookston streets, secured a restraining order against Bud Brown from operating a skating rink in the upper floor of the Ellis building in which the show is being given during the continuance of the event. Injunction was asked on grounds of interference with the successful conduct of the show and its entertainment features because of the noise caused by skating.

**Forty-Eighth District Court**

A motion has been made by Bud Brown to have the injunction dismissed which Mack Bergman secured Thursday. The injunction compelled Bud Brown to close his roller skating rink in the Ellis building, over the Pure Food Show exhibit. The hearing will be held Friday afternoon at 5 o'clock.

**CONTAGIOUS BLOOD POISON**

**THE WORST DISEASE IN THE WORLD**

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood. The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

REMARKABLE RISE OF SLOANHURST

A Hog Farm That Has Become Famous Quickly

IS A HELP TO ALL TEXAS

A Fort Worth Institution That is Doing Much to Make Texas a Hog-Raising State

Texas is a great state in a great many ways, but probably one of the greatest points of interest to those interested in the stock industry, is the Sloanhurst hog farm, six miles south of Fort Worth.

This famous hog farm was founded four years ago by W. W. Sloan Jr., the present sole proprietor and breeder, who, up to that time, had never seen a black hog.

What Texas needs most is more swine breeders and with the raising of more hogs will come more packers to Fort Worth.

Mr. Sloan is to be commended on his untiring efforts to push and bring to the front an industry that is adding wealth to the state every day.

There are many visitors in North Fort Worth during the stock show and many of these visitors are looking around with a view to investing.

There was a regular meeting of the North Fort Worth school board held Thursday night at the school building.

The board decided to have all the old buildings that were used for school purposes moved away from their present locations to the parts of the city where they originally stood.

Nervous Women

Their Sufferings Are Usually Due to Female Disorders Perhaps Undiscovered

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women are nervous? How often does one hear the expression, "I am so nervous, it seems as if I should fly" or, "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

pointed to see to the location of this building. General accounts and final estimate on the school building, amounting to \$6,537 were allowed by the board.

**PRESIDENT IS FRUSTRATED**  
 Keen Disappointment Felt Over Humphrey Decision  
 Special to The Telegram.  
 WASHINGTON, D. C., March 23.—The President and his counselors have been greatly frustrated by Judge Humphrey's decision in the case of the Chicago packers. The President, it may be said, had been led to believe that a decision adverse to the pack-

ers was certain. The escape of the packers, therefore, occasions a disappointment commensurate with his expectation.  
 At the moment, the administration does not know just what it will do. All that is known now is that the government will try to bring about an early trial of the cases against the corporations.

**COMMISSION FOR LIBRARIES URGED**  
 Need of State Body Before Institute  
 TOPICS ARE OF INTEREST  
 Mayor Powell and Leading Citizens Heard in Night Session at St. Paul's M. E. Church

Need of a state library commission was urged at the library institute now being held in Fort Worth, the topic being broached by Mrs. J. C. Terrell of Fort Worth.  
 Mrs. Terrell discussed the "Local Library Situation." She told of the close relation of school and library work, declaring that they are inseparable. Mrs. Terrell discussed need of a state library commission and stated that the institute would ask the legislature for such commission, and continue to ask for it until it is secured. At the close of her remarks Mrs. Terrell complimented Mrs. Charles Scheuber, librarian of the Carnegie library in this city.  
 Miss Odo Surraff of Baylor University at Waco entered into a very interesting discussion of the good work done at Baylor. She told of the discouraging conditions that existed at first and explained how the students had become interested by having placed upon them some of the responsibility.  
 Mrs. W. D. House of the state library, spoke on "Children's Work and Children's Books." In this discussion Mrs. House told why a librarian should upon her return home and the teacher too, telling the many good things that can be done for the children if their needs be understood. As proof that the children should have special attention, Mrs. House stated that half the children leave school before reaching the fifth grade and that only about 5 per cent reach the high school.

Address by Mayor  
 The evening session of the institute was held at St. Paul's Methodist Episcopal church, "The Public Library: Its Relation to the Community" was the topic of the address by Hon. T. J. Powell. During his address Mayor Powell showed how intricately the public and library affairs are woven together.  
 "The Question of Maintenance" was discussed by William E. Paddock. During his discussion Mr. Paddock unfolded possible plans for the maintenance of libraries, and discussed the various resources by which such institutions are made possible.  
 Judge W. D. Harris on the subject of "The Public Library and the Public School" secured close attention. He told of the good work of both and showed the close lines of relation between these two lines of work.  
 "The Value of a Trained Librarian" was discussed by P. L. Windsor, librarian of the State Normal at Austin. Mr. Windsor pointed out the peril of trusting the welfare of the public to an ignorant person and declared the need of the public and the necessity of using the library if unsatisfactory conditions prevailed.  
 The Friday morning session of the institute was held in the library building, with the following program:

**Friday Sessions**  
 Answers to Questions Box and Oral Questions—P. L. Windsor.  
 "Library of Congress Catalogue Cards"—P. L. Windsor.

**TERRITORY LIBRARY**  
 Carnegie Building to Be Erected on Site Recently Donated  
 Rev. G. L. Thompson of Toluquah, Ind., is here attending to the territory as a representative member of the board of trustees of the library at Toluquah. Rev. Thompson stated that they have just finished a \$10,000 Carnegie library building at that place and the citizens gave a \$5,000 site for the building. Rev. Thompson is here in the interests of the library in order to learn of the best methods concerning all parts of the work that will have to be done in order to successfully manage a library.

**DAIRYMEN TO MEET**  
 Opening Session of Texas Association Postponed To-Night  
 The opening session of the meeting of the Texas State Dairy and Live Stock Association was changed from Friday morning until 4 o'clock Friday afternoon, in order that plenty of time might be given for the arrival of representatives. The meetings of the association on Friday and Saturday will be held in the rooms of the Board of Trade in the Hoyle building, Seventh and Main streets. Quite a large attendance is expected at the meetings and a number of papers dealing with important points in the dairy business will be read and discussed, program as given in The Telegram being followed.

# Heart and Lung Trouble

Mrs. Mary Horn-Lockwood, who could not lie down on account of coughing and smothering spells is restored to strength and health by Duffy's Pure Malt Whiskey. "After doctors and medicine failed to help me, Duffy's Pure Malt Whiskey saved my life, and I never felt stronger or better than I do today." The grateful lady writes:

"It gives me pleasure to have you use my photograph and testimonial in behalf of Duffy's Pure Malt Whiskey, which saved my life when two of the best doctors had given me up to die, and declared that no medicine could help me. I was taking Duffy's at the time, and kept right on, as I had great faith in its wonderful curative powers. I had lung trouble and a weak heart, and for six months was unable to lie down at night on account of coughing and smothering spells. I was reduced to a mere skeleton, and was going into consumption. The impression of both my friends and the doctors being that I could not live. Despite their opinion, I gave up medicine, and after taking four bottles of Duffy's my condition was greatly improved. This was in the Fall, and I continued the use of your grand medicine all winter, the result being that by Spring I weighed 126 pounds, and after taking twenty bottles my health was fully restored, and I never felt stronger or better in my life. I advised a number of friends who had throat and lung trouble to take Duffy's, and it never failed to cure them."—MRS. MARY HORN-LOCKWOOD, 89 River avenue, Indianapolis.

**Duffy's Pure Malt Whiskey**

is an absolutely pure, gentle and invigorating stimulant and tonic, builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the vital forces, it makes digestion perfect and enables you to get from the food you eat the nourishment it contains. It is invaluable for overworked men, delicate women and sickly children. It strengthens the system, is a promoter of good health and longevity, makes the old young and keeps the young strong. Duffy's Pure Malt Whiskey contains no fuel oil and is the only whiskey that has been recognized as a medicinal.

Sold by all druggists and grocers, or direct, in sealed bottles only; never in bulk. Price 50c. Inset on the genuine, and see that the "Old Chemist" trade-mark is on the label. Beware of refilled bottles and spurious imitations. Duffy's Pure Malt Whiskey Co., Rochester, N. Y.

**MOTHER AIDED TWO WEDDINGS**  
 Miss Bettie Kretz Surprises Friends by Marriage

While her mother was at the home of Mrs. W. T. Scott, her sister-in-law, aiding in the preparations for the wedding of Mrs. Scott and Harry Hyman, Miss Bettie Kretz, 16 years of age, went to St. Paul's Methodist church Thursday morning and was married to R. B. Lock, about 23 years of age. The ceremony was performed by Rev. J. F. Boeze.  
 Miss Kretz is the daughter of Mrs. Susie Kretz, 513 East Third street. Mrs. Kretz learned of the marriage upon her return home at noon Thursday to find Mr. and Mrs. Lock awaiting to inform her of the wedding.  
 Mrs. Lock, although but a school girl until Thursday, is well known in Fort Worth and has a large number of friends among the younger set, none of whom knew that she was to be married. Mr. and Mrs. Lock left in the afternoon for Dallas and will return to Fort Worth on Friday night.  
 Mr. Lock is a traveling salesman with headquarters in Dallas. He is well known in Fort Worth.  
 Mrs. Susie Kretz is the sister-in-law of Mrs. W. T. Scott. The wedding of Mrs. W. T. Scott and Mr. Harry Hyman occurred Thursday night at the Scott home, in Hill street.

**"ROOSEVELT" IS CONTEST WINNER**  
 Annual Oratorical Event at University

The tenth annual contest of the Fort Worth University Oratorical Association was held Thursday night in the university chapel. The contestants were Frank Ryan, W. A. Scarborough and A. A. Smith. W. F. Charbonneau also delivered an oration on "Monk, Knight and Citizen." Miss Bertha Horn and Miss Foster rendered musical numbers.  
 Alex. Austin Smith won the first place with his oration "Theodore Roosevelt." W. A. Scarborough was second, with "American Contributions to Civilization." Frank Ryan was third, "The Rich Man of America" being his subject.  
 Although W. F. Charbonneau delivered his oration, it was not judged in the contest as he has been selected some time ago to represent the school at the state contest. The contest was to determine who should represent the school in replying to the toasts at the banquet held after the state contest at Georgetown.

The judges for the contest were: On thought and composition, Dr. William Caldwell, Dr. G. W. Ray and Judge Q. T. Moreland. On delivery, O. S. Lattimore, Rev. Charles Daniels and Judge Scott.  
 A. Austin Smith, who won the contest Thursday night, handled his subject in a manner that won great ap-

WINTER MAKES A GHASTLY RECORD

Atlantic Coast Storms Severe During Past Few Months

By Associated Press. BOSTON, Mass., March 23.—Eighty-five lives have been lost and fifty-four ships wrecked along the coast of New England and the maritime provinces during the past winter. While the season, up to the present month, has been comparatively mild on shore, at sea it is one of extreme severity, particularly in waters off the province, of the vessels wrecked, thirty-seven were sailing craft, nine steamships and eight barges. Ships flying the British flag lead those of other nations, with a loss of twenty-eight, against fifteen of American register. There is also sprinkling of Norwegian, German and Swedish vessels. The worst disaster was the foundering of the steamer, British King, off Sable Island, March 11, when it is estimated that at least eighteen, and possibly twenty-six people, lost their lives. Correct figures probably will never be known, as several men enrolled as members of the crew are said to have deserted before the ship sailed.

Missouri Negro Hung Curtis Jackson Pays Penalty for Attack on White Woman

Special to The Telegram. POPULAR BLUFF, Mo., March 23.—Curtis Jackson, a negro, was hanged today for attacking a white woman last month. Shortly after he was arrested officers had to fight a battle with a mob to prevent a lynching. A downpour of rain did not keep a large crowd from watching the execution.

Although the country has not realized it, down in the Southwest a vast drama in empire building is being enacted.

—Charles M. Harvey, in the Metropolitan.

AND Mr. Harvey might have added: the greater the number of people who are made to realize this drama and what it means to the Southwest and the country at large, the greater the Empire that will be built.

Those who have watched the growth of agriculture, horticulture, mining and manufacturing in the Southwest realize that the almost limitless resources of the Southwest can only be developed by increasing its population. And they are fast coming to the conclusion that the time is ripe for both concerted and individual effort on the part of cities, towns and individuals in the Southwest to make known their particular advantages to the whole country by means of advertising.

The proper exploitation of these advantages is simply a matter of advertising them to the greatest number of people who might be interested.

And just as the ways and means of advertising different commodities and the manner of presenting their merits to the public are different; so, different methods—special methods—should be applied to state, municipal or land advertising.

The Land and Municipal Department of the Lesan Company is under the direction of Mr. Frederick W. Taylor, Chief of Agriculture and Horticulture at the World's Fair in 1904. Mr. Taylor's great familiarity with the advantages and products of different parts of the United States, brings to this department a highly specialized knowledge and experience of the greatest value to any advertiser in the Southwest, whether city, corporation or individual.

Any inquiries will receive prompt attention.

AWARDS MADE FOR HOGS AND SHEEP

Texas Hogs Take First in Car Lot Section at Stock Show

Judging of the hogs and sheep at the Fort Worth Fat Stock Show was completed Friday morning. G. E. King of Taylor, Texas, who acted as judge last year, again officiated this year. It is said by some of the salesmen and buyers familiar with the quality of hogs shown last year and this season, that this year's exhibit lacks in some respects in so far as finely finished hogs are concerned. There is a large exhibit and all are of good quality, but according to these opinions, owners of fine hogs have markets there as great as they were ready, preferring to get the excellent prices which have prevailed to running the risk of holding them until the time of the show, even with the prospect of winning premiums. The Fort Worth market has advanced, and an inducement to owners of good hogs that few could resist the opportunity of getting 6 cents and better.

Texas hogs won first place in the heavy car lot section, while a carload from Oklahoma took first in the lighter division.

The awards and prize winners were as follows: Class 5—Section 1: Hogs in car lots, not less than 50 to carload; prizes, \$100, \$75, \$50. First prize, W. Bradley Celeste, Texas; second prize, Tell & Robertson, Prisco, Texas; third, B. R. Whelan and Son, Allen, Texas.

VERDICT SUICIDE Alleged English Nobleman Found Dead on His Illinois Farm CHICAGO, March 22.—A dispatch to the Tribune from Winchester, Ill., says: George Sykes Barton, said to be an English lord and heir to estates in England, was found dead in the feed lot at his model farm near here yesterday.

STANGE FACTS It seems strange that sometimes your stomach or bowels won't digest your food, no matter what you eat. It may be the weather, or it may be just the state of your general health, but in any case, there is only one certain, safe and positive method of cure, and that is the proper use of that universal remedy for all forms of dyspeptic trouble or digestive weakness, whether in stomach, liver, kidneys or bowels—Stuart's Dyspepsia Tablets.

STANGE FACTS Strange, it is, that in such little tablets, to be taken a few times a day, may lie such wondrous potential possibilities, that by their use the course of a man's whole life—yes, of the world—may be changed! Yet, who would not appreciate the fact that if Napoleon had not been suffering from Cancer of the Stomach he would have won instead of lost—at Waterloo? And Stuart's Dyspepsia Tablets would have cured his Stomach trouble had they then been invented, as they have cured thousands of others in the past ten years, who have suffered just as Napoleon did.

STANGE FACTS So you can readily appreciate that today, by curing all these people, Stuart's Dyspepsia Tablets is helping to get the world's work done, by people who would do worse work if they were sick, so they must be having a great influence, in a quiet way, on the world's progress. They may, therefore, be classed as one of the triumphs of science, amongst other discoveries in medicine, such as penicillin, transportation, etc. Let this, then, remain in your memory, a fact upon which to act when occasion requires—When any organ in your vast & complex machinery gets out of order, you have at your command one of the greatest inventions of the age, in Stuart's Dyspepsia Tablets, to put your machinery back in order again.

THE TEXAS PRESS

Land is enhancing in value all over the entire state, however, and there are many men who have grown quite wealthy in the past year or two through the more than doubling of their values.—Fort Worth Telegram.

Throughout many of the Panhandle towns hotel accommodations are insufficient to accommodate the immense crowds of home-seekers and land buyers, and in Amarillo many of the immigration agents rely upon the private homes for accommodations.—Amarillo Herald.

The Farmers' Union people are making a determined effort to get together by wiping out the existing friction in the ranks, and it is hoped the movement will be successful. There is no reason why this great organization, organized and maintained for the benefit of its members and the farming classes generally, should be rent in twain by internecine strife and contention.—Fort Worth Telegram.

In all organizations promoted for the popular welfare some friction begins to manifest itself as soon as the excitement which presaged organization begins to wear off and the emoluments of office begin to attract individuals within the circle of fraternity. This is perhaps not wholly true of the Farmers' Union, but it has been true of other farmers' movements along similar lines. It is not true alone of farmers. The same rule applies to other unions and other combinations of individuals, social, political and industrial. There are men in every such order who will be either leaders or knackers, who will draw the salaries or seek to abolish them, who will monopolize the limelight or break the illuminating apparatus. It has always been so, and will always be so, unless humanity shall be recast in years to come along altruistic lines. It is to the credit of members of the Farmers' Union that they have overcome all difficulties and harmonized their differences.—Galveston News.

Colonel Tom West of Fort Worth was in Washington the other day and in giving the Post information about the population got his figures slightly mixed. "With a population of only 65,000," Fort Worth is easily the metropolis of North Texas, but with a population of less than 60,000 against 75,000 for San Antonio, we fall to see how it could be suggested that Houston is the metropolis of South Texas.—San Antonio Express.

Colonel Tom West had no desire to tread on San Antonio's pet corns, and the Express doubtless takes umbrage when none was intended. It is understood in Fort Worth that San Antonio is the metropolis of southwest Texas.—Fort Worth Telegram.

And it is understood in Fort Worth and elsewhere that Fort Worth's claim of a population of 65,000 is an account of things imaginary which never happened, but which may come true towards the middle of the century. It's quite natural for a lusty youngster like Fort Worth to have a lively imagination.—San Antonio Express.

The Fort Worth Telegram wisely says: "A little less talk of the reduction of cotton acreage and a little more effort to build cotton mills in this state would be a genuine boon to all Texas at this time. The way to solve the cotton problem in Texas is to manufacture the raw staple and sell the finished product in the markets of the world." The way to make the most money out of anything is to make it a finished product and put it on the market ready for consumption.—Clarendon Chronicle.

Leonard B. Imboden, former Fort Worth financier and bank promoter, has again passed within penitentiary walls and with shaven head and striped garb takes up the life which the law of the land says must be led by those who are convicted of a felony.—Fort Worth Telegram.

Imboden and Hill are beginning a nine-year sentence for bank wrecking at Denver, and it is said Banker Imboden has refused to eat prison food. He claims to be a victim of public wrath because his bank could not stand a run.—Sherman Democrat.

THE TEXAS PRESS

A determined effort is to be made by the sheep and goat raisers of Texas to induce the next legislature to pass a scalp bounty law. The losses from the depredations of the wild animals amount to thousands of dollars annually, and a comparatively small sum of money expended in exterminating the marauders would be an act of common sense economy.—San Antonio Express.

The stockmen of Texas pay heavy taxes for the support of the state government, and are entitled to protection in the enjoyment of their property. They should be extended the relief prayed for.

Rev. H. A. Boaz, president of the Polytechnic college of Fort Worth, is very much encouraged in his efforts of securing new buildings for the college and now thinks he sees a prospect of \$50,000 for the new improvements.—Mineral Wells Index.

President Boaz is doing some good work for Polytechnic college, and is proving himself the right man in the right place. His vigorous policy in the direction of needed improvements is meeting with very general commendation.

Fort Worth is entertaining the state Y. M. C. A. convention, the fat stock convention, a library institute and several other things this week, but Fort Worth is equal to the undertaking.—Brownwood Bulletin.

Fort Worth is an adept in the art of entertaining. The stranger within her gates is always made to feel at home and departs with the impression that it is good to be permitted to linger among such people. Fort Worth never fails to measure up.

Force-of-habit—that's all. A prominent citizen of Fort Worth visiting in this city was invited by a friend to take a drink of Crazy water with him. When the attendant handed him the water, he involuntarily leaned forward to blow off the top of the water. Then the laugh was on him, of course, he "set 'em up"—to cigars.—Mineral Wells Index.

The Fort Worth man did not do that from force of habit, but just to note the effect on citizens of Mineral Wells, who have no opportunity to blow froth off a glass in that progressive little city.

A GOOD SEND-OFF FOR WILLARD

The little god of love has settled the fate of two hearts and in the hereafter those two hearts shall beat as one. We refer to our genial friend Mr. Willard Hyde, who stole a march upon his many friends and hid himself to Gibson station, where he threw off single blessedness and put on the double harness of matrimony. The happy bride was Miss Eva Carter. They will be home in their large and commodious house which Mr. Hyde owned previous to his marriage. A very fine reception was given them by Mr. and Mrs. Hiram Armstrong, at which the choicest viands and all the delicacies obtainable were served in a manner characteristic of the hostess. THE PROSPECTS

He thought he saw a harbinger Come out, and take a peep; He looked again, and saw the snow Was nearly two feet deep. Said he: "Oh, dear! I greatly fear That living won't be cheap."

He patiently waits, nor complains of the fates That give him now such a tether, Although with his life, in the nature of chills, He feels somewhat under the weather.

Another bitter thought holds us in its grip when we figure out how much coal we could have stored for next winter with the money we have had to pay for having 'em cleaned off.

Maybe it would be worth while for some influential committee to call winter's attention to the manifold advantages of rotation in office.

Almost time for a report on Gas Addicks and the peach crop.

Viewed from the disadvantage point of mid-March, we can plainly see that it should be regarded as the good old summer time.

At any rate, nobody can call this winter a quitter.

VERDICT THAT RING

UNVEILED Deep in the stillness of a night Whose rain had drenched the way I trod I wakened from day's earthly dreams And walked alone with God.

Rained down and drowned in dusky pools - The quiet stars lay shining through; And earth was all so steeped in heaven That it was heaven, too.

I listened, and the voice of God Spoke to me in that lonely place; I raised my eyes in wondering fear, And looked, and saw His face.

And ever since, I see but God In earth and man, in deep and height, As one whose eyes the sun has filled Looks round, and sees but light.

PUBLIC OPINION

Cleveland has been working at the smoke problem for years. The Cleveland Leader speaks thus of an improvement that has come to stay, the purpose of which is to abate smoke in locomotives. We alluded to this recently in chronicling the intention of the Pennsylvania road to take up the subject systematically. The Leader says:

The road foreman of engines on the Pennsylvania lines says, in a paper read before a convention of railroad men, that there is a mechanical stoker for locomotives which has come to stay. While it does not fully meet requirements at present, its deficiencies, he says, are such as will be overcome. With the device he describes the railroads will not need any urging to abate their smoke. When brought to completion it will do better work than the most skillful fireman. It reduces the smoke to a minimum, is economical in the use of fuel, and the even temperature it produces does away with the expansion and contraction of the boiler, caused by the irregularity of hand firing. There is more than a hope, then, that the portion of city smoke produced by the locomotives will be practically done away with, not far in the future.

An interesting article in the current National Review throws much light on the present awakening in China. The article concludes thus:

That country has, after deliberation, definitely entered on the path of progress and reform, and, if allowed to work out its destiny in peace, will steadily proceed along it. The movement—which can be very fully met requirements at present, its deficiencies, he says, are such as will be overcome. With the device he describes the railroads will not need any urging to abate their smoke. When brought to completion it will do better work than the most skillful fireman. It reduces the smoke to a minimum, is economical in the use of fuel, and the even temperature it produces does away with the expansion and contraction of the boiler, caused by the irregularity of hand firing. There is more than a hope, then, that the portion of city smoke produced by the locomotives will be practically done away with, not far in the future.

There has been a good deal of protest against the recent victory over the Jolos in the Philippines. The Richmond Times-Dispatch says:

The history of our relations with the Philippines has thoroughly disgusted a great many thoughtful and level-headed Americans, a feeling not likely to be mitigated by this latest chapter in it.

It adds that the pride we should ordinarily take in the courage and skill of our troops is dampened by a fatal lack of sympathy with the cause. Another able Southern paper, the Charleston News and Courier, says: We have no doubt that the American soldiers behaved with great gallantry—they always do; but what must be thought of the country which would justify such slaughter of a helpless foe? We prate about our civilization, our righteousness as a nation, our regard for the rights of others and we weep crocodile tears over the sins of others! And we praise ourselves for the subjecting of the Filipinos by methods which would put to shame the bloodiest-minded of all savage peoples. The victory at Dajo was won at a fearful sacrifice of the national honor. There is no plea that can be made in defense of it. It is enough to damn us forever in the hearts and consciences of brave men everywhere.

### WILL GERMAN FIGHT FRENCH?

### ARMIES COMPARED

In Point of Numbers of Soldiers in Army France Is Somewhat Shorter

(Copyright 1906, by Newspaper Enterprise Ass'n) Special to The Telegram.

WASHINGTON, March 23.—Again the world is seriously contemplating the possibility of the second and third powers of Europe locking in a supreme conflict that would be the quickest fought and bloodiest war of modern times.

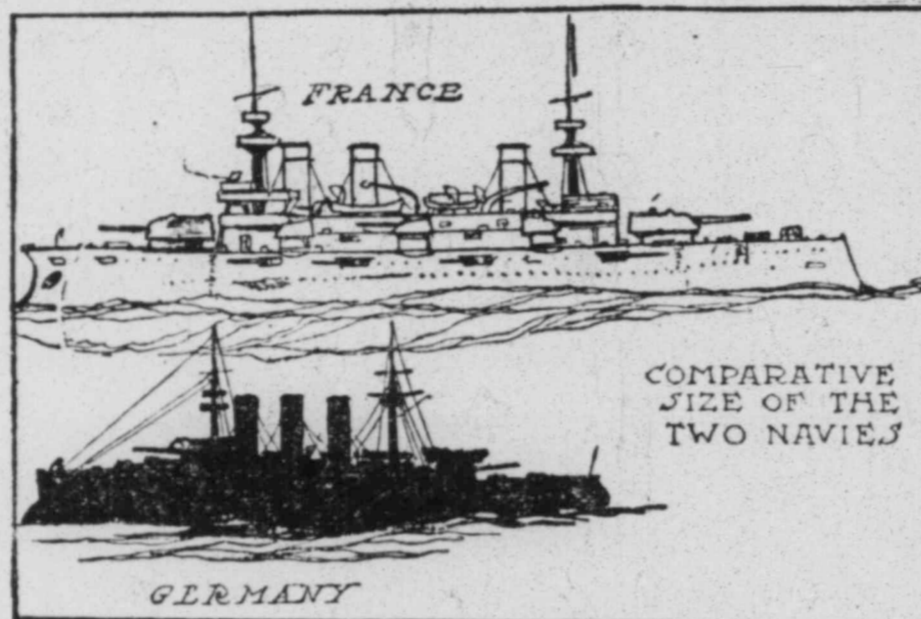

It is nearly a year since Emperor William caused the first alarm by a belligerent speech during his surprising visit to Morocco, which country had been adopted by France as a ward with Great Britain's acquiescence. Since that time the war cloud has shifted and lowered successively. Not only has it not been dissipated, but it has grown as to intensity.

War preparation, as a precaution, has been made on both sides of the border between the two neighboring countries. Undoubtedly the people of

neither country would welcome war, but they have been steeled for the extreme resort by their statesmen and diplomats. After war has actually been declared it will not take long to arouse the latent hate between Gaul and Teuton to its pristine intensity, and the blows will be struck with savage zest. Although she has no mean army and will concede it second to none, France relies upon her navy to offset any reverse that may befall her on land. The navy of France is in tonnage the second in the world. It is superior to Germany's, especially in four particulars—having eight more battleships,

GERMANY. FRANCE. France somewhat the shorter in numerical strength.

twice as many torpedo boats, many submarines and 15,000 more men. The exact submarine strength of France is a mystery, but it is the most highly developed in the world. The importance of the submarine in practice would be watched more than anything else by the war experts of other powers were France to clash with Germany.

Although its modern ships have had no war to test them, like America, Spain, Russia and Japan, France has a navy with a good reputation for efficiency. There is no weakness forecast for it like for the navies of Russia and Spain before the test. The most severe trial of the French navy will be its effective mobilization. France has many widely scattered colonies which will be prey for an attacking force. However, this is offset considerably by the extensive shipping that Germany will have to protect.

As to the army, no less authority than General Chaffee has sung its

unknown quantity besides. Germany's history in naval warfare is a blank. Of European nations the English, the French, the Portuguese, the Dutch and the Spaniards have done some brilliant fighting in warships since the middle ages, but the German navy had no existence until recent times and has no traditions worth talking about. Nevertheless, since warships have become floating machine shops manned by machinists, Germany has gleefully accumulated the third largest war tonnage in Europe, and displays entire confidence in the ability of her men as sea fighters. The wonderful spontaneous development of Germany's merchant marine gives great support to this confidence. Germany could concentrate her navy more because she has fewer colonial and island possessions to protect.

The French army in the field will not be the picturesque sight it was in 1870. The gaudy blue coats and red trousers have given way for an olive green khaki as the regulation uniform, and the gray caps and kepis to sombreros like the Boers wore.

Wilhelm's navy is a mammoth one, but smaller than France's, and it is an

### STATEHOOD SURE BY COMPROMISE

Cannon Favors Amendment of a Year Ago

WASHINGTON, March 22.—Oklahoma will get statehood. This is practically settled. The compromise, will very probably be the Foraker amendment of a year ago—requiring a majority vote of Arizona and New Mexico separately to adopt the constitution.

Speaker Cannon wants Oklahoma and Indian Territory to have statehood. So does the President. So does almost every member of congress. Arizona and New Mexico will not be allowed to drag Oklahoma down. There is a growing antagonism between the house and senate. Neither has much respect for the other. Cannon was made speaker on the platform of the reestablishment of the house as a co-ordinate branch of the government; in fact as well as name. He declares the house members shall no longer be babes in the woods, sitting on stumps listening to the wise owls of the senate howl.

The republicans of the house want to back him up—and they will, but not to the death of Oklahoma. There will be a big effort to make the senate yield, but if it won't the inevitable will finally be accepted—along the lines of the original Foraker amendment, which will be acceptable to the senate.

### RHEUMATIC PAINS

THEY INVARIABLY YIELD TO DR. WILLIAMS' PINK PILLS

Because the Poisoned Blood is Made Pure and Inflamed Tissues Are Healed.

When, in cold or wet weather, the rheumatic patient feels twinges of pain in the joints and muscles it is natural to think that the trouble is local and that it is caused by the chill or the damp. The truth is that rheumatism is a disease of the blood, caused by the failure of the body to cast off certain poisons. It is hereditary and often runs in several generations of one family. Cold, dampness and certain localities do promote the development of the disease, but the root of the trouble is always in the blood.

With this in mind, it will be readily seen how useless it is to try to cure rheumatism by rubbing liniments on the skin. External applications are of use in securing temporary relief from pain—the cure for rheumatism lies in purifying and enriching the blood.

Mrs. Frederick Brown, of 40 Sumpter street, Sandy Hill, N. Y., was a sufferer from inflammatory rheumatism from the time she was sixteen. She says: "It first appeared in my knee joints, then in my hips and waist. It became a regular thing that I would be laid up all winter. The rheumatism affected mostly my hands, hips, feet and shoulders. My hands were all puffed up and my feet became deformed. I lost my appetite, couldn't sleep and sometimes I was compelled to cry out, the pain was so intense.

For several winters I was under the doctor's eye and while his medicine relieved the pain for a little while there seemed no prospect for a permanent cure. I was confined to my bed, off and on, for weeks at a time. My limbs swelled dreadfully at times and I was reduced almost to nothing.

"In the spring of 1904, upon the advice of a friend, I began to use Dr. Williams' Pink Pills. At that time I wasn't able to do anything and could barely get enough to keep alive. I felt a change for the better in about a month. I began to eat heartily and I suffered less pain. Of course I kept on the treatment, using care in my diet, and in about three months I was cured. I am entirely well today and do all my own work."

Dr. Williams' Pink Pills cured Mrs. Brown by giving the rheumatic poisons out of her blood. But you must get the genuine Dr. Williams' Pink Pills, sold by all druggists or by the Dr. Williams Medicine Co., Schenectady, N. Y.

Her Conscience Satisfied Professor Maria Mitchell, the noted astronomer, was once ordered lager beef by her physician as a tonic. On the way to visit her sister, Mrs. Joshua Kendall of Cambridge, Mass., she stopped at a grogshop (it was before the no-license regime) and bought a bottle of beer, which she asked her brother-in-law to open for her. The Mitchell family spoke the "plat" language among themselves. "Where did thee get it, Maria?" questioned her sister. "At the saloon on the corner," replied Miss Mitchell serenely. "Why, Maria! Doesn't thee know respectable women don't go into such places?" "Oh," said Miss Mitchell in the manner of one who has done all that could be required, "I told the man he ought to be thoroughly ashamed of his traffic."

Sharp Advance in Reading Feature. Other Also Show Strength—Volume of Business Increased

**Special to The Telegram.**  
**NEW YORK, March 23.**—Despite the fact that the miners and operators are seemingly as far from an agreement as ever, the coalers gave a splendid exhibition of strength during the day's session. Reading being easily the strongest spot in the market and advancing consistently under good buying to a level almost 3 points above yesterday's final before midday. Norfolk and Western, C. and O. and Erie also shared in the prosperity. An unexpected price movement, such as that noted in Reading, always gives birth to many rumors as to the probable cause and they were not lacking today, the one which found most favor with the general public being to the effect that certain interests in a position to know the attitude of anthracite operators had received assurances that there would be no strike among the anthracite miners. However, a great many traders contended that the advance was due to manipulation by the prominent bull interests, such as Wasserman, Field and others, for the purpose of running the price up as high as possible before the joint conference which will be held Monday afternoon. Others claimed that a strike would not affect the stock adversely, taking for the basis of their theory the fact that in 1903, when the miners went out, prices advanced sharply. Instead of breaking, as had been anticipated. Whatever the cause, the fact remains that the movement of the stock furnished the feature of the session. As for the balance of the list, all exhibited a healthy condition, and after some irregularity at the start, the market became very active, while prices were sent upward sharply. Union Pacific leading the advance. In this issue, as well as in Reading and Southern Pacific, there was heavy buying and covering by shorts, who appeared to be very nervous. The news from the Moroccan conference was of no speculative value. The monetary situation was rather favorable, the sub-treasury having gained \$1,167,000 from the banks yesterday, making the total gain since Friday \$1,836,000. The volume of business was large, the total volume of sales to noon being 508,900 shares.

The activity was not so pronounced in the afternoon, but the early advance was maintained in most instances, while several issues reached the high point in the last hour. Among these were Colorado Fuel and Iron, Missouri Pacific, Canadian Pacific and St. Paul, all of which made substantial gains. There was some profit taking in the last half hour, causing slight recessions in the most active issues, but the close was firm.

Wheat Crop Damaged in India—News Causes Sharp Advance in Prices

**Special to The Telegram.**  
**CHICAGO, Ill., March 23.**—Wheat prices made further gains today. Although the market was only moderately active, firmness was in evidence at the start, opening figures being 1/2c higher, and barring a slight recession immediately after the call, prices were advanced steadily under a fair volume of buying, engendered by reports of a firm market in Liverpool and good domestic inquiry for cash wheat, together with reports of severe damage to the crop in India by rainfall. At 7:45 a. m. a prominent firm led the buying and the pit crowd soon followed, with the result that prices eventually reached a net gain of 3/4c for the May option, the close being firm, with prices near the best.

**Corn**  
 Corn was rather more active today, but despite the fact that advices from Liverpool reported a strong market in anticipation of light shipments from the Argentine, and the local supplies were light, while the demand was good, prices did not exhibit the strength and powers of resistance which were so noticeable yesterday, selling off quite sharply under general realizing. However, there was a recovery in the final trading and the close was steady, with prices at a net loss of 1/4c.

**Oats**  
 Oats were quiet and steady, closing prices being unchanged.

**Provisions**  
 Provisions were only moderately active, but the market continued firm, the feature of the trading being liberal buying of May lard. At the close lard was selling 3c to 3c net higher. Lard showed a gain of 1c. Ribs was unchanged to 1/2c higher.

**Argentine Shipments**  
 Argentine shipments for the week were as follows: Wheat, this week, 3,244,000 bushels, last week, 3,160,000, 186,000; total since Jan. 1, 30,196,000; last year, 32,672,000. Corn, 98,000 bushels, last week, 19,000. Last year, 4,464,000; total since Jan. 1, 3,692,000, last year, 8,430,000.

### ANGUS CATTLE TAKING HONORS

New Breed Exhibited at Fort Worth Fat Stock Show

The Aberdeen-Angus cattle, whose black coat and uniformly even appearance have attracted considerable attention at the Fort Worth Fat Stock show are new visitors in Fort Worth. Nelson Morris, of Chicago, is probably the most extensive breeder of Angus cattle in Texas, raising a large number of this variety annually at his ranch near Midland, Texas, but he has never exhibited in Fort Worth.

In the car lot division of steers, H. B. Johnson of Chickasha, I. T., won the grand prize with six-year-old steers which had been on feed since last September. Mr. Johnson says the Angus fed as well as any cattle he ever handled.

The admirers of the breed claim for them, even distribution of meat all over the carcass, ready feeders, and good rustlers. The cows are said to be good mothers and the calves thrive well.

Among the exhibitors in Aberdeen-Angus cattle is Ramsey M. Cox, of Waco, superintendent of the Texas Central railroad. Mr. Cox is a well known railroad man in Texas, but he is also a live stock enthusiast. He is associated with Koss Barry in ranching near Walnut Springs, Texas. Mr. Cox says that he has given each of his three sons a calf which each is to feed for himself, the calves to be entered at the next fat stock show.

George Elliot of Midland, Texas, is also a well known Aberdeen-Angus breeder and Hensley Briggs of Waxahachie had a car load of yearling steers entered which took first prize in their class.

The party of Agricultural and Mechanical college students entered in the lists for prizes in the judging contest include the following: John M. Chamberlain, J. J. Caldwell, R. H. Hodges, L. C. Grigor, E. A. Miller, W. A. Gilbert, L. Nesbit, C. E. Jones, R. B. Neals, C. M. Evans, G. W. Dohman, A. B. Edrall, T. M. Riddler, William Hogness, F. B. McKell, E. M. Wallace, Roy Pendleton.

Dr. Phil Friedrich Peterson, technical expert under the Prussian ministry, who is in the United States studying agricultural conditions, is an interested visitor at the Fat Stock Show. Dr. Peterson bears a letter of introduction from Baron Speck von Sternberg, German ambassador at Washington. He will visit, after leaving Fort Worth the Agricultural and Mechanical college at Bryan. From there he will go to Corpus Christi and from the latter city to Mexico, from which place he will sail for Germany.

William Leverett, head cattle buyer for Swift & Co., in Chicago, and A. Rothschild, who occupies the same position for Armour & Co., are visitors at the fat stock show. Mr. Rothschild is acting as one of the judges of fat cattle.

Judging of the hogs is not scheduled until Friday. Garrett King of Taylor, Texas, will judge the exhibits.

### TEXAS PONIES GOOD FOR POLO

Fort Worth Defeats New Orleans 5 to 2

Special to The Telegram.

NEW ORLEANS, March 23.—Fort Worth took the first game of polo from the home team in easy fashion Thursday, leading all the way through the game by a comfortable margin and winning by the score of 5 to 2. The New Orleans players did not seem to be able to get into the scoring part of the game until it was half over, and at that time the score was 4 to 0 in favor of the Panther City team.

The teams were evenly matched and had the ponies been changed as to ability it is probable that the New Orleans team would have won, as the ponies of the Texas team were by far the better, being faster and quicker in following the ball.

The game was an interesting one to watch, notwithstanding the fact that the home team was behind all the time, the polo played by the Texas team was exceedingly brilliant at times and surpassed anything the New Orleans players could do. The Fort Worth team deserves great credit for winning the game after having made the 1,000-mile trip. The strength of the visitors was not known here until Thursday, and their fast play was the surprise of the day.

Ward of the visiting team was unable to play, and his place at back was played, and the home players an exceptionally good game. The playing of the other three visitors was about equal, all playing steadily.

Four periods of ten minutes each were played, an a time home players only succeeded in scoring in the third period, when both of their goals were made.

Soon after the game was started Fort Worth scored and the first goal was quickly followed by a second. Friedrichs and Anderson driving the ball between the posts for the scores. In the second period the same players added another goal apiece, making the score 4 to 0, and the game only half over. It looked too easy for the visitors, but in the next period the New Orleans players took a brace and managed to make two goals after brilliant playing by Perkins and Mehle, who made the scores. In the fourth period Friedrichs added another goal to the list, the ball going through the posts with eight seconds to play.

Perkins was accidentally hit over the head with a mallet during the game, but pluckily stuck to it and after having his head bandaged finished the game.

The line-up of the teams was as follows: Fort Worth—(1) Friedrichs, (2) Anderson, (3) Annon; back, Collett. New Orleans—(1) Perkins, (2) Mehle, (3) Weiss; back, Andrews.

## Burton-Peel Garment

And whether you're an expert or layman in cloth, the thrill of quality impresses you. We're sticklers of quality, and every bit of goods used in our Clothing has got to be good goods; that insistence on quality not only applies to the outer cloth, but right through to the inner lining—and extends to the workmanship also. That you get better clothes here than you've ever been able to get anywhere, is the result of a well-planned campaign to gain the patronage of the most particular men in town.

Right straight through your interests are considered as our best interests. We show what's best because it'll please you; best in the long run—profit us best.

The clothing we're showing now reaches the ideal as prescribed by fashion for this spring. Better fitting, better looking, more graceful garments here than you've ever expected to see in garments ready to put on.

## BREEDERS HOLD ANNUAL SESSION

Shorthorn Association Meeting Well Attended

YEARLY FEES RAISED

Reciprocity Looking to Opening of Foreign Markets to American Beef Endorsed by Resolution

The Shorthorn Breeders' Association of Texas held its annual meeting Thursday night. Officers for the ensuing year were elected, directors appointed and other matters of much interest to the Shorthorn breeders discussed. The annual fee on Shorthorn cattle owned by members of the association was raised from 20 cents a head to 30 cents a head without a dissenting vote. The money to be raised in premiums for exhibits at the San Antonio live stock exhibit this fall and at the Fort Worth Fat Stock Show next spring.

Representatives of the National Association were present and announced that the National Association would expend \$50,000 in premiums this year, this sum to be distributed in the respective states, according to the membership.

President Green called the meeting to order and made a brief address, in which he stated that he was not a candidate for re-election, having served three years and having a great deal of private business needing attention. He also mentioned that he had been advised that there was a disposition on the part of some of the members to get rid of him and referred to the fact that he had been asked to go to New Orleans to attend the Shorthorn sales during the yellow fever epidemic last year, and said he supposed they thought he would get the yellow fever there and that they would then be rid of him. He spoke of his regret at the death of Colonel H. C. Holloway of this city, who had been the vice president of the association, and stated that the association should draw up a resolution and have it agreed upon to the minutes regarding his death. He also expressed his sympathy for Senator Bulley, who delivered an address before the association at its last annual meeting here and who has been called to Mississippi by the death of his father.

Mr. Green also thanked the members of the National Association for their support and stated that the funds secured from the National Association the Texas body would never have achieved the success which it has.

**First Registered Cattle**  
In referring to the introduction of registered cattle in Texas, he stated that when Colonel Slaughter of Dallas brought the first registered cattle into the state, some of the cattlemen remarked that the banks would have to be carrying him before a great while. Indeed Colonel Slaughter had marketed his cattle for \$25 per head when their cattle sold for \$10.

**Annual Election**  
The business part of the meeting was taken up and two names were placed in nomination for president of the association, one being that of David Harrell of Lubbock and the other that of G. E. King of the same county. Mr. King insisted that his name be withdrawn. The name of Mr. King was withdrawn and Mr. Harrell was elected by acclamation.

Charles McFarlin of Weatherford was nominated for the office of vice president and he was elected by acclamation.

The names of B. O. Hildred, John Brown and Harrison were placed in nomination for the office of secretary and treasurer, but at their request both Mr. Hildred and Mr. Brown secured the withdrawal of their names and Mr. Harrison was elected by acclamation.

The following applications for membership were received and all were elected to membership: G. A. Robinson, Murray; Joseph Hager, Henrietta; Ashford, Dallas; Frank Schofield, Hillsboro; J. T. Haisell, Stamford; Dr. Edward Smyth, Mart; and E. G. Mays, Burroughs.

W. E. Skinner of the National Live Stock Exposition was asked to make an address. Mr. Skinner explained that as he was in the exposition here, he was interested in seeing the best cattle raised of all breeds. He then spoke of the success of the Fort Worth Fat Stock Show and declared that its future is now assured and that in voting money for premiums to be paid here they were simply voting money to enhance the value of their own stock.

**Colonel Holloway Resolution**  
A resolution was next read upon the death of Colonel H. C. Holloway, who had been vice president of the association and who was one of the original members. This resolution was adopted and a copy also sent to the family.

**Texas First Producer**  
The members of the National Association present went for an address for addresses. Ike Forbes of Henry, Ill., responded. He thanked Mr. Green for the complimentary remarks regarding things that had been made in Texas, but stated that the money had been well spent and that it was not through disinterested parties that the Texas Association had done for Texas, but stated that he knew as much as they ought about Texas," stated Mr. Forbes, "but we do know that Texas is now producing more high-grade cattle than any three or four states in the union, or perhaps than any six."

Captain Leonard declared that the National Association was well repaid for what it had done in building up the Texas Association, stating that there is now about \$100,000 in the treasury of the national organization and that a portion of this has been paid in by the Texas cattle raisers.

Abraham Bennick of the National Association, who had been the judge, was next called upon for an address. Mr. Bennick stated that he was here five years ago and that he had noted with pleasure the wonderful improvement which had been made in the meantime and stated that he hoped that this improvement would continue until the Texas Shorthorns should surpass any in the north or south. He invited the Shorthorn men to Kentucky, which is his home state, especially requesting them to come in June when the Kentucky people would be entertaining the Kentuckians from all parts of the United States.

**Endorse Reciprocity**  
A resolution was next adopted to assist the reciprocity movement being made to open the markets of the world to beef from this country.

The meeting was adjourned for the ensuing year was next taken up, and as mentioned above, the assessment was raised from 20 cents to 30 cents per head. This was done because there is not enough money being received at present and there is need of more

## GARD FROM R. A. ANDERSON

His Liberal Offer to Treat Worse Case of Catarrh in Fort Worth

To the Editor: I have such an unusual offer to make to your readers, one that will be of the greatest value to them, that I hope you will give this letter prominent location.

For some time I have had an opportunity to watch the results following the use of Hyomel, a treatment for catarrh that cures by breathing medicated air, wholly without any stomach dosing. The results have been so remarkable that I feel justified in making a public offer to treat the worst case of catarrh in Fort Worth with the understanding that if Hyomel does not cure, it will cost absolutely nothing.

People who have spent a great deal of money with catarrh specialists, deriving but little benefit, have seen all most immediate good results from the use of Hyomel, and continued treatment with this remedy has resulted in a complete and lasting cure.

The complete Hyomel outfit costs only \$1, and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomel. Should this not be enough for a cure, extra bottles of Hyomel can be obtained for 50 cents. Compare this small expense with the fees charged by specialists and remember we guarantee the treatment will cost nothing unless it cures.

I hope this offer will be accepted by many of your readers.

Very truly yours,  
R. A. ANDERSON.
